

Attributes 2001

Chapter 2001

After Princess Chu Yue and her party walked for a few hours, they arrived at Ningfeng City. Ningfeng City was not very close to the capital. Princess Zuoyue said to the little princess: "Yu'er, why don't you come here now?" Have a good time in Ningfeng City for a few days. I will be back in two days, and then I will return to the palace with you." The little princess asked Princess Chu Yue: "Will you go back in two days? Where are you going now?"

"Otherwise, you will give me a task, have you forgotten? I still need to patrol around here. Just wait patiently for two days in Ningfeng City. Two days is not a long time. After all, you have been wandering around alone for so long. I don't believe you have been out here for two days. Can't stay still." After that, Princess Chu Yue settled the little princess into the palace of Ningfeng City, and then hurriedly left the place with some soldiers.

Now Ouyang Zhengxiong has returned to a free body, but his skills have been sealed. After doing it, and with the tight guards inside Ning Fengcheng, Ouyang Zhengxiong gave up the idea of escape, because the chance of him successfully escaping was almost zero.

After Princess Chu Yue left, the little princess felt very bored. Because there were very few people talking to him, and he didn't want to talk to Ouyang Zhengxiong, he felt a headache when he saw Ouyang Zhengxiong, but the soldiers here and the Lord of Ningfeng City were very afraid of the little princess, because after all, the little princess is a member of the royal family, and she is very naughty. How dare she say anything to the little princess?

In order to kill time, the little princess started running around in the city lord's palace, which can be said to have made the place a mess. But soon she felt that this way of killing time was very boring, so when she was thinking, she suddenly remembered what her sister Princess Chu Yue said, if the spiritual power generated by the blazing fire lotus in the little princess' body cannot be refined by the little princess's own spiritual power, then the little princess will be hindered by this spiritual power, and it will be almost impossible to make progress in practice in the future. So the little princess began to practice on her own, and she really wanted to make progress in her body. The power that hinders her own cultivation can be used for her own use, because this can not only eliminate the hidden danger of being unable to make progress in the future, but also increase her own cultivation experience. The little princess ran into her room, and then walked very quickly. On her bed, she sat cross-legged with her legs crossed. The soft light shone on her snow-white body, and a faint fragrance wafted out of the room. The little devil's expression was very serious now, and he also revealed something. With a holy look, the evil and inferior habits in her body disappeared without a trace.

The little princess practiced very seriously, and the time passed very quickly. After two hours, the little princess felt a little tired, and sweat flowed from her face bit by bit. Then the little princess's cheek slipped down to her chin, and finally fell on the bed. The little princess's skin also changed from snow-white to pale. Red, because she is forcibly dissolving the spiritual power of the blazing fire lotus at this time.

The energy generated by the blazing fire lotus makes the little princess's body temperature begin to rise. The little princess now feels like her body is burning, and she is sweating. The water continued to flow from her blood vessels to the surface of her skin, and her whole body was already soaked, as if she had fallen into a river.

After a while, the little princess began to exude a faint light from the inside out. The white light looked a little dazzling, and a thin haze of light formed around her body. This was caused by the increase in sweat caused by her increased body temperature. In addition, this white light The illumination directly produced this very magical light mist. It is precisely because of the existence of this monster that the little princess began to become a little blurry.

As the little princess practiced, the temperature in the room also gradually rose, and there seemed to be some flames beating around the little princess. After a while. The little princess finally couldn't bear the feeling of her body being burned. She yelled and rushed out of the room where she practiced.

The little princess's body temperature is extremely high now, and this high temperature is unbearable for ordinary people. The fact that the little princess can endure such a high temperature and practice for so long also shows that she has a kind of endurance that ordinary people can't match. She was running very fast in the yard. Even the guard guarding her only saw a black shadow suddenly flashing in front of her. Even if she opened her eyes and looked carefully, she couldn't see clearly who the person who just ran past was. Xiao The princess saw a small lake in the garden, so the little princess jumped into the lake without having time to think. The ice-cold lake water finally made the little princess, whose body had a temperature different from that of ordinary people, begin to feel a little comfortable. At this time, she finally realized how difficult it was to practice.

Chapter 2002

The daughter of the city lord happened to be passing by here. She found that the little princess fell into the water, so she couldn't help shouting: "Someone is coming, someone is coming, it's not good, it's not good, the princess fell into the water, someone is coming quickly." Now, soldier soldier.....The princess accidentally drowned....."

After the soldiers heard this, a large number of guards ran towards this side. Of course, Ouyang Zhengxiong, who was resting in the room, also heard the shouts of the city lord's daughter. Ouyang

Zhengxiong came to the scene immediately, but he Just in time to watch the little princess climb to the shore from the lake.

The little princess had just climbed out of the lake, and now her body was soaked, which made her feel very embarrassed. Looking at the soldiers who came after hearing the news, the little princess suddenly felt annoyed, and then shouted loudly at these soldiers. The soldier roared: "What are you looking at? Believe it or not, I forgot your eyeballs. This princess is very hot. Can't you take a bath here? What are you looking at? Why don't you get out quickly? Are you waiting for me?" Looking for something to dig out your eyeballs?"

The little princess's embarrassed expression made her face very stiff. Ouyang Zhengxiong looked at the little princess's embarrassed look and almost wanted to laugh on the spot, but what I have to say is, The wet body of the little princess reflected her figure to the fullest. Ouyang Zhengxiong drooled at the sight of her concave and convex S-shaped figure, and his eyes were filled with fantasy about the little princess.

