Chapter 2251

Ouyang Zhengxiong didn't notice so many looks from the second prince. Nangong Ying saw it.

"Second Prince, why are you suddenly here? Why didn't you notify me in advance? I'm so ready."

What Ouyang Zhengxiong said was a bit foreign to the second prince.

The second prince really regarded Ouyang Zhengxiong as his friend, but Ouyang Zhengxiong still did not dare to call him brother.

The second prince is a royal family after all. The sons of all emperors basically have one skill.

That is to turn against others and not recognize them. No one knows whether he will recognize you in the next second.

"After I heard that you and the general came to Beijing, I rushed here. I also wanted to see how you are doing recently? These two are....."

Although the second prince asked about two people, his eyes were always firmly fixed on Yu'er.

Yu'er felt very uncomfortable when she was looked at by the second prince, and she always felt that she was offended.

"Oh, these are my two friends, this is Nangong Ying, and this is Yu'er"

Yang Zhengxiong introduced the second prince with enthusiasm. He didn't know what the second prince was planning.

If he had known that the second prince had set his sights on Yu'er at this time, he probably wouldn't have introduced her so enthusiastically.

"Nangong Ying, Yu'er. Those are two good names. I came here today just because I wanted to meet Ouyang. Don't be so formal and do it quickly."

Yu'er and Nangong Ying don't dare to listen to the second prince's words easily. Ouyang Zhengxiong is still standing next to him. As Ouyang Zhengxiong's friends, how can they sit down directly like this.

After observing for a period of time, the second prince will He looked away from Yu'er.

Although everyone loves beauty, staring at a woman with such impolite eyes will make her feel bored.

"Ouyang, why don't you sit down quickly? It seems that you won't be able to do it if you don't do these two."

Ouyang Zhengxiong followed the words of the second prince and fell in love with Yu'er and Nangong Ying.

After seeing Yu'er and Nangong Ying standing awkwardly beside each other, Ouyang Zhengxiong felt inexplicably funny.

However, the two of them did not listen as soon as they came up. The second prince's words are indeed a good performance.

If you really follow the second prince's words and continue to do it, I am afraid that the second prince will not be willing to do it again.

You'd better not guess what the prince and the emperor are thinking. Just guess. It's still very troublesome

"Second Prince, did you come here directly? Will the emperor and the eldest prince see it?"

The second prince knows what Ouyang Zhengxiong is worried about. Of course he can't come here openly.

"What are you afraid of? I still don't know how to do it. Do I still know my royal brother and father? , let the two of them know that the two of us have contact in private, I am afraid that both of us will suffer."

Ouyang Zhengxiong smiled awkwardly. He was just asking tentative questions.

He didn't know what the emperor and the eldest prince's personalities were like.

If he wanted to know, I'm afraid he wouldn't have to seek refuge with the second prince.

"You haven't used it yet, and I happen to be hungry too, so why don't we sit down and eat together."

If he hadn't seen Yu'er, the second prince would never have said such words.

The second prince just wanted to spend more time and get along with others. In the final analysis, did he make any mistakes?

But Ouyang Zhengxiong will His eyes were on Yu'er and Nangong Ying.

He could feel that Yu'er and Nangong Ying were trying their best to suppress the discomfort in their hearts.

But Yu'er and Nangong Ying were a little too obvious.

"good."

Even though he knew that Yu'er and Nangong Ying were not used to it, he did not have the right to refuse the second prince.

The four of them finished the meal with evil intentions like this.

"By the way, Ouyang, when you go to the palace to attend the Mid-Autumn Festival dinner, can you wait for the palace rules?"

After Ouyang Zhengxiong heard the second prince's sudden question, he immediately put down the chopsticks in his hand.

"The general is already thinking of a way to help me solve this matter. The general said that he will help me ask a gentleman who is familiar with the rules of the palace to teach me tomorrow."

After the second prince heard Ouyang Zhengxiong's words, he kept looking at Ouyang Zhengxiong carefully.

He didn't expect that Ouyang Zhengxiong got along so well with General Zhao.

It seems that General Zhao really wants Ouyang Zhengxiong to be his heir. Then He must have Ouyang Zhengxiong firmly in his hands

"Then just wait for the people sent by the general to come, and I won't care about you anymore. This year's Mid-Autumn Festival dinner will definitely be very lively, so don't be embarrassed."

Ouyang Zhengxiong has been looking at the second prince and knows what the second prince means by saying this.

He must not be embarrassed. This is the first time he has attended a palace dinner since he became an official.

If he is embarrassed at this time, I'm afraid From now on, he will lose his status with the emperor.

No matter how good he is, he will never be used by the emperor again.

"Okay, that's it for now, I'll leave first. You need to take good care of yourself."

"Second Prince please."Ouyang Zhengxiong sent the second prince out all the way.

Chapter 2252

After the second prince left their sight, Yu'er and Nangong Ying finally breathed a sigh of relief.

After Ouyang Zhengxiong returned to the house, he saw Yu'er and Nangong Ying strutting about.

After thinking about the contrast between the two of them in front of the second prince, he couldn't help but shake his head in amusement.

"You two second princes relaxed a lot as soon as they left. Have you forgotten the oppressive feeling that the second prince gave you just now?"

After Nangong Ying heard Ouyang Zhengxiong's words, he rolled his eyes at Ouyang Zhengxiong fiercely.

"How can you say such a thing? Don't you think there's something wrong with this second prince?"

Ouyang Zhengxiong didn't know what Nangong Ying meant by saying this. He didn't think there was anything wrong with the second prince.

In his opinion, the second prince was much better than the emperor and the eldest prince.

"The reason why you think something is wrong with the second prince is because you have not met the eldest prince and the emperor. Only after you meet the eldest prince and the emperor will you know how good the second prince really is."

Yu'er and Nangong Ying have never thought about entering the court, and they don't want to know what the relationship between the eldest prince and the emperor is like.

Nangong Ying really wants to see the second prince keeping his eyes on Yu'er just now , told Ouyang Zhengxiong about this matter.

