Chapter 1691

The tiger demon was not idle either. He moved really fast. He immediately waved his huge claws in the direction of a monster and rushed towards him.

As soon as he saw a monster, he knocked him to the ground.

Gu Shaoyang looked at the two people. At this time, they were really powerful and intense, so he felt relieved.

Moreover, the injuries of those guards were also very serious, and Gu Shaoyang didn't care about them at all.

He rushed towards Tianci and Lingdang very quickly.

He looked at the two little girls facing them and said, "Are you two okay?"

Because Gu Shaoyang could see that these two little girls, one wearing a red robe and the other wearing a pink robe, looked very different. He was very embarrassed. There was a lot of sweat on his little face, and it was even stained with some blood. He didn't know whether it was the injury between the two of them, or it was someone else's blood.

Godsend, he shook his head slightly, panted, and said to Gu Shaoyang: "It's okay, it's just that when we fought against the ice-armored python just now, the other party was really powerful." After hearing what he said, Gu Shaoyang was slightly stunned. Narrowing her already red eyes, she looked in the direction of Lingdang and the others, and said to them: "You two take a rest, I will deal with this guy."

When Lingdang heard what Gu Shaoyang said, I really felt relieved.

After all, he was still very young at this time, so he didn't have that much physical strength to fight against the ice-armored python, and the ice-armored python's skin was simply too hard. Even with the thick armor on it, He and Tianci had attacked him many times, but they only opened a crack in him.

He looked at Gu Shaoyang and said to him:"Okay, brother Gu Shaoyang."

Then he was already leaning against a tree, and his whole body was already paralyzed at this time.

At this time, Tianci directly supported Lingdang and said to Gu Shaoyang:"Be careful, that guy's body is still very hard."

Gu Shaoyang raised the corners of his mouth slightly and smiled in a very dangerous arc, looking at Lingdang and Tianci The two people said to them:"You two still don't believe in my strength."

Of course, the two of them believed in Gu Shaoyang's strength, so the two of them looked at Gu Shaoyang and said to him again:"Believe in you , get rid of it as quickly as possible." To tell the truth, Gu Shaoyang was already heading in the direction of the ice-armored python, with the knife in his hand, and he rushed towards it very quickly.

The ice-armored python took a few breaths of breath before looking in the direction of Gu Shaoyang, twisting its body and avoiding Gu Shaoyang's attack.

But I didn't expect that Gu Shaoyang, who looked so light and light, holding the sword in his hand like he was attacking, would have such great strength. He had already cut a very big crack in the armor of the ice-armored python..

His strength is different from that of Complete, Tianci and Lingdang.

The ice-armored python was really frightened at this time, because he looked at Gu Shaoyang's red eyes and felt that Gu Shaoyang, this human being, looked very small, but the energy in his body was very huge.

He looked in the direction of Gu Shaoyang and said to Gu Shaoyang:"You are actually the guy that our Demon King has been trying to deal with."

Because he had really seen that Gu Shaoyang was one of them. A leader.

Gu Shaoyang raised the corners of his mouth slightly, looked in the direction of the ice-armored python, and said to him: "If I kill you today, I will let you bully these two little girls." As he spoke,

Gu Shaoyang didn't hesitate and looked towards the ice-armored python. The armored python's seven inches had already been hit.

Since the seven-inch ice-armored python was originally its own weakness, he had already dodged it very quickly. Gu Shaoyang's attack protected him, and he was in a completely defensive state.

Because at this time, the Ice-armored Python realized that there was indeed a big gap between himself and Gu Shaoyang. He and Gu Shaoyang were completely unable to fight against him. He was really very afraid of Gu Shaoyang. So he had been hiding, and Gu Shaoyang really didn't give him this chance.

Tianci looked at Gu Shaoyang at this time, who had been chasing the ice-armored python, and the opponent was really very fast, and had such thick ice armor on his body, it was very easy to avoid it.

So Tianci looked at Ling Dang and said, "Be careful here, be careful of other monsters attacking you." At this time, Ling Dang really couldn't care about that much anymore. He gasped for air and faced Tianci said: "Be careful, sister Tianci."

Chapter 1692

Because he could also see that Tianci definitely wanted to go over and help Gu Shaoyang at this time.

Tianci nodded, and then very quickly rushed towards Gu Shaoyang and the ice-armored python.

As soon as Tianci joined, Gu Shaoyang had already looked at Tianci and said to him: "You don't need to be there, I can do it myself. You can rest."

