Chapter 1841

Moreover, this kind of thing has no intelligence in the first place. The barrier will isolate all sounds inside, so they cannot hear it, unless someone opens the barrier privately or raises this thing. Gu Shaoyang feels cold when he thinks of this situation. , what kind of thing would breed such a thing? Isn't it full and has nothing to do? In other words, the barrier has been destroyed, but if the barrier is destroyed, the village chief and the people should know immediately that there is some conspiracy. I thought that nothing would happen in this kind of place, but it turned out to be careless. It seems that I can only rely on They are on their own. I'm afraid things are really in danger this time. They need to contact the people inside as soon as possible.

"Mrs. Qiao, we won't go in when we get to the door later. We two have something to do, so you can just bring them in. If you bring too many people, you're afraid others will say it. We'll just make sure they go in safely. Li Haotian and Gu Shaoyang said beside them,"Does Mrs. Qiao know about zombies?" The thing that has caused a lot of trouble recently is a disgusting thing created by a group of evil cultivators. Just like what you said, they like to make disgusting things like this. I'm afraid there is such a thing in Chicken Leg Country."

Qiao Liuqing nodded,"Don't worry, I will take good care of these two children. I'm afraid Chicken Leg Township really has these things, so where are you going? Put the children here."Qiao Liuqing asked. Before they could finish speaking, they heard a rustling sound in the grass, and then something like this appeared. The cow was frightened and kept rushing forward. Li Haotian pulled him back. Damn, Gu Shaoyang solved this thing immediately

"We are all from the Jianghu community, so why not come to our Chicken Leg Township to stay for a while, so that you can help us solve the problems in the township."Qiao Liuqing was asking for their opinions. Li Haotian rejected her on his behalf,"I'm afraid it won't work, Mrs. Qiao. We still have to strictly investigate the zombies in this town. I'm afraid we can't get away. These two little guys have to be passed down by us, so I want to let them go inside to experience it."Qiao Liuqing could only shake her head helplessly. These two children alone may not be able to complete this task. In fact, she had known it before. These were all internal information, released by the village chief. She did not expect that these two little children would uncover them. List.

It seems that I can only rely on them temporarily to see if I can keep Li Haotian and Gu Shaoyang."In that case, I can't force you to keep them. Thank you for your help. I will definitely take good care of them." If you want to know about these two little guys, you can ask me." said to Ouyang Zhengxiong and Sun Yulan

"Yes, we will definitely complete the task well. Brother Haotian and Brother Shaoyang, don't worry. We will definitely listen to Sister Qiao's words, not cause trouble to them, and settle down well." Ouyang Zhengxiong and Sun Yulan said seriously. Seeing the two little guys suddenly becoming more reliable, Qiao Liuqing felt that they might be able to rely on them. Maybe these two little guys really have this strength. When they arrived at the barrier entrance, Gu Shaoyang and Li Haotian got off the bullock cart.

He bowed, but Qiao Liuqing still didn't leave them behind. Alas, forget it, she had to do this for now. Anyway, they were only two children and she could protect them well. "Drumsticks are fragrant in the country of chicken legs, hurry up." Open the door quickly, Qiao Liuqing. "The barrier seemed to have received it and opened a small hole that could only be entered one at a time for them to enter.

Chapter 1842

This time they could only send Ouyang Zhengxiong and Sun Yulan here. The manager was very worried, but Gu Shaoyang and Li Haotian had taught them everything they could usually teach them. It would be a matter of whether they could fully absorb it and complete the day's training tasks without being lazy every day. It's up to them. Although Ouyang Zhengxiong and Sun Yulan are reluctant to let go of Brother Shaoyang and Brother Haotian, everyone has to grow up, and they are no exception. They cannot become a burden to Brother Haotian and Brother Shaoyang. They still have Work needs to be done.

