

## Attributes 2071

### Chapter 2071

Zhengxiong, be careful, Nalan Rubing screamed as an extremely fast sword light rushed straight towards Ouyang Zhengxiong. If Ouyang Zhengxiong hadn't had stronger perception, he used his long sword to protect his chest in time. It would pierce his heart directly. Ouyang Zhengxiong looked ahead and stared at the sword. He could tell that it was a flying sword in the spiritual world, and the owner of this sword was the princess who had been confronting him. Chu Yue, Zhuge Zhengxiong's body flashed, leaving an afterimage on the spot, as fast as thunder, as fast as lightning, running rampant, directly boasting a distance of ten feet, waving the long knife in his hand, and directly collided with the flying long sword. The swords clashed together, and a clanking sound was heard.

After a burst of metal collision, Sima Zhenxiong was stunned. The long sword in his hand was broken by the shock. Everyone looked surprised, and only Sima was left in front of them. Zhenxiong stood there with the bare hilt of the knife in her hand. He secretly exclaimed in his heart. It turned out that the cultivator was indeed extraordinary and could not be compared to ordinary cultivators. She threw away the broken hilt of the knife in her hand and unexpectedly faced it alone. After holding up the flying sword, his body glowed with golden light, and his white skin turned into a bronze color, like a golden bronze man. After the long flesh and blood collided with the flying sword, it made clanging sounds, but Sima Zhenxiong himself seemed to be unharmed. , all of this happened so quickly that some people didn't even see what was happening.

After marveling, some high-level warriors reacted. They stood in a row and stood in front of the eldest princess Chu Yue, because they could see that after the collision, the eldest princess was a little weak. Her face turned pale and her arms were shaking slightly. , trying not to let everyone see it, there was no other way, she could only retract the sword feebly.

Sima Zhenxiong was not willing to give in, and just wanted to go forward to pursue, when he saw those high-level warriors blocking the front, he also quickly stopped, The golden light slowly faded away from the bronze skin, and turned into snow white again, but he did not give up. He stretched his palm forward, and Hou Yi's divine bow appeared in his hand, and he took an archery posture. The arrow was pointed directly at the Emperor of Chu. Everyone's expressions changed. Shocked, they all stopped attacking Sima Zhenxiong.

After the arrow flew out, Hou Yi put away the divine bow, took Nalan Rubing's hand next to her, and shouted to her, come with me quickly, Nalan Rubing But he stood still, shook his head and said to him, Zhengxiong, I really thank you, thank you for everything you have done for me. Even if you are in a desperate situation, you still want to take me away, but you don't have to do it. I'm worried that the days ahead will be long, and we will definitely meet again in the future... Nalan Rubing's

tears instantly flowed down. He did not continue speaking, turned his head and rushed towards the crowd, disappearing into the sea of people.

Sima Zhenxiong was stunned for a while. Why didn't he want to come with me? After staring blankly for a long time, he turned around and glared at the eldest princess, Chu Yue, and shouted coldly, "How dare you sneak attack me? Just be careful next time. Today I will..."

At this moment, an old voice came. A sigh followed by a voice, interrupting Sima Zhenxiong: Young people, please don't be too impulsive. Think about the consequences of doing something. Do you know that she is the daughter of my grandson,

Sima Zhenxiong? His face changed with shock, as if he had been enlightened. He suddenly woke up. He was not in awe of the eldest princess Chu Yue, because that voice was so familiar. He was an old monster over two hundred years old. Yes, that was the person who came. The emperor's grandfather, he knew that this was not his true form, but he used his profound martial arts to transmit messages to him.

In fact, he knew what happened at the scene, but he never took action. The old monster sighed, there is nothing that cannot be overcome in life, ups and downs and troubles will always be encountered, nothing in the world is eternal happiness, and no one will have eternal regrets, whether it is happiness or regret, it is all in that moment. In the meantime, when the prosperity has passed and the beauty has gone, you will find in the future that what we need in life is that kind of peaceful state of mind.

The voice gradually disappeared, as if it had never been there, but everyone was still thinking about what the old man said. ,

Chapter 2072

Sima Zhenxiong looked around, but why didn't he find the old monster? I didn't find out who it came from. Although I have all kinds of abilities, I am still afraid of this unfathomable old man. After all, compared with him, he is still far behind. If the old man takes action in secret, he Unable to imagine what would happen to him

, he opened his hand slightly, and Hou Yi's Divine Bow appeared again in his hand. He stretched out his other hand, and an arrow appeared in his hand. He opened the bow and pointed the arrow at the ground. No one knew what he wanted to do. Well? A ray of purple-gold light, accompanied by thunder and lightning in the air, shot into the earth. The ground shook violently, and some people were even shaken to the point of falling down. At this time, waves of demonic wind blew around, and the dust was also swept away. Come in.

Doesn't anyone know what Sima Zhenxiong's purpose was for shooting this sword? No one knew where this arrow would go. Only Sima Zhenxiong knew that the golden arrow that shot to the ground had gradually changed its trajectory and was slowly heading towards the palace not far away. In the mausoleum, the golden arrow containing the energy of heaven and earth was directed towards the dead peerless master in the tomb as if being guided by someone, until the arrow landed in front of the immortal body and exploded, and the surrounding area was also bright. Countless golden lights arose, as if being absorbed, all being sucked into the immortal body. The sounds in the tomb gradually faded away, and the deathly tranquility returned there, as if nothing happened,

Sima Zhenxiong Taking advantage of the chaos, his body turned into bronze again. He raised his golden palm instantly and brought up a gust of wind. The gust of wind got bigger and bigger, and even inadvertently rolled up the little princess Chu Yu beside the emperor. At this moment, Sima Zhenji rose into the air, took it out of the strong wind, and tapped Chu Yu's acupuncture points to prevent it from moving. He stretched out his left hand again, and a golden arrow appeared in his hand. , the arrow of the golden arrow pointed directly at Chu Yu's throat, and the little princess Chu Yu was also frightened.

