Chapter 2031

In the forbidden area of the royal family, there is a special rule. Civil servants must get off the sedan chair here, and military attachés must get off their horses. Except for renters, no one else can enjoy special treatment. Within the palace, various buildings are scattered high and low, making it look majestic and majestic.

Ouyang Zhengxiong followed Nalan Rubing as he walked inside the palace. He turned left and right inside the palace and came to a very grand and tall building.

The person in charge here is not very old, he looks like he is in his 40s. He is a Hanlin bachelor. Since Princess Chu Yue had ordered him before, he did not say anything else and directly asked Ouyang Zhengxiong and Nalan Ru The ice went in.

What you see in front of you is a mountain of various books. Although there are all kinds of books hidden here, they don't feel messy at all. They are arranged very neatly. Every place is well-proportioned, rows and columns. Columns, stacked according to a certain pattern.

In this sea of books, Ouyang Zhengxiong skipped medicine, various poems and songs, and astrology and fortune telling.....He walked straight to the door of the library labeled History.

Ouyang Zhengxiong looked at the tens of thousands of books inside. He suddenly felt dizzy. This was indeed a little different from what he imagined. He didn't even know which one he should choose now. There were so many books to read. When can I finish reading it? There are too many.

Ouyang Zhenxiong adjusted his mentality and patiently searched for the book he wanted in the sea of books. After searching for a book, he only looked at the first page. If he found that this was the history recorded in the past 5,000 years, then he would He will put the book back where it belongs and continue to look for the next target. In this way, he can quickly filter the books he wants.

In the following days, every day of Ouyang Zhengxiong was almost the same. Every day he walked between the royal library and his own yard, and then read boring history books in the royal library. He didn't know that Ouyang Zhengxiong With some obsession, I regarded reading history books as a task, and I have persisted until now.

One day, as usual, Ouyang Zhengxiong pulled out a book from the bookshelf. He opened the first page and saw that the book was written in modern fonts, because he was looking for records of events tens of thousands of years ago. book, so without thinking, he put the book back where it was.

But when he just put the book on the cover, the four words "cultivation level" were written on the cover. Because of these four words, Ouyang Zhengxiong's eyes suddenly became sparkling, so he put the book on the cover again. The book was taken down.

Ouyang Zhengxiong carefully opened the tattered book. He was afraid that if he didn't pay attention, the book would be torn to pieces.

He only glanced at it briefly at first, but after a while, Ouyang Zhixiong was deeply attracted by the content of the book. What this book records is actually the classification of cultivators. There are monks and magicians, as well as Eastern dancers and Western warriors. Although these cultivators have different things to cultivate, the classification system will be different. Different, but in order to compare the strengths of these four cultivators, he ranked these four cultivators into five classes from low to high.

The classes here are not ordinary class divisions, which means that not everyone can be qualified. Even those in the lowest class are masters among masters. Those who can climb the ladder of these classes are all qualified. It is very powerful, and ordinary practitioners are simply not within the scope of this book.

The book roughly introduced some rules for master classification, which gave Ouyang Zhengxiong a certain understanding of the cultivators on the mainland today. The number of people at each level was also roughly recorded in the book.

The book clearly states that cultivators are the most mysterious type among these cultivators. These people generally pay little attention to things in the world, so it is difficult to see them fighting. Therefore, the outside world has little confidence in the strength of cultivators. There will be a lot of controversy over the division. Even this detailed book only simply divides the realm of monks' cultivation into five simple realms.

However, there are some things in the book that are not very confirmed. The notes in the book indicate that realms above these five levels may exist. This is a realm so high that it leads directly to the fairyland, but few people have seen it. A kind of ascetic, because there are absolutely very few people who can reach such a state.

The cultivation realms of Eastern warriors can be roughly divided into five types. The book also shows that there is another realm beyond the realm of Zhao Guozhong. This realm is unimaginable. It can be said that it has reached the realm of gods. , their strength is quite terrifying, and they can easily defeat the people in the fifth realm mentioned before with almost a single success rate. They can be called gods above gods.

Chapter 2032

In order to make these different types of cultivators comparable, there is also a division system between them. Generally speaking, there is not much difference in strength between different types of cultivators of the same class.

It is said that monks and magicians have more advantages in the classification system. Compared with other cultivators, they are relatively weak. When they are lower than the level of these other cultivators, they can also use their own specialties to Manipulate the true energy or magical energy between heaven and earth, and then carry out some large-scale attacks, leaving opponents with higher levels than them helpless.

If the levels are not divided according to the classification system in this book, then martial arts practitioners will definitely not be popular. Demon refiners are not as good as monks and magicians. Their classification requirements are more stringent than these two. Martial arts practitioners Most of them will be blocked from the upper class by this division system.

Although the threshold for practicing martial arts is very low, and everyone can practice most skills, there is a huge lack of people who can reach a certain level. Most people cannot practice to a high level, and only a very few people can. You have to be a master.

Because cultivators and magicians have very high requirements for the physical fitness of the cultivators themselves, many people give up before starting to practice. However, most of these cultivators will achieve certain achievements. Most cultivators and magicians in the mainland Masters are all high-level masters. It is obvious that no matter what kind of practice they are practicing, there will be a certain relationship between the practitioner's physique and the height achieved through practice.

