Chapter 2081

"Bad guy, what are you doing? Why are you staining my face?"The little princess exclaimed,"It's okay, you are too beautiful. I'm afraid of attracting attention. If you are recognized by someone you know, that wouldn't be good!"The little princess argued for a long time but refused to do it. In the end, she had no choice. Under Ouyang Zhengxiong's intimidation, he still agreed.

A few days later, Sima Zhenxiong used the Hidden Dragon Finger that consumed his strength. His weak body finally recovered, and he let out a long sigh. Don't be afraid, he should be able to handle it even if he meets a few high-level experts now. As they were on their way, there was really no one along the way. It must be the old monster following him. After sending Hou Yi's Divine Bow back, he notified Chu Yue. Therefore, the masters from Chu State did not follow him. Since they did not follow him, it is very likely that it is the old monster. He followed him, and he thought about how scary the old monster was, especially what he did to him last night. He felt a chill in his heart. Fortunately, the old monster didn't have much hostility towards him. If he really She really couldn't imagine that she had any plans for her!!!

Ouyang Zhengxiong held the little princess hostage along the way, so he traveled westward without any hindrance, and the emperor did not send anyone to chase him. Even when he made a fuss with Sima Ouyang Zhenxiong was a little surprised that he didn't even mention anything about the affairs of the government!!

"Little witch, let me tell you something. Both your princess sister and your emperor father have abandoned you. Look, not only has no one come to rescue you along the way, but even the news in the capital has been blocked. It seems, Your princess sister and your emperor, I plan to give you to me, hahahahaha," Ouyang Zhenxiong said to the little princess.

The little princess sat on the carriage, with her back to Ouyang Zhenxiong, and glanced at him sideways, He said to him:"Tch, you stinky villain, what do you know? How could my sister and my father not come to save me? As for blocking the news, you are even more ignorant. You can't even see such a simple thing. You have the nerve to imitate others' kidnapping, and you have the nerve to talk nonsense here, huh!"

"Haha, you don't know that in their eyes, the reputation of Chu State is much more important than you, the little princess. Otherwise, why would they only remember to block the news and ignore you?"

"Humph, let me tell you, this princess will never explain to you, a despicable, shameless, and obscene villain."

"Don't you want freedom? As long as you are willing to listen to me, I will give you your freedom."

"Are you lying to children?" The little princess turned around and stopped looking at him.

As they were on their way, Ouyang Zhenxiong kept instilling slave education in her, but the little princess didn't give him a good look and ignored him every time.. So she wants to turn the little princess into an obedient maid. This thing is probably difficult to achieve. In fact, she also knows that it is very difficult. After all, she is a little princess of a country. How can she be willing to be someone else's maid? ?

More than twenty days after arriving, Ouyang Zhengxiong and the little princess arrived at Dancai City. On this day, there were two roads in front of them, one of which went all the way to the west, which led to the motherland. The western border, and the other one, this one goes straight south, which is hundreds of miles away, and then turns to the west, and then passes through the southern part of the continent and enters the mountains, where there is a demon city, which continues Heading to the Southern Continent.

Ouyang Zhenxiong stood in the middle of the square of Dantai City, looking at the lifelike statue in the middle of Dantai City. He couldn't help but sigh with emotion: You know it would take him thousands of years to understand why his strength is always so low. Although I advance, I retreat very quickly. It turns out that all of this is due to the goddess in my heart.

Dan Taixuan, when my martial arts breaks through in the future, you will definitely pay a heavy price. I will definitely It will make you fall into the world.

The little princess heard what he said on the side, and was struck by the insinuation: "You are just a daydream, and you actually want to blaspheme Fairy Danmo? Is that within your reach? Ah, dear Fairy Tan Moss, please show your spirit quickly! Let's punish him with lightning quickly, let him die without a burial place."

After saying that, she saw Ouyang Zhengxiong raised his hand. At this moment, the little princess reflexively covered her forehead with her hands, because these few days God, Ouyang Zhenxiong hit her on the forehead many times, but this time Ouyang Zhenxiong didn't hit her, but pinched his nose and said: "If you dare to talk nonsense again, believe it or not, I will pinch it." A pig's nose? The little princess screamed in pain: "

Oh, you evil thief, let go now?" "He really didn't expect that Ouyang Zhenxiong would turn around and pinch his nose.

Ouyang Zhengxiong took his hand back, smiled and said: "It feels pretty good, haha."

Chapter 2082

They stayed in Dantai City tonight. On this night, the hidden dragon finger in the little princess finally broke out. Her face turned pale, and every inch of her skin was bright red, full of bloodshot eyes, and the blood in her body It's also running constantly, my head hurts, and my body is heating up, as if the blood in my blood is boiling.

"ah! It feels so uncomfortable. I failed. Please untie those fingers of yours for me. I really can't stand it anymore." The little princess screamed in pain. Because her body was constantly heating up and it was unbearable, she fell on the bed. , kept rolling, trying to relieve the pain. But it was not that easy.

After Ouyang Zhengxiong saw it, he quickly walked over, tapped him a few times to stop him from moving, and then helped him up. , sitting on the bed in a meditative posture. Injecting Qi from his back, this sincerity slowly suppressed the temperature in his body, and the temperature in his blood temporarily returned to normal, but other pains were still there. He stretched out his hands and rubbed her spine, and streams of golden light were injected into the little princess's body. It continued like this. After about an hour, the pain finally disappeared! In fact, this was also Ouyang's body. Zhengxiong untied the Hidden Dragon Finger for the first time, but the effect was quite obvious, and the little princess slowly fell asleep. After about a quarter of an hour, the terrible symptoms of the Hidden Dragon Finger slowly subsided, and Xia Qiao's expression returned to normal, and he also woke up

"You scum, I will fight with you." Although the little princess could not turn her internal power to attack Ouyang Zhenxiong, he bit him directly with his teeth.

