

## Attributes 1771

### Chapter 1771

The waiter shouted in a loud voice: "Sir, your braised beef and our special dishes are here for you. You three, please use them slowly! If you have any orders, just call us!" While Li Haotian and Gu Shaoyang were chatting, the store brought the beef and special side dishes to the table at once. The store owner probably saw that this table was full of big men, so except for the plate of braised beef that Li Haotian ordered, the other three special side dishes were also large meat dishes.

Ouyang Zhengxiong has been living alone since his family was killed by gangsters, relying on begging for a living. He has never tasted such delicious delicacies from the mountains and seas. So when the dishes were served, poor Ouyang Zhengxiong's eyes were stunned and he swallowed his saliva unconsciously. After Li Haotian and Gu Shaoyang noticed Ouyang Zhengxiong's little movements, they looked at each other and smiled, and then laughed together. Ouyang Zhengxiong, who heard the laughter, looked at Gu Shaoyang and Li Haotian very cautiously, wanting to wait for them to use their chopsticks before he started eating.

Li Haotian and Gu Shaoyang smiled and said to Ouyang Zhengxiong: "Silly boy, you are hungry." Just eat it quickly, as the food won't taste good after it gets cold. Eat freely, we can just order whatever you want." After Ouyang Zhengxiong heard what Li Haotian and Gu Shaoyang said, he was no longer restrained. He nodded heavily and said, "Then I'm welcome, thank you Hao Brother Tian and Brother Shaoyang."

Ouyang Zhengxiong picked up the chopsticks and started to devour them. On the other hand, Li Haotian and Gu Shaoyang picked up the chopsticks and took the first bite, and then frowned. Li Haotian signaled Gu Shaoyang with his eyes, and then Li Haotian silently burned a voice talisman in his palm. Li Haotian used the sound transmission talisman said to Gu Shaoyang: "Brother Shaoyang, do you think this dish is strange? I suspect that these four dishes are all added with Mongolian sweat medicine. Gu Shaoyang replied to Li Haotian: "You also ate it. When I took the first bite, I felt something was wrong?" I wonder why this store is so vicious? Are they going to give all the strangers who pass by a sweat pill and then loot their money, or are they just targeting the three of us?"

Since Ouyang Zhengxiong did not know how to use the sound transmission charm, Gu Shaoyang and Li Haotian did not want to scare the snake, so they had to let Ouyang Zhengxiong continue to eat, while Gu Shaoyang and Li Haotian chose to seal their esophagus and pretend to eat these drugged meals. But In fact, he did not swallow it, and it could not be discovered by outsiders.

Gu Shaoyang said to Li Haotian: "Let's keep the same in response to all changes. After pretending that we have eaten these meals, let's see what on earth this store is going to do to us? Brother Haotian, what do you think?" After hearing this, Li Haotian nodded quietly and expressed his willingness to cooperate with Gu Shaoyang to accompany him in this scene.

Li Haotian thought to himself, if he and Gu Shaoyang didn't taste the sweat medicine in this meal, wouldn't they? Did this store succeed? And he didn't know if he was the first victim or if this store had already used the same method to murder many people. Li Haotian used the voice talisman to say to Gu Shaoyang again: "Brother Shaoyang, look at how skilled this store is. His *modus operandi* must have been used to murder many people. Today we are going to find out for Tianxingdao where this store owner is."

As they spoke, the two of them began to pretend to eat, and quietly observed other people around the store. Only then did Gu Shaoyang realize who were the customers around him? They were obviously with the store owner. Trust me. Everyone on the other tables in the store looked weird, and they were not like the usual people eating in restaurants. When things developed to this point, Li Hao realized that he had fallen into a den of thieves. The ignorant Ouyang Zhengxiong also immersed in this delicious meal, they forgot about it and devoured it, completely unaware that the danger was quietly approaching them. Li Haotian and Gu Shaoyang thought that there was currently no way to persuade Ouyang Zhengxiong to stop eating these poisonous meals without leaving any trace. If there is a head-on conflict soon, how can the three of us escape smoothly and safely? One of the two of us has to stay to protect Ouyang Zhengxiong, so how can the other person withstand the attacks of so many people?

Just when the two of us are at a loss When he was puzzled, Gu Shaoyang suddenly came up with an idea, so he immediately used the sound transmission talisman to say to Li Haotian: "Why don't we pretend to eat this poisonous meal, and then use the trick to see what this store is going to do to us? ? And I think this should be a good opportunity to directly contact the people behind this store and restaurant." Li Haotian nodded appreciatively, thinking that this method is feasible. After all, everyone in this restaurant thought that the three of us had already eaten these meals containing the sweat medicine. So when we find the right time, we can kill them We were caught off guard! This is equivalent to us being in the dark, the enemy in the light, and the advantage is on our side! Ouyang Zhengxiong was still immersed in eating, and he raised his head and asked Li Haotian and Gu Shaoyang stupidly: "Brother Haotian, brother Shaoyang, why don't you Eat?" I didn't realize that the danger was quietly approaching.

#### Chapter 1772

As the food on the table gradually became empty, Ouyang Zhengxiong's eyelids became increasingly blurry. The last thing he saw was that Gu Shaoyang and Li Haotian gradually closed their eyes and lay on the table. He said weakly: "Brother Haotian, brother Shaoyang, what's wrong with you? I...I am so sleepy." As soon as he finished speaking, Ouyang Zhengxiong fell into a deep sleep.

At this time, a man wearing a black robe and a black hat on his head slowly walked out from the entrance of the restaurant. For some reason, he didn't think so. His true colors were revealed. When he saw Ouyang Zhengxiong, Li Haotian and Gu Shaoyang lying unconscious on the table, he laughed loudly, and then said to the men around him: "They are the minions who captured the eldest lady. ? At this level, how could he capture a very smart young lady? But I will make them pay the price and let them know what it means to choose the way to heaven if you don't take it, and to choose the way to hell if there is no way."