After understanding some simple things, Ouyang Zhengxiong carefully closed the old book. After placing Jiangu in its original location, Ouyang Zhengxiong let out a long sigh, because he finally put Jiangu on this continent. The cultivator grading system has been clarified.

However, Ouyang Zhengxiong firmly believes that the highest level of cultivators is definitely more than the five classes mentioned in the book. According to what Ouyang Zhengxiong knows, his father's achievements back then have far exceeded what is mentioned in this book. The fifth level.

Ouyang Zhengxiong objectively estimated his current level of strength based on the rules in the book. Although his family's dazzling skills have reached the third level, he can only barely be considered to be in the third level. The third level of practitioners is already very strong. Ouyang Zhengxiong can now condense sword energy into a material state. Most opponents will be very afraid of powerful people like Ouyang Zhengxiong, but Ouyang Zhengxiong Not just satisfied with his current state.

Fortunately, the four big characters on this book reminded Ouyang Zhengxiong that he should read it. This unintentional discovery really benefited Ouyang Zhengxiong a lot.

Ouyang Zhengxiong repeats the same thing every day, whether she is reading or on the way to read. Her eyes have become blurry now. Maybe others reading have made his eyes a little tired, but he has always been full of energy. Passionate, eyes still shining.

Today, Ouyang Zhengxiong met a very strange old man in the Royal Library. This old man's face was very abnormal. He had a pale beard and hair. Both of his eyeballs were lifeless. When he smiled, he didn't even show one. Teeth, because all her teeth had been lost a long time ago, and what was even more outrageous was that his skin was as dry as a ball of crumpled paper, as if he hadn't drank water for several years.

When Ouyang Zhengxiong saw this strange old man for the first time, because the old man's appearance looked a bit abnormal, Ouyang Zhengxiong was shocked at the time. He thought that someone died wrongly, and finally the wronged soul floated here. Woolen cloth.

Although Ouyang Zhengxiong doesn't like this old man very much because his appearance is really scary. Every time Ouyang Zhengxiong sees this old man, the hairs on his body will stand up. But out of politeness, Ouyang Zhengxiong will show his face every time. Smiling, but she still didn't have the courage to say a word to the old man.

On this day, Ouyang Zhengxiong was reading a book as boringly as usual. At this time, a trembling voice suddenly appeared behind him. This voice sounded very weak:"Young man, you are a little abnormal. Why do you like reading so much?" These histories?"

Ouyang Zhengxiong was startled by the sudden voice. He subconsciously looked back and was frightened to the ground by the face in front of him. When he turned around, he realized that this was actually It's the strange old man from before.

This strange old man walked like a ghost and came up behind Ouyang Zhengxiong without making any sound, but maybe it was because Ouyang Zhengxiong was too absorbed in reading.

After Ouyang Zhengxiong adjusted his mind, he sighed and said to the old man: "Yes, I am more interested in this aspect."

Chapter 2033

Ouyang Zhengxiong turned a page of the book, and then continued: "The books here seem to have a shortcoming, that is, they can trace back a very long time. The most I have seen can only be traced back to 5,000 years ago. I have been looking for a long time but I have not found any that is older. Got it"

"Since you like reading ancient books so much, can you understand the complicated words on them?"

"I can understand it. I have done some research on these ancient texts, so I can understand almost all of them. Ouyang Zhengxiong waved the book in his hand, and then said: "You see, the text in this book is from 4,000 years ago. Although the previous text was much more complicated than the current text, it is still not difficult to identify.""

Ouyang Zhengxiong did not lie. He is indeed sensitive to these ancient characters, because the common characters used in this continent today evolved from the original ancient characters, that is, they were simplified on the original characters. Ouyang Zhengxiong The talent for writing is indeed very high. After comparison, he was able to learn ancient writing by himself.

But Ouyang Zhengxiong seemed to have an illusion. He felt that the old man was not that simple, because he just saw a vague flash of light in the old man's eyes. There was a glimmer of green light.

The old man asked Ouyang Zhengxiong: "Why do you like reading these ancient books so much?" Aren't these books supposed to be pretty boring? Ouyang

Zhengxiong replied: "I like those ancient myths very much. Since they can't be seen elsewhere, I can only understand some of them from these ancient books.""

The old man laughed, but this kind of laughter was a very scary laughter for Ouyang Zhengxiong.

"Young man, if you can really understand these things, I can do you a favor. There are other libraries here, and the things there are the real ancient documents, and the things there may be much better than here."

Ouyang Zhengxiong was overjoyed, but while he was happy, he also began to doubt the identity of this old man. He already vaguely knew that this old man was definitely not an ordinary old man. Otherwise, he would not be able to casually treat Ouyang. Zhengxiong was taken to a mysterious library unknown to others.

After passing through the front hall of the library, they came to the back hall of the library. Under the guidance of the old man, Ouyang Zhengxiong opened the heavy door of the back hall. Rows of dusty bookshelves appeared in front of Ouyang Zhengxiong. The bookshelves at home were filled with ancient books with mottled historical sites.

Ever since he walked into this library, Ouyang Zhengxiong felt a very mysterious atmosphere. The breath fluctuates, and there is a subtle feeling, which is not easy to detect, just like a trickle. This kind of indistinct appearance is really elusive to Ouyang Zhengxiong.

