Chapter 1871

Sun Yulan, who was holding her hand in front of her, stopped before she finished speaking. In addition, she stopped all of a sudden, which caused a bang and Tian Biyue hit her back. Since she can be found at any time Forget it, it's better to have an acquaintance,"Huh? Did it hurt you? Let's see, what did you just say?" Sun Yulan asked while checking the condition of her forehead. Tian Biyue saw her stop and check her forehead. The situation is that Yulan is so good, she didn't even consider the pain in her back from being hit by her head. It must be very painful if her head is hit.

"What are you thinking about? It's all my fault that I ran too fast and didn't notice you. Come on, let's go back. Since you can find it at any time, let's go shopping elsewhere first. Sun Yulan said angrily, have they run so far already? Ouyang Zhengxiong and Tian Langyue didn't see anyone, they should be anxious,"Yulan, why don't we go back and join them first, there are too many people now, It's easy to disperse us, brother, they should be worried about us."Tian Biyue noticed his worries and finally spoke out, although she was very worried.She went shopping with Yulan again, but the worry on Yulan's face made her understand that she had to go back to meet up first and at least say something.

Yu Lan looked at Bi Yue's sensible look and nodded. The two of them walked back hand in hand again. This sea of people was so dense. They had to tighten their grip or else they would easily get lost. Tian Bi Yue felt the strong force in her hands. After a few minutes, she glanced at Yulan. Yulan was staring at the sea of people, probably afraid of being scattered. Thinking of this, Xiyue also shook her back, indicating that she would pay attention and would not be ignored. Dispersed by the sea.

Suddenly, a hand grabbed Sun Yulan. Fortunately, she and Tian Biyue were holding each other, but Tian Biyue seemed to have a problem. Someone seemed to be pulling her hand over there. As more and more people flowed in," Yulan, can you see who is pulling you? I can't see it, but I feel it's a man's hand. Give it a moment, don't squeeze me." In this way, they were scattered by the flow of people. Ouyang Zhengxiong in the distance She seemed to hear Tian Biyue's voice, and pulled Tian Langyue's hand,"I seem to hear your sister's voice, did you hear it?"

Of course Tian Langyue heard it, at least he had practiced it, Ouyang Not to mention Zhengxiong, the direction of their voices passed by, and they gradually disappeared without knowing why. It was obvious that the voices were very close just now, and the closer they walked, the smaller they became, until there was no sound. They called Sun Yulan and Tian Biyue's names while He kept asking passers-by, but they were all in a hurry to go somewhere else and no one knew what to do, what to do, how could Yulan disappear, they had only been separated for a while, and they must still be around, so they talked to Ouyang Zhengxiong said:"Continuing like this is not an option. Let's

look for them separately." Tian Langyue was extremely anxious. After he and Ouyang Zhengxiong separated, he used Qinggong to jump to the edge to observe the enemy's situation.

After Ouyang Zhengxiong promised him to separate, he went directly to the tile. Using his previous training and his tacit understanding with Yulan, he did not hear Yulan's voice to prove that she was not in danger and had to find her quickly. Yulan's side She found that the person pulling her was a little girl. The little girl kept running forward regardless of whether Yu Lan could keep up. Although this amount of exercise was no problem, she wanted to know what the little girl wanted to do. The little girl didn't say anything along the way, and kept pulling Yu Lan to a deserted place. Then she saw that the end of the road led out of this small town.

Stopping hastily, the little girl stopped and looked at her suspiciously, as if to say why did you stop?"You have to tell me why you took me away. I'm very worried about my companion. I have to save her first. She was taken away by the bad guys." Sun Yulan said with a serious face. Mi Yue is now her friend. If you are a friend, you should not leave alone regardless of your friend. She was about to let go, but the little girl stopped her and refused to let her leave."Sister, I can't let you go. That sister will be fine, but you have to go with me." , I have something important and I have to ask you to go there. She is really fine. Sister, come with me quickly. Time is running out." The little girl looked very anxious. Sun Yulan shook her head,"No, I don't believe what you said. I have to see with my own eyes that my friend is safe before I can consider your matter." She broke away from her hand and was smeared with powder on her face the moment she turned her head. The last words in her heart were sinful, and she fell over. Only after seeing her collapsed did she feel relieved. She had to bring people there quickly. This road was rarely used by people. Even Tian Biyue and the others probably didn't walk on this road very often. This was the road out of the town's boundary. There are two roads in the town. Few people take this road because they all go back to the gate.

A little girl was running wildly on the road carrying a big sister on her back. No one believed her when she told her. After a while, Sun Yulan woke up. This place was very strange. By the way, she was just going to find Mi Yue when she was suddenly stopped by the little girl. He passed out from the powder, and the surrounding decoration was what a little girl of that age would like.

Chapter 1872

"Sister, you're awake. I'm sorry, sister, I brought you here rashly. You only need to stay here for a few days. From the beginning, I just wanted you to help me and my grandpa. Grandpa is old and in poor health now. I was weak and needed a helper, but my sister never cooperated, so I could only stun her. That sister has been rescued. Don't worry, just treat it as your own home for a few days."The little girl said very nonchalantly, as if she was announcing something. Isn't she worried that she can leave directly?

Sun Yulan didn't want to talk to her and walked out. The little girl didn't care about her and left the house. The surrounding environment has completely changed, just like in the mountains,"What do you want to do? Why are you stopping me from leaving, and what do you want me to do for you? If

you finish it quickly, can you leave early?" Sun Yulan was extremely angry. It was the first time that someone took her away calmly like this, even though the other party was not hostile. "I already said that I just want to keep my sister to help my grandpa. Please don't be mean to me, please wait. Sister will know in a while. I will bring my sisters and companions here next time. Sister, don't be afraid." The little girl said seriously, that's all. Now that she can't go anywhere, she shouldn't be merciful. Brother and the others are right.

