Chapter 1761

The man in black fell to the ground next to the abandoned house. Gu Shaoyang used a butterfly dart to knock out all the red-haired woman's men. Gu Shaoyang protected Li Haotian behind him with great care, leaving the red-haired woman standing there with a look of astonishment. She said in surprise: "Who are you? You can actually use the butterfly mark. Who are you?" Gu Shaoyang sneered. : "A grassroots man actually recognizes this butterfly dart?"

After Gu Shaoyang chuckled, he turned to Li Haotian and asked with concern: "Brother Haotian, how are you feeling? Are you feeling unwell? Are the people in the group just now injured? See you?" Li Haotian shook his head and said to Gu Shaoyang: "Brother Shaoyang, you don't have to worry, I'm fine, it's just that the red-haired woman is my playmate who grew up with me and my childhood sweetheart, but she doesn't seem to be. You recognize me. I wonder if you are pretending or you really don't remember me? But they are inseparable from the disappearance of this boy and girl between eight and ten weeks old, so we might as well knock this red-haired woman unconscious and then move us together. How about we go to a safe place and make long-term plans?" After listening to Li Haotian's suggestion, Gu Shaoyang nodded and said, "Fortunately, we came early, so we can tie up these men in black first and help these beaten men. The fainted boys and girls untied the ropes and sent them home. Then they knocked the red-haired woman unconscious and took her with them. Then they found a safe place together and interrogated her carefully about the whole story." "How about this?"

"As soon as the red-haired woman heard that she was about to be knocked unconscious, she immediately prepared to run away. However, Li Haotian hit her on the back of the neck with a knife, causing the red-haired woman to pass out. Gu Shaoyang immediately helped Li Haotian kill the red-haired woman. The woman was tied up, and then the two of them tied up all the knocked-out men in black. Li Haotian cut off all the ropes on the unconscious boys and girls one by one, then woke them up one by one and asked them about their In the residence, the boys and girls who had just woken up were very scared. One of the girls shouted in fear: "Don't kill me, don't kill me, I will be obedient." After hearing this, the other boys followed suit. So the scene was very chaotic. All the boys and girls were crying and hoping that Gu Shaoyang and Li Haotian would not kill them.

Li Haotian looked at Gu Shaoyang awkwardly and said, "What should we do? Isn't it too difficult for these little carrot heads to communicate?" Gu Shaoyang smiled, touched Li Haotian's head and said, "Don't worry, I'll give it all." Give it to me!" Then, Gu Shaoyang walked up to the boys and girls and said loudly: "Don't worry, we are entrusted by your parents to rescue you. We lined up one by one and gave our home addresses in turn. and the detailed information of your relatives told us that if you hide anything, you will not be able to return home. You can figure it out on your own!"

This group of boys and girls who were still deceived looked at each other, you looked at me, I looked at He doesn't know what to do? At this time, the girl who cried and begged first raised her hand and said, "Let me tell you first, you must send me home, okay?" So all the boys and girls followed this girl's example, Tell Li Haotian and Gu Shaoyang the detailed address of their home and their parents' information, so that the workload of sending them home will be reduced.

Fortunately, this group of kidnapped boys and girls all live very close to each other. They are all children from two or three villages nearby, so Li Haotian and Gu Shaoyang planned to split up. Li Haotian guarded this group who was knocked unconscious. The red-haired woman took her to find a place to rest, and Gu Shaoyang was responsible for escorting the kidnapped boys and girls back home safely.

Gu Shaoyang said: "I can use the tracking butterfly to follow you, so that after I send them all home safely, I can find you based on the tracking butterfly's review screen. After you find a safe place, just wait there. Stay with me, don't move around, wait until I finish these things and meet you, Brother Haotian, do you think this is okay?" Li Haotian looked at the group of crying boys and girls, and said to Gu Shaoyang: "Shaoyang Brother, this is really hard on you. There are too many children. Escorting them home is a physical job!" Gu Shaoyang replied to Li Haotian: "Brother Haotian, what is your relationship with me? Why do you still care? So many? By the way, let's work separately. You take the red-haired woman to find a safe place, and I will send these children home safely. So what should I do with this group of men in black? I suspect there is something behind them. There is someone behind the scenes. If they are left here like this, they will rush back to report the news when they wake up. If he brings people to cause trouble, we have not found a safe place, which will be troublesome." Li Haotian said: "Then it is better to do it completely and kill them all. After all, they have also persecuted so many boys and girls, and how many families have been torn apart because of them. They all deserved to die. You don't have to be soft-hearted. , this kind of scum should be eliminated quickly, and it can be regarded as eliminating harm for the people, what do you think?"

Chapter 1762

Gu Shaoyang felt that what Li Haotian said was very reasonable, because what these men in black and the red-haired woman did were unscrupulous things. Judging from the reactions of the kidnapped and unconscious boys and girls, they probably didn't want to kidnap them. They kidnapped and trafficked them, but wanted to kill them. They didn't know what they would be used for, so these people should all be worthy of death. Because the red-haired woman's true identity is suspicious, it is necessary to spare her life until she is in a safe place, and then interrogate her in detail about the real instigator behind this incident.

But the minions of this group of red-haired women were just pawns they used to do bad things, so they should eradicate the root causes and avoid future troubles forever. Thinking of this, Gu Shaoyang threw the butterfly darts without thinking, killing all the men in black lying on the ground. As a result, Li Haotian and Gu Shaoyang can start to act separately.

Night shrouded the eerie Mutsuki Castle, and terrifying crows were hovering in the air, seemingly waiting for the most suitable opportunity to swoop down from the sky and feed on the cold corpses lying on the ground.

Li Haotian carried the unconscious red-haired woman on his back and looked for a suitable place to rest around. After he brought the red-haired woman to wake up, he could mix with Gu Shaoyang. Gu Shaoyang, on his side, successfully led the group of kidnapped boys. The girls returned home, and Gu Shaoyang sent them home one after another. When each child returned home, their parents cried with joy, holding the child and crying loudly. Every parent regarded Gu Shaoyang as a child. Living Buddha.