"What exactly is going on? It's really strange. Are all the ancient books here alive? Why is it emitting a strange fluctuation?" Now Ouyang Zhengxiong's body no longer has that kind of light yellow Wuhua Qi. With the Zero Awareness Realm, he is very sensitive to the outside world, so he can feel this very subtle fluctuation.

But the old man doesn't seem to have any trace of it. Realizing this, he said to Ouyang Zhengxiong: "How is it? I'm not lying to you. These are some priceless ancient books. There are things here that are absolutely not found elsewhere, because most of them are unique copies. If you can understand these things, it will be very useful to you. It is definitely a huge treasure house"

"Treasure? Ouyang Zhengxiong didn't understand what the old man meant.

The old man replied: "These ancient books record not only history, but also books about martial arts, magic, poison and medicine. Many things are lost." The royal people specially sent people to sort out these things and compile these contents into ancient books, but only a small part can be deciphered. As for how much you can understand, it depends on your luck. If you If your attainments in ancient Chinese are higher than those of a Hanlin bachelor....."

Ouyang Zhengxiong didn't wait for the old man to finish speaking, he piled into these ancient books.

In the next few days, he lay in this library and looked at various books.

Nalan Rubing accidentally learned that Ouyang Zhengxiong could understand ancient prose. He was very surprised that Ouyang Zhengxiong could understand ancient prose.

One day, Ouyang Zhengxiong secretly translated an ancient book on medicine. Later, he gave the translated book to Nalan Rubing. Nalan Rubing shouted excitedly after seeing the title of the book. He came out: "Am I dreaming? Oh my god, this is actually the 'Medical God Hand Qiu'!"

Because Nalan Rubing was too excited, she immediately hugged Ouyang Zhengxiong.

Ouyang Zhengxiong felt Nalan Rubing's soft figure, and he was immediately intoxicated by this feeling. He hugged Nalan Rubing with his backhand, but Nalan Rubing left him quickly.

Chapter 2034

Nalan Rubing ran not far away and let out bursts of gentle laughter. From then on, every time Ouyang Zhengxiong saw Nalan Rubing, his heartbeat could not help but accelerate.

"Should I find another book about medicine and compile it for her today?"

"You kid, why did you start to stay here? Look at your worthless look. You'd better go and look in the mirror. Now I feel that men of the same position as you are a little embarrassed." The old poisonous creature had climbed onto the wall of Ouyang Zhengxiong's yard. He showed his head and said to Ouyang Zhengxiong.

"You old and immortal thing, you are looking at me again, can you please stop picking up my courtyard wall next time, you are leaving me with no privacy at all, do you know? Are you a bit of a voyeur? Next time I will buy a bunch of firecrackers. I will throw them into your yard and scare you to death."

As the days passed, Ouyang Zhengxiong became more and more familiar with this old poisoner. They would start a few jokes almost every day, and then they would ridicule each other.

But these days, Ouyang Zhengxiong did not dare to talk to her other partner. A neighbor old witch was laughing and joking. The old witch switched between Ouyang Zhengxiong's east courtyard and

the backyard, because the magic he studied always made these courtyards messy, which made Ouyang Zhengxiong frightened.

"Let me see if you dare to light firecrackers. If you light firecrackers, I will definitely give you the most severe poison in the world. I will make your liver and intestines rupture within seven steps, your soul will leave the body within ten steps, and your body will take 13 steps. Turn directly into blood and mud, and within 15 steps, your bones will turn into ashes"

"You vicious old man, you are really too perverted." What the old man said made Ouyang Zhengxiong feel a chill on his back, and he quickly walked to his house.

Nalan Rubing did not come to Ouyang Zhengxiong today, so Ouyang Zhengxiong did not receive acupuncture treatment. Nalan Rubing He said that he should carefully study the book Ouyang Zhengxiong gave him. After the study is completed, he might be able to find a better treatment method.

Ouyang Zhengxiong came to the ancient book library again, but the old man was already here.

"Young man, I think you are pretty good. I didn't expect you to really be able to understand these ancient texts. You are quite accomplished in this area. I have something to trouble you with today."

"It's okay, old man, please tell me. It's my honor to be able to help you, and I will definitely help."

The old man carefully took out a yellowed ancient book from his arms. Judging from the color of the book, you can tell that it has been a long time. It has withstood the friction of the years, and even the book cover has changed. It was turning yellow.

The old man put the book on the desk, then took a writing brush and began to copy the book seriously. Not long after, the entire page was copied by the old man. Got to be full

"No, this is the content on this piece of paper. It has been annoying me for a long time. I hope you can translate the content on this piece of paper into modern Chinese. I really can't understand these ancient Chinese. Ouyang

Zhengxiong took the paper from the old man's hand and took a closer look. He found that the sentences above were not fluent at all, so he said to the old man: "Old man, none of the sentences above are fluent, are you?" Copied wrong?"

The old man said:"Just translate it to the best of your ability. Don't worry about whether the sentences are fluent or not. The meaning expressed in ancient times may be somewhat different from what we have now, so you have to think carefully after translating it. I Can you make one more request? Ouyang Zhengxiong said to the old man:"

Old man, just say it.""

"From now on, you can translate three articles like this for me every day, okay?"

"Okay, no problem. Ouyang Zhengxiong said secretly in his heart:"What kind of book is this?" This old guy is really serious in Yixing. How could I not see that he took these sentences apart and asked me to translate them? What kind of book is this and what content is recorded in it? How can this old man understand this? I keep it a secret like this."