But now Yu'er is here, and he is afraid that after telling this matter, Yu'er will become very scared.

Yu'er has been here for a long time, if she If she doesn't go back, I'm afraid the madam won't let her go.

"Brother Ouyang, I have been here for a long time, and I am going back now. I am very happy today to be able to eat at the same table with Brother Ouyang and Nangong."

After seeing Yu'er's heartfelt joy, Ouyang Zhengxiong also breathed a sigh of relief.

Fortunately, Yu'er has really accepted them now. Otherwise, he doesn't know how to face Yu'er recently.

"It doesn't matter, as long as you are happy. If you really don't want to go back, you can stay here temporarily. I also have a room specially reserved for you here."

After hearing Ouyang Zhengxiong's last words, a warm smile appeared on Yu'er's face.

This was the first warm smile that Yu'er showed since Nangong Ying met Yu'er.

"Brother Ouyang, I know you care about me very much, but I still have to go back to where I am. If I have time another day, I will definitely come back."

Ouyang Zhengxiong knew what Yu'er was expressing, so he must be depressed now.

He didn't understand why Yu'er was so unsure of herself. She was obviously a lady in the past.

And Yu'er back then was also very lively, like a lady. The young ladies played well.

But now Yu'er has become very calm, which is not what Ouyang Zhengxiong wants to see.

Ouyang Zhengxiong seemed to want to continue to say something to Yu'er, but was beaten by Nangong Ying broken

"I think since Yu'er doesn't want to stay here, you should send her back first. Yu'er is just not used to it here yet. If you bring her here more in the future, she might get used to it."

Nangong Ying's words are not unreasonable. Yu'er may just be unfamiliar with the environment here.

After Yu'er becomes familiar with the environment here, she should slowly accept it.

"Well, Yu'er, I'll take you back now"

"No need, brother Ouyang." Yu'er didn't know what her psychology was, and she rejected Ouyang Zhengxiong.

"I can just go back by myself. You can have a good rest here. Don't you still have to learn the rules tomorrow?"

Ouyang Zhengxiong was a little confused after hearing Yu'er's rejection. He didn't expect that Yu'er would become so alienated from him after just leaving for less than half a month.

"Yu'er, when did we become so alienated? I just want to send you back."

Ouyang Zhengxiong asked Yu'er sadly, hoping that Yu'er could give him a reasonable explanation.

And Yu'er didn't want to explain anything to Ouyang Zhengxiong at this time. She always remembered the second prince staring at her..

Even if she explained it to Ouyang Zhengxiong, Ouyang Zhengxiong might not believe her. What's more, she didn't believe that such a beautiful person would keep his eyes on her.

"Brother Ouyang, I am not alienated from you. I just feel that you are too tired in the military camp during this period. Now that you have finally come back, you naturally need to have a good rest. If you are worried, you can ask Nangong to send me back."

Nangong didn't expect that this blame would be thrown directly at him.

Although he didn't know Yu'er's true intention, he also wanted to spend more time with Yu'er.

And Yu'er also really felt sorry for Ouyang Zhengxiong.

"Yes, Ouyang, you go back and rest first, I will be responsible for helping you send Yu'er back."

In addition, after Yu'er and Nangong Ying became so familiar, Ouyang Zhengxiong didn't know what he felt in his heart.

He always felt as if he had missed something. Yu'er and Nangong Ying suddenly became familiar with each other..

Chapter 2253

But Ouyang Zhengxiong didn't think much about it. If Yu'er could have another Nangong Ying, he would feel relieved to have such a friend.

After all, he has been staying in the military camp now. With Nangong Ying taking care of Yu'er, he will feel more at ease.

"Well, if that's the case, then Yu'er will be left to you. You must send Yu'er back safely."

When Ouyang Zhengxiong said these words, his tone was very serious, and his eyes were always staring at Nangong Ying.

It was as if he had handed over the rest of Yu'er's life to Nangong Ying, and after Nangong Ying had such an idea, He immediately shook his head and drove this idea out of his mind.

"Brother Ouyang, don't worry, Nangong will definitely send me back safe and sound. Go back and rest now! But don't let yourself get too tired."

After Ouyang Zhengxiong saw Yu'er's caring face, he felt very warm in his heart.

Fortunately, he now has Yu'er, such a good sister, otherwise, he would really be angry with those bastards in the military camp. Death.

Speaking of those bastards in the military camp, I miss them a little after not seeing them for a day.

I don't know if those bastards are obedient. If they are not, he doesn't mind. He will go back and repair them properly.

Give him this Being embarrassed can be regarded as teaching a lesson.

In this way, Nangong Ying sent Yu'er to each other. On the way back to Yuchun Tower, the atmosphere between Nangong Ying and Yu'er was also very peaceful.

Back to Yuchun Tower After that, Nangong Ying suddenly grabbed Yu'er

"How do you feel about the second prince? It seems to me that he has been looking at you today."

After saying these words, Nangong Ying kept holding Yu'er's arm firmly and never dared to let go.

But he also didn't dare to look into Yu'er's eyes. He was afraid that Yu'er would eventually give him a Illusion.

And Yu'er also recalled what happened today. She actually had no feelings for the second prince.

Sometimes Yu'er didn't know whether she should be grateful for her appearance or whether she should be disgusted with this matter.

Because Because of her beauty, she can get a lot of people's attention.

But it's also because of her beauty that she gets stuck in the mud.

"What can I think? Don't think too much. He is a superior prince and I am just a prostitute. There is no possibility for the two of us."

After Yu'er said these words, she shook off Nangong Ying's hand and walked into Yuchun Tower.

As if walking into her final destination, Nangong Ying fell in love with Yu'er with red eyes.  
Nangong

Ying knew that Yu'er was not telling him about the second prince, but also warning him.

But this was the first time he liked a girl like this, and he didn't want to give up Yu'er like this.

If he gave up like this If so, he doesn't even know when he will meet the girl he loves next.