But Tianci really wanted to make a quick decision. He looked at Gu Shaoyang and said to him He said: "Now is not the time for you to show off. Let's work together. I will attract his attention and you will take care of him."

Gu Shaoyang looked at Tianci's very firm eyes and knew that Tianci looked so gentle. He looks weak, but if he is very stubborn, you can't tell him anything.

So he could only nod his head and say to Tianci: "Okay, I understand."

At this moment, Tianci had already taken the sword in his hand and stabbed the ice-armored python in the direction of its eyes..

The other party spit out his snake letter and shook his head, already knocking Tianci aside.

Tianci's body staggered before he could stand still, and then looked in the direction of Gu Shaoyang. At this time, Gu Shaoyang was still looking for his own opportunity.

So Tianci once again attacked the ice-armored python, looking really embarrassed.

Gu Shaoyang narrowed his eyes slightly, raised his knife in the direction of the ice-armored python, and made a dive. The speed was really very fast. He used all the strength in his body. He used Using all his strength, he stabbed seven inches towards it.

He had directly seen the body of the ice-armored python. He suddenly froze, then completely softened and lay on the ground.

The ice-armored python really couldn't be confident. He didn't expect that the ice-armored armor that he had always been proud of could actually be on Gu Shaoyang's hand this time. Moreover, Gu Shaoyang actually hit it with one blow and directly destroyed his own. The body was completely penetrated.

He looked at the fairy sword pierced on his seven inches. He had no idea that Gu Shaoyang was so powerful. He was really frightened at this time.

If he had not agreed to the Demon King's conditions this time, and if Demon King Long Hanming had not made so many wishes to himself, he would not have suffered such a fatal disaster.

He slowly circled his body and directly rolled Tianci onto his tail.

Since Tianci was also watching that his seven inches had been attacked at this time, he was unprepared and was directly wrapped around his body by the ice-armored python.

Then the ice-armored python's body rolled up tighter and tighter, drawing Tianci into its own circle.

Tianci felt that it was very difficult for him to breathe. He immediately looked in the direction of Gu Shaoyang and shouted: "Gu Shaoyang, save me."

Gu Shaoyang was fighting against other monsters at this time, but after catching him, he had already seen other monsters attacking in his direction.

When he heard Tianci's voice, he immediately turned his head to look at Tianci. At this time, he was already on the tail of the ice-armored python, and it seemed that it was very difficult to breathe, and his whole face began to turn pale again.

He immediately dived forward and grabbed the ice-armored python's tail with his own hands.

Then he looked at the ice-armored python and said to him: "Let him go immediately, otherwise, I will let you die without a burial place."

God gave him a really ugly face, but after hearing the black After saying this, the ice-armored python immediately softened his body, and he immediately curled his tail, seemingly motionless.

Gu Shaoyang knew that this guy was completely dead, but he hadn't let go of his tail yet, relying on instinct.

God-given, he immediately dived down, took out the sword seven inches away, and slashed it towards her tail.

Godsend, he already felt that the air in his body was starting to become less and less, making it difficult to breathe.

On the other side, Luo Zishan, Tiger Demon and Li Zhou all drove towards Tianci and the ice-armored python. Unexpectedly, the guy was already dead and was still wrapped around Tianci's body.

Not letting go of the two monsters, Luo Zishan and Tiger Demon, he opened his big mouth and bit the monster next to him. Then he dived forward very quickly and ran to Gu Shaoyang's side..

He directly opened his bloody mouth and bit the ice-armored python's long-dead tail. However, he did not expect that the other party would be dead. Even if he died, his armor would still be very powerful. It was just it only produced a few tooth marks, but it didn't have any particularly big effect.

Gu Shaoyang pulled out his sword at this time.

Chapter 1693

Looking at a few of them, they said to them: "Everyone step aside, I'll do it."

As he spoke, Gu Shaoyang floated upwards in the air. At this time, the two monsters were already facing the back direction. Flashed past.

Gu Shaoyang held the treasure in his hand and slashed down with his sword, cutting off his tail. It looked like he had used a lot of force.

They all felt that when the sword touched the armor, it made a buzzing sound, and the sound of the iron collision was really serious, and their ears were already affected.

The bell covered his ears. He was really worried about Tianci, so he endured all kinds of pain and ran towards Tianci.

Tianci's entire body had softened at this time. After all, difficulty breathing was really uncomfortable for him.

I saw that the tail of the ice-armored python had been cut into two pieces by Gu Shaoyang. Tianci suddenly freed his tail and opened up little by little gaps.

Gu Shaoyang ran forward very quickly.

