Chapter 2181

When Ouyang Zhengxiong faced Han Shi, he really didn't expect Han Shi's figure to be able to move so fast.

Although he can be considered a master, there is nothing he can do when he encounters such a person.

He must gradually figure out Han Shi's figure, and be able to know what Han Shi is going to do? What kind of trick is Hanshi trying to play?

Han Shi relied on his unique body shape to successfully stun Ouyang Zhengxiong. At this time, he had already exposed a shortcoming.

But Han Shi still didn't notice it, he just felt it was the same as usual.

But Ouyang Zhengxiong's insight is amazing, how could he not see it?

He was just waiting for Han Shi to make a mistake, but he didn't expect that Han Shi actually made a mistake.

After Ouyang Zhengxiong saw Han Shi's mistake, he immediately smiled. When he finds the weakness of a fast person, that person fails.

After Mo Yu saw this scene, he couldn't help but shook his head, knowing that Han Shi had failed now.

"Senior brother, why are you shaking your head? Isn't Senior Brother Hanshi still in an advantage now?"

Mo Yu shook her head after listening to this person's words. The reason why Han Shi is at an advantage now is because Ouyang Zhengxiong has not officially launched an attack on him.

After Ouyang Zhengxiong officially launches an attack on him, Han Shi's weakness will immediately become apparent. come out

"Hanshi has lost now."

After hearing what Mo Yu said, everyone scratched their heads in confusion.

They couldn't see the future, and they couldn't know where Han Shi lost.

At this time, Ouyang Zhengxiong caught Han Shi's amblyopia. , and immediately launched an attack on Han Shi.

Although Han Shi was indeed very fast, we had to admit that there was a fatal weakness in Han Shi's speed.

That is, his speed remained at the same speed, and They were all doing the same movement.

If the enemy caught this weakness, Han Shi would lose quickly.

When Ouyang Zhengxiong counted to the third circle, he immediately shot towards the west and shot Han Shi out in one fell swoop.

Han Shi was still confused at this time as to why she was beaten out. Han

Shi did not originally want to attack Ouyang Zhengxiong, because she knew that Ouyang Zhengxiong was just a practitioner.

She felt that her cultivation would definitely break the He studied systematically, but he didn't expect that he would actually suffer the Waterloo of his life. At this time, Han Shi suddenly felt very shameless on his face, having lost to a person who practiced by himself.

And those disciples were After seeing that Han Shi had indeed failed, they all looked at Mo Yu with admiration. Unexpectedly, as Mo Yu said, Han Shi had really failed.

For a moment, these disciples admired Mo Yu very much, but at the same time They all looked up to Ouyang Zhengxiong.

There were many people among them who were good at cultivation, and many of them lost to Han Shi.

But they didn't expect that Ouyang Zhengxiong could defeat Han Shi so easily, and he was not arrogant or impetuous.

"Senior brother, this Ouyang Zhengxiong is really powerful. I didn't expect him to defeat the second senior brother so easily."

"It seems that we have to be more careful when encountering him."

"Senior brother, you must be careful, you will definitely win, and you must not show mercy to him when the time comes."

After Mo Yu heard the words of these junior brothers, he looked at Ouyang Zhengxiong.

He felt that if one day he really faced Ouyang Zhengxiong, he might lose then.

Ouyang Zhengxiong's current ability is simply not there When he really used it, all he used was to coordinate with their moves.

If Han Shi had not been playing just now, but had cooperated with this speed to attack Ouyang Zhengxiong. It might be Ouyang Zhengxiong who lost on the ground now.

It's a pity. Han Shi did not seize such a great opportunity.

Sometimes even he would feel inferior to Han Shi's speed. How could Ouyang Zhengxiong catch Han Shi's speed?

It was just because of more observation, and also because Han Shi did not catch Ouyang Zhengxiong took it to heart.

After Ouyang Zhengxiong's side ended the game, the next round began.

This was one of the twins playing against someone from Kamikaze Academy.

Unfortunately, this person's luck was not very good. He actually He directly attacked Mo Yu.

Mo Yu is a very powerful person. How could the respected senior brother of Shenfeng Academy be a simple character?

Even Ouyang Zhengxiong had to think carefully when he met Mo Yu. Not to mention these two people who are even weaker than Ouyang Zhengxiong. The reason why the two of them are able to stand up to this point is purely due to the coordination and understanding between brothers.

I originally thought that they could seize the big competition in this way. Through the loophole, they could enter the court smoothly.

But unexpectedly, the format changed this time, and the two brothers could only be eliminated in the end.

After the two brothers were eliminated, there were three people on the court. I originally thought they were all people from Shenfeng Academy, but by chance, Ouyang Zhengxiong stood up.

Chapter 2182

The emperor, who was sitting in the master bedroom, saw the people in the audience and felt that this scene seemed familiar.

It's just that this scene happened about a few decades ago.

At that time, such a fledgling boy defeated the students trained by Kamikaze Academy.

Now he has become a famous general of their Qi State, stationed at the border.

"Ziying, do you think this young man has the same demeanor as you did back then?"

The general of Qi laughed immediately after hearing the emperor's words.

He didn't expect that the emperor would still remember his majesty back then.

Looking at the young man's appearance, he really seemed to have remembered himself back then.

He was the same back then. He defeated so many people with his single-minded courage, but in the end he lost to a student from Kamikaze Academy by just one move. Fortunately, the person who won in the end had no intention of going to court, and instead traveled around, trying to Otherwise, it would be his turn to be the general of Qi State.

"Your Majesty still remembers what happened to me back then. This boy does look like I did back then."

"I just don't know whether he will defeat Mo Yu or lose to Mo Yu."

The words of General Qi were obviously very satisfied with Ouyang Zhengxiong.

At this time, after hearing Zhao Ziyong's words, the emperor felt that he could make a bet with Zhao Ziyong

"It seems that Ziyong still values this person very much, so why not make a bet with me?"

