Chapter 1641

When Tiger heard what Luo Zishan said, he felt that he might have misunderstood Gu Shaoyang, so he sighed.

He looked at Luo Zishan and said to him, "Okay, then I'll just be patient for the time being."

Because he also believed that Gu Shaoyang was not that kind of person, he felt that he might have really misunderstood Gu Shaoyang.

At this time, Luo Zishan felt really happy when he heard Tiger say this. He didn't expect Tiger to be very obedient.

I originally thought that this guy would definitely go all the way to the dark side, but now it seems that he is okay.

Luo Zishan slowly felt relieved. After all, Gu Shaoyang had his own plan.

He didn't dare to say it to Tiger. Otherwise, the relationship between Tiger and Long Hanming would still be a little unclear at this time. What's more, his temperament was too direct. If he spoke directly to Long Hanming, Han Ming let it slip, which would be of no benefit to Gu Shaoyang and the others.

At this time, Gu Shaoyang had already walked over. Seeing the two people talking on the side without going to have breakfast, Gu Shaoyang was very strange.

He looked in the direction of Tiger and Luo Zishan and said to them: "Why did you eat so little for breakfast this morning?"

When Tiger saw Gu Shaoyang, he felt a little uncomfortable in his heart. But he still held back the discomfort in his heart.

He looked at Gu Shaoyang, his face a little unnatural, and said to him: "In the morning, I didn't have much appetite. Those two guys didn't want to see him."

After hearing what Tiger said, Gu Shaoyang was still very happy. , originally he thought that when Tiger saw Long Hanming, his heart would be somewhat biased in Long Hanming's direction, but he did not expect that Tiger would be completely on his side at this time.

Gu Shaoyang looked at Tiger and said to him:"Don't worry, I know all these things in my heart."

Hearing Gu Shaoyang's ambiguous words, Tiger felt that Gu Shaoyang really knew it in his heart, because he knew that Gu Shaoyang was originally , is a very just person, and he also believes that Gu Shaoyang will not be so casual when he talks about the shocking treasure map, and has already asked for benefits from Emperor Jin Zong and Long Hanming.

At this time, Li Zhou had also walked over. He looked at Gu Shaoyang and the others, standing in one place talking, and ignored Long Hanming and Jin Zongdi.

Li Zhou looked at the three of them and said to them:"Why are you all sitting here at the door and not inside the room?"

Because they were in the room, there were many people, and they were all talking.

So Gu Shaoyang turned back to look at Li Zhou and said,"It's nothing. I just finished breakfast and felt that the room was a little too hot, so I came out to enjoy the coolness."

Hearing what Gu Shaoyang said, Li Zhou nodded and looked at them Several people faced each other, and they said,"I always feel that Long Hanming and Jin Zongdi are suddenly so enthusiastic about us. Do they have some kind of intention?"

After hearing what Li Zhou said, the corner of Gu Shaoyang's mouth changed. He raised his head slightly, looked at Li Zhou and said to him:"What do you think, showing courtesy for nothing is either cheating or stealing, but we can also use the trick." After hearing what

Gu Shaoyang said, Li Zhou's eyes suddenly lit up, they didn't expect that Gu Shaoyang had already seen through what they were thinking and had already thought of a countermeasure.

And this tiger really felt at ease with Gu Shaoyang.

Gu Shaoyang glanced toward the inside of the room and saw Long Hanming and Jin Zongdi looking in this direction very warily.

Gu Shaoyang blinked and looked at several people and said, "Let's all go in first."

When they heard Gu Shaoyang, they already had an idea in their hearts. They knew that as long as they found an opportunity for everyone to be together, they would leave Emperor Jin Zong behind. With Long Hanming, they are completely able to discuss countermeasures.

So at this time, several people felt relieved, and everyone seemed to be much more relaxed.

Li Zhou looked at Gu Shaoyang, and then he wanted to pull him. Gu Shaoyang's shoulder turned to Gu Shaoyang and said: "Yes, yes, yes, let's all go in and have breakfast. I haven't finished eating yet."

The tiger on the other side felt that he At this time, I already knew what Gu Shaoyang and the others were thinking, and I felt much more comfortable.

He looked directly at Gu Shaoyang and the others, and they said, "I haven't started eating breakfast yet. I'm going to have breakfast too."

Luo Zishan really didn't expect who just dropped the chopsticks and left directly At this time when he was not eating, he actually said that he was hungry again. Luo Zishan looked directly at the tiger.

Then he looked in the direction of the tiger and said, "I didn't expect that you, a guy, would really fall out of love faster than turning the page in a book. You would have thought about it so quickly."

Chapter 1642

The sound of Tiger chuckling and laughing really sounded a little silly.

He looked at Li Zhou and said to him: "Of course, as long as I can untie the knot in my heart, everything will be very easy to handle." At this time, several people walked into the room again. Inside, I looked at the two little girls Tianci and Lingdang, who were watching Jin Zongdi and Long Hanming eating together, so they were still very defensive all the time.

Gu Shaoyang looked in the direction of Tianci, and of course Tianci looked at Gu Shaoyang. The two of them knew each other tacitly, and both had their own plans.

So at this time, the two of them showed a very enthusiastic look.

