Chapter 1961

Ouyang Zhenxiong stuttered a little when he spoke: "This is completely a misunderstanding. I have never thought of Your Highness as my enemy. In fact, I am not someone who came out of the palace with that little devil, and I am not someone else." Eunuch. That shitty princess. The reason why he keeps pestering me is because I know a secret that no one knows. He keeps trying to get things out of me.....But I kept it secret and didn't tell her"

"What, say it again, did I hear you correctly? Why did you call him a little devil?.....Hahahaha, this guy is actually a little bit fun." The third prince burst out laughing, but after finishing playing, his face quickly darkened, revealing the frightening seriousness at the beginning. He whispered to Ouyang Zhenxiong: "What are you? Role? You are just a little naughty person in front of me at best. Don't play any tricks with me. My temper is not that good. Don't even think about using some big secret to threaten me to let you go. You Do you think I will believe your lies?"

Ouyang Zhenxiong was startled. He was so frightened that he broke into a cold sweat, but he could only pretend to be calm. He said calmly to the third prince: "Third prince, you have to believe me. There is indeed a secret on him. I was hunting before and accidentally passed by a cave. I got a map in the cave. Although I don't know much about ancient culture, I still know a few words. The three words above The three very conspicuous words are "Xuanwu Armor"» "

"what? Are you telling the truth?" The third prince looked very surprised, but his face was filled with a cold look in an instant. He said coldly to Ouyang Zhengxiong: "You are a very courageous person. You know it's not a joke to talk nonsense in front of me. You are joking with me with your life!"

"Your Highness, every word I say is true. In front of the wise prince, I dare not tell a lie. Every word I said during the summer vacation is absolutely true. Otherwise, I would not be obsessed with that little devil all the time. Chase him! The third prince hesitated for a while, standing there thinking, with two cold gleams in his eyes, and then asked Ouyang Zhenxiong coldly: "Hurry up and tell me where the map is?" Otherwise I will kill you"

"this map.....I've hidden it in a secret place.

The third prince scolded Ouyang Zhenxiong: "Humph!" Hurry up and pick up Hou Yi's bow for me!"

The guards who were originally chasing Ouyang Zhenxiong immediately retreated to their original place after seeing the appearance of the third prince. At this time, Hou Yi's bow was in a bush not far from Ouyang Zhenxiong. They had never been caught before. The Xianyu Xuanwu Armor who had owned it was indeed very attractive to the third prince. The two and three princes did not believe what Ouyang Zhengxiong said, but he still did not take Ouyang Zhenxiong's life. He wanted to keep it. Ouyang Zhenxiong came to find out the truth of this matter

"call....."Ouyang Zhengxiong let out a long sigh after letting out the breath stuck in his throat. He held the Hou Yi bow he had just picked up with both hands and carefully handed it to the third prince.

After the third prince got Hou Yi's bow, his face was full of excitement. He opened the black box and kept stroking the Hou Yi's bow inside.

"It is indeed a rare treasure that can only be seen in a hundred years. It finally fell into my hands, haha.....", the third prince's eyes showed light.

It was already dawn, but there were still waves of mist floating in the forest. The fighting that took place at dawn caused a smell of blood to spread in the forest, and there were corpses everywhere.

The little princess did not fall after experiencing this bloody battle. There were already more than a dozen scars on her clothes, her eyes were full of murderous intent, and the sword in her hand was still dripping blood on the ground. He had already killed most of the four third princes, but her own bodyguards were almost dead as well. Only one or two of them were still lying on the ground making sounds of pain.

"Stop it all!"The third prince shouted loudly to his men:"Your Highness Princess's kung fu is indeed good. These men of mine are all selected from a million, and all of them are equal to one in strength. Unexpectedly, more than half of them were killed or injured."

The guard leader Yang Chong retreated with the other three guards surrounding the little princess.

The little princess was already very tired. The battle had exhausted her. She stuck the sword in her hand on the ground and gulped. She was breathing heavily. Her long black hair was soaked with her sweat and stuck together. Although she had no strength now, her fallen men were deeply moved. It hurt her heart deeply, which made her persist until now.

The anger in the eyes of the little princess was about to burst out. She looked at the third prince with wide eyes. She said to the third prince: "Well, you Lengjian, it turns out that you arranged all this. I said how could I see you in such a remote forest? You really have bad intentions. By doing this, aren't you afraid of provoking a war between the two countries?"

"Haha, we have reached this point. I think you have already thought about the outcome clearly. Do you think others will know about this? I will not leave anyone alive, except for my loyal soldiers. Everyone, what happened today will be buried in this forest forever. No one knows where the little princess of Chu has gone, let alone that I arranged all this."

The little princess vomited blood from her mouth. After she vomited it on the ground, she laughed coldly: "Hahaha." After the little princess finished laughing, she gasped for breath, and then continued to say to the third prince: "That's all you have, don't you know how to play dirty? If we had a one-on-one duel at the beginning, who would fall down now?"

"Do I need to be one-on-one with you? No matter what, I have already defeated you. It's useless what you say now. It really made me laugh to death. I didn't expect that the little princess who was favored by King Chu would fall into this situation today. At this point, look at how downcast you are now. Where is your usual arrogance?"