"Let's see who can win the final victory, and who among the two of us can see it accurately."

After hearing the emperor's words, how could Zhao Ziyong dare not obey the emperor's words?

"If the emperor really wants to make a bet with me, then I will naturally not give in."

"I wonder who the emperor wants to bet on?"

After hearing this, the emperor touched his beard and began to consider this question carefully.

Who will win? On the contrary, he thought it would be someone from the Divine Wind Academy.

"In this case, I won't be polite to you, I'll bet that Moyu will win."

Zhao Ziyang also laughed after hearing the emperor's words. It seemed that he could only choose Ouyang Zhengxiong.

For some reason, he always felt that Ouyang Zhengxiong would bring her a surprise. Maybe Ouyang Zhengxiong was really Will defeat Mo Yu

"Okay, then I'll bet that Ouyang Zhengxiong will win. I wonder if Your Majesty has thought about the bet?"

After the emperor heard Zhao Ziyang's words, he began to think about it carefully. He suddenly thought that in order to show his friendship, the State of Zhao had given him a millennium Polygonum multiflorum as tribute.

"Take the thousand-year-old Polygonum multiflorum that Zhao had sent as a sign of friendship. Then I wonder how Ziyang will face it?"

After Zhao Ziyang heard the emperor's words, he had nothing to hesitate.

There was nothing valuable in his general's mansion, except for the things given by the emperor.

"Since the Emperor has said this, I will take the gold-encrusted belt that the Emperor gave me before."

After hearing Zhao Ziyang say such words, the emperor nodded and began to read with relish.

The eldest prince and the second prince also felt a little itchy in their hearts after hearing the conversation between the emperor and Zhao Ziyang.

Especially the eldest prince, He couldn't wait to test who the second prince was interested in?

"Since the father and the general have already started betting, why don't we also make a bet on 2d?"

After the second prince listened to the eldest prince's words, how could he not know what his evil intentions were?

If he rejects the second prince at this time, I am afraid that the second prince will not give up so easily.

"I wonder how the emperor wants to bet?"

After listening to the words of the second prince, the eldest prince began to think thoughtfully, but in fact he had already thought about these things.

"If that's the case, then I won't be polite. I have my eye on the fine trident from my second brother's family."

The second prince's eyes darkened after hearing the eldest prince's words. This trident was a reward given to him by the emperor for his previous meritorious services.

If the eldest prince wins the bet this time, he will give the trident to the second prince. , maybe the emperor will be disgusted with him

"Brother, I think you should change your bet. This trident is a gift from my father. I don't dare to dispose of it casually."

"If my father knew this, he might not be able to spare me."

After hearing the words of the second prince, the eldest prince's eyes flashed slightly, but he had to agree to the second prince's condition.

Although he had already set his sights on the trident, but now that the second prince has said such words, if he is here If you keep insisting, you still don't know what the second prince will say.

"Since the second brother has already said this, let's change the bet"

"If either of us wins, we must agree to a condition for each other."

After the second prince heard what the eldest prince said, he felt that the eldest prince was now sure of victory.

If it weren't for an accident, the eldest prince's choice would definitely be Mo Yu.

Then she would have to stand beside Ouyang Zhengxiong. Over there

"Since the emperor has thought it through now, the minister has nothing to say."

"I wonder who will win the bet, brother Huang?"

Chapter 2183

"I didn't expect that it would be you and me fighting in the end. I thought it was me and Han Shi."

After Ouyang Zhengxiong heard Mo Yu say such words, he couldn't help but laugh.

He didn't expect that Mo Yu would actually step into this ring.

In his opinion, Mo Yu should not be a person who cares about fame and fortune. , he didn't know why Mo Yu came here

"As far as I know, you don't care about fame and fortune. Why did you come to this arena?"

Mo Yu laughed after hearing what Ouyang Zhengxiong said. Unexpectedly, in his mind, Ouyang Zhengxiong still had a lot of status.

"I really don't care about the fame and fortune, and I don't want to come to this arena, but it's hard to be a teacher."

After Ouyang Zhengxiong heard Mo Yu's words, he nodded slowly.

In this case, the two of them are destined to become enemies.

Ouyang Zhengxiong and Mo Yu once again put up a posture, and Mo Yu's weapon was A long sword.

And Ouyang Zhengxiong's weapon is a fan that can be flexibly changed at will.

At this time, Ouyang Zhengxiong took out his weapon and began to shake it slowly in his hand.

After seeing this scene, Mo Yu also drew He took out the long sword in his hand, stood up and flew towards Ouyang Zhengxiong to stab him.

But how could Ouyang Zhengxiong easily admit defeat at this time? Ouyang Zhengxiong shook the fan in his hand and directly blocked him. Mo Yu's attack was blocked.

After Mo Yu saw this scene, he also knew that his attack might not be effective at this time.

In this case, he would have to find another way.

Mo Yu's next second He directly changed his moves.

He flew his long sword out and started fighting alone in the next second.

Ouyang Zhengxiong and Mo Yu were evenly matched at this time. No one expected that Ouyang Zhengxiong would be so powerful.

And At this time, the emperor sitting on the throne had already changed his opinion of Ouyang Zhengxiong.

"I didn't expect that Ouyang Zhengxiong was so powerful. I thought he would definitely lose to Mo Yu."

Peach also laughed after hearing the emperor's words. Who made Ouyang Zhengxiong the person he wanted to choose?

It seems that the person he chose was really right. Ouyang Zhengxiong might really win the championship position.

This person is much more powerful than he was when he was young. At least when he was young, he lost to the people from Suifeng Academy.

Even now, he is not as good as the people from Shenfeng Academy. He doesn't want to always exist in this shadow.

"Yes, it's really scary. A person who trains alone can be as good as the senior brother of Kamikaze Academy."

"It seems that this person is really very talented."

After hearing Juitao's words, the emperor nodded with deep sympathy.

