Chapter 161

"Well come!"

The young man laughed, and for the first time he pulled out the fine iron sword from his waist.

This fine iron sword was ordinary, not even a treasure, but with the long sword in his hand, the young man's sword intention seemed to be completely perfect. , the aura on his body has once again increased to a higher level

"Extremely true sword!"

The fine iron sword in the young man's hand bloomed with a more brilliant light than a heaven-level treasure. The sword light extended for dozens of feet and struck Shenhai Phantom without any fancy. Shenhai Phantom's body trembled hard, and then quickly After stabilizing himself, he raised the illusory long sword in his hand, which was also composed of vitality and evil energy , and slashed out a sword. This sword was mysterious and profound, and it also contained a sword intention of the Great Perfection level, coupled with the terrifying power of the Divine Sea realm.

The young man barely managed. He blocked it, but the whole person was still knocked out.

But he didn't show any panic or frustration at all. Instead, his fighting spirit became even higher, and he rushed back with a smile.

"Come again!"

Chao Qian and the others looked at the fight between the young man and the phantom, and the shock on their faces became more and more intense.

Although their strength was strong, they were all in the late stage of Xuan Dan, and they all had an impressive record of defeating Half-Step Shenhai.

But compared with this young man, he suddenly seemed bleak. What he was fighting was the real Divine Sea Realm!

Half-step Divine Sea, and Divine Sea Realm, although there is only half a step, they are worlds apart.

How many people have ended up in the Divine Sea Realm ? I have been stuck on this half step all my life, unable to make any progress. 693

"call.."

Chao Qian let out a breath and said with difficulty:"Such natural combat power is too terrifying... The Southern Territory is still too small after all."

Ji Lingsheng narrowed his eyes slightly and suddenly turned around and left.

Ling Tianyu was stunned and asked subconsciously:"Where are you going?"

Ji Lingsheng's cold voice came from behind:"Look for inheritance, enter the sea of gods, and leave the southern region!"

Chao Qian and Ji Lingsheng looked at each other, their expressions shocked. Immediately, a trace of determination appeared in his eyes.

They stood at the pinnacle of the younger generation in the Southern Territory and saw so little scenery that even the pressure of practice became less and less.

Now, seeing a broader world, the heart of martial arts suddenly becomes more intense.

The three of them dispersed and each accepted the inheritance of the Broken Sword. When they reunited, the showdown between the young man and the phantom of the Divine Sea had reached the final moment.

The young man's cloth was stained with blood, but his eyes were extremely bright, and his fighting spirit had reached an unprecedented peak.

With a smile on his lips, he shouted: "Ji Xin Sword!"

Chao Qian and the others opened their eyes wide, unable to describe the speed of this sword. When they saw clearly, the phantom of Shenhai had froze in place, and with the next breath, suddenly the explosion dissipated.

Thousands of strong evil spirits emerged from its body, and were absorbed by the young man every drop.

Veins popped up on the young man's forehead, and even his muscles twitched in pain, but the smile on his face grew bigger and bigger.

Coupled with the proud and upright posture, the whole person has an outstanding style that cannot be looked at.

Chao Qian and the others were shocked.

This person actually killed the Divine Sea Realm with half a step of the Divine Sea. It's really terrifying...

"Alchemy transforms into the divine sea!"

The young man roared, and his breath suddenly exploded as if it had broken through a certain shackle. In an instant, the vitality from the surrounding heaven and earth rolled in, and his body was greedily devoured like a bottomless pit.

Dark clouds surged in the sky, and there was a hint of thunder. surge

"Thunder disaster?!"

Ling Tianyu whispered, with deep shock in his eyes.

Chao Qian also said in amazement: "The thunder tribulation of the divine sea is dozens of times greater than the thunder tribulation of the Heavenly Pill. It is said that only warriors with the

appearance of the king can do it. Thunder Tribulation is triggered when promoted to the Divine Sea. I just don't know how many thunder disasters this person can cause.."

Ji Lingsheng said coldly:"If you can cause a thunder tribulation, you have a 10% chance of being promoted to the king's realm. Each additional level of thunder tribulation increases your chance of entering the king's realm by 10%. If you can trigger a ninth level of thunder tribulation, as long as you don't fall halfway, that's it." The appointed king.."

"Unexpectedly, we could witness an outsider genius breaking through the divine sea here."

"If I guessed correctly...this person must be the genius of Zhongtian Territory"

"Zhongtian domain.."

Chao Qian sighed slightly, with a little yearning in his eyes.

The three of them were watching, and suddenly there were waves of fluctuations behind them.

Turning around suddenly, he saw a half-step Shenhai warrior from the Southern Territory running for his life in a hurry, with wounds all over his body and a look of deep fear and despair on his face.

Behind that man, a handsome young man in green robes came across the sky and fired a sword light with an expressionless face.

The hunted warrior from the Southern Territory screamed and died completely.

The three of them sensed the aura of the green-robed young man, and their expressions suddenly changed.

"Divine Sea Realm! A true powerhouse in the Divine Sea Realm."

The young man in green robe glanced in this direction, and the three of them immediately tensed up. For a moment, all three of them felt as if they were being targeted by wild beasts.

A thought came to their minds: If this person is... If they take action, they may die.

But fortunately, the green-robed young man quickly moved his eyes to the young man who was undergoing the tribulation, with a cold and vicious smile on his face.

"Being able to trigger the thunder tribulation of the Divine Sea... Tuoba Hai, it's true that I regard you as my number one enemy!"

As he said that, the green-robed young man struck out with his sword.

The sinister sword light shot at the young man with a great perfect level of sword intent.

The young man was trying his best to fight against the first thunder that was about to fall. Waiting for him to notice When the sword light approached, he couldn't dodge it. He was suddenly hit by the sword light on the vest, and he vomited blood and flew out.

He had been seriously injured when he killed the phantom of the divine sea before, and he took advantage of the opportunity to break through the divine sea and hit the thunder. With this sword A sneak attack inflicted more injuries on the young man, and he fell to the ground almost instantly.

"Ye Zhuo!"

For the first time, a look of anger and hatred appeared on the young man's face.

The green-robed young man looked ferocious and laughed loudly:"Tuoba Hai, you can't believe it. I sent people to follow you for three whole months. I had expected that you would come to the Brahma Forbidden Land and use the sword evil energy here to break through the divine sea...

You are not the so-called top genius in the inner sect of Zhenling Sect, a swordsmanship monster that is rare to see in a hundred years. ? Let me see what else you are crazy about me for! The young man's eyes were about to burst, and he said unwillingly:"Ye Zhuo, if you have the ability, you can fight me openly." If you harm a fellow sect member, you will be punished according to the sect rules and you will be sent to the Prison Mountain! The young man in green robe slowly shook his head and said coldly:"Don't talk nonsense. I didn't harm any of my fellow disciples.".."

"You, Tuoba Hai, just overestimated your ability and came to the Brahma Forbidden Land to seek opportunities in the Divine Sea. As a result, you died under the thunder tribulation of the Divine Sea. It has nothing to do with me, Ye Zhuoke."

The green-robed young master showed a proud and sinister smile on his face. The young man's expression was suffocated. The green-robed young master was right. Even if the other party stopped taking action, the second thunder that was about to fall might kill him.

He The dignified Tuoba Hai, who was hailed as an unparalleled genius by the Zhenling Sect Master in the Xuandan Realm, would be worthy of life and death, or even enter the King Realm. Will he die under such a conspiracy today? The young man's face showed despair.

At this moment , the whole huge mountain suddenly trembled slightly.

Everyone on the scene, including Chao Qian and the three men, as well as the green-robed young master, all had a look of surprise on their faces.

The next moment, a pillar of light suddenly rose from the top of the giant mountain to reach the sky.

The light pillar was azure blue. , there seemed to be countless sword shadows circling and dancing in it, like a long river in the starry sky. The green-robed young man's face was stunned, and his face soon showed great ecstasy and excitement, and he looked up to the sky and laughed.

"Hahaha, the Galaxy Sword Master, one of the three great sword masters of the Brahma Holy Land, is here in this world. It seems that today is really the day for me, Ye Zhuo, to become enlightened. Once you, Tuoba Hai, die, and I take over the inheritance of this sword master, it will be a double happiness..."

The green-robed young man kept laughing, and the expression on the young man's face was even more hateful and unwilling. Chao Qian and the other three looked at each other, not knowing where to go.

"Phew.. Phew..."

Strange noises suddenly sounded in everyone's ears.

The sound was very similar to when Tuoba Hai came, but it was denser and more surging.

It was like there were many swords piercing the void and flying towards this side.

Even Ye Zhuo was surprised, and several people looked back at the sound.

Staring into the distance, a shadow seemed to be approaching quickly.

As we got closer, the shadows gradually became clearer.

Everyone present opened their eyes instantly, with expressions as if they had seen a ghost, with great disbelief in their eyes.

Ling Tianyu exclaimed: "What is that?"

Ji Lingsheng looked at the sky and murmured: "Jian...Jianhe?" _

Chapter 162

The dense and tidal sound became clear, and an indescribable and magnificent sword tide came before my eyes.

The densely packed broken swords almost occupied half of the sky, with lightning shining, red fire lingering, darkness and coldness... all kinds of broken swords.

At a casual glance, the worst ones were of the middle grade of the earth level, the vast majority were of the upper grade of the earth level and the absolute best of the earth level. There were also numerous heaven level broken swords, and there were even a few that were above the middle level of the heaven level.

It is composed entirely of swords, like the Yangtze River, with majestic weather.

And in this river of swords, a slender and tall figure was faintly revealed, surrounded by thousands of swords, coming through the air.

"Well.."

Ye Zhuo made an unconscious sound, his expression was shocked and he didn't know what to say.

Tuoba Hai was even more shocked, almost forgetting that there was a thundercloud building above his head, and murmured:"How is this possible...how is this possible?.."

The remaining sword in the Brahma Forbidden Land has a spirit. The sword remains with the resentment and obsession of the Brahma Holy Land disciples during their lifetime, and it will actively look for the successor of the sword.

It can be said that the more broken swords a warrior who enters the forbidden area can attract, the higher his talent and achievements in swordsmanship will be.

Ji Lingsheng, Chao Qian, and Ling Tianyu, the first time they entered the sword tomb, they attracted many high-grade broken swords of the earth level and even the broken swords of the heaven level to throw at them, which is already extremely remarkable.

Tuoba Hai was surrounded by hundreds of swords, and he was worthy of being called the number one genius in the inner sect of the Zhenling Sect in the Zhongtian Domain, a swordsmanship monster that was rare to see in a hundred years.

But compared with the majestic scene in front of them, these people were as inconspicuous as loaches at the feet of a real dragon.

He can attract thousands of swords to come to court, and he is accompanied by Jianhe. How terrifying is his swordsmanship talent?! unimaginable!

As the sword river approached, thousands of broken swords gradually separated into a path, and a figure walked out of it.

Ji Lingsheng, Chao Qian and the others suddenly opened their eyes wide and exclaimed in disbelief:"It's him?!"

"Gu Shaoyang!"

Ling Tianyu said the name in a daze.

Ji Lingsheng stared at that upright and outstanding voice, his mouth tightly closed, as if he was trying to calm down his uneasy mood.

