### Chapter 2211

If he really passes the throne to the eldest prince a hundred years later, I am afraid that he will be defeated by other countries before long.

But if the throne is passed to the second prince, it is not yet certain what the second prince really thinks.

Moreover, it is not certain that the second prince can truly become a good emperor.

It seems that there is a long way to go to establish the crown prince, and he needs to think about it carefully.

"Boss, since this matter has been entrusted to you, then everything you do must be done according to what the second brother said. I will leave this matter to you two brothers. If I notice that something is wrong with this matter Place, I'll ask you two."

After hearing the emperor's words, the eldest prince and the second prince immediately expressed their respect.

In fact, none of them wanted to cooperate with the other, but now they were forced to cooperate with the other.

The eldest prince and the second prince no longer have There are other choices. If they don't choose to cooperate with each other, they will only be defeated by then.

"I will obey my father's will."

Two voices sounded at the same time. After the two voices fell, they looked at each other at the same time.

The emperor doesn't care about the undercurrent between the eldest prince and the second prince. Who can really stand to the end, who will be the final winner..Since ancient times, everyone who ascends to the throne has to go through many hardships.

Only the person who stands victorious to the end can become the final winner. I just don't know who among his sons can be the final winner..When the eldest prince and the second prince left here, the two began to fight tit for tat again.

Especially the eldest prince, he looked down on the second prince very much now, as if everything the second prince had now belonged to him.

"I wonder who this second brother's counselor is? I really admire my brother for being able to come up with such a good idea."

After the second prince heard the eldest prince's pretentious words, he no longer wanted to make excuses with the eldest prince.

Since this matter has been handed over to the eldest prince, he no longer has to worry about this matter.

If this matter If things happen again in the future, if there is any accident, there will be no need to involve him.

"Brother Emperor, I'm so impressed. It's just the result of the joint efforts of several of my counselors. Brother Emperor, it's better to deal with this matter quickly at this time. This matter cannot be delayed."

After the eldest prince heard the second prince say such words, his face instantly darkened.

He didn't want to hear the second prince say such words, which would make him feel that everything he had now was dependent on the second prince. He got it.

So everything he has now was indeed brought to him by the second prince, but this does not mean that he can accept it with peace of mind."

"Don't worry, second brother, the emperor will definitely complete this matter very well and will definitely live up to second brother's expectations."

After hearing what the eldest prince said, the second prince nodded, and then left here first.

It seemed that he really didn't take this matter seriously. In his heart, it seemed that the people were the most important thing. existence.

The eldest prince immediately felt angry after seeing the second prince's scene.

He felt that the second prince was now very good at putting on airs. If it had been before, the second prince would have been angry with him now.

But now the second prince is He didn't say anything, but was very calm, and asked him to pay attention to this matter.

Now he couldn't understand what the second prince was thinking, and he didn't know what the second prince was going to do.

"Since my father has left this matter to me, I hope that my second brother can give me some advice. After all, this matter was not my brother's idea, and I don't know where to start."

After the second prince heard the eldest prince say such words, he knew that the eldest prince was getting an advantage and being good.

Now the eldest prince still has time to fight with him here. If things are not settled, I am afraid that the eldest prince will It won't be the same expression now.

Even if the emperor really wanted to give this responsibility to him, he would find a way to refuse it.

"Since the emperor has asked, I won't refuse any more. In this matter, we must pay attention to the amount of coarse grains exchanged and the remaining amount of fine grains, and hand them all over to the treasury. The treasury is not rich now, so it is better to save."

After the eldest prince heard the second prince say such words, he immediately realized that something was wrong. He always felt that the second prince said this as if there was something in his words, as if he was capable of corruption, so he thought this was a It was a good time for corruption. He did have such an idea.

But when he heard the second prince say it, he felt that the second prince might have already had a strategy for this matter.

If he really did this If the corruption was discovered, I am afraid that the second prince would definitely report the matter to the emperor.

At that time, he would no longer be qualified to compete for the crown prince, and he could only watch the second prince ascend to the throne.

Chapter 2212

The eldest prince felt very angry when he thought of this possibility. He would never let the second prince succeed.

But the second prince didn't know about these things at all. He didn't know where the eldest prince made up these things.

At this time, the second prince still left without knowing anything, regardless of how vicious the eldest prince's eyes behind him were.

"Damn it, he actually arranged this matter. If he had known about it earlier, he should have declined it in the first place."

The eldest prince regrets very much what he said, but now we can no longer give him a chance to regret it.

If he really wants to regret it, I am afraid that all he will get is a scolding from the emperor, and maybe the emperor will still So I was disappointed with him.

He couldn't do such a stupid thing because of this matter, otherwise, he would never have the chance to compete for the crown prince.

And the second prince reported this matter to the emperor again, and got another After hearing the news that the eldest prince had gone to do the work, he returned to the second prince's mansion very happily. At this time, Ouyang Zhengxiong was still waiting for the good news about the second prince in the second prince's mansion.

When Ouyang Zhengxiong saw that the second prince had returned, he watched When you see the triumphant smile on the second prince's face, you know that the second prince has succeeded.

But I don't know if the second prince can continue to smile like this. If this matter is really left to the second prince to resolve, this shows that the emperor has no respect for the second prince.  
Already wary

"How is things going with the Second Prince? Does the emperor have any displeasure?"

The second prince shook his head after hearing Ouyang Zhengxiong's words. The emperor said nothing about this matter.

Instead, he felt that this matter was a good idea.

"Brother Ouyang, this idea you came up with is really great. My father didn't say anything or blame me. Instead, he thought this idea was very good."

After Ouyang Zhengxiong heard what the second prince said, he frowned in disbelief.

