Chapter 2011

The little princess who just ran out was holding three skewers of mutton in her left hand, and two red candied haws in her right hand, and her mouth was full of food. The two bosses were panting the most. Behind the princess, it was obvious that the two bosses were ordinary people. Since they had never practiced Kung Fu, they struggled to catch up with the little princess.

"Little girl, why don't you pay for food? Have you forgotten?"

"Little girl, we are a small business, and I can't make much money from my candied haws, if you do this. I lost money in one day"

"elder sister.....I don't have a penny left, so just pay for it for me."The little princess kept chewing something in her mouth, so he said something like this to Princess Zuoyong vaguely. Princess

Chu Yue was angry that the little princess ran away without saying hello just now, but when she saw Princess Chu Yue felt very funny when the little princess looked like this. She really had no way to deal with this naughty sister. The officials who came out from the imperial city to greet the two princesses were also amused by the little princess's behavior. They couldn't help but laugh, but because of the devilish image the little princess usually established, these officials felt very scared. Therefore, several officials could only hold back their smiles. Some of them couldn't hold back their smiles, so they quietly turned their heads. Adjust your expression, or lower your head, trying not to let the little princess see your smiling face.

The large number of royal guards behind the two princesses were seen by the two food stall owners, so they suddenly became stupid Eyes wide open, they were frightened by the huge formation in front of them. They immediately ignored asking the naughty woman in front of them for money to buy things, and turned around and got into the sea of people.

But Princess Chu Yue, as the most important person in the royal family , One of the educated descendants, she was not someone who was looking for petty gains, and she was also very considerate of her people. So, Princess Chu Yue sent several officials to follow her, hoping to pay the money that should be paid. Pay them.

In the magnificent capital of Chu State, there is a very obvious imperial aura, which makes the imperial city look even more majestic.

Soon, Princess Chu Yue and Ouyang Zhengxiong were preparing to enter. After entering the palace, Princess Chu Yue said to Ouyang Zhengxiong: "Mr. Ouyang, my father may receive you in person later. You wait patiently here. You must remember not to run around. Got it?" "

Princess Chu Yue's tone was very gentle, which made Ouyang Zhengxiong feel a little embarrassed, so Ouyang Zhengxiong immediately lowered his posture, bowed deeply, tilted his head and said to Princess Chu Yue: "Yes, the common people listened to the princess's orders."

Ouyang Zhengxiong also doesn't quite understand the etiquette of the king and his ministers in Chu State, because the etiquette now is different from that ten thousand years ago. When he is running around with the two princesses on the road these days, he always treats them as equals. The princess speaking has now entered the palace. He naturally has to lower his profile, because in front of these royal officials, Ouyang Zhenxiong must give the princess the respect she deserves. Even if Ouyang Zhengxiong hates the little princess very much, he will not dare to act rashly in the face of this situation.

Princess Chu Yue looked at Ouyang Zhengxiong's nervous expression, so she said to Ouyang Zhengxiong: "Princess Ouyang, you don't need to be too nervous. I have told you what I should have said before, We in Chu State respect very capable people like you, especially talents like you who are rare in a century. We will respect you even more. Even in front of my father, you don't have to worry about what you give. You can do whatever you want with the courtesy of a monarch and his ministers, as long as it doesn't offend my father."

Ouyang Zhengxiong let out a long sigh, because he previously thought that when he entered the palace, he had to perform the courtesy of a monarch and his ministers. Even when he saw officials with slightly larger joints, he had to bow and salute. When Ouyang Zhengxiong was still thinking about it, When Princess Chu Yue was worried about things, these words of Princess Chu Yue really made Ouyang Zhengxiong feel very relaxed.

When Princess Chu Yue and Ouyang Zhengxiong were talking, the little princess had already moved at lightning speed. Disappeared in front of the two of them. After talking to Ouyang Zhengxiong, Princess Chu Yue also turned around with a smile.

When Princess Chu Yue slowly walked to the harem, he saw the little princess who had just been sold. The leaning body was lying in the arms of the queen, and he kept talking. He must be telling what happened these days, and his father had been listening to the little princess talking with a faint expression on his face. With a smile, it can be seen that the king of Chu State really loves this little princess very much. Even if he was very angry because the little princess left secretly, now as soon

as he sees this lovely daughter appearing in front of his eyes, he will remain. All I have in my heart is the joy of reunion.

Chapter 2012

Princess Chu Yue walked forward, and after greeting her father and mother, she sat aside. Among the many children of Chu Han, King of Chu, his favorite was her little daughter, the little devil princess. Chu Yu, perhaps it was because of King Chu's pampering that this little princess developed many bad habits. King Chu's most valued daughters were Princess Chu Yue and his second prince Chu Feng.

King Chu was extremely happy to see that his eldest daughter not only completed her inspection mission, but also found her younger daughter who had been away from the palace for many days.

The little princess kept talking like a machine gun. She described some strange things and dangerous things she encountered along the way very vividly, which made the Queen of Chu feel very nervous. After all, she didn't want her daughter to be in any danger.

After the little princess finished talking about everything, the King of Chu also learned about the attack by the little princess Sanhuang Zirui, so the King of Chu said in a low voice: "I didn't expect that this Leng Jian was so bold and dared to attack our country of Chu. The people at the border have the idea of Hou Yi Gong, and they also want to kill my daughter to silence them. They are really ulterior. Do they, the Banyue Kingdom, want to destroy the peace that they have had for more than ten years? Do they ignore the people who are in trouble? Don't do it. Force me to take action to conquer the Banyue Kingdom."