At this time, Luo Zishan also turned into a handsome young man wearing a purple robe. He was very anxious and ran towards the direction of Tianci.

He and Gu Shaoyang carefully rescued Tianci from the snake's tail.

Gu Shaoyang looked at Tianci without any hesitation, opened his mouth, and passed his breath in the direction of Tianci's mouth.

Because he knew that Tianci had just responded to his difficulty in breathing at this time and would be able to save him quickly, so he breathed in breath after breath, watching Tianci's reaction, and then pressed Tianci's chest.

After about a few minutes, Tianci coughed and made a coughing sound.

At this time, he himself slowly regained a little strength.

He opened his eyes slightly and saw several friends. He was very worried about his eyes.

Tianci didn't want everyone to worry, so he smiled a very forced smile and said to them: "I'm fine, just take a rest. I'm sorry for making you all worry about me."

When he said this, he said it again passed out.

Gu Shaoyang knew that Tianci must have completely fallen asleep at this moment because he was too tired and his body had suffered a lot of injuries.

He was not particularly anxious, but directly held Tianci in his arms.

Gu Shaoyang looked at a few people and said to them: "All the monsters have been solved."

Because most of them had been solved at this time, and Tiger Demon and Luo Zishan saw Tianci suffering such damage at this time. By the time he arrived in Lizhou, he had suffered internal injuries and was really very angry.

The tiger demon shook his body again, and the tiger demon had turned into a real magical beast tiger demon.

On the other side, Luo Zishan shook his body and began to transform into a Qilin beast, making a very terrifying sound.

He said to Gu Shaoyang: "In half an hour, I will be able to deal with them all."

Gu Shaoyang knew that at this time, the truly terrifying monsters had been completely eliminated by them, so the remaining Those are nothing more than some shrimps, soldiers, and crabs, and it's totally fine to hand them over to a few of them.

So he looked in the direction of the two monsters and said to them: "Quick fight."

Gu Shaoyang really didn't expect that this time, it would cause so much damage to several of them.

Hearing what Gu Shaoyang said, the two monsters rushed forward very quickly.

Ling Dang, on the other side, didn't care about the pain on his body at all, and did not comfort Gu Shaoyang and Tianci. The two of them quickly joined the battle this time.

They took the whips in their hands and swung it at a monster. They directly grabbed the opponent's neck, and then strangled it hard. Only the monster was seen, because the little girl was not strong enough. He staggered, then rushed towards the bell.

Bell's speed is very fast, and it has already fought with the opponent for several rounds.

Gu Shaoyang looked at Tianci at this time and came to Li Zhou with Tianci in his arms.

He looked at Li Zhou and said to him, "Are you okay?"

There was blood at the corners of Li Zhou's mouth that he had not wiped away, and his chest was really in pain.

He looked at Gu Shaoyang and said to him: "It's okay, he won't die, don't worry."

He was really very strong and didn't want the other person to worry about him.

Gu Shaoyang was really heartbroken. He didn't expect that he failed to protect Tianci and caused Tianci to be hurt.

And Li Zhou was hurt because he blocked the heaviest attack because of himself.

Chapter 1694

He didn't expect that his best girlfriend and his best brother would be hurt like this because of him. He really blamed himself very much.

Li Zhou saw what Gu Shaoyang was thinking at this time. He looked at Gu Shaoyang, then raised his hand with great effort, patted his shoulder, and said to Gu Shaoyang: "These are things we are willing to do ourselves, no I don't blame you."

Gu Shaoyang nodded and said nothing more, just watching the battle below very quietly.

Before half an hour had passed, I had already seen all the monsters piled into a small hill, and their corpses were everywhere.

Gu Shaoyang looked at the scene in front of him and did not expect that these few of them were really feared by Long Hanming.

After Luo Zishan finished his attack, he shook his body and turned back into a purple boy.

But at this time, his purple robe was stained with a lot of blood, his forehead was sweating a lot, and his face was also slightly pale, stained with a lot of blood.

He looked in the direction of the Tiger Demon and said to him: "Are you okay, Uncle Tiger Demon?"

At this time, the Tiger Demon had shaken his body and turned into a man in his 40s, looking even more It was very embarrassing.

After all, when Luo Zishan was hurt just now, he helped him block it a lot, so Luo Zishan is really grateful to Tiger Demon for helping him at this very critical moment.

The tiger demon shook his head and said to Luo Zishan: "As long as I can protect the young master, you are what I should do."

To tell the truth, the two people were already supporting each other and hugging each other. He raised his shoulders and walked towards Gu Shaoyang and the others.