After saying this, he let out a sinister laugh, then turned his head and ordered the men around him: "You guys come here! Tie the three of them up separately and throw them into the woodshed in the backyard. Instruct a few more people to inform the eldest lady, and then deal with the three of them after the eldest lady comes over! Keep an eye on these people and don't let them escape, otherwise you will reap the consequences!" At this time, all the other people in the restaurant showed their true colors. It turned out that these were the customers pretending to be the men of the man in black. They shouted in unison: "Don't worry, my lord, we will definitely fulfill our mission.""

So the unknown man in black walked away. He laughed and taunted as he walked: "What a bunch of trash!" The group of guys in the restaurant began to tie up Ouyang Zhengxiong, Gu Shaoyang and Li Haotian, and moved them to the woodshed in the backyard. At this time, Li Haotian and Gu Shaoyang were actually sober. But they heard that the eldest lady would come to deal with them. At that time, I suddenly understood. This group of people turned out to be Jiang Min's subordinates, so now as long as they pretend that they have eaten the food with the sweat medicine, they can wait until Jiang Min comes to deal with them.

Then they can act according to the situation. , Li Haotian and Gu Shaoyang communicated through the sound transmission talisman again. They ensured that except for the Mongolian sweat medicine that can cause coma, there were no other fatal poisons in the meal, so it would not cause other harm to Ouyang Zhengxiong. Ouyang Zhengxiong also had a lot of He didn't have a good rest, so with the strength of the Mongolian sweat medicine, he could have a good rest.

Li Haotian and Gu Shaoyang planned to take turns keeping vigil to observe the surrounding situation to prevent the two of them from being separated by the men in black during their rest.

The two men I personally chose to take turns to rest, so as to prevent the situation from developing in an uncontrollable direction. So the two chose to communicate through the voice talisman and discussed their respective rest times. The three were locked in a small woodshed, and Li Haotian was resting. During the process, he stared at the roof of the firewood shed in a daze. He wanted to carefully review everything that happened after he came out of the imperial city. From the moment he entered Muyue City, to the chance encounter with Jiang Min, and then to the tracking of the eight-year-old to ten-year-old. The two-year-old boy and girl were kidnapped and subsequently

hunted down by Jiang Min and his men. Then he met Ouyang Zhengxiong by chance and was inexplicably kidnapped in this restaurant. He felt very strange. After entering Mutsuki City, there seemed to be many pairs of eyes staring at him and Gu Shaoyang. They seemed to be trapped in a huge web of conspiracy. They felt like prey being targeted, following the hunter's predetermined trajectory into their carefully weaved web. In a big net.

Li Haotian had no clue about this big conspiracy. He felt like a lamb waiting to be slaughtered, very confused and powerless. In the final analysis, he was still too weak. If he could be stronger a little, you won't have this feeling of powerlessness, and you can protect the people you want to protect. At the same time, although Gu Shaoyang is resting, he is also very uneasy inside. Since entering MUYUKI City, he can feel With the limitations of his own abilities, he watched Li Haotian get injured in front of him.

Gu Shaoyang thought to himself that if he couldn't even protect himself, how could he protect the people he cared about? Thinking of this, Gu Shaoyang opened his eyes and looked at Li Haotian and Ouyang Zhengxiong felt infinitely in his heart: Something missing was filling up his heart bit by bit. Although he experienced many bad things during this period and was seriously injured, he also gained a lot that he had never experienced before. Things that he has thought about, such as family love, such as some indescribable throbbing.

There are some things that he dare not face, but they are indeed happening. Some feelings are also quietly changing, but in this situation, Gu Shaoyang still He chose to bury this feeling in his heart. Thinking of this, he looked at Li Haotian with satisfaction, then slowly closed his eyes and rested his mind.

#### Chapter 1773

The sun slowly rose from the sea level, and the sunlight shone through the small window of the woodshed. Ouyang Zhengxiong felt the dazzling sunlight dancing on his face. Gradually he woke up, and when he opened his eyes, he found that he, Gu Shaoyang and Li Haotian were all tied up. He looked around and found that it was an extremely unfamiliar environment. Ouyang Zhengxiong was panicked and hurriedly tried to wake up Li Haotian and Gu Shaoyang.

Li Haotian and Gu Shaoyang were actually pretending to be asleep. From the moment they were caught in the woodshed, Li Haotian and Gu Shaoyang took turns paying attention to the small sounds in the surrounding environment to prevent the three of them from falling into a dangerous situation.

Since the three of them ate the meal with the sweat medicine yesterday, Ouyang Zhengxiong has been falling asleep. When he woke up, he had a splitting headache and a dry mouth. Moreover, he had not eaten during this period, and had not even drunk half of the water, so when he woke up, he found that his stomach was churning and he felt uncomfortable everywhere.

Relatively speaking, Gu Shaoyang and Li Haotian were in a much better situation, because they already knew that there was Mongolian sweat medicine in the food. After sealing the esophagus, everything they had eaten was vomited out by themselves inadvertently, so their lethargy was a pretense to deceive others. Yes, apart from not eating for a long time, there were no serious health problems.

After Ouyang Zhengxiong woke up, he kept looking at Gu Shaoyang and Li Haotian anxiously. Since their hands and feet were tied with ropes and their mouths were stuffed with cloth, he could not wake up Gu Shaoyang and Li Haotian and could only whine. sound, and bumped them with his shoulder. Hoping to wake them up, Gu Shaoyang and Li Haotian saw that Ouyang Zhengxiong was awake, which meant that the normal effects of the Mongolian sweat medicine should have passed, and there was no need to continue pretending. So Gu Shaoyang and Li Haotian communicated through the voice talisman:"Brother Haotian, can we take advantage of the opportunity Ouyang Zhengxiong calls us to wake up naturally?"

