### Chapter 1621

Gu Shaoyang felt that it was really possible. Why didn't Li Zhou's father tell all these things to them?

But now is not the critical moment for the two of them to think about these things. As long as the two of them can find all this, it is the best news for them.

Gu Shaoyang looked at Li Zhou and said to him: "Let's find out today's Bagua treasure map first." The two people were already walking towards the direction in front of them. They saw that the Buddha statue was slowly pulling away. A seam.

Gu Shaoyang looked at Li Zhou and said to him: "Go and take him out."

Gu Shaoyang stood here and did not do anything himself, because he felt that this was Li Zhou's father, and at such a sacred moment in this place, it was still Li Zhou should have taken him out himself.

When Li Zhou heard what Gu Shaoyang said, he nodded very solemnly. He looked very serious and walked towards the Buddha statue. He even stretched out his hand and clasped his hands to worship the Buddha statue. Three prayers.

Li Zhou looked at the bottom of Nirefu and slowly opened a crack. There was a nanmu box inside the crack.

Li Zhou turned around and looked at Gu Shaoyang. Gu Shaoyang nodded to him. Li Zhou had already put his hand into the box and took out the box, which didn't look too big. Li Zhou felt that his In my heart, I was really excited.

I didn't expect that after all the hard work, I finally found this thing.

He looked at Gu Shaoyang and said to him: "The things inside must be today's Bagua treasure map."

Then he had already opened the box. When he opened the box, inside the Nanmu box, Jing Lying quietly, a piece of parchment drawing looked very simple and must have been very old.

Because it exudes a faint yellow color, and you can see that the edges are very uneven, Gu Shaoyang has reached out and took the treasure map in his hand. Sure enough, looking at the treasure map, there is "Jingtian" written in the direction above. Bagua treasure map.

The two of them looked at each other, and they couldn't help but feel very excited. Gu Shaoyang did not study this thing carefully. He felt that the most important thing now was to leave this place immediately. He put the thing into the Nanmu bag again. Inside the box.

Looking at Li Zhou, he said to him: "Since we have found it now, let's all leave quickly."

Li Zhou nodded, as if he was holding a rare treasure, and put the box on his back. Inside the baggage, he put the box very carefully and carried it on his back.

At this time, Li Zhou felt that he was really excited. He did not expect that he finally got this thing. He would definitely avenge their entire family, and Long Hanming and Jin Zongdi would also be the ones to get revenge. It's good to see, as long as this is the case, his whole psychology will be particularly exciting.

After he and Gu Shaoyang walked out of the room, they saw Tianci and Lingdang standing at the door, looking around like two door gods.

Gu Shaoyang walked up to the two people, opened the door and said to them, "Let's go, we've got the things."

Hearing Gu Shaoyang say this, Tianci's eyes began to light up.

Looking at Gu Shaoyang, he said to him: "I didn't expect it to go so smoothly."

Gu Shaoyang nodded and said, "Let's all leave this place first and let's talk about the future."

Of course Tianci knew that this was not the time for them to talk.

Then he looked at Lingdang, took Lingdang's hand, and said to him:"Let's go, sister Lingdang, let's leave this place."

Lingdang nodded, and she was very happy in her heart. After all, they followed Gu Shaoyang along the way. He has suffered so much personally, and everyone has worked so hard to come to this place just for this matter, so he also hopes that Gu Shaoyang and the others can succeed.

After a few people left the courtyard at the second entrance and arrived at the house at the first entrance, they walked around the place very leisurely, and then left the temple. When they walked out of the temple, they breathed a sigh of relief..

I didn't expect that everything would go very smoothly when I arrived at Kunlun Mountain.

Tianci breathed out, looked at Gu Shaoyang and said to him:"I feel that I am really nervous at this moment."

He smiled and rubbed Tianci's head and said to him:"You silly girl , there is nothing to be nervous about, after all, we are very safe at this moment."

But what they didn't expect was that as soon as Gu Shaoyang and the others finished speaking, they saw 4 or 5 men in black, swish, swish, swish It has already fallen beside a few of them.

Chapter 1622

There are actually several such people at the door of this temple.

Gu Shaoyang knew it immediately. These people should be the killers of the Jin Kingdom, the subordinates of Emperor Jin Zong. They may have been following a few of them all the way before they discovered that they had arrived at this place. So when those men in black fell, one The man in black looks very burly and tall.

Seeing Gu Shaoyang and the others facing each other, they said:"I didn't expect you guys to hide in this place. You really made it impossible for us to get in."

When they first started, they found that Gu Shaoyang and the others I really wanted to enter the Kunlun Mountains, but I didn't expect that the monk's strength was so powerful that he completely scared them away, making it impossible to get in.

Because at this time, Gu Shaoyang figured out that it was because of that access card that they did not have such rights to enter such a place.

Gu Shaoyang looked at the man in black and began to narrow his eyes slightly. He said to him: "You were sent by Emperor Jin Zong to kill some of us."

When he heard this sentence, The man in black didn't stop at all.

