Chapter 1631

It's not because he was spinning around in circles, but because Gu Shaoyang was hit by the treasure map, and different scenes showed different pictures from different angles, which made him a little confused.

"Right? I'm right. This treasure map is really weird. I don't know how the ancient people designed it. The person who designed the treasure map is really very smart.

Gu Shaoyang, please tell me that such a person can confuse us modern people. What kind of god is he?

Sometimes I feel that this person is still alive and watching us not far away."

Tianci's casual words made both Tiger Demon and Luo Zishan feel terrified. Even Ling Ding, who was lying on the bed, was frightened awake by his words.

"Don't scare me if you don't have a sister. Don't you think this treasure map has a history of thousands of years? Since it has a history of thousands of years, how can the person who completely hides the treasure map still survive? When you say that, I don't dare to sleep. No, sister, please come and accompany me quickly. I don't dare to sleep alone."

The bell jingled and he sat up from the bed, seemingly no longer sleepy at all.

In an instant, the atmosphere in the whole room became solemn and scary. Gu Shaoyang quickly relaxed the atmosphere when he saw this. Isn't such a thing right? It exists.

Although this treasure map is a bit weird, it is not as if the designer of the treasure map is still alive. This is many years of history. It can be said that this map can exist because he hid it in this secret box. The box inside is used as a protection to be passed down to this day. And the person who designed the treasure map is, after all, a living person with flesh and blood. How could he have a thousand years of life? This is simply a fantasy.

"Okay, okay, don't listen to what Tianci said. He is just a guess. Lingdang goes to bed quickly."

Despite being comforted by Gu Shaoyang, Lingdang still sat there and refused to sleep. His eyes were wide open and he kept looking around, as if looking for the person who designed the treasure map that Tianci said.

"Look at you, everyone is already nervous about this treasure map. What you said to them has made them sleepy. If everyone doesn't sleep tonight, they won't have the energy to do it again during the day tomorrow. Regarding other things, since I can't think of any plan tonight, it's better to go and have a good rest as soon as possible.

Let our brains get enough rest, so that tomorrow we can have a very clear brain to explain the secrets of this treasure map."

In the end, even though he said this and comforted everyone, his mind was indeed filled with Xuanji's treasure map. It can be said that if this problem cannot be solved, let alone others who can't sleep, he will be the first one who can't sleep.

"What Gu Shaoyang said is right. Why don't we all lie down and rest and study it tomorrow, otherwise our brains will be so stiff that we really can't come up with any strategy. What's more, this treasure map is like a mystery. Everyone is already a little dizzy."

"Alas, I thought that after finding this treasure map, we would be able to find the treasure easily. It seems that it is not that easy. This is just the first step. Maybe even the first step has not been solved."

Luo Zishan sighed with some disappointment. He lowered his hands. After all, he had been looking at this treasure map for a long time and he really couldn't find it. Which road leads to the place where the treasure is buried?

"The person who designed the treasure map is really weird. Why did he draw so many roads? He obviously wanted to confuse us. What is buried in it? If it were something worthless and cost us a lot of trouble, I would scold his ancestors for eight generations."

The tiger demon said angrily at this time.

Because in order to get this treasure map, they had gone through all the troubles and hardships. It can be said that now that they have obtained it and set such a big problem for them, how can he not be angry?

But no matter how angry the atmosphere is, they still have to find a solution to the problem. Even if they try their best to find the place where the treasure is hidden, only to find it is a pile of scrap copper and iron when they open it. I imagined that I would scold the person who designed the treasure map.

"If it's just a pile of scrap metal, how can it be called a treasure? Okay, okay, don't be so pessimistic first. Only a positive attitude can give us motivation. If you think like this, we will lose motivation. Next What's the next step? Okay, I told you to go to bed, just go to bed, don't think too much."

Yes, there is really no other way to stay here now. Looking at this intricate and rotating treasure map, everyone is really helpless. The Tiger Demon stretched his body and took a breath, preparing to return to his home. Resting in the room.

Seeing the tiger demon preparing to leave Luo Zishan, he quickly stopped him.

Chapter 1632

"Hey, Tiger Demon, what are you doing?"

"Didn't you listen to what Gu Shaoyang said? It's useless to be here now. Go back to cultivate your mind and cultivate your character. Wait until your brain is clear tomorrow before studying this treasure map. I'm going back to sleep. Why don't you go back?"

"Where to go back?"

When Luo Zishan said these words, he had a stern attitude on his face. "Do you still need to ask? Of course we have to go back to the room next to ours to sleep. Didn't we already have a room when we came? You see, this room is so small, how can people like us sleep in it?"

The tiger demon said disapprovingly. As he spoke, he walked towards the door. At this moment, Luo Zishan looked at the tiger demon and still didn't understand what he meant, so he said angrily

"Why is your heart so big? He went back to his room to sleep. This treasure map is in this room. If we don't protect him properly in this room, aren't you afraid that what we finally got will be lost like this?"

This sentence made the Tiger Demon stop immediately, and he turned around.

The Tiger Demon hammered his chest with some regret and said

"Oops, look at my head, how could I have forgotten this? Yes, the treasure I finally got can't be lost like this. I'm not going anywhere tonight, just in this room. Guard this treasure map carefully."

Gu Shaoyang looked around. There were only two beds in the whole room, and one of them is now occupied by Bell.