In this way, the play is completed and the purpose of observation is achieved. So Gu Shaoyang and Li Haotian woke up naturally under the impact of Ouyang Zhengxiong, and then pretended to be confused and asked Zhengxiong with a confused look:"Where are we? What happened? I'm not eating in a restaurant with you."Why are you suddenly tied up?"

Ouyang Zhengxiong was also confused, looking at Gu Shaoyang and Li Haotian, and there was a piece of cloth in his mouth, so he couldn't speak at all. The three of them had just woken up and were adjusting to their condition when the door of the woodshed was opened. Yesterday's leader in black walked in against the light, followed by a large group of people, the same people who pretended to be restaurant waiters and customers yesterday. After a group of people hid and refused to come in, they saw the three miserable people in the woodshed. He laughed loudly and said sarcastically:"You guys, how did the three-legged cat kidnap our eldest lady with his poor Kung Fu? Today I will let you know what it means to pay the price for your stupidity." After that, he started He laughed arrogantly, and then ordered his men,"Let's cut off the hand tendons and hamstrings of the three of them, and turn them into useless people without martial arts. Let's see what they can do to find the truth about the kidnapping case. Such useless people, Do you still want to ruin our lord's plan?"

As soon as he finished speaking, the group of lackeys under him began to pull out their knives and walked towards Ouyang Zhengxiong, Li Haotian and Gu Shaoyang. Ouyang Zhengxiong's face turned pale with fright, and the color on his forehead was A thin layer of sweat broke out, and he thought that this time it was over, he had fallen into a den of thieves, and would also involve Brother Shaoyang and Brother Haotian.

At this time, Li Haotian and Gu Shaoyang communicated through the sound transmission talisman: "Actually, the ropes on our bodies have been untied. It should be more than enough to deal with a few of them. It's just that our original intention was to take this opportunity to see Jiang Min. Why are we like this?" The leader in black doesn't play by the rules? Didn't he clearly agree yesterday to bring Jiang Min to interrogate us in person? So what should we do now?"

After Gu Shaoyang thought for a moment, he replied to Li Haotian: "Let's just wait and see. Let's change it. Let's wait until he actually comes over and then react! Anyway, we must ensure the safety of the three of us. Since we can't see Jiang Min, let's not let them go back alive! These people and Jiang Min and his group of men are all in the same group, and he also mentioned the kidnapping case just now, so it seems that he must be a participant."

Li Haotian recalled what the man in black just said, probably they were operating in different areas, kidnapping those between eight and ten years old. Boys and girls who are two years old! Jiang Min and her men were responsible for the previous villages, and this group of people was responsible for the kidnapping of boys and girls in this area. So what exactly did they kidnap these boys and girls between the ages of eight and twelve for? Since there is no way to find out the cause, let's get rid of it quickly, which can be regarded as eliminating harm for the people.

Li Haotian and Gu Shaoyang were about to break free from the ropes tied around their bodies and prepare to attack them. Jiang Min walked in from outside the woodshed under the light. She walked in slowly with the light on her back.

#### Chapter 1774

Under the contrast of the light and surrounded by a group of rugged old men, Jiang Min was completely different from his previous appearances and looked very handsome. Jiang Min no longer wore a black night clothes, but tied her hair high. Wearing a low-key and luxurious purple robe, with a pair of boots with blue water patterns on her feet. The girl's skin sparkled under the light, and was as white and red as a peach with fluff. It was pink and tender, and looked breakable. It should feel like silk to the touch. Smooth baby skin.

Everyone was shocked by Jiang Min's appearance. Since Jiang Min usually wears night clothes and a black hat, covering her head tightly, she usually doesn't show her true face to others easily. When we saw her today, she was really Her stunning appearance, iconic face shape, almond-like black and bright eyes, high bridge of nose, red lips and white teeth captivated everyone present.

Among the three people in the group, Ouyang Zhengxiong looked at Jiang Min blankly. He had never seen such a beautiful woman. The rumored Jiang Min was just a resolute, resolute, and aloof young lady. No one knew that Jiang Min had Compared to others, Li Haotian was not so surprised by such a charming and charming appearance, because Jiang Min had been one of the most

beautiful children since she was a child, and Jiang Min's appearance had not changed much since she was a child. It's just that the facial features have become more mature and three-dimensional.

Gu Shaoyang had some thoughts that were different from others. When he saw Jiang Minjiao's beautiful face, he felt a little bitter in his heart. He thought that such a beautiful woman should be very attractive, right? What about him? Would he like such a woman again?

When Gu Shaoyang thought of this, his mood became very low. He became darker visibly, his brows furrowed, and the air pressure around him became very low. So after Li Haotian felt the change in Gu Shaoyang, he looked back and found that his face had drooped. , as if there was some deep hatred, Li Haotian thought that Gu Shaoyang saw Jiang Min and remembered the boys and girls who were kidnapped, so he felt resentful in his heart, so he was depressed and filled with hatred.

But Gu Shaoyang didn't actually think of the case of the missing boy and girl, so he was only so angry because of Li Haotian.

After Jiang Min came in, he looked from top to bottom with a superior look. Among the three people who were tied up, Li Haotian was especially the one. This is this guy. Every time he sees him, he says that he is his childhood sweetheart. They grew up together, but were picked up by his family halfway. However, he has no impression of him at all, but subconsciously, he has an inexplicable sense of familiarity with him. , have you really known him since you were a child?

No, she grew up beside her father. How could she know such a poor boy? And it was because of him and the person next to him that he ruined his good deeds. It was clear that his father only had the last step left to succeed. She asked fiercely: "Who are you? Each of you tell me your name, otherwise you will get the best of you."

Ouyang Zhengxiong looked at the river blankly, and then said with a sudden blush: "My name is Ouyang Zhengxiong. Just a wandering little beggar, these are two kind-hearted brothers I met by chance."

Li Haotian said slowly: "My name is Li Haotian, and you and I are childhood sweethearts, don't you remember?"