It was as if he couldn't believe that these words really came from the second prince's mouth. How could a normal emperor think that this idea was a good one? What?

He should feel that something is very wrong about this matter. He should think that the second prince wants to be corrupt.

"Second Prince, is the Emperor really not angry? This should be a very shameless thing for the emperor."

The second prince also sighed after seeing Ouyang Zhengxiong's incredulous look.

He knew that not only Ouyang Zhengxiong didn't believe it, but even he didn't want to believe it at the beginning.

"Brother Ouyang, I know this thing is incredible and unbelievable, but it did happen. And the father indeed agreed to this matter."

After Ouyang Zhengxiong heard what the second prince said, he felt that the second prince might have been tricked by the emperor. He didn't know yet.

"So how did the emperor choose this matter? Are you asked to do this?"

The second prince seemed to be no longer wary of Ouyang Zhengxiong at this time, and immediately shook his head.

"My father has given full authority to handle this matter to my brother. I believe that my brother will handle this matter well."

After Ouyang Zhengxiong heard what the second prince said, he didn't know how to leave this matter to the eldest prince. It was also a test for the eldest prince. The eldest prince could use this opportunity to embezzle and accept bribes, but equally, he could use this opportunity to prove his innocence.

It depends on how this matter is done. If he returns it to the treasury in full, the emperor will definitely look at him with admiration.

Maybe then the emperor will be very happy and give him a good reward. The eldest prince.

But if the eldest prince insists on committing suicide and chooses corruption and bribery, then no one can save him.

"Brother Ouyang, I think there is something wrong with this matter, but in my opinion, this matter is very beneficial to me. Since this idea came from me, if I do it again, it will appear that I want to take bribes, or I want to gain some kind of benefit from it. Now I handed this matter over to the emperor brother, and he successfully took me out."

After Ouyang Zhengxiong heard the second prince say such words, he nodded. Now it seems that the second prince is not as stupid as he thought.

At least the second prince can still see clearly some things. If this continues, He can also always assist the second prince.

"This is exactly what the second prince said. Since it is very beneficial to us, then we can just watch quietly from the side. The second prince must remember this matter and never interfere. Maybe the emperor would also send someone to observe this matter secretly."

The second prince nodded after hearing Ouyang Zhengxiong's words. He knew very well about such a simple matter.

This matter has been handed over to the eldest prince, and his people must not interfere.

Even if it is The people assigned to the eldest prince must not do anything, otherwise, all the victims will starve to death.

"Brother Ouyang, don't worry, I have my own sense of discretion in this matter."

Chapter 2213

After Ouyang Zhengxiong dealt with the second prince's matter, he was not in a hurry to return to Shenfeng Academy.

Ouyang Zhengxiong came to Yuchun Tower instead. He had not come to see Yu'er for a long time.

When Ouyang Zhengxiong came here, he found that Yu'er seemed to have disappeared in Yuchun Tower.

Not only was Yu'er missing, but the little maid who had always been beside Yu'er was also missing.

At this time, Ouyang Zhengxiong became a little panicked. He didn't know where Yu'er had gone.

He has not contacted Yu'er during this period, and he doesn't know what Yu'er is doing.

Ouyang Zhengxiong found the madam with anxiety.

After Ouyang Zhengxiong saw the old bustard, he immediately came to the old bustard with a dark expression on his face.

It looked as if the madam owed him a lot of money.

The madam felt bad after seeing Ouyang Zhengxiong like this.

Ouyang Zhengxiong must have known about Yu'er's outing today.

But she felt that Ouyang Zhengxiong should not be angry. After all, Ouyang Zhengxiong was still very good to Yu'er.

At this time, the madam couldn't help but put all the blame on Yu'er.

If Yu'er didn't go out today, there wouldn't be such a big trouble

"I asked you where Yu'er went? Why isn't she in her room?"

After hearing Ouyang Zhengxiong's words, the old bastard immediately laughed.

It seemed that she didn't care at all about Ouyang Zhengxiong's dark expression towards her.

"Oops, objectively speaking, you haven't been here for a long time. I thought you had forgotten Yu'er."

"Yu'er is now here as a free agent and will not pick up other guests."

"Don't worry about this. The reason why Yu'er is not here is probably because she went out for a wander."

Ouyang Zhengxiong fell silent after hearing what the old bastard said. He didn't know whether he believed the old bastard.

At this time, Ouyang Zhengxiong didn't know whether he should believe the old bastard.

"Then do you know where she went?"

The Madam shook her head after listening to Ouyang Zhengxiong's words. Although Yu'er is still in her name now, what exactly Yu'er wants to do is no longer in her control? She can no longer control Yu'er.

"Oh, guest, aren't you making things difficult for me? Where is Yu'er going? how could I know?"

"Yu'er is now under your care, and I will no longer interfere with her affairs."

After Ouyang Zhengxiong heard what the old bustard said, he nodded silently, then turned and left here.

He wanted to find Yu'er. He wanted to know what Yu'er was doing?

He was very happy that Yu'er could go out for a walk. But where can Yu'er go?

As Ouyang Zhengxiong's search failed again and again, Ouyang Zhengxiong's mood began to become bad at this time.

He didn't know where Yu'er had gone. Only then did he realize that he was interested in Yu'er. Ouyang Zhengxiong's understanding of Yu'er was very shallow.

At this time, Ouyang Zhengxiong really had no choice but to come to Yu'er's room in Yuchun Building and wait for Yu'er.

While Ouyang Zhengxiong waited for less than a stick of incense, Yu'er Finally stepped into the door of Yuchun Tower.

At this time, Yu'er was no longer as revealing as she was in Yuchun Tower.

