Chapter 2111

Although the little princess hated him to death, he had no way to kill him. Guan Hao was beside him, snickering. This scene happened to be seen by Xiaoyu. She roared and frightened him so much that he ran away. Without even looking back

, Ouyang Zheng wanted to see him from behind and said directly to him: "Hey, don't run so fast."

But Guan Hao said without looking back: "Brother Ouyang, I'm in a hurry. Let's go first." After saying that, he took a big step and disappeared in a flash?

The little princess shouted from behind: "Hey, you damn mouse, you haven't said goodbye to me yet, you only told him."

Guan Hao's voice came from far away: "You are a hateful little witch." , Goodbye, oh, no, never meet again."

But the little princess said angrily: "Okay, you damn mouse, you can't run away. I tell you, I'm going to the Divine Wind Academy too. Let's see where you run away." Suddenly

, a scream came from the distance. : "God, please save me, get this little girl away quickly. She is so torturous."

Ouyang Zhixiong saw it well and laughed. He said directly to him: "The little girl is worse than the devil." It's even more terrifying. Are you going to go straight to Huanglong? You won't leave any room for others."

The little princess glared at Ouyang Zhengxiong fiercely. He picked up the tiger, which had turned into a kitten, and walked towards the distance. Never look back

"You scum, I tell you, I want to go to Kamikaze Academy too," the little princess said to Ouyang Zhengxiong.

In fact, Ouyang Zhengxiong understood that since she conquered Tiger King Xiaoyu, he has tried to escape more than once, but He wanted to attack Hidden Dragon Finger on the way, but there was nothing he could do, so she thought of Kamikaze Academy. He knew that there were countless masters there. Someone should be able to crack this fingering method, and there were even some even more powerful peerless masters. He wanted to ask for help from the experts inside to unlock the imprisonment in her body.

"No, I don't want to go. I don't want you to cause trouble. Have you forgotten, the masked woman in yellow clothes just said, he is also in Kamikaze Academy. Do you want to go in to find him? Can you beat others?" Ouyang Zhenxiong refused directly.

Walking into the City of Hell, the bustling scene inside is hard to imagine. This is a city in the mountains, and why is its name called the City of Hell? It is so confusing. Horrible name, this is completely different! After they came here, people on the street were rubbing shoulders one after another, as if they could bump into other people's heads when they raised their heads, and the sound of buying and selling here was continuous. Come here! Sure enough, your prosperity is unmatched by other places!

And in this city, there are many races of human beings. You can see many different kinds of people at a glance on the street. There are people with yellow hair, people with golden hair, people with black hair, and even people with blue hair! This is what they call natural.

After a few of them walked into the city, the little princess was very happy, and she was more like a domineering person. The little princess, he first grabbed a bunch of candied haws from a small vendor, and left without looking back! If he didn't look like a little girl, everyone would just think he was a robber Yes!

The little vendor's eyes widened, he looked at the little princess who didn't look back, and shouted to him: "Hey, you are a little girl, and you haven't given me the money yet. Are you a robber?"

The little princess turned around and said to the man with a smile: "Isn't there someone next to me?" You go and ask for it from my follower. He is my subordinate." After saying that, he pointed to Ouyang Zhengxiong!

The little princess also made a face for Ouyang Zhenxiong. Suddenly, Ouyang Zhenxiong raised his knife and picked up a chestnut from the vendor. With a flick of his finger, Ouyang Zhenxiong It hit the little princess directly on the head. The pain was so painful that the little princess almost burst into tears! He turned his head angrily and ran forward. Ouyang Zhenxiong also chased after him.

However, faced with the obstruction of the vendor, Ouyang Zeng The girl still paid the money obediently!

Sure enough, if he was allowed to run around the city alone, something would definitely happen. In the city of hell system, the little princess had already provoked countless people after walking less than a mile. People's pursuit of the price! He didn't know how many people's things he robbed. And he shamelessly refused to pay!

This left Ouyang Zhengxiong speechless. He flew over directly, grabbed him by the hand, and said to her:"Oh , please, you little witch, don't act like a child, okay? Don't take whatever you see, don't you feel blushing? I still feel ashamed, and you said you can just take it, why don't you give me the money? People who don't know better think you are here to raid, but you are robbing without knowing it."

As the youngest daughter of the Emperor of Chu, the little princess is a proud daughter of heaven in normal times. No one dares to offend her, and no one dares to disobey him. But she felt extremely aggrieved after suffering a series of losses in the past few days!

Chapter 2112

In the end, there was no choice. Ouyang Zhenxiong could only pay for her one by one and apologize to them!

Finally, the two of them checked into an inn.

Just tonight, the magical power of the Hidden Dragon Finger that the little princess said happened. While he was screaming in pain, Ouyang Zhengxiong helped him activate his blood vessels and relieve her pain.!

After the pain subsided, the little princess went in to wash up. When the little princess washed away the dust from the journey and put on new clothes, the dust on her face was gone, and the whole room seemed to suddenly become brighter. Her long black hair , with a peerless appearance and graceful figure, the whole person exudes amazing charm. Where can I see it? Like a prisoner?