Gu Shaoyang's expression changed when he heard this. It stunk even more, so he said very impatiently: "My name is Gu Shaoyang, and I am your father."

The people present were shocked when they heard this.

Especially the leading man in black, he became furious and said, "Are you tired of living? How dare you speak to the eldest lady like this, who are you?" He then whipped out his whip and whipped Gu Shaoyang.

Sooner or later, the whip was about to hit Gu Shaoyang's face. Li Haotian knocked him away, and Gu Shaoyang withstood the whip for him.

Gu Shaoyang looked at Li Haotian blankly and felt warm in his heart. So he still cares about me, right? Gu Shaoyang and Li Haotian don't want to reveal that they have untied the rope yet, and hope that things can continue to develop normally.

When Jiang Min heard Gu Shaoyang's humiliating words, she did not look angry as expected. Instead, she looked at them with a smile. However, her smile looked very charming, and she didn't know what she was thinking.

Jiang Min said with a smile: "It doesn't matter if you are stubborn now, I will let you know who is the real father later. Come and bring the three of them to the headquarters together. I want to interrogate them properly. They are all. Because the three of them ruined my good deeds, my father only had the last step left to complete the plan. But these three people interfered. In this case, I can only show them a little bit and let them hear Jiang Jiang in the next life. Everyone was so frightened when they heard the news that they were scared to death." As soon as he finished speaking, several of his men escorted the three people who had been tied up like shrimps out of the woodshed.

Chapter 1775

Everyone was escorted out of the woodshed and walked in the forest. The leader of the minions personally escorted Gu Shaoyang and said: "You, you are quite tough, but when you get to the headquarters in a while, you will have some good things to eat."

Li Haotian quickly interjected: "He is usually like this. Because of the sweat medicine, he is even crazier, don't pay attention to him."

Another person in the group suddenly pressed Li Haotian's head, grabbed Li Haotian's hair and said, "I think you are also pretending to be crazy, and you actually talked about being with our big brother. Miss Jiang is a childhood sweetheart. Look at you. You are not even qualified to carry Miss Jiang

's shoes, and you are not qualified to be a lackey." Li Haotian said loudly and anxiously: "I am really Miss Jiang's childhood sweetheart. I have been living in Suntiantan Lake since I was a child. We practiced martial arts together, and I also knew that Jiang Min had a special birthmark on his shoulder."

In fact, Miss Jiang had practiced martial arts under Xuantian Dao Zhang Kongyi since she was a child. Basically no one in the world knew about it, even Jiang Min. There are only rumors within the clan that Miss Jiang knows the unparalleled secret technique, but no one has actually seen the eldest lady perform the technique, and has never even used swords, guns, swords and halberds. Therefore, the minions also felt that Li Haotian was a crazy person, or that he deliberately said that he was Miss Jiang's childhood sweetheart to save his life.

The leader kicked Li Haotian on the butt and said, "I think one of you is arrogant and the other is crazy. But it won't be long before you get close to the Lord of Hell."

Ouyang Zhengxiong was frightened by this scene. He has not recovered from the effects of the Mongolian sweat medicine. So Ouyang Zhengxiong suddenly turned pale, broke out in a cold sweat, and his lips lost all color. He thought that they were really desperate this time and were going to die. However, he was unwilling to give in because he had just met Brother Haotian and Brother Shaoyang has finally experienced the warmth of a family. Moreover, Brother Haotian and Brother Shaoyang just said yesterday that they would take him there to eat all kinds of delicious food. Why are they suddenly being escorted away today? Going to an unknown place, and judging from their descriptions, this trip must be very dangerous.

As he thought about it, his eyes filled with tears. He felt that he was very unwilling to die like this. After his family passed away, he had been begging for a living in the streets and alleys of Mutsuki City, and had escaped so many mad dog chases and other attacks. After being teased by beggars and beggars, he managed to survive until now. He met Brother Haotian and Brother Shaoyang who were so good to him, and he was really unwilling to die like this!

So he couldn't control his sad emotions and burst into tears, coupled with the effect of the Mongolian sweat medicine. My stomach was churning, my consciousness was in a state of indignation, and all of a sudden, I cried and vomited in a hurry.

Li Haotian was heartbroken when he saw Ouyang Zhengxiong's miserable condition. He had obviously discovered that there was sweat medicine in the food beforehand and did not warn Ouyang Zhengxiong, which was why he was in physical condition now. After all, he was only a twelve or thirteen-year-old boy. My child, when his body is still growing, the effect of this Menghan medicine is so strong, and he doesn't know how to use Qigong to protect his body. It would inevitably cause some damage to his body. He was very upset. Now there was no other way. He

thought that he would stop pretending and go straight to work, but at this time Gu Shaoyang gently held his hand. , telling him not to worry with his eyes.

Gu Shaoyang calmly said to the minions who were escorting him:"The three of us are the ones your eldest lady personally ordered you to escort. If something unexpected happens to us on the way, you guys will not be able to get away with it. When the time comes, you will This department will definitely benefit from you."

After hearing this, the minions looked at each other, and for a moment they didn't know what to do. The young minion who took the lead took several other subordinates to discuss together:"Although the eldest lady is very They were angry, but they didn't say they would be punished. They just asked us to escort them to the headquarters. If someone died in an accident at the headquarters, would it ruin the other plans of the eldest lady and the others? One of them looked smart. The minions said:"We just need to ensure that they don't die. If someone dies in our hands, it's really hard to explain. No matter how the eldest lady wants to deal with them, they are all handled by the people from the headquarters. Anyway, In our hands, there must be no mistakes, otherwise we will definitely have no good fruit to eat."

The person in the lead, after listening to what the young man said, thought for a moment and felt that what he said made sense. Then he looked at Ouyang Zhengxiong, Gu Shaoyang and Li Haotian, and said viciously:"You guys are lucky today. I am in a bad mood today. Okay, so let me go, let them loose, let them rest for a while, give them some dry food and water, just don't starve to death on the road."Hearing this, several gangsters took out some dry food and water from their luggage and handed it to Ouyang Zhengxiong and the others.

