

## Attributes 1851

### Chapter 1851

"Since you want to play, let's go together. It's fun when there are many people. Now just eat." Tian Langyue suddenly spoke up. Tian Xiyue originally wanted to say a few more words, but when she saw her father's eyes turning around, she shut up obediently. She didn't shut up because she couldn't beat her father, but just because she couldn't eat. Just talking, that's right. Seeing Tian Biyue's wilting look, Ouyang Zhengxiong looked at Sun Yulan again and almost forgot about her. After dinner, the four of them went outside to play together.

This meal was better than usual. It was much faster, but after the meal their father stopped them, "Where is the dishwasher today? Don't you want to eat after that?" Their father said leisurely. It was the first time he saw these little guys forgetting what they should do. After listening to his father's words, he shook his head, "Of course not, father. We are too impatient. Let's go wash now." Bowl, go now." After that, he and his brother went to the kitchen to fetch water and wash the dishes. Ouyang Zhengxiong and Sun Yulan also went to help. After all, they had eaten a lot of food on the table, so they went to help. Busy is a must

"Wait for us, we are here to help too." Sun Yulan and Ouyang Zhengxiong shouted behind them. They usually wash the dishes because their father has a hard time cooking and Nini is too young to wash the dishes, so they are responsible for all the big and small things at home. If you want to do it, there are free coolies for free, so you wave to Ouyang Zhengxiong and Sun Yulan and signal to follow them. They are going to fetch water now. If you want to fetch water, they will fetch it from the creek, but these bowls and other things cannot be washed there. , otherwise the river water will be dirty. They don't want to harm the water source upstream, so they can wash clothes and other things downstream.

Tian Biyue holds the basin filled with water, and other people's bowls and plates, and the dishes on this table I didn't expect that it would disappear all of a sudden. The remaining vegetables could not be saved and were fed to the chickens and geese. Usually, their food sources are almost all self-produced and sold. Sometimes they can take out the food in exchange for money, but Chicken Leg Village When people go out, they have to queue up and wait for the village chief and others to sign. Except for some of the village chief's right-hand assistants who will leave him a note before going out, others are not allowed to violate this order.

Otherwise, it will be easy for outsiders to find this place. It's really troublesome." Just in front, everyone, please hold on. We used to wash dishes in this place. We were afraid of contaminating the water source, because there is only one creek and a backup reservoir in Chicken Leg Township. Otherwise, we wouldn't be able to survive." , people will also raise livestock in that forest to provide meat. If there is really no way to cause famine, we can go out to buy food." Tian Biyue said

slowly, she must explain the rules clearly to these outsiders first. Otherwise, although their family can get them out if they violate it, it will not be good if they are violated too many times.

"I see, wouldn't that be very troublesome? Then everyone would share a common water source and have to go here alone every time they need water. Wouldn't it be very crowded? Sun Yulan asked in confusion. Looking at Sun Yulan's confused look, Tian Langyue answered:"Actually, we don't have to wash in that place every day. It's just that we didn't get enough water today, so we have to go there to wash." Usually our father would fetch the water and then we would wash the vegetables and so on."

It is true that if they wash the dishes in their hands, there will definitely not be enough water. They ate a little too much this time, although Sister Qiao's husband is very fierce.

#### Chapter 1852

But when they thought about the dishes he cooked, they still couldn't help but think,"It's delicious. The ones in the inn are not as good as the ones he cooked. No wonder they could woo such a beautiful wife as Sister Qiao."Then your family has been around for a long time. Have you lived here? It feels like a long time. It was also the first time for me to come to your Chicken Leg Township. At that time, I was a little curious. Has anything strange happened in your Chicken Leg Township recently? For example, there is nothing usual." Ouyang Zhengxiong Said to Tian Biyue

"Well, that's true. During this time, I don't know why there are always people on the mountain staying awake in the middle of the night and singing. I wonder, don't they sleep? If he doesn't sleep, I will sleep! As a result, I haven't been in a good state of mind recently. Sometimes I scream and fart, which makes me so angry."Tian Biyue said angrily. She got angry when she mentioned this. If you don't take a good rest at this time, you will easily be unable to get up. If you can't get up, your mother will drag you to do extra morning exercises. She doesn't want to do it twice!

Singing in the middle of the night? This man is probably not smart enough. If I get up and give him a good beating, if he sings or screams tonight,"Have you ever thought about catching him and giving him a good beating while he is singing tonight?" so."Sun Yulan suggested that this kind of person just needs a beating, but Tian Langyue looked at her and answered:"I think it's feasible. Although we secretly went out to implement this idea before, but it didn't work. I was discovered by my father and was given a beating. I haven't gone out since then. This time you are here and you have more strength. This time I will give you a severe beating."

