Chapter 1821

Looking at Gu Shaoyang, who had been staring at the stairs, he immediately understood that although someone was silent, he was still very worried about these two little guys. Look, tusk tusk, tusk tusk, if any of these brats dared to bully them, there would definitely be no good results. Eat,"Why are you so worried about the activities of these two little guys today? I didn't expect that Shaoyang was so smart that he got up in the middle of the night to go to the toilet. Hahaha, I have been friends with you for such a long time, why didn't I notice that you have this habit, or say Do you want to let the little guy Zhengxiong go back to sleep? Why have you never been so soft-hearted before?" He teased while patting Gu Shaoyang on the shoulder,"I just thought that he would be very tired today, so I wanted to tell him to go back to bed. I didn't expect that before I said anything, this guy wanted to go back to sleep faster than me. Hum, I caught him. This guy was not capable of such clever tricks before. He must be tired, but I felt unhappy. , let him continue to stand guard," Gu Shaoyang said angrily. This is not a secret. It doesn't matter if he talks to Li Haotian. He doesn't really want to punish Ouyang Zhengxiong. After all, he is very tired today. I'm afraid he won't be able to withstand the amount of practice today.

It was still his fault that he fell down. He was not the bad guy, but he didn't expect that he would go back to sleep by himself. He was very angry at the time, but today is the amount of practice today, and tomorrow is tomorrow. They have to learn to grow quickly. Now The two of them can still protect the two little guys Ouyang Zhengxiong and Sun Yulan, but no one can predict what will happen next."Well, why haven't they come down yet? You go and have a look, and give me a reminder by the way.""

"Why don't you go yourself? I'm not going. They probably just finished washing up. Don't be too anxious. Young people always have to dawdle for a while. Seriously, do we really want to eat outside with the results of our training? Li Haotian asked with a hint of doubt,"Is it too early? How about letting them practice for a while?"" He repeatedly confirmed whether Gu Shaoyang was serious.

Gu Shaoyang couldn't resist Li Haotian's eyes, put down the tea cup, and said seriously to him:"If a disaster comes, will the disaster give them a chance? Time, just like this zombie outbreak. , did anyone give us a warning? No, so we need to give them the opportunity to practice outdoors. It would be bad to hit them more. People always need to be polished, otherwise they will always be stubborn rocks?."After finishing speaking, Gu Shaoyang walked to the door and looked up at the sky behind the closed door. He was thinking about his family again.

Ouyang Zhengxiong and Sun Yulan walked out of the house and heard the last few words of their brother Shaoyang. , I was very ashamed. The enthusiasm that I had finally aroused was half

extinguished in an instant. I was walking a little dull. It was not until they walked to the table that Li Hao noticed the two of them. I don't know what to say,"Well, you guys, sit down for now, I'll go talk to your brother Shaoyang, and I'll tell you what you're going to do later."Li Haotian waved his hand and asked them to sit down and recuperate."We can't go out in this state later. We must learn to adjust ourselves now."After that, we will go over there.

"We will definitely practice hard, Brother Haotian, Brother Shaoyang, we will not let you down, nor will we shrink back because of difficulties. Just look at us, and we will protect you in the future!"Ouyang Zhengxiong and Sun Yulan said in unison.

Chapter 1822

Li Haotian, who had not yet reached Gu Shaoyang, froze and looked back at them. Gu Shaoyang also turned his head to look at them and then back again. Therefore, they did not see the smile on the corner of someone's mouth. They only felt the person's surroundings. The light seemed to be a lot brighter. He tried his best to look strict and continued to look outside,"This is not a joke. You two know what you mean by saying this, then you have to compete." You have worked harder before, and the sweat you put in is even harder. Are you ready? Ouyang Zhengxiong, Sun Yulan, I ask you are you ready?"

