### Chapter 1881

"Hurry up and eat. You'll be leaving soon. Don't drag your sister to chat."The little girl interrupted him and said, her sister is hers alone, why are some people always snatching her away? She pouted dissatisfiedly, just because he likes her food, let it go, she will definitely give him a try next time. On the tree,"Ah, okay, okay, don't be angry. I'm just talking to your sister Yulan. How about brother treating you to some candy?"Ouyang Zhengxiong said flatteringly. This is the person who will be in charge of food in the future. It's better not to offend him."Humph, just because you said my food is delicious, forget it. If you want sugar, remember to ask for strawberry flavor. That taste. tasty."The little girl said with an arrogant look. She was not soft-hearted, she just didn't eat enough strawberry-flavored candies before. Although he didn't know what strawberry-flavored candy was

, he seemed to hear someone calling strawberry when he went to the town. Sugar, try your luck in the town next time,"No problem, I'll bring it to you next time. Ouyang Zhengxiong patted his chest to prove that he would not lie to her,"Eat quickly. I will help wash the dishes later. Zhengxiong and Langyue will come."Sun Yulan said. It's hard to say anything after eating other people's food. Of course, she has to do something to make up for it."Sister, you don't have to wash it. Just wash it for the two of them. There aren't many bowls. If they wash it, they can wash it very quickly."The little girl pulled Sun Yulan.

At this time, Sun Yulan had already finished eating and was about to go to the kitchen. She looked at the little girl holding her sleeve and said,"You, my sister has to work after eating your food. This bowl is for us. Go ahead and wash it. Just sit back and play."The little girl who was thinking about her at this moment warmed her heart a lot. She now treats her like a sister. Although she tied her up like that, she must be forgiven at such a young age. Anyway, she also lacks As a younger sister, she just said,"Sister, how about you just sit and play with me? Since you all went to wash the dishes, I won't have anyone to play with me." Are you okay, sister?"While shaking her sleeves, she acted coquettishly.

Sun Yulan's heart was beating wildly. This is so cute."Then sister will play with you. You go and wash the dishes quickly. Oh, yes, wait until they finish eating. Also eat slowly. Sun Yulan then realized that she had finished eating,"Sister, there are some dumplings in the pot. They are sweet and not greasy. Sister, you can go eat some more. Don't be in a hurry."The little girl said with a smile. She did not eat her dumplings. Since she still had time, she would eat another bowl. This time she finished it slowly and enjoyed it.

"Well, Yu Lan, we're going to wash the dishes. You wait until we finish washing the dishes before leaving."Ouyang Zhengxiong quickly took Tian Langyue and ran to the kitchen to wash the dishes. He was afraid that they would run away first, because if they ran away, they would not be able to

get out. He carefully washed the dishes, washed the pots, arranged them neatly, and set off. The fog disappeared in the morning, leaving only a flat trail. Ouyang Zhengxiong said strangely: "It's strange, it was still foggy when I came here last night. Why are there so many institutions gone today?" I searched around and found no giant trees or anything like that. It can be seen that this is not near Tian Langyue's home. It is a really strange place.

Tian Langyue also discovered something wrong at this time. Their current location is not where they came before. It was like a formation that teleported them to a certain place, teleportation! That's right, it was teleportation. The person who might have triggered the teleportation might be the little girl, because she was the one who took Ouyang Zhengxiong there. "Brother, don't worry so much, because the direction we came down is different. This is the other side of the mountain. The side you came to before was the other side of the mountain, so you can't see the giant trees because they are blocked by the mountain." The little girl explained.

"It turns out that it is like this, no wonder it is so different, it turns out it is in another direction." Ouyang Zhengxiong didn't believe it. He wasn't that stupid yet. But they didn't say there was any way. They must have done it to prevent those dirty things. Sun Yulan didn't know any different way, so she continued without taking it to heart. As she walked on, she was just brought here by the dizzy spell, and she didn't know anything else, "Why have I walked for so long and still haven't seen the mountain my grandpa mentioned?" Ouyang Zhengxiong asked doubtfully, didn't it mean it's on the opposite side? Why is the opposite side so long?

"Yes, it's the other side of the mountain, which is another mountain." The old man felt that what he said was right, and he continued to make gestures for a long time. He was not lying. It was the other side of the mountain. At this time, Ouyang Zhengxiong was troubled in his heart. Is it really the other side of the mountain? This is already half right. Now, is he going to take them through Chicken Leg Country? How can he finish this walk? He feels a little uncomfortable, but he can still persist at this point. He just doesn't know if Lang Yue can do it.

Ouyang Zhengxiong turned to look at Tian Langyue, he couldn't see any expression on Lang Yue's face, as if he was very relaxed! What's going on, is everyone so strong? "Zhengxiong doesn't have to look at me like this, I just have some strength from working in the fields with my father, and almost everyone in Chicken Leg Township has to walk so much."

## Chapter 1882

Tian Langyue felt that the look was so obvious that she wished she could see a hole in him, so she simply explained directly that the people in Chicken Leg Township had to go out to work every day or else they would have no food to eat, because Chicken Leg Township was not a place where everyone lived every day. People who go to the market more often prefer to farm and grow vegetables at home. If neighbors and friends have no food or the harvest is not very good, it is better to lend some rice to them. If they are those who do not work and like to be lazy, Chicken Leg

Township is the best. I hate people like this. The village usually selects the most beautiful workers every year, and the prizes are rich.

"Like this? I thought you were all born to be very strong people." Ouyang Zhengxiong was already imagining that Langyue would crawl after he was born, and when he grew older, he could do housework and the like. The more he thought about it, the expression on his face was wrong. Tian Langyue looked at Ouyang Zhengxiong. He felt something was wrong with the thoughtful expression on his face. This guy must be thinking about some weird things, "Okay, stop thinking about it, hurry up and get there as soon as possible." Sun Yulan struck Ou with a palm. Masahiro always has indescribable ideas.