Princess Chu Yue said to her father Chu Han: "My father has really considered it carefully. He did not launch a large-scale battle just because of the temporary atmosphere. Besides, Leng Jian was also affected by it. Seriously injured, he finally fled, and almost none of the men he brought with him left alive."

Chu Han nodded, and then said: "Let's remember this account of their Banyue Kingdom first!" Then Chu Han nodded. Wang added: "By the way, why does a man named Ouyang Zhengxiong always appear in what Yu'er said just now? Who is this person? Yu'er always describes this person vaguely. What is going on? Huh?"

Chu Yu quickly changed the subject, and then acted coquettishly towards her father: "Father, you are really very kind to me, and you actually want to do something about the things that the third prince did to me. I am so happy to have a father like you when I send troops to conquer the Banyue Kingdom."

But Chu Han was not affected by the little princess's coquettishness, and then said to the little princess with a straight face: "Huh, it's time for you to suffer some hardships. , when we were at work, we didn't even make a sound. Do you know how worried we are these days? Tell us for yourself, how should I punish you?"

"ah? Why are you still punishing me? Didn't I already beg your father when I just came back? Didn't you also say you won't punish me? You have promised me, father. As the king of a country, how can you go back on your words? The four words "Jun Wu" are engraved in everyone's heart. This will only damage the image of the father. I also ask my father to think twice before acting."

After the little princess finished speaking, she gently wrapped her hands around the queen's neck, and then said to her mother in a delicate tone: "Queen Mother.....Father wants to punish me.....Um.....You all just promised me....."

"Okay, you are such a big man, but you still get tired of me every day. If you don't play with him, he is just a joke with you, but next time I might really punish you. You must remember the lesson this time, otherwise I won't be able to protect you next time, and I will also stand with your father and punish you together."

"Haha, I get it, Queen Mother." After the little princess finished speaking, she kissed the queen on the cheek with her little cherry mouth.

"you child....."

The little princess turned around, smiled at Chu Han and said: "Father, you see, I am not going out this time to enjoy the mountains and rivers. This is the purpose of my going out. This is what I have achieved after all the hard work." The flaming fire lotus."

After the little princess finished speaking, she opened the jade box containing the flaming fire lotus petals. Suddenly, bursts of faint fragrance emerged from it, and this fragrance rushed into everyone's nose. , making everyone sitting feel extremely relaxed.

In fact, the King of Chu had no intention of punishing the little princess at all. His precious daughter had gone through so much and was able to return to the palace safely after all the ups and downs. He already felt that this was a gift from God to him. Now his My heart felt like I had eaten honey, and I felt extremely happy. What I just said was just to scare the little princess. Now I look at such a cute and quirky daughter like myself. After coaxing the queen first, she then Come to please yourself, King Chu's face suddenly showed a full smile, and the dotting expression suddenly showed out

"You naughty child....."As King Chu spoke, he pinched the little princess's white and tender face with his hands, and his face was full of smiles.

Chapter 2013

Chu Han seemed to suddenly remember something. He immediately put away the smile on her face, then turned to Princess Chu Yue and said:"By the way, Yue'er, this time you went to inspect the west, did you find anything?" , did anything unusual happen?"

"Nothing unusual has been discovered. All the cultivators from various countries have entered the Luofeng Mountains. They have not stayed at the border of our motherland. It seems that these people are not here to fight as my father thought. Our motherland's doctrine, these people do not seem to be lying, they are really going for the mythical beast Qilin, and we have not found any actions that they have taken that are harmful to our Chu country."

"Oh, if this is really the case, that would be great. After sending you on inspection this time, you can also check the reality of the situation with your relatives. We don't have to have too much suspicion here, but the Luofeng Mountain Range has actually appeared. The appearance of the mythical beast Qilin, which is rare in a hundred years, is not a trivial matter every day. It may only appear once in ten thousand years, and every time it appears, a saint will appear that alarms the entire continent. Is there another saint coming to the world this time? ?"

Princess Chu Yue smiled and said to her father Chu Han:"How can there be any saint? I really haven't heard of it this time, but if there is one, why don't I mention you, the Holy Father? ? In my eyes, Bu Wan is the most powerful saint in the world, so Don't worry too much about this matter."

Chu Han was amused by what Princess Chu Yue said, and then said to Princess Chu Yue:"You girl! On the way to bring your sister back this time, I should have learned a lot of glib skills from your sister, but don't let Yu'er lead you astray. In fact, I am not very worried about the appearance of the mythical beast Qilin. Over the years, Our country of Chu has always been peaceful and peaceful, so nothing should happen."

"By the way, father, during this inspection to the west, I discovered a talent with astonishing abilities. Well, strictly speaking, I didn't discover this. These should all be attributed to my sister. Thanks to my sister's presence, I found this person. Someone caught her, and then she discovered all the abilities she had"

"oh? Who has such great ability? Even the two princesses who have seen many strange people and strange things think he is a talent. I really want to see who this person is."