Li Haotian took the food and water they gave and thanked them sincerely.

#### Chapter 1776

Li Haotian broke the dry food they gave him very carefully, and then fed it to Ouyang Zhengxiong, who was in very bad condition. He also set up a bonfire for him and planned to boil some hot water for him. Gu Shaoyang planned to combine the dry food and water. Feed it in little by little. Li Haotian let Ouyang Zhengxiong lean into his arms, then he held Ouyang Zhengxiong and asked Gu Shaoyang to feed Ouyang Zhengxiong bit by bit food and water.

Ouyang Zhengxiong was taken to a small forest by Li Haotian and Gu Shaoyang. They placed Ouyang Zhengxiong under the shade of a tree to rest for a while, ate something and drank some water. The situation gradually improved. Li Haotian gently patted Ouyang Zhengxiong's back and comforted him softly:"Zhengxiong, don't worry, we will take good care of you and won't let anything happen to you. This time the accident happened because of our negligence. You Don't worry, something like this will never happen again in the future. Brother Shaoyang and I will definitely do what we promised you.

After hearing this, Gu Shaoyang comforted him softly, trying to make him calm down slowly. Ouyang Zhengxiong said to Li Haotian With the comfort of Ouyang Zhengxiong and Gu Shaoyang, he gradually recovered, and his face gradually gained color. When the minions saw that Ouyang Zhengxiong's physical condition improved, they hurriedly urged them: "Have you rested? It's almost time to hit the road. I really think I'm an uncle. Why don't I just go out for sightseeing?"

Li Haotian glanced at Gu Shaoyang, and burned a voice talisman in the palm of his hand. Li Haotian asked Gu Shaoyang: "Brother Shaoyang, what should we do next? Do you still need to continue pretending? I think Ouyang Zhengxiong's condition is not very good. If we don't continue to pretend and kill them all, we won't know how to get to the Jiang clan's headquarters. In this way, won't we interrupt the clue again? So when can we find out the truth behind the disappearances of boys and girls aged between eight and twelve? Now that I have reached this point, I feel that there are many secrets behind the Jiang family, and this is just one of them. Moreover, I feel that they must have ulterior motives for kidnapping these boys and girls between the ages of eight and twelve, and it is definitely not for their own use. Do something serious."

After Gu Shaoyang listened to Li Haotian's words, he thought for a moment and replied to him: "I think we don't need to hide anymore. We can kill these people, but we can choose to keep a timid little guy as a Our guide. Then we just need to ask him to take us to the headquarters. I think if the two of us continue to hide, Ouyang Zhengxiong's body may not be able to support it, and these gangsters are too arrogant. I have never suffered such humiliation, and there is absolutely no need for us to suffer such humiliation. You What do you think? Brother Haotian."

After hearing Gu Shaoyang's answer, Li Haotian nodded with great satisfaction. After the two reached a consensus, they were planning to immediately kill the minions who were escorting them. Just as the two were about to break free from the ropes, they suddenly came from A few cold lights shot down from above the woods, and several minions fell down. Gu Shaoyang and Li Haotian hurriedly checked the bodies of the minions. It turned out that someone above the woods had shot a few darts. In this current situation Who came to help them at that time? No! It wasn't necessarily to help them, it might have been a new enemy appearing!

After several minions were hit by darts, their blood spurted out. Why did a small dart actually come to their aid? How could it have such great lethality? It turned out that the darts shot from above the woods actually penetrated directly into the necks of the minions who were escorting them.

So who was coming from above the woods? It looked like he was a martial artist. A powerful martial arts master, but in Muyue City, apart from Jiang Min, Li Haotian has no other old friends here!

Thinking of this, Li Haotian immediately turned to ask Gu Shaoyang: "Brother Shaoyang, do you have other friends here?" Friends, it seems that the people who killed the minions in this wave must be extremely powerful in martial arts. It would be great if they were our friends in Mutsuki City. But apart from Jiang Min, I know no one else in Muyue City. Brother Shaoyang, is it possible that these people are your good friends? After hearing this, Gu

Shaoyang shook his head and replied to Li Haotian: "No, I don't know anyone in Muyue City." As soon as Gu Shaoyang finished speaking, two or three people flew down from the woods. There were actually three more people wearing night clothes. Why do the people in Muyue City like to wear night clothes so much? But it's obviously not broad daylight in the woods? The three people who flew down from above all knelt down when they saw Ouyang Zhengxiong, and said respectfully: "I'm sorry, young master, we are late, you are suffering outside."

When Ouyang Zhengxiong heard this, he was so shocked that he couldn't close his mouth. He was shocked. When did I become the young master in their mouth? Is there any other hidden secret in this? Could they have mistakenly admitted the wrong person?!

#### Chapter 1777

It is said that Ouyang Zhengxiong learned a shocking secret when his life and death were at stake. He was dumbfounded under the gaze of the three men in black, completely unable to accept the fact that he was their young master. So he asked very surprised: "Who are you? Is there a mistake? How can I be your young master? I am just a beggar wandering on the street, but I still thank you very much for saving our lives."

The three men in black who flew down from above the woods looked at each other, not knowing what to do for a moment. One of the men in black spoke slowly: "Are you Ouyang Zhengxiong? You are the young master we have been looking for for many years! Ever since the master was framed by gangsters many years ago, we have been searching for your whereabouts. At that time we thought that everyone in the lord's family had been brutally poisoned, but by chance, we learned that the lord still has a son alive, and the lord's son is you, so naturally you are our young master." Ouyang Zhengxiong listened. After finishing, he still found it unbelievable, so he turned to Li Haotian and Gu Shaoyang and said: "Brother Haotian, brother Shaoyang, do you think this is true? I always find it unbelievable." Li Haotian comforted softly: "Zhengxiong, don't worry now, first of all you have to tell us all the memories you know about your parents! Only in this way can we help you distinguish whether what they say is true or false?"

