

Attributes 1891

Chapter 1891

Seeing that the old man stopped talking, he was about to say something, but was attracted by Sun Yulan's beautiful back attack, "Zhengxiong, what are you thinking about?" Sun Yulan went over to hit Ouyang Zhengxiong by surprise, and unexpectedly Okay, just now I was thinking about Langyue and forgot that Yulan was a person who was good at observation, and randomly started fighting with Sun Yulan, "Zhengxiong! Are you okay?" Tian Langyue wrapped his arm around the silk thread. This thread was really difficult to entangled

"Brother, you are distracted." The little girl dodged to him and aimed at his waist, then kicked him. Tian Langyue reacted and did not dodge the move. He only lost part of his strength. He saw another side of the little girl's cute little face. , Hiss, as expected, women are all people with two faces. She covered the newly injured area and stared straight at the little girl, as if looking for some flaw. The little girl put on a defensive posture and directly put it in her sleeve. Fly the thread over.

The thread as thin as a hair will touch her from time to time. This touch is not serious and will directly tear the skin. So Tian Langyue always pays attention to the trend of the thread while running away," I wasn't distracted, you were." The little girl then realized that he had just been circling her, and Ouyang Zhengxiong had rushed from her blind spot to behind her. The silk thread in his hand could only temporarily send him to the tree.

This also gave Ouyang Zhengxiong As a convenience, he moved directly to her side and caught her off guard. Sun Yulan also rushed to the battlefield again. Damn it, I didn't expect Ouyang Zhengxiong and Tian Langyue to have such a tacit understanding. She usually went on missions with him, even if they were two people. Even if they were completed together, they could not achieve this tacit understanding. Now there was a flaw in the movements of Sun Yulan's hands. Ouyang Zhengxiong and Tian Langyue naturally discovered this. In an instant, they exchanged opponents.

Tian Langyue grabbed Sun Yulan's wrist and threw her away. The little girl went out and temporarily distanced herself. The little girl was about to rescue Sun Yulan but was caught by Ouyang Zhengxiong and kept attacking. She was forced to defend, "Sister, are you okay?" "The little girl asked anxiously. Looking at the little girl's expression, Sun Yulan knew that she had just made a serious mistake. This time it was not that simple. There was a burst of dust, and a flash of light flashed across Sun Yulan's eyes. This time The speed is more than twice as fast as before. If you want to know your position, you have to stop and observe carefully.

"Good disciple, this is a good move." Grandma praised at the side, but her expression was no longer as excited as before. She discovered a big flaw in Yulan. In her thinking, Sun Yulan was soon stopped by Ouyang Zhengxiong. Sun Yulan's eyes were confused, but she still bounced back. , just when he was about to continue the attack, grandma clapped her hands gently on the side, "It's time to stop, babies, come over to my side." "Grandma waved to them kindly.

Sun Yulan wanted to stand aside and wait for the master to speak, but was led out, "What's wrong, my good disciple, today I will talk about your shortcomings. Stand here, don't shrink. I can't eat you there." Grandma looked at Sun Yulan's face filled with anger just now. She knew she wanted to do it again, but she had to talk about more important things now. She touched her head and said, "Yulan, what do you think of the beating you just gave?" Grandma asked.

She was unconvinced and said, "Of course I lost, Yulan admitted." But the mouth was flat, and grandma felt relieved to see her good disciple so sassy, and nodded, "You are impulsive this time. If you can keep the fighting state just now, you will probably beat Zhengxiong, and the two of them. Everyone cooperates very well, so you don't feel this way anymore. Teammates are very important to the commander, Yu Lan, you have to understand this." Grandma tapped Sun Yulan's forehead.

Although she didn't use any force, this had already touched her heart. She felt very sad, but it was difficult to say it out. She could only respond in a muffled voice, "Yulan knows I was wrong." Grandma saw her sadness, but she didn't do anything else. Instead, the little girl came over and threw herself into Sun Yulan's arms, "Sister, don't be sad, I'll make something delicious for you next time." The little girl acted coquettishly and cutely, and soon made Sun Yulan laugh. Sun Yulan nodded, and suddenly realized that the master cared about her. She couldn't brush off the master's kindness, and had a slight twist. "Now that I know the master, the apprentice will work harder." Grandma looked at Sun Yulan with a hint of humor. It's great to have a disciple, "Just trying hard? Grandma asked back, "I will cooperate more with my teammates and continue to practice my reflexes. Master, please don't make fun of me." Grandma then gave up and covered Sun Yulan's hand with her big hand, "Grandma only has you as her apprentice, so of course she loves you the most. Don't be discouraged. Play more games with Zhengxiong and the others to improve your tacit understanding." "

Immediately she took out a bracelet from her sleeve and handed it to her hand. She put it on under her grandma's hopeful eyes, "This is a greeting gift from grandma to you. Practice well in the future."

Chapter 1892

Only when Sun Yulan put on the bracelet did she feel the extraordinary quality of this jade bracelet, she happily threw herself into her grandma's arms, "Yeah, Yulan will not let down the master." The little girl was a bit picky, why did everyone come to snatch her sister? , immediately squeezed into grandma's arms, pulled Sun Yulan out, and then got back in. When grandma saw the little girl

staring at her with resentment, she knew she was jealous, "Okay, okay, I won't snatch your sister Yulan from you." , but he is my precious disciple."

The little girl raised her eyebrows, pouted, and ignored her grandma, "Does your sister love me or grandma?" It took a long time for the little girl to raise her head and look straight at her. Sun Yulan's eyes were full of expectation, as if to say, choose me, choose me, choose me quickly. Sun Yulan thought it was funny, pinched her little face with a smile, and said seriously, "Of course I like you more." The little girl was Sun Yulan was so happy with her answer that she shook her hair to show that the owner of the hair was happy.

