Chapter 1651

One of them nodded, and then walked towards the direction of the inn.

And the other person was indeed following Gu Shaoyang and the others very vigilantly.

In just a short while, Gu Shaoyang and the others had already arrived at the edge of the inn.

The head guard directly said to Gu Shaoyang and the others: "Our luck is really very good, but we only have two people in one room. After all, there is not a particularly big space in this place."

Gu Shaoyang didn't care about these things, but I didn't particularly care, so I looked at the captain of the guard and said to him: "These are all fine, as long as there is a place to stay."

And a person entered the inn, and the owner of the inn was An old man who looked to be in his sixties or seventies, with gray hair and a long white beard. When he saw Gu Shaoyang and the others, he felt a little clean. After all, such a small place could These young people who came here all seemed to have extraordinary temperaments, which really frightened him.

Moreover, the captain of the guard just now looked very fierce. He was really frightened. The old man took a trembling step forward.

He looked at Gu Shaoyang and the others and said to them: "The rooms have been prepared for you. Now you can follow me to the backyard to rest."

Since this is a small town, there is no two-story building. It's an inn, so the environment in all aspects is still slightly worse.

Gu Shaoyang looked very politely in the direction of the old man and said to him: "Thank you, uncle."

Hearing Gu Shaoyang's very polite words, the old man really didn't expect that. It seems that this young man, He is really their leader, and he speaks so politely.

He smiled and said to Gu Shaoyang and the others: "There are some loopholes in this place, so I still have to aggrieve myself." Gu Shaoyang looked at the little girl and said to them: "On our way, Feng Chenpu Pu can have a The place to stay is already very good."

But Gu Shaoyang could also see that although this place seemed to have some flaws, it was very clean, which was already very good for Gu Shaoyang.

Gu Shaoyang quickly arranged himself and Li Zhou in the same room.

Tianci and Lingdang are still two little girls living in the same room.

Several other people were already staying in this inn, divided into two rooms.

When Gu Shaoyang returned to the room, Li Zhou arrived immediately. He said to Gu Shaoyang: "Now that Emperor Jin Zong and Long Hanming have left, the two captains of the guard are left. What should we do?"

Gu Shaoyang stretched his hand towards his neck and wiped it, indicating that he wanted to kill and silence the two of them.

Li Zhou was really in disbelief. He looked in the direction of Gu Shaoyang and said to him: "But if we kill the two of them, it will be very troublesome. Emperor Jin Zong will definitely cause trouble for us." "

Gu Shaoyang looked at Li Zhou in a low voice and said to him: "Just say that we encountered Long Hanming's monster on the road. In this case, the two of them can still be suspicious of each other."

Gu Shaoyang heard this. Li Zhou felt that it was very reasonable. He immediately looked at Gu Shaoyang and said, "Then what should we do next?" The corners of Gu Shaoyang's mouth raised slightly and he said, "Kill them two and kill them." We don't need to take action, just Luo Zishan and Tiger."

Gu Shaoyang actually thought about the whole situation while he was on his way, and felt that his method was really flawless.

Moreover, Emperor Jin Zong and Long Hanming have been getting along for a period of time, and there has been a certain gap, so if this is really the case, Gu Shaoyang and the others can pass this false news back.

Hearing what Gu Shaoyang said, Li Zhou was really happy. He already extended a thumbs up in the direction of Gu Shaoyang and said to him: "This method is really very clever."

After one night, Gu Shaoyang The few of them had a very good sleep and felt that they were much more energetic.

Gu Shaoyang looked at Li Zhou and said to him: "For a while, look at the two captains of the guard. Luo Zishan and I, as well as Hu, let us discuss it."

Li Zhou nodded and said to him He said, "Don't worry, I'll go and watch the two of them in a moment."

After breakfast, everyone began to stroll around casually.

So Gu Shaoyang and the others planned to rest for half a day before continuing on their way. After all, this period of time was really very hard.

Gu Shaoyang walked directly towards Luo Zishan's room.

Chapter 1652

When he walked in, he looked at Li Zhou and then blinked.

Li Zhou indicated that he should be on guard at this time, so he was already in the corridor, strolling very casually, still looking at the scenery in the distance.

After Gu Shaoyang entered, Luo Zishan and Tiger were drinking tea in the room. They were really surprised when they looked at Gu Shaoyang. They didn't know what happened to Gu Shaoyang's sudden cautiousness.

Luo Zishan looked at Gu Shaoyang and said to him, "What's wrong?"

Gu Shaoyang was already sitting next to the table, lowering his voice very low, very quietly, looking at the two people and saying to them: "Wait for us all to continue in a while. When we are on our way, the two of you will transform back into your own bodies and kill the two captains of the guard. Then I will spread the false news and say that it was Long Hanming who sent them to kill them. We were all injured after taking out one person."

After hearing what Gu Shaoyang said, Luo Zishan was immediately shocked. He looked in the direction of Gu Shaoyang and said to Gu Shaoyang: "Is this really okay? After all, if it's just the two of them who died, we would all be safe and sound, and he wouldn't have discovered any flaws."