Gu Shaoyang sat next to the table and said to them: "It was too hot in the room just now. Go out and cool down."

When he told lies, he didn't care whether Emperor Jin Zong and Long Hanming believed it or not. , he was already sitting in his seat next to the table.

He looked at Li Zhou and Luo Zishan and said to them, "You haven't even had much breakfast. You guys have already gone out to cool off. Come and eat."

Then he looked at Emperor Jin Zong, He said to him: "How was today's breakfast? This place is still relatively small, so in the future, when we all rush towards the treasure map, we should have a larger place."

Because Gu Shaoyang knew that Emperor Jin Zong was the king of the Kingdom of Jin. The emperor of the country, so he must be very disdainful of such a small place. Although Emperor Jin Zong is very disdainful of these things at this time, he still has to show that he is very close to the people.

Jin Zongdi also wanted to show that he and Gu Shaoyang and the others were very friendly, and said to them: "I'm not particularly picky about what I eat, you can just do whatever you want."

Gu Shaoyang actually saw it. Looking at Jin Zongdi, he is full of pickiness now, and sitting there, he has a feeling of superiority, knowing that this guy wants this kind of trick to plot against them.

So Gu Shaoyang really sneered in his heart.

Long Hanming on the other side did not particularly care about these things, even though he had already reached the status of the Demon King at this time.

But in the past, he had actually lived in such a poor life, so he pursued these things without particularly high requirements. He drank porridge and then ate the side dishes on the plate.

While he was facing Gu Shaoyang, several of them said, "Where should we all go next?"

Gu Shaoyang suddenly heard that after Long Hanming asked this, he pointed randomly.

Gu Shaoyang said to several of them: "The most important thing for us now is to return to the Kingdom of Jin."

When he heard about returning to the Kingdom of Jin, Emperor Jin Zong suddenly opened his eyes wide. It's really unbelievable. I didn't expect that this treasure was really within my own country. Why didn't I find it even though I was already at the top of my lungs?

He looked in the direction of Gu Shaoyang with great doubts, and said to Gu Shaoyang: "Are you sure that the location of the treasure map is in the Kingdom of Jin?"

Gu Shaoyang nodded and said to him: "Indeed, we have all carefully looked at it. I have researched it, so that place is indeed passing by, but it is not pointed out on the treasure map. After returning to the country, find someone who understands, and we will look at it carefully and carefully.."

At this time, Emperor Jin Zong couldn't wait any longer. He looked at Gu Shaoyang and said to him: "Then do you still need to ask? I am the king of the Jin Kingdom, so I can know all these things, no matter it is As long as it's our country's territory, I have my own judgment, so I'll come and take a look."

Hearing Emperor Jin Zong's impatient look, Long Hanming on the other side started, very He was on guard, and he was also afraid of Emperor Jin Zong. If he really saw the map at this time, he would not have such a chance.

Long Hanming looked at Emperor Jin Zongming and said to him: "Why are we in a hurry? We can look at these things after we return to the Kingdom of Jin." Suddenly,

Emperor Jin Zongming heard that Long Hanming was like this Said, a cold look was already cast in the direction of Long Hanming.

He really didn't expect that at such a critical moment, Long Hanming would come to undermine him.

At this time, Gu Shaoyang really sneered in his heart. Looking at the two of them, dog eating dog, for Gu Shaoyang, half of his plan had been successful.

When Gu Shaoyang heard what Long Hanming said, he got off the slope, looked at Emperor Jin Zong, and said to him: "Long Hanming is right, there is no need to worry now, we will wait until we all return to Jin Zongdi." After the country is over, it's too late to see it again."

Chapter 1643

Although Emperor Jin Zong was really disappointed after hearing what Gu Shaoyang said, he had already recorded this hatred on Long Hanming's head.

At first, I thought that Gu Shaoyang would definitely show this thing to him, but he didn't expect that Long Hanming would be diverted by this sentence.

So he snorted in his heart, looked at the side dish in front of him, and picked it up with his chopsticks.

He picked up the dish hard and put it in his mouth, as if the person he was biting at this time was Long Hanming, and he wanted to swallow his bones.

Li Zhou on the other side was originally a very smart person. After all, his parents were the patriarchs of the Li family, so he had been taught a lot of intrigues since he was a child. He looked at Emperor Jin Zong and Long Hanming. The two people looked at each other at this time, and they completely understood each other.

It turned out that Gu Shaoyang wanted to sow discord at this time and see that the two of them could turn against each other. This was the most important thing for them. Otherwise, Emperor Jin Zong and Long Hanming, one of them would be Jin Zongdi. The king of the country and the devil king of the demon clan. The two of them together are simply a very big threat to them.

So at this time, Li Zhou also looked in the direction of Emperor Jin Zong and said to him: "When you return to the Kingdom of Jin, you can help us find where this thing is, and then let our whole family go." How about it."

Emperor Jin Zong was of course very happy when he heard what Li Zhou said. When Gu Shaoyang heard what Li Zhou said, he didn't expect that this guy Li Zhou was really very smart and had thought of it so quickly. What he was thinking in his heart, and he continued to add fuel to the fire in his own direction. At this time, the day when Long Hanming and Jin Zongdi were suspicious of each other and fighting with each other was not far away.

