Chapter 1901

Sun Yulan said at the side, although this person's character is not good, it does not mean that the restaurant is not good. If they are guilty and they open this small restaurant again, they will be scolded and they will be fine. The thoughts of several people are the same, and they will be served soon. When it was served, the waiter changed. It was not the previous waiter. "Where's the waiter before? Why isn't it him?" Tian Langyue stopped the waiter and asked. The waiter looked dodgy and didn't dare to look. Him, the more he behaves like this, the more suspicious he becomes

"Guest officer, he was asked to deliver something to other guest officers, so I came here. The waiter never raised his head. Seeing that the others were silent and unwilling to leave, Sun Yulan said, "Let's go." He just slipped out and said, "What do you think?" This dish is not poisonous." Sun Yulan tested the vegetables and pastries and saw that they were not poisonous. Ouyang Zhengxiong picked up a piece of pastry and started eating it. Wouldn't it be a waste of food if he didn't eat it after paying for it? Others also started eating after seeing this. They were not afraid of this man..

I just find it troublesome, "This plate of pastries is not bad. Yulan, you can try it. There is also wine. I can do it.".....""Can't." He originally wanted to ask, but Yulan was so ruthless and refused to let him drink. Why did she give him a bottle of wine? He didn't order it. Since he couldn't drink it, he put the wine aside and ate the food. After all, this meal was not bad. Satisfied, although there are some minor episodes, it doesn't matter, just eat. It's already afternoon and they should pack up and go back. Suddenly they heard a small voice at the door. Because everyone is a cultivator, their ears are full. Very sensitive, I just heard one person whispering "Why haven't they fallen down yet?""Shh, don't talk""Oh ok. Why is there no sound?" "I can't hear it either." Only then did they understand what happened. After signaling to each other, Ouyang Zhengxiong walked lightly to the door. The two people at the door kept squeezing back and forth, and finally squeezed into this room. They were still confused. How could they? Come in?

When I looked up, I saw Ouyang Zhengxiong looking at them with a smile, and then pulled them into the room without making any sound. Because it was a private room, everyone was talking and eating in their own rooms, and no one noticed What's here, "Won't you explain it?" Sun Yulan looked at the two of them sinisterly. Then they looked at Ouyang Zhengxiong and Tian Langyue. This was simply a devil's den. They hugged each other.

"No, no, we're just lost. Let's leave now. Guest, please eat slowly." Just as the waiter was about to get up, Sun Yulan thrust a soft sword into their side and said with a smile: "Did I tell you to leave?" "This is simply a death talisman from hell." "No, no, the guest didn't ask the waiter to leave. How could the waiter leave? It's the waiter's fault. Is there anything else you need?" One of the

waiters' face was covered in cold sweat, and he didn't dare to wipe it with a towel even if he wanted to.

Ouyang Zhengxiong sat aside and said, "Who do you think is going to fall? Could it be that whose food was poisoned? Or is it our table?" Obviously the guest officer had a smile on his face, but they felt murderous intent, which was more terrifying than this woman, "No, no, sir, you heard it wrong, sir, we were discussing which guest officer just drank too much and was about to go clean it up." The other waiter saw that the waiter was speechless and answered.

"Is that so? Do you know where that guest is?" Ouyang Zhengxiong's cold voice reached their ears like a reminder, "That's it, we forgot which private room the guest officer was in. Let's look for it now. He wanted to open the door again but Tian Langyue tripped and fell to the ground, "If you do this, we will report you to the official." "This sentence has no deterrent effect on them. First of all, the yamen basically doesn't care about anything. They are just like grassroots and let people go if they have money.

Sun Yulan and the others are not afraid because they have nothing to be afraid of. They all see it. People who have experienced zombies are still afraid of this kind of thing. If they make random sentences, they will turn the yamen upside down, "Are you going to report to the official? The little girl said, "Yes, if you dare to do anything to us, we will report it to the police." They won't let us go yet." They thought these people were scared, but they turned out to be very excited, and one of them even held them down and beat them.

"If you don't tell me if someone else ordered you to be drugged, I will hang you up if you don't tell me." Ouyang Zhengxiong said viciously, a waiter couldn't stand it anymore, "I said, I said, don't hit me. Ouyang Zhengxiong stopped hitting them. He had controlled his strength just now, so that it was painful and no injuries were visible." "Go on, I will let you go after that." Ouyang Zhengxiong sat on a stool and waited for their answer, "That's it. We saw that you were notifying us to pay attention to whether these people came to the restaurant to eat. When we saw it... we didn't tell anyone else, just the three of us. Know."

They were frightened by Ouyang Zhengxiong's beating. He was afraid that he would not be satisfied with the answer and would pull them and beat them severely. "That's it. Do you remember what you want to say?" he asked.

Chapter 1902

"We know, we just said we accidentally fell." Ouyang Zhengxiong nodded and let them go. They didn't forget to close the door when they left. "Since this is the case, let's leave quickly." Tian Langyue suggested. They were silent for a while and nodded. In order to avoid trouble, they would go as far as possible. Fortunately, they had settled the bill before. When they left, they felt that other

people were staring at them from time to time. It turned out that the notice had been posted at the door.

It felt bad, and when they were about to go out, someone stopped them and said, "Please stay, I think you look familiar, sir. Can you come with me?" "Looking like a person in charge, Sun Yulan nodded, and the rest of them followed him to a private room. The others stopped staring at them and lowered their heads to eat in silence. "Excuse me, why did you call us here? ?" Sun Yulan asked softly.

