

Attributes 1731

Chapter 1732

On the other side, Tiger and Luo Zishan were very simple and direct. No matter what kind of weapons they were, they both wanted to get their hands on them. They were really interested in these weapons.

But there are really very few things about their Warcraft. There are only a few secret books, but they are already very important to Luo Zishan.

Tiger immediately took out a big knife, looked at Gu Shaoyang and the others and said to them: "How about this thing be used as my weapon in the future."

Gu Shaoyang looked at the huge thing in his hand. , that big knife looked like a machete, it was two meters long, and the long handle underneath looked really thick.

Gu Shaoyang didn't expect that Tiger was really tall and powerful, and his weapons were also very heavy.

He looked at the tiger and said to him: "Okay, that's okay. This thing is very suitable for you, but it seems a little difficult to take it out of this place. How about we wait until we all have the opportunity to take it away in the future?"

When Tiger heard what Gu Shaoyang said, he already looked in the direction of the big knife in front of him. He felt that he really liked this thing and wanted to make it his own.

He looked at Gu Shaoyang and said to him: "Since you can't take it away this time, then remember, I will definitely take this thing and give it to me if I have the opportunity in the future." Gu Shaoyang looked at the tiger and was really reluctant to part with it. With a look like that, he directly said to him: "Okay, then it's settled, this thing will definitely belong to you in the future, let you take it."

Tiger had already walked towards a corner, It was placed in a very hidden place at the corner, and the big knife was already lying there quietly.

He looked at several people and said to them: "I put this thing here, and it will be mine from now on."

Gu Shaoyang was really helpless. He did not expect that tigers have always been so tall. And compared with them, he has always acted like an elder, but this time he was able to act like a child.

Tianci also rose slightly at this time. He didn't expect the tiger to have such a cute side.

Gu Shaoyang looked directly at Tiger and said to him: "Okay, this thing will definitely be yours from now on, I won't let anyone get it."

After hearing this, Tiger reluctantly put the big knife in that corner inside.

Then he walked back in the direction of several people.

After picking through all their treasures, all the gold, silver and jade items picked by Li Zhou must be taken away.

Then there are the secret books of Luo Zishan and Tiger. The two of them also picked a few relatively small weapons that they were more comfortable with, and then they were ready to leave the Demon Dragon Cave.

Gu Shaoyang looked at several people and said to them: "How about, can we all take these things out?"

After all, even these things that they carefully selected, for them, it is difficult to take them out. It's really very difficult. But now there is really no way to choose again.

Li Zhou was carrying the treasures behind him, which seemed to weigh two to three hundred kilograms.

He said to Gu Shaoyang: "Don't worry, I'm sure I can take it away."

Because Li Zhou was currently thinking about taking these treasures and converting them into money.

You can definitely recruit troops and recruit a lot of available talents. Then you can avenge your parents and your family.

On the other side, Luo Zishan, who was also carrying a very heavy thing behind him, looked at Gu Shaoyang and the others and said to them: "Don't worry, I can definitely take this thing away for him, I am very strong."

Because Luo Zishan really carried a lot of things at that time. Gu Shaoyang also knew that Luo Zishan's heart had always been to restore the glory of their demon clan and to avenge his parents and kill Long Han. deep.

So he had no choice but to look at Tianci and Lingdang and say to them: "What are those things for you two? Just give us all these things."

After Gu Shaoyang finished speaking, he had already moved towards them. A very small amount of east-west direction has been pointed out, allowing them to hold only very small objects.

At this time, Lingdang and Tianci already held very few things compared to them.

So Lingdang nodded and said to Gu Shaoyang: "I know, brother Gu Shaoyang, I will definitely do what I can."

Gu Shaoyang looked at a few people who were already carrying all their treasures on their backs.

He said to several people: "Let's all go first."

Because with these things, they were very successful the first time.

Chapter 1733

Several people headed back towards the original path again.

By the time they left this treasure-hidden land, it was as if this place had never appeared before.

