

Attributes 1931

Chapter 1931

Ouyang Zhengxiong kicked his legs, and then jumped into the air. He planned to jump behind these people and break out.

But these people didn't seem to want to leave him the slightest chance. The phantoms on his palms were easily eliminated by two of them. Then these two people also jumped into the air and forced Ouyang Zhengxiong down from the air alive.

As soon as Ouyang Zhengxiong landed, countless palms hit him from behind. At this critical moment, Ouyang Zhengxiong had no time to turn around, so he blindly slapped his back.

"Boom, boom!"

Ouyang Zhengxiong's body was swaying, but he still wanted to rush forward. This time he almost fell to the ground on his head. His face suddenly turned very red, and he felt that he had a mouthful of blood. It rushed to the place where his throat was, but he still swallowed the mouthful of blood forcefully.

These dozens of people seemed to have found out his details clearly. Dozens of people gathered around him, A huge encirclement was formed, trapping Ouyang Zhengxiong inside.

A woman came out of the encirclement. This woman was dressed differently from the others. She seemed to be the head of the girl's bodyguard. This woman had a long She is also very delicate, but she looks different from the others. The others look like martial arts masters at first glance, but she shows a fragile appearance.

Although she does not look very powerful, she is In this situation, Ouyang Zhengxiong did not dare to be careless at all, because he felt that this person definitely did not look as soft and weak as he appeared.

At this moment, a very sharp sword energy struck Ouyang Zhengxiong. He came over, and the speed of entering was as fast as lightning. Before he could blink, the sharp sword energy came to Ouyang Zhengxiong's eyes. Ouyang Zhengxiong hurriedly dodged to the side, but a strand of his long hair was caught by this woman. He chopped it down with sword energy and floated from the air to the ground.

Ouyang Zhengxiong took a deep breath and sucked in a breath of cold air. This seemingly ordinary woman drew the sword so fast. The speed of lightning is definitely not something Ouyang Zhengxiong can resist, unless Ouyang Zhengxiong has now entered the first level of martial arts, the "Dacheng Realm".

In the moment when Ouyang Zhengxiong was stunned, this handsome-looking man The woman actually attacked it again. The long sword in her hand was like a rattlesnake, thrusting towards Ouyang Zhengxiong's face one after another, each one trying to hit his vitals. Before

Ouyang Zhengxiong fought with her 40 After many attacks, Ouyang Zhengxiong was finally no match for her. He was hit hard on the chest by this handsome girl. Ouyang Zhengxiong took a few steps back and fell to the ground. He vomited four times at a time. There was a lot of blood.

These people put a sword on Ouyang Zhengxiong's neck and brought him to the woman.

The girl looked down on Ouyang Zhengxiong. He said to Ouyang Zhengxiong: "Is this all you need? I thought you were so awesome, but it turns out that's all you have!" After saying that, the woman smiled coldly at Ouyang Zhengxiong.

Ouyang Zhengxiong suddenly felt a cold breath in his heart. The indifferent girl in front of him was the same as the beautiful and attractive one he had seen in the pool. The woman was completely different. He thought this girl was a beautiful little fairy before, but now she looked like a vicious little devil!

"this.....I'm really sorry, little sister, I really didn't come here on purpose just now. I just drifted here with the stream. I don't even know where I went. In order not to cause trouble, I rushed towards it in a hurry. you....."

"Shut up now!", the girl shouted like Ouyang Zhengxiong, her anger overflowed directly from her eyes, as if she was going to burn everything in front of her.

Ouyang Zhengxiong suddenly felt that he couldn't move at once, and he couldn't even open his mouth..The expressions on the faces of the guards surrounding the girl and protecting her have not changed. They showed a calm and calm look, but their expressions immediately changed after hearing what Ouyang Zhengxiong said. Then there was a discussion below: "What? This little bastard actually peeked at our little princess. Anyone who insults our princess should be cut to pieces."

"I don't think we should keep people like this around. How about we do Fa-rectification on the spot?"

"This subordinate really deserves to die! I failed to protect the princess, which is really a dereliction of duty. Please punish me!".....

Hot sweat broke out on the faces of everyone discussing, as if they were standing in the 40-degree sun.

At this time, the little princess simply regretted it to death. He should have made Ouyang Zhengxiong unable to speak at that time. Now it is better. All his scandals have been told by Ouyang Zhengxiong.

Chapter 1932

The little princess was very angry at this time, but because the situation was a bit embarrassing now, she didn't know what to do next. Her situation had made her not know how to face these men.

The little princess was so angry that she chopped her feet to the ground. She said loudly to her men:"Come here, all of you. This guy is such a slanderer. Do you even believe him? With my ability, do you think he can do it?" Can he get close to me! Before he gets close to me, I can beat him to pieces from a few hundred meters away. If I hadn't wanted to leave this opportunity to you, I would have crushed this guy to pieces!"

Then, the little princess turned her head and looked at Ouyang Zhengxiong who was lying on the ground. She showed a vicious look, and then said to Ouyang Zhengxiong:"How dare you slander me with such shameless words? This princess will never do that. If I spare you, please listen to me and beat me to death, hard!"