"What a dog you are! Is there anyone meaner than you? Sure enough, there is a mean word in your name, Leng Jian, you are really a cold-blooded animal, a very mean cold-blooded animal, even worse than a dog, you only use such despicable methods."

"Come on, keep scolding me. Anyway, I am going in with one ear and out the other, but if you make me feel bad, I can kill you right now. Do you think you still have room to fight back now?"

"Do you really think no one will know all this? There is no airtight wall in this world. If my father knew that you killed me, do you think you could escape?"

"What a saying: There is no airtight wall! But look at what's going on around here. There are no listeners here, okay? I will seize the limelight tightly, and no one will know that you died in my hands. The little princess raised her hand tremblingly and pointed at Ouyang Zhengxiong: "Isn't he a human?" What if he told it?"

"It's really funny. I think your joke can make me laugh for a year. You are a majestic little princess of the motherland, and you are still the famous little naughty little devil. I didn't expect you to be laughed at by such a little The role has been set up, and it will be really embarrassing if the news

spreads. If I were you, I would commit suicide directly. What kind of face would I have to be a little princess in the world?"

Although the little princess has no strength, her eyes are still fixed on Ouyang Zhengxiong. If the little princess can still swing her sword now, I think she will rush directly to Ouyang Zhengxiong and kill Ouyang Zhengxiong. The heart was directly pierced.

Ouyang Zhengxiong was so angry that at such a critical moment, the little princess wanted to frame him. Ouyang Zhengxiong's originally relaxed heartstrings were now tightened. The third prince used his cold words He looked at Ouyang Zhengxiong, then turned his head to look at the little princess, and said to the little princess:"Poor Princess Jade, what do you think I should do with you? You are so beautiful, but you are so beautiful." It's really rare in the world! I really can't bear to kill you now. If I keep you by my side, I'm afraid I'll end up feeding a tiger. Maybe one day you will stab me directly behind me with a sword, and I won't even know what I'm going to die for. Oh, well, it really gave me a headache. What should I do? After much thought, I finally came up with a clever plan! I want to give you to others quietly. I think houses in other countries will love such a beautiful little gift like yours very much. Don't worry, they will definitely love you very much."

After hearing this, the little princess showed a very painful expression on her face, as if she had made some decision secretly in her heart. She gritted her teeth and raised her eyebrows. The third prince said coldly:"I think you want to take advantage of the other princes now. Come and take revenge on me. I still want to beg them to be soft-hearted and let you go! You'd better stop having such wishful thinking. You are just a gift for me to form an alliance with others. Do you think you are really important? Haha, don't show such pain, I know you will not commit suicide. People like you will never give up any chance of survival, because now you are thinking about revenge, you can only live a good life Only by going down can you take revenge on me."

No matter what the third prince said, the little princess couldn't do anything anymore. The little princess was exhausted physically and mentally, and she collapsed on the ground weakly. Her hands were drooped and she kept breathing heavily.

Chapter 1963

Ouyang Zhengxiong, who was standing not far away, felt chills in his heart, because he felt that the third prince was really terrible. This person seemed so sincere, but he had so many calculations in his heart. Often this kind of person People are the most unpredictable. I have been dating this kind of friend recently, but in this chaotic era, it is often this kind of person who can make a breakthrough. He is definitely a world hero.

After a while, the little princess raised her head and looked at Ouyang Zhengxiong fiercely. Then you passed his neck and said to the third prince:"Leng Jian, why don't you kill him? Does he have anything to do with you? Aren't you afraid that he will leak this secret?"

The third prince smiled and said: "Haha, do you hate him so much? You look like this really makes me feel bad! I forgot Let me tell you, this guy has decided to give me the Xuanwu Armor map that he hid somewhere. Haven't you always wanted to get it? Now it has fallen into my hands. I didn't expect that I can have it at the same time. Yi bow and Xuanwu armor, I think the whole world will be mine soon. Are you jealous of me?"

"Hahaha....." The little princess suddenly laughed rudely. Her smile was very unsightly. Maybe she didn't care so much now. She no longer had the strength to care about those unsightly things.

After the little princess finished laughing, she said loudly to the third prince: "Leng Jian, I didn't expect that you just look smart. It turns out that you are also an idiot. You really want to laugh me to death. I'm afraid I won't die from injury now." , I laughed to death at your current behavior. It's so funny. You actually believe that this scum has the Xuanwu Armor Map, hahaha....."

After hearing what the little princess said, the third prince suddenly felt that he might have been deceived, so he turned his head and looked at where Ouyang Zhengxiong was.

Ouyang Zhengxiong's face was dripping with cold sweat, and his heart was pounding. He was very afraid of the cold-blooded guy in front of him and didn't want to die in his hands, because he felt that he still had many things to do.

Ouyang Zhengxiong was so anxious that he suddenly activated his palm skills and hit the guard next to the third prince on the chest, and then he snatched the rear wing bow. Ouyang Zhengxiong remembered that the little princess's master had held Houyi's bow in his hand and used it as an ordinary weapon, but it could still severely damage the big snake, so Ouyang Zhengxiong also held Houyi's bow in his hand and used it as a weapon. Use ordinary weapons.

