Chapter 2131

The little princess of Chu State rode her tiger and jumped to the podium. At this time, the tiger slowly stopped.

"Dahua, stop and let me go."

After hearing what the little princess of Chu said, the tiger immediately put the little princess down.

The little princess stood very proudly on the ring and enjoyed the attention paid to her.

The teacher on the stage After seeing this girl being so pampered, I couldn't help but frown.

"Who are you?"

"How could this be? Crash in Kamikaze Academy, don't you know where this place is?"

After listening to the teacher's words, the little princess glanced at the teacher angrily.

She thought it was just the guards at the door who were ignorant, but she did not expect that the teachers in this college were also so ignorant.

"How can you talk to me? You'd better respect my attitude"

"Do you know who I am? I am the little princess of Chu State, you dare to offend me."

As soon as the little princess finished speaking, everyone was shocked. The people in the audience were all sighing.

No one thought that the person who appeared on the ring was actually the little princess of the Chu State.

The little princess of the Chu State should not stay in the Chu State. Now, why did you come to their Kamikaze Academy?

"You are the little princess of Chu State"

"How do you prove this?"

"If you don't stay well in Chu State, what are you doing here?"

The little princess felt a little unhappy after hearing the teacher's questioning tone.

If the big bad guy hadn't intercepted her here, she wouldn't have wanted to leave Chu State.

"Since you already know my identity, don't talk to me in this manner."

"Let me tell you, you'd better show some respect to me. If you make me angry, I won't make it easy for you."

The little princess still didn't know where she was at this time, and her tone was full of arrogance. What the little princess didn't know was that her tone was exactly what these people were tired of.

They knew that the little princess should also be the pride of heaven. Being loved by all, but acting like this.

It is indeed not something that the royal family can teach. They even thought that the woman in front of them was faked by others.

"When did the royal people become so ignorant of etiquette?"

"Even if she is the little princess of Chu State, so what? You are not the emperor of Chu"

"Let me tell you, even if your father appears here now, he should respect us"

"You are just a little princess, how dare you speak so shamelessly"

"I really don't know what to say."

These teachers don't know how to teach this little princess at all.

They are very afraid that if they really hurt this little princess, the Chu State will go to war with them regardless of the consequences.

But what this little princess says and does is indeed It makes their Kamikaze Academy lose face.

If today's incident spreads, I'm afraid that their Kamikaze Academy will be ridiculed.

And the students below looked at the little princess's face with some fascination.

They had known it for a long time. The little princess is beautiful, but this is the first time they see it today.

But after seeing the beauty of the little princess, they feel that no one in the world can compare with the little princess.

Use the words to sink the fish and lose the wild goose, and the moon will be shy of the flower. , such words seem a bit tacky to describe the little princess.

The little princess is now simply a beauty in the world. She is now in the prime of her life, and she looks like a hibiscus in clear water.

But when you look at her carefully, you feel that she is full of She was full of vitality.

Words like ice-cold muscles, jade-bones, natural beauty, and overwhelming beauty are the most appropriate words to describe the little princess. When the teacher saw the students below and saw the little princess's eyes like this, he became a little angry. He immediately coughed twice. Sound, no matter how beautiful the little princess is, the students underneath should not look at her with such explicit eyes. There is still a certain distance between the little princess and these students, even if the students here are all from famous families.

But famous families There is also a big gap after that. Some people will never reach the height of the royal family.

"What are you looking at?"

The teacher said this to the students below angrily.

The little princess is still in her golden years, and there are still one or two years left before she and Ji are born.

If people here look at the little princess like this, maybe This little princess will no longer be polite to the people in front of her.

The little princess glanced at everyone in the audience with her arrogant eyes, looking as if she was a goddess who had just emerged from the mortal world.

"Are any of you from Chu State?"

"This princess is going back to the Chu Kingdom now. I hope he can be self-aware and quickly step forward to escort this princess back."

The purpose of the little princess coming here was still revealed. She came here just to find someone to escort her back to the Chu Kingdom.

She knew that he would not be able to return to the Chu Kingdom based on his current strength alone, and along the way , if anyone knew her true identity, they would not be polite to her.

Chapter 2132

In fact, there are indeed people from Chu State in Shenfeng Academy, but they are a little disdainful of the little princess's behavior.

What do they say? In the Chu Kingdom, he was regarded as the proud son of heaven, and now the little princess spoke to them in such a tone.

As if they were given a gift, they were also sought after in Kamikaze Academy.

They didn't want to talk to such a little princess, so some people didn't come forward.

When the little princess saw that no one stood up among the people below, she became very angry and frowned fiercely.

"Isn't there a Chu nationality in the Shenfeng Academy of Nuo University?"

"When did our country of Chu fall to this point? There is no one left."

After the teacher on the stage heard what the little princess said, he also knew that those below can be regarded as the proud ones.

Now that they are suddenly spoken to in such a tone, they are definitely not willing to stand up.