The two looked at each other and nodded,"We are ready, I, Ouyang Zhengxiong (Sun Yulan)) are ready, we will definitely put in more effort and sweat to practice, fulfill this promise, and never regret it." After making this vow, Gu Shaoyang finally turned his head to look at them. At that moment, Ouyang Zhengxiong and Sun Yulan felt The whole sight was full of tenderness, especially for Li Haotian. He didn't expect that having been with Gu Shaoyang for so long, the boy who liked to laugh seemed to be back again, but it didn't seem to be completely back, because the next second he withdrew his gentle smile and turned to Li Haotian

"How to count this time? I won. I said they would take it seriously. I was right. Hurry up and double your training. This must be achieved today. In addition, you are responsible for reporting all their safety trends to me, but We can't help them rashly. This is a test for them, Haotian. From now on, our pension will depend on them."Although Li Haotian knew that he was joking, the person in front of him really wanted to help them grow. Ouyang Zhengxiong, Sun Yulan, you have to work hard, don't waste our efforts.

"What's going on now? Isn't Brother Shaoyang angry? Why has it become a bet now? Wow, you are actually making a joke. This is not funny at all. Tell me what is going on, or we will ignore you!"That's right, we thought you had a fight over this, but it turned out to be a joke. The key is that we take it seriously. Brother Shaoyang and Brother Haotian are real.""Ouyang Zhengxiong and Sun Yulan said grumblingly on the side. As they spoke, they turned their backs and ignored Li Haotian and Gu Shaoyang.

Li Haotian was also very helpless when he saw such a scene,"Actually, it's like this. We were just discussing today's destination. I'm making a bet on whether you have this awareness. If you do, we will take you there. If not...hehe, then we will double the amount of training today to force you to work hard, otherwise you will be bullied by others and just have nothing to do. You can find us, but what if we are not here? That's why we discussed this bet. Although it was very risky, the effect was really great."As he spoke, he nodded.

Sun Yulan and Ouyang Zhengxiong were so angry that they stamped their feet,"But do you really think that we are sincerely toying with you? If you think that's the case, think carefully about what we just discussed for you. If you don't inspire you, you don't know how much potential you have. Listen, we can't always be by your side. , there will always be a day when we leave. Will you continue to rely on us until that day?"Li Haotian said to them seriously.

Chapter 1823

"No, of course not. Since we have made up our minds to work hard, we will definitely work hard. Brother Haotian and brother Shaoyang, don't worry. Your pension will be left to us. From now on, you can be well protected by us and experience it. To give you the feeling of being protected by others, we are your strong backing, like a protective umbrella. Even if you don't say this, we must work hard to do the things we should do."Sun Yulan and Ouyang Zhengxiong each added that they are already a family. As a family, they should protect their families and shield them from wind and rain.

Although they cannot do it now, they believe that one day they will also become The giant stood in front of them, blocking out all difficulties. They were very dazzling at this time, and the two little guys could also become the pillars. This was what Gu Shaoyang and Li Haotian were thinking at this time. It seems that they have something to look forward to in the future. Gu Shaoyang walked back to the dining table and waved to Li Haotian, indicating that he should come over as well. They were going to discuss important matters. After seeing his gesture, he slowly came to his senses and walked back to sit next to him.

"Everyone, sit down. Let's talk about what we are going to do next. We will only say it once. Remember it and then ask us other questions that we don't understand. We will answer them patiently, but don't pretend to understand if you don't understand. You won't be able to go out when the time comes. You have to rely on these to protect yourself. Do you understand what I'm saying?"Gu Shaoyang said, this is unquestionable and underestimated. Since you want to protect them, you must show your will and strength to protect them. He does not want them to give up halfway.

Ouyang Zhengxiong and Sun Yulan did not pause, clenched their fists and replied : "Understood, we will listen carefully and will not be distracted. If we don't understand, we will ask. Thank you Brother Shaoyang and Brother Haotian, we will work hard."Although this answer is very simple, it contains the commitment of the two little guys in front of them to Gu Shaoyang and Li Haotian.