Ouyang Zhengxiong held Hou Yi's bow and threw it hard at a subordinate next to him. Because what happened was so sudden, the fourth dimension didn't even understand what was going on. His chest was already hit by the descendant's bow. It collapsed, and he vomited blood instantly and fell to the ground.

"Hahaha, I didn't expect that you, a scumbag, would finally do something good. It's so interesting. Well done!" The little princess shouted happily from the side

"Come on, tell me to kill this guy. I'm really angry. I must take his life today!" The third prince shouted angrily.

The other two men rushed towards Ouyang Zhengxiong with steel knives in their hands. Ouyang Zhengxiong had no choice but to raise Hou Yi's bow high to meet the enemy's attack.

Although at first Ouyang Zhengxiong relied on Hou Yi's bow to break a steel knife in the enemy's hand. However, due to the gap in numbers and strength, Ouyang Zhengxiong still could not survive 20 moves. Then he was slapped hard by one of the guards. On his back, he suddenly vomited blood and fell to the ground.

Ouyang Zhengxiong's blood spit out on the back of Hou Yi's bow, and suddenly, a warm current flowed from the back of the bow towards his hand. In the past, the rear wing bow that used to glow with a faint black light now glows with a faint golden light, and the bowstring has been trembling slightly.

"What the hell is going on? This.....Wasn't this baby like this ten thousand years ago? Every time I hold it, it seems to be very happy, chirping softly, and emitting bursts of golden halo. Could it be that.....Because it was stained with my blood, has his seal been broken?"

All this happened at this moment. This is when a guard raised his steel knife and slashed at Ouyang Zhengxiong.

Ouyang Zhengxiong very quickly picked up a long-dried sword from the ground. Branch, he quickly put the dry branch on the bowstring of Hou Yi's bow. Ouyang Zhengxiong pulled the bowstring very hard, but his strength was still not strong enough. He only pulled it a little, and the golden light penetrated. After Ouyang Zhengxiong let go of the tree branches, streaks of golden light shot out as quickly as lightning. At this moment, a strong wind blew in the forest, dark clouds shrouded the sky, and thunder rumbled, as if a shocking change was about to occur.

Chapter 1964

A ray of golden light hit the guard's knife, and the powerful energy impact caused a rain of light to erupt in the air. The steel knife in the guard's hand turned into pieces and fell from the air in pieces. The dried branch that was launched was like a sharp blade. The moment the light rain fell, it directly pierced the heart of the guard. The blood spurted out from the guard's body for more than two meters. Far away, the guard fell from the sky to the ground. His eyes were not closed, and he seemed to be unwilling to rest in peace.

This surprising reversal surprised everyone present, especially the little princess of Chu State. Her eyes were really big, and she muttered in a low voice: "Fuck, what happened? , am I dreaming? The old man clearly said that Hou Yi Hong can only be used once in a year. I had already used it when I

was fighting the giant snake in the crater, and the old man tried to pull him away at first. There was no success. Could it be that this scum's skill....."

The third prince feels the current situation, It was no longer under his control like before. He knew that he was in a dangerous situation, and there was a strong sense of uneasiness in his heart. He really didn't even think about dying. This seemingly inconspicuous person The man actually broke the seal of Hou Yi's bow.

At this time, Ouyang Zhengxiong picked up another dead branch from the ground. Just like before, he used a quick operation to place the dead branch on the string of the trembling descendant bow. He pulled hard and the second bow The arrow was quickly launched.

At this moment, strong winds were blowing, golden thunder was loud, and bursts of golden light shone between the sky and the earth. The guard who was chasing Ouyang Zhengxiong just now had his legs shaking, and his face was full of fear of Ouyang Zhengxiong's power. , he stood motionless, probably overwhelmed by Ouyang Zhengxiong's powerful aura, but Ouyang Zhengxiong showed no mercy, and the guard was directly shot through the heart by the arrow fired from the bow.

When the guard fell in a pool of blood, he still had that sense of fear on his face. The golden sword had already pierced a hole as big as the mouth of a bowl in his chest, and the blood on his body had been left from this hole. When he came out, the smell of blood was already surrounding him.

It was another dead branch, and Ouyang Zhengxiong put it on the bowstring again. Everyone present changed their expressions, because this meant that another person would lose his life, and no one knew who would be next.

Ouyang Zhengxiong made them feel this way. Just like Ouyang Zhengxiong was waiting for death before, he now wants them to taste the feeling of waiting for death.

No one knows about the changes in heaven and earth. Just as the third prince never expected that this inconspicuous little character can actually dominate everything now. The lives of everyone present are in his hands. , and no one has the strength to resist. This is the power of the immortal treasure. In front of the artifact, even the most advanced people cannot guarantee that they will not be harmed at all.

Ouyang Zhengxiong kept changing directions. First he pointed the arrow at this person. After seeing the frightened look in this person's eyes, he smiled coldly, then quickly turned to another person, so that his arrow was pointing at these people. It was shaking back and forth inside.

Ouyang Zhengxiong had just fired two wrong arrows in succession. Now Ouyang Zhengxiong was very weak. Although the two arrows he had just fired had already boosted his momentum and the danger of his death had naturally been eliminated, his eyes were still full of crises. , based on his current cultivation level, the remaining skill in his body can at most shoot the arrow in his hand.