But the little princess No matter what, the princess is still a little princess of the Chu Kingdom? If something happens to him on the territory of Shenfeng Academy,

I am afraid that the Chu Kingdom will not let them go so easily.

"Wei Tianyu, Ouyang Mingyue, aren't you two from Chu?"

"Why don't you stand up? Now the little princess wants to return to Chu State, and this task will be left to you two."

Wei Tianyu and Ouyang Mingyue stood up reluctantly after listening to the teacher's words.

When the little princess saw Wei Tianyu and Ouyang Mingyue, she felt that these two people were very good-looking.

But it was not enough. She was tempted, but these two people were obviously from Chu State, and she was still unwilling to come forward, so she didn't know what their plans were.

"Hey, you two are obviously from Chu country, why didn't you come forward when I asked you?"

"Do you take me as a princess seriously?"

The little princess said this to Wei Tianyu and Ouyang Mingyue in a somewhat coquettish way.

She had her hands on her hips at this time, looking like a little girl who was acting coquettishly.

And Ouyang Mingyue and Wei Tianyu listened to the little princess. After saying this, they rolled their eyes helplessly.

If it weren't for the teacher asking them to come out, they would not want to talk to this pampered little princess.

They met this little princess once when they were young, and the little princess at that time was... Their pampered side has been revealed.

Some of them don't like being with the little princess very much, but they didn't expect that they would meet the little princess again when they grow up.

But now the little princess has become more pampered than before, and they Nothing to say

"I was just impressed by the princess's heavenly appearance and was a little distracted."

"If the princess wants to go back, we and I will definitely escort the princess back to Chu Kingdom without any hesitation."

Ouyang Mingyue said this to the little princess in a gentle and elegant manner.

He still had some respect for the little princess at this time. After all, the little princess is the princess of Chu State.

He cannot let the princess of Chu State live outside, nor can he Let the princess of Chu be looked down upon by others.

And Wei Tianyu has a relatively cold temper.

If it is not something necessary? He is not willing to get involved.

He came here to become stronger, not to change. He is usually not very willing to accept strong connections.

But now he has to accept this matter because he cannot let the Wei family be implicated with him.

"Well, since you said so, this princess will reluctantly accept it."

"Then what are you two still doing? Why don't you escort this princess back quickly?"

"Sister, I must have been waiting for this princess for a long time. I don't know what Sister has become now."

Wei Tianyu was slightly absent-minded after hearing the little princess mention Chu Yue.

Ouyang Mingyue naturally knew what happened between Wei Tianyu and Chu Yue, and now is not the time for Wei Tianyu to be distracted.

As long as the little princess can succeed, escorted back to Chu State, Wei Tianyu must have a chance to see her again

"Why is the princess so anxious? Why not take a two-day break from Kamikaze Academy now?"

"So that Tianyu and I can pack some luggage and then set off to escort the princess back to Chu State."

"Even if you are escorting the princess back to the Chu Kingdom, you must not be careless along the way, and you must take good care of the princess's travel."

After the little princess heard Ouyang Mingyue say such words, she felt that Ouyang Mingyue was very considerate. She felt that a person like Ouyang Mingyue was just suitable to be her husband. If

Ouyang Mingyue didn't find the person she liked in a few years, she could reluctantly do so.
Accepted Ouyang Mingyue

"Okay, then I'll listen to you"

"Then why don't you take this princess to find a place to rest now?"

After Ouyang Mingyue heard what the little princess said, he didn't feel angry at all.

He had no intention of being treated as a slave by the little princess. He just took the little princess to find a place to rest.

And the people here, Some people looked down upon the little princess' behavior and thought she had insulted the royal etiquette.

Chapter 2133

But some people have different views. They believe that the little princess's behavior just reflects her lively and active character.

They think that the little princess can show her liveliness better and make her more loved by many people.

Most of the people who think like this are boys, and the ones who think the little princess is a rogue are girls.

But whatever the idea is? None of them could stop Ouyang Mingyue and Wei Tianyu from sending the little princess of Chu home.

After class was over, the teacher immediately called Ouyang Mingyue and Wei Tianyu over.

Sending the little princess of Chu back to Chu is not a simple matter. This matter must be arranged in advance.

"Mingyue, Tianyu, what do you two think about this matter?"

"Why do you think the princess of Chu appears here?"

After hearing the teacher's question, Ouyang Mingyue and Wei Tianyu shook their heads helplessly.

They didn't know what was going on. Logically speaking, the little princess should be in the Chu Kingdom Palace now.

But now, the little princess of Chu State happened to appear in their Kamikaze Academy, and she was so arrogant.

If the little princess of Chu State could not be sent back safe and sound, Chu State would not let them go.

But the problem now is That is, how can we send the little princess of Chu State back? Why does the little princess of Chu State appear here?

"Teacher, it would be more clear to ask the little princess directly about this matter."