Their hearts are warmed by these two little guys. It feels good. Li Haotian is challenging Gu Shaoyang. eyebrow, indicating that he was satisfied? Unexpectedly, he responded and nodded to Li Haotian, expressing satisfaction. Only then did the waiter in the store dare to come over. He had wanted to come over and ask them if they wanted breakfast, but the situation was a bit awkward. , for some reason he didn't dare to go over and talk to them. It was as cold as if he had been frozen there just now. He hesitated at the door, not knowing whether to move forward or go back. He didn't wipe himself off with his signature towel until he finished listening to them. , walked towards them,"Sir, do you need refreshments? Baozi, we have a new green tea in the store. Do you want me to change it for you?"

Just when they were about to reject the waiter, Ouyang Zhengxiong and Sun Yulan's stomachs rumbled. They scratched their heads in embarrassment and looked at Gu Shaoyang and Li Haotian expectantly. Li Haotian said quickly:"Then some custard buns and pastries. Well, we may be in a hurry here, so that's all."After hearing this, the waiter took note and dusted off the towel again before going down.

"Now let's talk about the place we are going to today. Our current place is relatively close to that place. It is a place with ravines and ravines. It is called Chicken Leg Township. Don't laugh, it is just someone's local folk custom. After we inquired about it, it seems that There will be shouts and roars in the middle of the night, but they always happen at random intervals, so it's a bit difficult to judge, but it doesn't matter, we can just ask pedestrians on the road later."

Chapter 1824

When they heard the words"Chicken Legs Township", Ouyang Zhengxiong and Sun Yulan had already stopped laughing. Even Li Haotian was holding back his laughter and did not dare to laugh out loud. The expression on his face was very distorted, making people feel a bit dumbfounded,"Yes." Is it so funny? Isn't it just that the name he gave is a bit weird? Stop laughing, you won't be allowed to eat if you laugh again." Gu Shaoyang said this without any authority at all, because he was the first to laugh, so others dare So presumptuous.

In fact, he couldn't figure out why a village would have this name. Was it a chicken farm? It's not his fault, but it's the village chief's fault. The name is too casual. If we return to Chicken Legs Township, it won't be Man-Han Chicken Legs that will be served to them, right?"Okay, okay, if we don't laugh, don't let us eat. It's okay if we are wrong. The main reason is that this chicken drumstick town is so funny. Why don't we leave this town alone? Why don't we solve the situation in this town first before going to other places?." Li Haotian wiped the non-existent tears from the corner of his eyes. This may be the funniest joke he has heard this year.

"No need, someone is here to deal with the aftermath. They are acquaintances. They are coming here to help us recently. They want us to go to the next destination with confidence. We will send you two to that place first, and then return to this town to meet them again. , since this is your first mission, we will send you to your destination first and then come back to deal with things here."Gu

Shaoyang crossed his arms and said to them seriously. Li Haotian, who was disconnected, didn't react. What acquaintance, when did it happen? Why did he know something different from him? Did he forget something very important? ?

Thinking of this, Li Haotian became confused. After all, he had failed Gu Shaoyang. He couldn't remember anything. When did he become an acquaintance? He shed tears in his heart. He, an incompetent teammate, let him bear the burden of his age. It was something he shouldn't bear. He didn't react until Gu Shaoyang poked him with his hand, "Oh, yes, they are acquaintances. They are coming to help us. You don't need to come for other things. Brother Shaoyang and I are waiting. We will send you two to Chicken Legs, bah bah bah, Chicken Leg Township, to Chicken Leg Township, this time may be very dangerous, you must not take it lightly, we are not with you, but we will ask the people over there to help you. , you have grown up and need to handle things independently."

When I heard that Brother Shaoyang asked the two of them to complete the task alone, I was very panicked, thinking that they didn't want them anymore, but they didn't dare to raise objections when they heard that they needed to solve the problem, because for the sake of this town, They can't be so selfish and only think about their own thoughts. There are still many people trapped in fire and water because of zombies, and some people have lost their lives because of this. Thinking of this, they are aroused again."Brother Shaoyang, brother Haotian, don't worry, we will definitely not What makes you worry will definitely complete the task well. Just go and solve the troubles in this town and save this town." Sun Yulan said.