There were several families among them, and the whole family knelt down to thank Gu Shaoyang, but Gu Shaoyang did not take it to heart and only said: "Eliminating evil for the people is what everyone should do, so don't take it to heart. On the contrary, you should take good care of your children and stop letting them run around to avoid such accidents happening again."

The villagers took their children and bowed to Gu Shaoyang to thank him, and took out the few agricultural products at home. He said to Gu Shaoyang: "Hero, this is our little thought. Don't dislike it. Please accept it!" Gu Shaoyang quickly shied away and said: "You can keep it for yourself. I don't lack these things, and I will return them for you." These children don't want to get anything in return from you. I'll go ahead if I have something else to do and leave you to take good care of these children. They must have suffered a lot outside in the past few days."

Gu Shaoyang spent a lot of time It took a lot of time to calm down the mood of these missing boys and girls, as well as their parents. At this time, Gu Shaoyang took out the tracking butterfly and wanted to turn on its review mode. Under the display of the tracking butterfly, Li Haotian and the red-haired woman Jiang Min had not found a safe shelter and were about to reach the end of a forest.. Gu Shaoyang was worried that Li Haotian and the red-haired woman would not be able to cope with emergencies. So Gu Shaoyang quickly followed the review of the chasing butterfly, and went to look for Li Haotian and the red-haired woman in a hurry.

At this time, Li Haotian's movement became very slow because he was carrying the unconscious red-haired woman. He was carrying the unconscious red-haired woman on his back and looking for a safe shelter around him. However, in this sparsely populated forest, There were no dilapidated temples or houses where he could rest, so he could only carry the unconscious red-haired woman on his back and search for nearby abandoned caves or flat open spaces. Then they lit a bonfire and waited for Gu Shaoyang to find their resting place. However, because Li Haotian's body had not fully recovered, and carrying the unconscious red-haired woman on his back had already consumed a lot of energy, his vigilance dropped a lot, and he did not notice a silent venomous snake. Approach him slowly.

The triangular-shaped venomous snake spit out long black snakes from its head. When he saw the venomous snake opening its fangs and was about to bite Li Haotian, Gu Shaoyang appeared. He separated the snake's head from the snake's body with a butterfly dart, and the snake's blood sitting on the grass aside, Li Haotian heard the sound of Gu Shaoyang's butterfly dart, and then turned around to see this thrilling scene. On the grass, the snake's head and body were still writhing and jumping on the ground because they had just separated.

The ground was covered with black snake blood, which looked very scary. Li Haotian was so frightened that he broke into a cold sweat, so his body became weak for a moment and he threw the red-haired woman from behind. Upon seeing this, Gu Shaoyang immediately helped Li Haotian and the red-haired woman who fell down, and comforted him softly: "Haotian, what's wrong with you? Has this poisonous snake hurt you?"

Li Haotian wiped a cold sweat from fright. And said to Gu Shaoyang: "Brother Shaoyang, don't worry, I'm fine. It's really thanks to your timely appearance this time that I wasn't injured. If you hadn't taken care of me along the way, I don't know how many times I would have died. Really I don't know how to thank you." Gu Shaoyang smiled and said, "Why do you idiot care so much about me?"

Chapter 1763

However, Gu Shaoyang and Li Haotian reacted quickly. The top priority now should be to get some useful information from the red-haired woman. At least they must know why they kidnapped these boys and girls between the ages of eight and twelve. Is there a bigger conspiracy?

Is there a bigger behind-the-scenes instigator behind this huge kidnapping case? Li Haotian and Gu Shaoyang took the red-haired woman who had fallen into a coma to a relatively secluded flat open space.

Gu Shaoyang first went to find some dried branches, lit them with internal force, and set up a bonfire. There are two main reasons why they set up a bonfire. On the one hand, they can spend the night here, and the bonfire can drive away small beasts around them. On the other hand, Li Haotian's body has not fully recovered, so the bonfire can also help him keep out the cold.

Although it was already very late at this time, Li Haotian and Gu Shaoyang still had many unsolved doubts, so Li Haotian said to Gu Shaoyang: "Brother Shaoyang, we should wake up this red-haired woman. I think confront her and ask her if she is the childhood sweetheart I grew up with? If she is really the Jiang Min I knew when I was a child, then she must have some unspeakable secret to do such a thing, or maybe she has a relationship with her. Is there really any connection between the Jiang family? I really want to know the truth as soon as possible."

Gu Shaoyang said to Li Haotian: "I think the same as you. I can't figure out these questions. I think the only way now is The breakthrough point is this unconscious red-haired woman. She may be your long-lost childhood sweetheart Jiang Min. I see that her expression is different from ordinary people. I suspect that she may really have something to hide. Or should I use my inner strength to help her wake up now?"

In the bamboo forest at night, the cool breeze blew so hard that people could not help but shiver. Gu Shaoyang sent a lot of energy to the unconscious red-haired woman. The red-haired woman gradually regained consciousness. Li Haotian looked at the red-haired woman intently. The woman gradually regained consciousness. Li Haotian nervously held the red-haired woman's shoulders, shook her vigorously, and shouted to him: "Jiang Min, wake up, don't you recognize who I am? I am Li Haotian." , don't you remember me?"

The red-haired woman who gradually woke up pushed Li Haotian away and said to Li Haotian: "I don't know you, you pervert, stay away from me, and how do you know? My name is Jiang Min? Who are you and what are your intentions for me?" Li Haotian looked at Jiang Min, then turned to Gu Shaoyang and said, "Brother Shaoyang, I'm pretty sure that she was my childhood sweetheart, but I don't know because What happened? She doesn't seem to know me now. Brother Shaoyang, what can you do?"