The clothes she was wearing at this time already looked like a good woman outside.

When the old madam saw After Yu'er came back, she immediately welcomed Yu'er as if she had seen a savior.

"Why did you come back? That man has been waiting for you for a long time."

After Yu'er heard what the Madam said, she was a little confused and blinked. Who is the person waiting for her?

There seemed to be many people waiting for her, but she did not think of Ouyang Zhengxiong at all.

"Mom, who is waiting for me? Can you give me a heads up?"

"You told me this, but I can't remember it."

After hearing what Yu'er said, the old bastard felt that Yu'er was a bit unsatisfied.

"Who else could it be? He is the one who gives me his wallet regularly every month to support you."

"He has been here for a long time, and even went out to look for you, but he probably didn't find you. Is he still waiting for you in the room?"

After Yu'er heard what the Madam said, she nodded, and a trace of joy flashed in her eyes.

Yu'er came to her room with this happy mood.

And at this time, she saw the man who had been sullen. Ouyang Zhengxiong.

After Yu'er saw Ouyang Zhengxiong like this again, she knew that Ouyang Zhengxiong was angry about her sudden disappearance.

But she didn't mean it. She didn't know that Ouyang Zhengxiong would come to her today.

She also thought about it after careful consideration. She just chose to go out today.

But she didn't expect that by such a coincidence, she would meet Ouyang Zhengxiong coming to see her.

After Yu'er prepared herself mentally outside the door, she finally opened the door.

When Yu'er saw Ouyang Zhengxiong, she came to Ouyang Zhengxiong very happily.

He even reached for his purse, as if he had something to give to Ouyang Zhengxiong.

"Where did you go? Why didn't you tell me in advance?"

Chapter 2214

"Do you know how worried I am about you? Do you know how long I have been looking for you? I'm afraid something might happen to you."

After Yu'er heard Ouyang Zhengxiong say such words, she also knew that this matter was her fault.

She did not expect that Ouyang Zhengxiong would come to her at this time. She now knows that she was wrong.

"Brother Ouyang, don't be angry. I didn't expect you to come suddenly today."

"I also stayed here. It was really boring, so I went to the nearest temple and asked for a peace charm for you."

"Brother Ouyang, I am very worried about your safety, so I will let this Ping An Fu stay with you on my behalf to protect your safety."

After Ouyang Zhengxiong heard Yu'er say such words, he sighed helplessly.

He knew that once Yu'er said such words to her, he would have no way to be angry with Yu'er again.

"Alas, Yu'er, you don't have to do this for me. I can protect my own safety."

"I'm just worried about you. The person who murdered your family hasn't been found yet. In case you are targeted by them."

"If something happens to you, how do you want me to explain it to my uncle and aunt?"

After Yu'er heard Ouyang Zhengxiong's words, she knew that she had made Ouyang Zhengxiong difficult.

But she really couldn't stay here anymore. She had no guests here. She also had no good sisters to talk to her. She really felt Very boring

"Oops, Brother Ouyang, I know you are doing it for my own good, but I am bored if you stay here all the time."

"I also want to go out for a walk. I know my identity will cause an uproar."

"So I took precautions so that no one would know it was me."

"What's more, I just went to the temple, I didn't go to other places."

After Ouyang Zhengxiong heard Yu'er say such words, he nodded. He couldn't see Yu'er looking aggrieved.

Yu'er should live openly and honestly in this world.

But due to sudden changes in the family, Not only can't he live openly in this world, but he has to live in a brothel all the time.

Whenever he thinks about this, Ouyang Zhengxiong feels very heartbroken.

"Yu'er, don't worry, it won't be long before I will let you appear on this land openly and honestly."

"I will never let you hide forever."

After Yu'er heard Ouyang Zhengxiong's words, she nodded obediently, her eyes full of trust in Ouyang Zhengxiong.

It seemed that she believed in Ouyang Zhengxiong very much.

At this time, Yu'er also handed over the peace and happiness in her hands. Ouyang Zhengxiong's hands

"Brother Ouyang, please accept the blessing of peace. This is what I finally begged for you in the temple."

After Ouyang Zhengxiong heard Yu'er's words, he nodded slightly and put the peace charm in his arms.

The reason why Ouyang Zhengxiong came back to see Yu'er this time was to see Yu'er's recent situation.

Look. Now that Yu'er's mood has improved a lot, he feels relieved.

But he doesn't know how Yu'er's health is now.

"Yu'er, how are you feeling now? Is there anything uncomfortable?"

Yu'er shook her head after hearing Ouyang Zhengxiong's words. She didn't feel any discomfort at all.

After the doctor prescribed two sets of medicine for her last time, she came here again.

Now her body is almost healed. , there should be no more accidents

"Brother Ouyang, don't worry. After you left last time, that doctor came to treat me again."

"I took two more doses of medicine, and now my health is almost better."

"There's nothing wrong with my body. I just need to rest here quietly."

"But it's you, brother Ouyang. It's easy for you to offend people as an official in the court."

"And now your identity is extremely embarrassing, but you must pay attention to your own safety."

Ouyang Zhengxiong nodded after hearing Yu'er's caring words.

He would pay attention to his own safety, but he also hoped that nothing would happen to Yu'er.

"Don't worry, Yu'er, don't worry, what about my safety? I am also a member of the imperial court now"

"No one can hurt me except the emperor"

"I'm just worried about you."

After hearing Ouyang Zhengxiong's words, Yu'er nodded, and she would never go out privately again.

"Brother Ouyang, I understand, and I will never go out privately again in the future."

"I will be here quietly waiting for your news."

After Ouyang Zhengxiong heard what Yu'er said, he frowned. Yu'er's words were very wrong.