Seeing her saying this, Ouyang Zhengxiong was not far behind. He also expressed his position, "Yes, yes, we have grown up and become big children. We will definitely help each other complete the task. Let the Chicken Leg Township be handed over to us. Let's do it."After speaking, he patted his chest to show that he was serious.

Chapter 1825

The auras of Ouyang Zhengxiong and Sun Yulan on the opposite side seemed to be stronger, which made them feel gratified, but this was not enough. They didn't know how many more opportunities they would have to meet. They would definitely have grown up next time they met. Well, when we first met, Ouyang Zhengxiong was running away in front of a zombie. Although the zombie moved very slowly, there were not many people who could move their feet and use their strength to escape in such a terrifying scene. Most of them were so scared that their legs were weak and they didn't dare to move. At that time, he saw the perseverance in him. He was holding a small cat baby in his hand. He might have been frightened by the things behind him. Make a cry.

This also gives the zombies a chance to follow. Although they cannot see it, they are very sensitive when they hear those strange sounds. Therefore, when escaping, they usually have to get rid of the pursuit of those things, and then leave quietly. This is because ordinary people Not knowing this, more and more people were killed, and they had little ability to resist. Although Ouyang Zhengxiong was very young at that time, his heart of protecting the weak and his righteous heart

were admirable. In fact, he and Gu Shaoyang thought it was a miracle that Sun Yulan could meet her. They met this girl on the roof. At that time, she had amazing climbing ability. She climbed to the roof to avoid the zombies, but she was extremely calm at such a young age. , seeing them desperately asking for help.

But instead of shouting at them, she threw her remaining half steamed bun at them. It was her last ration. If it failed, it would become someone else's ration. When Gu Shaoyang and Li Haotian turned their heads to Sun Yulan, they were also caught in front of them. They were shocked by the scene. The place was actually far away from them, but they could still see her waving to them. When they rescued her, she couldn't hold back anymore and cried silently. While crying, she asked them "Did you take that half of the steamed bun? I'm so hungry now." Gu Shaoyang and Li Haotian were stunned at that time. The steamed bun that could be regarded as a stone turned out to be her three meals a day, "Ah, of course, I took it. Look, what do you think this is? Is it your precious steamed bun? Okay, okay, don't cry. We don't dare to waste food, but your steamed bun is too dirty. Eat brother's. Brother's is delicious. There is still sugar in it." After Li Haotian said that, he took out a brown sugar bun from his pocket. This sweet-smelling bun was simply the best food she had ever eaten in this time.

"It's delicious. This is our favorite food. There's only one left. I'll treat it as your precious steamed bun. Are you willing to follow us? We are not bad people....." Li Haotian rubbed her head and was hugged by her before she finished speaking, "I...I am willing, wuwuwu, my parents were bitten by them, they are bad people, they bit Yulan's parents to death, Wow, thank you brother for the steamed buns, they are so delicious... they are so delicious." As she spoke intermittently, they found out that her name was Sun Yulan, and then arranged for her and Ouyang Zhengxiong to play and train together.

The memories ended here. Looking at the two grown-up children in front of me, I still feel a little reluctant. These days, they are like family members, training together, eating together, and fighting together. "Can you think of me and your brother Haotian like this?" I'm very happy. Please write to me from time to time. We will reply to you when we see it. Don't run around. You have to be clear about what can be eaten and what can't be eaten at the night market. Just go there. Ouyang Zhengxiong, Sun Yulan, we are waiting here. you."

Chapter 1826

For some reason, Ouyang Zhengxiong felt like crying, but because he was a boy, Sun Yulan beside him didn't shed tears. If he shed tears, it would damage the spirit of a boy. He wanted to be a man who stood upright, so he shed tears like this. Tears are not good. He will comfort Sun Yulan after she falls. This will make him look strong! When I think of this, I move my face upwards, and my nose is almost pointing towards the sky. I still feel like crying.

