### Chapter 1611

Gu Shaoyang stopped his hand, looked in the direction of the tiger monster, and said to him: "Senior, we really couldn't help ourselves this time, but I didn't expect that you were actually ordered by Long Hanming to chase him. Kill us."

At this time, the tiger monster was no longer as ferocious as before. He had already stood up, facing Gu Shaoyang, and said to him: "There is no way, Long Hanming asked me to do it. Get rid of you completely, otherwise my family will be implicated."

After all, Tiger Warcraft also has his own family, and all Warcraft are his family.

When Gu Shaoyang heard this, he really didn't expect that Long Hanming was so despicable and shameless.

Moreover, Emperor Jin Zong had just walked away from a wave of attacks, and Long Hanming started to attack again. It seemed that the two of them had completely cooperated with each other.

Gu Shaoyang turned to the direction of the tiger monster and said to him: "I don't want to do these things, but why don't you leave Long Hanming?"

As soon as he said this, the tiger monster had already lowered his head. It had been, By staying in this position, I want to protect the real demon king and the real king.

But I didn't expect that the Qilin Warcraft would be completely killed by the Tiger Warcraft and the others.

So the reason why he stays here now is because he hopes that one day Qilin Beast can return to the position of king, and Tiger Monster can continue to assist him.

Tiger Warcraft looked in the direction of Gu Shaoyang and said to him: "You don't understand these things. The Tiger Warcraft family has always served the king. Therefore, the Qilin family used to be our masters, but now they have become Long Hanming." "

When he said this, he felt really sad in his heart. He did not expect that the Demon King of their entire Warcraft family would be serving Long Hanming in his generation.

After Gu Shaoyang understood the ins and outs of the matter, he still had certain thoughts in his mind at this time.

So Gu Shaoyang turned to the direction of the tiger monster and said to him: "Then if one day Luo Zishan can return to your family and become the devil king of your entire demon clan again, will you support him?"

Gu Shaoyang really She felt that if one day they could find this treasure, have enough troops, and have enough strength, she would really want to help Luo Zishan regain his true status.

Tiger Warcraft was really in disbelief when he heard what Gu Shaoyang said.

He nodded and looked at Gu Shaoyang and said to him: "Of course, I hope that the Qilin Beast can return to our demon clan again, but how is this possible? After all, their Qilin family has all fallen, and he is the only one left. One."

When Tiger Warcraft thinks about it, Luo Zishan is the only one left in the entire Qilin family at this time, and his heart will be very painful. He did not expect that the Qilin family was so powerful before, and now only this small one is left. A single seedling.

Gu Shaoyang looked in the direction of Tiger Warcraft with a smile, and said to him: "Because I have such loyal subordinates like you."

Tiger Warcraft really didn't expect that Gu Shaoyang would talk to him like this, and he immediately started to feel very He pondered seriously.

Gu Shaoyang was not particularly anxious. The two of them lay on the ground like a tiger. Gu Shaoyang sat cross-legged on the ground. The two of them looked at each other and began to think about their own problems.

On the other side, Tianci and the spider monster were having a great time fighting together. Li Zhou really didn't expect that this spider monster had too many legs. He had already broken one of its legs, but the opponent He also spun the silk in his own direction.

Li Zhou felt that when he vomited this thing out, it was really disgusting, and he felt sticky when he stood on it.

He immediately waved his sword, but he didn't expect that his sword would be entangled in the silk spun by the spider monster.

He immediately let go of the sword in his hand with disgust and rushed towards the direction of his baggage.

He took out another sword. Although this one was not as useful as the previous one, Li Zhou was disgusted when he saw the sticky words spat out by the spider monster.

He looked at Tianci on the other side. He had already won the victory at this time. When he and Ling Dang spoke directly to each other, they were in no mood to care about themselves.

Li Zhou said to Tianci and the two of them: "Who is going to help me? This spider has too many legs, and the silk it spins is really disgusting."

He really didn't expect that he would fight. It turned out to be a very powerful monster.

Tianci looked at Li Zhou and said to him, "Just do it yourself. I believe you can do it."

Chapter 1612

Li Zhou waved the sword in his hand to prevent the threads of those spider monsters from getting entangled in his body.

While he was moving, he said to the few of them: "It's really heartless. You guys don't care about me at all."

At this time, Luo Zishan had already fought against the last two monsters, biting off their necks. He began to soften just by looking at the monsters. He did not expect that these monsters from the demon clan were his own clansmen in the past, but now they were his opponents. He had already killed them all one by one. They were killed.

His entire Warcraft mood was particularly bad.

Luo Zishan walked back to Tianci and Lingdang, and lay down directly next to them. After all, he was also a Qilin beast at this time. He laid his head on the ground, and then squinted slightly. With his raised eyes, he looked like a very pitiful big dog.

Tianci also knew that Luo Zishan was feeling very lonely at this time. After all, he saw the tiger monster tonight.

He looked at Luo Zishan and said to him: "Why, are you still afraid that the tiger monster will be killed by Gu Shaoyang?"