Yu'er doesn't need to stay here quietly. If Yu'er wants to go out, You can tell him.

He can also take any precautions and go out with Yu'er.

He is just afraid that something will happen to Yu'er when she goes out alone.

"Yu'er, I didn't mean to blame you, nor did I want you to go out."

"I'm just afraid that it's too dangerous for you to go out alone. If you want to go out because I believe you, you can tell me."

Chapter 2215

"I can go out with you and keep you safe to a great extent."

Yu'er nodded after hearing Ouyang Zhengxiong's words. She knew that Ouyang Zhengxiong was worried about her safety.

After learning Ouyang Zhengxiong's thoughts, he no longer had any complaints against Ouyang Zhengxiong. On the contrary, she felt that Ouyang Zhengxiong Masao is very nice to her

"Brother Ouyang, I know what you mean. You don't need to explain so much to me."

"You are now willing to help me investigate things at home, and you are still willing to protect me. I am already very grateful."

"In order not to cause trouble to brother Ouyang, I will try to go out as little as possible."

After Ouyang Zhengxiong heard Yu'er say such words, he immediately realized that he had just said the wrong thing.

Yu'er finally wanted to go out for a walk, but now he directly gave up Yu'er's idea.

"Yuer, I have never meant to imprison you here."

"You might as well go out and walk more, it will also help you get to know more people."

"If you meet someone you like, be sure to tell me."

After Yu'er heard Ouyang Zhengxiong's words, she nodded gently.

Although in Yu'er's view, she may never meet the person she likes, she is very happy to be able to reassure Ouyang Zhengxiong in this way.

"Brother Ouyang, don't worry, I will tell you"

"I finally met the person I like, how could I miss him so easily?"

After Ouyang Zhengxiong heard Yu'er say such words, he nodded with great satisfaction.

What he wants is the effect of Yu'er. If Yu'er continues to live like this, he will definitely see the hope of life.

"Okay, then Yu'er must pay more attention."

"If you meet someone you like, you must tell Brother Ouyang"

"No matter what? Brother Ouyang will definitely make you get what you wish for."

After Yu'er heard Ouyang Zhengxiong's words, she nodded gently. Yu'er felt that Ouyang Zhengxiong had been out for a long time now.

And if someone found out that Ouyang Zhengxiong had come to Yuchun Tower, they would be very angry with Ouyang Zhengxiong. The reputation is very bad.

Ouyang Zhengxiong should leave here quickly and should not stay here forever.

"Brother Ouyang, otherwise you should leave here first."

"I have heard my mother say that you have been waiting for me here for a long time"

"If you continue to stay, others will definitely notice it."

Ouyang Zhengxiong nodded after hearing Yu'er's words. It's time for her to leave here.

But he wants to leave because he has something to do, not because he dislikes Yu'er.

"Yu'er, I have something to do, so I chose to leave here."

"I never thought about abandoning you, nor did I mean to despise you."

Ouyang Zhengxiong is really afraid that Yu'er will think too much, but it is precisely because of his overthinking that he will make Yu'er think too much.

Yu'er may have never thought about this matter, but Ouyang Zhengxiong mentioned it like this, Yu'er felt that Ouyang Zhengxiong's worry was very reasonable.

The next time, Yu'er would involuntarily think of this matter again.

In this way, a vicious circle was formed, which led to Yu'er getting more and more worried in front of Ouyang Zhengxiong. He became less and less confident.

After Ouyang Zhengxiong left here, he didn't notice anything was wrong with Yu'er.

After Ouyang Zhengxiong left, he returned to the Kamikaze Wishing Center, and after he came back, he met Nangong Ying.

Ouyang Zhengxiong's eyes were very Looking at Nangong Ying sadly, he never thought that he and Nangong Ying were good friends.

Now Nangong Ying has become a teacher, and he is now just a student studying at Shenfeng Academy.

After Nangong Ying saw Ouyang Zhengxiong, He also knew what Ouyang Zhengxiong thought of him.

But he felt that he should call him his teacher in class, but in private, they were still good friends.

"Ouyang, what are you doing?"

After Ouyang Zhengxiong heard Nangong Ying's question to him, he also threw away everything before.

Now he just wants to know why Nangong Ying became a teacher.

"Don't worry about it now, I just want to know why you became my teacher"

"We all agreed to study together in Kamikaze Academy, but you suddenly turned around and became a teacher"

"Is this gap really too big?"

Nangong Ying felt very headache after hearing Ouyang Zhengxiong say such words.

How should he explain this matter to Ouyang Zhengxiong? Will he believe it?

"Listen to me and explain to you slowly. I never thought about becoming a teacher."

"I thought we would become classmates at the beginning, but I didn't expect that after the dean heard that I was coming, he insisted on letting me become a teacher."

"They also asked me to teach. Although I refused, it was of no use."

After Ouyang Zhengxiong heard Nangong Ying say such words, he also knew that Nangong Ying could not be blamed for this incident.

Nangong Ying's skills are indeed very good, and Nangong Ying's martial arts is also very strong.

Chapter 2216

To have such a person teach the students of Kamikaze Academy, Ouyang Zhengxiong felt that the principal's wishful thinking was quite good.

"Well, I won't bother you about this matter. I just went out to do some other things."

After Nangong Ying heard Ouyang Zhengxiong say such words, he felt that Ouyang Zhengxiong still had something to hide from him.

But everyone has their own secrets, and everyone has things that cannot be said. There is no need for him to force it. Ouyang Zhengxiong

"Well, since it's not convenient for you to say, I won't continue to ask."

"You'd better pack up now and get ready for class. I'll teach you in the next class."