If Tiger Mo Luo Zishan and Tianci stay in this room, it will be bad. There will be no beds for everyone to rest. Yeah, it's obviously said to have a good rest. After all, everyone has been running around and working hard for so many days. They are really exhausted physically and mentally. If you want to get such a rest, you have to lie in bed and sleep comfortably all night. Only then can you relieve your fatigue..

But with so many people staying in one room, in a room with two beds, how can they rest?

"Don't worry, I won't leave either. I'm here to guard you. Guarding this treasure won't let it be lost and recovered."

Luo Zishan also said vowedly. Although he was also a little sleepy at the moment, he still insisted on sitting on the bench. He knew that these two beds were not his turn. After all, there were two girls.

"Okay, okay, you should all go back to your rooms. Although we have this treasure map now, not many people know about it.

So they don't know that we are resting in this inn. For the time being, this treasure map is still safe. Besides, I am here and I have been guarding him. Don't you worry? You are all in this room, let alone you. I don't have a good rest, and I don't have a good rest either."

"Oops, Gu Shaoyang Nana can do it, but we don't feel comfortable leaving such a dangerous job to you. What's more, if we are really in danger, we are sleeping so deeply, how can we find out in time? If you lose the treasure map, you will regret it."

Luo Zishan was still worried. He reminded Gu Shaoyang in time. He felt that Gu Shaoyang was not allowed to be so careless.

"Yes, yes, Gu Shaoyang and Luo Zishan are right. Our common task and responsibility now is to protect this picture. This picture is our lifeblood. Whoever gets this treasure, wants to make him spit it out again. But it's not easy.

As the saying goes, "Whoever gets the treasure map wins the world."

At this moment, Gu Shaoyang looked at the nervous look of Tiger Demon and Luo Zishan. He knew that no matter how much he tried to persuade them, these two people would not leave. Since they didn't If he left, he would be the only one left, so he planned to hand over the treasure map to these two people to manage, while he took Tianci to the next room, and he opened another room to rest.

Although now they have The treasure map was the target of public criticism, but Gu Shaoyang didn't want to make his body so exhausted. He finally found a very comfortable place to rest. He didn't want to waste a night like this.

"Oh, how can I say hello to you? In fact, there is no need to be so frightened. Although the treasure map is in our hands now, it does not make us so nervous.

Let's do this. If you two really don't trust this treasure map, I'll put it in your hands. You can protect her while I go and open a room nearby to rest."

Hearing that Gu Shaoyang was leaving, the Tiger Demon was so frightened that he quickly stood up. It can be said that the ability is the most powerful of these people.

With him in safety, he has to put the thugs in their hands to save the Tiger Demon. He does not have this Be sure.

If something goes wrong with this treasure map in your own hands, you can't bear such responsibility.

"Oh, Gu Shaoyang, you can't leave. Look, isn't there a bed there? None of us slept in that bed, leaving it to you to sleep on the bed. The two of us sat on the chairs and watched like this all night. The time passed quickly.

Chapter 1633

It's always safer during the day than at night, so just spend tonight and it'll be fine"

"There is really no need for you two to be so nervous. It makes everyone's nerves tense like clockwork. This is not good for everyone.

Besides, there are girls. How can I lie on the bed and rest? In order to let everyone have a better rest, I think we should do as I say."

Gu Shaoyang left no room for doubt. He said to Tianci who was sitting next to him and was looking blankly at the treasure map.

"Okay, Tianci, stop looking at it and lead Ling Ding to the next room to rest.

Don't worry, you two can sleep peacefully.

No matter what kind of noise happens outside, just don't come out and make trouble for us."

Gu Shaoyang naturally knows that these two girls are in danger if they are with them, but as long as the treasure map is not in their possession, those with evil intentions will not target them.

"Oh, okay.

Bell went to sleep"

"Sister, do you think that person is really alive? Does he know our every move? Is he watching us from somewhere? What do you think he would look like if he were alive? What color would his eyes be?"

Obviously, Lingdang is still thinking about what God just said.

How could this cute little girl be so naive? Why does she always take other people's words seriously? At this moment, Gu Shaoyang shook his head helplessly

"Little girl, don't be stupid, that's just people's conjecture. When have you ever seen anyone live over 200 years old? Those are all rumors.

It's all an illusion created by people, and it's a kind of good wish of people, so these things don't exist, okay, okay, stop thinking about it, go back to sleep quickly."

"oh!"

Ling Dang was also very obedient and followed Tianci closely. The two of them opened the door and walked towards their rooms. At this moment, Gu Shaoyang looked at the frightened expressions of Tiger Demon and Luo Zishan. These two The guy stared straight at himself with one eye, for fear that he would go away

"I said you two don't have to be so nervous. Just put the box under the bed and sleep peacefully. With the skills of the few of us, if someone really comes, we can hear the sound, so I say , now, it is really very disadvantageous for us to stress our nerves so much."

"Gu Shaoyang, you really want to leave. Are you really relieved? Are you really relieved to leave this thing to the two of us for safekeeping? If something goes wrong, don't blame us.

Besides, I can't guarantee whether I will fall asleep when I feel sleepy. What if someone comes and plots evil and takes this treasure away?

It's better for you to stay here, and the three of us sleep in shifts, and then there will always be one person looking at this baby with his eyes open. Wouldn't it be foolproof?"

Luo Zishan had already thought of this plan, so he said to Gu Shaoyang

"Okay, okay, we have to take shifts. You two can take turns. Otherwise, you two can go back to the room to rest and leave this baby in my hands. If you two are not trustworthy about me, then I will keep you. Come and keep it."