"But I also like you. You are the first girl I have fallen in love with, and I will not give up just like that."

Nangong Ying said as he looked at Yuchun Tower with overwhelming force.

As if he was looking at Yu'er through Yuchun Tower, Yu'er can only be in his pocket no matter what.

Nangong Ying alone People returned to Ouyang Zhengxiong's mansion, and at this time, Ouyang Zhengxiong had been sitting in the hall. Ouyang

Zhengxiong had been waiting for Nangong Ying to come back. He wanted to interrogate what happened to Nangong Ying and Yu'er.

Seeing Nangong Ying After Ying came back, Ouyang Zhengxiong stopped Nangong Ying.

"What happened between you and Yu'er? Why would Yuer rather let you give it away? Don't you want me to send it to you?"

Perhaps because they don't know that the relationship between Ouyang Zhengxiong and Yu'er is just a family relationship, Ouyang Zhengxiong has no thoughts about Nangong Ying.

But this does not mean that Yu'er simply regards Ouyang Zhengxiong as a relative.

"I like Yu'er."

Ouyang Zhengxiong was a little doubtful about what his ears heard.

He was not sure that Nangong Ying actually liked Yu'er. When did this happen?

Why did he never know about it before ?

"You, what did you just say? Do you like Yu'er? When did this start? Are you kidding me?"

Nangong Ying knew that Ouyang Zhengxiong probably didn't believe this, so he looked at Ouyang Zhengxiong again with a very serious expression.

"I'm not kidding you, I like Yu'er and I want to take Yu'er as my wife. Yu'er can only be married to one person in this life."

After Ouyang Zhengxiong heard Nangong Ying's serious words, his expression on the surface was a bit complicated.

It wasn't that he didn't think badly of Nangong Ying, but he felt that Yu'er might not have any feelings for Nangong Ying.

Although he didn't know that Yu'er What is the relationship between Nangong Ying and Nangong Ying?

"What about Yu'er? Did she respond to you?"

"What response could she give me?" Nangong Ying said with some self-deprecation.

"She told me not to like her anymore, but she was the first person I liked and I wouldn't give up so easily."

Chapter 2254

Ouyang Zhengxiong could see that Nangong Ying was very serious when he said these words. Moreover, his expression also showed that everything must be won.

Ouyang Zhengxiong suddenly felt that if Yu'er didn't like Nangong Ying, then Nangong Ying would always be with Yu'er.

Nangong Ying may be such an affectionate person, he will not always let others reject him

"I thought what you said before was a joke on me. Since you like Yu'er so much, you must persevere and let her know that there are many people who care about her in this world. I hope to see you and Yu'er get married one day."

After getting the support of Ouyang Zhengxiong, Nangong Ying became more confident.

But at this time, he thought of the second prince again. Compared with the second prince, he had no power and power.

If the second prince really insists on taking away the jade, I'm afraid it won't help him

"I have something very important to tell you. The second prince who came today seems to have taken a liking to Yu'er. Since he arrived, he has been staring at Yu'er as if nothing existed."

Ouyang Zhengxiong looked at Nangong Ying in disbelief. Why didn't he feel this way?

And Yu'er didn't tell him about this.

"how can that be possible? The second prince has never seen any kind of beauty, how could he fall in love with Yu'er? And he only met Yu'er once."

Nangong Ying knew that Ouyang Zhengxiong was in disbelief about this matter, but these were indeed before them.

"Didn't you notice after the second prince arrived? Are Yu'er and I both very quiet? Yu'er also discovered this matter, but you were the only one who was still stupid and didn't know anything."

After Ouyang Zhengxiong heard Nangong Ying's criticism of him, he lowered his head helplessly.

If he had known that the second prince had thoughts about Yu'er, he probably wouldn't have kept the second prince here.

"I don't know about this. If I knew, I would never leave the second prince here again, no matter what? Yu'er must not marry the second prince, you must catch Yu'er quickly."

What Nangong Ying didn't expect was that when Ouyang Zhengxiong knew about this, he actually didn't want to give Yu'er to the second prince.

It seems that Ouyang Zhengxiong really regarded Yu'er as his own sister. I really want to take care of Yu'er

"It's great for Yu'er to have a brother like you. Don't worry, I will definitely try my best to chase Yu'er. Even if I can't catch up with Yu'er, I will never let her fall into the hands of dignitaries and become their plaything."

After Ouyang Zhengxiong received Nangong Ying's assurance, he shook hands with Nangong Ying.

This was a unique way between their men.

When he got up the next day, Ouyang Zhengxiong saw General Zhao appearing with a weak scholar. In front of him.

If the prediction is correct, this frail scholar should be the etiquette teacher introduced to him by General Zhao.

"General Zhao, why are you here so early?"

After General Zhao saw Ouyang Zhengxiong's sweaty face, he knew that Ouyang Zhengxiong had just finished exercising.

He was familiar with Ouyang Zhengxiong's habits, so after he finished breakfast, he led Zhao Sheng next to him.

"I have already expected you to get up, so I specially brought the teacher who introduced you here. He is familiar with all the rules in the palace. From today on, he will teach you the rules in the palace."

Ouyang Zhengxiong had a headache after seeing the serious look on the general's face.

He felt very headache about the general's words. He didn't want to learn the rules in the palace.

But these were the only way for her to go through. If he If you don't want to learn, then you are giving up your things to others.

"Well, General Zhao doesn't know the name of this gentleman....."

"The general's name is Zhao Sheng. You can call me by my name directly."

Ouyang Zhengxiong was not polite to Zhao Sheng. Since Zhao Sheng has already reported his name, he should also be polite to him.

"My name is Ouyang Zhengxiong, you can also just call me Ouyang. There are not so many rules here, just call me by my name."

In order to prevent Zhao Sheng from talking to him about Wen Zou Zou, he made it clear to Zhao Sheng in advance.

But what Ouyang Zhengxiong said gave the general a headache.