After Ouyang Zhenxiong washed up, he felt extremely tired and consumed a lot of his energy along the way. At this time, he saw the charming little princess walking in. He immediately felt that it was pleasing to the eye, and the fatigue in his heart was gone. , and I couldn't help but look at it a few more times!

But the little princess looked at him warily and covered her chest with her hands. She was really worried that his bestiality would come out and he would do something untoward to her.

"You scum, you are so disgusting, your eyes will fall down, and I want to book another room. I will not accept your coercion tonight, and I will live in the same room with you, hum." After that, he walked towards the door.

"How can that work? There are a lot of bad guys here. To ensure your safety, we still follow the old rules. Here is a bed and a table. You sleep on the bed and I sit on the table." Ouyang Zhenxing looked at him and said to him

"Damn, there are a lot of bad people out there. Do you think there are people worse than you in the world?" The little princess looked at him with disgust.

"Damn, I'm a good person....."

"You shameless guy, hum, you have arrived in the capital of hell, what? Are you still worried that I will run away? Let me tell you, if I want to escape, I have many opportunities. Are you going to book one? If you don't decide, then I will, hum." After saying that, he picked up the little tiger and ran out.

Suddenly, when he walked into the yard, he said to the little tiger, "Xiaoyu, hurry up. Transform, let's go quickly and stay away from this dead guy."

Soon, there was a roar of a tiger, and really all the people in the inn were frightened, and some people were even scared to sit on the ground..When

Ouyang Zhenxiong heard the roar, he rushed out directly. When she found the little princess, the little princess and the Tiger King had already rushed into the sky.

"Hey, you little witch, didn't you say you were going to book a room? Do you want to escape? where are you going?"

"I think it's too dangerous to stay with a piece of trash like you. Xiaoyu and I will go live somewhere else."

"Let me go, have you forgotten the pain just now? Do you still think I just untied the Hidden Dragon Fingers on you? What? Are you not afraid anymore? A miraculous attack?" Ouyang Shengxiong said to the little princess. He was also worried that if the little princess escaped and failed to come back, he might face threats at any time! Because he didn't know when the old monster would rush out.

"You bastard, scum, trash....." The little princess first scolded him, and then said to him: "Okay, okay, I will go find you when the time comes. You scum, I curse you to be unlucky every day here. Goodbye, I hope to come back." , you are dead, goodbye."

In the blink of an eye, after a flash of white light, the bodies of the little princess and Xiaoyu had disappeared. They flew into the sky and did not know where they went.

Although many people in the inn came out to ask, what happened? But Ouyang Zhengxiong always acted as if he didn't see anything, didn't hear anything, and didn't want to answer anything. It makes people feel that he is also the one who comes out to ask questions!

Ouyang Zhengxiong frowned, she thought to herself, this little girl is really vigilant, this little devil... But Ouyang Zhenxiong is not afraid that the little princess will escape. He believes that the little princess will behave well before her supernatural power develops. He came back because he knew that the Hidden Dragon Finger was still in her body.

In the early morning of the next day, Ouyang Zhengxiong had breakfast early, and he began to wander around the capital of hell, looking left and right. He wanted to understand the place clearly.

However, the size of the Hell Capital was really scary. In half a day, he only walked through half of the East City. He checked to see if there was anything he needed in the Hell Capital, and also to see if there was anything nearby. There are no great people.

She thought to herself that if the old poisonous monster had just arrived, he should be here, but what should he do to find him, or let her show up by herself? Forget it, this old crooked man pointed out Not sure where to live happily? Forget it, I won't go looking for him deliberately. Let's wait until we meet him!

Chapter 2113

At noon, he walked into a nearby hotel alone and looked around for a while. He saw that the first floor was full of people, so Ouyang Zhenxiong ran to the second floor and looked around for a week. After that, he chose a seat near the window and sat down. At this time, the store manager came over and asked, Sir, what do you need?!

Ouyang Zhenxiong said to the waiter, "Bring me a pot of wine, a few more dishes, and a plate of peanuts." "

"Okay, sir, please wait a moment," the waiter responded.

While drinking, he looked at the flow of people coming and going on the street. It was really crowded with people here!

After Ouyang Zhengxiong drank dozens of glasses of spirits , , already feeling a little tipsy, he looked up at the sky outside the window and couldn't help but laugh at himself: "Oh, this life is really subtle. Think of me back then... Oh, forget it, who would have thought that I have survived for tens of thousands of years?" What about people who have been there for a long time? Unexpectedly, tens of thousands of years have passed, and now the world is different from the past. Time has passed and I am alive again!" After that, he picked up the wine glass and took a sip of strong drink.

Later, the more he drank, the more drunk he became. Under the haze of drunkenness, he couldn't help but sigh in his heart: they were all people from thousands of years ago! Unexpectedly, the world changed, and I actually resurrected from the ancient tomb. If others knew about this, they would probably think that he is a madman, talking nonsense, and what is even more ridiculous is that he is narcissistic. It feels a bit unbelievable.

In the Holy Demon Cemetery, the highest and most powerful people are buried here, and not only that, besides the top cultivators of the alien species, they also bury an ancient god or demon under each tomb. But there is one thing that makes everyone else feel very strange, that is, their cultivation before death was very ordinary, not so top-notch, but they were able to be buried there. There must be a big hidden secret in it.. My own tomb is even different. There is no tombstone there, and it can be seen from my short tomb that my deceased person seems to be different from the owners of other tombs, and at that time, the smoke there was very thick. , he couldn't see clearly, and he couldn't see clearly, and he didn't think very clearly either!