To be honest, the most uncomfortable thing now is not Chu Yu, but Sima father and son. The originally good wedding was ruined because of Ouyang Zhengxiong's appearance, and Sima's house was also made into a mess by him. They really couldn't swallow this breath. But my strength is not as good as others, trash, evil thief, let me go quickly...

At this moment, a voice came out, it turned out to be the voice of the captured little princess, the emperor, queen and other ministers all opened their eyes. Looking at him, the eldest princess Chu Yue shouted to him: Sima Zhenxiong, let go of my sister quickly. If you let her go, I can ensure that you leave here successfully. If you don't let her go, I will definitely let you go. Blood splattered on the spot.

Sima Zhenxiong looked at him indifferently, motionless? There was nothing unusual about his face. No one knew what he was thinking and no one knew whether he would let go. However, what everyone didn't know was that he always wanted to see if the old monster was still alive? Let's see what he will do to himself? His great-great-granddaughter was captured, would he take action?

After a long time, the eldest princess Chu Yue kept shouting there, but Sima Zhenxiong remained motionless. However, the old monster did not take action. Is he really dead? Seeing that the old monster never made a move, his hanging heart was relieved.

The little princess Chu Yu shouted to him: Let me go quickly, take your pig's trotters away, don't touch me.

Everyone is in a hurry. I was afraid that Sima Zhenxiong would do something outrageous to the little princess.

It was Ma Zhenxiong who laughed loudly and said: "We are all happy people. I don't want to talk nonsense. In one sentence, everyone gets out of the way and no one is allowed to follow me." If I find someone following me, I will kill the little princess on the spot. Everyone's expressions changed with shock.

Chu Yue's face turned purple with anger, but she said helplessly: OK, no problem.

The queen standing next to her was very anxious. Just when she was about to say something, a hand stretched out. It was Chu Han's hand. She said to the queen He whispered in a low voice: Don't worry, trust Chu Yue, he can control it, let him handle it!

The civil and military officials and senior warriors just watched Sima Zhenxiong leave blankly. She could hardly imagine what happened today, and it completely subverted their understanding.

Sima Zhenxiong left and walked around the capital of Chu State many times. He didn't want to be followed by others. Although he was not very familiar with the capital of Chu State, he had made enough preparations before coming out of the city. He had already planned the route. He held the little princess Chu Yu hostage and escaped.

The little princess was very angry. You scum, you have already gone out, why don't you let me go? Let me go quickly,

Sima Zhenxiong laughed and said to him: You said that human life is really strange. It was you who captured me in the capital, and now you have sent me out again. I miss you, You should never forget everything that happened during this period. Otherwise, how about you stay by my side and be my maid, hahahaha:

Chapter 2073

What? Let me tell you, don't even think about it. Even if I die, I will never be your maid.

In fact, Sima Zhenxiong has always wanted to do something, but has never had the chance. Today, the opportunity finally came. See the little princess's smooth cheeks. , he squeezed it hard with his right hand, then patted it twice and pinched it twice more. The little princess almost cried because of her. The little princess screamed: It hurts, what are you doing, you scum, why do you do this to me? Stop it! One day I will kill you for how dare you hit me.

Hahaha, I'm looking forward to this day, but now, little princess, I know you are very cunning, but from now on, don't play any tricks on me, just be honest and do whatever I ask you to do?

You despicable, shameless thing, where on earth are you taking me?

City of Destruction

What...

I didn't expect, I didn't expect, little princess, you would fall into my hands again.

The people behind him have not dared to follow him because they were worried that he would do something detrimental to the little princess.

In the capital of Chu State, although it was Ma Zhenxiong who caused the big trouble, he was not afraid at all, because he had the little princess in his hands. He has the ace in his hand, and she is regarded as a darling of heaven, so he is not worried that the people over there will make things difficult for him.

In fact, it would be a lie to say that he is not worried, because he is not sure about the emperor's grandfather. Is that old monster dead? In the Chu Kingdom, she was the only person that Ouyang Zhengxiong was afraid of. If she was really alive and had the cultivation level of the old monster and eminent monk, if she faced her, I dare not say that she would be able to escape.

The little princess is held by Ouyang Zhengxiong with one hand. With the blessing of his internal strength, she does not feel very tired, but what about the little princess? He was extremely angry inside, but the acupoints on his body were tapped and he couldn't move. He could only keep talking and cursed him as a scum, Ouyang Zhengxiong, let me go quickly. If you don't let me go, believe it or not, I will kill you immediately. Bite your tongue and kill yourself. I will let my father use all the strength of the country to hunt you down.

Haha, do you think I am afraid? If you want to bite, just bite it, so you don't have to buzz in my ears, and give this world some peace, hahaha, garbage scum, how dare you do this to me, let me tell you, if I really bite my tongue and commit suicide, do you think you can escape? Your end must be miserable, because people will come to hunt you every day, and there will be times when you are exhausted. I don't believe I can't kill you.

Oh, do you know? Good man, he usually doesn't live long. You little devil, how can I let you go to hell to meet those devil sisters now? In this case, it's simply a miracle.

You, you, you...

After saying that, she burst into tears again. What, I, didn't you say you were going to commit suicide? Come on, hurry up, please, little one.

The princess stared at him with wide eyes, you scum, you actually want to persuade me to commit suicide, wuwuwu... I hate you so much, tell you, sooner or later, I will definitely kill you, I tell you , I will use the most ruthless method when I go back. I will cut you into pieces, peel your skin and cramps, twist your head off and use it as a ball to kick. I will also chop off your fingers one by one. I will also.....