Just when Ouyang Zhengxiong was about to leave here with these soldiers, he happened to see the evil look in the little devil Suo Pao's eyes. Yes, this was exactly what he was throwing at Ouyang Zhengxiong. The little princess happened to see Ouyang Zhengxiong. Masao had a malicious expression.

The little princess shouted: "You scum, Ouyang Zhengxiong, stop here and come back. You are not allowed to leave."

The little princess was now very angry. She was circulating the true energy in her body to make her The clothes were dried faster, and he shouted angrily at Ouyang Zhengxiong: "You scum Ouyang Zhengxiong, don't think that just because my sister said some nice things to you, you feel that your status has risen. You will always be mine. Slave, don't you know, you are really brave, you dare to laugh at me, look at how I will deal with you."

After hearing what the little devil said, Ouyang Zhengxiong's face changed drastically, No longer daring to smile that obscene smile, Ouyang Zhengxiong's face turned pale and he sighed coldly, feeling regretful in his heart. Facing the little princess's order, Ouyang Zhengxiong could only walk slowly to the little princess's side.

What the little princess wanted to do now was to beat Ouyang Zhengxiong hard, but when the little princess was just about to take action, he seemed to suddenly think of something, so the little princess rolled her eyes and suddenly changed her mind and told her just now The raised fist was lowered again.

The little princess said to Ouyang Zhengxiong: "Follow me here. If you dare to sneak away, I will look good on you. I will break my legs for you. I will see if you dare to sneak away in the future."

Ouyang Zhengxiong can already guess what the little princess wants to do, which is to vent her emotions to herself, because this is not the first time the little princess has done such a thing. In the eyes of Ouyang Zhengxiong, the little princess will always be an out-and-out devil, what good things can a devil do? So Ouyang Zhengxiong put on the posture of a strong man who will never return when the wind is rustling and the water is cold, and he followed the little princess with a face of despair.

After the little princess brought Ouyang Zhengxiong to her room, she laughed maliciously: "Hey....."

It was this familiar smile again, this standard devilish smile. Ouyang Zhengxiong couldn't help but shudder after seeing it, because every time the little princess showed such a terrifying smile, it meant that Ouyang Zhengxiong was going to topple the big family. If you have mold, you basically cannot avoid the pain of your skin and flesh.

Ouyang Zhengxiong whispered from the side: "It's over, no way, is this little devil going to do it again?"

Although Ouyang Zhengxiong's voice was relatively quiet, it was still clearly heard by the little princess with keen hearing, so the little princess twisted Ouyang Zhengxiong's ears, and then said to Ouyang Zhengxiong: "Why are your thoughts so dirty? You are such a stinky thief. I really didn't scold you wrong. Your thoughts make me so sick. You really embarrass our Chu country." After the little princess finished speaking, she showed a serious expression. Then she pushed Ouyang Zhengxiong directly onto the bed, and then she also sat on the bed. She sat cross-legged with her legs directly behind Ouyang Zhengxiong, then stretched out her palms and hit Ouyang Zhengxiong on the back.

The little princess's little hands began to glow with a faint white light, and her little hands began to become as white as jade again. It seemed that jumping into the lake just now had indeed a cooling effect.

Chapter 2003

As the little princess began to exercise, the faint white light began to emanate from the little princess's body again. Ouyang Zhengxiong began to panic, because he felt that his power was being sucked away by the little princess bit by bit, and the little princess But he became more and more excited.

Yes, the little princess is indeed absorbing Ouyang Zhengxiong's power. He has used a formation. This is also the first time he has used the inhalation method. The little princess is using this formation to continuously absorb Ouyang Zhenxiong's power. Come and help yourself to transform the spiritual power of the blazing fire lotus.

Just like its name, the breathing strategy can continuously absorb other people's energy, that is, absorb other people's skills. This formation is very extreme, and its power is naturally unmatched by other formations. But everything is not so perfect. The power absorbed by this formation is only for a short moment. After a while, the power the little princess absorbed from Ouyang Zhengxiong's body will disappear.

The little princess has been pampered since she was a child. She has never suffered any grievance. However, when he was in the ancient forest, Ouyang Zhengxiong made things difficult for the little princess in every possible way and even teased the little princess. All of this was remembered bit by bit by the little princess. In his heart, he felt that it was a great shame and humiliation to be fucked by a commoner like Ouyang Zhengxiong, so along the way, the little princess tried every means to torture Ouyang Zhengxiong. These scenes of being tortured by Ouyang Zhengxiong emerged bit by bit. It came out of the little princess's mind, so the little princess suddenly felt very angry.

At this time, the little princess suddenly came up with the idea of revenge on Ouyang Zhengxiong, because when the little princess used the formation to absorb Ouyang Zhengxiong's energy, Ouyang Zhengxiong suddenly put on a bitter face, which showed that Ouyang Zhengxiong and others had a hundred thousand hearts. She was unwilling, but the little princess decided to implement this method to help herself resolve the spiritual power of the Flame Lotus, because as long as Ouyang Zhengxiong was unhappy, she would have achieved her goal of revenge against him.

When the little princess was practicing, every time she thought of Ouyang Zhengxiong's bitter face, she couldn't help laughing.

