Chapter 1981

After the little princess took Ouyang Zhengxiong ashore, she first left Ouyang Zhengxiong aside, and then circulated the zhenqi in her body to dry her body, which was Lulu, and even the clothes on her body became very dry. Then the little princess sneered at Ouyang Zhengxiong and said to Ouyang Zhengxiong: "How about it? This feeling of being imprisoned is very familiar. It's time for you to taste it again. Are you thinking now? Let me guess what you are thinking. Do you regret letting me be free now? Do you think this princess will be afraid of your three-legged cat skills?"

As the little princess said to Ouyang Zhengxiong, This also made the little princess gradually recall everything in the past few days. The little princess became more and more angry, and the anger accumulated in her heart little by little. She finally couldn't help it anymore, and the little princess screamed While standing, he punched and kicked Ouyang Zhengxiong.

Because Ouyang Zhengxiong's acupoints were tapped by the little princess, he can no longer even block him, let alone fight head-on with the little princess. Now he can use three words to describe Ouyang Zhengxiong, that is, he is a living target, a soft and flexible person. The elastic living target comes to the little princess and discovers the anger in her heart.

The little princess said to Ouyang Zhengxiong, "You scumbag, how dare you treat me like this? I will beat you to death, kick you to death, and I will pull your hair."

Now the little princess has completely lost her image as a princess of Chu. She is more like a shrew, and a very violent shrew.

Since Ouyang Zhengxiong's mute point was not sealed by the little princess, all Ouyang Zhengxiong could do was let out bursts of screams. Not long after, Ouyang Zhengxiong's head became extremely swollen. If you didn't look carefully, you would have thought it was a pig's head growing on his neck.

"Stop, stop, stop, you little devil, I have been very good to you these days, don't you know, it can be said that I am extremely kind and righteous, what is going on with you now, you.....Ouch.....oops....."

The little princess's anger was almost gone when she didn't hear what Ouyang Zhengxiong said, but after Ouyang Zhengxiong said these words, the little princess became more and more angry. She has been bullied by Ouyang Zhengxiong these days. Everything came to her mind, and the little

princess's eyebrows suddenly stood up. Now she didn't look like a fairy at all, she just looked like a ferocious, out-and-out little devil.

The little princess angrily said to Ouyang Zhengxiong:"How dare you mention what happened these days?.....You damn bastard, you are really pissing me off. I am also a royal princess of the Chu Kingdom. You dare to be so unreasonable to me. I will kill you today. I really can't bear it. I'm so angry. I'm so angry!"

The little princess thought of the guy in front of her, who trampled on her identity as a princess, didn't take herself seriously at all, and reduced her superior princess image to nothing. The little princess was furious all of a sudden. She walked not far away, He picked up the long sword stuck on the ground and walked towards Ouyang Zhengxiong with a murderous look on his face.

Ouyang Zhengxiong's face turned pale all of a sudden. Just after her memory fragments appeared in his mind, he immediately I made a vow to live a good life for everyone, but I didn't expect that in a blink of an eye I would be shaking hands with the God of Death. Things in this world are really unpredictable. It's just like the face of God, it can change at any time.

The little princess suddenly smiled. In the eyes of others, this may be a charming smile, but Ouyang Zhengxiong has already seen the little princess thoroughly. This is the little princess's standard smile, a devilish smile. The appearance of Ouyang Zhengxiong meant that Ouyang Zhengxiong was going to be in bad luck.

The little princess wanted to kill Ouyang Zhengxiong directly, but after seeing Hou Yi's bow behind Ouyang Zhengxiong, the little princess still remembered the scene with him in the woods. In the scene where the three princes were fighting, had it not been for Ouyang Zhengxiong's three arrows at the critical moment, the little princess would have been talking to the Lord of Hell by now. It was because of Ouyang Zhengxiong's three arrows that turned the world around that they succeeded. After beating away the third prince, she became the final winner.

The little princess felt that the person in front of her would never be as ordinary as his appearance, because the artifact had the property of recognizing its owner, that is, after the great artifact recognized a person, that person would use It will be very easy to pull up the bowstring, and it will not be as difficult as ordinary people to pull up the bowstring. However, the recognition of the owner of the artifact is not casual. Since ancient times, the people who have been recognized by the artifact are those who have made great achievements. Their It is so powerful that it can even shoot down gods from the sky. The artifact recognized Ouyang Zhengxiong, so the little princess felt that Ouyang Zhengxiong might be like those people before him.

The little princess thought of the arrow that Ouyang Zhengxiong fired when he defeated the ancient giant. That arrow was really the most powerful arrow that the little princess had ever seen. Its powerful energy was enough to eclipse the sky and the earth. At the moment of launch, the sky and the earth were covered with dark clouds, strong winds, lightning and thunder, everything around became eclipsed, only Ouyang Zhengxiong, who was integrated with the divine bow, exuded a dazzling golden light. Until now, the little princess thinks of the scene at that time, I still can't help but be fascinated by it.

The little princess kept thinking in her mind: If I kill this guy now, then some of the things he has done to me in the past few days will indeed not be known to others, and the secret that he has seen me taking a bath will never be known. buried. If I take her back to the palace, I will explain his situation to my father and then give him Hou Yi's bow for safekeeping, because Hou Yi's divine bow can exert its greatest power in his hands. In this way, Chu The country now has a brave and capable general, who will dare to attack our country of Chu?