Okay, okay, don't bother me anymore. Wait until you have this opportunity.

The sun in the sky is extremely dazzling. The sun is so hot that it feels like it is about to steam you dry. There is no breeze, and the leaves on the trees are hanging feebly. The river The fish in it didn't dare to come out of the water, but only the cicada kept screaming.

Because the little princess's acupoints were sealed, she couldn't move and couldn't use her internal energy to resist the scorching heat. Sweat condensed drop by drop on his forehead and slowly flowed down his cheeks. It's so hot, scum, I'm almost dying of heat. Get me under the shade of a tree! By the way, help me find some water to drink.

However, at this time, Ouyang Zhengxiong and the two had already left the capital, almost sixty miles away. He thought for a moment that the people behind him would not be able to catch up, so he walked into a forest and left. The little princess put him under a big tree and said to him: Little devil, please understand, you are my maid now, I am the knife, you are the meat on the chopping board, and after leaving the capital, you are no longer a little princess. Princess, do you know? , learn to be good.

After hearing this, the little princess was furious. He couldn't care less about whether she was a lady or not. He opened his mouth, bit her right hand hard.

Ah, a scream sounded, and Sima Zhenxiong quickly grabbed her chin and pushed her away: He said to her: You are a dog, why are you so fierce? Where's your ladylike style? , if you continue to be dishonest, I will leave you here. I don't know who is outside, and what kind of wolves, tigers, and leopards you will encounter in the future. I may not know that the little princess will be hateful and angry at this time, but He was also afraid that he would really leave her here, and he felt very sad. He never thought that he would fall into Ouyang Zhengxiong's hands again. The last time he was caught by her was already a great shame and humiliation, but he never expected that he would fall into Ouyang Zhengxiong's hands again. Being caught by him really drove him crazy.

He became angry, his little face bulged, he snorted, and turned his head to the other side. Seeing Ouyang Zhengxiong's face, it was hard not to be angry, and he kept cursing him secretly in his heart.

#### Chapter 2074

Fortunately, it was not so hot under the tree. The lush leaves blocked the scorching sun. Suddenly, a breeze blew by, which was refreshing. The breeze was also mixed with the fragrance of flowers and plants.

I finally had some time and could take a rest. The previous battle had consumed a lot of energy. Ouyang Zhengxiong lay directly on the grass, closed his eyes, and slowly fell asleep. He also needed to adjust. Before that, he untied the little princess. But he sealed his acupuncture point, which means that the little princess is now like an ordinary little girl. Unless someone takes her with her, he can't escape because she used her mind power to form an invisible barrier before going to bed. , as long as he touched the barrier, he would immediately feel that although the little princess could move freely, because her skills were blocked, she could not escape even if she wanted to. She turned her back to Ouyang Zhengxiong and collapsed on the ground, helpless. Playing with the unknown grass in front of him, he pulled out a piece of grass, tore it hard, and then threw it to the ground because he vented all his anger towards Ouyang Zhengxiong on this grass.

Just like this, after a long time, a butterfly flew over and stopped on Ouyang Zhengxiong's nose, motionless. The little princess saw it and felt that he had been fast asleep. She observed carefully for more than half an hour and saw that When he was still motionless, she stood up carefully, dusted off the dust on her body, and secretly walked out of the woods.

At this moment, a voice came over. When the little princess heard it, she knew it was that guy's voice. , if you don't want to stay in the forest, I will seal your hole again and put you outside to bask in the sun.

The little princess waved her fist fiercely at Ouyang Zhengxiong, and sat down on the ground again very reluctantly, sighing.

At this moment, Ouyang Zhengxiong suddenly turned around, pushed her down, and pulled her in. In his arms, a hand was pinched around her throat, but he didn't use any force. He just pretended to shout to the outside of the forest: What kind of hero can you be if you are sneaky? If you have the ability, stand up, otherwise don't blame me for being rude to your little princess.

But the little princess muttered unhappily: What an idiot, how could I let this guy find out? Wouldn't you hide a little deeper? Also, why don't we send more experts to rescue this princess?

At this moment, four high-level warriors jumped out from behind the tree. All of them had good cultivation, but they were not good enough in front of Sima Zhenxiong. It was not that the cultivation of these people was not deep enough, it was just that the current Sima Zhenxiong is no longer comparable to before, so he can immediately sense their presence the moment they approach.

I say it again, come out all of them. Stop hiding. If you don't come out again, don't blame me. You are welcome. After saying that, she stretched out her hand and pinched the little princess's face hard. This pinch caused the little princess to scream, "Ah, it hurts!" You evil thief and scum, you pinch me again, wuwuwu.

At this moment, there was an energy fluctuation in the air. Two magicians mobilized their internal strength and performed the levitation technique. They floated down from under a tree.

Ouyang Zhengxiong frowned. First, he originally thought that after the masters who robbed Sima Mansion were dealt with, there would be no masters in the capital. It seems that he underestimated the national power of Chu State. It is a country after all. These people in front of him are actually masters, and some even have them. The cultivation level of the two of them is not lower than his, which makes him feel a little pressure.

I said before, don't follow me. It seems that you have turned a deaf ear to my words. Maybe the life of this little princess is not important to you. If you don't care, then don't blame me for being rude. Wait, don't be impulsive. The advanced magician said: His Majesty has decided to make you a knight to protect the country. Why don't you accept it? Even so, why are you so rebellious?

Ouyang Zhengxiong was very annoyed by his words, so he interrupted him directly. Okay, stop talking nonsense. In one sentence, can you separate? Otherwise, don't blame me for being rude. At this moment, Ouyang Zhengxiong raised his hand, wait a minute, don't get too excited, Ouyang Zhengxiong, don't get too excited, we will leave you now, don't hurt her.