Originally, Ouyang Zhengxiong had a little fondness for this old man, but after all the trouble just now, those good feelings disappeared without a trace. Ouyang Zhenxiong felt that the purpose of this old man bringing him here was not at all In order to let himself read some ancient books, Ouyang Zhengxiong had the idea from the beginning and wanted Ouyang Zhengxiong to help him translate. Ouyang Zhengxiong inferred from the words on the paper that this book should be six or seven thousand years ago. Just a short paragraph of text already contained words such as god and corpse that made Ouyang Zhengxiong feel very sensitive. Therefore, Ouyang Zhengxiong became even more curious about the book in the old man's hand because Ouyang Zhenxiong checked these ancient books. It is also to find relevant secrets.

Chapter 2035

A month has passed in a flash. During this period, Nalan Rubing treated Ouyang Zhengxiong many times, but Ouyang Zhengxiong still showed no improvement at all. Princess Chu Yue came several times, and she brought a This booklet was given to Ouyang Zhengxiong.

According to Princess Chu Yue's description, this thin booklet records some methods of inner cultivation. Ouyang Zhengxiong is asked to choose one of the methods to practice, because if his skills are not restored, he will have no choice but to Practiced again.

It can be seen from this that Princess Chu Yue no longer had any hope in Ouyang Zhengxiong's recovery of his skills, so she gave Ouyang Zhengxiong the books to practice again.

However, Ouyang Zhengxiong's behavior made Princess Chu Yue extremely disappointed. Ouyang Zhenxiong, no matter what mental method he practiced, he had not made any progress, and he could not even gather a trace of true energy now.

The eldest princess seemed a little anxious about Ouyang Zhengxiong's situation. She directly brought the precious Descendant Divine Bow to Qineng Mansion. He came to Ouyang Zhengxiong's yard. She wanted Ouyang Zhengxiong to try it and see if it could be done now. Can draw the bow, because if Ouyang Zhengxiong can draw the divine bow without true energy, then it doesn't matter if he recovers his skill, because with the blessing of Hou Yi's divine bow, he can be a master with or without skill.

Even if Ouyang Zhengxiong didn't start trying, the result was not difficult to predict. Ouyang Zhengxiong pretended to pull the bow again, pretending to be exhausted every time he pulled the bow, and finally said to the eldest princess dejectedly: "I'm sorry. , Princess, I really can't pull away."

Princess Chu Yue frowned slightly and said to Ouyang Zhengxiong: "Why is it like this now? It is simply not in line with common sense! Ru Bing has never been like this She also doesn't like telling lies. She told me that your skills can be recovered, and even if you can't recover, it won't have any impact if you start practicing from scratch. But now....."

Ouyang Zhengxiong felt a little betrayed, but he knew that Princess Chu Yue was just a little suspicious, and did not know that Ouyang Zhengxiong was behind these things. So, Ouyang Zhengxiong said: "I feel a little strange, maybe my body has always been If there is skill, this skill should be sealed by something like the Houyi Bow before! Because when I picked up the Houyi Bow just now, I had a very strange feeling. For a moment just now, I felt that my body was full of energy. She lost energy, but soon, that feeling disappeared again. This should be a phenomenon of reviving the true energy!"

Princess Chu Yue's eyes lit up, and then she asked Ouyang Zhengxiong: "Everything you said is true. ?"

"Really, I will never forget the feeling just now, and I will never have any illusions."

Princess Chu Yue thought carefully for a while, and then said to Ouyang Zhengxiong: "If that's the case, I'll put Houyi's bow with you first. In these days, you have to feel it carefully, maybe He can really help you get Gong Li back together. But I will send some more people here. After all, if something as important as Hou Yi's bow is known by thieves, it will be very serious. Ouyang

Zhengxiong immediately pretended to be grateful, and then said to Princess Chu Yue: "I am really touched. Thank you so much, Your Highness. Your Highness, for the sake of restoring my skills, she did not hesitate to put the national treasure here with me." , if I can regain utility in this life, then I will defend the motherland to the death."

Princess Chu Yue smiled faintly, and then left Ouyang Zhengxiong.

From this day on, there were many more guards outside Ouyang Zhengxiong's yard. These guards were watching every corner of Ouyang Zhengxiong's yard, for fear that someone would come and steal the God of Hou Yi. Bow.

Sometimes Ouyang Zhengxiong will also think about it, is Princess Chu Yue afraid that thieves will come to steal Hou Yi's divine bow, or is she afraid that she will run away with Hou Yi's bow? Because the soldiers guarding will observe Ouyang Zhengxiong's actions from time to time. , but Ouyang Zhengxiong did not have too much suspicion, because Princess Chu Yue was already very good to him. Compared with that little princess, Princess Chu Yue was simply an angel sent from heaven.

Ouyang Zhengxiong had some confusion in his heart , because these days, Ouyang Zhengxiong has not admitted that he likes Nalan Rubing. Although Ouyang Zhengxiong has some magical feelings in his heart, he feels that those are not his love for Nalan Rubing, but these days , Nalan Rubing did not come to his courtyard, but some other beautiful and famous doctors came. No matter how beautiful these other famous doctors were, Ouyang Zhengxiong always felt empty in his heart, as if something was missing..It is because of the existence of this wonderful feeling that Ouyang Zhengxiong began to feel that he had love for Nalan Rubing, and he liked Nalan Rubing.