It seems that Ouyang Zhengxiong has really caught their eyes this time. Regardless of whether Ouyang Zhengxiong will succeed or not? Ouyang Zhengxiong will definitely enter the imperial court. in the hall.

And now everyone present has set their sights on Ouyang Zhengxiong. Many people are optimistic about Ouyang Zhengxiong.

"I didn't expect that the second brother's bettor would be so powerful, and that he could even compete with Mo Yu."

"Now it seems that I was hasty in this matter. Second brother, you should quickly think about what you want to ask of me."

After the second prince heard the eldest prince's words, his eyes showed a little ridicule.

He never thought that Ouyang Zhengxiong was really so powerful and could really fight on par with Mo Yu.

He originally thought that he was going to be lost to the eldest prince, but he didn't expect Ouyang Zhengxiong to be so successful.

"Brother Huang is joking, these are just some little tricks."

"The most powerful one should be Mo Yu. Let's wait and see. Maybe Mo Yu will make a comeback."

The eldest prince didn't have a good look on his face after hearing the second prince's deliberately obedient words. He could only continue to watch the game calmly. This matter cannot be blamed on the second prince.

It was the eldest prince who brought up this matter first, and it was also the bet proposed by the eldest prince.

Ouyang Zhengxiong really did not disappoint. He neutralized all Mo Yu's moves in a few clicks.

At this time, Ouyang Zhengxiong had seen through Mo Yu's moves, and he would not fight against them again. Mo Yu showed mercy

"Mo Yu, you have to be careful, I won't be merciful to you anymore."

Mo Yu laughed after listening to Ouyang Zhengxiong's words. He hoped that Ouyang Zhengxiong would not show mercy to him.

He also wanted to see how powerful Ouyang Zhengxiong was and how he was able to endure until now.

"I also want to see how you were so rude to me and how far you have reached in your cultivation."

After Ouyang Zhengxiong listened to Mo Yu's words, he immediately began to perform his own skills.

At this time, Ouyang Zhengxiong pressed the fan in his hand, and it transformed into a long sword.

At this time, Ouyang Zhengxiong moved toward Mo Yu stabbed it, and at this time, he also recalled the long sword in his hand.

The two began to demonstrate their sword skills. After all, the long sword was Mo Yu's best weapon.

At the beginning, Mo Yu still had the intention to test. Thoughts, but later, he began to gradually reveal his sword skills.

Chapter 2184

Ouyang Zhengxiong's face became more and more solemn after seeing Mo Yu's fierce swordsmanship.

Mo Yu's swordsmanship is very sharp, and his swordsmanship is eccentric, never leaving anyone a chance.

Only then did Ouyang Zhengxiong realize that Mo Yu was not that easy to deal with. He was worthy of being the senior brother of Shenfeng Academy.

But this doesn't mean that he can't defeat Mo Yu.

Just when he and Mo Yu were tit for tat again, Ouyang Zhengxiong once again turned the sword into a fan.

At this time, Mo Yu's sword happened to be stuck in the middle of Ouyang Zhengxiong's fan.

Ouyang Zhengxiong held the fan in his left hand and attacked Mo Yu directly with his right hand.

After seeing this scene, Mo Yu decisively abandoned her sword and jumped behind Ouyang Zhengxiong.

The competition on stage became more and more exciting, and the expressions off the stage were also very exciting.

Almost no one could have imagined that Ouyang Zhengxiong could actually fight Mo Yu evenly.

They had all placed their bets on Mo Yu, but at this time, it was Ouyang Zhengxiong who really opened their eyes.

The emperor and the eldest prince already knew at this time that no matter whether Ouyang Zhengxiong could defeat Mo Yu or not, Ouyang Zhengxiong had become a god in front of these people.

Ouyang Zhengxiong is probably the only one who can compete on par with the students of Kamikaze Academy.

In the previous sessions, although all the people who finally entered the court as officials were civilians, the winners were all from Kamikaze Academy without exception.

There are really not many people like Ouyang Zhengxiong who have been tit-for-tat with the students of Shenfeng Academy from the beginning, and are pressing every step of the way.

Even Peach was lost to the people from Kamikaze Academy.

It's enough to show how terrifying Ouyang Zhengxiong's strength is.

"I didn't expect that the people among the people are getting more and more powerful now. It seems that I really underestimated them."

After Juitao heard the emperor say such words, he lowered his head very respectfully.

Although Juitao looked down on himself at this time, as a minister, he must not say such words.

"Why does Your Majesty need to make a conclusion so quickly? Maybe there will be a reversal in the end."

"After all, Mo Yu is the senior brother of Shenfeng Academy. Who can guarantee that he will not reserve any subsequent moves?"

After the emperor heard Mi Tao say such words, he knew that Mi Tao still didn't dare to refute him like this.

In fact, everyone in front of him could see that Mo Yu was being suppressed by Ouyang Zhengxiong at this time.

Even at this time No matter how many swordsmanship Mo Yu showed, Ouyang Zhengxiong would be able to defeat them one by one in the end.

"It's really a scary young man. What position should I give him if Mo Yu really joins the court and becomes an official?"

After hearing the emperor's words, Juitao knew that the emperor was now very optimistic about Ouyang Zhengxiong. He actually wanted Ouyang Zhengxiong to join the court as an official so quickly. I'm afraid the emperor had already planned this matter in his mind.

He just It's just a symbolic question to ask yourself. His power has become more and more powerful in recent years, and it is right for the emperor to be wary of him.

Moreover, he is now suspected of having great achievements. After Ouyang Zhengxiong can enter the court and become a military general, He will definitely stand on the opposite side of him.

At that time, he will hand over all his military power to Ouyang Zhengxiong, and he will be able to retire with success.

"This matter should still be left to your Majesty to decide, but Ouyang Zhengxiong is really a good young man who practices martial arts."

After hearing what Juitao said, the emperor looked at Ouyang Zhengxiong thoughtfully.