At this moment, the tiger demon looked at Luo Zishan. The two looked at each other and said to Gu Shaoyang in unison as if they had a tacit understanding.

"Then Gu Shaoyang should leave this treasure to you. After all, you are very powerful in martial arts. If you are really in danger, you can protect this thing more safely. I don't think it is possible to deal with those bad guys with the strength of the two of us." "The certainty of success".

Before this, this treasure map was a priceless treasure, but now it was like a hot potato in the hands of the tiger demon. He was afraid that he would lose it if he could not protect it well.

So he hurriedly put this treasure map away. The box with the treasure map was thrown into Gu Shaoyang's hands.

Gu Shaoyang couldn't help but smile bitterly at the attitude of the two of them. These two guys always play easy, are afraid of taking responsibility, and want to get the treasure.

"Look at you two like that, okay, okay, let me manage it, you two go back to sleep quickly, don't disturb my rest."

Although they were worried, Tiger Demon and Luo Zishan also left Gu Shaoyang's room as if they were running away.

"This Gu Shaoyang is like this. The headquarters always takes some things seriously and can always minimize the big ones. Don't think of things as simple. How can we take it lightly at this time? It would be great for the three of us to take turns to protect each other, but he doesn't agree. , now that the thing is in his hands, if something goes wrong, neither of us will have to bear the responsibility."

The tiger demon who walked out of the room still said to Luo Zishan with unfinished thoughts.

"Okay, okay, Gu Shaoyang's ability is superior to the two of us and he has his protection, which is stronger than the two of us. But the three of us really can't rest well together. If it's okay, let's do what he says.

Chapter 1634

But when we go to bed at night, we should still be careful and try not to sleep so dead."

"According to what you said, I haven't had a good night's sleep in these days. Oh, I can't guarantee that I will start snoring as soon as I get into bed. Don't tell me, I'll close one eye and have someone carry me away. Now, I may not be able to wake up"

"Alas, I can't guarantee that I will be able to cheer up."

The two people were talking as they returned to the room. It was exactly what they said. Soon the ups and downs of the two people's snoring could be heard in the room.

But Gu Shaoyang put the treasure map under his pillow. , staring at the ceiling, crossed one leg over the other.

He tossed and turned but couldn't sleep.

In fact, he knew that tonight was destined to be an unusual night.

Those people have a very sensitive sense of smell, and now the treasure map In their hands, these people must have known it for a long time and were rushing in their direction. Therefore, the danger existed tonight. The reason why he told the two girls and Tiger Moluo Zishan was to let them have a good rest. Ichiban asked them not to be so nervous.

And if these people really come, they will not be able to catch up with them until late at night. At least for the time being, everyone can rest for a few hours. If they are not given a reassurance, I believe that These people will not leave, nor will they sleep peacefully.

After making this conclusion, Gu Shaoyang forced himself to sleep.

Soon, the sound of Gu Shaoyang's regular breathing could be heard from the stains.

About three hours later After a while, Gu Shaoyang heard a small sound outside the door. This small sound woke Gu Shaoyang from his sleep.

The corners of Gu Shaoyang's mouth raised slightly and he smiled contemptuously.

"As expected, they came anyway."

At this moment, Gu Shaoyang touched the delicate box containing the treasure map on his head with his hand.

"Oh my, these people are really crazy about you."

After Gu Shaoyang patted the box lying on his bedside, he gently sat up.

At this moment, Hu Mo and Luo Zishan, who were resting in another room, were completely unaware.

They were sleeping together. That's called a fragrance.

The person outside the door was none other than Jin Zongdi and Long Hanming. They were looking for Gu Shaoyang. Their traces were traced all the way here. It can be said that they also spent a lot of hard work. These two guys finally found out the whereabouts of Gu Shaoyang and his group.

After knowing the whereabouts of this group, Jin Zongdi and Long Hanming really stood outside the door non-stop, commenting and breathing.

"What should we do? Why don't we blow some incense in first and stun these people first, then we can go get the treasure."

After saying this, Emperor Jin Zong took out a long tube from his arms, and then took out a small plastic bag from his pocket. There was some white powder in the bag.

Emperor Jin Zong took the white powder. After putting some into the long tube, he held it parallel in his hand, and then aimed it at the door crack along the direction of the door crack.

He gently blew the white powder inside the tube with his mouth, thinking The powder needs to be blown into the house through the crack in the door.

After completing a series of actions, Emperor Jin Zong and Long Hanming waited quietly at the door. The effect of this medicine is very fast, and it won't take long for the house to be filled with water. The people inside would be stunned.

Little did he know that Gu Shaoyang inside the room had already been prepared.

After Gu Shaoyang sat up, he tiptoed to the door. Although the door was scratched, Gu Shaoyang knew that the scratched door was basically closed. He couldn't stop the thieves outside.

Just when he was about to hide behind the door, he suddenly saw some white powder inside the crack of the door, so he stopped breathing and picked up a bottle next to him.

The white powder was collected by Gu Shaoyang into the bottle.

Emperor Jin Zong and Long Hanming outside the house thought their plan had succeeded. After about three to five minutes, the two men quietly began to turn the latch of the door.

With a click, the door was opened, and two people quickly flashed in. The room was dark at the moment.

Emperor Jin Zong glanced at Long Hanming and winked at him, and the two people quietly walked toward the bed. They touched in the direction.

The two separated, one facing a bed.

However, Gu Shaoyang and the empty bed both had quilts on them. Under the darkness of the night, the two people did not notice that there was only a quilt and no one on the bed.