While other guards Zhang were taking inventory of their own personnel losses, they did not expect that the army of Warcraft this time was really huge. They had already dispatched a hundred people, and only 24 people were left. The loss It is also really very big.

Xiao Ou could see Luo Zishan and Tiger Demon. When he came back, he asked these two people with concern: "Are you okay?" The two people shook their heads in an unsatisfied manner, but because they had lost too much physical strength, they Somewhat weak, but not particularly injured.

Then Gu Shaoyang looked at several people and said to them: "You guys come and look at Li Zhou and Tianci. I'll go over and take a look."

Hearing Gu Shaoyang say this, his eyes were already looking in the distance. When he passed by, Several people also looked in the distance at this time.

Li Zhou nodded and said to Gu Shaoyang: "Be careful, these guys."

At this time, Gu Shaoyang was not afraid of what kind of vicious thoughts Zhang Huwei and the others would have against him, and he also knew that they would be hurt this time. It is also very big. Without their guards, it seems that I am really in danger this time.

Gu Shaoyang gently placed Tianci on the ground, and then walked towards Zhang Huwei.

When Zhang Huwei took stock of the men he had lost, he felt really sad. He covered his chest and coughed violently. He leaned against a tree and looked really sad. The look is very sad.

When Gu Shaoyang walked over, he looked at Zhang Huwei, clasped his hands in his fists, and said to him: "Thank you this time."

Zhang Huwei was very angry when he heard Gu Shaoyang talking like this, because he and Gu Shaoyang were not related to each other. Because he had lost so many men, but he also knew that it was entirely him who had received orders from Emperor Jin Zong, and he could not blame Gu Shaoyang at all.

So he said to Gu Shaoyang with an angry face: "These things are orders from our King of Jin and have nothing to do with you. We are just doing our own tasks."

Gu Shaoyang knew that these people would not do anything at all. Gu Shaoyang also knew that it was not easy for people like them to say something particularly nice to him.

He once again bowed to all the dead people lying on the ground, clasped his hands in his fists, and lowered his body.

Gu Shaoyang looked at the dead people and said to them: "Thank you for protecting us this time."

After speaking, Gu Shaoyang didn't talk to Zhang Huwei anymore, and turned directly in the direction of a few friends. Already walked over.

He looked at several people and said to them: "Let's all go."

After Gu Shaoyang spoke, he walked directly in the direction of Tianci. Because Tianci had been suffocated very seriously just now, the whole person was still in a state of confusion at this time. A state of complete exhaustion.

Gu Shaoyang had already stretched out his hand, crossed Tianci's legs and under his neck, and picked him up.

Chapter 1696

At this time, Li Zhou was even more shocked and said to the two of them: "Could it be that my father and mother were afraid that others would get this treasure map, and then they used some secret method? , I thought of such a way."

When I said this, I really gave a thumbs up to my father and mother. I felt that the two of them were simply great and their thoughts were really delicate.

And Gu Shaoyang said to him: "If my guess is correct, it's because you blocked that attack for me today and spit your own blood on my back, so your treasure map is there." Such a change."

Before, they really didn't expect such a method at all, so no one thought of using blood to see the content on the treasure map, so Gu Shaoyang felt that it was really A blessing in disguise.

If it weren't for this, they wouldn't have thought of using Li Zhou's blood to see the content of the treasure map.

So Gu Shaoyang said to them: "Next, we all know the location of the real treasure map, come and take a look."

Luo Zishan was really excited at this time. If he could find the treasure If the real treasure location is on the map, then wouldn't his position as the Demon King and the hatred of his Qilin clan members be just around the corner?

The tiger demon on the other side is really very happy. If this is really the case, then the day when the Luo Zishan Qilin clan can regain the throne of the demon clan is really not far away.

So each of them is very excited at this time.

After Gu Shaoyang opened the treasure map carefully, he saw the red stars dotted with blood. Another treasure map had appeared, and this treasure map still pointed in the direction of the magic dragon. The place in the Dragon Palace seems to be the territory of the ancient dragon. It seems to point to the location of the key to the treasure map.

Gu Shaoyang and the others really did not expect that the ancient dragon had lived in that place for tens of thousands of years, and they had not discovered the true location of this treasure. It seemed that this thing must be very hidden.

Gu Shaoyang unknown to them now said: "Have you seen this treasure map? It is only on the Magical Beast Mountain Range, but it is indeed on the other side of the cave. It must be that the ancient magic dragon has not been found until now, or It means that there must be Xuanji among them."