Ouyang Zhengxiong was very surprised after hearing Nangong Ying's words.

He only knew that Nangong Ying's swordsmanship was very powerful, but the swordsmanship was the most despised in Shenfeng Academy.

"You called me, and I remember that your swordsmanship was very outstanding. Could it be that you want to teach us swordsmanship?"

After Nangong Ying heard Ouyang Zhengxiong say such words, he felt a little looked down upon.

He is not only good at swordsmanship, he still has many unique skills.

"What you said is wrong. What does it mean that I am the only one with superior swordsmanship?"

"Let me tell you, I have many unique sword skills, but this is just the least conspicuous one among my many unique skills."

After Ouyang Zhengxiong heard what Nangong Ying said, he nodded pretendingly and did not take the matter into his heart.

Ouyang Zhengxiong and Nangong Ying walked into the classroom together, chatting while walking.

When Ouyang Zhengxiong and Nangong Ying came to the classroom together, everyone in the classroom was already ready.

After they saw that Ouyang Zhengxiong and Nangong Ying came together, they immediately understood that Ouyang Zhengxiong and Nangong Ying might be in the classroom. They have known each other a long time ago.

But this is not something worthy of concern to them. They don't care much about who Ouyang Zhengxiong has met in advance.

The only thing they have to care about is the newly released door. Can they learn the class well? Can it help their cultivation?

After Ouyang Zhengxiong saw the group of people in front of him, he did not explain anything to the group of people. Instead, he sat down directly on his position. At this time, Nangong Ying did not waste any time and directly told them about this course.

"I am your new spell teacher this time, and I will teach you spells specifically this time."

Everyone was a little excited and curious after hearing Nangong Ying's words.

They had heard of the spell technology, but they had never been exposed to it.

After hearing Nangong Ying's words, Ouyang Zhengxiong also felt very curious about the spell. He had heard of it, but he didn't seem to know much about it.

He was lucky enough to use spells a few times, but the spells he learned were not advanced spells.

"I believe that everyone is familiar with and yet unfamiliar with talismans. So, do you have any questions about talismans?"

Before Nangong Ying finished speaking, he heard a student stand up enthusiastically.

"Teacher, I want to know if if we learn spells, we can use them to defeat the enemy?"

"Yes, I heard that the charm is very magical, and it seems to be able to freeze people out of thin air."

"Yes, yes, and the advanced spell seems to be a move that cannot be broken. It seems that no one can break it."

.....

Nangong Ying couldn't help but smile as he listened to the people below talking.

What these people below said is indeed their original intention of learning spells in the first place.

But when they actually come into contact with the talisman, they will find that the talisman is not as simple as they imagined.

"I know you have a lot of questions about talismans, but please stop first."

"Regarding the talisman, I will slowly teach you in the future. The talisman is actually not as magical as you think."

"In fact, spells are also divided into talents. If you have the talent for cultivation, you can also do what the classmate below said."

"Learn advanced spells and you can defeat those people with your spells."

Everyone was excited after hearing Nangong Ying's words.

At this time, they seemed to have expected that they would hold the spell in their hands and beat the bad guys to pieces.

But after Ouyang Zhengxiong heard Nangong Ying's words, he felt Nangong Ying seems to be hiding something.

It seems that things are not as simple as he said. There seem to be many things that need to be investigated.

"Teacher, I would like to ask you, you said that spells also require talent. What kind of talent does a spell require?"

"If some of us are not qualified to train spells, do we no longer need to take this course?"

Ouyang Zhengxiong's words directly caused the classroom to become silent. They all looked at Nangong Ying nervously.

Because they were afraid that what Ouyang Zhengxiong said was true. If they didn't have talent, they wouldn't be able to practice. this course.

Chapter 2217

Talisman is also a completely new course for them.

If they didn't have this talent, they would definitely be kicked out of here.

Nangong Ying couldn't help but laugh after noticing Ouyang Zhengxiong's provocation.

In his opinion, Ouyang Zhengxiong is the lowest and most disdainful challenge.

"In fact, spell classes basically don't require any talent, you just need to be able to draw spells."

"Besides, the spell is not difficult, it is very easy."

"But if you really want to develop into a senior and responsible person, as Ouyang Zhengxiong said, you need a lot of talent."

After hearing Nangong Ying's words, these people finally relaxed.

They don't need to practice very well, as long as they have the most basic spells to save their lives.

Ouyang Zhengxiong did not expect that Nangong Ying would actually use these Say it all.

If this is the case, it means that Nangong Ying seems to really think highly of this place.

Since Nangong Ying likes this place very much, then there is no need for him to continue to obstruct it.

If Nangong Ying likes this place, let him Staying here for a while didn't seem to have any impact. Just like that, the class officially started. Nangong Ying put all the things he needed on the desk.

"I believe everyone can see what is on my table now"

"Now all we need is yellow paper, red sand and the most common brush"

"What is on your desk now is ordinary paper, pen and ink"

"What you need to do now is follow me and draw the symbols slowly and learn from scratch"

"You don't need to use what I'm talking about now. Wait until you actually use it."

"I will distribute these things to you."

Everyone nodded after hearing Nangong Ying's words.

It turned out to be this reason, so can they start now?

"Remember to be calm when drawing the talisman, and don't let yourself be disturbed by anything."

Nangong Ying said as he showed them some talismans on the spot.

What Nangong Ying showed and drew were the most commonly used life-saving talismans.

After seeing the talismans displayed by Nangong Ying, everyone exuded excitement. There was a little sigh.

Although they didn't know exactly what was going on.

But they could also see that there was indeed a little light emitting from it.

"Teacher, this charm of yours is really far away from us. Can you get it closer to us?"