Since he woke up, he has been living in a small town in the west of Chu State in a daze for several years. During this period of time, he has been constantly adjusting his mentality. In confusion, he , has been able to gradually get rid of the shadow of the past, and has gradually become accustomed to treating himself as a modern person. However, in the deepest part of his heart, there is also a trace of vicissitudes hidden, but in order to live well in modern life As long as it survives, it can only bear a trace of vicissitudes and be buried in my heart forever!

"This person is always very simple on the outside, but the inner world is not so complicated. Everyone's heart and appearance are different, but in order to live, everyone has to act, and they can only express their inner world. The truth is buried deep in the heart, and the appearance is just wrapped in hypocrisy." Gradually, Ouyang Zhenxiong gradually became drunk, and all the things flashed past in his scenes, and there were many people who didn't know whether they were too deep in thought or forgotten. Don't go!

He couldn't help but sigh in his heart, where should I go in this life? Maybe I should... The first thing I should do is to explore the secrets. Why is the Holy Demon Cemetery like this? Because he is very worried in his heart. Because if you don't even know the secret of your own resurrection, and you are resurrected in such a muddle, and others cannot be resurrected and don't know, how can you feel at ease? Holy Demon Cemetery... Ouyang Zhengxiong's mouth kept saying He murmured this name because he understood that maybe he would have to find the answer to his life there.

Slowly, slowly, he drank more and more fiercely. Finally, when the drunkenness came over, Ouyang Zhengxiong slowly His strength gave out, and he suddenly fell down on the table. Among them, he vaguely felt that several young men and women were walking up and walking straight in her direction. Suddenly he heard something in his ear. A voice came:"Why is there a drunk cat here? She was so drunk that she actually occupied a good seat by the window." After saying that, he turned to the boss next to him and said:"Boss, we want this seat. She is already drunk. Can you move this guy? Move it away? We are going to sit here." Although he was confused, he could still feel that it was the voice of a middle-aged man. Although on the surface he was discussing with his boss, could he move it away? But from his In his tone, he could feel that he was just ordering the boss, and he didn't care about whether she agreed or not. It seemed that if she didn't agree, they would drag him away by force. The boss glanced at them, and then He glanced at Ouyang Zhengxiong next to him. He was thoughtful for a while.

Chapter 2114

Suddenly, a woman next to him said:"How about forget it? Let's not bother with these things. Didn't you see that there is an empty table next to you? That's good, so you don't have to bother with this matter. Right?" He said, pointing his finger to the empty table next to him.

At this time, several young men and women next to him also nodded, agreed, and then walked to the empty table next to them. In fact, it's not necessarily that they can't sit on the empty table, because they want to see the scenery outside the window and watch the scene outside while drinking!

Then the man called out to the waiter again:"Boss, do you have any good dishes here? First, bring me a few barrels of wine, and then bring me some good dishes."

The men and women finished ordering the dishes and drank the wine. Afterwards, the editor was eating, drinking, and talking. Among them was a boy. He finished a glass of wine, then raised his glass, put it on the table, sighed softly, and said, "Oh, do you think anything about it?" The assessment question this semester is really too difficult. It actually requires us to look for the long-lost left hand of God. Where can we look for that thing? Let alone looking for it, we have never even seen it, even if it is standing in front of us. , we don't know either!"

Another person also responded: "Yeah! Have you ever taken such a difficult question before? I think it may be those old guys in the blood who are deliberately making things difficult for me, maybe they are. They don't want us to get credits at all."

"That's right! That only exists in legends. How have we ever seen it? What's more, is it still the same thing whether this thing exists?"

One of them, a short and sharp man, said: "Everyone, have you listened carefully to what those old guys said? After those old guys finally asked us to look for the Left Hand of God, they also said something. He said that there are other assessment questions that we can choose from. Maybe if we choose other questions together, maybe we can still get a few credits."

"God, why is it so difficult? I just want to kill those old monsters. Why didn't I hear it? If we can't find the information about the Left Hand of God, or even a trace of clues, then wouldn't we even have one? Can't get any credits?"

"Alas, I really didn't hear it." A woman also echoed.

"But that legend is really scary. Have you heard of it? I heard that thousands of years ago, there were two god-like figures who fought for hundreds of rounds in Group Three nearby. Do you think that is true?"

"It's possible. I've also heard from elders that there seems to have been an earth-shattering war of the century in that mountain range."

"Yeah? Isn't this too exaggerated? Haven't you noticed that there, many high mountains have collapsed, even nearby rivers have changed their paths, and many lakes, large and small, have dried up! Who would have thought? This was an earth-shattering war, the result of which"

"Oops, I think it's possible. It's conceivable. You see, they are not humans at all. They are gods. What's more, it was a peerless war between two gods. In the end, both gods of war died together."

" Several young people talked very enthusiastically.

"And I also heard that during their battle, one of the gods had her hand cut off, and it was said that the god in that episode was holding something in her hand, and I also heard from the elders that their hand was cut off. The two gods had an amazing war because of this thing. What on earth is this thing? It can actually cause two gods to risk their lives in a battle."

