Chapter 1742

Then he looked in the direction of Mrs. Li and said to him: "Madam, let's help you."

As he spoke, the two of them followed him and walked out of the door.

At this time, Li Haotian looked at Gu Shaoyang and others, and said to Gu Shaoyang and Li Zhou: "Have you found what I asked you to find?"

Gu Shaoyang nodded and said to Li Haotian: "We have found it, and we have. Now it is confirmed that these things do exist."

Hearing what Gu Shaoyang said, Li Haotian felt really happy, which proved that the day of his revenge was not far away.

He looked at Gu Shaoyang and the others and said to them: "Emperor Jin Zong and Long Hanming are very powerful, so if you really want to take revenge on them, it will definitely be very difficult for you. Everyone must have a perfect plan."

Of course Gu Shaoyang knew, but at this time Li Zhou looked at his father and said to Li Haotian: "I don't know what your plan is, father."

After all, his father is in this officialdom. It has been on the Internet for decades, so I definitely have my own plans for everything.

And Li Haotian has indeed been making various revenge plans in the past two years.

So when he heard what Li Zhou said, he nodded and said to them: "I have indeed thought of several plans in the past two years, but I don't know if you will be able to use them by then."

Gu Shaoyang's eyes lit up when he heard this, I didn't expect that Li Haotian was so powerful. He had studied so many methods in the past two years.

He immediately looked at Li Haotian and said to him: "Of course, if you have a good method, we can all just use it." At this time, Li Haotian had already stood up and walked towards the direction of the table he suggested. passed.

Then from a compartment inside, I took out a piece of paper with all kinds of densely written small words on it.

He had already walked over holding the thin piece of paper.

Li Haotian said to Gu Shaoyang and the others: "Everything I wrote is here. Please read it carefully."

As he spoke, he put the piece of paper on the table.

Gu Shaoyang, Li Zhouluo and Zishan had all looked in the direction of the piece of paper.

When looking at that piece of paper, there were really many methods written on it, and even some strategic plans for combat, as well as various relatives and friends he could trust. Gu Shaoyang really didn't expect that Li Haotian Such careful planning has gone into doing these things.

He looked at Li Haotian and said to him: "These methods are all very feasible. I don't know which method you like the most."

After all, Gu Shaoyang and the others did not have a special understanding of the national power of the Jin Kingdom, so In this matter, Li Haotian still needs to really give some advice to them.

After all, Jiang is still old and spicy, and he must have many methods. As soon as Li Haotian was stroking his beard, which had turned gray, he looked at the various plans on his head.

He looked at Gu Shaoyang and said to him: "I think the most important thing is to make Emperor Jin Zong and Long Hanming turn against each other, or I can pretend to cooperate with Emperor Jin Zong first, and then fight against Long Hanming. All methods are possible."

When he said this, he had already looked in the direction of several of his plans.

There were some plans for Gu Shaoyang and the others to directly recruit troops and then break into the palace of Emperor Jin Zong and the King of Jin Kingdom, but this method was directly rejected by Li Haotian himself.

Because he felt that this method was really radical and would cause many casualties.

After Gu Shaoyang heard what Li Haotian said to them, he nodded, and then looked at several of the methods. He looked at Li Haotian and said to him: "I have thought about this before, and I feel that Emperor Jin Zong has a tendency to turn against Long Hanming because of the treasure. If we all can cooperate with him again, there is a great possibility." Hearing him After saying this, Li Haotian never thought that something like this would happen to Gu Shaoyang and the others.

But he did not ask these young people, but said to several people: "After we all rest here for a few days, we will leave this plum blossom forest."

Although this place is very comfortable, he has a big hatred. I haven't reported yet, but I'm still very anxious to get out of this place.

Just as he was speaking, Tianci and Mrs. Li walked in with food.

As soon as Mrs. Li heard this, her face turned dark instantly.

He watched Li Haotian take out his battle map again, studied these revenge matters, and said, "Didn't I already say it? As long as our family is doing well, in fact, it is okay to just live in those days of great wealth and wealth."