Hearing Gu Shaoyang say this, several people nodded without knowing it. They were really in a dilemma at this time. If they felt the location of the demon dragon again, the demon dragon would Long would definitely be on guard against them.

So after several people heard what Gu Shaoyang said, they all suddenly sank.

After Li Zhou was silent for a while, he looked at Gu Shaoyang and said to him: "But if we want to use the ancient magic dragon to bypass him and then find this treasure, it is really not easy."

Gu Shaoyang squeezed at this time. He pinched his fingers, which turned slightly white. It could be seen that Gu Shaoyang seemed to have made some particularly important decision.

Gu Shaoyang looked at several people with very firm eyes, and then said to them with stern eyes: "If we kill the ancient dragon, get the real treasure map key, and then find the location of the treasure."

Gu Shaoyang heard that saying this, Luo Zishan and Tiger Demon are really unbelievable. You must know that the ancient dragon is their most ancient monster, and its strength is also very powerful. If you want to kill him, it is not that easy. matter.

And Li Zhou, who heard what Gu Shaoyang said, felt that what Gu Shaoyang said was really reasonable. Since the ancient demon dragon was an obstacle to them, wouldn't it be enough to kill him?

He nodded and said to him: "Of course it is possible. If all of us can really think of a way to kill him, we will be able to have an unimpeded journey in the future."

And Luo Zishan was indeed He breathed a sigh of relief and said to them: "You all really don't know what kind of strength the ancient demon dragon is."

The tiger demon also nodded in agreement and said to them. : "You must know that the ancient demon dragon is the oldest species in our entire Warcraft Mountain Range, and his strength has long been much stronger than the demon king Long Hanming, and he is completely transcendent in our entire demon clan. existence, do you think all of us can kill it so easily?"

Sure enough, after hearing the tiger demon say this, it was like pouring a basin of cold water in the direction of several people, and all of them immediately started to slow down. I calmed down slowly, I was indeed a little impulsive just now.

Chapter 1697

Gu Shaoyang has already sat down. He has made this decision in his heart. Since this ancient dragon is the obstacle between them, then no matter what, he must kill demons and Buddhas when he encounters them, no matter who it is. Able to stop one's own progress.

Gu Shaoyang looked at the people who were all very silent now, and then he raised his voice a little bit and said to them: "The boat will be straight when it reaches the bridge. Don't worry about these things, as long as we have made up our minds now."

"The ancient dragon is standing in front of us at this time, and we now know the location of the real treasure of the treasure map. All we have to do next is kill it. The methods are all human beings, and we all have to find a way."

After hearing what Gu Shaoyang said, Li Zhou's eyes started to light up.

Although Ling Dang didn't speak at this time, he watched the few of them talking the whole time.

But looking at Gu Shaoyang's vow, he felt that what Gu Shaoyang said was true. It makes perfect sense.

He nodded and said to Gu Shaoyang with a waxy voice: "Yes, I think what you said is really correct. Since we have all made a decision, we just need to continue on this path. Just keep moving forward. No matter what difficulties you have, you will definitely be able to overcome them."

Gu Shaoyang didn't expect that this little girl is really very confident now. He looked at Lingdang and felt that he was really happy.

Because Lingdang has made rapid progress since learning the exercises, and he has made great progress along the way. The soaring strength really shocked everyone, not to mention that the whole person's self-confidence was now overwhelming.

He rubbed Lingdang's head and said to him: "Yes, it's like this, we little girls all know it."

Then he looked at everyone and said to them: "Are you not even as good as a twelve or thirteen-year-old girl?"

Sure enough, I heard Gu Shaoyang say this. Luo Zishan and Tiger Warcraft both have very impulsive personalities, so Luo Zishan immediately stood up and patted his purple robe.

He looked at Looking at Gu Shaoyang, he said to him: "How is it possible? How is it possible that I am not as good as that little girl Lingdang? She actually said that she has decided to kill the ancient

demon dragon. If it is easy to kill, just kill him. Anyway, he will become I sit on the stumbling block of the Demon King"

"In this case, it is better to solve it earlier."

The Tiger Demon Beast heard Luo Zishan think this way. In fact, it is very reasonable. If he wants to sit in the position of the Demon King in the future, even though the ancient demon dragon does not care about so many things, it is definitely He will also covet the treasure map more, so he will definitely play a blocking role in Luo Zishan.

He also nodded, looked in the direction of several people, and said to them:"Yes, I I also feel that since we all have to solve it sooner or later, we should work together and think of ways to solve it."

Gu Shaoyang looked at several people. At this time, all their thoughts had been unified, and he was really very happy in his heart.

