Chapter 1811

After Sun Yulan and Ouyang Zhengxiong had a serious discussion, both of them seemed to have gained to varying degrees, and unknowingly, the relationship between Sun Yulan and Ouyang Zhengxiong also changed. The relationship between the two seemed to have become very subtle since this conversation, but neither Ouyang Zhengxiong nor Sun Yulan noticed the subtle changes in their relationship.

????Ouyang Zhengxiong was in Sun Yulan's guest room, smelling the intoxicating aroma, and because of Sun Yulan's soft voice, after a conversation, he actually felt sleepy and yawned several times. His mind just wanted to lie down on the table in Sun Yulan's guest room and take a nap, but his reason told him that this approach was wrong and should be very disrespectful, so he forced his eyes open and said to Sun Yulan: "Sister Yulan, I seem a little sleepy. Sister Yulan, I feel that the guest room where you are resting is indeed much more fragrant than the guest room over there. Isn't the waiter in this hotel too biased in allocating rooms? Why are you still choosing such a high-quality guest room? Where can someone give it?" Sun Yulan was very surprised after hearing Ouyang Zhengxiong's words. She had never used aromatherapy or anything else in the guest room, so how could there be a strange fragrance? Could it be that Ouyang Zhengxiong heard it wrong? In other words, someone poisoned my room. It shouldn't be. There is nothing strange about this guest room. Everything is placed in the same position as when I left. She couldn't think clearly at the moment and didn't think too much about it. Think about the reasons for this. But when she heard that Ouyang Zhengxiong kept yawning and heard him say that he was already sleepy, Sun Yulan said to Ouyang Zhengxiong: "Then we should all go back to our respective rooms to rest. We are actually quite tired after all the way here. Although it is the most relaxing thing to sit all the time under the protection of Brother Haotian and Brother Shaoyang, we have been keeping a high degree of vigilance, and we are actually very tired, so you should go back and rest quickly, especially you these days, The burden on my heart is heavy, I must not be able to rest well!"

After Ouyang Zhengxiong heard Sun Yulan's comfort, he really felt that his body was exhausted and very tired, sleepiness suddenly rushed to his forehead, and he couldn't even open his eyes. , it felt like there were tens of millions of pounds of stones on his eyelids, forcing him to close his eyes. So he couldn't control his sleepiness for a while, and lay straight in Sun Yulan's guest room, on Sun Yulan's table, and fell asleep sweetly.

???Sun Yuelan was frightened by Ouyang Zhengxiong's sudden sleepiness. Is this child really so sleepy? He actually fell asleep in my room, what should I do? Can you still be a human being if this is spread? But she couldn't bear to wake up Ouyang Zhengxiong directly, and considering that Brother Haotian and Brother Shaoyang were resting, she was too embarrassed to go to the guest room to wake them up, and then let Brother Haotian and Brother Shaoyang wake Ouyang

Zhengxiong up. Zhengxiong shouted, so for a moment Sun Yulan stared at Ouyang Zhengxiong stupidly, not knowing what to do.

???The afternoon sun is not as dazzling as at noon, and it is not as hot as at noon. The sunlight penetrated the gauze paper of the window and hit Ouyang Zhengxiong's face. Ouyang Zhengxiong fell into a deep sleep, so the sunlight hit his face. Sun Yulan could even see the hair on Ouyang Zhengxiong's face coming in through the window. Under the sunlight, it flutters gently. After Ouyang Zhengxiong felt the heat of the sun on his face, he shrugged the tip of his nose impatiently, looking very cute and cute

????Sun Yulan looked at Ouyang Zhengxiong's naughty little moves and couldn't hold it back for a moment. She laughed softly. She quickly realized that her laughter might wake up Ouyang Zhengxiong, so she covered her mouth in a hurry. But her eyes still did not leave Ouyang Zhengxiong's face. She looked at the window and then at Ouyang Zhengxiong. After lowering his head and thinking about it, he went to the bed to get a light gauze garment and hung it on the door, blocking most of the sunlight for Ouyang Zhengxiong. The afternoon sun shines through the sandpaper on the window and Sun Yulan's hanging gauze, so it looks very soft. As expected, Ouyang Zhengxiong no longer raised his nose because of the dazzling sunlight. For some reason, Sun Yulan looked at Ouyang Zhengxiong's sleeping face and became obsessed with it. She felt that Ouyang Zhengxiong was very cute.

???Sun Yulan was completely unaware that her current behavior was a little dangerous and seemed to be a sign of a heartbeat. So Sun Yulan kept watching Ouyang Zhengxiong sleep, and she gradually became sleepy, and even fell asleep inadvertently. Probably people with similar destinies will always have more telepathic connections that others don't know about. Both of them actually admire each other very much, because both Sun Yulan and Ouyang Zhengxiong have climbed out of the trough and have nothing to lose. Therefore, the two of them cherish their hard-won relationship even more.

Chapter 1812

Sun Yulan and Ouyang Zhengxiong were lying in Sun Yulan's guest room, sleeping very sweetly. On the other side, Gu Shaoyang and Li Haotian gradually woke up after taking a rest. After a comfortable rest, the two woke up feeling refreshed. When they looked at the sky outside the window, it was almost time for dinner.

