

Attributes 1861

Chapter 1861

Compared with their happiness, Li Haotian and Gu Shaoyang were a little miserable. They could have gone down to have a good meal, but the young woman had to check and cook for them. It had been a long time since they had eaten the food she cooked. Fortunately, Haotian was smart and sacrificed his own life in exchange for their happiness. So they went to the old inn to have dinner. The waiter looked at the three of them and suddenly asked: "Guest, are you still the same as before?" "Why didn't you see those two children this time?"

"Oops, there were no children, you remembered wrongly." Li Haotian retorted guiltily. The waiter on the phone was a little strange at first. It wasn't until Li Haotian kept winking at him to look at the woman next to him that he became convinced. It turned out that this was the mother of the two children. They should be preparing to spend this time. The annual Cowherd and Weaver Girl Festival, also known as the Qiao Qiao Festival, the waiter in the shop scratched his hair and performed another set of classic moves. "Yes, yes, I remembered it wrong, waiter. This is your wife, sir." It's so beautiful. Why don't you try the latest dessert launched by our inn: pearl shells? This is a single item specially prepared for today's important day. Only three copies are sold. They can only be obtained by couples drawing lots. Yes There is no need to pay. The condition for drawing lots is that the guest will finish the meal lovingly and then come to the waiter to draw lots."

Li Haotian was speechless and turned his head to look at the young woman's expression. Oh my god, the anger is coming out of his eyes. Waiter, please leave quickly. I'm afraid she will beat you to death and no one will be able to help. I was doing the dishes, and the waiter felt a terrible look. As soon as he looked there, the other person's face changed all of a sudden. The gentle smile on his face was really scary. He was obviously smiling, but he couldn't feel the smile. "Ah, waiter Now go down and prepare the meal. If necessary, please call the waiter." He felt that he really couldn't leave if he didn't leave, so he disappeared like a cannonball. Only

Gu Shaoyang, Li Haotian and the young woman were left on the field. Gu Shaoyang strategically took a sip of tea and closed his eyes. , Brother, I'm sorry, he can't save him. Watching him drink water, Li Haotian felt that the fun was over. At this time, the young woman still looked at him with her classic smile and didn't say anything. Her scalp was really numb when she looked at him. , carefully moved her feet and prepared to sneak away, but she directly pressed her shoulders, "Where do you want to go?" Haotian, when did you come, child, and when did I become your wife?"

What a sin. He slowly turned his head and said, "Ah, it's okay. Didn't you hear the waiter say that he made a mistake...? Also, he probably admitted his mistake, so he thought you were my wife's." He feels like her background is like an evil cultivator at this moment. It's too scary. Shaoyang, please save him. He doesn't want to be beaten by her. As a result, Gu Shaoyang is still drinking tea with his

eyes closed... Damn it, I won't help you next time." You! The next second Gu Shaoyang spoke:"The children are the two children we adopted before. You have met them before. Then the waiter in the shop really admitted his mistake. He has no chance to find a partner. Who would fall in love with him?."

Although he said these words to save him, why do I feel that these words are hurting him? What does it mean that no one likes him? He is obviously very popular with women. He is jealous of him. He originally wanted to marry him immediately. Gu Shaoyang retorted, but he still curled his lips without confidence. He didn't say anything because he was afraid of being beaten by her. He waited until her anger subsided and said,"Oh, it turns out it's Yulan and Zhengxiong, these two brats. No wonder. , you have to do tasks and take care of children. Every time you bring them with you, they will inevitably think that the mother of the child does not know where to go. I have wronged you this time. Order food. This restaurant looks delicious. delicious. No wonder you are regular customers here."

If there is such an inn, she must frequent it. Why does she think the food in this shop is delicious? Because the three of them smelled the aroma of the food as soon as they came in. It was simply, too fragrant. How could a lady like that? She is the eldest lady in the family and the future heir. Although her brother will also participate in this competition, he is the kind of person who cares about things that have nothing to do with him, so he participates in this competition. Just to make it easier for her, she joked that her brother was the one who doted on her the most,"I want this stir-fried diced pork, mushrooms and chicken, and this and this. I also want dessert. Please change the tea. I'll order this pot.""

Looking at her rude way of ordering food, she came again and again. Every time we ate with her, she would order a lot of food even if she couldn't finish it. She couldn't take it away because she felt embarrassed. But they want to pack. After all, it's all money! They touch their money bags silently. It's okay, okay, they brought enough money when they went out. Now it's enough for this aunt. They can just eat more when the time comes. This guy Just try a few bites of each dish and then switch to another dish, no matter if it tastes good or not.

Chapter 1862

Seeing that she had finally finished ordering, the good guy only ordered the dishes she didn't want to eat. He ordered everything else. It seems... they didn't bring enough money....."Ah, their food looks delicious. I accidentally ordered too much. Just eat more. Don't worry about me. I'll pay for it today. Don't worry. I think you didn't bring enough money. Please, please. You guys, give whatever you can't finish to the beggars. I didn't waste any food this time."The young woman glanced at Li Haotian. Every time she wasted food, this guy would make a fuss. This time she reluctantly helped them solve the problem.

They couldn't say anything. After all, this was other people's money. They wanted to They can spend whatever they want. They thought they were rich enough, but they didn't expect that they

were still not as good as her. People are so infuriating. They can just eat more when the time comes. As for feeding beggars, forget it. Some of them can't finish packing them. Leave the leftovers to the store, and tell them in advance, otherwise it's not good. After all, wasting food at this time is very shameful, and you may be blacklisted. , then I won't be able to eat such delicious food.