Looking in the direction of Li Zhou and Gu Shaoyang, he said to them: "By the emperor's order."

Seeing Gu Shaoyang and Li Zhou killing several people, no matter what Gu Shaoyang didn't expect, Emperor Jin Zong was really anxious at this moment. No matter what they wanted, he wanted to kill them all without giving up the treasure map.

Gu Shaoyang looked at Li Zhou and the others and said to them: "Everyone is thinking of a way to go down the mountain quickly. At the bottom of the mountain, there are still Luo Zishan and Tiger Monster. The two of them are still very powerful against themselves.."

And although Gu Shaoyang is not afraid of the strength of these people, he is also afraid that a few of them will accidentally take away his shocking treasure map. That would be terrible, after Gu Shaoyang finished speaking.

He was already looking in the direction of Li Zhou and continued to say to Li Zhou: "Have you found it?"

Although Li Zhou wanted to continue fighting with Gu Shaoyang and the others in this place, he also knew which was more important, so After hearing Gu Shaoyang's words.

Immediately nodded to Gu Shaoyang and said: "Okay, I understand."

Several people immediately took out their long swords and attacked in the direction of the man in black. The man in black was completely Unexpectedly, Gu Shaoyang and the others had already attacked him without any explanation.

One of the men in black looked at Gu Shaoyang and the others and said, "Just a few of you can defeat the masters of our entire Jin Kingdom. It's really a joke."

Then he took it in his hand.. A spear was pointed in the direction of Gu Shaoyang. The sword and the spear collided with each other with a clang, causing bursts of sparks. Gu Shaoyang did not expect that the other party was really powerful. He had just been He used all his strength.

The other party catered to him without any avoidance and faced the difficulties. Gu Shaoyang was soon fighting with the other party. Tianci's side was soon with another black person and fighting with him. , it seems that the scene is really anxious, because at this time, it is already outside the temple.

So some people discovered that there was a sound in their place, but they still didn't care about them. Gu Shaoyang is really strange. It seems that the monks in this temple are really indifferent.

Gu Shaoyang looked in the direction of Li Zhou, and they said:"Think of a way, a few of us ran away quickly."

Tianci and Lingdang were fighting against each other, and one of the black men was sliding towards Gu Shaoyang. The slippery one had already come closer.

Tianci said to Gu Shaoyang:"How to escape? Several people completely surrounded a few of us."

Gu Shaoyang directly threw the hidden sword in his hand in the direction of the black man and hit the opponent's spear. Together, Gu Shaoyang once again stretched his legs towards the opponent's chest and kicked the opponent directly. After that, he grunted and took a few steps back.

After stumbling, he stood up and helped his body. Gu Shaoyang used a lot of strength in this kick, so this move was already planned by him. After seeing a mouthful of blood protruding from the man in black, Then he took pictures of his face completely.

Looking in the direction of Gu Shaoyang, his dark face looked really full of flesh.

He looked at Gu Shaoyang chasing after him fiercely, and said:"I didn't expect you to be such a bad guy. I will let you die in this place today.

Chapter 1623

If you go back and report it to our king, you will definitely get a good reward."

Gu Shaoyang didn't expect that so many men in black and monsters would come to this place. They must be there, because Long Hanming and Jin Zongdi have already promised a lot of benefits. The corners of Gu Shaoyang's mouth raised slightly, He laughed in a dangerously confused way.

He looked at the very tall man in black across from him and said to him:"This is really wishful thinking. Today I will let you see who is more powerful."

After Gu Shaoyang finished speaking, he took out a few round balls in his hand and threw them in that direction. The balls began to get bigger instantly, and they were in the direction around the man in black. , there was a huge explosion.

This was the weapon Gu Shaoyang used to escape before. Gu Shaoyang would take these things in his hands wherever he went. After Gu Shaoyang threw them away, the men in black were very embarrassed. , they had already started to avoid Gu Shaoyang.

Gu Shaoyang's various explosive hidden weapons, which they had never seen before, so they were really very rampant for a while, and they all looked very shocked. He began to hide.

Gu Shaoyang looked at Tianci and Li Zhou. They said to them:"What are you doing, so stupid? Run quickly."

When they said this, several people ran out very quickly towards the bottom of the mountain. They did not take the steps at all, but started to wear them in the woods.

Tianci held the bell with one hand and said Following Gu Shaoyang, several people ran down quickly. Panting, they quickly reached the foot of the mountain. Because the few men in black behind them were very embarrassed at this time, they followed Gu Shaoyang and the others. , and became even more angry.

Another man in black with a long gun looked at several of his men and said to them:"No matter what, we will capture a few of them today. It is really unreasonable. How dare you do such insidious methods to me."

After he finished speaking, he ran towards the front again. Gu Shaoyang and the others ran for more than an hour and finally reached the foot of the mountain. But what they didn't expect was that they didn't even look. Seeing the figures of Luo Zishan and Tiger Monster,

Gu Shaoyang was really surprised. Where did these two guys go? At this moment, all the men in black behind them had already caught up.