Gu Shaoyang looked at his current harvest and was really happy and excited.

He looked at several people and said to them:"What should we all do now?"

Several people were panting at this time and took out these very valuable things, which was really very happy for them.

At this time, Li Zhou was already looking at Gu Shaoyang and the others very seriously, and said to them:"I wonder if you all can accompany me back to the Plum Blossom Forest first." When

Gu Shaoyang heard what Li Zhou said, he looked at them. Li Zhou knew that Li Zhou wanted to find his parents at this time. After all, the two of them had lived on that mountain for two years, and they would definitely appear in this Jin Kingdom next.

Gu Shaoyang looked in the direction of several people and said to them:"Since we all carry so many treasures now and have no place to go, we can put all these things in that place in the Plum Blossom Forest."

After hearing what Gu Shaoyang said, several people all agreed.

Tianci also looked at Gu Shaoyang and said to him:"That place is very hidden. Hiding these things there is indeed a good place for us."

So after hearing what Tianci said, Luo Zishan thought about it completely it is also fine.

Moreover, when they return to the Plum Blossom Forest, they can completely refine all the techniques and various secrets in their hands.

Luo Zishan looked at Gu Shaoyang and said to him:"That place is indeed very suitable for cultivation, and it is also very safe. In this case, without further ado, let's get ready to set off."

Li Zhou looked at several people At this time, after discussing with each other, he was really ready to return to the Plum Blossom Forest with him. He was really very happy in his heart and very grateful to his friends.

He looked directly at several people and said to them:"Thank you very much."

Because several people knew that Li Zhou's parents were in the Plum Blossom Forest at this time, so they really wanted to go back to that place.

Gu Shaoyang said to him: "We are all brothers. There is no need for such thanks. Leave this place quickly."

After all, this place is still within the restricted area of the demon clan and is a very dangerous place.

Although all the demons don't know that the so-called ancient dragon of the demons has been killed by them, if there are really other forces monitoring them in this place, then they will definitely be very worried about Gu Shaoyang. dangerous.

So after a few people came out of the Demon Dragon Cave, they walked out cautiously in the distance.

After walking for about a night, Gu Shaoyang and the others saw that the sky in the distance was turning white, and the sun had slowly begun to show their round faces. They knew that they were safe.

This night's journey was really hard for them, but everyone's heart was full of hope.

Gu Shaoyang looked at the black demon forest behind him, and it was they who said: "Let's all take a rest."

After all, everyone is exhausted now, and they are really very tired.

After everyone took off all the things on their bodies, they felt like they had collapsed in an instant.

Gu Shaoyang sighed and said to them: "Next, let's all rush on our way quickly, and then transfer a few more troops and horses, and we will be able to arrive without being so tired."

After all, Gu Shaoyang and the others are the most tired now. Importantly, the most dangerous thing is to be afraid that Long Hanming will find his figure and Emperor Jin Zong, and he will start to inquire in their direction from time to time.

After Gu Shaoyang finished speaking, God sent him to be lying on the bed. Next to a big tree, a few people looked at them and said to them: "Yes, so we all should seize the time to rest and prepare to set off soon when the sky is completely bright."

Because of this place. After all, it is not particularly far from the magic mountain behind the demon clan.

At this time, several people had no power to speak at all. They all closed their eyes and began to rest.

Everyone took a rest. Two hours later, the sky had completely brightened, and the fiery red sun was already shooting in their direction.

Gu Shaoyang narrowed his eyes slightly and looked at the few people around him, who were still sleeping soundly at this time.

He looked at They started to check the surroundings very vigilantly.

But fortunately, nothing happened.

Gu Shaoyang did not disturb everyone's rest, but walked directly in the direction of one of the small forests..

Chapter 1734

In just a quarter of an hour, Gu Shaoyang had already reached two hares, and then he picked some wild fruits in the forest and walked back.

After Gu Shaoyang had packed all these things, several people were slowly showing signs of waking up.