"oh? Someone ordered almost the entire menu and asked if they had finished their meal. If you can't finish eating, just throw it out. I hate this kind of people the most."The innkeeper on the top floor knocked on the chair. Are you here to cause trouble? He has put up a sign not to waste food, or is it because they are blind and can't see it? Just throw it out since it can't be seen. Don't embarrass yourself here. The waiter got the order and walked to their table. This time there was a waiter, who was a bit unfamiliar. Gu Shaoyang felt that this person came with bad intentions. The waiter looked serious and said,"This guest was the one you ordered just now." Dishes? Since there are rules in the store not to waste food, if you can't finish the food, please go out, or you can change the menu and cook again."The other party felt that there was no need to discuss this matter. He just wanted him to be accommodating, but the other party didn't look at him at all. This matter must be resolved. This is the master's order.

"Well, our table ordered it, what? It's not like I don't pay, but you're still restricting me from ordering and eating food? When you go down, I want to see your boss and call him out. This is how I always order."The young woman said unconvinced,"Why is this inn so busy? I'm so annoyed. But the waiter in front of me didn't move at all, as if he was nailed to that spot, and repeated what he just said.

" The woman was extremely annoyed. No one dared to talk to her like this. This waiter is extraordinary. So today she will let him know what the rules are. The inn should focus on diners like them and he should not interfere with others." No one has dared to talk to me like this. What kind of rule is this? I have never heard of a restaurant where you can't even order food. Is this what you call a rule? Then I have to break this broken rule today."The young woman was about to take out a weapon from her backpack. She was going to smash this shabby inn today.

I saw other diners stopped eating at the same time and slowly put down their chopsticks. One of them said:"Girl, don't be arrogant. I see The girl's status is probably extraordinary, otherwise she wouldn't dare to challenge here, but this is her hotel after all, and the rules must be followed by this hotel."The diner squinted her eyes, and those who didn't know it thought she was kindly persuading her not to act on her own initiative and to consider the owner of the restaurant. However, this person's aura revealed an incomprehensible feeling. There was a feeling in this aura that he was saying, You should think it over carefully, and don't blame me for being rude when the time comes.

"you! I originally ordered a few dishes, why aren't I allowed to eat them? Doesn't this mean to drive us away?"The young woman gritted her teeth and said. The person in front of her looks very strong. It would be better to observe her again. The waiter then said,"Girl, you have ordered almost all of

the menu. My boss is a person who doesn't like to waste food. , I believe everyone knows that this is the rule for eating here. You broke this rule first, and I mean that if you finish eating and confirm that you can finish it, you can continue to let the kitchen cook."

The man with squinted eyes smiled helplessly,"Girl, you see it's not that we are making trouble unreasonably, it's that you ordered too much. If you didn't order so much, you wouldn't be like this. Otherwise, girl, order less. That's enough. You three can just eat."The others didn't speak and just stared at her silently,"I'm sorry, everyone, we'll discuss changing the menu with her right now. Sorry, waiter, please wait while we discuss it."Li Haotian stood in front of the young woman. Something bad happened. Alas, it's too difficult to eat.

"In this case, that's the best. Thank you for your understanding. I dare to ask for your name." He replied with squinted eyes, and the others also turned back,"Brothers don't dare to act like this, I'm Li Haotian, this is my brother Gu Shaoyang, and this is....."Before he finished speaking, he was snatched away by a young woman.

Chapter 1863

The young woman pushed him away,"I didn't agree. Even if I agreed, I still want an explanation. What's wrong with you? We are also eating here and want to taste more of the food here. Seeing that you are eating so much Xiang, are we at fault?" She said reluctantly, she had never suffered such grievances before, and she would not bow her head to others easily. Here is what her parents said not to let them look down on them, and neither did they. Easy to mess with

"If you want a reason, girl, you can read this sign carefully. Today is a food festival that you can't miss. If other stores outside this store don't have such price, taste and activities, girl, we are just trying to reason with you. , I don't mean to start a war, how about this, I will help the girl pay for the table, and the girl can eat in peace."I squinted my eyes and clapped my hands, thinking of such a decision. I felt very good. The smile on my face became bigger and bigger, making me look very cute.

Seeing that the other party did not want to start a fight and kept reasoning with her carefully, I felt so happy in my heart. The anger had subsided a lot. If an ordinary person had already quarreled with her, this guy came to the road and could make a friend."You don't have to pay for it. Girl, I have money, and I am not someone who will cause trouble casually. If you give me a share, I will give you a share. What you say is not unreasonable. In this case, I will order less, although I really want to try it."

"The girl's delicious food is always here. You can come here to eat at any time. You can also draw a lottery after you finish. Then go back to eat."She said politely with her eyes narrowed. She would not admit that this guy is quite good-looking."Then I will order less and just remove these. I will

come back to eat next time."The waiter wrote down the dishes he ordered, silently took the menu and left, instructing the chef to prepare the food for the table.

Sitting there, he was bored and looked outside. Today, there are no households in the stalls. Cooking is done with the door closed, and the way to enter the restaurant is also weird. This inn actually has to be climbed over the wall. In the past, those who did this kind of thing were robbers, but now they have become 'robbers'. It's a bit funny to think about it. , when the person opposite saw her looking outside, he picked up his wine glass and raised it, and she returned the tea cup. The other person's place was also a place to eat. It seemed that he could deal with this restaurant, otherwise he wouldn't dare to open across the street.

"The girl's meal may take a little longer. We have brought the refreshments first. I'm sorry, sir."The original waiter brought several plates of exquisite snacks and put them on the table. The young woman's eyes lit up when she saw the snacks in front of her. It didn't taste like something greasy. You can eat it so well in a place like this. The snacks were quite good, and he nodded to indicate that they would wait patiently,"It's okay, you can go down first."The young woman replied.

