Chapter 2281

After seeing Wanqing being scared like this, Yu'er hugged Wanqing with some distress.

"Don't worry, as long as I'm here, I won't let anyone bully you. I will stop you and won't let you pick up guests."

After hearing Yu'er's words, Wanqing shrank into Yu'er's arms.

At this time, after seeing Xiao Cui, Ouyang Zhengxiong knew that there must be news from Yu'er.

"Xiao Cui, you are here. Is there any news from Yu'er?"

"Yes, Mr. Ouyang, Miss asked me to tell you that Princess Wanqing is at Yuchun Tower."

After hearing the news, Ouyang Zhengxiong and Nangong Ying were shocked.

But this matter should not be made public. If many people know about it, Wanqing's life will be ruined.

"I understand. I will go there with Nangong Ying now. Don't tell anyone else about this matter."

After Ouyang Zhengxiong finished speaking, he sent someone to pass the news to the second prince.

At the same time, he also asked the second prince to stop talking. He and Nangong Ying arrived at Yuchun Tower first.

When the old bastard saw Ouyang Zhengxiong arrived, After arriving here, I felt that things seemed to be unexpected.

Seeing that the madam was about to leave, Ouyang Zhengxiong immediately stopped the madam.

"Why do you feel guilty when you see me? Why do you run away?"

After hearing Ouyang Zhengxiong's words, the madam slowly turned around.

"It turns out to be Mr. Ouyang. Someone just told me that something happened over there, so I walked away."

"If you're not Mr. Ouyang, why did you come to me this time? I didn't let Yu'er take over the guests."

"I'm not here to see you because of this."

Ouyang Zhengxiong looked directly into the eyes of the old bastard

"I have another very important thing to tell you. It's best to find a hidden place, otherwise I'm afraid you will be scared out of your wits."

After hearing Ouyang Zhengxiong's words, the madam slowly had a guess in her heart.

But she didn't want to believe that her luck was so bad. This girl was the only one she didn't let go. This girl is really the best.

"Okay, let's go to the inner room."

After arriving here, the Madam sat down, trying not to look so weak.

Ouyang Zhengxiong and Nangong Ying also stood opposite the Madam.

"You must have guessed why I came to you. That woman is indeed the princess."

After hearing Ouyang Zhengxiong's confirmation, the madam's face instantly turned pale.

"What if she is really a princess? I don't know her true identity. What if she takes revenge on me when she goes back?"

After seeing the old bastard realize his mistake, Ouyang Zhengxiong gradually changed for the better.

"Don't worry about this matter now. If you release Princess Wanqing now, I can help you intercede."

After listening to Ouyang Zhengxiong's words, the old bastard's face was immediately filled with an expression of gratitude.

"If I release Wanqing now, are you sure they won't pursue me again? If it's really possible, I'll let her go now"

"Of course you can, I assure you."

Ouyang Zhengxiong couldn't wait to answer the old bastard. It would be best if Wanqing could be let out at this time.

But at this time, the old bastard seemed to suddenly change his face and looked at Ouyang Zhengxiong very mockingly.

"How about it? Did I perform well just now? Do you really think I'm afraid of you?"

"What about the princess? Since she was sold to me, she is mine. If you want to take her back, you'd better use money to redeem her."

"Otherwise, I don't mind making this matter a big deal."

After hearing what the Madam said, Ouyang Zhengxiong immediately realized that he had just been tricked.

"Are you really not afraid that the royal family will hold you accountable? Don't forget, the one you imprisoned is a princess."

Ouyang Zhengxiong really didn't expect that there are such stubborn people in this world who are not afraid of death.

"so what? So what if she is a real princess? She was sold here without paying attention. Could it be that because she is a princess, I have to help her cover up the whole situation?"

After hearing what the Madam said, Ouyang Zhengxiong didn't know how to refute the Madam. The

Madam was right. If Wanqing was let go because she was a princess, it would indeed be unfair to the Madam.

"I know this matter is indeed unfair to you. If you are willing to let Wanqing go, I can give you some money as compensation."

After Nangong Ying heard Ouyang Zhengxiong say such words, he looked at Ouyang Zhengxiong in surprise.

He didn't expect that Ouyang Zhengxiong would do this for Wanqing.

"It seems that she is indeed a real princess, and she is very important to you. Well, tell me, how much money are you willing to give me?"

After hearing what the old bastard said, Ouyang Zhengxiong immediately took out a piece of gold from his arms.

"If you let Wanqing go, all this gold will be yours."

It's a pity that this is not very attractive to the madam.

Because Yu'er's monthly expenses with her are more than this ingot of gold.

"Just taking out this gold, are you looking down on me too much? Or is this princess not important to you?"

Chapter 2282

Ouyang Zhengxiong saw that the old bastard in front of him wanted the lion to open his mouth.

Although they have gold in their hands, they don't use it this way.

"You have to think carefully, this is the emperor's daughter, if you just want to offend her, then we won't say anything more for you."

After hearing what Ouyang Zhengxiong said, the madam suddenly wasn't afraid anymore.

In fact, to be honest, she had nothing to be afraid of. She just accepted Wanqing.

If she hadn't accepted Wanqing, then Wanqing would Qing is not sure where she is now.

What's more, Ouyang Zhengxiong was supporting her in this matter. Ouyang Zhengxiong found it but did not redeem it with gold.

If this matter reaches the ears of the emperor, I am afraid it will The emperor was even more furious

"Don't you think you would be more worried if this matter reached the emperor's ears?"

"You should be an official of the imperial court, but you betrayed the emperor's daughter because of these two ingots of gold. Do you think the emperor will let you go?"

After listening to the old bastard's words, Ouyang Zhengxiong really didn't expect that he showed the old bastard a way to survive, but the old bastard forced him to die.