"If she is willing to answer our questions, it means that she still has some feelings for that person."

"If she is unwilling to answer us, I am afraid she was kidnapped by an adulterer."

The teacher nodded after listening to Ouyang Mingyue's words, but he was not qualified to ask the little princess of Chu at all.

Even if he is a teacher of Shenfeng Academy, he is only respected in Shenfeng Academy.

He is in front of When facing other characters, he is just an ordinary and powerless teacher.

"Then I have to leave this matter to you and Tianyu."

"I am not qualified to ask the little princess of Chu."

Ouyang Mingyue and Wei Tianyu nodded after listening to the teacher's words, and just as they kept talking, news suddenly came from outside.

"Teacher, Mr. Ouyang and Mr. Wei are not well. The little princess started quarreling with people outside again."

Ouyang Mingyue and Wei Tianyu felt their heads were a little big after hearing this.

The princess seems to have been causing trouble since she came here. The first time he appeared, it was unusual.

"what is going on?"

The teacher was saying this to his subordinates in a serious tone, but he was really trembling all the time and refused to say anything. At this time, they also realized the seriousness of this matter and immediately came outside. After letting them come outside, they saw the little princess of Chu riding a big tiger and saying something to the man opposite.

"You big bastard, how dare you come here? Don't you know this is Kamikaze Academy?"

"Let me tell you, I am about to return to Chu State. When I return to Chu State, I will not let my sister let you go."

"I will definitely let my sister teach you a lesson."

Ouyang Zhengxiong chuckled a little after hearing what the little princess said.

He didn't believe what the little princess said at all, and he felt that the little princess was simply making fun of him.

How could he let the little princess return to Chu so easily? What? He finally managed to get the little princess here.

"Are you sure you can return to Chu country safely?"

"Don't forget, you are now on the territory of Kamikaze Academy. You have offended the students of Kamikaze Academy and you want to leave here safely."

"Are you thinking something stupid?"

Ouyang Zhengxiong has already seen from what happened last night that none of the students at Kamikaze Academy are easy to get along with.

And this time, he also knows a little bit about the little princess breaking into Kamikaze Academy and making a big fuss..

Now that the little princess has offended most of the students in the Kamikaze Academy, it is impossible for the students there to let the little princess go so easily.

Although there are people who want to escort the little princess back to Chu State, it is difficult to guarantee this. The crowd didn't have any bad intentions towards the little princess.

After all, he was the one who brought the little princess from Chu State. If the little princess couldn't be sent back safely here, the people in Chu State would definitely not let him go. He won't cause trouble for himself

"What happened to Kamikaze Academy? Let me tell you, the people in Kamikaze Academy are all the proud ones of heaven."

"Unlike you, the big bad guy, you don't even know what Kamikaze Academy is, right?"

"You are just jealous of the students at Kamikaze Academy to say such things. I tell you, you are just a bastard."

"You can never compare to the students at Kamikaze Academy."

The little princess was very angry and said this to Ouyang Zhengxiong.

Chapter 2134

After hearing what the little princess said, Ouyang Zhengxiong felt a little funny.

He didn't envy the students in Kamikaze Academy. He had already seen the true colors of the students in Kamikaze Academy last night.

People only show their truest side at night. During the day, everyone wears just a mask on their face.

"I advise you not to be so easy and trust the students whom your classmates love."

"You don't even know who they are. If they really want to assassinate you behind your back, it would be too easy."

What Ouyang Zhengxiong said was actually reminding Ouyang Mingyue and Wei Tianyu.

They are also students in Shenfeng Academy, but they have always been aloof and unable to see the fate of the poor students at the bottom..So

Ouyang Zhengxiong doesn't think Wei Tianyu and Ouyang Mingyue can protect the little princess.

They really trust the students in Shenfeng Academy. If something happens to the little princess really here, the two of them will never do it. Thinking that it was someone from the Divine Wind Academy who did it.

Ouyang Mingyue and Wei Tianyu frowned fiercely after listening to Ouyang Zhengxiong's words. They always felt that Ouyang Zhengxiong's words were deliberately smearing their Divine Wind Academy, but They didn't know how to defend themselves.

They also knew a little bit about the bullying, but they never paid attention to it.

Because in their opinion, these things had nothing to do with them. They came here just to learn and improve. They have no need to pay attention to other things.

But the little princess doesn't appreciate it at all. She feels that Ouyang Zhengxiong is just scaring her.

Ouyang Zhengxiong just wants her to go back with him and kill this big bastard. , she won't go back with him

"You, the big bad guy, are already here, and now you still dare to scare me?"

"Let me tell you, I'm in Kamikaze Academy now. If you want to take me away, it won't be that easy."

"I saw these two people behind me. They are not our people from Chu State. If you dare to be disrespectful to me,"

"The two of them won't let you go easily."

At this time, the little princess has regarded Ouyang Mingyue and Wei Tianyu behind her as her backing.