It seemed that he really took Juitao's words into his heart, but he didn't know what the emperor should do.

After all, no one knows what the emperor is thinking in his heart.

They cannot easily guess the emperor's thoughts.

At this time, the competition on the stage is still continuing, but the people of Shenfeng Academy are becoming more and more in a hurry

"Why is Ouyang Zhengxiong so powerful? Even compared with his senior brother, he is actually on par"

"Who says it's not? I have never seen Ouyang Zhengxiong so powerful before."

"It seems that the eldest brother was tricked by Ouyang Zhengxiong. Unfortunately, the eldest brother also defended Ouyang Zhengxiong before."

After Hanshi heard these words from the people of Kamikaze Academy, he immediately frowned and taught them a lesson.

"Shut up, are these what you should say?"

"Ouyang Zhengxiong is so powerful. He has cultivated it himself. As a result, if you don't cultivate well, you are still talking bad about people at this time. How can you represent Kamikaze Academy?"

"Also, have you forgotten all of Senior Brother's instructions just now? What, do you dare to disobey Senior Brother's order?"

After everyone heard Han Shi say such words, they immediately lowered their heads. They did not have the courage to provoke Mo Yu.

Although Mo Yu looked as gentle as jade on the surface, in fact, his behavior was not as good as his. Soft and moist on the surface

"Second Senior Brother, these things are all our fault. You must not take it to heart and never tell Senior Brother."

After Han Shi heard what these people said, he snorted coldly and looked nervously at the stage.

In fact, he was also very worried about Mo Yu at this time, but he didn't say it out loud.

Chapter 2185

If Mo Yu loses to Ouyang Zhengxiong at this time, it means that their Divine Wind Academy has really lost.

The students of Kamikaze Academy can no longer defeat a student who studies on his own. Is it really necessary for the academy to exist at that time?

At this time, Han Shi had really fallen into thinking. What should Mo Yu do if he really loses?

Han Shi's worries were not unnecessary, but Han Shi's thoughts at this time were indeed unnecessary.

The current Shenfeng Academy is still in a period of vigorous development, and they are still on the way up.

There is no need to worry about so many problems. Even if Ouyang Zhengxiong can defeat Mo Yu, it only means that Ouyang Zhengxiong is powerful.

But all the other civil representatives were beaten down by the people from Kamikaze Academy, and Kamikaze Academy is still necessary to exist.

Soon, on the martial arts platform, the two people started fighting again.

Ouyang Zhengxiong and Mo Yu were fighting neck and neck for a while, and at this time, the emperor probably didn't want to continue watching.

"Tell them to stop, there is no need to continue fighting."

After hearing the emperor's words, the host immediately started to beat the gong. Mo Yu and Ouyang Zhengxiong were very confused about this sudden gong.

I wonder what is going on? They obviously haven't decided the winner yet.

"The game is now stopped. The Emperor has something to say. Please listen."

After listening to the referee's words, everyone stopped and began to slowly listen to what the emperor said. The emperor is the king of the country here.

He is the real decision-maker here, even if Ouyang Zhengxiong loses by then. , the emperor has spoken, then he can successfully enter the court

"I am very relieved that this fight can be so fierce."

"I didn't expect that Ouyang Zhengxiong, a mere civilian, could fight on par with the senior brother of Shenfeng Academy."

"It really impressed me and allowed me to see that there are actually many talented people among the people."

"This time I declare you both the winners, and Ouyang Zhengxiong will have the opportunity to enter the court."

"As for Mo Yu, she still needs to go back and practice well now. If necessary, she can ask Ouyang Zhengxiong for advice."

After Mo Yu heard the emperor's words, he bowed respectfully and did not feel upset about this matter. He also did not feel that this matter had come to him. He did have a close fight with Ouyang Zhengxiong. Open.

There is nothing to be ashamed of. She and Ouyang Zhengxiong fought like this, and she felt very peaceful in her heart.

He knows better than anyone else how powerful Ouyang Zhengxiong is, and he understands better than anyone else that he does not Will do things that are harmful to nature

"Yes, thank you, Your Majesty."

After accepting this reward, Ouyang Zhengxiong looked at the emperor with some confusion.

It seemed that he didn't know what to do next, and he didn't know how to accept this reward.

When Mo Yu saw Ouyang Zhengxiong's After that, he spoke softly to Ouyang Zhengxiong:"Now I want to thank the emperor first."

After Ouyang Zhengxiong heard Mo Yu's words, he immediately reacted, took a step forward, and bowed to the emperor.

"Thank you, Your Majesty, for the reward."

After hearing what Ouyang Zhengxiong said, the emperor nodded with great satisfaction and laughed again at this time.

"It seems that God has blessed our country of Qi to produce a genius like Ouyang Zhengxiong among the people. I believe that it will not be long before our country of Qi will become more and more prosperous."

After listening to the emperor's words, everyone began to agree with the emperor's words.

No one dared to contradict the emperor. After all, this is the emperor, not an ordinary person.

At this time, after hearing this, Ouyang Zhengxiong felt in his heart He felt that Qi State would become more and more powerful.

But that would be something later, and he didn't know what the entire court thought about Yu'er's family.

If the entire court If everyone attacks Yu'er's family, he will not let go of the entire Qi Kingdom. He only hopes that the second prince, whom he chose to seek refuge with, will not get involved in this matter.

At this time, the faces of the eldest prince and the second prince became calm, who Neither agreed to the other, which was undoubtedly the best thing for them.

But they were both unwilling to do so, and both wanted to win.

"I really didn't expect Ouyang Zhengxiong to be so powerful. It seems that I made a wrong bet on this matter."

The second prince laughed after hearing the eldest prince's words.

"Why did the emperor say this? Mo Yu didn't lose, right?"

"Father has already said that if Ouyang Zhengxiong and Mo Yu are tied, we don't need to care too much about winning or losing."