Ouyang Zhengxiong looked at Li Haotian, as if he had found spiritual support. So he began to describe his last memories of his parents. He had the impression that he lost his parents when he was very young. Before losing his parents, his life seemed to have been very happy. I just remember that on a very ordinary night, he pestered the old housekeeper who usually took care of him to take him out for a walk. It seemed to be the Lantern Festival that day, after I came back from shopping. I found that many people gathered in front of my home. At this time, the old housekeeper covered his

eyes and led him to escape from Ouyang Mansion quickly. From then on, he has been living with the old housekeeper, but unfortunately the old housekeeper is very old, and he became seriously ill within less than a year of taking him with him. And because they had no money at the time, they lived in poverty and could not afford to hire a doctor or buy medicine. So when the old housekeeper fell ill, he died not long after. After the old housekeeper passed away, Ouyang Zhengxiong became a true orphan.

At this time, the three people who flew down from the forest couldn't help but add: "Ouyang Zhengxiong's father's name is Ouyang Xinde and his mother's name is Wen Wanying. They are all children picked up by Ouyang Xinde. When Ouyang Zhengxiong was five years old, At that time, on the day when Zhengxiong begged the old housekeeper to take him out to the market, more than twenty people in Ouyang's family were wiped out. Ouyang Zhengxiong's father, Ouyang Xinde, and his mother, Wen Wanying, formed the Xuanwu Sect. The original intention was to adopt orphans like them. Then discover their strengths and try their best to cultivate them so that they can make a living with skills. However, later the Xuanwu Sect developed into an assassin organization. It advocated eliminating harm for the people, because in these years we have all If they want to have martial arts, they can be chivalrous and righteous. Ouyang Xinde just gave them a platform. Probably because the Xuanwu Sect later developed more and more powerful, and the assassin members inside were very powerful, so they were jealous of other sects. , or it may be said that the interests of other sects were affected by eliminating harm for the people. So I chose a very dull, ordinary and inconspicuous day to slaughter everyone in the Ouyang Mansion. If Ouyang Zhengxiong had not begged the old housekeeper to take him with him that day, If you go out, you will probably be in bad luck!"

After hearing this, Ouyang Zhengxiong's face was filled with tears. He was too young when his parents died, he was only five years old at the time. The memory of his father and mother was too vague. He only remembered that when he came back from the market, many people gathered in front of Ouyang Mansion. Through the cracks, he vaguely saw many people lying in a pool of blood. He didn't know what that meant. What.

He didn't even have time to rush in and take a last look at his father and mother before he was taken away by the old housekeeper. In fact, it now seems that the old housekeeper did the right thing, because the people who assassinated the Ouyang family at that time were lurking there. Among the people watching the excitement, they did not exterminate the other people in Ouyang Mansion just as a precaution.

Ouyang Zhengxiong thought of his father and mother, as well as so many servants above and below being killed, and he shed angry tears. But at this time, Li Haotian and Gu Shaoyang glanced at each other, and then Li Haotian asked flatly: "You all say that you are from the Xuanwu Sect, and you all know Ouyang Zhengde's father, Ouyang Xinde, so do you have any tokens? What evidence is there to show that you are from the Xuanwu Sect and not someone else who wants to take advantage of Ouyang Zhengxiong?"

At this time, the three people in black glanced at each other, and one of them nodded silently. He took out a token from his pocket.

#### Chapter 1778

There were three people in the group, and one of them took out a mysterious token. And as soon as it was taken out, everyone knew that the token must be made of very rare black iron, because there was a black halo around the token, and there were very complex patterns on the token.

Ouyang Zhengxiong hurriedly took the token, looked at the pattern on the token carefully, and said in great surprise: "I seem to have seen this token before. It seems that the facade of my house is decorated with such patterns, and I remember that in my birthday gift one year, one of the jade pendants also had this pattern. This should be the pattern of the Ouyang family. Were you really saved by your father? But why didn't I tell you about the Xuanwu Sect? What impression do you have? It seems that my father has never mentioned this matter to me, and I have never seen anyone from the so-called Xuanwu Sect come to visit me at home!" Ouyang Zhengxiong said as he looked at the black iron token. After reading it, he passed the tokens to Li Haotian and Gu Shaoyang. He also used his eyes to signal them to take a closer look at whether the token was genuine or fake.

One of the three people replied: "It's normal that you don't know the existence of Xuanwu Sect because you were still young at the time. Moreover, the existence of the Xuanwu Sect was originally an underground organization at that time and could not be brought to light at all. Therefore, it is impossible to attract attention at all. In order to protect Lord Ouyang Xinde, we will not visit Mr. Ouyang Mansion in the name of Xuanwu Sect. We all conduct these series of matters of Xuanwu Gate in secret. When Lord Ouyang Xinde's family encountered such a misfortune, we were also very sad, but in the end we chose to preserve our strength. Everyone concealed their identities. It was not until recent years that we discovered that Lord Ouyang Xinde still has a son alive in the world, so we have been looking for you, how have you spent these years?"

When Ouyang Zhengxiong heard what they said about his father, he felt very sad and began to slowly recall the miserable life when he had no parents or relatives.

At first, Ouyang Zhengxiong barely lived for a year under the care of his old housekeeper. Although the two of them had no money and lived in poverty, at least they had someone to accompany them. But after the old housekeeper died of illness, Ouyang Zhengde really began to live as a beggar in exile.

I didn't have enough to eat every day, so I had to beg on the streets. If I couldn't beg for money or food, I had to steal people's wallets. In most cases, Ouyang Zhengxiong was discovered and then severely injured.

