

Attributes 1701

Chapter 1701

So he could only directly put his arm around Tianci's shoulders and said to him:"Okay, okay, okay, then I won't say anything."

Then the two of them became very quiet and started to walk towards the distant starry sky. Looked over.

After one night passed, several people had packed their bags.

Gu Shaoyang looked at Li Zhou, who was already full of fighting spirit. He looked at Li Zhou and said to him:"No matter what you think in your heart, when you see the ancient magic dragon, you will definitely You have to control your thoughts and don't let him discover your own thoughts."

Li Zhou had no idea in his heart that all his thoughts at this moment had been expressed, which made Gu Shaoyang wonder. I have seen how I feel at this moment.

He immediately became silent, looked at Gu Shaoyang, and said to him:"Okay, I know, I will definitely pay attention." At this time, Gu Shaoyang looked at the little girl Lingdang, and he was also very worried about this little girl. , after all, he is the youngest among them.

Gu Shaoyang looked at Lingdang and said to him:"You are the youngest among us, and your strength is not as strong as the few of us, so no matter what happens next, you must first protect your own safety. Don't let us all be distracted by you."

Of course Lingdang knew that he would not hold back, so he nodded with certainty, looked at Gu Shaoyang, and said to him:"Don't worry, brother Gu Shaoyang, I will definitely be able to do it myself Take care of yourself."

Gu Shaoyang looked at Luo Zishan and Tiger Warcraft again, and said to them:"The same goes for you two. No matter what happens, don't be impulsive and ensure your own safety.."

Tiger Warcraft was originally a very straight-tempered person. After seeing Gu Shaoyang say this, he looked at Gu Shaoyang and said to him:"Okay, I already know, and I will definitely be able to help you."

Because. At this time, Tiger Warcraft has already contacted many of himself within the demon clan, and all of his various subordinates are willing to take refuge with him, so no matter what happens to them, Tiger Warcraft will definitely be able to help them leave this place successfully. of.

Of course, Gu Shaoyang didn't know these things, so he saw that several people had already made their guarantees. Gu Shaoyang waved his hand and looked at several people and said to them:"In this case, let's all set off."

Several people have already moved towards the ancient times. They have already rushed in the direction of the Demon Dragon Cave.

It took Gu Shaoyang and the others half a day to climb over two mountains and return to the cave. They still followed the script they had said before. Everyone pretended to be very weak, and their clothes were already gone. They put on the same clothes they had fought in before.

Gu Shaoyang was wearing wrinkled clothes with blood and a lot of dust on them. He looked at a few people and said,"How's it going?"

Tianci looked at Gu Shaoyang's hair, which was still neat, and immediately Already ruffled his hair.

Then he looked at Gu Shaoyang and said to him:"Yes, that's how it should be."

Gu Shaoyang was really helpless, stretched out his hand, rubbed Tiansheng's hair into a mess, and said to him:" You are too tidy."

The two of them smiled slightly, which immediately relieved a lot of the very tense atmosphere just now.

Gu Shaoyang looked at several people and said to them:"Okay, let's go."

At this time, several people supported each other and walked towards the cave.

When he just walked back, Gu Shaoyang coughed a few times and looked really tired and weak.

Then he walked to the entrance of the cave, clasped his hands into the cave entrance, and said, "Is the ancient magic dragon still there now?"

When he heard this voice, a very deep voice came from the cave, facing outside He said: "Who on earth broke into my place again? He really is desperate for his life."

When he said this, he really gave people a particularly coercive feeling.

On the other side, Luo Zishan and Tiger Warcraft were originally Warcraft, so they felt this pressure even more clearly.

The two people's faces began to turn slightly pale involuntarily.

Gu Shaoyang looked in the direction of the cave and said to him: "Gu Shaoyang, I have officially come to visit you before. We want to continue to cause trouble in this place for a while. I don't know if it is possible."

After hearing this voice, inside The ancient demon dragon had no idea that Gu Shaoyang and the others would come back to kill him again.

He had already said in the direction outside the cave entrance: "Please come in."

Chapter 1702

When they heard this, Gu Shaoyang and the others looked at each other, then supported each other and walked inside.

Gu Shaoyang saw that the ancient demon dragon was still hovering in the air at this time. Its entire body was that black color, and it was completely hidden in the darkness. Only its pair of black eyes seemed to be scattered. The light gives people a particularly dangerous feeling, like a beast lurking in the dark.