"Yes, girl, you are in big trouble this time. Did you just offend a man? He is the shareholder of our restaurant. Now he is looking for you. You should avoid coming to this restaurant in the future." The person in charge seemed to be reminding them. Seeing that they were just children, he couldn't bear it, so he called them over and reminded them, "Thank you, we will come to this restaurant less in the future. Your food is still good. Not bad." Sun Yulan thanked her.

The other party looked helpless and waved his hand to let them go. When they left the restaurant, they saw the man standing at the door. His hands were still the same. He stood at the door and shouted, "I'll wait. You have been scared for a long time, and you still haven't kowtowed to apologize. Maybe I can forgive you then." The man's disdainful eyes swept over them. Suddenly he saw Sun Yulan, and he had evil thoughts.

This girl didn't look carefully before, and she looked quite iconic. "That guy in blue clothes, as long as you follow me, Me, I am an adult and don't remember the villain. You have to think about it." The man's appearance made people's hands itch, and other people passing by couldn't stand it anymore, and they all whispered shameless words, "What did you say?" Ouyang Zhengxiong rushed over and knocked him to the ground, and then eliminated his other men one by one. He thought it was so great, but he just called a few more trash. It was a waste of time and stepped on him. "You just repeated what you said. I didn't hear it clearly. Ouyang Zhengxiong flicked his ears and rubbed his feet. How could the man dare to speak again," He said he wanted his sister to follow him. Brother, this kind of person is so shameless and shameless." "The little girl said directly. She would not give him a chance." "Oh, that's it." His foot was a little heavier, and the man screamed. Ouyang Zhengxiong didn't care at all and kept stepping on it.

"Help, someone is going to kill someone, please come quickly." The man called for help while enduring the pain, but the thug he had just escaped had already escaped. He would still care about him. After all, life is more important. "Look, no one cares about you. It seems that you are not very good." Kicking him away, he heard the crowd make way for a road, and then a carriage came out. The man shouted, "Daddy, daddy, someone wants to kill me, it's them, they beat me today." "

The man saw the rescue coming and climbed to the side of the carriage. Then a fat man came out. When he saw his son lying on the ground, he immediately came to him and asked what

happened,"What's wrong? Hasn't there been an announcement already? I also found a few people for you, but they were all beaten up, they are useless. His father ignored him and walked directly to Ouyang Zhengxiong,"You were the one who beat my son?" Apologize."

An overweight man walked towards Ouyang Zhengxiong step by step. He seemed to be a ruthless character,"It's me, how about it? He beats and curses people randomly, and I can't resist. So this town is yours? Ouyang asked back, the man's eyes were sharp,"You just have to let him finish the fight, but you can't resist. Although the town is not mine, no one can bully me casually.""These words made the common people sigh again.

Only then did he realize that he had said the wrong thing, and immediately coughed, and the others immediately became quiet,"Did you see, you have to watch me when I work here? Water does not interfere with rivers, but the matter of you spraining my son cannot be ignored. He became fierce again, as if nothing had happened just now,"Hahaha, you have the nerve to say it, but did you know that your son was running wildly on the street during the day and wanted to beat the child to death?" Then why don't you apologize?"

He pressed harder and harder until the man couldn't say a word,"Besides, this man wants us to kneel down when he gets up, and he also wants a girl to follow him every house. Doesn't this count as robbing a girl? Then Why don't you apologize? You keep saying that water from a well does not interfere with water from a river, but you say it easily."

Chapter 1903

The obese man was a little bit yelled at by Ouyang Zhengxiong, but he quickly realized that this was his territory, and even if they wanted to beat him, it was him who had the final say. His aura instantly increased, and he had this arrogant look again,"I Whatever you say is what you say, as long as you know that I have the final say here. Someone come and take him down and send him to the Yamen for interrogation!" He wanted to get back to the place no matter what, and some of the strong men following the car started To take him down.

But before he even touched the hem of his clothes, he was instantly kicked away."You want them to... catch me." Ouyang Zhengxiong laughed at him. If he didn't say anything else, even if he came a few more times, he would still be kicked away. Ouyang Zhengxiong Zhengxiong pointed to the strong men on the ground who couldn't get up, and then pointed to the fat man. The man was so angry that he was shaking all over and couldn't say a word for a long time."Get up and beat him." He roared from the side, But none of these warriors dared to go forward.

Ouyang Zhengxiong showed his fists, and they ran away as if their soles were greased,"Help, we don't want to die.""I am going home""Monster, simply monster."And so on until there were only men and the driver. He looked at Ouyang Zhengxiong and kept backing up."Don't come over here. I

won't be polite if you come over again. Come on, come on. Come on. If anyone kills him, I'll kill him." Just reward fifty taels of silver!" As he spoke, he retreated until he reached the carriage.

Originally, Ouyang Zhengxiong didn't want to scare him, but he kept provoking him, so he approached him step by step, with small steps, but during this time it was enough for him to drink a bottle, and when he was about to get close to him, the fat man pulled out the man hiding under the car, "Aren't you going to teach him a lesson? I have helped you pull him out now. Don't care about me. Just ignore the faults of villains. Please spare me this time. Why don't you apologize quickly! Do you want to die?"

The fat man is no longer as arrogant and unreasonable as he was at the beginning. He is now afraid that Ouyang Zhengxiong will kick him away. "I have never been in good health. If you can't be beaten, how about I give you money and forget about it? , fifty taels! If it's not a hundred taels, please spare me. He looked at the fat man coldly and said, "Okay." "The man's face was filled with joy. As long as money can solve the problem, it is not a problem. As a result, he was kicked away by Ouyang Zhengxiong. The man who was originally frightened by Ouyang Zhengxiong became even more distraught when he saw this scene. He was afraid that he would come again. After beating him, Ouyang Zhengxiong left without looking back, "Let's go, do you have anything else to buy?" "Ouyang Zhengxiong asked Sun Yulan. Sun Yulan looked at the little girl. The little girl shook her head and said that she had finished shopping and could leave. It was not until they were finished that the man dared to help his father, but his father slapped him with his backhand.