In fact, when he moved his hands on his hips and opened his eyes wide, the people on the side kept staring at him, wondering what he was doing. It wasn't until the sound of him sucking in and out

that they realized that this guy was holding back tears. It really made people laugh. Originally, Sun Yulan was ready to cry. Her eyes were already as red as a little white rabbit. She was just about to cry when she said "Wow", but when she looked at Ouyang Zhengxiong again, she felt that she couldn't cry. , so cowardly, even Ouyang Zhengxiong knew not to shed tears and she couldn't lose.

So a situation occurred. Two children who didn't want to shed tears looked up at the sky, with their nostrils pointing towards the sky. A mother and daughter came down from upstairs and saw them like this. The girl's mother wanted to laugh a little, but held it back, and the little girl just He chuckled, and when Ouyang Zhengxiong and Sun Yulan turned around to look at them, they saw two little furry monkeys staring at them stupidly with runny noses and red eyes."Mom, this brother is so stupid. This sister is much cuter in comparison. Even though they are like this, Nini still thinks that her sister is much prettier than her brother. Wow, he is still staring at me. Nini is so scared. Mom, please protect Nini. Nini, Nini doesn't play with her crybaby brother."

The little girl got into her mother's arms as if she was frightened by him. Her mother said:"How could Nini say that about my brother and sister? What else? How can you favor one over the other? You have to treat everyone equally, not to mention that you can't comment on others at will outside. Please apologize to your brother and sister quickly. I'm sorry, the child is naughty and ignorant. I have already taught her a lesson. I heard that I didn't apologize to my brother and sister. Ni!" She pulled out the ostrich-like Nini, and then faced Ouyang Zhengxiong and Sun Yulan. It was obvious that she didn't really want to apologize. She curled her lips and whispered:"I'm sorry, beautiful sister, and I'm sorry, silly brother."

He originally couldn't hold back when he heard the little girl say he was stupid, but he repeated it deliberately, which made Ouyang Zhengxiong completely lose his hold. He cried louder than a three-year-old child, and he cried while Shout:"Even a kid bullies me. I'm just sad. What's wrong? I just cry. You guys even blame me for crying. Wow."....."At first I wanted to laugh when I heard Nini's words, but until Ouyang Zhengxiong made such a fuss, everyone felt helpless. Nini's mother didn't know whose child it was to take it away. Should I coax him first or leave?

"Crybaby brother, don't cry. Nini is teasing you. Nini is playing with you. Mom, are you right? Nini still likes to play with her brother. If your brother doesn't cry, he will be embarrassed if he cries again. , Nini didn't cry, but brother still cried, with a shameful face, brother gave you a candy, and you will be happy after eating the candy. When I was a child, my mother fed me medicine to avoid hardship, so give it."After that, Nini skillfully took out a candy from her mother's bag and handed it to Ouyang Zhengxiong.

Chapter 1827

From Ouyang Zhengxiong's perspective, he saw the candy in Nini's hand. He slowly stopped crying, rubbed his eyes, sniffed, and said with red eyes:"I didn't forgive you because of your candy, it was me. I have a big belly, so I won't argue with a kid like you. By the way, your name is Nini,

right? My surname is Ouyang, and my courtesy name is Zhengxiong. Thank you for the candy." After all, this is candy given by others, so I still need to express my gratitude.

The candy in the purple outer packaging is not big, it can be said to be very small. When you open the package, it looks a bit like a pill. It is gray and does not look delicious. But the moment you put the candy in your mouth, the syrup is filled with sugar. It was sweet to his heart. It was so sweet. He didn't expect that something that didn't look very tasty tasted pretty good. Sun Yulan handed the handkerchief over and asked him to wipe it so as not to rub it all on his clothes. They were not that kind. It's better to have more changes of clothes and be more careful.