"I'm so happy. Why haven't I seen you treat me so well before?" Although the old man likes Sun Yulan very much, his granddaughter has never been so clingy to him. She always throws herself into Sun Yulan's arms these days. It was okay at first. He just thought her granddaughter was just curious, but recently she has been clinging to him. After he was in her arms, he slowly began to taste it. The little girl stuck out her tongue at her grandfather and then went back in. "I like Sister Yulan, but my grandfather is not as beautiful as Sister Yulan." Of course I like Sister Yulan."

Looking at the little girl who kept getting into his arms, Sun Yulan smiled helplessly and said, "Do you like her that much? I have only known you for two days. Will I leave with you when I see your beautiful sister? The little girl quickly retorted, "No, I only like Sister Yulan, I don't like them." Hugging Sun Yulan tighter, Sun Yulan patted her back and comforted her, "Yes, yes, you only like me, and I also like you.""

She also likes the little girl. Even though she knocked her unconscious and brought her here, she still can't help but like this little child. But she always pays attention to her mood, and her food is also excellent. , she took care of her grandfather and herself alone. It was really heartbreaking to think that such a young child had to take care of her own food, clothing, housing and transportation. "Okay, okay, your sister Yulan still needs to train, so you can go and play aside." Grandma said

"Yulan, this is the exercise I selected for you. Take it over and take a look. Next time I will check your progress. That's it for today. Go back and read this exercise first and think about it carefully. If you don't understand, ask me again." After grandma finished speaking, she walked over to where the house that was conjured up was different from these others. She was confused and said, "This is her portable cabin. This is why she can come out anytime she wants to play." Grandpa saw these people were stunned and explained.

It's great to have a house that you can carry with you. This way you don't have to worry about having no place to sleep at night. In the past, the two of them, Brother Haotian and Brother Shaoyang, just found a house at random when they went out. Hiding in a cave, or camping in a tree,

in a safer place, with someone taking turns to keep watch, the two of them sleep peacefully. If she can do it in the future, then they don't have to suffer from the influence of the environment, although she feels that this memory is very painful. She is happy, but she still wants to live in the house every day. It is much better to not be bitten by mosquitoes.

"Does your sister like that one too? Don't worry, my sister will also have it in the future. This is a kind of skill when you reach a certain state of cultivation, called Dongtian." The little girl talked about this technique with great interest. Although she is not far from this realm, she doesn't want this house, she just thinks it's fun. Since her sister likes it, she should practice there as soon as possible. "I really like it. , then I will definitely practice hard! When the time comes, we'll move in together." Sun Yulan touched the little girl's hair.

In fact, the little girl was relieved in the battle just now. She just wanted to see the strength of these people. Alas, they are all about the same. It's her sister Yulan who is better. That action Very beautiful, "You two stay, I will tell you about the problem you just had." The old man didn't go back to his room but left Ouyang Zhengxiong and Sun Yulan behind. He thought it was Ouyang Zhengxiong and Tian Langyue who were left behind, but he didn't expect it was the two of them. The little girl and Tian Langyue didn't leave, and they also wanted to hear what happened. , the little girl was still waiting for her sister Yulan to go to bed together, while Langyue wanted to discuss with Ouyang Zhengxiong the results of today's fight. The old man saw that the two of them had not left and said directly, "What did you two do today?" They are all good, especially Zhengxiong, but Zhengxiong also ignored one problem, that is, lack of concentration. I just saw you distracted several times. Are you really just making eye contact with Lang Yue? I don't see it."

Ouyang Zhengxiong touched his head sheepishly and smiled, "You still have the nerve to laugh. If it were a battlefield, you wouldn't know how many times you would die. You must pay attention next time. Yu Lan has already said the question just now."

Chapter 1893

He stopped emphasizing, "But I want to tell you another thing. Don't rush into action. You must have been very angry during the last sprint. Then if the enemy catches your flaw, it will be quite easy to defeat you. You You must carefully read the exercises that Master gives you. If you ask me, Zhengxiong, I have something for you. These are my notes. You can take them and look at them." Ouyang Zhengxiong's eyes lit up when he heard the notes. The notes of ordinary monks are not Very rare.

Even if he passes away, he will keep it with him. Grandpa suddenly gave this to him, which means he has regarded him as his disciple, but he rejected grandpa, "Thank you! Thank you grandpa, I will put it away well, I will take care of it." Study!" This voice was also very excited and loud. If it were Yulan, she would be like this too, but Yulan knew that she already had better things from her grandma, so she just smiled slightly.

"Zhengxiong, if you don't study hard, I will call your name when you go out from now on, so as not to scare the enemy to death." Sun Yulan said with a smile on the side, and Ouyang Zhengxiong also laughed. The two of them have long been accustomed to talking to each other, "Okay, from now on you call me by my name when you go out and scare them to death." Ouyang Zhengxiong raised his fist and was very excited. Tian Langyue was also happy for him. Although he was not himself, Ouyang Zhengxiong was his good buddy. A good buddy is even more happy to have such a good thing.

Tian Langyue walked up to him and patted him. His shoulders encouraged him silently, and he was undoubtedly happy. Ouyang Zhengxiong hugged him back. This was Tian Langyue's recognition that he was his good friend, "I will rely on you when I go out from now on, and I won't take any action, Zhengxiong." One shot is worth two. Half joking and half serious, he felt that Ouyang Zhengxiong would definitely become a great person in the future, "No problem, I will protect you from now on!" Ouyang Zhengxiong and Tian Langyue were arm in arm.

Sun Yulan on the side felt helpless, "Ahem, cough, cough, have you forgotten me?" Grandpa strolled and said with all his heart. Why did they suddenly start chatting? Isn't this his note? Why were they more excited than him, as if it was his own note, "Grandpa, I am so excited. Thank you so much, Grandpa. Now, although I can't take my grandfather as my teacher, I will do my duty as a disciple!" Ouyang Zhengxiong said seriously.