Gu Shaoyang frowned, feeling that this matter was not simple. After thinking about it for a while, he said to Li Haotian: "Haotian, it's understandable that he doesn't know you now. After all, you haven't seen each other for a long time after this red-haired woman was picked up by her family on the way, and she doesn't necessarily have very fond memories of her childhood. Profound, so it should be that his habits have changed greatly after he was picked up by his family, so he did such a thing. Then our top priority now should be to ask what is their purpose of kidnapping boys and girls? And what is their purpose? Who instructed her to do this? Brother Haotian, what do you think of this?" Li Haotian nodded, and reached an agreement with Gu Shaoyang, planning to interrogate the red-haired woman together.

But at this moment, fireworks suddenly exploded in the quiet sky, and chaotic footsteps suddenly sounded in the quiet forest. Just when Li Haotian and Gu Shaoyang were about to interrogate the red-haired woman about why she kidnapped boys and girls between the ages of eight and twelve, and what the conspiracy was behind this, a group of men in black suddenly rushed out of the forest. Gu Shaoyang took a closer look at the costumes of the men in black. They seemed to be the men of the woman in red. But Gu Shaoyang had clearly killed the group of men in black with butterfly darts a few hours ago. Why did another group of men in black know about the shelter they were looking for?

It turned out that just a few hours ago, Gu Shaoyang used butterfly darts to kill the group of men and left immediately. Li Haotian and Gu Shaoyang did not notice that one of the men in black lying

down was in a state of suspended animation. When Li Haotian and Gu Shaoyang After Gu Shaoyang left, the man who had faked his death opened his eyes and hacked all the remaining men in black to death. He left after making sure everyone was dead, but instead of rushing to the Jiang family, the sneaky man in black quietly summoned a white homing pigeon to come out. I saw him writing what happened tonight on a note, stuffing the note into the mailbox at the foot of the carrier pigeon, and then secretly sent the carrier pigeon out. The carrier pigeon carried the note from the man in black and fluttered into the dark distance. There seems to be a bottomless web behind this kidnapping case of a mean boy and girl, which is breathtaking!

Chapter 1764

The original silence of the forest was broken by fireworks and a group of men in black. On this side of the forest, the situation of Li Haotian and Gu Shaoyang was very pessimistic.

Because there are so many men in black, Gu Shaoyang and Li Haotian have been busy running around these days and have no time to recuperate. Moreover, most of the butterfly darts around Gu Shaoyang have been used in the last battle. There was no timely supply. The most important thing is that Li Haotian's own injury has not recovered. Now the red-haired woman is conscious again and has joined the team of the men in black. Therefore, Li Haotian and Gu Shaoyang are outnumbered and in danger.

This time, the man in black seemed to be well prepared, and his moves were almost fatal. Every move was aimed at taking the lives of Li Haotian and Gu Shaoyang. Due to the large number of people, Li Haotian and Gu Shaoyang were gradually separated by the offensive of the men in black. Gu Shaoyang was barely able to withstand the fierce attack of the men in black. But Li Haotian's side was obviously powerless. His abdomen and back had been attacked by the men in black. Li Haotian seemed to have only been stabbed, but what they didn't observe was that the blood flowing out of the wound was black.

It was obvious that the weapons of this group of men in black were coated with deadly poison. They clearly wanted to kill Li Haotian and Gu Shaoyang. Gu Shaoyang saw that Li Haotian was injured during the fight, and asked with great concern: "Haotian, how are you? Can you withstand it?" Li Haotian said weakly: "Shaoyang, go quickly, I don't want to drag you down. Don't worry about me anymore, knock the red-haired woman unconscious first and take her away. You must find out the truth behind this series of things, otherwise I will die in peace." When

Gu Shaoyang heard Li Haotian's words, he became anxious and separated. When his heart was broken, he was stabbed in the abdomen by a man in black. When Li Haotian saw that Gu Shaoyang was also injured, he became furious and his skill increased greatly. It seemed that he had broken through the previous injuries. Li Haotian injured a group of men in black with a palm strike, so Li Haotian and Gu Shaoyang had some free time to breathe. However, the current situation was still very urgent, and Li Haotian no longer Lian Zhan took Gu Shaoyang and quickly escaped from the forest, but men in black were still chasing him.

Li Haotian didn't dare to stop at all, and left quickly with Gu Shaoyang on his back. During the escape, the two of them passed an ancient temple. At this time, a teenager who looked like a teenager quietly gestured for Li Haotian and Gu Shaoyang to enter the ancient temple, and showed them the entrance of a secret passage, and motioned them to hide in the secret passage. The men in black who came later also discovered the ancient temple. Not only did they conduct a detailed search around the ancient temple, but they almost turned the ancient temple upside down. But the secret entrance to the secret passage was not found, so Li Haotian and Gu Shaoyang were saved.

In fact, in addition to the group of men in black, the red-haired woman Jiang Min was also chasing after her. Jiang Min actually knew the entrance to the secret passage of the ancient temple, but she pretended not to know when she and the group of men in black were searching. What is the entrance to this secret passage? Is she Li Haotian's childhood sweetheart? Maybe he really has something to hide?

The secret passage was dark and humid, without a trace of light. Li Haotian and Gu Shaoyang could even smell the slightest smell of rotten earth.

Li Haotian said to the young man leading the way: "Little brother, what's your name? Thank you so much for saving me and my good friend. But it's so late. Why are you in this ancient temple? And the mechanism of this secret passage is so... Hidden, how did you know that this seemingly shabby ancient temple actually has such a secret passage?" The young man who led the way smiled and replied to Li Haotian: "My name is Ouyang Zhengxiong, and my family was killed by gangsters. I was the only one left in the family. Since all the property in the family was robbed by the gangsters, I was lucky enough to not be at home when my family was killed, so I was able to survive. I usually make a living by begging, and I live in this ruined temple at night. Here, I also discovered the entrance to this secret passage by accident. Because I usually sleep more alertly, I will be very aware of any troubles nearby. Today, I see that both of you are injured. You must be being chased, so I invite you to come to this secret passage to avoid the limelight." Li Haotian and Gu Shaoyang were filled with doubts, but because this young man really saved their lives at the critical moment, they both suppressed their doubts. He didn't ask any more questions, just kept thanking him. Ouyang Zhengxiong asked Li Haotian and Gu Shaoyang: "Brothers, how do I call you two? Why are you being chased by those men in black so late?" Li Haotian looked at the wounds on Gu Shaoyang's abdomen and replied: "My name is Li Haotian, his name is Gu Shaoyang. The two of us were trying to rescue a group of kidnapped boys and girls, so we offended these gangsters and suffered brutal revenge from them." Ouyang Zhengxiong looked at the two of them in surprise and said, "It turns out that we are two brothers. He is a great hero, and I really saved a good person."