When Gu Shaoyang heard what Luo Zishan said, he felt that it was very reasonable, but he couldn't care about that much now..

Gu Shaoyang said to them: "Let's talk about the future things later. The most important thing now is to get rid of these two tails, otherwise we will be really in trouble." After hearing what

Gu Shaoyang said, Luo Zishan nodded and said to him: "Don't worry, leave this matter in the hands of Tiger and I, we will definitely handle it for you."

Of course Gu Shaoyang believed very much, Tiger and Luo Zishan. After all, one is the original tiger and the other is the original unicorn, so it is indeed very simple for the two of them to kill such a simple guard captain.

After Gu Shaoyang finished talking to the two of them, he stopped talking about this topic. Instead, he started talking about other topics very casually, as if they were friends, and he was afraid that there were ears across the wall.

Gu Shaoyang and the others rested, and after a morning, they all started to set off again.

After just walking for an hour, I left this small town and entered the primeval forest again. There were very dense forests everywhere. There were no particularly wide roads at all, and the roads were very narrow.

But at this time, Luo Zishan looked in the direction of the tiger and nodded his head. The tiger also nodded his head. The two of them looked at Gu Shaoyang again. At this time, several of them were deliberately facing the direction ahead. He walked out and ignored them at all. What happened behind them.

So the two people immediately changed back to their original bodies. The tiger turned into a tiger. It looked more than three meters tall, with a long body and a particularly fierce look. It was already facing the direction of the two captains of guards. flew over.

On the other side, Luo Zishan also turned back to his true form very quickly. Although he didn't look as majestic as the tiger, he was still a very imposing unicorn.

He also rushed in the direction of one of the guard captains. At this time, the two of them were rushing behind Gu Shaoyang and the others. They did not expect what happened suddenly.

The two of them immediately took the spears and swords in their hands and started to resist them.

One of the guard captains looked in the direction of the Qilin Beast and said to Luo Zishan:"What on earth is going on with you? Why did you suddenly attack me?"

When he said this, he also knew that he, it seemed that this It was really a very bad moment.

Gu Shaoyang and the others did not look back. Although Lingdang was very curious and asked, Tianci:"What happened?" Tianci took Lingdang's hand and said to him:"Don't ask random questions."

Gu Shaoyang looked at it. Several of them faced each other and said,"Let's all not look back and don't care about these things."

While they were talking, they heard bursts of wailing sounds from behind.

The corners of Gu Shaoyang's mouth rose slightly. He could see that it must be the two of them at this time, and they had succeeded very quickly.

Tianci had already arrived at Gu Shaoyang's side, with the bell still on his hand and said to him:"I didn't expect that these two guys are really very powerful, and they have made the two guard captains suffer so quickly. Gu

Shaoyang said to them:"These people really deserve it. Who asked them to follow us?"

Gu Shaoyang was not a particularly compassionate person, nor was he a particularly soft person.

Chapter 1653

So he has long been indifferent to this kind of life and death.

He followed Gu Shaoyang, looked at Lingdang and said to him: "You know, don't you see, you have to be like your brother Gu Shaoyang. When you should be hard-hearted, you have to be hard-hearted. Of course I picked up a little girl like you. It will be an accident for all of us."

Everyone brought up this topic again, so they started to change the topic and talked very easily.

Only a quarter of an hour later, Luo Zishan was already seen. He once again changed into his own purple robe, looking like a young master of thousands, and he was holding a fan in his hand, and he was already on his way. Come up.

Luo Zishan looked at Gu Shaoyang and said to him: "Everything has been resolved."

Gu Shaoyang saw Luo Zishan's calm look and said to Luo Zishan: "You did a very good job."

He really didn't expect Luo Zishan's speed to be so fast.

At this time, Tiger, wearing a black robe, followed Gu Shaoyang and the others.

Although he did not speak, he also knew that at this moment, everyone must be vigilant.

Gu Shaoyang and the others continued to drive for several days.

Gu Shaoyang found a very safe cave, looked at a few people and said to them: "It seems that all of us are now in the Kingdom of Jin. We need to find out where the location on the treasure map is." "

He had already taken out the treasure map again and placed it on a big stone within three categories.

Several people had already gathered around in that direction.

After looking at it carefully, Li Zhou said to Gu Shaoyang: "We have seen this thing many times. We only know that it is in the Kingdom of Jin, but where exactly it is, we really don't know."

And in addition, Luo Zishan on the side has always been very strange. Every time he sees this treasure map, he feels particularly familiar.

He looked at Gu Shaoyang and the others, and said to them: "I have told you about this before, I should have seen it."

Gu Shaoyang nodded and said: "Yes, but you have never told us the truth. Have you seen it somewhere?"

Luo Zishan was really upset. Although he said that he had really seen such terrain, he had definitely seen it somewhere and had no impression of it at all.