This He was slapped so hard that he was confused, "Dad, what's wrong with you? Why did you hit me?" He didn't understand. It was obviously that person who punched and kicked them. Why did his father lose his temper with him? "Why? Why do you say? Why do you always go to cause trouble? I'll beat you to death. Now that I've lost such a big face, don't eat today and just think about it." The man got on the carriage with desperate eyes, and he stumbled behind the carriage.

"Brother, why don't you hit that person? It's clear that person did that to you before." The little girl asked in confusion. Ouyang Zhengxiong sighed, "Did you just see it? His old guy used him to block me, which shows that he doesn't care about his son at all. It's the father's fault if the son doesn't teach him, that's all. I don't have the same experience as them. Believe it or not, that person will do it later. When he was beaten, it was his father who beat him." Ouyang Zhengxiong touched the top of the little girl's hair.

Seeing that the little girl lowered her head as if thinking about something, he stopped talking. After their farce ended, a figure walked by the corner. Today's onlookers Are there too many people? She seemed to have heard Masao's voice just now. This time she came to the town to buy things, but she heard shouting when she was halfway there. She didn't know what was going on here. It's none of her business, just go home early. If her brother doesn't come back, she has to do all these things. She has to take care of her sister every day, and her sister is often afraid that she will leave her, so she

clings to her tightly. This time, she can't She came to buy things and came with her,"Sister, why don't you leave? That man was so pitiful, he kept chasing the carriage, and the people in the carriage didn't stop to look at him."Tian Nini looked at that man with disgust. She knew that man had done many evil things, but when she saw him like this today, she actually felt a little bit pitiful. Maybe it was because his expression was pitiful. She saw the man crying bitterly, While chasing the carriage, he asked his father to stop,"Dad, please stop, I was wrong."But the man inside didn't say a word, and walked faster as if it was a common occurrence.

Chapter 1904

Ouyang Zhengxiong and the others walked away not knowing what was happening over there. When they reached the foot of the mountain, the little girl suddenly stopped and said,"Brothers and sisters, let me take you to my vegetable garden. There are vegetables I grow there." , the general ingredients are all there, let's pick some vegetables by the way." They thought she was going to say something important, but it turned out to be this, but they were still a little shocked, because there was almost everything in the vegetable garden except meat.

Also, are there any things they bought today?"Okay, everyone, come and help. Oh, yes, let's move the things up first. Give them to my grandpa and he will put them away." Ouyang Zhengxiong and Tian Langyue had just wanted to put away the things. , but she said this, and they had to put the things back first. No wonder they had to stick to this place. This was not only a cordon, but also a place where they lived every day. The little girl tied up her sleeves, and Sun Yulan also followed her example. Pricked up

"Sister, help me loosen the soil and this can be picked. Wow, this looks so fresh!"The little girl was talking to Sun Yulan while lamenting the vegetables she grew. Seeing her so happy, she became happy for some reason,"Okay, okay, yes, you are awesome."As long as she spoke, Yulan would answer her. She showed her the results of her vegetable planting. There was a small insect on it. She was usually most afraid of this kind of thing, but she endured it for the sake of her sister.

She seemed to find that He looked uncomfortable,"Sister, what's wrong with you? His face is so ugly. Seeing that the dishes in her hand were getting closer and closer, she resisted and stepped back,"It's okay. Maybe I'm tired today. Let's move these dishes up first.""Sun Yulan kept staring at the insect. Soon the little girl found the vegetable insect along her line of sight, and then she understood her thoughts. It turned out that her sister was afraid of insects. Sun Yulan watched the little girl throw away the insect. He stepped out and stepped on the ground.

Then he felt relieved and said,"You also found this vegetable worm. I just found it not long ago. I don't know what to say. In fact, I am a little afraid of these things. Fortunately, you threw it away." La, thank you!"Looking at Sun Yulan saying thank you to herself, some bad memories rushed into her mind.

"Little beggar, little beggar, why don't you say anything? You just stole someone else's vegetables, now you are so pitiful to show who, why don't you hand over the vegetables!" That winter, she was so hungry that every cabbage she saw was delicious. But she really didn't steal it. The grandma gave it to her. "I didn't steal it. Grandma gave it to me. This is mine, you can't steal it." How desperate she was at that time. Later, grandpa showed up and drove those bad kids away. He also asked her, "How is it? Does it hurt? Do you want to go home with me? Do you want to be my granddaughter? I don't have children. Don't worry, I'm not a bad person." But when he reached for the cabbage, she still bit him. She bit hard, but he didn't hit her. Instead, he touched her head and said, "It's okay, it's okay. You will be my granddaughter from now on. No one dares to bully you. If they bully you, I will beat them up."

She slowly relaxed. Finally, someone said this to her. She thought she was going to die, "Grandpa, thank you." This was the only thing she said when she threw herself into his arms. Later, her grandfather comforted her and said, "Don't cry. Be careful of crying and hurting your eyes. Look, there are insects on the leaves of this vegetable. You can't eat it casually. It needs to be washed before it can be fried and eaten." He picked up a bug from the dish and shook it in front of her eyes. She didn't scream because she was not afraid of this kind of thing.

