Chapter 1681

He looked at Gu Shaoyang and the others. He was wearing a yellow robe with a dragon gate on it, but he didn't feel superior.

But looking at them very amiably, Gu Shaoyang and the others said to the two of them: "I didn't expect that Long Hanming would attack a few of you. He is simply bullying others with such reason." At this time, Gu Shaoyang was thinking in his heart. He was really sneering. He didn't expect that this guy Jin Zongdi really did one thing on the surface and another behind the scenes. He really played with others with a lot of scheming.

He immediately looked at Jin Zongdi pitifully and said, "Yeah, we didn't expect that Long Hanming would actually take action against me personally, so it's really very difficult for the few of us at this time. , I also hope that His Majesty the King can help us."

After hearing what Gu Shaoyang said, Tianci was even more pitiful, and he already acted very pitiful, and said to Emperor Jin Zong: "Yes, and a few of us, this It was really very pitiful at that time. I was running around here and there every day, hiding and hiding without a place to stay, and now I have reached the point of being at the end of my rope." Then

Tianci became even more pitiful, and he had already stood up He stood up and clasped his fists, looked in the direction of Emperor Jin Zong, and said to him: "Please, His Majesty the King, have mercy on us. We can all work together to find the real treasure for you."

Emperor Jin Zong At this time, whether it was his own vanity or all the calculations in his heart, he really felt that he had succeeded, and he was very happy.

He helped Tianci up, looked at Tianci, and said to him: "Don't worry, I will definitely help you fight against Long Hanming. I really didn't expect that this guy, as a demon king, would treat you like this. You ordinary people People attack, and he is actually a monster. For all the citizens of Jin Kingdom, he is our opponent."

Hearing what he said, Gu Shaoyang really sneered. It turned out that the two of them cooperated with each other. Otherwise, Emperor Jin Zong would not have been able to ascend the throne of the Jin Kingdom, and Long Hanming would not have been able to ascend the position of Demon King and Demon Lord, so these two people worked together and said Such high-sounding words. But Gu Shaoyang still looked very happy.

He immediately stood up and looked with his hands clasped in his fists. In the direction of Emperor Jin Zong, he said to him: "Thank you, His Majesty the King, for being able to help."

Emperor Jin Zong looked directly at Gu Shaoyang, and the two of them said to them: "Take that. If Long Hanming will confront you, I will definitely help you. After the few of you, the guards around me can be called upon at will."

Hearing what Emperor Jin Zong said, Gu Shaoyang was still very happy. After all, At this time, Long Hanming was really in trouble chasing and blocking Gu Shaoyang and the others, but with people like Emperor Jin Zong, he could really draw a lot of firepower away from him.

So he and Tianci stood up again, looked at Emperor Jin Zong, and said to him: "Thank you, His Majesty the King."

Gu Shaoyang and the others said to each other. After this topic, although Emperor Jin Zong had been Everyone was asking about the real location of the treasure map hidden by them, but Gu Shaoyang also talked about the treasure map, and either directly blocked it from Li Zhou, so that Emperor Jin Zong did not get it. Any real useful information.

Gu Shaoyang watched the time slowly go by and it started to get late. He looked directly at Emperor Jin Zong and said goodbye, saying to him: "It's already late now, and my friends Li Zhou and Luo Zishan, how many of them are there?" We are still in the Warcraft Mountains, and it will be very dangerous next time, so we still have to go back, and we have to say goodbye now."

When he said this, although Emperor Jin Zong didn't want to let go, the two big brothers Gu Shaoyang and Tianci The fish went back, but he had to endure it and let the two of them go.

So he still sat with a very benevolent look, watching Tianci and Gu Shaoyang say to them: "In the Warcraft Mountains, if you encounter any trouble, you can find my guards, they will definitely Gu Shaoyang and Tianci will help you."

They said goodbye again and left. In Emperor Jin Zong's camp, after the two people walked out of the camp, they didn't expect that there were really many people behind them. Various guards.

Although they were all wearing black robes, they were even more dazzling under the care of the setting sun in the sky. When Gu Shaoyang and the two of them walked into the World of Warcraft

Forest, they had already seen these guards. They were really very... The cleverness immediately began to spread out, and then disappeared.

Gu Shaoyang felt that the skills of these people were really very powerful.

Chapter 1682

He glanced at the two Tianci people at this time and felt that he and Jin Zongdi were pretending to cooperate to fight against Long Hanming, but it was also very dangerous for them, so the two of them walked into the mountain range. When they were together, they didn't speak. They just held each other's hands, and the other's hands were tight.