With Ouyang Zhengxiong like this, he always felt that Ouyang Zhengxiong Zhengxiong may not be able to learn the rules in the palace.

Not only did Ouyang Zhengxiong not learn well, he also had to lead Zhao Sheng astray.

"Let me tell you, learn the rules of the palace from Zhao Sheng carefully. Even if you don't learn well, you can never lead Zhao Sheng into bad shape."

After Ouyang Zhengxiong heard General Zhao questioning his words, he looked at General Zhao unconvinced.

"General Zhao, why are you questioning me like this? I have such a strong learning ability, how could I not learn well? Besides, I'm not a bad person, how could I lead him astray?"

Regarding this matter, General Zhao did not want to argue with Ouyang Zhengxiong.

He simply said that he could not win against Ouyang Zhengxiong. What Ouyang Zhengxiong always did made sense.

"I don't want to tell you that much, just learn from him seriously from now on. I have brought you the person, so I will leave first."

Chapter 2255

After Ouyang Zhengxiong looked at General Zhao's leaving figure, he looked helplessly at Zhao Sheng next to him.

His only choice now is to suit Zhao Sheng and slowly learn the etiquette of the palace.

Although he also wants to escape from this matter, if he really wants to survive from the palace, these things are essential

"Mr. Ouyang, shall we start from now on?"

Ouyang Zhengxiong looked at Zhao Sheng with some embarrassment and nodded.

But he didn't eat at this time. Do you want to invite Zhao Sheng to have breakfast with him?

"But I haven't had time to have breakfast yet, otherwise we can start after breakfast!"

This time it is officially aimed at Zhao Sheng's appetite. Since Ouyang Zhengxiong hasn't had breakfast yet, that means he should start practicing from now on.

"I didn't have breakfast, so I happened to sit and eat in the palace. It was all in accordance with the rules."

Ouyang Zhengxiong didn't expect that his short words would directly poke the ant's nest.

Zhao Sheng can indeed be regarded as a qualified etiquette teacher, but this is not something Ouyang Zhengxiong can bear.

Ouyang Zhengxiong is used to it when eating. It's the same posture, and I'm used to the speed of eating.

But this is a very complicated thing in Zhao Sheng's opinion.

From the moment Ouyang Zhengxiong's hand held the chopsticks, Zhao Sheng began to slowly correct Ouyang Zhengxiong.

Let Ouyang Zhengxiong felt uncomfortable all over. He had been in this posture since he was a child, and no one had ever told him.

But he had to enter the palace to eat, but there were so many rules restricting him.

This made Ouyang Zhengxiong feel that he didn't want to I am about to enter the palace again, and I don't want to attend any more banquets related to the palace.

"No, I just want to eat and pick up chopsticks. How come there are so many things? Even if he were the emperor, would he still watch everyone's chopsticks one by one?"

Zhao Sheng understood what Ouyang Zhengxiong meant? But what they did was just in case.

And it was also to prevent the emperor from being angry.

"Mr. Ouyang, these things are indeed a bit unacceptable to you on the first day, but as long as you learn slowly, you will accept it all by then, and you will know that eating is actually the simplest thing.."

Ouyang Zhengxiong looked at Zhao Sheng's smile and felt that Zhao Sheng's smile seemed like a devil. Zhao

Sheng's words also made Ouyang Zhengxiong feel very irritated.

He didn't want to hear Zhao Sheng say such words, and he didn't want to hear Zhao Sheng say such things. I don't want Zhao Sheng to keep pinching him.

"I just want to ask, can the emperor really control how we hold chopsticks? Is it true that no one is unique?"

Zhao Sheng knew what Ouyang Zhengxiong wanted to say, and there was no need for him to explain to Ouyang Zhengxiong at this time.

"How about I tell you a story?"

Ouyang Zhengxiong looked at Zhao Sheng in confusion. He didn't understand why Zhao Sheng suddenly told him a story.

But he always had a bad feeling in his heart. Zhao Sheng might make him tell this story to him. From then on, I became afraid of the emperor

"Once upon a time, there was a military commander who, like you, did not pay much attention to dietary rules. It happened that the emperor was not in a good mood that day, so the emperor directed all his anger on this man, and this man has never been seen again since then. Appeared from the sky. They were even directly deprived of their rights and demoted to common people."

Ouyang Zhengxiong was shocked when he heard these words. He originally thought that the emperor was a wise king.

But he did not expect that the emperor would be so stupid at times.

"I know, I will change it slowly."

In order to ensure that he would not be thrown out, Ouyang Zhengxiong could only slowly change his habits.

But at least Ouyang Zhengxiong is a person with a very strong learning ability.

Soon, Ouyang Zhengxiong had all these things figured out.

And Ouyang Zhengxiong Zhengxiong also learned these etiquettes very well. Even Zhao Sheng could not help but admire Ouyang Zhengxiong.

In just two days, Ouyang Zhengxiong actually learned all the etiquette in the palace.

So it is not that Ouyang Zhengxiong is incompetent. It's just that no one has ever taught him etiquette. If there was someone willing to teach Ouyang Zhengxiong so patiently, Ouyang Zhengxiong would not have become like this.

The night before, General Zhao finally appeared in Ouyang Zhengxiong again. In Zhengxiong's mansion.

After General Zhao saw Ouyang Zhengxiong and Zhao Sheng enjoying the wine and chatting, he felt something bad in his heart.

"Ouyang, Zhao Sheng, what are you doing?"

After seeing General Zhao coming, Zhao Sheng also got a little excited.

"General Zhao, you are here. Come and have a drink with us. I am so happy to make friends with Mr. Ouyang."

Looking at Zhao Sheng's appearance, you knew that Zhao Sheng was drunk now.

General Zhao looked at Ouyang Zhengxiong with a condemning look, and he knew that asking Ouyang Zhengxiong to learn etiquette was also a very troublesome thing.

"How did you force Zhao Sheng to be like this? Before Zhao Sheng, he was a man of etiquette."