The tiger on the other side has always been following Gu Shaoyang and the others to keep watch, so he does not need to be guarded today. Due to the danger of the cave outside, he only needs to sit next to Gu Shaoyang and the others.

He looked at this treasure map and his eyes widened involuntarily. He was really shocked.

Tiger looked at Gu Shaoyang and the others and said to them: "I know where this place is."

Hearing Tiger say this, Gu Shaoyang and the others were really surprised. They didn't expect Tiger to know this place. Wherever he was, Gu Shaoyang immediately looked in the direction of the tiger.

Gu Shaoyang said to him, "Do you really know?"

Tiger nodded without hesitation, and then he had already pulled the treasure map in his own direction.

Little by little, he used his own hands to start on the treasure map, talking about various mountains.

He looked at Luo Zishan and said to him: "Don't you think this thing is very familiar to you?"

Luo Zishan nodded and said to him: "It is indeed very familiar, but where have you seen it? I really don't know."

Luo Zishan had already told Gu Shaoyang and the others about this thing before, and it looked very familiar to him when he saw it, but where he had seen it in detail, he had really seen it somewhere. Can't remember.

He looked at the tiger and said the same thing at this time. Luo Zishan really felt that he could get this answer today.

Gu Shaoyang said to the two of them: "You two, stop showing off and tell me where it is."

Gu Shaoyang was really in a hurry. He didn't expect that it would take no effort to get there. Tiger actually knew this place. , where exactly is it.

Li Zhou, on the other side, was already very nervous. He didn't dare to say a word. He just started to clench his fists tightly, and his nails were dug into his palms. Indeed. Don't know it hurts.

The corners of Tiger's mouth raised slightly, and he looked at Luo Zishan and said to him: "You have seen this thing when you were a child. It is the map of our demon clan."

After hearing what he said, Luo Zishan really Completely, I didn't expect it to be the map of their demon clan.

Although he had seen these maps when he was a child, he never expected that hundreds of years had passed and he could still remember them.

Chapter 1654

He looked at the tiger in disbelief and said to him: "The map you mentioned should be in our demon clan." After

Luo Zishan finished speaking at this time, he saw the tiger holding his hand. , pointed at him on a mountain range and said: "This is where our demon clan has built the palace. This is where our demon clan has the cave where the demon dragon guards. This is the mountain breeze of a demon clan."

What he said was really logical, and everything he said was very clear.

The more Luo Zishan heard Tiger say this, the more he felt that it was really possible.

He looked at Gu Shaoyang and said to them: "Yes, that's it. I have really seen this place, and I have seen this map when I was a child."

Luo Zishan said this, Gu Shaoyang They really didn't expect that the shocking Bagua treasure map they were holding in their hands seemed to be in the territory of the demon clan Long Hanming. It would be really troublesome for them in the future..

Gu Shaoyang took a look at them and said, "Okay, at least we now know the specific location."

At this time, Li Zhou was really nervous. He looked at them, really He was in disbelief and said to Luo Zishan: "I didn't expect that this treasure map would end up on Long Hanming's plate. It seems that we will all have more troublesome things in the future."

Gu Shaoyang In fact, it was just like this in his heart, and he didn't say it out loud. But at this time, Li Zhou was really anxious and had already said what he was thinking.

On the other side, Gu Shaoyang comforted them and said to them: "As long as we know the specific location, we all need to be more careful in the future. We will definitely be able to make this shocking gossip The treasure map has been found, don't worry."

After knowing this news, although it was good news for a few of them, everyone's heart began to feel heavy involuntarily.

Even though Lingdang was young, looking at the behavior of several of them, he completely knew that the location of this treasure map was really difficult for them to find.

He immediately leaned gently in the direction of Tianci. Lingdang said in Tianci's ear: "Everyone is so heavy now. Is it because this place is very dangerous?"

Tianci nodded, and then patted The hand holding the bell said to him: "It is indeed a very dangerous place, but don't worry, we will definitely be able to find this treasure map."

When he said this, Tianci actually didn't feel anything in his heart. It's not particularly comfortable, it's just to comfort this little girl.

As for Lingdang, she has experienced a lot since she was a child. She also knows that this matter is not that easy, so after everyone spent one night.

They only know that the location of this treasure map is near the cave guarded by the demon dragon, but they really don't know where it is. The most important thing for Gu Shaoyang and the others now is to head towards the demon's location.

When they got up in the morning of the second day, several of them had already set their next goals, so at this time, everyone was not particularly confused. Although it was dangerous, they already had their own clear goals.

Gu Shaoyang and the others were on their way again, but they didn't expect that while Gu Shaoyang was on their way, they had actually seen some demon beasts.

And this monster turned out to be a wild boar. Gu Shaoyang had seen this guy before, so he still had a certain understanding of his strength.

Gu Shaoyang looked in the direction of the tiger and said to the tiger: "It seems that I have to trouble you to deal with this sharp-horned wild boar monster." The corner of the tiger's mouth raised slightly, looking at Gu Shaoyang, the rest of them shook their heads. With long hair, looking at Gu Shaoyang, they said to them: "Just wait for me for a quarter of an hour."