Luo Zishan shook his head slightly, but he was not particularly afraid of this.

Because he knew that Gu Shaoyang would definitely not spare the life of the tiger monster, and then he did not speak again.

Li Zhou's movement was very fast. He raised the knife and cut off another leg of the spider monster in one fell swoop.

Then the spider monster started walking low on the left and high on the right.

It attacked again in the direction of Lizhou.

Luo Zishan narrowed his eyes slightly, and he really couldn't see anything anymore.

He looked in the direction of Li Zhou, and then said to Li Zhou: "Can you do it? It's been so long, and you still can't kill a monster."

When he said this, it really seemed like Li Zhou was a monster. He is like a piece of trash, and he is a real joke.

When Li Zhou heard what he said, he was really angry. He looked in the direction of Luo Zishan and said to him: "This guy has so many legs. How can I defeat him in one go? What's more, he has so many legs." After the silk came out, he immediately ran to the tree. I just wanted to hit him, but it was really not easy."

While talking, he dived upward again, and then downward again. After descending, he attacked directly in the direction of the opponent.

Then I saw a tiger monster and Gu Shaoyang walking out from the other side. The spider monster immediately stopped its body. It was a little unbelievable. It didn't expect that Gu Shaoyang and the tiger monster had walked out safely.

At this time, several people also looked in that direction and had completely forgotten about fighting the spider monster. It was really unbelievable.

The spider immediately looked in the direction of the tiger monster and said to him: "I didn't expect you to betray the master."

When the tiger monster saw the spider, he didn't expect that there was still a monster that was not dead.

Gu Shaoyang also looked in the direction of Li Zhou and felt that Li Zhou was really weak this time. He couldn't even defeat such an ordinary monster today.

When Li Zhou saw Gu Shaoyang's eyes, he felt even more hurt.

He turned around and attacked in the direction of Li Zhou.

But when Luo Zishan saw this scene, he also knew that the tiger monster must have something to say to them, so he stood up without any hesitation and rushed towards Li Zhou..

Before Li Zhou's sword touched the spider monster, the Qilin beast had already opened its bloody mouth and bit the spider monster's head in one bite. Then it shook the spider monster a few times. His head has completely begun to fall off.

Li Zhou was really in disbelief. He didn't expect that Luo Zishan was so cruel. He had already killed the opponent with such simple cruelty. Then why did he let himself fight in this place for so long?

And what saddens Li Zhou the most is that he only lost a few legs.

When he saw the Spider Monster, he kicked his legs and started to tremble. After a while, the trembling movements began to get smaller and smaller, and he began to die.

And Qilin Beast is really very funny. Every time he bites off the head of a monster, or kills a monster, he will definitely spit out his mouth completely.

After Luo Zishan finished vomiting, he looked in the direction of Li Zhou and said to him: "It's absolutely useless. It's so simple to beat him to death."

Li Zhou almost became angry at Luo Zishan's words. He had to vomit blood, and he also knew that his performance this time was really not particularly good.

Chapter 1613

After Li Zhou sighed, she looked in the direction of Gu Shaoyang and said to him: "I didn't expect you and Tiger Monster to come out so soon."

Li Zhou immediately changed the topic and didn't want to be with Luo Zishan anymore. Talking about these problems, after all, he also felt that when he fought with the spider monster, he really couldn't defeat it for a long time.

The other party really told the other party that he was indeed somewhat useless.

Gu Shaoyang and the two of them had already walked in the direction of several people. They looked at all the magical beasts at this time, and all of them had lost their lives.

Gu Shaoyang said to them: "The tiger monster also has its own unspeakable secrets, so we don't blame him."

Of course Luo Zishan knew it, and he had already walked in the direction of the tiger monster.

The head of his own Qilin Beast had already rubbed off the head of the Tiger Monster, and the two Monsters were already rubbing together.

Tiger Monster looked in the direction of Qilin Beast and said to him: "I didn't expect that you have really grown up a lot and turned back into your own body, exactly like your father."

When he said this, Qilin Beast suddenly He had already raised his head, looked in the direction of the tiger beast, and said to him: "Really? Am I really very much like my father?"

Because in the heart of the Qilin beast He has always felt that his father was the most powerful one, so when he heard Tiger Shou say this, he really felt that if he were like his father, he would be very happy.

Tiger Warcraft nodded and said to him: "It is true, with the demeanor of a king, very much like your father, and I think you will be even better in the future."

He was really very pleased. The other party is now completely It grew into an adult Qilin Beast, and it even had the ability to change into a human form.

When Tiger Warcraft was talking, Gu Shaoyang looked in the direction of Luo Zishan and said to him: "Luo Zishan, let's talk."

When he said this, Luo Zishan nodded, and then shook himself off body, he has transformed back into a human form.

Luo Zishan was still wearing a purple robe, with long jade hair, and he looked like a modest young man.

Gu Shaoyang felt that Luo Zishan's face was really very capable of bluffing people.

He looked in the direction of the tiger monster and said to him: "Can you turn into a human form? After all, if so, it will be more convenient for everyone to talk together."