Chao Qian smiled bitterly and sighed:"It should be so. He, it could only be him... I should have thought of it, how could he waste these six months?.."

Gu Shaoyang glanced at the field and was not surprised to see Chao Qian and the others. Instead, his eyes were slightly condensed when he glanced at the green-robed young master Ye Zhuo, but finally stopped at Tuoba Hai.

Or rather, it was above the rolling thunderclouds above Tuoba Hai's head.

At this time, Tuoba Hai's second lightning disaster had been brewing, and a purple electric light fell with a brilliant force.

Tuoba Hai's face changed drastically, and he wanted to dodge, but there was no pain anywhere in his body. He could only watch the thunder calamity fall, with a look of despair in his eyes.

A strange light flashed in Gu Shaoyang's eyes.

The next moment, everyone saw the Jianhe suddenly lengthen, and Gu Shaoyang, who was in the middle of the Jianhe, suddenly arrived in front of Tuoba Hai.

The elongated sword river was an abnormality caused by the different speeds of the chasing swords.

Gu Shaoyang stood in front of Tuoba Hai and faced Tianlei, his expression was strangely excited.

"Divine Sea Tribulation Thunder: Vitality*234895, Thunder Attribute*34731, Tribulation Power*23455.."

In the eyes of others, it was a terrifying thunderbolt with great power, but in Gu Shaoyang's eyes, it was just a huge purple attribute bubble.

It's an opportunity, it's a boundless benefit!

"Extract attributes!"

Gu Shaoyang shouted in his heart, and then, several people present saw an extremely incredible sight.

Gu Shaoyang actually stretched out his hand and grabbed the purple thunder.

"idiot!"

Ye Zhuo sneered and shook his head.

Fortunately, he was impressed by this person's appearance just now, but he didn't expect that he turned out to be an idiot.

With his cultivation in the middle stage of Xuandan, he didn't know the heights of the world to take the initiative to grab the robbery.

That's a god. Sea thunder catastrophe, a terrifying catastrophe that even monsters who have just entered the divine sea realm are afraid of. Is this person afraid that he doesn't know how to write the word death?!

Chao Qian and the other three also had their pupils constricted and whispered:"What does he want to do?!"

The most surprised person was Tuoba Hai. Tuoba Hai was completely stunned.

This man...this Xuandan warrior who was so talented in swordsmanship that he was jealous of him, why did he block the disaster for him?!

They didn't know each other either...

"Click!"

The purple tribulation thunder struck hard in Gu Shaoyang's hand, and the purple thunder slurry enveloped Gu Shaoyang in an instant. The sword river in the sky trembled greatly, and made countless sword sounds, as if they were worried about their chosen sword master.

Just when everyone thought that Gu Shaoyang would turn into ashes without falling or being seriously injured. The purple thunder slurry surrounding Gu Shaoyang dissipated quickly and was absorbed by Gu Shaoyang.

After the dissipated thunder light, Gu Shaoyang's figure appeared. Unscathed.

In fact, his face is blooming with a dazzling look that is hard to look at, and his momentum rises sharply.

"boom!"

The vitality of the world shook, and Gu Shaoyang's aura greatly increased.

Xuan Dan, late stage!

Breakthrough?

Everyone was stunned again.

What happened?

Ye Zhuo's disdainful, mocking, and sneering expression was fixed on his face, and his mouth opened wide. Yes, like a duck that has been strangled by its neck, extremely ugly.

"How can this be?! Did he absorb the Divine Sea Tribulation Thunder?!"

Ye Zhuo couldn't help shouting.

Chao Qianji Lingsheng and Ling Tianyu were stunned. The scene in front of them was beyond the scope of their understanding.

Tuoba Hai also opened his mouth wide and couldn't say a word.

0·Request flowers 0·····

Gu Shaoyang ignored the others, with an expectant smile on his face, and simply stepped up through the air, taking the initiative to greet Lei Jie.

Thunder Tribulation seemed to be angered by such a bold maniac, lightning surged, and the third Tribulation Thunder fell quickly.

This time, Gu Shaoyang smiled and used a more arrogant and casual gesture to hold down the robbery thunder, and then... the robbery thunder disintegrated, melted, and was absorbed by him.

Um?!

Ye Zhuo, Tuoba Hai, Chao Qian and others were completely stunned.

The scene just now looked like Gu Shaoyang had wiped out the robbery with one hand?!

Ye Zhuo is going crazy.

That was the divine sea tribulation thunder, which had not been triggered even when he was promoted to the divine sea, and its power was terrifying.

From ancient times to the present, there are countless geniuses and monsters who have fallen into thunder tribulations.

But just now, he saw with his own eyes a Revolving Pill stage warrior smothering the sky thunder with one hand!

What kind of dream operation is this?!

As everyone knows, after Gu Shaoyang experienced the peerless Heavenly Pill Tribulation Thunder, his own resistance to the Heavenly Thunder has been greatly improved. Coupled with the heaven-defying ability to extract attributes, the Heavenly Thunder, which is extremely terrifying to others, cannot cause much harm to him at all.....

The second thunder was absorbed into the body, and Gu Shaoyang felt that the energy in his body had increased a lot.

The Tribulation Thunder Sword Intention, which had not been moved for a long time, surged from 50% to 60%, and now it has reached 70%. Even the physical strength has quietly increased a lot.

Feeling stronger than ever before.

Gu Shaoyang's eyes became brighter.

The expressions on other people's faces suddenly became extremely strange.

They found that the way Gu Shaoyang looked at Lei Yun was like a hungry person seeing a big fish and meat, wishing he could go up and devour Lei Yun alive.

Is this the attitude a warrior should have when facing the might of Heaven?

The key is that Gu Shaoyang is not the one who has overcome the tribulation, he has robbed Tuoba Hai of the thunder tribulation!

Unfortunately, after the three thunderstorms, the thunderclouds stopped surging and gradually dispersed.

Tuoba Hai's potential only ends here. It's not bad to trigger the third level of divine sea thunder tribulation.

However, everyone clearly saw a look of deep disappointment in Gu Shaoyang's eyes.

He still thinks Tianlei is not enough?!

Everyone's eyelids twitched fiercely, their hearts were full of mixed feelings, and they didn't know what to say.

Gu Shaoyang really felt regretful. Tianlei was a supreme tonic to him, and no panacea could compare with it.

It's a pity that the chances of encountering Tianlei are too few and far between.

Now that the lightning disaster has dissipated, Gu Shaoyang's body flashed and the sword river flowed, and he was about to go up the giant mountain.

He had already seen the starry beam of light reaching the sky, and he seemed to have a strong premonition in his heart that something was calling him.

But at this moment, a cold voice sounded from behind him

"stop!"

Gu Shaoyang turned his head and faced Ye Zhuo's extremely ugly face. 5.

Chapter 163

Originally, Tuoba Hai fell into the divine sea thunder tribulation and won the inheritance of Brahma Sword Tomb Galaxy Sword Master, firmly establishing his position as the ninth core of Zhenling Sect.

Ye Zhuo's plan was originally perfect, but he didn't expect that a monster in the Xuandan realm would appear halfway, wielding thousands of swords, and could kill the thunderous monster with one hand, overturning all his plans.

Ye Zhuo naturally wanted to kill Gu Shaoyang and quickly wiped out this uncertain factor.

Gu Shaoyang slowly turned his head and looked at Ye Zhuo with an expressionless face.

"Are you talking to me?"

Ye Zhuo sneered, his cold eyes wandering back and forth on Gu Shaoyang like a poisonous snake, and said bitterly: "You have ruined my good deeds, and you even try to get involved in the Galaxy Sword Master's inheritance! Are you afraid you don't know how to write the word "death"?!"

With that said, Ye Zhuo slapped Gu Shaoyang hard.

The power belonging to the Divine Sea Realm surged out violently, confining this small space.

The biggest advantage of the Divine Sea Realm is that it can confine everything within a small area. As long as Being in the "693" Divine Sea Realm, one will become like an insect condensed in amber, unable to move, and can be slaughtered by others.

Therefore, once promoted to the Divine Sea, facing the warriors of the Revolving Dan Realm is almost impossible. It is kneaded at will, and only the genius monster who is half a step into the divine sea has the ability to resist.

Of course, nothing is absolute. Once the strength reaches a certain level, it is enough to break away from the confining power of the divine sea realm.

Become a solidified amber that breaks through That insect...even turned against the guest!

Unfortunately, Gu Shaoyang now has this kind of power.

Moreover, it is far beyond Ye Zhuo's imagination.

The power of confinement is like a big net covering Gu Shaoyang. Gu Shaoyang's expression moves slightly, and the people around him Thousands of broken swords trembled slightly, each releasing a sword light.

Thousands of sword lights easily tore apart the surrounding imprisonment net, and Gu Shaoyang returned to a state of freedom without any restraints.

"What?!"

Ye Zhuo had a look of disbelief on his face, as if he had seen the most incredible scene in the world. He was only in the late stage of Xuan Dan, or he had just broken through, but he could actually break through the power of his Divine Sea Realm?!

"This is impossible!"

Ye Zhuo's face showed a ferocious look, and all the energy in his body surged. His green robe moved automatically without any wind, and his power was astonishing.

He struck out another palm, which quickly expanded into a huge dark green hand in the void, and seemed to fall from the sky. He wanted to crush Gu Shaoyang and everything below him into powder.

Gu Shaoyang's expression was a little weird, he frowned slightly and said in a low voice: "Are you sure you want to fight with me?"

"Um?!"

Ye Zhuo's expression froze, and the next moment, his face suddenly changed, and his eyes were filled with deep horror and fear.

I saw Gu Shaoyang's right hand gently resting on the hilt of the sword at his waist, holding it tightly, and drawing the sword.

In an instant, all the thousands of broken swords around him followed the same movements as him.

Gu Shaoyang drew his sword alone, as if there were thousands of invisible people around him drawing swords in unison with him.

Thousands of broken swords trembled, and merged into a huge and majestic sword. There was a sound of tide, and then countless sword lights fell like rain.

The sword lights drew countless splendid trajectories in the void, and the swords pointed in the direction pointed by Gu Shaoyang.

At that moment, the scene was so shocking, majestic, and spectacular that the scene was filled with excitement. It will be unforgettable for everyone.

At this moment, Gu Shaoyang is like a true king, with thousands of swords accompanying him wherever the sword points!

Ye Zhuo almost turned around and ran away immediately, but he couldn't make it faster than the meteor-like sword light falling into the rain.

The first sword The broken sword penetrated his body, followed by the second, third, and third swords....

Ye Zhuo's body froze in mid-air, maintaining an escape posture, and was quickly overwhelmed by the wave of swords.

The sword light whizzed past, and then circled around Gu Shaoyang again.

Gu Shaoyang calmly sheathed his sword and saw that the place where Ye Zhuo was was already empty. All traces of Ye Zhuo in this world had been completely erased. Not even the spirit storage ring was left, only a small piece of green. The hem of clothes slowly fell down...

The scene was filled with deathly silence.

Tuoba Hai, who was pale and had not yet recovered from his repeated serious injuries, opened his mouth wide and stared blankly at Gu Shaoyang, unable to say a word.

Chao Qian and the others were even more confused.

Before they could react, Gu Shaoyang had already killed Ye Zhuo until there was no trace left.