The three of them had no plans to leave the secret passage, and planned to rest and recuperate in the secret passage, and then make further plans at dawn.

It was very cold in the secret passage of the ancient temple, and there was a smell of rotten earth in the air. Moreover, the movements in the ancient temple could not be clearly heard in the secret passage, so Li Haotian, Gu Shaoyang, and the suspicious young man Ouyang Zhengxiong did not dare to fall asleep easily. But the period of time in the secret passage was enough for Li Haotian and Gu Shaoyang to take a breather and gradually regain their energy, especially Gu Shaoyang. The wound in his abdomen was very shocking. Li Haotian also had dozens of wounds of different sizes on his body. And because the weapons of the men in black were all coated with poison, the wounds on Li Haotian and Gu Shaoyang began to turn black and rot, and the flesh at the wounds became rotten and rolled up, looking very scary.

Li Haotian's situation was slightly better. During the fight with the man in black, for some reason, he suddenly triggered his body's defense mechanism, which actually improved his level. He could clearly feel that his body's recovery ability had become stronger. He was stronger, so the wounds on his body did not worsen as much. However, the wounds on Gu Shaoyang were very serious because the knife in his abdomen was stabbed extremely hard and the wound was particularly deep, so the poison may have penetrated deep into the internal organs.

Ouyang Zhengxiong looked at the two of them worriedly, and said to Li Haotian and Gu Shaoyang with great concern: "Brothers, I see that your injuries are very serious. Do you have any gold medicine for healing with you?" Li Haotian was helpless. He said: "We have been out for several days, and we have not had time to repair ourselves in the past few days, so we did not bring any healing medicine with us. Little brother, do you have any healing medicine around you?"

Ouyang Zhengxiong shook his head helplessly. Shaking his head, he said: "I usually only rely on begging to satisfy my food and clothing. How can I have extra spare money to buy Jinchuang Medicine and other expensive medicines? But I know what herbs are nearby that can help you recover, but it will probably be enough to wait until outside. Only when it's safe can we go out to collect herbs. I don't know if your brother can hold on until we find the herbs and come back."

Gu Shaoyang probably felt that he had entered a safe zone, so he was not very alert and paid attention. Surrounding environment, people can quickly fall into a deep sleep state when they are extremely tired. This is also the best recovery mechanism automatically selected by his body! Gu Shaoyang rested his head on Li Haotian's thigh, covered the wound on his abdomen with his hands, and fell into a deep sleep. Li Haotian looked at Gu Shaoyang very worriedly, but there was nothing he could do.

At this time, Jiang Min and her group of men in black were still near the ancient temple, looking for traces of Gu Shaoyang and Li Haotian. The surrounding area was almost turned upside down, but they still couldn't find the whereabouts of the two of them. Jiang Min pretended to be furious, and chopped off the surrounding trees with a sword. The century-old trees fell suddenly, and Jiang Min's

The group of men in black didn't dare to show their anger, and everyone looked at each other in shock.

Jiang Min said fiercely to his group of men: "Why did it take you so long to find me, you losers? With such a large group of people, you can't even find two disabled people. Believe it or not, I will report you to my father when I get back." I'll take off your skin!"

Not long after, Jiang Min and his group of men really couldn't find Gu Shaoyang and Li Haotian, so they left together. At the ancient temple, Li Haotian was really worried about Gu Shaoyang's injury. After he listened carefully to the movement outside the secret passage of the ancient temple, he made sure that there were no footsteps outside. He thought about it again and again, and then said to Ouyang Zhengxiong: "Ouyang Zhengxiong, do you know where there are herbs for treating trauma nearby? Or maybe some Herbal medicines that can detoxify and clear away heat can also be used. I'm worried that Brother Shaoyang's injury is too serious. If the medicine is not taken in time, it may pose a threat to his life. And putting Brother Shaoyang here alone, I'm afraid that something unexpected will happen to him. You Can you tell me the specific location of the herbal medicine? Then please help me take care of Brother Shaoyang. I will go out to look for herbs that can detoxify, and also look for any wild fruits or game that can fill my stomach?"

Ouyang Zhengxiong lowered his head and thought. After thinking about it, I don't know if the man in black who was chasing the two of them has left or ambushed near the ancient temple. It's so dangerous outside, so it's better to let Li Haotian go out to find herbs and stuff to fill his stomach, while he stays behind. The secret passage of this ancient temple is relatively safe, and the location of the herbal medicine is not far away, in the bamboo forest near the ancient temple. So he replied to Li Haotian and said: "Brother Haotian, you can go find herbs and food with peace of mind! The herbs that can clear away heat and detoxify are in the bamboo forest one kilometer west of the ancient temple. You only need to find a purple silk embroidery grass. , this herb is mild in nature, can clear away heat and detoxify, and there should be a lot of bamboo shoots in the bamboo forest. This is the season of bamboo shoots. You can break some bamboo shoots and bring them back to satisfy your hunger." After hearing this, Li Haotian nodded and said, "Then please take care of me. Brother Yang, don't worry, I'll be right back."

Chapter 1766

It was already dawn, and Li Haotian walked out of the secret passage of the ancient temple, following Ouyang Zhengxiong's instructions. First we left the ancient temple, then walked about a kilometer west, and really saw a large bamboo forest.