"You bite me and I run away, but I can't bite you. You kick me, but even if I hide, you can't kick me. Haha, I can't catch it, I can't catch it." In the end, the little princess bumped her head directly against Ouyang Zhenxiong, but Ouyang Zhenxiong blocked it with one hand, and he could only keep waving his two hands.

Facts On the show, Ouyang Zhenxiong never used his power. He just used his normal strength because he was worried that once he used his power, he might hurt the angry little princess. In fact, he didn't want to hurt her. In his He used the Hidden Dragon Finger on his body just because he was worried that the Emperor of Chu would kill him. He had to leave a way out for himself, because

only he could unlock this Hidden Dragon Finger. After a lot of effort, he finally The little princess is uniformed

"Please untie me quickly, I almost died from the pain"

"Don't think about it. Only I can untie the Hidden Dragon Finger in this world, and it will attack every ten days and a half. You have also seen the consequences. If I activate your menstrual blood in advance, I will send you the wrong message. It will all be as painful as today, so you have to be obedient and listen to me, otherwise you will know the consequences," Ouyang Zhengxiong said

"Go to hell, the devil will believe you, and you are the only one who can untie it." After saying that, the little princess slammed the pillow against him. She sat on the bed with her chin supported on her hands, and after a while she ran to wash up..

Ouyang Zhengxiong thought: It seems that his maid plan is going to go to waste again. This little princess is not easy to train at all.

When dawn breaks, Ouyang Zhenxiong and the little princess once again set foot on the road to the capital of hell. , after leaving, he looked back at the white jade statue in Dancai Ancient City, until Dancai Ancient City slowly disappeared from her sight. The road they took ran through the east and west, and the trade economy on this road It has the most tourists coming and going every day, and everyone is doing business on this road. Therefore, it is not quiet on this road, and there are huge crowds of people every day. After a long time, I slept and ate in the open air along the way. After trekking through mountains and rivers, they finally arrived at Dead Front City, the western gateway of the Chu Kingdom. This city was tall and absolutely solid, and ordinary people generally couldn't fly up to it. Moreover, the terrain here was so dangerous that one man could guard the gate and ten thousand men could not break it. It is regarded as a choke point on the road between the East and the West.

In fact, the name of Wangshoufeng City has a very long history, and it is also a place with a story.

According to everyone's legend, the first Deathfront City here was just started. The East and the West are at war. After nearly ten thousand years of historical changes, the city has been updated for countless generations. The Dead Front City in front of us was built about a thousand years ago. After a thousand years of war, it still has not fallen.. Until today, the address has not been changed, but it has been increased dozens of times on the original basis, which is why we have the current Dead Front City.

Although in modern times, thousands of years ago, large-scale wars rarely broke out, but from ancient times to the present, in every dynasty, the Dead Front City has been regarded as a strategic military location and a battleground for military strategists. It is always heavily guarded. In today's peaceful era, although the number of troops is far less than before so much, but not much. It is enough to protect the safety of the city. Now the army in the city also mainly checks the merchants coming and going to check whether they have any prohibited items? There are rarely wars.

Chapter 2083

Before Ouyang Zhengxiong entered Dead Front City, he gave an "explanation" to the little princess. What kind of explanation was this guy? He was clearly a threat. He threatened him. If he met the inspection soldiers, he must cooperate well. Don't leak any flaws, otherwise, if discovered, Ouyang Zhengxiong will be in big trouble.

At the beginning, the little princess did not want to cooperate and sneered: "You are the only one who wants me to cooperate with you and make your dreams come true. I will never play tricks with evil people like you."

But Ouyang But Zhenxiong threatened her: "If you are not honest and cooperative, I will disfigure you. And didn't you suffer from my Hidden Dragon Finger? I will cause him to have an attack in advance again," she thought. She had no choice but to compromise when he was suffering from the Hidden Dragon Finger attack. Not to mention being disfigured, that's okay, I'm the princess of the great Chu Kingdom.

The little princess could only agree to him bitterly, and the two people came to the city gate. Sure enough, when they first entered the city, Ouyang Zhengxiong and the little princess were strictly interrogated. But it didn't matter, because before that, Ouyang Zhenxiong had already made enough preparations and made up some nonsense. He said that the little princess was his wife and he was about to take him out for medical treatment. Because she was infected with the cold, the little princess also pretended to be weak, too sick to stand up, just like that. The officials saw how pitiful they were and let them go!

Of course, there was an episode. Although the little princess's face had been covered in dust by Ouyang Zhengxiong, her natural beauty was difficult to conceal. In the midst of this, a gatekeeper official was rude to her. As a result, he was so angry that he almost went crazy. "He thought it was over, it was over, was he about to be discovered? So he threw down a few gold coins. In response, he told the officials in a low voice, and ran away with the angry little princess."

In fact, if it weren't for not wanting to be discovered, Ouyang Zhenxiong almost couldn't help but get angry! But she still held back because she didn't want anything to happen at this juncture?

Although the terrain of Dead Front City is dangerous, it is a battleground for military strategists, and it has been devastated by tens of thousands of years of war since ancient times. But the city is still very prosperous, crowded with people, and children are chasing after each other. It's hard to tell that this was a place that was once devastated by war. In this city, there is a particularly popular occupation, that of mercenaries.