Tian Langyue, who usually doesn't talk much, surprisingly said a lot today. Although she, as a younger sister, thinks it's strange, thinking about it carefully, it's true. Doing it like this every other day will drive a person crazy, and she herself This made the others even more excited. They were really looking forward to the evening action. They had to wash the dishes and go home quickly.

While washing the dishes, they met the grandma again and said, "Grandma, why are you washing the dishes alone? Where is your grandson?" ? Have you gone to play?" Tian Biyue said to her grandma, and grandma said to Tian Biyue kindly: "Yes, this little guy went to play with his friends. I told him to come back early. I don't know why he hasn't come back yet. He probably played for as long as before. Forget about time. I have to finish washing quickly and find him then." Looking at grandma, she had only washed half of the bowl. It would probably take a long time to finish washing, so I helped her wash it first.

The people here would have finished washing it all at once. "Grandma, let's help you. You can do it then. Hurry up and find your grandson, the sun is setting." Tian Langyue spoke up, and the others nodded. Grandma was already very tired raising her grandson by herself. At her age, she was enjoying the blessings. It was all because of the accident, "Good children, they are all good children. Ah, thank you. This old lady is old and useless. It still takes so long to wash something." Grandma seemed to be in a bad mood. It was because she was recalling things from the past.

They didn't interrupt, and just let her miss her family. After they finished washing, they told her, "Grandma, we've finished washing. Hurry up." Go find your grandson." Tian Biyue handed over the placed dishes and soothed softly. Grandma is also a poor person. The two of them depend on each other. If something happens to the grandson, it will be a shame.

#### Chapter 1853

"Next time, grandma will prepare delicious food for you. Thank you, children. Grandma will leave first. Don't stay here for a long time. It's summer, so go back early. Don't worry about your parents anymore." Grandma patted Tian Biyue's hand and said to them that there are a lot of bugs in this season. You should go home quickly, otherwise you don't know what will bite you." Then let's go home quickly today. , don't go play, I'll take you to the town another day to get to know the people." Tian Biyue said to Ouyang Zhengxiong and Sun Yulan.

Ouyang Zhengxiong and Sun Yulan were a little worried about the grandma. She is so old. What should she do if she encounters something along the way? Forget it, let's wash these dishes first." Finally After washing, let's go back." Ouyang Zhengxiong suggested, Tian Biyue nodded, and the four little guys embarked on the road back. The sun was about to set, so they had to go back quickly, and while there was still a little light shining on the ground, those insects would be gone. The class is about to come out for activities.

"The food cooked by your father today is really delicious. Does your father usually cook?" Ouyang Zhengxiong was reminiscing about this delicious meal while holding a stack of plates. This plate is so beautiful and has patterns on it. Most inns usually engrave the name of the restaurant on the plate, but rarely use such beautiful plates and bowls..

Seeing Ouyang Zhengxiong observing their dishes, he asked: "What are you looking at?" What's so cool about this plate? I have a lot of them at home, all brought back by my father." Tian Biyue said proudly. Although she knew that this kind of plate was definitely not common outside, she still said it out of vanity. The brother who knew the truth did not speak and just watched his sister silently. Ouyang Zhengxiong heard Tian Biyue was a little envious at these words. It turns out that this bowl can be so beautiful.

"Sister, please sleep with me tonight, and we will go shopping tomorrow! My sister definitely didn't know this place when she first came here. Sometimes there are more things here than what is sold outside, and the same goes for the food, especially the candied haws here, which are even more delicious, but there are still some things that are not available here. It's delicious outside. Tian Biyue said excitedly to Sun Yulan that she could finally take someone to go shopping.

This was the first time someone invited her to go shopping. "Okay, let's go shopping together then. I also want to see what you have here." Things, you can call me next time you go out and I will take you shopping!" Sun Yulan patted her arms and said, the food they have outside is actually very delicious, but the girl in front of her said that the food here is better than outside, and she was a little unconvinced. In the past, there were a lot of snacks outside, and the clothes and jewelry were even more delicious. It was a dazzling array of things. She actually wanted to buy some more accessories, as it seemed like she hadn't changed into new clothes for a long time.

Finally, they returned home with the last bit of the afterglow. Her father and mother were not in the hall, and they had probably gone back to their rooms to rest. "Jade Sister Lan, let's go wash up together. Brother Zhengxiong, just go with my brother." Sun Yulan nodded and thought it was good. On such a day, she put on her clothes and took a change of clothes together and set off to the bathroom. Under her leadership, she quickly found the bathroom. The bathroom was very large, and men and women washed separately.