Sometimes she is easy to take it lightly, "Okay! Then I'll go back and come back to me if you need anything." Sun Yulan went to the door and wanted to close it, but the little girl easily stopped the door and went in. "Sister, this is my room. Don't worry, sister, I won't disturb you from doing other things. You just need to be here. Just help, and I think you definitely want to meet my grandpa. You can meet him later. He is busy on this mountain. Grandpa is so handsome when he is serious about his work. My grandpa brought me up since I was a child. of....." Sun Yulan kept babbling while listening to this little mouth.

It was strange to say that she was so safe when she came to Tian Biyue. She felt that there was a man dragging him away, but he couldn't get rid of him. It was strange that he was so strong, and then she kept yelling and was called Her mouth was covered, and when her brother found her, she was placed at the door of an abandoned hut. The man had his face covered, otherwise she would have gone looking for someone with her temperament. Her brother also felt strange, and finally They met Ouyang Zhengxiong, who looked pale and weak, "Where's Yulan? Why didn't you see her?" Tian Biyue felt bad and grabbed him and asked

"I...didn't find her." Ouyang Zhengxiong punched the wall. It's all his fault that he didn't get familiar with the environment earlier, otherwise the gangsters would have been blocked by him. Miyue looked in disbelief. What happened? If he had known this, No more playing with lanterns, as long as you don't play with the jade blue, it won't be lost, "We will definitely find her." Tian Langyue said firmly, which encouraged the two of them. Yes, she is fine, and Yulan is definitely fine. The person who kidnapped Yulan must have some use for Yulan, so he kidnapped her." Masao, do you know if you have offended anyone? But it's also because you haven't been here for a long time, how can you possibly meet someone familiar." Tian Langyue clenched her fist tightly.

"No, we have people we know. It was my brother who told us. They said there was a kind old grandfather who would help us and they were his acquaintances. Ouyang Zhengxiong suddenly thought and became very excited, "Then did he tell you where that person lived?" Tian Langyue asked anxiously. Ouyang Zhengxiong's face darkened and he shook his head, "No, my brother said he didn't know where he lived. He would only show up at critical moments." "It felt like there was no difference between the people I knew and the people I didn't know. They had no choice but to look for this town everywhere, but when the town was about to close, they couldn't find Yulan.

When they were almost desperate, there was a voice came, "What's wrong, Langyue, why are you here?" Qiao Liuqing asked in surprise. The two of them never stayed home late at night. Even for this kind of festival, they went back early. "Mom, Dad, Yulan is missing. She was taken away. I don't know who it is. Caught. Tian Biyue threw herself into Qiao Liuqing's arms, "Why are you missing?" Aren't you playing together?" Qiao Liuqing felt that this matter was strange.

"I didn't know either. We were going to buy lanterns together at that time. We were so happy shopping at first, but in the end both of us were pulled away. There were too many people. I was put in front of the door and was found. Yu Lan still hasn't been found, and we are now worried about her safety. Tian Biyue said to Qiao Liuqing, "Have you searched the entire town?" did not find?" Tian Xuanyi asked, and they nodded feebly. They didn't dare to rest during this period, fearing that they would not be able to find Yulan once they took a rest, but they still couldn't find it.

"If you can't find him, go look for him in the mountains tomorrow. Don't worry, I think I know who he is. I'll take you to find him tomorrow. Go back tonight."

Chapter 1873

Just when no one was able to figure it out, Tian Xuanyi spoke up. He seemed to know who it was. If someone found him wandering around the town, everyone would help hide it. But they didn't expect this guy. Why did she suddenly grab Sun Yulan and leave? "It's okay. Yulan will be fine with her. She probably just wants to borrow it for a while. When she feels no interest, she will come to you and Yulan will be waiting for you there." Yes, she can't come back now and you can't find her, so don't mess around. That person has her idea, that is, the address is a bit difficult to find, but it can still be found, so go back."

He didn't want his own The baby girl stayed here until dawn, but since it was him, there was no problem. Although this was good news, everyone did not dare to feel relieved because they had not seen Yulan safe, "Dad, is it true? ? Is Yulan really safe? She disappeared suddenly. I was so worried about her. If I had held her hand tighter, it wouldn't be like this." Tian Biyue threw herself into Qiao Liuqing's arms and cried bitterly. Even if Yulan Lan was fine, and she was very worried about her. She was her good sister. Looking at her trembling daughter crying in her arms, Qiao Liuqing touched her head comfortingly. Ouyang Zhengxiong was also very worried about Yulan. This guy was very worried. She likes today's festival. She has put on beautiful makeup and beautiful clothes. They have always looked very simple, but today's accessories and clothes still can't help but make her look pretty.

"Since Dad said that Yulan is safe, it must be safe. Let's go back first. Yulan doesn't want to see us staying up all night worrying about her." Tian Langyue said, Ouyang Zhengxiong and Tian Biyue finally nodded gently, and everyone went back in great force. The town was still dimly lit, but there were no fireworks and noise. Everyone went back to take a rest and simply wash up. Next, Tian Langyue and Ouyang Zhengxiong went to rest together, "You must sleep well this time and don't hit

me again, otherwise I will throw you outside." Looking at who was there, Ouyang Zhengxiong recalled the time when he was soaking in the hot springs, and felt a sense of fear in his heart.

