Chapter 1671

Because Tianci and Lingdang were obviously very tired. When Gu Shaoyang said this, everyone knew that Gu Shaoyang knew that this method was very good, so no one denied it but all agreed.

After Gu Shaoyang arranged various work and rest times for everyone, he went to do his own things.

Hunting in the mountains is a daily necessity for them. Otherwise, without food, they will be unable to move. Gu Shaoyang and Li Zhou entered. There are still some very common animals in this place in the Warcraft Mountains, so they If two people want to hunt, it is not particularly difficult.

Li Zhou held a long sword in his hand and looked at Gu Shaoyang. He said,"I didn't expect that there seem to be fewer and fewer animals in this place. Have they all been eaten by those monsters?"

Gu Shaoyang didn't know. No, he thought it was the same and said to Li Zhou:"The two of us should search seriously."

So the two of them entered the Warcraft Forest for nearly two hours to hunt just two hares. Really It was very pitiful. He had already seen it when he came back. Tianci and Lingdang were very conscientious and had always looked in two directions. At this time, Luo Zishan and Lingdang Tiger Demon and the others were resting. As soon as Gu Shaoyang and the others came back, Ling Dang saw Gu Shaoyang with sharp eyes.

He happily shouted to Tianci and said to him:"Brother Gu Shaoyang is back soon."

Tianci also looked in the direction ahead, and sure enough, he could see it from a distance. Gu Shaoyang was wearing a white robe and Li Zhou Wearing gray clothes, both of them were carrying a hare in their hands and had already walked back. Tianci was really very strange. Was there really very little prey today?

So when he saw two people approaching, he said to them:"We only caught two hares today."

After all, these two things are indeed a little pitiful for so many of them. Gu Shaoyang said: "Yes, there are very few things today, so it is very difficult to reach the prey."

Tianci nodded and said nothing more, but looked at the bell and said to him: "The two of us will enter the Warcraft Mountains in a while. , dig some herbs and wild vegetables."

Lingdang is still familiar with these things. After all, he has been a very hard-working little girl since he was a child, so his living conditions have not been particularly good. As far as he is concerned about The life skills are all very powerful.

He nodded and said to Tianci: "Okay, sister Tianci."

Gu Shaoyang was not polite and just carried two hares. He picked up the knife next to the stream and cleaned it up very neatly. The two hares were framed A fire was set up and they began to grill hare meat. On the other hand, Godsend and the others had stepped on a lot of wild vegetables after only going there for a while. They cleaned them up. This was their meal today. Gu Shaoyang and the others ate it. After finishing the meal.

In the afternoon, Luo Zishan was guarding the surrounding environment and Gu Shaoyang. They all found a very shady place and began to close their eyes to rest and practice their own skills. The sky slowly began to darken. Gu Shaoyang and the others are still very serious every day and want to study the treasure map.

But Gu Shaoyang looked at Li Zhou and said to him: "Take out the treasure map."

Li Zhou had indeed rummaged through all his baggage, and found nothing. He wanted to put it on his anxious forehead at this time, They were already sweating.

He looked at Gu Shaoyang with a sad face, and said, "I carry this treasure map on my back every day, how could it be gone?" Gu Shaoyang wrinkled slightly

, his own He frowned and knitted his brows into a big circle. He looked at him and said, "I have indeed searched everything, and there is nothing."

Li Zhou unpacked all his baggage, then looked at the empty box inside, and said: He looked at them and said, "I put it in this place every day and carry it on my back. How could it disappear?"

When Tianci heard Li Zhou say this, he also knew that someone must have put this thing on my back. The things were stolen, but the friends around him are all worthy of trust. Such a thing has never happened before. Luo Zishan was even more anxious. After all, he was pointing at the treasure map. If he can be found and revived, what about his own Qilin clan?

He looked at Li Zhou and said to him: "Look carefully, why is it missing?"

When he said this, his face was already red with anger, and the tiger demon was really angry at this time. Very anxious, because he, like Luo Zishan, would be worried if this treasure map was found.

Chapter 1672

Gu Shaoyang had promised that they could completely subvert the demon clan into Luo Zishan's hands, but at this time the treasure map had disappeared. This was really a very important thing for them.

Tiger Demon's hoarse voice said to Luo Zishan: "You step aside and I'll look for you."

As he spoke, he was already very rough and pulled Li Zhou aside.

Li Zhou was pulled by the tiger demon and staggered, and he stood up to help his body. At this time, he was really anxious. He had no idea that he had gone through all the hard work to get his father to do it. How could his treasure map be lost if he finally wanted to find this thing.

He looked at Gu Shaoyang and Tianci and the others facing each other, and they said, "What if this thing is lost?"

Gu Shaoyang had already begun to think about it. It was impossible for them to lose this thing, but in the end Who can come and steal this thing from them?

At this moment, an idea flashed in Gu Shaoyang's head, and he had already looked towards the inside of the cave.

After all, they have been living in this place all the time, and many of the monsters want to get close to this place, and they can all find it. Only at this time did Gu Shaoyang remember that he seemed to be watching slowly the day before. had already fallen asleep.