Silently being hit on the head by Sun Yulan, hiss, Yulan still likes to hit people on the head as before. Forget it, good men don't fight with women. Brother Shaoyang often says this, "Yulan, please change the place next time. Otherwise, you'll be fooled." Ouyang Zhengxiong sighed, as if she kept knocking a hole in his head, "Okay, let's switch to the other side next time." Sun Yulan said, she finally saw the top of the mountain after walking for who knows how long. , Ouyang Zhengxiong was excited in his heart, but everyone's expressions were calm. He also said seriously, "It should be right ahead, let's go quickly." His words still betrayed his excitement.

"Brother looks very happy, and I am also very happy. I can make lunch for you then. The little girl continued Ouyang Zhengxiong's words. She really wanted to prepare a dinner for Sister Yulan, "It's strange. I saw the top of the mountain just now. Why am I still looking at the top of the mountain? It seems that it hasn't moved." Ouyang Zhengxiong walked for a while and still couldn't help but ask, "Brother, don't worry, I'll be there in a minute." "The little girl seemed to know something, and then they saw something like a brand, with a groove on it. The little girl put the thing directly in the eyes of her grandfather, only to see that her eyes darkened and then she opened her eyes, and there was a hut.

The hut. It looked simple and beautiful, like a place where women would like to live. After they came in, they heard a scream. Why did the voice sound so much like the voice of an old man? Looking over there, they saw that the old man had a bump on his head. It looked like it had grown out of nowhere. It's quite big, but I don't know what hit it. I looked aside and didn't see anything. I saw something like a board under the grandfather's feet, "Damn old witch, do you think I'm here to come to you?" You still hit me with things, and if you don't come, I won't come. I won't come next time. The old man covered his head and said angrily, "But grandpa, this is your third visit this month." "The little girl asked in confusion.

Why did grandpa come so many times even though he didn't want to come? He always said this, "Oh, the world of adults is so difficult to understand." Others turned their heads after listening to the little girl's words. I went to see the old man and expected what his next words would be, "This time it was an accident. Old witch, come out quickly. I have something to ask you." "The old man

said with a stubborn look. Although his face was hot, he could not lose his momentum. Ouyang Zhengxiong thought that today seems to be only the third day of this month, which means that the old man comes every day, but for different reasons. The key to coming here is that he still has a pass! It seems that he must have a good relationship with this 'old witch'. She can't even dodge when she's beaten like this. Where did the energy to hide from zombies go yesterday?

Ouyang Zhengxiong kept staring at the old man and pulled her Tian Langyue smiled secretly, but the result was a bump on her head that was bigger than the old man's, "I said, old man, why do you come to my place every day? Tell me, what's the reason for this time? A female voice came to mind in the room, "Grandma, I'm here to see you, can I come in?" "The little girl said happily, and waved her hand as if her grandma could see it, "You can come in, but who are the three people next to you? Grandma seems to have never seen them." "The tone of grandma inside is different, as if she is her own granddaughter.

"Grandma, next to me are my new brothers and sisters. Don't worry, grandma is a good person." "The little girl said loudly to her grandma. The room was silent for a while and then she heard a click sound. The door opened, which meant that the grandma agreed to let them in, "Grandma, we are coming in." "The little girl took Sun Yulan's hand and entered the room. Fortunately, she took her with her, otherwise she might not have been able to get in. Sun Yulan didn't know whether to laugh or cry. As soon as they entered, the old man was locked out, "Old witch, you You've locked me out, please let me in."

#### Chapter 1883

"Otherwise I will never come again." "The old man shouted anxiously. As soon as he finished speaking, he realized that he had said the wrong thing. He quickly apologized and said, "You heard wrong. I meant that I have something to tell you." "Afraid that grandma wouldn't believe her, she hurriedly knocked on the door. Ouyang Zhengxiong and the others didn't see the grandpa come in and didn't go in. The little girl stopped when she saw them like this, because Sun Yulan didn't move, and there was no way for grandma to open the door. The old grandpa opened the door. Sun Yulan watched the grandpa change very quickly when he opened the door. He suddenly felt like a worldly expert and walked lightly.

He was still the first to walk. No one walked in front of him. Ouyang Zhengxiong mainly felt that this was not good for his grandfather, so he walked to the back. It was not until the hall that he saw his grandma holding tea and savoring it. Grandma must have been very beautiful when she was young. Look at her current decoration and accessories. He came from a wealthy family, and the floor was spotless. Thinking that the grandfather's house was indeed a little different, Sun Yulan didn't feel anything, because the little girl's room was also very clean, "Tell me what you want, old man." "Grandma said to him with a serious face. If the man in front of her hadn't been dealing with things over there from time to time, she wouldn't have let him in. It was just to be considerate of him.

When grandma spoke to him, her tone was obviously different. Grandpa said, "This kid is a good youngster, and his skills are similar to yours. I think he's pretty good, so I'll send him over to you to teach him and see if he can improve." The old man quickly told the reason for this time. It was obvious that he had been here many times and had experience. "Let me see, the child is you, come here and let me have a look." Grandma said kindly to Sun Yulan. Sun Yulan called her grandma sweetly and went over to show her. Grandma carefully observed her bones and said nothing else. Sun Yulan thought she was dissatisfied with herself and a little bit. Disappointed, I immediately heard grandma say, "Good boy, sit down, I will come back to you later to tell you how you should improve your body." The little girl quickly took Sun Yulan's hand and stood aside.

In fact, she could also sit, but if she sat, she couldn't hold hands with Sister Yulan. In this case, she didn't want to sit, "Why don't you sit, just sit." Grandma looked at the little girl pulling Sun Yulan, and she knew that the little guy was clinging to the girl. "It's okay, grandma, I'll just stand." Sun Yulan said considerately, and grandma nodded, "What's your name?" Grandma then realized that she still didn't know the name of the girl in front of her, "Grandma, you can just call me Yulan." Sun Yulan was very happy. Compared with Ouyang Zhengxiong, she hoped to absorb more knowledge to enhance her self-protection ability.