Ouyang Zhengxiong paused for a moment before he remembered that he had just said that he was already a little adult, and now he was crying in front of so many people and his face instantly turned red. Gu Shaoyang and Li Yaotian looked at this and felt funny in their hearts. His face changed, sometimes crying and sometimes laughing, and he was comforted by a piece of candy. He said that he was still a child, and his heart that had just been relieved was high again. He didn't show it on his face. He just said: "Okay, how old is he?" You have to give way to your sister. Hello, little sister, we are their brothers. My surname is Li and my courtesy name is Haotian. His surname is Gu and his courtesy name is Shaoyang. What are you and your mother going to do? Where are you going? If you're on the way, let's go together so that we can take care of you." Li Haotian introduced Nini with a smile.

"My surname is Tian and my given name is Nini. Nice to meet you. I came out with my mother this time. All other mothers know that. Let my mother tell you. Nini is also a shy little girl, right? Mom hugs." After saying that, she got back into her mother's arms. With her mother by her side, she didn't want to move at all. It's better for her mother, but the village has been so scary and scary recently. She still feels safe outside. Nini thought about that day When you come out with your dad, you must try all the delicacies here. Well, actually, I have never eaten the candy I just gave to that brother. I don't know what it tastes like. It must be very delicious. Seeing that brother was so sweet that he smiled. Her face was full of laughter, and she must eat something more delicious than this next time she goes out with her father. Seeing her daughter getting back into her arms, Nini's mother showed a dotting smile on her face, turned to them and said: "My surname is Qiao and my courtesy name is Liu Qing. My husband works in Jiji Township. This time we stayed one night to buy some farming tools and fertilizers. Now we are going to the store we agreed to pick up. We are about to go home after that. I just heard that some people are going to our Chicken Leg Country. Do you want to go with us? You can also play with my Nini. Children are fun." Nini, who was stroking her arms, turned to look at Ouyang Zhengxiong and Sun Yulan with a kind face.

Hearing the words "Chicken Leg Country" again, they held back this time. After all, where did they live? They invited us to visit them again. Well, it's not good to laugh at people's hometown where they have lived for such a long time. It is much more convenient to have a guide here, saving you the need to ask one by one. It is not good to have a ready-made one. I was about to explain that they He really wanted to go there to remove the body, but Gu Shaoyang pulled his sleeve.

Chapter 1828

Then he joked: "It's okay, it's just that we have to send these two children there to practice. I heard that Chicken Leg Township has not been very peaceful recently, so I thought that since they are so old, it's time for them to go out and practice. They have been there before. We have full authority to accompany them to practice. Now it is time for them to come out and practice on their own, so as to practice their courage." When talking about courage, they all looked at Ouyang Zhengxiong. Ouyang Zhengxiong blushed even more when he was suddenly stared at. He is a member of the family. The most daring one, look at what he did, he just made a fuss and burst into tears without holding back, and it was none of his business.

I saw Ouyang Zhengxiong holding his hands and saying angrily: "I am the boldest in the family. Don't look at me. If you want to be timid, Yulan is timid. I am very bold, hum." This is indeed true. As a girl, it is true that Sun Yulan was a little less courageous than Ouyang Zhengxiong, and that was just a little less courageous, but they didn't say that he was cowardly, so why was he as angry as a little bun.

At this time, Ouyang Zhengxiong was in the period of growing up, and he was pumping quickly. He soon grew much taller than before. Sun Yulan was taller than Ouyang Zhengxiong before. When they first adopted them, Ouyang Zhengxiong and Sun Yulan were like They are like siblings. At that time, Gu Shaoyang also joked that Ouyang Zhengxiong should listen to Sister Yulan and not get into a temper. At first, he really had no idea about this. Later, as he grew older, the child realized that they were hurting him and often picked up Talking about this, he said that he had no energy, then turned around and ran back to the room, locked himself up and refused to eat. It was not until he said that he was the most courageous adult that he raised his non-existent little tail and went to eat arrogantly. I don't know who is hungry