As long as they complete this task this time, they can use their own strength to complete every task in the future. After that, they can also repay Brother Shaoyang and Brother Haotian for their upbringing. Their eyes are even brighter when they think of this. He was determined and imitated Brother Shaoyang's bow, "Brother Shaoyang, Brother Haotian, we have troubled you to take care of us before. We will do our best to complete this task, and we will meet at that place later." Okay?" Ouyang Zhengxiong said to Gu Shaoyang and Li Haotian

"When we come back this time, we will definitely take you to eat delicious food with the silver we earned. When the time comes, Brother Haotian and Brother Shaoyang are not allowed to stop us from drinking some wine, especially the peach blossom wine from that place. I still remember the aroma, but it's a pity that I never finished drinking it." According to the rules here, you can only be considered an adult if you complete the tasks you have taken over. Although they are not adults yet this year, they will soon. Ouyang Zhengxiong and Sun Yulan's birthdays are very close, and they will be completed in a few days. It's the New Year's Eve, and they want to complete this task before that time.

Then there will be a big coming-of-age ceremony, and the four of them must live happily together. No one can be missing. "In a while, it will be you two." It's your coming-of-age ceremony, and you have to have a big one then. You have to practice hard during this period. We can't come to your place at any time, and we have to think twice before we act." Gu Shaoyang reminded, Ouyang

Zhengxiong and Sun Yulan nodded, "Don't worry, brother Shaoyang, we will think twice before we act, then let's go in, bye."

Qiao Liuqing watched the two little guys say goodbye to their families for the last time, and let them go in first. The door would be closed after they entered. After Ouyang Zhengxiong and Sun Yulan had all entered, she said to the people behind her: "Are you so worried about two little babies experiencing life in an unfamiliar place? Although everyone needs to go through this, there is also the option of a guardian. I don't believe you don't know, or you haven't told them."

"Don't worry, Mrs. Qiao, we will never do anything that we are not sure about, but this time the situation is not something we can decide. This time the zombies seem to have mutated. The two of us must stay in the town and stick to that place and wait. Other companions came to help us, but Mrs. Qiao still had to worry about things in Chicken Leg Township." Li Haotian said seriously to Qiao Liuqing that this time it is not something they can decide. For safety reasons, they still have to keep people in the town. For other things, they can only rely on themselves and the people in front of them.

Although in Chicken Leg Township there are some of their people among them, but insiders will know more, not to mention that Qiao Liuqing is only a person with certain strength in Chicken Leg Township who has so many connections.

Chapter 1843

Seeing his sincere attitude, she also knew that there was nothing that could be done about the matter so far. As an envoy to protect Chicken Leg Township, she still knew some things. For example, she also knew about the situation outside. This town had a temporary success thanks to the young man in front of her. Peace, but they can't go anywhere until the crisis is completely eradicated, so it's not difficult for them. "In this case, I can't say anything. I will take good care of them for you. If you need help, you can come to me with this. With this, you can enter and leave Chicken Leg Village once." Qiao Liuqing slowly handed over a crow-green jade plaque.

There is a pair of carps on it, and the name of Chicken Leg Township is in the background. It is straightforward and easy to understand. People can know at a glance that this is the key to unlocking the barrier. Although it is a consumable item, it will be easier to find Ouyang Zhengxiong and Sun Yulan with this in the future. It will be much more convenient, and the fewer things to explain, the better, so that the efficiency of work will be improved. If you enter Chicken Leg Village with this jade token, the villagers inside will not suspect that they are bad people.

If they had to rely on themselves to break into Chicken Leg Township, it would be a headache. The people in Chicken Leg Township are very united and unanimous in dealing with the outside world. Anyone who disturbs the peace will be kicked out according to village rules. This solved the problem, "Thank you, Mrs. Qiao. We will visit them secretly when we have time. The training now

is to train their courage and independence in doing things. It may not be possible if they can rely on us now. So growth must continue, and we will be here waiting for their victory. As long as they try once and succeed, they will work harder in the future." Gu Shaoyang said to Qiao Liuqing, they also believe in them, so they will not let them experience themselves. be their guardian

"Don't worry, you don't have to worry so much about this safety issue. I'm going over there. Although they can't hear our speech over there, these two little guys may be a little anxious when it gets later. After all, it's their first time. One mission at a time. Young people are just anxious." After saying that, Qiao Liuqing took her little daughter's hand and entered the entrance. She watched them enter and the process of closing the barrier. Then they turned around and prepared to go back with confidence.