The little princess thought for a moment, constantly weighing the pros and cons of this matter in her mind. After a while, her reason was slightly better than his impulse, and the little princess finally decided to keep Ouyang Zhengxiong alive and let her become Chu The soldiers of the country serve their country.

However, the little princess was still very unwilling. She was always angry in her heart. Recalling all the unreasonable actions Ouyang Zhengxiong had done to her in the past few days, she felt extremely angry. However, the little princess At most, he would throw a vicious look at Ouyang Zhengxiong.

The little princess walked to Ouyang Zhengxiong, stared at Ouyang Zhengxiong, and then gritted her teeth and said to Ouyang Zhengxiong: "Scum, I give you a chance, will you cherish it? What if your answer this time If you satisfy me, I will definitely stay for your life."

Ouyang Zhengxiong did not think too much and said directly to the little princess: "Yes, I am willing to do whatever you ask me to do, and I will be a cow for you. Be a horse, serve tea and meals, as long as you ask for it."

A hint of laughter appeared on the little princess's face, and then she said to Ouyang Zhengxiong: "Okay, then I will give you this opportunity, but there is a prerequisite, that is, you have to ensure that what happened between us will not be known to others, and you have to rot these things in your heart. Can you do this?"

As the little princess finished saying this, In an instant, Ouyang Zhengxiong understood what the little princess was thinking. He felt that the little princess must have taken a fancy to his ability to draw Hou Yi's bow, and wanted to use her to his advantage, but at the same time, she was worried about herself. Telling these secrets of his, she would have no place as a majestic princess. After figuring out the key points of these things, Ouyang Zhengxiong also happily agreed to the little princess's request.

Ouyang Zhengxiong faced the little princess with a sincere face, and then slowly said to the little princess:"Okay, I, Ouyang Zhengxiong, swear that I will never tell anything about what happened before." You can see from the little princess's expression It turned out that the little princess was very satisfied with Ouyang Zhengxiong's answer this time, so the little princess sneered and then said to Ouyang Zhengxiong:"Not bad, not bad. Those who know the current affairs are heroes. You are still a smart person, but I hope this is not the case." You were so smart for a moment, I hope you will continue to be so smart in the future."

Ouyang Zhengxiong said to the little princess in a firm tone:"I will definitely not disappoint Her Royal Highness, please rest assured."

"I'm very happy that you said that, but I hope it's not just talk. I hope you can do what you say."

The little princess picked up her long sword, then picked up the corner of Ouyang Zhengxiong's clothes, and quickly shook her right hand. Ouyang Zhengxiong's kick was suddenly weakened by the little princess, and in that corner Before it fell to the ground, the little princess's body had already fallen on Ouyang Zhengxiong's finger.

After Ouyang Zhengxiong saw the little princess's actions, because the little princess was going crazy again, he was about to take his own life. Then Ouyang Zhengxiong subconsciously shouted:"Ah.....Little devil, what are you doing? Didn't you say you would give me a chance? Didn't you just lie to me with what you just said? What is your intention? Are you regretting it?"

The little princess smiled sarcastically at Ouyang Zhengxiong, and then said to Ouyang Zhengxiong in a sarcastic tone:"Huh, you are really a timid young man. I haven't taken your life yet, and you will be so scared that you wet your pants.."

Ouyang Zhengxiong's current mood is really indescribable, because he still can't accept everything that just happened. Today is like a dream. In just half a day, the situation has completely reversed, from a little princess to a prisoner to a little princess. It was too hard for him to accept that he was now the one imprisoning him.

The little princess looked at Ouyang Zhengxiong's face. After seeing Ouyang Zhengxiong's extremely fearful expression, she laughed very happily. Then she scratched the fingers of Ouyang Zhengxiong's right hand with her long sword, and then patted Ouyang Zhengxiong. Captain Ouyang Zhengxiong said: "What are you still doing? Hurry up and write your confession!"

"ah? What.....Sell.....A note of prostitution?"

"Yes, this can prove that you guarantee your own life today on the condition that you become my slave. In other words, from today on, you are my private property."

"What? this.....What is this? Haven't I already sworn an oath? Don't worry. I will never tell anything about what happened between us. Why are you doing this? Is there anything else you don't like? Don't worry? I don't think you should be so heartless."

"Heh, do you think I will believe what you, a shameless scum say? Are your oaths of any use? I feel like you can't bear with my shit. At least my shit can be used as fertilizer. I won't. I believe your bullshit. Stop talking nonsense and write it quickly, otherwise I will regret it. Don't blame me if you lose your life. I am very angry now. The life of a civilian in the group does not matter. What's going on?"

Ouyang Zhengxiong felt very depressed. The little princess was a prisoner of her family an hour ago, and now an hour later, he has become the slave of the little princess. Even if he is dreaming now, what is the meaning of this dream? The design is really unreasonable.

If Ouyang Zhengxiong is still capable, Ouyang Zhengxiong will definitely go forward and strangle the little princess to death. Ouyang Zhengxiong is beginning to regret now. He regrets that he did not treat the little princess in the first place. She did some despicable things. Looking back now, after everything that just happened, she felt that she really suffered a big loss.

The little princess sneered at Ouyang Zhengxiong, and then said to Ouyang Zhengxiong: "Why do you look so unwilling?" Yeah, what? If you don't want to agree to the conditions I set, then should I take your life now? Ouyang Zhengxiong quickly replied:

No, no, no, no."....."