It was getting dark, and after dinner, they might have something new to do. Before they took a break this time, they did not consider whether Ouyang Zhengxiong and Sun Yulan would sneak out while they were resting, because after what happened this time, he thought that Ouyang Zhengxiong and Sun Yulan had grown up and would no longer have the mentality of a child. Let's think about the problem the same way

???Therefore, Li Haotian and Gu Shaoyang were not very worried about the two children Ouyang Zhengxiong and Sun Yulan, but now that they had woken up, they wanted to discuss with Ouyang Zhengxiong and Sun Yulan about which type to choose after washing and tidying up briefly. Matters related to martial arts and handy weapons. After all, they are about to find a way to sneak into Jiang's headquarters, and they can't keep dragging them here because no one knows how they created such zombies or kidnapped those boys and girls between the ages of eight and twelve. For what purpose? So time is of the essence. They must find Jiang's headquarters as soon as possible and crush their conspiracy.

??Li Haotian and Gu Shaoyang were very happy when they thought of this. They both wanted to find Ouyang Zhengxiong and Sun Yulan. Because Sun Yulan was from a girl's family, they planned to knock on Ouyang Zhengxiong's door first to see if Ouyang Zhenxiong had rested. In this case, they can wait until Ouyang Zhengxiong and Sun Yulan wash up and tidy up. Let's have some dinner together in the inn's restaurant, and then go out quietly over the wall. See if there are any missing zombie gathering places in the surrounding area. After solving the zombie problem in this town, they will go together to find the location of Jiang's headquarters. After all, this Jiang's headquarters can be regarded as the hometown of the Jiang family. It shouldn't be that easy to find

???Ouyang Zhengxiong's room was not far from Sun Yulan's room, so Li Haotian and Gu Shaoyang planned to knock on Ouyang Zhengxiong's door first. However, after knocking a few times, they found that no one answered inside. Li Haotian felt very strange and turned to Gu Shaoyang. Said:"Is our prediction wrong? Is this kid Ouyang Zhengxiong going out to play again? Logically speaking, he has just experienced the death blow of this little boy, and he should not be thinking about going out to play. Ah." Li Haotian and Gu Shaoyang didn't know where Ouyang Zhengxiong had gone. So after they discussed it, they planned to knock on Sun Yulan's door first, and then ask Sun Yulan if Ouyang Zhengxiong had mentioned to him whether he wanted to go somewhere else?

??Since Sun Yulan was still a girl, it was not very polite for Li Haotian and Gu Shaoyang to knock on her door hastily. However, there was really no other way, so Li Haotian and Guo Shaoyang knocked on Sun Yulan's door very gently. Ouyang Zhengxiong and Sun Yulan were sleeping soundly inside the room, so they didn't hear the sound outside the door at all.

When Li Haotian and Gu Shaoyang saw that Sun Yulan didn't respond, they felt very strange. Did they really sneak out to play while they were on lunch break? But logically speaking, it shouldn't be! Gu Shaoyang did not give up, so he continued to knock on Sun Yulan's door harder. At this time, Ouyang Zhengxiong woke up suddenly. Because he slept very sweetly in Sun Yulan's room, he felt refreshed after waking up. But looking around, he found that this was actually Sun Yulan's room, and that Brother Haotian and Brother Shaoyang were knocking on the door. He stood up suddenly in panic, startling Sun Yulan to wake up. After the two woke up, they looked at each other, not knowing what to do. Sun Yulan looked at Ouyang Zhengxiong, and a layer of pink appeared on her face.

Ouyang Zhengxiong, who had just woken up, asked Sun Yulan anxiously: "What should we do now? Brother Haotian and Brother Shaoyang are right outside the door. They won't misunderstand, right? Really, why are they directly in your room?" Falling asleep? It's all your fault. This room smells so good, it's perfect for sleeping!" After hearing Ouyang Zhengxiong's complaint, Sun Yulan also muttered: "Who told you to come to my room to discuss things with me? I lay here silently and fell asleep again. Is there anything I can do? I can't wake you up. I slept like a pig. What else can I do now? I can only go out! I don't even know yet. What do Brother Haotian and Brother Shaoyang want to do with us? If it were an emergency, wouldn't it be delaying the matter if we were chatting here? Besides, nothing happened or did anything to the two of us. What are you afraid of? Go out quickly and say hello to Brother Haotian and Brother Shaoyang, lest they wait outside the door for a long time and wonder what Brother Haotian and Brother Shaoyang want to see us for?" After listening to Sun Yulan's words, Ouyang Zhengxiong nodded quickly, straightened his clothes and went to open the door.

Chapter 1813

Li Haotian and Gu Shaoyang found it very strange. Why didn't Sun Yulan come over and open the door after hearing their hurried knocks? After all, they had clearly heard the movement in the room where Sun Yulan lived, which meant that she should be in the room. And why didn't Sun Yulan respond at all when she heard the two of them knocking on the door?

??Is she being held hostage? After much thought, Gu Shaoyang and Li Haotian planned to shout again in case something happened to Sun Yulan in the room. If there is no response after this call, the door will be broken in. Fortunately, he didn't wait until he broke in. Ouyang Zhengxiong and Sun Yulan slowly opened the door.