She was used to fighting for food with more ferocious dogs every day. Fortunately, grandpa After picking her up and taking her home, she was finally no longer alone, "What's wrong, what's wrong, why are you crying, don't cry, don't cry, sister will take you to eat a lot of delicious food." Sun Yulan saw that she was silent, so she picked up her hand and waved it in front of her eyes. The little girl didn't say anything and just threw herself into her arms. She could only slowly touch her back until Ouyang Zhengxiong and Tian Langyue The two of them came back.

I didn't know what happened for a while. Why did my sister suddenly cry? I was about to ask Sun Yulan, but Sun Yulan told him to stop talking. After coaxing him for a while, she slowly got better. "It's okay, I just thought of it." The first time I met my grandpa, I was a little bit embarrassed. "It's nothing, nothing unbearable, I think you are very good, really, let's go back together and stop picking it." Looking at her, Sun Yulan felt very distressed.

Along the way, the little girl was no longer as happy as usual. Ouyang Zhengxiong was also extremely embarrassed. He didn't know what happened suddenly. "Sister, don't be sad, I will do it as long as I am here. I'm here to protect you. If you need anything, you can go to your brother." In order to prove himself, he even ran to her side and kept making faces until the little girl started laughing. Ouyang Zhengxiong thought this was right.

Chapter 1905

"You have to smile well. My sister is really cute when she smiles. There is no girl cuter than my sister in the world, brother swears." Ouyang Zhengxiong said jokingly, "Keke, thank you brother, he is also the most handsome, I also like him very much." The little girl saw that he kept making faces

to make her laugh along the way. It was such a heartwarming scene. It was so good. When they finally arrived, grandpa stood at the door and saw their faces full of joy.

Ouyang Zhengxiong asked grandpa: "Grandpa, why are you sitting here and not going in?" His face was full of doubts, but at this time grandpa said: "My granddaughter didn't come back at noon. I thought something happened. What were you doing? Come back so late." Yes, if the little girl had come back long ago after shopping, they walked around the town again and again, and even ate there when they were tired at noon. They completely forgot that there were two old people at home. They were hesitating like this. Grandpa will understand

"You eat outside by yourself, but you have to tell us first. I'm worried that something went wrong with you, huh!" To be able to stay outside for so long, he probably ate outside. Although Ouyang Zhengxiong wanted to refute, why didn't he see you standing at the door just now, but now you stand up, with a trace of unwiped oil on your face? Grandpa, just eat a chicken drumstick. Everything you say smells like drumstick. If you clean it up, I might believe it.

But your behavior really makes people want to laugh. This twitching expression makes grandpa very speechless. "What are you doing? Why are you looking like this? Did you eat something bad?" Grandpa moved a small step back, trying to block the unfinished chicken legs. He hadn't even eaten lunch. Why can't he let someone eat something? Although they brought the chicken legs, he had been hungry for so long. Okay, I still don't believe it when I ask for some interest, huh?

"No problem, grandpa, haven't you eaten yet? We bought cooked food such as chicken legs in the town, and grandpa and grandma could eat them together. It was our fault this time, and we stayed outside for so long without telling you clearly." Ouyang Zhengxiong said embarrassedly. As he spoke, he saw his grandfather's face getting better and better. He nodded, "Then I won't care. Where are you putting the chicken legs? I'll take it to my room to eat, and you can give some of the rest to grandma to eat."

Under the instructions of Ouyang Zhengxiong and Tian Langyue, they moved the chicken legs that they had eaten a few bites to their rooms and ate them openly, "Why don't you see the master?" Sun Yulan said doubtfully. She had just delivered the meal to grandma's place after grandpa said it, but she didn't see grandma. Grandma's room was very simple. She originally thought there would be some magnificent things, but there was nothing. She only had some daily necessities, and suddenly she found a white cat in the room.

The white cat was not afraid of her, which was strange. She obviously didn't bring this to her grandpa's house, "Master, are you there?" Sun Yulan shouted everywhere, hoping that her grandma would respond to her words quickly. As a result, the cat came over to eat. She stroked the cat and gave some of the food to it, "Be good, little kitten, this is for my master. Yes, just eat a little of this.

My master hasn't eaten it yet. How about asking her to share some with you when the time comes."She also wanted to give more to this kitten.

I don't know why this kitten likes the chicken, duck and fish meat in her hand so much. Don't all cats like to eat fish? What's even more terrifying is that it actually climbed to the rice bowl and started eating it. Here comes the food! Now she directly hugged the little white cat to the side. While hugging her, she thought about what to do? This was for the master to eat. Now that it was eaten by this white cat, it seemed that it could only be eaten by it. After eating this bowl of rice, I'll serve another bowl when the time comes.

"That's it, just eat this bowl of rice. If my master wants to eat, just eat another bowl."Having no choice, Sun Yulan saw that the white cat was so cute and cute, so she finally gave it a little more food. After seeing it finish eating, she cleaned it up and put it back in the bedroom. She had to bring another bowl of rice to the master. Not long after she left, the white cat disappeared. When she came back, the master was sitting on a chair and was very pleased to see her serving rice.

"Master, the disciple thought that the master might be hungry, so he went to the kitchen to serve more food. Does the master like cats? I just found a white cat in the master's room. Seeing that it was hungry, I gave it some food."Sun Yulan didn't dare to say that the cat also ate white rice and other things that cats don't eat."Well, I do like cats, but I don't have a cat. It's probably a wild cat that ran into my room.."Grandma's kind face was even gentler.

Sun Yulan saw that grandma didn't move her chopsticks, so she thought the food was not to her liking,"Master, don't you want to eat it? Sun Yulan was about to change dishes, but she heard,"No, I like it very much, but I'm not hungry now. I brought some things with me when I came, so I just went out to eat.""Only then did she understand why grandma was not here. It turned out that she had indeed gone out just now and had just come back now.