"Oh, we didn't say it was you, we were just looking to see if a certain little cat's tears had dried up. If so, we would accompany them to pick up the goods with us. Those things must be very heavy, so we can help them pick them up. Okay, don't rush it for a while, I can settle you down when the time comes, what do you think?" Li Haotian said to them, and Gu Shaoyang on the side also nodded repeatedly, "It's time for you to get some experience. It must be very tiring to go here, but the rewards are greater than the fatigue. I think you can also understand the importance. This is also the first time you have left us. Complete the task once, and I will see the results when the time comes. If you give up halfway, you don't need to tell me. Do you hear me clearly?"

They were still very excited to do the mission when they heard this. This was the first time that the two of them went out to do the mission alone. If they succeeded, it would be a big fortune. Yes, doing missions and handing in missions here is For those with bonuses, every time you complete a task, the mission hall will give you how much money you need based on the progress, complexity, and feedback from the person who helped you. This is also what makes them happy. Finally, they will earn the first bucket of rewards. It's golden. If they come back this time, they will eat all the delicacies from the mountains and the sea. Of course, they will also bring Brother Shaoyang and

Brother Haotian with them. This is their family. The four of them are indispensable and they must be together forever.

Of course, these Gu Shaoyang I know, seeing the two children they brought up suddenly grow up and have to go on missions independently, it actually makes me feel a little uncomfortable. In the past, they relied on him and Haotian to work hard together to provide these two little ones. The doll protected them from the wind and rain. Now the little doll stood up and wanted to protect them from the rain, and was very happy.

Chapter 1829

Yes, the little brats I raised have grown up, and they have to leave them to go their own way. A sense of superiority suddenly arises. When I took them on a mission, I don't know how many people made fun of them. Like father and like mother, they gave birth to a pair of very cute children. They are somewhat like fox friends, so every time they meet, they always fly. It's not that the weather is really nice today and it's suitable for a mission. Just come to my house for dinner next time. In fact, not many people have actually eaten at their house. Those who can eat at their house are all good friends.

Thinking about it, the pressure here became even lower. One of their good buddies was torn to pieces for them, right in front of their eyes, but they couldn't make a sound or move. They still remembered the smile he had on his face before he died, which almost made him want to accompany him. He followed him down together. From his last mouthful, it could be seen that he said, "Don't move. Live well. We will still be good brothers in the next life." At that time, he wanted to rush out, but Li Haotian, Ouyang Zhengxiong and Sun Yulan each held an arm. With one leg, his brother Haotian covered his mouth with all his strength and shook his head. His tears couldn't stop flowing. Looking at the others, he still remembered his name, 'Xiao Chaoyang'.

It was the first time I heard a boy named Chaoyang, and it smelled like a girl. I joked about the name at the time, saying that his mother must have thought he was a girl and gave him such a name. He said, 'My mother loves me very much. , although she has always wanted a daughter, but he also gave me the love of his daughter. I also love my mother very much.' After hearing this, Li Haotian patted his back suddenly, "What does a man look like? , those who are weak must be manly, like me, hahaha" 'It's okay to be like you, but that's not like turning into a gorilla. I would say it's better to be like me. '

It's just that the happy time finally stopped there. Feeling Gu Shaoyang's strangeness, he hurriedly hooked his neck and said: "Then let's set off now. After we finish this, we will send you back early, don't you think so? Shaoyang." Gu Shaoyang, who had just reacted, also laughed and said: "Yes, yes, let's set off quickly. What should we do if we get there late and the store is closed? Hahaha, where is the direction? I will trouble you mother and daughter. After that On that day, I would like to say thank you to them in advance."