"It's hard to say, but you can imagine that this is definitely an extraordinary thing. It is really difficult for us to imagine how precious it is for something that is valued so much by gods."

"Do you think that if we find the severed divine hand and get the divine object in it, do you think we will have an adventure?" One of the people said rapidly, thinking,

"You're dreaming, how is that possible? There are so many masters in the world who are looking for the severed magic hand, how could it be our turn? We are the most! I can only hope to find some clues and get a few credits from those old guys. Otherwise, I won't be able to pass this year's assessment."

"You talk about those old guys, those old scholars who translated the text on the ancient sheepskin scroll at this time, and then discovered the mystery in it. You said that if these things were discovered later, we would not have This is a test question, so we don't have to worry about that little credit."

"You're right, but it's such a coincidence. What can be done?"

"Thousands of years have passed, and the person who left the written record was actually lucky enough to see the unprecedented battle between two peerless gods of war, and he actually saw one god cutting off the left hand of the other god. The scene was simply amazing. difficult"

Chapter 2115

"Well, how can I put this? In fact, that guy was unlucky enough. After knowing that his left hand was broken, the item he was holding in his left hand was absolutely extraordinary. He searched for it in the mountains over there for a lifetime, but in the end he couldn't find it. Think about it. He wasted his whole life looking for that object, which is quite pitiful."

A man then said, "Do you think this is true? Why do I feel that what is recorded on that ancient sheepskin scroll is fake, because no matter how I listen to it, it feels like a myth? Don't you think it's a myth?"

"Of course it is a myth. How can a story about God not sound like a myth?" A girl continued to say!

Another man seemed to be thinking about something. He continued to the crowd: "I heard from the indigenous residents of the capital of hell, they all said that there has been an unprecedented magic war here. Do they know that there should be some? Of course, it cannot be ruled out that those are too old. When they are passed down, they are just some far-fetched legends, because after all, no one present has really seen it, and there is no trace of it. A valuable clue, but if you think about it carefully, the things recorded on the ancient sheepskin scroll may be true. Otherwise, those old guys wouldn't really let us look for them. Isn't it because they are coaxing us to play today?"

"I heard that many powerful practitioners on this continent have been rushing here recently, and some of them have already arrived. I guess that in the near future, this regional system will be very lively."

"yes! But this brings some trouble to our assessment. In this case, it will be even harder for us to get credits," a man said with a sigh.

"I really didn't expect that! Thousands of years have passed since the battle between the gods, and yet there is still such a big disturbance!"

"But looking at that battlefield, it's hard to imagine how powerful they are? Just thinking about it makes people feel thrilling and passionate. If I had such powerful supernatural powers, who in the world could stop me?" One person said longingly, imagining that he had the ability to become such a god!

"How can it be? It is actually so easy to become a god. Look at our world today, there are still a few gods. Besides, if you really have such great powers, what do you want to do?"

"Haha, there are so many things I want to do. For example, the first thing will definitely surprise you all, because I want to propose to the princess of Chu State. I heard that her peerless appearance is rare. I heard that she is a peerless beauty who has conquered the country."

Hahahaha...

Those people burst out laughing after hearing what he said.

"Oh, you guys, don't laugh. It's true. That Chu Yue is really as beautiful as a fairy. There really is one more in the world. Not to mention a man like me, even a woman will be tempted when she sees her. And I I also heard that he seems to have a younger sister. In terms of age, she seems to be about 16 years old this year, and her appearance is no less than his. Think about it! If two or three years pass, I'm afraid she will be another stunning beauty in the world."

"Forget it, no matter how beautiful they are, they are thousands of miles away, and we have no chance to see them. And I believe that the beauty of the beauties in the rumors in our college will definitely not be worse than the princesses of Chu State."

"Forget it, just say this here, you perverts, just keep your voices down! If others hear this, it may cause big trouble. Next time you are in public, please don't say such things." A man reminded in a low voice.

Yes, be careful that trouble comes from your mouth. Come out!

"Forget it, stop talking, let's eat quickly! After dinner, hurry up and set off."

After those young men and women finished dinner, they went down the stairs without looking back, as if they had forgotten that there was Ouyang Zhenxiong lying there next to them. After they left, Ouyang Zhenxiong raised his head from the table. Although he was already drunk at the time, he heard their conversation word for word.

""Boss, the check is here." Here, there is no need to look for it.

Ouyang Zhenxiong threw a gold coin casually. This scene made the hotel owner smile. He picked it up, blew on the gold coin, then wiped it, and then I heard Ouyang Zhengxiong say:"Boss, let me ask you a question, are those people just now students from Shenfeng Academy?"

"This guest officer, you are so powerful, you have such a bright eye! Those young men and women are indeed students of Kamikaze Academy, and they are not ordinary students. They can be said to be the proud sons of Kamikaze Academy! In Kamikaze Academy, their status is much higher than that of ordinary students."

Ouyang Zhengxiong frowned. He looked at the boss strangely and asked him, "Heaven's proud man? Why do they have any other stories? Aren't those people just students?" The restaurant owner smiled and said to Ouyang Zhenxiong that he : "Objectively speaking, you are not a local, right? And judging from your appearance, you are probably not a practitioner either!"