At the beginning, the little princess was indeed very excited, because the energy he kept absorbing from Ouyang Zhengxiong's body really had the effect of helping her resolve the Fire Company's power, and the infuriating energy flowing in the other body was working Surging, the little princess could clearly feel that the spiritual power emitted by the fierce flames in her body was slowly disappearing. This also showed that her cultivation method was very effective, but what followed was But it was a very strange feeling. Later, the little princess felt that something was wrong, because she suddenly had an unknown premonition in her heart. When the little princess wanted to stop and think about it, she found that she could not stop. This formation seemed to have suddenly lost control, running over and over again.

The inhalation technique that the little princess just performed was discovered in the royal craftsmanship room. This formation was recorded in an ancient book, but what the little princess saw was just a broken book. In addition, the little princess's training time is very short, so the little princess has not understood many mysteries in the formation. She ran the political and legal system without thinking about the consequences. At this time, the little princess was very anxious. If this continues, Ouyang Zhengxiong's life skills will be sucked clean by her. Although she hates this shameless thing very much, she does not see the point where she wants to destroy Ouyang Zhengxiong's entire being.

This time Ouyang Zhengxiong's body felt very uncomfortable, as if ten thousand ants had climbed onto Ouyang Zhengxiong's body and were biting Ouyang Zhengxiong wantonly. All the power in Ouyang Zhengxiong's body was being sucked out bit by bit. , he felt as if his strength was about to be drained, and his years of hard work were about to be destroyed. Ouyang Zheng's ambition was as gray as ashes, and all his thoughts were dead. He felt as if his body had nothing to do with him. As if dead, now the whole person is light and airy, as if a person is about to die and the soul has left the body.

Just when Ouyang Zheng's ambition was dying and all thoughts were gone, her body finally gradually developed a long-lost feeling. This feeling had not been felt for a long time. Her body's senses gradually became very sharp. It seemed that the zero sleep he had lost when he was 16 years old returned to Ouyang Zhengxiong again. Ouyang Zhengxiong was so excited that he screamed uncontrollably.

When Ouyang Zhengxiong was young, his life turned around even more than it does now. It only took less than a few years for him to go from a martial arts genius praised by everyone to a trash despised by everyone. The root cause of everything was because of what he had done at the beginning. Losing this kind of zero awareness is like understanding. If you lose it, you will no longer be able to understand the skills you practice. This is also the most feared thing for practitioners.

Chapter 2004

Ouyang Zhengxiong's years from the age of 16 to 20 will never be forgotten by him, because these years have become a nightmare period in his life. In these short four years, what Ouyang Zhengxiong has experienced Things may not be experienced by others in their lifetime. These were four extremely painful years. No matter how hard Ouyang Zhengxiong practiced, his skills never improved a bit. The endless cynicism was like the waves of the sea. From him, His back was rolling over continuously. From then on, he, who was previously called the favored son of heaven, was also driven into the endless dark hell at this moment.

Ouyang Zhengxiong's eyes gradually blurred, and his tears flowed out slowly. At this moment, his smile, the resignation in his heart, and the dreams he once had will all change at this moment!

As Lingjue returned to Ouyang Zhengxiong's body, Ouyang Zhengxiong suddenly felt the true energy flowing in his body, and watched the true energy flowing out of his body like flowing water. , but Ouyang Zhengxiong was not troubled at all, because it was precisely because of the malicious behavior of the little princess that coincidentally achieved Ouyang Zhengxiong's recovery from zero sleep.

Ouyang Zhengxiong said in his heart:"It doesn't matter if I lose some public servants. My zero sleep has returned to my body now. As long as my zero sleep returns, I will practice very quickly by then. Maybe now It is 10 times or even a hundred times that of martial arts. It is definitely not difficult to enter the realm of detecting martial arts. I can also compete with Eastern practitioners and even famous magicians in the West to see who is the real martial arts master. Strong man, I can do things that my father failed to do. The cynicism in the past will disappear in this moment. My name will be remembered by the world, and my legend will be spread everywhere I go."

With the passage of time, the inhalation method has been running longer and longer, and the bursts of golden breath coming out of Ouyang Zhengxiong's body have gradually become weaker. This golden light is getting darker and darker, but in this At that time, Ouyang Zhengxiong discovered that there was a trace of abnormality in his body. Among these golden and pure auras, there was actually a faint yellow color mixed in.

"this.....What exactly is going on? This light yellow infuriating energy is unpretentious infuriating energy. How could it appear in my body?"Ouyang Zhengxiong suddenly had countless doubts in his mind, because the exercises passed down from his family would never be mixed with any other kind of Qi. No matter how he thought about it, he couldn't figure out where this Qi came from..

After Ouyang Zhengxiong observed carefully, he discovered that although there was not a lot of this light yellow true energy, it was distributed among the 100 blood vessels in his body. If it weren't for the golden yellow true energy in his body now, It's so thin that this kind of light yellow real vapor will never be discovered by him.

"Could it be.....is her....."Ouyang Zhengxiong felt chills as he thought about it, and his body began to break out into cold sweats.

This light yellow true steam brought back Ouyang Zhengxiong's memory of 20,000 years ago. What was once, what has disappeared, what has become eternal.....Every bit of what happened 20,000 years ago was imprinted in Ouyang Zhengxiong's mind, and these memory fragments began to flash out again.

There once was a very mysterious woman. She was like a comet, lighting up the entire Fairyland. That woman is very beautiful, and her wisdom is beyond the reach of ordinary people. No one knows who the master of the heroine is. Does anyone know the true identity of that woman? She has no sect and is not attached to the mainland. A powerful force, but she will be involved in many things, she is Yan Yan.