Chapter 1906

Unable, Sun Yulan made a suggestion and wanted to walk around, because when she went to call her grandma, she only went to some rooms where apprentices could also enter. When she went to the master's room and wanted to tease the little white cat, she found that The white cat has disappeared. Of course, no one knows where the white cat has gone. They have to assume that the white cat accidentally broke into the master's room and was discovered by her. However, the white cat is so well-behaved and lies softly. The palm of his hand meowed at her coquettishly.

Returning to the dining area, grandma saw her going to her room and asked,"What's wrong, my good disciple, did you find something in my room?""Master, it's okay, I just found something in your room." A beautiful little white cat. Since the master didn't raise it, it must have come from outside.""Is it still in my room now? Sun Yulan shook her head and said,"He is no longer here. He

probably ran away." "Thinking of the cuteness of that white cat, she still felt a little nostalgic in her heart.

"In this case, I'm leaving temporarily. There are always some cats in my room who like to stay, but they will leave after a while." Grandma said calmly. It is true that there are always some small animals coming here, but they usually visit for a while and then leave. However, this is the first time she has heard of this little guy. Usually, some other animals will come in and sometimes accompany her to sleep. She always can't sleep easily, thanks to these little guys.

Grandma waved to Sun Yulan, "How are you? Did you encounter something today? Why did you come back so late?" She looked worried. She had finally found an apprentice. She didn't want to be bullied. Sun Yulan shook her head with a smile, "No, Master, it's just that we were playing too late, but we did meet each other on the way. Some things have been resolved." She didn't explain the man's matter to the master because she felt it was unnecessary and they couldn't beat them.

Don't worry about too many unimportant things, "But why did I hear what the old man said on the road? I didn't hear something clearly. By the way, Yulan, do you have anything to do when you come to Chicken Leg Country?" Grandma asked carefully. She always heard Ouyang Zhengxiong say that they were temporarily staying in Jiji Township. At least she could ask for an address so that she could go find her disciple." Grandma, Yulan is going to Jiji Township this time. There is indeed a mission, and it comes from the roar of Chicken Leg Country."

She was ready to explain the problem to her master carefully. "This task is about whether I can become an adult. It should be said to be a training task for me and Zhengxiong to become adults. Now this problem seems to be much bigger. Grandma's Chicken Leg Township has recently appeared. Was it earlier?" Grandma thought carefully for a moment. This seemed to have happened before, but she didn't know the specific details. Her home was far away from the old man's home.

Moreover, she and the old man both had something to protect, and the old man not only wanted to protect this. There are other formations, and she just checks the peace of Chicken Leg Township. It has been quite peaceful recently, but the town is not under her control. "This problem should have existed before, but there are not so many of them now." , The old man has worked hard to take care of these things. We are all the ones who protect this place, so we know more about this place than others. Yulan can ask me at any time if necessary."

I hope these things can be driven out as soon as possible. She knows that it is impossible to be completely isolated from the world. She also needs to observe the outside world and improve the internal boundary to prevent the villagers from being unable to protect themselves when the barrier breaks down. "Thank you, grandma." Sun Yulan was held in her arms by her grandma. After saying goodbye, Sun Yulan went to find Ouyang Zhengxiong. Ouyang Zhengxiong was playing with the

things he bought in the town today. Among them was a thing that could fly. He hadn't played enough yet. Sun Yulan came in and picked up his toys, "What's wrong? Ouyang Zhengxiong asked. He hadn't had enough fun yet?" "Don't you think our life here is a little too enriching?" We are here to complete our training mission." Sun Yulan looked at the toy in his hand and felt a little angry. Although she knew that he was always paying attention to the things around him, she wanted to go outside to investigate tonight. "Yulan, you are anxious, we can't leave here now. If you want to go out, you have to take other people with you."

Tian Langyue is not in the bedroom now. The little girl asked her to go to other places to help. After all, neither of them is as skilled as Tian Langyue in other things. I don't know why they have no talent in cooking. I guess it's brother Shaoyang. After she and Brother Haotian exploded the kitchen when they were cooking, they were afraid of the kitchen exploding as soon as they entered the kitchen, so they couldn't eat any of the fried dishes. She especially remembered that Brother Shaoyang's mouth was so twitchy that he could no longer smoke it..

Also comfort them that they have done a good job, but they just don't eat. Even if they eat, they only touch it a few times and then put it down.

Chapter 1907

Although I can't blame them two, their cooking skills are indeed not very good, but because Brother Shaoyang and Brother Haotian encouraged them to cook delicious food many times, until one time a cooking competition was held, and they saw the rich prize money, After signing up, Li Haotian and Gu Shaoyang became even more anxious after hearing this. They always found excuses to go out from time to time. It wasn't until the day of their competition that they realized that their cooking was really unpalatable. It was just that the two brothers wanted to avoid hurting their hearts. food.

It was for the sake of their physical and mental health that they were not allowed to taste it. The night before the competition, she saw Brother Shaoyang and Brother Haotian sneaking out of the door. After that, she hid behind them so that they did not notice, and then she saw They entered a small restaurant, and there seemed to be someone waiting for them inside. When they came out, they brought a few strangers with them. When they got closer, they heard, "Okay, okay, I will take care of your children then. Just you guys." Don't worry."

She didn't know what to take care of or not at the beginning. On the day of the competition, they were on the same team, so they had to prepare ingredients, seasonings, etc. They could still see through washing and chopping vegetables. Others It was like a fierce battle, with flames blazing out. People in the audience were very surprised, thinking this was a new way of cooking. Some people even took notes and wrote them down, saying they wanted to go back and try it. They were wrong from the moment they poured the oil. , the pot crackled immediately.