Looking at Gu Shaoyang and the others, he panted and said to them: "I didn't expect you guys to be able to run so far. This is the day you will die."

When he said this, he dived forward very quickly and attacked in the direction of Gu Shaoyang. Gu Shaoyang didn't stop at all. He turned around and got into a fight with the opponent.

Godsend, they are really exhausted at this time and have no strength, so these people must know that they are all trained by the top masters, so against Gu Shaoyang, if they want to beat each other, they can't. It was really not easy.

At this moment, Luo Zishan in the distance seemed to have telepathy. He had already sensed that Gu Shaoyang and the others had landed at the foot of Kunlun Mountain, and they were already heading towards them very quickly. , rushed over in the direction of Gu Shaoyang and the others.

What he didn't expect was that he actually saw Gu Shaoyang and was attacked by others. He immediately transformed into a unicorn beast and rushed in the direction of Gu Shaoyang and the others. Coming over, she had already knocked the very tall man far away with her head. When

Gu Shaoyang saw the Qilin beast that suddenly appeared, the corners of her mouth raised slightly and she looked at Luo Zishan's Direction, said to him: "If you don't show up again, the few of us will really be exhausted."

And the tiger monster on the other side very quickly turned itself into one. The tiger monster very quickly opened its bloody mouth in the direction of several other people, and took those people one by one with one mouthful. , flung to a very far place.

Those men in black did not expect that a magical beast would appear at this time, so they were really scared for a moment.

Moreover, one of the two magical beasts was a tiger monster, and the other was a tiger monster. It was a Qilin beast, and it looked really powerful.

All the men in black had gathered together, and their leading man in black said to them: "We must find a way to catch them today." Stay, otherwise, the emperor will not let us go when he returns."

Sure enough, after hearing what this person said, several people were all firm in their confidence to attack again.

And the tiger monster looked at him with human words, and several people said to them: "Okay, let's let it go today. Let me have a taste of what human flesh tastes like."

Chapter 1624

At this time, although the men in black were very scared in their hearts, no one dared to retreat. They could only bite the bullet and hold various weapons in their hands.

He had already attacked in the direction of the tiger monster. Gu Shaoyang knew that although the tiger monster and these men in black were very powerful, he also wanted to wish the tiger monster a helping hand to fight quickly and leave this place..

He looked at the Qilin Beast and said to him: "Get rid of these people quickly, we have very important things."

Hearing Gu Shaoyang say this, he felt really happy in his heart. He knew the reason why Gu Shaoyang was like this. Doing it must be because they got their treasure.

Then he turned around, opened his big mouth, and bit them directly in the direction of those people.

I saw that it was still fierce just now, a man in black, holding a spear in his hand, and one of his arms had already been lost in one blow.

He turned around unconfidently and looked in the direction of the Qilin Beast. The Qilin Beast opened its mouth wide and swayed towards him again.

The man in black dodged and avoided the Qilin Beast's attack.

At this time, Gu Shaoyang was seen holding a long sword and stabbed directly into his back and penetrated his chest.

The man immediately turned around and looked at Gu Shaoyang holding a long sword towards him, with the corners of his mouth raised slightly.

It was as if he was saying to him: "How about it, let me kill you."

This man spat out a mouthful of blood. He did not expect that as the number one master of the Jin Kingdom, he would die in Under such a situation, I am really unwilling to accept it.

Gu Shaoyang drew out his sword and saw the man lying on the ground, but at this time, he was still lingering on.

He looked in the direction of Gu Shaoyang and said to Gu Shaoyang: "You, you, you, you."

He said you without saying a word for a long time, and he spat out a mouthful of blood, and then stared at himself. , stared at his legs, and died.

Gu Shaoyang looked in the direction of the other men in black, then faced the tiger monster and said to the monster: "Don't leave a single person alive, kill them all completely."

Because Gu Shaoyang felt that at this moment, the hearts of several of them were already It has begun to be exposed. If all these people are eliminated, their next whereabouts will definitely continue to be exposed.

After hearing Gu Shaoyang's words, the tiger beast let out a roar and pounced in the direction of the opponent.

Moreover, the Qilin Beast did not stop at all, and there was no need for Tianci, Lingdang and the others to take action.

He very quickly rushed in the direction of the other two people, breaking one of their legs with one blow, and then threw them aside in disgust.

Then it bit off another person's neck again, and the Qilin Beast had completely eliminated two of those people with three blows.

And the Tiger Monster is really very powerful, and it has already taken care of the other two people very quickly.

Gu Shaoyang looked at the fighting abilities of these two monsters, they were simply too powerful.

And compared with Gu Shaoyang and others, I really feel that they are really powerful, especially when they transform into their own bodies, they are even more powerful.

Gu Shaoyang looked at the tiger monster, and said to them in the direction of the monster: "Okay, the matter has been resolved, hurry up, we all need to leave this place quickly."