But he didn't find any danger. Now he thought that someone must have come to this place while he was asleep and stole the treasure map.

After Gu Shaoyang thought like this, he really laughed. He didn't expect that he had always believed in the guy in the cave. That guy actually had such thoughts and coaxed them around and made them trust. He ended up stealing his own things.

After Gu Shaoyang figured out the ins and outs of the matter, he already looked at several people in Lizhou. They said:"Don't look for it. Since it is lost, then we all have to find a way. This treasure map is No, it has been remembered in my mind."

Hearing Gu Shaoyang say this, Li Zhou and the others had already looked in the direction of Gu Shaoyang, but what they didn't know was that Gu Shaoyang already had his own Method.

At this time, Luo Zishan saw Gu Shaoyang directly and said to him:"Really, you have already memorized this treasure map in your mind."

After all, the treasure map looks very simple. , but there must be another mystery inside, and it is very difficult to open it.

After hearing what Gu Shaoyang said, several people looked in Gu Shaoyang's direction.

Gu Shaoyang nodded and said to them:"Don't worry, I have a way to reprint this thing myself."

Tianci heard Gu Shaoyang say this, and the mental strength that had been supporting him suddenly disappeared. There was no more, and he sat directly on the ground.

After taking a few breaths, he looked at Gu Shaoyang and said to him:"It really scared me to death. I thought this thing was completely lost in my hands. If that's the case, then I'm really sorry for my parents."

Thinking of his parents, Li Zhou felt really heartbroken. He didn't expect that his parents had been rich all their lives, but they ended up in such a state of poverty.

So whenever he thought about it, he felt very resentful in his heart, but Gu Shaoyang breathed a sigh of relief when he looked at everyone at this time.

He didn't even want to express this idea to them, because he was afraid that if he expressed it to a few of them, the ancient dragon inside would know what they were really thinking at this time.

Tianci looked at Gu Shaoyang like this, and Tianci began to frown slightly, his very delicate eyebrows.

Because he felt that Gu Shaoyang must have other ideas, but at this time he knew that Gu Shaoyang must have his own reasons for not saying anything.

So Tianci slowly walked towards Gu Shaoyang, and held Gu Shaoyang's big hand with clear joints with his soft, boneless hand.

Gu Shaoyang lowered his head and looked at Tianci, then raised the corners of his mouth slightly, and smiled a very gentle smile with Tianci. They both knew it tacitly.

Gu Shaoyang had something going on at this time and was hiding it from them.

The sky slowly started to get brighter. These people didn't sleep all night. They were really worried about this matter.

When Gu Shaoyang got up the next morning, he still wanted to go hunting.

So he looked at Li Zhou and Tianci and the others, and said to them: "Since none of us have any secrets to keep today, let's all go hunting today. In this way, we will have more prey."

Chapter 1673

After hearing what Gu Shaoyang said, Tianci knew that Gu Shaoyang had found some kind of opportunity and wanted to talk to them alone, so he immediately agreed with Gu Shaoyang's idea.

He said to him: "Okay, if this is indeed the case, we can all find more prey."

Gu Shaoyang was very happy when he heard Tianci's instructions.

Although Li Zhou on the other side looked very decadent and downcast, he did not deny Gu Shaoyang's opinion.

And the little girl Lingdang was completely obedient to what Gu Shaoyang and Tianci said.

So he immediately asked Gu Shaoyang to cooperate with him and said to him: "Okay, in this case, if we see some wild vegetables or prey soon, we will all hunt them back. This way we can ensure our safety." Food, please hurry up and find the real location of the treasure map."

Luo Zishan and Tiger Demon are in this place. Although there is a certain danger, the strength of the two of them is very strong, average It was impossible for Warcraft to fight against two people, so the two of them did not deny Gu Shaoyang's opinion.

Gu Shaoyang said to everyone: "Then let's all enter the Warcraft Mountains."

At this time, several people followed, and Gu Shaoyang had already walked into the dense forest of the Warcraft Mountains. Just after walking in, they had already seen The sun that had just risen above my head was instantly obscured by the towering trees, and in front of me were pine trees one after another, as well as various unknown trees.

Gu Shaoyang looked at a few of them and said to them: "Let's go over this mountain."

Although they usually hunt around this mountain, but when they heard Gu Shaoyang say this to a few people, it really made them happy. The behavior is very strange.

Luo Zishan looked at Gu Shaoyang and said to him: "There are enough preys on this mountain for all of us to catch. Why do we have to climb over this mountain? Isn't that not to choose the far distance at the expense of the near?"

And Gu Shaoyang was already heading towards, Luo Zishan blinked in the direction, waved his hand again, and said nothing.

Luo Zishan really didn't know what Gu Shaoyang meant.

But he started immediately and said to Gu Shaoyang: "There are more prey on that mountain, and I have been there before when I was a child. In this case, let's all go. It just so happens that I can revisit my old place."

Although Tiger Demon has always been a very rough-minded person, looking at the gestures of drawing and blinking among them, he also felt that there was something fishy about this matter.

So he also looked at a few people and said to them:"Since it's not too late, let's all go over."