But there was not just one person present. Besides him, there were six other people present. He was not simply shaking the arrow back and forth to intimidate these people, but because she really didn't know which one to shoot, and he He also had to act very relaxed. If these people knew that he could only shoot one arrow, then these people would definitely fight to the death.

After Ouyang Zhengxiong swayed left and right, he finally decided on his target. He aimed the dry branch at the third prince. Leng Jian's face changed slightly, but because he had experienced many big scenes before, he quickly calmed himself down and did not show his fear on his face at all. Instead, he looked calm It didn't matter, his calmness made Ouyang Zhengxiong feel that he had saved a hand. Yes, he had indeed achieved his goal. After Ouyang Zhengxiong saw his face, he began to think about his own safety. He felt that the third prince was not that simple, so she I have been hesitating whether to fire this arrow or not.

While Ouyang Zhengxiong was still thinking, the third prince spoke. He said to Ouyang Zhengxiong:"Ouyang Zhengxiong, I advise you to think carefully. The prince you want to kill now is the prince of a country! Do you know what it is? Any consequences?"

Chapter 1965

The third prince saw that Ouyang Zhengxiong didn't answer for a long time, so he continued:"Then let me tell you, if you kill me now, you will be an enemy of my country. Isn't there too many enemies for you?" One or two, and there are more of them. We have the entire Banyue Kingdom. Even if you have a magical weapon in your hand, do you think you can fight against the power of a country by yourself? Although the world is so vast now, I don't think there will be more in the future. There is no place for you, because my father will definitely send people to look for you everywhere." The third prince seemed to speak a little hastily. He took a breath, adjusted his tone slightly, and continued:"If you now If you are not my enemy, I can consider accepting you as my general, and regardless of our previous grievances, I will definitely ensure that you rise to prominence. From now on, follow me to eat well and drink hot food, as long as you have If I eat a bite of meat, you will also have a bite of meat. From now on, you will be respected by my Banyue Kingdom, and you will be given high officials and generous salaries."

Yang Zhengxiong interrupted the two parties because he felt that the third prince was just farting. How could this scheming man let go of his life-and-death grudge so easily? Ouyang Zhengxiong said loudly to the third prince:" Are you fucking farting? Do you think I'm not smart enough? If I were a fucking fool, I would have surrendered to you by now. Please don't treat me like a three-year-old child, okay? If I let you go now Sorry, let's not talk about high-ranking officials and

generous salaries. I can't even guarantee my life. I may die in your hands one day. I'm afraid I won't even have a whole body when I die. Do you know that I hate it the most? It's because someone else is threatening me. I'm going to do justice to God today and kill you, you scheming thief!"

The little princess laughed loudly at the side: "Hahaha, good job, how can I kill this bitch?....."

After Ouyang Zhanxiong took a deep breath, he used all the strength in his body to shoot the third arrow in his hand. The faint golden light emitted by the golden sword, as if it was the punishment of the bad guys like the God Team, made the power of the golden arrow even more powerful. With a rumble of thunder, the power of this third golden arrow was enough to It tore through the air and flew towards the third prince at lightning speed.

The third prince's face changed drastically. This was the first time in a long time that he showed such a look of fear. He pulled a guard beside him in front of him. With the golden light, the arrow pierced the guard, and blood flowed out of his body. Splattering everywhere, the guard died in front of the third prince with a look of reluctance.

After the golden arrow passed through the guard, the golden light emitted from it weakened, but its speed did not change at all, and it chased after the third prince.

A dazzling light shot out from the third prince's waist, and a short sword more than a foot long shot out from the third prince's waist.

"Is this a flying sword? Is he a monk?" Ouyang Zhengxiong couldn't help but screamed when he saw what was happening in front of him.

Everyone who has achieved success in practice will have several treasures that he has fought with in life-and-death duels. Most of these life-threatening weapons are flying swords. This This kind of cultivator can control the flying sword in their hand to kill the enemy a hundred meters away. If they practice further, they can even achieve the effect of flying with the sword.

However, it is very rare for such people to practice to such the highest level. Yes, there are even fewer people who can fly with a sword.

When Ouyang Zhengxiong was very young, he yearned for Taoism so much that he imagined flying with a sword every day. He felt that the splash should be controlled within 100 meters. Killing enemies outside can ensure your own safety, and you can fly away when you can't fight. But his

father's words gave up his idea of practicing:"Those who practice martial arts are not necessarily inferior to those who practice Taoism, as long as they Once you reach the realm of Zhenwu, you can understand the true meaning of Tongtongwu. You will find that the two kinds of cultivation actually lead to different paths. Although their starting points are different, their end points always coincide....."

Although his father didn't finish speaking, what he wanted to express was already very clear.

Ever since his father said those words, Ouyang Zhengxiong has been practicing very hard every day. When he was 16 years old, he was called a child prodigy and reached a height that no one at his age had ever reached. However, after the age of 16, he suffered a heavy blow. Instead of making progress, his cultivation level deteriorated to varying degrees every day. Since then, it has become stagnant and lost the motivation to practice. His life She also began to walk towards the bottom. She was burdened with the pressure brought by her family every day, and there were many people who ridiculed her behind her back.