???Li Haotian and Gu Shaoyang felt very strange, why was Ouyang Zhengxiong also in Sun Yulan's room? The two of them had just wanted to go to Sun Yulan to ask about Ouyang Zhengxiong's whereabouts, but they didn't expect that Ouyang Zhengxiong was in Sun Yulan's room. Ouyang Zhengxiong and Sun Yulan looked at the surprised Li Haotian and Gu Shaoyang outside the door. The four of them looked at each other awkwardly. Progress didn't know what to say to break the current deadlock. This was really a rare embarrassing scene.

Li Haotian felt that this was not an option. It was too embarrassing, so he took the lead to break the deadlock. He very carefully said to Ouyang Zhengxiong and Sun Lan: "Why did you two appear in the room where Sun Yulan was resting at the same time? Li, what's the matter with you? You two haven't grown up yet. Friends, don't force yourself to solve anything you encounter. If you can't solve it yourself, you can tell us. Gu Shaoyang and I will be considered your elders from now on, so there is no need to be polite to us. If you have any questions about life or other aspects, or if you have any needs, just ask us. Although our conditions are limited now, we will try our best to satisfy you."

???Ouyang Zhengxiong and Sun Yulan felt very embarrassed. Although nothing happened to them, it was a bit strange to be suddenly bumped into by their elders. And it can't be explained, as if two people secretly went out to play and were caught by the elders. But in order to break the deadlock, Ouyang Zhengxiong took the initiative to stand up and said:"Brother Haotian, brother Shaoyang, I encountered a little trouble, uh, there are some things I can't figure out clearly, so I came to find sister Yue Nan to answer my questions. , and I did learn things from him that I had never been exposed to before, and Sister Yulan is so patient with me. I see that you and Brother Shaoyang are too exhausted these days, I should be resting in the afternoon, so I didn't bother you, and went directly to Sister Yulan to discuss these matters. But I was really sleepy, so I lay down on the table in her room and fell asleep while we chatted. Just woke up"

???Sun Yulan was worried that neither Li Haotian nor Gu Shaoyang believed what Ouyang Zhengxiong said, so she hurriedly stood up to defend him and said:"Actually, I also wanted to go to Brother Haotian and Brother Shaoyang at that time, but I haven't seen you in the past two days. It was really too hard. In order to protect us, we really put all our energy on us, and we had to deal with the follow-up problems of zombies, and we also had to ensure the safety of the two of us. It was too hard, so in the afternoon We wanted you two to have a good rest, so we didn't bother you. But Ouyang Zhengxiong and I both considered that we should both search for the location of Jiang's headquarters next, and if necessary, we might all need to lurk into Jiang's headquarters Headquarters, looking for the real culprits behind the kidnapping of boys and girls between the ages of eight and twelve and the detailed information of these zombie makers. So Ouyang Zhengxiong and I, if we still have the same three-legged cat skills, for you, It must be a burden. There is absolutely no way to make the subsequent investigation go smoothly, so the two of us are very worried and don't know what to do."

????After Li Haotian and Gu Shaoyang heard Sun Yulan's words, they were very surprised. It turned out that Ouyang Zhengxiong and Sun Yulan had grown so much without knowing it. Not only will he share the busy things for them, but he will also feel sorry for them that they are overworked. He will even think of the next plan in advance and worry that his ability may not be enough to complete some of the next actions.

Li Haotian turned his head and looked at Gu Shaoyang. After the two looked at each other, they both laughed happily. It turns out that the two children have grown up a lot without knowing it. Li Haotian then asked Ouyang Zhengxiong and Sun Yulan:"Then you two can talk about some of the difficulties you are currently encountering, or if you have any questions, you can tell Brother Shaoyang and me. Although the two of us don't know everything. I understand, but compared to you, Shaoyang and I still know a little more. So from now on, your problems should be solved."

Chapter 1814

At this time, Gu Shaoyang said:"It just so happens that your brother Haotian and I have indeed made new demands on you, and we are planning to have a good talk with you tonight. I just don't know if you two are ready to endure hardships." Huh? Brother Haotian and I are very strict. Don't

try to fool us in this regard. If you don't want to learn, tell us in advance. What I hate most is someone giving up halfway. This is too cowardly."

???As soon as Ouyang Zhengxiong and Sun Yulan heard that Li Haotian and Gu Shaoyang said that they had new requirements for them, they even helped them figure out their next plan. The two were overjoyed and hurriedly pulled them over to find out the specific situation. But Li Haotian and Gu Shaoyang were made to laugh and cry by Ouyang Zhengxiong and Sun Yulan. Gu Shaoyang half-jokingly said to Ouyang Zhengxiong and Sun Yulan:"You two are anxious, but you have to keep your temper. Who hasn't eaten yet and just woke up?" I'm anxious to ask about the training plan! And we just have some ideas. We still need to communicate with you further and formulate a reasonable plan based on your own characteristics and requirements. Don't be anxious. Many things are urgent. Come, so the biggest thing for us now is that you go wash up and pack up first, and then go to the restaurant of this inn to have something to eat together, because it's going to be evening soon, and we may need to check if there are any others around this town. Other zombie gathering places. According to observation in the past few days, I don't seem to hear many zombie roars. Soon, I believe this town will return to normal life, and everyone can have entertainment at night.. I really look forward to this town returning to its former prosperous life. I think other residents of this town also miss the night market life very much, so that it will not be as lifeless as it is now, and everyone is panicked."