After being seriously injured, he had no money for medical treatment, so he had to rely on leftovers from begging to survive. At that time, every time Ouyang Zhengxiong went begging from house to house, he would meet a normal family having dinner, and the family of four would have dinner together in harmony.

That kind of family warmth makes Ouyang Zhengxiong envious! How he longed to have a complete family. There is no need to sleep outside and beg for a living! And because he is small and thin, in daily life, naughty kids on the street often throw stones at him. And he was scolded as a wild dog. He discovered the secret passage of the old temple because he was chased and beaten by a naughty child from a normal family.

In desperation, he hid in the old temple, and the children followed him into the old temple. So he had no choice but to hide in every corner of the old temple, and in desperation accidentally touched the secret passage switch of the old temple. He also escaped from being chased by the children. And it was precisely because he happened to be in the secret passage of the old temple that day that he was lucky enough to save Li Haotian and Gu Shaoyang. All this seems to be destined, one link after another.

After Ouyang Zhengxiong finished speaking, Li Haotian and Gu Shaoyang touched his head with great distress. Li Haotian said to him gently: "Zhengxiong, don't worry, this kind of thing will never happen again, and it's really thanks to you that Gu Shaoyang and I will be saved." After hearing this, the three people from the Xuanwu

Sect were already Tears ran down my cheeks, tears rolled down my cheeks. They said excitedly: "The remaining disciples of our Xuanwu Sect are very loyal. In fact, the group of gangsters who killed Mr. Ouyang Xinde and his wife also persecuted the members of our Xuanwu Sect. Some ordinary people Almost all the members who were exposed were massacred. Many of them had just married and had children, and some members' wives were even just pregnant. That group of crazy people actually brutalized their pregnant wives. The murder of many Xuanwu Sect members resulted in the stillbirths of many descendants of Xuanwu Sect members. Because the Xuanwu Sect was not very strong back then, we did not find out who the murderer was who killed your father and mother, as well as those members? This time we I came to you because I hope you can accept the Xuanwu Sect and complete your father's work, find the murderer who killed the members of the Xuanwu Sect, your father, mother, and more than 20 people in the Ouyang family, and avenge them!"

Chapter 1779

After these things happened that year, the surviving members of the Xuanwu Sect thought carefully and chose to preserve their strength and did not impulsively avenge them at the time. Because this kind of behavior is tantamount to hitting an egg with a stone, the remaining members chose to remain anonymous and assumed the identities and names of ordinary people.

After waiting for an order from the important members of the Xuanwu Sect, everyone gathered again. There were some unmarried members like the three of them who had been looking for Ouyang Zhengxiong outside. In fact, in the first few years, they had no goals. It was only later that they heard that Ouyang Zhengxiong happened to be taken away by the old housekeeper on the day Ouyang Xinde was killed, so he happened to escape that disaster. So we were chosen to allocate them. Some of the unmarried members have been looking for traces of Ouyang Zhengde.

Just about half a month ago, some members of the Xuanwu Sect discovered the traces of Ouyang Xinde's son, you, Ouyang Zhengxiong. As soon as your traces were discovered, we notified the members of the Xuanwu Sect from all over the country. Your existence is equivalent to the inheritance of Sect Master Ouyang Xinde. Therefore, after hearing the news from you, the members of the Xuanwu Sect all over the country responded with a hundred voices and wanted to They gathered together to find the murderer of the massacre that year. Everyone wanted to cut them into pieces to relieve their hatred.

The three people from the Xuanwu Sect said in unison:"Now that the young master has been found, the responsibility of taking charge of the Xuanwu Sect should naturally fall on your shoulders."

At this time, Ouyang Zhengxiong was still confused. status. He knew that his parents were killed, but he never thought that his life experience was so confusing. He never thought that the death of his parents was caused by evildoers. His father, a chivalrous and compassionate man, would end up like this. Ouyang Zhengxiong was filled with grief and anger. Coupled with the side effects of the previous sweat medicine, he was so angry that he was so angry that there was a thin layer of sweat on his forehead and face, and his lips had lost their color. It was very distressing to watch.

Seeing this, Li Haotian hurriedly supported Ouyang Zhengxiong and advised him:"Nothing is as important as your body. You take good care of your body first and then think about these things. No matter what, Brother Shaoyang and I will be there for you." By your side,"

Gu Shaoyang also came over, gently stroked his head, and said to him gently:"Are you no longer alone? Brother Haotian and I will be by your side, no matter what decision you make? We will support you. You, and give you the greatest help."

Although Ouyang Zhengxiong was very moved when he heard what Li Haotian and Gu Shaoyang said, he was just more sad than moved. He could not accept the details of the death of his father and mother in such a short period of time. , and the truth behind it, he never thought that he would have the opportunity to avenge his parents' blood.

The three members of the Xuanwu Sect have been persuading Ouyang Zhengxiong to take over the Xuanwu Sect as soon as possible to avenge his parents and the dead members of the Xuanwu Sect. But Ouyang Zhengxiong could not make a decision so quickly, because once he took over the Xuanwu Sect, he would have to bear the expectations and hatred of many people.

Li Haotian and Gu Shaoyang, who were standing by at this time, heard these words and hurriedly stood up and interrupted him: "He wants to try not to put so much pressure on him for the time being, and he wants to learn martial arts. Now he is planning to start learning martial arts." , plus he has never remembered that it takes longer than others. When he has his own ability and his own judgment and thinking, let him make a choice!"

After hearing this, Xuanwu Sect The three people were very unhappy: "It took us so long to find Ouyang Zhengxiong, just because we want him to take over the Xuanwu Sect and be our young master. We can be responsible for training his martial arts, as well as the big and small affairs of the Xuanwu Sect. , we will all explain how to deal with it, but he must take charge of these things from now on, otherwise Xuanwu Sect will still be in disarray. I know you are worried about his safety, but it is inevitable. This is his mission, and he must He must bear these responsibilities because he is Ouyang Zhengxiong, the son of our lord!"