"Is he really from the Ouyang family?"

"It doesn't look very good either!"

Chapter 1966

"Don't talk nonsense, be careful this kid jumps up and hits you on the knee, haha"

"Do you think he can beat me? I feel like I can blow him away with my aura without using my hands."

"If he can't beat you, doesn't he still have his father who is the god of war?"

"A loser like him can only use his father to suppress others.".....

After hearing these sarcasm, Ouyang Zhengxiong became even more dejected. From then on, he had no confidence in practicing and even began to doubt his own life experience. Everyone in his family was so powerful, but he was a waste.....

Suddenly, a strong light flashed into Ouyang Zhengxiong's eyes. Only now did he realize that what he had just recalled was too fascinating. Ouyang Zhengxiong already knew very clearly that the third prince was indeed a cultivator. It was said that people like them had reached a level of

cultivation. After reaching this state, they can make their flying swords only the size of their palms and hide them in their stomachs.

The sword flying out from the third prince's body collided with the golden arrow sent by Ouyang Zhengxiong, and the sound of violent metal collision burst out from the air. But compared with the artifact, the third prince's sword was just made of ordinary iron. Even a dry branch would turn into an immortal arrow under the energy of a peerless artifact like Hou Yi's Bow.

The light emitted by the third prince's arrow gradually faded away, and was broken into several pieces by the golden arrow, which fell to the ground in pieces. The third prince trembled on the spot, then suddenly opened his mouth and vomited a few mouthfuls of blood. The color suddenly became very ugly, as if he was as pale as a person who was about to die.

Ouyang Zhengxiong knew that the flying sword had become one with the person practicing the sword. When the sword body was damaged, the person who fired the flying sword would also be seriously injured.

The flying sword launched by the third prince caused the brilliance of the golden arrow to decrease again, but he still chased after the third prince.

At this moment, two figures suddenly appeared in front of the third prince. These two people were brought here by Yang Chong, the commander of the third prince's guards. The two people who had their acupuncture points were unable to move.

Yang Chong shouted loudly: "Your Highness, my master told me before that the arrows fired by Hou Yi's bow will never stop if there is no blood in the way to lock the target. I will offend Your Highness." It's gone."

Yang Chong took advantage of the time when the golden arrow passed through the two guards and ran to the third prince. He hugged the seriously injured third prince and got up. At the same time, the golden arrow almost disappeared instantly. It passed through the third prince's buttocks, and then it split open

"ah....."The third prince let out a deafening scream, and then became very angry. His hat was blown off by her hair. I think what he wants to do now is to punish his subordinate severely.

The third prince scolded Yang Chong severely: "You are such an idiot. You just want my blood. I vomited so much blood. The clothes on my body are covered with blood. You can't tear them off." A piece of clothing, you?....."

After the third prince finished speaking, he vomited another mouthful of blood, leaving Onion cold in fear.

The little princess laughed loudly at the side: "Haha.....It's really funny. I didn't expect that the king's butt would bloom. I want the people in your country to know that they will die laughing like me, haha....."

After firing three arrows, Ouyang Zhengxiong was so tired that he no longer had the strength to pull the string of Hou Yi's bow. Ouyang Zhengxiong became very guilty because he was afraid that those people would know that he could not fire arrows. When the time comes, he will be beaten by a group, and the unsealed descendant bow will naturally fall into the hands of the enemy.

Ouyang Zhengxiong relaxed his body, took a sharp breath, and concentrated his energy. He stood up and pretended to pick up dead branches to use as arrows a few steps away.

The third prince, his subordinate Onion, and of course the little princess, the remaining three people were very excited to watch. Yang Chong quickly carried the third prince on his back and was about to turn around and run away. At this moment, the two people had disappeared without a trace, as if Qiong Qinggong had suddenly broken through the realm of a grandmaster under the pressure of this situation..

At this time, the little princess was anxious. She had bullied Ouyang Zhengxiong every day these days. After the two people from Banyue Kingdom escaped, she would become Ouyang Zhixiong's only enemy. Ouyang Zhengxiong would definitely kill her with a thousand cuts.. The little princess struggled to stand up, but because the fight just now was too fierce, and he was seriously injured, after taking a few steps, the little princess fell to the ground. She tried to stand up again, but she This time it didn't work out.

Seeing that Ouyang Zhengxiong was about to pick up a dead branch (an arrow), her heart was so anxious that she was about to cry.

Chapter 1967

Ouyang Zhengxiong really didn't expect that he originally wanted to rely on this action to gain a chance to escape, but the two enemies ran away in a panic first. The remaining little princess of Chu was so frightened that she broke out in cold sweat and stayed on the spot. Trembling, pretending to be pitiful.

Ouyang Zhengxiong did not get carried away. He carefully knelt down, picked up a dead branch on the ground, and placed it on the arrow string. It's just that it was very difficult for him to pick up Houyi's bow, but he had to hold back and pretend to be very relaxed, so as to reduce the risk of being attacked.

Ouyang Zhengxiong pretended to be relaxed and walked towards the little princess. He walked over not to fight with the little princess, but to tap the little devil's acupuncture points before the little devil could see his true and false nature, so that he would There won't be any danger.