The little princess seemed to know what Ouyang Zhengxiong was thinking, and then smiled at Ouyang Zhengxiong and said: "I know what you are thinking. Should you kill me before you regret

it? Kindness to the enemy is cruelty to yourself." Ah, you are such a big idiot, you deserve to be in this situation now."

Ouyang Zhengxiong was so angry that he almost vomited blood, and he almost wanted to slap himself twice.

The little princess saw that Ouyang Zhengxiong hadn't written down the evidence for a long time, and then she went to Ouyang Zhengxiong and said impatiently:"Scum, what are you still hesitating about? Write it for me quickly!"

This sentence of the little princess directly turned Ouyang Zhengxiong from The world of regret was brought back to reality. Ouyang Zhengxiong frowned and said to the little princess:"I.....I.....I can't write."

Ouyang Zhengxiong became hesitant when he spoke, as if he was afraid of something in his heart.

"What? Don't you want to write?"Sure enough, after Ouyang Zhengxiong finished speaking, the little princess immediately became extremely angry.

"No, it's not that I don't want to write, it's that I can't read. I can't write even if I want to."Although Ouyang Zhengxiong felt extremely regretful and annoyed at this time, there was still a look of embarrassment on her face. This was his first year as a new man. Although she could already speak the language of the Demon Continent, he He really didn't learn how to write, and he didn't have time to learn. In this hurried year, he had spent a lot of time adjusting his mentality to start a new life. This should be said to be his greatest achievement this year. Alright

"Are you really illiterate? It really made me laugh, hahaha, there are still people who are illiterate....."The little princess suddenly laughed wildly, then put away her smile and said to Ouyang Zhengxiong:"I saw that you are not a good person. How could a good person not learn to read? How could you be so lazy? , He is really a guy who does not want to make progress, he is a scum."

Ouyang Zhengxiong had mixed feelings and was miserable.

The little princess suddenly raised her long sword and started drawing strokes on the ground. After a while, a line of beautiful fonts appeared on the ground.

Then the little princess faced Ouyang Zhengxiong and pointed her sword at the words on the ground: "You can't write, but I have my own way. Just follow the words on the ground and write them. Remember, never write Wrong, don't write it wrong intentionally, I don't want you to make fun of your own life."

People under the eaves had to bow their heads. Ouyang Zhengxiong was now forced to have no choice but to copy what the little princess wrote on the ground. After copying the contract of selling herself, the little princess asked Ouyang Zhengxiong to press his fingerprints.

Chapter 1984

After Ouyang Zhengxiong wrote the contract, he couldn't help but sigh in his heart: "In one hour, you can go from the peak of life to the hell of life. Who else can experience this unspeakable feeling except me."

Ouyang Zhanxiong did not immediately hand over the deed of betrayal to the little princess, but the little princess snatched the deed of betrayal from Ouyang Zhengxiong's hand. Looking at the ugly words, the little princess's eyebrows frowned, and then He said to Ouyang Zhengxiong: "Why do the words you write look like ghost drawings? I have never seen such ugly words. You are really too stupid. You can't even learn to write. Really, isn't our Chu country always like this?" Do you all value education? I don't know how people like you could appear. Don't ever say that you are from Chu in the future. It really embarrasses the motherland."

Ouyang Zhengxiong heard what the little princess said. After speaking, Ouyang Zhengxiong was so angry that his head almost exploded, but Ouyang Zhengxiong did not dare to show his anger. He just sat on the ground expressionlessly.

"You scum, haven't you always said that you are very powerful, but you still bullied me every day?....." The little princess mentioned the original incident again, which reminded her of the things that had made her angry before. The little princess turned red with anger. The little princess did not vent her emotions on Ouyang Zhengxiong as usual this time. Instead, she turned around and ran into the woods. But not long after, the little princess ran back again. This time The little princess also brought something back. After the little princess came closer to Ouyang, Ouyang Zhengxiong saw clearly what the little princess was holding.

The little princess held a piece of wood as big as the mouth of a bowl in her hands, thinking that when Ouyang Zhengxiong ran over, he shouted to Ouyang Zhengxiong: "Get down!" Ouyang Zhengxiong looked at the little princess's plump figure. , Ouyang Zhengxiong suddenly seemed a little shy, and then stammered to the little princess: "Your Highness, little princess.....What are you doing?"

The little princess grabbed Ouyang Zhengxiong's collar, then pressed Ouyang Zhengxiong directly to the ground with great force, and then used the thick and long branch in his hand to slap Ouyang Zhengxiong on the buttocks. Three times

"ah....."Ouyang Zhengxiong was so painful that he couldn't help shouting:"Your Highness, stop for a moment. I beg you not to hit me. I am your slave now. If you break me, who will take care of you in the future?" And if I die here, how will you get out of this mountain? If I die, you won't be able to get out. You will still be trapped and die here." The little princess listened to Ouyang Zhengxiong. After saying this, she did not continue to beat Ouyang Zhengxiong. The little princess stood there and thought for a moment, and felt that what Ouyang Zhengxiong said made sense. If Ouyang Zhengxiong was injured, the little princess would have to carry Ouyang Zhengxiong on her back. Okay, this will make the little princess even more tired.