When Gu Shaoyang saw several of his friends, several of them were already anxious. They didn't know why Gu Shaoyang and Tianci had not come back after being away for so long.

And Luo Zishan was very irritable. He looked at several people and said to them: "Is it possible that Gu Shaoyang and Tianci are in any danger?" The tiger demon indeed shook his head and said: "No way, they are still very If you are smart, there should be no problem."

Lingdang did have a kind of fascinating confidence in Gu Shaoyang and Tianci. He looked at a few people and said to them: "Everyone, please don't be impatient. Sister Gu Shaoyang and Tianci are two of them. I'll definitely be back soon."

As soon as Ling Dang finished speaking, Gu Shaoyang had already laughed out loud. Looking at Ling Dang, the little girl had already walked over and directly rubbed the little girl's soft hair. She said to him: "You are really very confident in me and your God-given sister."

As soon as Lingdang heard this voice, she turned around quickly and saw Gu Shaoyang, she was really very confident. He was so happy that he immediately started to laugh, smiling like a bright little flower.

He said to Gu Shaoyang: "Brother Gu Shaoyang, you two are finally back."

At this time, Tianci also stepped forward, looked at Lingdang, and said to him: "Are you a little too confident in your Tianci sister? What if I don't come back?"

Lingdang shook his head with certainty. He looked at Tianci and said to him: "It's impossible. You and my brother Gu Shaoyang are both so smart, and The strength is also very powerful, it is impossible not to come back."

When Lingdang finished speaking, he looked at the direction of the two people with very firm eyes. Gu Shaoyang blinked in the direction of several people. Then he whispered to a few people and raised his fingers to ask them to come over. Very quickly, they all gathered in the direction of Gu Shaoyang.

Because they knew that they could not speak freely at this time, and they were afraid that they would attract the attention of Long Hanming or Emperor Jin Zong and his subordinates, so Gu Shaoyang formed a small circle with a few people.

He whispered to a few people: "There are people from Emperor Jin Zong not far from us, so everyone should be careful when talking next time."

After hearing what Gu Shaoyang said, several people couldn't help but turn their eyes. They all opened their eyes wide, but no one said anything particularly outrageous.

Li Zhou looked at Gu Shaoyang and the others facing each other, and they said: "What are we going back to at this time? A place to rest."

After all, they have begun to pretend to cooperate with Emperor Jin Zong, so they still have to show off next time. He seemed to have a treasure map.

Gu Shaoyang looked at several people and said to them: "Since the location pointed to by our treasure map is in the Warcraft Dragon Palace, then we should still go back to live there tonight."

When hearing Gu Shaoyang's words, the others The guards behind also heard this voice, so Gu Shaoyang's news was specially released to them.

After Gu Shaoyang finished speaking, Li Zhou already agreed with him and said to him: "Yes, after all, that place is a place where even a few monsters dare not go. It is still very safe for us."

On the other side, Luo Zishan also looked at them, although he didn't know what riddle the two of them were playing at this time.

But he still said to a few people: "It's not too late, let's all set off at this time."

Several people carried the prey in their hands and walked back in the direction of the Ancient Demonic Dragon Cave. After an hour, they had arrived at a large area near the ancient Demonic Dragon Cave, and there were already traces of their lives.

So when I go back, living and cooking are very convenient.

Another week has passed for Gu Shaoyang and the others, but nothing has happened. They still work at sunrise and rest at sunset every day. For them, doing these things is simply too peaceful.

But even if this is the case, one monster after another will always harass them around them from time to time.

At this time, Gu Shaoyang and the others were making a fire to cook, and they had already seen the Iron-Armored Golden Bear, and they rushed over very anxiously. It could be seen that they were really anxious.

Chapter 1683

Gu Shaoyang really didn't expect that the Iron-Armored Golden Bear had not appeared in front of them for a long time, so how could it suddenly come to this place.

Luo Zishan also looked behind the Iron Armored Golden Bear very vigilantly and looked over. Seeing that the Iron Armored Golden Bear came to this place alone, he felt relieved.

He hurriedly walked over, and the Iron-Armored Golden Bear walked up directly, clasped his fists, looked at Luo Zishan, and said to him: "See the master." Luo Zishan was really anxious, and he quickly pulled With the Iron Armored Golden Bear and the others, they walked to a very safe place.

He looked at the armored golden bear and said to him: "Why, what happened to coming to this place in such a hurry?" At this time, the tiger demon also put down a prey in his hand, and headed in the direction of the two of them. Already walked over.