Gu Shaoyang clasped his hands in his fists and looked in the direction of the ancient demon dragon. He was very weak at this time. He said to the ancient demon dragon: "We encountered many different kinds of demon beasts some time ago, so we have been chased and intercepted by them. , The injuries are really serious. Please give us a place to stay and let us recover from our injuries."

When Gu Shaoyang said this, thinking about their entire small team, he felt really pitiful. a feeling of.

At this time, Li Zhou even coughed a few times at the right time, and then looked pitifully in the direction of the ancient dragon.

Gu Shaoyang felt that this guy was really good at acting, and he was completely different from his previous state.

But the ancient demon dragon narrowed his eyes slightly. Looking at a few people, he felt that all of them were dirty at this time, with a lot of blood on their bodies. Their faces didn't look particularly good. Maybe they were really already. He was being chased and intercepted by Long Hanming, so he was in such a mess.

He immediately agreed, looked at Gu Shaoyang and the others, and said to them:"Okay, then you can rest in another cave and don't disturb me." When

Gu Shaoyang heard this, he really felt I was very happy, and immediately turned towards the ancient dragon again and thanked him.

Gu Shaoyang said to him:"I am really very grateful to the ancient dragon for saving us this time. We will definitely repay you in the future."

When he said this, Gu Shaoyang was thinking in his heart. If I had the chance, I would definitely let you die without a burial place. I didn't expect that I would steal all my treasure maps.

At this moment, the Ancient Demonic Dragon flicked his tail, pointed to another cave entrance, and said to Gu Shaoyang and the others:"You go over there." Gu Shaoyang did not dare to hesitate at all. , immediately supported Tianci on his side, and several people supported each other, and walked towards the other entrance of the cave.

Gu Shaoyang blinked and looked at a few people at this time, and then said to them:"Are your injuries okay? I have medicine here. You all can take one."

Although these words were all false, but they were The injury is real, and these medicines have always been available to everyone.

So several people took the elixir in Gu Shaoyang's hand and put it into their mouths.

At this time, Li Zhou coughed, looked at Gu Shaoyang, and said to him: "I didn't expect that Long Hanming was really cruel and ruthless. He actually made a move directly in the direction of a few of us and robbed us. The treasure map, I don't know when I can get it back."

After hearing this sentence, the ancient demon dragon in another cave opened its eyes involuntarily, and its ears were all wet. He had already started to stand up and listened in the direction of Gu Shaoyang and the others.

Listening to what Gu Shaoyang and the others said, it seemed that it was true that the treasure map in their black lacquer box was lost, and didn't they know that what they lost was just a box?

So he was really interested.

Luo Zishan on the other side was really angry. He immediately slapped the wall next to him, and then made the sound of gravel falling.

He looked in the direction of Li Zhou and the others and said to them: "I really didn't expect that guy. He was so despicable and shameless that he directly snatched away our black lacquer box. If we let him take it away, it will be very difficult for all of us to find the treasure."

The corners of Gu Shaoyang's mouth raised slightly, looking at the two of them together, they cooperated very well.

He looked at several people and said to them: "Since the treasure map is no longer in the hands of a few of us, the next few of us will quickly heal our injuries, then rush out of this place, and don't come back to this place again." Yes."

When the Ancient Demonic Dragon heard these words from several of them, he felt really happy. It seemed that his plan had been successful.

His deep voice was already pointing in the direction of Gu Shaoyang and the others, and said to them: "I didn't expect that the treasure map in your hands has been lost."

Chapter 1703

When Gu Shaoyang heard the ancient demon dragon speaking like this, he had already looked in the direction of several people.

Then Gu Shaoyang was already walking with heavy steps towards the cave of the Ancient Demonic Dragon.

He leaned against the wall against the ancient dragon, looking very weak.

He said to the ancient demon dragon: "Yes, I didn't expect that guy to snatch our treasure map away. He will definitely start looking for his real treasure within this demon clan, and I have already After weighing the relationship between us, it is completely impossible for me to get it back. In this case, it is better to ensure that I can survive first, so I will trouble the ancient magic dragon first, and we will rest in this place for a few days. Will leave."

At this time, the ancient demon dragon immediately seemed to be a very generous beast. He looked at Gu Shaoyang and the others and said to them: "Since you are really injured so seriously, and If you lose the treasure map, then stay here and wait until you are healed from your injuries before leaving."

Gu Shaoyang looked at his hypocritical look and cursed in his heart.