In the end, I made a black gold box. This dish was actually fried meat with tofu, but I don't know why it turned into a black burnt box. I finally named it black gold box. I didn't have time to stir-fry another dish. The judges wanted to praise it after eating it. The dish was so delicious, but he foamed at the mouth and was sent to the hospital. That's right, Sun Yulan saw that this person was also one of the strangers he met last night. The game was played in the basement because it was still a bit awkward at the time. messy.

People are not allowed to gather at will. The organizer is a powerful organization, so they dare to hold this event like this. They also know that Brother Haotian and Brother Shaoyang go out from time to time these days because of the two of them. If they go cooking by themselves, they will probably still She was kicked out before the firing was completed. Recalling this, Sun Yulan missed her two brothers outside."Let's go out with my sister to investigate the head office tonight. She will agree, I believe." With this Confidently, he called the little girl aside and asked. The little girl shook her head,"No, sister, grandpa said that you can't go out at night. Unless there are special circumstances, like the situation of your brother and sister before, you are not allowed to go out. First, you must guard against this magic circle. , Secondly, we are the ones who protect this place, and we are not allowed to walk around at will during the specified time. How about I take you to inspect this mountain in the evening?" Although you can't go out, you can still walk around this mountain, and you can also exercise. Come on, I've eaten so much today. It's time to eat.

"In this case, let's patrol this mountain and get some exercise. Masao, you can't beat me in this duel."Sun Yulan was extremely excited. She would not admit anything in the competition that night. They have a strong interest in martial arts, which also makes their talents higher than others, but in other aspects they are He is not inferior to anyone,"Okay, we have to wait until after dinner."

Although the competition is very exciting, he still likes the food cooked by his sister. It would be better if he met her earlier. This is fate. Now they can eat delicious meals without going to any restaurant. Brother and the others still have to spend money. He went to buy it with money, and for a moment he was a little embarrassed,"Sister, please show me what we are cooking today. It smells so good.""The little girl looked at her brother's greedy look and knew that this was not a compliment. It was much better than those who pretended to get closer.

In a mansion, the man they saw before was knocking on the door desperately. She couldn't get in now. He went home, why did he lock him out and deny him food just because of those people? Soon a guard came out and said,"Sir, stop knocking. The master said he won't let you in if you knock again." , Master, why don't you go to a restaurant to rest? Obviously the young master can come in and out at any time."The guard was a little confused. There was obviously a place to rest, but he kept knocking on the door. No wonder the master bothered him.

He said he was used to relying on his father. He relied on his father for everything."No, I will wait for my father to open the door. How about you ask him to open the door? Just say I was wrong and I

will definitely change it."But the guard didn't look at him anymore, but took a step back and closed the door tighter. Then a man in black walked out of the darkness and invited him to a restaurant for a drink. He didn't want to go, but there was really no one to chat with, and he felt a little lonely. So he went along. It was his father's territory anyway, and he didn't dare to do anything to him.

But the further he walked, the more he strayed, "Why is this road getting harder and harder to walk on? I'm going back. You can find someone else." "As a result, his eyes went dark.

Chapter 1908

No one noticed that he was missing. The previous guard was even more grateful when he found that his voice was gone, so he went to rest. His father walked to the study with a fat body. The strange thing was that he turned around and stepped on something. Something, a narrow secret passage appeared. It was completely different from the way other people saw him before. He looked extremely cautious, for fear of someone discovering it. Fortunately, he had told the guards before not to disturb him no matter what. he.

When he reached the end, a copper door blocked the way. He didn't know what trick he used to open the door, and a wave of cold air hit his face. He hadn't walked in to see her for a long time. He didn't know if she missed him. The room Inside is a cold room made of ice. There was a jade coffin with a beautiful woman lying in it with her eyes closed. The old man wiped his eyes and said, "Here I am again. Our child has grown up, but his mind is still immature. Don't worry, I will protect you. Don't be afraid." , I'm protecting you, can you come back and see me again? I miss you so much."

On that mountain, Sun Yulan and Ouyang Zhengxiong walked farther and farther under the leadership of the little girl, and came to another mountain. In fact, they were here There was more than one mountain, but they had never been to other mountains. This time the little girl was so happy that she took them to other mountains to see. Ouyang Zhengxiong couldn't figure it out when he saw the sign saying "competition field". When he went in, he didn't find any competition platform. Ah, the little girl smiled and said nothing and let them go in and check it out by themselves.

But after entering, the little girl didn't follow. "Sister, don't panic. Inside are the gadgets I usually train with. They should be able to help my sister. I'll just wait outside." They went in with peace of mind. On the way, Ouyang Zhengxiong He walked all the way without finding anything, but out of nowhere a snake popped out and hung on the tree. It was so scary. Ouyang Zhengxiong was frightened by the snake and took a step back. As a result, he touched another thread. The thread was very fragile. It stopped all of a sudden, and he secretly said something bad.

I wanted to lure Sun Yulan, but Sun Yulan went somewhere and now he is the only one left. Is this really a training ground? A hidden weapon passed by him and was inserted into the tree. He didn't have time to see it, so he acted cautiously and observed every step carefully. Who knew that there

was such a small rope hidden in the tree, and it was another hidden weapon. No other hidden weapon was found along the way. It was a hidden weapon, but he didn't dare to take it lightly this time.