Ouyang Zhengxiong nodded in agreement.

The hotel owner straightened his neck, puffed out his chest, and said with a high voice: "Sir, it's no wonder. Let me tell you, this Kamikaze Academy is not simple. The people who can enter are all very powerful people. They are either relatives of the emperor, people with high status, or they are real powerful people. The practitioners among them can be said to be real crouching tigers, hidden dragons... And do you know? In this continent On the Internet, there are many powerful figures who all graduated from Kamikaze Academy. Take the young people just now, for example, the smaller one just now is the prince of a small country, and the more beautiful one next to him Female, he is the monarch of a big country....." The hotel owner was talking happily and dancing, as if it was a great blessing to be able to enter the Kamikaze Academy.

But Ouyang Zhengxiong became impatient, and because he was drunk, she staggered back to the inn. When he opened the door, she staggered and tried to find the direction of the bed. Then he fell on the bed. Maybe the sound insulation effect in this room was not that good. After he entered the room, the loud conversations between the two people in the adjacent room reached Ouyang Zhenxiong's ears.

"Oops, there are so many strange things happening these days."

"Well, what's the matter? What happened recently?" That person responded to the other person!

"There are a lot of pigeons flying in the sky recently"

"Tsk, what do I think is strange? What's this? These days, the rumors about Duan Duan, the stock god, have been widely circulated. Who do you think has nothing to do these days? He said he went to fly pigeons. Those are homing pigeons. They are all delivering messages on this continent. What do you think that is?"

"Alas, forget it as pigeons are flying all over the sky. Today I encountered an even stranger thing. These days, there is actually a tiger flying in the sky. Sometimes it scares me. When did tigers also have wings?"

Are you daydreaming! Or are you drunk and haven't woken up?"

"What daydreaming? Do you remember that night? When we were at the inn, there was a loud roar of a tiger at night. You and I heard it. What do I think? Nine times out of ten, it was that tiger, and that tiger could fly at that time. Otherwise, how could a flying tiger appear out of thin air in this city?"

"Could it be...did you really see a flying tiger?"The other man looked at him questioningly!

"This can still be false. Just before, she was in the east direction of the city, and there was another person on the back of the tiger. She seemed to be a little girl. She should not be old by the looks of it, but he was only a few steps away. It only appears once in time. It appeared last time. It will take a while for it to appear next time."

After Ouyang Zhengxiong heard their conversation, he immediately guessed that the flying tiger they were talking about and the tiger The little girl on her back, if nothing else goes wrong, should be the little princess of Chu. The flying tiger should be Tiger King Xiaoyu. She couldn't help but murmured:"Humph, I didn't expect this little The devil is so arrogant. He is not afraid of being discovered by others, right?"

So, Ouyang Zhenxiong immediately woke up, washed his face, and rinsed his face, trying to wake up!

Then he left the inn and walked toward the east of the city where they said he wanted to go. See if the little witch will appear again? As he walked, he looked around. Suddenly, when he reached the river around the city, four or five people were stumbling over, and one of them almost hit him. On the body ~

Ouyang Zhenxiong stopped one of the people and asked her: What's the matter? Did something happen in front?

The person replied in a panic:"There is a monster in front. In the direction of Chengdu, a full-body monster appeared A snow-white tiger that can fly, and on the back of that white tiger, there is a little girl. Maybe the little girl looks kind-hearted, but he is actually robbing everyone! We couldn't mess with him, so we ran away."

"What?" Ouyang Zhenxiong couldn't believe her ears. She opened her mouth in surprise. A majestic princess from the Chu Kingdom actually became a robber. If this spread, the Emperor of Chu's face would be completely humiliated by her. Come on.

The man seemed to be scared out of his mind and told Ouyang Zhenxiong to play, and she quickly ran into the city, worried that the little girl riding a tiger would rush over again.

Along the way, Ouyang Zhengxiong met Ouyang Zhenxiong again. There were several people who had been robbed, and some of them were in a worse situation. His body was completely dark. From that look, you could tell that this must be the person who was hit by the lightning that Xiaoyu set!

Chapter 2117

Ouyang Zhenxiong was really depressed. He thought to himself: "I shouldn't have let him go in the first place. This little girl is so naughty."

Ouyang Zhengxiong was watching from a distance. He saw the little princess in the sky. Wearing a set of loose clothes, he also imitated the appearance of the woman in yellow and covered his face with a veil. He rode on the back of the tiger and flew around in the air.

At this time, he also met a few people. The little princess said without saying a word: "Robbery, hand over all the money you have, and I will spare your life."

Those people on the ground had never seen this kind of thing. Battle? They were so frightened that they trembled on the spot and quickly shook off all the gold coins on their bodies. Their feet were also trembling, and then they immediately spread their legs and ran away quickly.

But when he saw this scene, Ouyang Zhengxiong did feel funny and angry, and he almost laughed out loud. The majestic little princess of Chu Kingdom, with golden branches and jade leaves, was born with a golden key in her mouth when she was a child, but now she is doing this kind of thing. , if others know that he is still a little princess who has returned to the country, his impression of the Chu country will be greatly reduced, right?

