Chapter 2241

Xu Changhai still stubbornly held Ouyang Zhengxiong's hand and refused to let Ouyang Zhengxiong leave.

Su Mingcheng's eyes darkened after seeing Xu Changhai like this.

He tried to persuade Xu Changhai back then, but Xu Changhai didn't listen to him.

But now, Xu Changhai finally knows that he regrets it. He will definitely feel the regret and pay the price for what he has done.

Su Mingcheng would not speak up for Xu Changhai. Once he did, he might offend Ouyang Zhengxiong.

Ouyang Zhengxiong refused to let go of Xu Changhai, and he was a little angry. He waved his hand and pushed Xu Changhai one meter away.

Ouyang Zhengxiong has never seen such a stubborn person.

If Xu Changhai knew what was going on, he should leave from now on instead of lingering here.

In this case, it is not Ouyang Zhengxiong who is embarrassed at all, but Xu Changhai himself

"If I were you, I would quietly pack up my things and leave now, instead of choosing to continue to be embarrassed here."

"Keep struggling here I won't change my mind either, you'd better recognize this clearly."

Even when Ouyang Zhengxiong and Xu Changhai had been arguing, the general heard about this matter and came over. The general handed this matter to Ouyang Zhengxiong. He was originally very relieved, but he did not expect that Ouyang Zhengxiong actually gave it to him. It caused such a big mess.

After the general came here, Xu Changhai saw the general at first sight.

Xu Changhai quickly came to the general and began to beg for mercy and admit his mistake.

"General, I really know that I was wrong. I will never dare to resist instructor Ouyang again. Please give me another chance, just give me one last chance."

After General Zhao heard Xu Changhai's hoarse cries, he looked at Ouyang Zhengxiong hesitantly.

He didn't know what happened between Ouyang Zhengxiong to make such an arrogant person like Xu Changhai become like this. General

Zhao didn't know how to answer. Xu Changhai looked at Ouyang Zhengxiong tentatively.

Ouyang Zhengxiong told General Zhao directly before General Zhao could speak.

"General, you said at the beginning that you would hand over all these soldiers to me for training, and you must listen to me in everything."

After General Zhao heard Ouyang Zhengxiong's words, he also touched his nose.

General Zhao never expected that Ouyang Zhengxiong would not even give him face.

"No, I just want to ask, what is going on? How unbecoming is it to be so noisy and crying in the military camp?"

After Ouyang Zhengxiong heard what General Zhao said, he knew that General Zhao was just looking for a step down. He felt that if General Zhao knew about this matter, General Zhao would also severely criticize Xu Changhai.

"General, I really know I was wrong. I just got up late this morning and didn't come out for training in time. But instructor Ouyang is going to kick me out of the military camp."

"I really know that I was wrong. I will definitely get up early from tomorrow and catch up with instructor Ouyang's training."

After Ouyang Zhengxiong heard what Xu Changhai said, he kept looking at Xu Changhai coldly.

It looked as if he wanted to eat Xu Changhai alive, and Xu Changhai didn't care what Ouyang Zhengxiong's eyes looked like.

As long as he can go smoothly. If he stays in the military camp, he will be able to slowly repair his relationship with Ouyang Zhengxiong.

But who is General Zhao? It is impossible for him to only believe Xu Changhai's words.

What's more, he has never believed Xu Changhai from the beginning to the end. , he only believed in Ouyang Zhengxiong

"What exactly is going on? Ouyang, don't you explain yet?"

After Ouyang Zhengxiong heard General Zhao's words, he stepped forward gently.

Everyone was here at this time. Ouyang Zhengxiong felt that if he told this matter, it might have a bad impact.

"General, why don't we go inside and talk? What we say here may create a bad atmosphere in the army."

After General Zhao heard Ouyang Zhengxiong's words, he was about to nod when he was stopped by Xu Changhai.

"No, you can't go in. General, I beg you, give me one last chance. If you go in, who knows whether Ouyang Zhengxiong will convince you? Just let me out of the military camp."

Xu Changhai seemed a little crazy at this time. He no longer called Ouyang Zhengxiong Coach Ouyang.

After Ouyang Zhengxiong saw Xu Changhai like this, he came to Xu Changhai and kicked him away.

"If you have anything to say, just tell me and don't touch me again. What's going on? You should have an idea"

"I have saved you face and asked you to leave the military camp with dignity, but I didn't expect you to lose face yourself."

After Su Mingcheng heard Ouyang Zhengxiong's words, he immediately realized that Ouyang Zhengxiong was serious about it.

Ouyang Zhengxiong may not be as powerful as he thought, but Ouyang Zhengxiong is indeed a man who speaks his truth.

Chapter 2242

Fortunately, Su Mingcheng came out at the beginning, otherwise he would also end up like this

"I told you very clearly a few days ago that I would get up early for training the next day, and I also gave you buffer time."

"I woke up early because I was worried that you might not wake up, so I poured a basin of cold water on each of you to help you wake up early."

"And I also gave you time to sort it out and let you come out and look at the people behind you. After you came out, I let them continue to participate in the training."

"But you turned a deaf ear to what I said, ignored what I said, and even kept teaching me how to do things. What are you going to do if I stay?"

"Am I going to leave myself a group of ancestors to pay tribute to?"

After General Zhao heard what Ouyang Zhengxiong said, he felt a little funny. Ouyang Zhengxiong was really merciless at all, and what a group of ancestors said was really reasonable.

And Xu Changhai seemed to be really serious at this time. I realized my mistake.

Crying is called piety, as if the sky collapsed.

"But now we know we were wrong. This is our first time. Can't you give us a chance to change our ways?"

"We will never dare to do this again. From now on, I will definitely listen to you and get up early."