Tianci really didn't understand why, Gu Shaoyang and the other party came out Yes, some conditions must have been negotiated, so they must have something they want to say.

I only saw that after Gu Shaoyang said these words, the tiger monster shook its body, its yellow fur started to fight, and there was a golden light on it, and then it transformed back into a tall man in his 40s.

Several people looked at her with a very broad back, yellow hair, and a hairy beard, turning into a very strong man in his 40s.

Gu Shaoyang looked at this very tall man and said to him: "I didn't expect you to turn into a human form and look like this."

Tiger Warcraft didn't particularly care about these things. He looked at Gu Shaoyang and the others and said to him: They said: "I was not able to kill him this time. If you go back, I will definitely be implicated." At this time, all of them had come to the river and washed the blood on their bodies.

Then they sat down. After hearing what Tiger said, Gu Shaoyang and the others also looked in the direction of Tiger Monster.

Luo Zishan looked at Tiger Warcraft and said to him: "It's really me who has caused you trouble. How are you going to explain to Long Hanming when you go back?"

Gu Shaoyang had actually thought of a way before, so he called Tiger Warcraft this time. , talk to them, Gu Shaoyang just wants Tiger Warcraft to have a good talk, and let her go with him next.

Gu Shaoyang looked in the direction of the tiger monster and said to him: "You have told me before that you want Qilin Beast to be your real king, and he is now a fully adult Qilin Beast. I think there will be With the help of all of us, he will definitely become the king of your demon clan."

When the tiger monster heard this, Gu Shaoyang said this without speaking, but looked in the direction of Luo Zishan.

He was really very pleased. He didn't expect that Luo Zishan had changed into a human body and was really very handsome. She looked in the direction of Luo Zishan and was very pleased.

Tiger Warcraft said to him: "He has grown very well in these years, probably because you guys are by her side."

Luo Zishan looked at Tiger Warcraft as if he was an old father, and was very pleased.

Chapter 1614

When Luo Zishan heard Tiger Warcraft say this, he did not answer his words. Then he looked at Gu Shaoyang and said to him: "What do you think Tiger Warcraft should do this time?"

When he said this, he also wanted to obey Gu Shaoyang. The order, after all, was related to his life. Luo Zishan really couldn't imagine what Long Hanming would do to her next if the tiger monster went back.

Gu Shaoyang looked at the direction of the tiger monster, then looked at Luo Zishan and said to the tiger monster: "What do you think about you following Luo Zishan in the future?"

After hearing this, the tiger monster was already He was stunned, he never thought that one day he would be defeated by the anti-demon clan.

He looked in the direction of Gu Shaoyang and said to him: "How is it possible? I will not be a traitor."

Gu Shaoyang had already thought of this possibility. The corners of her mouth raised slightly and she looked at the tiger monster uninhibitedly. direction, and said to him: "I am not asking you to be a traitor, but I am asking you to follow your true king. When the time comes, you will find more monsters like you, and you will help the Qilin beasts resist the dragon." Han Ming, how are you?"

Hearing what the other party said, Tiger Warcraft was really a little unbelievable, but after thinking about it carefully, it really made his blood boil.

He immediately looked in the direction of Gu Shaoyang and said to him: "But how is it possible? Now even if I am completely on the side of the Qilin Beast, there are only two of us Warcraft. If we want to fight against Long Hanming next , that is very difficult."

Tianci really didn't expect that Gu Shaoyang was so powerful that he would think of such a big plan.

Of course he also knows what Xiao Hei means, if they can find the shocking Bagua treasure map.

If Long Hanming is allowed to find more magical beasts, even if they fight against Jin Zongdi and Long Hanming, they will have a lot of strength of their own.

Tianci also looked in the direction of the tiger monster and said to him: "I think Gu Shaoyang's opinion is really good. If you go back, Long Hanming will definitely not let you go." The tiger monster heard this. , this little girl said this, and he had already begun to fall silent. After all, she also knew that if she went back, Long Hanming would definitely not let her go, unless she died in this place today, and there were so many magical beasts. All are dead.

So if he goes back as a monster, he will definitely not have any good fruits to eat.

He had already looked in the direction of Luo Zishan and said to Luo Zishan: "Master, what if I am willing to follow you?"

Luo Zishan really didn't expect that the tiger monster would take the lead. He has already extended an olive branch in his direction, and he really wants to follow him.

Luo Zishan was really ecstatic. He immediately stood up and walked towards the tiger monster. He knelt down directly, and then used his own hands to touch the tiger monster. He said: "Uncle, are you really willing to stay with me."

After calling uncle, Tiger Warcraft felt that his heart had begun to soften.

Yes, he is Luo Zishan's uncle. Tiger Warcraft looked in the direction of Luo Zishan and said to Luo Zishan: "I am willing to follow you and assist you. I will find more for you in the future." Warcraft, let them all support you, don't worry."

Tiger Warcraft has made up his mind at this time. Since he really thinks that Long Hanming is not the orthodox king of their demon clan at all, then why doesn't he stand? What about by the side of the real king?