The two guys separated. After arriving at the bed, he quickly took the dagger in his hand and stabbed the quilt on the bed with all his strength. Jin Zongdi used all his strength and held the dagger in both hands. He wanted to kill the opponent with one strike, but when his dagger After pricking it in, he always felt that something was wrong.

When he lowered his head and looked carefully at the bulge on the bed, he realized that he had been fooled. It turned out that there was no one on the bed at all, but a quilt.

Chapter 1635

Seeing this, he quickly looked at Long Hanming, who was also doing the same action at this moment.

He thought that the person lying on the bed must have been stunned by the fragrance and was motionless now, so he was ready to kill him.

While he stabbed the man on the bed with a dagger, he secretly felt cruel in his heart.

"Go to hell....."

The feeling of being stabbed with a knife completely confused Long Hanming.

"How about Long Hanming?"

At this moment, Emperor Jin Zong quickly rushed to Long Hanming's side. He saw that Long Hanming's bed also had the same quilt.

"How could there be no one?"

We clearly confirmed with the landlady that this person lived in this room, so how could there be no one there? Have we been fooled and retreat quickly?"

Long Hanming suddenly realized this. He quickly reminded Jin Zongdi that they were going to leave the room quickly after they woke up, but it was too late.

The door they opened just now was now closed by Gu Shaoyang. It was closed tightly, and there was a black figure standing at the door.

The black figure suddenly appeared behind him, making the two guys tremble with fear. At this moment, Long Hanming and Jin Zongdi knew what they had just done. The people in the room have been awakened. Since he has been awakened now, he can only face it head-on.

Thinking of this, Jin Zongdi raised the dagger in his hand and said fiercely to Gu Shaoyang

"Please hand over the treasure map as soon as possible. Otherwise, don't blame me for being rude to you. If you can obediently hand over the treasure map to me, I can spare your life."

"Yes, hand over the treasure map and we two brothers will spare your life."

Gu Shaoyang couldn't help but chuckle when he heard these two brazen guys say such arrogant words.

"Just because you two want the treasure map without even knowing whether the person lying on the bed is human or not, you are so stupid.

If you are still trying to kill me, you should still worry about your own lives now."

After saying this, Gu Shaoyang laughed wildly. At this moment, the two of them were frightened by Gu Shaoyang's calm and wild laughter, and they were a little overwhelmed. However, through laughter, they also knew who the person standing in front of them was.

Yes, their target was also Gu Shaoyang. They originally wanted to stun Gu Shaoyang with the white powder, but they didn't expect that this kid would find out.

"Eat me with a knife....."

Taking advantage of Gu Shaoyang's wild laughter, Jin Zongdi ran directly towards Gu Shaoyang with a knife. Without any explanation, he pointed the knife at Gu Shaoyang's throat and stabbed it.

Long Hanming also took the opportunity to turn to Gu Shaoyang's side. He was going to stab Gu Shaoyang's waist with a dagger. In this way, the two men attacked from left and right, leaving Gu Shaoyang busy.

Seeing the opponent stabbing him with a dagger, Gu Shaoyang could only dodge toward the side of the door, and Emperor Jin Zong's dagger plunged deeply into the door.

This guy stupidly grabbed the dagger and refused to let go.

Long Hanming, who was standing on the side, also stabbed Gu Shaoyang's waist with his dagger.

Seeing that these two people were attacking him in such a way, Xiao Gou Ji was heartbroken. Although he had escaped Jin Zongdi's sword, Long Hanming had an idea on his waist and reached out his hand to grab Long Han. Ming's hand.

At this moment, Long Hanming was completely under the control of Gu Shaoyang. The dagger he held was controlled by Gu Shaoyang, and he stabbed directly towards Jin Zongdi's waist.

Seeing that his dagger was about to pierce his companion's waist, Long Hanming struggled to retreat back, but his strength seemed to be a little less than that of Gu Shaoyang.

No matter how hard he tried, his hand could not move back, but dripped into Jin Zongdi's waist bit by bit. At this moment, Long Hanming had no choice but to shout.

"Emperor Jin Zong quickly moved out of the way."

At this moment, Jin Zongdi was pulling out the dagger stuck on the door with all his strength. Before he could pull it out, he heard Long Hanming's cry. When she saw Long Hanming's dagger was heading toward her waist, When it was stabbed, she didn't care about her beloved weapon.

Jin Zongdi discarded the dagger and jumped aside quickly.

Jin Zongdi's mechanism allowed him to escape the disaster.

He watched Jin Zongdi jump away. , at this moment, Gu Shaoyang pulled Long Hanming's hand hard, and pushed forward with all his strength, and saw Long Hanming's whole body rushing forward.

Thug, thunk, Long Hanming held the dagger, like a Like an uncontrolled puppet, it plunged straight forward and hit the curtain in front.

When Long Hanming and Jin Zongdi stood still and turned around to look at Gu Shaoyang again, they saw Gu Shaoyang stood there calmly and calmly

"How come you two want to get the treasure in my hand? You are worthy of it. I have spared your lives more than once, but you have refused to change your ways.

I dare to chase you here today. I am really overestimating my capabilities. It is because of God's kindness that I can be merciful to you. If I am merciful to you again today, God will definitely disapprove."

What Tiger Demon Elder and Luo Zishan said is indeed correct.

Chapter 1636

These two guys really want to keep their stubbornness. They are a trouble to themselves.

Gu Shaoyang also secretly made up his mind to deal with the two people to avoid future troubles.