When Princess Chu Yue was about to answer King Chu's words, the little princess rushed to answer: "Father, please don't think too highly of him. He is not as powerful as your father said, otherwise he would still be beaten by me. Got it? If he can't get it, he is just a scum, a thief, he has not learned countless things, he is quite ugly, and even now he cannot read."

After the little princess finished speaking, she immediately showed an angry expression. Princess Chu Yue looked at the anxious look of the little princess and couldn't help but smile. Of course, the little princess knew why Princess Chu Yue wanted to do this. Laugh, because the little princess told Princess Chu Yue everything that happened when Ouyang Zhengxiong was with her, so the little princess suddenly became a little shy. The little princess was now shy and angry, and then faced Chu Yue. The princess said: "Sister.....Don't talk nonsense....."

"Ha ha....." Seeing the expression of the little princess, the King of Chu and the Queen laughed at the same time, because they had not seen Chu Yu so grand in a long time.

The queen asked Chu Yue: "Yue'er, why is this? Why did Yu'er become so angry all of a sudden?"

Princess Chu Yue did not immediately answer her mother's question to her. Princess Chu Yue turned around and asked the little princess: "Yu'er, can I tell you?"

The little princess looked at her father and mother carefully, and found that their faces were full of hope and curiosity, so the little princess immediately calmed down and faced Princess Chu Yue said: "Tell me."

Princess Chu Yue told the king of Chu and the queen exactly what happened between Ouyang Zhengxiong and the little princess. During the narration, the king of Chu showed extremely With an angry expression, it was as if she wanted to issue a killing order on the spot and punish Ouyang Zhengxiong, an unreasonable villain, but later she heard Princess Chu Yue talk about Ouyang Zhengxiong pulling Hou Yi away to attack the Third Prince and the others. The faces of King He and Chu were full of surprise, because no one in Chu State could pull Hou Yi's bow so easily for a long time.

After Princess Chu Yue finished telling everything, the shocked expressions on the faces of King Chu and Queen had not been taken away. Then King Chu said to the little princess: "No wonder you, such a weird thing, just said something about you before. When you go through it, you always evade your words. It turns out that there is such a person who has done such unreasonable things to you. If he was not a talented person, what he did would have killed him ten thousand times."

Queen Chu said to Chu Yu: "Yes, it's a pity that this person is a genius.....If this person can really pull Hou Yi's bow easily as Chu Yue said, then as long as he holds Hou Yi's bow in his hand, he can almost fight against several masters by himself. In the future, our Chu country will There is one more general."

Chu Han said to the little princess: "Oh, Yu Yu'er, I really underestimated you. It seems that you have matured now. Under that situation, you were able to suppress your inner impulse. Thinking that Ouyang Zhengxiong is a talented person who can help our Chu country, I spared his life. It seems that I don't have to worry too much about you in the future. I think you can handle many things independently."

The little princess muttered her little mouth in a low voice and said to her father: "I have grown up a long time ago, but my father just doesn't trust me. In fact, I still regret it now. I regret not killing that bastard immediately. Chu

Han said in a low voice: "Since it is a talent, let's keep it."

Princess Chu Yue also said: "What my father said is so right. I also feel that this person should be kept. After all, talents like him are rare but cannot be found. If he falls into someone else's In the hands of the country, it will definitely pose a fatal threat to our Chu country."

The queen said: "Since we want to keep this person, then I think we should block his mouth. If she goes out and says some things that she shouldn't say, then how can our Yu'er have the face to be a princess in the future? What dignity do we have?"

Princess Chu Yue said to the queen: "Mother, please rest assured. We have been staying with Ouyang Zhengxiong these days. Through observation, I found that he is not a person who speaks freely. I think every master should be too. A wise man, a person like him should know exactly what situation he is in now."

The queen sighed, as if she was relieved, and then said to Princess Chu Yue: "This is good. If this is really the case, then I have nothing to worry about."

At this time, Ouyang Zhengxiong had been waiting outside for a long time. After Princess Chu Yue entered the palace, he had not seen anyone. It was as if he was the only one guarding the door of the huge palace. He didn't even hear any news. He didn't even hear it, and now he felt a little uneasy in his heart. Indeed, after the discussion between the King of Chu and the Queen just now, Ouyang Zhengxiong was already the one who walked around the Prince of Hell, because just a few minutes

ago Inside, the King of Chu and the Queen had sentenced him to life and death several times, but finally decided to keep him.

While Ouyang Zhengxiong was thinking about it, the palace maid walked towards Ouyang Zhengxiong, Then he whispered to Ouyang Zhengxiong:"Are you Mr. Ouyang?"

Ouyang Zhengxiong said:"Yes."

"The eldest princess just told me to bring you in now."

Ouyang Zhenxiong felt a little confused, because he didn't know who the princess was in the palace maid's mouth. Therefore, Ouyang Zhengxiong asked the palace lady:"Excuse me, which princess is it? I don't seem to know him. Could you please Can you tell me in detail? This is my first time coming to the palace. It's really funny."

The palace maid replied respectfully:"The eldest princess is our Princess Chu Yue. By the way, the princess also specially asked me to tell you that you don't need to be nervous when you meet the king later. You can behave how you want. Yes, as long as the words are a little more respectful, there is no need to make any big gestures."

"Okay, thank you princess for reminding me, I will remember it all."