At this moment, the ground trembled, and the butterfly that was originally resting on the ground Feeling the vibrations on the ground, they flew up, filled with smoke and dust, flying sand and

rocks, countless cavalry rushed towards here, and in less than a while, they directly surrounded the entire forest.

Among them, countless black horses gave way to a road, and a group of white horses slowly came over. Sitting on the white horse was a goddess-like person, who was peerless in beauty. Yes, the person who came was the little princess's sister. Chu Yue

She glared at Ouyang Zhengxiong and shouted to him, didn't you promise to let my sister go except in the capital? OK, I did it and let you go. Why don't you let your sister go? After saying that, she looked at her sister with eyes full of tenderness and pity.

The little princess was overjoyed and shouted happily: Sister, save me quickly and kill this loser...

Chapter 2075

At this moment, Ouyang Zhengxiong directly sealed the little princess's mute hole with two fingers, and said to Chu Yue: "Haha, do you think I will be as stupid as you? If I had let him go, If so, I'm afraid I would have been dead on the spot."

Chu Yue said: "Don't you have Houyi's Divine Bow? Who will stop you, and how many people dare to stop you? Besides, haven't I already given the order? You can leave as long as you like."

Ouyang Zhengxiong sneered and said, "It's just a Hou Yi divine bow. How can I withstand thousands of troops by myself? If I'm not careful, I kill a relative of the emperor and I may be in trouble." The emperor will directly issue an order to ban me. Is there any way out for me?"

"Furthermore, if I only kill an ordinary soldier, what's the point? In the palace, I can use Houyi's divine bow to intimidate the civil and military officials and the emperor, but what about after I come out. What is my advantage? If I don't bring someone with me, I'm afraid I will be chopped to death by the army you brought! Sorry, I can only detain your sister temporarily, but don't worry, I will never hurt her."

Chu Yue was very anxious, "How on earth are you going to let my sister go?" He didn't expect that Ouyang Zhengxiong could think of this.

"Well, at least wait until I am sure that I am absolutely safe, wait until I leave the Chu border, and during this process, you can no longer send people to follow me, otherwise if you let me find out like today, I will definitely let you You will regret it for the rest of your life."

Chu Yue was very sad and angry, gritted her teeth, and said to her sister: "Just wait for a while, I will definitely bring you home safely." Her eyes were full of doting. She looked at Ouyang Zhengxiong again: "No problem, I will do as you say, but you have to promise that during this process, my sister will not be wronged, bullied, or bullied. Hurt her, otherwise I will use the strength of the whole country to issue a killing order to hunt you down! Ouyang

Zhengxiong laughed and said: "No problem, since we have reached an agreement, please ask the eldest princess to take the people away!"

The eldest princess Chu Yue warned: "You'd better do as you say. If you don't release my sister when you reach the border of Chu State, you should know the consequences." Finally, Chu Yue looked at her sister affectionately and led everyone out of the woods. The dust was still flying, and the sand and rocks were flying. Unfortunately, they returned without success!!!

Ouyang Zhengxiong let go of the little princess, and she He sat down and stretched out his hand to untie her acupuncture point.

Before Ouyang Zhengxiong could retract his hand, he cursed loudly: "You pig head, you dare to touch my acupuncture point. I didn't even say a word to my sister." Say, I curse you for the rest of your life, you bastard, you should go to hell....."

"Stop, stop, stop, stop, can't you just stop for a while?" Ouyang Zhengxiong carried her over and held up his chin with one hand. "Can't you just calm down for a while? Don't forget, you are my prisoner now. If you dare to contradict me or make me unhappy again, then don't blame me for being rude." The little princess screamed: "Trash, scum, stinky rogue....."

He used all his strength to free his hand, thinking: Hum, I will kill you one day.

Ouyang Zhengxiong was really fed up and yelled at him: "If you continue to be dishonest, believe it or not, I will punish you tonight? I will teach you what to do as a maid? I will let you sleep with me."

After hearing his words, the little princess was so frightened that if she really did this, it would be okay, so she really stopped. Don't dare to make any loud noise anymore!

Ouyang Zhenxiong looked at him and said with a smile: "Oh, right, this is like a girl. This is the princess of the Chu Kingdom. If I had known this, what would a girl look like if she was noisy."

The little princess was hateful and angry, and glared at him fiercely. His mouth pouted, his little face puffed up with anger, and he turned his head to the other side.

Ouyang Zhengxiong came back from his thoughts and it was time to get down to business. Although I have the little princess in hand, it is not a long-term solution after all, and I am still worried for no other reason. It was just because of the emperor's grandfather, that old monster who lived for more than 200 years, because he was not sure whether the golden arrow she shot towards the ground hit her in the tomb. Maybe he was no longer in the mausoleum at all. Thinking of this, he really wanted to sleep and eat. After the eldest princess Chu Yue left, Ouyang Zhengxiong and the little princess rested in the forest for a while. When his energy was completely restored, he looked around again. , after making sure there was no one around, he took the little princess on the road again. This time, he did not drag the little princess to run with him, but asked her to walk slowly with him, because he was not worried that she would escape halfway. Ouyang Zheng followed him closely

, and the two of them walked. After a while, it got dark, and the little princess Chu Yu repeatedly shouted tired:"I'm so tired, you scum, can you rest for a while? In front of you. There is a small shop, it's cold at night, let's rest there for the night! We'll continue our journey tomorrow."

Chapter 2076

"Okay, okay!"

After Ouyang Zhengxiong left the capital for hundreds of miles, he decided to find an inn to rest for a night. He kept walking and saw a small town. After entering, he booked a room.