Last night, it seemed that there was a slight drizzle. When I just left the ancient temple, I could still smell the moist earth smell in the air. Although I could see the bamboo forest from a distance, Li Haotian took a general look around the bamboo forest. , apart from seeing a lot of bamboo shoots sprouting up, he did not find the purple silk embroidery grass that Ouyang Zhengxiong said could

be used to clear away heat and detoxify. Li Haotian was wondering if Ouyang Zhengxiong was lying to him?

Li Haotian planned to find some wild fruits that could fill his stomach first, and then continue to look for silk embroidery grass that could clear away heat and detoxify. Just when Li Haotian was discouraged and ready to return disappointed, he caught a glimpse of a little purple in the crack of a big stone. , he was overjoyed and hurried over and found that there were many small silk embroidery grasses around the big stone.

Li Haotian was so happy that he planned to pick all these purple silk embroidery grasses and put them in storage bags, and then rush back to the secret passage of the ancient temple with wild fruits and bamboo shoots. But before he had taken a few steps, he heard a strange noise and the sound of chaotic footsteps heading in his direction. He was not sure if it was the group of men in black who were chasing him. His current condition was not very good, the wounds on his body had not healed, and Gu Shaoyang was still waiting for him to go back and deliver medicine. So after thinking for a moment, he chose to hide in a big tree, and chose to hide his breath and body temperature.

Although this method consumes a lot of energy and energy, in order to avoid a head-on conflict with them, this is the best method at present. Fortunately, the cumbersome footsteps are just a caravan passing by. , caravans pushing carriages and goods. It's not Jiang Min and his men in black.

Li Haotian returned to the ancient temple without any danger, but what he saw was not optimistic. Gu Shaoyang's injuries continued to worsen. Moreover, because he had not eaten for many days, and the poison on the surface of the weapon was unknown, he was poisoned during the period. No antidote was used. Li Haotian hurriedly spread out the things he found and asked Ouyang Zhengxiong to check them. He said anxiously to Ouyang Zhengxiong: "Brother Zhengxiong, did you encounter any accidents while I was away? Brother Shaoyang, how is his injury?" I found some edible wild fruits and some fresh bamboo shoots. You haven't eaten for so long. Are you starving?" Ouyang Zhengxiong replied: "We are fine, Brother Shaoyang, we just have a little fever due to poisoning. I was a little unconscious for a period of time. Now the situation has stabilized a little. Fortunately, you have found the silk embroidery grass in time." After listening to this, Li Haotian finally breathed a sigh of relief. He first gave Gu Shaoyang some medicine to find. He then gave Ouyang Zhengxiong the food he found and ate some wild fruits and silk embroidery himself. After eating, the three of them took a short rest to recuperate.

Fortunately, the amount of silk embroidery grass was enough, and Gu Shaoyang's own immunity was very strong. After resting in the secret passage for nearly a day, Gu Shaoyang gradually woke up, but he was a little weak. He said to Li Haotian, "Brother Haotian, how are you? Where are we?" Li Haotian smiled, touched his head and said, "Brother Shaoyang, we are still in the secret passage of the ancient temple. I saw that you were in poor condition after being poisoned, so I entrusted

Ouyang Zhengxiong to take care of you, and I went out to find food and antidote. Fortunately, you woke up safely. Let's take a rest and then discuss it in the long term!"

Gu Shaoyang listened. After finishing, he coughed a few times weakly, and then replied:"I haven't fully recovered yet. I think we should stay here or find a safer and more concealed place to adjust our bodies first, and then track that person." The relationship between the red-haired woman and the Jiang family must be investigated clearly for their purpose of kidnapping boys and girls aged eight to 12 years old."

Ouyang Zhengxiong heard the kidnapping on the side, frowned and expressed doubts, and then asked Li Haotian and Gu Shaoyang:"Two brothers , the kidnapping of boys and girls between eight and twelve years old, as well as Jiang Min and the Jiang family, you just mentioned, can you tell me in detail about this matter? I may be able to help you." Li Haotian told them what they had gone through. All these things were told to Ouyang Zhengxiong, but Li Haotian did not tell Ouyang Zhengxiong that he suspected that Jiang Min was his childhood sweetheart.

Because they are still not able to fully understand the details of Ouyang Zhengxiong, and they are not sure which force he belongs to."Then where should we go next? Since my family was massacred by gangsters, I have no place to stay. I stay in this ruined temple all day long, begging for a living. I want to walk around the world with you and do chivalry. Is that okay? Besides, Brother Haotian and Brother Shaoyang are currently injured, so I can help you with some small help and won't drag you down." Ouyang Zhengxiong begged bitterly. Gu Shaoyang looked at Li Haotian and nodded to indicate that Ouyang Zhengxiong could be kept, so the three of them worked together to find out the truth.

Chapter 1767

The first ray of sunshine in the morning shines through the dense leaves on the firewood that has not been burned out last night. It was too late last night and there were no suitable houses or inns nearby, so the three of them planned to find an open place. In this place, light a bonfire and rest in the open space for the night.

The three of them were all very embarrassed after experiencing the dangerous assassination, so they all slept very soundly that night. Moreover, along the way, Li Haotian and Ouyang Zhengxiong picked some more natural Chinese herbal medicines that can clear away heat and detoxify. Along the way, Li Haotian and Gu Shaoyang did not stop taking Chinese herbal medicines. Therefore, coupled with the rest and recuperation this night, their injuries were almost recovered. , but the force value may not be as good as before, which will require a period of practice to reach the previous level.

The three sleeping people slowly woke up amidst the cries of small animals in the jungle. Ouyang Zhengxiong rubbed his eyes and said to Li Haotian:"Brother Haotian, are we going to find some

food? Shaoyang My brother's injury is not completely healed, so let him rest where he is, and let the two of us go find some wild fruits and game. After eating, we will look for relevant clues. What do you think?" Li Haotian looked at it. He looked at Gu Shaoyang and said, "Brother Shaoyang, how do you feel now?"