Hearing the sound, he opened his eyes and saw that Gu Shaoyang was busy making a fire to cook for them.

Several people had already gotten up at this time and started to take action.

Tianci looked at Gu Shaoyang and said to him: "Have you rested? Why have you started hunting for us so quickly?"

Gu Shaoyang directly rubbed Tianci's hair and said to him: "Have a good rest? The most important thing is to feed you, a little hungry cat, first."

The corners of Tianci's mouth raised slightly, and he smiled in a very gentle arc. He looked at Gu Shaoyang and said to him: "Who asked you to feed me? When I'm full, I can hunt the prey myself."

The two men were talking on one side, and one was holding a knife on the other. The hare's wooden sticks have already started to be grilled.

As for Ling Ding on the other side, he was very young after all. He was really hungry when he just woke up, and he had already begun to eat the wild fruits that Gu Shaoyang picked for him.

While he was eating, he looked at Gu Shaoyang and said to him: "Brother Gu Shaoyang, please take a bite of this small red fruit. Although I don't know what it is, it is very juicy and tastes very sweet." Then he was already there. A red fruit was already put into Gu Shaoyang's mouth.

Gu Shaoyang was not polite, he opened his mouth and took it in.

He looked at the bell and said to him: "Well, it's really delicious. You little girl is more and more caring about me now."

Gu Shaoyang was really very happy in his heart, because he didn't expect it at all. , Lingdang's character has begun to become more and more cheerful now.

He also likes the way Ling Dang is growing freely now. He is completely different from the way he used to be very guarded against everyone.

After Lingdang heard what Gu Shaoyang said, he quickly took another bell-colored fruit and brought it to Tianci's mouth. He looked at Tianci and said to him: "Sister Tianci, come and taste this little fruit. It's really delicious." It's delicious."

He was also very happy because of God's gift. Ling Dang has a very good character now.

Then he opened his mouth and took this small fruit into his mouth.

He nodded, smiled a very happy smile, and said to Lingdang: "It's really delicious, especially what our sister Lingdang fed me, it's even more delicious."

Lingdang was happy. He started to laugh, with a very pleasant smile.

A few people on this side had quickly grilled the rabbit meat, and bursts of aroma had begun to spread.

Gu Shaoyang directly pulled out a rabbit leg, looked at Tianci and Lingdang and said to them: "You two come and eat first."

After all, they are girls, and their physical strength is indeed weaker than Gu Shaoyang and the others. a lot of.

At this time, the tiger on the other side had already disappeared into the Warcraft Forest.

Gu Shaoyang knew that if the tiger wanted to catch prey, it would be very easy for him. Moreover, his appetite was much larger than that of the others, so he would be back in a while.

When Gu Shaoyang and others finished eating the rabbit meat, they did not think about the tiger. They patted their stomachs with satisfaction, and their tall bodies walked out of the Warcraft Forest on their own initiative.

Gu Shaoyang looked at the tiger and said to him: "You are full."

The tiger chuckled and said to the few of them: "The little things you have are not enough for me to stuff between my teeth, so I have already eaten by myself." It's settled."

Luo Zishan originally wanted to go with Tiger, but due to Luo Zishan's special status, Tiger had already refused, and he didn't let him follow him at all.

After Gu Shaoyang and the others had eaten, they all carried all their treasures on their backs.

Gu Shaoyang looked at Tiger and Luo Zishan and said to them:"Let's all find a safe place to stay for a day, and then we will find a way to communicate with the Iron Armored Golden Bear and send these secrets to him.."

After hearing that Gu Shaoyang had made all preparations and planned everything, they must have agreed with Gu Shaoyang's statement without any doubts.

A few people had already walked towards the Jin Kingdom and the direction of the human living area.

When he arrived at a small remote town in the Kingdom of Jin, Gu Shaoyang looked at a few people and said to them:"I have seen the front, back, left and right of this place. It should be that there is no strength of Emperor Jin Zong and Long Hanming."