Chapter 2036

In fact, Ouyang Zhengxiong was not sure about this feeling in his heart at first, until one day, Nalan Rubing left for a few days because of something. From then on, Nalan Rubing briefly disappeared from Ouyang Zhengxiong's sight. No matter which girl he saw from the back, he would always think of Nalan Rubing's look when she was having acupuncture treatment with him.

Ouyang Zhengxiong felt that he already had some shadow of Nalan Rubing in his heart, but every time he looked carefully, he would come to the conclusion that maybe this feeling was just a kind of goodwill.

There are some things that Ouyang Zhengxiong will never forget. That unforgettable true love will never disappear. How can Ouyang Zhengxiong forget his confidante ten thousand years ago? Whenever he starts to have feelings for other girls, Sometimes, he feels like he is carrying a sense of

guilt. In fact, even Ouyang Zhengxiong himself doesn't know how long it will take for him to have the courage to start a new relationship.

Although Ouyang Zhengxiong didn't know what Nalan Rubing was thinking, he could clearly feel that he seemed to be running away from something. When he and Ouyang Zhengxiong faced each other, he was no longer as open and honest as before. Yes, whenever Ouyang Zhengxiong made too many guesses, he would always warn himself in his heart: "Don't mislead others and yourself!" On this day, Ouyang Zhengxiong walked into the ancient library. After so many days, With the accumulation of time, he has completely translated the old man's ancient book. The old man excitedly held the book in his hand, and there seemed to be some tears in his eyes. He said to Ouyang Zhengxiong: "I finally got what I wanted. Young man, have you found what you want?"

Ouyang Zhengxiong was a little surprised, and then said, "Ah? What are you talking about?"

"Ha ha....." The old man suddenly laughed, and the groove on his face became deeper.

"Young man, I think you are very extraordinary. You have such amazing cultivation at such a young age, and you are also proficient in ancient Chinese. You really can be called a genius."

"Old man, what are you talking about? Why can't I understand you at all?"

The old man said: "Don't act in front of me. I have no ill intentions towards you at all. In fact, since the first day you walked into this bookstore, I have discovered the cultivation in your body. You should now Have you reached the third level?"

Ouyang Zhengxiong felt extremely shocked. He had hidden his aura to the extreme, and what was revealed now was only a weak infuriating energy. He never thought that this old man would see through him from the first day..

The old man said: "I know all kinds of people in the mainland well. I don't know what age you are now. If you are not 20 years old yet, then you should be among the top 20 people on this continent." Now, if you are not yet 25 years old, then you can now be regarded as one of the top 200. No matter which situation you belong to now, you can be regarded as a very talented person."

Ouyang Zhengxiong did not Say more, he just wanted to wait and see what happens.

The old man continued:"Actually, you have hidden it very well. Most people on this continent will never be able to tell that you are a person with such a high level of cultivation, but I Not among these people. Ouyang

Zhengxiong said:"Senior, you are so powerful. No matter how I hide, I can't escape your eyes. I really admire you, junior." The old man nodded, and then said to Ouyang Zhengxiong:"You read so many books here every day, what are you looking for?" Ouyang Zhengxiong asked the old man:"

Then what does the old man want to get?""

The old man smiled. The wrinkles on his face were piled together, and he looked very scary. This made Ouyang Zhengxiong shudder, but Ouyang Zhengxiong suppressed the panic in his heart because he showed When he came out, he was very disrespectful to the old man in front of him.

The old man said to Ouyang Zhengxiong:"I ask you to help me translate ancient books every day, but I deliberately messed up the sentences in it. I think you know this. , you must be dissatisfied with me now. Ouyang Zhengxiong said:"

Old senior, you misunderstood, I am absolutely not dissatisfied with you." The old man said to Ouyang Zhengxiong:"Actually, I didn't mean to hide it from you. I also had my own reasons, because this book involves too many taboos. If I let you know, I'm afraid you will despise me. And I'm afraid you won't help me translate. Ouyang

Zhengxiong looked puzzled and said to the old man:"If you say this, I'm even more curious. What secrets are hidden in this?"

The old man replied:"These are all heretical things. You will definitely make fun of me after you find out. I really had no choice but to make this move.""

Chapter 2037

Ouyang Zhengxiong said:"What kind of heresy?"

The old man said:"Yes! Maybe you don't know, I am over 170 years old now. As you can see, my body has aged badly. I practice Taoism." I don't have any achievements, and I don't even have any talent in martial arts. I can't let my body go back to when I was young again....."

"Already over one hundred and seventy years old! Want to rejuvenate yourself?"Ouyang Zhengxiong shouted in surprise.

"Yes, you heard it right. More than 70 years ago, I successfully rejuvenated myself. At that time, I made small achievements in martial arts, and then I successfully returned to my youth from the age of 100. Although I have been rejuvenated over the past few decades. My skill has become very deep, but what bothers me is that I still can't break through this realm. Now I am getting older and older, my time is running out, and I am getting further and further away from the realm of immortal martial arts.."