After listening to the words of the second prince, the eldest prince looked at the second prince with half-smiling eyes.

He seemed to understand now who the second prince was looking for. If his guess was correct, the second prince should have taken a liking to him. Ouyang Zhengxiong.

Since the second prince has already taken a liking to him, he must snatch this person from the second prince's hands without any force.

Otherwise, if Ouyang Zhengxiong really helps the second prince, what will happen to him? It's a big thing to say.

Chapter 2186

"I don't know who the second brother is attracted to in this battle."

The second prince fell silent after hearing the eldest prince's sudden question.

He didn't know whether he should tell the eldest prince about this matter, but he always felt that there was something in the eldest prince's words.

"Brother Huang is really talkative. Even if I like him, he may not become my subordinate."

"Now his father also values Ouyang Zhengxiong very much. I think Ouyang Zhengxiong will be used by his father in the future."

After listening to the words of the second prince, the eldest prince felt that the second prince was really good at putting on airs.

Now it seems that the second prince has really fallen in love with Ouyang Zhengxiong. He must be careful.

"It turns out that the second brother has taken a liking to this folk person. Speaking of which, this folk person does have a certain amount of talent."

"It's really admirable to actually be able to tie with the people from Kamikaze Academy."

"But after all, he is just an ordinary person, but the people in Shenfeng Academy are different."

"The people in Shenfeng Academy are either rich or noble, and the families behind them will definitely be able to support the second brother."

"If the second brother really chooses a commoner, he must be careful."

After the second prince heard the eldest prince's tit-for-tat words, he just smiled faintly.

He didn't say that much to the eldest prince because he knew that there were many people here who were the emperor's spies.

If he must talk to the eldest prince, If the princes quarrel, they will definitely be scolded by the emperor.

The eldest prince is the smooth and orthodox heir. Although there is no crown prince yet.

But he cannot provoke the eldest prince at this time. If someone talks about it, it comes to the emperor's ears. , then he will suffer

"Why did the emperor say this? All the people in this court belong to the father, and everyone in the court should be loyal to the father."

"My father has the final say in this world of Shiji Street. I don't dare to make the decision easily, nor do I dare to form cliques easily."

"I advise the emperor not to have such thoughts. Once you have such thoughts, it is very dangerous."

After the eldest prince heard the second prince's pretentious words, he was filled with hatred.

He really wanted to teach the second prince a lesson, but now is not a good time.

And what he just said was very... Some people may have heard it. If it really reaches the emperor's ears by then, he will definitely be unable to eat and carry around.

"It turns out that the second brother also knew about this matter. The reason why he told the second brother this was just to give the second brother a heads up."

"Second brother, please don't make such a mistake in the future. What our father hates the most is forming cliques."

"We can't do anything that makes our father hateful."

The second prince nodded after listening to the eldest prince's words, and the two of them just pretended to be indifferent.

At this time, the emperor and Zhao Ziyong also began to talk.

"This time, the people selected from the private sector really broke the long-standing situation in which one person from Kamikaze Academy won the victory."

"He is indeed a rare talent. Even if I lose this time,"

"After a while, someone will deliver the thousand-year-old Polygonum multiflorum to Ziyong's house."

After Zhao Ziying heard the emperor say such words, he immediately stood up in a ridiculous way.

"Your Majesty, you must not do it. This time, since Ouyang Zhengxiong and Mo Yu had a draw,"

"Then there is no question of winning or losing in this matter. The Emperor must not be like this."

"Since these thousand years of Polygonum multiflorum are dedicated to the emperor, we should do our best to play its role."

"The emperor should also replenish his body and work hard day and night for state affairs."

After the emperor heard Zhao Ziying say such words, he nodded with great satisfaction.

Obviously, he didn't really want to give the thousand-year Polygonum multiflorum to Zhao Ziying, he was just pretending.

Now when he heard Zhao Ziying say such words, He feels that Zhao Ziying is becoming more and more aware of current affairs.

Therefore, Zhao Ziying's reputation is somewhat higher than his now, but once he trains Ouyang Zhengxiong, he can get rid of Zhao Ziying.

"Since Ziying said so, there is no need for me to be polite."

"Next time, I will definitely reward you well."

After Zhao Ziying heard the emperor's words, he lowered his head and kept thanking the emperor in the end.

But in fact, he knew very well that if the fight continued like this, the final winner would most likely be Ouyang Zhengxiong.

He could It can be seen that Ouyang Zhengxiong has been testing Mo Yu. He has not tested out all of Mo Yu's strength. Ouyang Zhengxiong will not take action easily.

But the emperor has just taken action to stop their next actions. As for who wins or loses, he didn't know. No matter how you say it, Mo Yu is also the senior brother of Shenfeng Academy, so he should have some unique skills.

But when he met Ouyang Zhengxiong, he didn't care about any use.

This is also true. A shocking thing is that if Ouyang Zhengxiong is sent to study in the Shenfeng Academy system, Qi will definitely produce a unique genius in the future.

Chapter 2187

Ouyang Zhengxiong finally breathed a sigh of relief after hearing that he and Mo Yu had a draw.

If he defeated Mo Yu at this time, I'm afraid these people wouldn't think it was just a simple civilian.

Instead, he thought he was becoming more and more suspicious, and if he lost in Mo Yu's hands, he would lose his agreement.

So a tie between him and Mo Yu is the best ending.

Mo Yu knew that Ouyang Zhengxiong's strength was far beyond this, and Ouyang Zhengxiong could easily defeat him.

But she didn't know why Ouyang Zhengxiong did this, but everything Ouyang Zhengxiong did should have his own reason.

Since Ouyang Zhengxiong has chosen to do this and has made such a choice, there is no need for him to expose Ouyang Zhengxiong.

He only needs to follow Ouyang Zhengxiong's actions and Ouyang Zhengxiong's thoughts. Ouyang Zhengxiong will not hurt him anyway.