"You have decided that I found out about this first, so you think I will take advantage of you, right? Then I would like to ask you, how much gold do you think I should give you to take the princess back?"

At this time, the madam didn't want to continue talking to Ouyang Zhengxiong.

There was no use talking to Ouyang Zhengxiong anymore. Ouyang Zhengxiong must give her what she wanted.

"They say that a princess is worth a thousand gold, so why not just use a thousand gold to exchange for it."

After hearing what the old bastard said, Ouyang Zhengxiong and Nangong Ying's expressions changed.

At this time, the second prince also came here.

The second prince did not expect that the old bastard would actually change his mouth.

The second prince He kicked the door open and looked at the madam angrily.

"Are you sure you dare to ask for a thousand pieces of gold?"

After seeing the arrival of the second prince, the Madam was not very scared, just a little shocked.

"who are you? If you dare to break into my place privately, you don't want to live, right?"

But after Ouyang Zhengxiong and Nangong Ying saw the arrival of the second prince, they immediately visited him.

""Second Prince" After hearing the true identity of the Second Prince, the Madam had to admit that she was a little frightened to the point of weakening her legs.

"You are the second prince, a royal person"

"You were quite brave just now, you actually dared to ask us for a thousand pieces of gold."

After hearing the angry words of the second prince, Ouyang Zhengxiong and Nangong Ying both stood aside.

This time it had nothing to do with them. They were just worried about something.

"how? Isn't a princess worth a thousand pieces of gold in your hearts?"

"Even if you are the second prince, you definitely don't want this matter to be leaked, so you'd better listen to me."

"Anyway, I am a commoner, so it doesn't matter even if my reputation is gone, but Princess Wanqing is different. If she is known to have been sold in a brothel, do you think she still has a future?"

Ouyang Zhengxiong and Nangong Ying never thought that this old bastard would be so brave. He dared to threaten even the second prince. It seems that they really underestimated the old bastard.

"I have to say that you are very smart. She is indeed a rich woman. This matter cannot be leaked. But if I kill you and change the master here, wouldn't it be more straightforward?"

After hearing what the second prince said, the madam finally became afraid.

If the second prince really wanted to kill her, it was not impossible.

As a royal, he wanted to easily erase a person's existence. very simple

"It was just a joke with the second prince, so why should the second prince take it seriously? Since Princess Wanqing has ended up here, we naturally have to treat Princess Wanqing well."

"Second Prince, please don't worry. We did not ask Princess Wanqing to receive the guests. Instead, we arranged for a very good person to accompany Princess Wanqing."

After hearing what the Madam said, the Second Prince slowly felt relieved.

Looking at the Madam in front of him, the Second Prince suddenly had another idea.

"Since you are so understanding, I will not care about you. If you are willing to be loyal to me from now on, I will become the biggest force behind your brothel."

"I won't let anyone disturb you, but if you don't want to, I won't force you. But if you dare to leak even half of what happened today, I'm not sure what I will do."

Ouyang Zhengxiong saw that the second prince had not forgotten to win over the power, and he really admired the second prince.

Maybe this is their nature as royal people. They will always make suggestions for their own affairs, and they don't care about other people's. thing

"If the second prince can keep his word, I naturally won't mind. Behind this, if there is more support, it will be easier for women of my generation to survive in this world."

After hearing the Madam's agreement, the second prince showed a satisfied smile.

Chapter 2283

"Since you have agreed to this matter, why not release Wanqing to me quickly?"

The second prince's expression has completely changed at this time. It seems that he has achieved his goal and is no longer afraid of the person next to him.

"Although I also want to take you to find Wanqing, Wanqing probably doesn't want to see me now. If you really want to see Wanqing, you might as well go find her yourself."

That's true. She had just threatened Wanqing before. Wanqing probably wouldn't want to see her.

"How do I know which room Wanqing is in?"

"I will tell you the room number. Of course Ouyang knows the layout of this place very well and can let Mr. Ouyang lead you there."

The old bastard quickly answered the second prince's question, turned around and betrayed Ouyang Zhengxiong directly.

After Ouyang Zhengxiong heard the old bastard's words, he listened to the old bastard's words with some surprise, and then looked at the second prince.

Fortunately, the second prince He didn't take this matter seriously, otherwise, he wouldn't know how to answer the second prince.

But at this time, something happened to Yu'er and Wanqing.

Yu'er and Wanqing were staying in the house with peace of mind. Inside, but at this time, two drunkards suddenly broke in.

When seeing these two drunkards, Yu'er became very anxious.

If you meet a drunkard in a brothel, it will be really hard to explain.

"Oh, there are two more beauties here. Come quickly. Why don't we just accept these two beauties? They look quite thin and tender."

"I think so. Looking at the two of them, you can tell that they are young. This time our brothers will make a lot of money."

As he said that, he was still gearing up and walking towards Yu'er.

After seeing this scene, Yu'er firmly protected Wanqing behind her.

"Do any of you know that this place is not open to the outside world? Why don't you get out quickly?"

After hearing Yu'er's words, the two drunk men immediately became anxious.

"You bitch, how dare you talk to us like that."

While scolding Yu'er, he also attacked Yu'er.

After Wanqing saw this scene, she became even more frightened. She was already emotionally unstable in the brothel.

But now her sister, who had been protecting her, was suddenly abused by others, and she became even more frightened. She was frightened and started crying immediately.

After hearing Wanqing's cry, the second prince rushed over quickly.

He saw Wanqing crying on the bed, and at the same time he saw Yu who was being beaten and scolded. Son.

The second prince kicked the two drunkards aside. At this time, Yu'er's clothes were already a little exposed.

After seeing Yu'er like this, the second prince's eyes were nostalgic and kept looking at Yu'er. Looking around.