When the little princess saw Ouyang Zhenggong walking towards her step by step, her face turned pale with fright, and tears slowly flowed out of his eyes. She had not forgotten how she had treated Ouyang Zhengxiong before.

"You stinking scum.....Don't come over.....you.....I beg you don't come here.....", the little princess was so frightened that she stuttered when she spoke.

Ouyang Zhengxiong was trying hard to hold back his laughter. When he saw that the cruel little devil had fallen into his hands and was now begging for mercy in front of him, he felt very comfortable, but he had to hold it back. Ouyang Zhengxiong was in his heart He whispered in a low voice:"Why is this little devil so afraid of me? I never saw her so scared when I was fighting the third prince before. Could it be that I am super powerful? Now I have become more terrifying than Leng Jian." Is it? Well, it should be, hahahaha....."

"What do you want to do? Do you think I don't know what you are planning? Hurry up and take your things out of your sleeves. I have firmly grasped everything about you. If you want to survive now, just obey me, otherwise I will give up the hind-wing bow in my hand. Can't stand you anymore"

"pale....."

The little princess looked helpless and took out a dagger from her sleeve. This sword was something she had hidden in her sleeve before. She originally wanted to use this dagger to catch the third prince by surprise.

"Huh, how did you find out? Your eyes are so poisonous! You discovered this!"

Ouyang Zhengxiong walked to the little princess's side with great effort. He picked up the dead branches he had just picked up and quickly tapped her acupuncture points on the little princess's body, sealing several large acupoints on the little princess's body.

"Haha, it's finally done. I managed to defeat all of you by myself. I have to admire myself. I don't think anyone will dare to laugh at me in the future. The Descendant Bow in my hand will never let him go. Dad, I've given you a long face!" Ouyang Zhengxiong looked up to the sky and roared proudly, then his legs suddenly became weak and he fell to the ground.

"ah.....Scum, you bastard, get out of here!.....Get out of my way now....." The little princess let out one scream after another.

Ouyang Lie on the little princess's lap and let out a long sigh, and then whispered: "I'm almost exhausted. Hey, I didn't expect you to fall into my hands. Are you here?" "Do you order me? Do you have the right to tell me to go away now? Do you believe that I will take your life right now?"

"You're such a shameless thief.....Obscene, get out of here, you are such a scum, thief, get out of here....."

"Can you please stop making noise? Are you annoyed? Are you annoyed? If you keep calling like that, I can't guarantee that you can survive safely. I don't even know what I will do now. I want to vent myself." Ouyang Zhengxiong said while looking at the little princess with colored eyes.

"ah.....You are so obscene! You scum, get out of here,....." The little princess screamed in fright, but this time her voice was not louder than before. Instead, her voice gradually became smaller. It can be seen that the little princess was extremely scared. She was very scared. What nasty things would Ouyang Zhengxiong do?

The little princess is now scared and angry, and her tears keep flowing from her eyes.

"You stinky thief, I beg you to let me go. If you let me go now, I will ask my father to find you a high official position. Then you can enjoy all the glory and wealth."

"You don't know yet, but I am a lazy person. I don't care about being a high official, and I don't believe what you say. Just now, that Leng Jian wanted to use his conspiracy on me. No, I was so angry. She shot him. Do you want to be like her? How about I make a hole in your butt now?"

Ouyang Zhengxiong stretched out his hand and hit the little princess hard.

He is not an immoral person. The reason why Ouyang Zhengxiong patted her was just to avenge the little princess for ravaging her. He suddenly made the little princess very angry.

He just liked to see the little princess being so angry and unable to do anything to him. Ouyang Zhengxiong felt very relieved.

"ah.....You bastard....."The little princess was shy and angry, and tears slowly flowed from her eyes.

It can be seen that she is very uncomfortable now

"Bastard, I beg you to let me go, please.....if.....Let me go now, I.....I will definitely keep my word, and my father will definitely give you a lot of benefits. You will definitely enjoy all the glory and wealth in the second half of your life. It doesn't matter if you don't become an official. I asked me to pay you a lot of slaves and land."The little princess was sobbing as she spoke.

"I feel so angry, so annoying. Until now, you still call me a scum in this situation. You use one sentence on the left as a scum and the other on the right as a scum. It makes me so uncomfortable. I really don't know if you are begging me or not. You're scolding me, I feel like I'm a little angry now"

"Ouyang Zhengxiong, Mr. Ouyang, I beg you not to imprison me anymore, please let me go now, I will definitely keep my word.....Woo woo woo....."

The more the little princess spoke, the more she felt wronged, and her crying became louder and louder. She was the daughter of the Emperor of Chu, and she was favored in any way. She had never spoken to others in such a low voice before. The more she recalled, the sadder she became, and the more she cried, the more she wanted to cry. Her tears were already falling down. The size of these tears was already larger than a normal pearl, and she couldn't stop crying.

Ouyang Zhengxiong was a little impatient. He showed his feelings on his face and said to the little princess with a look of disgust:"Why are you crying? Are you annoyed? Are you annoyed? Don't cry. Give it to me." Shut up, stop crying!"

"Woo woo woo.....Can't you promise to let me go?"The little princess didn't really want to pay attention to Ouyang Zhengxiong. After saying a sentence, she continued to cry, and her crying voice became louder and louder.