???After Ouyang Zhengxiong and Sun Yulan heard this, they nodded repeatedly and said to Li Haotian and Gu Shaoyang very respectfully:"Thank you Brother Haotian and Brother Shaoyang for your careful teachings. The two of us will go back to our respective rest rooms and wash up briefly. Let's go to the restaurant of this inn with you to have something to eat. After dinner, shall we quietly climb over the wall and go out as before?" Li Haotian covered his forehead, smiled helplessly, deliberately lowered his voice, and said to Ouyang Zhengxiong and Sun Yulan said:"You silly boy, we secretly climbed over the wall to get out, why did you say it so loudly? Are you afraid that others won't know that we climbed over the wall to get out?"

?????After hearing Li Haotian's complaints, Sun Yulan and Gu Shaoyang covered their mouths and laughed out loud. Ouyang Zhengxiong scratched his head in shame, feeling that his behavior was indeed not very smart, so he laughed along with everyone else. got up. Sun Yulan said to Li Haotian and Gu Shaoyang:"It seems that it's not too early now. Let's go wash up and tidy up quickly. I think we should seize the time to eat, and during the meal, we can talk in detail, Hao What do you think of the plans that Brother Tian and Brother Shaoyang have made for us these days?"

After listening to Sun Yulan's words, Li Haotian and Gu Shaoyang nodded with great relief and said,"I think what you said makes sense, so hurry up Go wash up and tidy up first. The two of us will go to the restaurant of this inn to take a seat. After you change your clothes and wash up, you can come down directly. You should be able to find us. You must try to speed up."

After hearing this, Ouyang Zhengxiong and Sun Yulan nodded hurriedly, and then they quickly returned to their respective rest rooms and began to clean up and wash up. The two of them no longer remembered the embarrassment they felt when they opened the door. They seemed to think that it was nothing, and they really had a new goal. After that, you will be more energetic and motivated, and you won't seem to feel tired.

Li Haotian and Gu Shaoyang looked at the two children who were as happy as birds and felt very happy. They felt that the two elderly people seemed to have the mentality of young people. After Li Haotian and Gu Shaoyang watched them return to the room safely, they walked towards the restaurant of the inn while talking and laughing.

They planned to find a place with a good view, order a pot of wine and a few dishes to go with the wine, and wait for the two children to pack up and come down to them while eating.

The weather today is still very good, even in the evening it is very cool, which really makes people feel refreshed. Moreover, the moods of Li Haotian and Gu Shaoyang became very lightened under the influence of the two children Ouyang Zhengxiong and Sun Yulan. The waiter quickly brought up a pot of good wine and several dishes ordered by Li Haotian and Gu Shaoyang. The waiter was full of anger and said to Li Haotian and Gu Shaoyang in a very loud voice: "Sir, you two have been waiting for a long time. Eat and drink well. If you have any orders, just call me." Li Haotian and Gu Shaoyang quickly agreed to him: "Thank you thank you."

Chapter 1815

Li Haotian and Gu Shaoyang chatted about Ouyang Zhengxiong and Sun Yulan while drinking the warmed wine and the few dishes they ordered to go with the wine. Li Haotian said to Gu Shaoyang: "Brother Shaoyang, what type of martial arts or mental skills do you think Ouyang Zhengxiong should be suitable for?" After listening to Li Haotian's words, Gu Shaoyang held his forehead and thought for a while before replying to him: "I think Ouyang Zhengxiong should be suitable for more aggressive martial arts, and his personality is quite impatient, so he is relatively suitable for this kind of offensive martial arts. After all, the best defense is offense." Li Haotian and Gu Shaoyang were discussing Ouyang Zhengxiong, finally saw Ouyang Zhengxiong and Sun Yulan walking down the stairs after changing their clothes.

The sky slowly darkened unconsciously. Ouyang Zhengxiong and Sun Yulan simply cleaned up and washed before coming down from the guest room and looking for Li Haotian and Gu Shaoyang in the inn's restaurant. Finally, they found Li Haotian and Gu Shaoyang at the wine table next to a window sill. They saw Li Haotian and Gu Shaoyang drinking warm wine, with several plates of food and drinks in front of them, and chatting happily. After Ouyang Zhengxiong and Sun Yulan saw Li Haotian and Gu Shaoyang, they jumped up and down happily and ran towards the table where they were sitting.?

???When Ouyang Zhengxiong saw Li Haotian and Gu Shaoyang, he waved to them happily and sat next to them. Ouyang Zhengxiong still did not change his impatient character. When he saw Li Haotian and Gu Shaoyang, he immediately asked:"Brother Haotian, Brother Shaoyang, what is the training plan you have in mind for us? Can you tell us quickly??"

Li Haotian and Gu Shaoyang ate side dishes and drank wine slowly, and said slowly to Ouyang Zhengxiong and Sun Yulan:"Why are you two so anxious? There's no shortage of food in the world, so you two hurry up and find the waiter to order some food. Only after you've eaten and drank enough can you think about what to do next? And we can't do this plan alone. I still need to ask for your opinions on the decision, but I just said that further discussion is needed to decide on the final plan. After the discussion, the two of us simply discussed the general direction based on your physical characteristics. As for the final decision, we still It's in your own hands. Don't be anxious. Eat your fill first."