Chapter 1743

Hearing Mrs. Li say this to Li Haotian, he remained silent because he felt that it was completely useless to talk about this matter with him as a woman.

So he felt that as long as he stood firm in his thoughts, he would definitely avenge the hatred of their entire clan.

Gu Shaoyang looked in the direction of Mrs. Li and said to him: "Of course we know, but madam, if we keep living in hiding like this, we will not be able to live a very peaceful life. Emperor Jin Zong and Long Han Ming will definitely be searching for our traces for a while, and if they find anything, it will be the day of our death."

Of course Mrs. Li knew what Gu Shaoyang meant by these words.

But he was really worried about what they said about revenge.

He had put his dishes on the bamboo table, and then looked at several young people and said to them: "But you have to know that Emperor Jin Zong is very powerful. You will encounter many kinds of things next." All kinds of difficulties.

Gu Shaoyang shook his head, looked in the direction of Mrs. Li and said to him: "Don't worry, we will definitely be able to defeat him and let ourselves live a good life."

Tianci and Lingdang took another All the dishes have been placed on the table, and everyone is still talking about such serious issues at this time.

He felt that after finally having a chance to reunite, he shouldn't talk about these heavy topics.

He looked directly at the crowd and said to them: "We are already hungry. Let's eat first and then discuss these matters in a long term."

Tianci's voice, although it was soft and weak, was still very soft. After everyone listened, they all closed their mouths.

Gu Shaoyang looked at Tianci and said to him: "Okay, let's all eat first."

On the other side, although Li Haotian still wanted to continue studying this matter with Gu Shaoyang and the others, he also knew that after all, Gu Shaoyang and the others had just returned. The most important thing is to rest first and then think about it in the long term.

He immediately looked at a few people and said to them: "Okay, let's celebrate our reunion today. Let's not talk about these spoiling things. Come and have a meal." As he spoke, a group of young people and Mrs. Li Haotian, Everyone had already sat down around the bamboo table.

Gu Shaoyang looked at the table with both meat and vegetable dishes, but he didn't expect that the two of them lived very well in this place.

Gu Shaoyang looked at Li Haotian and Mrs. Li, and then said to them: "Are you two completely recovered?"

After all, Gu Shaoyang had treated the two people's bodies before, so Gu Shaoyang felt that he still needed to ask again.

As soon as this issue was mentioned, Mrs. Li became very happy.

He looked at Gu Shaoyang and said to him: "I didn't expect you, a young man, to be really good at thinking back. The two of us have been undergoing treatment for half a year and have taken all the tea medicines. Now we are completely cured." , and even my eyes are no different now than before."

Hearing Mrs. Li say this, Gu Shaoyang was really happy.

He looked at Mrs. Li and said to him: "That's good."

Then he continued to look at the two old people and said to them: "After eating for a while, I will check you again to see if there is anything." The hidden dangers stay."

At this time, Li Haotian said to them: "It's okay, it's okay, our two old guys are in very good health."

He raised a glass of sake and looked at several people and said to them : "I'm really happy that you all can come back. With this glass of wine, I salute the young people in front of you for saving my life."

Gu Shaoyang looked in the direction of Li Haotian and raised his wine glass. He said to Li Haotian: "We have already said that this is what we all should do. There is no need to thank you for this glass of wine. We wish you two good health."

Several people said a lot of auspicious words to each other. , had already picked up the wine glasses, clinked them with each other, and started drinking a glass of wine.

At this time, Mrs. Li looked at several young people, who had lost a lot of weight, and their skin color had become very dark, so it can be imagined that their life was really very hard.

He also felt very sorry for these children. He looked at them and said to them: "Eat, eat, let's see if you lose weight and eat more."

Everyone enjoyed this meal, which was really very enjoyable. happy.

In the next three days, Gu Shaoyang, Li Zhou and Li Haotian discussed many various plans with each other, and also took good care of their bodies.

Gu Shaoyang felt that every meal he ate in the past few days was very delicious, and he slept very peacefully every night.