Ouyang Zhengxiong became more and more impatient, and he was really a little angry, because What he hates most is girls making trouble unreasonably.

Even if the little princess is imprisoned by him now, this little devil deserves it.

When he imprisoned Ouyang Zhengxiong before, he also beat Ouyang Zhengxiong, but Ouyang Zhengxiong just clicked her. Ouyang Zhengxiong felt very angry , and his tone became a little aggressive, and he said to the little princess:"You don't shut up, I'm giving orders." You said, shut up quickly, did you hear it?

"

"Woo woo....."The little princess ignored Ouyang Zhengxiong this time and continued to cry on the side, her crying sound getting louder.

"Still crying? If you cry again, I will kill you. There is no one here anyway, so even if I kill you, no one will know!"

Ouyang Zhengxiong stretched out his hand and said to the little princess.

The little princess was really frightened. After Ouyang Zhengxiong said these words, the little princess immediately stopped crying. There were still stains on the little princess's long eyelashes. There were some tears in her eyes.

Ouyang Zhengxiong looked at the little princess's face carefully. Such a young girl's face was covered with scars, and the white clothes on her body were stained red with blood. What's more, she was a beautiful lady. The princess of our country has never suffered this kind of crime before. The little princess's clothes are pitiful, like a little angel who has been sent to hell, which makes Ouyang Zhengxiong feel a little distressed.

Ouyang Zhengxiong said to himself in his heart said:

"This is still a little girl after all. I can't be so harsh on him. The serious injury he suffered is beyond what she can bear at her age.

Damn, even though you beat me before, you didn't take it away. My life. Ouyang

Zhengxiong said to the little princess seriously:"Oh, you'd better stop crying. I know you are very sad now.""

Ouyang Zhengxiong suddenly noticed that the little princess seemed a little happy. He understood it all at once, then patted the little princess's leg hard and said to the little princess:"You little devil, your acting skills are not bad. I almost got deceived by you. Fortunately, I am smart. How about it?

Didn't you expect that I would see through your conspiracy so quickly?"

"ah.....you....."

The little princess's thigh was suddenly slapped by Ouyang Zhengxiong, which frightened her so much that she screamed in surprise.....

Chapter 1969

The little princess didn't expect that Ouyang Zhengxiong's attitude changed so quickly. At first, he showed sympathy for him, but now he patted her thigh.

Ouyang Zhengxiong said to the little princess with disdain:"I beg you, please stop acting in front of me. How could such a pure devil turn into a lovely angel? Although you were injured, you It still can't change your status in my heart. I have been with you for so long, and you have already exposed your devilish character very clearly. Do you know how I have spent these days? I spend every day It's all like a nightmare, you can't imagine what will happen next, because it all depends on your mood. I should say it doesn't depend on your mood, because no matter whether you are happy or not, I will be beaten by you. I have seen the essence thoroughly"

"Mr. Ouyang.....You really misunderstood me this time. I am not as vicious as you said. In fact, I am still very kind at heart. I am not vicious at all on weekdays. last time.....Last time I took a bath in the pond, and you saw it. My men were all there. If they found out, where would I put my dignity? Of course I have to defend my dignity as a princess. I have no choice but to do this to you. I only do it to show to my subordinates.

Ouyang Zhengxiong retorted: "Aren't you fierce?" Are you kind? What nonsense are you talking about? Your kindness almost overwhelmed me, and your kindness almost made me unable to be a man. Is this what you call kindness? Every time you are overly excited, do you know how scared I am? Your happiness equals my pain. You will always come to me to express your excitement. Are these your so-called last resorts?"

The little princess put on a pitiful look, her eyes were very blurred, and she said to Ouyang Zhengxiong in a low voice: "Master Ouyang.....Ouyang Daxia.....Brother Ouyang, I already know I was wrong. I beg you to forgive me. Can you let me go now? Woo woo woo....."

Ouyang Zhengxiong didn't believe what the little princess said at all. He felt that the pitiful little princess in front of him was just pretending. He was still the little devil before. So Ouyang Zhengxiong said to the little princess: "Don't act in front of me. I'll tell you the truth! Don't try to escape from my hands. From the moment I caught you, I never planned to let you go. You know I made up my mind in my heart before that you owe me I will definitely repay this debt to you. Now the tide has turned, now is the time for you to pay back the debt."

"I'm really not acting. As long as you let me go this time, there will never be any conflicts between us. I promise, I will recognize you as my big brother. How about it? You can take the gold, silver and jewels of Chu State as you wish. There are also many beauties in them. I can ask my father to give them to you. As long as you let me go now, woo woo woo....." After the little princess finished speaking, she looked at Ouyang Zhengxiong expectantly.

After Ouyang Zhengxiong thought for a moment, he said to the little princess: "Gold, silver and jewelry? Why do I need so much money? Do you think I am a person who is greedy for wealth? Let me tell you! I think money is really something outside the body. On the contrary, Having too much money may bring trouble, so I don't like money very much. As for the beauty you just mentioned, I think I quite like it, but why should I wait until you return to Chu State? Isn't it a bit I'm leaving the near for the far, isn't there a beautiful woman right in front of me now?"