The old man liked to hear this, but this was not the reason for them to ignore him. "Next time, wait until I am far away before cheering. Am I still here? Didn't you hear that you were covering me, huh, you little brat." The old grandfather shook his sleeves and said angrily. Ouyang Zhengxiong hurriedly coaxed him. "Grandpa is the best. Why don't we pay attention to grandpa? We pay attention to grandpa the most. I will definitely protect grandpa from now on. If you have anything to say to me, grandpa, , I will definitely do it!"

He also rolled up his sleeves, exposed his tendons, and said that he would finish it very seriously. The old man calmed down and said, "In this case, everyone should go and have a rest. If there is an emergency, I will call you." So he let Ouyang Zhengxiong go, and the little girl on the side quickly pulled Sun Yulan's sleeves and went back to the room to save them from grabbing Sister Yulan again. Sister Yulan had been talking to them just now, and they almost forgot about her. Sister Yulan kept talking. It's nice to hold her hand

"What's the matter? Go to bed early. I'm going to wash up first. Do you want to come with me? Sun Yulan suggested, and the little girl happily took her hand to the sink. Fortunately, the sink was big enough. After cleaning up, the two of them helped each other wipe their hair, "How about it, I didn't rub you in pain." Sun Yulan gently wiped the little girl's hair, and the little girl waved her hand, "No, my sister wiped it very gently. I like it very much." My feet didn't stop, just swaying.

She is really a child, but she has to do so many things by herself at this age, and let her enjoy it. It seems that she likes it very much,"It doesn't hurt. There is something I always do. I find it very strange, you have a grandfather, but where is your grandma? Sun Yulan asked in confusion, and the little girl said,"Grandpa has always been lonely. I am the child adopted by grandpa." So there is no grandma. Sister, you see grandpa obviously likes grandma very much, but he doesn't dare to pursue her directly. He always says some confused words, which makes me anxious to death. I still hope that they can be together.

The little girl swayed her feet a little less, and soon she stopped Sun Yulan from wiping her hair,"Okay sister, let me wipe it for you, otherwise you will have to go to bed very late.""The little girl walked up to her back, picked up a bench and wiped her hair, while asking,"How are you feeling, sister?" I have practiced it. The little girl was very proud, but Sun Yulan was very sad. She was actually adopted by her grandfather,"It's very comfortable. Where did you learn so many things?"

Yes, although she knows everything, she never knows who is teaching her. Grandpa doesn't look like someone who knows these things."Well, I taught myself. In a small town, everyone thinks I'm cute. Just taught me."The little girl hummed, as if this was nothing. She had been able to do things on her own very early.

Chapter 1894

It turned out that she learned it by herself,"Why did sister suddenly ask about this? Did sister used to be with that brother?" The brother in her mouth was Ouyang Zhengxiong, and a wave of memories continued to hit her mind, and finally turned into The bubble disappeared, and he smiled softly and said,"No, it's just that my parents and his parents are no longer alive. We are also adopted children. It's just a coincidence that we were adopted by two people." Sun Yulan mentioned the two people. I couldn't help but feel happy.

Yes, fortunately there are Brother Haotian and Brother Shaoyang, otherwise they wouldn't know where they were going? I don't know when they ended up in that bloody place. They were really lucky."Sister, sister, are they the two brothers you often talk about? I have never seen either of them. Didn't they follow their brothers and sisters?" Sun Yulan asked confused after hearing what she just said. She seemed to have never seen the two people they mentioned.

"Because the two brothers are outside, we are the two coming in to practice this time. We will not be considered adults until we have completed the training. How about inviting you to come over and play like this?"Sun Yu said with a blue smile, and the little girl got into her arms. Her big almond-like eyes were blinking, very cute,"Really? Then sister must take me with her when the time comes. I have never been outside, so I don't know what it's like outside."She heard her grandfather say that he picked her up from outside, but she didn't know why she had no memory.

If she went outside in person, she might remember it,"Don't worry, I will definitely take you with me. Sun Yulan comforted her and patted her back. The little girl giggled after getting the promise,"Sister, let's take a quick rest. Tomorrow we will teach you how to cook. In fact, cooking is quite simple. You can experience it yourself." You'll know after you pass it."The little girl ran to the bed, carefully took off her shoes and sat on the bed, waiting for her owner like a doll.

Seeing this scene, Sun Yulan wanted to laugh,"Okay, let's go to bed early today so that we can have enough energy to go tomorrow. Cook."Sun Yulan walked to her and sat down. This scene was a bit like her mother telling herself a story in the past."Do you want me to tell you a story? It's a bit cliché, but you can still listen." Touching her hair, it was still a little moist. It might as well go to bed later, so I took back the towel and continued wiping her hair.

"Okay, okay, I like listening to stories the most. Sister, please tell me."The little girl urged softly, looking extremely anxious. Sun Yulan slowly began to talk about what happened during this period. The little girl listened very enthusiastically at first, and then gradually became sleepy and shrank into Sun Yulan's arms and hugged her. After a few moments, An Xin fell asleep. Helpless, he touched his hair and felt that it was almost dry, so he hugged her and slept until the next morning.

Because the sun shined very early in the summer, Sun Yulan was fascinated by the light in front of her. I opened my eyes drowsily and saw that the little girl was already getting dressed. Wasn't she still in my arms yesterday?"Sister is awake. I see that she is a little tired and I can't bear to wake her up. She wants to be with me." Shall we go fetch water together?"The little girl jumped to the bedside. Seeing that Sun Yulan's face was not very good, she touched her forehead with her hand. It was a little hot.