The reason why Ouyang Zhengxiong was nervous was because he had seen the little princess taking a bath in the pond before. He was very afraid that if the little princess's father knew about this, his father would be very angry. In that case, Ouyang Zhenxiong would have been cut to pieces by a thousand cuts, but after hearing what the palace maid said just now, Ouyang Zhengxiong relaxed a lot and he let out a long sigh.

Ouyang Zhengxiong walked towards the palace , admiring the gorgeous decoration of the palace.

The walls in the palace are all red, the tiles are all yellow, the carved beams and columns are magnificent. The attics are closely connected, with different heights, but the same thing is that these buildings all look very special. The splendor gives people a sense of grandeur and majesty.

The king of Chu is Ouyang Zhengxiong, who he saw in his study. Ouyang Zhengxiong looked at the tall and tall old man in front of him, so Ouyang Zhengxiong immediately lowered his head and

then knelt down on his knees. , performed a kowtow ceremony, and then said very sincerely:"Ouyang Zhengxiong, a common man, has met His Royal Highness the King."

"Flat body"

"Thank you, Your Highness."Ouyang Zhengxiong stood aside with his head lowered, and was very silent, because he was very nervous now and did not know the outcome of his trial.

Chapter 2015

Chu Han's face was expressionless and he said coldly:"I just heard that you were very powerless towards my little daughter. Didn't I wrong you?"

Ouyang Zhengxiong suddenly broke into a cold sweat. What he was most worried about happened. There are some things that cannot be escaped. Now it is too late to regret. Ouyang Zhengxiong now thinks in his heart that he should not have followed the little princess and his party back to the palace in the first place. He should have looked for opportunities to escape on the road. Unexpectedly, in the end he still die.

Ouyang Zhengxiong became stammering when he spoke, because he also had the fear of death. Maybe it was not fear more. What Ouyang Zhengxiong was more afraid of was that he would still be inactive after being reborn, even if he had returned to his post after waking up.

"have.....have. grassroots people.....The common people were really confused for a moment."

Chu Han said seriously:"Do you know that the actions you have committed are enough to kill you ten thousand times?"

Unexpectedly, King Chu was really serious. Ouyang Zhixiong seemed to have just been caught in a heavy rain. Now his whole body was soaked. This was caused by the cold sweat he had produced.

Ouyang Zhixiong did not answer King Chu's words for a long time. So the King of Chu continued:"However, you don't have to worry too much. The eldest princess is interceding for you. She said that your family lives in the mountains and you have not known etiquette since you were a child. Ask me to forgive you. In fact, Zheng Yi I didn't want to let you go at first, but I didn't expect that Yu'er also begged for you and even Yu'er forgave you. What else can I say? Since you are a talented person, let you make up for it. I hope You will not let down my great hope for you, and don't let down the efforts made by the two princesses to intercede for you today."

Ouyang Zhengxiong finally relaxed his tense heartstrings gradually, and then said to Chu Han: "Thank you, Your Majesty."

"Well, our Chu State respects talents very much. You don't have to be so polite when you see me in the future. Even if you see me, you don't need to ask for any big gifts. From now on, I will officially include you among our Chu State's national scholars. Of course, this is a retired scholar, because the fact that you can draw Hou Yi's bow cannot be publicized yet, so now I can only wrong you for a while."

"Thank you, Your Majesty, the common people do not feel aggrieved, but feel that this is an honor, a sense of honor that can make our entire family glorious."

"I didn't expect you to be quite good at talking. However, just being good with your mouth is not enough. You must have real abilities. I will also have many opportunities to make meritorious deeds in the future. I hope you will work hard and do your best for Chu. Serving the country, I will never treat you badly"

"The grassroots people swore allegiance to Chu State."

Chu Han's tense face finally showed a smile. After seeing King Chu smile, Ouyang Zhengxiong really felt relieved. King Chu smiled and said to Ouyang Zhengxiong: "Haha.....Zheng is really happy that the Chu State can have talents like you. Just slowly forget about the past, and I will forget about it. If you work hard now, I will definitely give you a promotion.."

After Ouyang Zhengxiong finished talking to the emperor, he walked out of the palace. The first thing he did when he came out was to wipe the cold sweat on his body. Ouyang Zhengxiong said with emotion: "It's really too dangerous. I almost said goodbye to this beautiful world~~" After Ouyang Zhengxiong let out a long sigh, he walked forward, thinking as he walked, the more he thought about it, the more he felt something was wrong.

"This old guy is really scheming. I just realized it and was almost frightened by this old guy. He first pretended to be very angry, and then told me the serious consequences, which was equivalent to a slap in the face. Feed me another jujube, or give me a slap, and then gently rub it a few times. This kind of kindness and power is really high! In order to make me work for him wholeheartedly, he actually came up with such a clever strategy. As expected of a man who has sat on the throne of the emperor for more than 20 years, he really has a good way of employing people."

"Mr. Ouyang, what are you talking about?" Princess Chu Yue was dressed in fluttering white clothes. She was next to Ouyang Zhengxiong, but she didn't hear clearly what Ouyang Zhenxiong was saying just now.

"Oh, nothing, nothing. It's just that this palace is so magnificent. I have never seen such a beautiful building. But it has a very fatal flaw. This palace is too big. I'm leaving now. dizzy"

"Haha, just follow me and I will take you out. If you go alone, you might get lost. I will also arrange a place for you to stay."