Ouyang Zhengxiong was completely unmoved at this time. It can be said that Ouyang Zhengxiong is hard-hearted, or it can be said that Ouyang Zhengxiong doesn't care about these things at all. Ouyang Zhengxiong's always thought is that if he doesn't have enough skills, what's the use?

And General Zhao sees After seeing Xu Changhai like this, he hid in disgust.

He didn't want Xu Changhai to get on him. Xu Changhai was really not manly at all.

Since he had done something wrong, Then you should bear the consequences for this matter.

If you had known that you were wrong, you should have come out with Su Mingcheng to resolve this matter as soon as possible.

"General Zhao, please beg Instructor Ouyang for mercy. We will never make such a mistake again in the future. Just give us one last chance."

Then the other children from the rich family lowered their heads and looked at General Zhao with pale faces.

After General Zhao saw this, he couldn't help but fall in love with Ouyang Zhengxiong.

It was because General Zhao couldn't bear to see anything, so he It will lead to such a group of moths in the military camp

"Do you think General Qiu Zhao will be useful? Except for General Zhao, will I let you go?"

"When you did this, why didn't you think about the consequences? It happened, you know you regret it"

"Do you think it will be after everything happened? You can erase everything with just one apology or sorry."

"Not everything will be forgiven after you know you regret it. I am still willing to give you this opportunity to leave, so you must cherish it."

"Don't let me call your parents and take you out of the military camp one by one. That will make you even more embarrassed."

After hearing Ouyang Zhengxiong's words, everyone turned pale.

They were abandoned by their families and came here. It is conceivable that if they were abandoned by the military camp, their status in the family would remain. decline, and may even be expelled directly.

Ouyang Zhengxiong did not know these things, but General Zhao knew these things very well.

Some people were sent to the military camp because they were born favored, but they were assigned to good places.

These people now are sent to the military camp because the family members think they are not important.

I hope they can make a difference on their own and earn a new world for the family.

But now if they are dismissed like this If they are driven out of the military camp, then they will really lose their last way out.

General Zhao can't bear to see such a thing happen. He thinks Ouyang Zhengxiong can still be lenient.

"Ouyang, this is their first offense, and they have not trained for such a long time."

"You'd better give them another chance. If they make such a mistake next time, be sure to drive them away without hesitation."

After Ouyang Zhengxiong heard General Zhao's words, he looked at General Zhao with cold eyes.

Even though General Zhao had experienced many battles, he couldn't bear the coldness in Ouyang Zhengxiong's eyes.

He felt that Ouyang Zhengxiong's eyes were born to give people a cold feeling, no matter how hard you try to escape, it is impossible to escape.

General Zhao also immediately avoided Ouyang Zhengxiong's eyes.

After seeing General Zhao like this, Ouyang Zhengxiong closed his eyes and said fiercely. He rubbed his brows fiercely.

He had forgotten that he could not do whatever he wanted here, since General Zhao had already spoken.

So no matter what? He wanted to give General Zhao a face, but it was a pity that he would not do so. It was easy to let General Zhao's people stay.

Even if this group of people could not leave the military camp smoothly, they would still cast a shadow on it.

Chapter 2243

Chapter 2243: Su Mingcheng's plea.

This group of people must remember him fiercely in their hearts.

Otherwise, these people would never know how powerful he is.

Never take his words to heart.

Everyone watched the confrontation between General Zhao and Ouyang Zhengxiong, and they all admired Ouyang Zhengxiong very much.

Ouyang Zhengxiong actually dares to befriend General Zhao at this time, right? General Zhao is the supreme ruler in the military camp.

Otherwise, he would focus all his attention on General Zhao, as if he had been testing General Zhao's attitude.

Ouyang Zhengxiong has successfully despised General Zhao's majesty, making General Zhao unable to endure it any longer.

"Ouyang Zhengxiong, what do you want to do? Do you know what on earth you are doing? Now you don't even listen to me?"

After Ouyang Zhengxiong heard General Zhao's words, he realized what he had just said.

In the eyes of others, those words just now seemed to be provoking General Zhao.

But he did not think like that at all. He was completely General Zhao said this as one of his own

"General, please be aware of everything. I have never wanted to despise you. It's just that these people don't listen to my orders. Why are we leaving them in the military camp?"

After hearing what Ouyang Zhengxiong said, General Zhao nodded in agreement.

A disobedient soldier staying here is of no use at all. If it is removed on the battlefield, it may also affect other people.

"That's not the case, General, I will definitely change it in the future, and I will definitely listen to instructor Ouyang in the future. I will never turn a blind eye to instructor Ouyang's words again."

After Ouyang Zhengxiong heard Xu Changhai's words, he looked at Xu Changhai lightly.

It turned out that Xu Changhai also knew that the things he had done before were wrong.

But before that, Xu Changhai had been doing it. Could it be that he was really provoking his authority?

After seeing Xu Changhai like this, Su Mingcheng finally couldn't help it.

Although he and Xu Changhai were just acquaintances, Xu Changhai was with him after all. They have lived for such a long time.

And now they all know that they are wrong. If they continue to make things difficult like this, the general will be very shameless.

"Instructor Ouyang, please forgive Xu Changhai this time. Xu Changhai will never dare to do it again. If Xu Changhai dares to provoke you in the future, I will definitely help you teach Xu Changhai a lesson."

After Ouyang Zhengxiong heard Su Mingcheng say these words, he turned his head and looked at Su Mingcheng coldly.

"Did I let you speak? Now you think of interceding for him, so why didn't you ask him to come with you when you came out?"

After Xu Changhai heard Ouyang Zhengxiong's words, he looked at Su Mingcheng with pleading eyes.

Su Mingcheng didn't know how to answer this question to Ouyang Zhengxiong.

"It's all my fault. When I came out, I acted a little too hastily and didn't take good care of my brothers. It's because I didn't shoulder the responsibility of calling them. I will definitely reflect on myself."