Gu Shaoyang and the others had all gathered around. After all, the Iron-Armored Golden Bear didn't know that the treasure maps in their hands had been lost at this time, so they would definitely not reveal any of their secrets.

The Iron-Armored Golden Bear blushed anxiously and said to them: "Soon a large number of monsters will come to this place to intercept you, and Long Hanming has been completely sealed off at this time, so You guys, please be careful."

After hearing the words of the Iron Armored Golden Bear, several people were really shocked. They didn't expect that Long Hanming had only sent these monsters to harass this place. Today, they There will be such a big move.

Gu Shaoyang looked at the Iron Armored Golden Bear with some doubts and said to him:"What happened?"

The Iron Armored Golden Bear immediately turned cold, looked at several people, and said to them:"Emperor Jin Zong They have been fighting fiercely with Long Hanming for a while, so they think you are the one who must win."

At this time, Long Hanming just wants to catch a few of you and then get the treasure map.

Gu Shaoyang really didn't expect that it seemed that Long Hanming couldn't bear it anymore and wanted to finally attack them.

So he immediately saw the Iron-Armored Golden Bear and said to him:"Just ensure your own safety first. Leave us alone and leave this place quickly." The

Iron-Armored Golden Bear was really worried about Luo Zishan and Tiger The two of them were demonized, so he refused and said to them:"No, I want to fight side by side with you, otherwise, Long Hanming is very cruel and ruthless, and this time he sent out many different kinds of monsters.."

Gu Shaoyang was not particularly scared, but looked at the Iron-Armored Golden Bear and said to him:"If you are in this place, you will only expose your own identity. They will definitely not let you go. First, Ensure your own safety, we all have our own countermeasures."

Although Gu Shaoyang said this, he was very confused if there were really many Warcraft coming to this place.

Emperor Jin Zong didn't know if the few people he had given to him were enough, so he still wanted the Iron Armored Golden Bear to ensure his own safety first. The most important thing was that after hearing what Gu Shaoyang said, the Iron Armored Golden Bear also knew about Gu Shaoyang and the others. , I have thoughts in my heart.

So he just looked at them, very concerned, and said to them: "Then you all should be careful."

Gu Shaoyang nodded, and very quickly, the armored golden bear disappeared from Gu Shaoyang and his group.

Gu Shaoyang looked in the direction of several people and said to them: "It seems that we are going to have a fierce battle today."

Because Gu Shaoyang could completely imagine that as long as Long Hanming came to this place, these monsters would definitely be killed. I will attack several of them.

Luo Zishan had not seen so many magical beasts for a long time at this time. He was not afraid of these things. After all, he and the Tiger Demon were very powerful.

He immediately pinched his fingers and said to them: "Okay, in that case, I will let them see what kind of strength their real king is." On the other side, he was fighting the tiger. The devil immediately opened his mouth and let out a tiger roar, saying to several of them: "These guys are simply bullying others. They want to fight against their real king. Let them come back today without any return."

Although Tianci and Lingdang did not speak, Gu Shaoyang also looked at the two girls with very firm eyes. They were already prepared for the next battle.

Then you can look at these people and say to them: "Everyone, please be careful. There will definitely be a fierce battle next."

After hearing this, the voice of the ancient demon dragon was already heard in the cave on the other side. The voice said to them: "This is a battle between you and the demons. I can't take action."

Chapter 1684

"Otherwise, there would not be such a balance between the Demon King and me."

Gu Shaoyang did not expect that the ancient demon dragon could speak at this time, but he knew that the ancient demon dragon was just pretending to be a good person.

Gu Shaoyang looked in the direction of the ancient demon dragon's cave and said to him: "Yes, we know that we You can rely on your own abilities to defeat Long Hanming, don't worry."

The ancient demon dragon snorted coldly in his heart, thinking that it would be better if Gu Shaoyang and the others died. In this case, no one would know that the true location of the treasure map is in his hand, and he can be here. Within a mountain of magical beasts, they slowly began to find their real treasure.

Gu Shaoyang and the ancient demon dragon now have completely different thoughts, and neither of them can guess what the other is thinking.

So Gu Shaoyang has a deep understanding of the ancient demon dragon. I was really very disdainful. I didn't expect that as an ancient monster, he would have such a gloomy mind.

So I was even more disgusted with him.

At this time, Gu Shaoyang and the others had already heard the sound of something starting in the forest. There was a sound of Xixi.

Gu Shaoyang and the others were very vigilant and took out weapons one after another in their hands.

Lingdang already had a whip given to him by Gu Shaoyang. This whip was Gu Shaoyang's hand. I got it from a place before, and it was indeed very powerful.