When Ouyang Zhengxiong heard them arguing endlessly about their own affairs, he shouted in desperation: "Can you stop arguing? I'm going to I'm not a tool, I have my own ideas. Don't I want to avenge my parents and those members of the Xuanwu Sect who died unjustly? But I don't know anything now, not even some crappy three-legged cat skills, don't What do you mean by revenge? I can't even protect myself. If I meet those bad guys again, what will I do to get revenge? And I promised Brother Haotian and Brother Shaoyang to accompany them to find the truth about the kidnapping of boys and girls. As well as the secrets behind Jiang's family, I don't want to give up halfway. Moreover, Brother Haotian and Brother Shaoyang have promised me to teach me martial arts. With them, I have just found the feeling of home, and I don't want to be separated from them so soon. But I really want to avenge my father and mother, and also want to avenge the lives of more than 20 people in Ouyang's house, and those members of the Xuanwu Sect who died in vain."

Ouyang Zhengxiong said while crying, I really heard Those who heard it cried, and those who heard it were sad.

Chapter 1780

Ouyang Zhengxiong's attitude, in general, was probably wavering and hesitant. Such shocking news was really too sudden for a twelve-year-old boy.

He couldn't make the right choice in a short period of time, so he fell into deep thought. When he thought of his father and mother who died tragically, he burst into tears. However, reason told him

that he was not capable of doing anything now. Things, revenge and taking over the Xuanwu Sect are just empty words.

At this time, Li Haotian and Gu Shaoyang glanced at each other. The two of them pulled Ouyang Zhengxiong aside. Li Haotian said to Ouyang Zhengxiong: "Actually, your brother Shaoyang and I have a perfect solution now, that is, you follow We learn martial arts, and then they keep in touch with you. During the learning process, you can learn martial arts, and you can always learn how to deal with the affairs of the Xuanwu Sect. And you follow us to find the person behind the kidnapping of boys and girls. , this is also a very good training opportunity. What do you think of this method? Can it solve your current doubts?"

Ouyang Zhengxiong was very happy after hearing this. He thought this method was the best solution, so he Take Brother Haotian and Brother Shaoyang to restore the three people of Xuanwu Sect. He confidently said to the three people from the Xuanwu Sect: "I plan to follow Brother Haotian and Brother Shaoyang to continue to find the truth about the kidnapping of boys and girls. During this period, I can learn martial arts from them. In this way , I will be able to avenge the tragic deaths of my father and mother, and I will no longer be a powerless rookie."

The three people from the Xuanwu Sect were shocked and panicked when they heard his decision. Said: "But we have spent so much time and energy, and finally found you, just because we hope that you can take over the Xuanwu Sect left by your father, and we, the remaining Xuanwu Sect subordinates, are all serving you, and we all hope that you can take over the Xuanwu Sect left by your father." You can revive the Xuanwu Sect. But now you choose to refuse us to continue walking around the world with these two people and solve some insignificant kidnapping cases. What will all of us in the Xuanwu Sect do?"

Ouyang Zhengxiong listened to what they said. He smiled and said: "Don't be impatient, just listen to me! As I continue to practice with Brother Haotian and Brother Shaoyang, you can continue to keep in touch with me. During this period, I will slowly learn How to handle the affairs of the Xuanwu Sect, and you can give me the detailed information and operating rules of Xuanwu during this period. In other words, I will learn martial arts while slowly accepting the affairs of the Xuanwu Sect."

When the three people from the Xuanwu Sect heard Ouyang Zhengxiong's answer, they felt relieved and sighed. One of the women said: "It may not be convenient for us to contact you, so I will follow you all the time! And I can help." You practice martial arts to protect your safety on the road. After all, you don't have basic martial arts yet, so you have no way to protect yourself. And while you are looking for the truth about the kidnapping of boys and girls, I can take this time to tell you about Xuanwu What do you think about killing two birds with one stone?"

Ouyang Zhengxiong looked at Li Haotian and Gu Shaoyang with questioning eyes. He hoped that Brother Haotian and Brother Shaoyang could give him some advice. After Li Haotian and Gu Shaoyang exchanged looks, , thinking that this method is feasible, and with one more person, they will not be in the same situation as last time because they have to protect Ouyang Zhengxiong and are unable to deal with the enemy with all their heart, so they both nodded. Ouyang Zhengxiong also thought this The method is the most reasonable one at present, so he ordered the three people of Xuanwu Sect:"Then you can follow us on the road. The other two will return to their original positions. During this period, I would like to trouble you to take care of Xuanwu Sect. Other members, you need to pay more attention to all matters big and small during this period, because it may take some time for me to grow up."

The three of them bowed to Ouyang Zhengxiong and said:"Young Master, you don't have to be polite, these are ours. It should be done."

Seeing this scene, Li Haotian and Gu Shaoyang suddenly felt that their child Ouyang Zhengxiong seemed to have grown up. The three of them planned to go to Jiang's headquarters, so they urged people from the Xuanwu Sect to take the time to say goodbye.

After the two groups separated, Ouyang Zhengxiong asked the woman from the Xuanwu Gate:"What is your name? Are you related to my father?"

The woman in black replied:"My name was given by your mother. Yes, my name is Sun Yulan. When I was a baby, I was picked up by your mother and brought back to the Xuanwu Gate. I was raised carefully in the Xuanwu Gate. I am now thirteen years old this year, and my senior brother has been raising me during this period. and taught me martial arts. I have always regarded Lord Ouyang and your mother as my reborn parents. When I knew that the Lord's family was brutally murdered, I felt that my life was gloomy. Am I the legendary disaster star? , that's why it brings suffering to the people around me. When I knew that my lord still left descendants, I put all my hopes on you. I hope that you can inherit the lord's spirit, continue to carry forward the Xuanwu Sect, and contribute to the success of the Xuanwu Sect. Revenge for the tragic death of the lord and those brothers."