However, where they couldn't see, a pair of sneaky eyes appeared from the grass. He leaned out and took a closer look at the man's clothes. He was dressed in green leaves and was hidden in the jungle. He looked very ordinary, but the token around his waist was disgusting. When Gu Shaoyang and Li Haotian were farther away, he looked out from inside. Come out, remember the distance, mark it here a little, and then decide what to do here. After

Gu Shaoyang and Li Haotian walked far away, they jumped to other roads. They both noticed the sneaky guy. What he is doing now They all watched with their 'eyes' that stayed there, only to see that he withdrew after marking it. Gu Shaoyang ordered his 'eyes' to patrol for a week, and then returned here after finding no trace of him. Li Haotian suddenly thought After wiping off the mark, Gu Shaoyang stopped him and said: "There is something fishy about this matter. If we think about it in the long term, we can do this....."

When Ouyang Zhengxiong and Sun Yulan arrived inside, they were shocked by the peach blossom garden-like scene in front of them. The sky was brighter than outside, and there were laughter and laughter everywhere. What a joy, the name of Chicken Leg Country stood next to them.

Chapter 1844

This standing sign can be neither too big nor too small. The name is carved on a complete piece of natural stone. "This is a gift from nature, so we just engraved the name on it. This is the collective name of the village chief and villagers." Meaning." Qiao Liuqing came in and saw the two people with shocked faces. It was a little funny and a little cute. The expressions of these two little guys were the same as the first time they came here, especially this stone. They also looked at it at the time. After a long time, I still don't know why it was carved on this stone like this. It was the village chief who explained it.

Ouyang Zhengxiong and Sun Yulan still haven't come to their senses. Indeed, whoever encounters this situation for the first time will not be confused. This is simply a fairyland on earth. It appears in troubled times and everyone wants to snatch it! They actually moved in. Although it was because of

the mission, this mission was definitely worth it."Sister Qiao, this place is so beautiful! This is my first time to come to such a place. So where does Sister Qiao's family live? It must be very beautiful.!" Sun Yulan asked yearningly

"You guys come with me, my family lives under that giant tree, that's where you see it."Qiao Liuqing pointed to the towering tree. It towered into the clouds, like a passage to heaven. Where does Sister Qiao's family live? She really wanted to get closer and take a look. She looked at the road while thinking. Looking at the scenery on the side, they followed Qiao Liuqing and Tian Nini. Tian Nini was so arrogant at this time, her little expression seemed to say, look, this is the envy of my family, and what is even more enviable is yet to come.

To their left is A small stream, the water in the stream is very clear, the silver carp jumps out of the water, and the small water droplets it splashes are also rolling in the air, crystal clear. After walking for a short distance, I heard a snapping sound, so I walked With Qiao Liuqing's permission, we went there to see what was going on,"Grandma, grandma, when can I go and play? Why do I have to wait for you to finish washing your clothes before I can go and play?"When they walked in, they saw that it was a child and his grandmother washing clothes nearby.

The little boy was very excited when he saw Qiao Liuqing,"Sister Qiao, Sister Qiao, you haven't come to play with Xiaole for a long time, why haven't you come recently? Are you looking for Xiao Le to play with?"The little boy trotted up to Qiao Liuqing, pulled her sleeves, and kept asking. Only then did his grandma stop what she was doing, turned around and saluted Qiao Liuqing, and then said to her,"This is Have you just come back from shopping? This kid has been thinking about you for several days. As soon as he saw you, he ran towards you. Hey, these two little dolls look very strange. Are these from your home?"His grandma asked Qiao Liuqing.