But the job of a mercenary is not to fight, but to protect safety, because behind the Dead Front City, there are endless mountains, and there is a small road there, which leads directly to the Western Continent. On this small road, there are many bandits who specialize in robbing passers-by. Not only that, there are even some jackals, tigers, leopards, birds and beasts, so people who come and go on this road usually go together, but if you go together, for the sake of safety, you will still hire some mercenaries. Ensure the safety of life and property.

So the little princess and Ouyang Zhengxiong also decided to hire some mercenaries. They came to the mercenary union. There were many people there, some of them were mercenaries, and some were businessmen who came to hire mercenaries. It was noisy and it's noisy, and there are many notices posted on the wall pillars. They are not recruitment posts from previous generations, waiting for the mercenaries to claim them. Of course, the tasks are not necessarily certain. Some are to be bodyguards for others, and some are to explore some scary places.

I also took a look around and saw on the notice that the most expensive task at present was to capture the ferocious beast Taoqi in the Luofeng Mountains. Her eyes widened. Someone actually paid half a million gold coins. She heard the people there say, "Young man, although there are many people who have taken on this task, there are not any mercenaries, not even a mercenary organization." If it succeeds, many people will be injured by the ferocious beasts, or even killed directly, and everyone will never return, so everyone generally will not take this mission." Ah, with the lessons learned from the past, who would want money rather than their lives?

I learned from local people that the bosses who come here are usually going to the Capital of Hell or the Western Continent. If you want to protect your safety and deal with thieves on the road, you must also protect yourself from birds, beasts, jackals, tigers and leopards. Ordinary mercenaries are not enough, so they are often a group of people with the same purpose and spend a lot of money to collectively hire a mercenary group.

At this moment, a ferocious-looking, bearded man came over, holding a big knife in his hand, and said to Ouyang Zhengxiong: "Hey, brother, do you want to find a mercenary as a bodyguard? Let's see how I do. ? Choosing me is an absolutely wise choice. Do you know who the king of mercenaries is in the world? That's right, it's me. With my escort, you will be absolutely safe along the way, no matter if it's thieves or wolves, tigers and leopards on the road, I will never hurt you."

When the people next to him heard what he said, "Oh, you are still the king of mercenaries. If you are the king of mercenaries, then I am still the god of mercenaries!!!" There are many people. The voice sounded: "Little brother, I am who I am"

Chapter 2084

After hearing what they said, the big man said to them: "Don't argue, don't argue. It should be said that I am the future mercenary king. But with my current ability, there is absolutely no problem in keeping you safe. How about it?" Little brother, do you think about it?"

Ouyang Zhengxiong has lived a long life and has seen countless people. He can see at a glance that this big man is indeed a strong man, and his cultivation has reached a certain level. Such a cultivation level He was considered a very powerful person, but he didn't understand why such a person would be willing to be an ordinary mercenary.

"Brother, how's it going? Have you decided yet? Although I have just arrived here not long ago, I definitely stand out from the crowd here, a small miracle that will definitely keep you at ease along the way. Even if you don't think about yourself, you should also think about the little lady next to you. By the way, your little lady wipes her face dirty, but a discerning person can still tell at a glance that this is an excellent woman. Beauty, aren't you afraid that your little lady will be molested by others on the road? You must know that it is very dangerous if no one cares about your safety outside Dead Front City." The big man said it clearly.

Ouyang Zhengxiong was deep in thought, but the little princess next to him shouted angrily: "Big Beard, what are you talking about? Who is this scumbag little bitch? If you dare to talk nonsense again, be careful, I will chop off your head, hum!"

The big man smiled naively and said, "The little girl is so fierce!" Oops, it's really awesome!" After saying that, he turned his head to Ouyang Zhengxiong: "Brother, why can't you do it? You haven't got it yet, the one near the water and the tower will get the moon first. You have to take it down when it's time to take it down, and you have to take action when it's time to take action, otherwise you will regret it if you are abducted by others. After passing this village, there is no such store."

Ouyang Zhengxiong said to the big man with a smile: "Brother, that's not the case, this is just a little maid of mine."

The big man glanced at the little princess in surprise, and then said to Ouyang Zhengxiong: "Brother, you can do it! When will you teach me this skill?"

After listening to what her big man and Ouyang Zhenxiong said, the little princess was furious. Facing these two bad men, he was so angry that he grabbed the teapot on the table next to him! He

shouted at them After throwing it over, Ouyang Zhenxiong and the big man quickly hid aside! I avoided the scalding tea and the teapot, but the people next to me were not so lucky! Several people next to me were directly drenched by the scalding tea. , causing them to scream in pain and jump up to ten feet high from the ground! There was a lot of curses in the mercenary guild. Seeing this, Ouyang Zhengxiong picked up the little princess and ran outside without saying a word.. He was running and scolding on the road:"You little witch, look at the good things you have done."

When the big man just saw this, he also ran out and shouted at Ouyang Zhenxiong:"If only two people go on the road, , you are really in danger. If you hire me, I will absolutely guarantee that you will have a safe journey."

Ouyang Zhenxiong stopped and gasped and said:"Brother, we are going to the capital of hell, are you sure? Can one person protect us? I heard there are a lot of thieves on this road."

But the big man said:"It is more than enough for me to deal with the gangsters on the road, and we are not on the road alone. Just when the little girl splashed us with water, a group of businessmen hired I have formed a mercenary group, and I know their leader very well. We can go on the road with them! There is strength in numbers, and working with them will keep you safe."