A sword.

Gu Shaoyang only made one sword move.

Xuandan kills Shenhai!

It's almost like a dream.

The three of them looked at Gu Shaoyang's figure in the sky, who was accompanied by thousands of swords and looked like a king among swords, with expressions in a trance.

In half a year, they thought that even if they didn't catch up with Gu Shaoyang, the distance between them and him had narrowed a lot.

But now, they discovered that they were wrong... and very wrong!

The gap between them and Gu Shaoyang had widened to an astonishing level, as if there was a chasm between them.

Soon, they might not even be able to see the back of Gu Shaoyang's neck.

Gu Shaoyang was not surprised at all by this result.

To be honest, in the special environment of Sword Tomb, even he himself didn't know how powerful he was.

The countless broken swords around him once formed an unparalleled stegosaurus that could crush the aura of the Divine Sea Realm. Later, the stegosaur was subdued by him, even though he could not exert one-tenth of the stegosaur's original power.

But he only needs to use the sword intention and the flawless sword elixir to activate a small part of the power of the thousands of broken swords, which is already extremely terrifying...

Deal with Ye Zhuo and kill a strong man in the Divine Sea Realm, Gu Shaoyang He turned his head and looked calm, as if he had just done an extremely trivial thing, so calm that it made people feel scary.

Gu Shaoyang's eyes turned to the sky-reaching light pillar on the top of the mountain, and his eyes slowly became hot.

The closer to the light pillar, the stronger the feeling of faint calling in my heart.

Gu Shaoyang couldn't wait to fly to the top of the mountain.

Thousands of broken swords protect him, like the most loyal bodyguard of the king.

Gu Shaoyang stepped on the void. Every time he walked upward, several or ten broken swords flew out and landed in the giant mountain. Then, rays of light were projected back and merged into the center of Gu Shaoyang's eyebrows.

That was the inheritance of the former sword master of Broken Sword. There were spinning elixirs, divine seas...there were skills, there were sword moves... in the end, countless Broken Swords returned to the forest like tired birds, and countless rays of light came back to their nests like suckling swallows.

The two formed a majestic and shocking circulation with Gu Shaoyang as the center.

Gu Shaoyang is about to step onto the top of the mountain, and only a few of the broken swords around him are flying away. In exchange, there are countless inheritance of skills and sword moves from the disciples of the Brahma Holy Land.

"buzzing.."

The red Canjian, who was the first to recognize Gu Shaoyang as his master, trembled reluctantly and left quickly. Immediately, a brilliant light flew back.

"《Sun Yao Flame Sword Technique》.."

Inheritance of middle-level swordsmanship at the heaven level... then the lavender broken sword wrapped in lightning flew away, and a ray of light flew back

"《Huangtian Prison Thunder Sword Technique》.."

It is also the inheritance of the middle-grade swordsmanship of the heaven level...

Gu Shaoyang's mind was clear. He made a rough count and found that he had acquired no less than a thousand swordsmanship of various kinds this time. Most of the grades were above the middle-grade earth-grade swordsmanship, and 0.5 did not include all kinds of swordsmanship. Miscellaneous studies, martial arts...

Among them, there are more than 20 heaven-level swordsmanship and four intermediate-level swordsmanship.

Gu Shaoyang had a clear understanding that these broken swords seemed to have reached a special tacit understanding, and they did not treat him as an ordinary inheritor, but as a co-owner.

It is absolutely impossible for him to practice so many sword skills at the same time. The Canjians regard him as the inheritor of the entire sect of the Brahma Holy Land and the person who continues the flame of the Brahma Holy Land.

Gu Shaoyang was even more certain that his true inheritance should be within that pillar of light reaching the sky.

Finally, he stepped onto the top of the huge mountain, saw the scene on the top of the mountain clearly, and his pupils shrank sharply.

On the top of the mountain, there were three broken swords stuck in disorder.

Two of them were lifeless, and the other...

The beam of light that penetrates the sky and the earth emanates from his body.

Gu Shaoyang's eyes were very bright and he strode into the light pillar.

Chapter 164

Gu Shaoyang stepped into the light pillar, the light wheels turned, and what appeared in front of him was a vast galaxy.

The stars are bright, like a shining exquisite ribbon, slowly flowing in the deep blue sky.

Gu Shaoyang looked around and suddenly discovered that every shining morning star in the galaxy was actually a transparent and luminous sword.

In an instant, the galaxy that was originally flowing at an extremely slow speed suddenly became extremely fast. Countless transparent long swords emitted sword energy and merged into a raging sword tide.

Majestic, sharp, majestic, unstoppable, indestructible...

Gu Shaoyang was deeply shocked. He finally realized the emotions that Ye Zhuo, who he had killed before, felt before his death.

Shock, despair, powerlessness...

In the face of such a terrifying power, anyone will feel as insignificant as dust, unable to think of resisting at all, and there is nothing they can do except wait for death.

It's like a giant wheel between heaven and earth, rolling over and over, and nothing can stop it in the slightest.

Gu Shaoyang watched helplessly as the vast expanse of stars and swords rushed toward him, his eyes wide open and unable to move.

Suddenly, the galaxy quickly moved away from him again.

If you look carefully, you can see that it is not going backwards, but that the distance between Xinghe and Gu Shaoyang is getting wider, or in other words, Xinghe is getting smaller, and Gu Shaoyang is slightly startled.

The next moment, I saw the stars and rivers returning to one place, and a figure came out of the black void.

The galaxy happens to be located at the figure's Dantian. 02

The man's face was unclear, his eyes were brighter than the stars, and he walked towards Gu Shaoyang with a smile.

In just a few steps, he crossed countless distances and arrived in front of Gu Shaoyang. He stretched out a finger and pointed directly at the center of Gu Shaoyang's eyebrows.

Gu Shaoyang felt like he was being struck by morning bells and evening drums, as a majestic voice kept echoing in his mind.

"I am...the Galaxy Sword Master!"

Gu Shaoyang intuitively felt that the light was shining brightly in front of him. It seemed that countless long swords of flowing light were whizzing past in front of him, and there were vast and endless rivers of stars flowing slowly.

Sections of profound and mysterious magic formulas were flowing in his heart.

"《Galaxy Sword Code》 ..."

Gu Shaoyang murmured.

This figure appeared from nowhere and taught him all the cultivation techniques after the Galaxy Sword Code, all the way to the King Realm.

After an unknown amount of time, Gu Shaoyang slowly opened his eyes and found a tall middle-aged man looking at him with a smile.

The middle-aged man has a gentle look and an ordinary temperament, but if you look closely, you can see that his eyes are as deep as the stars and his body is infinitely majestic.

Gu Shaoyang blinked, and the middle-aged man smiled and said: "I am the second holy master of the Brahma Holy Land, the master of the Galaxy Sword. You have practiced the "Galaxy Sword Code" to condense the flawless sword elixir, and you have outstanding qualifications, so you are qualified to take my mantle. , get my supreme swordsmanship inheritance.."

The middle-aged man looked slightly gloomy and sighed: "If the Brahma Holy Land is not destroyed, you should be the first holy son of my Brahma Holy Land."

Gu Shaoyang's expression moved slightly and he opened his mouth to speak, but the middle-aged man said: "This is just I am transformed into a ray of residual thoughts, and it will not last long after I teach you the skills. I can only answer you three questions at most, so please think carefully..."

Gu Shaoyang stopped, pondered for a while, and then said: "How on earth did the Brahma Holy Land be destroyed?"

"I knew you would ask this question.."

The middle-aged man shook his head with a smile and said calmly: "The Brahma Holy Land has not been destroyed. It is the top holy land in the Zhongtian Territory. There are three king-level sword masters and a divine king. Thousands of sects came to visit, and they exerted pressure on them.."

"It's a pity that there are divine kings above the king realm, and there are stronger ones above the divine kings. The Holy Land of Brahma is just a victim of someone who can't resist the power of the entire Holy Land, and bears his wrath..."

You are too far away from that realm, and it is not appropriate to know too much. In fact, I don't know much. The other two sword masters and I didn't even see the appearance of that person clearly, so we sadly fell...

You don't have to think about avenging us, I give you the mantle, entrusted by thousands of swords in the sword tomb, all you ask for is to Brahma Holy Land is just passed down.."

Even the King Realm didn't know the true identity of the being who destroyed the Brahma Holy Land. Gu Shaoyang was shocked and couldn't help blurting out: "What about the Divine Lord? Has

the Divine Lord really fallen?" The middle-aged man shook his head and said seriously: "I don't know. I don't know, the Divine Lord and that man are fighting in the sky, and no one knows the outcome of the battle. But Brahma was destroyed, and the Divine Lord has never returned. Think about it... alas.."

"This is the second question."

Gu Shaoyang's eyes flashed, trying hard to digest this series of huge shocks.

He took a deep breath, his mood gradually calmed down, and he said: "The last question, I want to know the secret of the fusion of sword intent..."

There was a trace of relief in the middle-aged man's eyes, and he said lightly: "You finally didn't waste all the opportunities."

As he said that, he looked Gu Shaoyang up and down, and praised: "In fact, you have taken many steps ahead of many people. Xuan Dan In the later stage, you have already comprehended 30% of the Yin Yang Sword Soul. Even when our Brahma Holy Land was at its peak, the number of talented disciples who could be as talented as you could only be found within one palm of your hand..."

"Count in one palm.."

Gu Shaoyang was stunned for a moment. He had extracted and absorbed countless bones and understandings so far. These two talents had reached a terrifying level that even he himself did not know. But just like this, there were at least five people in the Brahma Holy Land who could compete with him. side by side.

Why didn't this shock him? The decadent... middle-aged man said: "You don't have to belittle yourself. They grew up in the Holy Land since they were young, and the inheritance and resources they received are countless times better than yours. If we say that they are born True Dragon Seed, then you are the true dragon that emerged from the abyss. In total, you still have to be stronger than them... At least, there were many people who practiced my Galaxy Sword Canon back then, but they can condense the top-quality flawless sword elixir. Not a single person.."

Gu Shaoyang shook his head and said seriously: "I have never belittled myself because I never thought that I would be weaker than anyone." The middle-aged man's eyes soared with light and he laughed and said: "Okay, the sword wielder should have this courage."

"You haven't answered my question yet.

The middle-aged man smiled and said:"The fusion of sword spirit you call is actually what I call sword spirit.""

"Um?!"

"I don't know what chance you had, but you suddenly understood the power of the sword from two ordinary Yin-Yang swords, and they are also extremely good Yin-Yang swords. Unfortunately, the potential of these two sword intents is limited. The three achievements you can realize are already the limit..."

Gu Shaoyang frowned and said:"No wonder I felt unsustainable after the two sword intents merged to 30%. Every step forward was extremely difficult." The middle-aged man nodded and said:"So, you should seek outside help."

"external force?"

Gu Shaoyang was puzzled.

"That is the sword intention."

The middle-aged man explained:"Generally speaking, when a certain sword spirit is understood to the limit, and then a breakthrough is made, the sword spirit can be understood. Because your Yin-Yang sword spirit is derived from the two kinds of sword intent, you should practice more sword intent, and it must be the sword intent of Yin and Yang attributes. The more Yin-Yang sword intent you comprehend, the better the sword spirit will be. It will also increase faster. Moreover, it is best to understand one yin and one yang in sequence.."