Tianci knew at this time that Gu Shaoyang must have his own purpose for looking for them this time.

So he also said to Gu Shaoyang:"Okay, in that case, I haven't taken a good look at the entire Warcraft Mountain Range, so I can just take a look at the scenery of this place."

A few people were chatting here, and they seemed to be very He was already walking in this place casually.

After they crossed this mountain range, Gu Shaoyang's expression suddenly began to change, becoming very deep and calm.

He looked in the direction of these people and said to them:"This place should be very safe."

Because they had crossed the Warcraft Mountains and were now very far away from the cave of the ancient magic dragon.

The Tiger Demon has long been impatient. After suppressing it for so long, he is already very impatient.

He looked at Gu Shaoyang and said to him:"Why did you call us so far away this time?"

Gu Shaoyang raised the corners of his mouth slightly, but he did not expect that the Tiger Demon was a very anxious person. It is really not easy to be able to endure it for such a long time this time.

Gu Shaoyang looked at several people who spoke bluntly. They said,"Who do you think stole our lost treasure map this time?"

Although they have never said anything about this question. Yes, but I was thinking seriously in my heart. After hearing what Gu Shaoyang said, Tianci had already slightly wrinkled his delicate eyebrows.

He said to Gu Shaoyang: "Since you brought us all to this place, it proves that the person who stole our things should be right next to the place where we were just now." After hearing what

Tianci said, Gu Shaoyang felt Tianci, this little girl, is really very smart. He directly stretched out his hand and rubbed Tianci's soft hair.

He looked at Tianci and said to him: "You have always been so smart."

Chapter 1674

Tianci was very happy when he heard Gu Shaoyang praise him, but when he thought about it carefully, he already knew who had stolen their treasure map.

God-given inspiration flashed, and he was a little unbelievable. He looked at Gu Shaoyang chasing him and said, "I didn't expect it to be him."

Gu Shaoyang nodded, because it was indeed the ancient demon dragon who had always been very kind to them. Okay, and when the monster came to disturb some of them, he also helped a few of them drive away the monster.

But he didn't expect that in the end, he would be the one who stole his things.

And when they heard Gu Shaoyang and Tianci talking to each other as if they were guessing riddles, Luo Zishan and Tiger Demon were really stunned.

Luo Zishan was already very irritable. He was wearing a purple robe and strode in the direction of Gu Shaoyang. He had already walked over and scratched his hair.

Then he frowned and said to Gu Shaoyang: "Who are you talking about?"

Gu Shaoyang looked at Luo Zishan with the corners of his mouth raised slightly, and said to him: "Do you think someone knows about us now, and Who is that person next to us?"

Luo Zishan was originally a person who didn't want to guess riddles, so he looked at Li Zhou and said to him: "Do you know who stole this?"

Bells At this time, he was talking to himself, looking at several of them facing each other, and they said: "I know who it is."

Although Lingdang's voice was very weak when he said this, several people could not help but turned their heads to face him. The little girl had already looked in the direction.

Luo Zishan looked at Ling Dang wearing a small red robe, which looked very exquisite. It was really unbelievable. This little girl had already guessed it. It seemed that her mind was really not enough.

He immediately looked in the direction of the bell, and asked doubtfully: "Who is it?"

He weakly said to several people: "I just made a guess, it should be the ancient magic dragon living in our cave." , After all, he is the only one by our side, and he is not one of our own."

Luo Zishan really felt that there was no such possibility. He immediately denied it and said to him: "But Luo Zishan is already an ancient monster. There is still a lot of help for us, how could it be him."

The Tiger Demon was really confused at this time, because in their hearts, they felt that the ancient dragon had always been their most powerful existence.

He also said to them with great confusion: "Impossible."

He went on to say: "The ancient demon dragon has always been the most powerful existence in our entire demon clan. How could he let us have something he wants?" This is a little treasure map."

Although the two of them said this, since Gu Shaoyang and Tianci have already thought of it, it may be that their hearts are also very empty, and they are just bluffing in that place. That's all.

Gu Shaoyang looked at Luo Zishan and Tiger Demon, and the two of them said to them: "Don't be too anxious, I haven't reached the final conclusion on this matter yet, but don't worry, our real treasure map has not been lost."

Hearing Gu Shaoyang say this to several people, they were even more shocked. They were even more confused than the matter of losing the treasure map.

Gu Shaoyang was directly behind him and had already taken out a new treasure map. It was a treasure map rolled up in parchment and seemed to be placed very casually behind him.

Gu Shaoyang said to them: "Come and take a look, this is the real treasure map."

Hearing Gu Shaoyang say this, not only was it a gift from heaven, but even Li Zhou was even more shocked, because he felt that The treasure map has always been on his body.

He looked at Gu Shaoyang and said to him: "How is it possible? How could it have ended up on you?"

The corners of Gu Shaoyang's mouth raised slightly and they said to them: "When we just got the treasure map, I have already started to draw a new one, and it has always been on me."

After Gu Shaoyang finished speaking, one person felt that Gu Shaoyang was simply too smart.

In this way, the tiger can be lured away from the mountain. If anyone discovers the treasure map on Li Zhou's body, even if he steals the real treasure map, it will be on their bodies.