Qiao Liuqing shook her head,"This is my friend's child. They will come to my house to play for a few days. His family has something to do and he can't take them with him for the time being. Grandma, please be careful and don't fall into the child again like last time. It's in the stream."Qiao Liuqing covered her mouth and said with a smile,"That's right, sister Qiao, grandma is getting old, and she always forgets this and that when doing laundry. Xiaole is so hard, and she does things with grandma every day, and she really wants to play."The little boy's mouth is flat. This little boy's round little face is slightly darkened, maybe from sunburn.

"Xiaole, your grandma is helping you wash your clothes. If she doesn't wash them, no one will wash them for you. When you grow up, you should also help your grandma wash your clothes."Qiao Liuqing tapped his little nose, and then saw him nodding sheepishly.

Chapter 1845

"Sister Qiao, Xiao Le knows that when Xiao Le grows up, he will definitely be filial to his grandma. Xiao Le is a good baby."The little doll patted its chest, and Tian Nini on the side snorted

disdainfully: "Humph, you won't be sensible until you grow up. Nini is sensible now. She was running around with her mother at a young age. Nini That's the best." Seeing that her mother liked him so much, Tian Nini was disgusted. Her mother didn't want to share it with him! After hearing this, the little boy was a little downcast, but he suddenly thought of his grandma and ran back, "Grandma, Xiaole will definitely do it in the future. You will be more obedient than Nini. Xiaole can help you wash your clothes now. Looking at her competing grandson, grandma couldn't help but smile and said: "I don't know when you will wash my clothes. I don't know when. Xiaole is the most obedient in grandma's eyes. Please stay with me now." Grandma just does the laundry. Mrs. Qiao, when I go to your house next time, I will bring some sweet potato pancakes that children like to eat. Then I can share some with the two children."

When they heard about sweet potato cake, Tian Nini and Xiao Le's eyes lit up. Wow, it's sweet sweet potato cake, grandma's specialty." Grandma is the best, Nini likes you the most, I'm sure. I need to make more for Nini, Nini is waiting for you. Nini answered first, looking at her daughter's greedy appearance, and scratched her nose, "Little glutton, grandma, let's go back first and talk next time." After saying that

, he took Ouyang Zhengxiong and Sun Yulan away. The two of them also thanked grandma, "Thank you, grandma.", and they were also looking forward to that delicious sweet potato cake. In fact, when they heard this, they didn't think it would be very delicious, but with Tian Nini and Xiao Le, they suddenly felt that this cake was delicious, the sweet potato from the fairyland. The cake must be very delicious, I'm really looking forward to it

"Sister Qiao, is that smoking house your home? So beautiful." Ouyang Zhengxiong and Sun Yulan said in unison. They saw small clouds floating in the chimney. The house was three-story. It had the same sense of sight as in a peach garden. The giant trees on the side made it small, but when walking, Taking a closer look, this house is so big and beautiful, "Yes, this is Sister Qiao's home. You will live with us in the future. It may be a bit crowded. I will ask them to prepare a room for you. You live." Qiao Liuqing arranged a place for them to live.

"Mother, you are back, and your sister is back too. Who are these two?" A boy of about the same age as them asked Qiao Liuqing. Behind him was a girl who looked to be the same age. The girl looked at Ouyang Zhengxiong carefully. This was her first time meeting someone new from Chicken Leg Village. She probably It was brought back by her mother from outside. Maybe she looked at it too obviously. Ouyang Zhengxiong looked at her and introduced himself: "Hello, my surname is Ouyang and my courtesy name is Zhengxiong. This is my... sister, no, no, she is My sister is an hour older than me. Sun

Yulan's ears turned red. Sun Yulan smiled and said without changing her expression: "Hello, my surname is Sun Yulan." Looking at Ouyang Zhengxiong who was covering his ears, Sun Yulan threatened him with her eyes and asked him to be quiet. For a moment, Ouyang Zhengxiong felt

aggrieved. It was just luck that he was an hour older than him, and he was not his biological son."But you guys look a little bit different. It doesn't look like wow, are you two from the same father and mother?" asked the little girl.

