

Attributes 1711

Chapter 1711

They never thought that they would have such a difficult task this time, so these three days also required a good repair for them before they could move on.

After Gu Shaoyang rested for three days, he felt that his whole body was already full of energy.

At this time, Luo Zishan and Tiger Warcraft also became lively and energetic, and they felt really comfortable.

After all, they had eaten the meat of the ancient demonic dragon in the past few days, so for them, they did not expect that it would have such a good effect.

Gu Shaoyang looked at a few people and said to them: "Today is already the third day. The few of us must not alert others and sneak into the Demon Palace gently to see if there is any treasure underground under Long Hanming. If not, we Everyone evacuate quickly, and we will make plans if there is any."

After hearing what he said, several people didn't say anything, and they all agreed with Gu Shaoyang's statement.

So next, Gu Shaoyang led several people and walked out towards the outside of the cave.

After all, I haven't seen any sunlight for a few days, so when I came out, I felt that the sun outside was really dazzling.

Gu Shaoyang involuntarily raised his hand, covered his eyes, and looked in the distance.

On the other side, Tianci, whose skin was really very white, looked at several people and said to them: "It seems that a new journey for all of us is about to begin."

Gu Shaoyang smiled and said to him: "Yeah, how are you? Are you afraid?"

Tianci shook his head and said to him: "I'm not afraid. As long as I'm with a few of you, I think our life is really exciting."

Hearing this. When this little girl said this, Gu Shaoyang didn't expect that he really had a very adventurous spirit in his heart. Although he looked soft and weak on the outside, his fighting ability was very strong every time.

On the other side, Luo Zishan frowned slightly, looked at several people and said to them: "It is not easy to deal with Long Hanming. That guy is very cruel and cunning. Duan."

Then he heard what he continued, Luo Zishan said: "And that place is guarded at all levels, and it is very difficult to get in."

After hearing what he said, Gu Shaoyang agreed very much, He also felt that Long Hanming was really smart and cunning.

So he looked at a few people and said to them: "We must all be careful next, okay, get ready to go."

Several people had already attacked in the direction of the demon attack.

It only took one day, and by the time it got dark, they had already felt the magic palace.

Several people carefully moved towards the direction of the demon attack and walked over.

What Gu Shaoyang didn't expect was that he saw a very familiar person. That guy was the Iron-Armored Golden Bear.

Gu Shaoyang looked at the ancient demon dragon and asked him: "Is that the Iron-Armored Golden Bear?"

Seeing the huge brown body, the ancient demon dragon nodded and said to him: "I didn't expect that he would be on duty tonight. It seems that for a few of us, we really have very good luck."

Gu Shaoyang looked directly at Tiger Warcraft and said to him: "Go and call him to our side, and I will cooperate with you."

The tiger monster immediately nodded and walked in the direction of the armored golden bear with a swagger.

The armored golden bear held a mace in his hand. When he saw someone approaching, he was very alert and loudly said to him: "Who is he? If he comes closer, don't blame me for being rude."

The other soldier, watching the armored golden bear talking like this, also looked in that direction.

He said to him: "General, what should I do?"

When the Iron-Armored Golden Bear saw that it was a tiger monster, he was really shocked. He immediately waved his hand and said to him: "It's okay, it's Let me go over and take a look at our general."

Then he was already walking towards the direction of the tiger monster.

He cautiously said to him, "Why did you come to this place and be so arrogant?" Even though the Iron-Armored Golden Bear was usually very strong, he was very timid. At this moment, I was completely frightened by the tiger monster.

He didn't expect that this guy would suddenly appear in front of him, and he would be so arrogant.

Tiger Warcraft said to him: "The more cautious you are, the more attention you will draw to others, but it will be fine."

The Iron-Armored Golden Bear didn't know much about these things, so he didn't say anything, and He felt that what Tiger Warcraft said made sense.

Chapter 1712

Instead, he looked at Tiger Warcraft and said to him: "General Tiger Warcraft, what are you doing here this time?"

Tiger Warcraft pointed to the back of one of the mountains, looked at him, and said to him: "What's going on over there? Everyone is there and wants to talk to you. Our master is also in that place and asked you to go there once."

After hearing this, the Iron-Armored Golden Bear did not expect that this time it was not only Tiger Warcraft alone, but also someone else. Several other people.

He thought that if all of these people were discovered by Long Hanming, it would be a very dangerous matter, so there must not be any delay.

He immediately gave his eyes a serious look and drove in the direction around him, but fortunately no one noticed the movement on their side.