"This was brought up by Zhao Sheng, and he wanted to make the wine and talk have nothing to do with me." Ouyang Zhengxiong felt that he was very unjust in this matter.

But in General Zhao's heart, Zhao Sheng was not such a person.

Chapter 2256

"How can it be? Zhao Sheng has always been the most observant of etiquette and would never do such a thing."

Ouyang Zhengxiong knew that the general felt unbelievable about everything that was happening, but now that Zhao Sheng was drunk, he had no way to explain to the general.

"Let Zhao Sheng explain this matter to you tomorrow when Zhao Sheng wakes up. If I explain it to you, you may not believe me."

General Zhao pursed his lips without saying a word and looked at Ouyang Zhengxiong in front of him.

For some reason, he actually believed Ouyang Zhengxiong. Zhao Sheng indeed abides by etiquette.

But there are many etiquettes in the palace, and he has been under strict etiquette for a long time. In this place, Li Zhaosheng also has a point in his heart that needs to be vented.

After getting along with Ouyang Zhengxiong these two days, I am afraid that Zhao Sheng has also begun to slowly release his inner resentment.

"I believe in you. Not only do you have strong learning ability, but you are also sensitive and good at educating others. Zhao Sheng has been living in the palace with strict etiquette for these years, and he must have a lot of bitterness in his heart."

Ouyang Zhengxiong followed General Zhao's gaze and slowly looked at the drunk Zhao Sheng.

General Zhao's guess was right. Zhao Sheng became like this because he had been suppressed for too long.

"General Zhao just believes me. He does have a lot of depression and pain in his heart. This drunkenness tonight may let him vent it out."

Ouyang Zhengxiong's reasonable look made General Zhao feel very comfortable after seeing it.

General Zhao did not expect Ouyang Zhengxiong's appearance. He originally thought that Ouyang Zhengxiong and Zhao Sheng would get along.

But now it seems that Ouyang Zhengxiong and Zhao Sheng's communication is still very clear

"I originally thought that it would be very difficult for you and Zhao Sheng to get along, but now it seems that you two will become sworn friends."

Ouyang Zhengxiong nodded with understanding. After spending the past two days together, he felt that although Zhao Sheng abides by etiquette, he also has many things he yearns for in his heart. It's just that he is trapped in this huge cage. If one day he can break free from the prison, he can also become that unrestrained, free, flying bird in the sky.

"He has just been trapped in this cage for too long. If he continues to be trapped in this cage, no matter how lively he is, he will become heavy."

What Ouyang Zhengxiong said is indeed correct, and General Zhao also agrees with it very much.

Because of this, he did not choose to become a civil servant, but instead became a military attaché.

As a military attaché, he can not only serve the country, but also And you don't have to worry about all kinds of etiquette in the capital.

"That's why I chose to serve the country as a military attaché."

Ouyang Zhengxiong feels that General Zhao has made a very right decision.

Now the depressive atmosphere in the palace has become more and more firm in his mind.

After he successfully finds out the truth about Yu'er's family, he will definitely withdraw.

"General Zhao, I am very lucky to have walked on the same path as you. If I had really chosen to stay in the court, I am afraid that I would become someone like Zhao Sheng in the future. In my opinion, such people are the saddest."

Ouyang Zhengxiong is right. Even in the eyes of General Zhao, such people are the saddest people.

"Fortunately, we all chose such a path in the end, but we still need to know the etiquette we should know, and sometimes we have to enter the palace to meet the saint."

Ouyang Zhengxiong nodded lightly and looked at General Zhao with a smile.

Fortunately, he didn't have much time to enter the palace to meet the saint, otherwise he would really be driven crazy by himself.

The next day soon came, Zhao Sheng also woke up from Ouyang Zhengxiong's house.

When he saw the foggy sky outside, his face turned pale with fright.

He had never done such a thing before. Although he felt very happy at the time, but now he thinks about it There was a moment of fear.

After seeing Zhao Sheng's face, Ouyang Zhengxiong understood what Zhao Sheng was thinking.

He dropped the tea in his hand onto Zhao Sheng's hand.

"There is no need to be so nervous. No one knows about this. In the hearts of others, you are still the Zhao Sheng who knows etiquette very well."

Zhao Sheng looked at Ouyang Zhengxiong. At this time, Zhao Sheng felt very strange about Ouyang Zhengxiong.

He didn't know whether he should be grateful to Ouyang Zhengxiong or resent Ouyang Zhengxiong.

Because Ouyang Zhengxiong, he knew another kind of life. I also learned about different ways of living. It turns out that people can live so casually and freely.

It also reflects the sadness of his life from the side.

"Ouyang, thank you for letting me know that there is another possibility in life. But this possibility will be far away from me. I have always envied people like you."

Zhao Sheng said this to Ouyang Zhengxiong very seriously. In his opinion, Ouyang Zhengxiong's way of living is the most beautiful way of living.

He doesn't have to worry about the first thing to say when he sees the emperor every day. No matter what, you don't have to worry about whether any of your words will touch Sheng Yan.

Although your life may not be as refined as in the palace, at least you can be at ease.

Chapter 2257

Ouyang Zhengxiong did not reply to Zhao Sheng's words because he knew that Zhao Sheng still had a lot to say.

"From now on, you will be my friend, Zhao Sheng. I hope you will not dislike me."

After Ouyang Zhengxiong heard Zhao Sheng's words, he couldn't help laughing.

He didn't expect that Zhao Sheng would only regard him as a friend at this time. After meeting Zhao Sheng for the first time, he knew that Zhao Sheng was a deep friend.

"I didn't expect you to look down on me so much. Only today do you think I am your friend."

After Zhao Sheng heard Ouyang Zhengxiong's words, he was stunned for a rare moment.

"This matter is indeed my fault. I hope we can always be so happy in the future, and I hope you can always tell me about the outside world."

Ouyang Zhengxiong understood that Zhao Sheng wanted to try another way of life, but he didn't dare. He was used to living in this cage.

If he moved to another place, Zhao Sheng would not necessarily live a better life than here..