She picked up the sweet-scented osmanthus cake on the plate with her thin fingers. The sweet-scented osmanthus was very fresh, as if it had just been picked from the tree. The mung bean cake was also ground very finely, without any fine particles."No wonder you guys I like this store. Fortunately, I didn't go out, otherwise I wouldn't have eaten this delicious food. You can eat it."Gu Shaoyang and Li Haotian then picked up their chopsticks and started eating. Sure enough, this restaurant is delicious. I don't know what happened to the two little guys. Then their food was slowly served, and they could hardly stop salivating. Thanks to her squinting her eyes and picking up her chopsticks to take a bite, this experience was like no other, it was so delicious!

"It's much more delicious than your fried food. You think so? Let's see if I'm smart enough to bring you to this place to eat. Is it several times more delicious than your food?"Li Haotian unknowingly told the truth. The young girl could only nod her head while eating the rice in her mouth, but when she recalled what he said, she stopped the chopsticks in her hand and looked at Li Haotian and Gu Shaoyang who were eating enthusiastically,"Is this so? ? Didn't my cooking taste good? Not as delicious as this?"The voice of the young woman was like that of an evil spirit. She was about to answer instinctively, but her mouth suddenly stopped chewing. Is she asking him? When she looked back, she looked at her with her head propped up. , it's scary, okay? He was still eating,"No, no, how could it be, you made the food very delicious, don't you think I didn't eat much?"Li Haotian muttered, he hasn't finished eating yet, why not let him finish eating first before talking about anything else? Why is her hair floating!

"Really, if the dishes weren't dirty, I could have eaten two big bowls. Do you think I compensated you? This store is my treasure. I don't bring ordinary people here. This is because we are old friends. I just brought you here. You see if I am loyal enough, but I still think you can ask the chef

here to learn from it. The chef here is very good. If you ask him, he will tell you. But apart from the ones he bought at home, thing."Li Haotian answered seriously. Seeing how seriously he answered her question, she felt that the saliva was quite disgusting. She couldn't even eat it, let alone others. She nodded and agreed with his idea, and was about to go. Go to the kitchen.

Chapter 1864

"These fireworks are so beautiful. Masao, you look at them, they look like candies. It would be great if we could see this every year."The look on Sun Yulan's face became more and more yearning. This is the first time she has seen such beautiful fireworks in the past few years. You cannot set off fireworks and firecrackers at will outside. It will attract other things. Then it will not be a celebration but a double one." I was so happy. I was just about to say that this would not attract the attention of those things, but I realized that they were in Chicken Leg Township now. I don't know if Brother Shaoyang and Brother Haotian missed them.

Tian Biyue looked at Sun Yulan and liked the fireworks very much. He took her hand and ran forward. A burst of laughter came from the two women in front. The two men behind him also stared at the two women very happily. The fireworks were so beautiful."Brother, stop looking. Come on." Follow me and Yulan, oh, don't forget Zhengxiong, we must have a good time this time!"Tian Biyue said to Tian Langyue behind with a smile.

"Well, here we go."Tian Langyue felt that this day was the happiest day. When she arrived at the gate of the town, she had to show the things she needed to get in. This was embarrassing. Tian Biyue didn't bring any, so she clasped her little hands and looked at Yulan embarrassedly. They, she thought her brother who never brought such things would not bring this. But the brother said:"What are you doing? Why don't you go in?"So he squeezed in front of her and applied some drops with something. After verifying his identity, he opened the thin transparent barrier. It turned out that Honda Biyue was going to let them go back together, but his brother suddenly appeared and stopped him. She, she was helpless at the time. There was no way it was her fault, otherwise they could have celebrated the festival together. Tears were lingering in the corners of her eyes, but they were about to fall when her brother asked him again. She wanted to refute him on the spot, As a result, my brother took out the sign that had been placed on the table all year round. Isn't this an access card? Why did my brother bring it? Doesn't he hate bringing this kind of thing the most?

"You girl, you don't have a card, right? You need to bring something like this when entering here. Remember this next time, otherwise your trip will be in vain. The show shouldn't have started yet, so let's first Let's go shopping, come on, little one."Tian Langyue rubbed his sister's head. He knew that this guy would easily lose everything once he made a decision. Fortunately, he remembered to come for a visit yesterday. Although he was coaxed and persuaded by that guy, it didn't matter. It's important, he doesn't matter if he has a sister.

The guy he mentioned came to his door with something and knocked for a long time but didn't open the door. Did this guy abandon him? Didn't they agree to go shopping together? Why did he run

away alone? Well, the question is why there is no one in the family. It stands to reason that his father and mother would show off their affection at home. Oh, today, Chinese Valentine's Day, these two went out to show off, but Tian Nini was not there. She and her father and mother Celebrate Chinese Valentine's Day together?

Let him catch Tian Langyue and see if he doesn't beat him up (Tian Langyue beats him up), this person finally agreed to let him go to that town to watch the show once, even though it's the two of them every year, but this year he let him go, which is simply unforgivable! Oh yes, he must have gone to the town by himself. If he goes there to look for it, he will definitely find it. He has to go quickly, so he rushes to the town. Got it

"Sister, do you like to eat this? If you like it, my brother will help you buy more. Do you like to play with this one? Wrap them all up for me, boss." At this time, Tian Langyue was helping her sister to choose things compulsively without realizing it. Tian Biyue smiled helplessly, but seeing her brother so excited, she couldn't say anything. Forget it, let him buy it, anyway. She doesn't usually buy much, so she only buys a little more on festivals like this. Moreover, this is the first time she and her brother are shopping together, and they are very happy. They visit the stalls along the way one by one. "Boss, how do you sell this pair of jade hairpins?" Suddenly, he fell in love with a pair of jade hairpins. He traced them on her head and thought they looked very good. Then he went to pay for them. Then he heard his brother say to buy two pairs. Two pairs? Then he recalled Jade Blue and almost... Forgot, Yulan! Yulan and Ouyang Zhengxiong helped pick up a lot of things along the way, but they didn't have much time to buy what they wanted. They obviously brought these two here to play, but they ignored them and hurriedly took the things that their brother had just bought. A pair of jade hairpins were inserted into Yulan's head.