Emperor Jin Zong looked in the direction of Li Zhou, and his eyes began to light up.

He looked at Li Zhou and said to him: "Of course, your father and I are good brothers. It is impossible to break our friendship in the past 30 years. And if it weren't for this little thing, Your parents will not be blamed for such a crime."

When Emperor Jin Zong said this, he looked very righteous and awe-inspiring, thinking that he had done such a wrong thing to Lizhou's parents, and it was simply wrong. It was not his own fault, but because they were ignorant of current affairs. Li Zhou was really very resentful in his heart. He did not expect that Emperor Jin Zong was so shameless and had already made his father suffer. So much damage, he almost didn't die.

And his mother's eyes were completely blind. He was still saying such rude words in this place, but Li Zhou still held back the anger in his heart.

He looked in the direction of Emperor Jin Zong and said, "Yes, so when I return to the Kingdom of Jin, I will present this treasure map. I hope you can let it go, and we are a family."

But when Long Hanming heard that the conversation between Emperor Jin Zong and Li Zhou was indeed completely different, he did not expect that Li Zhou would eventually put the treasure map in Emperor Jin Zong's hands. Does it prove that you have failed to get anything out of a bamboo basket? It had already looked in the direction of several people, and felt that at this time, they all looked like they were Emperor Jin Zong for the first time.

So at this time, Long Hanming's fists were clenched tightly, and the fingers holding him were starting to turn white. Gu Shaoyang knew when he looked at Long Hanming's very suffocated look. This guy was originally a small-minded person, but now that he saw several of them moving closer to Emperor Jin Zong, he would definitely feel very uncomfortable, so he thought that Li What Zhou said just now was simply too smart.

On the other hand, Tianci was very happy when he saw how well they cooperated with each other, so for the next breakfast, everyone ate with their own agenda. After breakfast.

Gu Shaoyang looked at several people and said to them: "We have worked hard today. Let's go back and rest for a while. In the afternoon, we will continue on our way." After hearing

Gu Shaoyang's words about God's gift, they were completely satisfied. Knowing that Gu Shaoyang would definitely discuss countermeasures with them next, Tianci immediately stepped in.

Looking at the little girl Lingdang, he said, "I got up too early this morning, and we have to rush in the afternoon. Sister Lingdang, let's go. The two of us will go back to the room to rest."

Gu Shaoyang looked at Tianci blinked his eyes and signaled Tianci not to fall asleep for a while.

Chapter 1644

Tianci smiled slightly and said to Gu Shaoyang, "Then I'll go back first."

Gu Shaoyang nodded and said, "Okay, you guys go back and rest first. I'll call you if you get up later."

Tianci nodded and pulled the bell. Facing him, he said: "Let the two of us go back and rest."

On the other side, Li Zhou also knew at this time what Gu Shaoyang meant. If everyone had been living in this place, what would they want? , discussing a good countermeasure, there was no chance at all, so at this time, Li Zhou also rubbed his eyes.

Then he stretched and faced them and said, "Then I'll go back and rest. The traveling along the way is really hard for me."

Gu Shaoyang also looked at Luo Zishan and The two tigers turned to the two of them and said: "You two, go back and rest. It was indeed very hard to find out the news some time ago." The two people nodded, although they didn't know what Gu Shaoyang was doing at this time. What did they want to do, but the two of them knew that as long as they followed Gu Shaoyang's orders, they were right. Then Gu Shaoyang looked at Long Hanming with his hands clasped in his fists.

Looking in the direction of Long Hanming, he said to him: "King, you have worked hard on this journey. Go back and have a rest. Although this place is simple, there is still a place to cover your head. Otherwise, you will have to take a rest." On the long way down, we will all be sleeping in the wild."

At this time, Emperor Jin Zong was really happy in his heart. After all, he heard that Li Zhou wanted to put the shocking treasure map in his heart. in my hands, so I was in a very good mood and didn't care whether this place was missing or not.

Instead, he nodded and looked at Gu Shaoyang, and said to him: "Okay, let's all go back and rest first."

When he said this, Emperor Jin Zong had already stood up, followed by two guards. Walking towards the upstairs, Long Hanming on the other side, although he was very unhappy, he had always been able to endure humiliation and bear the burden, and he was still a smiling tiger.

So he looked in the direction of Gu Shaoyang and the others. He said to Gu Shaoyang: "You should go back and rest earlier, and we will see each other at noon."

Gu Shaoyang nodded, clasped his fists, looked in the direction of Long Hanming and said to Long Hanming, "Yes, His Highness the Demon King."

Long Hanming had already gone down to the second floor and walked up, but he always felt that Gu Shaoyang and the others were slowly moving closer to Emperor Jin Zong at this time. If so, he really What is necessary is to recalculate.

So at this time, he also felt that he should return to the room and make a new plan.

On the other side, Gu Shaoyang looked at it. The hall had completely quieted down. He took a deep breath and exhaled again. He did not expect that Emperor Jin Zong and Long Hanming were involved. After they got involved, they The entire team has completely changed. In a different sense, everyone has begun to scheming with each other.

Therefore, Gu Shaoyang felt that the next step must be to have a good discussion with his friends. Otherwise, the impulsive personalities of two people like Tiger and Luo Zishan will definitely cause trouble for him in the future.