What Gu Shaoyang said is actually right. If Long Hanming won't let him go when he goes back, then he might as well fight hard to help Long Hanming become the demon king of the demon clan.

Luo Zishan was really very happy, and then looked in the direction of the tiger monster with some disbelief, and said to him: "Thank you, uncle, I really thank you very much for trusting me and following me."

Tiger Warcraft has already helped Luo Zishan up, looked at Luo Zishan, and said to him: "I watched you be born and I watched you grow up. How could I not wish you well? , and only you Qilin tribe are the real kings of our entire demon tribe."

Gu Shaoyang was really very happy, she looked at Tianci and said to him: "How about it, I did a very good job in this matter, right?."

Tianci looked at Gu Shaoyang and himself very flatteringly, as if he had done something extraordinary, and he did not leave any words of praise.

Tianci looked in the direction of Gu Shaoyang, and then seemed to be looking up at someone he admired very much, and said to Gu Shaoyang: "Of course you did a very good job. You were able to subdue the tiger monster. It is really amazing."

#### Chapter 1615

Gu Shaoyang was really happy to hear Tianci flattering her. She looked at Tianci and said to him: "Of course, your husband-in-law, I am the most powerful."

When she said this, even now The sky had begun to slowly get dark, but God sent her face to suddenly start to turn red.

He was a little embarrassed, so he gave Gu Shaoyang a big roll of his eyes, then hit Gu Shaoyang with his hand, and said to him: "What nonsense are you talking about."

Lingdang had already seen Gu Shaoyang and Tianci, two people. In this way, he had already walked to Lizhou's side very consciously.

Li Zhou also looked at Gu Shaoyang and Tianci with a sour look at that place. Then he looked at Ling Dang and said to him: "Don't look blindly and let them pollute your child's eyes." Although

Ling Dang disagreed with Li. Zhou said this, but he was too embarrassed to say anything else.

Then he looked at Li Zhou with a blushing face and said to him: "Then the two of us go to that side."

Because this battle was completely over.

And Tiger Warcraft has become one of Gu Shaoyang and the others, so on the way to Kunlun Mountain, their small team began to grow again.

Gu Shaoyang is even more confident. If more monsters can be recruited to help Long Hanming, and if they can really find the shocking treasure map, Gu Shaoyang believes that they can recruit enough people and have enough people. With his treasure, he will definitely be able to defeat Long Hanming and Jin Zongdi in the future.

Gu Shaoyang and the others were getting closer and closer to Kunlun Mountain at this time, so everyone was really nervous at this time, if they could find the true location of the treasure map this time.

So does this prove that the distance, the time when they want the city, has begun to get closer?

Gu Shaoyang feels very happy just thinking about his own.

At this time, each of the several people had the same idea as Gu Shaoyang. In the future, they would be able to resist Long Hanming and Jin Zongdi immediately. Everyone was very excited in their hearts.

It took Gu Shaoyang and the others more than 10 days to arrive at the foot of Kunlun Mountain. Looking at this Kunlun Mountain, Gu Shaoyang really didn't expect that it was indeed well-deserved, although he had never been here before. But I have indeed heard of the Kunlun Mountains, a place with many various towering mountains, as well as many various geniuses and treasures.

When Gu Shaoyang saw this place, he felt that all the atmosphere in this place was completely different.

She looked at several of her companions and said to them: "We have all arrived at Kunlun Mountain. It seems that we will be able to find it soon. Today's Bagua treasure map."

Hearing Gu Shaoyang say this, he couldn't help himself. At this time, everyone had already started to get very excited.

Li Zhou really felt that he was very nervous at this moment. He was afraid that his father would give him this treasure. If he couldn't find it at all, it would be very difficult for the whole family to revive again.

As soon as the bell rang, he looked towards the top of this majestic mountain.

She looked at Gu Shaoyang and said to him: "I had only read about this big mountain in books before, but I didn't expect it to be so tall when I actually saw it."

Lingdang, a little girl, is actually old. It's not particularly big, so when he said this, he looked even more innocent and lively.

Gu Shaoyang walked over and rubbed the bell. He looked at the bell with his soft hair and said that I will let you take a look today. The magic of this mountain will also open your eyes as a little girl."

Lingdang laughed, she was really very happy in her heart.

Because for a period of time, Gu Shaoyang and the others have been looking for various techniques for themselves, and he really didn't think of practicing on his own at all. , the speed of these things has begun to get faster and faster, and the understanding ability is getting stronger and stronger, so Gu Shaoyang and the others are getting better and better for themselves. Lingdang looked at Gu Shaoyang and said to him: "Okay, then I just took a look at what kind of treasures there are on this mountain, which opened my eyes."

Gu Shaoyang looked at Tianci and said to him: "Tianci, let's go up now."

Tianci nodded. Although they were all very tired at this moment. They had been running around all the way. But when they saw this Kunlun Mountain, they felt that no matter how much they suffered, how tired they were. , but he has reached the end, and he really hopes to be able to climb up Kunlun Mountain soon. He looked at the temple on the top of the mountain.