"That treasure map should have belonged to us brothers, but now it's in your hands. Don't you think you should return it to its original owner? Why do you call us robbers instead? You, Gu Shaoyang, are a real robber. This is a treasure left to us by my ancestors."

From the beginning to the end, Emperor Jin Zong believed that this treasure should belong to his family.

It is said that this treasure was left by a minister of the Qin Dynasty. This minister was an upright and upright official in the Qin Dynasty. Emperor Qin of the Ming Dynasty gave him a large number of treasures, hoping that these treasures would be preserved in the Qin Dynasty. It will be used in times of national calamity in the future.

After much thought, Qin Shihuang handed over these treasures to this minister for safekeeping, thinking that he could truly think about the country without selfishness. However, when the minister died, nothing like this happened..

So the minister hid the treasures and personally sent someone to make a treasure map. Emperor Jin Zong thought that the ministers of the Qin Dynasty were his ancestors, and the things left by these ancestors would naturally belong to him. he

"It's really a fallacy. It was a treasure left by Emperor Qin. It can be said that this treasure belongs to everyone in the world. How can it belong to you? Although this treasure is controlled by a minister, who may be your ancestor, this treasure does belong to you. Not yours.

Your ancestors were honest and upright, but I have not seen such advantages in you two, so if it falls into your hands, it will not be put to the right use. It is better to belong to me, so you should give up this idea. , it is important to save your life, if you can repent today.

I still decide to give you a way to live, but if you still linger on, then today is the day of your death."

Hearing what Emperor Jin Zong said, Gu Shaoyang's heart softened a little.

For the sake of these two guys' ancestors and the sake of that honest minister, he was going to give one to both Emperor Jin Zong and Long Hanming. A way out

"We just want to take back what our ancestors have, this is what we deserve and it has nothing to do with you.

This is an heirloom from our ancestors, and it can only be passed down to us."

At this moment, Emperor Jin Zong was talking and looking for opportunities. He didn't believe that Gu Shaoyang was impeccable.

"Heirloom, forget it, you will be ruined if it is passed into your hands. I have already heard what kind of virtuous person you are, so I said you should give up on this idea. Today I have this treasure map. I tell you clearly that it is in my hands, but don't even think about it."

After getting the confirmation, Jin Zongdi and Long Hanming became even more excited. As long as the thorn in the flesh in front of them is removed, the next thing will be easy to handle. The remaining people around Gu Shaoyang, then A few people who looked like fools in their eyes were easy to deal with.

This Gu Shaoyang was really a difficult master. They had dealt with each other before. Although they were defeated, these two people still couldn't deal with it. Scratching endlessly

"Gu Shaoyang, we two brothers, please just return the things to us, but don't worry, after getting these treasures, we will definitely share some with you. Brothers are also very generous in their work and will never monopolize these treasures. of"

"Hey, you're thinking too much. It's not that you want to take it all, it's that I want to take it all."

Gu Shaoyang corrected Jin Zongdi's statement with a mocking look on his face.

"It seems like you don't want to give this thing back to us."

"That's right. This treasure belongs to everyone in the world. Everyone has the right to get it. It depends on whether you have such ability. The treasure map is on my bed. If you can take it from my hands, this treasure is I don't say a word to you." Gu Shaoyang pointed to the exquisite box on the bed without hesitation. At this moment, both of their eyes were focused on the direction Gu Shaoyang was pointing at.

The box on the bed looked particularly bright against the darkness. The gold edging was sparkling. Not to mention the treasure inside, this box must be worth some money.

Seeing this, Emperor Jin Zong couldn't help but walk in the direction of the box.

"Stop, don't move, if you take one more step forward, I will kill you without a burial place."

Looking at Emperor Jin Zong's greedy look, Gu Shaoyang warned him at this moment.

Emperor Jin Zong stood there mechanically, but did not move his eyes away.

The treasure was indeed in Gu Shaoyang's hands.

Emperor Jin Zong and Long Hanming The feeling that the two people saw the treasure but couldn't get it in their hands made their palms itch.

If they had passed the application, then Jin Zongdi knew that he and Long Hanming together were no match for Gu Shaoyang. Now the treasure He was right in front of him. If he wanted to get him, he had to outsmart him. Thinking of this, he said this to Gu Shaoyang to disturb Gu Shaoyang's thoughts and disrupt his judgment while quietly putting his hand into his pocket.

Chapter 1637

"Well, Gu Shaoyang, you see, although the treasure map is in your hands now, it does not mean that the treasure can be found immediately. If the two of us go to find the treasure with you, the interest will be faster.

And according to rumors from my ancestors, the place where this treasure is hidden is very hidden, and there are some very powerful mechanisms. However, my ancestors also revealed to us some ways to crack these mechanisms. If we can work together to get this treasure Once you find it, you can share a small portion between us brothers. What do you think?"

Although Emperor Jin Zong said this, he didn't think so. She wanted to get all these treasures, but now that Gu Shaoyang is in power, he has no way to get the treasure map, so he can only use this method to confuse Gu Shaoyang.

"What can you say again, why should I take you two with me?"

Now that I have the treasure map, I believe that finding the treasure is just around the corner. With you two, I will divide the treasure between you two. Part of me is not that stupid."

Gu Shaoyang sneered.

Not to mention that Jin Zongdi is really quite resilient. If one plan fails, he will find another one. Now he is not asking for everything just now, but for a part, even a small part. Satisfied, I think what this kid said and what he was thinking were different from what he meant. Of course Gu Shaoyang knew that people's greed in front of money is indescribable. There is nothing to say about bringing these two dangerous people with him. It will bring trouble to yourself, not to mention that there is Tiger Mo Luo Zi Shi and two girls by his side. If one of them is accidentally hurt by these two queens, it will be too late to regret.