Although Ouyang Zhengxiong could no longer move his body or speak, he could hear clearly. What he didn't expect was that this little girl who looked very ordinary in appearance turned out to be a little princess. But these dozen people obviously did not believe what the princess said. They all secretly hated Ouyang Zhengxiong for being despicable. When they beat Ouyang Zhengxiong, they also paid great attention to their skills. They tried their best to make Ouyang Zhengxiong Ouyang Zhengxiong's life was worse than death, making Ouyang Zhengxiong's whole body feel like thousands of needle holes had been pierced, like being bitten by billions of ants, which tortured Ouyang Zhenxiong to death. Not long after, Ouyang Zhengxiong was already scarred

"Okay, everyone, stop it! This guy is simply too weak. I'm afraid he will die if we continue to fight."

The little princess looked at Ouyang Zhengxiong who was covered in injuries. She finally smiled happily. This smile let everyone know how much the little princess valued their work. Very satisfied. The young guards stopped beating Ouyang Zhengxiong and walked aside.

Although he was beaten, Ouyang Zhengxiong also felt that he was so lucky, because according to common sense, a princess who blasphemed a country would He was tortured by all kinds of unimaginable torture, but he was not tortured like that, which made him relieved.

When Ouyang Zhengxiong thought that the beating he had received was over, the sweet voice of the little princess came to him again. His ears echoed: "You guy is simply not afraid of death! How dare you try to peek at this princess taking a bath. Fortunately, this princess is smart and sensitive and has seen through your plan a long time ago. If you had secretly seen this princess taking a bath, then what shame would I have standing here? I would have been laughed at long ago. Is it okay to die?"
Ouyang

Zhengxiong was immediately stunned. He thought to himself: "Wait a minute, what exactly is this little princess expressing by saying these words?" Wasn't he smiling at me just now? Why does it sound so bad now?"

When Ouyang Zhengxiong looked at the little princess again, he felt uneasy for a while. Although the little princess's smile looked very sweet, there was a very evil expression in that sweetness. He felt that he His body was getting chills, and the hairs all over his body were standing on end. He was shaking as he stood in the sunshine.

After the little princess laughed, she said to the guards: "Come here, give it to me." Use Gong Xing to serve him, you must take good care of this guy!"

Ouyang Zhengxiong's head was buzzing after hearing this. He was almost fainted by what the little princess said. He finally knew why the little princess's smile was full of evil. At this time, he completely understood. The girl in front of him was not a little princess at all, she was simply a good-looking little devil.

Looking at the evil smile of the little devil in front of him, Ouyang Zhengxiong's body went cold. He struggled with all his strength. But no matter how hard he struggled, his body could not move. It felt like being nailed to the ground. She wanted to shout with all her strength, but she couldn't open her mouth. It was like It felt like someone had sewn his mouth shut with needles. Before long, his sweat soaked his clothes

"People are knives, I am fish. I didn't expect that I would suffer such tragic experiences just after I left that small town and wandered around. God was just playing tricks on me. Why did he play tricks on me again and again?" Ouyang Zhengxiong was really scared to the extreme, because a man can die, but he must not live without dignity. He will only become the laughing stock of others in the future. If he really wants to be tortured here, then he might as well commit suicide immediately. After the little princess gave the order, she turned around and walked to other places. The female guards also blushed and followed the little princess to the side. The remaining men stayed with Ouyang Zhengxiong, and they come and carry out the little princess's orders.

Chapter 1933

One of the male guards pulled out a long sword from his waist. He deliberately shook the long sword in front of Ouyang Zhengxiong, causing Ouyang Zhengxiong to immediately close his eyes in fear.

Ouyang Zhengxiong felt the cold sword edge touch his skin, and layers of goosebumps immediately appeared on his body. The guard smiled lewdly, his voice getting louder and louder, and then he used the edge of his sword to move along Ouyang Zhengxiong's skin towards his lower body. This not very pleasant torture made Ouyang Zhengxiong very painful, and it only took two or three minutes. , Ouyang Zhengxiong had collapsed. He was so frightened that his whole body convulsed and twitched.

The little princess waited for a very long time but did not hear Ouyang Zhengxiong's painful scream. She felt a little strange, so she turned her head very boldly and saw that the guards she led were attacking Ouyang Zhengxiong. She felt very interesting despite the horrific mental torture.

The little princess walked quickly to Ouyang Zhengxiong. She nodded to her subordinates and expressed that she was satisfied with their behavior. The little devil princess snatched the sword from the guard in front of everyone's eyes. She held the sword in her right hand and slapped Ouyang Zhengxiong's face back and forth. Ouyang Zhengxiong was so frightened that he frowned and his face kept twitching. The little devil princess said to Ouyang Zhengxiong: "It's really funny. I never thought that a lecher like you would be afraid of death. If you are afraid of death, don't be a lewd thief. You are the only one who wants to peek at me taking a bath. I'm sorry. I can subdue you soon."

The little princess saw Ouyang Zhengxiong's face full of fear, and she felt even happier. She held the long sword and gently scratched Ouyang Zhengxiong's ear with the blade. The sharp sword directly cut off a strand of Ouyang Zhengxiong's long hair. The long hair slowly floated to Ouyang Zhengxiong's arm. Ouyang Zhengxiong's face became even more ugly, because every minute and second seemed like a year to Ouyang Zhengxiong.

The people around didn't speak, they just looked at each other. One second you looked at me, the next second I looked at you, and they laughed at each other because they knew the little devil princess too well.