Princess Chu Yue's tone is so warm every time she talks to Ouyang Zhengxiong. Ouyang Zhengxiong is also full of affection for this eldest princess. After all, the eldest princess has taken good care of her along the way and will support the little princess every time. Help him.

Chapter 2016

Ouyang Zhenxiong looked at Princess Chu Yue's beautiful appearance for a while, but he suddenly realized that he must not be so shameless in the palace now. He had just finished talking to the king, so Ouyang Zhengxiong exposed his face. With a lovely smile, he then said respectfully to Princess Chu Yue: "Thank you, Your Highness, for taking care of me all the way, and for interceding for the common people in front of the Emperor just now. If it weren't for Your Highness, I would be a corpse now."

Princess Chu Yue laughed sheepishly, and then said to Ouyang Zhengxiong: "Princess Ouyang, you don't have to be so polite. Respecting talents is the traditional virtue of our Chu country. Talents like you are rare in a century. I should be treated kindly. These are the things I should do."

Princess Chu Yue continued: "By the way, you might not be used to it when you first live here. Everyone living here is Strange people like you have some special abilities. You may be a little unfamiliar with this place at first, but if you encounter any trouble, just come to me and I will definitely help you solve it. Wait here. After staying for a long time, you should be more familiar with this place."

After saying that, Princess Chu Yue took Ouyang Zhengxiong to a place called Qineng Mansion. This blessed land was divided into countless independent courtyards. And it is not as majestic as those mansions of high-ranking officials and nobles, but this feeling now makes Ouyang Zhengxiong feel like he has returned to nature. The design of each courtyard is different, which may be based on the owner's later design. Those who like to renovate plant some flowers, plants or other things according to their preferences.

Soon, some strange people here noticed Ouyang Zhengxiong. Of course, they also saw Princess Chu Yue, but just like the princess said, they did not perform any great ceremony on Princess Chu Yue, but simply looked towards Chu Yue. Princess Yue smiled, which immediately reflected the status of talents in Chu State, and also proved that the King and Queen of Chu were not lying.

Soon, Ouyang Zhengxiong came to his own small yard. Some crisp bamboos were planted in the center of the yard. When the sun shines, the shadows produced by these bamboos can be reflected into the room. There is a stone table and several stone benches placed next to the bamboo. There is also a garden on the east side of the yard. Some are actually scattered in the garden, giving the garden a unique flavor.

Ouyang Zhengxiong asked Princess Chu Yue: "Will this be my residence from now on? Do I need to do anything else?"

Princess Chu Yue smiled and said to Ouyang Zhengxiong: "You can live in this place for the time being. Other things you don't need to do it. What you have to do now is to recover yourself. In a few days, I will bring some masters over to help you recover your skills. After your body has fully recovered, I will arrange for you to learn some advanced martial arts. This will also help you better master Hou Yi's bow."

Ouyang Zhengxiong felt very happy, because the treatment he was receiving now was really good, and it was completely different from the death he had imagined before. He did not expect to do what he did to the little princess. After doing so many unreasonable things, you can still enjoy such good treatment. Not only can you let masters help you recover your skills, but you can also be arranged to learn some advanced martial arts. This is simply heaven on earth.

Ouyang Zhengxiong said excitedly: "Great! Thank you, Princess"

"But there are some things you need to pay attention to. In this place, you must not run around, you must not talk to someone before you get to know him, and you must not enter other people's yards casually. Ouyang

Zhengxiong felt very strange, because it is normal for neighbors to take care of each other and visit each other to talk. Why can't they do it here? So Ouyang Zhengxiong asked the little princess: "What's wrong?"

Princess Chu Yue explained to Ouyang Zhengxiong: "Actually, it doesn't mean that these people are very vicious, but you don't know what they are solemnly talking about. It may be something very dangerous. Because of your interruption, it will harm him or you. Bringing life-threatening danger.

For example, some people here practice poison very seriously. If you suddenly break in, you are likely to be seriously poisoned. There are also some powerful magicians who may control the poison when studying magic. If new energy cannot be contained, the entire courtyard may be destroyed at any time....."

As the little princess showed some vivid expressions while talking, Ouyang Zhengxiong was also very frightened. This made Ouyang Zhengxiong couldn't help but sigh:"What kind of monsters live here? It's really scary. This It's simply a gathering place for terrorist organizations!"

Finally, Princess Chu Yue said to Ouyang Zhengxiong:"There are very few guards here, but there are several powerful people taking turns guarding them every day. You can concentrate on practicing, and you will never In danger."

Chapter 2017

In fact, Ouyang Zhengxiong had already planned something when he was waiting outside the palace. His plan was that after talking to King Chu, he would probably be sentenced to a very serious crime, and he would have to fight hard no matter what. Escape and use what you have learned throughout your life to escape the palace.

But now he came to a place where masters gathered. These people all worked for the Chu State. If Ouyang Zhengxiong's escape was regarded as rebellion by these people, then he would definitely die at the feet of many masters.

After Ouyang Zhengxiong sent Princess Chu Ye away, his face looked a little panicked, because he was worried that the guy who studied poison and kept some poisonous snakes would come into his yard, and the magician who studied magic, said At best, he is a magician; at worst, you can say he is a destructive maniac. If that person lived next door to Ouyang Zhengxiong, Ouyang Zhengxiong's yard might be razed to the ground at any time.