So. Even if Emperor Jin Zong offered such conditions, Gu Shaoyang would not be moved.

Although he could imagine that there were huge treasures hidden in this treasure map, he and those around him would have inexhaustible resources. , when the time comes, he will also disperse some money, but Gu Shaoyang is still unwilling to disperse the money to these two people with evil intentions.

"Oh, Gu Shaoyang, think about it, the two of us have made a lot of concessions. This treasure is originally a treasure left by our ancestors and should belong to our family.

But now you have got the treasure map, and you have paid so much, and the two of us are also going to help you find these treasures, and we also know a little about the institutions where the treasure is hidden, so we are not It's not that you should get something in return if you don't pay for it. We don't ask for too much in return, just a small amount of whatever you think."

Jin Zongdi's words seemed so sincere, but Gu Shaoyang knew that this guy was just framing his words, not his real purpose.

"Yes, yes, Gu Shaoyang, look at the two of us, we can be your right-hand men. Although we are not as powerful as you, we can still be of some help. Although we now have the treasure map, it does not prove that we have obtained the treasure..

Besides, our ancestors were also very wise. I believe the mechanisms and secret passages they designed will be very difficult. When the time comes, the two of us will also play a certain role. You see, we all We have already given in to this extent. Gu Shaoyang has one more enemy than one more friend. This is also called we don't know each other without fighting."

Gu Shaoyang was lost in thought under the successive attacks of Emperor Jin Zong and Long Hanming. He was also thinking that although these two guys had evil intentions and evil intentions, if he really took them with him It has certain disadvantages, but it also has certain advantages. Just like what Jin Zongdi said just now, he also heard some things about the treasure hiding place from his ancestors.

If these two guys can really provide this information Then can I avoid taking some detours?

As for the people around me, can these two guys help me persecute Gu Shaoyang? I feel that I have to be careful to protect some and be careful.

Besides, Tiger Demon and Luo The two people in Zishan also know some martial arts, so they will not be easily harmed by them.

Also, the purpose of Jin Zongdi and Long Hanming is to treasure, so naturally they have no interest in hurting other people. If To get the treasure without hurting other people, they are naturally unwilling to do this.

"Hehe, let alone the sharp tongues of the two of you, it really impressed me a little. Let me think about it again."

"Oops, what does Gu Shaoyang have in mind? The two of us following you will only benefit you, there will be no harm to you, so don't worry, we are also half of the world, and the most important thing for people in the world is morality."

"Yes, yes, Gu Shaoyang, just let us two brothers follow you."

"Well, okay, I'll do as you say, but then I'll have the final say on how much the baby will be divided between you."

Chapter 1638

Emperor Jin Zong's current goal is to stay by Gu Shaoyang's side. As long as he stays by Gu Shaoyang's side, then he and Long Hanming will have a chance. No matter what conditions Gu Shaoyang offers now, he will agree to it.

"Okay, okay, you have the final say. You can give us two brothers as much as you want."

"Okay, let's make it a deal. I guess we've tried our best to follow you two for so many days. Let's find a room to rest as soon as possible. We'll set off at dawn tomorrow."

After listening to Gu Shaoyang's words, Emperor Jin Zong and Long Hanming left Gu Shaoyang's room with satisfaction. Although the gold box on Gu Shaoyang's bed was the box containing the treasure map, it was very tempting to them.

But they knew Don't rush for success. As long as you stay with Gu Shaoyang, the chances will be great. Then you won't have to worry about getting this treasure map or the treasure. The two of them left Gu Shaoyang's room obediently and went to look for it nearby. He took a room to rest. At this moment, Gu Shaoyang saw that the sky was slowly turning blue, and it was almost dawn, but he could still take advantage of this opportunity to sleep for another three or two hours.

Although Jin Zongdi and Long Hanming both The individual is left by Gu Shaoyang's side like a time bomb, and accidents can happen anytime, anywhere, but Gu Shaoyang feels that these two people may not be all bad for him.

As long as he reminds the Tiger Demon and Luo Zishan to be careful.

Wait until the treasure map is found before sending these two people away.

Although Long Hanming followed Emperor Jin Zong's instructions when negotiating with Gu Shaoyang just now, after leaving Gu Shaoyang's room, Long Hanming no longer Xie asked Emperor Jin Zong

"Why do you want to be with them? If you are really with Gu Shaoyang and the others, these people will not give us too much when we get the baby. Are you really willing?"

"Not willing to give in, these treasures belong to us originally. What I want is not a small part but all of them. But now if we want all of them, we must stay here.

Think about it, you and I are no match for Gu Shaoyang in terms of our ability. The train has got everything, and there is not even a small chance. If Gu Shaoyang is angered and kills both of us, we Not only did he not get the treasure, he even lost his life.

You said it would be better to keep him by Gu Shaoyang's side first, and then we can slowly think of strategies. I believe that over time, Gu Shaoyang will not be able to keep an eye on us all the time.

As long as we get the chance, all the treasures will be ours. Give me a little bit, do you think I can be willing? It's just a joke, but now in order to stabilize him, I can only agree like this. If I don't agree, not only will we not get the treasure, but we will lose our lives, so this is a temporary measure. Fortunately, you are smart and cooperate. I"

"I'm just saying, I'm just saying that you won't just obey him so easily. The two of us will implement this plan together.