But what she doesn't know is that neither Ouyang Mingyue nor Wei Tianyu wants to have anything to do with her.

Because in their hearts, The little princess is the epitome of trouble.

They will not let the little princess get involved with them so easily.

At this time, Ouyang Zhengxiong looked deeply at Ouyang Mingyue and Wei Tianyu.

He did not know that Wei Tianyu and Ouyang Is Mingyue worth trusting? But if the little princess is handed over to the two of them now.

If something happens to the little princess in the future, he will not be involved.

"Okay, since you said those two people behind you are your backing"

"Then I won't bother you any more, then just let these two people take you back."

"If something happens along the way, it has nothing to do with me."

What Ouyang Zhengxiong said was obviously to take him out, and Ouyang Mingyue and Wei Tianyu also understood at this time that the reason why the little princess came here was probably caused by the man in front of her.

How could they do it? Why let this man take off this responsibility so easily? They must let this man go with them

"You must be the one who brought the little princess here."

"Since your Excellency has brought the little princess here, why not escort the little princess back with us."

Ouyang Mingyue said this to Ouyang Zhengxiong very gently, and Ouyang Zhengxiong took two steps back after hearing Ouyang Mingyue's words. He didn't want to deal with such a gentle and elegant person.

Before he understood what this person was like, the more gentle a person is, the more dangerous he is.

Maybe he will use a secret weapon on you behind your back, and you won't have time to guard against it.

"It's better not to use it. Judging from the appearance of the little princess, I still trust you and the people around you."

"In this case, I hope you two can send the little princess back to Chu country safely."

"If something happens on the way, you two should know the consequences."

Even if Ouyang Zhengxiong doesn't want to take care of the little princess now, he still reminded Ouyang Mingyue and Wei Tianyu.

After all, the little princess is the little princess of Chu State. If something happens to her elsewhere, then there will be a gap between this place and Chu State. There will definitely be a war.

And Ouyang Mingyue and Wei Tianyu can be regarded as the best figures in Chu State.

It is most appropriate for them to send each other the little princess back.

As long as no accidents happen along the way, they will be safe and sound. The little princess was escorted back.

At this time, the teacher noticed Ouyang Zhengxiong's cultivation. He felt that Ouyang Zhengxiong was not as simple as he seemed.

This farce attracted many students to watch, and they saw another After the little princess caused trouble, they all complained about the little princess.

They really felt that the little princess was very troublesome.

Chapter 2136

Since this matter was done by Ouyang Zhengxiong, it should have been borne by Ouyang Zhengxiong.

Why did Ouyang Zhengxiong lure people here and ask them to send the little princess back? They didn't like the little princess at all.

This little princess looks very pampered, not to mention she now has a mutated tiger

"Why are you so irresponsible? It's obviously you who kidnapped the little princess here"

"You were originally obliged to escort the little princess back, but now you put everything on the two of us."

"Don't you think you're going too far?"

Wei Tianyu said this to Ouyang Zhengxiong angrily, as if he was very condemning Ouyang Zhengxiong.

After Ouyang Zhengxiong heard Wei Tianyu's words, the mocking expression on his face was very obvious.

If he didn't bring the little princess here, I'm afraid he wouldn't be able to get out of the Chu State's palace.

He didn't want to stay in the Chu State's palace all the time. This would be tantamount to torture for him. He finally came out, How could he throw himself into a trap and return to the palace of Chu State again?

"Why can't I understand what you said?"

"I did indeed capture the little princess, but I did not promise the Princess of Chu to send her back."

"I specially sent the little princess to Kamikaze Academy, isn't it just to let you take on this responsibility?"

"If I want to send the little princess back, then why should I take her out?"

Ouyang Zhengxiong's words directly blocked everything these people said. They never thought that Ouyang Zhengxiong could be so shameless.

And the expression on the little princess's face now is very wonderful. , she felt that this group of people were shirking their responsibilities to each other, and no one wanted to send her back to Chu State.

The little princess was a little girl after all, and she was still young and could not accept such shirk.

"What do you mean?"

"Doesn't anyone in your group really want to escort me back to Chu State?"

"If you really don't want to escort me, I won't force you."

The little princess' eyes were red at this time, and she said such words to Ouyang Zhengxiong and others stubbornly.

After Ouyang Zhengxiong heard the little princess say such words, he knew that their conversation just now had hurt the little princess's self-esteem.

But He really doesn't want to send the little princess back. If the little princess is willing to wander outside, he is willing to protect the safety of the little princess.

"Look, your pretentiousness is here again. You cry when you want to cry, and you make trouble when you want to."

"With a character like yours, who would be willing to escort you? Escorting you is like escorting a time bomb."

Ouyang Zhengxiong started to use his poisonous tongue at this time, and he seemed to look down on the little princess.

After hearing what Ouyang Zhengxiong said, the little princess's eyes immediately turned red.