Actually, if it was just Ouyang Zhenxiong, with his ability, he wouldn't be afraid of just dealing with the gang of thieves on the road. But there was a little princess beside him, so he didn't have much confidence! He saw He glanced at the little princess, but the little princess glared at him fiercely! For the sake of safety, Ouyang Zhenxiong decided to go on the road with the mercenaries and businessmen!

"Well, brother, if you are ready tomorrow morning, we will come here to find you." Ouyang Zhengxiong said,"Haha, no problem, I will wait for you here tomorrow morning, that's settled."The big man laughed. After saying that, she pulled the sulky little princess and ran out, because he was worried that the mercenaries in the union would catch up!

Ouyang Zhenxiong and the little princess returned. In an inn they had booked before, the little princess looked unhappy. She asked Ouyang Zhengxiong:"Stinky thief, you are going to leave the border of Chu Kingdom soon. When are you going to tell me what kind of accusations you used against me?" , cancel"

"What's the rush? We haven't reached the capital of hell yet, let's talk about it when we get there!"

Ouyang Zhenxiong said impatiently

"What, you evil thief, have you forgotten what you told my sister? You said you would let me go as soon as I left the border of Chu State, but now you are leaving soon and you don't plan to let me go yet! Let me tell you, if you don't let me go, my sister will definitely issue a killing order and transfer all the power of the Chu State to me to hunt you down. Your end will be miserable. Also, who is your little wife? ? Don't take advantage of me in the future."

Chapter 2085

Ouyang Zhenxiong laughed loudly and said: "Whether you let you go or not, it's the same fate? Do you think if I let you go, your sister won't kill me? Since it's the same result, instead of letting you go, why not?" Why don't you stay with me and be my maid! As for the little lady that the big man mentioned, I didn't say it. Why are you so anxious with me? Besides, you hit them with a hot water bottle, which almost made it impossible for us to get out. "Coming" he said, which frightened the little princess! He said to Ouyang Zhengxiong in a trembling voice: "You, you, you, you scum, you can't break your promise! Could what you said be true? We have no grievances in the past, and we have no enmity recently. Although something happened between us before Diudiu... was unhappy! But that... was just a misunderstanding! And it's been so long, how can you be so petty? Are you going to... take revenge on me now?" There was a snap.

Ouyang Zhengxiong reached out and touched his sleeping point, then picked her up and put her on the bed. He sat in front of the table! She began to think deeply. Ever since that big scene, she had always been afraid of that old monster she had never met before. She didn't know what her purpose was. But he always felt that it would be safer to keep the little princess by his side. He had determined that the person who took away his Houyi Divine Bow that night and the person who tried to break my Hidden Dragon Finger was the old man who had lived for a long time. monster. But despite the old monster's monstrous strength and terrifying cultivation, the old guy should not be able to unlock her Hidden Dragon Finger. Thinking of this, he not only sighed, but was grateful for the exquisite Xuan Gong passed down by his family.

Soon, on the second day, Ouyang Zhengxiong brought the little princess to the mercenary union on time. The little princess looked around to see if what he did yesterday had aroused the anger of the mercenary union people! Obviously not, he was relieved!

It was the big man again. He saw Ouyang Zhengxiong and the little princess approaching, waved to them, and shouted loudly: "Hey, brother, here!" The little princess caught sight of the big man and gave him a big white eye! The big man understood why he rolled his eyes at him, thinking to himself: The little girl is too vindictive!!! He smiled nonchalantly.

Taking a look at the mercenary group responsible for protecting the caravan, he calculated that there were a total of 116 people in this mercenary group, and one of them should be their deputy leader. The old magician and the remaining one hundred and fifteen people seemed to be warriors.

He took another look at their leader. Their leader was a middle-aged man about 40 years younger. He has a round head and piercing eyes. He gives the impression that he is very shrewd and experienced at first glance. What is more eye-catching is that there is a huge figure behind him. Ouyang Zhengxiong takes a closer look. , it was a Dinglong. This dragon looked extremely ferocious, about six feet long. The scales on his body shone unusually under the sunlight, and he looked ready to attack at any time.

Did the big man see what Ouyang Zhengxiong was thinking? She patted Ouyang Zhengxiong on the shoulder and said:"How is it? Look, this one is a magician, this one is a Dragon Knight, and of course, plus me, the mercenary king, oh, no, it's the future The mercenary king, with this lineup, do we still need to kill those thieves on the mountain? This road is absolutely smooth."

After Ouyang Zhengxiong read it, he said to the big man:"Then what is the price? You or Let's make it clear first, lest you open your mouth to us lions when you arrive at your destination."

The big man said again:"No, no, no, brother, you two, each of you will get a hundred gold coins, and we will give you a discount for the two of you. One point, that's it, you guys have one hundred and eighty gold coins!"

Ouyang Zhenxiong said to him with a shocked look on his face:"What are you talking about? You need money so much, why don't you just go and grab it? You have to know, ten gold coins are enough. One hundred and eighty gold coins are enough for an ordinary person to live for nearly a month. What do you think? Besides, you are just escorting us for a ride, and you actually offer such a high price." The big man said again,"Then one one hundred and fifty"

"No, sixty gold coins," Ouyang Zhenxiong bargained.

"one hundred and twenty"

"eighty"

"No, it's too low. The price is one hundred. If it doesn't work, forget it!"The big man said to Ouyang Zhengxiong

"Okay, deal, just one hundred." Ouyang Zhengxiong agreed, and immediately paid the big man a hundred gold coins.