At that year, Ouyang Zhengxiong was only 16 years old, but his family's dazzling skills had already reached the second level. That was also the year when Ouyang Zhengxiong was called a genius. Among his peers, Ouyang Zhengxiong was at least Leaving behind other people's two years of cultivation, that is to say, within two years, even if others make rapid progress, it will be difficult to catch up with Ouyang Zhengxiong's level of non-cultivation in that year.

In that same year, 18-year-old Yan Yan found Ouyang Zhengxiong, because Ouyang Zhengxiong was already famous on the mainland. In this way, the two of them began to talk about bits and pieces of cultivation, and they discussed the occult. , and competed from time to time, but in the end they could not decide the winner.

But from then on, Ouyang Zhengxiong began to fall into the whirlpool of emotions. He began to like Yan Yan, but Ouyang Zhengxiong never expressed his inner love.

During the days when Yan Yan was at Ouyang Zhengxiong's house, Ouyang Zhengxiong discovered that she practiced a strange technique every day.

Chapter 2005

The set of exercises practiced by Yan Yan can cultivate a light yellow lawless light. The light yellow is almost difficult to distinguish from the white, and the power caused by this set of exercises is very small. Ouyang Zhengxiong also said to Yan Yan Yan Yan's behavior felt very strange. Why did Yan Yan insist on practicing such a weak exercise? What was so mysterious about this set of exercises? Did it have any special effects?

Sometimes, Yang Zhenxiong started to ask Yan Yan about what this set of exercises did, but every time Yan Yan laughed it off and would not explain too much because of Ouyang Zhengxiong's inquiry, but Ouyang Zhengxiong would ask again and again every time, and finally one time, Yan Yan said impatiently:"This is a very ancient method. I say it is useless, because this method is very profound. No matter how talented you are now, It's so high, if you don't practice it yourself, you won't realize the beauty of it."

Not long after, Yan Yan left Ouyang Zhengxiong's home. During the time when Yan Yan left, Ouyang Zhixiong said every day Thinking of her, no matter how Ouyang Zhengxiong inquired about Yan Yan, he would find nothing. So Ouyang Zhengxiong gradually got used to a life without

Yan Yan, but things will always be like this, when you keep looking for it, instead You can't find it all the time. When you are about to give up, what you are looking for will appear automatically.

On this day, Yan Yan was practicing in the yard of his home as usual. When he was fascinated by the practice, Ouyang Zhengxiong suddenly heard a sentence that made Ouyang Zhengxiong have no intention of practicing. A servant suddenly said:"Young Master, Young Master Lord, I heard that Yan Yan recently became a disciple of a new cultivator who logged into Poji Realm. From then on, she began to practice Taoism as a martial artist. She is really the first person in history. No one has ever done so. This is how you practice Taoism."

After that, three months later, Ouyang Zhengxiong began to have the nightmare of his life. Ouyang Zhengxiong began to regress. No matter how hard he practiced every day, his Kung Fu Fadu continued to retreat, and gradually, she began to fall from the top of the mountain to the valley.

Because Yan Yan likes people with advanced skills very much, Ouyang Zhanxiong feels that the distance between him and Yan Yan is getting farther and farther. Only after he ascends to the realm of immortal martial arts, can Ouyang Zhanxiong have the nerve to go to Yan Yan. Now that he has come , Ouyang Zhengxiong's previous plans all came to nothing.

The unattainable goddess who was originally in Ouyang Zhengxiong's heart can now only become a trace of Ouyang Zhengxiong's thoughts. He can only silently bless Ouyang Zhengxiong in his heart.....

Ouyang Zhengxiong lives in suffering every day, with a desperate expression every day, and seems to have lost his passion for life.....

It wasn't until two years later that he finally met a girl he could fall in love with. That girl was as lively and cute as an elf, and her bouncing appearance made Ouyang Zhengxiong's heart beat fast. That girl was Lan Yu, In this way, the gloomy life of Ouyang Zexiong gradually became a little brighter. This allowed him to re-establish his expectations for life and gain the confidence to make a comeback.....

These bursts of memories, every scene, every dialogue between characters in the memories, made Ouyang Zhengxiong's brain go cold. The good times in the past, the people who were kind to him, and the people in his heart The elf and the goddess both disappeared in this moment.

The inhalation method is still running continuously. No matter how hard the little princess tries to break the formation, she fails. Gradually, Ouyang Zhengxiong's true energy is about to be sucked

dry by the little princess, and Ouyang's intention to follow begins to change. It gradually became blurry, but in the end, Ouyang Zhengxiong still lost consciousness.

He saw it very quickly. It was already the second day after Ouyang Zhengxiong fell into coma. As soon as Ouyang Zhengxiong opened his eyes, he saw the little princess holding her chin beside her bed, looking out the window desperately, as if there was something in her heart. There is a feeling of anxiety, and there is a kind of self-blame in her eyes. It is not difficult to see that she also feels that she has done something wrong with Ouyang Zhengxiong's civilization.

Ouyang Zhengxiong had been motionless in bed for two days. Her legs and feet were already numb and uncomfortable, so he moved instinctively. Although Ouyang Zhengxiong tried his best to reduce the range of his body movements, this was still noticed by his keen eyes. The little princess found out.

The little princess was extremely excited and shouted loudly:"Ah.....You stinky thief, you finally woke up."