Although the little princess is already 16 years old, she is still very troublesome because she is both smart and very naughty. She has so many tricks that she can never sell out, and sometimes makes people unable to resist.

Soon after, the little devil princess seemed to be tired of playing. She directly took the sword in her hand and slashed at Ouyang Zhenzhengxiong. The people around were shocked and shouted loudly: "Palace Master, no! You can't do it!" , I really can't do it....."

These people were really frightened. They should be no less frightened than Ouyang Zhengxiong, because if the little princess's father knew that the little princess had done something that was detrimental to royal etiquette, he would definitely be very angry. , the heads of these people will definitely be at risk by then.

At this time, the little princess was very unhappy. She yelled at these people: "What on earth are you going to do? Do you even want to take care of what I do? When did your power become so great? Or are you Want to help this guy? Believe it or not, I will kill you all!"

When the atmosphere became tense, a maid walked out from the crowd. She said to the little princess: "Princess, you are the royal daughter, you can't.....Can't do this....."

"snort!" The little princess stomped the ground with her foot, then dropped the sword on the ground. Her face immediately returned to an indifferent look. She turned around and said: "Take him with you too. Well, I have to deal with him slowly. This guy really makes me so angry!"

Ouyang Zhengxiong seemed to hear the Buddha's voice speaking in his ear. He finally saw hope in despair, and his tense nerves could finally relax. He let out a long sigh, thinking: " This princess is really a little devil!"

There are a total of 12 followers around the little princess, three of whom are magicians. Among these 12 people, there are six men and six women. These three magicians are all men.

Although these followers are very young , but they all have very good skills. The magician can easily force Ouyang Zhenxiong from the water to the shore, and the female guard can beat Ouyang

Zhengxiong to the ground within 30 moves. Ouyang Zhengxiong has learned from these The strength of these people can be seen in the incident.

After waiting for so long, Ouyang Zhenxiong's body can finally move freely. He is no longer as motionless as before. Although his body can move, his mute point is still touched by the little princess. Locked, he still couldn't speak, but at this moment, he was thinking in his heart: "Are you so afraid of letting me speak? You are such a clever little guy! I want to see if you are smarter or I am better....."

Chapter 1934

Ouyang Zhengxiong began to think silently in his heart: These people's hair and eyes are all black, and they all appear to be from the East, but among these Orientals there are actually people who can do magic. It seems that the two continents are connected. After the Continent of Gods and Demons, various cultivation methods began to become popular on the road, which led to Eastern people mastering some Western magic. It is not difficult to guess that Westerners must also have mastered Eastern martial arts.

Ouyang Zhengxiong looked at the little devil princess jumping up and down in the forest. He began to curse her secretly in his heart: fall down, horns, shine.....

But these curses disappointed him again and again. The little devil was like a bird that had just flown out of the cage, happily shuttling in the forest, and would run in front of Ouyang Zhengxiong from time to time. Come and give Ouyang Zhengxiong a hard knock on the head, or pull Ouyang Zhenxiong's ears hard.

Ouyang Zhengxiong was really in trouble and couldn't tell. Although he had used his ancestral martial arts to secretly unlock the mute point that the little devil had sealed for him, he still had to be obedient. He could only remain silent now.

When these people were resting at night, Ouyang Zhengxiong wanted to escape secretly at first, but every time he just wanted to get up and set off, the guards who were watching the night would laugh at him and give him a cold look, which made him laugh every time. Will give up the plan of escaping every time

"It's really unbelievable that I, Ouyang Zhengxiong, would end up like this. Let me tell you, you little devil must not fall into my hands....."

Just walking like this, their group has been walking in this mountain for three days. During these three days, Ouyang Zhengxiong saw giant dragons flying in the sky and huge footprints. These

footprints were left by the legendary ancient giants. Whenever she encounters these seemingly dangerous things, the little devil princess will become very excited.

Every time at this time, the little devil would always look for Ouyang Zhengxiong to "express" his inner happiness. Every time, the result was that Ouyang Zhengxiong was "excited" and foamed at the mouth, and then fell to the ground.

After two more days, Ouyang Zhengxiong finally understood the true identity of this group of people and the purpose of their trip.

This little devil princess is really the youngest of the daughters of the Emperor of Chu, Chu Yu. This little girl is a creature of countless graces. She is deeply loved by the emperor and queen of Chu. The people around him, Zheng, were specially trained by the emperor to protect the little devil princess. They were all loyal to the little princess. As for the three young magicians, they can't be called magicians yet, they are just magicians' trainee status.

In a few months, it will be the 60th birthday of the Emperor of Chu. In order to express her filial piety to her father, this little princess secretly ran out of the palace. She was going to pick the legendary snowflakes in the forest. Lian was presented to the Emperor of Chu as her father's birthday gift, and her subordinates did not come out voluntarily, but came out under the coercion of the little devil princess.

"Tell me, if my father saw me taking out the rare snowflake fairy lotus from my hand and offering it to him, what would his expression be like? Haha, I should be able to guess it now, I think he must be smiling from ear to ear! I will definitely be happy. I will be allowed to enter and leave the palace freely in the future. Then I can go and play wherever I want. No one can stop me anymore, haha...."