Although the little princess figured out what was going on, she continued to hit Ouyang Zhengxiong twice, and then threw the wooden stick far away. After Ouyang Zhengxiong was beaten twice, he shouted again:"Little devil" , why are you so vicious? I didn't hit you like this at first, right? Every time I hit you, I would tap you twice. Look, you just found a bowl-sized piece of wood to hit me. It's like an execution at the execution ground. Ah, you really are....."

After Ouyang Zhengxiong screamed, the little princess said in a disdainful tone:"Huh!"

Then the little princess thought about it carefully, and said with Ouyang Zhengxiong:"Who made you angry with me before? I am the princess in line. There are so many unreasonable things. It's not too much for me to hit you a few times. Now we can be said to be even. I don't want to deal with you now, but I can't say what will happen in the future. When I have the opportunity, I I need to take good care of you."

While the little princess and Ouyang Zhengxiong were still talking, the aroma of the roasted snow chicken had already reached the little princess's nose, and the little princess couldn't help but sigh:"Wow, What is it that smells so good?"

The little princess followed the scent and walked towards the fire built by Ouyang Zhengxiong. After walking near the fire, she realized that these were two snowflakes that Ouyang Zhengxiong had hunted before. The aroma of roasted chicken.

She pulled up the snow chicken stuck on the ground, then brought it close to her nostrils and smelled it carefully, enjoying the scent of the snow chicken. Looking at the shiny snow chicken, the little princess suddenly felt her appetite increase. I gently took a bite on the snow chicken.

The tender snow chicken slowly melted in the little princess's mouth. The little princess tasted it carefully and couldn't help but exclaimed: "I didn't expect that the food made by a scum like you is quite delicious. This should be comparable to Let's have some food in the palace."

Chapter 1985

Since the battle with the third prince, the little princess has hardly eaten anything. Maybe he is extremely hungry now, and she no longer cares about the image of a lady or not. The little princess will wait with a snow chicken inserted The wooden stick was inserted directly into the ground, and then he grabbed the snow chicken with one hand and pulled off a plump chicken leg with the other hand.

Ouyang Zhengxiong had been beaten by the little princess until his nose was bruised and his face was swollen. He climbed up from the ground with all his strength. Seeing the little princess eating so voraciously, Ouyang Zhengxiong could not help but swallow. Then he took a step forward. These days Due to hunger and the fact that he had just been beaten, his feet no longer had the strength to support him in walking, and he immediately fell to the ground.

Ouyang Zhengxiong wanted to eat snow chicken very much. He kept moving his body on the ground with his hands, and then came to the side of the little princess.

The little princess was frightened by Ouyang Zhengxiong who suddenly crawled over, and then said to Ouyang Zhengxiong in a fierce tone: "What are you doing? You are my slave now. Stay away from me, okay? When I see you, a scum, I It's very annoying. When I see you, I want to be angry. If you don't want to be beaten, you'd better stay away from me."

Ouyang Zhengxiong stammered: "I.....I'm so hungry, I'm just gonna get another snow chicken." After Ouyang Zhengxiong finished speaking, he stretched out his right hand towards the snow chicken.

The little princess shouted loudly: "Stop now, don't touch that snow chicken! Ouyang

Zhengxiong looked confused, and then asked the little princess: "Why, I caught this. Without me, would you still be able to eat such a delicious chicken?"

"You guy, you dare to ask me why you did what you did to me before. Don't you have any idea in your heart? These days, you have done so many bad things to me. I want to punish you. I want you to fast for three days."

"No, I have to eat something. Just like you, I haven't eaten for a long time. It's even been longer than you. After I got separated from you, I almost didn't eat. I also experienced After so many battles, I carried you on my back all the way. If you don't give me something to eat now, how will I have the strength to walk later? In the forest covered by big trees, if I walk If there is no way, wouldn't it be a drag on my princess?"

The little princess's eyes kept rolling, as if she was thinking about something quickly, and then she showed a fake smile and said to Ouyang Zhengxiong:"You are right. Well, give this to me. You, and this."

As the little princess spoke, she used her hands to show the chicken head and butt in front of Ouyang Zhengxiong. Ouyang Zhengxiong looked at the little princess's devilish and hateful smile, and now he really wanted to rush forward and strangle the little princess to death. Princess, or give the little princess a beating to relieve his hatred.

Seeing that Ouyang Zhengxiong didn't respond for a long time, the little princess asked Ouyang Zhengxiong nonchalantly:"Are you going to eat or not?" If you don't want to eat it, I'll throw it away now, but you won't be able to get anything else to eat. You will probably be really hungry today."After the little princess finished speaking, she showed an evil smile.

Ouyang Zhengxiong gritted his teeth and said:"I.....I eat!"Ouyang Zhengxiong took the chicken head and butt, then threw it into his mouth, chewed it very hard, as if the meat in front of him was a little princess, biting it fiercely

"Scum, have you not eaten for hundreds of years? Eat slowly, no one will compete with you."As the little princess spoke, she picked up another snow chicken, then pulled off the chicken head and butt from the blood stains on the other one. Then she looked in front of Ouyang Zhengxiong and said to Ouyang Zhengxiong:" No, there's more here, please eat slowly!"