Gu Shaoyang nodded. This was not difficult for him who had just received countless swordsmanship inheritance from the Brahma Holy Land.

The middle-aged man spoke again:"From what I can see from the sword spirit you have mastered, there are at least two other types that have the potential to evolve the sword spirit."

"What?"

Gu Shaoyang asked subconsciously

"The sword intention of killing is extremely powerful, and it takes the path of proving the Tao through killing. At that time, there were many people who were decisive in killing in the Zhongtian Domain who understood the spirit of his sword, and its power was extremely impressive. Also, it's the kind of sword intent you learned from the catastrophe..."

"Tribulation Thunder Sword Intent?!"

The middle-aged man smiled and said, "In fact, it can also be called the Destruction Sword Intent.""

"Destruction Sword Intent.."

"Yes."

The middle-aged man admired: "I don't know how you mastered this terrifying sword intention that only exists in the power of heaven's punishment, but you have to remember that this is the sword intention that you should really major in. Its potential is so great that you can't believe it... Master it, and you will be promoted to the King Realm or Divine Lord Realm in the future, and you will be able to dominate within the same level!"

"However, the Destruction Sword Intent you currently master is not complete enough, or it has not completely transformed. You should search for more Heavenly Thunder Tribulation and fully appreciate the true meaning of the power of Heavenly Punishment..."

Gu Shaoyang took a deep breath and nodded silently: "Remember."

The middle-aged man smiled, gradually retreated, and his voice gradually became louder, like the sound of heaven coming from the starry sky.

"Above the mind is the soul, above the soul there is the soul... You are my holy son of Brahma, and you still have a long way to go in the future..."

Chapter 165

Along with the middle-aged man's laughter, Gu Shaoyang saw him pointing his finger at him from a distance.

In an instant, the river of stars in his dantian suddenly rushed out, carrying a vast flow of water, and the majestic and endless momentum roared past Gu Shaoyang's body.

The moment he rubbed shoulders with Jianhe, Gu Shaoyang could feel a strong condensed force that shocked his soul.

The vast galaxy is like an incomparable giant sword that reaches the sky and the earth. It swims in the starry sky. Nothing can stop this giant sword.

"Is this... the completion of the Galaxy Sword Canon, the power of the Galaxy Sword Soul?.."

Gu Shaoyang murmured, his eyes full of longing and expectation.

As early as when he accepted the entire inheritance of the "Galaxy Sword Code", he understood the tyranny of this technique.

Every trace of Yuan Power in the body is like a divine sword. Countless Yuan Powers gather into a sea. A casual strike is like the coming of the Milky Way, and its power is unstoppable.

Horrible...

Gu Shaoyang estimated that this skill would be measured by the martial arts level.

It should at least reach the level of a heaven-level masterpiece.

Of course, above the heaven level, there must be higher levels of martial arts and martial arts.

Otherwise, how can one achieve the divine king realm?

Gu Shaoyang shook off the distracting thoughts in his mind and looked in front of him again. The remaining thoughts of the Galaxy Sword Master had disappeared, and Jianhe had also disappeared.

He used his last bit of strength to show the power of the sword soul to Gu Shaoyang, paving many paths for Gu Shaoyang in the path of swordsmanship.

"Above the gods? Gu

Shaoyang whispered to himself: "If one day I can be the king of gods, I can avenge Brahma for you.".."

As soon as he finished speaking, the sound of countless swords sounded in Gu Shaoyang's ears. The darkness in front of him quickly faded away, and the scenery at the top of the giant mountain reappeared.

Gu Shaoyang looked around and could sense the strong obsessions of countless broken swords.

Reluctance, resentment, pain, expectation, closeness..

"Is this considered a great ambition that I have unknowingly made?.."

Gu Shaoyang shook his head, smiled casually, and caressed Cheng Ying, "Aspirations are ambitions, and I will destroy them with my sword."

In an instant, the sound of the sword was so loud that even the three broken swords representing the sword masters on the top of the mountain trembled for a while. , shot out a ray of light and landed on Gu Shaoyang's head.

A noble and mysterious pattern appeared, shimmering.

Gu Shaoyang was slightly startled, and then a voice sounded next to him

"The coat of arms of the Holy Son of Brahma Holy Land, you have completely inherited the cause and effect of Brahma Holy Land..."

Gu Shaoyang turned his head and met Tuoba Hai's complicated eyes.

Tuoba Hai saluted Gu Shaoyang and whispered: "Thank you for that."

Gu Shaoyang nodded slightly, and then asked: "What did you just say?"

Tuoba Hai hesitated for a while, then said: "You The ambition I just established echoes the obsession of thousands of Holy Land disciples in the Sword Tomb, and is even recognized by the three sword masters. You are already considered the Holy Son of the Brahma Holy Land. The Brahma Holy Land has always only established one Holy Son, and so are you. The First Holy Son... Now you are the only one in the Holy Land of Brahma. You can also get the inheritance of the entire Holy Land, and all the luck of the Holy Land will be blessed on you..."

Tuoba Hai had a look of deep envy on his face, "Although the Brahma Holy Land has been destroyed, the remaining luck is not as good as that of ordinary saints in other holy places, but it is far superior to the sect leader level figures of ordinary small sects, and the entire You can practice the martial arts and martial arts left over from the Holy Land. There are many benefits...but.."

The envy on Tuoba Hai's face quickly disappeared, and turned into sympathy and admiration. He said in a low voice: "Since you have been inherited by the Holy Land and become the Son of Brahma, you will also take over the cause and effect of the destruction of the Holy Land of Brahma. If the cause and effect is not equal, , all the blessings will turn into resistance on your martial arts journey. If you want to take a step forward, it will be a thousand difficulties..."

Gu Shaoyang understood clearly.

No wonder the Galaxy Sword Master was very concerned about this matter before and didn't want Gu Shaoyang to know too much.

He should have just wanted Gu Shaoyang to take his mantle and remove him from the Brahma Holy Land, but he didn't expect that Gu Shaoyang would take the initiative to make great aspirations and bear the karma.

It can only be said that Gu Shaoyang's unintentional move resulted in great benefits and great disaster.

Gu Shaoyang didn't care at all, and said with a smile: "I am afraid I am the most miserable saint in history. I am the only living person in such a great holy land."

Tuoba Hai nodded and said: "Indeed, ordinary saints in the holy land, even if they are not The First Holy Son, the luck blessed by him is also monstrous, a thousand times better than yours. But if you are in this Brahma Sword Tomb, you have no fear of anyone, and there are countless disciples from the Holy Land who can help you with their residual swords. Rivaling the King Realm."

Gu Shaoyang laughed dumbly.

After chatting with Tuoba Hai for a few more words, Gu Shaoyang found that this person was quite to his liking.

Tuoba Hai is also a person who is truly sincere in the way of swordsmanship and martial arts, with a pure heart.

Tuoba Hai also admired Gu Shaoyang greatly.

A person whose talent in swordsmanship is so high that even he needs to look up to him, and who has the courage to take over the cause and effect of the Brahma Holy Land.

If he does not perish, he will surely shine in Zhongtian Territory in the future.

"Although Ye Zhuo, whom Brother Gu killed, had a despicable character, he was still a core disciple of Zhenling Sect. I guess that Ye Zhuo did not come alone when he came to the Brahma Holy Land to murder me. His men may have spread the news of his death... Brother Gu may have some trouble when he comes to the Zhongtian Territory in the future..."

Tuoba Hai said to Gu Shaoyang sincerely.

Gu Shaoyang frowned and asked: "How strong is the Zhenling Sect in the Zhongtian Territory?"

Tuoba Hai said: "The sects in the Zhongtian Territory are divided into nine levels, the lower third level ordinary sects, the middle third level large sects, and the upper third level Holy Land. Ling Sect is a fifth-grade upper-class sect. It is not very tyrannical, but there are also many elders in the

life and death realm in the sect, and there are even old monsters who are half a step into the king realm..."

Gu Shaoyang nodded and didn't take it to heart.

He has even endured the cause and effect of the terrifying existence above the Divine Lord. How can he still be afraid of a fifth-grade sect with a half-step king level?

A lot of debt doesn't weigh you down.

Tuoba Hai scanned the surroundings, took out a jade talisman and handed it to Gu Shaoyang, saying:"The main reason why I entered the Brahma Heaven this time is to break through the Divine Sea. This purpose has been achieved, and it is time to leave..."

Tuoba Hai clasped his fists at Gu Shaoyang,"When I return this time, I will immediately compete for the position of core disciple of Zhenling Sect and try my best to eliminate trouble for Brother Gu. When Brother Gu comes to Zhongtian Territory, you can come to me at any time. Tuoba will definitely sweep away Treat each other on the couch."

Gu Shaoyang nodded and said in return:"Definitely."

Tuoba Hai left quickly.

Gu Shaoyang looked down, Ji Lingsheng, Chao Qian and Ling Tianyu were at his feet.

The faces of the three people were filled with complicated and unspeakable expressions.

Shock, jealousy, confusion... and a hint of deep awe.

Awe from the heart.

Even Ji Lingsheng is no exception.

The three of them had a feeling that the gap between themselves and Gu Shaoyang was just like their current position.

It's as far as the foot of the mountain to the top of the mountain.

When they tried to catch up with Gu Shaoyang and climbed from one position to another, they suddenly found that Gu Shaoyang was already at another peak overlooking them.

The sadness in my heart is indescribable.

Gu Shaoyang didn't say anything to the three of them, and disappeared in a flash.

What he gained this time is so great that it will take a long time to digest it....

Something happened at the Brahma Sword Tomb, and Gu Shaoyang once again shocked the Southern Territory.

Entering the sword tomb, outside the sword tomb, he killed the two Qiao family murderers who were in the Half-step Divine Sea realm with two swords. The power frightened several of the Half-step Divine Sea realms who were hiding in the dark and wanted to take advantage of them and fled in a hurry.

No one knows what happened in the Sword Tomb, but what they know is that the three people who entered the Sword Tomb this time, the Prince Ji Lingsheng of the Great Zhou Dynasty, Chao Qian, the successor of the Manmo Sect, and Ling Tianyu, all looked gloomy when they came out, and seemed to be full of worries.

Later, Zhou Canglan, the descendant of the Hanhai Sect who had a good personal relationship with Chao Qian, let it slip.

"(Wang Nuohao) Gu Shaoyang killed a Divine Sea Realm genius from the Zhongtian Territory with one sword in the sword tomb. Half a year ago, I could compete with him on the Hidden Dragon Ranking. Half a year later, I really don't know if I can do it again. Hit him with a sword... ugh.."

These are Chao Qian's original words.

The southern region was shaken.

The news that Gu Shaoyang actually killed a strong man from the Divine Sea with the Revolving Pill Realm was even more unbelievable than an ant trampling an elephant to death.

Countless people discussed, questioned, and didn't believe it, but Ji Lingsheng and Ling Tianyu remained silent, which was equivalent to acquiescing that Chao Qian's words were true.

Everyone was shocked again, this time simply horrified.

It is said that many of the older generation of Shenhai powerhouses were shocked to the point of leaving seclusion one after another.