After hearing what Su Mingcheng said, Lanzhou felt that Su Mingcheng's character was quite good.

At least Su Mingcheng could speak out bravely to help his brother.

"But look at the people behind him. Is there anyone interceding for him except you? What is your relationship with him?"

After Su Mingcheng heard Ouyang Zhengxiong's words, he looked at Xu Changhai with very pity.

He had nothing to do with Xu Changhai. On the contrary, there was some small grudge between him and Xu Changhai.

"Report to Instructor Ouyang, we have no relationship. He and I can even be said to be enemies, but I don't want to watch the enemy embarrass himself in front of me."

"I want to defeat him openly and openly in front of everyone."

Ouyang Zhengxiong nodded after hearing Su Mingcheng's words. Xu Changhai also looked at Su Mingcheng gratefully at this time.

"Your idea is indeed right, but he is defying military orders. You should know what kind of punishment should be given for defying military orders?"

"I don't punish him severely now, just letting him go home is good enough."

After hearing what Ouyang Zhengxiong said, Su Mingcheng felt that for Xu Changhai, Ouyang Zhengxiong should still deal with him as a warlord.

If Xu Changhai is really allowed to return home, it may be even worse than what he lived here.

"Instructor Ouyang, please give Xu Changhai one last chance. I will always help you supervise Xu Changhai, and I will definitely let him come back for training."

"If he dares to do something like this again next time, I will be the first to drive him out of the military camp on behalf of the instructor."

After hearing what Su Mingcheng said, Ouyang Zhengxiong turned his attention to General Zhao again. At this time, General Zhao also understood what Ouyang Zhengxiong meant.

It turned out that Ouyang Zhengxiong didn't want these people to leave. It's just a show of strength to these people.

"Ouyang, you see these students have already interceded for you, so you should stop being so heartless."

Chapter 2244

"I am also begging for a favor for this group of people. Just for my sake, let these people go. Give them one last chance. If they do what you said and don't obey orders again, then drive them out of the military camp."

After Ouyang Zhengxiong heard what General Zhao said, he had no choice but to agree.

Now everyone is staring at him, and he has to give General Zhao

"Okay, since Su Mingcheng and the general have interceded for you, I will reluctantly let you go this time, but if there is a next time"

"I swear I will never let you stay here any longer."

After Xu Changhai heard Ouyang Zhengxiong's words again, he quickly expressed his gratitude to Ouyang Zhengxiong.

"Yes, yes, Instructor Ouyang, I will never dare to do this to you again. I will definitely listen to the instructor quickly in the future."

Ouyang Zhengxiong nodded after hearing what Xu Changhai said, and let Xu Changhai return to the team smoothly. After seeing that the matter was successfully resolved, General Zhao also left here without stopping.

If he continues to stay here, I am afraid that he will continue to accept Ouyang Zhengxiong's cold knives.

He does not want to keep asking for trouble here. Ouyang Zhengxiong is a good seedling, he can see it.

And what Ouyang Zhengxiong wants to cultivate is a group of people who can go to the top. A group of ruthless people who can howl on the battlefield.

If he stays here and disturbs Ouyang Zhengxiong, he may not be able to meet Ouyang Zhengxiong's expectations.

"Now all of you must start training with me from today. Everyone must remember what I tell you now."

"Let me reiterate to you, get here early every day and gather here to wait for me. I'll take you through a day of training"

"The next month of training will be very difficult. If you don't want to quit, you can quit now."

"But those of you who don't want to quit will grit your teeth and persevere. After a month, you will definitely be transformed."

After hearing Ouyang Zhengxiong's words, everyone nodded, especially Su Mingcheng. They looked at Ouyang Zhengxiong with hope, especially Su Mingcheng. Su Mingcheng felt that Ouyang Zhengxiong could really take it to the top.

If one day He can really go to see his mother smoothly, and he can also have an explanation with his mother. He is a child who was abandoned by his family and came here only under forced circumstances.

But he also has an arrogance in him that does not allow anyone to Contact him.

But anyone who is weaker than him will not accept the teachings of those people. He will start teaching himself, and as he slowly explores, he has already had some ideas about cultivating immortality.

He does have it now. He has a little cultivation, but his cultivation is not worth mentioning in front of Ouyang Zhengxiong.

And his cultivation is so weak that Ouyang Zhengxiong doesn't even notice that he has cultivation.

"Xu Changhai and others came late today, but Su Mingcheng and others showed up immediately after I called."

"So this time Xu Changhai and others have to occupy one more hour here after they finish their training in Su Mingcheng."

"It is used to make up for the time you lost during this training, and it is also a punishment for you."

"As for the provocations of your team during this period, I will wait until a month later, after your training is completed, and I will return them to you."

After Xu Changhai heard Ouyang Zhengxiong's words, he looked at Ouyang Zhengxiong with some anxiety.

He felt that Ouyang Zhengxiong was likely to target him during this month.

After all, he did not give Ouyang Zhengxiong a good look. He has been asking Ouyang Zhengxiong to beg him for mercy.

If Ouyang Zhengxiong is not a small-minded person, it would be fine, but if Ouyang Zhengxiong is really a small-minded person, then he will really suffer. Xu Changhai has been praying that Ouyang Zhengxiong will not pay attention. To him.

At this moment, what Xu Changhai did was indeed noticed by Ouyang Zhengxiong.

Ouyang Zhengxiong knew what Xu Changhai was thinking, but he would not do such a thing to Xu Changhai.

He usually I don't know how to put on someone's shoes. All matters must be reported on the spot or later.

"Those of you who come later, including Xu Changhai, don't worry that I won't target you individually. Because I'm targeting all of you"

"In my eyes, all of you are scum, and none of you can be considered a good prospect."