The little princess had a look of surprise on her face and ran to Ouyang Zhengxiong's side. But she quickly adjusted her emotions, showed a very serious expression, and then said to Ouyang Zhengxiong:" Stinky thief, if you and my sister ask, remember to say that you provoked me first, do you understand?"

Chapter 2006

Ouyang Zhengxiong was so angry that he didn't know whether to laugh or cry. What this little devil said was so funny. He himself had ruined other people's martial arts, and he still wanted others to help her cover up and say nice things. But Ouyang Zhengxiong does not hate the little princess very much now, because if the little princess is not there, Ouyang Zhengxiong's zero sleep will never return to his body.

Young Master Chu Yue gently opened the door of Ouyang Town, and then said to Ouyang Zhengxiong very gently:"Young Master Ouyang, you are awake."

Ouyang Zhengxiong quickly got up, but because he was still very weak now , so Princess Chu Yue quickly stopped Ouyang Zhengxiong who wanted to get up to salute. Then she helped Ouyang Zhengxiong lie down and said to Ouyang Zhengxiong,"Young Master Ouyang doesn't have to be so polite." Princess Ouyang's tone was very low. He was now already She didn't have much energy to speak:"Thank you for your concern, princess. I really appreciate your trouble."

Princess Chu Yue felt that she owed Ouyang Zhengxiong a little, so she said to Ouyang Zhengxiong:"My sister is very naughty. I really don't know the importance of taking action. Please

forgive Princess Ouyang. After arriving at the palace, I will definitely ask someone to help you restore your skills." After

Princess Chu Yue said to Ouyang Zhengxiong, she threw out the words to the little princess He rolled his eyes, and then said harshly with the little princess:"I knew it would cause trouble."

The little princess also wrinkled her nose and forehead in dissatisfaction.

The next day, Princess Chu Yue and the little princess were preparing to leave Ningfeng City, and then they were preparing to return to the capital with many soldiers.

Ouyang Zhengxiong was regarded as a master by these people at first, but now Ouyang Zhengxiong looks weak, and has completely lost the appearance of a master. However, Ouyang Zhengxiong does not feel sad at all, because her zero sleep has returned. Soon, as long as he practices carefully, her name will be known to the entire Tianmo Continent.

On their way to the capital of Chu State, Princess Chu Yue showed her unprecedented concern for Ouyang Zhengxiong and placed the only magician in the team beside Ouyang Zhengxiong. This was to make Ouyang Zhengxiong better. After each journey, the magician will perform recovery spells on Ouyang Zhengxiong according to Princess Chu Yue's request, so that Ouyang Zhengxiong will not be too tired during the journey.

In this regard, the little princess felt very angry. Her sister actually scolded this humble guy because of her, and she was so kind to him on the road. The little princess wrinkled her cute nose more than once. He seemed to want to say something, but every time she saw the look in her sister's eyes, she would swallow what she wanted to say back into her stomach.

A few days later, the little princess and a group of people arrived in front of an ancient city. Ouyang Zhixiong accidentally heard that the name of this ancient city was Yantai. Isn't this the surname of his goddess? So Ouyang Zhixiong asked Zi became very excited.

The walls of the ancient city have been carved with vicissitudes by the ruthless carving knife of time. They are covered with knife marks and arrow holes. Every knife mark and arrow hole records that it has withstood the wind and frost of war.

The scale of Yantai City is not very large, with only a hundred thousand people here. Moreover, the residents in the city dress very simply and still retain some of their previous customs. Their dressing style is also different from that of Ouyang Zhengxiong's period 10,000 years ago. Not long after,

when Princess Chu Yue and the little princess walked into the city, the people on both sides of the street began to perform various acrobatics to express their happiness for the arrival of the two princesses, and this was also a way to welcome the nobles.

When Ouyang Zhengxiong passed by the square in the center of the city, the scene in front of him made him feel almost suffocated. Standing in front of him was a statue made of white jade. This statue stood high on a high platform in the center of the square. Ouyang Zhengxiong immediately recognized this woman with her unparalleled appearance and peerless elegance. He was the goddess Yan Yan in his mind.

"How is this possible? How could it be?.....is her!" Ouyang Zhengxiong showed waves of absent-mindedness. The peerless and beautiful girl who appeared in his memories a few days ago had just been shattered. Just a few days later today, he saw the statue of the goddess in his heart again. Could it be that this is everything arranged by God? God knows Ouyang Zhengxiong's admiration for Yan Yan. Although today, tens of thousands of years later, Ouyang Zhengxiong can no longer see her, God still arranged them in this way. The meeting of the two was really unpredictable. It seemed that somehow, the two of them had been pulled by fate, making them go in the same direction.

At this time, the little princess's voice suddenly came from not far away. The laughter suddenly brought Ouyang Zhengxiong back to the real world from his thoughts.

Chapter 2007

"Wow! Could this be the fairy from Yantai? She is really beautiful, but I am also very beautiful. I think I am as beautiful as her, haha....."

A faint smile appeared on Princess Chu Yue's beautiful face. Her eyes were so bright, and the slightly dimples on her face were very intoxicating. However, due to her status as a princess, basically, few people dared to stare at her. If he were a commoner woman, I really don't know if the matchmaker would come to his home every day, and how many famous nobles would come to his home to propose marriage.

"You are so shameless. You dare to compare yourself with the fairy from Yantai. I suggest you take a mirror to look at yourself in the mirror when you return to the company. After being away for a few days, you don't even know how much you weigh."