"Don't worry, don't worry, it won't happen. I'm not a sleepwalker. Just wake me up when the time comes. I don't snore when I sleep. By the way, Langyue, I'm actually a little worried about Yulan. You know Yulan? Where is Lan Hui?" Ouyang Zhengxiong said anxiously. He always felt that he wouldn't be able to sleep that night, and he could only count sheep. Looking at Ouyang Zhengxiong who looked sad, Tian Langyue patted him on the shoulder, "What do you look like? Yulan must be fine. Didn't my father say he would take us to find Yulan tomorrow? Then don't worry, my father is true to his word, Yulan is absolutely safe." Tian Langyue could n't help but comforted. He didn't really want to talk at first. After all, he couldn't guarantee Yulan's safety, but he couldn't watch these two people looking for him all day long because of this matter. Although he This will happen too, but he doesn't want them to be like this. Now he can only believe in his father's words and settle the accounts if he can't find them. Now he can only comfort them and regain his energy before looking for Yulan, "But I still can't sleep. Ouyang Zhengxiong said, "Then just count the sheep. You will definitely fall asleep and everything will be fine." Tian Langyue said. Yes, everything will be fine, Yu Lan is fine, everyone is fine. I thought that Jiang would close his eyes and count the sheep that night, but at midnight Ouyang Zhengxiong heard some unusual sounds. He thought He probably heard it wrong, but he heard it right. Another piece of paper fell at the door and floated in through the crack of the door. In order not to wake Tian Langyue, Ouyang Zhengxiong stood up slowly and quietly and picked up the paper. Here comes the paper. It says "Under the giant tree, waiting for you". The font is not the regular script, but the font of graffiti. Ouyang Zhengxiong felt strange at this time and wanted to wake Tian Langyue up, but Suddenly another note came in.

The note said: Just you. The count was short. How did he know how many people were here? He also wrote two notes specially. He wanted to leave the notes to Tian Langyue. But the note turned into powder in an instant. This letter has the function of automatic destruction. The matter is not simple! Generally, this kind of letter is not used by ordinary people. Even Brother Haotian and Brother Shaoyang have not used this. This is still him From the information found in the books, Ouyang Zhengxiong took one last look at Tian Langyue. Sorry, good buddy, I have to bring Yulan back alone this time. He felt that this matter had a lot to do with Yulan. He couldn't afford to delay.

So he tiptoed through the window. Since they had been discovered before, he had to observe the feelings again and again before making sure that everyone was asleep and ready to leave. Not long after he left, Tian Langyue When he opened his eyes, he saw how he was sleeping soundly. He was afraid that he would run out in the middle of the night, but suddenly he was also capable.

Chapter 1874

I thought he would go through the door, but he chose the window. Although he couldn't look at the window now, the guy must be lying there, waiting for the next place to stay. After a while, he looked there, and the guy was looking towards the tree. What are you running for? I took another deep look at the door and made a decision immediately. Ouyang Zhengxiong kept running forward, fearing that he would miss the person and find no one to take him there. Fortunately, he had

practiced and had a certain foundation, and he could see the giant tree right away. There seems to be a black spot underneath, and it seems to be that person.

When that place arrived, Ouyang Zhengxiong was surprised. What a kid... Could it be that the person hadn't arrived yet? He had no choice but to sit down and wait for the person until the little girl said: "Brother, you too I'm waiting for someone. I'm also waiting for a brother who is not punctual. A sister asked me to take him there. That brother is really slow. Where is the brother?" The little girl seemed to have been complaining for a long time, but it was so late. Before his brother came, Ouyang Zhengxiong wondered, "Have you been let off the hook? Go back quickly. It's too late and it's not safe."

"No, and isn't my brother here? My brother can protect me, I'm not afraid, but that brother hasn't arrived yet. Sister Yulan asked me to take him there quickly, so why hasn't he arrived yet?" The little girl held up her face, expressing her annoyance. After hearing the word Yulan, and then thinking about what she just said, could it be! Ouyang Zhengxiong grabbed her fiercely, "Are you talking about Sister Sun Yulan?" He is very excited now. There is news about Yulan. Finally, even if it is fake, he is willing to find it first, just in case it is true. The little girl nodded and said that it is this sister.

"Brother, my sister wants me to take you to where she is. If she can't get out, she has to ask me. Brother, come with me." When the little girl saw the person waiting, she walked aside. He couldn't tell whether she was walking or running, because she started walking as soon as she ran, "What's wrong? Suddenly stopped." Ouyang Zhengxiong asked doubtfully. The little girl pointed to her little feet. Ouyang Zhengxiong took a look at her feet and realized that they were very painful. "Then I will carry you there and you can show me the way." Ouyang Zhengxiong quickly put her on his back. Seeing his defenseless look, the little girl who was about to knock Ouyang Zhengxiong out still paused. She has to fight with her sister later, so it's better not to fight. Don't give up the free labor for free. "Brother, go there. It's just foggy there now. It will clear up in a while. Let's hurry up and find my sister." The little girl happily pointed to the thick fog. Ouyang Zhengxiong frowned, but he still went there quickly. He didn't dare to rest along the way. Even if the little girl asked him to rest temporarily, he still didn't. Rest, time is running out. He always feels that his right eyelid is twitching as if something bad is happening. "Brother, why are you so anxious? We have reached the foggy area now. We can't move around at will. Brother must hold my hand." Instructions to walk. "The little girl said seriously.

Otherwise, what she brought here would be a piece of shit. She was just kidding and she would definitely finish what her sister asked her to do. It's just that this brother looks so heavy and stupid. Alas, otherwise she would just A hand knife was dragged over to him, "Okay, I will listen to your command later, and I will do what you say." Ouyang Zhengxiong felt that she was not joking, so he became very serious. Yulan must be very uneasy in such an environment. He had to find her quickly. "Take one step to the left and right, jump to the rock, and then climb up. Go to that tree, well, let's do this first." The little girl said simply.