"Oh, it tastes really good! In fact, it would be good for you to be a eunuch in the palace. Then you would cook such delicious food for me every day. It would be really great. Ouyang

Zhengxiong ignored the little princess and just chewed the dry meat in his mouth. The chicken head and chicken butt were not delicious at all. Then the little princess teased Ouyang Zhengxiong again:"You don't have to be in such a hurry." Eat it, although this thing tastes really good, as a citizen of Chu State, you have to be more gentle and don't have to put in so much effort."

The little princess's mouth was eating the fattest meat of the snow chicken, while she was irritating Ouyang Zhengxiong with words.

Ouyang Zhengxiong murmured in a low voice: "You are simply a heartless devil, but you are still a princess. He also said that I am not polite. Look at what you look like. You are holding a chicken leg in your left hand and a chicken drumstick in your right hand. The sides of your mouth are covered with snow chicken oil, and your face is still red from eating. This is simply the look of a reckless man!"

Chapter 1986

Although Ouyang Zhengxiong's voice had been lowered very low, the little princess still heard his mumbling. The little princess didn't know what Ouyang Zhengxiong said, so she said to Ouyang Zhengxiong: "You... Scum, what are you muttering about? Tell me quickly."

Ouyang Zhengxiong was so frightened that he thought the little princess heard what he was scolding. Ouyang Zhengxiong stammered and replied: "I.....I didn't say anything. I really didn't say anything. The little princess looked a little pitiful at Ouyang Zhengxiong's appearance. Finally, she gave the leftover snow chicken to Ouyang Zhengxiong, and then said: "Here it is, here it is. I am in a good mood today. You must remember my kindness to you." Okay, repay me well in the future. You must listen to every word I say. You must carry out my orders seriously. Don't forget your identity now. You are my private property and my slave. ah."

Although Ouyang Zhengxiong felt very depressed, he did not dare to vent his emotions. He could only hold it in silently in his heart and cursed the little princess in his heart: "Why are you in a good mood for me? You talk about yourself so noble, don't you know what you have done? You are clearly a little devil, my God! I beg you to stop joking with me. Why did you let the situation change so much? I fell into the hands of this little devil again. Is all this God's arrangement for me? I beg you to forgive me. Well, I really can't stand this little devil anymore."

After the little princess had eaten, she ran towards the river. She wanted to wash her oily hands. After washing, her hands were still wet, so she ran to Ouyang Zhengxiong again, She used Ouyang Zhengxiong's clothes to dry her hands.

The little princess seemed dissatisfied with Ouyang Zhengxiong's clothes. Before she could dry her hands, she quickly removed her hands from Ouyang Zhenxiong's body. Then he said to Ouyang Zhengxiong: "Ah, you stinky thief, why are you so sloppy? Your clothes are really dirty and disgusting."

After Ouyang Zhengxiong heard what the little princess said, he couldn't laugh or cry. He didn't know how to describe his mood at this moment.

The little princess ran to the river again, then turned around and faced Ouyang Zhengxiong. Said: "Scum, turn around quickly." The tone of the little princess was very arrogant. This was the order she gave to Ouyang Zhengxiong as the master. After Ouyang Zhengxiong turned his head, the little princess took off her shoes and socks, exposing her snow-white feet. I came out and played in the water by the river.

I chased the fish in the river, picked up stones and floated them in the water.....

The little princess finally got tired of playing and sat on the shore. But when she just sat down, she stood up again with an exclamation: "Ah, it hurts!"

After the little princess stood up, she kept rubbing it. own ass. She was thrown to the ground twice by Ouyang Zhengxiong before. Because her skills were sealed at that time, she hit the ground firmly both times. She still feels extremely painful until now.

At this moment, the little princess felt that her skills were very awkward and she was very angry. She threw a vicious look at Ouyang Zhengxiong, and the anger in his eyes seemed to be able to be sprayed out directly.

Ouyang Zhengxiong held the snow chicken and got Zhengxiang. He did not notice that the little princess was looking at him fiercely, so the little princess felt that she was being ignored. The little princess became more and more angry, and then she became fierce. He walked over to Ouyang Zhengxiong and said to Ouyang Zhengxiong: "You know damn scum, your food is really delicious, and your appetite is really better than mine!"

Ouyang Zhengxiong noticed something was wrong, so he quickly put the food in his hand. Putting the last piece of meat into her mouth, the little princess was furious and angrily pushed Ouyang Zhengxiong to the ground.

Not long ago, Ouyang Zhengxiong had been ravaged by the little princess with a wooden stick as thick as the mouth of a bowl, and his butt was injured. Now her butt was in close contact with the ground again, and a stone was thrown and hit the ground. Suddenly, a scream resounded in the forest. The scream was deafening, shaking down a lot of nearby leaves.

The little princess angrily said to Ouyang Zhengxiong: "Does it hurt? You scum, you asked for this. Who told you to treat me like that before? You deserve it!" The little princess is simply a combination of an angel and a devil. , has an angel-like appearance, but in his heart is the essence of a devil. From the outside, she is a fairy as beautiful as a flower, but anyone who does not come into contact with her will never imagine that there is something living in her heart. This demon is so

vicious, he will use any means to torture people, and he will not consider other people's feelings at all.

Chapter 1987

Ouyang Zhengxiong fell into the hands of the little princess again this time. It can be said that there were continuous hardships along the way. Because he had done some unreasonable behavior to the little princess before, the little princess now started to take crazy revenge on Ouyang Zhengxiong..

Two days later, Ouyang Zhengxiong and the little princess finally walked out of the forest.