"But I have confidence in myself. As long as you continue to train according to my training level, I will definitely transform you."

After saying these words, Ouyang Zhengxiong could clearly see Xu Changhai and others looking at him with eager eyes.

Ouyang Zhengxiong also knew that although these people were abandoned by their families, they had something special about them. Their own arrogance.

They also have a day when they want to shine, if that day really comes.

I believe they will also be rushed by the family to go back, but at that time, it is not the family that chooses them, but they choose the family.

Ouyang All that Zhengxiong did was to enable them to face everyone with confidence.

To enable them to accept all the opportunities in the world calmly.

Only then can they be able to be unfazed by favor or disgrace later on.

Chapter 2245

On the first day, Ouyang Zhengxiong didn't want to train them too hard.

They just stood here for two hours and ran around for another two hours.

They have been practicing their exercises, and although this group of people are puzzled by Ouyang Zhengxiong's actions.

But no one dared to resist Ouyang Zhengxiong, because they believed that Ouyang Zhengxiong would definitely bring them a brand new world.

After Ouyang Zhengxiong finished these things, he asked them to disband where they were, but Xu Changhai and others still needed to occupy this place for another hour.

Xu Changhai did not resent Ouyang Zhengxiong's punishment of him. At least Ouyang Zhengxiong allowed him to stay here.

If Ouyang Zhengxiong really retreats him from here, then he will really have nowhere to go.

At the same time, Xu Changhai was also very grateful to Su Mingcheng. He had forgotten everything that happened with Su Mingcheng before.

He was also surprised that Su Mingcheng could help him so generously this time.

It also made him feel grateful and must find opportunities to repay Su Mingcheng in the future.

After Ouyang Zhengxiong finished his day's training, he came to General Zhao.

Ouyang Zhengxiong knew that he was the one who made Su Mingcheng lose face today.

So this time he came here specifically to apologize to Su Mingcheng.

"I'm sorry for what happened today, General. It's all my fault."

After hearing Ouyang Zhengxiong's words, the general turned his attention to Ouyang Zhengxiong.

There is nothing wrong with Ouyang Zhengxiong. Ouyang Zhengxiong can do these smoothly.

"I know you want to scare the monkeys today, and I understand you. And at the end, didn't you also give me that face? There is no need to feel sorry for me."

After Ouyang Zhengxiong heard what General Zhao said, he was really happy. General Zhao could understand him.

If General Zhao couldn't understand him, then he probably really had nowhere to go.

"General, I appreciate your understanding, but I still want to apologize. It's embarrassing for you to not give you face today."

General Zhao also reacted after hearing Ouyang Zhengxiong's words.

Although he had no idea about Ouyang Zhengxiong's remarks, it did not mean that others would not put all the blame on Ouyang Zhengxiong.

Also It doesn't mean that everyone will be as generous as he is when facing Ouyang Zhengxiong.

"This matter is indeed your fault. You made me lose face in front of so many people. If I don't punish you, then I will never be able to issue orders in front of these people."

After Ouyang Zhengxiong heard what General Zhao said, he knew what General Zhao meant.

He also meant what General Zhao meant, and General Zhao must punish him.

"General, I understand your difficulties, and this is why I came to you. You must punish me"

"Otherwise, facing so many people in the military camp, you will no longer have any dignity."

General Zhao was somewhat impressed after hearing what Ouyang Zhengxiong said.

It is also a very rare thing for Ouyang Zhengxiong to consider problems for him from his perspective.

Since he has handed over all these matters to Ouyang Zhengxiong, he also It is true that he should not interfere anymore.

Both he and Ouyang Zhengxiong were at fault for what happened today, but he is a general after all.

He cannot let Ouyang Zhengxiong do it as a blessing on his head, and he must let Ouyang Zhengxiong see it. sharp

"In this case, I will reward you with ten army sticks and won't beat you more. I will punish you severely after you successfully train this group of people."

Ouyang Zhengxiong nodded after hearing General Zhao's words.

In the next second, two soldiers came in from outside the door. Ouyang Zhengxiong beat ten military sticks hard in front of everyone.

And everyone I know why Ouyang Zhengxiong endured ten military sticks. He talked back to General Zhao today.

"It seems that you really can't challenge the majesty of the general. The general is really angry this time."

"Ouyang Zhengxiong actually dared to be so powerful this time and provoked the general's dignity. This time, beating him with ten military sticks was already considered a light punishment."

"Well, who says it's not? Ouyang Zhengxiong really hurt himself all over because of those scumbags."

Everyone was discussing what happened today, but Ouyang Zhengxiong has been silently bearing the ten military sticks.

After the beating, Ouyang Zhengxiong silently returned to his tent.

He led the students I also heard what happened to Ouyang Zhengxiong today.

After Su Mingcheng heard these things, he didn't say anything and just silently went to the military doctor to get the medicine.

Su Mingcheng brought everyone to Ouyang Zhengxiong and saw Ouyang Zhengxiong lying on the bed. After the scene, I felt very guilty.

Su Mingcheng gently came to Ouyang Zhengxiong's side. Ouyang Zhengxiong just lay on the bed, spreading all the flesh and blood on his back. The flesh on Ouyang Zhengxiong's back had been beaten to a bloody pulp. , people can't tell whether it's clothes or blood.

These are just ten military sticks. If there are ten more military sticks, I'm afraid Ouyang Zhengxiong will be lying on the bed all the time.

Chapter 2246

After Ouyang Zhengxiong noticed someone approaching, he turned his head away with difficulty.

Looking up, he saw Su Mingcheng walking towards him step by step. Ouyang Zhengxiong felt a little embarrassed.

"What are you doing here? Why don't you just stay in your tent and come here to see my jokes?"

Su Mingcheng lowered his head after hearing Ouyang Zhengxiong's words.