Gu Shaoyang felt that they stayed in this place longer and longer, It will become more and more dangerous.

Tianci looked at Gu Shaoyang and said, "Where should we go at this time?"

Gu Shaoyang actually didn't know, but he just knew that this place could not continue to flow.

He looked at Li Zhou and said to him: "Is there a safer place near Kunlun Mountain?"

Li Zhou shook his head. She really had never been to this place. He said to Gu Shaoyang: "Let's all go first." Leave this place and then talk about it."

Gu Shaoyang looked at the mess at the scene and knew that the best outcome for them at this time was to avoid this place quickly. He said to Li Zhou: "Okay, let's go to some places with a lot of people first."

Because Gu Shaoyang felt that there were some magical beasts, and they would definitely be wary of them in places with a lot of people.

After all, Emperor Jin Zong was still very strict in controlling the Jin Kingdom. After hearing what Gu Shaoyang said, several people ran away very quickly in the distance.

But what they didn't expect was that just after they left this place, they saw several men in black landing in this place soon.

One of the men in black saw the broken limbs on the ground and had no idea that all the top masters and several major masters in the Jin Kingdom had been killed.

Chapter 1625

And the way he died was so cruel.

After a few of them checked this place, everyone saw that they might have been killed by monsters, so after checking, they all left this place and prepared to return to the Kingdom of Jin to report to Emperor Jin Zong.

Because at this time, they could not find any trace of Gu Shaoyang and the others.

It only took Gu Shaoyang and the others half a day to reach a small town at sunset.

Although the small town does not look particularly big, this place is indeed very prosperous.

Maybe it's because of the temple at the foot of Kunlun Mountain that the people here are very devout in their beliefs and beliefs. People everywhere seem to be very polite.

After Gu Shaoyang and the others arrived at this place, they slowed down one after another, as if they were visiting this place.

Li Zhou looked at them and said to them: "There is a three-story inn ahead. Let's all go there and stay for one night."

Because this day was really hard for them. If they didn't find it quickly, in a place where even a few people have little physical strength to rest, it would be very difficult to continue on the road.

Gu Shaoyang nodded and said to them: "Okay, let's rest at the inn for one night, and then study the things in our hands."

Of course everyone knows what the thing Gu Shaoyang is referring to is.

So a few people were already walking in the direction of the inn in front. When they just stepped into the inn, they saw a lady boss who was still charming. She was wearing a red robe. She was very well-dressed. A beautiful, very enthusiastic voice in the direction of Gu Shaoyang and the

others had already called over and said, please come in and invite the guests to have a meal or stay in the hotel. Gu

Shaoyang looked at the very enthusiastic proprietress and said to her:"We want to stay in a hotel. Is there any room?"

This small town is very beautifully built, so there are many foreign business associations who come to this place to do business. When the boss lady looked at Gu Shaoyang and the others, she just thought that these people came to this place for fun, so she was also interested in them. There was no suspicion.

The landlady looked at Gu Shaoyang and the others. The girl was very beautiful and the boy was very handsome, so he immediately regarded these people as young men and young ladies from a rich family..

He immediately faced the direction of the few of them and said:"Yes, yes, yes, our third floor is a high-class room. I don't know if you guys want to live in that place."

Gu Shaoyang looked at the landlady with such a snobbish look, and then he laughed and pretended to be a real rich man.

He said to the landlady,"Of course, the few of us. But I can't live in a place with bad conditions. The landlady immediately started to laugh and said to Gu Shaoyang and the others,"Okay, will you go upstairs now?" I will lead you there. I will lead you there."

Because Gu Shaoyang and the others were really running around all the way, everyone was very tired at this time, and Gu Shaoyang and the others didn't want to attract more people's attention in this small town.

He immediately Looking in the direction of the landlady, they said,"Okay, we are very tired from playing along the way. Now let's go upstairs to rest."

Li Zhou and Tianci on the other side also knew what Gu Shaoyang was thinking at this time.

So Tianci deliberately pretended to be weak and said to them:"Yeah, I didn't expect that along the way, I really I'm very tired. Let's go upstairs and have a rest now."

The boss lady Yi looked at this group of people, they seemed to be pampering each other, and she knew that these people were all. The young master and the young lady from the rich family said to them: "Okay, okay, okay, a few young guests, now Come up with me."

The 40-year-old landlady walked, swaying her buttocks, walking in front of a few people. She held up her skirt and was already heading upstairs, guiding Gu Shaoyang and the others towards the place. Walking up the stairs.

As she walked, she also said to Gu Shaoyang, and they said: "You young guests are really discerning. Every gentleman from a wealthy family who comes to Changshan Temple to worship Buddha My wife and I will all settle here, so my place has the best conditions in the entire town.

While he was talking to Gu Shaoyang and others, Gu Shaoyang had already said to him in the direction of the proprietress: "Are there still a lot of people coming to this place to worship Buddha?" Why did I see so many people coming to worship Buddha along the way?"