After Ouyang Zhengxiong entered the Qineng Mansion where masters gathered, he quickly calmed down. He studied his ancestral magical skills with great dedication. Now, every sensory position of Ouyang Zhengxiong is very sensitive, and now he has regained consciousness. He has returned to the self-confidence he had before he was 16 years old. Ouyang Zhengxiong believes in his talent very much. He feels that he can definitely become a peerless strongman in a very short period of time.

After Ouyang Zhengxiong drained away the light yellow strange Qi sown by Yan Yan in Ouyang Zhengxiong's body, Ouyang Zhengxiong's cultivation in the past few days can be said to have advanced by leaps and bounds, sometimes even more than a thousand miles.

Ouyang Zhengxiong used the power in his body to accelerate the flow of true energy in his body. He found that the true energy in his body had undergone qualitative changes. Now the color of the true energy became more luminous and flowed more smoothly. , at the same time, it can also better shield her own breath, making the breath scattered outside less and less, and now almost no one can detect her. All these changes make Ouyang Zhengxiong feel extremely happy. Even if there is a peerless master next to him now, if this master does not pay close attention to Ouyang Zhengxiong, it will be difficult to find that Ouyang Zhengxiong is a person with unique skills.

Ouyang Zhengxiong concentrated his power on his fingers, and a little light flashed between his fingers. At this time, Ouyang Zhengxiong was very excited, because this meant that he could use his true energy to turn into sword energy, and these swords Qi can condense on his body surface, and Ouyang Zhengxiong's ancestral magical skills have finally entered the realm of ministers in the second heaven again.

The golden light wrapped Ouyang Zhengxiong's fingers crystal clear. Ouyang Zhengxiong stretched out his two fingers, then clamped a long sword, and suddenly made a bang sound, those made of repeatedly forged fine iron The long sword was suddenly broken into two pieces by Ouyang Zhengxiong with two fingers, and it fell to the ground with a crisp sound.

Even Ouyang Zhengxiong himself was shocked by what he just did. He never thought that he could break a long sword made of fine iron with his bare hands, and only relied on two fingers.

Ouyang Zhengxiong was extremely pleasantly surprised. He was now so happy that he was almost in a state of madness, because he had been in a state of waste for so many years. Now God finally favored him. Ouyang Zhengxiong's skills have recovered a lot, and now he is basically in a state of insanity. He has reached the peak state he was in when he was not being plotted by Yan Yan with his true energy, and judging from his current physical condition, it is very possible for Ouyang Zhengxiong to break through the current state again, and Ouyang Zhengxiong is also very confident to break through for the first time. The third heaven.

The strong self-confidence in Ouyang Zhengxiong's heart makes the blood in Ouyang Zhengxiong's body boil. Soon after, sometimes Ouyang Zhengxiong can once again emit that bright light that is several feet long, then Ouyang Zhengxiong can become famous in the world. It is definitely not difficult to conquer the world

"Practicing Taoism? And those mages.....I want to show you the true heights that martial arts practitioners can achieve. Although there are fewer and fewer martial arts practitioners on this road, it definitely does not mean that martial arts training is not as good as practicing law and Taoism....."

Suddenly, there was a loud noise in Qineng Mansion. Under the loud noise, the whole mansion shook. Ouyang Zhengxiong immediately ran to the yard to check the situation. He found that the yard next to him was completely completely surrounded by a burst of blue light curtain, it is not difficult to see that the explosion sound came from this courtyard. After Ouyang Zhengxiong observed it, he concluded that the function of this light curtain is to shield energy. If Without this light curtain to shield energy, the entire courtyard would have been completely destroyed by the energy generated by the huge explosion just now. Because of the existence of this light curtain, Ouyang Zhengxiong's courtyard was also lucky. It escaped without collapse.

Chapter 2018

"Isn't he the destructive maniac who practices magic? Oh my god, it turns out he really lives next door to me. Good luck never comes to me....."

As Ouyang Zhengxiong spoke, the magic shield in front of her eyes gradually disappeared. What Chen Qian saw in front of Ouyang Zhengxiong was a yard that had turned into ruins. Gradually, a thin and almost withered body emerged from the smoke. Floating out of the middle, this was an old man, the creator of magic. He was still practicing magic at such an old age. The old man let out a very unpleasant laugh:"Quack!".....I failed again this time, but failure is not necessarily a bad thing. I am one step closer to success. As long as I eliminate every possibility of error, the remaining one must be correct, haha Ha ha....."

Ouyang Zhengxiong said in his heart:"Halo, what kind of magician is this? She is just a destructive old witch."

The old man also noticed Ouyang Zhengxiong, so he looked at Ouyang Zhengxiong's body and determined She had never seen Ouyang Zhengxiong before, and then said to Ouyang Zhengxiong:"Gaga, where did you come from? How come I haven't seen you before? You are new here, right?"

The old witch was talking as she spoke. , while using her wind magic to float into the air, and then slowly floated into Ouyang Zhengxiong's yard.

"Um....."Ouyang Zhengxiong answered the old witch bravely.

Just when he and the old witch were talking face to face, a very loud cry suddenly came from another yard:"Ah, little flower, don't run away."....."