But then, there was already a greater difficulty, blocking them in front of them. The next steps of several people.

After Gu Shaoyang and others said these words, they began to think deeply, and then they thought for nearly an hour, and no one spoke.

After all, the strength of the ancient demon dragon, It's really amazing.

Gu Shaoyang sighed and said to these people:"Okay, let's not talk about these things for now. The most important thing for all of us at this time is to recharge our batteries and make our bodies faster. Get better.

Then Gu Shaoyang said to these people:"You all rest here first, I will hunt some prey, and then we will come back and discuss the long term.""

Hearing what Gu Shaoyang said, Tiger Monster Demon had already stood up, and his tall and mighty figure looked at Gu Shaoyang.

He said,"Let me go with you to find our dinner tonight."

After all, this battle has been very hard for them. If they don't eat, it will be impossible for them to recover their physical strength.

Then Gu Shaoyang looked at Luo Zi Shan Shan and Ling Dang said to them:"You two, be careful in this cave, and be sure to take good care of Tianci and Li Zhou."

Lingdang immediately nodded hurriedly, as if he was pounding garlic. He looked at Gu Shaoyang and said to him:"Don't worry, brother Gu Shaoyang, I will definitely take good care of Sister Tianci. Luo

Zishan also vowed, looking at Gu Shaoyang, and said to him:"Don't worry, this place seems to be very safe now. We will be fine. You go back quickly.""

Gu Shaoyang and Luo Zishan did not speak anymore, but walked out of the cave here.

Chapter 1698

The two of them were soon standing in the air, looking for prey in the distance.

Just half an hour had passed, and Gu Shaoyang had already reached a pheasant and two hares.

On Luo Zishan's side, several very large animals were also shot.

This will definitely not be a problem for them within one day.

So Gu Shaoyang quickly led Tiger, Monster and Demon to the creek and packed up all these things.

When I returned to the cave, I didn't expect that Luo Zishan was really very discerning. He had already lit the fire and cleaned up everything in the cave.

Gu Shaoyang was very satisfied. He looked at Luo Zishan and said to him:"You are really good now. You are no longer the temperament of a young master. You are doing well."

Several people started to barbecue on the fire. They caught pheasants and hares, and then they all had eaten.

Li Zhou's injuries were very serious. After the meal, Gu Shaoyang came to Li Zhou's side.

He looked at Li Zhou and said to him: "Is it okay?"

Li Zhou shook his head slightly, but he was still very strong and said to Gu Shaoyang: "It's okay."

After all, he also knew that if it weren't for his parents' troubles, if there was an accident and the treasure map in his family, Gu Shaoyang and the others wouldn't have had such a hard time.

He looked at Gu Shaoyang, and then said to Gu Shaoyang: "I can hold on, don't worry."

Gu Shaoyang didn't say any more words of comfort, but looked directly at Li Zhou and said to him: "Hold on, sit down. Get up, and then I have picked a lot of herbs to give you more strength, and you will slowly get better by then."

Li Zhou really didn't want to be a burden to everyone, so he didn't refuse Gu Shaoyang's kindness.

Instead, he looked at Gu Shaoyang and said to him: "Thank you."

Gu Shaoyang patted his shoulder directly, and then said to him: "Don't say thank you? The two of us are brothers. If it weren't for me, you wouldn't. The injury is so serious."

As the two people were talking, Gu Shaoyang gently supported Li Zhou, then sat up and sat cross-legged.

Gu Shaoyang sat behind him and slowly absorbed all the remaining strength in his body into his body.

He really didn't expect that Li Zhou's injury was really serious this time, which made Gu Shaoyang really feel very guilty.

After half an hour of healing, 10% of sweat had oozed from Gu Shaoyang's forehead. He looked as if he had been fished out of the water. So Gu Shaoyang really left no room for anything this time. Healing for Lizhou.

And Li Zhou felt that he was much more energetic.

At this time, Luo Zishan on the other side had already listened to Gu Shaoyang's instructions and prepared a soup for Tianci and Li Zhou, who brought it over one after another.

Gu Shaoyang took care of him personally. Li Zhou drank the decoction, looked at Li Zhou and said to him: "Have a rest. If nothing happens, your injury will definitely be cured within half a month."

Li Zhou After hearing this, I felt very happy. I nodded, drank the bitter medicine obediently, and then lay down to rest.

He really didn't want to waste a little time and let everyone find the treasure map. Now he finally knew that the treasure map was in the dragon's palace, so he still had to think about how to kill the dragon to get it. Regarding the key method, everyone will not be idle these days.