The armored golden bear nodded and said to him:"Okay, right away."

Then the armored golden bear turned his head and walked back again as if nothing had happened, and then stood guard at that place.

He said to the Warcraft soldier:"It's okay, just give us some tasks."

Hearing what the Iron-Armored Golden Bear said, the Warcraft soldier nodded clearly, because he also saw the Tiger Warcraft swaggering away from this place again. There was no evasion, so it did not arouse his suspicion.

The two people continued to stand guard. After a quarter of an hour, the Iron-Armored Golden Bear arranged everything and walked towards Gu Shaoyang and the others.

When he saw Luo Zishan, he clasped his fists and said to Luo Zishan:"See the master." Luo Zishan waved his hands slightly, looked at the Iron Armored Golden Bear and said to him:"You are on duty tonight."

Iron Armor Golden Xiong nodded and said to him:"Yes."

Gu Shaoyang looked at the Iron Armored Golden Bear and said to him:"Your Demon Palace and these people have become your power."

Iron Armored Golden Bear After thinking about it carefully, he said to Gu Shaoyang and the others:"About dozens."

Ever since the Iron-Armored Golden Bear worked with Gu Shaoyang and Luo Zishan, he did it all for Luo Zishan. For this reason, he has gathered all his old subordinates and the monsters who support Luo Zishan.

So at this time, they all looked towards Luo Zishan, hoping to help him ascend to the position of Demon King.

Gu Shaoyang did not expect that this armored golden bear was really very powerful. Just after a period of time, he already had dozens of forces, which was already very powerful.

Gu Shaoyang had an idea in his mind at this time. He wanted everything to be over at once tonight, so he had already expressed his idea.

He looked at the armored golden bear and said to him: "Gather all these people together. At midnight today, we will see if we can find the treasure. If we can, prepare to rebel." After hearing this, In short, the Iron-Armored Golden Bear was really shocked. Didn't he expect that he would have to deal with Long Hanming so soon?

He immediately looked at him and said to him: "Really, some of them are too fast and have not started deployment yet."

Gu Shaoyang nodded involuntarily, and then he thought about it carefully. Gu Shaoyang felt that his method Some are too radical or not.

Gu Shaoyang wanted to have a foolproof plan, so he immediately rejected his sudden idea.

He looked at the armored golden bear and said to him: "No, stop for a moment."

Tianci was really confused. It was rare to see Gu Shaoyang go back on his word like this.

He looked at Gu Shaoyang and said to him: "What's wrong?"

Gu Shaoyang said to him: "I always feel that if we move too fast, I'm afraid Long Hanming will catch all of us in one go. It's not advisable."

Tianci felt that what Gu Shaoyang said was very correct. He really wanted to stop Gu Shaoyang from coming just now, but he didn't expect that Gu Shaoyang would deny himself so quickly.

Tianci knew that whatever Gu Shaoyang was thinking about, he was very eager to move forward, so Tianci only gave Gu Shaoyang a few pointers at ordinary times. He was still very happy to hear that Gu Shaoyang had changed his mind..

He said to Gu Shaoyang:"I also think this is indeed the case. A few of us will sneak into Long Hanming's palace first, and then make plans. Don't make a mistake, after all, there is no foolproof plan yet."

Then he nodded and said:"Yes, That's it."

Then he looked at the armored golden bear and said to him:"You can make it easier for a few of us to walk, or find a route map to prepare to enter Long Hanming's palace."

Gu Shaoyang felt that in this case, So the goals of the few of them are still relatively small, so they should go in and explore around first to see where the real treasure map is.

Chapter 1713

The armored golden bear's eyes were wide open. He always had that silly look, but now he looked completely out of his mind.

He looked at Gu Shaoyang and said to him:"You are really going to enter the devil's palace. You must know that he is a very dangerous guy."

Gu Shaoyang looked at the armored golden bear, which was already frightened. Lai Long Hanming was really very strict in his management of them, and these subordinates were really very afraid of him.

The corners of Gu Shaoyang's mouth raised slightly, and he said to him:"We are not sleeping with him, we just want to find out whether there is any treasure in his place."

Hearing Gu Shaoyang say this, Iron Armor Gold Xiong was really helpless. He could only clasp his fists with his hands, look at Gu Shaoyang and Luo Zishan, and said to them:"Okay, then I will definitely find the most precise map for you. You all wait for me." Let's go."

Then the armored golden bear turned his head and disappeared.

Only half an hour had passed, and he had already left and returned.

He really gave a few of them a very sophisticated internal wiring diagram.