Ouyang Zhengxiong sighed in his heart: Why does it look so cute now? Just like an innocent little fairy, this little girl really has the mind of a devil and the appearance of an angel!

The guards were also nearby, all with grim faces. Although they were forced out by this little devil princess, the emperor of the motherland would definitely not care so much. There will still be charges against them.

"Have you all eaten bitter melon? You all have such long faces, I have told you many times, when the time comes I will definitely convince your father so that he will not convict you." The little devil princess became a little unhappy. She said to Ouyang Zhengxiong next to her: "Hmph, you scumbag dares to laugh here. If you are so happy, then come over and practice with me!"

In the past two days, the little princess had been calling Ouyang Zhengxiong a thief, but then a maid came to the side of the little princess and said a few words to the little princess. The little princess seemed to realize something immediately, and first became angry and shouted at Ouyang Zhengxiong. After a severe beating, Ouyang Zhengxiong was never called a thief again, and later he was called a scum, scum, and stinky thief.

Chapter 1935

Ouyang Zhengxiong didn't dare not listen. He bravely walked forward. He silently prayed many times in his heart: "God, Buddha, beautiful angel sister, although I already know that you are lying in bed now." In that cemetery of gods and demons, but don't you even have a relative far away? Let them conquer the demons! Evil ghosts, lords of hell! Hurry up and pick up this biological sister of yours, I really I can't stand it anymore!"

In just two days, Ouyang Zhengxiong had to punish this little devil princess with martial arts skills many times. This little princess's martial arts skills were very high, and she would beat Ouyang Zhengxiong until his nose was bruised and his face was swollen every time. Even Ouyang Zhengxiong's mother couldn't recognize who Ouyang Zhengxiong was after he was beaten.

The little devil princess smiled at Ouyang Zhengxiong with an evil smile, and then he said to Ouyang Zhengxiong: "Why have you become so sad? Is it so painful to ask you to practice martial arts with me? Humph!....."

"Haha, you are making rapid progress, not bad, try my trick again! Haha, do you know how powerful I am now? How funny! hehe....." The triumphant laughter of the little princess came from the forest, and Ouyang Zhengxiong's nightmare began again.

On the 7th day, this group of people finally brought Ouyang Zhengxiong to their destination. A volcano came into view. There was a crater at the top of the volcano. This crater was surrounded by layers of smoke and clouds, as if it could be seen at any time. All are equally likely to erupt.

Ouyang Zhengxiong sighed secretly in his heart: What kind of little princess is this? This is simply a lunatic! He actually wanted to come to such a dangerous crater to pick snow lotus.

Ouyang Zhengxiong turned his head and looked at the guards surrounding the little princess. The guards' faces showed very nervous expressions. One of the trainee mage said to the little princess: "Your Highness, this kind of volcano Is there really a flaming lotus in the mouth?"

When the little princess heard what he said, she suddenly became a little unhappy. After snorting, the little princess said: "Don't you even believe what I say? You are Aren't you afraid of the volcano in front of you? If you are afraid, get out of here. I won't spare you if you go back!"

The trainee mage quickly said: "No, Your Highness, don't get me wrong. Of course I'm not afraid. , I will try to pick the flaming fire lotus from the volcano for Her

Royal Highness the Princess." The little princess continued: "My master accidentally discovered the flaming fire lotus in the crater. At that time, the fire lotus was not yet mature. Now, Calculating the dates, these two days are the best time to pick this fire lotus."

A maid reminded the little devil princess: "Your Highness, I heard that these heavenly materials and earthly treasures that have grown up by absorbing the spiritual energy of heaven and earth will have Guarded by psychic beasts, I don't know that this fire lotus....."

"Oh, I really wouldn't have remembered it if you hadn't told me. I remember my master said that there was a little snake guarding the fire lotus. It was just a little snake. What kind of mythical beast was it? Don't you think there's anything you can do with a little snake, so what's the use of raising you?" The princess looked unconcerned. In her eyes, there was no danger in any of this.

Ouyang Zhengxiong secretly muttered in his heart: "Pay more attention! Can the spiritual beast that protects heavenly materials and earthly treasures be defeated casually? If that were the case, this kind of fire lotus would no longer exist! This little princess really has something wrong with her brain. Her brain suddenly becomes so inoperable. No, I can't be at the front. If I die, you will die first. Maybe you will die by then. I You can still find a chance to escape!"

In this way, the group of them started to set off towards the volcano. Ouyang Zhengxiong deliberately slowed down his pace. After slowly adjusting, he finally fell to the back position.

"You scum, come to the front. I never thought you were really afraid of death! How about I give you a good time now? I hate scum like you the most!" The clear voice of the little princess came from not far away. Just like that, Ouyang Zhengxiong's plan came to nothing.

Ouyang Zhengxiong walked to the front of the team very reluctantly, as if there was a big word "bitter" written on his face. , I just had to say the three words "I don't want to"

"Hey, tsk, tsk, tsk, what is your expression like, you scum? Are you very unconvinced? Do you still want to learn from those martial arts masters and fight me one-on-one? Wow, that's really fun. Let's

give our duel a nice name. How about calling it Duel on the Top of the Volcano. If word spreads,....."The little princess screamed excitedly.

Ouyang Zhengxiong cursed fiercely in his heart:"What a damn vicious little devil! I haven't practiced much yet. When my skills improve in the future, I will come back to you. Don't worry, when I arrive Sometimes duels and everything are trivial matters."