Unexpectedly, Gu Shaoyang was really good at brewing medicinal ingredients. In just three days, Li Zhou's injuries were healed a lot.

He looked at Gu Shaoyang and said to him: "Then we can all move forward and think of ways to get rid of the ancient magic dragon."

After all, the most important thing for him now is to be with Gu Shaoyang and the others. Cooperate and find a way to deal with the ancient magic dragon before you can enter the cave.

Gu Shaoyang knew that Li Zhou was really anxious, so he nodded. He looked at Li Zhou and said to him: "I have thought of many ways in the past few days, but you have to know that the ancient magic dragon The strength is really very powerful, and he has been entrenched in that cave for tens of thousands of years. It is not that easy for us to kill them." After hearing what

Gu Shaoyang said, Of course Li Zhou also knew this method, so he also looked at Gu Shaoyang and said to him: "But if we all have no way to get in, doesn't it mean that we will never be able to get the treasure inside?"

Gu Shaoyang didn't. Instead of speaking, he looked at Li Zhou and said to him: "I know you are really anxious, but not everything can be accomplished only by being anxious, and you must also

know that at this time, the entire small team Everyone has been injured, so everyone needs time to adjust."

Chapter 1699

When Li Zhou heard what Gu Shaoyang said, he really calmed down a lot. He felt that he had indeed acted too hastily.

He looked at Gu Shaoyang very apologetically and said to him:"I'm sorry, it's indeed my fault. I didn't expect that I was so focused on myself that I forgot about everyone."

Of course Gu Shaoyang knew that Li Zhou didn't do it on purpose, but that he really He was very anxious. He looked at Li Zhou and patted him on the shoulder and said to him:"Just a few more days to recuperate. After you are injured and everyone has recuperated, how can we all set off again?" So, think about all the plans in the past few days."

After hearing what he said, Li Zhou suddenly saw a lot of hope, and he said to Gu Shaoyang,"Okay."

At this moment, Tianci and Luo Zishan, Tiger Warcraft and several others had already walked in and saw what the two of them were saying. Tianci looked at the atmosphere between the two of them and felt a little strange.

The young one said to them:"What's wrong? What happened?"

Gu Shaoyang watched Tianci and the others walk in and said to them:"It's okay, Li Zhou is too hasty, so he wants to talk to all of us at this time. Let's kill the ancient dragon and get the treasure together."

After hearing what he said, Tianci had already stepped forward to look at him. Li Zhou's face had turned a lot rosier in the past two days, and he felt slightly relieved.

He looked at Li Zhou and said to him:"But this matter cannot be solved overnight. We all have to think about it in the long term."

Li Zhou knew that he was indeed a little too anxious before, and they almost When together in person, he and Tianci and the others have always been good friends who talk about everything.

So he also looked at Tianci who was very apologetic and said to him: "I am really very sorry. I have completely forgotten that your body has not fully recovered, so you are really a little too impatient."

Godsend, he looked at Li Zhou with a slight smile and said to him: "I know that you have always wanted to avenge everyone in your family, so you must have such thoughts, and we all understand."

At this time, Luo Zishan has always been a particularly rough person, and his appearance is indeed completely different from his gentle and jade-like appearance.

He looked at Li Zhou and said to him: "Don't worry, even if that place is very dangerous, we have now found that the treasure is there, so next, we will definitely find a way to kill the ancient dragon.."

After hearing this, Tiger Warcraft felt that the few of them were simply talking about fantasy. After all, the ancient magic dragon had been living there for the first half of the year, and the ancient magic dragon was still part of their entire Warcraft group. It is not that easy to kill the Demon King. Although he did not speak, he had always been unfavorable in his heart.

Gu Shaoyang and the others, and he felt that it would not be so easy to find the treasure this time.

Gu Shaoyang looked at a few people and said to them: "Now that all of us are here, let's discuss how we can kill the ancient dragon and get the treasure."

Hearing Gu Shaoyang After saying this, the faces of several people started to look very serious.

At this time, Lingdang had walked out. During this period of time, Lingdang's body had not been harmed. After just two nights of sleep, his whole strength had recovered a lot, so he practiced very seriously every day.

When Gu Shaoyang saw the little girl, he waved and said to Lingdang: "You are here just in time for us to discuss something, and you can also listen to it."

Lingdang is now a complete little sister within them. , so everyone is really very kind to him at this time, and there is absolutely no objection to Bell at all.

Lingdang walked over quickly, dressed in pink and looked at Gu Shaoyang, and said to him: "What's wrong, what happened again."