#### Chapter 1626

The landlady smiled and said to him: "Yes, there are very many, and I don't know why. There seem to be some people these days who don't come to this place to worship Buddha. I don't know what they come to this place for."

Although When she said this to Gu Shaoyang, she seemed to be chatting very casually, but Gu Shaoyang had already heard these words. In his own ears, he felt that it must be because of the men in black sent by Emperor Jin Zong. , stayed in this place.

But Gu Shaoyang didn't know whether they were there at this time. If this was really the case, Gu Shaoyang felt that he was really in trouble this time, and it might be very dangerous.

But Gu Shaoyang did not express this thought in his heart.

Tianci and Li Zhou, who were following Gu Shaoyang and the others, looked at each other and felt that this must be what they were thinking.

The proprietress has already led several of them to the third floor.

He looked at Gu Shaoyang and the others and said to them: "We only have three rooms in this place now, so if you guys want to live in a room, you should think about what you should do."

Because Luo Zi Shan Shan and Tiger Warcraft did not come to the inn, and were still patrolling outside to see if there were any people from Emperor Jin Zong or Long Hanming, so they could still stay open at this time.

Gu Shaoyang felt that if the two of them came back, it would be okay for a few of them to squeeze in a little bit in this place.

So Gu Shaoyang said to the landlady: "Okay, a few of us can live in these three rooms. Whether we can move in then is our own problem."

The landlady was really very happy that she had so many rooms upstairs. , all of them have now moved out.

So she was very happy to point to Gu Shaoyang and pointed to the three rooms inside, which were close together, and said to Gu Shaoyang and the others: "Three young guests, this is the room for you."

Gu Shaoyang and the others recommended When I opened the door, I didn't expect that the third floor of this place is really high-end. The decoration inside is very beautiful. It can also be seen that the space of this place is still very large.

Gu Shaoyang was very satisfied. He looked at the landlady and said to her: "Okay, we will stay in this room. Thank you, landlady."

The landlady was already smiling at Gu Shaoyang and said to the others: "Can I ask the guests to have dinner now?" Is that so?"

Gu Shaoyang and the others were really hungry, and they were running for their lives and fighting each other along the way.

So he saw the direction of the landlady and said to him: "You have traveled a long way to this place, just give us a few people and some side dishes."

The landlady said to Gu Shaoyang and the others very enthusiastically: "Okay, gentlemen, you guys, I'll bring you the food right away."

After hearing what the landlady said, Gu Shaoyang and the others were already sitting at this round table in the room.

The landlady had already walked out and closed the door for them.

At this time, Li Zhou suddenly seemed to have begun to relax very much. He exhaled and walked to the bed beside him and lay down.

He took the baggage, hugged it to himself, and said to Gu Shaoyang and the others: "I didn't expect that this journey would be very dangerous. Finally, a few of us found the shocking Bagua treasure map."

Gu Shaoyang He also looked in the direction of Li Zhou and said to Li Zhou: "Don't expose that baggage. Wait until the few of us are safe at night before opening it."

Hearing what Gu Shaoyang said, Li Zhou certainly knew that. , this thing is very important.

She nodded and said to everyone, "Don't worry."

Then she hugged her burden tightly to her chest.

Soon the landlady had brought some side dishes to Gu Shaoyang and the others.

The children were really hungry at this time, so Gu Shaoyang didn't forget to take care of the food while eating.

He put it in Tianci's bowl, looked at Tianci, and said to him: "Eat more, and I'll give you a piece of meat."

Then Gu Shaoyang looked at Lingdang, who was twelve or thirteen years old. At this time, he was traveling a long way with them. It's really not easy.

He added another piece of meat and put it in Lingdang's bowl, and said to him: "You are growing at this time, so you should eat more."

Lingdang raised her head and looked at Gu Shaoyang with watery eyes. Said, "Thank you, Brother Yang."

After these people finished eating, they looked at the sky getting dark now, and it was already getting late.

Gu Shaoyang was really worried about why Luo Zishan and Tiger Warcraft hadn't come back at this time.

Although Gu Shaoyang was thinking this, he also knew that at this time, it was not the time for the few of them to go out to look for them. The most important thing was to hide in this room.

Chapter 1627

Don't let the men of Emperor Jin Zong and Long Hanming discover you.

The sky slowly began to darken, and at this time someone was gently knocking on the door of Gu Shaoyang and the others.

Gu Shaoyang was very vigilant and had already stood still on the edge of the door.

Then he said, "Who is it?"

When he heard this voice, Luo Zishan outside the door was really happy. He didn't expect that he had finally found Gu Shaoyang.

He faced the inside of the room and said, "It's me, Gu Shaoyang."

When Gu Shaoyang heard this voice, a big stone finally fell in his heart.

Luo Zishan and Tiger Warcraft came back. As expected, when Gu Shaoyang opened the door, he saw Luo Zishan, who was wearing a purple robe, and Tiger Warcraft, who looked very rough and was in his 40s, standing outside the door. direction.