And Zhao Sheng's identity does not allow him to leave anytime and anywhere like this.

He is not alone, there is a whole family behind him, he is the legitimate son of the family.

If he leaves at this time, the family will suffer huge discussions

"Zhao Sheng, I actually admire you for being able to live in such a cage-like place for such a long time without making any mistakes."

Zhao Sheng felt that what Ouyang Zhengxiong said was a bit ironic. Being able to live in a cage-like place for such a long time is not a good thing worth showing off.

"If possible, I also hope that I can live as casually and freely as you, but I am the eldest son in the family, and I have no way to live such a life. I only hope that my younger brothers and sisters can live as casually and freely as you want."

Ouyang Zhengxiong still admires Zhao Sheng very much. Now, the first thing he thinks of is his younger brothers and sisters.

Zhao Sheng's thoughts at this time have actually been fixed. He just feels that as the eldest son of the family, he has more responsibilities.

He also feels that as the eldest son in the family, he should take on the idea of making other people happy.

But in fact, he always thinks of other people, but not himself.

He himself is also a person who needs to be released, and he also needs to slow down slow change

"In fact, sometimes you don't have to live like a puppet. Sometimes you can also relax. If you really have nowhere to go, you can come here. I have a close friend who can introduce you to it."

Zhao Sheng listened to Ouyang Zhengxiong's words and slowly showed a heartfelt smile.

Even his family had never seen this smile. This was the first time that Zhao Sheng opened his heart to someone like this.

"do you know? My family all think that I am an elegant person, and they all think that I am a model for all the younger generations in the family. They all think that I am born to be such a person, but in fact, I also want to be rebellious, and I also have things I want to do but dare not do. thing. But because my identity is here, those things will always become things I dare not do."

Ouyang Zhengxiong didn't know how to enlighten Zhao Sheng. Zhao Sheng's current thoughts are indeed very sad.

But he has to admit that this is indeed the situation Zhao Sheng has been facing.

He must always bear that burden and live forever. like a puppet

"The reason why you let yourself become like this is to let your younger brothers and sisters in your family live freely, so that they don't become like you."

Zhao Sheng didn't expect that Ouyang Zhengxiong could really understand him. He had never said these words to anyone.

But Ouyang Zhengxiong guessed his thoughts so easily, and he felt both happy and sad inside.

"I really think so, I hope there is a brother above me who can support me and let me do what I want to do."

After finishing speaking, Zhao Sheng's face was full of ridicule.

"Forget it, stop talking, hurry up and pack up, we will enter the palace today. You must remember the etiquette I entrusted to you."

Ouyang Zhengxiong nodded deeply. At this time, Zhao Sheng also returned to his home.

Ouyang Zhengxiong also began to pack his clothes. It was very taboo to wear clothes when entering the palace.

Previously, Zhao Sheng also followed He had said that he only needed to wear plain clothes.

He should not stand out too much, nor be too sad.

After Ouyang Zhengxiong settled all these things, he felt that he was exhausted to death before he even got to the banquet.

All things need to be paid attention to, but he really wants to be a free and easy citizen.

"I didn't expect you to look like a human being wearing such clothes."

Ouyang Zhengxiong ignored Nangong Ying behind him. He was still immersed in his own world.

He hoped that Nangong Ying could give him some comments at this time.

"Do you think I really look good dressed like this? It's enough that I don't attract attention."

Nangong Ying slowly came to Ouyang Zhengxiong and looked at Ouyang Zhengxiong carefully.

Ouyang Zhengxiong didn't seem to have anything outstanding, so being lost in the crowd was the best choice for Ouyang Zhengxiong.

Chapter 2258

But Nangong Ying still didn't understand that Ouyang Zhengxiong had chosen to enter the court.

So why choose to be lost in the crowd? Is Ouyang Zhengxiong doing something ulterior?

"Now that you have entered the court, why do you want to hide yourself from everyone?"

Ouyang Zhengxiong doesn't know whether he should tell Nangong Ying about this matter.

Nangong Ying already likes Yu'er, but she should tell Nangong Ying herself about Yu'er.

"Didn't I explain it to you at the beginning? Due to some unavoidable reasons, I had to enter the court. After I take care of these things, I will leave"

"I don't want to wait. When the time comes, I want to leave but I can't. The best choice is to hide from everyone now and not let anyone know me."

This is a very good idea. If you don't want to be in the same environment for a long time, you have to disappear from everyone.

You can't let anyone notice you, but Ouyang Zhengxiong didn't think of it.

Since he and Mo Yu were tied After that, he became famous in the court.

Even if he really wanted to be ignored by everyone, it was absolutely impossible.

"Do you really think you can avoid being discovered by others by dressing like this? Even I know what happened between you and Mo Yu. Do you think other people in the court will not pay attention to you?"

Ouyang Zhengxiong didn't expect that this matter would attract such attention for such a long time.

And it would also cause such big consequences. If he had known about it earlier, he should have lost at the hands of Mo Yu.

"I thought that after such a long time, they should slowly forget about this matter, but I didn't expect that they still remembered it."

Nangong Ying knows that Ouyang Zhengxiong cannot continue to keep a low profile.

Even if Ouyang Zhengxiong continues to keep a low profile, his environment does not allow Ouyang Zhengxiong to continue to keep a low profile.

"Now that you understand this, do you still want to dress so plainly? You are destined to keep a low profile."

Ouyang Zhengxiong had nothing better to choose his clothes. Most of them were on the plain and elegant side.

There were no bright red clothes at all.

"I don't have any other clothes, the only thing with a little color is this sky blue robe"

"Then wear this." Nangong Ying thinks this dress looks better than other white clothes.

The most important thing is that now that he can no longer keep a low profile, there is no need to continue to keep a low profile.

In the end, Ouyang Zhengxiong listened to Nangong Ying's words and chose this natural dress. Blue clothes.

Just when Ouyang Zhengxiong was about to leave, he saw Nangong Ying again.