So when Ling Dang held the whip in his hand, he felt that his whole body really had a lot of energy.

He looked at Gu Shaoyang and said to him: "Brother Gu Shaoyang, I don't need you to protect me, I can protect you."

Gu Shaoyang looked at the little girl's sworn appearance, nodded, and said to him: "Okay, let me see how much your strength has increased during this period of time."

Because Gu Shaoyang knows that the little girl Lingdang is rising at a speed visible to the naked eye every day, so he feels that Lingdang's current strength is not much weaker than that of Li Zhou. It's really. What is important is the ability to protect oneself.

Gu Shaoyang looked at a few people and said to them: "Everyone is ready to fight."

Just after saying this, Gu Shaoyang was already seen not far away, and men in black jumped out one after another.

These men in black were all sent by Emperor Jin Zong to protect him, so Gu Shaoyang really He didn't expect that these guys would actually jump out at the critical moment.

Gu Shaoyang looked in the direction of these black people, faced a very tall, thick figure among them, clasped his hands and said, "This time it seems really true. It's time to have a guard. Zhang

Huwei turned towards Gu Shaoyang and snorted coldly. He felt that Gu Shaoyang and the others were simply too troublesome.

Instead, he said to Gu Shaoyang and the others: "This is a mission sent by His Majesty our country. We will all definitely do it." If you finish it carefully, you don't need to thank me."

Hearing this, Gu Shaoyang didn't speak anymore, but looked at the monsters that had appeared one after another in front of him. These monsters were really an army of monsters. The leaders were the Blood Jade Spider, the Ice-armored Python and the Black-Gold Ape..When

Gu Shaoyang looked at the blood jade spider, he didn't expect that it was a spider much larger than himself. This guy looked really scary, and the blood-red body and black legs looked... But it was covered with a lot of down.

When Gu Shaoyang looked at this guy, he felt that there were a lot of toxins all over his body.

Gu Shaoyang looked in the direction of the ice-armored python again, but he didn't expect that it was a huge one. The python seems to have a thick layer of armor on the outside, and his armor looks really strange. It actually has ice crystals on it. It looks like a layer of ice is attached to it.

Gu Shaoyang thinks this The ice-armored python is really very powerful. It should be a kind of monster that can freeze people instantly.

Gu Shaoyang looked at Wujin Ape, which was a completely black ape, and he was standing on the treetop at this time. Looking at Gu Shaoyang, they seemed to be very disdainful. They were much larger than themselves. These monsters were really very powerful.

Gu Shaoyang looked at his companions behind him and said to them : "Everyone, be careful."

Hearing Gu Shaoyang's words, several people began to be very careful at this time. Because there were many various kinds of monsters behind them, although they were not as strong as these three monsters, they could still watch. It can be seen that there are a lot of them.

If given time, they will definitely be difficult to break through.

When Gu Shaoyang finished saying this, he had already seen the blood jade spider. He immediately looked in the direction of Gu Shaoyang and said to them: "You are Those few people our demon master wants to kill."

Chapter 1686

On the other side, the tiger demon shook his body and suddenly turned into a huge liger.

He had already pounced in the direction of the blood jade spider, and directly threw the blood jade spider into the air.

Since the blood jade spider was covered with spider silk at this time, his body was unstable and he had already wandered far away.

The Blood Jade Spider swayed for a few times, looked around, stabilized his body, and looked in the direction of the tiger demon.

He used his spider legs to point in the direction of the tiger demon and said to him: "I didn't expect that you, this guy, really abandoned his righteousness and had already taken refuge in the direction of Luo Zishan."

Because in the past, the blood jade spider The two of them were friends with each other, but they didn't expect that the tiger demon would betray their master at this time, so he was really very angry.

The tiger demon snorted coldly and said to him: "Have you forgotten who the real master of all our monsters is? At this time, you have all betrayed our own master." At this time, the Blood Jade Spider Indeed, he was completely on Long Hanming's side, so hearing what the tiger demon said, he felt that the other party was simply arrogant.

He immediately spit out his own spider silk and spit it out in the direction of the tiger demon.

The huge body of the tiger demon had already rushed towards the opponent.

On this side, Gu Shaoyang was fighting against the Wujin Ape. He had no idea that the Wujin Ape was really powerful.

Gu Shaoyang raised his knife and lowered it, emitting a golden light, and struck it in the direction of the opponent.

The Wujin ape was indeed very fast. He jumped up and onto a tree.

Wujin Ape originally felt that Gu Shaoyang and the others, who were very small humans, did not have any special strength at all. After all, there was a big gap between them in size and physical strength.