Ouyang Zhengxiong followed her instructions one by one, without paying attention to the little tail behind him. Yes, Tian Langyue also slipped out of the house. He didn't worry about him until he saw that The little girl, the little girl let him into the fog, and then they disappeared when he entered. The fog was everywhere, and what he could see was very limited. He determined their location by listening to the sound, both to confirm their location and to You have to be faster than them, or else you can't follow the little girl's instructions and you won't be able to get out of this heavy fog.

"Well, you have to be very careful here, because there is a huge pit here, and it will be difficult to climb up if you go down." After the little girl finished speaking, he carefully observed the terrain, and finally planned to pass over the tree. With this jump, he saw clearly the so-called giant pit. It was indeed very big. This giant pit was probably made by something huge. If I really fell, I probably wouldn't be able to get back up. I carefully observed the next landing place and finally emerged from the fog.

When I came out, I realized that the mountain in front of me was huge. Standing at the foot of the mountain, I felt that I couldn't see the top of the mountain. , this is the little girl jumping down from behind him, jumping forward, her feet don't hurt anymore? It seems that she just doesn't want to leave, but he can't help complaining.

Chapter 1875

"Big brother, why don't you leave? My sister is waiting for you on the mountain." The little girl waved to Ouyang Zhengxiong. Ouyang Zhengxiong then realized that he knew nothing about the little girl in front of him. She looked very ignorant, but Ouyang Zhengxiong always felt that there was something strange about him. An ordinary little girl could go from here alone. Did he run up the mountain to where he lives? He still knows how this heavy fog comes in. He may have lived here for a long time. "I'm already here, why haven't I seen Yulan yet? You Are you lying to me?" Ouyang Zhengxiong couldn't help but ask.

The little girl turned around and said, "I didn't lie to you. My sister is on the mountain. Brother, if you don't believe it, look at this." The little girl took out the jade hairpin that Yulan brought tonight from her sleeve. This is Yulan's hairpin. Langyue bought it for her. What cannot be discarded must be given to her, so she can rest assured that she can put it away. He brought it here, "This belongs to my sister. I'll give it to you now. Let's leave quickly, otherwise we won't be able to catch up." The little girl saw that he didn't move after catching the hairpin, so she left first., Ouyang Zhengxiong reacted and rushed to chase. After a while, the road on the mountain was very uneven. Sometimes he almost fell to the ground. The little girl seemed to feel that he was slowly slowing down.

"Brother, you have to hurry up, it's right in front." The little girl persuaded softly. After an unknown amount of time, there was a sound of fighting and the so-called roar from the front. Oops, Yulan is in danger! When they got there, there was nothing but a strange voice. Zhenfa and Yulan, oh, and an old man said, "Zhengxiong, you are here, we are dealing with those things, it disgusts me, you come

quickly too." Sun Yulan said without looking back, as if she knew the person coming must be him. They saw the two of them waiting in a tight formation. Black smoke would occasionally come out of that formation.

Suddenly, something came out, and that guy It was so ugly that it was hard to stand, and it also exuded a foul odor. Ouyang Zhengxiong immediately vomited, and the scene was even more unpleasant, "Stop vomiting, I haven't vomited yet, how can you fight this thing if you keep doing this." Sun Yulan wrinkled her delicate eyebrows and started again. This time she drew out her soft sword and slashed at the guy. Considering that its movement speed was very slow, they had enough time to dodge, but they couldn't be allowed out of the mountain. They had to Otherwise, it will endanger the safety of Chicken Leg Village.

It slashed towards her face with a bang, and it disappeared without any reaction. Then black smoke came out again, this time it was a pile, and Ouyang Zhengxiong stopped vomiting. He fiercely waved his double blades to kill them, but fortunately there were no corpses left behind. It's strange, why were there no corpses left behind? Generally speaking, they would be left behind. Doesn't it mean that this time it's not that thing? Then this What is it? "I don't know what it is, but they will pop up every time. Fortunately, I rushed here this time, otherwise the defense here would have been broken. I don't know what this thing is." Where did it come from." The old man suddenly spoke

"Little baby, you have to be careful. These things are no longer a joke. They are just appetizers now, and there are more powerful ones to come. I am an old man who is not strong enough. I could still resist them before, but there are too many of them and I have too much energy. It's easy to run out. This is a protracted war. Save your energy." The old man said with a cheerful smile while avoiding the pursuit of those things. These guys can't catch the old man. The old man is also very powerful. It's not easy to jump up and down like this at such an old age." Don't underestimate the enemy.. "Sun Yulan stabbed Ouyang Zhengxiong's back with the soft sword, and another thing disappeared.

"Masao concentrated." After Sun Yulan finished the fight, he went to catch the thing that was running into the woods. Only then did he get more energetic. It wasn't that he didn't want to concentrate, but it was because the number was a bit too much. Fortunately, there were four of them, and it took a while. Only then did the array stop, "Phew, it's really disgusting to me. Why is it so smelly? Yulan, how did you get here? This place is really hard to find. Please give me your hairpin." Ouyang Zhengxiong took out the hairpin from his arms and handed it to Sun Yulan.

Sun Yulan shook her head and said, "Wash it for me. This thing touched that thing at that time." He even took a step back, feeling very disgusted. Ouyang Zhengxiong stayed there. After touching that thing, he didn't even want the clothes at the moment. "Sister, don't be afraid. I've washed it a long time ago. I'm just afraid that my sister will think it." Dirty, now my sister can put it back on. I think she looks very beautiful wearing this." The little girl said at this time, Ouyang Zhengxiong looked at her gratefully, it's great, this sister

"By the way, you haven't said how you came here, Yulan." Ouyang Zhengxiong asked anxiously. Sun Yulan pointed at the little girl. Ouyang Zhengxiong looked at her doubtfully, with a look of confusion on his face. What do you mean, she brought her here? Then how could she be willing to come? He knew Sun Yulan, she He won't do anything worrying, "Don't you understand? Then brother, let me tell you, I am....."