Who said that the true dragon of the Southern Territory was banished to the mortal world and trapped in the gentle countryside... Gu Shaoyang has clearly been the true dragon that has emerged from the abyss and soared above the nine heavens since the Qianlong List.

Some strong men from the Divine Sea even said:"If Gu Shaoyang had not died midway, his glory would have overshadowed the entire Southern Region for a thousand years, and anyone in his name, Gu Shaoyang, would be dimmed...even Emperor Yan Xingtian Same thing."

At this time, Gu Shaoyang was living alone in the deep valley behind the Qingyun Sect.

It seems that all the news that is buzzing outside has nothing to do with him.

Chapter 166

Gu Shaoyang gently waved the shadow in his hand, and a golden red flame flowed on the sword.

As the long sword danced, there were countless flames flowing freely, like the sun, skylight, and magma.

The vast tracts of vegetation in the valley changed from green to withered yellow, and then from withered yellow to charred black.

The water vapor in the gurgling stream underfoot was dried by the surging firepower, revealing the stream bed underneath.

Gu Shaoyang's sword power changed, and the scorching sword power turned violent and fierce. Purple electric light twined around the sword and exploded.

There were continuous bursting sounds in the void, the aura was violent, and there was a deep feeling like an abyss or prison.

"boom!"

Gu Shaoyang swung his sword towards the stream.

The stream that had just been dried up by the fire exploded violently, and a deep and wide gully appeared in the stream. Earth and rocks flew up, and the stream was completely dry. The vegetation along the stream also appeared. Everything was burnt yellow, and the originally quiet and beautiful environment became a mess.

Gu Shaoyang slowly put away his sword and stood there silently recovering the energy consumed by these two swords.

"It is worthy of being a middle-grade sword technique at the heaven level, and its power is at least dozens of times more powerful than the upper-grade sword technique at the earth level. Based on my understanding, it only took two months to practice the "Sunlight Flame Sword Technique" and "Huangtian Prison Thunder Sword Technique" to a small level of success. There is still a long way to go before I can comprehend the sword's intention. Go, but the means of fighting the enemy are also much greater, and the overall strength is at least doubled..."

Gu Shaoyang sighed: "Sure enough, the inheritance of skills is also extremely important..."

With the same talent and the same cultivation level, a warrior who practices heaven-level martial arts will definitely be able to crush a warrior who can only practice earth-level martial arts.

Gu Shaoyang was born in a humble background. He wanted to go to the Zhongtian Domain to compete with the top sects of the Holy Sons of the Holy Land. Without the inheritance of top-level techniques, he would obviously suffer a lot.

The inheritance of the Brahma Holy Land has made up for his shortcomings in this regard.

What he lacks now is probably resources.

"The progress of practicing these two sword arts can be slowed down a little. I should start to understand the new Yin attribute and Yang attribute sword intention, and strive to improve my understanding of the sword spirit as soon as possible..."

"Also, the Southern Territory is indeed a bit small for me now. The pressure I can feel from my peers is almost inaudible. Under such circumstances, even if I concentrate on my practice, the speed of my practice will be slowed down unconsciously. I need a bigger stage, more and bigger performances. Pressure to promote my growth..."

"In the same way, when I encounter more outstanding geniuses, I can extract more attributes, and my foundation and understanding will increase faster. This is a virtuous cycle..."

Gu Shaoyang thought silently in his heart, and slowly put away his sword and walked out of the valley.

A beautiful woman with a bun and high breasts came up to him, took his arm intimately, and said softly:"Shaoyang..."

Gu Shaoyang smiled at the woman and nodded slightly.

Xia Qingqiu, Senior Sister Xia who was one of the top three masters of the Qingyun Sect's outer sect, had always had feelings for Gu Shaoyang in her heart. It was Yan Qingyuan who gave her the opportunity to return to Gu Shaoyang again (acaf).

She transformed from a girl into a woman, with a plump figure and even more charm than before.

"Help me inform the sect master that I want to leave the sect for a while. If the Qingyun Sect encounters an irresistible enemy, I can go to Daqian to ask Emperor Yan to take action..."

Gu Shaoyang said calmly to Xia Qingqiu.

Xia Qingqiu looked stunned, "Are you going to leave for a long time?"

Gu Shaoyang walked towards the void and sighed: "Maybe.."

After saying that, Gu Shaoyang's figure disappeared into the distant sky in an instant.

Xia Qingqiu was left alone in the direction he left...

Daqian Palace.

Gu Shaoyang was more and more eager to leave the Southern Territory. In the past, it might have been just because of Yan Qingyuan, but now he had great ambitions. The cause and effect of the Brahma Holy Land was waiting for him to understand, so he had to move faster.

He has inherited countless skills from the Brahma Holy Land. Although it is impossible to practice them all, these mysterious, exquisite, strange or sinister sword moves and martial arts have deepened Gu Shaoyang's foundation to a great extent.

Moreover, Gu Shaoyang also left hundreds of earth-level and two heaven-level low-level exercises to Qingyun Sect to enhance the Qingyun Sect's sect heritage.

Think about it, the Qingyun Sect doesn't even have a few high-grade martial arts at the Earth level, and it's even unheard of at the Heaven level, while the Brahma Holy Land only has thousands of Earth-level martial arts.

The difference between the Holy Land and ordinary sects is as vast as clouds and mud.

Emperor Yan still liked to drink tea alone.

Seeing Gu Shaoyang appear, he smiled at him

"You came.."

Immediately, there was a flash of light in his eyes again, and he said with slight surprise:"It seems that you have a good chance at the Brahma Sword Tomb this time."

The most significant thing about Gu Shaoyang's deepening of swordsmanship is this.

In the past, he gave people the impression that he was like a sharp sword with peerless edge, which made people dare not look at him or get close to him.

But now, Gu Shaoyang's aura is even more sharp, but he also gives people a sense of gentleness. He can send and receive sword energy freely, and he already has the bearing of a master of swordsmanship.

Emperor Yan himself was very powerful, so it was obvious at a glance.

Gu Shaoyang slowly walked to Emperor Yan and said,"I want to go to Zhongtian Territory and want to ask for your help."

Emperor Yan replied casually:"I can't help. My favors in Zhongtian Territory have been exhausted, and I can no longer be free. Please move the King Realm to guide you. However, I can point you to two ways. You can also go to the Zhongtian Territory..."

Gu Shaoyang's eyes flashed and he said:"You said"

"First.."

Emperor Yan said:"You are the Lord of Wings and Stars of the Tiangong, and you are also my True Dragon of the Southern Region. With your qualifications, as long as I recommend you to the Tiangong, someone will come to pick you up soon..."

Gu Shaoyang frowned slightly,"Is there something wrong? I can see that you don't want me to choose this path."

"clever. Emperor Yan nodded and explained:"

Although this path is safe and has a promising future, the Heavenly Palace in the Zhongtian Territory is not as good as the Southern Territory. If you want to be cultivated by it, you have to be used by it." I understand your temperament. It's okay to be a Wandering Star King, but it's not suitable for you to be constantly busy with matters in the Heavenly Palace..."

Gu Shaoyang asked:"What about the next day?"

A smile appeared on Emperor Yan's face and he said lightly:"Many hidden sects in our Southern Region are actually inherited from the Zhongtian Region. In the Southern Region, they can't come out, but in the Central Region they can't come out. Tianyu may be a giant. This hidden sect has always been connected with this sect, and there must be a teleportation array in the sect. You may be able to try your luck with them..."

"Hidden Sect.."

Gu Shaoyang whispered,"The Hanhai Sect... the Barbarian Demon Sect.."

Soon, Gu Shaoyang made up his mind, thanked Emperor Yan, turned around and left.

Emperor Yan looked at Gu Shaoyang's leaving figure, and his face suddenly showed a hint of loneliness.

"Qingyuan, don't blame Father, I have already done everything I can to help this kid. The rest can only depend on his own destiny..."

As he said that, Yan Xingtian drank up the tea in his hand and said slowly:"It's a shame that I haven't entered the king's realm... ugh..." ...

Above the rippling blue sea, a handsome young man wearing a blue shirt was flying quickly with a beautiful girl.

Behind him, two rays of light resembling tarsal maggots followed closely.

"Canglan, will something happen to us?"

The pretty girl grasped Zhou Canglan's sleeves tightly, with a slightly worried and frightened look on her face.

Zhou Canglan laughed and said calmly: "Let these two old dogs who are half a step behind the sea of the gods chase after them. Their skills The inheritance is not good, the speed is not as good as mine, and even the strength of Yuanli is far inferior to that of me in the late stage of Xuandan... In two days, even if they don't give up, we will have already arrived in the Hanhai Sect. By then we will be The sea is wide enough for fish to leap, and the sky is high enough for birds to fly.."

The girl's face suddenly showed a look of joy, and she said to Zhou Canglan with infinite tenderness: "Thank you for meeting you Canglan. These two bastards killed my whole family and wanted to taint me... When I succeed in cultivation, I will definitely come back and kill them myself.!"

The girl said through gritted teeth, with a look of deep resentment in her eyes.

There was a look of pity on Zhou Canglan's face, he hugged the girl tenderly, and said comfortingly: "Don't worry, when you return to Hanhai Sect and get Master's permission, I will teach you the skills and martial arts of Hanhai Sect step by step."

"Um!"

The girl nodded vigorously and buried her head in Zhou Canglan's arms, with a lovely look of her heart tightly bound.

Chapter 167

Zhou Canglan flew a few miles away, and a streak of spear light shot out in front of him.

His expression changed slightly, and he jumped back to dodge, narrowly escaping the attack of the gun.

Looking again, there was already an additional figure in front of me.

He is a man holding a black spear, with a strong body and a fierce and fierce face.

His body exuded a powerful aura belonging to the Half-Step Divine Sea.

The sound of breaking through the air roared, and the two escaping lights following Zhou Canglan quickly caught up.

Three figures faintly surrounded Zhou Canglan in the center.

Zhou Canglan's face suddenly turned ugly.

"Canglan, what should I do?!"

The girl in his arms turned pale with fright and shrank into his arms. Zhou Canglan forced out a smile and comforted her in a low voice: "It doesn't matter, if I really want to fight for my life, they won't be able to keep me, I will." I won't let them take you away-.."

"Really?"

The girl's face showed a look of surprise, and then she became extremely cruel and resentful.

"Then you shouldn't be able to escape? ! "

"you.."

Zhou Canglan felt a sharp pain in his lower abdomen. When he looked down, he saw a dagger glowing with blue light inserted deeply into his Dantian. As soon as he thought about using his Yuan Power, he felt extremely painful.

Zhou Canglan was furious and wanted to hit the girl in his arms, but the girl had already giggled and escaped from his arms, and was hugged by the half-step divine sea warrior holding a spear.

"You are in the same group!"

Zhou Canglan was shocked and angry, her mind changed rapidly, and she suddenly understood everything.

"Is it a lie that your whole family was wiped out? You happened to be saved by me, is it also a lie? Is this all a trap?!"

"Only now do you understand?"

The girl laughed so hard that her branches trembled, and then she coldly mocked: "I've heard that you disciples of the Hidden World Sect are all idiots. As expected, you are extremely white..."