Gu Shaoyang and the others looked at the Iron-Armored Golden Bear and said to him: "You should do whatever you want. Don't scare the snake, and don't worry about us. If you are really in danger, think of a way to help us." Just find a way out."

The Iron-Armored Golden Bear understood all Gu Shaoyang's orders and said to Gu Shaoyang: "Yes, I understand."

Then he walked out very carefully.

Gu Shaoyang looked at a few people and said to them: "It seems that our real adventure has begun. Let's go, all of us."

When Gu Shaoyang spoke, Li Zhou and Luo Zishan's eyes began to light up involuntarily. When he got up and followed Gu Shaoyang, he was already heading towards the inside of the Demon Palace and walked in.

When he first entered the Demon Palace, he did not expect this place. Luo Zishan suddenly entered his real memories.

This place doesn't need any introduction at all. Luo Zishan is already very familiar with every place.

After all, he had lived in this place for decades when he was a child, so he was very familiar with every item here.

So Luo Zishan was really shocked. He thought that after hundreds of years, he must have forgotten these things.

But the facts proved that there was none. Whether it was roads or things, he was very familiar with many things, and the roads in this place were also completely familiar to him.

As for the Tiger Monster, he has been walking in the Demon Palace all the time, so this place seems to be like his own home, and he is even more familiar with it.

Gu Shaoyang looked at the familiar look of the two people and already said to them: "Let us all walk through the places you haven't walked much, forget about the more familiar places."

Gu Shaoyang thought that if everyone could go in and out, There would definitely not be a treasure hiding place or a place to guide them.

Hearing what Gu Shaoyang said, several people nodded and already moved towards the inside of the magic attack.

Gu Shaoyang and the others started walking along the direction inside the demon attack.

But what he didn't expect was that the circuits in this place were really complicated.

If it weren't for the fact that Luo Zishan and Tiger Warcraft were here to guide them, Gu Shaoyang thought that he would definitely get lost in this secret recipe place.

So he immediately stretched out his hand very carefully and took the God-given hand in his own.

Tianci looked at Gu Shaoyang's very warm actions, and felt really happy in his heart.

He put his weak, boneless hand on Gu Shaoyang's hand, and whispered to Gu Shaoyang: "Why, are you afraid that this place will be like a maze and you will lose me?"

Gu Shaoyang turned his head slightly and looked through the darkness. Under the bright light, he looked at Tianci and said to him: "Yes, if I throw you away, nothing will be important to me."

Tianci heard the sweet words Gu Shaoyang said to him, and suddenly he My heart was really soft. I didn't expect that Gu Shaoyang would not say these words to me at ordinary times.

The two people were not talking, but were holding their hands together tightly.

The right hand of the little girl named Lingdang, the other God-given hand, was already in his hand, as if he was afraid that the little girl would be lost.

Lingdang was really happy because she felt that someone cared about her, which was really different.

He also stretched out his little hand, took Tianci's hand, and held it tightly with him.

Chapter 1722

Gu Shaoyang felt that Luo Zishan definitely didn't lie to them when he said this, but since the treasure map pointed to this place again, it must be because there is a real treasure somewhere here.

Gu Shaoyang said to the few of them: "Let's go over there and take a look."

After all, since they have pointed to that place, they must really look for the treasure next.

Hearing what Gu Shaoyang said, the few people immediately walked towards the mountainside without stopping.

After climbing for about a quarter of an hour, we were already halfway up the mountain. However, we didn't expect that this place was really a cliff, and it was very steep when we looked up.

Tianci said to Gu Shaoyang: "How are we going to get up?"

After all, it is not easy for them to climb up.

At this moment, Qilin Beast suddenly produced a pair of wings within his body.

Gu Shaoyang had never seen a Qilin beast before, so he immediately looked at Luo Zishan in surprise and said to him, "What is going on?"

Luo Zishan immediately uttered human words. , looked at Gu Shaoyang and said to him:"Because our Qilin tribe will only have such a phenomenon when we go to our own place, so it is very normal."

Gu Shaoyang nodded and said to him:"You want to take us Bring all these people up."

The Qilin Beast nodded without any hesitation and said to Gu Shaoyang and the others:"If I don't take you up, it's impossible for you to go up."

Because of this place. It is very smooth and very steep. Even if you can go up, it will waste a lot of time and energy.

Hearing what he said, Gu Shaoyang also knew that he was not lucky, so he also looked at Luo Zishan and said to him:"It seems that I am really going to trouble you."