A few days ago, the little princess had just entered the mountain, and she still had some clothes with her. However, because of the fight with the giant snake in the crater and the fight with the third prince in the forest, the little princess had to carry Almost all of these items were lost.

When the little princess and Ouyang Zhengxiong walked out of the mountains, they only had shabby clothes. Because there were many thorns along the way, the clothes had been scratched and torn, and they had no clothes to change.

"Scum, what are you looking at? Turn your head away, or I'll chop your head off."

The little princess's clothes were in tatters and had reached the point where her body was completely uncovered. The snow-white skin on her body was exposed piece by piece. Ouyang Zhengxiong was walking in front, not daring to look back at all, even if he turned his head subconsciously. One glance, and even if you don't see the little princess, you will be beaten severely.

As they walked, a small town with an unknown name finally appeared in front of them. The little princess and Ouyang Zhengxiong seemed to have never seen the outside world. , became extremely excited, which meant that they finally escaped from the uninhabited mountains and entered a gathering place of humans.

The two walked into the small town and watched the people coming and going on the main street. There is a sense of intimacy in the eyes of the little princess and Ouyang Zhengxiong, and they feel that everyone here is so amiable. Of course, they only have eyes for each other, and they cannot possibly feel that their enemies are Pedestrians on the street also noticed Ouyang Zhengxiong and the little princess. Seeing these two people wearing such shabby clothes, they attracted a lot of attention.

Ouyang Zhengxiong was very ordinary, so he naturally attracted more attention. Although the little princess has snow-white skin and natural beauty, although she is not dressed up in gorgeous clothes, she can't hide her beautiful face. Most of the eyes are attracted to her.

These people are like Looking at the two of them like monkeys, Ouyang Zhengxiong and the little princess felt very uncomfortable, so they quickly ran to an inn.

When they came to the cashier of the inn, Ouyang Zhengxiong showed a very helpless expression, because he knew that they The two of them were penniless and it was impossible for them to have a place here. But unexpectedly, the little princess reached out and took off an ornament on her head.

The thing stuck on the little princess's head was on Ouyang Zhengxiong's head. She looked very ordinary in her eyes. Maybe it was due to the tragic experiences these days that the ornament on the little princess's head had lost its original luster, so it looked so ordinary. But the people in the inn immediately saw that it was A valuable thing. The little princess asked the waiter of the inn to take it to the pawn shop to exchange it for some money, and hoped that she could help her buy some suitable clothes. The little princess is a member of the royal family, so of course the things on her body are nothing. It's an ordinary treasure. After wiping this beaded flower clean, you can see its color. Both its color and size are the best of the best. The owner of this inn has a very greedy look in his eyes. Ouyang Zhengxiongyi It was obvious that this boss wanted to make huge profits from this, but when Ouyang Zhengxiong looked back, he realized that this thing was not his own, and besides, it belonged to the little devil, and there was no need to remind this guy. It was exactly as Ouyang Zhengxiong expected. Just like the others, this valuable rare treasure was actually sold by the shopkeeper at a very low price. However, the shopkeeper also brought back some very expensive clothes. These clothes looked very glamorous and decent. The two of them After replacing their shabby clothes with new ones, their appearance was completely new.

After putting on decent clothes, the noble temperament of the little princess was suddenly revealed, in her behavior and conversation Suddenly, the majesty of the royal family was revealed.

But as long as the little princess looks at Ouyang Zhengxiong, her royal temperament will disappear all of a sudden. At this time, to outsiders, the little princess is a very naughty and beautiful girl. I am in Ouyang Zhengxiong's house. In her eyes, the little princess is an out-and-out little devil with the appearance of an angel.

In the inn, the two of them ordered some very sumptuous dinners. After these sumptuous dishes were put on the table, the two of them began to devour it, as if they had completely forgotten their identities, and only what was in front of them was left in their minds. These delicacies, nothing else is as important as having a good meal.

Although there are countless game foods in the mountains and forests, they lack some seasonings and can only be eaten in the most primitive way. But these things are different. There are countless kinds of seasonings, although they are not as fresh as those in Linzhi. But the dishes in front of me look so exquisite.

After the two of them finished eating, the little princess suddenly gave Ouyang Zhengxiong a vicious look, and suddenly wanted to punish Ouyang Zhengxiong, but waves of sleepiness hit the little princess. What happened in San0 had already made her. The little princess became exhausted, and she could only give up the idea of punishing the little princess.

The little princess clicked on more than 20 large acupoints on Ouyang Zhengxiong's body at once, and then walked to another room with confidence.

The little princess felt very sleepy and fell asleep immediately after lying on the bed. After falling asleep, the smile on the little princess's red face still did not disappear.

The soft moonlight emitted by the moon ran into the room and shone on the little princess, making the little princess exude a holy breath. She was like a little fairy plucked from the heaven. Now It's so peaceful and so cute that it makes your heart beat.

After being tapped on the acupuncture points, Ouyang Zhengxiong lay stiffly on the bed. He kept trying to use his ancestral dazzling skills to break through the acupuncture points tapped by the little princess. However, these acupuncture points were not unlocked by Ouyang Zhengxiong's attempts, but were only slightly loosened. Every cent. If we continue at this speed, even if we continue to exercise until the next day, we may not be able to unlock these acupoints. This does not mean that Ouyang Zhengxiong's ancestral show-off skills are very useless, but the acupoints he has sealed this time are really. There were too many, and there was no way to use all his skills. Ouyang Brown Bear finally had to give up the idea.