"Brother Ouyang, thank you for your mercy."

After Ouyang Zhengxiong heard Mo Yu's words, he knew that Mo Yu did not mean to ridicule him. Mo Yu was sincere in saying these words to him.

But after hearing Mo Yu say such words, he still felt a little Feeling guilty, he looked everywhere, but people here thought Mo Yu was just being modest.

Because they didn't think Mo Yu would lose to Ouyang Zhengxiong, this might be an inexplicable trust in Mr. Shen.

Ouyang After Zhengxiong noticed this, he immediately laughed out

"Where where? Brother Mo Yu is also a very powerful person. I hope I can compete with Brother Mo Yu next time."

After Mo Yu heard Ouyang Zhengxiong say such words, he nodded. If there was a chance, he really wanted to learn more from Ouyang Zhengxiong.

He could improve a lot by competing with Ouyang Zhengxiong, and Ouyang Zhengxiong He will become more and more powerful.

He likes to compete with such people, just like he likes to compete with Han Shi.

He likes anyone who can help him.

At this time, the emperor on the high platform also began to announce this rewards

"I really didn't expect that there are talented people among the people, and there are actually people who can actually compete with the students of Kamikaze Academy."

"Since Ouyang Zhengxiong is so powerful, he can enter Shenfeng Academy for systematic study from now on."

"After entering the Shenfeng Academy system, I hope that Ouyang Zhengxiong will not forget his original intention and continue to work hard."

After Ouyang Zhengxiong heard the emperor's instructions, he was immediately stunned.

He originally thought that the emperor would let him enter the court directly, but he did not expect that the emperor would actually give him a trick at this time.

The emperor actually let him When he entered Kamikaze Academy, he didn't want to go to that academy.

How dark that school was, he had already understood how miserably the two girls were bullied.

No one came to rescue them, if not for If Chu Qing had stood up, I'm afraid those two girls would have died that night.

But now, the emperor is letting him study at Shen Tong Academy without giving him any title. He is really likely to be bullied..

But she can't tell the emperor directly about this matter now. After all, the emperor should not know about those dirty things. Even if he knew, the emperor would not believe his emperor, and he should trust the people of Kamikaze Academy.

Ouyang Zhengxiong could only kneel down to thank him

"Thank you, Your Majesty."

After Ouyang Zhengxiong said these words, he stood up directly. At this time, the emperor began to reward Shenfeng Academy again.

"Kamikaze Academy also contributed a lot to this martial arts competition."

"It also allowed us to see the wonderful features of this generation of Kamikaze Academy. This time, everyone in Kamikaze Academy was rewarded with a jade."

After hearing the emperor's reward, everyone knelt down to express their gratitude.

It seemed that everyone was very satisfied with the reward, but Ouyang Zhengxiong was very dissatisfied.

But he can't show it now. If he can enter later, If he goes to the court, then, correspondingly, Yu'er will appear later.

He doesn't want Yu'er to leave the brothel so late, otherwise, he will no longer be able to find a good family for Yu'er..

But he couldn't refute the emperor now, he could only go along with what the emperor said.

After the second prince saw that the emperor valued Ouyang Zhengxiong so much, he was no longer surprised.

After all, the emperor couldn't wait to find someone to replace Zhao Ziyong.

This matter is a fact that they all know together. The reason why Ouyang Zhengxiong was sent to Shenfeng Academy was to enhance Ouyang Zhengxiong's strength.

Once Ouyang Zhengxiong has gained strength, no one will look at it again. He, and he does not need to be trained from the bottom of the army.

He can directly become the general.

He also wants to congratulate Ouyang Zhengxiong for this matter. Once Ouyang Zhengxiong truly enters the court, he will definitely He can give full play to his strength.

When this matter was resolved, Ouyang Zhengxiong immediately came to his inn, but he was not in a hurry to go out to find Yu'er.

Because he knew that the second prince would definitely come to him, He couldn't let the second prince escape.

Chapter 2188

As expected, Ouyang Zhengxiong had just washed up in the inn, and immediately after bathing, he greeted the second prince.

The second prince immediately laughed after seeing Ouyang Zhengxiong appear.

"I really didn't expect that Brother Ouyang was so powerful that he could tie with Mo Yu from Shenfeng Academy."

After Ouyang Zhengxiong heard the second prince say such words, he showed a very embarrassed expression.

"I didn't expect this. I originally thought I was no match for Mo Yu."

"But I didn't expect that Brother Mo Yu would show mercy to me. I should thank Brother Mo Yu for this."

After the second prince heard Ouyang Zhengxiong's words, he felt that Ouyang Zhengxiong was just being humble. It was not easy to be able to survive two more moves under Mo Yu.

Even if he met Mo Yu, he would have to think carefully. If Mo Yu hadn't taken a fancy to his identity, I'm afraid he would have received it from Mo Yu long ago

"Even if Mo Yu showed mercy to you, he should still be grateful for your own strength."

"If it weren't for your strength, I'm afraid Mo Yu would have beaten you down long ago."

After Ouyang Zhengxiong heard the second prince say such words, he just smiled and remained silent.

If he continues to be humble, I'm afraid the second prince will be unhappy.

By then, if he thinks about it again, he might as well go to the court. It may be even more difficult.

He doesn't want to add another pressure to the matter of entering the court.

"What the Second Prince said is wrong. Since you are beneath one person and above ten thousand people, naturally someone will respect you more."

"Just because of your status, he shouldn't take action against you."

The second prince suddenly became very happy after hearing Ouyang Zhengxiong say such words.

Ouyang Zhengxiong's words are also very reasonable, because his status should also have a lot of respect for him.

But if it is just because of him His status would make him somewhat unhappy.

"But if it's just because of my status, don't you think you are too hypocritical?"

After Ouyang Zhengxiong heard the second prince say such words, he knew that the second prince was already a little angry.

But he had a way to make the second prince not angry.