At this moment, the regiment leader came over, faced the big man, and said to him: "Guan Hao, it's not a good idea for you to do this! You have already received employment payments from six people, why are you bringing two more now? What do you want your brothers to think? Although you have helped us before, if you keep doing this, bringing so many people behind us, the brothers will have objections. This cannot continue! Guan

Hao scratched his head and said naively: "Captain, we won't do it anymore. These are the last two people. This is the last time. Just do your best!"

Chapter 2086

The group leader nodded helplessly and said: "Okay, we agreed, this is the last time, we won't do this again."

Guan Hao nodded fiercely and said quickly: "Okay, okay, or else"!

After Ouyang Zhenxiong heard their conversation, he was shaking with anger and said, "Holy shit, liar, please pay me back." Guan

Hao scratched his head in embarrassment and said, "Well... there are a lot of people, but I absolutely guarantee that you are safe. , you are not at a loss!"

The little princess murmured beside her: "These two people, huh, one is a trash scum, and the other is a charlatan. Sure enough, there is no good person here."

Ouyang Zhenxiong glared at the little princess fiercely. , suddenly, as if thinking about something. He turned around and said to Guan Hao: "It doesn't matter if you don't refund the money. I have one condition. You can absolutely guarantee that we will be sent out of the city safely. Also, let this little girl keep silent when we leave the city. Get him out, he's very annoying."

At this moment, Guan Haoguahao slapped her head hard. Her eyes widened and she looked at Ouyang Zhenxiong: "Wow, brother, can't you see that, you are still a human trafficker."

"Stop talking so much and pay back the money."

"Hehe, just kidding, just kidding! That's all very easy to do, isn't it just getting out of the city? With us here, what do you have to worry about? As for keeping him from making a sound, wouldn't it be

enough to touch her mute point? Just put it in the bag and put it next to the goods," Guan Hao said unhurriedly.

At this time, the little princess was so angry that her eyes widened. If eyes can kill, then Ouyang Zhengxiong and Ouyang Zhengxiong Guan Hao and the two of them were absolutely riddled with wounds. He roared at them:"You guys....."

Snapped.

Before the little princess could finish speaking, Ouyang Zhenxiong clicked her acupuncture point with a snap, then turned around and asked Guan Hao next to him:"Are there any women traveling with these merchants?"

"have"

"Well, let's just put it in the carriages of those women. I'm really worried that a body as fragile as hers might be crushed by the cargo. That would be troublesome."

"No problem, I'll go do it now."

There were a lot of these merchants being escorted. There were three to four hundred men, women, old and young in total. Among them, there were more than twenty horse-drawn carriages alone. , plus a mercenary group of 116 people, so this team is huge and looks very spectacular, so the thieves should not dare to attack them.

As for the little princess, he was tapped on his acupoints, and she He was arranged to join several female relatives in the motorcade. Because his acupuncture points were tapped, he could not speak or move his body. He could only lie quietly in the carriage.

There were several others with him next to him. He observed the little princess and said,"This little girl is so beautiful. Maybe she is sick?" Otherwise, why would it be motionless? But I have never seen such a beautiful woman"

"Yes, she is really beautiful." Several female relatives nearby also praised in unison,

"But how could such a beautiful little girl get her face so dirty?"A few women asked

"But to protect yourself! Who knows what will happen along the way? This is safer! She is really a smart girl." Everyone agreed with what he said

"Wow, I really can't help but want to touch his cheek." After saying that, one of the maids stretched out her hand and gently touched her smooth cheek a few times, then more and more, and more. Everyone was stroking the little princess's cheek, and one of them couldn't help but exclaimed: "It would be great to have such a beautiful daughter!", "Yes, she is not only beautiful, but also very cute." There was endless praise.

Finally, a female family member found out and said strangely: "What's going on? Is this girl's illness getting worse? Why is he breathing so heavily? And it felt like an angry voice."

After he finished saying this, their group quickly arrived at the city gate. The gatekeeper officials stopped them and asked them about their destination! The group leader communicated with them. After a while, in the end, the Tang guests took out dozens of gold coins and gave them to the officials, so the soldiers who were interrogating did not stop them too much, let alone disturb the women. This was the case for Ouyang Zhenxiong and the little princess. was taken out of the city.

Chapter 2087

It wasn't until a long time later that they were far away from Dead Front City. Ouyang Zhengxiong climbed into the car of the female family members, took him out, and opened the acupuncture points on his body. As soon as he could move, he ran out jumping car. He ran into a small forest far away from the carriage, with Ouyang Zhenxiong following closely behind. He doesn't know what the little princess wants to do? At this time, the little princess screamed loudly at the woods nearby! It seems that he is venting the depression in his heart just now

"Hahahahaha" Ouyang Zhenxiong couldn't help laughing when he saw the little princess's funny look.

"You stinking garbage, don't laugh, please untie me quickly. What kind of fingering techniques are you talking about? Please let me go quickly."

"Dreaming, stop thinking about it, it's impossible."

Hearing the little princess's scream, Guan Hao couldn't help but walked over. He said to the little princess and Ouyang Zhengxiong, "Little girl, don't scream! If your cry attracts wolves, that would be bad. Even if it doesn't attract wolves, it would be even worse if it attracts thieves."