But at this time, Wanqing's cry still alarmed the second prince, who knew what he should do now. The second prince still came to Wanqing step by step, and hugged Wanqing distressedly.

A moment Ouyang Zhengxiong and Nangong Ying, who came at the last step, saw Yu'er's disheveled clothes.

Ouyang Zhengxiong immediately took off his shirt and covered Yu'er's body

"Yu'er, what happened?"

Yu'er timidly grabbed Ouyang Zhengxiong's clothes.

"Brother Ouyang, I'm fine. You'd better go and see the princess. The princess is well protected by me."

After hearing Yu'er say such words, the distress in Ouyang Zhengxiong's eyes became even more obvious.

"You are my sister, why should I go to see the princess? The second prince is taking care of the princess. You don't need me, I'll take you back now."

After Ouyang Zhengxiong said these words, he immediately picked up Yu'er from the ground.

But at this time, Yu'er didn't really want to have physical contact with Ouyang Zhengxiong.

Because Yu'er wanted Ouyang Zhengxiong and Princess Wanqing to be together. Together.

In this way, she doesn't have to worry about Ouyang Zhengxiong all the time, and she doesn't have to feel sorry for Ouyang Zhengxiong all the time.

"Brother Ouyang, your status is no longer suitable for such close contact with me. Otherwise, let Nangong hug me!"

After Nangong Ying heard Yu'er's words, how could he not know what Yu'er was thinking.

But he still respected Yu'er's choice. Yu'er could only stay away from Ouyang Zhengxiong step by step, so that he could have a chance.

The second prince will Wanqing covered her face and carried Wanqing out.

Nangong Ying followed suit and successfully brought Yu'er back to Ouyang Zhengxiong's house.

After returning to the house, Ouyang Zhengxiong and Nangong Ying looked distressed. Looked at Yu'er

"Yu'er, why would you do such a thing? What will happen to Wanqing? It's all her fault. If you help her like this, she won't thank you, so why bother?"

After hearing Ouyang Zhengxiong's distressed words, Yu'er not only did not feel any regret in her heart, but she felt very sweet in her heart.

Maybe it was because she had made so many contributions to Ouyang Zhengxiong that Ouyang Zhengxiong was as good to her as ever.

"Brother Ouyang, this is different. If the princess is rescued in your hands, it will be a favor to you. If anything happens to you in the future, the emperor will spare your life."

Chapter 2284

Ouyang Zhengxiong really didn't expect that even at this point, Yu'er was still thinking about him wholeheartedly.

Yu'er seems to be a real little angel, she has never abandoned him no matter what time.

"Yu'er, you should know that I don't need you to do so much. And I don't hope that it's because of these things that I can successfully stay in the court."

"I stay in the court because of you. After I investigate your matter clearly, I will leave as a matter of course."

"It doesn't matter whether I can stand firm in the court or not. As long as you are fine, I will be satisfied."

After hearing Ouyang Zhengxiong's words, Nangong Ying was very shocked.

He did not expect that the reason why Ouyang Zhengxiong stayed in the court was actually because of Yu'er.

If so, Yu'er must have unfortunately ended up in a brothel..

Nangong Ying's eyes became more and more pitiful when he looked at Yu'er, and at the same time, he secretly made up his mind to protect Yu'er next time.

"Brother Ouyang, you didn't join the court because of me, so I should do something to repay you."

"For me, you have already done the things you least want to do, so what do these things I have done count?"

"Can this be compared?" As soon as Yu'er says such words, Ouyang Zhengxiong will explode.

"This is related to your innocence. If you get married in the future, others will talk about it."

"I also want you to marry someone and live the rest of your life in peace."

After hearing what Ouyang Zhengxiong said, Yu'er's eyes became slightly dim.

"Brother Ouyang, can't we always be together? I came out of a brothel, who would truly cherish me?"

After hearing Yu'er's belittling words, Nangong Ying felt really distressed.

He wanted to marry Yu'er, but he didn't know if Yu'er would agree.

"I don't allow you to say that. You are my sister, you are the purest flower. I don't allow anyone to ruin you."

"I also know that you are a very proud person, and maybe because of your current experiences, you have planned the rest of your life."

When has Yu'er ever been able to say no to Ouyang Zhengxiong? Because she knows that Ouyang Zhengxiong will never allow her to let herself sink like this.

But it is precisely because Ouyang Zhengxiong has always been like this that she feels that Ouyang Zhengxiong is getting better and better. Now.

While her life has been suffering, Ouyang Zhengxiong has been living in the sunshine and people's confidence.

This makes her feel that her sunshine is alive and well, and she will be very warm.

"Brother Ouyang, it's still early for this matter, let's wait until later. Is the princess's matter resolved now?"

Ouyang Zhengxiong didn't know whether this matter was resolved or not.

How will this matter happen? It still depends on the emperor's attitude.

At this moment, the second prince brought Wanqing to Ouyang Zhengxiong's house.

This At this time, the five people gathered together again.

Wanqing put her eyes on Ouyang Zhengxiong, and then on Yu'er beside her.

Wanqing came to Yu'er quietly, as if she was very dependent on Yu'er.

She had only stayed with Yu'er for a short period of time before, but Yu'er brought her a great sense of security.

"Second Prince, why are you here this time?....."

"Ouyang, I came to you this time to discuss a countermeasure."The second prince directly told Ouyang Zhengxiong everything.

"Although we have successfully brought Wanqing back, what should we say to our father?"

"Should we just tell Father directly? My father would definitely be angry, and he might even cancel Yuchun Tower completely."

After hearing what the second prince said, Wanqing suddenly became excited.

"Of course, I want all the people there to be taken out and beheaded. The people there are so abominable that no one believes what I say, and they never take me to heart."