Tianci looked at Gu Shaoyang and Li Zhou and said to them: "The Changshan Temple mentioned should be in that place."

Chapter 1616

Gu Shaoyang nodded, then looked at Li Zhou and said to him, "Isn't that where Changshan Temple is?"

When Li Zhou heard Gu Shaoyang mentioning his name, he retracted his thoughts and turned towards Gu Shaoyang. Looked over.

Li Zhou said to Gu Shaoyang: "Yes, that is Changshan Temple. In the past, my father and mother would come to this place every year to burn incense and pray for me, and pray that I would be safe."

Gu Shaoyang heard Li Zhou say this. When I said that, I knew that Li Zhou must be very complicated at this time. After all, his father was still in Peach Blossom Valley, and it must be very difficult for the two of them to live at this time.

Gu Shaoyang walked to Li Zhou's place, patted Li Zhou on the shoulder, and said to him: "Everything will pass, and your father and mother will soon live a good life, don't worry."

Li Zhou nodded. In his heart, he was really happy to have so many companions by his side.

He looked in the direction of several people and said to them: "Thank you for accompanying me all the way to his place."

Gu Shaoyang just comforted Li Zhou and said to him: "Let's all stop talking about this and keep moving forward." Let's go."

Although Li Zhou didn't speak, he knew in his heart that without his companions, he would not have been able to come to Kunlun Mountain alone.

Moreover, it is extremely impossible for him to find these treasure maps and treasures, so he is really grateful to friends like Gu Shaoyang.

Gu Shaoyang and the others walked all the way up the Kunlun Mountains, but what they didn't expect was that when they entered the Kunlun Mountains, they already saw the monster behind them. At this time, Luo Zishan suddenly stopped his body, and then squatted on the ground as if in great pain. Gu Shaoyang was really confused, what happened to Luo Zishan?

He immediately turned back to look at Luo Zishan and said to him: "What's wrong, Luo Zishan?"

Wearing a purple robe, sweat had begun to appear on his forehead, and then Gu Shaoyang had already seen Luo Zishan. At this time, Warcraft's shirt also curled up, and his body looked really in pain.

Moreover, this man in his 40s had always looked very tall to them. Gu Shaoyang was really surprised that such a situation suddenly occurred.

Gu Shaoyang looked at Luo Zishan and Tiger Warcraft, and Warcraft said to them: "What's wrong with you two?"

When he heard the joke, Luo Zishan had a very difficult face, and he had already raised his head and looked like he told him that Kunlun Mountain might not be a suitable place for our Warcraft to go up, so I felt very uncomfortable as soon as I approached this place.

I never thought that Kunlun Mountain was really sacred. Even if a monster wanted to go up there, it would be impossible.

Only then did Gu Shaoyang know that Li Zhou's father and mother had already thought of all this, so even if he was a demon king, he might be restricted from coming to Kunlun Mountain.

It seems that Li Zhou's father and mother are really very smart people.

Gu Shaoyang squatted down and looked at Luo Zishan, and said to him: "Then you step back."

When he said this, Gu Shaoyang had already supported Luo Zishan and pushed him towards the back, and Li Zhou quickly: "It's almost here."

The tiger monster next to him looked at the tiger monster and said to him: "I will help you go to that side too." The tiger monster nodded and said in the direction of Li Zhou: "Thank you."

The two of them said. Already supporting the two monsters, Tianci retreated towards the foot of Kunlun Mountain. Tianci was really shocked. He did not expect that such a thing would happen.

However, he may have heard that his father said such a thing before, so Tianci felt that it was entirely possible, and Tianci was well-read, and he had also seen places with such sacred mountains and some magical beasts. Things like that cannot come up.

Several people withdrew from Kunlun Mountain. Gu Shaoyang looked at Luo Zishan and Tiger Warcraft. At this time, he slowly regained his energy. It seemed that his mental state had improved a lot.

Gu Shaoyang looked at Luo Zishan and said to him: "How is it? Do you feel better at this time?"

Luo Zishan nodded and said to Gu Shaoyang: "It's not as uncomfortable as before."

Then he looked at the tiger monster. On the other hand, he said to him: "How are you? Are you okay?"

The tiger monster nodded and said to them: "Don't worry, I'm fine."

At this time, Gu Shaoyang had really let go. Heart.

He looked at Luo Zishan and Tiger Warcraft, and then turned away.

Chapter 1617

Gu Shaoyang said to the two people: "Since you two can't reach Kunlun Mountain, it means that all the monsters are not allowed to come up."

Luo Zishan did not hesitate at all, he nodded and faced Gu Shaoyang said: "I think it should be like this. This place has certain restrictions on our monsters. It seems that Li Zhou's parents are really very smart." When he heard this sentence, Li Zhou didn't expect it at all. I turned out to be my father and mother. I discovered this, so I placed today's Bagua treasure map under the Changshan Temple in Kunlun Mountain.