A very thick giant snake came to the wall of Ouyang Zhengxiong's courtyard. The thickness of this giant snake should have reached the level of a bucket. Immediately afterwards, an old man with white hair and a white beard jumped up. When he reached the top of the wall, he patted the big

python on the head, and then said to the big python: "Xiaohua, you are really too timid. Don't be afraid. Don't run around here. Come back to our house quickly." Go into the yard."

This big python was also very humane. He seemed to easily understand what the old man said, and then crawled back on the road very obediently.

What Ouyang Zhengxiong saw just now made Ouyang Zhengxiong stunned, and then he exclaimed in his heart: "No way, are these my neighbors too? What kind of monster neighbors are these, my God?"....."

The old man looked at the old witch suspended in the air, and then angrily said to him: "You damn old woman, I can guess it. You must be doing damage again. You are really doing damage all the time. Yeah, can you please leave me alone? I was about to fall asleep just now. Do you know that your loud noise scared me out of bed?"

"quack.....You old poisoner, what does my research on magic on my own territory have to do with you, please stop meddling in your own business, okay?"

"What do you mean it's none of my business? Do you know that my little flowers are scared by you, as well as Xiao Lu and Xiao Jin?.....You crazy bitch, you do these things all day long and destroy everywhere. I'm really annoyed by you."

"You old poisoner, don't talk nonsense, you are insulting me, do you know? You have tarnished my great magic research career, and I will punish you today, ah.....How dare you poison me, look at my lightning wave."

The old woman suddenly fell from the air, and then Ouyang Zhengxiong felt distressed for a while, because he was not distressed by the stranger to him, but the old woman, he was distressed by the garden at the old woman's feet, because the old woman fell straight into Ouyang Zhengxiong's In the garden.

At the same time, the magic lightning wave emitted by the old woman also hit the old man with white hair standing high on the wall of the courtyard. His hair and beard became a little black. , and his hair stood up one by one, he plunged into Ouyang Zhengxiong's yard, his clothes became scorched black, and every breath he took would bring out wisps of green smoke, Strangely, Ouyang Zhengxiong could smell a meaty aroma, which made Ouyang Zhengxiong sigh at the power of this magical lightning.

"You old poisoner, please hand over the antidote quickly, otherwise, I will electrolyze you tonight. I will add grilled ribs to your meal tonight."

"You damn old woman, it's all your fault for the lightning. Now the antidote has been turned to ashes. How do you want me to give it to you? Please recover me quickly so that I can prepare an antidote for you!"

Ouyang Zhengxiong stood helplessly in the yard. He looked left and then right, not knowing what to do now.

Chapter 2019

The old witch kept foaming at the mouth and rolled her eyes from time to time. The old poison was in great pain from the magic lightning. He grinned in pain and screamed in a low voice.

Ouyang Zhengxiong said:"You two seniors should each make concessions. If you keep tossing like this, your lives will be lost. I think peace is the most important thing." The wife gasped for air. , and then said:"Okay, old poisoner, then I will roast you half-cooked and leave half of it for you. Then you can prepare the antidote for me, and if you want me to help you recover, this method It's really good"

"Then why don't you hurry up!."

After the old poisoner finished speaking, the old witch began to cast a spell. Suddenly, a burst of soft white light completely surrounded the old poisoner's body. This white light seemed to have very high energy, because he was surrounded by Because the high temperature distorted the vision, not long after, the old poison's injuries were half healed, and he could stand up. Then the old poison stood up unsteadily.

Ouyang Zhengxiong said : "Old man, let me open the door for you. Please wait a little."

The white-haired old man's answer surprised Ouyang Zhengxiong. The white-haired old man said:"No, it's better not to open the door to Nagato. Nagato is too slow. If he opens the door now, If you delay it any longer, the old witch will probably die soon. Hurry up, I'll go up the wall, and I'll go back through the wall."

Ouyang Zhengxiong walked over very quickly, and then helped the white-haired old man climb up his courtyard wall. Then Ouyang Zhengxiong pretended that he didn't know any martial arts and climbed up.

When he came to the city wall After getting up, Ouyang Zhengxiong glanced down subconsciously, but this look almost made him faint.

This white-haired old man dug a lot of holes in his yard, there must be more than a dozen large and small. There are centipede pits everywhere, scorpion pits, some toad pits and all kinds of venomous snake pits.....Each pit is densely packed and filled with poisons.

In addition, in other areas of the yard where there are no pits, there are also some various herbs that Ouyang Zhengxiong does not recognize, including some very special-looking bugs and some very special-looking snakes. Among these herbs Crawling around, there is a more conspicuous golden centipede among them. This kind of centipede looks like its whole body is covered with golden armor. The sun shines on it, making it sparkle, and there is also a python as thick as a bucket.

The old man said to Ouyang Zhengxiong:"Little brother, you better go down first. I can't stand on my legs now. If you go down, catch me. I'm afraid I'll break my foot if I jump."

Ouyang Zhengxiong kept stopping. Shaking his head like a rattle, Ouyang Zhixiong said to the old man:"No, no, no.".....Even if you beat me to death, I won't go down there. It's really terrible down there."

Finally, Ouyang Zhenxiong held the old man's wrist with both hands, and then slowly put the old man into his yard.