Take She went in to take a bath in the tub, which was a bit misty and hazy. Sun Yulan was a little shocked when she first came to such a place.

#### Chapter 1854

Because they have always used bathtubs to bathe, even if they take a bath, they always take a bath in a larger pool. This is the first time for them to take a hot spring bath. "Is this the case in everyone in your chicken leg country? I used to use It's my first time to take a bath in a tub and a hot spring. Let's go in quickly, I can't wait to take a bath inside!" Sun Yulan said innocently to Tian Biyue. She shook her head and pointed to the empty object in her hand. Just wait for her and go get the things with her. Only then did Sun Yulan notice that she didn't take anything for bathing.

"Wait for me and I will take you to a place that is essential for taking a bath!" Tian Biyue took Sun Yulan's hand and walked and said, how can you take a bath without these things? Without these

things, there is no soul. Without them, you can't take a bath. They came to a place filled with fruits and bath soap. Magically The fruits in that place are all iced, and the bath soaps are fragrant and come in various flavors. Look at the sign above: If you want to take a bath, you can get one per person for free. No charge!

No charge! Sun Yulan pointed at the sign, pointing with trembling fingers to the free places. Tian Biyue understood what she meant and nodded, "Sister Yulan, there is no charge for taking things here, but each person can only take one serving." Things, otherwise these things will be robbed." Tian Biyue looked at Sun Yulan's excited look and explained patiently. At this time, Sun Yulan would only nod. Of course, otherwise, if these can be taken casually, they will definitely be snapped up.

"Well, don't worry, I won't take it randomly. It's good that they don't charge for it, and they also posted a sign carefully. But don't you think you will take it without anyone guarding it?" It took Sun Yulan a while to react and expressed her doubts. There was no one guarding this place. Is it true that no one was taking it? Even if those people were taking it, I don't know if the owner would know it. If something was done here, They were grabbing like crazy, but Sun Yulan didn't know that it was Sesai.

Tian Biyue led them all the way to get iced fruits such as watermelons and plums, and then they chose a piece of bath soap here. Tian Biyue chose the osmanthus-flavored one. Sun Yulan chose the magnolia flavor, "Magnolia, magnolia, hahaha, did sister Yulan's parents use the magnolia flower as a metaphor for you, or did they mean that when my sister arrested Zhou, it was the magnolia flower?" Tian Biyue teased Sun Yulan, and Sun Yulan recalled the scene at that time, "Why did you grab a bunch of flowers? Oh, forget it, our baby daughter also likes magnolia flowers as much as you do, so it doesn't disappoint you who always liked them at that time. Bring magnolia flowers home'

"In fact, you guessed it right. My father gave me the name Yulan because he caught magnolia when he was pregnant with me. He said that when my mother was pregnant with me, she always told me to put a magnolia flower aside. She was willing to give up, otherwise she would go looking for magnolia flowers by herself. After I was born, she didn't like magnolia flowers. It's not that she didn't like them, but she didn't like them that much. My father never had a headache because of this magnolia flower. But who told him to love my mother, so he went to buy a magnolia every day. Once there was no magnolia, so he looked for it on the mountain, but when he found it, he didn't see his mother when he returned home." Sun Yulan suddenly stopped talking, and Tian Biyue was so anxious that she urged, she still wants to continue listening, why don't she stop talking?

Chapter 1855

When she looked up, it was great. It turned out that she had met Mom and Dad. By the way, it was time for them to take a bath at this time, but she likes to take a bath early, so that it would not be difficult to take a bath when there are too many people." Mom, Dad, you are here, why are you here

so early today? Normally, I would have finished washing you just as you arrived." Tian Biyue happily ran to Qiao Liuqing and said coquettishly to her, Qiao Liuqing also touched her head, she put down her hand and continued to hold her husband's hand to select things.

"Nothing, I just have a leisurely time today. I also came to accompany your father in the bubble bath. I disturbed the chat between you two little guys. We have already chosen to go in. You can continue." Qiao Liuqing said to her baby daughter. At this time, Ouyang Zhengxiong and Tian Langyue also came. Ouyang Zhengxiong saw this place for the first time and was stunned. He also pointed to the sign like Sun Yulan. Tian Langyue nodded. , so the resources here are so rich? Ouyang Zhengxiong thought, and then Tian Langyue took him to pick things up.