But he still looked in the direction of the ancient demon dragon and said to him: "Thank you, the ancient demon dragon."

The ancient demon dragon nodded, and then in the darkness, the voice came over and said to Gu Shaoyang: "You guys, please go back and rest."

Gu Shaoyang and the others returned to the cave. They were not talking, but they all found a stone platform and lay down.

After two days of rest, Gu Shaoyang felt that he had developed a lot of relationships with the ancient demon dragon. From time to time, he would discuss with the two ancient demon dragons about the mutual cultivation of their demon clans.

After all, Gu Shaoyang is well-read and knows something about these things.

The ancient magic dragon had no idea that Gu Shaoyang was really a very powerful young man, and when he was in a very good mood, Gu Shaoyang really learned a lot besides their various Warcraft books. Knowledge.

At this moment, Gu Shaoyang looked at the ancient demon dragon who was resting in a room and dozing slightly. He felt that this was really a very good opportunity.

So Gu Shaoyang directly grasped his hand on the pen and dagger next to his waist, preparing to sneak attack him.

But he didn't expect that the ancient demon dragon was really very alert. He opened his eyes slightly and looked in the direction of Gu Shaoyang.

Then Gu Shaoyang immediately stopped his movements, scratched his waist, and said to the ancient demon dragon: "Since the ancient demon dragon is already sleepy, then I will go back." The ancient demon dragon nodded and said to He said: "Okay."

When Gu Shaoyang walked out, the ancient demon dragon had already taken out a treasure map he had hidden under the dragon scales, and began to study it carefully.

But he had been looking at this thing for a long time and could not find its real location, so it really gave him a headache.

On this side, Gu Shaoyang felt that he had really missed a huge opportunity. If he had just had the opportunity a little earlier, he took out the dagger and stabbed it directly at the jaw of the ancient demon dragon. Who knows? Son, can I kill it?

After Gu Shaoyang returned to the room, he saw Li Zhou and Tianci looking very nervously in his direction.

After all, Gu Shaoyang had already mentioned this matter in a very low voice last night. Gu Shaoyang shook his head slightly, proving that he had not succeeded at this moment, which suddenly made several people feel really disappointed.

And Gu Shaoyang and the others waited at this place for three more days. Every day, Gu Shaoyang felt this. The ancient magic dragon had always been very vigilant. No matter who he was, he seemed to have some thoughts..

But what Gu Shaoyang didn't expect was that tonight was a full moon night, so Gu Shaoyang and the others had normally entered a state of rest again.

He heard a very painful sound coming from another cave.

Gu Shaoyang opened his eyes immediately and looked outside.

At this time, Tianci was also very cautious and had already opened his eyes and looked outside.

The two people blinked at each other, wondering what happened.

Gu Shaoyang immediately stood up and walked quietly in that direction.

He looked at the ancient demon dragon's body, which seemed to be as big as a python at this time, and it was winding in that place. Looking in his direction, he felt that the guy looked really in pain.

Chapter 1704

The dragon claws that looked very domineering and ferocious before were all gone at this moment, and it looked like a big snake.

Gu Shaoyang was really surprised, so he looked at it carefully again. He didn't expect that it was exactly what he saw.

Gu Shaoyang looked in the direction of Tianci and said to him: "What the hell is going on with this guy."

Tianci also shook his head slightly. He looked at Gu Shaoyang and said to him: "There seems to be some problem."

On the other side Luo Zishan and Tiger Warcraft were all awake one after another. When they walked to Gu Shaoyang, lay on the wall, and looked in another direction, they were really shocked.

Is that what is circling and winding on the ground the ancient demonic dragon?

Why is it completely different from the one who looked aloof before?

Luo Zishan looked at the tiger monster and said to him: "Is this guy afraid of the moon?"

After all, it is a full moon night. When the moon hangs high outside, many monsters are afraid of this thing..

The tiger monster is really strange. He has never heard that the ancient dragon is afraid of this thing.

So he shook his head in confusion. He looked at several people facing them and said, "I really haven't heard of it. We still have ancient monsters that are afraid of the full moon night."

After he finished speaking, I began to deny myself again, feeling that this phenomenon was impossible.

After hearing what he said, Gu Shaoyang was really very interested.

He looked at a few people and said to them: "Everyone of you are in this place, let me go and investigate."

Then before a few people could speak, Gu Shaoyang took the lead and walked in the direction of the ancient demon dragon. passed.