Li Zhou was really overjoyed when he heard what Gu Shaoyang said. He couldn't believe it and immediately stood up and hugged Gu Shaoyang. His legs were already wrapped around Gu Shaoyang's body.

He immediately turned the two faces of Gu Shaoyang to him and said, "Really? Really? Brother Gu Shaoyang, you really hid the treasure map on yourself."

Because he had not listened all this time. He said that Gu Shaoyang had told him about this matter, so it was really a surprise at this time.

Chapter 1675

Gu Shaoyang nodded without hesitation, and then sent Li Zhou to throw him to the ground in disgust.

Although Li Zhou fell on his butt directly because of Gu Shaoyang's actions, he was not angry at all. He stood up stupidly and patted the dust on himself.

Then he said to Gu Shaoyang: "Oh my god, my brother Gu Shaoyang is so smart."

But when he said this, his voice was a little loud, and he immediately covered it as if he was afraid that others would hear it. He opened his mouth and smiled in that place.

At this time, Tianci also slightly widened his eyes. Although he knew that Gu Shaoyang had something very important to tell them, he never expected that what Gu Shaoyang wanted to tell them was actually This is the thing.

He looked at Gu Shaoyang and said to Gu Shaoyang: "I didn't expect this. You really kept it a secret. Even if it were me, I wouldn't have guessed it at all."

Gu Shaoyang looked at Tianci and said to him Said: "The more people who know about this matter, the more dangerous it will be, so I am also doing it for the safety of each of you."

On the other side, Tiger Demon and Luo Zishan were even more ecstatic. , started immediately, raised their heads and started laughing. Originally, the two of them had a very unruly character, and they were both very rough.

So Gu Shaoyang looked at the two of them with even more helplessness.

Looking at the two people saying to them: "Can you be low-key?"

Hearing Gu Shaoyang say this, the Tiger Demon immediately covered his mouth, then watched Gu Shaoyang step forward and patted Gu Shaoyang on the shoulder, He said to him: "You young man, you are really good and smart enough."

Luo Zishan was even more happy at this time and immediately walked to Gu Shaoyang beside him. The two of them hooked up and looked at each other. Looking at Gu Shaoyang, he said to him: "Brother, you are so smart. I didn't expect that you would come up with such an idea of stealing a dragon and turning it into a phoenix."

Gu Shaoyang looked at several people. At this time, all of them had completely changed from just now. , that depressed look came out.

He was still in a very happy mood and said to several people:"As long as a few of us know about this matter, other people must not talk about it or reveal it. When we go back, we should still behave a little sluggishly." Some people, don't show too much joy or excitement, for fear of attracting the attention of the ancient dragon."

After hearing what Gu Shaoyang said, several people knew about it, but Luo Zishan was really in disbelief. He saw Looking at Gu Shaoyang, he said to him:"It seems that this thing was really stolen by the ancient dragon."

Gu Shaoyang nodded and said to him:"Indeed, after all, there are real treasures in these treasure maps. It is in the Dragon Palace of Warcraft, so he may have been in that place for thousands of years, but never found this thing, so he thought of stealing our treasure map." Hearing

Gu Shaoyang say this , Tianci really remembered that he has always said that the magic dragon loves treasures the most, so he must have occupied the position of the treasure at this time.

But it has never been found. Maybe it was because Gu Shaoyang and the others came to this place that the ancient magic dragon thought of such a trick.

Just thinking about it like this made Luo Zishan and Tiger Demon very angry. They didn't expect that their ancient monster would have such thoughts.

Gu Shaoyang looked at several people and said to them:"We all, please don't reveal this matter to anyone yet. Even if the treasure map is lost, don't reveal it to anyone. The ancient dragon will definitely not tell others."

Hear this. Gu Shaoyang said this to several people, and they all nodded in unison.

Gu Shaoyang looked at several of them facing each other again, and they said:"At this time, Long Hanming and Jin Zongdi have turned against each other, and both want to get the treasure map, so what we all want to do next is to fight with Long Hanming Ming or one of Jin Zongdi cooperates, what do you think?

After hearing what Gu Shaoyang said, Tianci had already thought about these things, so he took the lead and expressed his opinion.

He looked at Gu Shaoyang and said to him: "I think the most important thing for us is to cooperate with Emperor Jin Zong so that we can fight against Long Hanming and achieve a balance."

Gu Shaoyang continued to look at Tiger Demon and Luo Luo. The two people in purple shirt wanted to hear their thoughts.

But at this time, the Tiger Demon had already started to look very sad, he had already frowned his eyebrows, and then he was thinking about that place very seriously, with his eyes staring straight at it, as if he didn't think of anything.

Chapter 1676

Qiao Ke looked at Luo Zishan again. Luo Zishan squatted on the ground, put his hands on his chin, and then began to fumble very seriously, thinking about that place on his chin.

Gu Shaoyang felt that it would be very difficult for him to come up with any ideas relying on the two of them, because the two of them had always had extremely powerful fighting abilities.

But if the two of them were to use their brains, it would really be a bit difficult for them.