The two pairs were of different colors. Yulan's was blue, and hers was pink. Yulan was in a trance, and she thought he had forgotten her again. But in the end She gave her a pair of jade hairpins, they were so beautiful! The boss handed her a mirror and praised Yulan and Biyue for their good looks. They looked really good when they took a picture of her. Tian Biyue handed what she had in her hand to her brother. The work is left to the men, all they have to do is go shopping, "Yulan, let's go shopping." You eat a bunch of candied haws first, and then we go to that restaurant and order some food. The food and wine in that restaurant are pretty good. Although we can't drink, we can drink something else." Tian Biyue said.

Chapter 1865

She excitedly took Jade Blue Rouge Gouache and went shopping in other shops, "Yulan, do you think this color looks good? I think this color is suitable for you, what do you think?" Tian Biyue picked up a box of mouth. Rouge, the color of the lipstick is very light, just like peach petals. Yulan is the kind of temperamental beauty. She is really good-looking. Unlike her, she has no characteristics, but it is very important to choose a good-looking rouge and gouache that suits her.! She just likes to see her beautiful appearance, and she is not important

"Biyue, actually I think this is more suitable for you. You can try it. Didn't your boss say that? You can try the color." Sun Yulan felt unhappy that she had been choosing things for herself without thinking about herself. Biyue thought this was suitable for her. In fact, she thought it was more suitable for Biyue. A lively and cheerful girl like Biyue is suitable for this. It must be Her skin color was very good. Xiyue's expression was shocked. But she was not good-looking. It would be great if she was as beautiful as Yulan. She felt very happy even without looking at Yulan. She wanted to shake her head, but Yulan never She took the lipstick in her hand and applied it herself.

This guy just didn't have confidence in himself. Why was such a pretty girl looking at her in shock? Let her put on light makeup for her. , although she doesn't paint herself, since it's a holiday like this, let's put on light makeup and parade together! Seeing Yu Lan take a mirror to look at her, she blushed, the woman in the mirror does look good with this lipstick," Obviously Xiyue is very beautiful, why are you not confident at all? Let me put on some light makeup for you. You can put it on for me later and we can go shopping together." Sun Yulan said these words in such a gentle tone. Oh my, her Yulan is better.

"Okay, okay, let's go to the streets together. Today is a very lively day. Men and women on this day will dress up carefully. If they meet someone they like, the woman will give a handkerchief to the man, and the man will give a hairband to the woman. After the two The family will become in-laws and get married. Seeing how beautiful our jade blue is, there will definitely be many men who want to send hair to you, hehe." Tian Biyue teased Sun Yulan, saying that her jade is the most beautiful, no one else.

She was embarrassed after being told by Tian Biyue, she had no intention of finding a husband, "My sister has a very good mouth. It looks good. Why don't you buy a can and put it at home? You are now of this age." At this time, Tian Langyue asked Tian Xiyue with a serious face, "Hey, why did your heart skip a beat? Is it an illusion? I feel that Langyue is quite good-looking, and with the pair of hairpins on her head, I will thank you properly when the time comes." He is fine. This feeling is just that he is good to her, and he is the same to his sister.

"This bottle of Yulan is very suitable for you. Biyue, you can try it on Yulan. Then you can go parade together. We won't go. We'll go to that restaurant to wait for you." Tian Langyue thought about it for a while and felt that this was a foolproof strategy. Although he also wanted to see Yulan parading around the streets, he still left it to them today and let them have fun. He didn't consider anything else and touched it. Touch Biyue's head and play well with Biyue." Hey, brother isn't going? The older sister was obviously interested in her brother, so why didn't she go? Doesn't it mean that her brother didn't like her? That sister is also nice, but if it is your brother's choice, I will support you."

Tian Biyue asked her brother in confusion, but he didn't answer. After they finished putting on makeup, these two beautiful beauties were revealed. They were so beautiful. Biyue and Yulan kept

praising each other. Looks good." Yu Lan, this makeup suits you so well. You are so beautiful. Oh my God, I really don't know how many men will give you hair ties by then." Tian Biyue looked at Yulan with a stunning look. She is really a beauty. It would be great if she was her sister-in-law. She glanced at her brother and said in her heart that her brother is so ugly and not worthy of Yulan. She is so unexpected. The look in his eyes made Tian Langyue confused for a moment.

"Biyue, you are beautiful, and this makeup suits you very well. Great, why don't we go on a parade now? Sun Yulan suggested, and told Ouyang Zhengxiong: "Zhengxiong, then you and Lang Yue can go to a restaurant and sit down together. We are going to parade." Ouyang Zhengxiong was about to say yes, but Tian Langyue didn't know why but changed his mind and said, "No, I'd better follow you. I'll keep these things there for now. I'm still worried about you two little girls." Ouyang Zhengxiong looked confused. Didn't he propose to go to the restaurant first? Why did he change his mind again?

Huh? Why did brother change his mind? Didn't he want to go to the restaurant just now? He looked at his brother with doubtful eyes. Brother He didn't say anything, just followed them. If he wanted to follow, he could just follow them. When he met that sister, he would say, "Well Yu Lan, let's leave quickly, otherwise there will be more and more people." Tian Peiyue took Sun Yulan's hand and was about to leave. Tian Langyue reluctantly went to check out and bought everything she thought was suitable for them.