Then he was already very fast, Climbed up Luo Zishan's body.

On the other side, Godsend and the others had already fallen to the ground.

So Gu Shaoyang stretched out his hand, looked at Li Zhou and Tianci and said to them:"Come up."

After all, the Qilin Beast's body was still very big at this time. Although it was a bit crowded for them, he wanted to Going up is also very easy.

Gu Shaoyang watched Godsend Gu Shaoyang and Li Zhou climb up, and then they flapped their huge wings and flew up halfway up the mountain.

There was a very large cave in the middle of the cliff. When the Qilin Beast stopped, he had already landed on the edge of the cave.

Gu Shaoyang and others jumped down, and then the Qilin Beast returned again, and the Tiger Monster and Bell and others also came up one after another.

After two times, all the people had come up.

The Qilin Beast shook a little, and its body had changed back to Luo Zishan's appearance.

He looked at Gu Shaoyang and said to him, "Let's go."

Several people had already walked into the cave.

The entrance of this cave seemed to be about two or three meters wide, but after walking in, I realized that it was really a very large space.

As Gu Shaoyang and the others walked in, they saw patterns of Qilin beasts drawn one after another. It looked like they were rubbings made by their descendants to commemorate their ancestors.

But I didn't expect these things, but the paintings are lifelike and lifelike, and even every action is particularly clear.

Gu Shaoyang looked at Luo Zishan and said to him: "These are all your ancestors."

At this time, Luo Zishan seemed to have returned to his own memories.

He nodded and said to Gu Shaoyang: "Yes, and many of them are things I have never seen before. They should all be asleep by now."

When he said this, he seemed very sad.

Gu Shaoyang patted Luo Zishan on the shoulder and said to him: "Let's go, we will definitely get what we want, and we will not let you, the ancestors of the demon clan, lose your throne."

Several people left When he got closer, Gu Shaoyang looked at everything, and it was indeed as Luo Zishan said before.

There is nothing in this place except the Qilin Beast and the very weird and various rituals.

Gu Shaoyang immediately took out the treasure map and his key behind him.

But I didn't expect that the key and the treasure map would not change at all.

Gu Shaoyang felt that it was really strange. They wanted to leave this place, but the sky outside at this time slowly began to darken.

Gu Shaoyang looked at several people and said to them:"Let's all rest here today."

Chapter 1723

After all, this place is a cave. Although it is the place where the ancestors of the Qilin Beast are buried, Gu Shaoyang is not afraid.

Hearing what Gu Shaoyang said, Tianci also felt that this place was very safe.

And now Long Hanming is sending all his army of monsters to look for him, so it will be very dangerous for them to stay in the forest at night.

So he looked at Gu Shaoyang and said to him:"Okay, let's all rest here today."

Although Lingdang thought this place was a bit scary, he also felt that this was the safest place.

He immediately walked to Tianci, took Tianci's hand, and said to Tianci in a soft voice:"Then I will sleep with you tonight, sister Tianci."

Tianci nodded and said,"Okay."

Then. The sky slowly began to get dark, and the entire cave began to become completely dark.

But what makes Gu Shaoyang very strange is that the images of the Qilin Beast ancestors have always been either dark blue or light blue.

Gu Shaoyang had already looked towards the wall. These paintings were really lifelike, as if they were alive.

Gu Shaoyang did not expect that he would suddenly see the treasure map in his hand, glowing with a faint blue light.

Gu Shaoyang looked in the direction of the wall again, and it was exactly the same color as that wall.

Gu Shaoyang was shocked and immediately sat up.

He looked at several people and said to them: "Wake up quickly, I have made a discovery."

Hearing Gu Shaoyang say this, several people were already sleeping very lightly at this time. After all, it was very dangerous along the way. So none of them dared to go deep into sleep.

So when he sat up, Tianci had already looked at Gu Shaoyang and said, "What's going on?"

Gu Shaoyang said to them, "Look, my treasure map has changed again."

I saw a faint light on the treasure drawing.

Then when several people heard what Gu Shaoyang said, they gathered around in the direction of the treasure map.

Gu Shaoyang directly placed the key on the treasure map, and the treasure map instantly began to turn into a very three-dimensional figure.

Moreover, the location of the three-dimensional manifestation turned out to be on the top of a mountain, where Gu Shaoyang and the others had just landed.

Gu Shaoyang's eyes widened involuntarily. He looked at a few people and said to them: "Could it be that the location of the real treasure map is on the top of that mountain, but there is no location of the treasure in that place?" Ah."