Ouyang Zhenxiong then shouted to her in the sky: "You little devil, what are you doing? Why are you still committing robbery? This is also your identity as the little princess of the Chu Kingdom."

"ah! You scum are here, Xiaoyu, fly high." After the little princess saw Ouyang Zhengxiong coming, she didn't care to pick up the gold coins they put down on the ground, and actually ordered

Xiaoyu to fly high into the sky quickly, because he You know, you may not be able to beat Ouyang Zhenxiong on the ground, but in the sky, Ouyang Zhenxiong is definitely no match for Xiaoyu

"You, little devil, are simply incredible. You have committed robbery. If word of this reaches your emperor, what do you think he will do?" Ouyang Zhenxiong crossed his hands and said to the little princess

"You thief, you scum, trash, villain, bastard....." As usual, the little princess first scolded Ouyang Zhenxiong, and then said to Ouyang Zhenxiong: "It's not your fault, you stinking scum, I want to eat, I want to wear clothes, I want to stay in an inn, none of these are I want money, but all my money is in the hands of that bastard of yours. What do you want me to do? I have no money, so of course I have to find a way to make money."

Ouyang Zhenxiong was almost scared out of his teeth. What happened? This is making money: "Are you mistaken? This is called making money, do you know? This is called robbery, and you are committing a crime. Besides, it's just money. If you don't have money, you can't ask me for it! I It's not like

I won't give it to you, why would you do such a thing?" But the little princess said to him disdainfully: "Bah, you are a stinky scum, do you think I will beg you, a stinky thief? I tell you, I I have to be self-reliant and self-reliant. I can live without you, and I can live well."

"Please. You little devil, please don't tarnish the words self-reliance and self-reliance, okay? This is also called self-reliance and self-reliance. In your current state, what's the difference between you and the thieves who robbed you on the mountain?" Ouyang Zhenxiong said loudly to her

"You're talking nonsense. Who said I only robbed myself? I also robbed Fuji's comment, and I didn't always make money." But the little princess started to say it. It felt like she had done something good!

"Okay, okay, what makes money? Just say please rob the other end, just do it! And you said you robbed the rich and gave to the poor, right? Then let me ask you, since you left me, how many poor people have you helped?" Ouyang Zhenxiong said disdainfully

"Well, I haven't seen any poor people yet, because the people walking on this road are all rich, and there is no need for me to help them." The little princess then made excuses.

"I am simply speechless to you. How can you still speak so righteously?" He looked around and saw some gold coins on the ground, and then looked at some people around him. Seeing their sad expressions, he couldn't help but said to him: "You are really cruel, you didn't let anyone go. Pass"

"Okay, okay, you evil thief, go away quickly, don't delay me from making money, I don't have time to care about you."

"You, there is nothing I can do to you. You have robbed so many people. How come the money is not enough for you?"

"Of course it's not enough. I spend a lot of money. Do you think it's the same as you? Well, now I have decided that I am going to rob you, so please hand over all the money you have." At this time, the little princess smiled and said to Ouyang Zhenxiong. After hearing this, Ouyang Zhenxiong suddenly felt that he had not listened Wrong? This guy said he was going to rob me! He was suddenly happy and smiled at him: "I didn't hear what you said clearly. You just said you were going to rob me, right? Are you really crazy about money? If you have the ability, come and get it yourself"

"Humph, I'm telling you, you heard me right, take it out quickly, otherwise I have plenty of ideas"

"Yeah? I want to see how you threaten me?" Ouyang Zhengxiong said.

Chapter 2118

"Huh, you scum, do you think I'm kidding you? You'd better take out your money obediently, otherwise, the next time I go to make money, I will tell others that my name is Ouyang Zhengxiong, hahahaha....." The little princess looked excitedly and said to Ouyang Zhengxiong,

"Take it out for me and put it on the ground and don't move it!"

"It's strange that I'm afraid of you. Do you think I will be coerced by you?" As he said that, he bent over, actually picked up the gold coins that the people below put down, and then put them into his pocket slowly.

The little princess's eyes were so wide open that he couldn't believe it. The guy actually dared to cut off his own booty. He stood in the air and screamed: "Scum, you are shameless, you bastard, what are you doing? , that's the money I earned, put it down quickly and don't move it.

At this time, Ouyang Zhenxiong also smiled shamelessly: "That... little princess!" You see, my consumption has been relatively large recently and my money is tight, so just support me a little bit."

The little princess was really angry. She didn't expect that Ouyang Zhengxiong was so shameless. There was no other way. She rode Xiaoyu on Jumping up and down in the air, he scolded Ouyang Zhengxiong loudly, and threatened: "You scum, you robber, wait for me, how dare you steal my money, I tell you, wait for me Next time I make money, I will tell people loudly that my name is Ouyang Zhenxiong, just wait for me."

"Humph, you little devil, you are not young yet, you actually dare to threaten me, just wait for me, if you say this, will Hidden Dragon Finger attack in the future? Don't come to me crying," Ouyang Zhenxiong said unhurriedly.

"Despicable, shameless, obscene... you damn guy, I curse you to have all your money stolen by others when you entered the city, I curse you to die badly, huh." The little princess cursed her fiercely again. , he was really angry with Ouyang Zhenxiong. After he finished scolding him, he rode Xiaoyu into the sky like lightning, and disappeared into the distance in an instant. After

Ouyang Zhengxiong saw him leaving , , he sighed: "This little devil is really a headache. He actually did this kind of thing. Now that he has left, I don't know what outrageous things he will do in the future, but it is unimaginable. Why does he need so much money? It can't just be because of what he said! Could it be....."