Chapter 1936

As they quickened their pace, the temperature in the air became higher and higher, making several of them feel the heat in their bodies, and their feet felt that the rocks under their feet were getting hotter and hotter. Ouyang Zhengxiong was very nervous. He increased his vigilance and was always on guard against the little snake guarding the fire lotus, fearing that it would suddenly rush out from somewhere.

Everyone finally arrived at the crater. Waves of high-temperature smoke erupted from the crater. The air was very hot from the smoke. The crater was like a huge oven, and sweat dripped from the skin drop by drop. It seeped out, then dripped on the hot rock, and immediately turned into water vapor.

Although the air was very hot, a fragrance wafted out from the high-temperature gas, which made tired people like them feel very refreshed.

They looked into the crater and found bursts of light emitting from the inner cliffs of the crater. This light was relatively strong and could reach the eyes of these people through such thick smoke. The aroma came from this It drifted out from the place.

At this time, the little princess suddenly became very happy. She smiled and said to everyone:"It turns out that there is really a flaming fire lotus. Master, he really won't lie to me. It's really great!" After the little princess finished speaking, , the servant then took out a piece of gauze that could prevent viruses from inside and covered her mouth and nose. The little princess looked at Ouyang Zhengxiong, then threw him a piece of gauze that could also protect against viruses, and said to Ouyang Zhengxiong:" Hurry up and bring it to me. You can go and lure that little snake out later!"

Ouyang Zhengxiong said secretly in his heart:"Sure enough, the devil will always be a devil!"

The crater was filled with smoke, and it was difficult to see his eyes. The visibility here is very low. These people looked down, but they could only see the faint light. There was no doubt that it was the hot magma rolling inside the volcano. Ouyang Zhengxiong was pushed to the crater by these people, and then he walked over carefully. He moved forward little by little along the circular crater

with very small steps, and he prayed secretly in his heart, hoping that the The little snake is sleeping at this moment.

As Ouyang Zhengxiong slowly walked down, the scent of the flaming fire lotus became stronger and stronger. At this moment, a breeze blew gently, blowing away the thick smoke accumulated in the crater. What was in front of Ouyang Zhengxiong's eyes was The scene suddenly became very clear.

This flaming fire lotus grows on the cliff four feet below the crater. There are two small red dots in this cave that look very strange. Amidst the huge rumbling noise, countless small stones fall from the entrance of the cave. Falling into the depths of the volcano, a huge creature slowly emerged from the cave.

Ouyang Zhengxiong was so frightened that he almost lost his mind on the spot. This huge monster turned out to be a huge snake. Her huge snake head alone was as big as a house. The thing that glowed red just now was the snake's eyes. Yes, this snake has a pair of red eyes, both of which are as big as a washbasin.

"Rumble.....Rumble....."

As the snake began to move, countless pieces of gravel fell from the crater into the depths of the volcano. The giant snake slowly moved outwards in the cave, and finally revealed its colorful snake soon after. The scales on his body are all colorful, about the same size as a fan, and these scales are sparkling, giving people a very strange and terrifying feeling.

"Really.....Damn, this.....This can't be what the little devil said.....A tiny snake? I fucked my balls.....this.....Who the hell are you kidding? Is this a fucking little snake?"Ouyang Zhengxiong's tone was trembling, and his body had begun to weaken.

This huge snake suddenly stopped moving, its red eyes stared at Ouyang Zhengxiong, and at the same time, it It opened its abyssal mouth, revealing its shiny white fangs. These fangs were very huge and sharp, half a meter high, and very terrifying.

Ouyang Zhenxiong felt a cold current suddenly arise in his body , the cold air slowly spread from his head to the heels of his feet, and goose bumps began to appear everywhere the cold air passed.

Ouyang Zhengxiong shouted, and then she turned around and ran away. His speed was a record since he was born. He had never run so fast before. As expected, danger can stimulate a person's

potential. As he ran, he shouted: "Princess Devil Smelly, I am really*****, my fucking*****,xxxxx....."

Although Ouyang Zhengxiong kept talking while running, his running speed became faster and faster.

Chapter 1937

The little princess always thought that she had sealed Ouyang Zhengxiong's dumb hole tightly. When she just heard Ouyang Zhengxiong's yelling and scolding voice, she first ate a pound, and then became more and more annoyed and angry. When she was about to bring Ouyang Zhengxiong up and give him a beating, she looked at Ouyang Zhengxiong through the crater, and saw the colorful and huge snake behind Ouyang Zhengxiong. The little princess's face turned pale. But soon she adjusted herself and cheered herself up again. The last words she said almost made Ouyang Zhengxiong, who was running away below, faint: "Wow, why is this snake so beautiful!"

Ouyang Zhengxiong was running. As fast as the wind, he was chased by the snake, running towards the bottom of the volcano as if desperately trying. When he passed by the little princess, he yelled at the little princess: "You are really a pervert. Damn it, your whole family*****"

The little princess brought these soldiers who were worthy of the test of life and death. After these people were frightened, they quickly calmed down. They held the weapons in their hands tightly, and the three trainee mages began to seriously They chanted the incantation, and as expected, the people present were powerful. After they finished reciting the incantation, there were waves of energy fluctuations in the air. But what was unexpected was that the huge snake stopped moving after exposing a very large section of its body at the crater, and just stared at these people with its eyes.