"Okay, Yulan, do you want to recognize me as your master?" Grandma said with a smile, she is finally going to have an heir. This old man is pretty good. He did one thing right. Grandpa raised his face arrogantly, as if to say come on and praise me. If it weren't for me, where would you be? Having such a good disciple, "Master." Sun Yulan called out sweetly, and grandma smiled even more happily. Finally, there was an heir to this skill, "Okay, okay, my good disciple." Of course Sun Yulan knew that she was going to serve tea, so she immediately picked up the teapot and served it.

Grandma drank the cup of tea sweetly, touched her little hand and sighed, "Your master, I am only your apprentice. Let's practice here. The old man secretly thought something was wrong, "Old woman, she wants to go back with us. Her brother is still learning martial arts here." "Hurry over and grab him, grandma curled her lips, "Why, my precious disciple still wants to go to your place to practice martial arts, and I can't teach him myself? After saying that, he wanted to chase her away, "No, we are just here to formulate her training plan. We still have to go back to slay monsters. You know that my side has always been uneasy." The old man said immediately, fearing that she would drive her away if she was unhappy.

"Grandma, my sister wants to go back with me, okay?" The little girl also helped. She didn't want Sister Yulan to be here all the time. Although it wasn't far away, her heart was too far away from Sister Yulan. Grandma frowned and finally said, "That's it, disciple. how do you feel?" Grandma looked at Sun Yulan with hope. Sun Yulan also knew that this was the purpose of her coming here, but she still had to go back. That mission was more important.

"Master, I still have to go back. It is indeed a good place for training. I will come over to visit Master often." Sun Yulan said to her grandma respectfully. Grandma was not happy, so she came down and sat by the window, "Oh, it's hard to accept an apprentice. The apprentice can't be by my side every day, and he has to go to your place. That's all, since you want to go. Go ahead, here's the pass." Grandma threw it into Sun Yulan's arms and looked at the yellow chrysanthemums in front of the window. Grandma felt that her mood was similar to this. "Thank you, master. Master, can you help me see how to adjust my practice plan?" Sun Yulan handed over the exercises he had practiced before.

#### Chapter 1884

Grandma wasn't interested in watching it at first. After all, her apprentice was leaving, so she wasn't very happy until she saw the exercises inside. Is this her exercise? This is obviously an exercise for men, and is her weapon a soft sword? This is a good idea. Since you can train at such a strong level every day, "Well, your weapon is a soft sword, right? Then you have to modify it. You guys can come and get it after a while. I will study it carefully. Today I'll go back with you too. Although I don't want to, the old man is his granddaughter who is helping him clean the housework, and he is enjoying the happiness next to him." Grandma looked at him with disdain.

"Old lady, isn't this an old bone? If you go over and clean it up, then we can go back together later. The grandfather said excitedly, "Grandma, where are you going?" "A male voice came. Ouyang Zhengxiong and Sun Yulan looked at it. Isn't this the strange man from yesterday?" "I have to go out. You and Ah Huan stay at home and I will come back in a few days." Grandma said comfortingly. In fact, the strange man was not because grandma was going out, but because he just heard that grandma had accepted an apprentice. He had been practicing martial arts since he was a child, but grandma never taught him anything else. It turns out that what grandma said was destined. She is this young lady, the strange man thought to himself, "I met Miss Yulan again." The strange man said, "Hello, we meet again." Sun Yulan said politely. Unexpectedly, he turned out to be grandma's grandson. "Come on, let me introduce you. This is grandma's apprentice. How did you get to know Yulan." "It was only after the introduction that I realized that the two of them knew each other," Grandma, yesterday during the Qiqiao Festival, I went out for a walk and met Miss Yulan." The strange man said helplessly, and then he realized, grandma, "This is better, does Yu Lan have someone you like, what do you think of him?" Grandma quickly pushed the strange man in front of Yulan.

"Grandma, we haven't realized yet that you will scare Miss Yulan like this." The strange man was very helpless about his grandmother's behavior, but he did not refuse. He thought it would be good if she could agree. "Master, although I don't have anyone I like, I don't think about a partner yet. I am not yet an adult." Sun Yulan was a little unhappy. Hearing Yulan's tone, she quickly pushed her grandson aside, "Forget it if you don't like it. Let's Yulan find someone better. Even if you grow up like this, there is no one you like. Grandma was so angry." Grandma feels that her grandson is too unsatisfactory. He is average-looking and can't live up to expectations. He should find a wife sooner. Even though he had such a good day yesterday, he didn't take advantage of the opportunity.

"Yes, yes, grandma is right, I will definitely find my wife and show it to you, so don't worry about it now and keep reminding me every year." The strange man suddenly felt that he was no longer his biological child. Grandma was so kind to Sun Yulan, and he felt like he was the one who was picked up. "Do you need me to prepare something for grandma to take over?" The strange man said carefully. It would not be good for grandma to go there empty-handed, and there is no change of clothes. "Then help me prepare some clothes." Grandma felt that her grandson was right. Fortunately, she didn't leave directly.

Finding that grandma didn't realize what she said, she said again, "I mean, grandma, do you need me to help you prepare lunch meals and clothes for you to go over? After all, they I didn't even have lunch when I came here." The strange man said helplessly. Grandma has forgotten all these things because she has an apprentice. "Yes, yes, you go and prepare lunch quickly. Everyone is sitting down. Only then did he realize his mistake and quickly made up for it, "Grandma, I'm going to help my brother. Let grandma have a taste of my craftsmanship today." "The little girl rolled up her sleeves and went to the kitchen with the strange man.