At this time, the ancient magic dragon was lying on the ground, about four or five meters long. It looked like a big python with black patterns on its body, and its previous dragon horns and claws had long been Gone.

Gu Shaoyang walked over very carefully, and said in a gentle voice: "What's wrong? Ancient Demonic Dragon, what happened?"

At this moment, the huge python immediately opened its eyes. , and already looked in the direction of Gu Shaoyang.

He was talking like a human being, and when he saw that Gu Shaoyang's voice was very hoarse, he said to him: "You don't have to worry about it, just leave this place quickly."

Gu Shaoyang raised the corners of his mouth slightly, looking at the ancient demon dragon's very concerned look, and continued, and said to him: "Could it be that you are afraid of the moon, so you have been knocked back to your original shape at this moment."

After hearing what Gu Shaoyang said, the ancient demon dragon was really unbelievable, and he turned his head very defensively. His body was already twisted into a ball. He looked in the direction of Gu Shaoyang and said to him: "How do you know?"

Gu Shaoyang really laughed in his heart. He did not expect that this ancient demon dragon would not only because his strength has dropped a lot, and even his IQ at this time seems to have dropped a lot.

If it were in the past, the ancient demon dragon would definitely not expose his weaknesses, but he did not expect that at this moment, he would directly tell himself that what he was really afraid of was the full moon.

Gu Shaoyang looked at the ancient demon dragon and said to him: "I didn't expect that you are really afraid of the moon, so you were beaten back to your original shape on the night of the full moon. You are not an ancient demon dragon at all, but a python."

After hearing what Gu Shaoyang said, the Ancient Demonic Dragon seemed to have suddenly been poked at its weakness. He really didn't like to hear others say that he was a snake. The Ancient Demonic Dragon was very resentful, and already looked in the direction of Gu Shaoyang.

He said to Gu Shaoyang: "What nonsense are you talking about? I am just a dragon."

Gu Shaoyang immediately turned around and looked at his good friends who were watching behind him, and said to them: "Everyone, come out quickly, this guy's body is just a python, we don't need to be afraid."

When he heard Gu Shaoyang say this, the ancient demon dragon was really very angry, but the skin all over his body was very painful now. After all, he wanted to transform into a dragon, you have to suffer the pain of being bitten by thousands of insects on a full moon night, so the strength of your entire body will drop a lot at this moment.

And now this kind of pain has just started to happen, so his strength has declined even more.

When he heard Gu Shaoyang speak, Tianci was really shocked and looked in the direction of several people.

Luo Zishan was even more shocked and said to them:"I didn't expect that this guy is really a python. Our entire Warcraft family has been deceived into thinking that he is our ancestor."

Chapter 1706

But I didn't expect that this guy, even at this moment, was already suffering from the full moon, but he still had strong strength and was very fast, and he had already avoided Gu Shaoyang's attack.

He spit out the snake letter and looked in the direction of Gu Shaoyang, and said to him:"Even if I have been affected by the moon now, it is completely impossible for you guys to solve my problem, so I will let you take a look. I'm so powerful."

As he spoke, he spat out the snake letter, opened his bloody mouth, and already attacked in the direction of Gu Shaoyang.

The tiger monster on the other side looked at Gu Shaoyang. It was really dangerous at this time. He himself had already taken a step forward, and his huge brown body had already rushed towards the ancient dragon.

The ancient demonic dragon he bumped into lay crookedly on its side.

Then he continued to look in the direction of the tiger monster and said to him:"You actually helped a human being by stealing everything. Today I am going to deal with you."

It had already attacked in the direction of the tiger monster, and its huge body had already wrapped around it. On the tiger monster.

The Qilin Beast on the other side immediately saw that the Tiger Monster was suddenly attacked, and said to it:"Be careful."

Although it wanted to help the Tiger Monster, it couldn't help it at this moment.

Gu Shaoyang looked at Tianci and said to him:"The two of us will assist him."

Then he stood up in the air with his sword and stabbed the two entangled bodies of the tiger monster and the ancient dragon. past.

But the ancient demon dragon is really very smart. Whenever Gu Shaoyang wants to attack, he will avoid Gu Shaoyang's attack.

He looked at Gu Shaoyang and said to him:"It's not that easy to kill me."

And Gu Shaoyang now also felt that because midnight had passed, this ancient demon dragon seemed to be slowly gaining strength. Ascending, his body had begun to become more and more flexible.

Gu Shaoyang was really anxious. He looked at several people and said to them:"Hurry up and fight quickly."