The little princess seemed very calm at this time. She said to these people: "Don't panic, everyone. Success is right in front of you. The flaming lotus will mature soon. This smelly snake is already here." It has been guarding it for thousands of years. It will not leave this flaming fire lotus because of our appearance, otherwise its previous thousands of years of efforts will be wasted. Everyone, hurry up and seize the opportunity to attack it from a distance."

Then the little princess waved her hand. Giving an order on her left hand, she said to the guard: "Sprinkle the realgar wine prepared earlier on this smelly snake. We must seize every opportunity, because the difference in our strength is too big." The little princess said After finishing, these guards immediately threw dozens of cloth bags, and each cloth bag flew towards the python. At the same time, the trainee mages had finished chanting the spell, and blades flew from behind, towards the python. A python flew away.

Everyone was in great spirits. Bags filled with circulation and a large blade flew towards the big python again. The golden scales on the big snake were already covered with realgar, and the entire crater was stimulated by Xiongnana. The smell filled the body, and soon the giant snake curled up on the ground and became motionless.

The crowd immediately cheered, clapped and danced.

Ouyang Zhengxiong ran halfway up the mountain in one breath. When he heard cheers coming from behind him, he couldn't help but stop and turned around to look at the situation behind him.

"I didn't expect that this little peeing demon princess has some skills! She actually killed that monster in one go, otherwise how could she be said to be the devil's sister?"

Ouyang Zhengxiong now feels very scared whenever he thinks of the sharp fangs and chilling red eyes in the mouth of that huge python. But at the same time, he also enjoys the thrill of fighting the monster.

Ouyang Zhengxiong looked towards the crater. He really wanted to seize the opportunity to escape from the clutches of the little devil at this moment, and then continue to travel around the world, but he also wanted to stay and watch these people fight with the giant python. He hesitated in making this decision. In the end, he could not resist the temptation and climbed towards the crater. When he was about ten feet away from the crater, he hid behind a huge rock.

Little princess, very carefully After observing the giant snake curled up in the crater, she pointed at the snake and smiled and said:"I didn't expect this giant snake to be so cunning. Please don't get close to it. It is pretending to be dead now. It does this on purpose." Do it, and then lure us into being fooled, so no one should go there, and everyone should continue to attack it here."

After listening to the little princess's words, these guards all took off their crossbows with long-range attacks from their bodies, and launched their bows and arrows at the giant python one by one. The three trainee mages also began to recite the spell at the same time, preparing for the second attack. Rounds of magical attacks.

The rows of bows and arrows fired were like an overwhelming sea of locusts, but what was surprising was that these bows and arrows had no harmful effect. The arrows of these bows and arrows tore off the scales of this reckless snake. The sparks then fell to the ground.

The huge wind blades released by the three trainee mages used magic to chop hard on the giant snake, which only made the giant snake's body tremble slightly, leaving no trace. This made everyone panic. This giant snake was so powerful. If he didn't attack now, everyone couldn't do anything to him.

Chapter 1938

The little princess was also very smart. She found that the attacks they were launching now were of no use to the big snake, so she said to everyone: "Okay, everyone, please stop fighting. Please stop attacking him. This snake The body of the big snake is actually harder than armor. Eyes, eyes! Stop attacking other parts quickly and focus all your firepower on the eyes of this big snake." After the little princess finished speaking, everyone's arrows were fired like bursts of rain. After going out, all these things flew towards the red eyes of the giant snake. This giant snake already knew the intentions of these people. It was also very smart and closed its eyes immediately. Just like that, this giant snake Keep all arrows out of your eyes.

At this time, the three trainee mages began to chant spells. They gathered a lot of magic elements, and these magic elements twisted into three cold ice guns in the air. These three ice guns flew under the sun. Under the refraction, a bright light was emitted, and the light was so bright that it was dazzling. The three people jumped into the air and used all their strength to launch the three guns. Like Tian Changhong, they flew towards the two eyes of the giant snake.

"Soldier pong! ~!"

"Bingbong~!"

"dong!!!"

These three huge ice guns, which were like Korean dramas, shattered into countless ice shards in front of the giant snake. Just like this, the light of these three refrigerators was gone. In fact, the magic attacks of these three trainee mages were not effective against them. This big snake is not useless at all. If you observe carefully, it is not difficult to see that there are traces of blood under the eyelids of this giant snake. And at the same time, this giant snake suddenly raised his head. , He is now different from just now. The sluggish look just now has completely faded away. Now this giant snake is spitting out its tongue, which is very scary. Her two sharp white fangs are exposed, and it looks like It was so chilling to the heart that his blood-red eyes stared at everyone motionlessly.

All I knew was that Ouyang Zhengxiong was still hiding behind the big rock, and he was ready to escape at any time.

"Pooh~hong!"

The giant snake suddenly opened its abyss mouth and spit out a large piece of red flame. The hot flame blew towards everyone. The three trainee mages suppressed their inner panic and began to hurriedly recite the spell. , a light blue magic shield immediately appeared to protect everyone inside.