Ouyang Zhengxiong looked surprised. He really didn't expect that the old man in front of him was such a powerful master. The small achievements the old man said were definitely not simple achievements. They must be those with great skills. The old man went on to say:"In order to extend my life, I can only read some so-called evil books in the eyes of everyone. Only from these books can I have the opportunity to understand life and death." Ouyang

Zhengxiong said in surprise:"Do these books really contain methods for understanding life and death?"

"Yes, in fact, I don't think these books are evil books. People often say that good and evil are not mutually exclusive, but I think good and evil are only relative. Righteousness is just in line with most people's cognition. On the contrary, evil is contrary to the general principles. Most people believe that I have reached such an old age and have seen everything clearly. In my eyes, I no longer distinguish between good and evil. As long as my life can be continued, I feel that these books are justice. of."

Although what the old man said made me feel that there was some truth to Yang Zhenxiong, Ouyang Zhengxiong still felt a chill on his back. Ouyang Zhengxiong said in his heart:"Many people once said that people will become demons when they grow old. This old guy His skill is already so high, he couldn't have practiced it to the point where he went crazy and fell into the devil's path!"

Ouyang Zhengxiong is now certain that the old man's cultivation level has reached at least the fifth level.

The old man asked Ouyang Zhengxiong:"Young man, what are you looking for? I really want to know what it is that allows you to Such an obsession!"

"Old timer like you said, I was definitely looking for something. I have said before that I have a very strong interest in ancient mythology, especially the origin of the Holy Demon Cemetery. I can't

figure it out no matter how hard I think about it. That's why I am so obsessed. I want to use the information here to uncover the truth. Open its mysterious veil."

A white light flashed in the old man's eyes, and then he said:"The mystery of the Holy Demon Cemetery has been around for thousands of years. I don't know how many people like you have been troubled. If you can really find some clues, If so, then your discovery will definitely shock the entire continent. You have been searching for so long, have you discovered anything?"

Ouyang Chengzhang sighed:"I didn't find anything. I have read through all the books here, but I can't find any information about the Holy Demon Cemetery. No matter which book it is, there is no information. Record what happened there."

The old man said:"Maybe the truth has been crushed by the wheels of history. If you really want to know what happened more than 10,000 years ago, I'm afraid you can only understand it when you step into Wonderland. The doorway among them!"

Ouyang Zhengxiong nodded, thinking that what the old man said was correct. The Chu State was the strongest country in the Eastern Continent, especially the books in the Royal Library, which cover almost everything. But strangely, there was no record of anything about it. Ouyang Zhengxiong knew from now on that it was really difficult to find the truth about the Holy Demon Cemetery. It might be just like what the old man said. Only when you reach the realm of immortality can you know a little bit about it.

That's it. At this moment, Ouyang Zhengxiong felt the strange fluctuations in the library again. This fluctuation was gently rippling, exactly the same as when he entered the library on the first day.

Because he came last time Ouyang Zhengxiong was in a hurry, so Ouyang Zhengxiong didn't pay attention to those slight fluctuations. Slowly, Ouyang Zhengxiong's face began to show a surprised expression, because after careful observation, he found that these slight fluctuations actually came from beneath the ground..

The old man noticed the change in the expression on Ouyang Zhengxiong's face. He already knew that Ouyang Zhengxiong had already felt this slight fluctuation, and had already found where this fluctuation came from. This also made the old man more certain that Ouyang Zhengxiong Zhengxiong's cultivation level is already very high.

Chapter 2038

The old man nodded repeatedly, and then said to Ouyang Zhengxiong:"Young man, you are just as I imagined. It is indeed not simple. You can clearly feel even such slight fluctuations. It is not difficult to see that you have spiritual roots.."

Ouyang Zhengxiong asked: "Senior, what is zero root?"

The old man said: "Well, since you have found what I want for me, of course I have to repay you, and I will take you to see it. Let's see."

After the old man finished speaking, he took Ouyang Zhengxiong to the front of a bookshelf. The old man walked to the side of the bookshelf and moved the bookshelf to one side. Then she groped carefully on the ground, and found a dark The entrance of the cave actually appeared in front of Ouyang Zhengxiong. Ouyang Zhengxiong could clearly feel that the slight fluctuation was coming from the cave.

Ouyang Zhengxiong really couldn't believe his eyes, because there was a secret passage in such a formal royal library.

The old man said: "70 years ago, I made some achievements in cultivation, and the spiritual roots in my body suddenly started to develop at that time. That's when I felt this slight fluctuation. I really didn't expect that you already had it at such a young age. With spiritual roots, there is really no comparison between people. Some people may be born with things that others cannot get in their lifetime, or things that others can only get after practicing for a long time."

Ouyang Zhengxiong looked confused. , because he was thinking about where this secret passage came from, Ouyang Zhengxiong said: "Senior, why does such a solemn ancient library have such a mysterious black hole?" The old man laughed, and then said to Ouyang Zhengxiong: "In fact, I dug this hole secretly."

Ouyang Zhengxiong's face was full of surprise. He said to the old man: "Did you dig this out?" Ouyang Zhengxiong said in his heart: "This old guy completely dug it out. Life is a joke. If you are caught, you will be beheaded. How dare you be so bold?"

"Is there anything that I dare not do? Even if I dug a hole under the throne of the emperor of his motherland, I wouldn't dare to do that. Do you think the emperor dares to say anything?"

"Could it be that the senior's burrowing skills have been practiced to a very high level? How did you manage to impress the emperor without letting him find out?"