Chapter 1866

Seeing the young woman walking to the kitchen, the waiter thought there was something wrong with the food and hurried over and asked: "Sir, the food is not delicious? If it is not delicious, you can tell the waiter. You are not allowed to go in and out of the kitchen. Yes, they are still cooking." There seemed to be a few beads of sweat on his forehead. Could it be that today's food was not delicious and the chef's skills were unfailing? Could it be that his wife beat him and he was upset because he was not performing well?

She didn't want to find trouble, she just asked how to make good food. To be honest, her food was not very delicious, and it was hard for those two people. She had to go against her conscience and say it was delicious. This time she went to ask I asked if I could improve my cooking methods and discuss my cooking skills. "It's okay. I can't come in and out at will. I think it's because I think your food is delicious and I want to discuss how to cook it with the chef. Don't worry." We won't talk about the secret recipe. I still know this is what you eat. When the time comes, let him give me some guidance on how to cook. Please tell him, and I will pay for it." The young woman said to the waiter.

"So that's it. Waiter, I thought you were not satisfied with today's meal and wanted to complain to our chef. If that's the case, I'll tell him when the chef is not busy. Please don't worry, waiter. Will forget. If you finish eating, you can call me and I will give you a lucky draw." The waiter said respectfully to the young woman. She nodded, agreed, and went back to sit down.

She looked a little disappointed, "What did you do in the kitchen just now? I don't really want to discuss it. The chef is very busy now. You can try it later. The chef in this restaurant is very nice, but the only drawback is that he does not allow others to cook while he is cooking. Feel free to disturb him, otherwise you will block this person from cooking for him. Although he is so arrogant, he has a reason to be arrogant. The sign of this store is all his credit." Gu Shaoyang analyzed it carefully for her. It's not that they don't want to teach you, it's that they are just too busy.

"I know, I just think it's such a pity. Look at the flow of people and they can't stop the chef's hand for a while. It seems that we are destined to miss the chef today, alas." The young woman sighed, thinking she could avenge her shame, but it turned out that she was very busy, but she cheered up after eating the pastries handed over by Gu Shaoyang, "We can come back tomorrow and take care of enough time for you to study. It's been a while." Gu Shaoyang quickly comforted her.

Yes, she can learn from it later. Hehe, he was in a good mood and it was delicious. He filled a bowl of rice with excitement. The food in this restaurant is really good. Fortunately, she didn't go on a trip. , wouldn't you miss such a delicious meal?" The next step is the exciting lottery. Taking into account the time of the guests, the lottery was drawn in advance. The guests can put their hands into this and it will have a note. The note inside is today's reward session. If you didn't draw, don't be discouraged. There are other things given away." I don't know when there was a wooden platform, with pillars in front and the shopkeeper talking on it.

Everyone became active with his voice, "What does the shopkeeper have? Can you please disclose it." A middle-aged man asked, looking at the table with curiosity. "That's a good question. The final prize in our store is the chef's limited-edition dessert shellfish. There are also discounts and some daily necessities. Everyone. You can actively participate." The shopkeeper explained above that this year's rewards were very attractive. Soon many people enthusiastically participated in the lottery. Some people won daily necessities and reduced amounts, but there was no big prize yet. Suddenly someone shouted: "I won, I won. , I won the big prize, the shopkeeper will give me a piece." "What if there are two copies left? She wants it so much."

"I also won, and the shopkeeper also gave me a piece." The ones who spoke were narrowed eyes and the others, and their hearts dropped even more now. There was only the last portion left. Why hasn't it come to her yet? Just when it was about to reach her, the last big prize was also awarded. After finishing one portion, All gone, so sad, a sense of loss suddenly emerged. If she had drawn it earlier, she could have drawn it. A piece of pearl shells was delivered to her, "Did you send it to the wrong one? I didn't draw it." "The young woman was very greedy when she saw that delicious shellfish being brought to her by mistake, but after all, it belonged to someone else and she couldn't just take other people's things.

"I gave it to you. Anyway, it's not too much or too little, so it's okay to share some with you. Just treat it as making friends." He said with a smile with narrowed eyes. He saw that the girl was very greedy for this pastry. He was not a sweet tooth, so it didn't hurt to share some with her. The young woman was so moved that she thanked her and carefully took a piece of it like a cat. The pastry was slowly placed on her plate. The pastry came in two colors, like mandarin ducks. She ate the pink one and left the blue one for him.

Chapter 1867

Seeing the young woman eating one of the pearl shells, Li Haotian and Gu Shaoyang were both a little shocked. Their eyes kept moving between them, "What are you doing? Looking at me like that, it's not that I don't want to give it to you. It's two pieces in total." "If you can buy it, I will buy it. Don't look at it and eat it quickly." The young woman felt strange, and she didn't blame her, because it was her first time in this town, and she didn't know many things, such as what to eat. For holiday-specific snacks, you must first read the introduction. The introduction says, 'This cake is a special cake for your partner. The man and woman who eat it will be bonded for a period of time. Please confirm the relationship with the other party before eating it.' This is the end. I mean, I hope this little ancestor won't get angry.

Seeing that he was about to eat it with narrowed eyes, Li Haotian wanted to stop him on the spot, but it was someone else's pastry. It was none of his business to eat it or not, but he couldn't care less, "Brother, you....." Li Haotian shouted loudly and turned his head with narrowed eyes, waiting for what he was going to say. Suddenly his companion hit him. He looked at Li Haotian apologetically and asked him to wait. Then he listened to the person next to him whispering to him. As he spoke, he picked up the spoon and dug a little but didn't eat it yet.

Gu Shaoyang and Li Haotian were in a state of ups and downs at this time. They hoped that his mouth would be as far away from each other as possible. The two of them clenched their hands unconsciously. This was no joke. The one above would have to take it. Their skin has been peeled off, and their minds have begun to fantasize, 'What, my sister is in a relationship with someone else? Or is it the kind that disappears after a while? This is playing a trick on my sister. Someone comes and takes off their skin for me. They are not well guarded and will be punished! 'My heart and body were trembling.