"You...you are not a good person, Husband, don't you want money? I'll give you money, and if you do me a favor and kill this stinky trash, I'll give you one million gold coins. How about that?"The little princess said to Guan Hao, he wanted to instigate rebellion against Guan Hao

"Wow, so much, one million gold coins. Which landowner's daughter are you from? So rich! However, although I love money, a gentleman loves money and gets it in a proper way. In the world, morality relies on two words to walk, so I will never dare to accept your ill-gotten wealth."Guan Hao puffed up his chest and said seriously!

"Humph, you liar, you money-obsessed person, you actually have the nerve to tell me that a gentleman loves money in a proper way? Otherwise, as long as you help me kill him, I will give you another 1 million gold coins. How about that? No, 2 million." The little princess sulked and continued! Although he knew the chance was slim, she still wanted to give it a try!

Ouyang Zhengxiong really couldn't listen anymore. He ran to the little princess and made a thump. Two fingers tapped the little princess's head twice and said to her:"Little witch, you are really good! You actually dare to find someone to kill me in front of me. Do you think my knife is not sharp enough? Or do you think you treat me like air?"

"Wuwuwu...you stinking garbage that kills a thousand people, sooner or later you will go to hell." The little princess covered her head and cried out in pain while saying to him!

Ouyang Zhengxiong laughed loudly:"Amitabha, the Buddha said If I don't go to hell, who will?"After saying that, he closed his hands and put them on his chest! He looked like an eminent monk, but his hair was different!

"Tsk, then why don't you go to hell?"

"Isn't this not yet a Buddha? After saying that, he laughed

"You shameless scum, trash, huh..."

In fact, the soup customers and the mercenary group were used to their bickering. They stuck their heads out and looked at the two of them! They were not very surprised, because In the past few days, and even now, listening to them quarrel seems to have become a habit. It seems that they are not heard, and that is why they feel uncomfortable! If one day they hear that these two people are not quarreling, everyone will be surprised.!

On this road, it connects the east and west continents. This road stretches endlessly, passing through the mountains, and the road is winding and sometimes difficult to walk, because sometimes it not only has to pass through caves, but also Halfway up the mountain, the mercenary group and merchants were wading through mountains and rivers in the vast mountains. The little princess didn't care. If he was tired, he could sit in the carriage. If he didn't want to do it, he could come down and walk! However, Ouyang Zhenxiong would not let him wander around. First, he wanted to prevent it from encountering any accidents, for fear that he would slip away while he was not paying attention.

The little princess would make noisy noises on the road every day, and everyone was already used to it, whether it was in class or not. We are still mercenaries. They all think that the little princess and Ouyang Zhengxiong are husband and wife, and it is normal to quarrel! But the little princess's mood is not so low. After the quarrel, she lay down in the car for a while, and then came out to take a look. , in these endless mountains, they are lush all year round, with all kinds of wild flowers and grasses. The little princess has never heard of all kinds of situations in the mountains, let alone seen such exotic flowers and plants, which attracted his attention the most. Those small birds and beasts were the ones he kept, because he stayed in the palace all year round! He could never see such wild ones!

On the way, he saw a rare wild flower and wanted to pick it, so it was inevitable to have many bright wild flowers in his hands. , and often has a lot of wild fruits in his mouth, but every wild fruit he eats cannot pass Ouyang Zhengxiong's control. If they eat any poisonous wild fruits, they don't have an antidote with them. What to do? Sometimes she would scream in surprise because she saw special animals during wildfires! Just like a little girl!

In the process, he also had a lot of fun, beautiful scenery, delicious wild food Fruits and colorful journey made the little princess forget that she was still a prisoner!

Chapter 2088

It has become much more settled, and she no longer feels that such a journey is a torment! He even feels that this kind of traveling life is a kind of enjoyment. This is entirely because he has stayed in the palace for many years and left the palace for the first time. He felt this way!

There will always be many hiccups along the way! For example, a few groups of thieves did appear on this road! But those great gods were really unsightly, and it felt like they were here to die, attacked by powerful first-order magicians and the terrifying earth dragon! He was beaten to the point of retreat and fled in despair! So that rabble was quickly wiped out!

But someone was unhappy. The little princess on the road always wanted to watch the fun, but she was chased away before she could see enough people. This made her very dissatisfied! She thought

to herself that it would be best to beat Ouyang Zhenxiong to death. Humph, who asked him to do this to me? And it was no use scolding those thieves loudly, but what a coincidence, this sentence was heard by everyone present! The businessmen and the mercenaries of the mercenary group looked at each other in confusion. Some of them dug their ears again and again, and for a time they suspected that they heard wrongly! There is something wrong with my ears.

When Ouyang Zhenxiong heard this, he immediately turned black! When the little princess was not paying attention, he picked up a small stone from the ground, flicked his fingers, and the little princess groaned in pain. The businessman and the mercenary group came back to their senses and exclaimed that this little girl is indeed unusual. What's going on in your head is different from ours! Some people even doubted whether this guy was working with those thieves!

At the beginning, it was relatively safe. There were no powerful divine dragons or ancient giants, only some magic beasts appeared, but these were far from enough. When they first appeared, the bearded Guan Hao killed them immediately. It was solved, so the group leader, deputy group leader, and the others basically didn't take action!

Whenever a monster is eliminated, they will take out the magic crystal core from the monster's body. However, whenever the magic crystal core of the World of Warcraft is taken out, the little princess's voice will always be heard from the side: "This money-greedy guy is so cruel." This made Guan Hao feel very depressed. Who is this guy on?