He suddenly remembered something. On his way here, the group leader said that Guan Hao needed a lot of money to enter Shenfeng Academy. Could it be that the little guy from before? He said he also wanted to enter Kamikaze Academy, wasn't he just joking?

"Is this small academy really as magical as the outside world says? Is it really Crouching Tiger, Hidden Dragon there? No, I have to go find out tonight."

Today's night is extraordinarily bright. Stars are embedded in the sky one by one. The bright moon at night is so bright!

Under the faint starlight, a figure suddenly flashed out. His body was like a ray of light. Like smoke, he floated out of the inn lightly, and with a few more moves, he disappeared on that street, and was out of sight in the blink of an eye!

That's right, he could only look at Ouyang Zhengxiong, and he planned to inquire tonight. He went to Kamikaze Academy, because before that, he had already explored the location of Kamikaze Academy. Although he was not completely familiar with the geographical location of Kamikaze Academy, he probably knew it, so he lightly. The figure quickly ran towards the college.

In fact, in the city of Hell, it is not so quiet at night. People here habitually go out for a walk at night, and many places are brightly lit throughout the day. At night, especially in the casinos, the people there are even more noisy, and in other places, there is an endless stream of people selling fireworks and the like! This hell is worthy of being the most prosperous place! Wait until

Ouyang Zhenxiong walked through streets one after another and stood in front of Shenfeng Academy. Although he found out the location of Shentong Academy, he didn't know that although Shenfeng Academy was ridiculously big, it was unimaginable. Looking at it from a high place, you can see that these shoes account for about one-sixth of the entire East City. Then look at the large iron gate on the outside, with layer after layer, blue stone steps, and there are many scratches on the surface. You can see the marks there. It has been carved over many years. If you stand in front of him, you will feel a sacred and solemn atmosphere. This academy in front of you will not last long! At least you have experienced it. It took thousands of years for this scene to appear!

Is it no wonder that countless strong men have come out from here since ancient times? And after that, their light shone on the entire earth, and every time they were mentioned. When you visit, you can't avoid that sacred and solemn name - Shenfeng Academy!

Chapter 2119

Even when Ouyang Zhengxiong came here now, he couldn't help but be impressed by his majestic aura.

Ouyang Zhengxiong feels that if he is lucky enough to be able to go to school here, it will be a great help to his life.

It's just a pity that the purpose of his coming here today is not to go to school here, he is to explore what is different in Kamikaze Academy.

Even though Kamikaze Academy has a history of hundreds of years, he can only be unreasonable once today.

"I hope you can forgive me for being unreasonable this time. I really have something very important to do."

After Ouyang Zhengxiong expressed his apology to that august school, he immediately climbed over the wall and entered.

Originally, Ouyang Zhengxiong thought that coming here would be a difficult thing, but he did not expect that entering here would be far more difficult than he imagined. It should be simple.

After Ouyang Zhengxiong came here again, he kept carefully exploring the surrounding situation, and was very afraid that someone would find him.

Ouyang Zhengxiong thought he had concealed himself very well, but he didn't know the moment she stepped into Shenfeng Academy.

Someone had already discovered his appearance, but that person didn't care about it.

"You must know this too, right? Someone entered Kamikaze Academy."

A white-haired old man said this to another old man.

After listening to the white-haired old man's words, the old man nodded, but the two of them never even opened their eyes.

It seemed that they were not at the same time. It's like not taking this matter seriously, it's like this has happened hundreds of times

"This person has no ill intentions towards Kamikaze Academy, and it's time to let the students here know what it means to have someone outside the world."

After listening to the old man's words, the white-haired old man couldn't help but sigh.

Indeed, the children here have always been proud of themselves, and they simply look down on anyone from outside.

But who knows, there are people outside the world, and there are mountains outside the mountains. They can't Look down on anyone.

They just have this opportunity to get education in a better place. If it were anyone else, they would definitely do better than these people.

"You are right, it is time for them to grow up."

The two fell silent again at this time, as if nothing had happened just now.

It was precisely because of these two people's indifference that Ouyang Zhengxiong went so smoothly.

After Ouyang Zhengxiong entered this college , , avoiding the guards patrolling the academy.

He found that the legendary Kamikaze Academy was nothing more than that, and no one could know of his arrival.

If it had been someone else or another academy, they would have known about it a long time ago. That's right.

Ouyang Zhengxiong couldn't help but look down on the students of Shenfeng Academy at this time. They were so relaxed that they didn't know how they would die by then.

And the students here did not detect the existence of Ouyang Zhengxiong, just because they The most powerful senior brother here is not here.

There is a brilliant senior senior brother in Shenfeng Academy.

He comes from a famous family, he is very up-to-date, and his spiritual path is going smoothly.

He is a decent person and likes to wear white clothes, and he looks like he is white. He is like a god.

And this person is just as his appearance shows.

He is also very upright and never allows anyone in the sect to bully the weak.

He will also stand up to protect the students of Kamikaze Academy as soon as possible.