But at this time, a green body with a green body suddenly appeared in front of Ouyang Zhengxiong's eyes. A spider the size of a scar palm. Although Ouyang Zhengxiong has never seen such a strange creature, it looks like a very poisonous spider. Ouyang Zhenxiong was very nervous after seeing it. He subconsciously let go of his hands and In this way, the white-haired old man fell down with a plop.

"ah.....Oh my god.....", the old man let out bursts of exclamations.

Ouyang Zhengxiong also realized that he had made a mistake, and then asked the old man:"Old man, are you okay?"

"Oh my God.....Oh my god....."

"Old man, what happened to you? Did you fall somewhere?"

Ouyang Zhengxiong looked down towards the courtyard wall and found that under the old man's body was a lush herb field. After the old man opened the door, the toads buried by these herbs were revealed.

"Oh my god.....It's all my fault, my little green was knocked unconscious by me"

"What's going on? Now that my life is in danger, I still feel sorry for that toad. Oh, that's not a toad, it's a green poisonous thing."After Ouyang Zhixiong finished speaking, he jumped from the wall into his yard.

After Ouyang Zhengxiong jumped back into the yard, he began to sigh:"Who are these people? What does the poison researcher do every day? He turned a frog into that look. Not only was it green all over, it actually grew so big that it was as big as a millstone! What did I eat to become so weird? The people here are indeed not simple. It seems that I will have to be more careful in my behavior here in the future. I don't want to be entangled with some weirdo, not to mention me. Can you win the fight? But they will definitely disturb my practice."

Chapter 2020

About half a quarter of an hour after arriving, the old poisoner threw a palm-sized bottle into Ouyang Zhixiong's yard, and then said to Ouyang Zhengxiong:"Put these things into that old woman's mouth and put them in You're going to drink it to death!"

Out of curiosity, Ouyang Zhengxiong opened the tightly sealed bottle cap and smelled it with his nose. The smell almost made Ouyang Zhengxiong faint. The smell inside was so unpleasant. There was a very fishy smell. At this time, Ouyang Zhengxiong really doubted whether these things were the antidote. Ouyang Zexiong felt that the old poisoner must be playing tricks on the old woman. Even if this was the antidote, the old poisoner There must be something else added to it to make the medicine taste bad and smell bad. The conflict between these two guys is really not simple.

Ouyang Zhengxiong poured these extremely unpleasant-smelling potions into the old witch's mouth little by little. Then the old witch began to roll her eyes, suddenly sat up, and then she started vomiting.

"vomit.....vomit.....What a damn old poisoner, I.....vomit.....What the hell did you give me to drink, old guy?!"

At this time, Lao Du opened the door to Ouyang Zhengxiong's courtyard, and then slowly limped in.

The old witch immediately used magic to levitate herself into the air, then unfolded a magic shield to surround herself, and then said to the old poison below: "Old poison, you are so vicious, I have been hit now. You are extremely poisonous, and you still give me these miscellaneous things to drink. You are so brave, and now you even deliver them to your door yourself, haha....."

After the old woman finished speaking, she recited a spell. At the same time, the magic elements in the air began to condense. The old woman's fingers began to crackle, and those tiny sparks kept beating. Soon after, the old witch's hands Lightning started flashing inside.

The old one-armed old woman was frightened by this formation. Now the old witch's whole body was surrounded by magic barriers, and his reading was completely useless to the old witch.

"Hey, why are you such an unreasonable old woman? Do you know how long it took me to refine the antidote for you? Haven't you heard of the saying that good medicine tastes bitter and is good for the disease? This is the real deal. You still treat me with such good intentions, I'm really sad now"

"What you are saying is simply nonsense. How can the antidote smell so fishy? Don't you know what you added to it yourself? vomit....." When the old woman said this, she began to vomit again, and at the same time, a bolt of lightning struck the old monster.

The old man's white hair had stood up once, but after a while, the hair blew down again, but just now she was struck by lightning again, and now her hair stands up again, which is better than before. It stood even higher that time, and now from a distance, the head of this old poisonous creature looks like a lion's head.

Laodu used all her strength to barely stand up from the ground, but her limbs were still trembling. After being struck by lightning, his muscles kept twitching.

"You damn old woman, you are so unreasonable. We agreed before that I would prepare an antidote for you and you would restore me. Now that you have obtained the antidote, not only have you refused to restore me, Okay, you hit me with lightning again. You are such a bad guy. How will you gain a foothold in the world in the future? When the time comes, everyone will spread the word that you are a person who repays kindness with hatred."

"hey-hey.....You still dare to say that I don't keep my word. If you hadn't attacked me first, how could I have been poisoned? You brought all this on yourself."

"Nonsense, just nonsense. If I don't take action first, will I still have a chance to do it? At that time, you were already planning to use magic attacks on me, so I had no choice but to strike first. Only in this way could I poison you.".....

After they argued for a long time, they were ready to fight again, but this time the old poisoner was obviously a little guilty, because he knew that the old witch's magic could restrain his own poison. Under normal circumstances, he had absolutely no chance of defeating the old witch.

Ouyang Zhengxiong couldn't stand watching anymore, and then he said:"This.....I say to you two seniors, you should consider peace as the most important thing. We all live so close to each other and we can't see each other without looking up. Don't hurt your harmony. The old monster then said:"Young man, I think you are right. I really have no objection, but I need to heal my injuries first.""