He didn't dare to talk casually here. It was like a wild battlefield. Sun Yulan also encountered many traps here, but he didn't encounter them anymore. I wonder what Ouyang Zhengxiong is doing now? She must have encountered these things. The little girl must have trained here for a long time. Otherwise, some places here have been trampled. At this time, she needs to look at these clues at any time. She followed these clues and came to a small stream. beside.

You can see the moon very clearly here. The moon is extremely round today. It is a day of reunion. There are also some small fish in the creek. I didn't expect that the little girl and the others would put so much thought into building this training ground where there is a creek. There must be people there. She walked up the creek and saw a small tree house. Although no one lived in it, you could find weapons and other things in it. Ouyang Zhengxiong also had such a bookstore, but his tree house The house is not as normal as Sun Yulan.

It's a dilapidated house. "I didn't expect Grandpa and his family to have such a dilapidated house. It looks like no one lives in it." As he said this, he observed the room. There was no writing on it, but there was no dust on the door. It was different inside. There were a lot of cobwebs. He checked and found nothing useful and left. He felt that the house was where his sister and grandpa lived, but now that he has a better one, he doesn't want this house.

The house that Sun Yulan entered seemed to have been wiped frequently. There was no dust in the house. It was probably that the owner would come and wipe it every once in a while. My sister is a person who loves hygiene and wiped everything clean. She planned to wait here. Wait, "Why haven't you met Masao for so long?" She felt something was wrong from the moment she came in. Why did they separate automatically as soon as they touched the line? It must have been something the line did.

She didn't dare to stay any longer. The record on the wall shocked her. Isn't this Ouyang Zhengxiong! Why is it in the photo? It's not just this photo. One is a picture of a trap he encountered in the woods. The other is a picture of him entering a house like hers. It turned out that the house seemed like no one had cleaned it. This It's very strange. Grandpa and the others can actually create such a secret place. It seems that before they can go out, they must find Ouyang Zhengxiong first. How can they find it?

The photo on the side was still white, which was probably a clue. She rummaged through the room carefully and found a piece of paper with a sentence written on it: Only the one who breaks the mirror can get out. mirror? What, couldn't one of them be in the mirror!

Chapter 1909

Sun Yulan's house is obviously a new house, and the environment outside is not the same as what is shown in the mirror. Ouyang Zhengxiong now finds a training ground, which is slightly deserted. When the wind blows, a lantern plant passes by his feet. This It made him even more nervous, "It seems like no one has used this place. Why would my sister say this is her usual venue? The reactive school ground? What's the name of this place?" There must be something here, or something. It's just a bit shabby.

What's there to train him here? Also, the previous room looked like a place that had been abandoned for a long time. Some things were covered with cloth. It seemed that the owner of the room was forced to leave. Suddenly, there was a howling. He looked around and found nothing. Where he was hiding, he simply stood here to see what it was. A pair of green eyes were walking towards him. Isn't this a wild wolf? Why did he appear here? He ran away before he had time to think about it.

But wild wolves are social animals. If you find one, there must be a group nearby. It must be a problem to avoid it. What should you do? Ah, go up the tree. Wolves can't climb up trees. He jumped onto a thick branch with a simple move. As a result, the wolf kept howling, apparently to call other friends to carve him up. Sure enough, a wolf responded to it. Slowly. Slowly, they seemed to surround him. Now there was trouble. This scene was printed on a photo again. Sun Yulan was still looking through the books in this room.

She had no idea what to do, so she ran to the photo again, and found that there was another photo. Sun Yulan's eyes instantly straightened, and she stepped back to the bookshelf. A diary was knocked off the back of her hand. She picked it up blankly and looked at it. It is probably the diary written by the owner of this house. You need to read it quickly. There may be very important clues in it. Ouyang Zhengxiong can't wait for Sun Yulan to look through the book to find the answer. Now he must get rid of these wolves. He He kept running through the trees, and the wolves were chasing after him.

Finally, he returned to the place where the stream started. The strange thing was that these wolves did not dare to approach this side. It seemed that the things here were more terrifying. Suddenly a sentence flowed in his ears, "Brother, if you want to go back, go to the house and have a look." "This voice is obviously that of a little girl, but these wolves don't seem to be willing to put down the food. How can we find clues? A wolf walked out of the pack, and it seemed that he was the alpha wolf.

The surrounding wolves were waiting for him to give orders, "Aww~" Ouyang Zhengxiong scanned the surroundings and found nothing strange, but the first wolf slowly turned around with a look of reluctance, and finally the other wolves also He followed them, which was unexpected. He thought they would pounce on them. Just in case, he had already carried both blades behind his hands.

Whenever a wolf pounced, he would kill them immediately. If that didn't work, he would just fight with one. It's life and death, he can't die here, he still has to find Yulan.

He could only go back first, and walked to the small room he met before. He had to cover his nose with his hands to get rid of the dust. There were quite a lot of cloths covering it. He found a bookcase, and the cloth on the bookcase. The air was filled with dust as soon as it was opened, but it had no effect on the books inside after letting it sit for a while. Why is there a small box here? When I opened it, I saw that it was a bracelet. It was obviously worn by a woman. There was also a small note inside: crush the crystal and you can return to the previous door. It can only be used once, so use it with caution.

He obviously didn't bring this thing. This bitch is so cute. It's okay to wear it for Yulan. I haven't found her after walking for so long. I put this thing away first and then look for other things to place the books on the bookcase. In line with what Sun Yulan said, he looked through the bookcase and found that there was nothing useful elsewhere, so he put it away casually. Anyway, he didn't know where it was placed. There were very few books in such a large bookcase. , it seems that the owner of this house is still a book lover and took away all the other books.