Chapter 1735

Gu Shaoyang is very handsome, and he is wearing a white robe. Although he is a little dirty at this time, he still looks like a young man.

Gu Shaoyang had already looked in the direction of the aunt, then lowered his body and said to him:"Thank you, aunt, for giving us a place to stay."

On the other side, Li Zhou, he has always been among everyone in the country. He is a patriarch, so he is an extraordinary person at first glance.

He immediately became very polite, looked in the direction of the aunt and said to him:"Thank you, aunt, for being able to take us in for one night this time."

After the two thanked the aunt, the aunt was a little at a loss, and she didn't expect it at all. This time, it was our young master and our young lady who came here. One look at them gave us a very unusual feeling.

The aunt said to a few people with some restraint:"No thank you, no thank you. Please invite some of the gentlemen and ladies."

Since Luo Zishan and Tiger were originally magical beasts, if they lived in the forest, On the contrary, he felt more at ease and had no intention of living in this very ordinary private house with Gu Shaoyang and the others.

Luo Zishan looked at the tiger and said to them:"A few of them have already entered at this time. The two of us are going to find a place to live." The two of them just need to find a very tall tree branch, or find a The cave is completely habitable.

So there is no need for Gu Shaoyang and others to worry at all.

Tiger nodded, he also looked at Luo Zishan and said to him:"In that case, Master, do we two need to go back to find the Iron-Armored Golden Bear now?"

He was really anxious at this time, but Unexpectedly, Luo Zishan shook his head and said to him:"Waiting for Gu Shaoyang and others to make arrangements, and when it gets dark, the two of us will go find the Iron Armored Golden Bear. That way it will be safer."

After hearing this, Tiger felt that it really made sense. He was not a very thoughtful person in the first place. For such a particularly troublesome matter, it would be better to leave it to Gu Shaoyang and Tianci.

The two people were already in this small mountain village and found a very tall tree not far away.

Then he jumped up and jumped onto the trunk of the big tree.

The trunk of the tree was as wide as Luo Zishan's body, so it was very comfortable to lie on it.

Luo Zishan had already hammered his legs very leisurely, and then lay on the tree trunk.

He said to the tiger:"I will sleep in this place tonight. It is very comfortable for me."

The tiger was a very comfortable monster, so it lay directly on Luo Zishan's bed. Under the big tree, he said to Luo Zishan:"You can sleep peacefully, Master, I will guard you here."

After all, Luo Zishan felt really uncomfortable along the way. Since the tiger said so, he was not polite. He squinted his eyes and looked at the tiger and said to him: "I will sleep for a while first, and then I will come back to you."

Then he felt really at ease and started to fall asleep.

On the other side, Gu Shaoyang and Tianci entered this very ordinary house.

Huansu is really very simple, there are only two very simple beds, and the rest are some small tables, which look very shabby.

But although this room looks very shabby, it is well organized and very clean.

Gu Shaoyang looked in the direction of the woman and said to her: "Madam, you don't have to worry about me, we can take care of ourselves."

And he looked in the direction of Tianci and said to Tianci: "Tianci."

Tianci knew exactly what Gu Shaoyang was thinking at this time. He took out some of his broken silver and put it on the table.

He looked at the woman and said to her: "Auntie, this is our accommodation money tonight. We all still have to trouble you."

The woman had no idea that Gu Shaoyang and the others were really prepared to pay for it with their own money.

He immediately refused and said to them: "No, no, you are just staying at my place for one night and eating a little. It doesn't cost much."

After all, the aunt could already tell that the money given by Gu Shaoyang and the others was This money is completely enough for him to live for two months. It is really very valuable to him.

Tianci was indeed very sure. He took this handful of money and sent it towards the aunt, placing it in her hand.

Tianci said to him:"This is what we all should give you, just accept it, otherwise, I will feel very sorry."

The aunt looked at the extraordinary popularity of Gu Shaoyang and others.