The Qilin Beast on the other side immediately walked away, and his body had changed back to Pianpian in dark purple robes. juvenile.

He immediately took the sword in his hand and rushed in that direction.

But he didn't expect it. When he stabbed it, the ancient dragon was like a very flexible snake, and it had already dodged his attack weapon in an instant.

Luo Zishan was really very angry. He never thought that he had no way to start. Luo Zishan directly dropped the sword in his hand.

Then he looked at the ancient demon dragon and said to him:"I will definitely deal with you today."

He had already grabbed the round body with his bare hands.

The ancient demon dragon was stopped by Luo Zishan. He immediately felt that his seven inches had been grasped in Luo Zishan's hand, spreading around his body, and then he was already swinging his huge tail towards Luo Zishan. The direction of the shirt has already been thrown away.

At this moment, Tiger Monster felt that he suddenly had a lot of air, and his breathing had become much smoother.

He watched Luo Zishan being attacked by the huge python at this time, and his body was already tightly coiled by him. He knew that this feeling was very uncomfortable.

He immediately looked at Gu Shaoyang and the others, and said to them: "Hurry up, open his body, otherwise Luo Zishan will be strangled to death."

Of course Gu Shaoyang knew this situation, but at this moment, I really can't let go.

Gu Shaoyang imitated Luo Zishan and threw the sword in his hand to the ground, and then he rushed towards Luo Zishan.

He directly grabbed the seven inches of the python and said to Luo Zishan: "The two of us will work together to kill him."

Hearing what Gu Shaoyang said, Luo Zishan nodded, and then he immediately saw the body of the python. , suddenly relaxed, and escaped his attack.

He looked at Gu Shaoyang and said to him: "I'll take care of him."

Then Luo Zishan turned into a unicorn, opened his bloody mouth, and bit the python in the direction of the body..

But I didn't expect that the python had just passed midnight, and its body was changing little by little, and it seemed that it had begun to become stronger and stronger.

Gu Shaoyang pinched the huge python that was thicker than his own legs, looked at Tianci in pieces, and said to him: "Hurry up and get my sword." Hearing

Gu Shaoyang say this, Tianci hurriedly Without folding, he picked up the sword on the ground and rushed towards Gu Shaoyang.

He threw it directly and it was already in Gu Shaoyang's hand.

Tianci followed closely behind, holding the sword in his hand and slashing towards the python.

Chapter 1707

Although the God-given sword cannot hit his vital points, it can still make the python feel relatively painful.

The ancient magic dragon sent several of them to attack. He was really angry and spread throughout his body. However, he didn't expect that the Qilin beast was so hateful. It bit his body and wouldn't let go at all.

When the tiger monster on the other side saw this, it immediately rushed forward, opened its bloody mouth, and bit the big python that was getting bigger.

Although the actions of several people could not have a great impact on him, they also caused the behemoth to suffer a lot of injuries.

The python was talking human words and looked at Gu Shaoyang and the others, and said to them: "It won't take half an hour for me to return to my peak state, and I will definitely kill you."

And this time he heard the bell. I kept wanting to help and was so anxious that I couldn't do anything.

Gu Shaoyang looked at the bell and said to him: "Quickly, click the bell and pierce him seven inches."

Because Gu Shaoyang and the others were struggling together in a mess, the sword in Gu Shaoyang's hand wanted to It is really not easy to penetrate his seven inches.

But when Gu Shaoyang said this, the python immediately became very alert. He knew that his real weakness was in this place.

Although he was said to have such a weakness only one day in a month, he never expected that he would be encountered by Gu Shaoyang and the others.

Bell on the other side, holding the sword in his hand, was aiming again and again, but he didn't expect that this guy's movements were too fast.

So every time I stabbed it, I only hit the very thick skin and did not have any big impact on it.

It was so anxious that sweat broke out on its entire forehead.

He looked at Gu Shaoyang and said to him: "But it is really difficult to stab."

Gu Shaoyang looked at the bell and said to him: "Be serious, put all your mental power into his seven Above an inch, you can aim."

Hearing what Gu Shaoyang said, Gu Shaoyang also knew that this little girl, Ling Dang, has been practicing very well and has very high understanding, so she hoped that he could understand.

Sure enough, Lingdang closed her eyes slightly and watched Gu Shaoyang, Tiger Warcraft and the others struggling with the huge guy. When she opened her eyes, her eyes were very firm.

He said to Gu Shaoyang: "I'm ready, brother Gu Shaoyang."