I don't believe it when the tiger is still napping. As long as this kid is not careless, when we seize the opportunity, we will annihilate them all in one fell swoop. When the time comes, the treasure map will be our treasure and our two brothers'.."

The two of them whispered while walking into the room.

Gu Shaoyang lay on the bed and quickly fell asleep.

After all, it was still dark in the countryside, so he heard the crowing of roosters, and Gu Shaoyang was also disturbed by the crowing of roosters. Woke up.

But fortunately, he had a few more hours of sleep, which made him a lot more energetic. He stood on the ground and stretched, yawned, and was about to go find a few other people. There was a hazy snore at the door of Tiger Demon and Luo Zishan's room. Gu Shaoyang couldn't help but laugh. These two guys were not at ease. They had this treasure map in their hands and they had to protect it with them. As for the treasure map, they are sleeping like dead pigs now.

If they are carried away and sold, they may not be able to wake up. Okay

, with the way they sleep, they have slept for a few hours this night, which is enough Already tired, thinking of this, Gu Shaoyang raised his hand and knocked on the door of Tiger Demon and Luo Zishan.

After knocking for a long time, he saw someone opening the door for him. At this moment, Gu Shaoyang looked at Tiger Demon and said

"This purring sound, aren't you worried about the baby? The landlady was very good at doing business. He knew that the people who came to stay in his store could usually have breakfast here, so he prepared some breakfast for these people.

"Oops, please be patient. I have prepared some food. If it doesn't suit your appetite, come down and eat some."

Gu Shaoyang led Tiger Demon and Luo Zishan and walked downstairs. At this moment, Tianci and Lingdang also got up.

"Hey, you guys got up so early."

Tianci felt relieved after seeing that the night was safe and sound. Of course, even if something happened, the two girls would not be needed.

Chapter 1639

Several people walked downstairs together.

Everyone was sitting around the dining table. At this time, Emperor Jin Zong and Long Hanming also walked out of the room. They saw Gu Shaoyang sitting around the dining table downstairs to eat. Now that they had joined Gu Shaoyang's team Among them, it was natural to sit next to Gu Shaoyang, so that he could have an almost lesbian relationship.

So the two of them rushed downstairs quickly with smiles on their faces.

"Hey, why are they here? Gu Shaoyang....."

Listening to the sound of the stairs, Tiger Demon and Luo Zishan followed the sound and forgot. In the past, when they saw the figures of Emperor Jin Zong and Long Hanming, they were really shocked.

Seeing this situation, Tiger Demon and Luo Zishan quickly stood up from their chairs and prepared for battle.

Gu Shaoyang chuckled. Of course, these two guys were completely unaware of the scene that happened last night. How did he know that Emperor Jin Zong and Long Hanming had already submitted to his sect?

"Why don't you eat and get ready for a fight?"

"Gu Shaoyang, didn't you watch? It's Jin Zongdi and Long Hanming. These two guys are here. I won't let them go this time. These two guys are following us closely like rascals."

"They brought this to Gu Shaoyang's door themselves. Since they took the initiative to bring Gu Shaoyang to our door today, let's not be polite to them anymore. This time we will destroy them no matter what."

The Tiger Demon said minding his own business.

Emperor Jin Zong and Long Hanming had already stood in front of Gu Shaoyang and the others, but seeing the tense look of the Tiger Demon and Luo Zishan, they did not dare to move forward, but He looked at Gu Shaoyang with pleading eyes.

Didn't Gu Shaoyang agree to them last night?

Why did he change his attitude this morning?

"Gu Shaoyang, what on earth is going on? Didn't we make an agreement yesterday? Why are they today....."

Before Gu Shaoyang could speak, Emperor Jin Zong asked impatiently

"I have told you, you two should sit down and have a meal as soon as possible. Now Jin Zongdi and Long Hanming are our accomplices. Don't misunderstand a family. Jin Zongdi and Long Hanming, please come over and have a meal as soon as possible."

The scene in front of them shocked Tiger Mo Luo Zishan and Tianci. What on earth is going on? These two guys are obviously their mortal enemies. How come they became their accomplices after waking up, and they are also with them? Gu Shaoyang's relationship is so close. When did they reconcile?

These two guys are deliberately trying to get this treasure map. Doesn't Gu Shaoyang know? Aren't the intentions of these two guys already clear? Why does Gu Shaoyang still want to fight against him? Why are they two so friendly?

"Gu Shaoyang, are you confused? Do you know who these two are? What did both of them do? Why do you still want to be with them? what on earth is it? Tell me quickly."

It can be said that with this scene in front of me, Gu Shaoyang and Jin Zong Emperor Long Hanming have become friends who have known each other for a long time.

They were obviously irreconcilable enemies and suddenly became friends. Where did this start? At this moment, the tiger demon He looked at Gu Shaoyang in confusion and asked.

Only Gu Shaoyang knew the secret and Xuanji in this. In front of Emperor Jin Zong and Long Hanming, Gu Shaoyang couldn't reveal it. After all, Gu Shaoyang had already guessed what these two people were thinking. These two guys were looking for opportunities to attack this group of people. Of course, Gu Shaoyang also used the knowledge of treasure maps that Jin Zongdi and Long Hanming could master to recruit them into his sect. Otherwise

, If these two guys had such evil intentions, Gu Shaoyang would not pamper them like this.

"Gu Shaoyang, tell me, what is going on? Has he really become our friend? I don't agree with what happened. I don't agree with being with them. I feel sick looking at these two guys. I want to tear them into pieces."