So Gu Shaoyang had already looked in the direction of Li Zhou and Lingdang, the little girl.

Lingdang nodded, looked at Gu Shaoyang, and said to him: "I think Sister Tianci said this method is correct. After all, this is clearly Long Hanming's territory. If we cooperate with him, he will definitely destroy all of us." Everyone will eat it."

Gu Shaoyang didn't expect that this little girl, now twelve or thirteen years old, would already have such a mind.

Gu Shaoyang looked in Li Zhou's direction again, wanting to hear Li Zhou's thoughts.

After Li Zhou heard Ling Dang's translation, he felt that it really made sense.

He also agreed with what Lingdang just said. He also looked at Gu Shaoyang and said to him: "I also think that the most important thing for us at this time is to pretend to cooperate with Emperor Jin Zong first, and then fight against Long Hanming, so that Let's reach a balance and then go on to fight against Emperor Jin Zong."

Gu Shaoyang looked at the opinions of several of them at this time, and they were all very unified, so he clapped his hands, Luo Zishan and Tiger Demon The individual came back to his senses instantly, and everyone was already looking in the direction of Gu Shaoyang.

Gu Shaoyang said to them: "I also think so. I want to cooperate with Emperor Jin Zong first. In this case, Emperor Jin Zong will send many and various elite troops of his own, and then confront Long Hanming and Long Hanming. In this case, they The two of us will take great action, and we will relax a lot."

Gu Shaoyang is really a very smart person, and he is ruthless.

Hearing what Gu Shaoyang said, Tianci nodded and said to him: "That's right."

But Tiger Demon and Luo Zishan felt that Gu Shaoyang's move was too cruel. In this case, the two of them would , it's like a dog chewing a hair on its mouth, and then they can reap the benefits.

So several people agreed. After Gu Shaoyang's words, they all said to Gu Shaoyang: "Then how should we study the treasure map? Otherwise, if we go back, the ancient dragon will find it."

Gu Shaoyang thought carefully. After a while, the treasure map was obtained and placed next to a big stone.

He looked at several people and said to them: "Let's take a closer look now. When the time comes, we will go back. When there is time, we will all come back." After hearing what Gu Shaoyang said, one person didn't know But no, because there is only one way. Although it is not particularly convenient for them, they also know that the most important thing now is to let the ancient dragon relax its vigilance against them.

So several people gathered around the big stone and looked at the treasure map. It was indeed exactly the same as the treasure map drawn by Gu Shaoyang.

I really didn't expect that Gu Shaoyang's painting skills were simply too good, and he actually found something drawn on a piece of sheepskin, and it was impossible to tell the authenticity from the fake.

Li Zhou really couldn't help but click his tongue, stretched out his thumb, pointed in the direction of Gu Shaoyang, and said to Gu Shaoyang: "Brother Gu Shaoyang, you are so awesome. The treasure map I asked you to draw is really It's hard to tell the truth from the false. Even if the ancient demon dragon got the treasure map, he would never think that the one he had in his hand was fake."

At this time, Luo Zishan's face almost fell down. When it came to the treasure map, although he must have read that treasure map many times, at this time, he also felt that this treasure map was exactly the same as the one he had seen before.

No matter whether it is every mountain peak or even every ravine painted above, it is completely the same, and there is no difference at all.

So he looked at Gu Shaoyang and said to him: "I didn't expect that you are really very powerful. This treasure map is exactly the same as the one you drew."

God sent him to look at Gu Shaoyang, because in the past, he When he and Gu Shaoyang were in the academy, he knew that Gu Shaoyang's painting skills were very good. No matter what he painted, he always paid attention to making it look real.

So he looked at Gu Shaoyang and praised Gu Shaoyang, saying to him: "I didn't expect that several years have passed, but your painting skills have not diminished at all, and are becoming more and more superb. They are exactly the same."

God-given He really knows Gu Shaoyang very well. After all, the two of them grew up together.

Chapter 1677

Moreover, Gu Shaoyang and the two of them were in the academy and had studied together for many years, so they knew each other very well.

After hearing what Tianci said, Gu Shaoyang looked at Tianci and said to him: "No matter what, it's just the same as before. This thing is just a hobby."

Several people studied this treasure map again. But what still disappoints them is that even after seeing this real treasure map, nothing can be found.

Gu Shaoyang had already watched the sky slowly start to darken, and they had not started looking for real prey at this time. If they couldn't find anything, they would definitely attract the attention of the ancient dragon if they went back.

So I thought I could watch a few people facing each other, and they said: "Okay, that's it for today, let's all go back."

To be honest, although a few people were reluctant to leave, and their eyes were still looking at the treasure map, but I also know that what Gu Shaoyang said is indeed correct, and if the ancient demon dragon discovers them next and they have any clues, they will definitely not let them go.

After all, the ancient dragon is an ancient monster, and if you really want to fight against them, it will be very dangerous.

So Tianci clapped his hands and said to a few people: "Okay, okay, Lingdang and I are going to pick some wild vegetables. You two will divide the work and go hunting quickly."

Gu Shaoyang and Li Zhou gathered them. After the treasure map, Li Zhou was carrying an empty box, and then Gu Shaoyang had already received his treasure map again. The figure of the treasure map began to disappear behind him."