Gu Shaoyang immediately opened the door, and two people walked in. Gu Shaoyang looked in the direction outside the door at this time. No one was following him. Only then did the two of them feel relieved, closed the door gently, and several people walked into the room..

At this time, no one went back to their rooms to rest. Because they were really worried about Luo Zishan and Tiger Magic Hand, they had been waiting for them in this room.

As soon as Luo Zishan came back, Tianci had already stood up.

He also looked up and down at the young man who was wearing a purple robe and had jade hair like a crown.

Tianci looked in the direction of Luo Zishan and said to Luo Zishan,"Why did it take so long to come back? Are you okay?"

Luo Zishan was very happy to see Li Zhou caring about him like this.

He looked in the direction of Tianci, comforted Tianci and said,"It's okay. Don't worry. The two of us are just in this small town, searching carefully for any traces of Warcraft. Fortunately, there are no Warcraft in this place. Come."

Hearing what Luo Zishan said, Gu Shaoyang felt relieved. She saw the direction of the two Wangs and said to them,"Have you two eaten?"

Luo Zishan nodded to him. Said:"I already ate when I was outside, don't worry."

At this time, Tiger Warcraft was sitting at the table very calmly and did not speak.

Gu Shaoyang saw that it was already getting late and everyone had fallen asleep.

So Gu Shaoyang looked at Li Zhou and said to him:"Bring that baggage of yours over here. Let's take a look at the direction of this so-called shocking treasure map." Sure enough, after hearing what

Gu Shaoyang said, Li Zhou immediately sat up, climbed onto the bed, and took out his baggage from the innermost compartment.

When Li Zhou came back that night, he sat by the bed without taking a step away, so Gu Shaoyang also knew that Li Zhou was still very nervous about this thing.

Li Zhou was already inside when he took it out. He took out a dark and exquisite box. The box looked really high-end and had dark patterns on it. When he placed it on the table, several people were very curious and gathered around it. A round table, looking towards the box in the middle of the table.

Gu Shaoyang moved the box to his side and gently opened a lid on the box. Inside was a sheepskin treasure map with shocking gossip.

When Gu Shaoyang took it out, he had already shaken it and put the treasure map on the table.

Several people stopped sitting and stood up, looking at this shocking treasure map.

Gu Shaoyang said to several of them: "Have you found this place? What exactly is it referring to?"

Gu Shaoyang looked at the various mountain peaks and some road routes above. He couldn't tell the difference based on these things. , is this the southeast, northwest, or somewhere on the entire continent.

At this time, several people had already looked over. Tianci felt that he had read a lot of books and all the knowledge he had read over the years, but he did not expect to see this, a shocking treasure map of gossip. At that time, I was really confused.

There are no markings on it at all. Everything is just a small line. There are even several mountains drawn on it. There is no guidance at all.

And underneath this shocking treasure map, there is a small picture. This thing looks like it should be a very detailed treasure map.

When Gu Shaoyang and others looked at it, they were really surprised. What on earth was this.

Lingdang was just a little girl, but after watching it for a while, she lost all interest.

Bell muttered to himself and said to several people, "You can't tell what kind of place this thing is."

Chapter 1628

At this time, Li Zhou was really agitated. He was very familiar with the entire Jin Kingdom, but he didn't expect that he was really unfamiliar with all the places above.

At first, he thought that this place should be in the Kingdom of Jin, but now it seems completely different.

Li Zhou sighed, looked at Gu Shaoyang and the others, and said to them: "It seems that it is really not easy for all of us to find this place."

Gu Shaoyang also felt that this place was too big. It's too mysterious. It's impossible to find where it is pointing.

At this moment, Gu Shaoyang had already seen Tiger Warcraft and Luo Zishan. At this time, he was looking at the various lines on the shocking gossip treasure map without blinking..

Gu Shaoyang really didn't expect that Luo Zishan and Tiger Warcraft were really interested in this thing.

Gu Shaoyang didn't speak, but said to Tianci: "It's already so late, Tianci. Go back and rest as soon as possible tonight. Are you particularly tired this day?"

After hearing Gu Shaoyang's concern for him, Tianci suddenly felt that his whole body My heart began to soften.

He shook his head and looked at Gu Shaoyang and said to her: "After we are all tired, I will go back to rest. It's okay, no, it's not that tired."

The bell on the other side had already been worn, because of his age It's not that big. After looking at this treasure map, I didn't have any interest at all. I had already walked to the other side of the bed, sat on the edge of the bed and slowly started to doze off.

Gu Shaoyang looked at the bell, scratching it bit by bit, feeling really helpless.

He sat by Lingdang's bed, looked at Lingdang and said to him: "If you are sleepy, go back to the room and rest."

Because Tianci, Tianci and Lingdang were in the same room, Lingdang looked at Tianci at this time, no intention of leaving.

He immediately shook his head very firmly, looked at Gu Shaoyang and said to her: "No, I will stay with you here for a while, and then I will go back to rest."

Gu Shaoyang looked at the little girl Lingdang. Although he said this, he At this time, I was extremely sleepy, and I really felt sorry for this little girl.