Tianci really didn't expect that this bell was really powerful. Only half a quarter of an hour later, he already understood what Gu Shaoyang said. This sentence.

He looked at Ling Dang and said to him: "You must insert your hand quickly, accurately and directly into it."

Ling Dang nodded, and then a few of them were already there working very hard to suppress the python, but they didn't expect him to keep turning. He was holding his body, just not wanting a few people to attack his seven inches.

Gu Shaoyang looked at the Tiger Beast and the Qilin Beast. The two guys were really struggling at his tail. He said to them: "Hurry up and stop him. Just freeze his body and Bell will have a chance.""

After hearing what he said, Qilin Beast immediately took the two claws in front of him and pressed down on the body of the huge python.

As for the Tiger Monster on the other side, after he released his mouth, he immediately dived forward again and again, opened his bloody mouth, and bit him again and again.

Tianci was also using all his strength to control this guy. Li Zhou couldn't care less about his injuries, and just tightened the mouth of the huge python to prevent her from opening it.

Lingdang looked at Gu Shaoyang and thought he said, "I've got it right."

Then he raised the knife, jumped up, dived downwards, and already took the sword and stabbed in that direction.

Even though the python was really struggling fiercely at this time, the little girl Lingdang was really very powerful. She only heard a sound of penetration, a squirt, and a burst of blood turned red.

Gu Shaoyang and Lingdang were covered in blood all over their bodies and faces.

Gu Shaoyang relaxed his body for a while and looked at the huge python, which suddenly began to snake violently.

Gu Shaoyang said to several people: "Hurry and hide."

After all, this moment is really a very dangerous moment for this huge guy.

On Gu Shaoyang's side, he immediately took the hands of Lingdang and Tianci, ran in the other direction, and leaned directly against the stone wall.

Although Luo Zishan wanted to retreat his body at this moment, he was too close to the python's tail, so with one movement of the python, it was whipped far away.

Chapter 1708

After Luo Zishan rolled a few times, he then stood firm and staggered several times before he regained his balance.

He looked in the direction of the python and said to him: "This ancient monster really deserves its reputation. It is indeed very powerful."

Then he shook his body and transformed back into a young man in purple robes. There was blood at the corners of his mouth, and it looked like he was seriously injured.

On the other side, Tiger Warcraft shook his body and turned into a tall man in his 40s. He immediately supported Luo Zishan.

He said to him: "Hurry up, hide aside."

He blocked Luo Zishan behind him and leaned towards the wall.

At this time, the pythons and others were already very far away from him, so he was circling violently, looking in the direction of Gu Shaoyang and others, and said to them in a hoarse voice: "I will definitely kill you."

Gu Shaoyang knew that the injured animal at this moment was very dangerous.

So he immediately looked at a few people and said to him: "He must be dead, so we all must be careful."

Because even though Lingdang had used all his strength just now, it was because he was still too young. Not using the real position, the python still has a certain ability to struggle.

Although this huge python is definitely dead, the injury is still not deep enough, so it still needs to struggle for a while. For several of them, this period of time is very dangerous.

I saw the huge python rushing towards Gu Shaoyang and Lingdang.

Gu Shaoyang stood in the air, holding the bell and Tianci, and jumped to another position.

The python on the other side didn't expect that they would move so fast. He was really angry. His eyes had turned green and looked like two big balls with green light..

He looked in the direction of Gu Shaoyang and the others and said, "I will definitely eat you."

He opened his mouth wide and rushed towards them.

At this time, his body had not changed again.

Gu Shaoyang knew that even if this python was immortal, it would be completely impossible for him to turn into an ancient dragon.

So Gu Shaoyang looked in his direction this time and said to him: "What, could it be that it has been really stabbed by a few of us? Are you seven inches away from death?" Hearing him say this Said that he was even more angry and said to them: "You are really wishful thinking in wanting to kill me."

Gu Shaoyang raised the corner of his mouth slightly and looked at the tiger monster. He said to the two of them: "You two are still Can you hold on?"

The two people nodded and said to him: "You can hold on."

At this moment, Gu Shaoyang wanted to make a quick decision and get rid of the ancient dragon as quickly as possible, otherwise it would be a disaster. It started to light up, the moon was about to pass, and he was afraid that the ancient dragon would really come back to life.

If this ancient dragon is really immortal, then the people who are dead now must be Gu Shaoyang and the others, so this matter cannot be delayed.