"What? One room, you big pervert, what do you want to do?"After he finished speaking, he couldn't help but protect his chest with both hands. After listening to what he said to the waiter, he was immediately frightened and turned pale. With a look of fear on his face, the little princess's voice trembled:"Big pervert, I tell you, don't mess around. Come on, you promised my sister not to let me be wronged or bully me, otherwise my sister and my father will never let you go." After saying that, he couldn't help crying.

Ouyang Zhenxiong looked depressed, he Unlike what the little princess thought, he never thought about what he wanted to do with the little princess, although he always teased the little princess along the way. She was just worried that if they slept separately, he was worried that something bad would happen to the little princess.

Ouyang Zhengxiong, sitting there drinking tea, said calmly,"Little princess, oh, no, little maid?" Be good, go and make my bed."

The little princess stared at him with wide eyes. He has never been manipulated like this since she was a child: "You... tell you, don't even think about it. It's impossible. Sooner or later, I will I will kill you," the little princess turned green with anger, but Ouyang Zhengxiong said unhurriedly: "Hurry up, if you don't want me to mess around, then hurry up and do what I say." After finishing, his eyes were still looking at the little princess.

The little princess was frightened by his look. He walked to the bed very reluctantly, picked up a mat and placed it on the bed, yelling at him: "Okay, you're satisfied now, hum." After saying that, he angrily walked to the other side of the table and sat down. Even though he was angry, his face was still bulging with anger. When

Ouyang Zhengxiong saw this scene, he couldn't help but laugh: "Oops, don't be so angry. I never thought that the princess of the mighty Chu Kingdom could actually make a bed for a villain like me. I, Ouyang Zhengxiong, am so lucky in my life. Also, seeing how beautiful you are and your beautiful hands, I didn't expect this mat. But it is paved like this, really....."

The little princess said angrily: "That's enough, you evil thief, you are so abominable. Ever since I was a child, have I ever been manipulated like this? I've really had enough of you. You are too excessive, too unreasonable, and too wanton." Yes, and let me remind you, don't forget what you said to my sister. If I am wronged in the slightest, I will definitely tell my sister and my father, and you will definitely die miserably."

"Hahahaha, I just want to make you feel a little wronged, how about it? Let me see what your sister can do to me? How capable he can be. Ouyang Zhengxiong laughed, and the little princess was almost crying because of him. She choked and said: "Trash, I tell you, I will definitely catch you. I will take you into the palace, castrate you, and let you go." You become a eunuch." The little princess was really angry.

"Haha, you little princess can't tell that you are still a little witch, coming here to be as ruthless as your sister. But I'm just afraid that you won't have this chance. You just have to be obedient and be my maid for the rest of your life!" What the Truth said calmly, "Okay, I won't quarrel with you anymore. I'll give you the bed to sleep on. I'll lie on the table and sleep all night. Don't argue. I have to be on my way tomorrow." Sima Zhengxiong continued

"No, how can I, the majestic princess of the Chu Kingdom, live in the same room with a strange man? You have to give me a separate room. If I just get out, how can I lose face?"

"It's all about saving face, don't think about it, go to bed quickly, don't push yourself too hard, if you continue to be dishonest, I will sleep on that bed, and you can come directly to serve me." After hearing this, the little princess turned pale with fright, and silently walked to the bed. He lay down on his side.

At this moment, Ouyang Zhenxiong felt a strong sense of uneasiness. Because he had used his mind power to create a barrier in this room before, and he could detect even the slightest feeling. Got it! He always felt that there was a pair of eyes staring at him in the dark, and this person's natural cultivation level was definitely not shallow. But every time he wanted to sense those eyes carefully, he disappeared again! It was really frustrating. He was hard to figure out!!!

Could it be that old monster is chasing me? Ouyang Zhenxiong thought to himself. But he didn't understand, why didn't you, the weirdo, take action? He still didn't understand, so she secretly made a decision.

The little princess was lying on the bed and fell asleep. Her mouth was still bulging, and it was obvious that she was still sulking. Ouyang Zhengxiong walked to him and tapped several acupuncture points on his body. The acupuncture points could make it unable to move. , couldn't speak!

The little princess woke up when he was tapping her acupuncture points. He was scared and panicked. He thought to himself: Is he really going to be unfaithful to her? He was so scared that tears fell down.

Ouyang Zhengxiong's face turned pale. Dignified, he quickly circulated the zhenqi in his body. The zhenqi in his body surged, and the surrounding breath rolled. His snow-white skin was instantly turned into bronze, and golden light surged around him. All the zhenqi in his body moved between his fingers...

Chapter 2077

A more dazzling golden light flickered between her fingers, and the fingertips were actually wrapped in a layer of purple rhyme. The hidden dragon flickered in and out, and the golden light became even more dazzling.

Ouyang Zhengxiong had no time to take care of this. In her ears, he recalled what his father once said to him: "My child, you have to know that the Hidden Dragon Finger is so powerful that it can instantly seal a person's power. The internal power cannot be transferred. It can help seal a person's blood, but it will not let him die, but as long as you want. You can kill him in an instant. If the person who releases this power cannot unblock him in time, it will definitely die. A piece of blood will dry up and die within half a month, so you must remember that it must not be used unless it is

absolutely necessary. Because this fingering technique is endless? If you practice it to the highest level, you can trap gods and become immortals, but remember not to use it rashly, otherwise you will suffer backlash and your vitality will be severely damaged."

In fact, Ouyang Zhenxiong is not sure. With his current state, whether he can successfully use the Hidden Dragon Finger is still a question, but there is no way! The pressure that the old monster put on him was too great, so he could only take the risk! Because if the little princess is taken away, he will have no trump card at all. Only he can unlock the Hidden Dragon Finger. In this case, even if he is rescued, he will beg himself to unlock it, so that he can't be killed. own reasons.