"If I come back later, I may introduce you to a new friend. He is different from us. He has been living in this cage and sometimes needs to vent."

Nangong Ying understood what Ouyang Zhengxiong meant. If it was such a friend, there was no need for him to make friends with him. But

Ouyang Zhengxiong introduced him to him. Even if he didn't want to make friends with him, there was nothing he could do about it.

And Ouyang Zhengxiong made friends with him. My friends are basically very simple and elegant.

They probably don't have too much of a temper. At most, they just have some rotten ideas.

"Okay, then I'll wait for you here."

Ouyang Zhengxiong came to the banquet in the palace and followed General Zhao all the time.

He did not dare to leave General Zhao for half a step because he did not know what he would face after leaving General Zhao.

But Ouyang Zhengxiong did not expect that Yes, it was here that he met the unreasonable girl from before.

And this girl also became a big disaster in his life.

"Ouyang, why are you following me like this? You can also take a tour of the palace."

When Ouyang Zhengxiong thinks of the concubines and the strict rules in the palace, he feels very headache.

Although he can move around freely now, who knows if he will casually walk into a concubine's palace?

"It's better to say goodbye, General Zhao. I'll just follow you all the time. I'm afraid that if I wander around, I'll end up in an unknown place. It'll be bad if I cause any trouble again."

General Zhao might as well think more. After thinking about what happened before, he felt that Ouyang Zhengxiong's reckless character might still happen.

In this case, he should still take Ouyang Zhengxiong with him. If Ouyang Zhengxiong causes any trouble, he I'm afraid I can't just give up.

"Then you should always follow me. No matter who asks you, don't look back, and don't follow them."

Ouyang Zhengxiong has always remembered what the general said, and has always followed the general's identity. He looks like a follower of the general, but he doesn't know that he has already become a dog in other people's mouths.

Just When Ouyang Zhengxiong and the general were admiring flowers in the imperial garden, they were suddenly summoned by the emperor.

"General Ouyang, now the Emperor has invited you to come with us."

Ouyang Zhengxiong looked at the general at a loss. He had no idea about the emperor's affairs.

Such a sudden summons from the emperor made him very panicked.

Chapter 2259

Ouyang Zhengxiong was thinking about what happened during this time while following the eunuch.

It seemed that there was nothing out of the ordinary, nor did he do anything that was not in line with the emperor's wishes.

The only thing he did was getting too close to the general. Will this matter be talked about?

"Father-in-law, can you tell me what the emperor is talking about when he comes to me this time?"

Ouyang Zhengxiong and the eunuch were very close at this time, and he put a gold bar in his hand into the eunuch's hand.

But the eunuch did not dare to take Ouyang Zhengxiong's things at this time. Ouyang Zhengxiong can be regarded as a red man in front of the emperor.

He usually serves the emperor and can often hear the emperor praising Ouyang Zhengxiong.

"Mr. Ouyang, what are you doing? There is no need to give these things to our family. Your Majesty, there should be nothing important to do with you this time. I just want to ask about your recent situation."

After hearing the words of the great eunuch, Ouyang Zhengxiong quietly breathed a sigh of relief.

It turned out that he was just asking about his current situation, but fortunately it was not to deal with him.

"Father-in-law, you have always served the emperor, and I want you to help me pay more attention to the emperor. I have just entered the court, and there are still many things I don't understand. If I accidentally make the emperor angry, I hope you can give me a nice word."

Ouyang Zhengxiong put the gold bar in his hand into the eunuch's hand again. The eunuch didn't expect that Ouyang Zhengxiong was so good.

Everyone likes such a person, let alone the eunuch.

He felt that he got it A lot of respect. Although some people asked him to take a look at the emperor's situation before, most of them used a condescending attitude or only rewarded him with a piece of silver.

But Ouyang Zhengxiong is different. Ouyang Zhengxiong not only His attitude towards him is very peaceful, and even his actions are very generous.

"Mr. Ouyang, what are you talking about? You are the emperor's favorite now, and the emperor values you very much."

After hearing what the eunuch said, Ouyang Zhengxiong didn't know how to tell him.

"Father-in-law, this is a joke, how can the emperor think highly of me? As far as the emperor and I are concerned, I am just a general, how can I compare to my father-in-law. It must be very tiring to stay with the emperor all day long, so I'd better take these things."

Ouyang Zhengxiong's words really made the great eunuch feel very comfortable.

At this time, the great eunuch had regarded Ouyang Zhengxiong as a close friend, and felt that only Ouyang Zhengxiong understood his hard work.

Everyone thought that he was with him The emperor must be surrounded by favors, but as everyone knows, the emperor is the most dangerous.

You have to guess the emperor's thoughts all the time. If you guess wrong at all, you risk losing your head.

"Thank you Mr. Ouyang for your understanding. Mr. Ouyang is so considerate and can definitely be better than one person and inferior to ten thousand people."

Ouyang Zhengxiong knew that the eunuch's words were a direct expression of loyalty to him.

But these words cannot be known by others. Once others know, he will lose his head.

And after all, he has always been with him. Those who are with the emperor may have been sent by the emperor to test him.

"Father-in-law, please don't say this nonsense. Only a prince can fulfill this position. I don't dare to betray this position. I just want to share the emperor's worries and protect the country."

Ouyang Zhengxiong said these words grandly, and the eunuch was also moved by Ouyang Zhengxiong's idea.

He was not sent by anyone to test Ouyang Zhengxiong, he just simply felt that Ouyang Zhengxiong was a good person.

And Ouyang Zhengxiong was Now that he said this again, he felt that Ouyang Zhengxiong was indeed a person worthy of seeking refuge.

Only by staying with Ouyang Zhengxiong could he live a comfortable life.

While the two were talking, they came to the imperial study room.

"Lord Ouyang has arrived at his study room. You can go in by yourself. The emperor has been in a pretty good mood in the past two days."

After Ouyang Zhengxiong heard what the chief eunuch said, he opened the door and walked in.

Ouyang Zhengxiong felt that this scene seemed a bit sneaky.