Grandma looked at the two little guys going to the kitchen with a smile. She had grown up. If the little girl hadn't been too young, she would have snatched her away to her house. Come on, it would be a pity to let such a good kid go, "Who are these two disciples?" Although grandma had discovered them a long time ago, she was immersed in the joy of having just accepted a disciple and didn't pay much attention. "Grandma, this is my brother, not my biological brother Zhengxiong. This is our friend Lang Yue. We are from the outside world. Yes, it was Langyue's parents who took us in." Sun Yulan introduced them one by one, and grandma nodded and was very satisfied with them, but she was not as satisfied as if she wanted to accept a disciple.

"Okay, okay, Yulan's younger brother, are you a practitioner or something? Grandma asked, "Hello grandma, I am a swordsman, but Yulan is a soft sword and I am a double-edged sword." Only then could Ouyang Zhengxiong speak. Who knows how long he had been holding it in, and finally he could speak, "A dagger, or a double-edged sword, not bad, not bad. Doesn't the old man like you very much and confiscate you as his apprentice?" "Grandma looked puzzled, that's good, this Zhengxiong, if she didn't have the skills to match him, she would have accepted him together.

#### Chapter 1885

After all, sword cultivators usually use long swords. The long sword itself is very heavy and seems very cumbersome to practice. I didn't expect that he is actually a short sword practitioner or double-edged. I am afraid he is a rare talent. This kind of person usually Mainly attacking, but also very good at hiding, which is a pity

"Grandma, it's because of my own reasons that I can't become a disciple. Yulan is a female nun. If I were to become a disciple, it would be difficult to find a teacher. Fortunately, I met you, grandma. I am the same as Yulan, but I still can't become a disciple. Although I I also like grandpa very much,

but after all, the two of us are outsiders, and we may have much less time to come back to honor you."Ouyang Zhengxiong replied respectfully.

Grandma nodded while listening to his words. Not bad, not bad. She had this awareness at a young age and saw things clearly. Fortunately, she received Yu Lan today, otherwise she would not have known how to accept a disciple. How long have you been waiting?

"Okay, okay, good boy, that grandpa is unlucky. If you were a female cultivator, I would definitely take you in. If my grandson wasn't a boy, I wouldn't be afraid of not having an heir. He is cultivating under that old man now. But the old man didn't want to accept him, saying that he was not destined.

Hum, my grandson works so hard, it's okay if he doesn't accept it, but he will still guide him."When grandma mentioned the strange man, she gave the grandpa a dirty look. The grandpa immediately withered. She didn't blame him. He really didn't think her grandson could join his family. Her foundation was too weak. Logically speaking, her grandson's foundation should be Not bad. This kid is a person who likes to do business. He goes out to do business from time to time. It's no wonder that he doesn't accept him as his disciple. He is not willing to practice and study. He also thinks that her grandson is suitable for business. What? She has done everything well and is eloquent, and now she is urging her to get married as soon as possible.

Alas, the woman is heartbroken,"Don't blame me, you either don't know what your grandson likes, or you force him to practice, your grandson My son is considered obedient....."The old man wanted to say something else, but grandma shut up with another look, and she was fierce. But it was okay and her grandson really needed a wife. This incense must be kept.

The old man suddenly looked at the strange man with distressed eyes. The strange man felt a little uncomfortable with the old man's look. What's wrong with grandpa? Why is he looking at him like this? Why is there still pity in his eyes?"Grandpa, forget it, I'll learn both so that I can protect my escorts when I do business." The strange man is very generous and thinks that it's okay to learn both. It's just a waste of his time in business. There are other things he can do. Okay,"You, just listen to your grandma. If my granddaughter can grow up, she can marry you. It's a pity." The old man felt very regretful. He is a good man but can't find his wife, so he can't find his wife. There is someone a girl likes, but why can't she find him?

"Ah, the rice is ready. Grandpa and grandma, let's go eat quickly."Sun Yulan looked at the dishes brought out by the little girl from the kitchen and they were all delicious. She immediately changed the topic. Everyone was attracted by the smell and no one discussed it anymore."Granddaughter, what delicious food did you cook this time? Ah, grandpa smells delicious."The grandfather smiled and stroked his beard. His granddaughter's craftsmanship was still so good.

The others' eyes widened when they saw it. It was really delicious."The food you cooked is so delicious. Can I have an extra bowl?"Ouyang Zhengxiong looked at the food that the little girl had worked so hard to make, and he was really greedy. The little girl was originally annoyed by the noise they were making, and was a little unhappy if they didn't pay attention to her. Until Sister Yulan said this to Ouyang Zhengxiong, He instantly became happy.

He raised his neck and nodded,"Of course, brothers and sisters should eat more. I will sit down with Sister Yulan to eat together later!"The little girl walked up to Sun Yulan and threw herself into her arms. Sister Yulan still smells good. It's great to have Sister Yulan. Then everyone took their seats in order. After the meal, everyone ate. She was also very happy, with a smile on her face,"Sister Yulan, do you like the food I cooked? If you like it, I'll cook it for you every day, okay?"The little girl was doing her standard coquettish behavior again. She had been clinging to Sun Yulan for the past two days, and Sun Yulan was used to it. She touched her hair and said,"Of course, it's delicious. I even ate an extra bowl of rice."

Looking at the little girl's expression seeking admiration, Sun Yulan was very happy. She was deeply attracted by the little girl's innocent and cute expression and the delicious dishes,"If it's okay, my sister always wants to eat the food you cooked, but Masao and I may just stay here for a while and will go back soon. Of course, if we want to go back, we will make an arrangement with you first. Sun Yulan squeezed her little hand comfortingly.

Seeing that she was obviously unhappy, she said,"Of course, if you are free or miss us, you can use this to contact me. This is my voice card."Sun Yulan took out a black sign.

#### Chapter 1886

He handed it to the little girl, who looked at this novel sign in shock. It turns out that one sign can be used to contact Sister Yulan. That is really convenient."Thank you, Sister Yulan. I like Sister Yulan the most." The little girl's face was filled with laughter as she hugged Sun Yulan.