With the flow of his kung fu, he finally combined his hands, and then shot out two golden hidden dragons. Through his true energy, he shot out from both his palms, and finally penetrated directly into the little princess's body. Suddenly, the dragon The sound of chanting came out, and the little princess's body actually emitted an extremely dazzling golden light. This dazzling light actually illuminated the entire room.

In the end, Ouyang Zhengxiong actually collapsed. I just felt waves of sleepiness coming towards him. Her face was pale, and the sweat on her head flowed down her ears drop by drop. He kept holding on because it was too laborious to mobilize this ability. He didn't really collapse to the ground until the hidden dragon entered the little princess's body.

After a long time, Ouyang Zhengxiong recovered some of his skills because the energy in his body could circulate on its own. He was barely able to stand up from the ground, but because he had spent a lot of energy just now, he still felt extremely weak, so he quickly adjusted his sitting posture and meditated to adjust his breath. After two or three hours, he finally opened his eyes..

Sima Zhenxiong secretly murmured:"Finally I can succeed, but I will try not to meet masters these days, otherwise I'm afraid I won't be my opponent. I hope the old monster doesn't have such great abilities, and even my Ouyang family's Hidden Dragon Finger can"Untie"

Since leaving the capital, the little princess has been the only trump card in his hand. As long as the little princess cannot escape from the palm of his hand, he can completely escape from Chu State. When he leaves the border of Chu State, he is no longer afraid. The sky is high and birds can fly, and the sea is broad and fish can jump.

In fact, he has done all this for the little princess. They all know it, but he doesn't know what spell he used on himself. He only knows what spell Ouyang Zhengxiong input into her body! But it can guess that it is definitely not a good thing? , so he was full of anger, so when he saw Ouyang Zhenxiong's weak look, he couldn't help showing a look of gloating.

Ouyang Zhengxiong guessed what the little princess was thinking. He walked over and opened the little princess's mute point and said to her: "Little witch, don't gloat about my misfortune. I tell you, if anything happens to me, you will definitely not survive." What I used on you just now was my Hidden Dragon Finger. No one in this world except me can untie this kind of Hidden Dragon Finger. Not even your father can untie it. Moreover, if it takes half a month If I don't ask you to activate your vitality and blood, you will definitely die because of the withered blood."

After hearing this, the little princess was amazed, her expression changed horribly, and she angrily cursed at Ouyang Zhenxiong: "You scum, you are too cruel, between us There is no grudge, why do you do this to me?, You caught me last time, not me, why do you do this? What other finger-breaking tricks did you use on me?, You are despicable and shameless Despicable people are disgusting and disgusting. They are extremely shameless."

After hearing what he said, Ouyang Zhenxiong shook his head: "Little girl, little girl, I really don't know what your father, the emperor, and the empress are like when you are in the Great Chu Kingdom. I'm telling you, you can be so vicious with your mouth. Let me tell you, if you dare to scold me with vicious words again, believe it or not, I will directly activate the spell, and the Hidden Dragon Finger will activate instantly." After saying that, she stretched out her palm and placed it on me. He slapped the table hard, and the corner of the table was instantly broken by him. Then, he stretched out two fingers and pinched the little princess's cheek hard.

The little princess screamed: "Ah, it hurts, you rascal." He sat down on the stool, put his hands on the table, and fell asleep like this. He was not worried about anyone breaking in, because since his spiritual sense returned, His six senses, even his mind power, and perception have all become stronger, and no slightest movement can escape her eyes. Therefore, he can always sense the moment before danger approaches.

#### Chapter 2078

Since the last battle at Sima Mansion, he has completely become the public enemy of the Chu State. What's more, he has also held the princess of the Chu State hostage. He couldn't help but sigh in his heart: "Oh, things have ended like this." "I didn't expect to offend a country."

Also, Nalan Rubing did not leave with her, and he doesn't know where he is now. Thinking of everything that happened recently, he couldn't help but feel a little dazed. She flicked her finger, and the candlelight next to her was instantly extinguished, and the moonlight at night also spilled in through the window! Looking at the little princess who was already asleep, with her mouth still pouting, as if she was resisting all the unreasonable behaviors she had experienced during the day, Ouyang Zhengxiong couldn't help but fall asleep.

In the palace of Chu State... there were bursts of crying in the palace. The person crying was really the queen. She burst into tears:"My Yu'er, where are you?... Wuwuwu... My child, where are you?" ?"

The emperor's face was also heavy, but he was also advising the queen:"My dear concubine, don't cry, Yu'er, everything will be fine. Ouyang Zhengxiong will never dare to do anything wrong, he knows what the consequences will be, otherwise, I will definitely let him The head is missing."

The eldest princess Chu Yue also stood beside her and advised the queen:"Mother, don't be too sad. I warned Ouyang Zhengxiong last time in the woods, and he has promised that he will not hurt his sister. , and I also warned her not to let her be wronged."

After saying that, he turned to his father and said:"Father, now, several of the strange people in our Chu country have been poisoned, and many of them are temporarily unable to Take action. If we only send ordinary experts to rescue my sister, we may not only eliminate the alarming snake, but also most likely return in vain. If we mobilize experts from other places, it may be too late, so my father, I have a Proposal."

When his father heard Chu Yue's words, his eyes lit up, as if he was thinking about something:"Yue'er, what do you mean?....."

After hearing his father's words, Chu Yue understood. His father knew what he meant:"That's right, I'm asking that senior Zhuge Chengfeng to take action."