But at this time, he had really begun to face Gu Shaoyang. He felt that although Gu Shaoyang, a human being, seemed to be much smaller than himself, his strength was undeniably very powerful.

So he stood on the top of the tree, facing Gu Shaoyang, narrowed his eyes slightly, and said to Gu Shaoyang: "It seems that you really have some ability."

Gu Shaoyang looked at Wu Jin. Ape, he said to him: "Today is the day you die, I will show you what I am really capable of."

When he said this, he dived down towards the direction of Wujin Ape and jumped up..

Gu Shaoyang and Wujin Ape were flying around above the treetops, fighting again.

Wujin Ape really didn't expect that Gu Shaoyang's movements were really so fast. Just when he wanted to dodge Gu Shaoyang's golden light sword energy, Gu Shaoyang flipped and dived to the upper position, and then moved downward again. , had already rushed down, raised the knife in his hand, and fell on the Wujin Ape's arm again.

I saw that he was directly attacked by Gu Shaoyang with his thick ape arm, and he let out a painful cry. Blood splashed out of his arm in an instant, spraying everywhere.

He also looked in the direction of Gu Shaoyang and said to him:"You actually hurt me, I must fight to the death with you."

When he said this, he moved up again, and with one jump, he and Gu Shaoyang were already fighting. group.

At this time, Tianci and Lingdang were fighting against the ice-armored python. They didn't expect that the ice-armored python was really powerful. The ice armor on his body looked like very stiff armor, and the bending of his body was really very... flexible.

Because Lingdang was young and had been practicing very flexible techniques, he was not hurt at the time as he dodged left and right.

At this time, Tianci was also thinking seriously about how he could defeat this ice-armored python.

He looked in the direction of the bell and said to it:"Can you distract his attention?"

Because he knew that no matter what kind of python or various venomous snakes, his real weakness was the seven-inch place.

But this ice-armored python has indeed preserved its seven inches very well.

When Lingdang heard what Tianci said, he immediately nodded very firmly, with a lot of sweat on his forehead.

He looked at Tianci with certainty and said to him,"I can divert his attention."

Although Tianci was still very worried about Lingdang, he could also see that Lingdang had made great progress during this period. big.

The little girl took the whip in her hand and swung it in the direction of the ice-armored python very flexibly.

The ice-armored python was directly distracted by him. After all, it was really painful to hit him.

Chapter 1687

That's because the armor on his body can resist it, making it seem that he is not hurt, but the feeling of pain is still there.

He was very angry and stuck out his tongue, pointing in the direction of the bell, and started mouthing human words, saying to him: "You little girl, you dare to hit me, I will swallow you up in one bite.

" At that moment, he turned his body in the direction of the bell and attacked it.

Tianci had just freed his hand at this time. Looking at the bell, he was really very smart. As soon as he finished speaking, he had already attracted the other party's attention.

Ling Ding swung his own whip and swung it towards the treetops. His body was floating in the air, making it impossible for the ice-armored python to catch him so easily.

So at this time, the ice-armored python was really angry. He looked in the direction of the bell and said to him: "I will definitely kill you."

Then Tianci and Lingdang had already seen the ice-armored python. Very quickly, his body had already wrapped himself around a tree and climbed over in the direction of the bell's whip.

He immediately released his whip as soon as the bell rang, and swung it in the direction of another tree.

So at this time, he and the ice-armored python had already started playing a game of chasing each other.

At this time, Tianci was looking for his own opportunity. He took out the long sword in his hand in the direction of the ice-armored python, and stabbed it directly seven inches below his neck.

The ice-armored python that was suddenly attacked really didn't expect that God's gift would be waiting for him at this time.

He immediately saw himself, and at this time, the armor below him began to show a crack.

Tianci was even more shocked. You must know that all snakes are very fragile in their youth, and as long as they can attack correctly, they will definitely be able to kill the opponent.

But he only saw seven inches of the ice-armored python's neck, which was just a crack.

He looked at Lingdang and said to him: "Be careful next time." At this time, Lingdang and the others had already exposed their true thoughts, so the ice-armored python would definitely not let them go. Sure enough, the guy saw When a gap appeared on his body, he was really angry and attacked in the direction of Tianci.

Lingdang was really in a hurry and was always helping Tianci, so the fight between them was really fierce.

At this time, Li Zhou and Luo Zishan had already begun to fight against the Blood Jade Spider reasonably. They did not expect that the Blood Jade Spider was really very powerful. Even if they fought with each other, they would not be able to fight against each other. I can't stand him at all.