Chapter 1846

I thought she would ask some shocking secret, but in the end they asked the same question as the people they met before,"We are actually adopted, adopted by our brothers. They are very good to us, like Just like our parents before, they took great care of us. Hehe, we were very lucky. They appeared when we were most helpless, so we didn't care about our parents' problems, as long as we could always be together."Ouyang Zhengxiong and Sun Yulan finished talking one sentence to the other.

It was obvious that the little guy in front of them was shocked by what they said. They had always thought that people outside were like their Chicken Leg Village and were particularly concerned about their children. Ouyang Zhengxiong and Sun Yulan in front of them should have been abandoned by their hateful parents. , there are such tolerant parents in the world, this brother is not ugly, and this sister is also very good-looking, it is so pitiful, I must take good care of them during this period, she was rude just now, talking about them being sad The place went.

The more I thought about it, the more I felt sorry for them, and my eyes slowly became a little pitiful. Ouyang Zhengxiong and Sun Yulan felt a little uncomfortable with this look. They didn't seem to say anything strange. Why was the little girl in front of them... Looking at them with this look,"Ah, that's it, then you must have suffered a lot. Come in quickly, my father is coming back just now, and I will let him show his hand to you then." The little girl quickly said The elder brother pushed aside and let them in.

Under the strange look in his brother's eyes, he asked his sister why he suddenly pushed him away. However, the sister did not look at him. Instead, she entertained Ouyang Zhengxiong and Sun Yulan with a more enthusiastic voice. She even held Sun Yulan's hand and went to her mother's house."Mom, I want to sleep with this sister. Since our family can't take out a room for the time being, let's let my brother stay with this brother for one night." Qiao Liuqing thinks this is good. It's true that we won't be able to take out a room for them for a while. sleep

"The baby is very happy to think of his mother like this. Where is his father? Touching her eldest daughter's hair, she asked,"Xi'er knows that father is coming back soon. He told us to hurry up and finish choosing the dishes, and he will be back to cook soon.""Her eldest daughter Tian Xi'er said, Qiao Liuqing smiled slightly, her husband will be back soon, and she will tell him about Ouyang Zhengxiong and Sun Yulan later, fearing that he will misunderstand that there is a thief in the house. Although she moved in from Since that day, there have been no thieves here, but it has become less and less peaceful recently, and Qiao Liuqing is a little worried.

"I'm back, little darlings, did you miss me? Hey, why is no one at the door today?" Suddenly she heard a voice of sunshine, and Qiao Liuqing knew that her husband was back. When the guy she thought about day and night appeared in front of her, Qiao Liuqing couldn't be more gentle. Suddenly, a gust of wind hugged her, and the child They seemed to be used to this shitty scene and kept silent. They knew they couldn't get in the conversation between these two guys now.

"Qingqing, I miss you so much. Why did you come back now? That guy actually kept you chatting for so long. I won't go to his place next time and just agree to his drink. Humph, Qingqing, have you missed me? I miss you every day."

Chapter 1847

Ouyang Zhengxiong and Sun Yulan looked at the giant doll that kept acting coquettishly in Sister Qiao's arms. They were overwhelmed by the dog food before they could react for a while. There were more and more black lines on their faces. They only remembered it after they were tired of it for a long time. There was someone next to her, "Oh, I'm going to cook. What does Qingqing want to eat? I'll cook it for you. The ones sold outside are not as delicious as the ones I cook for my husband." Qiao Liuqing's husband was affectionate to her. said.