Chapter 1876

She hasn't finished speaking yet. Why do people always want to disturb her? She's unhappy. In the small town, this sister is like this too. She doesn't listen to what she has to say. It's better to knock her out, but now is not the time to knock her out, "Oh! Oops, you stinky things are really annoying. My sister will sort it out later. Why don't we go to bed together? My sister still smells good." The little girl said with a childlike face. These things are ugly and smelly, and she doesn't want them to come near her. As for her sister, "It's okay, but you have to wait until it's resolved. Don't doze off." Sun Yulan said helplessly. It's not that she wants to sleep with her, it's that this little girl will squeeze in even if she doesn't agree. , they can't get out either.

The weapon the little girl used was very strange. It was a red silk thread. She waved her hands. These silk threads were all left on the zombies in the trees. Then she pulled her delicate little hands back and all turned into ashes. She jumped into Sun Yulan's arms and used all her strength. She said coquettishly: "Sister, I'm annoyed. I'm not merciful. Sister, look at how powerful I am." Sun Yulan looked at the little girl in front of her and asked her for credit, "Yes, yes, I'm very powerful. Hurry up and use these threads." Put it away." He rubbed her little head and sighed. This little girl is considered very powerful. She and her grandfather have lived here together since childhood, but she figured these out by herself, and she is considered a genius. They are young girls, and they don't know when the next wave of zombies will come, so they get together now

"Listen to my sister, I'll put it away now." The little girl shook the silk threads again. These threads seemed to have souls. When she shook them, they all became obedient. Ouyang Zhengxiong was shocked by her magical skills. He didn't expect that there are still people in the world who use silk threads to practice. He had never heard of it, and most of them chose sword cultivation, because sword cultivation has more training manuals and it is also very effective in dealing with these things. After being done like this by the little girl, he almost wanted to practice this, but he also wanted to After thinking for a moment, he shook unconsciously and felt good, so he might as well forget it. Yulan might consider it. The old man suddenly patted him on the shoulder, "Young man, it's not bad. You have such a talent at this age." Waiting for time, do you want to consider me? I can give you some advice. This is my granddaughter. Let me introduce you. Her weapon is thread, but this does not mean that she is weak. I am ashamed to say that I am not familiar with the weapon of silk thread. Yes, it was studied and practiced by my precious granddaughter." The old grandfather's eyes turned hot when he saw him. He obviously didn't use a sword, so why would he want to accept him as his disciple? "Grandpa, but just now I saw that you are not a swordsman, so why do you suddenly want to accept me as your disciple?" Ouyang Zhengxiong asked puzzledly.

"Who says that if you don't practice this, you won't know how to teach people? My friend is proficient in this martial arts. I have been practicing with him since I was a child. The two of us practiced and studied together to achieve what we are today. Which means I also happen to know some sword cultivation techniques. If you need it, You can come to me and I can give you some advice." The old man stroked his long beard and blew it. Is that so? Ouyang Zhengxiong thought, but he didn't really want to become his teacher, and it wasn't that he disliked him, but he felt that this old man had reached a certain age. It is not good to work too hard at the age of rest.

So I turned around and discussed with Yulan, "Yulan, what do you think, I don't know. I really want to learn the exercises, but I think this old man is already old." Gao, I am afraid that I will be overworked when he teaches me, and I don't know how to deal with Brother Shaoyang and Brother Haotian." Ouyang Zhengxiong whispered to Sun Yulan. The old man was waiting for his reply. He really couldn't keep the old man waiting for too long, but he forgot that the old man in front of him was also a powerful person. He suddenly put their The conversation was clearly heard, "My little friend, don't worry. Since I don't want to be my teacher, I won't force you. If you are confused, you can come here to see me." The old man said these words considerately.

"But I just saw that my friend and my friend's movement skills are a bit too unfamiliar. Is this the first time you have killed this thing? Also, I think you used too much force when swinging the sword, which caused your physical strength to drop quickly. The other one was too steady, which caused poor strength. Do you usually train by yourself? If you don't mind, just stay here for a few nights. I still have a place to rest here." The old man carefully recalled the battle just now. Every word he said struck a chord with Ouyang Zhengxiong and Sun Yulan. Every time he made a mistake, it was just like what the old man said. They were extremely excited.

Ouyang Zhengxiong quickly thanked: "Thank you, Grandpa. It's just that I have a mission now and I can't make promises to others at will. I don't want people to think that I don't keep my word. What Grandpa said is absolutely right. How did Grandpa see it? Even my brother and the others haven't done this yet. See the clues." Ouyang Zhengxiong was excited at this time.

Chapter 1877

Sun Yulan could feel his feelings. This was the first time someone had said it directly. Brother Shaoyang only said that although her sword was stable but lacked strength, the old man could tell it just by watching the battle between the two of them. These things probably come from many years of practicing. "Grandpa, can you help us make a training plan? We are worried about this, so we have been stuck here." Sun Yulan looked at the old grandfather expectantly, In fact, she did not agree with what Ouyang Zhengxiong said. She always felt that even though the old man was old, his skills must be unfathomable.

The old man seemed to enjoy their words, and suddenly became happy, "Well, okay, I will talk to you in a few days." Then he casually took a headshot, and it turned out that another zombie had just appeared. It was really Master Ouyang Zhengxiong sighed in his heart. It would be nice to have him

as his teacher, and his cultivation of skills would be a big step forward, but their hearts are not there, and they are only here to do the task, so they should not be casual. The grandfather's heart, and the fact that he had to teach them two exercises with all his heart, a deep sense of guilt appeared on his face. The grandfather had not seen Ouyang Zhengxiong like this.