Sun Yulan also felt that her head was a little heavy. When the little girl's hand touched it, she She felt that the little hand was soft and comfortable,"Sister, did you go to bed without drying your hair yesterday? No wonder you have a headache. Be sure to dry your hair next time."The little girl solemnly preached to Sun Yulan. Sun Yulan remembered and was pressed back,"Sister, it's better to sleep a little longer today. I can do it very quickly. Just sweat for a while."The little girl covered the quilt tightly and gave her special instructions before leaving.

In fact, this little girl has not known her for a few days, but Sun Yulan feels that she has been treated like a biological sister, and she is treated better than a biological sister. It's better. The little girl thinks of her in everything, but she will leave in the future, and she is a little reluctant to let her go. Then she also wants to take her with her, but when she thinks of her grandpa, she silently gives up the idea. The environment here is better. There were mountains, water, and food to eat, so she didn't have to worry about having no place to live.

She closed her eyes and thought about the two of them meeting in such a strange way. It was really interesting, and she didn't know how she thought about herself at that time. The one who was carried here felt that it was almost done after lying down for a while. He got up to help the little girl. The water tank was already filled with water, and smoke was slowly rising from the cooking chimney. What a beautiful scene. She opened the door gently. At the kitchen door, the little girl blew on the stove fire.

From time to time, tongues of flame came out to lick the pot. The little girl's heart was immersed in cooking. Sun Yulan saw a bowl of ginger water aside, thinking that the little girl cooked it for him, he felt warm in his heart, "Sister, are you up?" The little girl looked at her.

Chapter 1895

She already knew she was coming before she said anything. Sun Yulan was watching her cooking very seriously, so she probably wouldn't notice herself. The little girl saw the confusion on her face and said, "Sister, I noticed it as soon as I opened the door." "But my sister didn't seem to call me and I just went to work on what I was doing. I made that bowl of ginger syrup specially for my sister. Please drink it while it's hot. I just wanted to serve it to my sister."

Sun Yulan then walked over and picked up the bowl of ginger syrup. Suddenly she thought of something and put it down again. She walked up to the little girl and hugged her tightly. "Thank you." Such a short sentence contained all of Sun Yulan's feelings towards her. Seeing the love of the little girl in front of her, she now treats her as her own sister. The little girl was very happy and hugged her back heavily, "You're welcome, I like my sister very much. Although I really want to hug my sister all the time, but my sister If you don't let go, the wontons will be cooked."

Although she wanted to hug her sister for a little longer, the pot was really disappointing. After hearing this, Sun Yulan quickly let go of the little girl and asked her to continue eating. She cut the last green onion very quickly and took it out. Sun Yulan wanted to help, but she cut it up quickly enough and immediately bottomed out, "Sister, you must try this wonton. This is mine." "I made it specially for my sister." She remembered that she didn't go out to buy dumpling wrappers, so how did she wrap them?

"Didn't you go out? Are you making this dumpling wrapper freshly?" Sun Yulan just guessed, because it seemed that the little girl could make a lot of things. Unexpectedly, the little girl nodded, "Yes, I did make it myself. My sister didn't sleep well last night, so she gave it to me. After telling stories for so long, I need to reward myself." She still had a naughty look on her face. When she just woke up, she found that Sun Yulan had been holding her, which made her feel as warm as her grandfather and family.

She felt that she was right to take her sister into her heart. She hugged her sister I slept on my hand all night. Although my sister didn't say it, my arm must be very painful. Of course I should thank

you for being such a good sister."Sister likes you too. You are really good to her. Then I will first Drink this bowl of ginger syrup."Of course the little girl can't just put her thoughts here. She drank the steaming bowl of ginger sugar water. The water seemed to have cooled down, so that she didn't burn her tongue when she drank it.

"Does your sister think it's sweet? This is the brown sugar I bought in a small town before. It is said to be made by a master who has been selling this brown sugar for generations. It should taste good."Then the master wanted to give her more, but she didn't ask for it. She felt that the master himself didn't make any money doing this, and he had to put so much effort into it. She felt really sorry. If my sister thinks it tastes good, she can buy more next time. That's it,"It tastes good, the taste balances out the spiciness of the ginger slices, and I'm happy with it."Sun Yulan likes the little girl more and more now.

If her mother had not passed away, would she have given birth to a younger sister for her? Forget it, she would be the one to take care of her younger sister then. How could it be her turn to be like this now? But if she were herself Just like my sister,"Will you be my sister?"Sun Yulan asked cautiously. She was not sure that the little girl would agree. What if she didn't want to? Forget it, it's okay if she doesn't want to. Seeing that the little girl didn't say anything, she thought she didn't want to, but she said loudly," Yes, of course I do!"

Sun Yulan looked at the little girl in disbelief. The corners of the little girl's eyes were filled with tears. Who knew how happy she was when the sister in front of her asked this question? She was in Sun Yulan's arms with a bang, and Sun Yulan touched her back. ,"What's wrong? I even cried. My sister likes you very much. When I saw you didn't speak at first, I thought you didn't want to. Well, my good sister, you will be my sister's sister from now on, and I will definitely protect you!"

The little girl in her arms gently nudged her as a response. Now her face was full of white tears, which was not okay, but she just wanted to cry and act coquettishly in front of her sister,"Let's go wake them up. Don't let your carefully prepared wontons go to waste. He wiped away the little girl's tears with a handkerchief and rubbed her little face,"It's so cute. When I make money, I will buy you beautiful new clothes."The little girl's clothes looked a little old.

But she didn't care."It's okay, sister, I'm used to it. Okay, I'll wait for my sister's new clothes to wear."The little girl is looking forward to the new clothes in the future, but Sun Yulan feels that it is better to buy her a set with pocket money now,"Yulan, please don't worry about her. She has a lot of clothes in the cabinet and doesn't wear them. She just likes to wear them. She didn't listen to this set of clothes even after being told several times."The old man didn't know when he stood behind them.