That's enough. We are still there. Sure enough, we picked it up. My father only has mother in his eyes. Once she wanted to eat some shredded pork with green peppers, but her mother thought it was too spicy and wanted to eat soup. But her father directly made soup with green peppers. She didn't even see it. There was another time on the table that day when she wanted to buy a bunch of candied haws on a stick. Her mother said she wanted to eat it too, but the candied haws on her hand were gone. Looking at the unsightly light, she thought she should also find one. Husband, make them mad

"Madam, whose children are these two? Why haven't I seen them? Are they from that guy?" Qiao Liuqing's husband said with jealousy. Regardless of whether they are from the family, the wife must have said a lot to them. The wife has not said a few words to him. In the past few days, Sun Yulan and Ouyang Zhengxiong looked at the jealous people in front of them. The man stared at them hard and was speechless for a while. They had just arrived. Did they want to rape Sister Qiao?

Seeing her husband's jealous look, Qiao Liuqing immediately understood what he was jealous of. He was really jealous, "This is me on the way. We met the children of our friends. They saved us on the road, and the two little guys were going to live here for a while. They helped us, and we should help others." Qiao Liuqing rubbed her husband's face and had another meal of dog food. Ouyang Zhengxiong and Sun Yulan felt that they didn't need to eat later. They were already very full now. Really

"Hello uncle, my surname is Ouyang and her surname is Zhengxiong. Her surname is Sun and she is Yulan. She is my sister. I'm sorry to bother you." Ouyang Zhengxiong said to Qiao Liuqing's

husband. After listening to his wife's explanation, he didn't have the same experience as them. Anyway, they are just two young men and they can't make any waves."Since this is the case, I just... cough , I will add the two children's favorite dishes to the original stir-fry dishes. I will show you what dishes you like."

The perspective of Ouyang Zhengxiong and Sun Yulan at this time is that they are broken children. They still want to choose food, so it would be good for you to do it for them."Uncle, we are not picky eaters, we can do it."Ouyang Zhengxiong and Sun Yulan said with a strong desire to survive. They didn't want to offend others with their choice of dishes. After all, they were living under someone else's roof at the moment. Suddenly they wanted to go back, thinking about the brothers Haotian and Shaoyang who deserved a beating.

At this time Gu Shaoyang and Li Haotian are eating in an inn they have never been to before. Look at this dish. Um, boiled cabbage, tofu and shrimp... Can they go to the previous inn to eat? This is really unpalatable. Look at that The fish head felt undercooked, and I regretted asking her to cook rice and stir-fry,"Why don't you eat it? Eat it quickly!" I've been cooking it for a long time. If I didn't cook it for someone else, why do you dislike the food I cooked, eh?"Lifting the curtain, an exquisite beauty walked out, but this beauty seemed unhappy. She was holding a rice spoon in her hand. She was wearing a lavender dress. The almond-shaped eyes on her small face were full of anger.

Chapter 1848

She was good enough to prepare food for them, but they were also very picky. She would have let them eat the leftovers if she had not been notified by the superiors at short notice to help them complete their tasks. She would still be on vacation. Damn it. She had been working hard for so long, didn't she just want to take a short vacation? Why should she be notified of the mission when she was about to leave?"Hey, you two actually asked me for help. What happened to this mission? Our annual outstanding employee was unable to complete the mission. , come on and tell me to make me happy."

The woman was very proud. This was the first time she saw them being embarrassed. No, no, no, no, no, she had to write it down in a notebook so that she could deal with them in the future. She was happy when she thought of this and wanted them She usually bullies her, even if she is an old friend, especially this Li Haotian, who is the most hateful. Back then, he used his hand to touch her head because he was taller than her. Now that I have such a good opportunity to anger him, it is really good to relieve my anger. There are many times where I just count one item at a time!

"I'm afraid we're going to be in big trouble this time. You remember that we went on a mission in this town not long ago. It turned out to be a good thing. The thing seemed to suddenly become stronger and harder to kill. In this case, Masao and Yulan, I have temporarily transferred them, otherwise these two little guys will still follow the investigation. In addition, we also found this."After Gu Shaoyang finished speaking, he motioned to Li Haotian to take out the things. We

found the mark left by the organization near Chicken Leg Township, but we did not destroy the mark. We used a shadow stone to leave a photo. Take a look.