"It's about to start again, everyone should start paying attention." The old man didn't forget to tease them. The zombies this time were really very fast. Compared with the previous ones, what they faced now was very dangerous. However, they had no problem dealing with them both. One of them barely escaped. Lan was quickly killed by Ouyang Zhengxiong, joking that if this thing was released, it would be over, "Yu Lan, how are you, are you okay?" Ouyang Zhengxiong said, he felt that Sun Yulan might not be as serious as before, and he didn't know what she was thinking, but the things at the moment were more difficult and she had to wake up.

Sun Yulan came back to her senses, her face was a little hot, she fought more carefully and cooperated with Ouyang Zhengxiong's moves. After all, the two of them have been together the longest and know the other's intentions best. They have almost wiped out this wave of dirty things, and there are fewer of them coming out later. Until Ouyang Zhengxiong finally wiped off the dirty thing's neck, and this wave was really over, "Little brother, are you sure you really don't want me to be your teacher? I think it's great. If you become my teacher, you can learn more." The old man still asked Ouyang Zhengxiong without giving up.

Although Ouyang Zhengxiong wanted to say yes, he still answered the question soberly, "Grandpa, thank you for your love, but the two of us cannot be apprentices for the time being. We must go back. If you go outside, you won't be able to come back at any time. This position should be reserved for other people who are destined. I also want to become my grandfather, but if I can't see you often, I don't think this apprenticeship is interesting. I can't do my best as an apprentice, and then I still neglect Grandpa. I don't like this very much." Ouyang Zhengxiong scratched his head and finally said everything he was thinking.

"It's okay, I don't need you to give it to me. I have a granddaughter, and I'm not disabled. It will be a great benefit for you to become my teacher. When the time comes, all my exercises and medicinal herbs will belong to you. By the way, it's you two, but Yulan still needs someone else to take care of her. I don't have a woman's technique here, so I can let her take care of it." The old man touched his beard and nodded. Now as long as Ouyang Zhengxiong expresses his position, these are theirs. It is really a great temptation. However, Ouyang Zhengxiong received a good education when he was a child. These are things that he can only consider at the basic level. He can judge.

Ouyang Zhengxiong shook his head with difficulty, "Grandpa's temptation conditions are very good, but I still can't become your disciple now. Grandpa, I'm sorry to disappoint you." The old man was blowing his beard at this time. Even after he said this, the little boy was unmoved. He is a good seedling. Then he smiled cheerfully and said, "It doesn't matter. Even if you don't want me to be

your teacher, I can do it." Teach you, this is for you. When you go outside, you can use this. At this time, the jade token in Chicken Leg Village can be entered and exited at any time, but the user can only be you. You quickly put the energy in it, so that the jade token is robbed. Even that person can't come in"

"Thank you grandpa!"Ouyang Zhengxiong and Sun Yulan said at the same time,"Grandpa, you just said that you would hand me over to another senior for training. Where does that senior want to be?"Sun Yulan clenched her fists and bowed to her grandfather,"That senior doesn't live here. It may take some time to find her, but she also lives here and protects Chicken Leg Township with me. I think she will like you very much. She There are no disciples either."The old man still stroked his long beard and thought about it again. She would definitely like this female doll. If he didn't have her skills, he would definitely accept Sun Yulan as his disciple.

Sun Yulan thanked the old man and thought When I went to find the senior, the old man said,"You can't find her with your words....."

Chapter 1878

"It's the last wave, hurry up!"The old man suddenly burst out. I saw that this time was different from the previous times. The people who came out were actually women. It was disgusting to see them waving their arms. Their speed was very slow, but there were many of them, and their moves were also different. The kind of strangulation, and then the red thread came together, the two swords were combined, and the grumpy old man used all his strength. They were like a tide, unable to kill them all, but fortunately they seemed to have a time limit, and they would be killed directly after a while Disappeared. Several times one almost slipped out but disappeared on his own.

"Don't be afraid, just hold on to this wave and fight a protracted war. I am an old man who does this every few days and I don't know where they come from. These appeared not long ago and almost made people panic. Fortunately, everyone built If you don't have this formation, otherwise Chicken Leg Village will be in trouble with these disgusting things."The old man hates these things, but he majors in strength, so he usually relies on his golden body to resist these dirty things.

Ouyang Zhengxiong and Sun Yulan did not dare to relax,"Leave it to us, we will definitely defend it."Ouyang Zhengxiong and Sun Yulan said in unison. It is true that they have cooperated for many years. They are still very synchronized in fighting. This is their advantage and their disadvantage. The advantage is that it is easy for them to fight like this. The disadvantage is that as long as the enemy is knocked down, The other person is outnumbered. They haven't understood this yet and they just want to cooperate with the other person, but their other weaknesses have not been strengthened.

"You try to attack separately, and don't pile them all in one place. Go find someone to train with."The old man thinks this is a good way to exercise. People will become very sensitive in times

of crisis. Let's start training now. Ouyang Zhengxiong and Sun Yulan felt strange, but they still did what the old man said. After they separated, they started training. It did become very difficult for a while, but after getting used to it, it actually got better, and I instantly understood the grandfather's good intentions.