Although her face was stained with the little girl's saliva, Sun Yulan didn't mind at all because she also liked the little girl."You can contact me directly from now on. Just like a letter, I will reply to you as soon as I see it." Sun Yulan After scratching her small and cute nose, the little girl smiled and shrank, feeling that the shaved nose was a little itchy.

"Yulan, since you gave it to her, why not give it to me? Ouyang Zhengxiong felt aggrieved. He had asked her before but he couldn't contact her without the contact information she gave her,"What are you going to do?" We are a family and can be found at any time, so don't be pretentious."Sun Yulan pushed him away.

This guy wants everything, and he still fights with a child. It's really annoying. Ouyang Zhengxiong watched her push him away, feeling jealous in his heart. This little girl has only known him for a long time. His status is high, and he will be able to pay it forward in the future. Although he thinks her cooking is delicious, Yu Lan is also too kind to her. Ouyang Zhengxiong squatted aside and watched them making out. At this time, Tian Langyue was finally caught. He noticed and turned to talk to Lang Yue, "Lang Yue, I forgot to ask you, have you also practiced cultivation yourself? Otherwise, how could you have found us." Ouyang Zhengxiong guessed what he said, and Tian Langyue felt that there was no point in hiding it at this time. He simply said openly, "Well, I have been practicing by myself since I was a child, and my father will occasionally teach me, but it depends on his mood." He said that there are no such powerful people, and even without practicing, they can walk from the fog to the grandfather's house to find someone. But Ouyang Zhengxiong always felt that he had forgotten something, and he couldn't figure it out even if he scratched his head.

"What are you doing? Forgot something?" Tian Langyue looked at the way he scratched his head and knew that this guy must have forgotten something important. It seemed that he had forgotten something, but it was probably not too important. At this time, Tian Biyue, who was not too important, looked confused. Looking at his eldest brother's room being empty, he looked back at his father, who didn't say anything, "Dad, did they go by themselves? Or did you take them away secretly without telling me?" Tian Biyue was extremely sad. Why did she leave? He didn't take her with him. He was really not a good friend. Ouyang Zhengxiong and Tian Langyue sneezed twice together and touched their noses. Is this a cold?

Gu Shaoyang and Li Haotian started here. Checking the surrounding situation, "Shaoyang, we checked near Chicken Leg Township last night and found no other abnormalities. How about we change to another place?" Just click on that thing here first so that we can monitor it more easily." Li Haotian squatted in the grass and said to Gu Shaoyang. After working all night, he didn't even see the shadow of a zombie. He might as well go to other places with roars to clean up those disgusting things.

But he didn't seem to hear the roar last night, so he felt relieved. Waiting here, "It seems that they are prepared to wait for a few days. Okay, just press it here. Although there are not many left, that's all. I don't know which two How's the kid doing? After the final experience, I still have to figure out a plan on my own, which probably makes my head hurt." Gu Shaoyang thought it was cute when he thought about how Ouyang Zhengxiong and Sun Yulan were at a loss.

They only had these two children. "Hey, hey, hey, have you forgotten me? I'm here to help you, right? , respect me." The young woman whispered beside her. After all, they are still hiding now and can't talk loudly. She kind of misses the food in the inn. It's already noon, why don't they leave?

"Don't worry, we'll wait a little longer and go have dinner later." Gu Shaoyang said to the young girl. He could tell from his expression that she was hungry. Just when the young girl was about to bear it, a man in black came over quietly, followed by a companion. He only heard"

What are you doing? If you walk like this, others will tell you it's rubbish." A man with a straight figure walked towards him with great gestures, "You walk faster, you are walking too arrogantly, you are not a well-known and decent person, why are you walking like this." The shorter man in front said that he has been unhappy with him for a long time. He thinks that he is great all day long. Sooner or later he will be killed, and maybe he will be dragged down. Gu Shaoyang and Li Haotian understood each other when they looked at each other, and Li Haotian retreated. After going down, a drunken man came over, it was Li Haotian.

He was drinking wine in a sloppy manner, while shouting, "One more bottle." The flask was thrown away with a bang. The two men in black noticed him immediately and became nervous. Li Haotian directly pulled one of them, "Brother, do you have any wine? It looks quite unfamiliar. Do you want to hang out with me?" said Li Haotian, who has excellent acting skills here.

#### Chapter 1887

Even the two men in black didn't dare to speak. They thought Li Haotian was mentally ill. "Ahem, bro, why don't you leave first? I'll treat you next time? Don't worry, I keep my word." A man in black saw him. He was so drunk that he relaxed his vigilance and quickly pulled him away, "Why not...not now? Hiccup." Li Haotian put his hand on the shoulder of the man in black again and stared at him drunkenly, "Don't worry...I Covering...you, others...don't dare to say anything."

It started again. Although the man in black was a little moved, he still shied away and said, "I'm not a brother and I won't give you face. We have things to do now. Let's have a drink someday. How about it?" The man in black persuaded him nicely. This guy was probably completely drunk.

"What's up? Brother, I'll ask someone to help you, just wait." Li Haotian said and was about to walk back. The man in black saw what was going on and quickly stopped him, "It's nothing, just making a fuss, no need for help." It took a lot of effort to persuade him to come back. Now they can't see other people like this, otherwise they will be destroyed all at once. "How can you not help my good brother when he is in trouble? Don't worry, I will help you." Li Haotian was so involved in the play that the young woman felt that she suddenly didn't recognize Li Haotian anymore. This guy really has his way. If ordinary people would not notice it, it's a good thing that these two mentally retarded people didn't notice who would walk into the woods drunk.

It's a pity. The young woman still didn't realize the mental retardation in her heart, so she pulled him and refused to let him go, "I'm so sorry, brother, don't worry, we'll be fine. Just the two of us can handle small things, big or small, by ourselves. How about you rest for a while and we'll take you back later?" Seeing that he was so drunk, a man in black said smoothly. Li Haotian seemed to be

thinking and didn't speak, "That's okay... that's okay. If you need someone, call me and I'll get some sleep first." As he said that, he just found a place to lie down and fell asleep.