Wanqing seemed to recall the bad memories from before. Wanqing was so excited that Yu'er felt very distressed.

Yu'er held Wanqing in her arms and patted Wanqing's back quietly, looking like It's like a mother comforting a little girl

"If you really want my advice, I think we should lie to the emperor."

"If this matter is really told to the emperor, it will definitely kill everyone in Yuchun Tower, but this is a trivial matter"

"The important thing is that this matter will definitely spread, and then Princess Wanqing's reputation will be ruined."

This matter has always made the second prince confused.

"So what do you think we should do now? Look at Wanqing's appearance now, she must want to tell her father all the truth."

If you really want Wanqing to change her mind, you can only slowly do ideological work with Wanqing.

But now that Wanqing has been found, they can't hide Wanqing here forever.

When Ouyang heard After the conversation between Zhengxiong and the second prince, Yu'er felt that she had to do something now.

Chapter 2285

"Brother Ouyang, let me help you persuade Princess Wanqing. Maybe Princess Wanqing is willing to listen to me."

Ouyang Zhengxiong can only place all his hopes on Yu'er at this time.

If Yu'er can really help him convince Wanqing, this is also a good thing.

"Wanqing, look at me, I am also from Yuchun Tower. Do you want me to be beheaded too?"

After hearing Yu'er's words, Wanqing quickly shook her head.

"how can that be possible? Sister Yu'er, you are the one who protects me in Yuchun Tower. You should enjoy all the glory and wealth, and you should escape with me"

"You will not be killed. I will definitely plead with my father for mercy."

After Yu'er heard Wanqing's words, she felt that Wanqing's idea was too naive.

No matter what, he was still a member of Yuchun Tower and sold himself out? He was still in the hands of the madam.

"Wanqing, my contract of sale is still in the hands of the madam. And I am also a brothel girl. If Yuchun Tower is destroyed, I will have nowhere to go."

"Besides, if you tell the emperor about this matter and the emperor really takes revenge for you, how will you behave in the future if this matter spreads?"

"Even if you want to get married in the future, your husband will look down on you."

After hearing Yu'er's words, Wanqing did become a little hesitant.

But this does not change her original intention. Even if she publicizes this matter, she will not be bullied. She is a princess, how could she do this? No one wants to marry her?

"Sister Yu'er, I am a princess. What do I want in this world? There are many people who want to marry me, so I don't have to worry about this matter. I will make them pay the price."

After Yu'er saw that Wanqing had been so arrogant and domineering, Yu'er's face slowly darkened.

Yu'er looked at Wanqing with a very coaxing expression.

"Wanqing bullies you, but the only ones who bully you are the Madam and the two guards. If you really want to take revenge, just teach the three of them a lesson."

"There are many sisters in Yuchun Tower, all of them are poor and helpless people. It was the Madam who gave them a place to live and settle down."

"Only then can they survive until now. If you destroy Yuchun Tower, where will they go?"

After hearing Yu'er's words, Wanqing became a little hesitant.

If the people in Yuchun Tower are all helpless women, or were sold into it like her, then there really is no place for them to go.

"But....."

"No but, if you really feel that you are a princess, then you have to take on the responsibilities of being a princess"

"Although you are the princess of a country, you can't just enjoy it. You should also think about the hard work of the people and you should protect them."

After hearing Yu'er's words, Wanqing finally changed her mind.

"Sister Yu'er, I know what to do. Brother Erhuang, Master Ouyang, thank you both for today's matter."

"If it weren't for the sudden appearance of you two, I would have been innocent long ago. From now on, I will never go against you again, nor will I sneak out alone."

After hearing Wanqing admit his mistake, the second prince's eyes turned red with dissatisfaction.

Wanqing had never admitted his mistake before, and even he had been quarreling with the emperor.

It's a pity that Wanqing knows everything, he just wants to She just used her own side to express everything about her.

And it was also to make them relax. In fact, they were also very sorry for Wanqing.

"Wanqing, I am your imperial brother. You never have to say thank you to me. I have the responsibility and the obligation to protect you. Now that you already know, you can't run out privately next time."

"You don't know that not only am I worried about you this time, but even Mr. Ouyang is scared to death by you."

After hearing the second prince's words, Wanqing's eyes slowly moved to Ouyang Zhengxiong.

"Mr. Ouyang, I am also at fault in this matter. Mr. Ouyang, just ignore the faults of others. Don't argue with me."

After hearing Princess Wanqing's words, Ouyang Zhengxiong naturally nodded.

"Princess, there is no need for you to be so polite to me. I should be the one thanking you. Something happened to you in my house."

"It is natural for me to find you, and it is natural for me to escort you back to the palace."

After seeing Ouyang Zhengxiong say such words, Wanqing also smiled reluctantly, but now they still wanted to make a confession quickly.

"We should still think about how to tell our father. If you just said it simply, your father wouldn't believe it."

After hearing Wanqing's words, the second prince also felt that this matter should be planned as early as possible.

"Wanqing is right, my father has always been suspected of being seriously ill. And she is also good at testing. If we tell too many lies, my father will see it right away."

If that's the case, then they should tell the truth.

"In this case, then we will tell the emperor everything and directly tell the emperor that Wanqing was sold to the hotel this time."

After hearing what Ouyang Zhengxiong said, the second prince felt that this matter was not good.

Chapter 2286

"If you tell your father like this, will your father get involved with a restaurant casually?"

"If the father really wants to force us to name a restaurant, how can we get through it?"

"I've already thought about this." Ouyang Zhengxiong has already thought about these things.

When he learned that Wanqing was in Yuchun Tower, he had already thought of all the countermeasures.

"The restaurant the princess went to this time is the largest restaurant, Xianhezhuang. Xianhezhuang has a good background, and the emperor should not be tempted to do so easily."