The woman covered her mouth and said with a smile: "It's nothing to worry about. When the time comes to our chicken leg village, I will prepare food for you. You must come to our house to eat. Ah, our Chicken Legs Township is very hospitable, and we will warmly entertain outsiders when they come. You can also ask around and you will know that our township is very hospitable. Now we are going to the blacksmith shop to get the tools for plowing, and we have prepared cattle at home. Car guys, come with us." After saying that, he took his daughter Nini and walked towards the small door. It is like this outside now. Every household has a small door that they know about, and not many people know about it. So almost all the people who come here are acquaintances from the store, so they know about places like Xiaomen.

The more the woman walked forward, the more reassured they became. They were not following the wrong person. Seeing that the woman was actually well-dressed, she must be an old acquaintance here. Sure enough, this was the first time she had taken this path. In the past, they were able to climb over the wall. Although it was very fast, you still had to find a good place to stay, otherwise you wouldn't even know what was outside.

Chapter 1830

Li Haotian had experienced climbing over a wall and stepping on something he shouldn't have stepped on. At that time, he just wanted to scold someone for raising a dog that didn't follow martial ethics and pooped everywhere. He didn't even go to eat that day, so he went back and threw away the shoes and washed them. While taking a bath, Gu Shaoyang did step on something else. For example, the handkerchief that suddenly floated over was still pink. Li Haotian almost fainted with laughter on the spot. The pink color matched him unexpectedly. Anyway, Gu Shaoyang didn't talk to him that day. It took some coaxing, but he sacrificed his good-looking self in exchange for being a friend. This is not a good friend, this is a bad friend. At that time, he took the pink handkerchief, shook it and learned to sing: "Young Master Yang Gang just forgive me." As he spoke, he twisted, and the scene was once full of excitement.

"We are here, it will be faster to walk here. My husband and I are old residents of this house. We often come to his house to take care of business, so we know this passage. Don't blame him for not telling you, this is a pass sign, and only insiders can use it. Yes, and generally this kind of small door is very safe. Don't tell others. Most people don't know it. If they knew it, everything would be in chaos." Qiao Liuqing said, she took them there because there was no one around. This kind of thing can't be seen.

Gu Shaoyang and Li Haotian thanked them, "We didn't know there was this door when we came here. Thanks to Qiao Fu Only then do you know, don't worry, we are strict with our mouths and will not talk nonsense. It's good that you know this kind of thing." Seeing that the person in front of her looked very honest, Qiao Liuqing felt relieved. After all, the world is dangerous, and she has a family, so she must protect them well. Her child is also young, so she has to escort her to grow up and get married before she can feel at ease. Her daughter is so cute, so of course she has to be well protected. She thought as she rubbed her daughter's cute little face. She will be very good after being spanked, and whatever she does will please them. Although she is not a child of an

aristocratic family, she knows how to play Qin. She can be said to be a pretty girl in chess, calligraphy and painting, and she learns it very quickly.

Parents want their children to be successful, so the discipline at home is also very strict. For example, they are not allowed to drink alcohol before they reach adulthood, and girls are not allowed to come home late at night, and they are not allowed to leave the house without their parents' knowledge. Although the daughter occasionally breaks the rules, she is still young and can slowly correct them. Just ask her to copy the family rules and then read them to her father to learn where she made mistakes and how to correct them in the future. Occasionally, she would behave a little bit, act coquettishly, and fool her, but the rules were just rules. She could escape her father, so every time her father failed to act coquettishly, she would pout and ignore him. Father

"What does Nini usually do at home to help her parents? Are we going to do farm work together? I really want to hear Nini talk about your things there. It must be very interesting. Will Nini tell us? Gu Shaoyang smiled and said softly to Tian Nini. Tian Nini remembered that this brother looked the best, so she turned her head to look at Gu Shaoyang, tilted her head, thought carefully for a moment and asked her mother: "Mother, are we almost there?"

"Why are you asking this suddenly? Didn't brother just ask you something? Well, we are almost there. We turn a corner and go straight ahead to reach the entrance of his store." Qiao Liuqing touched Tian Nini's hair and said to her, and everyone came back to their senses. From the moment they passed through the small gate and got on the bullock cart, they just looked at the scenery and didn't pay attention to the journey.