Seeing that Li Haotian was asleep, another man in black and his friends were about to start. They were startled by Li Haotian's snoring. This guy snored too much. It rang, it would be bad if someone else was attracted to it, but the other person patted him and told him to do it quickly and leave quickly. He had no choice but to leave alone after finishing it, in the dark. The other two people watched these two idiots finish the process, patted Li Haotian to wake him up, and left, "Brother, we have something to do, so we'll leave first, and you should leave quickly." Li Haotian originally wanted to keep them, but the two of them ran away very quickly.

When they were far away, Li Haotian waved to them, and they came out, "I have to say, you just acted very well, we don't Go after them?" The young woman said, if this is the case, why do you still come out to act in this scene? For this reason, Li Haotian even disguised himself and pretended to be false.

"How can we make them feel at ease otherwise? The slightest sound of movement will scare them away. Do you see clearly?" Li Haotian rubbed his neck and patted his clothes. Gu Shaoyang nodded, "I saw it, they are actually making magic circles. We'd better not alert the enemy for the time being, as the magic circle is not perfect yet."

Tian Biyue didn't wait for the two of them until dinner. She asked her father not to take her with her, so she knew how to be intimate with her mother, as if she knew they would be fine. She couldn't even eat, "Dad, are you sure you don't want to take her?" Shall I go? What if something happens to them? Even if nothing happens, I still want to see there. I don't even know where it is." Tian Biyue said listlessly as she looked at the dining table with two people missing.

If she had known she wouldn't sleep, they would go to find Yulan together, but how do they know where Yulan is? Did they not tell her on purpose? How could this happen? , I won't take her with me for such a thing.

"Just eat well, they will be back in a few days, don't worry about them." Tian Yixuan is still feeding Qiao Liuqing as usual, and Tian Nini is also feeding Qiao Liuqing as usual, as if it is none of her business. She feels that the whole family is meaningless, or she will go out to find them at night. Her father seems to have guessed "Don't wander around blindly. Someone brought them there, but you didn't. When I find out, just copy the books. How are you memorizing the recent classes? Lang Yue has passed all the exams." Her father threw a word lightly, which directly made her mood fall to the lowest point. She responded casually, "I know, I won't go. I haven't finished memorizing it yet. I'm almost done." Tian Biyue made up nonsense. Although there was still a lot she hadn't memorized, she memorized it very quickly. She just didn't want to memorize it. Memorizing is so

boring. Only fools keep studying. After eating, they cleared the table and went back to the room to rest. Today, my father and the others are actually washing the dishes. I don't know if it's to compensate for myself or what, but it's nice not to have to wash them anyway."Sister, do you also want to go find your brothers and sisters? How about taking Nini with you? Nini wants to go too."Tian Nini didn't know what happened, but she just wanted to go,"Sister Nini doesn't know how to get there, Nini, don't make trouble, go and wash up quickly."Tian Biyue looked at her lovely sister with great helplessness.

## Chapter 1888

Seeing that she and her sister were the only two children left in her family, Tian Nini was a little scared. She didn't know why, because her father and mother liked to stay together and she only had her sister now. If her sister went to find them by herself, it would mean that she only had her sister. I am alone at home. I have no choice. My parents just like to be together."Then my sister promised me not to go to them alone. I will be very lonely. There are only two of us left at home now." , if my sister also leaves, Nini will be very sad and feel that she has been abandoned by you." She showed off her unique skills to act cute, blinking her eyes with stars, and there were some tears in her eyes. If Tian Biyue didn't agree, she would do it in the next second After crying, Tian Biyue didn't say anything. She had actually thought about going to find them by herself, but if the sister in front of her went by herself, no one would take care of her. So she really couldn't leave casually. Is this the same for brother Lang Yue? She usually thinks about herself so much, but she actually discovered that her brother is a cultivator. Although she has no ability, she still wants to do her best to protect her family.

"No, my sister will be here to accompany Nini. My sister loves Nini the most and will protect her. Now let's go and rest."Tian Biyue patted Tian Nini's back gently. The other person was comforted by this technique and immediately felt sleepy. He nodded and hugged her waist and rested. This was because he was afraid that she would leave home in the middle of the night. Are you running away? Well, let you sleep with me today. Tian Biyue thought with a smile that she seems to have neglected Nini recently, so today she will make up for her. He wiped her body briefly and put it away. On the bed, she was ready to wash herself. Just when she entered the bathroom, Tian Nini's eyes opened. Sister, I can't let you go. This is what my father and mother told me. There is also my own selfishness in it. When I heard the sound of water, it became quieter. Then he continued to sleep. This little guy went to bed a little earlier than usual. He was still playing in the room at this time. My sister likes things like architecture, but there is no shortage of everything that a girl should know.

"Sister...don't leave."She talks in her sleep even when she's asleep. It's so cute. If someone likes my sister in the future, they will definitely have to go through her. She has been in love with her since she was born. However, she has to work and study every day, so she really can't care about her. It's no wonder that she didn't cling to herself sometimes, and patted her gently as if to comfort her. Finally, she lay down next to Tian Nini and fell asleep. It was very hot this summer, so just cover her with a thin quilt. There are often mosquitoes at night, so They all have windows open for ventilation, and they feel very comfortable when the evening breeze blows on them.

Ouyang Zhengxiong and Tian Langyue were walking back happily at this time. How could they remember any home? They had forgotten this one, Tian Lang Yue is a person who lives in Chicken Leg Township, but Ouyang Zhengxiong and Sun Yulan are not. Since they are not, there is no need to stay in one place all the time, not to mention that place is full of dog food. Grandpa feels very comfortable. Not only is there delicious food, but also It was a good place to practice, and of course they didn't want to go back. Finally, during dinner, Sun Yulan remembered this matter.