"Or can you send one to each of us? We just looked at the spell and drew it together."

After hearing what these people said, Nangong Ying shook his head. The most taboo thing about drawing talismans is breaking the pen.

"You must know that the most taboo thing about drawing talismans is breaking the pen"

"Once you fail to draw a single stroke, then this spell and this talisman paper will be in vain."

"This is your first time learning, so I didn't give you such a difficult task. I will give each of you a spell later."

"When the time comes, you can copy this talisman and come back to me when you can draw it in one stroke."

After hearing Nangong Ying's words, everyone nodded, and Ouyang Zhengxiong was also a little eager to try it at this time.

Ouyang Zhengxiong felt that drawing spells should not be difficult for him.

Ouyang Zhengxiong began to copy here, Nangong Ying What he taught was indeed the most basic.

But Ouyang Zhengxiong was not in a hurry to write. He wanted to see how it was drawn.

Only when he knew the ins and outs of this matter could he finish it better. Something happened.

Soon, Ouyang Zhengxiong understood clearly what this matter was about.

After Ouyang Zhengxiong saw these things, he immediately started drawing on paper.

But at the very beginning of the drawing Sometimes, he would still pause, and every time he paused, Ouyang Zhengxiong felt very irritable inside.

Ouyang Zhengxiong can also be regarded as a genius. He never encountered any obstacles when learning anything before.

This time he just It was just a spell drawing, but he encountered so many obstacles.

This made Ouyang Zhengxiong feel very frustrated. Nangong Ying noticed Ouyang Zhengxiong's thoughts. He slowly came to Ouyang Zhengxiong's side and stopped what Ouyang Zhengxiong was going to draw next. action

"Don't worry now, you already have something in your mind"

"It is absolutely impossible for you to draw a charm now."

Ouyang Zhengxiong dropped his pen after hearing Nangong Ying's words.

This was really a very frustrating thing for him.

"So what do you think I should do now? Am I just waiting here?"

Nangong Ying noticed Ouyang Zhengxiong's irritable thoughts. Not only him, but everyone in the classroom is very impetuous now.

But if they stay like this impetuous, they will never be able to draw the spell.

Nangong Ying understands their current situation very well. idea.

Chapter 2218

"I know what you are thinking, and I also know that you are anxious to learn spells for the first time."

"But don't forget what I told you"

"Let me reiterate to you one last time. When you draw the talisman, you must be focused on it and not have any distracting thoughts."

"Even the slightest sense of impetuosity won't do. If you really want to learn spells well, don't think about these things."

After hearing Nangong Ying's words, everyone lowered their heads.

Ouyang Zhengxiong was still a little unwilling to admit defeat at this time, looking at the talisman drawn by Nangong Ying.

If he could really draw a talisman, he could put this The talisman was given to Yu'er.

If he gave this thing to Yu'er, he should be very happy.

This thing can also protect Yu'er at critical moments, so he doesn't have to worry about Yu'er's life safety.

"Today's spell lesson will stop here for the time being. Everyone should go back and calm down."

"If you are still in this impetuous mood when class comes next time, then you can go out directly."

After Ouyang Zhengxiong heard Nangong Ying's words, he did not leave. Instead, he kept staring at the talisman.

After seeing Ouyang Zhengxiong like this, Nangong Ying couldn't help but sighed and shook his head.

"Ouyang, don't be too anxious, I know you have always been a genius"

"If you can't learn this thing all at once this time, you will definitely become very irritable."

"But you must be calm when it comes to spells. You can try more methods that can calm you down."

After Ouyang Zhengxiong heard Nangong Ying's words, he looked at Nangong Ying very seriously.

He still really wanted to learn from Nangong Ying. The talisman is not only convenient for the future.

He also wanted to give the talisman to Yu'er. In this case, It can give Yu'er an extra layer of protection

"Can you draw a few more life-saving charms for me?"

"I want to give it to my friend who is in crisis right now"

"I was scared he would get hurt."

Nangong Ying suddenly laughed after hearing Ouyang Zhengxiong's words.

It turned out that Ouyang Zhengxiong had been irritated about this matter.

If Ouyang Zhengxiong had spoken out earlier, I'm afraid he wouldn't have embarrassed Ouyang Zhengxiong.

"You told me earlier, it turns out you only said this little thing"

"I can draw you two more life-saving charms right now, but you must pay attention to calm down the next time you go to class."

"After I return to the house, I will slowly tell you the steps of drawing the charm."

Ouyang Zhengxiong nodded after hearing Nangong Ying's words.

At this time, Ouyang Zhengxiong saw Nangong Ying walking to the podium alone, and began to concentrate, and kept writing something on the yellow talisman.

Ouyang Zhengxiong You can feel the changes in Nangong Ying.

It must have taken a long time for Nangong Ying to go from the vitality just now to the calmness now.

Nangong Ying can switch to this state all at once, which is what Ouyang Zhengxiong admires.

He had many things to learn from Nangong Ying.

Soon, Nangong Ying had written five life-saving charms and handed them all into Ouyang Zhengxiong's hands.

"These are five life-saving charms. Keep them and give them to the person you want to give them to."

"I have other things to deal with, so you should calm down here first."

After Nangong Ying said these words to Ouyang Zhengxiong, he left the classroom directly.

Ouyang Zhengxiong also kept thinking about Nangong Ying's actions just now, and kept thinking about Nangong Ying's teachings.

At this time, Ouyang Zhengxiong's hand involuntarily picked up He picked up a pen and started writing something on the paper.

When Ouyang Zhengxiong opened his eyes, he found that he had just drawn a life-saving talisman according to Nangong Ying's appearance.