Zhou Canglan smiled miserably and said in a low voice: "I thought their target was you, but it turned out they were really coming for me... Pity me, Zhou Canglan, for walking in this world for the Hanhai Sect in vain, and to die in a small period of Qi training woman's hand.."

The girl's pretty face turned cold and she said harshly: "It's easy not to die, just hand over your spirit storage ring and the inheritance of Hanhai Sect, and we will let you go."

Zhou Canglan laughed at himself and said lightly: "You want me Just take the Spirit Storage Ring from my corpse..."

As he spoke, a fierce and powerful aura suddenly rose up all over his body.

The face of the man holding the gun changed slightly, and he whispered: "This guy wants to break the pill and die with us!"

When everyone present heard this, their expressions changed. At this time, Zhou Canglan was already laughing, laughing sadly and self-deprecatingly.

"You bastard old guy, you lied to me and said that winning the Qianlong List would ensure that my martial arts career would be smooth, I would have adventures when I went out, and I would have noble people when I was in trouble. Young Master, I am going to break the pill now. Where is your noble lord? Damn noble man...Old guy, even if I die, I will come back and pull some of your beards to relieve my anger..."

Zhou Canglan shouted loudly, as if he had completely made up his mind to destroy the pills and jade stones together.

At this moment, a slender and powerful hand came out from behind him and pressed firmly on his shoulder.

A powerful and pure energy surged into Zhou Canglan's body, suppressing his violent Xuan Dan.

Zhou Canglan's face changed drastically. Under this force, his third-grade spinning pill was as if dead. He couldn't even move, let alone the broken pill.

"God, do you even have the last bit of dignity?.."

Zhou Canglan smiled sadly.

Suddenly, a calm and cold voice sounded from him

"There are noble people in distress, and your master has never lied to you. Your noble is here.."

Zhou Canglan turned around subconsciously and saw a handsome young man in white clothes walking out from behind him, with an indifferent expression, as if he had everything in the world under his control.

Zhou Canglan was stunned for a moment and exclaimed in disbelief:"Gu... Gu Shaoyang?!"

The faces of the three half-step divine seas also changed dramatically, they stared at Gu Shaoyang and shouted:"You are the true dragon of the Southern Region, The leader of Qianlong, Gu Shaoyang?!"

The three of them subconsciously took a few steps back, as if facing a formidable enemy, they felt like they didn't dare to take action.

The girl's pretty face was frosty, and she couldn't help but curse:"You guys are so majestic that they are half a step into the divine sea, but you are actually afraid of the Revolving Core Realm. So what if the true dragon of the Southern Territory, let him turn into a dead snake today!"

As he said, She pointed at Gu Shaoyang and Zhou Canglan angrily and said:"The great opportunity is right in front of you. Kill these two people and take away their luck and inheritance. Not to mention the sea of gods, you can even pave the road to the realm of life and death." It's over!"

The expressions on the faces of the three people changed, they were hesitating and struggling...

Gu Shaoyang took a step forward and said in a slightly surprised tone:"Three half-step divine seas actually obey your orders. Qi training period, it's really weird.."

With that said, Gu Shaoyang drew his sword calmly.

In an instant, a sword light as bright as a shooting star streaked through the void.

The eyes of a half-step Shenhai warrior suddenly opened wide, and before he could even react, his whole body was torn in half by the invisible sharp energy, and he fell from mid-air.

Everyone on the field was stunned.

The vicious girl froze on the spot, her expression frozen, her mouth wide open like a choked duck.

The man holding the gun who was supporting her was trembling even more, his face was pale, and he said tremblingly:"Damn, damn... Gu Shaoyang can kill monsters in the Divine Sea Realm, why should we fight against him?.."

"Run, run!"

I don't know who shouted in fear, and the remaining two half-step Shenhai turned around and ran away.

0·Please give me flowers 0····

Gu Shaoyang did not chase him, but casually waved his hand to someone. There seemed to be a dragon's roar from his sleeve, and a stream of light shot out like a star chasing the moon.

Half-step Shenhai, who fled in that direction, let out a brief scream and fell like a stone.

Gu Shaoyang didn't even look over there, but slashed his sword flatly in the direction of the man and girl holding the gun.

This sword swept out and caught up with the two people in an instant.

Then, their bodies froze.

Two heads soared into the sky, with a look of horror and despair on their faces.

After doing all this, Gu Shaoyang calmly sheathed his sword, turned around, and looked at Zhou Canglan.

Zhou Canglan was completely dumbfounded.

Three half-step Shenhai... were all killed by Gu Shaoyang like he was chopping melons and vegetables?!

Gu Shaoyang didn't even look like he was using his strength much.....

Zhou Canglan took a deep breath and looked at Gu Shaoyang with eyes full of awe and gratitude.

"This time, I really want to thank Brother Gu. If Brother Gu hadn't arrived in time, I would have really needed to break the pill to retain some of Hanhai Sect's face..."

Zhou Canglan was extremely ashamed.

As a genius on the Hidden Dragon List, he is one of the top few among the younger generation in the Southern Territory.

But he almost capsized in the gutter and fell into the conspiracy of a woman in the Qi training period. It was really embarrassing.

"Brother Zhou, you don't have to be like this, this is your luck.."

Gu Shaoyang replied calmly, his eyes flashed with a strange light again.

This is also his luck.

As the Holy Son of Brahma, he received all the remaining luck from the Brahma Holy Land. Although he was not as good as other holy sons from the Holy Land, he could still be said to have amazing luck.

As soon as he got the news from Yan Xingtian that he could seek help from the Hanhai Sect to go to the Zhongtian Territory, he bumped into Zhou Canglan by chance. He just gave him a pillow when he felt sleepy.

Luck and luck are indeed not ethereal legends.

Zhou Canglan shook his head with a wry smile and said, "We are coming to the realm of our Hanhai sect. How about brother Gu go to my sect and stay for a few days?"

Gu Shaoyang nodded, "That's what I meant."

Immediately, he killed three people. Banbu Shenhai put away all the spirit storage rings and said to Zhou Canglan: "Okay, let's go." Zhou Canglan was about to lead the way when he suddenly couldn't help but ask more: "I wonder why Brother Gu is here?"

Gu Shaoyang said seriously: "Come to find you."

Zhou Canglan was stunned for a moment

"ah?!"...

Two days later, Gu Shaoyang and Zhou Canglan appeared in Hanhai Sect.

The so-called hidden sect, Hanhai Sect, is actually built on a divine sea realm giant whale, which is always moving.

Like a fairy island on the sea, it is difficult for people who are not from the Hanhai Sect to find Wu.

Chapter 168

The Kui Whale roars from time to time, spewing out large tracts of water mist. Over the years, the entire sea area around it is shrouded in rolling mist, which sets off the buildings and palaces of the Hanhai Sect. Like a fairyland.

Gu Shaoyang saw the huge bubble on Kuijing's body

"Vitality*12243, Constitution*788, Dragon Qi*1455.."

He absorbed it smoothly and felt the blood in his body surge again. It increased significantly. He was in a good mood and asked casually:"It turns out that Kui Whale is also a demon beast with the blood of a true dragon.".."

Zhou Canglan nodded and said:"The Kui Whale possesses the bloodline of the ancient mirage dragon, and its vitality is more than ten times that of monsters of the same level. This Kui Whale is the sacred beast of our Hanhai Sect, and it has lived for thousands of years...

In fact, many extraordinary-looking monsters have some bloodline power from ancient mythical beasts...Brother Gu, look, that bird monster with colorful feathers should have extremely thin phoenix bloodline..."

As Zhou Canglan said, he pointed at a bird heading towards"Six-nine" from the distant sky."The extremely beautiful big bird that the two people flew over suddenly lit up in its eyes and said in surprise:"I suddenly believe what Brother Gu said about the luck of the Hidden Dragon List. This monster not only looks good, but is also quite powerful."..I was just worried that I hadn't bought any gifts for my junior sister when I came back. Brother Gu, wait a moment and wait for me to catch this bird..."

Zhou Canglan stretched out a huge vitality hand and grabbed the colorful bird.

The big colorful bird screamed strangely, spitting out large streams of flames from its mouth, burning a big hole in the big hand of vitality.

Zhou Canglan frowned and was about to take action again when he suddenly became overjoyed again.

It turned out that the big bird not only did not escape, but flew straight towards them

"Haha, Rare Bird took the initiative to vote. The luck I competed for on the Hidden Dragon List is indeed of some use... eh?!"

Zhou Canglan's laughter suddenly stopped and he froze on the spot.

He saw the big colorful bird flapping its wings, flying in front of him and giving him a fierce look, then landed obediently on Gu Shaoyang's shoulder, showing a proud look. He looked reserved.

Gu Shaoyang was a little funny, patted Zhou Canglan on the shoulder, and joked:"It seems that Brother Zhou's luck is a little worse than mine. It seems to like me more.."

Zhou Canglan smiled awkwardly, shook his head and said,"It turned out to be a monster raised by Brother Gu. Why didn't you tell me earlier?!".."

This big colorful bird is of course the ugly strange bird that had been following Gu Shaoyang before.

The strange bird has been staying in the Daqian Palace for more than half a year, and has been served by a dedicated person. He has been provided with delicious food and drinks, and his life is so nourishing.

After eating an unknown amount of spiritual fruit and elixir, his gray feathers faded away and he became splendid and beautiful.

At first glance, it looks a bit like the legendary phoenix.

However, its cry was still as unpleasant as ever.

This guy seems to understand this and rarely speaks.

This time Gu Shaoyang came to look for Zhou Canglan and planned to go to Zhongtian Territory, so he took it with him along the way.

Zhou Canglan made a fool of himself in front of Gu Shaoyang again. He looked a little embarrassed and hurriedly led Gu Shaoyang into Hanhai Sect.

There were restrictions surrounding the Hanhai Sect. Zhou Canglan took out a jade talisman and shot a golden light in the direction of the Hanhai Sect.

Soon, the clouds and mist surged and parted to both sides, and several figures came out happily.

"Senior Brother Zhou, Senior Brother Zhou is back!"

These people are both men and women, most of them are boys and girls of sixteen or seventeen years old. Their faces are still green and immature, and they look like they are not familiar with the world.

"Senior Brother, some time ago, Master said that you were in the top ten of the Hidden Dragon Ranking. Is it true?"

"It must be true. If you ask me, I am not only in the top ten of Qianlong list, but also in the top three. Maybe he is the leader!"

"Senior brother is so awesome!"

A group of people were chattering around Zhou Canglan, their faces full of admiration, as if they regarded Zhou Canglan as their idol.

Zhou Canglan displayed the demeanor of a senior brother, with a smile and graceful demeanor, which fascinated several junior sisters. Red heart.

After talking for a while, he turned to Gu Shaoyang and said: "Brother Gu laughs, let's go in, and I will take you to see my master."

Gu Shaoyang nodded slightly.

Only then did Zhou Canglan's senior brothers and sisters notice Gu Shaoyang next to them.

Gu Shaoyang had a handsome face and a cold temperament. He was dressed in white clothes and had a very beautiful big bird standing on his shoulders. He looked like it gives people an extremely extraordinary charm.

Several boys and girls secretly bit their ears

"Is this person a friend that Senior Brother Zhou made in the Southern Territory?"

"It looks so awesome. Could it be that he is also a genius on the Hidden Dragon List?"