"That's not what the second prince said. Since you are the emperor's son, you are naturally of the highest honor."

"How dare we ordinary civilians take action against you? Besides, even if you don't know any martial arts, there will naturally be many masters protecting you."

"If something happens to you, I'm afraid the emperor won't let us go easily."

"You don't have to learn so much, we are here to help you."

The second prince finally nodded after hearing Ouyang Zhengxiong say such words.

He now truly recognized Ouyang Zhengxiong, and only Ouyang Zhengxiong could bring him so much happiness.

"You are right. If this is the case, are you willing to be mine?"

Ouyang Zhengxiong was a little frightened after hearing what the second prince said.

"I don't know what the second prince means by this."

"What does it mean to be the second prince? Why can't I understand something?"

After hearing what Ouyang Zhengxiong said, the second prince really believed Ouyang Zhengxiong.

Ouyang Zhengxiong is a person living in the civilian world, and he is out of reach of nobles like them.

"The reason why your father let you come to Kamikaze Academy is just to improve your background."

"If what I guessed is correct, my father definitely wants to hand over the position of general to you."

"If you really achieve the position of general, are you willing to surrender to me?"

After Ouyang Zhengxiong heard the second prince say such words, his face instantly turned pale.

He seemed to be very panicked about this matter. He seemed to dare not make any comments about this matter.

"Second Prince, please don't joke about this matter."

"If someone reports this matter to the emperor, I am afraid that both you and I will suffer."

After the second prince saw Ouyang Zhengxiong being so scared, he felt that he had grasped Ouyang Zhengxiong's seven inches.

"Brother Ouyang, why are you so nervous? I already knew each other before the competition."

"Then you and I will naturally stand on the same front. My imperial brother is not someone to be trifled with."

"If you choose to stand on the same front with him, I'm afraid you will lose quickly."

After Ouyang Zhengxiong heard the second prince say such words, his face became even paler and he quickly shook his head.

"Second Prince, I have never thought about taking refuge with the First Prince. I just feel that this matter is still far away from me."

"I don't know why I suddenly said this"

"I haven't entered the court yet, and I don't know what kind of position the emperor will give me."

"Even if I really step into the court, isn't it the emperor who I want to be loyal to?"

"I will only be loyal to you in this life."

After the second prince heard Ouyang Zhengxiong say such words, he suddenly felt that Ouyang Zhengxiong was a very trustworthy person.

If it had been anyone else, he would have fallen into his trap long ago.

Chapter 2189

But Ouyang Zhengxiong's ability to say such things now means that Ouyang Zhengxiong really has some bad intentions, and Ouyang Zhengxiong will never betray him.

If this is the case, then he can also trust Ouyang Zhengxiong

"Brother Ouyang, I believe in your loyalty to the emperor, but you can't even see the emperor now, so why do you need to be loyal to him?"

"I am right in front of you at this time. If you choose to be loyal to me, I will never treat you badly when I become emperor in the future."

After Ouyang Zhengxiong heard the second prince say such words, he felt that what the second prince said was too much for his predecessor.

Now that the second prince has not become the emperor, he dares to say such words to him. If the second prince really becomes the emperor in the future, if you become emperor, doesn't that mean you have to go to heaven? To put it another way, if the second prince fails to succeed in ascending to the position of emperor, wouldn't he have to lose his head?

"Second Prince, I know what you are thinking, but I will only be loyal to the emperor in this life."

"I don't know who will become the next emperor between you and the eldest prince, but I will be loyal to this emperor now."

After the second prince heard Ouyang Zhengxiong say such words, he already knew that he could not persuade him.

But he would never give up this idea. No matter what, he would definitely take Ouyang Zhengxiong under his command.

Because the eldest prince would definitely do the same. They took a fancy to Ouyang Zhengxiong's talents and chose to recruit Ouyang Zhengxiong.

"I can tell you the truth, if you don't choose to stand on the same front as me"

"My imperial brother will also win over you. If you stand on his side by then, I'm afraid the two of us will really have nothing to say."

After Ouyang Zhengxiong heard the second prince say such words, he didn't know how to explain it to the second prince.

He didn't want to take refuge in anyone, all he wanted was to be able to gain a foothold in the court.

But since he couldn't To gain a foothold in this court, he would have no choice but to seek refuge with the second prince.

The second prince seemed much more reliable than the eldest prince.

"Since the second prince is like this, then I am willing to be loyal to you."

"But I am basing this on the fact that you and the eldest prince are enemies. My sincere heart is still with the emperor."

After hearing Ouyang Zhengxiong's words, the second prince nodded with great satisfaction.

Although he knew that Ouyang Zhengxiong was not really loyal to him, Ouyang Zhengxiong's words could make him very happy.

"Now that I have received Brother Ouyang's promise today, I will no longer be polite to Brother Ouyang."

"Brother Ouyang, if I can take the position of emperor in the future, I will never treat you badly."

"If you have anything you want, you have to think about it in advance. When I ascend to the throne of God, I will help you realize it."

After Ouyang Zhengxiong heard what the second prince said, he felt that the second prince's words were far-reaching.

Although he now chose to side with the second prince, no one knew whether the eldest prince had a secret weapon.

"Second Prince, we should be more careful. We don't know who is there with the First Prince."

"And the eldest prince is definitely not someone to be trifled with, maybe he has already started working on matters in the court."

The second prince nodded after hearing Ouyang Zhengxiong's words. He had already sent people to the eldest prince's side.

And the news he sent was exactly what Ouyang Zhengxiong guessed.

It must be said that Ouyang Zhengxiong is not only a martial artist Gao Qiang, his mind is also very sensitive

"You are right, the eldest prince has indeed intervened in the affairs of the court."

"It's just that the things he intervened in were not just matters."

After Ouyang Zhengxiong heard the second prince say such words, he immediately understood what the second prince wanted to express.