Ouyang Zhengxiong was stunned, and he couldn't help but sigh:"No way, this python can actually breathe fire, what kind of monster is this? It doesn't matter that your snake is so big, but you actually cultivated into a monster! Oh my god, the snake demon!!!"After seeing the python start to attack, Ouyang Zhenxiong stepped back more than ten feet to ensure that he was far away from the dangerous battlefield.

The three sword masters condensed many magic elements. At this time, they combined this A corner of the magic barrier opened, and then a large screen of light was thrown towards the giant snake. These light blue things turned into layers of water waves, and in a few moments, those surrounding everyone were The flames were extinguished, and at the same time, the giant snake was made wet.

Because the water fell on the crater, the water evaporated instantly, and billowing white mist began to emerge from the crater, forming a kind of As a cover-like thing, everyone seized the opportunity to retreat more than ten feet.

This giant snake seemed to hate water very much, because it became even more angry after being soaked by the water. With a huge roar, he emerged from the cave again. A four to five foot long snake body was exposed. Due to the activity of this huge python, the rocks near the crater fell one after another into the volcano.

But the body of the giant snake that appeared in the air was already seven or eight feet long. , especially the huge tongue, swaying left and right in the air, which looks very scary. This giant snake lowered its head in the air and looked at the people below, its blood-red eyes full of murderous intent. , as if it wants to swoop down now and tear apart everyone present.

But because this snake has guarded the Flame Lotus for 2000 years, if he leaves now, all his previous efforts may be wasted, and he can only be very unhappy. He willingly retreated to Huolian's side, his entire snake body clinging tightly to the rock wall of the volcano.

Everyone present let out a long sigh, and a female guard rushed out and said:" Your Highness Princess, something is very wrong. This big snake has been cultivated to a very high level. It is

definitely not something that we here can handle. This matter needs to be considered in the long run. We can retreat from this place first and then make a plan. This way It won't look so weak anymore."

After the female guard finished speaking, a young trainee mage also spoke:"Yes, Your Royal Highness!"

Chapter 1939

Then, another male guard in the crowd continued to say:"Oh my god, my princess, this.....Where is a little snake here? Is the little snake you mentioned before the baby in his belly? This is completely a python that has become a spirit!"

The little princess was a little angry after hearing this. She glared at the male guard so hard that they immediately shut their mouths in fear.

Ouyang Zhenxiong hid behind a volcanic rock about 20 feet away and said carefully:"Snake There is nothing to be afraid of. This princess of yours is the most afraid, okay? Is there anything more terrifying than this little devil princess? The little princess suddenly remembered something and said to the three trainee mages:"Didn't I give you 36 very powerful magic arrows before you come out?" Why don't you take it out and use it now? You are really too stupid. If you don't use it now, then shoot him to death when you wait!"

The three trainee mages respectively stretched out their right hands, and then a faint blue light began to condense in their hands. Just like this, three magic arrows slowly appeared in the blue light, so the three trainee mages signaled to the three The male guards came over to get the magic arrows. After taking the magic arrows from the hands of the three trainee mages, the three male guards set the arrows on themselves, and together they aimed at the red eyes of the huge python.

"puff"

"Poof."

Two magic arrows flew out as fast as lightning. The huge energy emitted by the magic arrows formed waves of fluctuations in the air. The magic elements in the air began to vibrate irregularly under the interference of these energies. The giant snake seemed to smell the danger, and immediately turned its huge head to the left, but the magic arrow still hit the giant snake, and bright sparks were wiped out on the giant snake's mouth, and then the arrow suddenly It exploded, and the huge power from the explosion blew away a large piece of scales in front of the giant snake's mouth. The heavy guard seized the opportunity and used the remaining few magic arrows to hit the place where the scales fell. The remaining magic arrows also exploded after hitting the part of the

giant snake where the scales fell off. The mouth of the giant snake was blown to pieces with blood and flesh, and its white fangs were exposed.

This one The giant snake was completely enraged. His huge body suddenly stood up, and the blood-red tongue outside the huge fangs that made people feel chilled was hesitating.

And at the same time, his huge body hidden in the cave The bodies inside kept moving outward, and the crater shook violently as if an earthquake had occurred.

Everyone was frightened and panicked. They no longer knew what to do next, but the little princess Very calmly, he said to everyone: "Don't panic, everyone. I still have a trump card. I didn't want to use it originally. It seems that now he can only force me to use the last resort. Don't blame me for being merciless this time." Meet. "After the little princess finished speaking, she took out an old wooden box from the backpack on her back. After opening the box, the little princess took out a long bow with a black light inside. This bow seemed to be so powerful that it was about to be torn apart. The air cracked, the surrounding air seemed to be burning, and the temperature began to rise violently.

Ouyang Zhengxiong watched the little princess's movements. When she took out the long bow that glowed with black light, Ouyang Zhengxiong's pupils began to shrink. , his eyes looked at the long bow without blinking.

"This turned out to be.....This turned out to be Hou Yi's bow!"

What Ouyang Zhixiong didn't expect was that after these ten thousand years, he would still see the magical bow in the Tianxian Continent. This magical bow was Hou Yi's bow. Hou Yi's bow had changed countless owners, and Ouyang Zhengxiong's His father is also one of these masters. Ouyang Zhengxiong clearly remembers that his father once relied on this magical bow to kill three sieges in one day. His peerless master was also because of this incident , his father became famous in one battle, and from then on his father's name shook the entire Immortal Continent. At this moment, there was a sudden earth-shaking sound, and countless huge stones fell from the crater to the depths of the volcano. The giant snake It began to leap into the sky, and the snake

's body, which was more than 100 feet long, was exposed in the air. The tail of this giant snake had already touched the ground, and the snake's body, which was more than 100 feet high, stood in the air, bringing a strong force to these people. There was a sense of oppression, as if the giant snake was about to turn into a dragon and fly away.