Chapter 1744

A week later, Gu Shaoyang decided that they should go out of this plum blossom forest at this time and could not stay in this place any longer.

So when Gu Shaoyang got up early, he already looked at Tianci and said to him: "How about we prepare to go out to this place now."

Tianci had actually already felt that Gu Shaoyang and the others would leave this place in the next few days, so he went ahead of time Already mentally prepared.

He looked at Gu Shaoyang and said to him: "Okay, after all, this matter will have to be done sooner or later. If we solve this matter earlier, we can live a better life earlier."

Gu Shaoyang rubbed Tianci He looked at his hair and said to him: "It's really hard for you to stay with me."

Gu Shaoyang actually felt very sorry for Tianci who had been by his side all the time and never had a particularly good life. , and I feel very sorry for him.

But Goddess shook his head and said to him: "As long as I can stay with you, it won't be hard."

When the two of them were talking to each other, the little girl Lingdang was already in a very bad time. came out.

He was wearing a red robe, and then he skipped to Tianci's side without a care in the world.

He directly took Tianci's hand and said to Tianci:"Sister Tianci, those many green vegetables are very fresh. Let's go and pick some. We can have breakfast when we come back."

Gu Shaoyang really I was very helpless. I just woke up in the morning and there was already such an ignorant little girl.

He looked at Lingdang and said to him:"Why do I feel that you, little girl, have begun to feel tired from practicing in the past few days? Why don't you go to practice immediately after getting up every morning?"

Lingdang thought about it. It was a good day, and every day Mrs. Li would have a heart-to-heart talk with herself, making him feel a sense of maternal love.

It is true that my training time has been shortened a lot.

He touched his head with some embarrassment and said to Gu Shaoyang:"It has indeed made me a little tired of practicing in the past few days. I will go to practice in a while."

And the godsend was given to Gu Shaoyang. Looking at Gu Shaoyang with a big eye roll, he had already diverted the little girl's attention.

He looked at Tianci and said,"Don't worry about him. The two of us will pick some fresh vegetables first, and then we all come back. Gu Shaoyang has something to say."

As he spoke, he had already led the two of them, Ling Dang, He had already walked towards the vegetable garden.

At this time, Gu Shaoyang could only sit there helplessly.

After a while, everyone got up one after another. After breakfast, when a few people were sitting here to enjoy the cool air, Gu Shaoyang looked at them and said to them: "We should all leave this place."

Gu Shaoyang said this. In fact, everyone has already been mentally prepared. It's just that the life in this place is too peaceful and too happy, which makes each of them reluctant to speak.

After Gu Shaoyang finished speaking, Luo Zishan was already very excited. He looked at Gu Shaoyang and said to him: "I'm finally leaving this place. I feel like I'm starting to lose the fighting spirit here."

And Tiger will go out every day. Hunting also just came back and sat with a few of them.

He looked at them and said to them: "I walked to the edge of the Jin Kingdom two days ago and saw many soldiers still searching for your information. I didn't expect that the King of the Jin Kingdom has become more and more wary of you. , so everyone must be careful next time."

Hearing what Tiger said, Gu Shaoyang had already been mentally prepared.

He nodded in the direction of Li Haotian, looked over, and said to Li Haotian, "Will you go out with us this time?"

After all, the life the two of them were living here at this time was really... It is very dull. If they can continue to live like this in the future, it will be a very good choice for them.

Li Haotian put down the tea cup he had just taken a sip from, and then said to Gu Shaoyang and the others: "Of course I want to go out with you."

After hearing what Li Haotian said, although Mrs. Li didn't want to go out very much, But I am also very worried about the children around me.

He also looked at several young people and said to them: "I want to go out with you too."

Although Mrs. Li has no combat value, she is also a female Zhuge and is very smart. If she can follow Gu Shaoyang and the others were also of some help to them.

Gu Shaoyang looked at them and said: "Since we all have plans to leave the Plum Blossom Forest, let's pack up and leave this place tomorrow morning."

Chapter 1745

Although everyone is a little reluctant to leave this place soon, but all things, no matter when you do it, sooner or later you cannot avoid it.