The little princess said in her delicate voice: "I compared my sister with the fairy sister. Aren't I just as beautiful as her? What's the difference? I'm obviously also very beautiful, hum....."

Ouyang Zhengxiong suddenly took the hand of the royal magician next to him, and said very excitedly: "Is the woman in this statue Yan Yan?"

The little princess heard what Ouyang Zhengxiong said to the magician, and then laughed at He said to Ouyang Zhengxiong: "You stinky thief, you are really ignorant. You don't even know Yanyan, the beautiful fairy in Yantai. Oh, I suddenly remembered that you don't even recognize the words. It's so harmful. What a uneducated and unskilled young man....."

After the little princess finished speaking, she slowly made a look of great pain.

Ouyang Zhengxiong's rainy season trembled, and then he said to the little princess: "She.....Wasn't she from 20,000 years ago? Why do people here still remember her? Can you tell me about her? What happened? Why is this kind of city named after him? Why do people love her so much?"

The little princess wanted to laugh at Ouyang Zhengxiong again immediately, but was stopped by her sister Princess Chu Yue. Princess Chu Yue saw that Ouyang Zhengxiong really didn't understand Fairy Yantai very much, so she began to patiently Ouyang Zhengxiong explained: "More than 10,000 years have passed. Now if I calculate it carefully, it should be almost 20,000 years. The fairy of Yantai is indeed about to be forgotten by everyone, but 1,000 years ago, she suddenly appeared again He came to this city again, and it became the fairy site of our Chu State, one of the few fairy sites in Chu State. From then on, people were very impressed by the Yantai Fairy, so this city also became Got its name"

"she.....Has he become an immortal?....." Ouyang Zhengxiong murmured to himself. At this time, he had mixed feelings in his heart. The feeling was very complicated and unspeakably uncomfortable.

At this time, everyone began to move forward. Only Ouyang Zhengxiong was still standing in front of the statue, looking at the statue as if he had a lot to say.

"At first I thought that I had gotten rid of every bit of the past, but why do those memories of the past always linger in my mind? They are like the unpredictable direction of the wind, constantly swaying in my heart, always changing. Recalling some sad memories, where are you at this time? Is your place as warm in winter and cool in summer as here?"

Yan Yan is a very mysterious woman who combines beauty and wisdom. This woman is said to have become an immortal. She has left countless legends in the city named after her. Ouyang Zhengxiong stood in the square In the center, a look of calmness

"Why.....Why on earth did you do that? Why did you treat me like that?" Separated between immortals and mortals, Ouyang Zhengxiong looked up at the sky and let out a long sigh. Behind Ouyang, where is Xiong Gang? Princess Chu Yue and the little princess, just like that, he walked into the city master of Yantai City in a daze. House.

Seeing Ouyang Zhengxiong's sluggish look, the little princess felt very uncomfortable, so the little princess shouted dissatisfied: "Scum, Ouyang Zhengxiong, are you still a man? I have told you, wait until you get to the palace, I will find an expert to help you restore your skills. Why are you still looking like you have lost your soul? Humph, not only are you a bad character, I didn't expect you to be so stingy."

"Yu'er, don't be rude to Mr. Ouyang. Mr. Ouyang has just lost all his skills. It is very reasonable for him to have no energy now. All of this is not a good thing you did. You still have the nerve to criticize him here."

After Princess Chu Yue finished speaking to the little princess, she turned to Ouyang Zhengxiong and said with concern: "Master Ouyang, are you too tired from the long journey these two days? If that is the case, we can rest here for two days to let the young master recover his strength."

Chapter 2008

Ouyang Zhengxiong shook his head blankly, and then said to Princess Chu Yue: "Thank you for your concern, Princess. I am not seriously ill. Let's get on the road quickly to avoid any danger outside and hurt the princess." jade body"

"It's not bad. If you return to the palace earlier, you can restore your skills to the young master earlier and avoid Luo's illness."

In this way, Ouyang Zhengxiong and the little princess left the city named after the goddess Ouyang Zhengxiong. When they left, Ouyang Zhengxiong looked confused, and in the next two days, Ouyang Zhengxiong seemed to have left his soul. It was as if he was paralyzed, his eyes seemed to have become a decoration, there was no expression at all, and even his body had lost its vitality. He rarely spoke along the way. Unless he had to answer the princess's questions, he would never take the initiative to speak.

Three days later, a huge thunder sounded in Ouyang Zhengxiong's ears. It was only now that Ouyang Zhengxiong's soul returned to its original place. She was frightened awake by the thunder, and suddenly she came to her senses. For a moment, dark clouds rolled in the sky, like rolling black waves. There were hundreds of golden snakes scurrying among the dark clouds, and rumbling thunder sounded from time to time. These loud thunders echoed in Ouyang Zhengxiong's heart for a long time..At this moment, Ouyang Zhengxiong finally felt a little awakened. This fleeting time,

these past years, can no longer come back no matter what. Things are different and people have changed, and things that disappear will always disappear. It is impossible to look back. What exists now still exists. Only living in the present is the most real. If a person wants to succeed, he must not always live in the past life. He must grasp the current situation. Every opportunity can give you no regrets.....

After that, Ouyang Zhengxiong's body, which should have been exhausted for a long time, suddenly became alive again, like a dead tree blooming with spring. The weak Qi in his body was swimming around in his body like a silkworm chrysalis..

Slowly, this subtle Qi began to gradually become stronger. The Qi flowed continuously in his body, just like a trickle.