After Ouyang Zhengxiong finished speaking, he laughed maliciously, and then pinched the little princess's face with his hand. At this time, Ouyang Zhengxiong had already made up his mind to play this vicious role to the end, because as long as this scandal comes out in front of the little princess, with the little princess's identity and status in Chu State, many people will know about Ouyang Zhengxiong's strength in the future. By then, no one will casually come to trouble Ouyang Zhengxiong anymore.

"you.....I beg you to forgive me. I really didn't mean it before. Just believe me. I beg you to let me go." The little princess wanted to scold Ouyang Zhengxiong very much, but she clearly knew her

current situation, so she could only keep all her anger in her heart. Now except to please this annoying guy in front of her, she could no longer do anything else. It's over.

No matter how much the little princess begged, Ouyang Zhengxiong didn't let him go. Ouyang Zhengxiong said to the little princess: "You'd better stop asking me. Don't you feel annoyed? Anyway, I feel very sad now." If you are annoyed, I advise you to give up as soon as possible! It's impossible to let you go."

Chapter 1970

The little princess already felt that she had humbled herself enough and had said all the good things. Even so, Ouyang Zhengxiong still looked determined and did not let go of the little princess's performance at all. The little princess finally became impatient. Her face began to turn cold, her tone no longer so low, and she shouted loudly to Ouyang Zhengxiong: "You are so bold, do you know how much you weigh? I am a young girl from Chu State. Princess, do you talk to the princess like this? You are just a commoner in my country of Chu. Aren't you afraid that doing this will bring death to yourself? Even if you are not afraid, have you ever thought about your family? Well, when my father kills the Nine Tribes for you, your ancestors will curse you for generations. Just because you don't let me go now, your entire family will be buried with you.

Ouyang Zhengxiong has not been affected at all. He was frightened, but he became a little laughing. He said to the little princess playfully: "Are you scaring me? Ha ha.....I, Ouyang Zhengxiong, have never been scared. Do you think I will be afraid of you? Now you have finally revealed your true face as a devil. What kind of nonsense did you say before that you were forced to do nothing? What nonsense did you say? Now you are acting Don't you want to go on? Why don't you continue to pretend to be pitiful?"

The little princess still looked cold and cold. She said to Ouyang Zhengxiong in a stern tone: "You have already offended one country. If you don't let me go now, you will be equivalent to offending two countries at the same time. When the two countries hunt you together, I don't think there is any place for you in this world. Even if you hide underground, someone will dig you out."

"oh? Is it as serious as you said? If that's the case, I can't let you go, because I can't escape death. Even if I let you go, I will still be a dead person, but I will become It's even more dangerous. A little devil like you will definitely seek revenge on me. It seems that I can only find a sparsely populated place to live in seclusion. But now that I have a beautiful girl like you to accompany me, I can barely accept this. Live it! When the time comes, I will have a lot of fat sons with you. Thinking about it, I still feel like life is pretty good." After Ouyang Zhengxiong finished speaking, he deliberately pretended to look forward to that kind of life.

After hearing what Ouyang Zhengxiong said, the little princess turned pale. She was completely frightened by Ouyang Zhengxiong, and he started shouting He cursed Ouyang Zhengxiong: "You

are so despicable and shameless. Is there anyone more despicable than you? I think if we rank the despicable spirits in this world, if you are ranked second, no one will dare to be the first."''

Ouyang Zhengxiong waited quietly for the little princess to finish scolding him, and then he continued:"Well, after we live in the mountains for ten years or eight years, we will bring a dozen of our children to see you. My father, I don't know if he will kill me immediately at that time. I don't think he will. After all, I have given birth to so many children with you. After all, I can be considered half of the royal family. Bar."

Every word of Ouyang Zhengxiong made the little princess very angry. Now the little princess was almost driven crazy by Ouyang Zhengxiong. The little princess cursed at Ouyang Zhengxiong:"You are simply a devil. You still talk about me every day. You're a little devil. You're a psychopath yourself. You're even more devil than a devil."

"Haha, what you said is so right, then we are really a match made in heaven. You are the little devil and I am the devil. Aren't the little devil and the devil a match made in heaven? The two of us are really destined to meet each other.! Do you think so?"After Ouyang Zhengxiong finished speaking, he took the little princess's right hand into his own, and quietly stroked the back of the little princess's hand with a smirk on his face.

"you.....You are shameless, let go of my hand!"The little princess was so angry and shy that her face turned red. She is now angry and shy.

"What's going on? Why is your face so red? Can even a devil be shy? There are so many strange things in this world! When the castration was first carried out, you had to do it yourself. Now you have become shy. I think it is a bit contrary to common sense!"

"you.....Huh, I'm not angry. I just think there's a bug crawling on my hand. I feel sick every time I'm disgusted. Huh....."After the little princess finished speaking, she closed her eyes, trying not to see everything in front of her that made her angry.

Ouyang Zhengxiong smiled and said to the little princess:"Okay, since you really don't care, then let this bug hold you to sleep tonight."

After Ouyang Zhengxiong finished speaking, he sat up from the ground and held the little princess. The princess was hugged into his arms. It was not over yet. He pushed the little princess down again. He hugged the little princess and fell asleep on the ground.