The woman who saw the photo suddenly became serious. Get up, this thing is the mark of a small sect over there from the evil cultivator. How come it appears here? It stands to reason that if there is such a situation nearby, it will be marked on the map. This time it may be the impromptu intention of those evil cultivators, but How do they know the location of Chicken Leg Township? Generally speaking, the address of Chicken Leg Township cannot be found. Unless it is an internal invitation, you will never know the address. They will use special things to guide the inviter.

"This is where? It stands to reason that they should not know the address of Chicken Leg Township. Could it be that someone exposed the address and they followed it and found the place?"The young woman asked. Li Haotian shook his head after hearing this. "I'm afraid it's more than that. This shouldn't be a mark indicating the location. They want to attack here. And I heard that it's not very peaceful inside. I'm afraid that thing has been stolen. Raised."She felt a chill when she thought of this. How could anyone not think about feeding such a disgusting thing? Don't you think it would be hard to eat?

Suddenly she saw Li Haotian who was about to secretly reach out and knock over the food, and suddenly grabbed his hand. Hands,"What's wrong? Is the food not to your liking? But didn't you just say that I made the dishes delicious? Don't throw it away secretly, I'll watch you eat it, eat it!"The young woman stared at Li Haotian, and Li Haotian said quickly:"How could it be? I just wanted to pull this dish over a little, so I didn't want to throw it away. Just eat it. You didn't poison the dish.""

That's what she said, but the chopsticks in her hands couldn't handle the dish. Under her fixed gaze, she slowly picked up a cabbage leaf and put it into the bowl. As a result, it fell down as soon as she ate it. Foaming at the mouth"Poisonous... This dish is poisonous, save me"....."He stretched out his hand towards Gu Shaoyang, and when Gu Shaoyang saw a good opportunity, he threw the bowl and helped him.

Chapter 1849

The young woman who saw Li Haotian falling down and foaming at the mouth was also frightened by the formation. She didn't put anything down. Why did he fall down? She went to take a bite of the cabbage, but she also fell down. This dish is really There was too much salt."It's okay, it's just too much salt. I'll put less salt next time. Shaoyang, please eat something else, he won't die." He turned to Gu Shaoyang and said, here Gu Shaoyang looked at him again Look again, he just refuses to go over to eat.

"Shaoyang, if you do this, I will feed you, or should you find a partner to help you with the mission?"The young woman smiled and told him what he thought was the scariest thing. He shook

his head like a top and refused to eat."You see the bowl is rotten. I'd better not eat it. So, I'll apologize. You have a meal. Look, Haotian just spat into these dishes. We still don't want to eat them. It's not very hygienic."

After hearing what he said, the young woman vomited suddenly. Li Haotian spit in it just now. She was disgusted to death. No, she can't eat this meal. No wonder Gu Shaoyang didn't eat this meal. I thought he also disliked it. As for the meal I cooked,"In this case, let's go out to eat. This meal is indeed too much to eat.""Li Haotian narrowed his eyes slyly where the young woman couldn't see him. He finally didn't have to eat this stuff. After solving the meal, there was still another problem. Li Haotian was lying on the ground, and Gu Shaoyang poured water on him."Ah, Shaoyang, I'm like this Where is it? Then I slowly woke up, looking like I had lost my memory just now,"Isn't it time for us to eat? Let's go eat."" He took Gu Shaoyang's arm and ignored the food on the table. Fortunately, he called the young woman and said that he knew there was a nearby inn with particularly delicious food. He had wanted to take her there for a long time, but unfortunately she never came.

She It felt a bit strange, but because of the saliva-filled food, she still went to the inn to eat with them. Here, Ouyang Zhengxiong and Sun Yulan were sitting upright at Sister Qiao's dining table, watching the food in front of them and they swallowed it with disappointment. I swallowed, this food is too fragrant, and the rice is also fragrant.