Gu Shaoyang said: "Okay, let's use the same method again." He looked at Tianci and said to him, "Can you do it too?"

Tianci nodded with certainty and said to him: "It's okay, you can do it." I can hold on."

Tianci wiped the blood that had just been stained on his face, and then answered Gu Shaoyang very definitely.

The bell on the other side immediately said to Gu Shaoyang: "This time I will be able to pierce it accurately and thoroughly."

Gu Shaoyang was really helpless and rubbed Lingdang's hair, and he said:"I'll do it myself this time."

Gu Shaoyang immediately looked in the direction of several people and said to them:"I'll check one, two, and three. Everyone pounces on it and solves it as quickly as possible."

Hearing this , Gu Shaoyang said this, and several people were immediately ready.

On the other side, Luo Zishan and Tiger Monster shook their bodies and turned into Tiger Monster and Qilin Beast.

He watched Gu Shaoyang prepare his attack anytime and anywhere.

Gu Shaoyang's mouth checked:"One, two, three."

Without any hesitation, everyone rushed forward and subdued the huge python again.

However, his body was really resisting very violently now. They asked several people to hug his body, and they followed the huge python spinning around in that place. It seemed that Very embarrassed.

Li Zhou groaned. His wound seemed to have been opened again, but he gritted his teeth without making a sound.

Gu Shaoyang was hanging in the air, holding a sword in his hand, always preparing for the next attack target.

Chapter 1709

Tianci looked at several people and said to them:"Now, subdue them."

He directly asked Luo Zishan to open his bloody mouth and bite the spot where he had just bitten, making the wound deeper.

The boa constrictor immediately spit out the snake's tongue, which was very painful, and moved its tail, making Luo Zishan feel that his whole head was dizzy.

The tiger monster on the other side opened its bloody mouth again, stepped on it with its huge body, and took another bite. The python convulsed in pain and immediately stopped its movements.

Gu Shaoyang found the best opportunity and immediately dived down. The long sword directly penetrated seven inches of his body. It was the same wound that the bell had just stabbed, and the entire sword was already buried in it.

I saw the python's body suddenly stiffened, and then looked in the direction of Gu Shaoyang. He really didn't expect that he would die in the hands of this tiny human being, so he really underestimated the enemy this time. , is also too sympathetic.

He looked in the direction of Gu Shaoyang and said to them:"You despicable guys."

Then he softened his body and began to pant violently.

His body has also begun to get smaller and smaller, and it is about three meters long.

Gu Shaoyang looked at him and he no longer became smaller. This should be his true self.

I didn't expect that this guy turned out to be a big dark green python, but because I had been practicing for a long time, I transformed myself into an ancient magic dragon, making everyone think that he was that ancient magic beast..

Gu Shaoyang looked in the direction of the python and said to him:"I'm going to tell you a secret today."

Hearing Gu Shaoyang say this, the big python was really very angry. Gu Shaoyang raised the corners of his mouth slightly and said to him:"The treasure map you stole from me before was actually a fake real treasure map on my body, and the real treasure is located in your cave."

Listen. After Gu Shaoyang said this, those huge pythons spit out a mouthful of blood.

Hearing Gu Shaoyang's words, he was really angry, so even if he was a python that had been cultivated into a spirit, he had absolutely no plans against Gu Shaoyang, a cruel human being.

Gu Shaoyang once again looked in the direction of the python and said to him:"Let me take away your life completely today."

Gu Shaoyang raised the knife in his hand and pointed at the python's head with the sword in his hand. The direction has already been cut.

The python wanted to open its bloody mouth and die together with Gu Shaoyang, but he didn't expect that Gu Shaoyang's movements were really very fast, and his head broke off with a click.

After closely following him, I saw that his tail was still winding violently in that place, and his body had been divided into two halves and was still moving. He had completely lost his life.

Gu Shaoyang exhaled a breath, and his whole body really softened at this time.

Several other people were already sitting and lying on the ground, feeling really tired.

I didn't expect that this guy would still be such a big threat to them even on a full moon night when he had no fighting ability at all.

After Gu Shaoyang rested for a quarter of an hour, he laughed loudly. He rolled up and said to several people:"I didn't expect that we were so powerful that we killed such a huge monster."

Tianci looked at Gu Shaoyang. He was laughing on the ground like a lunatic. He was really helpless.

He said to him:"Are you stupid?"

Li Zhou on the other side was really very happy. He held a big stone next to him and cried bitterly to several people. Said:"It seems that we can really get the treasure at this time, and we are one step closer to success."