The young woman couldn't stand it anymore. The two men stared at them like crazy people. She couldn't help but ordered them another plate of snacks. Is this the last supper? This is what these two people thought. Seeing the helpless expressions of the young woman, they felt that death was getting closer and closer. Finally, Gu Shaoyang couldn't help but walked over to Miao Miyan and patted his shoulder gently, "Ahem, cough, cough. , Brother, I think that plate of snacks is not suitable for you, how about I spend money to buy it." Although this is a bit unreasonable, there is no way now, otherwise they will not be able to pay the difference.

"Um? But I've already scooped a spoonful, do you want more?" Narrowing his eyes, he felt that this person was a bit strange. Why should he spend so much money on just a plate of dim sum? When the young man in front of him nodded, he became even more strange, "I won't sell it, it's not because I want to take away the gentleman's favor. But I can't sell you such snacks, so you should find someone else." Mini Yan refused. I want to see what he wants to do, being so nervous about a plate of snacks.

Seeing Mimi looking at her, the young woman quickly waved her hand and greeted him. It seems that the person in front of her should be Now that he knows what to order, he will know the secret of this plate of snacks by trying it himself. After saying that, he eats it. Gu Shaoyang comes to grab it. The young woman's eyes widen when she sees Gu Shaoyang like this. What on earth does this guy want? What are you doing? Didn't she already buy a plate of snacks? She was about to take out a whip to stop him, but she narrowed her eyes and hid.

Fortunately, she didn't eat. "What do you mean, I told you not to sell it. Your Excellency, this is forceful." ? Then don't blame me for being rude." Miniyan warned dangerously. Gu Shaoyang shook his head and pointed helplessly at the notice board. The words on it made Mimi put the dessert spoon back. "Sorry, I was reckless. I'm sorry, girl, since this If this girl has a partner, I can't even eat it." Even if she doesn't have it, she can't eat it. This is taking advantage of other girls at will. This will easily ruin his reputation for him. He can't let that guy find anything to say to ridicule.

"Hey, be careful when eating pearl oysters. Oh my God, it's a good thing you didn't eat them, otherwise you'd be embarrassed to death later." The young woman looked at the bulletin board in front of her and looked at him with lingering fear. However, it seemed that she was the one taking advantage. This guy was pretty good-looking and he was the type she liked, but she didn't consider this kind of thing now. When it comes to love, even if someone likes her, she will reject it directly, "By the way, I don't have a partner, I just want to try this pastry, and I thank you, brother, otherwise I wouldn't be able to taste this pastry."

For this kind of gentlemanly man, the young woman still thinks it's quite good, "It's okay, just don't eat it, otherwise I won't be able to explain it. I didn't make it clear for a while, we live nearby. , if we meet again next time, how about having a meal together?" Gu Shaoyang said to Mi Nianyan, he nodded, "What a coincidence, I also live near here. If we have a chance to have a meal together, you can also come to my house and I will cook for you." Narrow eyes warmly invited

"can you cook? OK, I will go to your house for dinner next time, and I can also learn cooking skills. What do you think?" said the young woman.

Chapter 1868

"Girl, do you have someone you like? If not, would you mind accepting this hair tie?" A handsome and strange man said to Sun Yulan, what's so good about that cloth ribbon? Isn't it just for tying her

hair? Sun Yulan thought to herself that she was not very interested in less valuable things, so she shook her head. Who knows? She was immediately pulled aside by Tian Biyue. Looking at her anxious expression, she said nothing. "This headband is for marriage proposal. Don't agree to it casually. Although our jade blue is very beautiful, we can't agree to it casually." I married someone else. That person seems to already have a wife. People should not be judged by their appearance. He actually wants to marry our Yu Lan as his younger brother. Why doesn't he go to heaven!"

Tian Biyue whispered to her while looking at the man with hatred from time to time. The man still had that kind of gentle and gentle feeling. Hey, he was a different guy and wanted to deceive Yu Lan. "I'm sorry I refused. I am now I have no intention of looking for a partner. Now I hope to make more friends, so I'd better put the hair tie back." Sun Yulan refused expressionlessly. She really has no idea of looking for a partner. The task at hand has not been completed yet. She can get acquainted with a few more people to inquire about the news. As the saying goes, one more friend means more strength. She It means less hardship

"So, the girl is really a sweetheart, and I also want to make more friends. I wonder if the girl can regard me as her friend." The strange man asked, and Sun Yulan nodded, "Okay, but I can't accept this hair tie anymore. It's better for the young master to find another lover." Sun Yulan took Tian Biyue's hand and went to another place. When leaving, Tian Biyue made a face. The strange man didn't pay attention. He just smiled and left with the servant. On the way, the servant asked the master, "Master, it was clear just now that she was that woman, otherwise you would have been involved in this marriage. Master finally wants to get married, but now he will be scolded again when he goes back." The servant was a little angry. His master is not the kind of person to marry a concubine. He didn't even marry a wife, okay! Come on, I will be scolded by the old lady again when I go back. He looked at the strange young master in the servant and smiled, "It's okay, maybe I saw it. He seems more like that kind of person. The girl just now is really nice, but feelings cannot be forced. If someone is not interested in me, they are not interesting. I will wait and see when I will meet the person I like." The fireworks in the sky are his expectations for the woman who will stay together in the future.