"Nonsense, how can senior brother's friends be ordinary people. He must be a genius on the Qianlong Ranking, but his ranking is definitely not as high as that of his senior brother."

"Uh-huh, yes!"

Zhou Canglan looked embarrassed when he heard this.

Gu Shaoyang's ranking is not higher than his own? Haha...

He didn't know how to speak. He wanted to tell the truth, but he was also afraid of losing face in front of his junior brothers and sisters, and losing the dignity of being a senior brother. Don't tell the truth, Gu Shaoyang's side...

Fortunately, Gu Shaoyang just smiled and passed Zhou Canglan and flew towards the Hanhai Sect first.

Zhou Canglan breathed a long sigh of relief, but he could still hear the chatter in his ears.

"Tsk, what are you pulling? The eldest brother went out to make friends with him, and he thought he was really a person."

"That's right, too arrogant. Senior brother is so powerful but he doesn't even put on airs..."

When Zhou Canglan heard black lines popping up on his forehead, he hurriedly glared at several people...

"I tell you to talk too much, but Brother Gu is a real dragon-like figure!"

After saying that, he hurriedly caught up with Gu Shaoyang to apologize and explain.

Only a few boys and girls with unconvinced faces were left.

There were exquisite and elegant palaces and buildings everywhere in Hanhai Sect, the mist was misty, and the scenery was very good.

Gu Shaoyang couldn't bear it. After giving a compliment, Zhou Canglan smiled bitterly and said: "No matter how nice the place is, you will get tired of it after staying there for decades."

Gu Shaoyang suddenly understood why Zhou Canglan was deceived by a woman in the qi training realm.

The Hanhai sect secluded itself from the outside world and rarely had contact with the outside world. In order to preserve an innocent heart, they had too little knowledge of the world. There are gains and losses.

No wonder the Hanhai Sect will send its best disciples to compete for the ranking every time the Qianlong List is made.

Luck is secondary, and training disciples is the main purpose.

The two stopped in a small square, there were many Hanhai disciples watching.

These people had not seen outsiders for decades, and they seemed very excited when they suddenly saw Gu Shaoyang's appearance.

But more eyes still focused on Zhou Canglan. Obviously, Zhou Canglan was in the Hanhai Sect. Inside is a star-idol-like existence

"Master should know the news about my return to the sect and will be here soon..."

Zhou Canglan explained to Gu Shaoyang.

Gu Shaoyang nodded and said calmly:"Brother Zhou, what I told you before.."

Zhou Canglan said sternly:"Brother Gu, please don't worry. Our Hanhai Sect has the opportunity to recommend a disciple to the main sect every ten years. This time it will be me. I will tell the master to give this place to Gu." Brother, you... just may need Brother Gu to join our Hanhai Sect for a while..."0.5

Gu Shaoyang waved his hand and said:"It doesn't matter..."

Anyway, when he entered the Zhongtian Domain, he planned to find a suitable sect to join. After all, his own cultivation and a sect with complete resource inheritance were two different concepts, and the latter could greatly speed up his cultivation.

Moreover, he could also see some of the behavior styles of people from the Hanhai Sect from Zhou Canglan, which was a suitable choice for his indifferent temperament.

"But Brother Zhou, you will have to wait another ten years after you give up your spot to me..."

Zhou Canglan shook his head nonchalantly,"Nothing can compare to Brother Gu's life-saving grace in ten years, and.."

Zhou Canglan smiled bitterly and said:"Brother Gu, don't think that going to the main sect is a good thing. There are many monsters and geniuses there. I'm afraid that with my little cultivation, I will

be bullied if I go to the main sect... Brother Gu, you know me."I don't like fighting, so I'd better hide in the Southern Territory and live comfortably for a while."

Gu Shaoyang smiled.

At this time, Zhou Canglan's eyes lit up, he pointed at a figure flying quickly in the sky and said:"My master is here." _

Chapter 169

The figure quickly approached the two of them.

He is an old man wearing a blue robe, with a fluttering white beard, and an immortal spirit. He has a pale face and an indifferent smile on his lips.

"Master. Zhou

Canglan saluted the old man respectfully, and then introduced to Gu Shaoyang:"This is my master, the current sect leader of Hanhai Sect, Master Yu Pu."

Gu Shaoyang nodded and said seriously:"Gu Shaoyang has seen a real person.""

Yu Pu looked at Gu Shaoyang with a strange light in his eyes, and said,"Even though I am overseas, I have heard the name of Gu Shaoyang, the first arrogant person in the Southern Territory."

Yu Pu's words did not specifically avoid others. The Hanhai Sect disciples who were listening with their ears pricked up immediately exploded and started talking about it.

"Is this person known as the number one genius in the Southern Territory?! What a resounding name!"

"First? Where does that leave our senior brother?!"

"I probably didn't include my senior brother in the calculation. Otherwise, given my senior brother's ability, this number one position would definitely belong to my Hanhai Sect."

"Hmm, I guess so."

Gu Shaoyang turned a deaf ear to the comments coming from his ears, and just replied lightly to Master Yu Pu: "Master Yu Pu is too complimentary. I came to Hanhai Sect this time to ask for something."

Master Yu Pu nodded and spoke slowly: "Canglan has informed me of everything in the summons... Mr. Gu wants to join our Hanhai Sect. Naturally, I can't ask for it. It's just a quota. Not to mention Mr. Gu, you still want to join us. Save Canglan's life, even if there is no such kindness, we will help the young master."

Gu Shaoyang's face showed a hint of joy, and he said seriously: "Thank you, Master. Master

Yu Pu smiled and explained: "But building the teleportation array is a bit troublesome. Mr. Gu needs to allow us to prepare for three days. Everything will be arranged in three days.""

"It doesn't matter, then it will be troublesome for the real person."

Master Yu Pu exchanged a few words with Gu Shaoyang, then asked Zhou Canglan to do his best as a landlord, and then left gracefully.

Gu Shaoyang was relieved.

Perhaps it was because of luck that the trip to Zhongtian Territory went extremely smoothly..

In the next three days, Gu Shaoyang settled in the Hanhai Sect peacefully, and Zhou Canglan took him to visit the Hanhai Sect. The days were quite leisurely.

The disciples of the Hanhai Sect also gradually discovered that their senior brother did not know this. The man who appeared out of nowhere did have a particularly good attitude, and there was even a hint of reverence and awe in his enthusiasm and sincerity.

It was not like they were thinking of each other, but rather a gesture of deliberately trying to please.

This discovery It was difficult for many people to accept it. They felt that Gu Shaoyang's strength and status were extraordinary, but they still didn't want to believe that even the god-like senior brother in their minds could not be inferior to him.

Until, on the fourth day

"Things have changed?"

Gu Shaoyang frowned slightly and said in confusion.

Yu Pu smiled a little awkwardly and said sarcastically:"Actually, everything went smoothly. I also sent people to build the teleportation array. But another elder in my sect, Master Yuhai, suddenly disagreed..."

Before Gu Shaoyang could speak, Lan on the side spoke angrily:"Is Elder Yuhai doing it for his nephew?! With Lin Sihai's talent and strength, how can he get this spot?"

"I know."

Yu Pu said:"But Canglan, you have been away for a long time, so I don't know that the situation has changed. Lin Sihai's current strength may not be lower than yours...and Yuhai is the only elder of the Divine Sea Realm in the sect besides me. If he insists on not wanting to do it, there is nothing I can do about it..."

"Lin Sihai's strength is not inferior to mine?"

Zhou Canglan said angrily and funny:"Master, when he was in my hands, he couldn't even move ten moves away..."

Yu Pu glanced at him and said calmly:"Master Yuhai used Hanhai Jade Crystal and expended his own energy to raise his Xuan Dan to the third level. He also gave him a heaven-level spear skill and a heaven-level spear. Low grade treasure spear.."

"What?! Zhou

Canglan exclaimed, looking shocked.

"Vast Sea Jade Crystal, Heavenly Spear Skill... Elder Yuhai is really willing to give it up.."

Yu Pu shook his head and said:"As a teacher, I never expected that Yu Hai would still hide so many good things in these years..."

At this time, Gu Shaoyang couldn't help but said coldly:"I dare to ask the real person, how can Elder Yuhai be willing to give up his place?"

Yu Pu said in a deep voice:"He has two conditions..."

Gu Shaoyang's eyes flashed,"It doesn't matter if you say it, real person.""

"First, Shaoyang needs you to defeat his nephew Lin Sihai in a fair duel..."

"Ha ha.."

Zhou Canglan chuckled, clapped his hands and said,"Then there's no problem. No matter how strong Lin Sihai is, he will never be Brother Gu's opponent."

Yu Pu nodded slowly,"I'm not worried about this either, mainly because of the second 2. Yuhai said that those who can get the quota must be from our Hanhai Sect. He will never let an outsider take this quota."

"Master, didn't Brother Gu already agree to join our Hanhai Sect?!"

Yu Pu smiled bitterly and said:"Yu Hai is not satisfied. The Hanhai sect members he said are disciples who must practice our Hanhai sect's skills. Temporary joiners like Shaoyang are okay in the main sect, but in our southern region He did not acknowledge the division of sects. Zhou

Canglan's face flashed with anger, and he said bitterly:"Elder Yuhai didn't mean to make things difficult for us. Could it be that he wants Brother Gu to change to other techniques?!".."

Yu Pu also shook his head helplessly.

Gu Shaoyang said calmly: "Master, I think Hanhai Sect should also have disciples who are not practicing Hanhai Kung Fu."

Yu Pu was stunned, and nodded subconsciously: "Yes, there are several guest elders in the sect who later joined our Hanhai Sect. Yes, his own cultivation level is not bad..."

"That'll do."

Gu Shaoyang nodded, "I will join the Hanhai Sect as the elder Ke Qing."

Yu Pu couldn't help but frown, "But every Keqing elder who joins needs to be recognized by the other elders in the sect, especially me and Yu Hai. Yu Hai may not recognize your strength so easily..."

Gu Shaoyang casually put his hand on the hilt of the sword and said calmly: "It doesn't matter, how will you know if you don't try it?" "...

"Buzz..."

The melodious and long sound of whales, accompanied by large waves of water mist rising, the sun shining down, reflecting the colorful halo, rendering the entire Hanhai Sect like an immortal sect.

In the martial arts square within the Hanhai Sect, almost all the disciples from the top and bottom of the sect gathered together.

Everyone has heard that Lin Sihai, the nephew of Elder Yuhai, is going to fight against the young man brought back by Senior Brother Zhou Canglan.

The reason for the confrontation is unknown.

In the 693 small square, people were shaking their heads and talking, and suddenly someone shouted: "Here we come!" Everyone looked up and saw Gu Shaoyang, Zhou Canglan and the sect master Yu Pu coming together.

Then came five or six half-step elders of the Divine Sea Realm, and then, two figures appeared in the sky.

A tall old man with a wild face strode down from the air, followed by a tall young man with a pale face and narrow eyelids.

"Yuhai and the others are here."

Master Yu Pu said calmly.

Gu Shaoyang looked up, his eyes just glanced at the two of them once and then quickly looked back, his expression unchanged.

"Yu Pu, does Gu Shaoyang agree to practice my Hanhai Sect's martial arts? If he doesn't want to, then there is no need to compete in today's competition, and the place will be given to Sihai directly."