The skill that had been lost to the little princess suddenly recovered at this moment. Ouyang Zhengxiong looked inside his body and saw that the true energy flowing in his body was purer than before, which meant that the true energy had a light yellow color. Never appeared again.

After a long time, Ouyang Zhengxiong finally calmed down his excited heart, and his current mood is also very peaceful. The haze in his heart has been swept away. Now everything is bright in his mind, and some unhappy things have disappeared. It has long been forgotten.

The heavy rain did not give any face, as if water columns fell directly from the sky, and a curtain of water appeared between the sky and the earth. Princess Chu Yue had to temporarily stay in a small town with this group of people, because there were thousands of The soldiers, Chu Yue and Princess, contracted all the inns in this town to provide these soldiers with a rest.

The little princess can't understand Princess Chu Yue's troubles at all. Now she is as happy as a little angel, jumping up and down. Now Ouyang Zhengxiong really feels that he has a dual personality. The demonic personality in her body has been Disappeared without a trace

"Haha, it's really great. It hasn't rained for a long time. It's so cool when it rains....."

The little princess cheered, waving to Princess Chu Yue, and then said to Princess Chu Yue:"Sister, stop hiding in the house, come out quickly, you see how cool I am like this."

Princess Chu Yue looked at the little princess The princess looked cheerful and walked into the rain like a little princess. The dense raindrops did not fall on Princess Chu Yue, because Princess Chu

Yue used her skills to block the rain three inches away from her body. Outside, this invisible body-protecting energy caused the rain to form a rainball outside Princess Chu Yue.

Ouyang Zhengxiong was shocked and sighed implicitly. Ouyang Zhengxiong had sensed the aura of a monk in Princess Chu Yue before, but now the steam displayed by Princess Chu Yue is only possessed by advanced warriors.

"Could it be that Princess Chu Yue practiced martial arts to practice Taoism?"

Princess Chu Yue pulled the little princess who was cheering in the rain into her room, then shouted to the little princess: "Look what you have become now? Do you know that you are the princess of Chu State? You have completely lost your image as a princess. How can you embarrass our Chu State? You have to remember that no matter where you are, you represent a country. Don't let our entire country lose face just for your own pleasure. What you just did was like an unruly little wild man. Just like children, if our father finds out, do you think you will be scolded to death by him?....."

Chapter 2009

"Ha ha....." When Ouyang Zhengxiong heard Princess Chu Yue teaching the little princess a lesson, he began to gloat and laughed loudly.

The little princess heard Ouyang Zhengxiong laughing so loudly and wildly, so the little princess turned her head and looked at Ouyang Zhengxiong with a smile that was not restrained at all. Then the little princess angrily said to Ouyang Zhengxiong: "You stinky mouth. You scum, is this princess something you can laugh at? Look at your virtue, how will I deal with you later? You told me to wait....."

After the little princess finished speaking, she was pulled into the room by her sister, Princess Chu Yue. The little princess looked reluctant. She was really having fun playing in the rain and had no intention of leaving. At that time, she was forced to follow Sister Yu's lesson, I could only go inside the room.

After midnight, the heavy rain gradually dissipated, the clouds gradually dispersed, and there was silence outside. The starry sky in the sky was as calm as brine, and there were twinkling stars, vaguely illuminating the earth.

Ouyang Zhengxiong was standing quietly in front of the window of his room at this time, feeling the tranquility of this peaceful night with her whole body. Her heart had not been so peaceful for a long time. It had always been like there were layers of thick fog in her heart. , no matter how hard

he tried to clean it, it could not be dispersed. Until today, he finally cleared the haze in his heart. Therefore, he felt extremely relaxed and full of hope for the future.

"After a strong wind and heavy rain, a colorful rainbow may not necessarily hang in the sky, but it is definitely possible. If it doesn't rain, there is almost no possibility of a rainbow hanging. Yan Yan, you have logged into Wonderland at this time. This may be God's gift to me. I hope you can live a very good life in the heaven and not be bored every day. Soon, I will definitely board the realm of breaking the sky. Then we will be reunited in the heaven. You wait for me....."

In the east of Tianmo Continent, that is, when the two continents were not merged before, the area where Xiantian Continent was located, the war that the local manager's wife said was just like the saying goes that heroes emerge from troubled times. In these troubled times, there are heroes everywhere. The original continent was divided into hundreds of countries, but three of them occupied a very large area. These three countries occupied almost 3/4 of the entire Eastern Plate. Among them, Chu State was one of the three countries, the motherland is located in the east of the mainland, and the country where the third prince is located is one of the three countries, the Banyue Kingdom. The Banyue Kingdom is in the south of the continent, and the other country is the Ping An Kingdom in the north. These three countries are mutually exclusive. Chasing, the three pillars stood up, and their strength was equal, so they gradually negotiated peace. In these decades, they did not have war with each other, and they all lived together peacefully.

However, the Chu State in the west is adjacent to the land in the west. The capital of Chu State has become one of the important hubs connecting the east and the west. If people from the two places want to have commercial and cultural exchanges, then it has to pass through the transportation hub of Chu State, so the flow of passengers going abroad to the capital is very large, which makes his city suddenly become very prosperous.

There are millions of people living in the capital of Chu State. The carriages coming and going every day are like water, and materials from all over the country will continuously gather in this place.

Princess Chu Yue, Ouyang Zhengxiong and others, after ten days, finally arrived outside the city wall of the capital of Chu State. They looked at the Pingyang City Wall in the distance. In such a magnificent city wall, it seemed that it was a continuous city. Like the Great Wall, it gives people a feeling of majesty and overwhelming justice.