When he was in Chu State before, even if he went to see the emperor, he had to report it.

No. Thinking that after arriving in Qi State, the emperor actually didn't let anyone report and let him in directly.

When Ouyang Zhengxiong came to the emperor again, he immediately saluted him.

"The minister Ouyang Zhengxiong meets the emperor."

When the emperor saw Ouyang Zhengxiong finally arrived, he immediately put down the pen and paper in his hand.

"Ouyang Aiqing is finally here. I have been waiting for you here for a long time. Ouyang Aiqing, hurry up."

Although the emperor has been asking Ouyang Zhengxiong to sit down, Ouyang Zhengxiong still dare not move easily.

The emperor's thoughts are like the needle on the seabed, now and then like this.

"Your Majesty, I still don't do it, it's unreasonable. If there is anything the Emperor needs me to do, just ask."

After seeing Ouyang Zhengxiong being so righteous, the emperor felt that Ouyang Zhengxiong taking on the position of general was the most correct choice he had ever made.

Only Ouyang Zhengxiong would always be so respectful to him and would never yearn for power.

"Why should I be so estranged from you, my dear? It's been a long time since we, the king and my ministers, have seen each other."

Chapter 2260

The emperor was indeed talking to Ouyang Zhengxiong very casually, but Ouyang Zhengxiong didn't care and believed in the emperor so easily.

If he is really so casual with the emperor, when the emperor thinks about it in the future, I am afraid that he will become someone he is not.

Although he was on good terms with the emperor at this time, there would come a time when the emperor would get tired of him.

"Your Majesty, you also know me. Before, I was just a rough guy. If there is really something wrong with your Majesty, I hope you can tell me directly."

Ouyang Zhengxiong suppressed his blush, but he still said some unpleasant words. The uprightness and embarrassment on his face made the emperor feel very good after seeing it.

This is the love he has been pursuing. Qing, only this kind of love for Qing can ensure his peace of mind.

"Why is Aiqing like this? I asked Aiqing to come here this time just to see how Aiqing is doing these days. Since Aiqing is like this, you can rest assured."

Ouyang Zhengxiong felt a little disgusted after seeing the emperor's sinister and cunning face.

But he couldn't say anything to the emperor. The emperor was the one in charge of life and death.

"Your Majesty, I am indeed not a civil servant as eloquent as others. I am just a military attache for one term, and there was no one to teach me when I was a child, so sometimes what I say may not sound nice, but everything I say is correct. It is for the sake of the emperor, and I hope that the emperor can understand me and point out my mistakes in time."

After seeing Ouyang Zhengxiong's heart-wrenching words, the emperor had no intention of continuing to quarrel with Ouyang Zhengxiong.

Ouyang Zhengxiong's behavior made him feel very sad. Such a person has not been taught by anyone since he was a child, but he has He has grown into the easiest person to trust and the most upright person.

"My dear, you are an honest and upright person. I have known this for a long time, so there is no need for you and me to be so polite to each other. You are the same age as my second prince."

Ouyang Zhengxiong didn't know what the emperor meant, so he could only lower his head and keep listening.

"You have not been taught since childhood, but you can have such thoughts, which are beyond the reach of my children. I admire you very much for such a decisive young man."

After Ouyang Zhengxiong heard the emperor's praise for him, he laughed from the bottom of his heart.

After the emperor saw Ouyang Zhengxiong's smile, he was also exaggerated by Ouyang Zhengxiong's smile. Ouyang Zhengxiong's smile looked very innocent, and Very pitiful

"Today is the first palace dinner you have attended, but you must perform well. If you perform well, I will definitely reward you heavily."

Ouyang Zhengxiong smiled even more happily.

"Thank you, Your Majesty."

After Ouyang Zhengxiong left here, all the smiles on his face disappeared in an instant.

It was as if he had changed into a different person, making it difficult for people to see that he was a smiling person just now.

When Ouyang Zhengxiong returned to Zhao After staying with the general, he stayed with General Zhao.

Therefore, he was also able to deal with the people here, but he was unwilling to spend so much effort.

Ouyang Zhengxiong had just been invited away by the eunuch next to the emperor, and everyone They all know it.

Now that they see Ouyang Zhengxiong back, the gossip energy in their hearts has risen again.

"Christmas tree, the person next to you must be Ouyang Zhengxiong, who had a tie with Mo Yu before. It is really admirable that he has such ability at such a young age."

After seeing these people coming over, Christmas Tree knew that what had just happened had aroused their attention.

Now that Ouyang Zhengxiong is back, he hasn't had time to ask the emperor why he came to him.

But if what he expected was correct, The emperor should have asked Ouyang Zhengxiong to take his place.

The Christmas tree chatted with the group for a while, and soon came to the dinner.

They, the ministers, must be here before the emperor.

Express their feelings to the emperor. Out of respect, generally the emperor, the queen mother and the concubines in the harem are the most stable arrivals.

Nearly half an hour after Ouyang Zhengxiong and others sat down, several princes arrived belatedly.

Ouyang Zhengxiong did not blink after seeing the second prince. , as if he and the second prince had never known each other.

After the second prince saw Ouyang Zhengxiong's acting skills, he felt that Ouyang Zhengxiong's acting skills were very natural.

They had just met yesterday, but Ouyang Zhengxiong's appearance impressed him. I was impressed.

After about half an hour, the emperor led the queen mother and the concubines in the harem here.

"Today is the annual Mid-Autumn Festival dinner. You don't have to be polite because we love you. We just treat it as a family banquet and we have a lot of fun together."

Although the emperor said such words again, everyone present did not dare to take the emperor's words seriously.

The emperor is the Nine-Five Supreme, and his temper is unstable. If he really ignites a bomb, they will have no choice but to Cried

"Thank you, Your Majesty."

With the arrival of the emperor, the dinner party started to get on track, and dancers and singers came on stage one after another to perform.

Ouyang Zhengxiong didn't pay much attention to these, and was a little uninterested.