Gu Shaoyang didn't expect that he was so powerful, and the bell on the other side could deal with this kind of monster wild boar. Also very interested.

He looked at Gu Shaoyang and the others facing each other, and said, "Can I help?"

Gu Shaoyang didn't expect that this little girl would actually volunteer to fight. After all, there were only a few monsters, so Gu Shaoyang was not afraid of this little girl. If he would be harmed in any way, he said to him: "Okay, then you go."

Then he continued to look in the direction of Luo Zishan and said to Luo Zishan:"This little girl wants to fight against those wild boar monsters. You go and help him take a look."

Luo Zishan already had itchy hands at this time, so when he heard Gu Shaoyang say this, he said to him:"Okay, the little girl and I will go now."

Then he was already standing He stood up, looked at the bell, and said to him:"Let's go."

Chapter 1655

He looked at the little girl with a smile and said to him:"Let me see if you have made any progress in the recent period."

Lingdang was cheerful and had already followed Gu Shaoyang and the others in the direction of Warcraft. past.

Lingdang was thinking in her heart that she had been practicing very seriously for a long time, although she didn't encounter anything special along the way.

Moreover, Emperor Jin Zong and Long Hanming had already taken back all their soldiers and their magical beasts, so they did not give him a chance to practice. It was not easy for him to see these magical beasts today. I just want to give it a try to see how much weight I have now.

Gu Shaoyang and Tianci had already sat down next to a big tree.

Gu Shaoyang looked at Tianci and said to him:"Today's Lingdang was really very active. He even took the initiative to fight those monsters." Let's take a look at what kind of strength he has been in this period of time..

Tianci also nodded. He turned to look at Gu Shaoyang and said to him:"Ling Dang has been practicing very seriously these days, so I think if he wants to fight against these monsters, it shouldn't be a problem."

Gu Shaoyang didn't expect that God's evaluation of this little girl was really very high.

He looked at Tianci and said to him:"Okay, if that's the case, then the two of us will wait and see."

When he said this, the two people were already looking in the distance, away from them. The place is only a few dozen meters away.

Although Gu Shaoyang and the others can completely bypass these monsters, Gu Shaoyang feels that if he wants to attack the monster mountains, he still has to encounter these things frequently, so it is better to kill them directly. Keep it secret to prevent such news from spreading in the future.

When Gu Shaoyang looked at the bell, he took out a sword directly in his hand and stabbed it in the direction of the wild boar monster.

As for the wild boar monster, the big fangs in front of it were really powerful. It grunted in the direction of the bell and already attacked.

Luo Zishan was standing not far away from the two of them, holding his shoulders with his hands.

He looked at the bell that was still pointing at the bell and said to him: "Turn it over, be careful not to let his fangs pick you."

After hearing what Li Zhou said, the bell adjusted very quickly. own actions.

The tiger monster has eliminated several monsters by dividing it by three and five. Now all that is left is this wild boar monster that does not look particularly powerful.

He didn't expect this little girl to want to kill it personally, so the tiger monster also stood.

Luo Zishan's side said to him: "This little girl is really very interested today. How can I win?"

Luo Zishan nodded. He looked at the tiger monster and said to him: "I didn't expect that this little girl, just after practicing for a year, is really very powerful. She has made rapid progress."

After hearing the two people talking like this, Lingdang worked even harder and started to deal with the wild boar monster.

Ling Dang took the sword in his hand, slashed in the direction of the wild boar monster, and directly swung out a very faint golden light.

And this will only happen when a person has cultivated to a certain level.

Although the strength of the bell at this time is not particularly strong, it can be seen that it has a very good effect.

Gu Shaoyang was really in disbelief. He looked at Tianci and said to him: "Did you see that this little girl can actually release her sword energy?"

Lizhou also looked at Gu Shaoyang and the others immediately. Facing his own direction, he said: "This little girl is really a genius in cultivation. You must know that it was only two years ago when I had such strength."

Gu Shaoyang raised the corners of his mouth slightly, and his mood was really very good. Yes, they didn't expect Lingdang at all. His strength really soared along the way, which shocked several of them.

Ling Dang raised the knife and lowered it. After the golden light flashed, he saw only the fangs of the wild boar monster, which were completely broken and half of them were lost.

Then he turned toward the bell and became very angry. He lowered his head again, groaned a few times, and quickly rushed toward the bell.

Luo Zishan on the other side was really nervous, fearing that the wild boar monster would hurt Bell, so he immediately wanted to step forward to help.

The tiger on the other side immediately grabbed him and said to him: "Don't worry, he knows this little girl well."

As he spoke, Gu Shaoyang was really sweating for the bell.

Chapter 1656

Because at this time, the wild boar monster was completely in a violent state.

If one of the bells doesn't work well, it is really possible to get injured. Tianci on the other side is really relieved because he has seen Lingdang's efforts every day and has also seen that Lingdang has made very serious and rapid progress during this period of time. look.