Gu Shaoyang returned to his room and was very quiet. He had already sat cross-legged on the bed and closed his eyes to meditate.

After half an hour, Gu Shaoyang slowly opened his glasses and felt that the whole place was completely quiet now. After all, Emperor Jin Zong and Long Hanming lived here, so all the places , have all been taken care of by them.

As long as a few people take a rest, this place will become completely quiet.

After Gu Shaoyang opened his eyes, he quietly walked out of his room. He walked quietly to Tianci's room and knocked twice.

Tianci was very startled and immediately opened the door.

Gu Shaoyang watched Tianci open the door and said to Tianci: "Wait in the room."

Tianci nodded, then said nothing, and gently closed the door again.

Gu Shaoyang went directly to the door of Luo Zishan and Lao Hu's room, and knocked on the door twice. The sound was really very soft, and if you didn't listen carefully, you wouldn't hear it at all.

But they didn't expect that the two of them were really awakened and quickly opened the door.

Gu Shaoyang pointed to Tianci's room, and he said: "Over there."

Hearing Gu Shaoyang's words, he then pointed to Tianci's room.

Li Zhou nodded immediately, then turned around and beckoned the tiger with his hand.

Tiger followed Li Zhou, and the two of them walked out of the room, closed the door gently, and walked towards Tianci.

Chapter 1645

The two entered Tianci's room quietly without attracting anyone's attention.

On the other side, Gu Shaoyang came to Li Zhou's room again. After just knocking twice, Li Zhou had already walked out.

He looked in Gu Shaoyang's direction, and the two nodded to each other.

Gu Shaoyang pointed to Tianci's room, and Li Zhou nodded again. There was no need to say anything at all. After all, they had been together for several years, so they understood each other tacitly.

Li Zhou walked directly towards the direction of Tianci's room.

Gu Shaoyang saw that several people had arrived, and then he still stood very leisurely in the corridor for a while, but when he saw that no one came out, Gu Shaoyang felt relieved.

He also walked in the direction of Tianci, towards the interior of the room.

The bells were still real at this time, a little dazed. Gu Shaoyang looked at this little girl of twelve or thirteen years old, wearing a red dress. She looked very beautiful, and she looked different from the dark and skinny little girl before. , completely different.

Due to his own cultivation, he has gained a little weight now, and his overall temperament is very good.

Gu Shaoyang looked at the little girl Lingdang and said to him:"In a while, you can go to the door and leave it a little open to see if anyone is there. Pay attention to our place and give us a break."

Lingdang knows a lot. When a few of them were talking together, he couldn't help at all. He was very happy to be able to look out for them.

So he nodded quickly, stood up, shook off his skirt, and said to Gu Shaoyang:"I know, Brother Gu Shaoyang."

When he said this, he was very quiet. , talking to Gu Shaoyang, Gu Shaoyang felt that this little girl was really cute. When Lingdang passed by him, he stretched out his hand and rubbed Lingdang's hair.

Lingdang saw that Gu Shaoyang had been really kind to him during this period. He looked in the direction of Gu Shaoyang and pouted, as if he was angry.

And Gu Shaoyang felt that Lingdang, at this time, had begun to change from the little girl who was very cautious and stubborn in everything before. He felt that Lingdang was by his side, and he was very happy in his heart.

When Ling Ding walked to the door, he had already opened the door slightly and looked towards the end of the corridor.

At this time, the entire corridor was very quiet, and they were in the farthest room, so there shouldn't be anyone eavesdropping in this place.

Gu Shaoyang looked at a few people, and his voice was a little louder, and he said to them: "Long Hanming and Jin Zongdi are outside at this time, so it is not particularly convenient for us to talk. If there is anything, if there is a problem, speak up quickly and solve it quickly."

After hearing what Gu Shaoyang said, the tiger on the other side could no longer bear it. He looked in the direction of Gu Shaoyang and said to Gu Shaoyang: "Isn't that right? You asked Jin before. Emperor Zong and Long Hanming came into contact with all of us because they had their own plans."

Hearing what Tiger said, Gu Shaoyang didn't expect that Tiger was really very smart, and Luo Zishan also looked in the direction of Gu Shaoyang past.

He looked at Gu Shaoyang and said to him: "I think you should have your own plans and won't cooperate with him." The corners of Gu Shaoyang's mouth raised slightly, looking at Tianci and Li Zhou facing each other, they said: "What do you think?"

The two of them certainly felt that Gu Shaoyang was a very thoughtful person to begin with, and would definitely not obey just because the two of them used their power to oppress them or expressed their affection for them.

So Tianci looked at Gu Shaoyang and said, "I know that you and the two of them are so good together, and then you say this from time to time just to provoke the relationship between the two of them, so that we can all relax. Some."

Li Zhou on the other side actually thought the same way. He nodded, and then looked in the direction of Tianci. Tianci said, "Actually, I think so too."

Gu Shaoyang was really happy and relieved. These two people have been living together for several years, and they really know each other very well.

Gu Shaoyang nodded, there was nothing to hide from them.