As long as he thinks about it, he feels very smart for his father.

Gu Shaoyang looked at a few people like this and said to them: "Since you two can't go up the mountain, then you two will wait for us at the foot of the mountain."

Luo Zishan thought for a while and said to himself At this time, it is true that there are great restrictions in this place, and it is really impossible to go up.

So he looked at Gu Shaoyang and said to him: "Okay, then you go up, go back quickly."

At this time, the tiger monster also looked at Gu Shaoyang, and several of them said to them: "Since we monsters can't go up, it will prove that all the monsters cannot go up, so you should be very safe."

But Gu Shaoyang didn't think like this in his heart, because Long Hanming couldn't go up at this time, so he must be very safe. The emperor would send people to stop them, so Gu Shaoyang felt that he could not take it lightly.

Gu Shaoyang did not tell these thoughts to the few of them, but looked at Luo Zishan and Tiger Warcraft.

The two people were facing each other, and the two of them said: "Then you two, take a good rest here. If anything happens, don't wait for us here. Safety comes first."

Gu Shaoyang In this way, Luo Zishan certainly knew the meaning of Gu Shaoyang's words.

He looked at Gu Shaoyang and said to him: "Okay, okay, I understand, you go up, but you must pay attention to safety."

Luo Zishan was also very worried about Gu Shaoyang, what would happen to them after they went up the mountain? of.

Gu Shaoyang stood up, looked at Tianci and Li Zhou, and said to them: "Then let's get ready to go up the mountain." Several people nodded to each other, and then walked up to Kunlun Mountain. When I went to Kunlun Mountain, I didn't expect that this tripartite is really very high. Even if I want to go up the mountain, I have to walk step by step.

It was impossible to stand in the air and fly, so they climbed up the mountain step by step. Gu Shaoyang looked at Tianci, her face was covered in sweat, and he felt really distressed in his heart.

He stretched out his hand to hold Tianci and said to him: "I will hold you."

Tianci looked at Gu Shaoyang, his face was also covered with sweat at this time, and felt that Gu Shaoyang must have been working very hard, so he felt very distressed.

Looking at Gu Shaoyang, he said to him: "It's okay, I can climb up by myself." What

Gu Shaoyang didn't expect was that the little girl Lingdang's physical strength was very good at this time. Although she looked small, There was a bit of redness and a lot of sweat, but the physical strength was really behind Gu Shaoyang and the others, and they didn't slow down at all.

Gu Shaoyang stretched out his hand, and without any explanation, he took Tianci's weak and boneless hand in his own, and pulled Tianci all the way up the stone stairs one by one on the mountain.

I didn't expect that after walking for more than two hours, I had only reached halfway up the mountain. It was really very tall.

Gu Shaoyang turned around, looked in the direction of the bell, and said to the bell, "Can the little girl be able to walk? Do you need me to give you a hand?"

Lingdang walked up while panting.

Looking at Gu Shaoyang with a red face, he said: "No, no, I can do it myself."

At this time, Li Zhou was already out of breath, but he was still gritting his teeth and following Gu Shaoyang Behind several of them.

He looked at Gu Shaoyang and said to him: "I didn't expect that Lingdang's physical strength during this period of time was really very good. He was actually more energetic than the rest of us."

After hearing what they said, Lingdang He smiled and said to them: "Actually, climbing is very fun, and I don't feel tired at all when I'm with you."

Gu Shaoyang knew that Lingdang's physical strength has increased a lot during this period. For this little girl, She is also very confident that she can make his strength rise even more in the future.

Gu Shaoyang looked at the bell and said to him: "If you are tired, we can rest for a while."

Lingdang nodded very obediently, and then said to Gu Shaoyang: "Don't worry, Brother Gu Shaoyang, I can do it myself."

As he went up, he was already following a few people. Sometimes Lingdang walked very fast, and even walked to Gu Shaoyang. A few of them went in front of them. It took everyone a long time to finally reach the top of Kunlun Mountain in the afternoon.

Seeing Changshan Temple on the top of the mountain, Gu Shaoyang never thought that this place would have such a big temple, and it seemed that this temple was really impressive.

Gu Shaoyang looked at Li Zhou and said to him: "I didn't expect that your father and mother are really familiar with this place, and this is not a place where everyone can come."

Although Gu Shaoyang was just standing in the temple. However, Gu Shaoyang has indeed seen that this temple was built entirely for wealthy people. If you are powerless, it will definitely be impossible to come to this place.

Li Zhou didn't know what was going on. He looked at Gu Shaoyang and said to him: "I really don't know these things. Maybe my father and mother came to this place just to find the treasure." Hidden the picture here."

Gu Shaoyang thought about it and realized that this was possible. After all, neither Luo Zishan nor the tiger monster could get up, which proves that all the monsters could not get up.

He looked at Li Zhou and said to him: "In that case, let a few of us go in."

A few people walked in towards the temple. The temple looked deserted and there were not many people in this place. , it can be seen from the incense, maybe due to the geography of this place, the location is too high, many people will be exhausted.