But he is not very skilled in the life-saving talisman now. It can be seen that it is a little awkward.

But it is much better than the ones he drew in class. As long as he trains harder, he will definitely be able to draw two very decent life-saving charms. At this time, Ouyang Zhengxiong once again He picked up the pen and started training.

One after another, again and again, until the end.

The life-saving talisman Ouyang Zhengxiong drew was comparable to what Nangong Ying drew on yellow paper.

Ouyang Zhengxiong was watching After seeing his progress, he couldn't help but become a lot happier.

Now it seems that what Nangong Ying said is still very important. He must maintain a calm mind.

If he is really anxious, he will never be able to do this well. Something happened.

At this time, Ouyang Zhengxiong looked at his life-saving talisman and finally stopped writing. Now that he can draw the life-saving talisman so well, he will definitely be praised by Nangong Ying when he returns to the house. And he can also start to draw it himself.

The life-saving talisman, the life-saving talisman he drew himself, was a different feeling when it was handed over to Yu'er. Ouyang Zhengxiong left the class directly with this thought, and at this time the next class was about to begin.

In fact, Ouyang Zhengxiong didn't have to follow the steps at all. He came to take these courses.

He tied with Mo Yu in the martial arts competition. He came to this Kamikaze Academy just for the gold plating.

Chapter 2219

After Ouyang Zhengxiong left Shenfeng Academy, he was taken away by the people in the palace before he had time to look for Yu'er.

After Ouyang Zhengxiong saw the two eunuchs appearing in front of him, he understood instantly

"My two father-in-laws are here, but what do you want from me?"

After the eunuch saw Ouyang Zhengxiong being so polite to him, he couldn't help but admire Ouyang Zhengxiong more.

"Your Excellency, you don't have to be so polite when talking to the Zajia family. This time, the Zajia family came under the emperor's order."

"The emperor hopes that you can go to the imperial study room to see him."

After Ouyang Zhengxiong heard what the great eunuch said, he followed the great eunuch very respectfully.

He wanted to know why the emperor wanted him to go to the imperial study room this time.

Among them, what else was the emperor hiding from him? If he had done it What are the benefits after this incident?

"My father-in-law doesn't know why the emperor is looking for me this time."

"Father-in-law, can you tell me something so that I can be mentally prepared."

As Ouyang Zhengxiong spoke, he put the money in his hand into his father-in-law's hand.

After seeing that Ouyang Zhengxiong was so sensible, the eunuch had nothing to hide.

He put the money handed over by Ouyang Zhengxiong into his father-in-law's hand. In his own pocket, he whispered to Ouyang Zhengxiong

"To be honest, the emperor is looking for you this time, probably for military matters."

"You should know the saying 'the master of unrivaled achievements. Now the emperor is very afraid of General Zhao.'"

Ouyang Zhengxiong nodded after hearing the words of the great eunuch. At this time, he became more and more sure about what the emperor was looking for.

If this is the case, then he must do this well.

"Thank you father-in-law."

In this way, Ouyang Zhengxiong followed the eunuch all the way to the imperial study.

On the way, Ouyang Zhengxiong thought about many things. Ouyang Zhengxiong felt that if the emperor replaced General Zhao at this time, he would be looking for death. Now the forces of various countries They are all different.

They are all looking at the border with eagerness. At this time, General Zhao's departure will definitely arouse the hatred of other countries.

It will also make other countries ready to take action against Qi's military.

Before he allows the generals of other countries to see Before he becomes powerful, General Zhao will never leave here.

"See Your Majesty, long live my Emperor."

When the emperor saw Ouyang Zhengxiong coming here again, he immediately helped Ouyang Zhengxiong up.

"I love you so much that you need to be so polite."

After Ouyang Zhengxiong heard the emperor's words, he knew that the emperor was joking with him.

If he really didn't salute the emperor today, he would probably be considered disrespectful by the emperor.

Besides, the emperor's heart was at a loss. , he must see clearly

"Thank you, Your Majesty. I wonder why the Emperor came to see me this time?"

After the emperor heard Ouyang Zhengxiong's words, he looked into the distance pretending to be melancholy.

Instead of answering Ouyang Zhengxiong's words, he became more and more silent.

After seeing the emperor like this, Ouyang Zhengxiong immediately understood what the emperor was thinking..

But the emperor's behavior does make him feel a little uncomfortable.

If there is anything, just tell him directly. He has to pretend like this, so that he has no good impression of the emperor at all.

But now After all, he is the emperor, and he is just a minister.

It is impossible for him to have any thoughts about the emperor, and he cannot ask the emperor to talk to him.

He can only wait here slowly until the emperor is willing to talk to him..

After half a stick of incense, the emperor finally came back to his senses.

In this short period of half a stick of incense, the emperor turned around again, as if he had aged ten years.

"My dear, do you know what I am worried about?"

Ouyang Zhengxiong lowered his head after hearing what the emperor said.

He did not answer the emperor's words. No matter how he answered them, there was no answer.

"Your Majesty, if you are worried about something, you might as well talk to me."

"If I can help the emperor solve his problems, I will definitely die without mercy."

The emperor nodded after hearing Ouyang Zhengxiong's words.

What he wanted was Ouyang Zhengxiong's words. With Ouyang Zhengxiong's words, he could know Ouyang Zhengxiong unscrupulously.

"My dear, now that you are studying at Kamikaze Academy, it's time to start exercising."

"I don't know when and where Aiqing wants to start training."

After Ouyang Zhengxiong heard the emperor's words, he immediately understood the emperor's thoughts.

The emperor really planned to let him accept the army, but he would leave here after investigating Yu'er's affairs.

If he really takes over As for this army, it is irresponsible to this army.