????After Ouyang Zhengxiong and Sun Yulan heard Li Haotian's words, they lowered their heads in despair. The two of them were like eggplants beaten by frost. Their suddenly cheerful appearance turned into very disappointed. Li Haotian and Gu Shaoyang saw the two of them looking like they were dying. Looks like, I feel angry and funny, why are these two children so impatient! Is the right training plan urgent at this moment?

Even if you know the plan, you still have to finish the meal and finish the things at hand before you can start implementing it. So there is no need to be in such a hurry! Gu Shaoyang said slowly to Li Haotian:"These two children are still not high enough and their pattern is not big enough. These things cannot be done in a hurry, right? At first glance, they look like they have never seen the world. The two of us still need to teach them more, just leave them alone."

Compared to Gu Shaoyang's strict father mentality, Li Haotian seems to be like the kind and caring old mother of Ouyang Zhengxiong and Sun Yulan. He, Li Haotian, was not as strict as Gu Shaoyang. Instead, he was very concerned about the psychological conditions of Ouyang Zhengxiong and Sun Yulan. So when he saw that they were as unhappy as eggplants beaten by frost, Li Haotian chose to say to them in the gentlest tone:"You have to practice. Not only martial arts and other stamina, but also agility. What needs to be cultivated more is your emergency response ability when encountering things, and your aura of staying calm in times of crisis. Because these details in life are in certain situations. In important situations, it will bring you invisible benefits. It is even a little exaggerated to say that in some critical moments, it can even save your life.

????After Ouyang Zhengxiong and Sun Yulan heard Li Haotian's words, they both raised their heads. They felt that what Li Haotian said was reasonable. They were indeed too impatient, and they were afraid that this emotion would be exposed. It was really inappropriate. So Ouyang Zhengxiong and Sun Yulan scratched their heads in shame, and they said to Li Haotian and Gu Shaoyang in unison:"Brother Haotian, brother Shaoyang, I'm very sorry. The two of us were too

impatient and didn't have time to wait for you. After explaining clearly, I acted in a hurry and acted according to my own ideas. I am very sorry. We will definitely correct it in the future. Please forgive us!"

Li Haotian and Gu Shaoyang looked at the two inexperienced children and felt angry and angry. It's funny, there's nothing we can do against them, Gu Shaoyang said coldly: "Then I'll reluctantly let you go this time, hurry up and order what you want to eat, and then after a simple dinner, we'll go look around. To see if there are still zombie gathering places like before, we will deal with all the places with zombie roars around this town in a short period of time, so that the residents of the town can return to normal life as soon as possible."

Chapter 1816

Li Haotian said to Ouyang Zhengxiong and Sun Yulan: "We have been discussing how to improve your cultivation and force value for the past two days. The result of the discussion between Gu Shaoyang and I is to let you choose a suitable weapon first. , because you can only start practicing martial arts after you have selected a weapon that suits you. After all, we have to start from the beginning with martial arts. After learning from the very beginning, it is best to stick to it. You can't fish for three days. , two days of posting on the Internet. After you have learned to a certain extent, you find that you don't like this martial arts very much, or that it is different from your own needs, which is a waste of time and effort. It is very detrimental to your practice! So! We plan to communicate relevant ideas with you, because only a good start can determine the direction of your efforts. This kind of thing cannot be rushed and must be treated with caution, so Gu Shaoyang and I both believe that you two cannot make too hasty a decision. own direction"

?????After Ouyang Zhengxiong and Sun Yulan heard Li Haotian and Gu Shaoyang's detailed explanations about martial arts, they felt that their realm had been improved. After Ouyang Zhengxiong communicated with Sun Yulan at the beginning, he already felt that Sun Yulan's ideas were very scientific.

But I didn't expect that Li Haotian and Gu Shaoyang could explain the deep meaning of these behaviors clearly, and Li Haotian and Gu Shaoyang really took all aspects into consideration for Ouyang Zhengxiong and Sun Yulan.

Therefore, Ouyang Zhengxiong and Sun Yulan were indeed very moved. Brother Haotian and Brother Shaoyang were actually thinking about Ouyang Zhengxiong and Sun Yulan when they needed a rest, so they felt very touched and guilty. Ouyang Zhengxiong said to Li Haotian and Gu Shaoyang: "Brother Haotian, brother Shaoyang, I am definitely not a person who gives up halfway. As long as I can learn offensive martial arts and greatly increase my force value, I am willing to pay anything."! I think in this era, everyone needs to speak with strength. If I want to avenge my father, mother, Ergoudaner, and the lives of more than 20 people in the Ouyang family, I must bear these. I must pay. It is a price that ordinary people are not willing to pay. I know that learning martial arts must be very painful, and the process will be very difficult, but I can tell you very firmly! I will not

give up easily, and I will try my best. Meet the standards you require and strive to increase the force value in the shortest time. At least, you can do your own business without distracting me from taking care of me. Moreover, after my force value reaches a certain height, I will no longer need to Arrange a person specifically to protect me."