"If this is the case, then we must collect evidence and then pretend to reveal this matter to His Majesty casually."

"Your Majesty, if you knew about this matter, you would never let the eldest prince off easily."

The second prince shook his head after listening to Ouyang Zhengxiong's words. This matter is not that simple.

"You still think a little too simply. Do you really think your father doesn't know what the emperor brother has done?"

"The emperor's family is the most ruthless. He clearly knows it in his heart, but he has never blamed it or said it out loud."

"He was just waiting for an opportunity, an opportunity to completely eliminate all those who coveted his position."

After Ouyang Zhengxiong heard the second prince say such words, his heart slowly became cold.

What the second prince said was also right.

No one would just watch what belongs to them be handed over to others.

Even this person He is his biological son, so he can delay it as long as he can.

If he wants to ask for this position in advance, it is simply impossible.

"In this case, what should we do now?"

"Is it possible that we have just stopped here?"

The second prince shook his head after hearing Ouyang Zhengxiong's words. They still need to discuss this matter in the long term.

Now he only needs to make sure that Ouyang Zhengxiong is his person, and he doesn't need to worry about other things.

Chapter 2190

"We don't have to worry about this anymore. We will discuss these things in the future."

"The most important thing now is to make sure you are mine"

"If you dare to betray me in the future, I will never let you go."

The second prince looked at Ouyang Zhengxiong with terrifying eyes, and said these words to Ouyang Zhengxiong word by word.

Ouyang Zhengxiong nodded after hearing the second prince's words. He did not dare to refute the second prince at this time.

He I feel that if the second prince is compared with the eldest prince, the second prince has a good chance of victory.

Although the eldest prince seems to be more tolerant and gentle, all this is just an illusion of his appearance.

No matter what Ouyang Zhengxiong says He has also met many characters, and he can tell at first glance that the eldest prince is a very fake person.

Although the second prince looks cold and ruthless, he is a real person who values love and justice.

"Second Prince, don't worry, since I have chosen you, I will never betray you."

"I naturally know in my heart that if you are not the second prince, I will leave first if nothing happens."

"As the second prince said, it is very likely that the eldest prince will also send someone to look for me. It is better for us to avoid it now."

The second prince nodded after hearing Ouyang Zhengxiong's words, but before he could leave, he heard someone knocking on the door outside Ouyang Zhengxiong. After hearing the knock on the door, the second prince immediately He was on high alert.

Since he has already come here, it means that the person coming this time is most likely the eldest prince, and the eldest prince is also here to win over Ouyang Zhengxiong.

"If my prediction is correct, the person coming should be my imperial brother"

"Now that you have chosen to be loyal to me, let me see your sincerity."

After saying these words to Ouyang Zhengxiong, the second prince walked into the compartment.

At this time, Ouyang Zhengxiong could only open the door with a headache.

Ouyang Zhengxiong saw the eldest prince standing in front of him.

The eldest prince The prince smiled very warmly, and he seemed to be really approachable.

But Ouyang Zhengxiong knew that as a royal, how could there be approachable people? All of this was just an illusion packaged by him.

"I wonder what the eldest prince is here for?"

After hearing Ouyang Zhengxiong's words, the eldest prince immediately laughed, as if he was very gentle.

"I came here just to see Brother Ouyang's style. After all, I had a tie with Mo Yu."

"Mo Yu is the senior brother of Shenfeng Academy."

After Ouyang Zhengxiong heard the eldest prince say such words, he nodded, but he disliked the eldest prince less and less in his heart.

Because the eldest prince was really becoming more and more hypocritical now, if he could be with the second prince Likewise, if he went straight to the point, he wouldn't feel so disgusted.

What Ouyang Zhengxiong didn't like the most was beating around the bush, and he didn't like others to keep testing him.

"It turns out that it was just because of this little thing. If it weren't for Mo Yu letting me go, I'm afraid I wouldn't be able to tie with Mo Yu."

"I would like to thank Mo Yu a lot for this matter."

After the eldest prince heard what Ouyang Zhengxiong said, his expression seemed to be choked.

He never thought that Ouyang Zhengxiong would actually say such words. Even if Ouyang Zhengxiong is modest and modest, it's okay.

But he can say such words directly. , so that he didn't know how to answer it.

"If it weren't for your own strong strength, even if Mo Yu let you go, you would never have achieved such good results."

"You are good enough on your own, and with the support of others, you will become better and better."

After hearing what the eldest prince said, Ouyang Zhengxiong smiled and nodded, but the smile on his face looked like a fake smile.

After the eldest prince saw Ouyang Zhengxiong like this, he felt that Ouyang Zhengxiong seemed to be a very troublesome person..

It seems that no matter how you say these words to Ouyang Zhengxiong? Ouyang Zhengxiong can block him back without leaving any trace.

"Brother Ouyang, now that you have entered the court, what position do you have in mind?"

"You might as well tell me, I will definitely do what Brother Ouyang wishes."

After Ouyang Zhengxiong heard the eldest prince say such words, he felt that the eldest prince simply regarded this matter as a child's play.

What position does he want to take? It should be decided by the emperor. His eldest prince has
What qualifications do you have to say these things?

"The eldest prince joked, although this matter depends on the emperor's intention"

"If the emperor wants me to lead the troops to fight, I will lead the troops to fight. But if the emperor wants me to abandon martial arts and become civilized, I will never resist."

After the eldest prince heard what Ouyang Zhengxiong said, his face became colder and colder.

She knew that Ouyang Zhengxiong was indirectly denying it, and she was also indirectly rejecting him.

He never expected that Ouyang Zhengxiong He actually had the courage to refuse him. He originally thought that his arrival would surprise Ouyang Zhengxiong.

But it was precisely because of Ouyang Zhengxiong's appearance that he had a desire to conquer. If he could not have children and got Ouyang Zhengxiong, he would It will also make himself very frustrated.

He will definitely let Ouyang Zhengxiong successfully join his camp.