"Instructor, you misunderstood me. I'm not here to see your jokes. I'm here to help you."

"For Xu Changhai, you and the general did not hesitate to quarrel. I already understand your good intentions."

After Ouyang Zhengxiong heard Su Mingcheng's words, he looked at Su Mingcheng coldly.

He didn't know what Su Mingcheng knew, but what Su Mingcheng knew had nothing to do with him.

As long as Su Mingcheng didn't tell what he had done. enough

"I don't know what you know, and I'm not interested in knowing what you know. If you really guess my intention, then swallow this idea in your belly and don't let anyone know."

Su Mingcheng nodded gently after hearing Ouyang Zhengxiong's words.

"Don't worry, instructor, I will never tell anyone about this matter, and I will definitely keep it a secret."

"I came here this time to give medicine to the instructor. Now that the instructor is alone, he may not be able to take care of his back injury."

After Ouyang Zhengxiong heard Su Mingcheng's words, it was rare that he did not reject Su Mingcheng.

Now in the eyes of the army, he has offended General Zhao, and no one wants to offend General Zhao because of him.

No matter where he is? There is always a cold look. Treat each other well, even in the military camp

"That's thank you."

After Su Mingcheng heard Ouyang Zhengxiong's thanks, he didn't have any reaction. He just started to slowly give Ouyang Zhengxiong a simple medicine.

After seeing these things, Su Mingcheng frowned severely.

He didn't expect that , these people who enforce military law can be so cruel, beating their skin and flesh to pieces.

Now Ouyang Zhengxiong is still enduring it. He can't even figure out what Ouyang Zhengxiong's purpose is.

After about a stick of incense, Su Mingcheng finally beat Ouyang Zhengxiong to pieces. Clean the wound on Zhengxiong's back

"Instructor, I just cleaned the wound on your back. I'm just starting to give you the medicine now. You must be patient. It may be very painful."

Ouyang Zhengxiong nodded after hearing Su Mingcheng's words.

Ouyang Zhengxiong closed his eyes in the next second and held his hand fiercely.

As if he was using this method to divert pain, Su Mingcheng saw these After the incident, he could only speed up his pace silently.

He could not do anything but do these things quickly to make Ouyang Zhengxiong less painful.

After another half a stick of incense, Su Mingcheng did everything OK

"Instructor, I have already taken care of the injury on your back. It is best for you not to move or get wet during this period."

Ouyang Zhengxiong nodded after hearing Su Mingcheng's words and did not give Su Mingcheng any unnecessary reaction.

And Su Mingcheng also knew that his words were simply unnecessary.

Now Ouyang Zhengxiong is their instructor and is going to train them.

If Ouyang Zhengxiong stayed at this time, no one would be able to train them.

After returning to his tent, Xu Changhai came to Su Mingcheng's face timidly

"Su Mingcheng, I just want to thank you for what happened today. If you plead for me today, we will be brothers from now on. If you have anything in the future, you can come to me and I will help you solve it."

After Su Mingcheng heard Xu Changhai's words, he ignored Xu Changhai.

He just didn't want to delay his training process. He didn't say it was because of Xu Changhai.

"You don't need to thank me. If you really want to thank me, then thank the instructor. The instructors worked so hard to train us, and were punished by the general."

Xu Changhai muttered a little after hearing Su Mingcheng's words.

Ouyang Zhengxiong brought it upon himself to do this. Who asked him to talk back to General Zhao.

If Ouyang Zhengxiong had left himself alone at the beginning, I'm afraid it wouldn't have happened. Such a thing happened.

Su Mingcheng raised his head and kept staring at Xu Changhai. It was obvious that he could see what Xu Changhai was thinking.

"Do you think that what the instructor did was really driving you away? Do you know that what you did today was against military orders?"

"The price to pay for disobeying military orders is either to withdraw from the military camp or to bear fifty military sticks. The reason why Instructor Ouyang quarreled with General Zhao was to keep you here smoothly."

"Because once General Zhao finds out about this, you will definitely have to withdraw from the military camp."

After Xu Changhai heard Su Mingcheng's words, he somewhat understood what Ouyang Zhengxiong really meant.

Ouyang Zhengxiong may have really wanted him to stay, so he quarreled with Su Mingcheng in public.

But if he hadn't been because of Su Mingcheng's explanation, I will never understand Ouyang Zhengxiong's good intentions.

Chapter 2247

Xu Changhai suddenly felt that he was very sorry for Ouyang Zhengxiong, and at the same time he made up his mind to treat Ouyang Zhengxiong well.

"So what's the situation with Instructor Ouyang now? Is there anything serious wrong with him? Can I go see him?"

After hearing what Xu Changhai said, Su Mingcheng looked at Xu Changhai with very serious eyes.

"If you are really worried about Instructor Ouyang, then you should pay more attention to the training ground in the future, and do not contradict Instructor Ouyang, but be sure to listen to Instructor Ouyang."

Xu Changhai nodded involuntarily after hearing what Su Mingcheng said.

A sense of majesty just emitted from Su Mingcheng's body, which made him feel scared. He agreed to Su Mingcheng involuntarily, without thinking at all. What exactly did Su Mingcheng say?

Xu Changhai didn't react until he agreed, but now that the words had been spoken, there was no chance to change them.

By the next day, Su Mingcheng originally thought he was here to teach them. , it would be another instructor, but he did not expect that he would see Ouyang Zhengxiong again.

Ouyang Zhengxiong actually came earlier than them and was already standing here waiting for them.

Su Mingcheng and others saw Ouyang Zhengxiong After Zhengxiong arrived, they were very surprised.

They were very clear about Ouyang Zhengxiong's injuries, but they didn't expect that Ouyang Zhengxiong persisted despite his illness.