Unless you are really very pious and very confident that you can climb up, you will come to this place. When Gu Shaoyang saw this place, there were many monks, and he did not expect that it looked like such a big temple. But the incense is very popular, there should be a lot of people adding sesame oil here.

Gu Shaoyang looked at Li Zhou and said to him: "Where is the Maitreya Buddha that your father said?"

Li Zhou was concerned about this place. In fact, she had only heard that her parents would come to this place every year. She was as familiar with this place as Gu Shaoyang and others, having never been there before.

Li Zhou shook his head, looked in the direction of the two people and said to Gu Shaoyang and Tianci: "I have never been to this place, so I don't know where the so-called Maitreya Buddha is. Since in this case, a few of us can just casually search this place."

Gu Shaoyang didn't expect it to be like this at all.

So he looked at Li Zhou and said to him: "Hey, I thought you knew the specific location of this place. A few of us can find him directly."

Li Zhou smiled and said to him He said: "When I was very young, I started to go out for experience and travel, so I never had time to come back to my home, a place like this."

Gu Shaoyang thought about it and realized that this was really the case.

He said to Tianci: "If this is the case, then all of us should come to this place to observe. Let's go and take a look."

Lingdang stood at the door, really interested in this place. Look at this huge temple.

He looked at Gu Shaoyang and the others and said to them, "Are we going in like this?"

Li Zhou had already taken out a golden sign in his hand.

Looking at them, the man said to them: "This is for the royal family only, so if you don't have this sign, it will be impossible to get in. This is what my father gave me when I was leaving." "

Gu Shaoyang looked at the golden sign in his hand and saw that there was a dragon picture and text on it, and the word "Jin Guo" was also written on it. Gu Shaoyang didn't expect that it was really something exclusive to their country. It seemed that not everyone in this place could come and build such a magnificent place. It must have been prepared for rich people like them.

Gu Shaoyang looked at Li Zhou and said to him:"Since there is this entrance and exit sign, what are you waiting for? Let's all go in."

At this time, several of them had already walked in the direction of the temple. When I was there, a young monk came over soon.

Looking at Gu Shaoyang, several of them said to them:"Excuse me, donor, do you have a queue?"

When he heard this, Gu Shaoyang had already looked in the direction of Lizhou.

Li Zhou had already given the golden plaque in his hand to the young monk, who looked at it carefully.

Chapter 1619

After reading it back and forth, he put his hands on his chest.

Facing Gu Shaoyang, several of them said to them:"Donors, please come in, your brand is real."

Gu Shaoyang did not expect that there were fake brands. He was really confused, but he did not put himself , said this to the young monk and the others with this thought in their hearts.

Instead, they looked at the monk and said to them:"A few of us can come and go as we please in this place. May I ask where the Maitreya Buddha in this place is." After hearing what he said, the monk was really very excited. It's strange. Didn't you expect that a few of them came directly to see this giant Buddha?

He followed Gu Shaoyang and the others and faced each other, and they said,"It's in the third courtyard at the back."

Gu Shaoyang didn't expect that this huge temple was divided into several courtyards. It was really spectacular. of.

He looked in the direction of the monk and said to him,"Thank you."

The monk said to Gu Shaoyang and the others."You are welcome."

Then he was already minding his own business. Gu Shaoyang looked at Li Zhou and said to him:"It seems that this place is really strange. It turns out that people without identity want to It is simply impossible to get in here."

Li Zhou didn't expect this place to be very strict at all.

He looked at Gu Shaoyang and said to him:"Don't worry about these things. We have already come in anyway, let's go."

When he said this, Gu Shaoyang, Tianci and others were already following Li Zhou towards the first big house. They walked over.

Looking at the huge temple in front of them, the house had red walls and green walls. Wa, when it looked like the incense was rising, Gu Shaoyang and the others felt that this place was really sacred.

A few people stepped into the high threshold and walked in, and they already saw it. , there were a few whose names Gu Shaoyang didn't know at all, various Buddha statues, huge Buddha statues plated with gold paint. They stood on a high incense stand, and there were also a few people wearing very boring clothes. Clothes, they knelt down and worshiped very devoutly at that place. Gu Shaoyang and the others looked in the direction of these Buddha statues.

After looking at them, Tianci and Lingdang were very interested and studied each Buddha statue carefully. He studied each Buddha statue very carefully what kind of words it should be.

The bell murmured to Tianci and said:"Sister Tianci, look at this Buddha statue. It looks fierce."

When Tianci raised her head, she really looked at this Buddha statue with angry eyes and a very tall figure. When she looked at people, it really gave people a very scary feeling.

She looked at the bell and said to him Said:"It is indeed very scary. It should be used to look at something particularly scary."

When they said this, the two girls started laughing. Gu Shaoyang walked in front of them along the way, looking at the Buddha statues one after another.

For Maitreya Buddha, Gu Shaoyang knew him. , so a few of them walked through the first courtyard and walked towards the second courtyard. After passing a small corridor, they could already see this place. The scenery was really beautiful. It's very good.