On top of the city wall, there is a very tall tower dotting the city wall. The scale of this floor is so grand that it is like standing on it to observe the situation of the entire capital. Where are there more people and where are there fewer people? Just take a few glances. You can tell right away that if

something happens in the country, this place can quickly find the location of the bad guys, so this Liao Watchtower is heavily guarded.

The soldiers guarding the city wall all looked solemn, without any hint of hip-hop, and seemed to dare not relax their vigilance at all. Although the Chu country had been at peace for many years, they were wearing heavy armor and holding on to the city wall despite the high temperature of more than 30 degrees. It may be an honor for them to fully reflect the national prestige of Chu State. If outsiders come to the capital of Chu State, they will definitely spread Chu State's state of readiness for war to other countries. country, then other countries would not dare to bully the Chu State. After all, even in a peaceful and happy environment, it is not something that just any country can do. The motherland can be said to be one in a million. A country of rigor.

As Ouyang Zhengxiong and his group moved closer and closer to Pingyang City, Ouyang Zhengxiong was also doubly shocked.

Chapter 2010

Ouyang Zhengxiong has never seen such a grand outer city and such a powerful city protection building. This is the first time for Ouyang Zhengxiong to see it. Ouyang Zhenxiong quietly sighed in his heart: "Is this the Chu Kingdom? Even if it is ten thousand The tallest and most magnificent building "Xiahua City" before 2000 cannot compare to the magnificence of this city wall. It is so magnificent. I believe that being able to become the general here must be a very happy thing.!"

The city wall of Pingyang City is more than 16 meters high, and the top frame is 12 meters long. Its wall is made of very strong gold bricks. It is very strong and thick, and it looks very incredible. Break through.

There are two towers above the city gate, as well as some arrow towers and Liao Wang Tower. The towering buildings give people a sense of grandeur.

Outside the city wall, there is a meandering moat. The moat is forty meters wide and at least ten meters deep. Looking down, you can see rippling waves and a few ships coming and going.

Judging from the solidity of this outer layer, it is enough to see that Chu State attaches great importance to Yangcheng.

Ouyang Zhengxiong was stunned by the majesty of Pingyang City in his motherland. He stood motionless admiring such a magnificent building and was fascinated by it.

"Hey, you scum have never seen the world. Haven't you even heard of Pingyang City? There should be records in many books. Oh, I'm sorry, I forgot. You have never read a book. People like you who are ignorant and have no skills and have never learned to read must have never read a book. Poor, there is a house of gold in the book, and the beauty is like jade in the book. It's a pity that you can't understand these....."

After the little princess finished speaking, she sighed deeply, and then made a look like she hated iron. In fact, she was already very happy in her heart. The ridicule she had just made towards Ouyang Zhengxiong finally made her laugh. The anger she had accumulated in her heart was vented a little.

Along the way, Ouyang Zhengxiong suffered from the anger brought by the little princess. The little princess would use words to anger Ouyang Zhengxiong from time to time. Shi Naihe Ouyang Zhengxiong was of low status and could not do anything to the little princess, let alone say anything. Insulting words, so Ouyang Zhengxiong could only use the spiritual victory method to comfort himself: "This little girl is no older or younger at all. First, in terms of age, I am still 20,000 years older than you. Maybe your My ancestors have not yet reached the level of being of the same generation as me, and now they dare to laugh at me like this. I have already recovered from sleep, and it is just around the corner to reach the realm of immortal martial arts. I will not care about you now. One day you will fall again. It's in my hands....."

After hearing what the little princess said to Ouyang Zhengxiong, Princess Chu Yue was really dumbfounded. Such a naughty little guy could actually act like she hates iron. It seems that she still hates reading. People, every time she was forced to study in the palace, she would look like she was about to die. So Princess Chu Yue took the little princess's hand and said to the little princess: "Yu'er....."

"Got it, my sister!" The little princess deliberately prolonged her tone of voice, and then said to herself in a very small voice: "Are you still my sister? Really, why do you always help an outsider? Apart from being able to pull Hou Yi away, what else can this guy do? Even if he has great abilities, he still falls into my hands. You damn Ouyang Zhengxiong, sooner or later you will be out of my sister's sight. At that time, I will teach you a lesson. I will suppress it these days. A little better."

The homework princess rolled her eyes at the little princess, then pointed at the little princess's forehead and said to the little princess: "You....."

There is an endless stream of carriages coming and going in Pingyang City, and newcomers are coming and going like a surging river. Pants on both sides are constantly selling, making it a prosperous scene.

On the other side, the Emperor of Chu State had already received the news. His eldest daughter, Princess Chu Yue, had returned from her inspection and had also found his younger daughter who had sneaked out of the palace. As soon as the news reached the ears of the King of Chu State, Chu Yue The king felt extremely happy and immediately sent people out of the city to meet the two princesses.

When the soldiers sent by the King of Chu to greet the two princesses rushed outside the city, Princess Chu Yue and her party had already entered the city, but Princess Chu Yue suddenly discovered that her sister, the little princess, had disappeared.

Princess Chu Yue was frightened by this sudden situation. She felt that her sister must have sneaked out secretly. After all, the little princess had done this kind of thing not once or twice. The number of ordinary ones could not be counted with both hands. Now, when Princess Chu Yue was very anxious, the little princess suddenly appeared from nearby.