The young master is like this again. Every young master uses this excuse, but how can he wait for the person he likes? Alas, he is just worrying about this. Another woman came to give me a veil. Accept it, young master, don't be alone like this! This girl is quite good-looking! I cried inside, but his young master still rejected the woman, and the woman also wanted it. She returned to her sisters. "The girl is very nice, but I have no chance to be with her. I'm sorry for breaking her heart." "He just exudes a sense of fresh air, so why haven't you found the madam yet?"

As a result, the girl felt like she was about to burst into tears. She covered her mouth with a handkerchief and left. Master, if you don't find the madam quickly, there will be no girl. I like you, you sinner. On the other side, Sun Yulan and Tian Biyue were having a lot of fun. They couldn't finish the food they had in hand and gave it to the two guys behind them. They could still eat it at the beginning and thought it was really good. Later, they bought more and more, and a lot of things

were just eaten after one bite and then thrown away. They really couldn't eat anymore, but they couldn't waste it, so they had to take it back and eat it.

Finally, when they were tired from shopping around, they looked at it. He said to them, "You haven't finished eating yet. Don't waste it. Eat quickly. Let's go sit in that restaurant." Sun Yulan said, how long have they been shopping? Why do these two feel like they are about to pass? They have restrained themselves a little, maybe. After hearing the last sentence, Ouyang Zhengxiong and Tian Langyue were as excited as if they had encountered water in the desert. Sorry, they really couldn't eat any more and had to quickly find a place to sit down with their food.

"Let's go quickly, that inn looks a bit crowded." Ouyang Zhengxiong said anxiously. He was almost exhausted and had too many things. When he arrived at the restaurant, he asked the waiter if there was any room left. The waiter said: "For some guests, there is just one room left." "Okay, okay, just have one room. Just when I was about to pay, I heard another voice, "Shopkeeper, please arrange someone to take us to the private room we booked before. It's troublesome." "The people who came in were the strange men they met before. It was really a bad fate. Tian Biyue felt that this man was very clingy and wanted to go out, but he had already walked in. She walked to

Sun Yulan and said, "Friends don't have a good time. ? How about we use one together?" asked the strange man. This time he really just asked simply. After all, they are all friends, and friends should help each other. Sun Yulan said, "No, thank you. There is just one private room left. Thank you very much. Gentleman's kindness." Beautiful Tian Xiyue thought to herself.

Chapter 1869

We also want to take advantage of Yulan and get a private room. We have the money ourselves and you don't need to pay for it." "We want the waiter's private room. You can take us there now." He also glanced at the strange man and said They had private rooms of their own and didn't need him, so he nodded and said with a smile: "This is the best. I thought you were standing here because you have no place. I was rude." Sun Yulan shook her head, "In this case we I'll leave now, thank you for your kindness." Sun Yulan spoke simply and clearly, without adding any tone to make people feel a sense of distance.

Under the leadership of the waiter, Ouyang Zhengxiong and Sun Yulan have arrived at the private room, Plum Blossom Room, "This is the private room for several guests. If you need anything, you can call me. I am always here. Do you have any other needs?" For example, ordering food or something like that." The waiter explained and asked if they had any dishes they needed and handed over the menu. Sun Yulan nodded to indicate that she understood. Just when they were about to go in, they met the two people just now. They actually Next door, this was something they didn't expect.

But out of friendship, they still said hello to each other and went into the room each other,"Yu Lan, how can you be friends with such a person? I think you should just ignore him." Tian Biyue couldn't figure it out. He won't look at him as a scumbag!"Biyue, I don't think he is this kind of person, but I can't be completely sure for a while. Let's take a look first. They are just friends anyway, nothing more. I said I don't need a partner for the time being." Sun Yulan comforted her, She can be regarded as a close friend of the same age. Since she is a close friend, she will have to find an opportunity to tell her the purpose of their coming here.

Even though she was dazzled by the prosperity, she knew the calculations in her heart and could not delay their adulthood because of these. Brother Haotian and Brother Shaoyang were waiting for them,"Then since we have come to the restaurant, why don't we try to order some? A bottle of wine?" Ouyang Zhengxiong suggested softly. He had never drunk wine before. He might have seen wine when applying medicine for disinfection. He just heard it. Someone said that the peach blossom wine was delicious, and he was greedy for it. Got it

"No, we are not adults yet, have you forgotten? We are not adults and cannot drink casually. This is what my brother and the others have said. If you break the rules, it will be over when the time comes when my brother and the others find out. Sun Yulan responded first, saying that she really couldn't drink."As long as you don't tell them, they won't know. Just take a sip." I just want to have a taste, dear sister, please."After saying that, he really shook her hand and kept looking at her.

This guy is here again, and this time he is flying when he is not around them. This breaking of the precept is a serious problem,"No, this is It's a matter of principle, sit down and order, and wasn't there so much food that you didn't eat just now? Eat it quickly, it won't taste good by then."Sun Yulan still checked that she can't drink. The other two little guys scratched their heads. Hey, why can't they drink if they are underage? Even underage can drink here. Forget it, maybe it's the rules outside, so don't interrupt casually. Got it

"Ask Biyue and Langyue if they have such rules, we only have them."Ouyang Zhengxiong said angrily. He couldn't even take a sip if he wanted to. What a violation of the rules. Although he agreed, the wine was really delicious. Tian Biyue and Tian Langyue were pointed at by Ouyang Zhengxiong and twitched. The corners of their mouths asked,"What should we do? It can't be said that they don't have such rules, otherwise Yulan and Zhengxiong will have a breakup. So the two prepared friendly lies,"Yes, we are like this too. We have never drank, and we cannot drink. Otherwise, I will be scolded by my parents."The two of them said something to each other. Soon Ouyang Zhengxiong was defeated and turned his head away unconvinced. Sun Yulan couldn't stand it anymore and ordered him a dessert with wine as seasoning. The plate was brought out,"This is... Wine is used as a condiment for desserts. If you eat it, you are drinking wine. Here you go, don't be angry."Sun Yulan said softly.