In this case, she wouldn't She will beg anyone here, even if there is no one here, she will definitely be able to return to Chu State

"Since no one among you is willing to escort me back, then I will go back by myself."

"This princess will never force you."

After the little princess said such words, she immediately ran out of the Kamikaze Academy on her tiger.

When everyone saw the little princess running out like this, they were very surprised and at the same time very anxious.

Especially Ouyang Mingyue and Wei Tianyu are still in Shenfeng Academy.

Just let the little princess run out like this. If something happens to the little princess, I'm afraid the emperor of Chu will not let their family go so easily.

Ouyang Mingyue and Wei Tianyu looked at Ouyang Zhengxiong fiercely, as if these things were all caused by Ouyang Zhengxiong.

"If anything happens to the little princess, I swear, I will never let you go."

Ouyang Mingyue said such words to Ouyang Zhengxiong as if he was swearing poison, but Ouyang Zhengxiong now simply dismisses such a situation. It's not like he asked the little princess to run out, it was clearly caused by their dispute with him just now. The little princess was heartbroken.

And when he spoke just now, these two people had no intention of stopping him. They didn't want to escort the little princess in the first place.

So why bother to act here? He directly cleaned up the real situation for these two people. Isn't that a bad thing to say?

"Shouldn't you thank me?"

"I just expressed your feelings for you, and now all the hatred of the little princess has fallen on me alone."

"You should be laughing secretly behind your back. Why are you so prejudiced against me?"

After Ouyang Mingyue and Wei Tianyu heard what Ouyang Zhengxiong said, they wanted to kill Ouyang Zhengxiong now.

But they knew that the most important thing now was not to deal with Ouyang Zhengxiong, they had to hurry up and find the little princess.

The little princess has no power to restrain a chicken. She only has one little tiger, so something is very likely to happen.

Chapter 2137

"Are you still here making sarcastic remarks? Shouldn't you come with us to find the little princess now?"

"What should we do if something happens to the little princess?"

After Ouyang Zhengxiong listened to what these two people said, he shrugged with some disdain.

Even if something happened to the little princess, he would not be blamed for it.

The little princess is in God 's hands. If something goes wrong in Feng Academy, even if Chu State wants to settle accounts, it will be with Shenfeng Academy.

"I think you two should hurry up and deal with the little princess's affairs now."

"If you continue to talk to me here, the little princess might really have an accident."

"Besides, even if something happens to the little princess, Chu State will not point its finger at me. After all, she had an accident in Kamikaze Academy."

Everyone present, including the teacher, became very unhappy after hearing Ouyang Zhengxiong say such words.

Ouyang Zhengxiong was right. Now everyone can see that the little princess came from Shenfeng Academy. He ran out.

If something happened to the little princess in the future, it would be hard not to think of their Kamikaze Academy.

"I didn't expect you to be so mean."

After Ouyang Zhengxiong heard Ouyang Mingyue say such words, he looked at Ouyang Mingyue with very innocent eyes.

It was as if he had done nothing wrong but was blamed by everyone.

Now his eyes looked very clear, as if everyone felt sorry for him.

But Ouyang Mingyue had a distorted face at this time. He was a good-looking man, but he was forced to become an ugly man.

After Ouyang Zhengxiong saw Ouyang Mingyue like this, He immediately closed his eyes. He didn't want to let ugly things stain his eyes.

"Instead of you talking here, I might as well go find the little princess quickly."

As soon as Ouyang Zhengxiong finished speaking, when he opened his eyes again, he found that everyone in the Kamikaze Academy was gone.

After seeing that everyone here had left, Ouyang Zhengxiong couldn't help but smile sarcastically.

He knew that it must be the best choice for the little princess to come to Shenfeng Academy.

No, everyone went out to find the little princess. Nothing would happen to the little princess.

At this time, Chu Qing slowly learned from Ouyang Zhengxiong He walked out from behind and looked at Ouyang Zhengxiong with a faint look.

"I didn't expect that you would be so capable and dare to go against Kamikaze Academy."

"It seems that I underestimated you before."

After Ouyang Zhengxiong heard these words, he immediately realized that these words came from Chu Qing, who had just met yesterday.

Ouyang Zhengxiong did not think there was anything to show off about this matter.

"You know what you are saying. I just look down on the style of Kamikaze Academy."

"Bullying the weak and leading them to death, don't you think this is too much?"

Chu Qing nodded after listening to Ouyang Zhengxiong's words. This matter was indeed too much.

But he never thought that Ouyang Zhengxiong would directly confront Shenfeng Academy.

Anyone who is smarter will know how to do it. You should first keep a low profile and bide your time.

"It's indeed too much, but if you treat Kamikaze Academy like this, I'm afraid Kamikaze Academy will be tit-for-tat against you in the future."

"If you want to gain a foothold on this continent, it will probably be very difficult."