He looked at Gu Shaoyang and told him that this little girl could kill this monster in less than a hundred moves.

Hearing what Tianci said, Gu Shaoyang was really in disbelief. If you know that if you can defeat a monster within a hundred moves, you will be considered a master.

He looked at Tianci and said to him: "Have you ever thought that he is really so powerful?"

Tianci nodded and looked at Gu Shaoyang and said to him: "Okay, we'll see, let's all take a look.

" When these words were said, several people once again looked in the direction of the bell.

But he didn't expect that this little girl had not yet fully learned to stand in the air and fly in the distance.

But he had learned that he could jump to a very high position, and he rushed upward.

Then he swooped down, and the sword in his hand was already brushing against the ground, and several rays of light appeared.

He had already attacked in the direction of the wild boar monster.

Gu Shaoyang was really unbelievable. He didn't expect the bell, but he was really very agile. No matter which move he made, he was fast, accurate and ruthless. Gu Shaoyang was really pleased.

Because he started learning Lingdang from the very beginning and taught it from his own place. He had no idea that he was really a genius.

The other side of the bell was very fast. He stood on the wild boar monster, tapped his foot, and then slashed several times in the direction of the wild boar monster's back.

The Warcraft at this time was completely dripping with blood.

So looking at the bell, it was even more angry. Often such injured beasts are the most dangerous, so Gu Shaoyang was really worried about whether this little girl would suffer from lack of physical strength until the end. harm.

I saw the little girl once again, he had been severely groped, and after being transferred to the ground and landed on the ground, he staggered back for many steps before standing still.

Gu Shaoyang was really worried about Lingdang, but he also knew that with Luo Zishan and Tiger in that place, Lingdang would not be in any danger. He could only endure his mood and continue to watch. That little girl.

After he landed on the ground, he staggered, and then he lay on the ground directly, crawling towards the direction of the wild boar monster. This movement was really very fast and complete, just in the blink of an eye.

Ling Dang had already raised his sword, took the sword in his hand, and stabbed it directly under the chin of the wild boar monster, and then thrust his sword completely into it.

The blood that splashed on his red clothes made his entire red clothes look even more gorgeous.

After the bell stabbed the wild boar monster, it kicked it in the direction of the two-meter-long wild boar monster.

But because my strength was still very small, I still took a lot of steps back.

Lingdang stood up and patted the dirt on his body.

Then he raised his chin in the direction of Gu Shaoyang and the others, as if he was very proud and confident.

Gu Shaoyang was really very happy. He stood up immediately. He didn't think about Lingdang at all. Instead of defeating the wild boar monster in a hundred moves, he defeated the opponent in 50 moves.

The two guys, Luo Zishan and Tiger, were even more shocked. Although they both had the physique of grinding beasts, they were completely indifferent to these things, but they were only in the state of raising and lowering the knife with their own hands.

But you must know that Lingdang is only a little girl of twelve or thirteen years old, and she has not practiced for a long time, so she is simply a genius in cultivation.

Gu Shaoyang and Tianci walked directly to Lingdang. Gu Shaoyang was really very happy.

Lingdang said to him: "I didn't expect that you have made so much progress now. I am really happy for you."

Lingdang wiped the sweat from his forehead, and his little face was still because of the dust. He looked a little dirty, but when he smiled stupidly at Gu Shaoyang, his smile was really sweet, and it felt like a very, beautiful little flower.

He looked at Gu Shaoyang and said to him: "Brother Gu Shaoyang, how was my performance?"

Gu Shaoyang stretched out a big thumb in his direction and said to him: "My performance is very good. I didn't expect you to be able to kill a monster in just over two months."

Chapter 1657

He was really very happy, and it was beyond his expectation. He watched the little girl continue to say to him: "And you know, your progress is so rapid."

Because Gu Shaoyang felt that even if he had At that time, he was a genius in cultivation, but compared with Lingdang, he was completely incomparable.

Because Lingdang has only been practicing for this year and has already become so powerful. He used to have to practice for three years.

Lingdang felt really happy when she heard Gu Shaoyang praise her like this.

Tianci, who was on the other side, directly pulled the bell and looked to his side. Then he took the handkerchief in his hand and began to wipe the sweat of the bell.

Tianci said to him:"You little girl, you don't know. Please be more careful. How dangerous it was just now."

Lingdang smiled and said to Tianci who wanted to please Tianci very much:"How are you doing with sister Tianci? I am so dangerous today." The performance is still very good."

Tianci was also very pleased. She patted Lingdang's head and said to her:"The performance is very good. You are now the most powerful one among us. From now on, you will definitely There will be a greater future."

After hearing what Tianci said, Lingdang was really happy.

Gu Shaoyang also nodded in agreement, looked at Lingdang and said,"If there is a chance in the future, I will definitely send you to our academy."

After hearing this, Lingdang thought that he was going to be abandoned..

Tianci immediately faced Lingdang and explained:"Don't worry, none of us will leave that place. The academy is our home. If this matter is resolved, we will all return to the academy." I heard. After Tianci explained this, Lingdang was relieved.