"In fact, it's not that I'm a great burrower, it's just that I am the emperor's ancestor."

Ouyang Zhengxiong suddenly felt dizzy and dizzy. Ouyang Zhengxiong was really overwhelmed. She had no idea that this ordinary old man in front of her could have such a big background.

"Just follow me and I'll take you to see it."

This thing is pitch black inside. Ouyang Zhengxiong can feel through his feet that the cave extends downward in a spiral shape. Ouyang Zhengxiong steps deep and shallow into the black cave, and he follows anxiously. Behind this old man, because his life and death has been controlled by this old man, if the old man wants to have any evil thoughts towards Ouyang Zhengxiong now, then Ouyang Zhengxiong's life will be taken away like the life of an ant.

Along the black paint When the painted cave entrance went down for about 40 meters, a bright light suddenly came from below. After walking for another few dozen meters, the two people came to the source of the light, which was the cave dug by the old man. It was connected with another tunnel to form a T-shaped underground passage.

Ouyang Zhengxiong couldn't help but sigh:"It's really too lavish. The Luminous Pearl already has a very high market value. If one is sold, it is estimated that I can already buy a city. I didn't expect there to be so many here. Is it too luxurious to treat night pearls as ordinary lighting items?"

After Ouyang Zhenxiong finished speaking, his eyes kept admiring the bright night pearls in front of him.

The old man pointed to Ouyang Zhengxiong's forehead and said to Ouyang Zhengxiong:"You kid, can you have some potential? Fortunately, you are still a cultivator. Why do you value money so seriously? You kid wouldn't want to take these things away from me, would you? Could it be that you were a tomb robber before?"

"ah? this.....Is this inside the tomb? I am now in the grave, this....."Ouyang Zhengxiong felt that his back was starting to get cold. He already felt that the night pearls in front of him were no longer so strange. Instead, he felt that the light they emitted was a kind of demon light.

"Can that be wrong? Have you ever seen a living person living underground?"

"It really surprises me. Why is the imperial palace of Chu State built on a tomb? I really don't understand how you designed it. Is this the special hobby of your royal family?"

"What's going on in your head, you silly boy? Who would dig so deep into the ground when building something? When we built the palace, we didn't know what was in the ground."

Chapter 2039

The old man led Ouyang Zhengxiong to a brighter part of the tunnel. In this empty tunnel, except for the two of them, there was no one else. It should be said that there was no other living thing, except for the ticking footsteps. There were also no other sounds, which made the already terrifying underground tunnel even more bizarre.

After walking along the winding tunnel for more than ten minutes, the two of them came to a very bright hall. They did not expect that there would be such a magnificent hall so deep underground.

Although this palace is built underground and does not see sunlight on weekdays, so the things inside are subject to moisture, but at the same time, it also has an advantage, that is, it is free from the erosion of wind, frost, rain and dew. Even so, the years will pass. There were carvings on it and it now looks very ancient.

Pushing open the door of the palace, I walked into the lobby of the main hall. The main hall is surrounded by exquisite reliefs. Most of the reliefs here are carved with monsters and monsters from mythology. The reliefs are inlaid with luminous pearls. It is precisely because of this that the This big store is still bright as day under the ground.

These bright night pearls seemed to give life to these lifelike reliefs, and they could break out of the wall just a little bit.

In the center of this ancient palace is a white jade platform. This crystal clear white jade platform exudes a soft light. Even a layman can easily tell that this is definitely the best of the best.

But what caught Ouyang Zhengxiong's attention was not the material of the white jade platform, but the person on the white jade platform. A tall, middle-aged man stood in the center of the white jade platform.

This middle-aged man has shiny black hair, his face is bronze, the eyebrows on his face are very thick, the bridge of his nose is very high, and his pair of shiny black eyes shock everyone who looks at him.

However, the most shocking thing about this statue is his momentum, which is indescribable and domineering. He has a majestic posture that looks down on the world, making this middle-aged man look like a god-like existence..

Ouyang Zhengxiong's eyes suddenly became a little hot, and his tears almost rolled down, because this middle-aged man looked so familiar, and he was so similar to Ouyang Zhengxiong's father. It is said that they are similar in spirit. Their eyes are the same wise, with a sharp look looking down at the world. They have the same domineering posture, and the domineering feeling that the world is huge and that they are alone deeply shocked Ouyang Zhengxiong.

The old man said to Ouyang Zhengxiong:"As you can see, those small and strange fluctuations are emitted from the person in front of you, but this person has passed away. Even so, he can still emit fluctuations." , it can be said that he is really my idol. If I reach the same height as him, then I will not pursue these endless rejuvenation techniques, and I can say that I will die without regrets."

After Ouyang Zhengxiong heard the words"pass away", he suddenly became very depressed. He was very sad now. She could hardly believe her ears. He felt that what he just heard must not be true.

Ouyang Zhengxiong looked at the statue in front of him carefully. He found a light in the statue. It turned out to be a familiar sword hilt. The words"Flying Sword" suddenly flashed through Ouyang Zhengxiong's mind. The unparalleled domineering middle-aged man was actually hit on the head by a flying sword and died.

"Dead, why would such a powerful peerless master die under a flying sword?"Ouyang Zhengxiong couldn't believe his eyes. The aura of the man in front of him was definitely no weaker than that of his father. He must have surpassed the fifth class mentioned in the book.