On the other side, Luo Zishan and Tiger Demon were already heading in the other direction, preparing to go hunting.

Tianci and Lingdang walked into the forest and immediately lowered themselves. The wild vegetables in this place were still very There were so many, so the two of them had already picked a bunch of various wild vegetables very quickly.

Gu Shaoyang and the others had a very big problem due to the fact that this mountain range and the previous place did not have the pressure of the ancient dragon. Change, there are a lot of prey in this place, so it only took half an hour for a few people to harvest a lot.

Gu Shaoyang looked at them, gathered together again and said to them: "Let's go Well, when we all go back, we must remember to act a little downcast and sluggish, and we must not reveal our happy thoughts at this time."

Hearing what Gu Shaoyang said, Tianci felt that it was really time to test his acting skills. He nodded and said to Gu Shaoyang: "Don't worry, I will definitely pay attention."

Lingdang immediately started to cry with a mournful face, and then he showed a very sad look and said to Gu Shaoyang: "Brother Gu Shaoyang, is it okay for me to behave like this?"

Gu Shaoyang looked at the little girl Lingdang, who was starting to become more and more quirky. He really liked it in his heart. He rubbed Lingdang's head and said to him: "You little girl Acting too exaggeratedly."

Ling Dang started to laugh out loud, and said to Gu Shaoyang: "Yeah, I feel like I performed pretty well."

Luo Zishan and the others on the other side, looking at Ling Dang's performance, also felt that now that Ling Dang is a little living treasure, they are really very lively with each other.

Luo Zishan also nodded in agreement, He walked towards the bell.

Then he stretched out his hand, gently played a chestnut on the head of the bell.

He said to the bell: "I also think you are exaggerating. You Are you here to make some of us laugh?"

When Lingdang heard what Luo Zishan said, he immediately became very angry. With an angry smile on his face, he said to Luo Zishan: "Then show your behavior and let me see."

This sentence really asked Luo Zishan. He really didn't know how to do it, so he still covered his face and said to them: "I usually look like this, so no matter what No matter what, I still have this expression. Gu

Shaoyang felt that Luo Zishan was doing very well like this. He looked at a few people and said to them: "Okay, everyone, stop playing around. It's getting late. Let's go back.""

After all, they have built a mountain. If you want to go back, you still have to walk back. Moreover, Gu Shaoyang and the others don't want to fly in this place. This will attract the attention of many monsters. For them, It is even more dangerous.

After hearing what Gu Shaoyang said, several people stopped playing around, but took the prey in their hands and climbed up the Warcraft Mountain in front. The few people took advantage of it for more than an hour. After a while, he climbed down this mountain peak and returned to the outside of the cave where the ancient dragon was.

Chapter 1678

This place is indeed quieter than other places, and many of them look really safe. But at this time, they all know that they seem to be very safe now, and the biggest danger is behind them.

When Gu Shaoyang and others walked back, you could see that everyone's faces looked very tired, sad and depressed.

Then Xianghui said to several people: "We will all leave the Warcraft Mountains next, so we don't need to wait here to be sad. This thing may really have no fate with us." The ancient magic dragon in the distance said Already in his cave, he felt really happy when he heard Gu Shaoyang say these words.

He thought that if Gu Shaoyang and the others left this place, it would be a very good opportunity for him.

After Gu Shaoyang finished saying this, Tianci nodded in agreement.

His voice was very cold, and he looked at several people and said to them: "Yes, since we have lost this opportunity now, it is better to leave earlier, this Warcraft Mountain Range, otherwise, this place, too Very dangerous."

After all, Long Hanming has always been our biggest threat, and at this time, although several people did not speak, they all looked very angry. Luo Zishan was originally a monster with a very bad temper.

So he directly faced Gu Shaoyang and others in a very angry voice: "If you let me know who stole our treasure map, I will definitely let him die." The tiger demon on the other side also gritted his teeth. , looked very angry, looked at Luo Zishan, and said to him: "Yes, I will definitely not make it easy for him. We will definitely catch this thief when the time comes."

How many people did Luo Zishan and the others have? His personal behavior was completely normal, so when Gu Shaoyang saw several people behaving like this, he felt relieved.

When a few people reached the edge of the cave, they had already started to light a fire and barbecue, and engage in various activities.

Half a month has passed. Gu Shaoyang and the others have been working at sunrise and resting at sunset. If they have time, they will leave this Warcraft Mountain Range and go to another place to study the treasure map.

But they had been looking at the treasure map for several months, but they still didn't see any clues. Moreover, at this time, Gu Shaoyang had already begun to see Emperor Jin Zong and various men in black coming to open the news..

So Gu Shaoyang felt that if there was a chance, he would still have to meet Jin Zongdi, but the opportunity was really right in front of him.

When Gu Shaoyang and the others went hunting one time, they did not expect to see the Warcraft and Emperor Jin Zong, its men in black fighting together.

When Gu Shaoyang and others were standing in the distance, they had already seen these men sent by Emperor Jin Zong. The men in black around them were really very powerful. They had killed several of them very quickly. This is not a particularly powerful monster.