He looked at Tianci and said to him:"Okay."

But Gu Shaoyang didn't think so in his heart. Gu Shaoyang looked at the bell and said to him:"Your current cultivation speed is really very fast, and you You are simply a genius. I will definitely let you learn and gain more knowledge, and you will have greater achievements in the future."

Gu Shaoyang is really very sharp. Lingdang can achieve such achievements because of his own efforts. , several people praised each other for a while and continued to move forward.

Luo Zishan and the others did not expect that they would see the wild boar Warcraft just after entering the Warcraft Mountains. When they arrived at the Warcraft Mountains, Long Hanming had already discovered that Gu Shaoyang and the others would come. to this place.

So he was immediately alert and sent his troops to find out the news.

When Gu Shaoyang saw one monster after another appearing next to him, he did not expect to see the Gale Silver Wolf King.

Gu Shaoyang still has a certain understanding of this monster. He is often sent out to find out information.

So when Gu Shaoyang saw Luo Zishan, he said, "What should we do next? Should this guy be dealt with?"

Luo Zishan shook his head and said to him, "Since Long Hanming has already You know, we have come to the place where the demons are, so there will be a lot of informants. All we need to do is be careful. Moreover, the place we are going to is the holy land of the demons. Other monsters dare not go there.."

Hearing what Luo Zishan said, Gu Shaoyang felt relieved. He looked at Luo Zishan and Tiger, and the two of them said to them: "This place is your territory, so next, if anything happens If so, you two should be more alert."

After hearing what Gu Shaoyang said, the two of them nodded hurriedly. Tiger looked at Gu Shaoyang and said to him: "Don't worry, there are a lot of magical beasts in this place, although at this time, they are all gone. They have obeyed Long Hanming, but they also have feelings for me. They should not make things difficult for us, just like the Silver Wolf King, he should be on my side." Hearing what the tiger said, Gu Shaoyang really didn't expect that even if Tiger had left Long Hanming's place, he would still have such power.

So Gu Shaoyang looked at Tiger and said to him: "If you encounter any monsters that are really dissatisfied with Long Hanming, then think of ways to conquer them."

Tiger heard Gu Shaoyang say this and was really dissatisfied with Long Hanming. is very interested.

He looked at Gu Shaoyang and said to him: "These monsters have always been known for their force, so as long as it is good for them, they should come to our side." After hearing what the tiger said , , Gu Shaoyang was really very happy in his heart, and said to him: "Don't worry, you monsters have always focused on strength, so if there is anything that can be beneficial to you monsters, I will completely , you can bribe them."

Chapter 1658

When he heard what Gu Shaoyang said, Tiger felt that what Gu Shaoyang said was really very reasonable.

He looked at Gu Shaoyang and said to him: "Okay, I will try my best to win over these people for you."

Gu Shaoyang and the others, since they discovered that there are some magical beasts following them, they continued to ignore them. Head towards the center of the Warcraft Mountains.

After walking for about two days, we arrived at the cave guarded by the demon dragon.

Sure enough, as Tiger and Luo Zishan said, ever since they arrived at the demon dragon's cave, there was indeed a demonic beast around them, but none of them could be seen anymore.

Gu Shaoyang looked at the surrounding environment and felt very strange.

On the other side, Tianci came to Gu Shaoyang. He looked at Gu Shaoyang carefully and said to him: "Is this the cave where the ancient dragon lives?"

When he said this, he was really afraid. It's like waking up the huge monster inside.

Gu Shaoyang looked at Tianci with such a cautious look, nodded, and said to Tianci: "Indeed, I heard that the location of this treasure is under his cave, and I don't know if we can find this place."

When Tianci heard what Gu Shaoyang said, he became even more nervous. He immediately took Gu Shaoyang's hand and said to him: "I didn't expect this thing. The place where it exists is really very dangerous. How can we? Can an individual do it?"

After all, all the monsters in this place are already very powerful.

Moreover, there is the Demon King Long Hanming waiting for them here. If the ancient demon dragon comes out to stop them again, they will feel that they are really in danger.

At this time, Li Zhou on the other side really started to retreat. He looked at Gu Shaoyang and said to him: "Now we have reached the most dangerous time, so if it is really impossible, let's quit. After all, life is the most important thing."

Gu Shaoyang saw that all of them were already timid at this time, but he looked at them and said to them: "It has been very difficult for us along the way, so now we have left. At this point, we must go to the end."

Luo Zishan was indeed full of confidence at this time. He looked at Gu Shaoyang and said to him: "As long as this shocking treasure map can be found, not only will Li Zhou's enemies I can get great retribution, and I can also regain the throne of my demon clan."

When he heard Luo Zishan say this, he felt really happy in his heart.

He looked at Luo Zishan and said to him: "You, the Qilin clan, were the kings of our entire demon clan in the past, so maybe when you saw the ancient demon dragon, the ancient demon dragon also knew about this matter and would give in. You can't say for sure.."