Ouyang Zhengxiong said impassionedly, and even got emotional later, with tears in his eyes. Li Haotian and Gu Shaoyang were also moved by Ouyang Zhengxiong's tenacity, so after listening to Ouyang Zhengxiong's speech, Li Haotian and Gu Shaoyang nodded in agreement. Sun Yulan on the side heard Ouyang Zhengxiong mention the death of his father and mother again, and the lives of more than 20 people in the Ouyang family. Then she thought of the brothers who died tragically in the Xuanwu Sect, and her heart was filled with grief. Tears flowed down involuntarily

Li Haotian saw that Ouyang Zhengxiong and Sun Yulan suddenly became sad again. He didn't want Ouyang Zhengxiong and Sun Yulan to continue to fall into sad mood, so he cleverly changed the topic and said:"You two, please stop thinking about martial arts training. First of all, I think you should understand yourself comprehensively and objectively, because only after you fully understand yourself can you realize your shortcomings! Your biggest shortcoming and shortcoming now is that you have no martial arts and your body is not strong enough. You have no basis for practice, so you The first thing you should do now is to strengthen your body, because the body is the basis for practicing martial arts. So there is no need for you to force yourself to choose the martial arts and the weapons you will use in a short period of time.. And I have just said that choosing the beginning is the most important thing, and you cannot rush it at all. So I think you can relax now and start with a reasonable training plan to strengthen your body so that you do not have a plan already made. After that, I didn't have a strong body to implement it."

After listening to Li Haotian's words, Gu Shaoyang looked at Li Haotian in surprise, thinking when did Li Haotian's brainwashing skills improve so much? Why didn't we find out before that he was a master of brainwashing people? What a big scam! Gu Shaoyang thought about it and actually laughed out loud. In order to cover up his embarrassment, he said to Ouyang Zhengxiong and Sun Yulan very boldly:"Okay, okay, don't think so much, eating is the most important thing, hurry up and order." Let's eat. Don't waste time on this, it's too late, don't let your mother-in-law delay our business again."

Chapter 1817

As Gu Shaoyang spoke, he called the waiter to come and prepare to order.

"Waiter, bring me all the signature dishes in your store. I want another big bucket of rice," Gu Shaoyang shouted in the direction of the waiter.

As soon as Gu Shaoyang finished speaking, the waiter ran to Gu Shaoyang's table. While cleaning up the food residue on their table, he said,"Sir, you are welcome. Wait a moment, the food will be

served to you soon. Order our signature dishes, chicken, duck, and fish. They can run on the ground, fly in the sky, or swim in the water. There is nothing we don't have. Now you've lit it up. The dishes will be served in a while. I'm sure you'll have them."Satisfied"

After a while, the table was filled with delicious dishes, beggar's chicken, lion's head, squirrel mandarin fish, Buddha Jumps over the Wall, Dongpo Pork... all the famous cuisines were available, and the people who saw it were dazzled. Ouyang Zhengxiong and Sun Yulan Seeing these dishes, they all swallowed greedily and stared at the dishes on the table.

Li Haotian looked at the expressions of Ouyang Zhengxiong and Sun Yulan and couldn't help laughing, and said,"Everyone should be hungry too." Come on, everyone, you're welcome, come and eat."As he spoke, he picked up the chopsticks and prepared to pick up the food. After hearing Li Haotian's words, Ouyang Zhengxiong and Sun Yulan were no longer polite and began to eat hungrily.

After a while, the large table of food was eaten by these four people. Er Jing, several people wiped their mouths with satisfaction. Seeing how satisfied everyone was with their food, Gu Shaoyang said with a smile,"Since everyone has eaten and drunk enough, let's go back and rest now. Don't think too much." More, only when we have a good rest can we recharge our batteries, face our enemies in a better state, and fight in a better state."

After listening to Gu Shaoyang's words, everyone became more motivated to fight. Ouyang Zhengxiong and Sun Yulan both said that they would practice diligently and improve their force value in the shortest time, and they would not let Gu Shaoyang and Li Haotian down. They also said that they would practice harder tomorrow. They started practicing diligently in the morning, trying hard to reach the standards of Gu Shaoyang and Li Haotian. After hearing what Ouyang Zhengxiong and Sun Yulan said, Li Haotian and Gu Shaoyang nodded happily and said,"You guys have a good rest today, and then practice again when you get up tomorrow. Everyone first Go back to your room and rest. Ouyang Zhengxiong and Sun Yulan nodded and said,"Brother Haotian, brother Shaoyang, let's go back to the room to rest first. You also need to rest early, so we'll leave first.""After Sun Yulan finished speaking, she and Ouyang Zhengxiong went back to their rooms to rest.

Seeing that Ouyang Zhengxiong and Sun Yulan were gone, Li Haotian looked heavy and said to Gu Shaoyang with a little worry,"This battle must be another difficult one. The zombies this time are different from those we have encountered before. This time it is estimated to be a bit tricky. We not only need to encourage Zhengxiong and Yulan, but we ourselves must also strengthen our training and be extra careful. Seeing that Li Haotian was so worried, Gu Shaoyang comforted him and said,"Don't worry too much. I believe that as long as we continue to improve our force value and deal with the zombies carefully, there should be no problem. Don't think too much about it and go back early." have a rest."Li Haotian still looked unhappy and nodded with a heavy face. Seeing Li

Haotian's thoughtful look, Gu Shaoyang finally said nothing more and went back to rest with Li Haotian.