He looked at Li Zhou, looking in the direction of Luo Zishan and the others, and said to them: "Indeed, this is what I think. If Emperor Jin Zong and Long Hanming have suspicions in their hearts, wait until they personally leave, let's meet again next time in this place."

Chapter 1646

He paused and continued: "The two of them will definitely have various ideas about each other, and they will never cooperate together in the future."

Hearing that Gu Shaoyang himself had already expressed this idea to several of them said it, and Tiger suddenly breathed a sigh of relief.

He immediately patted his chest and said to Gu Shaoyang: "Fortunately, you think so. I thought you were really complete and had defected to Long Hanming's side."

Gu Shaoyang listened. When Tiger said this, it was because he knew that Tiger had completely betrayed Long Hanming, so if Long Hanming was given a chance, he would definitely not get anything good.

So Gu Shaoyang stood up, patted Tiger on the shoulder, and said to him: "Uncle, don't worry, we will definitely ensure your safety, and we won't let Long Hanming take you back."

Tiger listened. When Gu Shaoyang said this, he didn't expect that Gu Shaoyang still knew what he was thinking, so he nodded, feeling very moved and very pleased.

Gu Shaoyang and others got together and talked about some ways to deal with Emperor Jin Zong and Long Hanming.

The next most important thing is that he and Li Zhou work together to give them more space. In this way, the two of them slowly leave their own direction. When a few of them go in to hunt for treasures, they will definitely bring them more convenience.

It is possible that after Emperor Jin Zong returns to the Kingdom of Jin and Long Hanming returns to his demon clan, the two of them will start a war. In this case, it will be of great benefit to Gu Shaoyang and the others.

Gu Shaoyang was simple. After talking to a few of them about his thoughts for a while, Gu Shaoyang stood up just after a quarter of an hour.

He looked at them and said, "We all go back to our rooms, as if nothing happened, and try to stay as natural as possible."

After hearing what Gu Shaoyang said, Luo Zishan certainly knew what Gu Shaoyang said. This sentence was completely directed towards himself and Tiger.

After all, he and Tiger were both Warcraft and were relatively impulsive, so he stood up immediately and patted his purple robe.

He looked at Gu Shaoyang with his hands clasped in his fists, and said to him: "I know, don't worry, Mr. Gu Shaoyang, the two of us will definitely not show our flaws."

After Luo Zishan finished speaking, Gu Shaoyang raised the corners of his mouth slightly, The mood was really good. When Luo Zishan was joking with him, he patted Luo Zishan on the shoulder and said to him: "You are a guy who is usually very easily excited, so I am really treating you." I'm very worried."

The tiger on the other side was also really embarrassed, because he was a straight person and didn't think that much about many things.

So he stood up, looked in the direction of Gu Shaoyang, and said to Gu Shaoyang: "Don't worry, I will definitely handle this matter for you."

Gu Shaoyang looked at the tiger and said to him: "As long as you two are normal I can just live my life without your help."

Of course the two of them also knew that they seemed to have a lot of hatred in front of Long Hanming, so if they saw Long Hanming If he was afraid that he would let it slip, Luo Zishan immediately started to assure Gu Shaoyang and said to him: "Don't worry." Gu Shaoyang looked in

the direction of the tiger. At this time, he was also very determined. He knew that Tiger would definitely not mess this up for him.

So Gu Shaoyang watched and several of them said: "Okay, let's all go back to our rooms. At noon, I will ask you to finish lunch and everyone will prepare to head towards the Kingdom of Jin. Then we will think of a way. Let the two of them go back."

After hearing what Gu Shaoyang said, several people had already stood up and had ideas in their minds, so they slowly walked towards the door.

Gu Shaoyang rubbed Lingdang's hair, looked at Lingdang, and said to him: "Nothing was found."

Lingdang nodded and said to him: "Everything is normal, don't worry."

Li Zhouke opened the door and said to him The two people holding the bell said: "You two, take the time to rest."

Because he also knew that the two of them were girls after all, and if they had to travel all the way, they would be very tired.

After Gu Shaoyang and the others had all walked out, there were Gu Shaoyang and Tianci in the room.

Lingdang looked at Tianci and said to him, "Sister Tianci, I didn't expect that Brother Gu Shaoyang thought this way."

Tianci nodded and said to him, "Yes."

Chapter 1647

Then, as if he suddenly realized something, he continued: "Otherwise, I don't think he would have said those flattering words to the two of them together."

Lingdang only realized after hearing what Tianci said that it turned out that Gu Shaoyang and Tianci and the others A few people meant this. Because he was young, he didn't know much about these things. He just had to follow their orders.

Therefore, Tianci also knew that he was young and did not want to talk to him about these things. Instead, he looked at the bell and said to him: "Get some rest quickly. At noon, we should be on our way."

Lingdang nodded, and the two The sisters had already gone to bed and started to rest.

At noon, Gu Shaoyang had already knocked on the door and called all his friends. Gu Shaoyang got up early downstairs and had prepared various lunches.

So a few people came out and went directly to the inn downstairs. They already saw the food on the table, which was very rich.

Moreover, Jin Zongdi was already sitting on the table at this time. Gu Shaoyang looked at Jin Zongdi and said to him: "I didn't expect that you came very early." At this time, Jin Zongdi's whole body He didn't seem to be in particularly good spirits. He looked at Gu Shaoyang and said, "Because I didn't sleep well last night, and I was very uncomfortable when I went back to this place just now, so I didn't have a good rest, so I came down early."