"Moreover, the people there were not rude to the princess, nor did they harm the princess. As long as the princess begged for mercy from the side, the emperor would not ignore the princess's wishes."

Ouyang Zhengxiong's words are indeed very reasonable, but what will happen? We still have to watch the performance live.

"In fact, the most important thing about this matter is Princess Wanqing. Princess, when the time comes, you must ask from the side to make the emperor give up the idea of killing people."

"Once this matter is exposed, your innocence will be ruined, and it will also affect everyone in Yuchun Tower."

Wanqing suddenly felt that her shoulders were very heavy at this time.

It was as if all the responsibilities were blocked on her shoulders. She would definitely try her best.

But if she really can't do it well, I hope everyone won't blame her

"I will do my best, but I hope you don't put all the burden on me."

"I'm not sure whether my father will listen to me? Sometimes what my father cares about most is face, and he may not listen to me."

What Wanqing said was a minority. Most of the time, the emperor loved Wanqing very much.

Basically, as long as Wanqing said it, the emperor would help her realize it.

Soon, the three people came to the palace, Wanqing After seeing the emperor, he immediately pounced on him

"Father, I finally see you."

The emperor felt very distressed after seeing Wanqing like this.

"Let me see my precious daughter, Wanqing, nothing happened to you? It seems to me that you have lost weight recently. Did someone bully you?"

"If someone really bullies you, you must tell me and I will help you get revenge."

After hearing the emperor's words, Wanqing leaned on the emperor's shoulder and shook her head gently.

"Father, no one bullied me. I was sold to Xianhe Village after running away that day, but the people there were very nice. After hearing that I was a princess, they didn't let me work. I like it there."

After hearing Wanqing say such words, the emperor's eyes showed some thoughts.

Then, he turned his attention to Ouyang Zhengxiong and the second prince.

"Oh, is it so? How did you get sold there?"

When talking about this matter, Wanqing became very angry and immediately withdrew from the emperor's arms.

"Father, you don't know that there are two big men who are really unreasonable. I have already told them that I am a princess and will give them money, but they still sold me in without hesitation."

"Fortunately, the person I met was good, otherwise I would not have been able to meet my father."

Seeing that Wanqing had an angry look on her face and said that she had a nose and eyes, the emperor couldn't help but believe it.

"What you said is true, then you still remember to draw the appearance of those two big men, and your father will help you kill them."

But at this time, Wanqing looked at the emperor with disgust.

"Father, can you stop hitting and killing people at every turn? These people are all your people. Besides, am I not appearing in front of you properly now?"

After hearing Wanqing say such words, the emperor became more and more surprised.

In his impression, Wanqing was not someone who cared about these things. The only thing Wanqing cared about was herself.

But now it seems that Wanqing seems to have changed unknowingly.

This time Wanqing left the palace and was sold into a restaurant, it was not a good thing.

"Could it be that Wanqing really went out once and came back this time? He has become so sensible"

"How can you receive preferential treatment during this period? You must be on the run, so quickly ask the palace maid to take you down to freshen up, and your father will hold a banquet for you in the evening."

Wanqing followed the palace maid and walked down. At this time, Ouyang Zhengxiong knew that the real artillery fire had just arrived.

"Tell me, what's going on? Wanqing lied to me, is it possible that you two also want to lie to me?"

The second prince and Ouyang Zhengxiong really looked at each other, wondering whether they should tell the truth about this matter?

"Your Majesty, what Princess Wanqing said is indeed false. This time Princess Wanqing was sold to Yuchun Tower."

After the emperor heard these three words "Yuchun Tower", he immediately became very angry.

"What did you say? How brave he is to sell such a precious princess to Yuchun Tower. He wants to die."

After seeing the emperor being so angry, Ouyang Zhengxiong knew that this matter must be calmed down.

"Your Majesty, please calm down, this matter should not be made public."

Chapter 2287

"What do you mean? Could it be that my daughter was bullied? Do I still have to swallow my anger?"

Hearing what Ouyang Zhengxiong just said, the emperor became very angry.

His precious daughter has been pampered since she was a child, and now she is suddenly bullied. How can he keep watching?

"Your Majesty, you have misunderstood. This is not what I meant. You can, as we just said, declare that Princess Wanqing is out of consideration for the people. If people knew that Princess Wanqing lived in a brothel, it might have an impact on Princess Wanqing's reputation."

Although the emperor was very angry, Ouyang Zhengxiong's words slowly calmed down the emperor.

Even if he wanted to avenge Wanqing, he had to think about Wanqing's reputation in the future.

He is still alive in this world now. Well, if he dies, will the consort be nice to Wanqing?

He can't let Wanqing be suspected of being bullied again. Wanqing is his precious daughter

"I understand. You don't need to tell me about this matter anymore. I naturally know the seriousness of this matter. Whose fault is this? Why did my precious daughter end up in a brothel?"

After hearing the emperor's question once, Ouyang Zhengxiong and Nangong Ying were a little frightened.

Ouyang Zhengxiong took the initiative to stand up and knelt in front of the emperor.

"Your Majesty, this matter is all my fault, but Princess Wanqing learned from me. I only followed my own ideas and did not think about Princess Wanqing's previous life, so I contradicted Princess Wanqing, which led to Princess Wanqing's death. Run outside."

After hearing Ouyang Zhengxiong's words, the emperor looked at Ouyang Zhengxiong coldly.

It is absolutely impossible to let this matter go.

But he could not blame Ouyang Zhengxiong back then. Ouyang Zhengxiong had already said that he would Teach Wanqing according to his own method.

Now he is indeed following his own method and teaching Wanqing with all his heart. It was Wanqing who disobeyed and something happened to him.

How could he blame all this on her? On Wanqing's head?

"Forget it, this matter has nothing to do with you, just shut up!"