When Tiger finished saying this, Gu Shaoyang felt that this might be the case. After all, the ancient magic dragon was an ancient magic beast, so if he could really push it forward, it would really be a big deal for them. It is very easy to achieve the final goal.

Gu Shaoyang looked at a few people and said to them: "Even if we have decided to give up now, we are no longer at this point. We have come to this place, and we can only bite the bullet and go up, so we are determined to Go with confidence."

When he said this, several people were already following him, and they were all following him very closely.

At this time, Luo Zishan really felt that the atmosphere of this place was really very comfortable for him. Not only did he not feel any nervousness in his heart, he felt very excited.

He looked at the tiger next to him and said to him: "Why do I feel no fear at all at this time, and I also feel very friendly." The corners of Tiger's mouth raised slightly, and he, a man in his 40s, looked at When I saw Luo Zishan, I was really happy, but I also really liked Luo Zishan.

He looked at Luo Zishan and said to him: "After all, you are the descendant of the king of our entire demon clan, so maybe the breath of this ancient demon dragon has a feeling of being connected to you."

Hearing Tiger say this After saying that, Li Zhou turned around, looked in the direction of the tiger, and said to him: "It seems that this Luo Zishan is really very powerful."

Hearing Li Zhou's very confused look, the tiger Knowing that they have always regarded Luo Zishan as their friend, they have never thought about how high Luo Zishan's true status is.

So he explained to a few of them that it was indeed Luo Zishan. Among our entire demon clan, he was our real king, and if he wanted to start an uprising at this time, it was only his own words. If things go wrong, there will be a lot of monsters, and they will all move closer to him.

Chapter 1659

Because Tiger knew that in the past, Luo Zishan did not want the demons to start a war again, so he grew up quietly in a forest, but this time, he already had such thoughts.

Tiger will really help him realize this wish.

Gu Shaoyang on the other side, after hearing what they said, Gu Shaoyang also felt that it was very important for him to be able to help Li Zhou and Luo Zishan realize their wishes.

Gu Shaoyang looked at Luo Zishan and said to him: "Don't worry, one day in the future, I will definitely let you get the position of the king of the demon clan."

Hearing Gu Shaoyang say this, Luo Zishan was really very happy. He took two quick steps, arrived at Gu Shaoyang's side, and put his hand directly on Gu Shaoyang's shoulder.

Luo Zishan looked at Gu Shaoyang and said to him: "Thank you very much, brother."

Because if Luo Zishan hadn't met Gu Shaoyang, he wouldn't have lived in a barren mountain at this time. He lives in hiding with a unicorn beast every day.

Gu Shaoyang saw Luo Zishan sincerely thanking him. He directly stretched out his hand, put it on Luo Zishan's shoulder, and said to Luo Zishan: "You don't have to say thank you to me, after all, you have to He helped us a lot, and the two of us are brothers. To say thank you is too polite."

Several people spoke directly to each other, and the atmosphere between them slowly began to relax.

When Gu Shaoyang walked forward, he only held Tianci with one hand. The other hand hooked his shoulders and Luo Zishan continued to move forward. The road inside became narrower and narrower as they walked.

Gu Shaoyang looked at this cave, which seemed to be slowly winding downwards.

Gu Shaoyang said to several of them: "Be careful."

As he spoke, Luo Zishan became very nervous and looked inside.

He said to them: "Everyone, be careful. At this time, the ancient dragon has begun to get closer and closer."

Sure enough, hearing Luo Zishan say this, the other people all began to be very vigilant and nervous involuntarily.

Gu Shaoyang could feel Tianci holding his hand tighter and tighter on his hand.

He held Tianci's hand, patted it gently, and said to Tianci: "Don't be nervous, I'm here."

After hearing what Gu Shaoyang said, Tianci really felt that he had relaxed a lot at this moment..

He looked in the direction of Gu Shaoyang and nodded. The two of them continued to move forward. They continued walking for nearly a quarter of an hour. It suddenly became clear that in a dark space, there were several luminous pearls. An underground palace illuminated.

Gu Shaoyang looked at this place and did not see the ancient demon dragon.

He looked at Luo Zishan and said to him: "You feel the breath of the ancient dragon, where is he?"

Gu Shaoyang was really confused. This place looked empty, although it was very big, with about hundreds of people. It looks like a square meter, but there is really nothing, just a space everywhere.

God sent it to look at this place at this time. It was indeed as Gu Shaoyang said. It seemed that all the tension I had before was completely unnecessary.

On the other side, Luo Zishan's eyebrows had indeed begun to frown, and his eyebrows had become a big "Sichuan".

And at this time, Luo Zishan had already looked around and said to several of them: "But I feel the breath of the ancient dragon is here. You all just need to be careful."

Li Zhou At this time, he was already following several of them, looking very defensive at all times. At this moment, he felt that a thin layer of sweat had appeared in the palm of his hand.

It really feels like this place looks eerie, and there is a lot of demonic energy everywhere. At this moment, in this empty space, I have already thought of a very deep voice, with a... echo.