Yu Hai's rich voice spread throughout the square, and his expression was arrogant. It seemed that he didn't take Master Yu Pu as the sect leader at all.

Master Yu Pu looked indifferent and said:"I was just about to say this..."

When Yu Hai heard this, his eyes suddenly narrowed, and his eyes kept wandering back and forth on Yu Pu, Gu Shaoyang, and Zhou Canglan.

"..In addition to the competition today, the more important thing is about Gu Shaoyang joining our Hanhai Sect and becoming the new guest elder of our Hanhai Sect..."

"What?!"

Yu Hai suddenly jumped up and sneered:"I'm afraid you are an old fool, Yu Pu. Is this young boy qualified to be the guest elder of our Hanhai Sect?!"

Not just Yuhai, everyone on the scene was in an uproar and was shocked..._

Chapter 170 Before Master

Yu Pu could speak, Gu Shaoyang took a step forward and said calmly: "You will know later whether you are qualified or not."

Yu Hai was stunned and then laughed. , but there is a trace of anger in his eyes

"So arrogant! Boy, don't think that just because you are at the top of the Hidden Dragon Ranking, you really think you are a real dragon. As long as I'm here, you can't even think of getting the position of guest elder!"

Gu Shaoyang had no expression on his face and looked at the arrogant Yu Hai without giving in. The atmosphere on the court suddenly became tense.

Yu Pu frowned and said slightly worriedly: "Gu Shaoyang is too impulsive, I am Nan The standard for the elders of Yu Hanhai Zong Keqing only needs to reach half a step of Shenhai's combat power. If he holds back for a while and defeats any half-step Shenhai elder later, he will be absolutely sure about this matter, but now...I am afraid that Yuhai will personally come to make things difficult for him..."

Zhou Canglan on the side was not worried at all and couldn't help but said: "Master, when was the last time you heard about Gu Shaoyang?"

Yu Pu glanced at him and said lightly: "Of course the battle for the Qianlong List is over. , I specially sent someone to inquire about your kid's ranking on the Qianlong Ranking..."

"That was half a year ago.."

Zhou Canglan was thoughtful.

Yu Pu frowned and said: "Well, it was indeed half a year ago. What, is there any problem?"

Zhou Canglan looked strange and shook his head: "No, Master, just look down... Brother Gu's true strength is better than you imagine. The one that got hit was much more terrifying..."

"Um?!"

Yu Pu looked confused and wanted to ask more questions, but Zhou Canglan refused to explain. Zhou Canglan didn't know how to tell Yu Pu that Gu Shaoyang killed a real strong man in the Divine Sea Realm with one sword in the Brahma Sword Tomb. This incident The matter was told to him personally by Chao Qian of the Barbarian Demon Sect.

The news was too shocking, and he was afraid that Yu Pu would not believe it, so he had better let Gu Shaoyang speak with his sword.

At this time, the tall young man behind Yu Hai strode forward holding a dark blue spear. Come up.

His narrow eyes slowly swept over Gu Shaoyang, and finally landed behind Gu Shaoyang.

He pointed his spear far away and said loudly:"Zhou Canglan, come out and fight!"

There was a commotion on the field.

No one expected that Lin Sihai would suddenly challenge Zhou Canglan. Zhou Canglan also frowned and said,"Lin Sihai, I haven't seen you for a year. Does your defeated general have the confidence to challenge me again?"

Lin Sihai sneered, his figure shook, his gun shot out like a dragon, and he attacked Zhou Canglan without saying a word.

"snort!"

Zhou Canglan snorted coldly and flew up to meet him.

The two immediately fought fiercely.

There was a lot of discussion on the sidelines.

"Lin Sihai has been practicing hard for a year just to avenge his past humiliation. He may have planned this battle for a long time."

"So what, Lin Sihai will never be the opponent of the senior brother, and the gap in Xuandan level is not so easy to smooth~"

"wrong! It seems that Senior Brother has always been at a disadvantage by Lin Sihai?!"

"How come Lin Sihai's strength has become so much stronger?!"

Sure enough, Lin Sihai's marksmanship was sharp and tricky, and Zhou Canglan felt a little helpless and aggrieved.

The situation on the field began to become very unfavorable to Zhou Canglan.

Zhou Canglan's face turned ugly, and he suddenly gave a long drink, and a powerful aura erupted from his body. Yuanli surged like the sea, and he slapped a palm fiercely: "Dragon swims in the vast sea!"

It was the palm he used to compete with Gu Shaoyang on the Hidden Dragon Ranking. Half a year later, this palm became more exquisite and terrifying.

In addition, the massive energy of the third-grade Xuan Dan was so powerful that even the few and a half onlookers were stunned. Elder Bu Shenhai's expression changed.

Most of the disciples on the sidelines supported Zhou Canglan. Seeing this, they all immediately became energetic. They were about to cheer for Zhou Canglan when they suddenly heard Lin Sihai sneer.

"A third-grade revolving elixir? I have it too!"

As he spoke, Lin Sihai opened his mouth and spat out a blue spinning elixir similar to Zhou Canglan's. The three elixir patterns on the revolving elixir were clearly visible, and there seemed to be a vague trace next to the elixir pattern, but it was not visible, indeed. There is no doubt that it is a third-grade heavenly elixir.

The disciples immediately opened their eyes wide and exclaimed:"How come Lin Sihai is not condensing a fourth-grade earthly elixir? When did you jump to the third level?!"

"The Jade Crystal in the Vast Sea, it must be a treasure like the Jade Crystal in the Vast Sea that can make up for the pill patterns acquiredly!"

"Big Brother is going to be in trouble!"

Even though Zhou Canglan had long expected that Lin Sihai would be promoted to a higher level of Xuan Dan, he was still a little shocked. He gritted his teeth and said:"So what if the third level Tian Dan is promoted, I will still defeat you!"

"Hahaha.."

Lin Sihai laughed loudly, danced a spear flower in his hand, and then stabbed out fiercely.

"You are the one who loses! Heaven-level spear skills. Raging waves!"

The dark blue spear carried unparalleled power and drew a deep trace in the void.

The sea transformed by Zhou Canglan's palm force suddenly parted under this spear. At this moment, Lin Sihai was like a yaksha traveling around the world. Arrogant

"defeat!"

Lin Sihai hit Zhou Canglan's chest hard with a shot. Zhou Canglan was hit by a huge force and flew backwards.

Everyone was moved by it, and screams continued from outside the stadium.

"Senior brother actually lost?!"

"Lin Sihai's shot may have brought him infinitely close to the Divine Sea realm!"

"I'm afraid those Keqing elders who are half-stepped into the divine sea may not be able to defeat him."

Lin Sihai stood in the void with a long spear in his hand, with a high-spirited look. There was an indescribable confidence and arrogance on his face.

He looked at the whole audience, glanced disdainfully at Zhou Canglan, and finally landed on Gu Shaoyang. He sneered condescendingly:

"Are you Gu Shaoyang, the most popular leader in this Qianlong Ranking Competition?"

Gu Shaoyang had no expression on his face and looked at him coldly.

Lin Sihai smiled even more and said loudly:"That good-for-nothing Zhou Canglan lost to you on the Qianlong Ranking and completely disgraced my Hanhai Sect. Today I I'm going to defeat you. Let everyone in the entire Southern Territory know that the number one young person in the Southern Territory comes from the Hanhai Sect, and it is me, Lin Sihai!"

With that said, Lin Sihai, with the momentum of his previous victory over Zhou Canglan, fired another shot at Gu Shaoyang and roared:"Raging waves! If you want to be the elder of my Hanhai Sect, are you worthy?!"

In an instant, sea water filled the sky behind Lin Sihai. The terrifying gun power and Yuanli crushed the void. Everyone felt a suffocating pressure.

"horrible!"

"Lin Sihai's shot was stronger than the previous one!"

"horrible! It seems that the number one genius in the Southern Territory is really going to belong to me, the Hanhai Sect!"

"Senior Brother Lin lives up to his name, and after today, he will definitely be famous all over the world!"

Lin Sihai's expression became a little ferocious because of his excitement, excitement, and pride.

He practiced hard for a year, endured countless white looks and criticisms, and waited for so long. Today he finally avenged his shame and defeated Zhou Canglan with his own hands.

And what happens next ? , was his first step in becoming famous in the Southern Territory.

After defeating the man in front of him, Lin Sihai would be the number one among the younger generation in the Southern Territory!

All eyes were focused on Lin Sihai and Gu Shaoyang.

The strange thing was, Facing this terrifying shot, Gu Shaoyang's face remained as calm as water, and his eyes were calmer than the sea in July.

When Lin Sihai's spear tip was less than five meters away from Gu Shaoyang, this shot was about to nail Gu Shaoyang to the ground.

Gu Shaoyang finally moved.

He made a few very simple movements. He put his right hand on the hilt of the sword, held it tightly, and drew the sword.

The next moment, the world seemed to have stopped.

Everyone's eyes seemed to have lost their color, and all the brilliance was gone. by a swordabsorbed, occupied.

This sword light broke free from the long sword and slashed straight towards Lin Sihai from bottom to top.

Like a swimming dragon, like an aurora, like a raging thunder...

In front of this sword, Lin Sihai's monstrous spear power was easily torn apart like brittle paper.

The sword light and the sky-level spears crossed each other, and the huge waves behind Lin Sihai were forcibly broken by the sword energy. The sword energy continued to spread, extending to the sky... The blue long sword hovered quietly in front of Lin Sihai's neck. , as long as he moves forward one minute, Lin Sihai's big head will roll down.

Lin Sihai's expression was dull and he stood there blankly. The look on his face before was no longer visible.

"..bang.."

The spear in his hand was broken into two pieces from the upper half, the fracture was smooth, and it made a crisp sound when it fell to the ground.

Behind Lin Sihai, starting from his body, was a sword-shaped trace of terror.

A huge hole was opened in the clouds that shrouded the Hanhai Sect. Through the hole, one could see the tear-shaped clouds in the distant sky.

"hiss.."

Everyone took a breath and looked at the man in the field dressed in white clothes as cold as the moon in disbelief.

How terrifying and sharp is this sword light?!

Just the leaked sword energy caused such a terrifying scene. The heaven-level treasure spear that shocked the sword light was directly broken... broken...

If this sword was aimed at a person...

Gudong, all The person swallowed his saliva and did not dare to think further.

Is this really the sword light that the Revolving Core Realm can emit?!

Gu Shaoyang sheathed his sword at will, and his indifferent eyes glanced at Lin Sihai's stiff face, and said calmly, word by word: "Do you deserve to attack me...?!"

Lin Sihai's pupils shrank suddenly, and his body tensed, feeling Endless humiliation rises from my heart, but there is nothing I can do.

Terrible... so terrible...

Gu Shaoyang brought him a suffocating pressure. When he faced that sword just now, he almost thought he was going to die.

Now, he didn't even have the courage to look directly at Gu Shaoyang.

At this time, Gu Shaoyang had already gently walked around him, walked to the field, looked casually in a certain direction, and said: "Elder Yuhai has objections to my becoming a guest minister of the Hanhai Sect, why don't you go out and give it a try in person?".."

"boom.."

Suddenly, the whole place was in an uproar.