As soon as he turned to the side, Ouyang Zhengxiong saw Sun Yulan and the others, and they were about to go this way Chong, Tian Langyue grabbed him and shook his head, "That's the women's bathing place over there, and our men's bathing place is over here." "But why is uncle there?" Ouyang Zhengxiong asked in confusion. By the way, there is a women's bath over there, but why is uncle there? He whispered this to Tian Langyue. Despite this, Tian Xuanyi heard it. Although this sentence The question was correct, but this was her wife, "Well, there are also mixed baths, but they can only be used by couples." Tian Xuanyi explained for Ouyang Zhengxiong.

He actually heard it, and Ouyang Zhengxiong turned his head stiffly, "Ah, that's it. Sorry, it's my first time in a hot spring and I don't know much about these. Ouyang Zhengxiong scratched his head in embarrassment, "Langyue, let's go choose something, Yulan, see you later, Biyue." "After hurriedly taking Tian Langyue's hand to the side to choose something. If I had known better, I would have gone directly to choose something. I asked, is it okay now? It's really embarrassing. I don't know if Sister Qiao's husband will hold a grudge.

"These kids, that's all, I don't know them the same way. Madam, let's go in." Tian Xuanyi took Qiao Liuqing's hand and walked into the mixed bath. Madam still smells good. For Madam's sake, I won't be angry. Before they knew it, they had already walked in. Tian Biyue looked at them helplessly. From behind, she signaled to Sun Yulan that she had made her choice, go in. Sun Yulan nodded, and the two dolls slowly walked into the women's bath. The fog inside was very thick, and you had to look closer to see others clearly. But they couldn't see other people's faces clearly. There were very few people at this time, because everyone hadn't come yet and were busy with other things. They chose one of the huge baths to go in. Although it was summer, it didn't have to be so hot. I took a bath in the hot spring water, but after taking a dip in this hot spring, my whole body softened, as if all the worries of the day had been washed away by this pool of water.

Tian Biyue put the fruits on the plate and let them float on the water. Seeing her Sun Yulan also gently put Sun Yulan into the bathtub in this way, just to be afraid that all these things would be poured in. Fortunately, they were floating steadily on the water. The two of them took a deep breath and felt a little more comfortable.

## Chapter 1856

After a while, Tian Biyue brought the fruit plate placed in the hot spring to her side, picked up a piece of cut watermelon and put it into her mouth. Taking a bath was the most enjoyable part of the day. While humming a little tune, Sun Yulan also imitated her. He looked so happy, eating a piece of fruit, taking a hot bath, and stuffing a few pieces of iced fruit into his mouth. "Don't call me sister Yulan. I see that we are similar in age. We are probably the same age." If you are born, you can just call me Yulan. Calling me sister is too polite. How about I call you Biyue from now on?" Sun Yulan said to Tian Biyue with a smile.

Sure enough, girls are easy to play with. They are very unhappy here. Ouyang Zhengxiong is a little depressed. Mainly because Tian Langyue doesn't chat. He is bored to death. "Langyue, Langyue, you usually do more What? I'm almost bored to death with you. You talk, otherwise I feel like there's no one next to me." Ouyang Zhengxiong really couldn't stand people who can't be quiet anymore, so he kept talking to him.

"There is nothing to say about practicing calligraphy, reading books and helping my father with work. We live a very simple life. I also want to know what is it like when you are outside? I have never gone out. From birth to now, my father and mother have only taken my sister out." Tian Langyue's face changed from expressionless at the beginning to a hint of curiosity in his eyes. He also wanted to go outside and have a look. Doing the same thing every day was too boring.

Ouyang Zhengxiong didn't expect that he had never gone out. "Can't you go out? Is it a rule or are your parents not letting you go out?" He thought that everyone should be like Tian Nini, who would at least be taken out to see the outside world when they were young. In the end, was Nini the only one who was taken out to play by her parents? Then he is too pitiful, and the pity in his eyes is overflowing. Tian Langyue, who originally wanted to know the outside world, looked a little confused and helpless at this expression.

He had never gone out to play. Alas, it was really difficult for him to have such a bunch of parents. Not only did he He has to do some housework every day to take care of his sister. It gives me a headache just thinking about it. It's not just a day or two. His mother always leaves a lot of work for him to do." Actually, it's nothing. I just can't go out. People outside are still You can't get in even if you want to, so don't look at me like that." Tian Langyue held his forehead and said, this guy's expression really deserves a beating.