"Instructor Ouyang, has the injury on your back healed? Why did it appear so quickly?"

After Ouyang Zhengxiong heard Su Mingcheng's words, he didn't give Su Mingcheng any look.

"What's going on with you guys today? You're so procrastinating and late again. Didn't I tell you a long time ago that you must come earlier than me?"

After Su Mingcheng heard Ouyang Zhengxiong's words, he did not talk back. He did get up very early.

But he felt that the person who came to train them today would not be Ouyang Zhengxiong, so he was not in a hurry to deal with it.

If it had been earlier If he knew it would be Ouyang Zhengxiong, he would have already finished packing and showed up, and there would never be any delay.

"I am now training you with injuries, but I didn't expect that you don't cherish each one of them. Everyone is still lazy like this. If you continue to be lazy like this, don't blame me for being rude to you."

After hearing these words, Su Mingcheng and others lowered their heads in shame, but they also knew that Ouyang Zhengxiong would never give up on them. They were personally selected by Ouyang Zhengxiong, and Ouyang Zhengxiong would definitely treat them well..

Soon, Ouyang Zhengxiong took them for another day of training. Ouyang Zhengxiong was still the most basic, giving them physical fitness. He kept trying every possible way, and they also kept trying every possible way to improve their physical strength.

"What do you think instructor Ouyang is going to do? Why do we have to do these things every day? What's the use of doing these things? Compared with those real soldiers, aren't we still lagging behind?"

When Su Mingcheng heard Xu Changhai say such words again, why did he ignore Xu Changhai.

Instead, he kept carrying out his own training, and Xu Changhai could only give up.

After training day after day, he soon It's almost half a month later. At this time, everyone's physical fitness has improved drastically.

After seeing the physical fitness of these people, Ouyang Zhengxiong nodded with satisfaction, and the next second, a group of people I moved a big box and showed up here.

"You must be able to feel the changes in your physical fitness now. Your physical fitness has indeed improved now, but there will be more difficult things waiting for you next."

After hearing Ouyang Zhengxiong's words, this group of people all looked at the contents of the box attentively.

They all wanted to know, what is in the box? Is it food, play, or drink?

The next second, after the box was opened, they were simply speechless.

What was in the box was not suitable for eating, drinking and having fun at all. What appeared in the box was actually sandbags one after another.

Although these sandbags were all the same size, they were not big, and Ouyang didn't know what on earth Masao was going to do with it?

"Instructor Ouyang, what do you mean? Why did you bring a bunch of sandbags over here?"

After Ouyang Zhengxiong heard Su Mingcheng's words, he immediately called Su Mingcheng to the front.

Ouyang Zhengxiong personally tied these sandbags to Su Mingcheng's legs. After doing these things, he patted Su Mingcheng's legs with satisfaction.

"You all saw what I just did. You people also followed Su Mingcheng's example and tied sandbags around your mouths."

"Each of these sandbags weighs five kilograms. Each of you should carry two on one foot. From today on, these sandbags will always be with you in your life, even when you take a bath."

But after hearing what Ouyang Zhengxiong said, these people were all complaining.

No one thought that Ouyang Zhengxiong would actually say such a thing. A ten-pound sandbag should be tied to each foot. Even if they were to reincarnate now, it would be too late. Bar.

But now Ouyang Zhengxiong stood in front of them very seriously, watching them do these things.

Xu Changhai and others had no choice but to bring these sandbags with them.

After finishing these things, Ouyang Zhengxiong looked at the group of people in front of him with satisfaction.

"Okay, today it's time to test your real physical strength. This is the first day, so you should train according to the training mode from the first day."

"From now on, no one is allowed to be lazy? I will keep an eye on you. If you can't hold on, report it to me and get out of here."

After Ouyang Zhengxiong's words, everyone gritted their teeth.

They would not leave so easily. They had already persisted and there was no need to leave again.

But these ten kilograms of sandbags were not just talk at all, they had to. During this time, Ouyang Zhengxiong's training of these people has been watched by the general.

Ouyang Zhengxiong's training method made the general confused, especially what happened next.

But he actually said at the time To leave all these things to Ouyang Zhengxiong, it means that Ouyang Zhengxiong can do these things.

If Ouyang Zhengxiong fails to meet his expectations by then, it will be too late for him to settle accounts with Ouyang Zhengxiong

"Now you must have a strong belief and you will persevere successfully. If you yourself feel that you cannot persevere, then no one can help you."

After hearing what Ouyang Zhengxiong said, everyone began to grit their teeth and persist.

But after tying ten kilograms of sandbags, they felt as if there were roots under their feet.

They couldn't move at all, and they could only try their best. They were moving, coupled with the intense training.

As a result, they couldn't move at all, but Ouyang Zhengxiong was watching them.

They couldn't stop, and if they really stopped, it would be even more difficult to lift their legs.

And this At that time, General Zhao also sent people to Ouyang Zhengxiong.

After Ouyang Zhengxiong heard that General Zhao was looking for him, he immediately came to General Zhao's side.

"General, you are looking for me."

After General Zhao heard Ouyang Zhengxiong's words, he nodded gently.

"What do you think of those people? Is it good enough for your training?"

After hearing General Zhao's words, Ouyang Zhengxiong had no choice but to nod.

"Those people have been trained now. If they train in time, they will definitely be able to go to the battlefield smoothly."

General Zhao nodded with satisfaction after hearing what Ouyang Zhengxiong said. It seems that leaving this matter to Ouyang Zhengxiong is indeed an accurate choice.

Now Ouyang Zhengxiong is doing these things, and he is doing them meticulously.

"Then I can safely leave these people to you. The reason why I called you here today is because I have something very important to tell you."

After Ouyang Zhengxiong heard General Zhao's words, he looked at General Zhao very seriously.