After the last wave was over, they each put away their weapons, and Ouyang Zhengxiong and Sun Yulan looked at each other. The child fell down and had no strength. Tian Langyue, who was still at the foot of the mountain, felt that there seemed to be a strong fight going on above. At first, he did not dare to act rashly because he had suffered enough in the heavy fog. It was also inconvenient to have no one to lead the way. When the fighting stopped a little, he slowly moved to the mountain and saw the scene of them falling. In an instant, a spirit ran to them and said, "Are you okay?! How come it's like this after only a short time in our Chicken Leg Country?" Seeing that these two people were okay but too tired, they didn't disturb them and asked the others, "Brother, you'd better not talk, otherwise they won't sleep well. They were already very tired just now. Brother, please don't disturb them." The little girl said with a smile, as if as long as he continued to talk, he was no longer in this place, but had gone to some paradise. He knew the truth and shut up.

"Come and help my brother, carry him to that house. Sister Yulan will be with me, and you will be responsible for taking care of brother Zhengxiong." The little girl pointed to the house not far away. Although this house looks simple, it still has everything it should have. After finally settling Ouyang Zhengxiong, this guy was sweating all over. Wouldn't it smell bad if they slept together? He helped him wash up and then put him into the quilt. It seemed that this place was prepared for them. There were three rooms. If they except Sun Yulan and Ouyang Zhengxiong, they could use two rooms at most. This extra room It's very suspicious, but it seems that these two people can't do anything bad.

Especially the old man, who is so old, how could he be such a cruel person, and the little girl, who looks more like a helpless person The person who binds the chicken, but when the little girl looked at him just now, he was actually scared. She was either scared or a little frightened. This was not the look she should have at that age. She still had to be careful. It was better not to go to Yulan's side. After seeing it, they were afraid of conflict, so they had better take a rest first. Anyway, there was not much time to rest, and it would be morning soon. He slept aside and was always alert to the surrounding situation. Until early in the morning, the birds began to light up. Chirping softly, slowly waking up everyone who was tired last night. Ouyang Zhengxiong opened his eyes, thinking that he was dreaming and then closed his eyes. Why did he dream of Lang Yue sleeping in bed with him? Could it be that he was still dreaming, until the news came from outside? The little girl's cry came: "Brother, please get up, the sun is shining on your butt, shy, shy, sister Yulan and I are both up." Ouyang Zhengxiong suddenly opened his eyes and looked around but couldn't figure out what was going on with Tian Langyue. He pushed him and said, "Get up. How did you get here?" I remember you were asleep at the time. Could it be that you were sleepwalking? It's not like the dream is so far away." Ouyang Zhengxiong was puzzled.

For Ouyang Zhengxiong, this mission is not something ordinary people can get involved in. This is his first friend here, and he cherishes it. Facing Ouyang Zhengxiong's question, Tian Langyue sighed helplessly. She couldn't even pretend to be asleep. After going down, it was better to tell him the truth. Tian Langyue opened her eyes and said, "Oh, actually I came to see you. I didn't fall asleep last night, so you suddenly got up and planned to go out alone without calling. Come on, I was worried about following you secretly. There was a heavy fog behind you, so it was a bit difficult to move. Fortunately, I finally walked out." The worry in Tian Langyue's eyes was completely seen by Ouyang Zhengxiong, that's all. Since he could get through the heavy fog by himself after following him, this person must be concentrating on cultivation.

Even he was able to survive the fog under the guidance of the little girl. Tian Langyue probably had a solid foundation in the fog he had passed. Since he didn't tell Ouyang Zhengxiong, it was hard to continue asking. Anyway, he didn't tell him. Everyone has their own secret about the matter, "Why don't you come out? Come and ask for food. Sister, let's not leave food for them. I just want my sister to eat with me." The little girl shouted outside, acting like a baby. Holding Sun Yulan's waist

"Come out quickly, the food is ready. If you don't come out, there really won't be any food left for you." Sun Yulan sighed. She didn't expect that the little girl in front of her could cook at such a young age. She also did all the dishes by herself. Her grandfather only fanned her by the side and said he was training her, but it was really necessary to let her. Can such a young child do so much housework by himself? There is no well water here. If you want water, you have to go down to fetch it. There is only one well water at the foot of the mountain. She watched this little child carrying a load and then going down the mountain to fetch water. Come back and fill up the water.

Although the whole process didn't take long for this little girl, it was only when Sun Yulan helped her pour the water that she realized that the water was not very heavy. She had to drag it with both hands before she could pour it. Once inside, the little girl poured it all with one hand, "Aren't you tired? What does your grandfather usually do? Although it was not a good question to ask, Sun Yulan couldn't help but ask, "Are you tired? I started doing this very early. Sister, don't worry. Grandpa usually drinks tea in the study. If sister wants to find my grandfather, she can go there." The little girl threw herself into Sun Yulan's arms, "Sister, don't worry about me. I like my sister and I won't let her work. As long as she has fun with me, she can go back later." "The little girl buried her face in Sun Yulan's neck

"Come as soon as you come, we got up early and are getting dressed now. Langyue, let's pack it up quickly. If Yulan says she won't keep it, then she won't keep it." Ouyang Zhengxiong quickly put on his clothes and went to wash up briefly according to Sun Yulan's instructions. Tian Langyue came out after him, and he did not dare to delay. After all, this was someone else's house, and he still had to abide by their rules. "You and Masao should also go there to wash up. Remember not to dirty the water in the tank. There is no well here." Sun Yulan simply explained and went to the kitchen with the little girl.

The little girl looked at him and didn't say hello to him. She just stuck to Sun Yulan the whole time. If Sun Yulan didn't have Ouyang Zhengxiong as his only younger brother, he would have thought it was hers. He reached out his hand and wanted to touch the little girl's head like Sun Yulan. The little girl felt it and avoided his hand, "I don't want you to touch me. Sister, I won't let him touch me." The little girl was showing off her temper, and he retracted his outstretched hand in embarrassment, "Why don't you leave?" The little girl asked again, and then he chased after her to wash up. She was embarrassed for Tian Langyue just now. He smiled slightly, patted her little head, and went to the kitchen.