The little princess quickly took an arrow and placed it on the string of the bow, and then used all her strength to draw Hou Yi's bow. A little bit. Hou Yi's bow, which was exuding black energy at first, began to emit a faint yellow light after pulling out the arrow string. This golden light rushed to the bow and arrow on the arrow string like a layer of mist.

Hou Yi The bow is a peerless magic weapon. Even ordinary iron on his arrow string will immediately turn into a magic arrow. The ordinary bow and arrow above it immediately turned golden. After the little princess let go, she saw the bow and arrow shooting out. A golden light.

Chapter 1940

Wind and thunder began to blow in the sky, and the situation between heaven and earth changed dramatically. The golden light seemed to have torn the void apart, and in the blink of an eye it had arrived in front of the giant snake. This snake was very frightened. It seemed that it had discovered the huge energy contained in the golden bow and arrow. It fell to the ground at the fastest speed, and its huge body just avoided the golden light that could tear the void apart. , this giant snake began to touch the crater, and its body kept trembling.

Everyone couldn't help but look a little disappointed as they watched the golden arrow pass by the giant snake's body. However, after a blink of an eye, the sound of wind and thunder sounded again, and the golden arrow that had disappeared flew back from a distance. This dazzling golden light eclipsed the sun in the sky. The golden arrow containing huge energy was in the sky. It pierced the body of the giant snake in an instant

"puff!"

It is said that waves of blood began to spurt out from the wound, and the crater began to fill with snow. This huge snake kept rolling its body in the crater. At this moment, he was in great pain. The huge rocks were thrown everywhere by the impact of his body, and many of them were shot towards the little princess. The little princess and others hurriedly avoided it. After more than ten minutes, the giant snake stopped rolling, and he Standing in the air again, his ferocious snake head was about ten feet away from the ground. He stared at the little princess with his ferocious eyes, but under the suppression of Houyi Gong, he still showed a look of fear. Color.

The hole in the giant snake's body that was penetrated by the golden sword was exposed in front and back, and blood flowed from it from time to time.

A trainee mage said to the little princess: "Your Highness, please draw the magic bow again quickly. If you hit the wound on the giant snake's body just now, you can definitely defeat the snake demon in one fell swoop."

"No, my strength is too weak. Just drawing the magic bow used up all the strength in my body. Come and help me!"

The dozens of guards began to take turns adding money to pull the magic bow, but the strange thing was that no one could pull it away, not even the three trainee mages.

Ouyang Zhengxiong hid behind the stone and told what had just happened. Everything is seen with his eyes. Among these people, there is no one who knows Hou Yi's bow better than him. Without very advanced skills, it is impossible to pull Hou Yi's bow.

If the little princess's skills are deep enough, The arrow fired by Hou Yi just pulled the bow, let alone the snake demon in front of him, even a giant dragon covered with hard scales would die here. In ancient legends, some Hou Yi There are rumors that the bow once shot down the gods in the sky. This is one of the most powerful magic weapons in the Immortal Sky Continent.

This huge snake seems to have discovered that these people can no longer use the Hou Yi bow that made him very scared. The fierce light in his eyes swelled up. He first looked back at the blazing fire lotus on the inner wall of the volcano, and then rushed towards the people not far away.

Ouyang Zhengxiong sensed that something was wrong, and he immediately He took steps and ran down the mountain, because he felt that it was impossible for these people to defeat this giant snake. Unless a person with high skill pulled Houyi's bow, he would have a chance to fight this giant snake..

Until now, the little princess showed a look of fear for the first time, her voice trembled slightly:"I really overestimated myself, my strength is far less powerful than I imagined!"

The little princess quickly put the Houyi Bow in her hand into her bag, took a deep look at the people in front of her, then turned around and ran down the mountain.

The giant snake bowed its head at this moment Rushing down, he swam quickly on the ground. His swimming brought up a gust of wind, and his feared snake head came to these people in the blink of an eye. His blood-red tongue was white and shiny. The fangs were only a few millimeters away from touching the bodies of these people. The three trainee mages quickly condensed the magic elements in the air and propped up a light blue barrier. The head of the giant snake hit hard As a result, the light blue barrier broke. The three trainee mages seemed to have worked too hard, and each one was spitting out blood. The guards were also pushed far away by this huge impact..

This giant snake swam as fast as lightning, catching up with the test guards who were rolling down in the blink of an eye. Two of them screamed because they were crushed by the huge body of this giant snake. He passed away without a chance.

Others were frightened to death, but it is said that he did not continue to attack these other people. He paused, found the position of the little princess, and then rushed towards The little princess chased after her.

Ouyang Zhengxiong was so frightened that he broke into a cold sweat because the little princess kept following her, and the snake kept chasing the little princess. This was equivalent to Ouyang Zhengxiong also being on the verge of life and death. On the side of the little princess Running, shouting loudly:"Ah....."