Gu Shaoyang was really completely confused at this time. Why did the treasure map change this time?

At this time, several people also began to think deeply.

And Luo Zishan really didn't expect that this thing was actually related to his ancestors.

He looked in the direction of Li Zhou again and said to him: "Could it be that your parents got this thing because they met the ancestors of my Qilin tribe?"

Of course Li Zhou didn't know, so he He could only watch Luo Zishan grab his own hand and say to him: "You can only get the real answer to this matter when you see my parents in the future."

Because his parents at this time In the peach blossom forest, Luo Zishan, Li Zhou and the others can get the answers they want when they go back.

At this time, Luo Zishan and others had already begun to study this treasure map very seriously.

Gu Shaoyang looked at several people who looked very tired at this time, but also looked in the direction of the treasure map.

He said to a few people: "Everyone, please rest first. When it gets bright tomorrow, we will continue to search on that mountain. I think there will definitely be a treasure map when we search down on that mountain." , the real place of preservation."

Hearing Gu Shaoyang say this, several people felt that it was really reasonable.

Godsend was very optimistic. He looked at several people and said to them: "We are getting closer and closer to the real goal, so don't be anxious and rest quickly."

And Tiger Warcraft Warcraft and Luo Zi At this time, the two men had no idea that the real treasure map would be where their Qilin beast was buried.

Therefore, the hearts of the two monsters were really in turmoil at this time. Luo Zishan didn't sleep much this night. He felt that he was in this place of his ancestors, and it seemed that the hearts of the entire monsters had become very calm..

Waiting until daybreak little by little, I have already seen that the faint colors of the paintings on the wall have darkened, as if they had never appeared before. It is really strange that this thing can actually Appear at night.

If it weren't for Gu Shaoyang and the others staying in this place for one night, it would have been very difficult to find him.

Chapter 1724

Then Gu Shaoyang looked at several people and said to them:"Since we are all going to the mountains to find the real treasure, we must be careful next time."

Hearing Gu Shaoyang say this, everyone became very serious.

When Gu Shaoyang and the others walked out of the cave, they did not use Luo Zishan to carry them down again. Instead, they jumped down one after another and reached the ground. This matter was very easy and simple for them.

On the other side, Gu Shaoyang and the others took nearly an hour to climb up the mountain. This was because the mountain was too high.

Gu Shaoyang stood on the top of the mountain, looked down, and said to them:"I didn't expect that this place is really a good place. If it is really the location of the demon treasure map, it would be very difficult for us to transport it away." , it seems to be a very difficult thing."

Gu Shaoyang hadn't gotten the things at this time, but he had already begun to think of how he should take them away.

Tianci raised the corner of his mouth slightly, looked at Gu Shaoyang, and said to him:"You have a good idea. As long as we all get these things and want to take them away, it will not be very easy."

Gu Shaoyang, he and Tianci said to each other Suddenly, they started joking, and the atmosphere became much more relaxed for a while.

On the other side, Luo Zishan's eyes really widened immediately. He looked at Gu Shaoyang and the others and said to him:"Is the location on the treasure map you pointed to right here? Place."

As he spoke, Luo Zishan had already looked in the direction of a small cliff.

He didn't expect that there didn't seem to be any caves in that place, but Luo Zishan did see a faint light in it.

That place is exactly where the sun shines.

Gu Shaoyang also looked in that direction. He was also a little disbelieving. He didn't expect such a strange thing to happen.

He said directly to several people: "Hurry up, let's go over there."

Several people immediately walked towards the broken wall.

When I walked over, I could already see that place. All the stones were really flat.

Gu Shaoyang took the bunch of keys in his hand and already saw the stone-shaped key, which was shining brightly at this time.

Gu Shaoyang felt that this thing must be a key that can open this place.

He immediately confirmed this thought in his mind.

Gu Shaoyang said to several people: "Let's see if there is any place where we can put it."

As he was talking, Tianci and Lingdang were already lying on the wall and started searching very seriously. stand up.

After just a moment, Lingdang was already very shocked. He immediately squatted in his corner, looked at Gu Shaoyang and the others and said to them: "I found a depression in this place, is it possible? Yes."

Gu Shaoyang and the others didn't expect it to be so low, and if it wasn't for the bell being so small and stooped, they really wouldn't be able to find it.

Several of them immediately walked in his direction.

All the people have squatted down with their tall bodies. It is really a very inconspicuous place, but the shape is indeed very consistent with their keys.

Gu Shaoyang had already put the key-shaped stone in his hand.