Because he has always been so obedient, no matter how much he suffered, he has always been very tolerant and wanted to stay with Gu Shaoyang and the others.

Gu Shaoyang rubbed Lingdang's hair and said to him: "Then you lie down on this bed for a while. If you leave, I will ask Sister Tianci to call you."

Sure enough, after hearing what Gu Shaoyang said, Lingdang became very well-behaved. He nodded and said to Gu Shaoyang: "Okay, Brother Gu Shaoyang."

Then he took off his shoes and climbed onto the bed very quickly.

Gu Shaoyang returned to the Bagua diagram again and watched everyone gathering together to study the specific direction of the Bagua diagram.

Time is really very precious to them. It can be said that finding this treasure place one day earlier will give them peace of mind. What's more, it is really a very dangerous thing for them to carry this Bagua map..

Now it is not only Long Hanming and Jin Zongdi who want to get this Bagua Diagram, but other people will not just give up if they know that the Bagua Diagram is on them, and they will

definitely try their best to get this thing, so He said that Gu Shaoyang felt that he should study the route of this Bagua diagram as soon as possible, and then search according to the direction of this route.

"How about it? Have you seen any clues?"

Tiger Demon and Luo Zishan shook their heads. This was a bit difficult for them.

"Why do you think this treasure map is so complicated? Is there really such a line that leads to the place where the treasure is hidden?"

"We can't always try every line, right?"

However, I do see some problems, that is, the final destination of this route seems to lead to the same place. Does this mean that these routes are all hidden treasures all night long?

No matter which road we take, we can reach our destination. If this is the case, then we don't need to waste our brains studying it."

Listening to Luo Zishan's words, Gu Shaoyang shook his head. How could it be that simple? What's more, this is where the refusal of bail is hidden. Presumably the person who designed the treasure map would not be so stupid that everyone would do it so easily. Whoever gets this baby, of course, the baby must be with the destined person

"This is unlikely, so let's take a closer look. We can't waste time by doing detailed research. If we waste time on this, we will encounter more dangers."

"Gu Shaoyang, you are right. Now I can't wait to fly to the place where the treasure is hidden.

Chapter 1629

Let's see how many treasures are there. If we get these treasures, we will become famous. If we do this job in our lifetime, we will surely enjoy endless glory and wealth."

"greedy greedy guy....."

Being able to be in the mood to joke at such a moment made Gu Shaoyang feel relieved instantly. Hearing Luo Zishan accuse the tiger demon with a smile like this, he couldn't help but laugh.

"Don't talk about that, we are all greedy guys. If it weren't for greed, how could we get together? If it weren't for greed, how could we have traveled thousands of miles to suffer and be afraid for this treasure map?"

"Now we finally have the treasure map in hand, but this does not mean that we have obtained the treasure. The treasure is watching us not far away, and I hope we can dig it out as soon as possible."

The tiger demon said with shining eyes.

"Let's not talk about that first, that's all for later, Gu Shaoyang, I think the direction pointed by this treasure map should be this center point.

Look, there is a big mountain here. The center point is a big mountain. According to what I know and what I imagine, the treasures are usually hidden under the mountain or in a cave."

Tiger Demon talks eloquently

"Tiger Demon, I think you have watched too many movies and TV series and were confused by the plots in them. However, it is possible, but it is not completely certain. Maybe our treasure map is an exception. This treasure is hidden in a place that is easy to find is not a place that is very difficult and difficult to find."

Luo Zishan's sudden words reminded Gu Shaoyang, yes, everything will have exceptions. If this treasure is really hidden in such a place, then everyone will have a misunderstanding, that is to say, this treasure must be It will be in a very hidden and dangerous place, and the place where the treasure is hidden will be protected by some ferocious beasts, including some hermit tunnels, um, hidden weapons and the like. But if you follow the direction of

Luo Zishan If you think about it, it is possible

"Okay, Luo Zishan, don't be too whimsical. How could it be so easy for you to get the treasure? If it were so easy, it wouldn't be our turn. Someone would have taken him away long ago."

"I just think about everything, there will be exceptions, and if there is an accident, it will be a special blessing for us.

Sometimes don't think things are so complicated."

Listening to the fierce argument between the two people there, Gu Shaoyang said nothing and kept staring at the treasure map.

Although the treasure map is stored in this secret box, it has also passed through the hands of many people, so it is said that it is There are a lot of wrinkles, some lines have been rubbed by hand, and some have been disconnected.

"Gu Shaoyang, look, there are two trees next to this mountain, and why are there only two trees painted on it? What do these two trees represent?"

Tianci, who had been silent next to him, suddenly raised such a question. At this moment, everyone looked at the place pointed by Tianci.

It is true that there are two trees on top of this treasure map, but these two trees The trees are not very obvious. If you don't identify them carefully, they will be ignored by others. Although the area of the treasure map is not very large, no one will focus on these two trees. After all, it is a woman. My child, my mind is more delicate.