After Ouyang Zhengxiong listened to Chu Qing's words, how could he not know what he would face in the future?

But so what, shouldn't life be about drinking today and getting drunk tomorrow?

Taking care of the things at hand is the real thing. , if you blindly look forward to the future, it will only make people feel helpless.

"We should live in the present now, why worry about the future?"

"Who knows what will happen in the future? Maybe the misunderstanding between me and Kamikaze Academy will be resolved in the future."

Chu Qing laughed after listening to Ouyang Zhengxiong's words. It seems that Ouyang Zhengxiong still doesn't know the style of Shenfeng Academy. Once he has enmity with Shenfeng Academy, no matter how he reconciles with Shenfeng Academy in the future, Shenfeng Academy It's impossible for Feng Academy to truly forgive him.

"You are still too naive after all"

"You have now offended Kamikaze Academy, and you will never get back together with Kamikaze Academy again."

"Now Kamikaze Academy is full of their people all over the continent, and it is really difficult for you to make friends with them."

What Chu Qing said is true. Almost all the famous figures on the mainland today came from Shenfeng Academy.

But what's the use of saying such things now?

He has already done these things and has no regrets. opportunity, no matter what, he will persevere until the end

"At worst, I will fight my way through them."

"It's not like everyone comes from Kamikaze Academy, isn't there always one or two exceptions?"

Chu Qing also showed a faint smile after listening to Ouyang Zhengxiong's words.

She felt that Ouyang Zhengxiong was really delusional and wanted to fight against Shenfeng Academy based on his own strength.

Chapter 2138

But I have to admit that Ouyang Zhengxiong is indeed full of charm.

If possible, she would also like to be as free and easy as Ouyang Zhengxiong, but unfortunately she can't be like this after all.

"Then I am here to congratulate you on your early success."

Ouyang Zhengxiong nodded after hearing Chu Qing's words. He did not choose to talk to Chu Qing here for a long time.

He should also go to find the little princess now. The little princess was indeed abducted by him.

He It is necessary to ensure the safety of the little princess. The little princess must not be harmed.

"In this case, I will go out to find the little princess first"

"After all, I brought the little princess here, so I must not let anything happen in my hands."

Chu Qing nodded after hearing what Ouyang Zhengxiong said, but she had a better way to find people.

This matter will allow him to find the little princess faster, and it is absolutely foolproof.

"I have a way to wish you find the little princess quickly"

"And it's foolproof"

After Ouyang Zhengxiong heard what Chu Qing said, he immediately became very curious about this matter.

He really wanted to know what method Chu Qing was talking about, so that he could find the little princess so quickly.

"Why don't you come and listen and see if you can successfully find the little princess."

Chu Qing nodded after listening to Ouyang Zhengxiong's words.

"follow me."

Then, Chu Qing took Ouyang Zhengxiong to her own separate pharmacy, which was a separate small bedroom she carved out from her bedroom.

Ouyang Zhengxiong saw how easily Chu Qing brought him in. After entering the bedroom, the corner of his mouth couldn't help but be a little funny.

It seemed that Chu Qing really believed in him and believed that he was a gentleman.

If it had been anyone else, I'm afraid he wouldn't have brought a strange man here so easily. In the bedroom.

Chu Qing is still very satisfied and relieved with her own practice.

"Do you have something about a little princess?"

"Or the birth date of the little princess can be used."

After Ouyang Zhengxiong heard Chu Qing's words, he began to think about it. He seemed to have something belonging to the little princess.

He casually took out a sachet from his body. This was the sachet he had in the palace of Chu State. He took it out when he was traveling.

He thought the sachet was very beautiful at first, so he took it with him.

But now, when Chu Qing saw the sachet on Ouyang Zhengxiong, he immediately felt different about Ouyang Zhengxiong's expression.

It was as if he believed that there was an affair between Ouyang Zhengxiong and the little princess. Otherwise, how could a man carry a woman's sachet on his body for no reason?

"It seems that the relationship between you and the little princess is not ordinary."

After Ouyang Zhengxiong heard Chu Qing say these words, he immediately realized that Chu Qing had misunderstood him.

He didn't dare to have anything to do with the little princess. That would only make him worse and worse. angry

"You can't say that"

"There is no relationship between me and the little princess. I just thought this looked pretty, so I took it out by the way."

"I have nothing to do with her and have never had any thoughts about her."

After hearing Ouyang Zhengxiong's panicked explanation, Chu Qing became more and more certain about this matter.

If it wasn't because Ouyang Zhengxiong really had a ghost in his heart, how could he explain this matter in such a hurry.

And Ouyang Zhengxiong now has no idea that in Chu Qing's heart, a love line has been drawn between him and the little princess.

"Okay, okay, you don't need to explain, I believe you can't do it?"

After Ouyang Zhengxiong heard Chu Qing say such words, he felt inexplicably that Chu Qing did not completely believe him.

But he didn't know why Chu Qing didn't believe him, so in the end he didn't say anything else..