After hearing his words, Emperor Chu Han was thoughtful. Although he was the leader of a country, Jun, but the tone of his words revealed a sense of respect for Zhuge Chengfeng. He knew that he was an absolute master:"Although senior Zhuge Chengfeng is an unparalleled master, before that, he was killed by a ferocious beast. Tao Zhu was injured, and the injury was not serious, and he has been in seclusion ever since. Would it be inappropriate to trouble him because of this matter?" After hearing his words, the queen showed a glimmer of hope on her face, and a flash of light flashed in front of her eyes. Liang:"Where is that senior now? Let's go help him heal his injuries! Then let him rescue Yu'er, what do you think?"

The eldest princess Chu Yue said:"Mother, in fact, senior Zhuge Chengfeng has been He was recovering in the palace, but he didn't want anyone to disturb him, so he told me not to reveal any trace of him."

The queen was very happy. She said to Emperor Chu Han: "Your Majesty, no matter what? You must invite Senior Zhuge out. I really can't worry about Yu'er. She will be more dangerous if she stays with Ouyang Zhengxiong for one more minute."

The emperor sweated and sighed and said: "That's all we have to do. It seems that we have to ask him to come out."

The night sky was completely quiet, without a sound. Although he was in the palace, it was still eerily quiet at night. At this moment, everyone was After falling asleep, only the emperor and his family couldn't sleep!

In the inn...

Ouyang Zhengxiong, who was sleeping soundly, had no idea what he was going to face at this moment. At this moment, a blood-red light, like lightning and thunder, came to the small town where Ouyang Zhenxiong was. In the red light, there was a thin body, like an old man. After the red light flashed several times, the figure entered the inn lightly. He walked straight to the room where Ouyang Zhengxiong was, because he had already locked the little princess's location before he came.

The door was pushed open quietly. At this moment, Ouyang Zhengxiong also felt that someone was coming. So the moment she stood up, golden light bloomed directly from him. However, the moment he stood up, the old man slashed him unconscious. And it directly erased its previous memory. When the old man exclaimed, the faint red light disappeared directly. There was no trace where the red light was, as if it had never appeared. The moonlight also disappeared without a trace there. It was black, it was absolutely black, and all the light was absorbed by it.

Ouyang Zhengxiong looked outside the door and found that there was no one there. The golden light on his body slowly faded away. Because there was no longer any sense, it was as if this person had never appeared. Suddenly

, his Houyi Divine Bow and the little princess were both beautiful. When she got up, the sleeping little princess was also woken up because she was floating. As if they were guided by something, they drifted towards the black diameter and disappeared into the dark field. At the same time, the dark field also disappeared.

Chapter 2079

After a long time, after the door opened and closed, the little princess who was sleeping soundly in the room disappeared together with the bow of Hou Yi placed in front of the table.

A few miles away from the town, the red light appeared again and stopped. The faint red light was like a ghost in the dark night. Divided into several portions, it makes people's hair stand on end! The skinny old man in Hong Guangzhong tapped several acupuncture points on the little princess's body. Then he stretched out his hands and nodded a few times in front of her head. His right palm kept slapping him, and then, wisps of red light poured into the little princess's body.

After a long time like this, the people watching watch outside in the distance walked around behind the red light. The old man stopped what he was doing. Due to the infusion of divine power, the little princess fell asleep again, so he carried the little princess on his back and returned to the room where Ouyang Zhengxiong was. A ball of red light was like a ghost. He suddenly appeared in her room again, put the little princess on the bed, and then disappeared again.

In the early morning of the next day, Ouyang Zhengxiong was shocked when he woke up. What happened? Where is my Houyi's divine bow? Why did you seize my sacred bow of Hou Yi? Moreover, his innate perception has completely disappeared, and he has no idea what happened last night. I don't even know who took away his Houyi Divine Bow, but why didn't he take action against her?

If someone wanted to attack her at that time, it would be easy. She was so frightened that she broke into a cold sweat. Fortunately, the person who came was not hostile. Thinking of this, he immediately looked at the little princess Chu Yu on the bed. Seeing that the little princess was still sleeping soundly on the bed, he felt relieved, thinking that nothing happened to him.

After he washed up, he opened the acupuncture points on the little princess and shook her head, trying to wake her up.

"Hate it, who is it? How dare you disturb this princess's rest," the little princess said while rubbing her eyes. When he was completely awake, she looked at Ouyang Zhengxiong who was so close in front of her and pushed him away, protecting her chest with both hands. She shouted in panic: "You scum, what do you want to do? You didn't do anything to me last night, right?"

"Tsk, with your beauty, who can appreciate it? I just asked you to get up." As Ouyang Zhengxiong spoke, he mobilized his internal energy to explore the breath in the little princess's body. He suddenly frowned and thought to himself, what's going on? Someone tried to crack his Hidden Dragon Finger last night, but it didn't work very well. Obviously not successful

"Get up quickly! Just finish washing up quickly." After saying that, he walked out of the room and walked into the yard.

He had been thinking about who was able to come to my room last night without me knowing. To avoid the barrier I set up, he guessed that the person's cultivation level should have exceeded the fifth level, otherwise he would not be able to sense it at all.

"Could it be, is it that old monster? It's not wrong, why is it necessary to be so sneaky? With her ability, there is no need for it." He recalled everything in the past and found that he had always been elusive, always invisible and intangible.

He wondered: Is it possible that the old monster had some plot against him? Otherwise, if he treated his descendants like this, it was I can't help it! But what exactly does he want from me? Is it just Hou Yi's Divine Bow?

"That's not right either! If it was just Hou Yi's divine bow, he could have obtained it by sneak attack when he was in Sima Mansion. So what is it?" Ouyang Zhengxiong was puzzled, but one thing that reassured him was that the old monster probably wouldn't fight with him for the time being, which made him feel relieved.