After hearing what the emperor said, Ouyang Zhengxiong pushed him aside. But at this time, the emperor suddenly attacked the second prince again.

"Let me ask you, when did you know about this? Why didn't you report to me as soon as possible?"

After hearing the emperor's words, the second prince also suddenly knelt in front of the emperor.

"This matter to the father and emperor is all the son's fault, and Chen failed to take good care of the emperor's sister, so he should be punished"

"You also know that you deserve to be punished. This is exactly what I told you when you were a child. Your responsibility after birth is to look after Wanqing, but now you don't take Wanqing seriously, and you actually let Wanqing get into trouble? You deserve to die."

After hearing the emperor's words, the second prince's eyes gradually dimmed.

Although he is Wanqing's brother, he was only born half a month earlier than Wanqing.

When he was a child, the emperor would tell him that she was like this because of Wanqing. He was born because of Wanqing, and he has his current status.

Therefore, he has cared about Wanqing very much since he was a child, for fear that Wanqing would make a mistake and the emperor would dislike him.

After Ouyang Zhengxiong heard the emperor's words, he didn't even think about it. He thought that there was such a story between the second prince and Wanqing.

In his opinion, the second prince and Wanqing should be good brothers and sisters.

From his perspective, everything the second prince did was just because of the emperor's restrictions on him.

Ouyang Zhengxiong looked at the second prince with some pity. He didn't expect that the second prince actually had such a past.

"Fortunately, nothing happened to Wanqing this time. If something really happened to Wanqing this time, I will definitely chop off your head."

The second prince buried his head. Ouyang Zhengxiong felt that this matter was too unfair to the second prince.

But how can there be absolute fairness in the royal family?

It is not easy for him to survive. , no wonder the second prince did not get the attention of the emperor even though he had done so many things.

It turned out that everything the second prince did had been arranged by the emperor, and the emperor did not allow the second prince to go outside his scope.

"Your Majesty, I want to go and see Princess Wanqing. If something happens to Princess Wanqing, I can comfort her in time."

After listening to Ouyang Zhengxiong's words, the emperor asked Ouyang Zhengxiong to go out, leaving only the second prince inside.

Ouyang Zhengxiong knew that some words were royal secrets, and he, an outsider, was not allowed to know.

The less you know about some things, The better, knowing too much will make him die earlier.

"Princess Wanqing can be inside, Ouyang Zhengxiong asks to see her."

After hearing what Ouyang Zhengxiong said, Wanqing immediately let Ouyang Zhengxiong in.

"Ouyang Zhengxiong, why are you yourself and my second emperor brother?"

After hearing Wanqing's words, Ouyang Zhengxiong felt that Wanqing might not know what happened between the second prince and the emperor.

Otherwise, how could Wanqing enjoy the second prince's kindness so calmly?

"Princess, I came to you this time to say goodbye to you. It's my fault that I didn't teach you smoothly this time, and now things in the military camp cannot do without me."

"If nothing unexpected happens, I will return to camp tomorrow."

Chapter 2288

After she heard Ouyang Zhengxiong say such words, Wanqing didn't feel anything was wrong.

The reason why she made things difficult for Ouyang Zhengxiong in the first place was because Ouyang Zhengxiong had been rude to her before. Now Ouyang Zhengxiong actually knows how to repent.

She has no reason to delay Ouyang Zhengxiong, and if Ouyang Zhengxiong can really teach the soldiers well, he can also provide them with more protection for Qi.

"Of course, what happened before was indeed my fault. I have also reflected on what happened at the beginning, and I also made mistakes. I hope you won't hold it against me."

Ouyang Zhengxiong laughed after hearing Wanqing's words. Wanqing was more considerate than he thought.

If Wanqing can continue like this, she will definitely find a good family.

The emperor will protect her, and The second prince has always been controlled by the emperor.

Wanqing will definitely become a princess who is doted on by everyone in the future.

"Princess, thank you for your recognition. If nothing happens, please pay more attention to the second prince. The brother-sister relationship between you makes me very envious."

There is no way to explain it more clearly. Ouyang Zhengxiong can only say this.

If the relationship between Wanqing and the second prince can get better day by day, the emperor will no longer embarrass the second prince in the future.

"Of course, that is my brother, of course I will be good to my brother. But why would you say such a thing? baffling."

Seeing Wanqing who doesn't know anything and looks like she's enjoying herself with peace of mind, Ouyang Zhengxiong feels it's very unfair.

But no matter how much he feels it's unfair? This matter has nothing to do with her, since the second prince can enjoy it with peace of mind..

He has no reason to tell Wanqing about this matter. Maybe the second prince really likes Wanqing as his sister.

"Princess, if it is convenient for you now, can you go with me to see the emperor? I want to return to the military camp tomorrow, and I have to get the emperor's permission."

After Wanqing heard Ouyang Zhengxiong's words, she immediately stood up holding her dress.

"Of course, now I have figured it out, instead of making myself powerful, I would rather let my people become powerful, so that they can better protect Qi."

After hearing Wanqing's words, Ouyang Zhengxiong felt that Wanqing seemed to have become more mature than before.

Although Wanqing was also a princess of the same country before, her indulgence and willfulness were not as mature as she is now.

Maybe after that experience , also made Wanqing cherish it.

Soon, Wanqing and Ouyang Zhengxiong came to the imperial study.

At this time, the second prince was still kneeling in front of the emperor, and the emperor was handling government affairs above.

Wanqing saw this scene. After that, he helped the second prince up with some distress.

"Father, why do you have to let your second brother kneel here like this? This hurts the knees."

As she spoke, Wanqing rubbed the second prince's knee distressedly, but the second prince cleverly avoided it.

A trace of disappointment flashed in Wanqing's eyes, but she didn't say anything.