Gu Shaoyang coughed, took off his clothes and looked at his wounds, and found that the original black wounds were gradually healing, and he was almost 80% recovered. There was already a thin layer of scab on the skin of the wound, so he turned to Haotian and Ouyang Zhengxiong and said: "My wound has almost recovered, and I also need some proper exercise, so I went out with Haotian Look for food! Ouyang Zhengxiong is still young, and you have been working hard with us these days. You can have a good rest here. He and I are both good at martial arts and will be back soon. Don't worry." The three of them reached this point. After reaching a consensus, Li Haotian and Gu Shaoyang immediately set off to find wild fruits and some pheasants or hares. Ouyang Zhengxiong stayed there to pack his things, check the surrounding situation, and wait for the two of them to return. However, after Li Haotian and Gu Shaoyang had gone a long way, Li Haotian said to Gu Shaoyang: "Brother Shaoyang, do you think this Ouyang Zhengxiong is reliable? I always feel that his origins are unknown and his life experience is suspicious. But, in these days, In the process of getting along with Tian, I didn't notice anything strange about him. What are our plans next? Do we really want to take Ouyang Zhengxiong with us to find the person behind this disappearance?" Gu Shaoyang finished listening. Afterwards, he remained silent and thought for a while, then said to Li Haotian: "I think he must have hidden something from us, but this is normal. After all, we haven't been together for too long. But, I've never known him since. After getting along with him for a few days, I can feel that he is not a vicious person. After all, he is still very young. I think I can take him with me to find the truth for the time being, but I should be cautious when getting along with him. After all, the intention to harm others is indispensable, but the intention to guard against others is also indispensable! Haotian, what do you think?"

After listening to Gu Shaoyang's words, Li Haotian suddenly recalled the critical situation when he first encountered Ouyang Zhengxiong. If they had not met Ouyang Zhengxiong that night, or if Ouyang Zhengxiong had ignored their situation, then maybe Li Haotian and Gu Shaoyang would not have seen the sun today. After Li Haotian thought of this, he felt ashamed for his suspicion and suspicion of Ouyang Zhengxiong, so he turned to Gu Shaoyang and said: "I really judge a gentleman with the heart of a villain. Ouyang Zhengxiong is obviously a very good boy. , and saved both of us from danger, and the two of us were so seriously injured at that time. If it weren't for him, he not only knew that there were herbs around that could detoxify, but also told us his detailed location, I'm afraid the two of us would have been Just die that night!" Gu Shaoyang comforted Li Haotian and said, "Are you stupid? A person is not either good or bad, and the world is not black and white. It is possible for a person to They may save us from danger, or they may put us to death for other benefits! So when you get along with others, if you don't reach a certain depth, it's always right to be cautious!" Li Haotian listened to

Gu Shaoyang's comfort. After that, he felt much better, so he teased Gu Shaoyang and said, "Brother Shaoyang, can you be sure whether I am a good person or a bad person? Are you afraid that I will

kill you?" After hearing this, Gu Shaoyang laughed loudly. , said with a smile:"What kind of friendship do I have with you? Why are you still talking to me with these polite words? Okay, okay, let's go find wild fruits and game! Only when we are full can we have the strength to look for Jiang Min and her gang of black people. My subordinates." So the two stopped chatting and concentrated on looking for edible wild fruits and game in the forest, and then quickly rushed back to the resting place.

Chapter 1768

The sun has gradually risen from the sea level, and the gentle sunshine has gradually become dazzling. Li Haotian and Gu Shaoyang also found wild fruits and some simple game for breakfast. So Li Haotian and Gu Shaoyang quickly rushed back to the resting place where Ouyang Zhengxiong was guarding. Because Ouyang Zhengxiong is too young and has no martial arts foundation, both Li Haotian and Gu Shaoyang are very worried about what happens to him if he stays alone in the resting place?

Thinking about this place, the two of them speeded up their pace unconsciously. When they returned to the resting place, there was no one around. Li Haotian anxiously looked around the resting place, and then said to Gu Shaoyang:"Brother Shaoyang, what should we do? Ouyang Zhengxiong won't be captured by Jiang Min and her group of black men, right? Ouyang Didn't Zhengxiong promise that he would stay here to guard us and wait for us to come back? Why did he disappear suddenly? Could something really happen to him!?" Gu Shaoyang touched Li Haotian's shoulder and said softly:"It doesn't matter, don't leave now. He was too anxious. He may not have been captured. He may have gone to check the surrounding terrain. Perhaps he was worried that the two of us would wander far away in search of game, so he was afraid that we would get lost and look for us."

The words just came out. After falling, Ouyang Zhengxiong rushed over from a short distance away. Ouyang Zhengxiong shouted:"Brother Shaoyang, brother Haotian, what do you think I found?" As he said, he took out a mushroom. The weather was humid, with frequent drizzles, so many mushrooms of different sizes grew on the trees. Ouyang Zhengxiong was as happy as a child holding the mushrooms, and couldn't wait to share his joy of finding the mushrooms with Li Haotian and Gu Shaoyang.

Ouyang Zhengxiong said to Li Haotian very excitedly:"Brother Haotian, brother Shaoyang, do you know what my favorite dish is? It's this mushroom. When I was a child, when my parents were still alive, they would eat it every time after it rained. Take me to pick mushrooms in the woods, and then fry them in rapeseed oil. The taste is really amazing. I miss it all the time. Unfortunately, I can no longer eat the food cooked by my parents.." As he spoke, Ouyang Zhengxiong's mood suddenly dropped, completely different from the joy he had just found the mushrooms.