Chapter 1818

After everyone returned to the room, they all had their own considerations. Ouyang Zhengxiong and Sun Yulan said goodbye at the door and then went back to their rooms. The lights in the room had been extinguished. Their bright eyes looked like those who were about to sleep. They kept turning around. It was really I'm looking forward to tomorrow. Why don't I just wait until dawn? No, no, I have to go look around tomorrow to conserve my energy, but I really can't sleep. I don't know if Sun Yulan has slept. Hehe, he must have not fallen asleep. Wait. The other two fell asleep and chatted with her for a while. Ouyang Zhengxiong waited for the lights outside the house to go out to chat with Sun Yulan.

What a coincidence. Sun Yulan did not fall asleep and turned around here. Unlike Ouyang Zhengxiong, she wanted to chat. Instead, she was thinking about what kind of training method she was suitable for. Ouyang Zhengxiong had already thought about which direction to move forward, but she still didn't know. Which way to practice? In terms of physical strength, the gap between her and Ouyang Zhengxiong is actually not very big. When she was in a dilemma, the candlelight outside the room went out, and sleepiness slowly came over in the darkness. It was also very important to rest here. It's better to get some rest today. We have to get up early tomorrow.

Her eyes slowly drooped, and her body became more and more relaxed. Just when Sun Yulan was about to fall asleep, a rustling sound came. Just when Sun Yulan thought that she was too nervous and had an illusion, she was about to turn over and continue sleeping. , Ouyang Zhengxiong knocked on the door gently, and Sun Yulan was so frightened that she ran away until she heard Ouyang Zhengxiong's voice at the door, "It's me, Ouyang Zhengxiong, open the door quickly. They are sleeping. I'll come and chat with you."

Sun Yulan was a little angry. She was sleeping well, why did she suddenly knock on the door? Without making a sound first, he opened the door angrily, and then closed the door gently, "What are you doing? Why are you suddenly chatting with me in the middle of the night? I almost fell asleep. I have to go investigate tomorrow!" Get up early and get up early! Just finish what you said quickly. I can't even sleep after being teased like this by you. So, what's wrong with you?"

Sun Yulan asked this series of questions, and she didn't know which question to answer first. My mind was confused, "I was so excited that I couldn't sleep. I wanted to chat with you for a while and then go back to sleep. I'm sorry, I thought you were not asleep yet. I will definitely let you know in advance next time. By the way, I will go to investigate tomorrow. Those who roar, this seems to be the first time that we all go out to do something separately. Do you think we will act separately or together as before?"

"Well, I think it should be a collective action. After all, we are not yet capable of operating separately. If something happens and we can't find anyone to help, it will be troublesome. If we act separately, we may need to train for some time, Haotian Didn't brother and brother Shaoyang say that we have to work hard and go to bed early and get up early to be healthy? What else do you want to ask?" Sun Yulan said to Ouyang Zhengxiong

"No, then I'll go back to bed. Good night, good night." I planned to go back quietly through the gate, but I was shocked when I opened the door. There were Li Haotian and Gu Shaoyang standing at the door. Li Haotian held his forehead and looked at him helplessly, then looked away. Gu Shaoyang looked away. It's not that easy to talk, "Since I can't sleep, do you want to train and stand guard at night? Didn't you say before that you shouldn't enter a girl's room without permission? Is it useless for me to speak?"

Chapter 1819

After last night's shocking incident, Ouyang Zhengxiong no longer dared to go to Sun Yulan's place to play at night, especially when Gu Shaoyang's eyes at that time really reflected in his heart like a knife. From time to time, "Since I can't sleep" sounded in his mind. , just train more and stand guard. Anyway, you will need to be alert at all times, so you can train yourself more. Then I will trouble you to stand guard for a while tonight. Let's go to bed. Goodbye."

Ouyang Zhengxiong today There were blue marks around his eyes, as if he were wearing makeup. Despite this, he still stood at the door obediently and did not dare to move. Sun Yulan, who had gotten up early in the morning, saw him like this and thought he had gone to do something. If not, Knowing what Brother Haotian and Brother Shaoyang said at the door last night, she was probably also confused. Sun Yulan covered her mouth and smiled, imitating Gu Shaoyang's tone last night, "Stand still, next time you do this, I will stand guard every day to watch you." Can you sleep well in the future? Humph."

Ouyang Zhengxiong was even more excited when he heard this. He tried to keep his eyes wide open, fearing that Gu Shaoyang would appear in front of him again in the next second. He was caught slacking off last night. He I didn't want to, I was too sleepy and really wanted to sleep. I didn't expect that Brother Shaoyang would suddenly get up to go to the toilet and catch Ouyang Zhengxiong who had already stepped half of his foot. At that time, Gu Shaoyang thought it was better to forget it. Ouyang Zhengxiong is now He is also a child. It is time for his body to grow. If he encounters him next time, the punishment will be increased. I thought in my heart and walked towards Ouyang Zhengxiong who was about to go to bed. I wanted him to go back to rest and give him a lesson. Just a few words will be enough, but it's better to steal the chicken than lose the rice. They catch each other's eyes, and the scene is very embarrassing.