"Oh, that's it. Let me tell you secretly about the current situation outside. In the past, there was a lot of shouting outside and there were all kinds of delicious food. Then a disaster happened and everything changed. Alas, this disaster is real. It's terrible, that's what my parents didn't have....." The more he talked about it, the sadder he became, so he simply stopped talking about it later. Tian Langyue, who was still a little envious at first, saw that he suddenly wilted, with tears still in the corners of his eyes, so she walked over and patted his shoulder to tell him not to talk..

Unexpectedly, he couldn't hold it in any longer, and more and more golden beans dropped, "Wow, Langyue....." Suddenly the scene was a bit difficult to control, but fortunately he stopped crying quickly, "Langyue, hiccup... There are so many delicious things to eat in Chicken Leg Village. Why do you yearn for life outside? Is it too boring?" Ouyang Zhengxiong Suddenly hiccupping, Tian Langyue nodded, yes, Chicken Leg Township is very good, but he also wants to go outside and see the outside world, even if it's just a small experience.

## Chapter 1857

If you look up, it's the land of chicken legs. If you close your eyes, it's still the land of chicken legs. It's been a long day. Fortunately, someone came in to play with him. Although he was a little skeptical at first, looking at this fool, it was actually quite fun. Hey, I really want to go out. Take a look, "Can you take me out to have a look? After that, what did you come here for? Suddenly the Chicken Legs Township is a bit strange to outsiders." Tian Langyue asked Ouyang Zhengxiong curiously

"Us, it's a bit chaotic outside now. We are on a mission. Don't tell others. We are here to investigate the recent unrest in Chicken Leg Township. Only by completing the mission can we become adults. This is called experience. I won't tell you anything else. Anyway, we will protect the peace of Chicken Leg Township!" Ouyang Zhengxiong said to Tian Langyue with full justice, after completing the mission, he can become an adult. When he becomes an adult, he can go on missions alone. Then he can raise brother Shaoyang and brother Haotian.

Tian Langyue lowered his head and thought, no Is it peaceful? He doesn't think there's anything uneasy in Chicken Leg Township recently, but looking at Ouyang Zhengxiong's expression, he shouldn't be deceiving. This guy looks very sincere if he doesn't tell lies, and he just tells them in a few casual words. The purpose, that's all. He thought he was someone who was coveting chicken legs. If that was the case, he wouldn't mind getting rid of him secretly, emitting a cold light from an angle that Ouyang Zhengxiong couldn't see. Suddenly he felt a little cold, what's wrong? Looking around, just when Tian Langyue was about to see Tian Langyue, Tian Langyue suddenly looked away, "What's wrong? Suddenly I looked around, don't you eat fruit? Please rub my back. Tian Langyue didn't give him a chance to refuse, so she gave him a towel and leaned on the shore with her back to him. Ouyang Zhengxiong, who had just come back to his senses, laughed and said, "Ah, I felt a little cold just now, of course I want to For food, let me rub your back first and then eat fruit later."

"I'm not afraid of your jokes. This is my first time taking a bath in such a big hot spring. You are so happy. When I grow up, I will also be able to take a bath every day and eat more delicious food, and I will also do a lot of good things like your father. Food to eat! What do you think about learning to cook from your father?" Ouyang Zhengxiong talked to Tian Langyue non-stop. Alas, this guy really talks a lot, but it's also good. It can add a little fun to his boring life.

When he feels comfortable, he calls Ouyang Zhengxiong to stop. , turned around to rub him, and when he was enjoying it, with an ice-cold watermelon in his mouth, Tian Langyue used the foam made from bath soap to rub his back. As for his hair, they had already washed it before coming in, no Like a girl, she goes to the hot spring and says,"Langyue, your watermelon is so sweet. I really hope I can stay at your house forever. I'm so sleepy that I can take a nap."Ouyang Zhengxiong felt a little sleepy for some reason. Maybe he was too tired today. After all, he didn't sleep all night. He fell asleep lying on the bank. Tian Langyue was holding his forehead again. He was not here to complete the task. Yes, this is obviously for vacation. Forget it, let him sleep for a while. It is probably not good to sleep outside. He just said that it was very chaotic outside, so he slowed down the intensity of the bath. Ouyang Zhengxiong was in his dreamland. He felt that this kind of bathing was like singing a lullaby. His mother used to bathe him in this way, but now that they were gone, more and more pictures popped up in his mind, and he slowly shed a tear. Miss you.

## Chapter 1858

What's going on? Tian Langyue thought that her strength should be very small. Could it be that she was thinking of something sad? Just as I was about to wake him up, I heard,"Mom, I miss you so much, and daddy's beard... Well, I miss you so much."....."The sound was intermittent, and I could only listen to it with my ears. Did I miss my parents? It seems that this is really a sad thing for him. What happened outside to make them homeless? He is really happy living in Chicken Leg Township, but despite this, he still wants to go outside and take a look. Why, why Our parents don't let us go out, are we really that weak?