The moonlight emitted by the moon was as soft as water, shining gently into the house. This reminded Ouyang Zhengxiong of many things in the past. More than 20,000 years ago, Ouyang Zhengxiong's family background was so prominent. His identity has always been his pride, and it can even be said to be an honor.

But today, ten thousand years later, he has become the prisoner of this little devil inexplicably. A bitter smile gradually appeared in Ouyang Zhenxiong's mouth. Although he was very prominent before, his life was so pale. Although I didn't have much achievements in the past, God gave me. If I have a chance to come back to this world again, maybe this time it will be different. But that little devil is really difficult to deal with. I think she is too scary.....

When thinking about the little princess, Ouyang Zhengxiong suddenly felt that his head became very cold. This discomfort made him unbearable. Only now did he realize that it was the problem with his sleeping posture. Ouyang Zhengxiong screamed in his heart He got up and said,"This little devil is so annoying. He actually put my head on the iron rod of the bed. I....."

Ouyang Zhengxiong was so angry that he really wanted to scold the little princess to wake him up.

In the early morning, the town suddenly became very noisy. Groups of troops came here one after another. The residents of the town became panicked. They thought a war was about to start.

After all, it has been peaceful for many years. In such a remote town, if it weren't for the war, few troops would come.

More than 300 cavalymen rushed into the town, and bursts of smoke came out from their horses' hooves. Immediately after, more than 2,000 infantrymen ran behind them. People yelled at the horses, and the residents of the town hurriedly took cover after seeing it.

The soldiers acted separately and surrounded all the exits of the town. An officer came to a pawn shop and asked some questions. More than 300 soldiers surrounded the shop as if they were watching. It's like catching some kind of prey.

The owner of the pawn shop ran out in a panic with two boys. They looked at the cold swords in the hands of these soldiers, and their legs shook with fear, and then they collapsed on the ground.

On a strong high horse, a general got off. Immediately afterwards, dozens of strong soldiers jumped off the horse and walked to the left. A few civilians kneeling on the ground walked past.

The general's voice was loud, and he loudly asked the three people:"Who is the shopkeeper here? Come out quickly."

However, the pawnshop shopkeeper who was kneeling on the ground trembled in fright, and then stammered in reply:"Excuse me.....Report to the general, villain.....villain.....It's here....."

The general said:"Shopkeeper, you don't have to be afraid. We don't have any malicious intent in coming here this time. Just stand up and answer properly.""

"yes.....Yes."

The shopkeeper and the two assistants beside her stood up from the ground in a hurry. They kept their heads down the whole time, not daring to look at this mighty general.

Chapter 1989

The general began to ask questions to the shopkeeper:"I came here to ask you if someone came to you yesterday to pawn a top-quality pearl flower. I came here to investigate this time." The one who blocked the bead flower."

The shopkeeper quickly replied:"It is indeed true. Yesterday, a person really came here to pawn a top-quality bead flower. However, because that thing was too valuable, I have already I asked someone to hand it over to the store owner overnight."

The general continued to ask the shopkeeper:"Oh, who is this person who pawned the pearl flower?"

"This person is in our town, he is the owner of Longxing Inn, but.....But it seems like he was entrusted by someone to pawn this beaded flower, and he should have blocked it for others!"

The general's eyes were shining with gold, and then he said to the shopkeeper:"Oh? If this is really the case, how did the shopkeeper know?"

"Because the shopkeeper and I are old acquaintances, after it was broken, he asked me to issue a very low-price receipt so that he could make profits from it."

"Okay, okay, take me to that inn right away."

In this way, after the conversation between the general and the shopkeeper, the shopkeeper rode a horse and ran ahead, and then the general followed closely behind with 300 cavalry, and the 300 cavalry rushed towards the inn. Dust was flying along the way, and smoke was everywhere. The infantrymen behind them also rushed towards the Red Star Inn. The inn was suddenly surrounded by water. The owner of the inn had never seen such a big one. He was so frightened that he ran out of the inn, then walked forward in a panic and said to the general:"Army.....Junye.....May I ask Master Jun what's going on? As long as the villain can help, I will definitely try my best to help Mr. Jun. The general sat on a tall horse with a cold expression on his face. Then he smiled and said to the innkeeper:"Did you pawn a top-quality pearl flower from this shopkeeper yesterday?"

"yes.....Yes, below.....Yesterday, I was indeed entrusted by someone to give them some silver in exchange for the pearl flower, so it was not my subordinate's idea to block the pearl flower."

"oh? So, boss, who did you block it for?"

"yes.....They were two young people, probably in their twenties! One of them is a man and one is a woman. They look much younger."

"Can you describe a little more specifically, what do these two people look like?"

"The man must be 25 years old, and he looks very ordinary. The woman must be about seventeen or eighteen years old, and her appearance is completely different from that of the man. The woman looks naturally beautiful, cute and beautiful."

The general's eyes suddenly glowed with gold, and he ordered his men to look at the scroll in his hand. After the general got the scroll, he unfolded the scroll and said to the owner of the inn:"Does that girl look like this? What does it look like? Please check it carefully. If there is any accident here, I will try it with your head."