Sun Yulan thought about yesterday's cabinet carefully, and it seemed that she had indeed not seen her open the cabinet. It turned out that she was not wearing the clothes inside. Now she was a little curious.

Chapter 1896

What kind of clothes were they? Her younger sister didn't even wear them. She felt that her younger sister was definitely not the kind of person who was picky. Either the clothes didn't suit her or they were too ugly. The little girl hid behind Sun Yulan and faced the old man. He made a face and said, "The clothes grandpa picked out are ugly. I don't want to wear them. Grandpa should give them away. I have never worn those clothes even once." It's okay if he doesn't listen. Grandpa heard that the little girl didn't even wear the clothes he bought. Wearing makes me even more angry

"Grandpa, my sister is definitely not the kind of person who is picky. I will just go and take a look at her clothes later. Girls understand girls better." Sun Yulan saw her grandpa about to curse, so she quickly stopped her. After hearing this, the grandpa breathed a sigh of relief and asked Yulan to see if it was better. He really didn't know what kind of clothes his granddaughter liked, so he picked the style he liked. So I bought it, but the girl refused to wear it. He tried to persuade her many times to no avail, so she just refused to wear it. He nodded and said, "What kind of smell is this? I can smell it even in the room. It smells so good. What kind of pasta are you making?" Let me taste it quickly" Ouyang Zhengxiong emerged from the room and stared at the bowl beside him, "Go and wash up first, otherwise you will get confused." Seeing Ouyang Zhengxiong said in annoyance, she was about to ask them to eat. Well, it turned out that they had already woken up looking for this smell. I don't blame them. The smell is indeed delicious. Of course, choose delicious food and sleep.

"Okay, let's go clean it up now." The two quickly finished cleaning up, then took the bowls and sat on the small bench to eat wontons. After one bite, the smooth and tender skin wrapped the minced meat. The meat inside was evenly fat and thin, very delicious. Eat one and then drink the soup. The taste was amazing, and grandma also sat aside and ate it, "It tastes really good, and the skin is also very smooth and tender. Did you make it yourself?" Grandma asked. She had bad teeth and thought eating this wonton would clog her teeth. But it didn't happen at all, and she thought it was tender.

"Grandma, please don't praise me. I made it myself. I have been working on this wrapper for a while and I have concluded that first of all, if you want a good wrapper, you must control the moisture, and you must have just the right amount of force when kneading it. This kind of dumpling wrapper is both It won't stick to your teeth and it won't be too soft to wrap into wontons." The little girl is very happy to share her cooking experience. The grandfather is listening and nodding from time to time. How about it? His granddaughter is great and can do everything. Although he can't, it doesn't affect her ability to learn on her own.

The little girl sat closely next to Sun Yulan, "Aren't you too hot? So close." Ouyang Zhengxiong asked straightly, but was glared back by Sun Yulan. How could he not mention that he didn't see her

sister? Do you like her? He didn't naturally know, "It's not hot, it's only morning now. Why is it so hot?" Sun Yulan replied, why did Yulan get angry when he asked her casually? She wasn't like this before. Could it be that she drank something and became irritable?

"Yulan, do you want to go to the Tremella Soup in the small town to buy something to drink? Have you been angry recently?" Ouyang Zhengxiong asked again without fear of death. Sun Yulan's forehead wrinkled slightly, but she couldn't say anything, "Okay, my sister and I will go shopping together later. We just ran out of ingredients, and we didn't have this at home. Then stew some for my sister to drink." The little girl said thoughtfully. Of course she knew her sister was angry, so she answered and asked her to divert her attention. Sure enough, when she heard the little girl speak, she looked much happier and nodded, "Okay, wait a minute. Let's go to the town for a walk after dinner. Ouyang Zhengxiong and Tian Langyue froze as soon as they heard that they were going out for shopping, and silently thought not to call them, "You guys should go together, we will definitely need someone to carry things." Thank you for your hard work." Sun Yulan looked at the two of them with a smile. The smile on her face was like a devil to them. She wanted to refuse but felt a fire coming from Yulan's back. She didn't know if it was their illusion, "Okay, we happen to be here too. If you want to buy something, let's go together." Tian Langyue saw that Sun Yulan's face was wrong and quickly replied. It was obvious that Yulan thought the answer was good, "Then it's decided. You guys eat quickly, we will set off later." When it comes to shopping, Sun Yulan feels much better. Fortunately, Tian Langyue and the others have to go with them, otherwise they will not be able to get the things.

Ouyang Zhengxiong feels that even this bowl of delicious breakfast can't save his injured leg. Sure enough, women like it. They were shopping creatures, but they didn't stop moving, because they might not be able to keep up if they walked far away, because they didn't know the way either. Under the leadership of the little girl, the group finally came to the small town. This time, the small town streets Almost a few people came empty-handed, and almost all of them were going to the market. They looked here and there from time to time.

"Hello, do you know where I can buy white fungus? We need to buy some." The little girl asked a grandma selling vegetables. The grandma pointed to the road as soon as she saw it. It was the little girl again, "You are here to buy things again. This time you have brought your brothers and sisters. Please help her more."

Chapter 1897

As a regular customer of the little girl, this grandma also gave her a basket of vegetables. "Grandma, what you said is that we are going to help her get things. Don't worry." Sun Yulan smiled and looked at the worried-looking girl in front of her. Grandma, grandma felt relieved when she saw the little girl holding her hand. They were just friends. She waved her hand and the wrinkles on her face softened.

"Thank you grandma for the vegetables, I will visit grandma often!" The little girl shook her fleshy little hands for a few times, then turned around to look at Sun Yulan. This little girl finally no longer worked alone. It was good or bad. Sun Yulan kept looking at the little girl when she passed through the crowd. She greeted the other bosses. She seemed to be very popular. She felt a sense of pride from somewhere, and the smile on her face became a little bigger.