"It seems that my punishment was not severe. You actually learned to be lazy. Just keep standing. I got up to go to the toilet and you wanted to go back to sleep. Can you sleep on the battlefield? Stand still. Next time you do this, I will stand guard every day to see if you still sleep well in the future.

Humph."After Gu Shaoyang said that, he turned around and left. He swung the door open. He seemed to be very angry, otherwise he wouldn't have swung the door. Ouyang Zhengxiong was already broken at that time. How come he had just opened the door and was about to step in with half a foot? Did you come to the toilet when you were young? Brother Shaoyang usually doesn't get up in the middle of the night to go to the toilet, right? I was so miserable that I vowed to sleep well in the future and never get up in the middle of the night to find something to do.

Sun Yulan looked at her bitter face He laughed even more,"I see you won't sleep well in the future and you get up to play with me in the middle of the night. You don't even know how late it was, and you were too excited to fall asleep. Can you fall asleep now?" Do you really want to sleep now? Thanks to you, the door god, I slept very well yesterday and dreamed of many interesting things?"Sun Yulan said to Ouyang Zhengxiong with a smile. At this time, Gu Shaoyang and Li Haotian walked out of their respective rooms. Seeing Ouyang Zhengxiong's blue eyes, they couldn't help but want to laugh.

"Ahem, cough, cough, you know you made a mistake, don't do it again next time, the punishment this time is quite light, next time you will be the one to suffer it, and you still want to run away, you don't know that your brother Shaoyang always likes to go to bed at night Toilet? Remember next time, just go here and wash up first. You two, we won't eat here this time, we will go out to eat."Li Haotian said to them.

In an instant, the eyes of the two little children lost their light. What can they eat when they go out? The food in that inn is obviously delicious. Is it because we have no money?

Chapter 1820

The sudden look in the eyes of the two little boys made them feel very strange. When had they not been able to guess what they were thinking? Just as he was about to ask, he heard Ouyang Zhengxiong say:"Brother Haotian, brother Shaoyang, are we out of money? Did we order too many things yesterday and we can't eat recently? We can eat less like this A smaller bowl will be fine. Can we not eat out? We will eat very little, really! It won't cost a lot of money. I know I was wrong. I won't stay up late at night again next time, okay? ?"

Then the two people's mouths twitched. It turned out that this emotion was to sympathize with them. They thought they had no money and no food to eat. Did they look poor? Will they deduct money from their meals?"It's not because we have no money, it's just that this is the plan we temporarily discussed last night, and we want to implement it today to see if it works. It's not because you stayed up in the middle of the night and ran to the room with Sun Yulan yesterday to punish you not to go today. We're going to eat at that inn, so let's go and wash up first. We'll wait for you downstairs." Li Haotian said helplessly to them. After hearing this, Gu Shaoyang turned around and went downstairs.

The two left behind, Ouyang Zhengxiong and Sun Yulan, who still had questions, looked at Li Haotian with question marks on their faces. Although Li Haotian was very cute, but this cuteness was pitiful for him, they suddenly didn't look so good, "Don't look at you Shaoyang." Brother has already gone down to prepare, you guys hurry up and clean up, don't do it for too long, I'm going down too, I'll talk about anything later." He followed Gu Shaoyang's example and went downstairs.

"They won't lie to us, right? I must have ordered too many pastries yesterday. I didn't realize until I finished ordering that the prices on that menu were so expensive. Do you think it was us who deprived Brother Shaoyang and Brother Haotian? They are afraid that we are worried that they have kept it secret from us and will not attack us. Now they are probably thinking about how to make money to support us. Wow, it is us who are sorry for them. It is so delicious. Next time I will just eat two steamed buns to save them money." Ouyang Zhengxiong said to Sun Yulan.

Sun Yulan was also very worried. Yesterday she and Ouyang Zhengxiong went too far. They kept biting and biting, stuffing their stomachs until they could no longer stuff themselves. She also packed some other food back. She didn't know why yesterday. Uncharacteristically, I always wanted to eat, but the sweet-scented osmanthus cake, mung bean cake, and fried skewers wrapped in sugar were so delicious, so I couldn't help myself and ordered more. "I feel like maybe we ordered it. There were too many. Brother Shaoyang and Brother Haotian didn't have the heart to criticize us, so they indulged us and continued to order. If you want to work part-time, add me too. I will also work hard to earn money for my snacks!"

The two little boys reached a consensus at this time that they must make money well so that they can help Brother Shaoyang and Brother Haotian share their foodie days. Sun Yulan planned to see if there is any job suitable for them in the surrounding area and go in to help the boss. Exchange some money, it doesn't matter if it's hard, they are not afraid of hardship, as long as they can make money.

The two people who don't know what Ouyang Zhengxiong and Sun Yulan think are drinking tea at the table, "Why do you think these two little guys think we have no money?" ? Don't we seem very poor recently? It's not that bad. We just bought a little more last night. Do they think it is the last meal if they buy more? Hahaha, I was laughing so hard, Shaoyang, what do you think?" Gu Shaoyang drank tea without saying a word, looking at the stairs without moving.