"Sister, look, here are the snow-white meatballs, glutinous rice balls and wide noodles that I made. Please try it. You must have been tired yesterday. You shouldn't eat so greasy in the morning. I'm making something delicious for my sister at noon. The little girl said proudly, "Thank you, I don't know your name yet, but you all know that my name is Yulan." Sun Yulan touched her little head and asked curiously, "I don't have a name yet. Grandpa said I won't have a name until I grow up. Children as young as me only have some nicknames, Grandpa said." Thinking that Sun Yulan wanted to know her name, but she did not have a name, which troubled her.

Why would she know my name? Sun Yulan thought to herself, "That's because I asked her to do it. After you come in The barrier will tell me your identity information, otherwise you won't be able to get in. I don't know how those ghosts got in. The old man stroked his white beard and said mysteriously, "Xiao Nizi, would you like to go with me to find that old witch? She may be able to make plans and exercises suitable for you." It's not far away on the mountain opposite." The old man felt that the old witch would also like Sun Yulan very much. After all, he liked her too.

Chapter 1880

"If grandpa wants to take me there, what should I do here? I don't know if the night will be like today, or should I go there in a few days?" Sun Yulan was talking to her grandfather while recalling yesterday. The grandfather was very satisfied with Sun Yulan's reaction, "It's okay. It can still last a few days at this time. They will rest for a while and then continue to attack. Old man, I will I'll take you back quickly, just because I'm afraid that old witch won't let you go, hahaha." The old man likes this child very much. It would be great if she switched to his kind of skills. It would be a pity that someone would inherit it."

"grandfather! Sister Yulan wants to come with me! I won't go with you. If you want to go, I will go too!" When the little girl saw that Sun Yulan ignored her and concentrated on talking to her grandfather, she became jealous instantly. She just lay in Sun Yulan's arms and refused to get up. Sun Yulan was helpless, patted and comforted her and said, "It's okay, sister is just going to learn skills from your grandfather. You'll be back soon. You have to guard here, otherwise, I mean, if those things suddenly attack, we will fall here and you will have to work hard." The little girl looked aggrieved. Her sister didn't want her to go either.

She raised her head and saw that the little girl's eyes were full of tears. "Okay then, I will listen to my sister and stay here well. Sister, please hurry up. Come back, otherwise I will be sad." The little girl tugged on Sun Yulan's clothes sadly, "Well, we will definitely come back to see you soon. Just be obedient and look after the house with these two brothers." Sun Yulan touched her little face. It was indeed very soft, as if made of jade. It is rare to have such good skin with this grandfather. It would be great if she had such an obedient sister.

"What? Yulan, are you leaving? Then I'll go with you." Ouyang Zhengxiong heard the news just after washing up here. Tian Langyue nodded in agreement. It is true that they will follow her after she leaves. Otherwise, what is the purpose of coming? "Why are you joining in the fun? Other people's skills Whether it suits me or not, you can just sit back and wait for our good news, and don't go along with it." Sun Yulan had just finished dealing with one and two more came. Why were they all worried? "No, we are here because of you. If you don't let us go, wouldn't our purpose of being here be in vain?" Ouyang Zhengxiong quickly retorted.

The little girl holding on to Sun Yulan's clothes also looked like she was about to cry, "Sister~" Oh, no, we won't be able to go if we go on like this. "We won't make any noise. If we want to go, let's go together. Come on, go early and come back early. Let's go have dinner now." The old man really couldn't stand it. These people kept shouting around Sun Yulan. He had a headache. It's not like he can't come back or something. "Okay, I like grandpa the most. Grandpa is better." The little girl said excitedly, this is the only way. Grandpa agreed. How could she disagree? But why did the two people opposite her become more and more unhappy?

I saw the two people opposite looking at Sun Yulan with an air of dignity. Look at that, I know grandpa will agree with us, what should I do? I need to hammer my fist a few times, "Okay, then you all come together well, don't fight all the way, let's go back quickly, let's go have breakfast now" Bar. "But she quickly suppressed this thought. She couldn't hit her. She was a girl. Even if she hit her, she had to hit her with something nice." "Okay! Langyue, let's go eat quickly. It smells so delicious. Who made the food?" Ouyang Zhengxiong said doubtfully. He looked around and saw that Sun Yulan didn't know how to cook. The grandfather was too old and the little girl was too young. Could it be that she was conjured out of thin air?

"It's me, it's me, hehe, thank you for the compliment, brother. Then I'll make some more good dishes when I cook. If brother likes it very much." The little girl said proudly, look at the food she made was delicious, until she opened the kitchen door. Although there were only a few bowls of noodles and a pot of dumplings inside, it smelled very delicious, "Because we grow all the ingredients ourselves. You should all know that almost everyone grows their own vegetables, so few people go to the streets to buy vegetables. However, restaurants have their own special signs and so on. This is something we cannot do ourselves, so sometimes we go to restaurants. Or eat in a restaurant." The little girl introduced.

Ouyang Zhengxiong picked up a bowl politely, then washed the chopsticks and took them out. Finally, everyone took the small benches and went outside to eat. It was not because there was no place to eat, but because Ouyang Zhengxiong said, "Why don't we go out to eat? The air outside is good." "Just like that, everyone moved the small benches and sat outside." As expected, the air outside is better, but it's too hot inside. It's summer again, what do you think, Yulan?" Ouyang Zhengxiong asked with a smile. He likes this kind of environment. Except for yesterday's accident, everything else is pretty good.

This accident may last for a long time, but he won't let it last that long. He has to hurry up. They are going back to prepare for the coming-of-age ceremony with Yulan. There are also brothers Shaoyang and Haotian.