In the palace... let What Ouyang Zhengxiong didn't expect was that his Divine Bow of Hou Yi would appear in the palace, in the emperor's study room. However, no one knew how he came there. That person quietly sent Hou Yi's Divine Bow. But he didn't want people to know who he was.

The emperor Chu Han, the eldest princess Chu Yue and the queen all stared at Hou Yi's divine bow in front of them with wide eyes and marveled. The eldest princess Chu Yue said to her father: "This What's going on? Why is Ouyang Zhengxiong's Houyi Divine Bow here? Father, did you take it from me?"

Father shook his head: "How is it possible? If it were me, I would not bring Yu'er back. With his broken bow?"

Chu Yue nodded in agreement: "Huh? Father, look, there is a letter under the bow." After saying that, he walked over, picked up Hou Yi's divine bow and the letter, and handed the letter to his father. Chu Han opened the letter suspiciously, and after reading it, His worried heart was relieved, and his frowning eyebrows relaxed. He burst into laughter and handed the letter to Chu Yue.

Chu Yue was very confused as to why his father was laughing, but he took the letter. After reading it, he said happily: "It turns out that it was our ancestor who took action. He went to the mainland for a while. If he is here, my sister will be fine.""

## Chapter 2080

Chu Han said to the queen: "Don't worry now. With grandpa and his old man here, Yu'er will be fine.""

"Well, with his old man here, I feel relieved. I don't know when Yu'er will come back." The queen nodded.

Chu Han said: "It should take a long time for Yu'er to come back. What I'm worried about is that the little I don't know if I can adapt to life outside. It's nothing like the palace. We're here to protect her."

Chu Yueche said, "Father, don't worry. My sister is very naughty. When she's in the palace, she always begs me to take care of her." She went out to play and is riding now, so father doesn't have to worry too much."

Emperor Chu Han said with emotion: "With his old man here, I naturally don't have to worry too much. It's just... I feel a little lonely. Your second brother Wen Feng is also here all the time. Outside, how many years have you not been back? Now the youngest and most naughty one has also left. Among my three favorite children, you are the only one who is still with me. There is less fighting around me, and it feels a bit empty."

Chu Yue was not only a little sentimental, But he still comforted his father and said: "Father, you don't have to be too sentimental. This is their home. One day, my brother and sister will definitely come back, and our family will be reunited, so you don't have to Too sentimental."

Chu Han also said: "Well, that's fine. You also know that your sister is naughty by nature. It's not a bad thing to take this opportunity to go out and practice. He is too naughty. Maybe after this, she may have changed a lot and become more mature." He thought deeply for a while and said: "Now it seems that there is no need to alarm Senior Zhuge, let her continue talking about recuperating! And the most important thing is that your ancestor brought Hou Yi's Divine Bow and this letter. This information must not be disclosed. Do everything possible to block the news of Ouyang Zhenxiong's commotion. Never let others know, especially It has spread to the ears of other monarchs."

The little princess Chu Yu and Ouyang Zhengxiong had been on their way. At this moment, the little princess seemed to have discovered something. She seemed to have discovered that Hou Yi's divine bow on Ouyang Zhengxiong was missing. So she couldn't help but ask him, but Ouyang Zhenxiong ignored him and didn't want to tell him at all. But, who is the little princess? There are one hundred

thousand famous ones, why, so he kept asking in her ear, Ouyang Zhenxiong kept asking, and Ouyang Zhenxiong was tired of him!

The little princess thought for a while, and it seemed that Hou Yi's Divine Bow was not seen after they came out of the inn, so she decided, Ouyang Zhenxiong, I must have hidden it in the inn, or gave it to the waiter for safekeeping.

In fact, the little princess knew nothing about what happened that night. Although he was awakened at that time, the old man with the red light also That memory of hers was erased.

As they were walking, they saw Ouyang Zhenxiong walking absent-mindedly. He couldn't help but sarcastically said:"Haha, looking at the scum, looking so preoccupied, I must be scared. Bar? , I tell you, if you are scared, go and release this princess quickly. If this princess is not happy, I will save you from death."

Ouyang Zhengxiong turned and looked at him:"I'm afraid of your size. What's there to be afraid of?"If I were afraid of you, I wouldn't have caught you in the first place," he said and hit him twice on the head.

The little princess's weak body was so painful that she burst into tears after being hit by him twice. He shouted:"It hurts! , hum, failed, one day you will fall into my hands, I will make your life worse than death."

Ouyang Zhengxiong, at this time, turned around and walked to the little princess, putting a hand on the little princess's shoulder , said to him seriously:"Little girl! You know, wishes are always beautiful, the process is tortuous, the reality is always cruel, but the result is even more impossible. Oh my, you poor child, wake up, every girl has a heart in her heart Always full of fantasies and longings, that day will never come." After saying that, he stood with his hands behind his back like an old man and walked in front!

The little princess was really hateful and angry, but it was a pity that his power was blocked by him, and his body was still She cast a spell and said angrily:"Tell you evil thief, don't be complacent. One day, you will pay the price for your actions. I will definitely make you regret it."

But Ouyang Zhenxiong laughed and said:"Little Witch, stop your wishful thinking! That day will never happen."

Along the way, the two of them were quarreling non-stop. Where was the little princess? While he was bickering, he tried his best to escape, but none of them succeeded.

What about the beginning? Ouyang Zhenxiong kept While holding the little princess hostage and riding away, she discovered that the little princess was so beautiful that she always attracted the attention of many people along the way! But this was not possible. If someone recognized her, she would be the little princess Chu Yu. If so, wouldn't his whereabouts be exposed? So, in order to avoid unnecessary trouble, they decided to take a carriage. At the same time, Sima Zhenxiong rubbed a lot of dust on the ground and wiped it on the little princess's face when she came out of the bath.