Ouyang Zhengxiong couldn't help but say that along the way, the leader of the mercenaries, who had the largest number of magic crystal cores obtained by Guan Hao, couldn't stand listening anymore. He ran over, came to the little princess, and explained to her: "You don't know that Guan Hao is not greedy. There is a Kamikaze Academy in the capital of hell, where you can learn the most advanced techniques. However, the tuition fees at that academy are a bit scary, but Guan Hao wants to go in and study. Everyone also supports him very much, so he has no choice but to find ways to make money on the road!"

The little princess curled her lips and said: "Tch, don't tell me, you don't know that Shenfeng Academy only recruits strong people in the youth stage, you look at you, you are quite old, forty at least! You are so old, so don't join in the fun! They won't want you if you go." Guan

Hao was furious when he heard what he said. He said: "What? Who said I'm old? Who told you I'm forty? Shandong University rules that anyone under thirty years old can enter and take the test. I'm only 29 years old this year." The little princess stared wide-eyed. He looked at him with closed eyes, like looking at a rare animal: "Oh my god, you are twenty-nine years old, who are you lying to? With your big beard, no one will believe you even if you say you are forty."

Guan Hao was depressed after hearing this Incomparably, he ran to the side and borrowed a razor. He quickly shaved off his beard and stood in front of the little princess again! The little princess looked at her and said,"She looks a little younger like this."

After Ouyang Zhengxiong and the little princess learned about Guan Hao's situation, they no longer scolded him for being greedy for money! Moreover, the little princess also gave him a title:"From now on, you can call me Hao Zai, hahahaha."

After hearing this, Guan Hao became even more depressed:"Please, little girl, if you don't want to call me, don't call me. If you want to call me, you can call me big brother! Or you can call me Guan Hao. Please stop calling me Hao Zai. I feel like a mouse."

"Hee hee, how could it be? It's you who thinks too much. I didn't have that plan. I was originally embarrassed to call you Mouse. Since you said so yourself just now, I will call you Mouse from now on!"The little princess said unhurriedly!

Everyone burst into laughter after hearing this, except Guan Hao who was so angry that he wanted to vomit blood.

After a while, everyone reached a highland in the mountains, where the scorching sun shone directly. We came down, but because the trees next to us were extremely tall and had dense leaves, they blocked everyone from the scorching sun, so even in the bright sun, we didn't feel so hot, and there was even a slight breeze blowing! It was refreshing. The little princess couldn't help but sigh, how cool it is!

Chapter 2089

It's already here, it's noon and everyone is preparing to cook in pots. After a tiring day, they think they'll finally have something to eat! Just as the smoke from the kitchen had just drifted out. At this moment, bursts of fishy wind suddenly blew out of the forest, and along with the earth trembling violently, many wild beasts suddenly came out of the forest from all directions! They all ran forward, as if they were being guided by something. They come in different sizes and shapes, including wild elephants, lions, and tigers! There are also small foxes and rabbits. But what made everyone feel relieved was that these beasts did not attack anyone.

Everyone felt relieved, but at this moment, a voice came out. It was the voice of the leader of the mercenary group. She screamed loudly:"No, everyone, get ready for battle! Brothers, get ready, pick up your weapons! We seem to be in trouble! Just as the beasts are running towards us, There may be a powerful monster appearing in that place."

Guan Hao volunteered to stand up: "It's okay, the captain leaves it to me." After saying that, he walked forward, but the captain said loudly to Guan Hao: "Stop. , Don't act rashly! It's very likely that you are not his opponent." Guan Hao was also startled by the group leader's words at this time, and when he took a closer look, he was also shocked. Come directly back to the crowd!

Ouyang Zhenxiong asked Guan Hao strangely: "What did you see just now?" Guan Hao explained in a low voice to Ouyang Zhengxiong: "Just now in front, I saw that there was probably a second-order magic beast in front, and it seemed After successfully advancing to the third level, judging from the current situation, the powerful aura of the monster will attract the nearby beasts to go to worship him involuntarily."

When Ouyang Zhenxiong heard what he said, he was amazed: "Why is there such a thing?"

Guan Hao nodded and said, "Yes, this kind of thing is rare. We have passed this road before. We are safe when we are there, and we rarely encounter this kind of thing. We didn't expect that such an unfortunate thing would happen to us! You see, the advanced Warcraft just now will definitely use foreign enemies to establish its own prestige, so next There may be a big war! Then remember to protect yourself and your little wife. Since we have collected your money, we will not let you be in danger and will send you there safely."

Ouyang After Zhenxiong heard this, his expression did not change much, because the second and third level monsters could not cause much harm to him at all. His main concern was the safety of the little princess. So he couldn't help but look in the direction of the little princess, but it didn't make him mad to death. When she heard the registration, she actually laughed and even showed a little excitement! That guy just clapped his hands and applauded. People who didn't know better thought he was in the same group as that monster.

Ouyang Zhengxiong walked over with a dark face and ran up to him! He tapped his head with two little fingers. He whispered to her: "You are really worried that the world will not be in chaos. Don't just watch the show. If the monsters really come to kill, everyone will be too busy to take care of themselves. What should I do with you? Even if I don't kill him, If I kill you, the monster may also kill you! Then your sister will think that I killed you."

"Huh, I'm not afraid. If you dare to hurt me even a hair, my sister and the others will definitely not let you go. You will definitely die miserably by then!" The little princess pouted and said!