After all, the spider silk he spit out was completely poisonous, so they had to try their best to avoid it.

The Blood Jade Spider Master had no idea that such a powerful force would be so difficult to fight against such a small human being.

There is also Tiger Demon and Luo Zishan. The two of them harass each other from time to time.

At this time, the tiger demon had just bitten off the neck of a monster, and then he saw the direction of Li Zhou and said to Li Zhou: "Be careful."

Because he had already seen another spider thread, and it was heading towards Li Zhou very quickly. The direction has already attacked.

The tiger demon directly threw Li Zhou to the ground. The blood jade spider was really angry. Looking in the direction of the tiger demon, he said to him: "You are a despicable and shameless monster."

Then he only saw that The Blood Jade Spider was really angry and had already attacked in the direction of the Tiger Demon.

Li Zhou was not idle either. With the long sword in his hand, he was still helping the tiger demons to interfere with each other and the blood jade spiders, so the fight was really fierce for a while.

Luo Zishan had just killed a monster at this time. Seeing that they were still fighting fiercely with the Blood Jade Spider at this time, he immediately jumped into the battle circle with several of them.

Then he looked at the tiger demon and said to him: "Solve it immediately."

After hearing what Luo Zishan said, the tiger demon nodded and said to him: "I know."

Then he moved forward. A dive, the power of his body is very great, because he knows that the whole body of this blood jade spider is poisonous, so it is impossible to bite him to death.

So he directly used his body to rush towards the Blood Jade Spider.

Due to the huge difference in height and weight between the two of them, the Blood Jade Spider was knocked to the ground directly.

On the other side, Li Zhou didn't hesitate at all. He took out the long sword in his hand and slashed towards one of the blood jade spider's legs.

Chapter 1688

He raised the knife and chopped off three spider legs, causing the blood jade spider to scream in pain.

On the other side, Li Zhou looked at Luo Zishan and the others, and said to them: "You two are fighting against him here, and I will help Gu Shaoyang."

As he spoke, he did not wait for the two people to refuse and told him to be careful. At that moment, he had already rushed in the direction of Gu Shaoyang.

Because Li Zhou saw that he had just received a heavy blow from Wujin Ape's arm. He staggered many times before he could stand up.

So Li Zhou was really anxious at this time. He came directly to Gu Shaoyang, looked at Gu Shaoyang, and said to him: "Be careful of Gu Shaoyang." He didn't expect that Li Zhou would suddenly come to his place. , he looked at Li Zhou and said to him: "Be careful, that guy's arm has a lot of power, and his speed is also very fast."

Hearing what Gu Shaoyang said, Li Zhou nodded, and the two of them talked again Taking the long sword in his hand, he had already attacked in the direction of the Wujin Ape.

With the addition of Li Zhou, Gu Shaoyang was able to relieve a lot of pressure at this time.

Wujin Ape really didn't expect that Li Zhou seemed to be young, but his strength was really not weak.

He jumped upwards and quickly attacked Li Zhou with both arms.

Upon seeing this, Gu Shaoyang directly picked up the long sword in his hand, raised the sword in the direction of Wujin Ape, and already attacked.

So at this time, Lizhou had completely attracted Wujin Ape's attention. Gu Shaoyang raised his knife and made another incision directly on Wujin Ape's shoulder.

The Wujin ape suddenly let out a wailing sound.

He turned back to look in the direction of Gu Shaoyang, then swung his arms very angrily, turned back to the direction of Li Zhou, and launched his own attack.

When Li Zhou saw this, he dodged back and quickly avoided the opponent's attack.

On the other side, the Wujin ape turned his head and ran towards Gu Shaoyang quickly. As he ran, he said angrily to Gu Shaoyang: "I must kill you today. You, a tiny human being, can actually seriously hurt me." Twice, if I don't kill you, it's really hard to eliminate the hatred in my heart."

Gu Shaoyang didn't expect that the other party would be completely angry at this time, and he looked at his angry face.

Gu Shaoyang felt that he really felt a little nervous in his heart.

After him, the Wujin Ape immediately rushed over, charging in the direction of Gu Shaoyang. Gu Shaoyang had no time to dodge him, and was just about to confront the Wujin Ape with the long sword in his hand.

But he didn't expect that Li Zhou would appear directly in front of him and jump behind Gu Shaoyang.

He pushed Gu Shaoyang back, and his body had already collided with Li Zhou's body.

Li Zhou's punch was enough to draw blood, and he blocked this heavy attack for Gu Shaoyang.