Therefore, people in Kamikaze Academy trust this senior brother very much and care about him very much.

Because senior brother will pay attention to all the happenings in Kamikaze Academy when he is here, they never pay attention to him anymore.

Now everyone The senior brother left, but they still maintained this state, but they forgot that no one would take care of them all the time.

No one would protect their safety all the time. One day, they would have to face this independently. Everything.

After Ouyang Zhengxiong arrived here, he walked around quietly.

In this short half hour, Ouyang Zhengxiong had figured out all the locations of Shenfeng Academy.

He found that God There is nothing special about Kamikaze Academy. It has the same layout as other academies.

There are also training venues, classrooms and other training facilities.

Then why is Kamikaze Academy able to be admired by countless people, while other academies are Isn't it possible?

When Ouyang Zhengxiong thought about this matter, he felt that it was probably related to teachers.

Most of the students at Shenfeng Academy are dignitaries or from famous families.

The teachers who work here are also capable Teachers never cheat.

That's why so many students become talented and so many people yearn for Kamikaze Academy.

But they don't know that this kind of academy filled with famous families is really a nightmare for the poor.

The people here are of noble birth. If a poor person enters, he will definitely feel inferior and be humiliated.

But as long as you step into the door of Shenfeng Academy, you will always be protected by this house number, and you will also be protected after you go out. There will be countless people in the world pursuing you.

Chapter 2120

Few people can refuse this temptation, so many people will grit their teeth and persist.

No matter how difficult it is here, we must make a difference from here.

No matter what the price is.

Ouyang Zhengxiong didn't have time to think so much at this time and could only continue to shuttle here.

Trying to find traces of the little princess, and also trying to find the few people he saw during the day.

Just as Ouyang Zhengxiong was shuttling back and forth, he suddenly heard a sound coming from not far away.

It sounded like a girl crying, which sounded very sad.

Ouyang Zhengxiong didn't know what was going on. Being able to study in Shenfeng Academy should be a dream for many students.

Then why do people still hide here secretly and cry in the middle of the night? It sounds like a ghost is screaming

"What happened?"

"It seems that things are not peaceful inside the Kamikaze Academy. Let's go up and take a look!"

What Ouyang Zhengxiong said, he immediately went forward to check, but he did not reveal his figure.

Instead, he listened quietly and looked at the girl silently.

He didn't know this girl what exactly happened, but he could feel that this girl was very sad. He could feel that this girl was a little angry.

But Ouyang Zhengxiong thought a little less. There is not only one girl here.

There are two girls, the two of them are sitting there blankly now, one is crying in each other's arms, and the other is sitting dumbly. They look as if they have despaired of life, and their eyes are full of indifference.

Ouyang Zhengxiong is watching. After seeing the appearance of these two people, some were shocked and took two steps back in fright. He was obviously the proud son of God in Shenfeng Academy, why did he show such a hopeless expression?

Ouyang Zhengxiong wanted to know. What happened to the two of them to cause them to show such expressions?

"Xue'er, I really can't hold on anymore."

"It's really scary here. I don't want to live here anymore."

"I never thought I would live like this after entering Kamikaze Academy"

"I thought I could be like the other students here and live an upright life."

"Everything can be started again, but everything is because I was too naive."

The little girl who had been crying said this to the girl named Xue'er next to her.

After hearing what the girl said, Xue'er seemed not to care about this matter so much anymore.

"Did you find out about this only now?"

"They never regard human life as human life, they regard everything as a joke"

"But they never regard the lives of us poor people as one life. In their eyes, we are just like dogs."

Xue'er's voice was calm, and she was saying this to Linlin in a somewhat insensitive manner.

After hearing what Xue'er said, Ouyang Zhengxiong couldn't help but feel his hair standing on end.

A young man could actually say such a thing, it was him Something that I couldn't have imagined.

The two of them looked like they had no hope for this life, and they kept trying to escape from here.

But this is Kamikaze Academy, a place that countless students dream of.

The two of them It took a lot of effort to get here, why should we give up at this time?

"Sister Xueer, why don't we drop out of school tomorrow?"

"Let's not continue going to school here. Let's go home, okay?"

After listening to Linlin's words, Xue'er really felt that Linlin was a very innocent girl.

Once they entered Shenfeng Academy, they would never be able to go back to the past.

Their family members were because of them After attending Kamikaze Academy, they have received a lot of benefits.

It is impossible for them to give up so easily, and their families will never allow them to give up like this.

"Do you think it's really possible?"

"Will your family allow you to quit Kamikaze Academy?"

"They have waited so long for us to come here and hope that we will stand out, but they will not agree."

Xue'er stated this fact to Linlin almost ruthlessly, making Linlin admit her current situation.

Linlin really had no other choice at this time. She didn't want to be bullied all the time.

But now she is She couldn't escape even if she wanted to. After she left Kamikaze Academy, there was nowhere she could go.

"Sister Xueer, what do you think we should do now?"

"Do we really want to live here like animals?"

"I really can't hold on any longer. I would rather die than live like this anymore."

After listening to Linlin's words, Xue'er's eyes flashed with a strange light.

Why didn't she think of what Linlin said? If they die, no one in this world can enslave them anymore. They did.