After killing these monsters, one of the black men grew taller and thicker. Even if his skin was covered by the black mask, it could be seen that his eyes were very small, but his skin was very dark.

The man's eyes were very sharp, and he immediately saw Gu Shaoyang and the others. Very quickly, he came to the side of Gu Shaoyang and the others in a flash.

Gu Shaoyang took out the long sword in his hand and looked in the direction of the man in black.

He said to him:"Who are you?"

The man in black looked at Gu Shaoyang and said to him:"Hand over the treasure map."

The corners of Gu Shaoyang's mouth raised slightly, he looked at him and said to him:"Are you also a person around Emperor Jin Zong?"

After hearing what Gu Shaoyang said, the other party did not hide it, and said directly to Gu Shaoyang:"Yes, I am the guard around Emperor Jin Zong. I can hand over what you have on you. I force you to die."

Gu Shaoyang was not particularly scared. On the contrary, he was indeed very excited. He did not expect that after waiting for such a long time, the opportunity would finally come.

He looked directly at the man in black and said to him:"Now take us to see Emperor Jin Zong and tell him something."

After hearing what he said to the man in black, he really didn't expect that Gu Shaoyang and the others, He actually went to see his Majesty the Emperor.

He immediately looked at them and looked at them very warily, and they said,"You want to assassinate our emperor."

Gu Shaoyang felt that this guy. He was really too nervous. Then he looked at the man in black and said to him:"How is this possible? I have a collaborator and I want to talk to him about his relationship with Long Hanming."

Then. The man in black and the few black men behind him looked at each other, and then the leading man in black.

Chapter 1679

He immediately looked at Gu Shaoyang and said to him:"Okay, but you are the only one, so you can come with me."

Gu Shaoyang really looked at this time, and several friends behind him faced each other, and they said:"You guys are here Wait here, I don't want to go back and meet the two ancient demon dragons."

Because Gu Shaoyang has always been very worried that the few of them will reveal any tricks. If the ancient demon dragon finds out, for them, it will be But the fatal blow, after hearing what Gu Shaoyang said, Luo Zishan and Tiger Demon were still very worried about Gu Shaoyang, because

they also knew that Emperor Jin Zong was not a good person. Since he could sit on the throne of the Kingdom of Jin , which proves that his thoughts are deep enough.

And his methods were cruel enough, so the two of them looked at Gu Shaoyang very worriedly and said to him:"I will follow you."

When Gu Shaoyang looked at Luo Zishan, he was really worried, and he was still worried He was very pleased and said to them:"No, I can do it myself."

Tianci was also very worried about Gu Shaoyang at this time. He immediately looked at Gu Shaoyang and said to him:"Otherwise, I will go with you. Others A few people are waiting here."

Gu Shaoyang felt that Tianci was very smart and wanted to bring Tianci to him. He immediately looked at the man in black and said to them:"Can we go two people? , otherwise, this negotiation will be invalidated."

Luo Zishan and Li Zhou from another store were really relieved when they heard that Tianci was going with Gu Shaoyang. After all, they also knew that Tianci was He is very smart. With him following Gu Shaoyang, he will have a certain degree of protection. After hearing what Gu Shaoyang said, several men in black began to think very seriously.

But looking at Tianci wearing a pink robe and looking very thin, I also felt that this little girl did not have any special strength and could not pose more threats to them.

So he nodded and agreed and said to them:"Okay, but you can only have two people at most, and other people can't go with us."

After hearing that he had agreed to his conditions, Tianci still felt in his heart I was very happy, so in the end, Gu Shaoyang and Tianci disappeared with the man in black in the Warcraft Mountains. When they just left the edge of the Warcraft Mountains, they didn't expect to see the army camp, and there were many around them. soldiers guarding it.

Gu Shaoyang did not expect that Emperor Jin Zong had been around the Warcraft Mountains and started to look at them. It seems that Emperor Jin Zong had already received the news, but Gu Shaoyang and the others were in this place. The news Too closed-minded, so now he and Long Hanming are really at war with each other.

Gu Shaoyang said to the man in black with great confusion: "I didn't expect that you are all stationed here now." The black man did not doubt the meaning of Gu Shaoyang's words, but said to Gu Shaoyang: "We are already here. We've been living there for a month, don't you know?"

Gu Shaoyang shook his head and said, "We don't know."

The man in black was really unbelievable and didn't expect it at all. They came to this place entirely because of Gu Shaoyang and the treasure map on their bodies. However, the real person who caused the trouble did not know that Gu Shaoyang directly communicated this information to the man in black and had already arrived in the middle of all the tents. Inside the largest tent.

The man in black did not let Gu Shaoyang and the others go in immediately.

Instead, he went in and reported. When he entered the tent, the man in black took the lead and looked at it with his hands clasped in his fists. Emperor Jin Zong knelt down in the direction of him, and then said in a calm voice: "Report to your majesty, I have brought Gu Shaoyang back. He said he has something he wants to report to you."

When he heard the man in black suddenly say this to him, Emperor Jin Zong really didn't expect that Gu Shaoyang would come in person this time. this place.