Ouyang Zhengxiong walked around the jade platform Going around and around, he found some bone powder behind the jade platform, and also found some bone fragments in another place. He didn't even have to think about it. It must have been the middle-aged man on the platform who killed these two people..

The old man said:"This is where I got the book. Based on the words in the book, I inferred that everything here should have a long history. It is estimated to be at least six to seven thousand years." This senior's body has never decayed. He has remained standing for thousands of years, which is incredible to me."

Ouyang Zhengxiong sighed:"This senior's skill is really too high. He can actually turn his physical body into an immortal body. There is a saying that is true. A strong person will remain a strong person all his life. After death, He is still a strong man, just like this senior. After his death, even his corpse can emit such a powerful aura, giving us a sense of oppression.

The old man said:"Let me take you up and have a look!" There are some ancient writings at his feet that I can't understand, but maybe you can."

Chapter 2040

"oh?"Ouyang Zhengxiong was a little surprised, and then he jumped onto the jade platform with the old man.

On the crystal clear jade platform, there are now a few lines of words. Although thousands of years have passed, these lines of words are still the same. It was so clear. Ouyang Zhengxiong could tell at a glance that these were a few lines of text carved with his fingers, but they looked like they were drawn with iron hooks. They were so vigorous and powerful. A sad aura suddenly struck

Ouyang. On Zhengxiong's face, Ouyang Zhengxiong felt very shocked.

Ouyang Zhengyang learned from reading the above text that the senior on this machine had actually killed an immortal. Ouyang Zhengxiong admired them very much.

This old man He also expressed emotion:"Yes, if he hadn't missed one person, I'm afraid there would be another immortal in this world."

Ouyang Zhengxiong sighed:"When this senior was alive, he was unparalleled and indomitable. When he died, his body had not rotted and he still stood here with his head held high. His domineering power has always existed here. For thousands of years, it has never disappeared. A peerless hero like him will definitely be admired by the world."

Then, Ouyang Zhengxiong laughed again, and then said:"Hahaha.....I am now full of confidence in martial arts. Immortals are so powerful. I never thought that an immortal would be destroyed by a strong man who was reaching the pinnacle of martial arts. If martial arts practitioners are allowed to ascend to the fairyland, hehe....."

The old man said:"How about I take you to the place where demons practice?"

Ouyang Zhengxiong followed the old man all the way. They passed through the ancient hall in Gangbang and came to a very scary-looking cave.

The eerie light from the night pearl shone on the surface of the cave. Ouyang Zhengxiong took a closer look at the underground and found that the dark underground was filled with skulls, and some bones had been completely crushed into graves. A weak air current flows here, blowing the bone powder, and a very strange Yin Qi ripples in this ancient cave.

In the center of these skeletons, there is a pool of blood that has not yet dried up. The surrounding areas of the pool have been dyed purple-black with blood, sending out bursts of eerie cold air, as if these innocent souls are gathering together above..

This is a very gloomy and terrifying mass grave. If you carefully feel the atmosphere inside, it is as if you can hear the screams of these innocent souls. Ordinary people will not be able to practice here at all. Soon they will madly.

Ouyang Zhengxiong looked at the scene in front of him and had goosebumps all over his body, and then said:"What kind of training place is this? It is completely a purgatory on earth. Is it so inhumane to practice the demon path? They all take advantage of others. Do you want to use your own life to achieve your goals? It is simply unacceptable. For your own selfish interests, you would kill so many innocent people. It will be okay after such a person becomes an immortal." After

Ouyang Zhengxiong finished speaking, he couldn't help but move towards the old man. After reading it, if Ouyang Zhengxiong guessed correctly, the so-called evil book in the old man's hand must have come from the hands of this demon. As long as Ouyang Zhenxiong thinks of this old man, he will be Using this cruel cultivation method to achieve the goal of rejuvenation gave rise to waves of chills.

The old man laughed, and the wrinkles on his face kept trembling, and said:"Young man, you don't have to be so timid, and you don't have to be afraid of me. I am just a martial artist. How could I suddenly change the direction of my practice to practice Taoism?" Well, wouldn't all my previous training be in vain? Moreover, this method of cultivating the evil way is even more dangerous. If you are not careful, your soul will fly away. If a person who practices martial arts suddenly changes the direction of his training to practice the way, if he is not a talented person, It's difficult to do. These two methods of cultivation are essentially different. Even if I practice in this way, there is no need for me to find some innocent people to help me practice, such as those in the imperial dining room in the palace. The pig blood is enough for me to practice for hundreds or thousands of years."

After the old man explained, the coldness on Ouyang Zhengxiong's body weakened slightly, and then he followed the old man and left this gloomy cave entrance.

After arriving at the ancient palace, Ouyang Zhengxiong stood in front of the jade platform again. He looked at the peerless strong man on the platform with a very admiring look. Ouyang Zhengxiong said to the old man: "I am on the top of the platform. When I was studying in the ancient library, I felt this kind of weak fluctuation twice. The two times were not continuous. I didn't feel any fluctuation during the period. Why did this happen?" The old man replied:

"Me too. I have encountered this kind of thing. The time you sensed it twice should happen to be on the night of the full moon. Only then will the fluctuations become more intense, but I think there may be some kind of array set up here. This formation can condense the vitality of heaven and earth."