A very strange thing had happened. A door suddenly appeared on the cliff, and the door was about two meters wide.

Gu Shaoyang and the others could not help but walk towards the direction inside.

Everyone had followed Gu Shaoyang and walked inward.

As soon as a few people approached, the stone door was suddenly closed.

There was darkness in front of everyone.

Gu Shaoyang looked at these people and said to them: "Let's all keep moving forward."

When he said this, he had already taken out a fire certificate in his hand.

Then it ignited, instantly lighting up the entire interior of the cave.

This is a very long corridor, and the surrounding walls are also uneven. It is very dark everywhere, covered with a lot of dust, and there are some small animals crawling on it. It seems that there are some spiders and bugs and stuff.

When Gu Shaoyang spoke, he felt that the space in this place must be very large, because as soon as he spoke he heard waves of echoes, which had already drifted away in the distance.

Gu Shaoyang directly stretched out his hand, holding Tianci on the left and bell on the right, because after all, they were girls and people who needed to take care of themselves.

Tianci and Lingdang also held Gu Shaoyang tightly.

Chapter 1725

The few people didn't speak, and they stumbled all the way, very carefully, walking towards the interior.

After walking for about half an hour, Gu Shaoyang saw that a very large hall suddenly opened up in front of him.

What Gu Shaoyang and the others didn't expect was that they would actually see all kinds of gold, silver, jade, and various large antiques in front of them.

Although Gu Shaoyang didn't recognize these things, he knew at a glance that these things were priceless.

At this time, Li Zhou was really in disbelief. Facing Gu Shaoyang and the others, he could no longer move his legs. He widened his eyes and looked inside.

He said to them: "This is the real treasure that we have been trying so hard to find."

When he said this, his tears began to flow down involuntarily.

After all, because of this incident in Lizhou, almost all of his family members were dead, and their families had become devastated.

So he had no idea that just for such a thing, Long Hanming and Jin Zongdi would ignore his family, and all of them would fall into Langdang Prison.

Gu Shaoyang was really excited. After all, they had been running around for such a thing for the past six months.

So he also looked at a few people and said to them: "Let's all go in and take a look."

A few people entered this space very quickly, which was about a few hundred square meters, and suddenly it was It is already very high, about three or four meters high. The entire space is a huge space dug out of stone.

Gu Shaoyang felt that if this was dug by humans, it would really require a lot of labor and material resources.

If Warcraft comes to dig, it must be because of them that they have accumulated so much wealth.

Luo Zishan was really in disbelief at this time, because he looked at one of the walls and saw the figure of his ancestor.

He looked at several people and said to them: "Did you see that this is actually a portrait of my ancestor?"

Gu Shaoyang and the others immediately looked in that direction. Sure enough, as Luo Zishan said, that Although the color of the portrait was very light, they could still see it clearly.

Gu Shaoyang looked at Luo Zishan and said to him: "I don't know whether your ancestors guarded the treasure here or found the real owner of this treasure."

Luo Zishan shook his head, he really never He had never heard of this, and he felt that it must be because his ancestors were guarding the treasure in this place.

He looked at several people and said to them: "I don't know, there is something else here."

He immediately pointed in the direction of a very small door with the bell, and said to several people: "It seems that there is something else here." There is another room."

When several people heard what Zingdang said, they already looked in that direction.

Sure enough, as he said, there was a small gap on the other side, just as big as a line of sky, as if it could only fit in a very thin person today.

When Gu Shaoyang and others approached, the bell was very small, so he immediately turned sideways and squeezed in.

When he squeezed past, he was really in disbelief and said to Gu Shaoyang and the others: "Oh my god, there are a lot of skills and very precious things in here. What is this thing? I don't know this thing either." I know."

But he did know that those things must be very precious, but he did know that those books were all about exercises.

At this time, Ling Dang couldn't put it down and touched the various books.

At this time, Gu Shaoyang took a deep breath, held his breath, and squeezed in from the gap.

Because Tianci was really very thin, he squeezed in very easily.

After it entered, it had already pushed Gu Shaoyang in front and walked in the direction ahead.

Gu Shaoyang felt that his clothes were worn out, he was holding his breath, and the bones in his body seemed to be suffocating.

Sure enough, after he squeezed out, he felt the breath come out.

He looked at Tianci and said to him: "Oh my God, who designed this? How come this place is designed to be so narrow? If you don't look carefully, no one will find this in a corner." There is such a door in this place."

And because the Tiger Monster was so big, he couldn't get in even if he wanted to, so he could only stand outside in a hurry.