She puffed and puffed, and heard the sound of horse hooves hitting the ground in her ears, "Idle people Get out of the way quickly, get out of the way, get out of the way! Get out of the way!" When he saw an unruly man about to whip a child away, Ouyang Zhengxiong grabbed his whip, hugged the child and rolled it to the other side. The man on the horse was pulled off by Ouyang Zhengxiong, "What are you doing! I still have to hurry! Who is this? Pooh!" Ouyang Zhengxiong's cold light shone directly on the man holding his waist.

The child in his arms was sobbing. If he hadn't saved him early, this child might have been trampled to death. If he trampled to death, he might have yelled loudly. Several times, "What? I dragged you, and you didn't look at the road? Are your eyes so long? If the eyes are no longer needed, give them to someone who can use them." He lowered his head and slowly comforted the trembling child in his arms. Although the child was covered in mud, he was still alive!

"Don't be afraid. You are saved. I will take you back to wherever your home is." Slowly patted the child's back, gently picked up the child who was immersed in fear just now, and slowly picked him up. When the man saw that Ouyang Zhengxiong didn't take him seriously, he was about to yell and get slapped by him. Yan Dao was frightened for a moment, and then he realized what he was doing and said, "Who do you think you are? My father is the owner of the largest restaurant in this town, and you still won't kneel down and apologize to me!" That arrogant look made Sun Yulan feel sick just looking at it. She silently pulled the little girl to the other side and covered her little hand with her other hand. The little girl looked into Sun Yulan's eyes and knew what she was going to do. , let go of her hand and nodded. The man suddenly felt a little cold on his neck. He looked down and saw a soft sword pressing on his neck. He was instantly frightened and his feet went weak. "Girl...girl, if you have anything to say, please speak up." Say, if it can be solved with words, let's not use swords." The hand was about to touch her soft sword.

Wanting to move away from the soft sword, she directly moved the sword closer, "What did you just say? I didn't hear clearly. Who do you want to kneel down? Um?" Sun Yulan played with the jade card on the man's waist. The man's feet had begun to shake, and cold sweat continued to break out from his back and forehead, "How could it be? I didn't say anything just now. I meant that I'm a beast. In front of you, girl, can you be merciful? I have money. Don't kill me. My father is the owner of the largest restaurant here. He can give you money. Please let me go. Seeing that she seemed to be thinking about it, the man increased his temptation, "I can invite you to drink the latest wine from the restaurant. That is not something ordinary people can drink. If you don't believe me

, you can ask other people who have stayed in the restaurant. Man, they all know, auntie, put down the sword quickly, it's scary." He saw that Sun Yulan still frowned, but soon relaxed again. He knew that no one would not want to try the latest wine from the restaurant.

"OK, are you ready?" The man Sun Yulan said was confused. Is he ready? He needs to prepare a car to pick them up, right? But he thought completely wrong. He nodded towards Sun Yulan and signaled him to prepare the car, "I have it. car." As a result, Sun Yulan kicked him in front of Ouyang Zhengxiong. This kick was quite powerful. The man screamed and landed on his face. Ouyang Zhengxiong shook his head aside.

Tian Langyue and the little girl were watching the show very happily. The little girl thought to herself that she knew her sister would never let her down. This is what this disgusting thing should do. She trotted up to Sun Yulan and blew on her hand. "Does it hurt, sister? Do you want me to squeeze it for you?" The man trembled with anger when he heard this. He was the one who hurt. Why did the hand she kicked hurt? Ouyang Zhengxiong raised his face with his hands and commented while looking at it

"He doesn't look very good, but why does he have such a eloquent mouth?" He was referring to his man's cursing mouth and what he just said. He was very cowardly. When the people on the side saw him being subdued, they also cheered. Who makes him always bully them? He was taught a lesson by a little girl before. After a few times, he did not repent, and the man was about to curse when he heard the crowd's murmurs, but Ouyang Zhengxiong choked him tightly.

Chapter 1898

Those eyes were really terrifying, and the surrounding air seemed to be distorted. This little kid was obviously much smaller than him, but the aura he exuded was more terrifying than anyone he had ever seen. "What do you want to say? Say it. Let me listen." Ouyang Zhengxiong touched his back molars across his face. The man felt that if he answered incorrectly, his jaw would be ripped off. He wanted to speak and shake his head, but the words came out as gibberish. the sound of.

His hands forgot to grab things. Soon Ouyang Zhengxiong's hands pinched tighter and tighter. He was in great pain, and a lot of tears and snot fell from his nose. Ouyang Zhengxiong was so disgusted by him that he threw it aside. The man quickly realized, He knelt down and said, "Thank you for your life, thank you for your life. I won't dare to do it anymore. I won't dare to do it anymore." The people around him sighed. This man had done evil things in the town before and was taught the same thing several times. He showed no sign of repentance. meaning.

I don't know who shouted in the crowd, "Son, beat him up. He didn't admit his mistake at all. He was lying to you." Soon the voice disappeared in the crowd. Ouyang Zhengxiong heard that it was a girl's voice, and then turned to the man. When he looked over, the man rushed over with something he didn't know he was holding, "Go to hell, damn kid, you still want me to apologize, go to hell."

Ouyang Zhengxiong grabbed his hand without even looking at him, and gently After a twist, the man screamed.

He thought the sound was too noisy, so he picked his ears with his hands and said, "Don't make any noise, bother me." This light sentence reached the man's ears. The man didn't dare to speak for a moment. He just held his hands and sobbed, making people feel like it was Ouyang. Zhengxiong bullied him, "It's so shameless. He obviously bullied others and still behaves like this." Such words broke out in the crowd, and soon someone threw stones at him. Caiye, his hand was really hurting, Don't care about that at all

"I'm sorry, I was wrong. Please help me get it back. I promise not to be clever. The man quickly rushed to Ouyang Zhengxiong and confessed. Ouyang Zhengxiong didn't look at him and kept asking how the child was doing, "How are you doing?" Don't be afraid, you see the bad guy has been subdued by me, be happy, I will take you back to your home."The child slowly stopped crying. At first, he was afraid that his elder brother would be implicated and did not dare to talk to him.