Gu Shaoyang staggered backwards after being pushed by Li Zhou. All of Li Zhou's blood had sprayed on his back. Gu Shaoyang was really anxious and immediately stood up and looked at Li Zhou, facing him. Said: "Are you okay?"

Because Gu Shaoyang knew that the reason why Li Zhou was injured so seriously was entirely because of himself. Li Zhou shook his head slightly, wiped the blood from the corner of his mouth, and said to Gu Shaoyang with difficulty: "I It's okay."

But after he finished speaking, he coughed and started coughing again, and his own blood started to flow out of the corners of his mouth involuntarily again.

The Wujin Ape was really angry at this time. He once again launched his own attack in the direction of Gu Shaoyang and Gu Shaoyang.

But he didn't expect that Zhang Huwei and several guards would immediately protect Gu Shaoyang and Li Zhou behind him, and quickly let the two of them leave the battle circle.

Gu Shaoyang looked at Li Zhou's killing, which was really serious, and he was really worried. After all, he was trying to save himself. He looked at Li Zhou and said to him: "You must hold on, hold on."

Li Zhou clutched his chest. It was really painful. His whole face turned pale from the pain, and there were a lot of sweat beads on his forehead. He felt that he must have suffered internal injuries this time.

He shook his head slightly, comforted Gu Shaoyang and said to him: "I'm fine."

Gu Shaoyang was really anxious, but Li Zhou pushed Gu Shaoyang and said to him: "Hurry up and help them." Individual, otherwise, all of us will be in great danger."

After hearing what he said, Gu Shaoyang also knew that this was really a critical moment, and Gu Shaoyang's eyes were already red.

Chapter 1689

He didn't expect that Li Zhou would be hurt for his own sake.

If Luo Zishan, Tianci and others were to suffer such harm in the future, Gu Shaoyang felt that he would really go crazy.

Li Zhou was very conscious and had already moved his body to prevent Gu Shaoyang from supporting him.

He was already leaning against a tree, watching Gu Shaoyang waving his hands, raising the corners of his mouth slightly, acting very strong, and said to Gu Shaoyang: "Go quickly, I can do it."

Gu Shaoyang really knew what was going on. , at this time, it was not the time for him to care about Li Zhou.

He looked at Li Zhou and said to him: "You must protect yourself. I will leave as soon as possible."

Because Li Zhou was not surrounded by the monsters and all the guards at this time, he was still very safe. At the entrance of the cave.

He nodded and said to him: "Okay, I know."

Gu Shaoyang was very fast and had already rushed in the direction of the Wujin Ape.

Zhang Huwei had been beaten back a lot by the Wujin Ape. He really didn't expect that the Wujin Ape was really very powerful.

Gu Shaoyang's eyes were red, and he was really violent and angry. When he saw the Wujin Ape, he said to him: "I must kill you."

When he said this, Gu Shaoyang had already raised his hands. The knife fell, towards the direction of the Wujin Ape, and he had already swung his sword. After a golden light dispersed, the Wujin Ape took it. Gu Shaoyang was hit by golden light one after another, and he had already taken many steps back.

He did not expect that Gu Shaoyang would only start to show his true strength at this time. Wujin Ape was in disbelief.

He looked in the direction of Gu Shaoyang and said to him: "How is it possible? How is it possible?"

Because he really didn't expect that Gu Shaoyang had completely begun to explode his strength this time.

The corners of Gu Shaoyang's mouth raised slightly, and he smiled in a very dangerous arc, which made Luo Zishan feel nervous.

Because he felt that Gu Shaoyang's entire aura now was completely different from before.

Gu Shaoyang said to him: "I will definitely kill you within 50 moves."

When he said this, Gu Shaoyang raised the knife in his hand and lowered his body upwards. He rushed into the air with a dive, and then fell down, towards The Wujin ape had already attacked in the direction of its head.

Then he dropped his body and attacked Wujin Ape's chest again, with the swords all on Luo Zishan's vital parts.

After Wujin Monkey and Gu Shaoyang had gone through many attacks, they saw that Gu Shaoyang had cut a very big gash on his back, chest, body, and forehead. His entire body of Warcraft was now It looks really hideous and terrifying.

At this time, he really felt completely afraid of Gu Shaoyang, and took a few steps back slightly.

He looked in the direction of Gu Shaoyang and said to him: "You guy, you, you."

When he was telling the truth, he didn't expect that Gu Shaoyang would move forward again, swooping down, holding the long sword in his hand, and stabbing directly. His heart.

Wujin Ape's eyes have begun to widen. He really didn't expect that before he finished his sentence, Gu Shaoyang had already pierced his heart with the long sword in his hand.

He spit out a mouthful of blood.