He was happy now. It's okay to season it with wine. Just a little wine is fine. Just let him taste it. When he tasted it, it tasted good. It was comparable to some of the desserts in the town before, although there was no You can taste the wine, but just have it."It's delicious. Sister, sister will eat it too. Langyue and Xiyue will also eat it."Ouyang Zhengxiong was already immersed in the food at this time. Sure enough, it's okay to have food. This guy just wants to be fresh. As long as the freshness is over.

"It's really good. What else do you want to eat? Just order it yourself. I also ordered a cup of tea, which you probably won't like. The tea we drank didn't match up. Mine was on the sweet side, but it could still quench my thirst."The waiter brought sweet water dumplings, which are mainly sweet water. Put a few glutinous rice dumplings in it and cook it to make a dish. It tastes sweet. Sun Yulan likes it very much, but Ouyang Zhengxiong doesn't like drinks that are too sweet. , although he likes to eat pastries, he doesn't eat too much. He prefers spicy ones!

Chapter 1870

It's just that Ouyang Zhengxiong thought this Tianshui Yuanzi was too sweet, and he didn't know how Sun Yulan managed to eat it."Yulan, there's something I've always wanted to ask you. Don't you think this Tianshui Yuanzi is too sweet? Still. Why do you girls like to eat such sweet food? If I can't eat it, you should try my sweet but not greasy food. Yours is made of sugar mixed with water." Ouyang Zhengxiong asked in confusion.. Every time I see Sun Yulan eating snacks, he eats a lot. Looking at him, I feel like my teeth hurt. Hey, my teeth hurt when I came up with the idea, so I touched the side of my face.

"It's not sweet, it tastes just right, but if you are used to eating spicy food, I think this sweet water dumpling contains less sugar. Look at the glutinous dumplings in this bowl. They are all made of glutinous rice flour, so they are not too sweet. , and I didn't eat that much dessert before, okay? Every time you ordered so much, I just finished the rest of the dessert. Just don't order so much next time."Sun Yulan's face was not red and her heart was not beating, and she was talking seriously. Ouyang ZhengxiongThe corners of Wan's mouth kept twitching. Is this what people say? She obviously grabbed the menu and said she wanted to order more desserts, but as soon as they came up, he ate a few others and she ate them all.

What does it mean to help him solve the problem and not waste food?"It's obviously...forget it. I'll let you go as a man. For the sake of helping me buy food, let's just sit here and wait for the festival to end?" When Ouyang Zhengxiong looked at the fireworks outside, he still felt a little pity, but it was scary to go shopping with them, so he came up with the idea of parading separately. However, although this is chicken leg country, people will not get lost, but accidents will inevitably happen. , and the mission they took on was to start collecting intelligence.

Thinking of this, Ouyang Zhengxiong's eyes felt a little heavy, and he couldn't forget his mission,"Lang Yue, Lang Yue, will the festival fireworks in Chicken Leg Township be set off until the next day?" Ouyang Zhengxiong asked curiously, if the fireworks are set off all the time, maybe

it will be better at night. After searching for a while, I just didn't know if the sick person they mentioned before would appear at night."Of course not, otherwise how much resources would be wasted. Some festivals will set off fireworks for a period of time for people's entertainment. We will go back after playing for a while. Look, the river over there is full of river lanterns put out by men and women tonight. Why don't we go put one out too." Tian Langyue suggested.

"Okay, let's go put out the river lanterns together. I haven't put out the river lanterns yet. Biyue, let's go first, and you can come back after you put your things away."Sun Yulan took Bi Yue's hand, and the two guys started again. That's all. Just wait until they put away their things and talk to the waiter. The two little girls who rushed out of the private room had smiles on their faces. They looked like Like best friends for many years, they didn't see people buying lanterns outside until they walked out of the door and looked around.

Why were they buying lanterns? Because they didn't find a stall selling lanterns. Suddenly they saw someone holding a lantern, so they stopped them. Someone asked:"Hello, we want to buy a lantern. Where did you buy your lantern?" Can you tell us a little bit about it."Tian Biyue remembered that there used to be an old man selling lanterns there. Why is he not here this year? Is he sick? But this lantern was obviously made by that old man. Could it be that he moved away? All these questions were written On her face.

Sun Yulan also saw that she seemed to have something on her mind,"You two girls, you are late. The old man selling lanterns just closed his stall, but I saw him leaving before buying the lanterns. He must have something urgent. Well, it's in that direction. If you catch up, you might be able to catch him. The passerby kindly guided them in the direction,"Thank you, then we will go find the old man. See you again when we are destined.""Sun Yulan directly took Tian Biyue's hand and walked in that direction. Tian Biyue also felt that if she walked faster, she might find the old grandfather. He was the only one selling lanterns in the whole town. If he didn't sell, the others would. There are no lanterns left.

Besides, the old man must have something to do. If you find him, you can help him. Maybe it will be fine."Yulan, you think that old man won't go too far, so you want to catch up and buy it." Lanterns?"Tian Biyue asked. When Yulan saw the lantern, Biyue felt that Sun Yulan had something on her mind. Her face became the same as before, a bit strange,"Well, I think he did it. The lanterns are very beautiful, it would be a pity if you missed them."Sun Yulan replied lightly, it's more important to find the old man now.

She just saw the lantern and found it interesting, but she just saw the pattern on the lantern clearly. It was a pattern organized by an outside party. She had to confirm it in person. Otherwise, I won't be able to sleep all night,"Yulan, there's no need to leave so fast. Even if I can't let go this year, it'll be fine. I just want my mother to go find this old grandpa. She knows this old grandpa, and this old man is here." Grandpa is so pitiful....."