He had seen how powerful his father was, and he was unmoved when faced with the wolf. In just a moment, the wolf fell to the ground, and he did not see his father take out a weapon to deal with it. Facing the wolf, his father did not Play as usual, but treat it seriously. After cleaning up the wolf, looking at his stunned expression, he laughed again:"Does my son also want to learn? But my father will protect you here. You don't have to be like us. We My baby should live here without any worries."

No! Father was wrong! He also wanted to protect them like his father. He didn't want to just do nothing and grow up under his wings. He pushed his hand away,"Father, I want to practice." Tian Langyue said firmly, but his father As if it were a child's joke, he nodded but there was no follow-up. Without his father's guidance, cultivation would be more difficult, but he was not afraid. He started running in the morning before dawn, and the amount became more and more every day. There is no arm strength or anything left behind. I am afraid that my mother and the others are worried about returning home and taking a shower before them.

When his mother asked him why he looked so tired, he replied hastily:"Maybe it's because he went to bed too late last night. Don't worry, mother. The child will take good care of his body." His mother was very worried at the time. , but he was a little helpless. He didn't know if he had exposed the fact of exercising alone. After saying this, he went to work with his father without waiting for his mother's answer. His sister also followed. They were working on that big mountain. and at the foot of Mt.

From the beginning, his sister and he picked up wood on the mountain and helped his father plow the fields at the foot of the mountain. Later, his father even gave him the two-person job of picking wood. He did not shirk it, picking wood on the mountain and practicing at the same time. Continuously improve your physical strength, so that you will have less trouble in practicing in the future

"Huh... Masao is getting up soon and has to leave. Don't fall asleep here or you'll catch a cold." Tian Langyue still shook him awake. He was worried that if he stayed in this hot spring alone, his mother would blame him if she really caught a cold or something. Well, why do I feel like I have so many thoughts today? That's all. Is it an illusion or Ouyang Zhengxiong has brought back his memories? Why aren't you awake yet? Ordinary people would have been shaken awake long ago.

Looking around, there is nothing unusual and there is no strange smell. Could it be that someone put it here in advance? Did you take the medicine? The medicine is in the fruit? I smelled the fruit carefully. If it was tasteless, I tried it with a silver needle in my clothes. It didn't turn black. Could it be that this fruit is something else? This man is really powerful. He actually did it without knowing it. After being poisoned, it seemed that he had to carry Ouyang Zhengxiong back.

Just as he was about to touch him, he hit him, "Well, don't touch me...it's delicious...hehehehe." "I can't even hide the black lines on his face. Is this guy not poisoned? Why is he still talking in his sleep? After many attempts, he hit him every time he stretched out his hand. Although it didn't hurt very much, it still hurt. He hit me countless times back and forth. He couldn't bear it anymore and roared, "Get up, I won't carry you anymore." "Tian Langyue's expression at this moment was as if she wanted to eat him.

He stood up immediately after being yelled by Tian Langyue. His eyes were wide open. He didn't know what he was saying. He was obviously fine just now. Why did Lang Yue suddenly become angry while she was helping him take a bath? Did he let him rub it for too long and his hands were numb? Looking at his hands, it should be red, so he had to apologize quickly, "Ah, Lang Yue is sorry, Are your hands tired from rubbing them? How about I help you rub them? It's all my fault that I slept too much." I scratched my head in embarrassment, I'm really sorry.

"Back rub? Do you think this is a back rub? This was beaten by you!" Tian Langyue was extremely angry. This guy beat people while he was asleep and even rubbed his hands until they were red. If he had known about it, he should not have cared about him and let him catch a cold. Ouyang Zhengxiong was about to go over to help him look at his hands, but the result was Hearing his gnashing of teeth, I felt bad at the moment and moved towards him.

"Langyue, don't be angry. I was wrong. I forgot to tell you that I wasn't sleeping well. How about you call me back? Just hit me, I'm not afraid of pain." Ouyang Zhengxiong stretched out his arm, then squinted his eyes and turned his back to see what kind of blow he had made to Lang Yue's hand. It would be better to let him beat him to vent his anger.