Gu Shaoyang said to him: "This is the price you pay for hurting my brother this time."

After hearing what Gu Shaoyang said about Wujin Ape, he really refused to close his eyes and watched Gu Shaoyang pull the long sword from his chest. After pulling out again, the Wujin ape fell to the ground, twitching violently.

He looked in the direction of Gu Shaoyang and felt that Gu Shaoyang was like a demon walking out of the dark night. He didn't expect that this human being looked so small, but was so powerful. He was really underestimating the enemy. , I really didn't expect that I would die in the hands of such a weak human being.

Wujin Ape struggled fiercely for a while, and a lot of blood slowly oozed from his mouth.

He was very unwilling and closed his eyes.

Gu Shaoyang looked at Luo Zishan on the other side. At this time, they were fighting with each other and it was difficult to tell the winner.

He immediately rushed in the direction of the blood jade spider. Gu Shaoyang was really red-eyed at this time, and he was really resentful in his heart.

Without these monsters, his friends wouldn't have been hurt like this, and they wouldn't have been in such a difficult situation every day.

So Gu Shaoyang raised his knife and swung it directly in mid-air in the direction of the blood jade spider.

Chapter 1690

He had already seen the blood jade spider, and the two spider legs had already fallen off. He was really in disbelief. He looked in the direction of the sky and Gu Shaoyang landed directly on the ground.

At this time, his white robes had begun to turn gray, and they were stained with the blood that Li Zhou had just spit out and the blood of the Wujin ape. It looked like it had a very violent aura. Feel.

Luo Zishan and Hu Mo didn't expect that Gu Shaoyang's whole aura had changed at this time.

Because they saw Gu Shaoyang, when he was holding the arrow, it was as if he had walked out of the dark night. His eyes had begun to turn slightly red, and his entire face and expression were tense. It was so tight that Luo Zishan was very worried.

Gu Shaoyang immediately walked in the direction of Gu Shaoyang, called Gu Shaoyang's name, and said to him: "It's okay."

Gu Shaoyang shook his head slightly and said to him: "It's okay, I will definitely deal with them today."

At this moment, after Gu Shaoyang finished speaking, he dived forward and attacked the blood jade spider.

The Blood Jade Spider suffered a lot of damage at this time. After all, Luo Zishan and Tiger Demon were really powerful. Although they were covered in poison, the two of them did not dare to approach him, but it also made him really It's embarrassing.

When he watched Gu Shaoyang pounce on him again, the blood jade spider immediately spit out the word "venom". Without any hesitation, Gu Shaoyang took the fairy sword in his hand and mixed it up, hiding the poisonous spider silk. on his sword, and then rushed towards the spider again.

And the blood jade spider's protruding self-help style again and again has been completely caught by Gu Shaoyang. Gu Shaoyang raised the knife and slashed directly on the spider's head. Knowing that the spider was covered in venom, the two of them used their claws to attack the blood jade at this time. He had already stepped in the direction of the spider.

Luo Zishan directly used his very hard unicorn arm to slap the blood jade spider's body. As soon as the blood jade spider's body softened, it fell to the ground. He couldn't afford it, but the tiger demon didn't let him go at all.

He stretched out his huge legs in his direction again, and stepped on him again. The blood jade spider completely began to soften.

Gu Shaoyang saw that there was no movement in the movements of the two people, but they were already looking in the direction of the two little girls Tianci and Lingdang.

He really didn't expect that these two little girls looked gentle and weak, but really They are very powerful. Although they are not that strong compared to the ice-armored python, Gu Shaoyang can really see that the two of them have used their own methods to hide and chase each other. Fighting against the ice-armored python , indeed did not encounter any danger, only to see that Luo Zishan was really angry. He dived directly upwards, and then all his lion feet fell on the blood jade spider. The blood jade spider had already The two of them stepped on him like a pool of mud, and he was completely dead without any counterattack.

Gu Shaoyang looked in the direction of the two people, and said to the two monsters:"You two, don't stop. After confronting him like this, he is already completely dead. Hurry up and kill all those monsters."

After hearing what Gu Shaoyang said, the two monsters, Luo Zishan and Tiger Demon, said to Gu Shaoyang without any hesitation:"Yes, Gu Shaoyang, I understand."

The two monsters were completely accused by Gu Shaoyang at this time, and they quickly rushed towards the guards to kill the monsters.

Taking the golden-horned poisonous beast directly, they were immediately attacked by Luo Zishan. , and then softened.

Luo Zishan shook his mouth in disgust.

He once again moved in the direction of another monster and attacked it.