Gu Shaoyang looked at Li Haotian, and then said to Ouyang Zhengxiong:"Don't worry, you will follow us two from now on. I promise that as long as we have something to eat, you will not be

hungry. Although we two can't cook, However, from now on you can treat us as your relatives, and brother Haotian and I can cook for you when we have the opportunity in the future." Li Haotian also touched Ouyang Zhengxiong's head and comforted him and said, "Okay Okay, it's all over. You still have a long way to go. Zhengxiong, come and have something to eat! My brother promises you that he will definitely let you eat fried mushrooms in the future."

Ouyang Zhengxiong nodded movedly. , said to Li Haotian and Gu Shaoyang: "Thank you brother, I will definitely practice martial arts seriously in the future, and be a chivalrous and righteous person like you, and eliminate harm for the people." Hearing this, Li Haotian and Gu Shaoyang both smiled happily, but they laughed Afterwards, Li Haotian looked at Ouyang Zhengxiong very seriously and said to him: "Ouyang Zhengxiong, you are still young and have no foundation in martial arts, so you must not choose to act without permission like this morning. In the future, if Brother Shaoyang and I If you are not around, you must learn how to protect yourself! Brother Shaoyang and I were able to heal so quickly after being injured because we both have a foundation in martial arts and have reached a certain level of Qi realm. And you are completely You have no experience in martial arts, so your physical fitness is still relatively poor. If you get injured, it will have a great impact on your future martial arts practice!"

After listening to Li Haotian's teachings, Ouyang Zhengxiong nodded aggrievedly and said pitifully. Li Haotian and Gu Shaoyang said: "You have been out for too long. I thought you two had left me and walked away. So I ran around to see if you were still there. I know I was wrong and I will never do it again. Dare you, please don't be angry with me, okay?"

Gu Shaoyang touched Ouyang Zhengxiong's head and said, "It's okay. Brother Haotian is just worried about you, not blaming you. Eat quickly! Are you hungry?" After chatting for a while, the three of them quickly finished their wild fruits and game, and planned to continue their journey to find Jiang Min and the person behind her. However, since they were hunted down last time and Gu Shaoyang and Li Haotian took the opportunity to hide in the secret passage of the ancient temple, the two of them lost news about Jiang Min. Gu Shaoyang's tracking butterfly was also unable to continue tracking because of his injury, so now he has no idea where to start. Moreover, Li Haotian and Gu Shaoyang had already alerted the last kidnapping case of boys and girls, so Jiang Min and her group of black-clad If his subordinates still want to kidnap boys and girls, they probably won't do it so blatantly. This means that it is more difficult to track Jiang Min!

Chapter 1769

The weather is gradually getting clearer. It has been raining for several days in a row, so the sky has been covered with dark clouds in the past few days. It suddenly cleared up today, and I finally felt like I could see the moonlight after the clouds opened. Li Haotian and Gu Shaoyang took Ouyang Zhengxiong with them, and the three of them planned to set out together to find Jiang Min and the person behind her, determined to find out the truth about the kidnapping of boys and girls.

Li Haotian still felt that they must have some conspiracy to kidnap boys and girls between eight and twelve years old, because eight to 12 years old is a very specific age. This is the most innocent time in a person's life.

But all the current ideas are just speculations, and they don't have any clues to find Jiang Min and the forces behind him. At this time, Ouyang Zhengxiong said: "I usually wander around in the streets and alleys, so I know the affairs of Muyue City in relatively more detail than you do. The Jiang family you just mentioned is now the largest influence in Muyue City. A family, originally there were three major families in Mutsuki City, and they checked and balanced each other. This situation has been maintained for many years. But since Mr. Jiang got the legendary secret book of immortality many years ago, their number of followers has increased, and in a short time it has been expanding continuously in a short period of time, and the other two major families have also been wiped out in just a few months, so now there is a situation where only the Jiang family dominates Mutsuki City. The entire Mutsuki City is under Jiang's sphere of influence, everything must be obeyed by Jiang's orders." After hearing this, Li Haotian frowned, then turned to Gu Shaoyang and said, "Brother Shaoyang, do you feel weird? I feel that the biggest beneficiary from the extermination of the two major families is obviously the Jiang family. Because there used to be three major families to check and balance, but now only the Jiang family is the only one. I suspect that the annihilation of the family was caused by the Jiang family. Hand, what do you think? Brother Shaoyang." Gu Shaoyang also frowned and thought for a while. He raised his head and said to Li Haotian: "Haotian, I think your idea is possible, and I guess that the secret book he got is not just as simple as immortality, it should have some kind of enhancement of people's martial arts and internal strength levels. Otherwise the Jiang family would not have the ability to destroy the other two major families. Even if it did, wouldn't he be afraid that the other two major families would join forces to deal with him and the Jiang family? But then now that we have said this, Zhengxiong, who are the other two major families? You can also introduce their basic information to us. Perhaps the more we know, the more likely we will be able to find out the people behind them. Secret!"

Ouyang Zhengxiong nodded heavily, and then began to introduce the basic information of the two major families. Ouyang Zhengxiong cleared his throat and said: "The other two major families, one is the Wang family and the other is the Jin family. The Wang family made their fortune through qigong. The Wang family's qigong practice was very exquisite, so they were able to occupy a place in the huge Muyue City, while the Jin family made their fortune through metallurgy. Because they mastered the secrets of metallurgy, the Jin family is the most wealthy family among the three major families. The Jiang family, which is now the only one, started its business by relying on elixirs. It is said that the ancestors of the Jiang family were living miracle doctors, so the Jiang family is actually a family with assistance attributes. But since getting a After this secret book, the nature of the Jiang family has changed. This is the current distribution of power in Mutsuki City. To sum up, before, the three families restricted each other, but now the Jiang family is the dominant one."