## Chapter 1859

Looking at his stretched out hands and his narrowed eyes, he was afraid that he would hit him harshly, and when he was about to retract the bulging veins, he suddenly said: "Lang Yue, hit him gently." His temper was about to rise, but he thought about it and let it go, but when he saw the look on his face that he wanted to be beaten, it was in vain. The slap hit his hand, and he didn't take it back. Only then did he react. He was still a little impatient when he came over. Ouyang Zhengxiong was beaten so hard that he couldn't even pull back even if he wanted to. Lang Yue was still angry, so let him hit him a few more times.

Tian Langyue touched his forehead. This guy didn't cry out even though he was in pain. That's all. He didn't mean it. Forget it this time, he also hit and cleared his throat. After waiting for a while, the pain didn't come. He... Then he raised his eyelids and looked at Tian Langyue. Why didn't he fight? His anger was gone! Sure enough, just let Lang Yue hit him to vent. This time it was indeed his fault. His sleeping state was already bad, but how could he sleep so deeply today just by finding a place? Generally speaking, he slept lightly. In order to observe the surrounding situation, this is what Brother Shaoyang and Brother Haotian said. They must always be vigilant and not relax.

It is estimated that he will not be able to sleep peacefully until the end of this war. "Lang Yue... Lang Yue, are you angry?" Ouyang Zhengxiong was a little unsure, because Lang Yue's complexion was not very good, maybe he was reluctant to part with it. Hit me, they are indeed good friends. Unexpectedly, Tian Langyue, who suddenly became a good friend, nodded. After washing the foam on his body, he wrapped himself in a bath towel and was about to go out. "Langyue, wait for me! I'll be fine soon." Looking at Langyue, he asked Ouyang Zhengxiong said hurriedly.

Lang Yue wanted to walk out without looking at him, but he stopped instinctively. This guy, alas, really let him beat him, "Lang Yue, let me tell you, you are my first friend here.! From now on, you will be my good buddy. If you call me for anything, I will not hesitate to call you! Hehe." As he said that, he patted his chest to show loyalty, good buddy? Doesn't this guy remember that I just hit him? Although he was the one who hit him first, they have only known each other for less than a day and they are not good buddies yet.

"They are friends, not good buddies. We have only known each other for less than a day. Let's talk about good friends later." Having directly denied this title, Ouyang Zhengxiong suddenly became disappointed. Is that so? But he already regarded him as a good buddy. Forget it, he is a good buddy. He will always admit it in the future! What a colorful expression, obviously He was very disappointed just now. Sure enough, it was just a joke and he almost took it seriously.

Ouyang Zhengxiong suddenly raised his head and looked at him seriously, "If it's not now, it will be later!" Anyway, I already regard you as a good buddy." Ouyang Zhengxiong doesn't care whether he admits it or not. People who think good things about themselves must be very good people. If they are popular, they must have made great friends. His words were a little shaken to the core. Are you considered a good buddy already? Well, it's just talk anyway. Like the previous person, if he is in danger, will this 'good buddy' still pretend to be? We'll find out later.

"Let's go, don't stay here for too long. You can go back for a walk later. I'll show you what Chicken Leg Country is like at this time." Although Tian Langyue doesn't say anything, he is still very powerful in his actions. He was not moved because of his words. You will know what kind of person he is in the future. Take your time and observe. He almost walked when he heard that He was not interested, but when he heard that he was going to take him to the countryside, he quickly changed his words. "Okay, okay, should we call Yulan and Biyue." Ouyang Zhengxiong suggested.

Tian Langyue, who had put on clothes, stood at the door and shook her head, pointing at the two of them, "Isn't this Nuo? It's said that Cao Cao and Cao Cao are here. Looking up, isn't this Yulan and the others? Why are they in the male position?" At the bathroom door? "You guys....." Before she finished speaking, Yu Lan replied: "Bi Yue and I are going to the town to play, and I just wanted to ask you if you want to go together. You are so slow. We have been waiting here for a long time before you came out." Sun Yulan and Tian Biyue stood at the door and waited for a long time but no one came out. They thought they had left long ago, but they came out now.

"We just finished washing, why did you wash so fast? Also, we happened to be going to the town, and Lang Yue said she would take me to see the Chicken Leg Country at night, so I said yes and wanted to ask you if you would go, but you were right at the door. What a coincidence, haha." Ouyang Zhengxiong felt that it was a coincidence that they grew up together and had the same ideas. Sun Yulan also thought that they were siblings. The first thing that came to his mind was the other party, and it was no wonder that she was so good to him.

In fact, Shangtian Langyue and the others were so close. Yue is still a little reluctant. She originally wanted to go with Yulan, so her brother can let it go. Anyway, he won't go out with her. He always plays alone and doesn't take Meiyue with him. Although some I will think of her sometimes.