Hearing Li Zhou say this, several people's eyes began to light up among each other.

Gu Shaoyang immediately sat up, and then took out the treasure map behind him, and said to them: "Now we can take a look at where this thing is hidden."

After all, this place already belongs to Gu Shaoyang and the others, so no one knows that all the ancient dragons in this place are dead, and they will definitely be very safe in this place.

After Gu Shaoyang took out the treasure map, several friends gathered around him.

Gu Shaoyang looked at them for a long time and said to them: "It's really strange. Logically speaking, the location of this treasure map is only in this huge cave, but why don't we see anything? Here we are, but this place is empty."

Chapter 1710

Then he thought of the ancient demon dragon, and continued: "And the ancient demon dragon has been living in this place, and he has not found it for tens of thousands of years."

When he heard this, Li Zhou turned to Gu Shaoyang and the others. Said: "Isn't there a place next to it, and pointing to it is a key? Maybe it's just that there is such a small key in this huge space."

Xiao Fei thinks it is really possible. , then several people's eyes lit up, and Gu Shaoyang said: "Let's all split up and search this place carefully."

As he spoke, several people were already at this place and started searching, but they didn't expect that an hour had passed. , nothing was found.

Gu Shaoyang and the others were really out of breath from exhaustion at this time. They all sat on a huge stone again and began to rest.

At this moment, the little girl Lingdang looked in the direction of the giant python, and her eyes widened involuntarily.

He looked at Gu Shaoyang and the others, and said to them: "Look at the seven inches of the python. Is there a shining golden thing?"

After hearing what he said, several people already looked in that direction..

I didn't expect this to be the case.

At this time, Lingdang couldn't care less about the fear in his heart and had already walked in that direction involuntarily.

After he took a look, Ling Ding had already taken out a key as big as his palm in his hand.

He looked at several people and said to them: "Is this black-gold thing the so-called key? I didn't expect it to be on the body of this huge python."

Gu Shaoyang was really in disbelief and looked at the bell holder. The thing inside walked to Lingdang and said to him: "Is this really the case? The real key is actually with him, and it can only be found when he is dead."

Gu Shaoyang and the others were all very I was shocked, I didn't expect such a strange thing to happen.

God sent him to look at this thing carefully and feel that there was indeed a kind of power on it.

He looked at a few people and said to them: "I think this is it. Let's take a look at this thing and see where the last treasure is."

Several people really didn't expect that the ancient demon pointed to by this map The dragon's cave originally meant that the key was in his body. Now, after the few of them killed the ancient dragon, they got what they really wanted.

The ancient demon dragon had been searching for tens of thousands of years, but he never thought that this thing was actually in his body. He could only appear when he was dead.

Then Li Zhou already said to them: "Look at the shape of this key. Is it the same shape as the thing on our treasure map?"

Several people immediately took it and started comparing it. They didn't expect it to be really different. It's indeed the same shape.

Li Zhou was really very happy and said to them: "I didn't expect that it would take no effort at all. It turns out that it's on this guy."

Gu Shaoyang said that he didn't see this thing. It was a shadow that was shaking out, and it actually matched the one in it. A mountain range is the same, and the terrain on it is very complicated. Where is it? Human beings don't know them at all.

After a few people took a look, it was indeed the shadow of the key that was exactly the same as the shape of a mountain range.

They were really very happy. Gu Shaoyang lifted it up again and the mountain range completely overlapped.

Gu Shaoyang said to them: "What on earth is this place?"

Luo Zishan had already looked in the direction of the tiger monster. After all, the tiger monster had lived in this place for thousands of years, so he was still very familiar with it.

He carefully compared the tiger monster in that place, and said to a few of them: "It's not in this cave. If I saw it correctly, it should be the place where Long Hanming's demon palace is." Listen. When he arrived, he said that several people had no idea that the treasure map and the location of the treasure would make them challenge their limits again and again.

Gu Shaoyang said to them: "That means our next step is to go deep into the tiger's mouth and go to Long Hanming's devil's palace."

Tianci really didn't expect that they had just left the tiger's mouth, and this time they were allowed to enter the tiger's den again. What's wrong is that this task is too difficult for them.

After Gu Shaoyang finished speaking, Luo Zishan nodded uncertainly and said to them: "This is how the treasure map appears."

Gu Shaoyang sighed and said to them: "Then we should all rest for three days, and then let's set off."

Then several people were really tired and really stopped talking.