After all, he had been bullied and no one helped him. He was just an adopted person. Some It's good to eat. If he goes back, he will be scolded. He doesn't want to go back. He originally wanted to use his little hands to grab the elder brother's sleeves, but when he saw that the elder brother's clothes were so clean, his own hands were so dirty. Instantly shrinking back, Ouyang Zhengxiong saw what he was worried about, grabbed his hand, and was about to take him back directly, when the child stood still.

Could it be that he was scared just now and wanted to hug him again? When he got up, the child took a step back and said, "Brother, thank you, but I don't dare to go back. My aunt said she will beat me to death if I go back now."The child was extremely frightened. Ouyang Zhengxiong's eyes trembled when he heard this. Who could be so vicious? She was willing to attack such a young child. He was about to grab his other hand, but he retracted his hand behind his back. , that was really scary.

Sun Yulan ran over and squatted next to the child, "Don't be afraid, we are good people. Can you tell me why your aunt wanted to beat you to death?" We will help you."She originally thought that the child would tell the truth about his experience when she said this, but when he heard this, he seemed to be even more frightened. He shook his head vigorously. Ouyang Zhengxiong's little hand was suddenly taken away by the child, and he took a few steps back. , and rushed elsewhere. Fortunately, Tian Langyue saw it and stopped him directly.

The child's little feet kicked wildly in the air. If it weren't for his scared expression, they would have thought he was a madman, "It's okay. Yes, you and we have all been trained, don't be afraid of your aunt, we will protect you."Sun Yulan comforted her softly. The child slowly came to his senses. He

looked left and right and saw that they didn't have the kind of expression on their faces that they used to trick him into going to her house. Then the aunt promised well at first and waited for others. As soon as they left, they beat and scolded him.

He was really scared, afraid that these people would be like those people, just tricking him into going back and getting beaten, "Aren't you sent by my aunt to take me back?" He asked cautiously and tentatively, "Why should we take you back? We just came to the town to buy things and happened to meet you." "Looking at the vegetables in Tian Langyue's hands, he believed what she said, but he still didn't give up. He nodded. Ouyang Zhengxiong thought he was being persuaded and asked Tian Langyue to let him go. As a result

, The kid slipped away very quickly. He immediately squeezed into the crowd and disappeared. Even if he wanted to chase Ouyang Zhengxiong, there was nothing he could do. After all, they were just here to buy things. They could only forget it for now and explain it carefully when they find him. , they found the store after turning a few turns.

Chapter 1899

The plaque has very normal italic characters. I just don't know why the store owner opened the store into this place. If it weren't for the old lady, they wouldn't be here. As for the trash just now, he has been killed by the people his father brought here. He picked them up and was quite arrogant when they left. He said he would not let them go and asked them to wait. As expected, he took advantage of the power of others. He should treat that hand as a lesson to him. I just don't know how the child is doing now. It looks like it crawled out of a mud puddle.

It was heartbreaking. The owner of the store sat idle and didn't know what the researchers were doing. When they came in, they didn't notice. Ouyang Zhengxiong was about to scream when the little girl stopped him and pointed to the hanging sign beside him. 'Come in and pick your own' This already means don't let anyone disturb him, but how does he know where those things are? The little girl tugged on his sleeve and pointed to the label on it. When he saw it, everything had a note on it.

It introduced the items inside and asked them to choose and put them in a small bag. This wave of operations showed how much they disliked others finding things for them to do. In the end, after they selected the items and put them in front of the shop owner, they realized what he was tinkering with. Something, he was repairing something. No wonder he told others not to disturb him. This kind of delicate work really cannot be disturbed. The boss who was disturbed did not say anything when he saw their small bags. He simply calculated the money and collected the money. , didn't even speak

"Brother, it's not that he doesn't want to speak, it's because he can't hear or speak." After the little girl walked out of the store, she explained to Ouyang Zhengxiong. He was about to turn around to

look, but was slapped back by Sun Yulan."What are you looking at? Since they didn't post it, they don't want people to know. Let's go quickly."He then rubbed the back of his head. The slap was not light, but she did not hit the top of her head again, so she kept her promise.

Fortunately, he didn't turn around to look at the other person, otherwise they would have looked at him differently. No wonder he Without saying a word, even the last money was just written on paper for them to hand over and left,"Where are we going now?"He asked unwillingly. He wasn't going to go shopping again. He should go back quickly. No matter how much he exercised his feet, he couldn't keep walking like this."Of course I'm going shopping for clothes first. Why are you asking such a question? ?"Is he being disliked? He just said it casually. He wanted to say something more, but Sun Yulan took the little girl and walked forward, so he had to give up and followed him dejectedly,"Which garment shop are we going to? ah. He struggled for the last time, and she stopped and looked at him with a puzzled face,"Why only go to one store? Why don't you go to a few more to compare?"In an instant he seemed to hear the sound of cracking and wanted to go see it!"I can.....""cannot!"This time he stopped talking and followed her closely with Tian Langyue.

They visited all the shops in the town that day and bought the little girl a brand new set of clothes. The little girl was very happy. , this set of clothes is finally not the clothes that grandpa bought her,"Thank you sister, I like the clothes my sister gave me very much."Holding Sun Yulan, but they were followed by two people carrying a lot of things. The two looked at the things in their hands, and then looked at each other. Very good, none of them belong to them. Why should they come to help them? Take something and suffer the consequences

"Thank you, brother. I will make delicious food for him when I get back."As soon as he heard about the food, the unhappiness on his face disappeared instantly,"It's okay, we can still get it."Who is this young man full of sunshine?""Brother is awesome.""The little girl boasted without hesitation, which made Ouyang Zhengxiong feel happy. He can eat delicious food when he goes back. It's no loss or loss. Tian Langyue was a little speechless. He was bribed and had no future."Of course there is Langyue. Brother, I will never forget you. I just happen to be making a new dish today, and I'll give it to you to try."