Gu Shaoyang looked at Li Zhou and said to him:"It seems that the entire Jin Kingdom is really serious about this kind of belief and has made this place very beautiful. Tianci also nodded and said to Li Zhou:"I didn't expect that this place could be built so well. It seems that only dignitaries like you come here.""

Li Zhou was a little embarrassed and scratched his head.

Looking at the two of them facing each other, the two of them said:"I really don't know about these things. If you are interested, when will we meet? My parents, you can ask me."

A few of them were chatting here, and they had already arrived. Inside the house in the courtyard in Season 2, they saw the huge temple in this place. The house still looked like a red wall and a green horse, but this place Indeed, it was not as lively as outside.

The incense was so prosperous. When a few people walked in, Gu Shaoyang saw it at a glance. There was a Maitreya Buddha inside, with a big belly and a smile, as if looking at the few people at the door.

Gu Shaoyang said to him:"This is the Maitreya Buddha."

After hearing what Gu Shaoyang said, several people started to look in the direction of the big-bellied Maitreya Buddha. When Li Zhou approached, he had already surrounded Nile Buddha and started looking back and forth. Get up.

Gu Shaoyang was really confused and said to Li Zhou:"Didn't your father say it's underneath this?""

Chapter 1620

Li Zhou said:"Yes, it's just below here, but look at this place, there is a seam, and it is completely very tight."

Gu Shaoyang was very strange, but he was still very cautious.

Looking at the bell, he said to him:"Ling Dang, guard the yard for a while. If anyone comes in, let us know." When

Ling Ding heard this, Gu Shaoyang said this.

He nodded quickly and said to Gu Shaoyang:"I understand. Brother Gu Shaoyang is about to go out and guard you."

Tianci also looked at the two people facing Gu Shaoyang, and the two of them said:"You two are observing here. , Lingdang and I went out to watch."

Gu Shaoyang knew that the little girl Papa Lingdang might not have time to report if she found any accidents by herself, so Tianci was still very worried. After all, this place was still very dangerous.

Gu Shaoyang nodded and looked at Tianci, and said to him:"You two, be careful."

After Tianci nodded, he walked towards the door. When Lingdang and Tianci came outside the yard, they did not expect the people in front of them. At that time, there were only a few people in this place, so it was very quiet.

It can be seen that Li Zhou's parents may have chosen such a place after surveying all the terrain. Gu Shaoyang and Tianci in the room have already begun to surround this Maitreya. Buddha, I started looking up and down.

It was really like what Li Zhou said, there were no seams at all, and there was no place to find them. It really made Gu Shaoyang look a little confused.

He looked at Li Zhou and said to him:"Can you, when your father told us, there was something he didn't mention."

Li Zhou shook his head and said,"I don't know either, but at this time It is impossible to ask my father."

Even though he said this, he was still very serious and started searching at this place. Gu Shaoyang had already fulfilled his promise and moved downwards looked in the direction.

He said to Li Zhou: "Have you seen this place? There seems to be a gap."

After Li Zhou heard what Gu Shaoyang said, he also squatted down and looked towards the direction below. , there really is a small square gap.

Li Zhou was very confused and said to Gu Shaoyang: "Is this the place where the shocking Bagua treasure map is hidden? But it looks like this place is just layer by layer, with a brick missing." The two of them were serious. After research, there was nothing strange. Gu Shaoyang looked at this place, and suddenly an idea flashed through his mind.

He looked at Li Zhou and said to him: "Give me the access card you just held in your hand."

Although Li Zhou didn't know why, he still listened to Gu Shaoyang's words and already had the golden card in his bag. The access card was in Gu Shaoyang's hand.

He said to Gu Shaoyang, "What do you want this for?"

Gu Shaoyang didn't say anything. He had already lowered his head and put the access card in the square direction. But what he didn't expect was that there was no reaction at all. No, does Gu Shaoyang think that he has already thought wrong?

But this thing and this place really fit together perfectly. After putting it up, it was completely perfect. It can be seen that this access sign belongs to this place.

After Gu Shaoyang thought for a while, he took down the sign again, then changed the direction and continued to put it up.

But what I didn't expect was that a miraculous thing had happened. The Maitreya Buddha seemed to fit tightly into the seam, without any gaps at all.

Just under his Buddha statue, a gap slowly appeared, and the Buddha statue slowly moved backwards. Gu Shaoyang and Tianci looked at each other and couldn't help but My eyes have started to widen. It seems that this place is really unique.

Gu Shaoyang felt that it was really strange why Li Zhou's parents could do such a thing. Li Zhou suddenly patted his head. A particularly important project

? He looked at Gu Shaoyang and said to him: "When I was young, my father has always been supervising the construction of this place."

Gu Shaoyang was also very strange and said: "Your father has I haven't been home for a few years."

Li Zhou nodded and said, "Yes, my father has been away from home for two years. I heard that there is something very important in our Jin country that requires my father to supervise the work in person. He won't just work as a supervisor in this place, so everything in this place was done by my father himself."