Gu Shaoyang knew that he I have always been pampered, so I am not particularly adapted to this kind of life.

At this time, several friends had all gone downstairs, and Long Hanming also came down with them. Then everyone greeted each other and started eating without saying anything special.

After Gu Shaoyang had eaten, he had already looked at several friends and said to them: "We are getting ready to leave now."

Since Emperor Jin Zong was surrounded by various forces to protect him, he wanted to It is very troublesome to go out.

Gu Shaoyang looked at Emperor Jin Zong and said to him, "Do you want to go with us?"

After Emperor Jin Zong heard Gu Shaoyang calling himself this, Emperor Jin Zong immediately became serious.

He looked at Gu Shaoyang, because Gu Shaoyang was going to regret it at this time.

He looked at Gu Shaoyang and said to him:"I want to return to the Kingdom of Jin with you."

Gu Shaoyang nodded and said,"Okay, but you have to make arrangements for the people under your command in advance."

Jin Emperor Zong did not manage these matters in detail at all. He had his own chief guard.

He said to Gu Shaoyang:"I know this matter myself. I don't need you to worry about it. I have my own arrangements for my own popularity. Don't worry."

Gu Shaoyang nodded and looked at Long Hanming, saying to him : "You want to go with us."

Long Hanming nodded and said to him,"Yes."

Gu Shaoyang and the others had already packed their baggage.

Gu Shaoyang looked at several friends and said to them:"In that case, let's get ready to go."

Since they were all at the foot of Kunlun Mountain at this time, they still had more than a month to return to the Kingdom of Jin. distance, so Gu Shaoyang felt that it was very possible to try to drive a wedge between the two of them in the past month or so.

So Gu Shaoyang and the others got ready and walked out of the inn.

After Gu Shaoyang and the others passed by, he touched his forehead with the inn's proprietress. He had no idea how he could attract such big people. He was really afraid that these people would blame him if he failed to entertain him. to his own head.

So he took a deep breath and exhaled it, feeling that his hands and feet were slowly starting to warm up at this moment. After all, he had been so scared that his hands and feet had become cold before.

The landlady shook her head helplessly and said to him:"I'd better do my business well from now on. The aura of these guys is simply too strong." On

Gu Shaoyang's side, they walked out of the inn quickly. Outside the city.

After another hour, they had arrived at the forest pass.

There are forests on both sides of this place, and the roads are not that wide, so when they walked, they looked really well-organized.

Tianci slowly walked to Gu Shaoyang, looked at Gu Shaoyang, and said to him: "What should we do next?"

Gu Shaoyang knew that he wanted to provoke, and the relationship between the two of them did not happen overnight. After all, the relationship between them We have known each other for many years, although we have always been wary of each other.

But the two of them rely more on each other.

Gu Shaoyang said to Tianci: "We can only wait and see what happens. When the time comes, we will see if any of them have many things, and then they will leave our side."

Chapter 1648

Tianci felt that Emperor Jin Zong was actually the emperor of a country, so there were really many things happening around him, so the method Gu Shaoyang said was the only way to do it.

Moreover, as the Demon King of the Demon Clan, Long Hanming also has many things to do, so Tianci thinks that Gu Shaoyang's method is really very feasible.

After all, it was really not easy for these two people to stay by his side. He shut his mouth again and continued to move forward with Gu Shaoyang and the others.

Everyone has been traveling for half a month, but they haven't heard anything happening from Emperor Jin Zong's side.

He would have various departments reporting to him every day. Emperor Jin Zong would also review various memorials every night when everyone was resting.

Therefore, in the past half month, Emperor Jin Zong's spirit has slowly begun to stagnate. It seems that he can no longer keep up with the rhythm of Gu Shaoyang and the others.

Gu Shaoyang was really sneering in his heart. It seemed that it would not be so easy for him to get the shocking treasure map.

And Long Hanming also had various reports from the demon beasts in his direction every day about the affairs of their demon clan. He did not expect that during this period of time, the demon clan would have a lot of civil strife because of Long Hanming's absence.

Although Gu Shaoyang only heard a few bits and pieces, it was already very important news to him.

He felt that the time for Long Hanming to leave here was getting closer and closer. As long as he left, Emperor Jin Zongquan would be able to be provoked by him. From now on, there would be a gap between the two of them. For Gu Shaoyang and the others, it does have many benefits.

Sure enough, they had just thought about this matter, but within three days, Gu Shaoyang and the others had already seen several demon beasts coming to Gu Shaoyang and the others.

Moreover, these Warcraft are some Warcraft larks and some Warcraft flying crows. They should all be some Warcraft that tip off the enemy. When they came to the Demon King Long Hanming, they all looked at Long Hanming very carefully. He said, "I have something to report to you."

The Demon King was really surprised. The faces of every demon beast at this time, Their expressions have become very serious.

When Long Hanming looked at them like this, he knew something big had happened.

And Gu Shaoyang sneered even more in his heart. It seemed that it was really not easy for Long Hanming to head towards the Jin Kingdom's treasure map with them.