He thought that General Zhao called him here just to inquire about the training situation, but he did not expect that General Zhao had other things to say to him.

"I asked you to come this time because the Mid-Autumn Festival is approaching and a banquet is about to be held in the palace. The emperor specially sent someone to invite me, and also told me to bring you with me."

Ouyang Zhengxiong frowned after encountering General Zhao's words again. In fact, he didn't really want to contact that group of people.

But now he has entered the court after all. Even if she keeps rejecting this, they will eventually meet one day.

"General, can I not go? The rules in the palace are complicated. I am an ordinary person and I don't understand the rules in the palace at all. If I go, I will definitely embarrass the general."

After General Zhao heard Ouyang Zhengxiong's words, he felt that there was no need for Ouyang Zhengxiong to have such thoughts.

"You must go. This is the emperor's personal decision. If you don't go, you are disobeying the order. You are the number one scholar appointed by the emperor. No one dares to look down upon you."

"As for the rules in the palace, if you are not familiar with them, I can ask a scholar to teach you, but you will never escape this banquet."

After Ouyang Zhengxiong heard General Zhao's words, he had no choice but to sigh helplessly.

If he really wanted to attend the Mid-Autumn Festival banquet, who should lead his group of soldiers?

"What about my group of soldiers? Who will lead them? If you want to attend the Mid-Autumn Festival banquet, you should go one day in advance, right?"

General Zhao nodded after hearing Ouyang Zhengxiong's words. It was hard for Ouyang Zhengxiong to think of those soldiers when he went to eat, drink and have fun.

"You are right, you do have to go one day in advance. As for the time to train these new recruits, tell General Zhao everything you will train in the next three days. Let General Zhang train them on your behalf."

Ouyang Zhengxiong nodded after hearing General Zhao's words.

This is the only way at present, but he is not sure whether General Zhang can suppress that group of people.

"General Zhang, if they make trouble with you, you must not show mercy, just teach them a lesson."

Chapter 2249

General Zhang raised a wry smile after hearing Ouyang Zhengxiong's words.

"Instructor Ouyang, you think too highly of me on this matter. They will definitely not listen to me. They can only deal with them after you come back. Or tell them before you leave."

Ouyang Zhengxiong nodded after hearing General Zhang's words. Those people were indeed very disobedient.

He was the only one who would listen to what he said when he was around.

"I understand. General Zhang will trouble you for the next thing. I will give them a good warning when I go back. If they dare to be rude to you, tell me when I come back and I will teach them a lesson."

"General, when are we going to enter the palace?"

After hearing Ouyang Zhengxiong's question, General Zhao thought about it.

"You go back now and explain what needs to be explained, and we will return to the mansion in the afternoon. We will start preparing for the Mid-Autumn Festival banquet tomorrow."

After Ouyang Zhengxiong heard what General Zhao said, he frowned and prepared for the Mid-Autumn Festival banquet. They didn't need them to do it.

Why did they go there so early? He thought there was something big going on.

"We shouldn't need to prepare for the Mid-Autumn Festival banquet, right? Why do we have to go so early? Otherwise, we can wait until the day of the Mid-Autumn Festival Party to go."

After General Zhao heard what Ouyang Zhengxiong said, he looked at Ouyang Zhengxiong with very sharp eyes.

"This is the rule of the ages, and you must not break it. And even if you think there is nothing wrong, the emperor will summon you in advance and ask you about some official matters."

Ouyang Zhengxiong nodded after hearing General Zhao's words. Nothing seems to have happened to him recently.

And there is no formula to explain to the emperor, but it does not mean that the emperor has nothing to ask him.

"I understand, General Zhao, I will go and arrange this matter right away."

After Ouyang Zhengxiong left here, he came directly in front of these people.

Although he left for a while, these people did not dare to relax at all, and they still kept training hard.

When Ouyang Zhengxiong appeared here again, I clapped my hands and called them all back.

"This time I have to go out for three days for something, and General Zhang will train you on my behalf. All the training done by General Zhang was approved by me and arranged by me. If I find that any of you dare not Listen to General Zhang and disobey General Zhang. When I come back, I will settle accounts with you one by one."

After hearing Ouyang Zhengxiong's words, these people were trembling before they had time to be happy.

Except for Ouyang Zhengxiong, they were indeed not afraid of anyone on Tuesday, but Ouyang Zhengxiong's words also made them start to think slowly.

What should they do if Ouyang Zhengxiong really doesn't let them go? Ouyang Zhengxiong seems to be a person who always says the truth.

"Instructor Ouyang, what are you going to do this time? Do you have to go?"

Xu Changhai asked Ouyang Zhengxiong with some persistence. He was very afraid that if others trained him, he would lose control of his temper.

No one could control him except Ouyang Zhengxiong, and he simply disdained anyone.

Ouyang Zhengxiong is here After hearing what Xu Changhai said, he looked at him with very cold eyes.

"I have to go, and what are you going to do? I have made arrangements for you a long time ago. General Zhang is just conveying it to you on my behalf, so what exactly should you do? You'd better think carefully about it yourself, especially you, Xu Changhai. If you let me know that you made a mistake, the whole class will be punished with you."

After everyone heard Ouyang Zhengxiong's words, they all looked at Xu Changhai with cold eyes.

Xu Changhai is indeed the person most likely to cause trouble, but Ouyang Zhengxiong tied their fate to that of Xu Changhai.

If Xu Changhai causes trouble, , then wouldn't they have to suffer along with it?

And Ouyang Zhengxiong's words were tantamount to sending Xu Changhai to the top

"Instructor Ouyang, don't worry, I won't cause trouble. If something happens to me, you will punish me when I come back, and I will take responsibility for my actions."

After Ouyang Zhengxiong heard what Xu Changhai said, he sneered.