He immediately raised his head and looked at the guard below him, who said to him: "Guard Zhang, I didn't expect that you did a really good job this time, and you actually captured Gu Shaoyang directly to this place."

Zhang Huwei immediately looked at Jin Zongdi and said to him: "I didn't bring him here, but he himself said that he wanted to talk to you about the treasure map this time. Question."

Emperor Jin Zong was really confused, because he had always felt that Gu Shaoyang's treasure map seemed more important than his own life. How could he personally hold a copy of the treasure map? Come to your own place.

So he immediately took advantage of his voice, narrowed his eyes slightly, looked at the end of the account, and said to him: "I didn't reveal any information to him."

Chapter 1680

Zhang Huwei immediately lowered his head and prostrated on the ground. Then he said to Emperor Jin Zong: "He didn't tell anything, and he didn't know. We are all stationed here and saw our tents." It was still very strange."

After hearing what he said, Emperor Jin Zong didn't even expect that Gu Shaoyang was in the Magical Beast Mountain Range. He didn't even know he was there. He had been in this place for a month.

He looked at Zhang Huwei below and said to him: "Go and call Gu Shaoyang in."

When he said this, Zhang Huwei had already retreated, looked at Gu Shaoyang, and said to him: "Our Majesty is ready I want to see you go in."

Gu Shaoyang nodded, looked in the direction of Zhang Huwei with his hands clasped, and asked him to say: "Thank you."

Then he took Tianci's hand, and the two of them walked into this huge tent. Inside, I didn't expect that Emperor Jin Zong really enjoyed himself very much. Even after arriving at this place, the interior was still splendidly decorated, and everywhere was very luxurious, completely in line with the palace. Inside. There are no big changes, except that there is a tent outside.

When Gu Shaoyang walked in, he did not kneel down, but clasped his hands in a very ordinary way. As a courtesy, he said to Emperor Jin Zong: "See the King of Jin Kingdom."

Emperor Jin Zong immediately raised his head and looked at Gu Shaoyang very seriously. He did not expect that it was just that he had not seen Gu Shaoyang for more than two months. He still looked neither humble nor arrogant, which made me really angry when he saw it. On the other side, Tianci and Gu Shaoyang looked the same, fragile and fluttery.

But he still looked at him with his hands clasped in his fists. In the direction of Emperor Jin Zong, he said to him: "See His Majesty the King of Jin."

The look of the two people made Emperor Jin Zong very angry just thinking about it, but at this time, he He couldn't show his anger, because he had to cooperate with Gu Shaoyang next, and the two of them wanted to get the treasure map from Gu Shaoyang and the others, so he could only pretend that he was a benevolent monarch.

Seeing Gu Shaoyang and Tianci facing each other, they said: "There is no need to be more polite. Didn't I already say that there is no need to be more polite? We are already good friends at this time, why are we still so polite?"

Then immediately The servant who was already entertaining two people looked behind him and said to them: "Quickly go get two chairs and let the two of them sit down."

The servant really didn't expect this Emperor Jin Zong, and his behavior before and after was still different. It was really very big, but he still lowered his head and said to Jin Zongdi very respectfully: "Yes."

Then he pushed it down, took two Taishi chairs and placed them in the center of the hall. On the way, Xianghui and Tianci were not polite. When they saw there was a place to sit, they sat down directly, which made Emperor Jin Zong feel even more unconvinced.

He immediately looked at Gu Shaoyang's two people and said to them: "I didn't expect that Gu Shaoyang would come to see me in person this time. Does he have something to tell me?"

Gu Shaoyang also looked at Jin Zongdi and said to him : "Didn't you and Long Hanming work well together before? Why did you personally lead the troops to this place and fight with Long Hanming's various magical beasts?"

Hearing Gu Shaoyang say this Asked, Emperor Jin Zong was really very angry. He couldn't show it at this time, otherwise if Gu Shaoyang knew that he and Emperor Jin Zong had turned against each other, he would definitely sow discord.

Emperor Jin Zong immediately changed the subject and said to them: "It's nothing, it's just the Warcraft Mountain Range, which is also the country we pass through, so I came to this place for inspection."

Gu Shaoyang felt that this guy, He could really tell lies with his eyes open, so he looked at Emperor Jin Zong and said to him: "The treasure map on our body has always been pointing to this place in the Warcraft Mountains, but Long Hanming has a lot of respect for me. You don't want me to find the real treasure map, so I want to cooperate with you at this time. I wonder if you, Your Majesty the King of Jin Kingdom, can cooperate with us to resist Long Hanming so that I can find the real treasure map. The location of the treasure where the treasure map is located."

After hearing what Gu Shaoyang said, Emperor Jin Zong couldn't help but his eyes lit up. He didn't expect that Long Hanming was so stupid that he personally stopped Gu Shaoyang and the others..

In this case, Gu Shaoyang would definitely seek refuge with him. He felt that Long Hanming, a fool, had pushed several people to his side, so he felt that Gu Shaoyang and the others must have been desperate at this time, so they came. to find yourself.

Emperor Jin Zong immediately came out from behind his case with great concern.