When the few people were a little further away, Gu Shaoyang could see that Long Hanming's face was getting colder and colder. Immediately afterwards, Long Hanming had already walked back.

He looked at Gu Shaoyang and the others, and said to them: "It seems that we all can't move forward together. If anything happens in the future, please give me news when you get to the Kingdom of Jin."

Hearing Long Hanming say this, Gu Shaoyang's mouth corners slightly raised, still looking very gentle and polite, he said to him: "Okay, if we arrive in the Kingdom of Jin and there is a target of the shocking Bagua treasure map, I will talk to you Contact."

Although Long Hanming didn't particularly believe what Gu Shaoyang said, but now the entire demon clan has begun to be in chaos. Originally, the demon beasts in the demon clan were very warlike, and he was not there. In local battles, something like this would definitely happen, so he had no choice but to go back.

He looked at Gu Shaoyang and the others, clasped his fists with his hands, and said to Gu Shaoyang, Tianci and the others: "Then I'll say goodbye. I'll go back to the Jin Kingdom Demon Clan first. If anything happens, you all can contact me again."

Then Jin Zongdi also clasped his hands and looked in the direction of Long Hanming. He was very happy at this time. He looked at Long Hanming and said to him: "Farewell, I will definitely contact you if there is any news." Yours."

Emperor Jin Zong's words were full of ghosts, but he knew that at this time, there was no way to ignore the treasure map and whether he could find the most important thing, or to stabilize all the things of the demon clan. Housing is the most important thing.

Originally, he was in the position because he was not justified in his reputation, but now something like this happens. If he is not surprised quickly, it will be really troublesome in the future.

So Long Hanming and the others, after saying goodbye again, stood in the air and faced the distance, and rushed back.

Because there are so many of them, it takes a long time for everyone to travel, so there are a lot of various things happening every day.

A few days later, Gu Shaoyang and the others continued on their way, and at this time, Emperor Jin Zong's mental state had begun to become weaker and weaker.

He has always wanted to move forward with Gu Shaoyang and the others, regardless of you and me, so he has always been pampered, and now he can't stand it anymore.

Gu Shaoyang looked at Jin Zongdi's increasingly thin face and said to him:"In recent times, there have been too many memorials reviewed. Why does your whole face seem to have lost weight?" A lot."

At this time, Emperor Jin Zong's eyes were filled with cyan, and he looked very thin. Moreover, he did not have the graceful and graceful appearance of Yushu Linfeng before. He had completely become, very His whole body seemed weak.

He looked at Gu Shaoyang and said to him:"It is true that during this period of time, there have been a lot of things in the court, so it is really beyond my capabilities, but it doesn't matter, I can persevere until the end."

Gu Shaoyang really With a sneer, he looked at everyone and said to them:"In that case, I will take you all and continue on our way."

So Gu Shaoyang was thinking in his heart, then he would lead him If he wanders around the entire Jin Kingdom, sooner or later Emperor Jin Zong will be unable to hold on.

But I didn't expect that God's calculations were really not as good as those of people. When Gu Shaoyang and others just entered the Kingdom of Jin, they had already seen the ministers in the Kingdom of Jin, and they quickly rushed towards Gu Shaoyang.

Gu Shaoyang really didn't understand why he saw so many ministers, and everyone was wearing court clothes. Gu Shaoyang knew that something must have happened, something particularly important.

Sure enough, when Emperor Jin Zong saw these ministers, his expression became much more serious. He looked at one of the interior ministers and said,"What happened? Why are you here?"

After hearing what Emperor Jin Zong said, all the ministers plopped and knelt on the ground. Then he prostrated himself, with a very respectful look, and said:"See the king, see the king."

After that, Emperor Jin Zong looked at all the ministers facing each other, and they said:"Pingsheng."

All the ministers kowtowed three times. After standing up, he said: "Thank you, King."

After all the ministers below had stood up, they had already seen the Minister of the Interior, with his fat belly and a black official uniform, facing the golden king. The direction of Emperor Zong came over.

Moreover, he leaned into Jin Zongdi's ear and once again said a lot of words. The more Jin Zongdi listened to his facial expression, he became more and more serious. He did not expect that such a thing would happen.

He looked in the direction of the other party and said, "You said that the National Master is here, and our country has begun to rebel."

When he heard this sentence, Gu Shaoyang completely did not think of the so-called National Master. It was Jin Qiuming. Gu Shaoyang had known Jin Qiuming before, but he never thought that Jin Qiuming would do such a thing.

But when Gu Shaoyang thought about it carefully, maybe it was because Emperor Jin Zong was making things difficult for them at this time, so Jin Qiuming resorted to such a trick.

The Minister of the Interior spoke very quietly to Jin Zongdi and said: "This matter is not particularly certain yet, so we need to confirm it again before we can go to this place to report the news to you."

When Emperor Jin Zong heard this, he felt that this matter was really possible. After all, he had been very dissatisfied with himself for a long time, so he snorted coldly.

Emperor Jin Zong looked at the Minister of the Interior and said, "What's not certain? It must be because Jin Qiuming saw that I was not around at this time, so he felt that he could completely take my position." Really? I really didn't expect that he, now inferior to one person and above tens of thousands of people, would have such thoughts."