And Ouyang Zhengxiong felt that it would be wrong to say too much. If he kept talking, he would probably become more determined, and Chu Qing's idea would not need to be said any more.

But who knows, in Chu Qing's eyes , Ouyang Zhengxiong had already acquiesced to this matter. Although he felt very disappointed in his heart, he finally decided to wish Ouyang Zhengxiong and the little princess that they would get better.

And the next second, Chu Qing no longer talked to Ouyang Zhengxiong said more. If you really want to find the little princess through this method,

I'm afraid you won't be able to keep this sachet. This should be a very important thing for Ouyang Zhengxiong.

"Do you have anything else on you? If you want to find the little princess through this matter, I'm afraid you won't be able to keep this sachet."

After Ouyang Zhengxiong heard Chu Qing's words, he knew that Chu Qing did not completely believe that there was nothing wrong between him and the little princess.

It was just a sachet. He really thought it looked good at the time, so he took it away.

Now it seems that he really shouldn't have done such a thing. Now even if he has been misunderstood, he doesn't know where to start explaining.

"It doesn't matter, just use it"

"It's not a big deal, and it's not something precious."

Chapter 2139

From what Chu Qing heard, Ouyang Zhengxiong felt that it was quite worthless, and the little princess would give him a second one anyway.

If that's the case, then he doesn't need to think about anything anymore, he can just consume this sachet.

"If that's the case, I won't be polite."

After saying these words, Chu Qing threw the sachet directly into the stove, and then began to cast a spell.

The next second, a situation related to the little princess appeared from above the incense burner.

It turned out that at this time, the little princess has arrived at a small village, but the village looks very quiet.

After seeing this village, Ouyang Zhengxiong couldn't help but feel a little funny, thinking that the little princess really knows how to find a place.

It is indeed a place with beautiful mountains and clear waters. Who is very suitable for others to take care of them in old age.

And while the little princess kept walking, she kept scolding Ouyang Zhengxiong, looking as if she was very impatient with Ouyang Zhengxiong.

After hearing what the little princess said, Ouyang Zhengxiong couldn't help but shook his head. , if he had known that he would not have offended him so harshly.

Now even if the little princess leaves his side, she will still scold him.

And after Chu Qing saw this scene, he felt that the relationship between the little princess and Ouyang Zhengxiong was completely different. The type of enemy who doesn't know each other.

There is probably something going on between the two of them that he doesn't know about, so Chu Qing was very smart and didn't interrupt.

"The big bad bastard, you kidnapped me here and don't care about me anymore."

"No matter what, should I be sent back to Chu State? They all arrived at Kamikaze Academy, and they actually united with the students from Kamikaze Academy to kick me out."

"This is really too much, I will never let you go, you big bastard."

As the little princess spoke, she began to wipe her tears quietly. She was just a little girl with a strong self-esteem and had never been exposed to such a thing.

She had always been praised by the stars, and no one had ever been to her. She had expressed her disdain.

Even if she had, no one had ever dared to do so.

But now she not only expressed her disdain for this little princess, but also brought people from Kamikaze Academy with her.

It really hurt this little princess's self-esteem. Ouyang Zhengxiong also began to reflect on himself about this matter.

Chu Qing laughed after seeing this scene, but the next second she felt that something was not right about the environment the little princess was in. The environment the little princess was in now seemed It was an uninhabited village that she had seen before. That village seemed to be full of many wild beasts.

The most important thing was that the village seemed to be haunted and there were many supernatural events.

What the little girl was most afraid of was this situation.

"It's not right for Ouyang Zhengxiong, the environment she is in now is wrong."

After Ouyang Zhengxiong heard what Chu Qing said, he looked at Chu Qing in surprise. What's wrong with the environment they are in now?

"Is there something wrong with the environment we live in now?"

"Aren't you in your room now? Could it be that this is fake?"

Chu Qing was really defeated after hearing Ouyang Zhengxiong's words. She didn't mean that the environment the two of them were in was wrong.

She meant that the environment the little princess was in now was wrong.

"I'm not talking about the two of us, but the little princess is in a wrong environment now."

"Little princess, the environment we are in now is very similar to the places I have been to before."

"It was a massacred village, and there were many innocent souls in it every night."

"The most important thing is that there are many wild beasts coming to the village every night. The little princess is now in a very dangerous situation."

After Ouyang Zhengxiong heard Chu Qing's words, he never thought that this matter would be so troublesome. It was less than half an hour before the sun went down, and they had to bring the little princess back quickly.

"Why didn't you tell me earlier?"

"So where is this village now? We must bring the little princess back quickly."

After Chu Qing listened to Ouyang Zhengxiong's words, he immediately began to calculate.

After about half a quarter of an hour, Chu Qing finally determined the location of the village.

"That village is directly north and south of us."

After hearing Chu Qing's words, Ouyang Zhengxiong nodded, and the two of them immediately headed towards the village.