The voice said to them: "A few very small humans have come. Who are you?"

When he heard this voice, Gu Shaoyang's heart was shocked. It seemed that when he came to this place, he had been captured by the ancients. The demon dragon was discovered, but they didn't see the ancient demon dragon.

Gu Shaoyang let go of Tianci's hand, then clasped his fists, and said to each other in this space: "We all came to this place to find the treasure of the shocking Bagua treasure map." After hearing what

Gu Shaoyang said, that The space was empty, and the voice started to ring again. He let out a very low laugh and said to them: "What treasure map? Do you think there is a treasure in my place?"

Chapter 1660

Then the deep voice started to sound again, and the voice really gave people a particularly strong intimidation. He said to Gu Shaoyang and the others: "Get out of here quickly, otherwise, don't blame me for being cruel."."

When Gu Shaoyang heard this voice, he was really shocked, because he felt that the strength of this ancient demonic dragon was completely unmatched by Long Hanming and other demonic beasts. He was really It's very powerful.

When Luo Zishan on the other side heard the voice, although he was not particularly scared, he also knew that the voice sounded to him with a deep sense of oppression.

Luo Zishan looked at Gu Shaoyang and said to him:"Let me come."

When he said this, Luo Zishan had already taken a step forward, then clasped his hands in his fists, looked into the space, and said to them:"I am Luo Zishan, the Qilin clan."

When he heard this voice, the other party really didn't expect to see the descendants of the Qilin clan, so he said to him in a low voice:"I didn't expect that the Qilin clan has already Now that we are in such a state of desolation, how can such a little guy come out again?"

He looked very disdainful when he said this, and Luo Zishan's whole body was very tense at this time.

At this moment, the tiger took a step forward, clasped his fists, looked at the space and explained:"Now the demon king Long Hanming has completely controlled the entire demon clan, so now Luo Zishan is the last unicorn." Beast."

After hearing this, it seemed that the other party really didn't expect it, so the ancient dragon was really surprised and didn't speak for a long time.

Gu Shaoyang looked at everything now. He immediately looked at the tiger next to him, and Luo Zishan said to them:"Ask if there are any clues to the treasure map in this place."

After Gu Shaoyang finished speaking, Luo Zishan Zishan nodded and said to Gu Shaoyang:"I know."

After the ancient demon dragon paused for a long time, he slowly opened his mouth again and said in disbelief:"I didn't expect that the Qilin clan would already be here at this time. We are so depressed that only these little seedlings are left."

When he said this, Gu Shaoyang did not expect that it seems that the ancient demon dragon and the ancestors of the Qilin clan should have friendship, so this time it should be It's very emotional.

Luo Zishan took a step forward at this time. He clasped his fists and looked at the space and said,"Can you ask the ancient demon dragon to sacrifice your life?"

When he heard this sentence, the ancient demon dragon paused slightly and said nothing, and then they They have already seen that the protruding rocks on their heads have begun to move bit by bit.

Gu Shaoyang really didn't expect that such a thing would happen. He had already raised his head and looked upward.

In this very hidden place where the stone was, Gu Shaoyang had already seen a huge black dragon appearing above the entire space, and the dragon's scales were still emitting a faint red light.

Gu Shaoyang really didn't expect that they had always thought that they were hiding well, but the ancient dragon was actually just above his head, and no one noticed it.

I saw that giant dragon winding down bit by bit, and landed directly on the ground. With a thump, the sound of falling was really loud.

He looked at Gu Shaoyang and the others. The dragon's claws moved forward slightly, and Luo Zishan was already caught in front of him.

Luo Zishan didn't expect that he really had no ability to resist the ancient demon dragon. He looked in the direction of the ancient demon dragon and said to him:"What are you going to do?"

Gu Shaoyang was already in his hands at this time. He had already taken out the sword in his hand and was heading towards Luo Zishan, preparing to rescue him.

Gu Shaoyang looked at the ancient demon dragon and said to him:"What are you going to do? Let me go immediately."

When the ancient demon dragon looked at Gu Shaoyang's actions, he really didn't expect that this tiny human being would dare to Draw a sword against yourself.

The ancient demon dragon looked in the direction of Gu Shaoyang and said to him:"You, a small human being, are very loyal, not bad."

When Gu Shaoyang heard that the other party actually talked to him like this, he also felt that this ancient demon dragon Long must be right, Luo Zishan doesn't have any ill intentions, right?

So Gu Shaoyang had already taken a few steps forward and put his sword behind him.

Then he looked in the direction of the ancient demon dragon and said to him:"He is the last Qilin of the Qilin tribe, so please let him go."

When hearing what Gu Shaoyang said, the ancient demon dragon looked at him carefully. He looked at Luo Zishan and said,"Yes, the last remaining foundation of the Qilin clan is very good. With time, we should be able to return to the throne of the Demon King." After hearing what the other party said, Luo

Zishan felt really good in his heart. is very happy.