Although Lingdang is very young, he is really very early in meeting, And sometimes he is very transparent about everything.

Gu Shaoyang now talks to Lingdang about anything and lets him listen. This is also an education for Lingdang, so he also wants him to understand how to do these things earlier.

Gu Shaoyang looked at the little girl, very patiently, and said to him: "Sit here, let's discuss how we can break into the demon clan next."

Lingdang nodded and he sat down. After all, they are currently separated by two mountains from the cave where the ancient dragon lives, so it is not that easy for them to attack that side.

Chapter 1700

Gu Shaoyang said to them: "I have already thought about it. If we all want to fight against the ancient dragon, we must first cooperate with him, and then take advantage of him to see where the treasure is when he is not prepared. If It would be best if we can find the key to the treasure. We can find those things without alerting the snake, but if that doesn't work, we can find a way to get close to him and attack him sneakily."

Gu Shaoyang actually hasn't been with everyone these days. While talking about this method, he had already thought about various possibilities many times.

Hearing what Gu Shaoyang said, Tianci nodded and said to him: "I have thought of many ways every day, but the best way is to let us get close to him, and then sneak attack while he is not prepared. This is the safest and most effective way."

Hearing that Tianci agreed with his method, Gu Shaoyang was still very happy. He looked at all the people and said to them: "What do you think?"

Luo Zishan said to him Originally, he didn't have much thought about this aspect, and he and Tiger Warcraft have always been very straightforward people. For the two of them, it is basically impossible to use their brains. Just not particularly good at it.

So he could only look at Gu Shaoyang and said to him: "I also think that if we can really sneak attack, it will be the best way, but if it doesn't work, even if all of us are reasonable, we must find a way to kill him Kill me."

Lingdang on the other side was indeed a little worried. He looked at Gu Shaoyang and the others and said to him: "But I have always felt that the ancient dragon seems to be on guard against us all the time. Observe our appearance."

Hearing what Lingdang said, Gu Shaoyang knew that although this little girl looked young, her mind was always very sensitive.

He looked at the bell and said to him: "Is it true? We didn't have many contacts with him in the past."

But the bell did think about it and said to him: "Although we have been outside in the cave all this time. Life, but I always feel that there is a pair of eyes looking at us, and I feel that it should be the ancient magic dragon."

After hearing what he said, Gu Shaoyang touched his chin and really started to think very seriously..

Tianci, on the other side, also frowned tightly. He also felt that if Ling Dang said this, he must have already sensed it.

And after several of them continued to talk about several methods, none of them found any particularly good method, so this time the matter ended like this.

After three days, Li Zhou has been drinking medicine every day for the past few days, and the injury on his back healed very quickly, so he is no longer seriously injured at this time, as long as it is If you don't do strenuous exercise, you can walk freely.

After Tianci had been nursed back to health by Gu Shaoyang in the past few days, his health had improved a lot, so they decided to go back to the cave on the second day to see what the ancient dragon was like.

While gathering around the fire at night, Tianci looked at Gu Shaoyang alone, looking at the raging fire without saying a word.

He looked at Gu Shaoyang, and then walked in his direction.

Tianci looked at Gu Shaoyang and said to him: "Why, what are you thinking about?"

Gu Shaoyang raised his head when he heard the voice. Under the firelight, Tianci's face seemed to be white jade, and he looked even more extraordinary. of smoothness.

Gu Shaoyang directly stretched out his hand and took Tianci's hand. Tianci sat down next to Gu Shaoyang and said to him: "Sit down, let's have a chat."

Tianci was not polite and just said Sitting next to Gu Shaoyang, Gu Shaoyang said to him: "If a few of us are in danger this time, then you must think of a way to protect your own strength first." After hearing what

Gu Shaoyang said, God-sent, of course Know what he means by that.

After all, the ancient dragon is a very dangerous creature. If he encounters danger, Gu Shaoyang wants to escape first.

Tianci immediately looked at Gu Shaoyang in denial and said to him: "No, you must advance and retreat with me."

Gu Shaoyang raised the corners of his mouth slightly, patted the back of Tianci's hand, and said to him: "But on the other side of the academy, you have the dean and your father, and I am alone, anything is possible."

Tianci did, looked at Gu Shaoyang very firmly, and said to him: "If you want to talk to me about this issue If so, then I don't want to chat with you today." As soon as Gu Shaoyang looked at Tianci's sudden, very gentle look, his expression turned sour, and he knew that Tianci actually didn't want to hear what he said. of.