Sun Yulan looked at this diary. It seemed that this was the diary of her sister and her grandfather's life here. On May 10th, they moved into this newly built cabin for the first time and set up a large-scale barrier nearby. No one who is hostile to people can enter. No wonder this house looks very safe. It seems that she went right. She started walking towards the photo again and found that Ouyang Zhengxiong had come to the previous room. Why did this bookcase look so familiar? ?

Turning his head suddenly, isn't that the bookcase? That is to say, the timelines of the two of them are different. She ran to the bookcase and found that several of the previous books were placed differently. This was most likely because Ouyang Zhengxiong picked it up and put it back randomly, which means that on her side Is it also possible to convey information to Ouyang Zhengxiong? She tried to put the books back where they were, and then wrote on another book: I am Sun Yulan.

Unfortunately, Ouyang Zhengxiong was lifting the cloth on the desk and saw the book Sun Yulan had read on it. This was his sister's diary!

Chapter 1910

The little girl was standing next to an unknown pool, observing every move of the two people. "Granddaughter, are you putting them in too early? Why don't you tell them the rules?" The little girl shook her head. , "Grandpa, there won't be any problems inside. After all, it's our home, but it will still take a while for them to come out. It's good that I left clues for them, but no one gave me clues when I went in before." "Yes." The old man seemed to have thought of something, and the corners of his mouth curled up.

His granddaughter has a good brain and came out in less than two days without anyone's help. What they are entering now is a weakened version of the secret realm. Although there is nothing in it, it is enough for them to benefit a lot. Ouyang Zhengxiong couldn't turn the page when he reached the place where Sun Yulan saw it. He didn't know why. No matter what method he used, he couldn't get over it until he gave up and went to look elsewhere. Since this room was too dirty, Ouyang Zhengxiong decided to clean it first before continuing to observe.

Fortunately, this house is not big and there are tools for cleaning. The dust can be cleaned quickly, but it is a bit dusty and makes people choke. Ouyang Zhengxiong finally has something to do. He takes the stool to the creek. After washing it and wiping the table with a rag, it finally had a breath of life. Sun Yulan saw that the photo on the wall changed to Ouyang Zhengxiong sitting on the cleaned stool and thinking carefully. She didn't know if he had seen the rearranged bookcase. I was very panicked until Sun Yulan saw the diary.

She posted it on the photo, "This page number is obviously the page I turned. I wonder why he only turned to my page?" She seemed to understand something. She quickly found a pen and wrote it on the blank page. There was the word "Sun" written there, but something strange happened. The pen was broken when it could write smoothly. Ouyang Zhengxiong suddenly noticed that a word suddenly appeared on the diary. Ouyang Zhengxiong stood up directly.

He guessed that Sun Yulan was probably in this room, but he didn't know why they couldn't see each other. It was probably because time and space were staggered. Since she was in this room, she must be able to see him, but Ouyang Zhengxiong couldn't see Sun Yulan. Ouyang Zhengxiong didn't know what was wrong. He hurriedly looked at the bookcase. Sure enough, the previous books had changed their positions. "Is this true?" But he didn't know how to meet Sun Yulan.

Sun Yulan found a beautiful mirror near the desk. She always felt that there was something wrong with this mirror. When she put her hand on the mirror, it was no different from other mirrors, but a shadow flashed through the mirror, "Zhengxiong!" But when she looked behind her, there was no sign of him. Ouyang Zhengxiong didn't notice any changes in the mirror. Sun Yulan saw a text engraved on the frame: This mirror can see another space. The condition for viewing is to silently remember this person in the heart. name

"Say the name silently? Then she concentrated on reciting Ouyang Zhengxiong's name silently, and sure enough, a blurry back appeared in the mirror, "Zhengxiong, Zhengxiong, can you hear me?" Sun Yulan knocked on the mirror, trying to attract the attention of the people over there. Sure enough, she could still hear it. Ouyang Zhengxiong suddenly heard a clanging sound and was looking everywhere. Finally, he found Sun Yulan and her behind in the mirror behind him. A bright room, isn't this the same room?

He couldn't hear what Sun Yulan was saying, but he heard it when she knocked on the mirror. Ouyang Zhengxiong fumbled on the mirror for a while, and soon saw the words, She silently recited the name in her mind, but she still didn't hear the sound, but she could see more clearly. Sun Yulan pointed to the diary, and then pointed to the pen in her hand. Sure enough, the word was written by her. Judging from the shape of her mouth, it seemed that there was nothing wrong with it. ?

Ouyang Zhengxiong shook his head, indicating that he didn't understand. Sun Yulan emphasized repeatedly, and then she realized that there was no ink. She went to find ink first. Ouyang Zhengxiong nodded, and just watched Sun Yulan's shadow disappear at the door. Soon she took it with her A bunch of leaves came in. I don't know what was used to press the leaves into juice. He scrawled and corrected them in the diary. He motioned to Ouyang Zhengxiong to quickly look at the diary. He frowned and could only let go of this side first. The mirror.

He originally thought that the image in the mirror would disappear, but it didn't disappear at all. Now he felt relieved and looked at the diary, which contained the note she just found there. Ouyang Zhengxiong didn't understand it. Could it be that Smash this mirror together? But if they make a mistake, won't the two of them be completely unable to contact each other? In the end, as if he was encouraged, Ouyang Zhengxiong nodded, picked up the stool he was sitting on, and raised his hand Lai and Sun Yulan counted down three to two.

The moment they smashed the mirror, the two of them found each other. To be precise, Ouyang Zhengxiong found Sun Yulan. He still maintained the action of smashing the mirror and saw Sun Yulan right in front of him.