"Father, the Second Emperor Brother paid a heavy price to save me this time. You must not treat the Second Emperor Brother badly, but you must reward the Second Emperor Brother well."

The second prince didn't say anything, he just stood beside him.

But Ouyang Zhengxiong could feel the loss of the second prince.

Obviously they are all the emperor's children, but the emperor only looked at Wanqing and didn't think about the second prince at all. everything of

"Okay, okay, since my precious daughter has already said this, then I will definitely talk about your second emperor brother."

"Don't worry, I will definitely reward your Second Emperor Brother well and satisfy your Second Emperor Brother."

As he said that, the second prince was still standing next to him like a piece of wood.

After seeing this scene, Ouyang Zhengxiong felt that Wanqing might have forgotten the purpose of coming here this time.

Now Wanqing has shown off in front of the second prince. , if he were the second prince, he would definitely hate Wanqing very much.

"Your Majesty, this time I came with the princess to say goodbye to the emperor. I really cannot teach Princess Wanqing, and I hope that the emperor can understand Princess Wanqing and hire another suitable teacher."

Ouyang Zhengxiong said while kneeling on the ground, his expression and voice were very sincere.

After listening to Ouyang Zhengxiong's words, the emperor had no choice but to agree.

"Okay, since you have said so, I will promise you. Then go back to the military camp as soon as possible. If you don't accomplish anything in the military camp, you don't have to go back to Beijing."

After listening to the emperor's words, Ouyang Zhengxiong raised a smile on his lips.

Now he can finally return to the military camp, and now he can also say goodbye to Yuer Nangongying here.

"If nothing happens to the emperor, I will retire first, go back to pack my things, and return to the military camp immediately tomorrow."

In this way, Ouyang Zhengxiong left the palace and came to his home smoothly.

Nangong Ying and Yu'er were still waiting for news about Ouyang Zhengxiong at the house.

"Brother Ouyang, you are finally back. Nothing happened?"

Yu'er looked at Ouyang Zhengxiong with concern, fearing that Ouyang Zhengxiong would be punished by the emperor.

"Yu'er, don't worry, I'm fine. Not only did I come back safe and sound this time, I can also go back to the military camp immediately tomorrow, so I don't have to be here anymore."

After hearing Ouyang Zhengxiong's words, Yu'er was not happy at all.

Doesn't this mean that Ouyang Zhengxiong is about to return to the military camp and cannot meet her? What can she be happy about?

"Brother Ouyang, do you really want to go back to the military camp?"

Ouyang Zhengxiong didn't notice Yu'er's thoughts. He just felt that it was very happy to be able to leave here smoothly.

"Of course, there's nothing good about staying here forever. Besides, the military camp is my real destination now, and I don't want to stay here and scheming with those people."

After hearing Ouyang Zhengxiong's words, Yu'er did not try to retain Ouyang Zhengxiong.

"In this case, Brother Ouyang, Yu'er will not come to see you off tomorrow. Brother Ouyang has a good journey."

Listening to Yu'er's words, Ouyang Zhengxiong frowned. Could it be that Yu'er still wants to return to Yuchun Tower?

"Yu'er, what do you mean? Is it possible that you still want to return to Yuchun Tower? Don't forget, now that Yuchunlou has offended the royal family, he will be beheaded if he is not careful."

Although Yuchunlou has now been taken under the control of the second prince, he does not want this matter to be known to Yu'er.

If Yu'er really knows about it, Yu'er's current situation will definitely be very dangerous.

"But brother Ouyang, all my things are there, and Xiaocui is also there. I can't leave Xiao Cui there alone."

Listening to Yu'er's words, Ouyang Zhengxiong suddenly encountered difficulties. He will return to the military camp tomorrow.

Is he a little too anxious to take Yu'er to get things and bring Xiao Cui out today?

"It doesn't matter, I will take you back to Yuchun Tower now and find Xiaocui. As for the other things in Yuchun Tower, we don't want them."

"When you come to live here, I will buy it for you again."

Listening to Ouyang Zhengxiong's arrogant words, Yu'er couldn't help but laugh.

For Yu'er, being able to meet Ouyang Zhengxiong is already the greatest blessing in her life.

Now that Ouyang Zhengxiong even wants to take over her future life, she feels a little bit I don't know how to reject Ouyang Zhengxiong

"Brother Ouyang, there is no need to go to such trouble. It is the same for Xiaocui and I to rent a house to live in. Such a big house should be left to you and your future sister-in-law."

Ouyang Zhengxiong didn't know that Yu'er was testing him. He just felt that Yu'er was thinking too much.

He had never thought about getting married. Besides, getting married now requires a suitable candidate.

"Yu'er, what are you talking about? I have never thought about getting married. You'd better stop talking nonsense. I left this house to you specially. After I resolve your matter, if you want to stay here, this house will be given to you."

"If you don't want to stay here, I can also go find a house for you somewhere else. May you spend the rest of your life safely here."

After hearing Ouyang Zhengxiong's words, although Yu'er's eyebrows were a little disappointed, she was no longer affected by Ouyang Zhengxiong.

There was already a more important person in her heart than Ouyang Zhengxiong, but at this time, Yu'er still Didn't notice it

"Ouyang, you don't have to worry about Yu'er's affairs. It's enough to leave Yu'er's affairs to me. Today you take Yu'er to bring Xiaocui back, and I will take Yu'er to buy things tomorrow."

After listening to Nangong Ying's words, Ouyang Zhengxiong nodded. He wanted to match Nangong Ying and Wanqing.

If this was the case, and Nangong Ying and Wanqing had no chance of contact, how could he possibly match them?

"Okay, okay, then I'll leave all these things to you, and I won't have to worry about this matter anymore."