"The emperor wants to start from scratch, just like General Zhao"

"General Zhao is the idol in the hearts of all of us and our patron saint."

What Ouyang Zhengxiong said was nothing short of putting General Zhao at the forefront of the limelight once again.

Ouyang Zhengxiong still said this despite knowing that the emperor was most afraid of General Zhao.

After hearing Ouyang Zhengxiong's words, the emperor's eyes turned cloudy. Suddenly there was a sharpness.

Chapter 2220

It seems that I have made up my mind, but it is actually time to think about this matter.

A master of unparalleled achievements will be feared by the emperor no matter where he goes.

Now even Ouyang Zhengxiong, the new martial arts champion, admires General Zhao.

Then you have to think about how popular General Zhao is in the world.

Although Ouyang Zhengxiong did not want to murder General Zhao.

But if General Zhao is still in the court, he will definitely stop what he wants to do.

The only thing he could do was to ask General Zhao to leave the court temporarily.

Wait until he leaves the court and then transfer the army to General Zhao

"It seems that General Zhao still has a certain status in your hearts, not even comparable to me."

After Ouyang Zhengxiong heard the emperor's words, he was so frightened that he immediately fell to his knees.

"The emperor also asked the emperor to suffer, but the minister already knew his mistake in what he said just now."

After hearing what Ouyang Zhengxiong said, the emperor just looked at Ouyang Zhengxiong who was kneeling on the ground coldly.

He did not say anything to Ouyang Zhengxiong, and did not let Ouyang Zhengxiong get up.

But Ouyang Zhengxiong just lowered his head at this time. He nodded, but in his heart he didn't even care about the old emperor of Qi State.

He didn't even care about the emperor of Chu State, so how could he care about an emperor of Qi State?

After about half a stick of incense, the emperor Suddenly it dawned on me, as if I suddenly remembered Ouyang Zhengxiong.

"My dear, please get down quickly. The ground is cold, so don't kneel down and break your body."

After Ouyang Zhengxiong heard the emperor's words, he reluctantly supported himself to stand up.

He had been kneeling for too long just now, and his legs were already a little numb.

But now the emperor asked him to get up. If he didn't get up, he would have to stand up again. A crime of deceiving the emperor

"If Aiqing wants to start from scratch, it's not impossible."

"But what we are about to see is not the rise of a generation of war gods, but the existence of someone who can directly succeed General Zhao."

After Ouyang Zhengxiong heard the emperor's words, he immediately lowered his head.

Now the emperor has given him an ultimatum.

If he dares to shirk at this time, he will definitely die by then.

"It's the emperor. I already understand this matter."

"Chen Ding will not disappoint the emperor's expectations and will definitely try his best to learn from General Zhao."

The emperor nodded after hearing what Ouyang Zhengxiong said.

At this time, he asked Ouyang Zhengxiong to stay for dinner before letting him leave the palace.

After Ouyang Zhengxiong left the palace, he saw Nangong Ying in his place of stay.

Nangong Ying looked at Ouyang Zhengxiong with some resentment. In order to wait for Ouyang Zhengxiong, he didn't even eat dinner. He didn't know where Ouyang Zhengxiong went and why Ouyang Zhengxiong became like this.

"Ouyang, where have you been? Do you know that all the flowers I have been waiting for for you will wither?"

"I'm going to starve to death."

After Ouyang Zhengxiong heard Nangong Ying say such words, he felt that the contrast between Nangong Ying's before and after was quite big.

He did not expect that Nangong Ying would actually tell him that the flowers had withered.

"It seems that I was summoned to the palace today. I have already had dinner in the palace."

"If you haven't eaten yet, why don't I go out to eat with you?"

Nangong Ying shook his head after hearing Ouyang Zhengxiong's words.

He had long known that Ouyang Zhengxiong was a member of the imperial court. Logically speaking, people in the Jianghu and the imperial court could not communicate with each other.

But now they are still communicating with each other.

"This is what you said, I am going to the biggest restaurant to eat now"

"You pay me."

After hearing Nangong Ying's words, Ouyang Zhengxiong smiled and nodded.

At this time, Ouyang Zhengxiong took Nangong Ying to the largest restaurant in the area.

He ordered a table of delicious dishes for Nangong Ying.

"Brother Nangong, just let me go this time. If there is another time, I will definitely send someone to notify Brother Nangong in advance."

After Nangong Ying heard Ouyang Zhengxiong say such words, she reluctantly forgave Ouyang Zhengxiong.

"Okay, this is what you said. If something like this happens again next time, if you don't notify me in advance, I won't let you go so easily."

After Ouyang Zhengxiong heard Nangong Ying's words, he apologized in a good voice.

At this time, the two of them had dinner together and went back to the house to sleep together.

When they got up the next morning, Ouyang Zhengxiong was there. Didn't go to Shenfeng Academy for class.

And this morning, Nangong Ying also happened to have no class. Nangong Ying was very surprised when he saw that Ouyang Zhengxiong didn't go.

"Ouyang, why didn't you go to class? Don't you have class this morning?"

After Ouyang Zhengxiong heard Nangong Ying's words, he looked at Nangong Ying very seriously.

"Brother Nangong, I have something to tell you. Starting from tomorrow, I will no longer go to the academy to attend classes."

After Nangong Ying heard Ouyang Zhengxiong's words, he felt that Ouyang Zhengxiong was simply teasing him.

He went to teach at Shenfeng Academy because of Ouyang Zhengxiong, but he didn't expect that when he turned around, Ouyang Zhengxiong stopped going to the academy. Got it

"What the hell is going on with you? Didn't you say you would take classes at the Kamikaze Academy?"