She asked the two people, "Sister Liu Qing, do they know you are here?" "That's it, these two people were all stunned. Looking at their reactions, Sun Yulan knew that they only cared about their own happiness and had forgotten about Tian Biyue, "It's okay, just go back and tell your father, he He won't care about us. Just go back to Biyue and buy some food to apologize." Tian Langyue thought for a while and felt that this plan was undoubtedly the best, so she felt relieved and started to eat.

Seeing that the two of them didn't care about Biyue, Sun Yulan was a little wilted. If she had known better, she would have left one for Biyue. , I can't go out at any time now, just solve their original purpose first, and go back to apologize to Biyue. The little girl was unhappy when she saw Yulan, and when she heard their conversation, she knew that Sun Yulan missed her friends, "Sister, Try my cooking, is it delicious?" After putting the food to Sun Yulan, Sun Yulan's eyes lit up and she nodded.

After chewing the food in her mouth, she said, "It's delicious. How do you cook it? Please teach me next time. I want to learn it too." Sun Yulan quickly forgot the unpleasantness just now, and was brought back to dinner by the aroma of food in her mouth. "Okay, okay, as long as my sister wants to learn, I will teach her, then let's do it tomorrow, I am free at any time." The little girl said happily. My sister just praised me for cooking delicious food. Yulan thought to herself that there seems to be no training today, so she has to take Ouyang Zhengxiong to practice.

"Yulan, I just finished eating, am I too hasty to practice now, and I haven't finished washing the dishes yet? Langyue is still washing dishes inside. Ouyang Zhengxiong's hands were full of bubbles and he was holding a small bowl. He probably didn't have time to put the bowl in. Sun Yulan coughed and said, "That's it. Then go and wash it. I'll wait for you here." "No way, Ouyang Zhengxiong sighed and went back to the kitchen to finish washing. He was indeed in a hurry, but brother Shaoyang and brother Haotian said they should complete this amount every day.

#### Chapter 1889

She was so busy that she couldn't help Ouyang Zhengxiong. She walked to the kitchen and looked at the pile of bowls, "What did you just do? This bowl ran away before it was washed." Tian Langyue pointed. There are piles of dishes around. There are so many bowls tonight, because there is one more person today, her master, and with their mouths, there will be more plates of food. "Don't complain, either. I think you eat quite a lot." Ouyang Zhengxiong couldn't help but said sadly, he ate while watching Tian Langyue, that was so heroic.

The speed is not worse than him,"They are all the same, because the food is delicious." Tian Langyue poked Ouyang Zhengxiong with her elbow, and Ouyang Zhengxiong also hit back. The two of them did not stop washing the dishes and stood outside the door. Sun Yulan held her forehead,"Uh-huh, what are you doing?" Sun Yulan said leaning against the door. The plates of the two of them almost broke to the floor. Fortunately, they are both martial arts practitioners, and their reaction speed is a little faster than others. It was not easy to sort it out. Good dishes, smiled awkwardly at Sun Yulan at the door

"It's okay, we're just having fun. The dishes will be washed soon. Aren't you waiting for me there?"Ouyang Zhengxiong didn't touch his head at this time, and said with a playful smile,"Wash the dishes carefully, otherwise they will be broken. Sun Yulan looked at the pile of bowls and chopsticks,"Thank you for your hard work, there are such a lot of bowls and chopsticks." To express our gratitude, let's practice less at night."You still need to practice! It seems that this trick is not going to work."Ah, Yulan, you see, I won't be able to finish washing the bowls and chopsticks for a while, and I'm about to take a rest. Do you think you need to take a rest?"Ouyang Zhengxiong rubbed his little hands and said with a flattering look on his face. She frowned,"No, I made an agreement with Brother Haotian and Brother Shaoyang before. You can't miss it even a day, or I will tell them that you Just practice alone."Sun Yulan knew that he would be dawdling here just to not practice, so she couldn't blame him. It is indeed a lot harder to practice this discipline. You have to reach a certain level of strength just by physical exercise, otherwise you will get sick if you continue to practice. Wrong.

Ouyang Zhengxiong fainted when he heard the names of these two people. He did not dare to disobey their orders, otherwise he would not get anything delicious. Although the food here is delicious, Brother Shaoyang Brother Haotian is their family, and their family's food always tastes like peace of mind. Now in other people's homes, it no longer has that smell,"Okay, I'll be right away."The answer was also hesitant, but the movements of his hands were very fast.

Although Tian Langyue knew from the beginning that Ouyang Zhengxiong did not want to wash quickly, he did not expose it and kept the same speed as him. The two talked and laughed. Yes, it's pretty good,"You want to exercise? Take me with you and I can take you with me. You need to be more careful when practicing at night."Tian Langyue also speeded up. The speed of the two people always felt like a chase. Sun Yulan couldn't stand it anymore, so she left first. Sure enough, the two people were not very fast. They had a good relationship just now, and now But it's a bit of a comparison, and it's not a big deal. Just now,"I can climb half the mountain in one breath.""I can climb a mountain in one breath""I....."If this continues, they will really be unable to exercise. Sun Yulan threw the soft sword at them and started to forcefully start,"Yulan, why did you throw the weapon over here?" Ouyang Zhengxiong was arguing and saw a soft sword thrown over, He immediately reached out to catch it, because he knew that Yulan didn't really want to hit the two of them.

The next second, Sun Yulan's figure approached quickly. Ouyang Zhengxiong immediately threw away the soft sword to resist, but saw Sun Yulan directly grabbing the soft sword and attacking him. Seriously, Ouyang Zhengxiong suddenly entered the state and took out his double blades. , the two weapons clashed violently with a ping sound. Sun Yulan turned over and stepped back, kicked her feet on the tree, and started again. Ouyang Zhengxiong did not dare to take it lightly, always paying attention to her every step of attack, and taking advantage of the situation to attack again, he would deflect Sun Yulan Push it away with one palm and use your strength to fight.