When he said this, Emperor Jin Zong had already walked towards Gu Shaoyang and the others.

Although Gu Shaoyang acted like he was sitting with Li Zhou and the others chatting very casually at this time, all Gu Shaoyang's energy was focused on seeking information in the direction of Emperor Jin Zong.

After hearing Emperor Jin Zong's words, he walked towards his direction.

Gu Shaoyang continued to look at Li Zhou and said to him:"It was really hard along the way. Bring me that water to take a sip."

After Gu Shaoyang finished speaking, Emperor Jin Zong had already looked at Looking at the few of them, talking together very naturally, I felt that they still didn't realize what they just said.

So he looked at Gu Shaoyang and the others and said to them:"Now we have entered the Kingdom of Jin, so if anything happens in the future, you can just let me solve it."

Gu Shaoyang heard what Emperor Jin Zong said. At that time, he stood up.

Chapter 1650

He looked at Emperor Jin Zong with his hands clasped in his fists, and said to him:"Yes, I already know that I have entered the Kingdom of Jin, so if something really happens, I will definitely report it to you personally."

When he said this, It showed that Gu Shaoyang was really polite and humble.

Emperor Jin Zong was very satisfied with Gu Shaoyang's attitude. After all, he had been in a high position for many years. If someone suddenly disrespected him, he would really be intolerable.

Although Gu Shaoyang was no longer kneeling to him at this time, Emperor Jin Zong also knew that Gu Shaoyang was a proud and arrogant person, so he did not want Gu Shaoyang to flatter him like this. He felt that Gu Shaoyang was like this Just be genuine.

He looked at Gu Shaoyang and said to him:"There are some things in our court, so I need to go back and solve them now. I will meet you in about 10 days."

Gu Shaoyang felt that this matter , it is definitely not that easy to solve.

But since Emperor Jin Zong said this, he could only look at Emperor Jin Zong with his hands clasped and said to him: "We are about to start looking for the location of the shocking Bagua treasure map. Are you going to leave now? ?"

Jin Zongdi nodded and said to him: "There are some things that I need to solve personally, so let's all say goodbye here."

Of course Gu Shaoyang got Jin Zongdi, and he had his own things this time, so he clasped his hands and looked in the direction of Emperor Jin Zong and said to him: "In that case, let's say goodbye and wish you a good journey." Why did

Emperor Jin Zong feel that Gu Shaoyang felt so strange when he said this? But I really didn't find any faults.

On the other side, Tianci and Li Zhou had already stood up.

Li Zhou clasped his hands in his fists, looked in the direction of Emperor Jin Zong, and said to him: "Emperor, go slowly."

After Gu Shaoyang and others had all left, Emperor Jin Zong nodded, looked at them, and faced them Said: "If you arrive at the exact location early, you must report to me."

Gu Shaoyang nodded and said to Emperor Jin Zong: "Yes, I know the emperor."

On the other side, Emperor Jin Zong also sent two of his own A captain of the bodyguard asked them to follow Gu Shaoyang.

Gu Shaoyang felt that as long as these two people were by his side, in fact, they were all very easy to get rid of, so Gu Shaoyang did not refuse.

He knew that Emperor Jin Zong wanted to monitor him. It seemed that Emperor Jin Zong was really very cautious even if he left this place.

On the other side, Emperor Jin Zong immediately turned around, looked at his Minister of the Interior and said to him: "Let's go back now."

Gu Shaoyang looked at Emperor Jin Zong's car, bit by bit. After leaving, they were in this place, and it was really a huge battle, and they looked at the smoke and dust everywhere.

Gu Shaoyang looked at Tianci and the others and said to them: "Have everyone had a rest? If you have rested well, we will all be ready to continue on our way."

Although Gu Shaoyang said this, Tianci and the others knew that there were two more people behind. The tail needs to be shaken off, so this journey should not be particularly easy.

Tianci nodded to the few of them and said, "We have rested. Let's continue on our way. Otherwise, we may have to stay in the forest tonight." After all, during this period of time, Emperor Jin Zong was able to They have to endure more hardships. They have not found a private house to rest. They have been living in various forests for half a month. It is really very difficult. They also want to find a good place. A place to take a rest.

Hearing what Tianci said, the corners of Gu Shaoyang's mouth raised slightly. He thought the same and wanted everyone to have a chance to rest today.

Gu Shaoyang said: "Okay, let's hurry up."

Although Luo Zishan and Tiger on the other side didn't know what was going on and what kind of medicine Gu Shaoyang and the others were selling in the gourd at this time, as long as they believed in Gu Shaoyang, they would That's it.

So the two of them didn't speak, and immediately followed Gu Shaoyang. Fortunately, at night, the stars began to fill the sky, and when the moon hung high, they found a small town.

Although this town looks very small, Gu Shaoyang and the others do not dislike it at all. They feel that it is very good to have a place to stay tonight.

Gu Shaoyang looked at the town in the distance. There was a relatively large-looking inn and said, "Let's all go there to rest."

When he said this, the two guard captains looked at each other very discerningly. Gu Shaoyang and the others said: "I'll go get some information from you first."

As he spoke, Gu Shaoyang nodded and said to him, "Thank you for your hard work, captain of the guard."