"Yes, Gu Shaoyang, what on earth is going on? Why don't you tell us, it's only been one night and it hasn't even ended yet, why did such a change happen all of a sudden? When did they come?"

Don't you know the purpose of these two people? Their purpose is to get the treasure map in our hands. If this is the case, why are you still connected with them?"

How could Tiger Demon and Luo Zishan know what Gu Shaoyang was thinking? They frankly pointed out the conspiracy of Emperor Jin Zong and Long Hanming.

"Sit down, sit down, we don't know each other without fighting. Since we have become a family now, let's not say those indiscreet words. Emperor Jin Zong, Long Hanming, you're welcome, sit down quickly and let's eat together. After dinner, we'll It's time to leave."

Gu Shaoyang did not directly answer the words of Tiger Demon and Luo Zishan. Instead, he invited Jin Zong Emperor Long Hanming to sit down and eat.

He seemed to ignore the existence of the two of them at all.

Chapter 1640

Seeing Gu Shaoyang's attitude, Tiger Demon was furious. He turned and walked towards his room. How could he eat this meal? Luo Zishan also lay down and slapped his chopsticks on the table to show his respect for Gu Shaoyang. dissatisfaction and disgust towards these two guys.

It must also be said that Tianci and Lingdang cooperated better with Gu Shaoyang.

They both felt that there must be a reason why Gu Shaoyang did this. Considering Gu Shaoyang's intelligence, how could he not see the conspiracy of these two guys? Then did Gu Shaoyang want to take advantage of it?

Anyway, they don't need to think too much about this matter, as long as Gu Shaoyang's decision makes sense, Tianci really treats Jin Zongdi and Long Hanming as a family, and greets them for dinner very warmly.

"Yes, since my eldest brother has said that we are a family, then don't be polite. Do you two want a bowl of porridge each? I'll get it for you."

The Emperor Jin Zong and Long Hanming obviously wanted to drink a bowl of porridge, but they didn't dare to look directly at Tianci, so they said awkwardly.

"Oops, the two of us are new ones. Please don't be so polite to me. We should be filial to you, so let's do it ourselves."

"What comes first, what comes later. Now that eldest brother recognizes you, we are a family. There is no such thing as first come, first served. Sit down."

After saying this, Tianci put Zhou Cheng in front of the two of them. At this moment, Gu Shaoyang didn't care about the feelings of Tiger Demon and Luo Zishan. After all, he would find time to explain this matter clearly. I believe that if these two If this guy knows the truth of the matter, he will no longer resent himself and will act in this drama with him.

But Gu Shaoyang thought about it again. With the tiger demon's fiery temper and straight-faced character, if this matter If things were told to him, one day he would reveal the truth to him.

There is really such a possibility. Thinking of this, Gu Shaoyang still gave up the idea of telling the truth. Since the two people resented him, let them first Slowly resent the tyrants, one day they will know their painstaking efforts

"Big brother has put you in a difficult situation, but don't worry, we two brothers will definitely work very hard. If there is any hard work, you can support us two."

While drinking porridge, Emperor Jin Zong expressed his determination to Gu Shaoyang.

"Yes, yes, we will follow you wholeheartedly."

Gu Shaoyang remained calm on the surface.

But in his heart, he was secretly mocking these two guys. They have a pair of triangular eyes and black eyes. They still want to deceive themselves. Who are they so determined to deceive?

"Good brothers, I believe that we will make a fortune together, you two. It must be a huge treasure. As long as we get our hands on it, we will be as rich and wealthy as we want."

Gu Shaoyang thought to himself, since you two are acting, then I will accompany you to act.

After Tiger Demon and Luo Zishan went upstairs, they did not return to their rooms, but stood on the corridor on the second floor and watched. Watching the scene downstairs, of course the conversation between the people downstairs also drifted into their ears.

"It's so abominable, so infuriating, what happened to Gu Shaoyang? Are we ignoring our existence? Why would you join forces with the enemy? What on earth was he thinking? Does he really want to divide the treasure between these two people? I don't agree that I have followed Gu Shaoyang from the beginning. It can be said that along the way, we have gone through life and death and put in so much effort. Now let the two of them sit back and enjoy our treasure. I will not agree to it even to death."

"Tiger Demon, I always feel that something is wrong. Gu Shaoyang usually doesn't have a high opinion of these two people. He also knows what the purpose of these two people is. Suddenly he cooperates with these two people. I think there must be a reason.."

Luo Zishan is more rational. After analyzing it, he felt that Gu Shaoyang had some difficulties.

So he decided to wait until things slowed down, find a place where no one was around, and ask Gu Shaoyang what the reason was.

"What's the reason? I think Gu Shaoyang is just afraid that these two people will cause trouble, and wants to recruit more of them to join the gang. When the time comes, he will kick out all of us, and they will be divided into groups. Then won't all our previous efforts be in vain? Yet? How much did we pay for this treasure map?"

Now that I have the treasure map, I am about to find the treasure, but Gu Shaoyang does this. I really can't understand it. This Gu Shaoyang usually seems to be a very loyal and benevolent person, why is it so important? How can we do such unscrupulous things at all times?"

"Tiger Demon, don't rush to a conclusion. Maybe there are other reasons behind the matter. Don't worry. When I have time, I will go and find out what Gu Shaoyang said and why he joined forces with these two people. This What kind of ability do these two people have that attracts Gu Shaoyang? Or does Gu Shaoyang have something in their hands?"