Tian Langyue on the side saw that the two suddenly started fighting and knew that it had already started. Now that he joined, he didn't know which side he wanted to help. To no avail, he brought a chair and some fruit to watch. Ouyang Zhengxiong saw that he was so cool and unrestrained, and brought Sun Yulan and the others together. In the past, Tian Langyue put away the fruit plate as soon as they came over and blocked it with a bench,"Is the fruit delicious? Langyue." Ouyang Zhengxiong smiled, pulling him and gesticulating,"Of course it's delicious, especially the honey. Peach."

Sun Yulan saw that the battlefield had moved to that side and started to provoke Ouyang Zhengxiong. It was a soft attack. What's so powerful about this attack is that you can't guess which way the blade will go. Even if you guessed, it would break the defense. Ouyang Zhengxiong knew that. She knew how to do this move, and she immediately jumped to her back, used the knife instead of her palm, and hit her. Tian Langyue immediately took it and protected Sun Yulan. This time it was two against one, Ouyang Zhengxiong This was also the first time he fought with Tian Langyue, and he didn't know the opponent's skills well, so he was about to lose.

#### Chapter 1890

So she shouted into the house,"Two against one, it's not fair. Grandpa, come and help me." Sun Yulan had seen Ouyang Zhengxiong's shoddy words before. She kept fighting with him, even though the people inside were chatting. But he also paid close attention to the affairs of the three little guys outside the house. As soon as he heard Ouyang Zhengxiong calling him, the old man was about to walk out. Grandma held him down with one hand, signaling him not to move. They watched first.

"These little guys are quite energetic. It seems that my disciple's movement speed is good, but he lacks strength."Grandma commented on the side, with a very satisfied look on her face. The old man snorted dissatisfied,"Zhengxiong is not a bad guy. He didn't take advantage of him even if he fought against him one by one."But her head didn't stop for a moment, and she must have been very satisfied. The little girl stood beside them and didn't want to talk. After a long time, she seemed tired and wanted to go out. So she opened the door, and unexpectedly Ouyang Zhengxiong rushed over. He thought it was the old man, As he threw himself, he shouted,"Grandpa, look at them bullying me."It turned out that the other party was a girl. The little girl couldn't stop the car and was hoisted up by the little girl. The little girl's weapon was a red thread. She immediately reacted and hoisted Ouyang Zhengxiong up. Ouyang Zhengxiong reacted blankly, as if he didn't know how to be killed. As if hanging up, he looked around and scratched his head

"Why did I hang up? The old man pointed at the little girl, and then he understood. Because the little girl only used a small part of the silk thread, it was correct that Ouyang Zhengxiong didn't react." "I'm sorry, I almost hit you. Can you let go?" Shall I come down?" Ouyang Zhengxiong said to the little girl. He was very embarrassed to look like that. He really didn't want the little girl to open the door. If he knew better, he would never run rampant like this. The little girl didn't say anything. It wasn't until Sun Yulan came over that she rushed into her arms, "Sister, My brother scared me, I was scared." She looked pitiful. If Sun Yulan hadn't played that thing with her before, she would have been deceived. But obviously Sun Yulan had forgotten that and only had eyes for the little girl. "What's wrong? Are you scared? Don't be afraid, don't be afraid, Zhengxiong, why did you do it, you scared her." Sun Yulan did not forget to say to Ouyang Zhengxiong. Ouyang Zhengxiong looked confused. Why was he the one who was kidnapped? He was also the one who scolded him.

"I'm sorry. I'll see clearly next time and let me down." Ouyang Zhengxiong begged for mercy, and Sun Yulan glared at him, "How about you put him down, sister, teach him a lesson for you." The little girl pursed her lips and let go of the rope reluctantly. As you can imagine, Ouyang Zhengxiong fell directly without any preparation. When his butt sat on the ground, he couldn't believe it. Until Tian Langyue pulled him up.

They were indeed good buddies, "How about we work in pairs and have a fight, with Zhengxiong and I in a group, and Yulan and you two in a group." Tian Langyue felt that a team of two girls might not be able to defeat them. He felt that the little girl must be very good. The little girl and Sun Yulan were still thinking about it, but the old man had already nodded in agreement, "I agree, let's get started." "When he started shouting, he clearly felt that the air pressure around the little girl was different.

Sure enough, he tilted his head and a silver thread brushed his cheek, "Brother actually escaped, well, I took it lightly." He attacked again, his face still looked harmless, his small body was like a cannonball, and his speed and impact were very strong. Now Tian Langyue was passively defensive and couldn't find the time to attack. "Why didn't my brother fight back? I don't think my brother should be like this." The little girl saw that this man had extraordinary skills, but he refused to attack her.

He was hiding his strength just now, "Mashengxiong, what are you doing standing there? Come and help me. Tian Langyue was speaking loudly next to him. He was about to rush forward with a single step, but as soon as Sun Yulan stopped him, he had to fight with Sun Yulan, "Your opponent is me." "Continuing the unfinished battle, Ouyang Zhengxiong didn't want to fight with Yulan at this time, and wanted to go to Langyue. Sun Yulan saw it immediately and went directly to the little girl.

"Yulan, then don't blame me for being rude." Ouyang Zhengxiong's expression changed, and he attacked fiercely. The fighting was very enjoyable, and the people watching were also very

happy,"It is true that young people produce talents. We have found a treasure now. The old man commented on the side,"I think so. I have no regrets after accepting Yu Lan as my disciple. Thank you, old man. Although you are not very good at talking, you are very powerful.""

Grandma nodded beside her and praised her again. While admiring it, she also did not forget to select the exercises for Sun Yulan for her to choose later."This book is not good, this book is too wordy, this book is not suitable for her, this book... That's it."Grandma finally found a more satisfactory method."Old man, why don't you stick to it? This young man has a really good foundation."Why does the old man not want to accept him as his disciple? It's just because he doesn't want to. He can't tie him up with a rope. Let's worship him as his teacher."