## Chapter 1860

But it's only occasionally, and he's still the kind who asks her to help run errands, cough, cough, but sometimes my brother is really reliable. Even if he seems indifferent, he will give her anything delicious and fun. , but what she didn't understand was that every time she went to his room, she couldn't see him. When she asked her mother and father, they didn't know that it would take a long time for him to come back, and he looked very tired, she thought. He plays with her, but he doesn't seem to have much time to play with her.

She always calls him brother after him, and he only occasionally replies, "Sometimes she really wants to ask, are you my brother?" But he never forgets her about birthdays or anything else, and he will suddenly bring something interesting to her, saying that he met her suddenly, and she thought you might like it, so he brought it back. Later, she found out that it was not her brother who ignored her, but her brother's real feelings. She was so busy that she forgot to take a rest, but he would never forget her.

"Brother, let's go. It won't be fun if we go late. I heard there will be a performance this time." Tian Biyue said to Tian Langyue, forget it, for the sake of him always giving her fun, let's call him. It's his business whether to give her face or not. If he dares to refuse her, she will never ignore him again. After saying that, Tian Biyue pulled Sun Yulan and walked towards the town. She was really looking forward to this performance, but she was even more looking forward to watching it with her brother. After all, he had never watched a performance with her every time. At this time, he ran away without a trace.

In fact, it's not his fault. He has to practice every day and has no time to play. He misses the performance every time he comes out. Looking at his sister's disappointed expression again and again, he doesn't feel like it. , He didn't mean it. He wanted to finish practicing in advance every time, but every time they passed each other, she gradually went to watch the performance alone. Even if he met her early, she would Don't say a word to him about this

"Okay... let's go together and wait for me." Tian Langyue was very happy. My sister finally invited him. He looked at Ouyang Zhengxiong, "You can be a good boy. Maybe he made my luck better. My sister never asked him before. Today she asked for the first time." Wow, you're so excited, aren't you? For the sake of my sister, this good friend can be used for the time being. Ouyang Zhengxiong, who didn't know why, looked at Tian Langyue who suddenly looked at him. He looked very excited. It turns out that he also likes fun. , He is indeed a good buddy!

Neither of them had the same idea, but they both thought about that good buddy. One felt that Tian Langyue was one step closer to admitting that he was his good buddy, and the other felt that Tian Langyue was a step closer to admitting that he was his good buddy, and the other felt that Tian Langyue was a good buddy because of his sister. Tian Langyue happily labeled Ouyang Zhengxiong as a good friend for the time being. Tian Langyue was so happy, but it blended with his usually expressionless face, making him look a little bit dumbfounded. But I don't know what happened to Ouyang Zhengxiong. I feel that he is very excited and happy.

I am afraid this is really a "good buddy". This time, Tian Langyue felt that the road looked different. She looked left and right, when did flowers grow here? When there is something more, he will tell Tian Biyue that it is his first time to watch a performance with her side by side. This year's performance must be very beautiful. "Sister, look at that flower. I don't know when we chicken legs." This kind of flower is growing in the village. Do you think the clouds look like little white

rabbits? There are those and that....."Tian Langyue feels that everything is very beautiful at this time

"Brother, Biyue saw it, it looks really similar."Although I thought my brother was very noisy at first, he is also very cute like this. He just wants to leave the fun things to me. Forget it this time, let them play together. This is the first time for her to play. It will be recorded carefully. Sun Yulan and Ouyang Zhengxiong are a little confused. Why does Tian Langyue drag Biyue and talk non-stop? Didn't he bring them to play together? How come they have been forgotten.

No The only way is for the two of them to go shopping together,"Yulan Yulan, why are you walking so slowly? Hurry up and keep up, or you will get separated. There is a small town ahead, and there will be a lot of people there. Take my hand quickly."Tian Biyue felt something was wrong at this time. She seemed to be discussing with Yulan about coming to the town to play. Why was Yulan not next to her? Then she turned around and found Yulan curling her lips. It seemed like she was negligent. Yes, I accidentally forgot her

"Only then did you remember me. I was sad and couldn't coax you. Hey, I lied to you. I'm here."Sun Yulan was a little sad at first, but then she stopped feeling sad when she called her, and quickly took Biyue's hand. Who said they were good sisters? Only then did Tianlangyue realize that he had forgotten his good friend. He quickly waved to him and followed his sister's lead in holding him.

As a result, Ouyang Zhengxiong hid. At first he thought he was unhappy, but then he immediately put his arms around his neck. Dude, look how good I am."As he spoke, he knocked on his back. The fireworks in the town lit up and looked at them again. They looked happier.