After listening to Ouyang Zhengxiong's words, Nangong Ying nodded with great satisfaction. Now Ouyang Zhengxiong can withdraw from the stage of history.

Nangong Ying can feel that he has made great progress, at least now Yu'er no longer rejects him..

This is a very good phenomenon. In the future, he will definitely be able to move Yu'er and let her be with him.

The next day, Ouyang Zhengxiong returned directly to the military camp. After returning to the military camp, he found that his soldiers Still training.

But he did not look at it. Instead, after seeing what happened, he left quietly.

After Ouyang Zhengxiong left, he came to General Zhao

"General Zhao, I am here to report."

After hearing Ouyang Zhengxiong's words, General Zhao was also very surprised. He did not expect that the emperor would release the man back so quickly.

"Ouyang, you are finally back. Why did the emperor let you back so early this time?"

After hearing General Zhao's words, Ouyang Zhengxiong did not hide anything.

"I couldn't teach Princess Wanqing, so I told the emperor directly, and Princess Wanqing was not suitable for my teaching plan, so the emperor asked me to come back."

After hearing Ouyang Zhengxiong's words, General Zhao felt that this matter was going a little too smoothly.

This was not like the emperor's style. Something must have happened in the middle to make the emperor change his mind this time.

Chapter 2290

"I know the Emperor better than you do. If nothing happened in the meantime, the Emperor would never let you back. What happened in the meantime?"

Ouyang Zhengxiong didn't expect General Zhao to have even considered this matter.

"Since General Zhao asked, I have nothing to hide. When Princess Wanqing was studying with me, I had an argument with her, and she ran out alone and was arrested."

"Then, when the emperor found out about this, he punished me, and I was able to return to the military camp."

It was just a short sentence, but General Zhao could already think of the danger of this matter at that time.

He didn't expect that there were so many things. If he had known this earlier, he should have taught Ouyang Zhengxiong a good lesson.

"Something happened to Princess Wanqing. Do you know that Princess Wanqing is the emperor's lifeblood? You actually let something happen to Princess Wanqing. It seems that you really don't want to live anymore."

Before this, no one told Ouyang Zhengxiong that Princess Wanqing was the emperor's lifeblood.

"General Zhao, please stop teasing me. This time, it's thanks to Princess Wanqing that she interceded for me. Otherwise, how could I have come back so quickly?"

General Zhao knows that Princess Wanqing is very sensible in normal times.

He also knows everything about the relationship between Princess Wanqing and the second prince.

"You must also know what happened between the second prince and Wanqing. There are some things that we cannot interfere with. Just know it in your heart and you must bury it."

Ouyang Zhengxiong knows this matter. He should hide it. Even if General Zhao doesn't tell it, he will never tell anyone.

"Don't worry, General Zhao, I will never leak this matter. Besides, even if you say it, no one will believe it."

Ouyang Zhengxiong still doesn't know many things. General Zhao hopes that Ouyang Zhengxiong will slowly discover it.

Instead of letting himself tell Ouyang Zhengxiong, Ouyang Zhengxiong will lose a lot of fun.

"Now that you are back, you will train your soldiers from tomorrow on. Do you not know how my generals have been tortured in order to train your soldiers?"

As soon as Ouyang Zhengxiong heard General Zhao say such words, his face immediately turned cold.

"What happened to General Zhao? But those soldiers were disobedient?"

After General Zhao saw Ouyang Zhengxiong like this, he knew that Ouyang Zhengxiong wanted to establish his authority properly.

"In fact, it's not a big deal? They didn't come to train, so they had a falling out on the second day. But we conveyed your words to them, and they restrained themselves, but they still didn't pay much attention during the training."

"But at least they have to train well. If you really want to teach them well, then you don't have much time left."

After hearing General Zhao's words, Ouyang Zhengxiong began to exude a terrifying aura.

He never thought that he had a certain status in the hearts of that group of people, but other people were nothing in the hearts of that group of people.

"I understand, don't worry, General Zhao, I will definitely teach them a lesson."

With that said, Ouyang Zhengxiong returned to the training ground, and at this time, General Zhang was still here training his group of soldiers.

Although the group of soldiers were still doing things, Ouyang Zhengxiong could detect that the group of soldiers were absent-minded. , as if he didn't take General Zhang seriously.

"General Zhang, I'm back, you go back first, I'll teach them a lesson....."

General Zhang was not angry at Ouyang Zhengxiong's words. Instead, he felt that Ouyang Zhengxiong's appearance was like a savior.

Ouyang Zhengxiong suddenly appeared and saved her. He really wanted to give Ouyang Zhengxiong a good hug.

"Mr. Ouyang, since you are back now, these things can be left to you. I will come back to you in the evening to thank you very much."

After hearing General Zhang say such words, Ouyang Zhengxiong knew that it was these bastards in front of him, and he was unhappy.

"General Zhang's words are wrong. It should be me thanking you. If nothing happens, General Zhang can go back. You can also watch me here to teach them a lesson and vent your anger."

Hearing Ouyang Zhengxiong's words, General Zhang nodded immediately.

He did not leave here, but stood beside Ouyang Zhengxiong, watching Ouyang Zhengxiong teach these soldiers.

After Ouyang Zhengxiong left, this group of people became unscrupulous, now Ouyang Zhengxiong is back, each of them is like a cat with its tail between its legs.

How could he leave him so easily? You must watch this group of people carefully

"I heard that you were very arrogant during my absence. No one or two of you were obedient. Why do you think no one here can control you?"

Listening to Ouyang Zhengxiong's words, this group of people slowly lowered their heads.

They did not dare to challenge Ouyang Zhengxiong. Once they challenged Ouyang Zhengxiong, what they would face was to get out of the military camp, or Ouyang Zhengxiong would punish him in a different way.

"If you bow your head in front of me, why did you go already?"