The owner of the inn suddenly became extremely nervous after hearing the serious words from the general, because he was now very worried about his own life.

Such a boss approached the general, and then stared at him with his eyes. Staring at the picture, he carefully observed the girl's face and facial features, and then stammered to the general:"Yes.....That's right.....At once.....It's this girl. The general's tone suddenly became urgent, and he asked the boss:"Excuse me, where are these two people now? Have they left your inn?""

The owner of the inn was startled by the general's hurry. His face turned pale, and then he said to the general in a trembling tone:"And.....The two young men did not leave and are still resting in my inn, but.....But I haven't seen them get up yet."

After the general heard what the innkeeper said, he immediately flew off his high horse, then took long steps and walked into the inn. Dozens of soldiers followed the general. Of course, , the owner of the inn also walked over with the general tremblingly, his steps seemed a little unsteady.

At the beginning, some tenants in the inn heard such a big noise outside, and one after another they poked their heads out through the windows. Check the situation, but as soon as they see the general covered in armor, they will be frightened and immediately close their doors and windows. For fear of getting into trouble, they no longer dare to look outside to check any situation.

Chapter 1990

The innkeeper stopped, pointed to a room with his finger, and said to the general: "The man lives in this room, and the woman lives in the room next to this room." After the general listened

, , walked quickly towards the room where the girl lived, the general got closer and closer to the door of this room, and then stopped three meters away from the door, and knelt down on the ground. Loudly shouted towards the valve: "Li Sheng, the Lord of Ningfeng City, is here to welcome the princess back to the court."

When the inn owner heard the word princess from the general's mouth, he was so frightened that his face turned pale and he sat directly on the ground. To his death, he would never have thought that that beautiful girl would be the princess of Chu. Then he knelt down in panic, her head resting on the ground motionless.

The little princess has been feeling very tired after sleeping in the open air in Fengdan these days. After walking out of the ancient forest, she finally came to this inn and touched the warm mattress. The little princess has not gotten up yet. At this time, it is... When the little princess was sleeping soundly.

But Zhao Sheng has no idea what the little princess has been through these days. What he wants now is to quickly welcome the princess into the palace, and then shouts three times outside: "Li Sheng, the lord of Ningfeng City, is here to welcome the princess back to the palace.

" Hearing the noisy sound outside the door, he opened her eyes in a daze. After a moment of relaxation, he heard the noisy sound on the street. By the time the little princess heard what Li Sheng said clearly, it was already Li Sheng knelt on the ground for the fourth time, bowed his head and shouted into the room where the little princess was.

The little princess quickly put on her clothes, and then opened the door angrily. The captain shouted loudly outside the door: "I know, it's so noisy in broad daylight that I can't let anyone sleep." Yeah."

Li Sheng looked at the little princess who looked awake. He didn't need to think about it to know that what he had just shouted had woken up the little princess from Chu State's sweet dream. Looking at the angry look on the little princess's face, Li Sheng I broke out in cold sweat

"Li Sheng, a humble minister, was ordered by Princess Yuexia to welcome Her Royal Highness back to the court."

"elder sister? Did my sister come over too?"

Li Sheng didn't dare to raise his head now. He was still kneeling on the ground and answered the little princess's words: "Yes, Princess Yuexia is outside this town at this time."

"Ah, really?!" The little princess suddenly became panicked. At this time, the little princess was like a child who had done something wrong. The little princess said to herself: "Oops, things are getting big now, father. They must have known something. Queen Fu and his mother must have been anxious for me these days. Otherwise, they would never have sent my sister to find me in person."

Li Sheng and the other people outside the door did not dare to make a sound and waited quietly for the little princess.

After a while, the little princess slowly opened her door, but she had already tidied it up. Her own clothes also regained the sense of majesty from the royal family, and then the little princess said to the people outside the door in a skilled and calm tone: "Everyone, please get up!"

After the kneeling people thanked the princess, they stood up, and then the little princess said to these people: "Well, you go out and prepare first, gather everyone together, and tell them to get ready to go. To get ready, I went to the house to tidy up to avoid leaving anything behind."

After the little princess watched these people leave the courtyard of the inn, she suddenly turned into the lively and cute little naughty person before. She quickly ran to the room where Ouyang Zhengxiong was, and then nodded on Ouyang Zhengxiong's body. , the acupuncture points previously sealed by the little princess were unlocked.

The little princess smelly Ouyang Zhengxiong's ear said to Ouyang Zhengxiong: "You scum lazy pig, get up quickly."

After the little princess finished speaking to Ouyang Zhengxiong, she tugged Ouyang Zhengxiong's ears very hard. Ouyang Zhengxiong finally regained his freedom at this time, jumped up from the bed, and then kept using his His right hand hugged the ear that had just been pulled by Ouyang Zhengxiong, and in the process, Ouyang Zhengxiong let out a scream: "Ah....."

"Ha ha ha ha....."

The little princess showed her disgusting smile again. Ouyang Zhengxiong felt very depressed at this time because the little princess had his acupuncture points pressed last night and he slept with the cold iron rod as his pillow all night. , finally fell asleep in the early morning, and was suddenly woken up by the little princess.

After the two of them had washed up, the owner of the inn hurriedly entertained the two of them. Although some good wine and food were served, the two of them just ate simply because the little princess was in a hurry. After buying something, although the little princess was satisfied, Ouyang Zhengxiong looked reluctant to part with it.