This village is far away from Shenfeng Academy, so most students from Shenfeng Academy will not come. Come here.

And the students of Shentong Academy don't bother to come to such a remote and wild place.

If Chu Qing hadn't been chasing something in a hurry last time, she wouldn't have discovered this village.

Half an hour has passed since then. It was getting closer, and they had been gone for about half an hour.

When they came here, the sun had already set. At this time, Chu Qing and Ouyang Zhengxiong felt very uneasy.

What they had to face now was all The lonely ghosts and wild beasts have to find the little princess quickly in such a terrifying situation.

For them, this is nothing less than a very big thing. Now they are in the dark, and they don't know where to go. Where to find the little princess.

Chapter 2140

"We are still late. The sun has gone down now. Where should we go to find the little princess?"

Ouyang Zhengxiong nodded after listening to Chu Qing's words. He doesn't know where the little princess is now.

They can only rely on luck now, but there is nothing shining on him now.

"Is there anything about you that shines right now?"

"You can use this as a medium to let the little princess slowly find us."

After listening to Ouyang Zhengxiong's words, Chu Qing began to touch her body, and then she took out some fire seals. She only had these fire seals on her body now, and there was nothing else to illuminate. thing

"These are the only things left on me."

After hearing Chu Qing's words, Ouyang Zhengxiong nodded, and the next second he burned a fire, hoping that the little princess would take the initiative to come here after seeing this light.

But they gradually put all the All the fire dumplings were burned, and the little princess was not seen.

When there were three fire dumplings left, Ouyang Zhengxiong wanted to continue burning, but Chu Qing directly raised his hand to stop Ouyang Zhengxiong.

"Wait a minute, don't you think this is weird?"

"We have burned so many firecrackers. Even if the little princess is far away from us, she should be able to see a little light."

"If you think about it this way, the little princess should be slowly approaching us, but why after so long, we haven't seen the little princess at all."

After listening to Chu Qing's words, Ouyang Zhengxiong felt that Chu Qing was really very smart.

If we speculate according to Chu Qing's theory, the little princess has indeed successfully joined them.

But until now, they have not looked at it. I found the little princess, where is the little princess now?

"You are right, but the little princess never appeared."

"Where else can the little princess go?"

After hearing what Ouyang Zhengxiong said, Chu Qing shook her head. Although she didn't know where the little princess was.

But she felt that they should take the initiative to find the little princess now, and shouldn't continue to wait here.

"We can't wait any longer here."

"We must take the initiative to find the little princess. If we wait for the little princess here, I am afraid that the little princess will not be here for a while."

"Even if she comes here, she will take the initiative to avoid you when she sees you."

Ouyang Zhengxiong nodded after listening to Chu Qing's words, and then the two of them continued to move forward. But as they walked, Ouyang Zhengxiong and Chu Qing found that they seemed to be trapped in a place and could not get out. It seemed that they could not get out.

They had always walked to this place, which was obviously a small village.

However, they walked almost abruptly and did not escape from their current location for half a quarter of an hour.

Ouyang Zhengxiong and Chu Qing faced each other After taking a quick look, I immediately realized something was wrong.

They had not walked away from here for so long, which meant that they had encountered a ghost.

It was also very likely that it was the illusion left behind before. Formation, as for what happened in these two things, they didn't fully understand

"We are very likely to encounter a ghost hitting the wall, so we must be careful."

After Ouyang Zhengxiong listened to Chu Qing's words, he nodded, and the two of them continued to move forward cautiously, but they did seem to be a lot more careful.

And all this will not stop the two of them from moving forward, no matter what How about it, they both have to find the little princess here today.

As they walked, Ouyang Zhengxiong suddenly noticed that there seemed to be some movement under their feet.

Ouyang Zhengxiong pushed Chu Qing away in the next second, and he also Disappeared in place.

When the two of them left here, they immediately discovered that a vine was approaching little by little under their feet.

At this time, Chu Qing and Ouyang Zhengxiong realized that there was nothing in this village as they imagined. It's so simple. It's very likely that all the trees in this village have become spirits.

"This matter is really getting more and more difficult."

"I don't know what the little princess's current situation is, but we must not let her encounter these things."

Chu Qing said this to Ouyang Zhengxiong at this time, looking as if he was very worried about the little princess.

After hearing Chu Qing's words, Ouyang Zhengxiong also nodded. He only hoped that the little princess would be safe now and would not suffer. Any harm.

The two of them must quickly break through the current predicament.

Otherwise, they will never be able to find the little princess in their lives.

Ouyang Zhengxiong and Chu Qing began to cast their own spells, but they found , these vines cannot be killed at all.

After letting them cut down one vine, another vine will spring out from the ground, as if it increases exponentially.

Ouyang Zhengxiong and Chu Qing soon discovered According to this matter, they cannot chop down these vines.

They must find another way.