"If one person does the work and the other person is responsible, that can also trap you. Let me tell you, you are now a collective, and you should all be prosperous and suffer. If one person makes a mistake, then you will all be punished, and this is what you should bear. If you don't want to be punished, just look at each other and don't let them do things they shouldn't do."

When Ouyang Zhengxiong said these words, he kept staring at Su Mingcheng and Xu Changhai.

Xu Changhai naturally knew that he was the one who committed the crime, and Xu Changhai should be the person responsible for supervising him.

Ouyang Zhengxiong just finished arranging this place. After the incident, he returned to the military camp and simply packed up two pieces of clothing.

In fact, there was nothing to pack, he had them all in his house.

Then he followed General Zhao out of the military camp.

"Do you have a place to live now? I remember that the emperor did not reward you with a residence."

Chapter 2250

After Ouyang Zhengxiong heard what General Zhao said, a smile broke out on his face

"It is true that the emperor did not arrange a residence for me, but I rented a house myself. It would also be inconvenient to stay in inns and inns all the time."

General Zhao nodded after hearing what Ouyang Zhengxiong said. If Ouyang Zhengxiong had nowhere to go, he could invite Ouyang Zhengxiong to his mansion.

But he didn't expect that Ouyang Zhengxiong was actually removed now, so he wouldn't have to. He kept asking Ouyang Zhengxiong.

After Ouyang Zhengxiong left Su Mingcheng, he quickly returned to the mansion.

When Ouyang Zhengxiong came here, he did not see Su Mingcheng and felt that Su Mingcheng should have gone to teach now. Ouyang Zhengxiong was at home. After simply freshening up, he came to Yuchun Tower.

He and Yu'er had not seen each other for a long time.

Ouyang Zhengxiong could hear people whispering inside, as if someone was deliberately catering to Yu'er. Er's hobby.

When Ouyang Zhengxiong heard this, his face turned cold. Who had made Yu'er's idea?

He had asked Su Mingcheng to take good care of Yu'er before, but Su Mingcheng was also a very busy person after all.

It is indeed impossible for him to take care of Yu'er all the time, but what is happening now really makes him feel sad. Ouyang Zhengxiong kicked open the door with a sullen face and walked in. The two people inside were also startled by the movement.

When Ouyang Zhengxiong saw that the people inside were Su Mingcheng and Yu'er, he also looked shocked.

He asked why he didn't find Su Mingcheng at home. It turned out that Su Mingcheng came to see him. Yuer is gone

"Brother Ouyang, you are finally back. I think brother, I have been waiting for you for a long time. You are finally back safely."

After Ouyang Zhengxiong heard Yu'er's words, he looked at Su Mingcheng with some embarrassment.

He could see Su Mingcheng's loss, but he didn't want Su Mingcheng to give up on Yu'er like this. The reason why Yu'er relied on him so much was because now he only had He alone can make Yu'er rely on.

If Yu'er could rely on one more person, Yu'er would definitely not be in this situation now

"It's okay, Yu'er, am I back? It seems that you and Nangong had a good chat!"

After Yu'er heard Ouyang Zhengxiong's words, she hurriedly waved her hands and explained to Ouyang Zhengxiong.

It seemed that she was afraid that Ouyang Zhengxiong would misunderstand something, but as Yu'er explained, Su Mingcheng's face became even darker.

Ouyang When Zhengxiong saw Su Mingcheng's face looked like Mo's again, he knew he shouldn't continue listening.

"Well, Yu'er and Su Mingcheng can come here to accompany you to relieve your boredom, which can be regarded as one of my wishes. The reason why I came out this time is because the Mid-Autumn Festival dinner is being held in the palace, and I want to attend the Mid-Autumn Festival dinner."

After hearing Ouyang Zhengxiong's explanation, both Yu'er and Su Mingcheng nodded.

"In this case, do you have to live at home for a long time? Do you need me to catch Yu'er too?"

After Ouyang Zhengxiong heard Su Mingcheng's words, he looked at Yu'er inquiringly.

Yu'er could indeed leave here with him anytime, anywhere, but Yu'er had never expressed this intention.

This led to him I always thought that Yu'er didn't want to leave.

Yu'er always wanted to stay here, and Yu'er nodded after hearing Ouyang Zhengxiong's words.

She was willing to return to Ouyang Zhengxiong's residence, where Ouyang Zhengxiong was, It's her real home

"If it is convenient for you, of course I am willing to go. It is indeed very boring here. If I can go and see new places, I will be very happy."

After hearing Yu'er say such words, Ouyang Zhengxiong showed an expression of joy on his face.

Fortunately, Yu'er agreed to this matter now. Otherwise, he would not be able to come to see Yu'er every day.

Very sad Soon, the group returned to Ouyang Zhengxiong's house, and all these actions were reported to the second prince.

When Ouyang Zhengxiong was eating with these two people, he suddenly heard a burst of noise coming from outside. The sound of footsteps.

When Ouyang Zhengxiong stood up to defend himself, he saw it was the second prince. At this time, Ouyang Zhengxiong suddenly realized and brought Yu'er over. This was a very bad thing for Yu'er.

Although It is said that the second prince is a wise king, but no one can escape a beauty.

Even the second prince is no exception. Sure enough, when he saw Yu'er, he was stunned.

Yu'er in the second prince's eyes was extremely She is beautiful, wearing a long white gauze dress, and a simple beaded hairpin on her head. There is no unnecessary decoration, but it makes people feel very fresh.

And she is wearing a long white gauze dress with a small belt in the middle. It can show her small waist.

After seeing this scene, the second prince felt a rush of blood rushing to his brain, but soon he calmed down.

Now he still doesn't know who Ouyang Zhengxiong and Yu'er are. What does it matter?

If Yu'er was Ouyang Zhengxiong's woman, he would never attack his brother's woman.