"Oops, God sent you to think too much. This treasure map is like a landscape painting. Where there are mountains, there will naturally be trees. If there are trees, there will also be flowers. See if there are any flowers."

Soon, the Tiger Demon denied Tianci's statement. He felt that there was no need for everyone to focus on these two trees. After all, these two trees did not represent anything, they were just an embellishment of the treasure map.

But Gu Shaoyang didn't think so. He didn't miss any detail.

Every detail might be a small hint to them. It's just a matter of whether they can understand it.

"I think the most likely thing is that there must be a mysterious cave at the bottom of this mountain. There must be various mechanisms in this cave, and behind this mechanism is that we want to find the treasure, so our The goal should be to move towards this mountain."

The Tiger Demon's voice became louder and more excited. He felt that the method he proposed was very correct. He hoped that everyone would follow his advice and go straight to the mountains when they set out tomorrow. This would save money. , time also reduces trouble

"Tiger Demon, please lower your voice. We talk about these things so blatantly. Be careful that walls have ears."

Although this is an inn, Gu Shaoyang still thinks it's better to be careful about this. Who knows what kind of person the owner of this inn will be.

Chapter 1630

If he is also a greedy person and hears these people talking about the treasure map in the room, he will definitely have evil thoughts, and then they will have another enemy.

After Gu Shaoyang reminded him like this, the tiger demon came to his senses. He quickly shrank his neck and subconsciously covered his mouth with his hand.

Since then, the voices of everyone talking have become quieter.

"If you really have no clue today, then everyone should go back to their rooms and rest. Ah, tomorrow we will get up and find a deserted place to study this treasure map. It is really not a good place to study here. Besides, Sometimes we can't control our emotions and will turn up the volume. I'm afraid that others will hear our secrets."

"Not sleepy, not sleepy....."

Luo Zishan's head shook like a rattle. Ever since he saw this treasure map, his cerebral cortex had been extremely excited. It could be said that he was not sleepy at all at this moment.

Although he has been tired from running around these days, he is already half successful. He can't sleep. He hopes to study a plan as soon as possible and implement their plan as soon as possible tomorrow.

"I'm not sleepy either. Let's have a good discussion. Otherwise, we will waste time on research tomorrow. There is no safe place. Now we are the target of public criticism. We will be followed at any time wherever we go."

"Yes, yes, we finally got rid of Jin Zongdi and Long Hanming, so now we must seize the time to find a correct plan."

The tiger demon also echoed

"These two guys are really difficult to deal with. It's really not easy to get rid of them. If you ask me to say that next time we meet them, just kill them directly, so as not to leave us with future troubles, and we have to be careful and careful. As long as they are eradicated, we will be free of this scourge."

At this moment, the Tiger Demon gnashed his teeth with hatred when he thought about the abominations of those two people. He blamed Gu Shaoyang for not being able to ruthlessly get rid of these two people. If he got rid of them, how could he leave such a disaster behind?

"That is, the next time I see them again, I will never be merciful as a woman. I must try every means to get them to see the King of Hell. These two guys really overestimate their abilities and want to take a piece of our bowl. It's simply delusional.

But they are really difficult to deal with. Even though they know they are not our opponents, they still insist on following us and get these treasures. I don't know where they got such courage. Could it be that they just want money? Don't want your life?"

"Everyone has greed, including you and me. They are trying their best to get it. What if they get it? As people say, dreams should be there. What if they come true? This may be their only dream. dream."

Gu Shaoyang said, while shaking his head helplessly.

But what do these two trees represent, and why are they drawn so small? According to the proportion, although the drawing of this picture is not large, it will not make the two trees bigger. The trees are drawn so small. Could it be that they are two small trees?

If they were two small trees, according to the appearance described on the drawing, they would be three to five years old.

But this treasure map has Many years of history.

I just got this treasure map now, which means that the two trees have now become two towering trees, but they are very small on the map.

Gu Shaoyang thought carefully Although Tiger Demon and Luo Zishan have been talking about this matter and arguing endlessly, his mind has been completely empty.

Tianci is not the same. He surrounded the treasure map, one circle on the left and one on the right. Turning in circles, studying the secrets of these two trees from all directions

"Gu Shaoyang, look at it from this angle, the two trees seem to be the same word."

Gu Shaoyang's nerves were once again aroused by Tianci. He also distinguished carefully and stood in the direction of Tianci. When he looked at the two trees, they did look like the word "I". Well

, yes, from this From the angle, there is a pile of grass in the middle of the two trees, and the pile of grass looks like a word, just connecting the two trees together.

However, there is no such sign from other directions.

"God bless you, this discovery of yours is really strange. It seems that we should not study it from a single direction with this treasure map."

Thinking of this, Gu Shaoyang also began to rotate around the treasure map bit by bit. This treasure map is really wonderful. If you look at it from any angle, it will show a different look.

"It's really strange. Just like a compass, a different image will appear in front of us from any angle. What is going on? From which direction should we identify this treasure map, which direction is correct?"