Ouyang Zhenxiong looked at him innocently, and was almost amused by him and said to him, "Hahahaha, little princess, you don't think I'm really afraid of your sister, do you? If I was afraid of your sister, why would I drag you here? You are so naive! Under such circumstances, you

actually dare to threaten me? You are naive, but I know that you little girl is very cunning and has a bad mind, so don't pretend to be ignorant of the world in front of me, and don't play any tricks with me, otherwise I will throw you into the trap later."Go to the monster."

Suddenly, a thunderous roar came from the distance. The sound came from the monster. He roared loudly, and all the people couldn't help but cover their ears! The horses pulling the cart also kept roaring, It seemed that he wanted to go there to worship, and he started to move involuntarily.

The merchants and travelers looked frightened. They said they were afraid that he was not only the monster in front of them, but also worried that the horses would break away because of his roar. At that time, their goods were scattered and it was difficult to find them all!

The leaders of the mercenary group were frightened when they saw the flattery, and said to the other mercenary groups:"Everyone, please be careful, don't panic, everyone." Knock those pockmarks out quickly! Prevent them from running around."

After hearing this, the mercenaries started to use their hands, some with wooden sticks, and some with fists, directly hitting the horses on the head. After a while, all the horses They were all knocked unconscious! So the scientists are no longer worried that these goods will be lost due to the escape of the horses. The biggest problem now is the monster in front!

Chapter 2090

After the first horse fell, he continued to say to the mercenaries:"Brothers, prepare for battle." After saying that, he took the lead and ran forward. The brothers did not flinch. They all said that my weapons were tight. Then, the first-level magician deputy leader also directly used the floating technique, flew into the air, and followed the team at the back to prevent anyone from behind from sneak attacks!

The little princess who was watching the fun also followed, but Ouyang Zhenxiong had a headache on his face. He had to follow first just to protect the safety of the little princess.

In front of this road, there is an open land. There are no bushes or tall trees there. There are only some low grass. However, it is dark there because there are countless beasts crawling there. There, the scene was very spectacular, just like meeting their king there.

In front of them where they were worshipping was a huge beast with a white body and shiny fur that was scary. He looked like a tiger, but he was much bigger than a tiger and was as big as an elephant! There are two sets of sharp fangs in the mouth, and the claws on the limbs are extremely sharp. In terms of size, it is almost comparable to the leader's earth dragon. This giant monster gives people a strong and uneasy feeling. , it's really because he is so tall and powerful!

The way all the beasts worshiped him was very similar to how in our human society, princes and ministers would meet the emperor. They were as powerful as tigers and lions. They were helpless in front of him, unable to lift any artifacts at all! This is amazing!

So some people couldn't help but exclaimed:"Is this a white tiger? Isn't it too tall? This guy has been practicing for many years, has he become a spirit?"

However, some people recognized it at a glance. It shouldn't be a white tiger, because if it were a tiger, she should have stripes on her body, but this guy can't see a single stripe all over his body, so he shouldn't be a white tiger!

So what kind of monster is this? Everyone is talking about it! If you want to know what kind of monster it is, as the saying goes, know yourself and the enemy, and you will be victorious in every battle. If you know what it is, then you can use how to deal with it!

The little princess saw him again and exclaimed:"Wow, so powerful, so beautiful, so cute. It would be great if you could become my mount!"

Everyone was speechless...

This little princess The girl's brain circuit is indeed different from ordinary people. She is thinking about how to get rid of this guy. If she is not a little girl, she would think about letting him be her mount.

After looking at it, Guan Hao said to everyone:"Don't panic, everyone. In these vast mountains, it is normal to encounter monsters. This should be a white tiger and a tiger king with the blood of a devil tiger." The group leader nodded in agreement, Then he continued:"Everyone, please note that the more mutated monsters are, the more terrifying they are and their combat effectiveness is extremely strong. Their strength can continue to increase with age. At this time, he has upgraded from a second-level monster to a third-level monster. It is the time when monsters of the highest order need to use others to establish their prestige, but this time they have caught up with us, so a fierce battle is inevitable. Everyone, please pay attention and be ready for battle at any time."

This tiger king is worthy of being the king of beasts! His dominance here is extremely strong, so he doesn't care about the arrival of everyone! He just stood there deserted and did not launch an attack! He glanced at everyone from time to time.

At this moment, the deputy captain fell from the air. "What's going on? Did he attack us?" the captain shouted in surprise. It was the deputy leader who climbed up from the ground with difficulty and said: "Everyone, be careful. The magic element of this Tiger King is very offensive, and the spell attack fluctuations are very strong! This also shows that his magic attack is very strong! Everyone must be careful.". Seeing that everyone was a little nervous, he continued: "But don't be discouraged. If we can kill this monster, the magic crystal core in her body will definitely be sold at a good price." The group leader sighed and said: "It's easy to touch, but it's a bit difficult. What we are facing is a third-order monster. Although we have three first-order practitioners here, the strength between different stages is completely different. The difference between first-order and third-order is really big. , This is not only the difference in strength. According to the people in our mercenary group, I am afraid that none of them can be his opponent. It is not certain who will win. Moreover, we have so many businessmen and travelers here. Our main purpose is to protect him. They are safe! So just try not to let the monsters hurt them."

As soon as the leader finished speaking, the deputy leader responded urgently: "No, everyone, pay attention, this monster is ready to attack. I can feel him gathering. The magic elements will be spit out soon."

The people in the mercenary group were panicked, they knew that these three tiger kings were the monsters they must face. But their strength is too great compared to the Warcraft, which is two levels higher than their leader!

The group leader ordered: "Attention, everyone, don't panic, hurry up and get on stage, and don't gather together, lest you be taken over by him."