After Gu Shaoyang and others finished talking about this matter, they fell silent.

After all, what will happen outside? No matter how much planning you make in this place, there will definitely be many accidents happening next.

When he got up in the morning of the second day, Gu Shaoyang had just walked out of his room, and he was already carrying a very simple baggage, which contained various pills that Gu Shaoyang had prepared in advance, as well as the skills that Gu Shaoyang had obtained before. Fabing Soul Sword slashes.

Gu Shaoyang practiced the Ice Soul Sword Slash for a few days and felt that it was really good, and his speed was much faster.

Gu Shaoyang felt that if he could find a suitable weapon in the future, it would definitely be even more powerful for him.

When he came out, he saw Li Haotian and Mrs. Li sitting in the yard, looking at the flowers, plants and trees in front of him, as well as the fenced yard and various vegetable gardens not far from him.

When the two people were talking, it was as if they were reminiscing about the first half of their lives.

Gu Shaoyang walked over and clasped his fists, looked at Li Haotian and Mrs. Li, and said, "See you two old people."

The two old people were very happy to see Gu Shaoyang coming out. They didn't expect that Gu Shaoyang would get up so early.

Mrs. Li looked directly at Gu Shaoyang and said to Gu Shaoyang very lovingly: "Why did you get up so early and didn't sleep a little longer?"

Gu Shaoyang looked at the two people and said to them: "We are used to it, and everyone is leaving today. I need to get up early to prepare before setting off."

After hearing what Gu Shaoyang said, the two of them were really pleased with Gu Shaoyang and felt that this young man was really very motivated.

While they were talking, they saw the door open again.

Tianci and Lingdang had already walked out.

Moreover, both of them had changed into short robes, looking very clean and refreshing.

As soon as Tianci walked out, he was already smiling. He looked at several people and said to them: "I didn't expect that some of them got up really early."

At this time, Lingdang saw Gu Shaoyang and the others. I had already gotten up. I originally thought that I and Tianci could practice for a while after getting up early, but I didn't expect that everyone had already gotten up.

He also looked at Gu Shaoyang and said to him: "Good morning, brother Gu Shaoyang."

Then Gu Shaoyang also rubbed Lingdang's hair and said to him: "Good morning, I didn't expect that this little girl like you was really very motivated today. Getting up so early."

Lingdang knew that Gu Shaoyang had criticized him before and had slacked off during this period. It was very correct to practice, so he would get up very early every day in the next few days.

Lingdang smiled and said to him: "I'm going to practice for a while, and then we can all set off."

Gu Shaoyang nodded and said to him: "Go."

Because of Lingdang, he also got a very suitable one for him. Kung Fu, so I have been practicing really hard in the past few days.

Lingdang walked to a cooler place, sat cross-legged, and began to practice.

After a while, Li Zhou, Luo Zishan and others all got up.

Mrs. Li and Tianci had already prepared breakfast. After everyone sat in the room and had breakfast, they were ready to leave.

Li Haotian felt that he really had some feelings for this place. He sighed, looked at Mrs. Li and said to him, "Let's all go."

After all, Gu Shaoyang and the others were already standing in the yard at this time. Waiting for them inside.

Mrs. Li nodded, wiped all the bamboo tables and chairs that she had made by herself, and they were as bright as new, and then she said to him: "Let's go." After all, this place has everything Every plant, every tree, and every table, chair, and bench was built bit by bit by myself, and I really felt a bit reluctant to part with it.

After the two old men walked out, they already looked at Li Zhou and Gu Shaoyang: "Okay, let's get ready to go." At this time, several people were carrying their own secret weapons and some treasures they had obtained. The remaining treasures have all been buried in this place, under a relatively hidden tree, so if I need them, I will come back to get them again.

When Gu Shaoyang heard what Li Haotian and Mrs. Li said, he already turned to everyone and said, "We are all ready to go." At this time, the group was already facing the morning sun and heading towards the exit of the forest. Got out.

It took about half a day, because Li Haotian and Mrs. Li were really weak, to get out of this huge forest.