"Are you hungry, kids? Go and serve the food. Today I made your favorite squirrel mandarin fish."Qiao Liuqing's husband Tian Xuanyi served them food. He was very happy when he saw the two new little guys looking at the table full of food with admiration. Sure enough, the food he cooked was the most delicious. The other two brought Following them to serve the meal, Tian Xuanyi put the meal that Tian Xuanyi had served in Qiao Liuqing's hands and started again. Although the meal was delicious, the dog food was enough.

"Madam eats food. Do you like today's dish?"Tian Xuanyi asked Qiao Liuqing happily. The food on the table is really delicious only when the wife agrees. Qiao Liuqing opened her mouth shyly and ate the food Tian Xuanyi fed her. She nodded. Tian Xuanyi was very happy. This is the wife. The food that was praised must be very delicious.

Seeing them helping each other, picking food for each other, Ouyang Zhengxiong and Sun Yulan were really not used to it. Seeing other people chatting and eating as usual, they thought it was because they were a little bit Question, why are they so calm? Chapter 1850

The little girl looked at her parents with a used look on her face. Oh, they are still as loving as before. They still have the familiar taste and familiar formula. She bit her chopsticks hatefully. Only

then did Ouyang Zhengxiong carefully observe the girl in front of him. He seemed to I don't know her name yet."By the way, can you tell me the girl's name? I just realized that I don't know the girl's name yet." Ouyang Zhengxiong asked slightly embarrassed.

The girl who was suddenly asked her name was stunned for a moment. Indeed, they didn't seem to tell them their names, so let's introduce them formally,"Hello, my surname is Tian, whose name is Biyue, and my brother's surname is Tian, whose name is Langyue. We are twins, but we look alike. They actually look different." It turns out that the two of them are twins. Neither Ouyang Zhengxiong nor Sun Yulan noticed it, so they thought that they were just one year older than their sister at most, so they couldn't tell. It was really a strange thing in the world.

Qiao Liuqing noticed the excitement here and gently pushed her husband to let him watch them together. Although Tian Xuanyi was not very happy at first, he and his wife were eating well when her wife suddenly stopped eating and was a little annoyed. Looking over there, he saw his daughter introducing herself and her brother to the young man who had just arrived,"What are you doing? Eat and eat. Could it be that my father made the food not delicious enough? Otherwise, my father will eat it next time." No more cooking." Tian Xuanyi looked at Ouyang Zhengxiong with a somewhat unsightly expression,"Good guy, this guy has hooked up with my precious daughter in less than a day."

Although he himself was angry because he was interrupted when feeding his wife, he would not admit it. Humph, he dared to disturb their meal. Sure enough, he couldn't prepare too much food for them next time."Father, we know La, but my father and mother are immersed in the world of two people. I thought you wouldn't notice us. Then mother, we will eat and play for a while, right at the giant tree. If it's late, Mother can come find us there." Tian Biyue spread her hands and said helplessly.

Finally, there are a few friends who are outside. They can ask what it is like outside now and whether it is the same as here."Don't talk after eating. I have said it before. Otherwise, go Read a book." Tian Xuanyi frowned and said, this little guy actually talked back to him because of that little bastard. Although it was the same before, but now he just can't talk to this guy, and he gets angry when he looks at this guy.

A few people, especially Tian Biyue and Tian Langyue, who were scolded before even talking a few words, thought to themselves, aren't you the only two who usually talk at the dinner table? How come we have been talking to each other all day long after just saying a few words today, and when this rule was established? Why don't they know,"Yes, father, we are going to eat now." Then she took a few bites of the food, although The food was indeed delicious, but she had had enough of this dog food! She wants to fight back!

"Masao, we're going to play under that giant tree later, do you want to go? The giant tree next to my house." Tian Biyue asked in a low voice after finishing the food in her mouth. He nodded immediately when she asked him if he wanted to go play. Sun Yulan was speechless at the moment. They had forgotten her feelings. She was about to cough lightly, but she didn't know that Tian Langyue on the side had been watching her silently.