Li Haotian felt very curious: "These two big families were brutally wiped out. Isn't there anyone else who suspects this? It's obvious that Jiang asked someone to do it, or he did it himself!" After hearing this,

Ouyang Zhengxiong said with a smile: "Of course, some people will doubt it. The people of Muyue City all know that they should be inseparable from the Jiang family. But there is nothing we can do. After all, we are just ordinary people who cannot protect ourselves, and there are no other forces behind us. How can we control it? What about the Jiang family? The other small families in Muyue City all chose to protect themselves wisely. After the other two major families were wiped out, they automatically lined up behind the Jiang family." After hearing this,

Gu Shaoyang shook his head, sighed, and said to Li Haotian: "Listening to Ouyang Zhengxiong's explanation, Jiang Min is probably a branch of the Jiang family! I just don't know what the hell the Jiang family is doing now? Why did they arrest so many boys and girls? What on earth do they have? Purpose?"

When Ouyang Zhengxiong heard Gu Shaoyang mention Jiang Min, he slapped his forehead and said reproachfully: "Oh, look at my brain, the Jiang Min you are talking about is Jiang Xuanyi's daughter, who is the current Jiang family. The daughter of the sect master. In other words, Jiang Min is the future heir of the Jiang family! However, I heard that Jiang Min was sent out for training when she was very young, and she was not brought back until Jiang Xuanyi took office."

Chapter 1770

As soon as Ouyang Zhengxiong finished speaking, Li Haotian excitedly grabbed Ouyang Zhengxiong's shoulders and shook his shoulders vigorously. And said to him: "Brother Zhengxiong, is what you said true? Was Jiang Min really sent out for training when she was a child, and she was brought back after Jiang Xuanyi took office? Is this news definitely true?"

Ouyang Zhengxiong was frightened by Li Haotian's posture. After being stunned for a while, he quickly nodded and told Li Haotian that what he just said was true. Li Haotian was overjoyed and immediately turned back to Gu Shaoyang and said: "Shaoyang, did you hear it? Did you hear what Zhengxiong said about Jiang Min's life experience? In this way, Jiang Min's life experience matches up with the experience of my childhood sweetheart. , Jiang Min is my childhood sweetheart, but for some reason he doesn't remember me now. In that case, Jiang Min's father is Jiang Xuanyi. Brother Shaoyang, if I remember correctly, in the imperial city, are you Did you receive a letter from Fei Ge from your clan elder? I vaguely remember that the content of Fei Ge's letter is for you to assassinate Jiang Xuanyi and get the secret book in his hand. Judging from the current situation, this secret book is not Is it the secret book that contains the method of preparing the elixir of immortality?"

Gu Shaoyang's pupils suddenly tightened. The flying pigeon message from the clan elders indeed asked him to kill Jiang Xuanyi and get the secret book in his hand. , but isn't Jiang Min Jiang

Xuanyi's daughter? And Jiang Min has been Li Haotian's childhood sweetheart since childhood. In this case, killing Jiang Xuanyi will force Li Haotian to become enemies of Jiang Xuanyi and Jiang Min? How can this be done?

Li Haotian waved his hand in front of Gu Shaoyang and asked with concern: "Brother Shaoyang, what's wrong with you? Are you feeling unwell? Why do you suddenly look weird?" Gu Shaoyang came to his senses and said to Li Haotian: "I'm fine. I'm not feeling unwell. I just suddenly thought of something and got a little distracted. So what are we going to do next? Now that it's confirmed that the red-haired woman Jiang Min is your childhood sweetheart, but she doesn't remember you now, how do you plan to make him think of you?"

Li Haotian scratched his head after listening to Gu Shaoyang's words, and replied doubtfully: "I'm not sure whether Jiang Min really doesn't remember me or doesn't want to admit that he knows me at all. After all, since her family After picking her up, we haven't seen each other for many, many years, and she must have changed a lot over the years."

Ouyang Zhengxiong looked at the awkward Li Haotian and Gu Shaoyang, and said anxiously: "Oh, you two Don't worry about it. What's the point of guessing whether someone remembers it or whether they don't remember it on purpose? Even if Jiang Min accidentally doesn't remember it at all, there's no point in discussing it here! Why don't we? Just go find her and ask her in person, and whether she is Brother Haotian's childhood sweetheart or not, as long as she does something bad, we should bring her to justice, right? I thought she was a chivalrous person, When walking in the world, no matter who you are dealing with, you should stick to your own principles and do things, and you cannot tolerate her just because she is your childhood sweetheart. What if she commits a heinous crime?!" Li Haotian nodded after listening, He patted Ouyang Zhengxiong's head happily and said: "The little kid knows a lot. We are just a little confused about how to face and deal with this kind of problem. Of course we will follow our own principles! By the way, we have been here for several days She doesn't eat seriously anymore. Ouyang Zhengxiong is still growing. Let's take him to a nice restaurant and give him extra meals. We can't let her eat wild fruits and game with us." Ouyang Zhengxiong heard that Li Haotian Then, his face suddenly turned red with embarrassment. It turns out that Li Haotian said this because he just heard his stomach growling at an inappropriate time, but this is also human nature! At the age of thirteen or fourteen, isn't this the time when a young man grows up? Therefore, they need a lot of energy to ensure the normal growth of the body, and Ouyang Zhengxiong wants to practice martial arts, so the body should need more energy.

If I don't eat it, how will I have the energy to practice martial arts and condense my inner elixir? Before you know it, time has passed. Setting off in the morning, it was already noon. Li Haotian and Gu Shaoyang took Ouyang Zhengxiong to the market. The three of them found a restaurant that looked good. Under the guidance of the waiter, the three of them sat down one after another. Li Haotian said to the waiter: "Man, buy us two kilograms of braised beef, and three more, the specialties of your store." Then he turned to Ouyang Zhengxiong and said: "Let's order these for

now. If you don't eat enough, Keep going." Ouyang Zhengxiong nodded shyly and said, "I know, thank you, brother Haotian!"

Gu Shaoyang looked at Li Haotian and Ouyang Zhengxiong dotingly, and felt a sudden warmth in his heart. This kind of life is really too leisurely and beautiful. Important people are around. And he has his own direction to work hard, but he still feels uneasy in his heart, always feeling that something big is about to happen.