Ouyang Zhengxiong looked up and saw Tian Langyue carrying the things in his hands easily. Well, it turns out that Langyue also likes to eat."I'll help you get whatever else you want. I'm very strong. This is a no-brainer. Ouyang Zhengxiong couldn't believe that this was what Tian Langyue said,"Wow, is it true? Thank you Brother Langyue.""The little girl praised without hesitation. After that, they went shopping again to eat and rested in the private room of the previous restaurant. At this time, the two of them really couldn't walk, and their feet were shaking slightly. It was really scary, woman, two of them. All the thoughts were like this. Sun Yulan and the little girl sat on the stool, tasting the snacks on the plate,"Sister, this snack is not bad. I will try to make it for you next time. By the way, I also made peach blossom stuffing myself. No. The kind that can get drunk, and then warm the wine for my sister to drink."The expression was like she was about to praise me, which made Sun Yulan laugh."Okay, next time you cook it for me and warm the wine for me to

drink. What you cook must be very delicious. I believe you." "I wanted to say a few more words, but I heard a lot of noise coming from outside.

Chapter 1900

This kind of familiar atmosphere can only be found when their families are together. "Ahem, cough, cough, what should we order now?" Ouyang Zhengxiong looked at the deep love between the two sisters, and his stomach growled at an inappropriate time. Extremely embarrassed, everyone turned to look at him. "When did your relationship become so good?" Ouyang Zhengxiong changed the subject and said, that's right, the two of them have been very close recently, but he felt that it was just between girls. The friendship between them is just like Tian Biyue.

I saw the two of them looking at each other and smiling. "We are real sisters now, Zhengxiong, this is our sister." Ouyang Zhengxiong felt frightened when they said it so easily. What does it mean to be a real sister, not a reconciliation? Are friends the same? Wait, they are good friends, not the real sisters as he understood it. "It means real sisters, don't panic." How could you not panic? This is simply frightening.

"You...you mean you, the biological sisters? when?" He spoke out of order. He seemed to have been here for less than two days. How did it progress? Even if they had played there for two days, they wouldn't have been so fast. They were both playing well. There is a running-in period, but it is much longer than these few days. Seeing his helpless look, Sun Yulan understood what this guy was thinking again. She nodded to him slowly and admitted that she would treat her as her biological sister in the future. Come and see.

He took a few steps back and grabbed Tian Langyue. He was speechless and made a few random gestures. Tian Langyue knew that he was very confused now, so she patted him on the shoulder to express comfort. Since the two of them are already sworn sisters, so it's hard to say anything. Just treat her well. I just don't know what Ouyang Zhengxiong will think. Suddenly there is an extra sister, so he may not be used to it. In the end, this guy directly grabbed the little girl's shoulder, no, now she is his sister.

She shook her head twice and said, "You are my sister now, hahaha, I will have something to eat from now on. Sister, please call me brother and I will listen." "He looked just like a gangster on the street. Sun Yulan hit him directly on the back of the head. When he rubbed the back of his head desperately, he instantly hugged the little girl into her arms. The little girl didn't. Frightened, she patted Sun Yulan's arm instead.

She sat on her lap and said to Ouyang Zhengxiong: "Yes, brother, I will be your sister from now on, but I don't have a name yet. I wonder if you can help me think of one." "Where's the name? I want a name too." When she said the last sentence, her eyes were obviously much brighter than before. Aren't the names chosen by her parents? Although she only has her grandfather now, Ouyang

Zhengxiong doesn't understand, it doesn't mean that Sun Yulan doesn't understand, first of all She didn't like any of the names given by her grandfather.

The second thing was that she wanted them to give her a name, which proved that they were very important. Sun Yulan was very happy when she thought of this, and she couldn't help but squeeze her hand. With a small face, it is indeed inconvenient in many places to have no name. She used to call herself you and me, and she felt a bit distant. Although she didn't feel it, it didn't stop her from liking this little girl. "If we choose a name, we will temporarily You also have to think about it, you can't just take it casually."

Sun Yulan pinched her little face and spoke to her. Ouyang Zhengxiong nodded. Indeed, they couldn't find any good names when they were asked to choose names. "Then I'll order something else. I came to this restaurant before. I only ate a few dishes at the restaurant, and this restaurant is indeed delicious." As if I was reminiscing about something, especially the plate of pastries from before. It was indeed a little better than the ones outside, but the dishes were still better. The others agreed without saying a word and ordered a few dishes that were pleasing to the eye. The waiter returned the menu to the waiter. The waiter originally wanted to throw away the towel and leave, but seeing that these people looked familiar, he took a few more glances and said, "What's wrong? Tian Langyue was confused when she saw the waiter's expression, "It's okay, sir, I just think you look familiar. I'm sorry, I'm leaving now." "Since this was the case, he couldn't keep him, so he waved his hand and let the waiter go.

After he left, several people's eyes met one after another, "There is a problem!" Ouyang Zhengxiong said, they recalled it, and then pointed the source of the problem at the head of the previous man, saying that he was a man, but he was not a few years older than them, but his clothes really made him look old, like someone who was dozens of years old. He is an ordinary young man, but his words are also sarcastic, "It's that man. I didn't expect this to be the restaurant he mentioned. I thought it was somewhere else. If the food here wasn't good, I wouldn't come." "

Just when Ouyang Zhengxiong was about to say something else, he suddenly thought of something. The food that will be served later will not be poisonous! He paid for it. "Then the food will be inspected before eating. They should not dare to be so aboveboard.."
