Chapter 2291

Xu Changhai and others never expected that Ouyang Zhengxiong would come back so soon.

Originally I thought that with the emperor by his side, Ouyang Zhengxiong should stay a few more days.

They could also change the situation during this period, but unexpectedly, Ouyang Zhengxiong came back right after.

Su Mingcheng, on the other hand, was not afraid of Ouyang Zhengxiong's spot checks at all.

He has always been very serious, and he has never been to other generals

"You guys, all of you, are very capable even though I'm not here! Weren't you awesome before? Why don't you speak now?"

"Make trouble! Let me see what's going on between you?"

After Ouyang Zhengxiong's words, everyone fell silent. No one dared to confront Ouyang Zhengxiong directly like this.

"It seems that none of you have admitted what you have done today, right? Both of you are cowards. Fortunately, I thought I could train you into a group of very powerful soldiers. It seems that I think highly of you."

Xu Changhai couldn't stand it after hearing Ouyang Zhengxiong's strange words.

"Report, I have something to say." Ouyang Zhengxiong looked at Xu Changhai.

He knew that Xu Changhai was the person who directly provoked trouble.

"You still have something to say. I haven't settled the score with you yet. Were you the one who took the lead in this matter?"

"Yes, but none of them are qualified to teach us. Only you are qualified to teach us. They can't even defeat us, so why should they teach us?"

After hearing this, Ouyang Zhengxiong was so angry that he wanted to laugh.

He never thought that it would be because of such a reason, but this reason sounded very ridiculous to Ouyang Zhengxiong.

"If I can't beat you, don't I deserve to teach you? Do you dare to say this to your parents? Do you dare to tell the emperor?"

"They can't defeat you, so don't you still listen to them? Why can't it be replaced by a general?"

When Ouyang Zhengxiong said this, everyone fell silent.

They couldn't resist their parents because their parents were kind to them.

Without their parents, they would never have come into this world.

"Report, the two cannot be compared at all. Our parents are the ones who gave birth to us and raised us, and we should be loyal to the Emperor, but why do they mean we are of the same class?"

General Zhang frowned when he saw Xu Changhai say such words.

In fact, he could understand what Ouyang Zhengxiong meant, but not everyone could understand it like him.

"You are of the same class, do you have the nerve to say this? If you dare to say this today, then do you dare to compete with General Zhang?"

"General Zhang entered the industry earlier than you, and he is from a grassroots background. You have already won based on his background. General Zhang, do you have the nerve to say that you studied at the same school?"

After hearing this, Xu Changhai was speechless. He and General Zhang are indeed not of the same class.

But he still dissatisfied with General Zhang. He dissatisfied with anyone except General Zhao and Ouyang Zhengxiong.

"But I just don't obey him. He has no power in the family and he can't beat me. Why should he teach me? He must have something that can overwhelm me."

Seeing that Xu Changhai has been stubborn, Ouyang Zhengxiong has nothing to say.

"I can tell that you won't admit your fault even if you live or die. Well, since you don't admit it, then I have nothing to say. But there is no room for such undisciplined people in my army."

After hearing Ouyang Zhengxiong's words, Xu Changhai became really panicked.

He didn't expect that the consequences of this matter would be so serious that Ouyang Zhengxiong would directly exclude him.

"Instructor Ouyang, is this a little too unkind? I'm just dissatisfied with him, and I'm not dissatisfied with you. Why do you kick me out?"

After hearing this, Ouyang Zhengxiong came to Xu Changhai step by step.

"Why should I kick you out? Just because I am your instructor. If you obey me but don't obey him, it is equivalent to disobeying us. In the military camp, everyone is a whole, and the whole game may be lost because of one mistake of yours."

"You don't have any concept of the overall team, and you don't really realize what a team is."

Xu Changhai didn't understand what Ouyang Zhengxiong meant.

Although he didn't understand what a real team was, he didn't want to leave Ouyang Zhengxiong's team.

If he could really stay, he would You can try to accept everything and start to learn everything slowly

"Instructor Ouyang, just give me one last chance. I will be respectful to them in the future. I will never do such a thing again."

"I will slowly learn the things you said."

It's a pity that it was too late. He didn't want to hear Xu Changhai say such useless nonsense anymore.

"I don't want to hear you talk such useless nonsense. You just refused to admit what you did. You are just a coward and a coward. A coward does not deserve to stay in the military camp."

After General Zhang saw how unkind Ouyang Zhengxiong was, he could probably understand why these people were afraid of Ouyang Zhengxiong.

Chapter 2292

But he also understood what Ouyang Zhengxiong meant, if there was really someone in the military camp who disobeyed orders.

Then if there really is a war, it will be over

"Ouyang....."

"General Zhang, you don't need to plead for him. I have made up my mind this time. Even if General Zhao comes, I will never keep him."

Xu Changhai became angry when he saw that Ouyang Zhengxiong had been refusing to keep him.

"Let me ask you one last time, can you let me stay? If you let me stay this time, I will definitely listen to you, train seriously, and listen to others."

It's a pity that Ouyang Zhengxiong no longer wants him to stay here.

Moreover, Ouyang Zhengxiong feels that if he keeps this person here for a long time, he will also take away many people.

"There is nothing to say. I will never keep you here. Get out of the barracks right now."

After hearing this, Xu Changhai left here without taking anything.

After seeing Xu Changhai leave, Ouyang Zhengxiong didn't even open his eyes. For a moment, it looked like a fallen leaf had fallen.

It has nothing to do with him, but everyone else started discussing it

"Unexpectedly, Xu Changhai actually left this time. Instructor Ouyang was really playing with us."

"I thought Instructor Ouyang was just scaring us, but I didn't expect Instructor Ouyang to be so powerful now!"

"But I remember that Xu Changhai's family was quite related. If instructor Ouyang fired him like this, would it be possible?....."

"Shut up, did I let you speak?"

After hearing Ouyang Zhengxiong's words, everyone closed their mouths and did not dare to speak.

"Let me ask you one last time, besides Xu Changhai, is there anyone else who disobeyed and started making noises with him?"

Then two or three people stood up. They all lowered their heads and did not dare to look at Ouyang Zhengxiong.

After seeing these people's actions, Ouyang Zhengxiong unexpectedly smiled.

At this time, other people After seeing Ouyang Zhengxiong like this, they felt that Ouyang Zhengxiong was a little inexplicably scary.

If Ouyang Zhengxiong had taught them a lesson, they might not be so scared.

Unfortunately, now Ouyang Zhengxiong has never thought of teaching them a lesson, but is very kind to them. They.

After seeing Ouyang Zhengxiong like this, they actually hoped that Ouyang Zhengxiong would scold them.

"Instructor Ouyang, we know we were wrong, please don't kick us out."

After hearing these words, Ouyang Zhengxiong did not react.

Ouyang Zhengxiong just looked at them, as if he was sizing up something.

"I never thought about driving you out. The leader is gone. You are just a group of minions. And you are braver than him. You know that you have done something wrong and you take the initiative to stand up and admit it."

This is Ouyang Zhengxiong's first compliment, and they actually took the initiative to stand up because of them.

They don't even know where Ouyang Zhengxiong stands between praising and punishing people.

They don't know how to get it. Ouyang Zhengxiong's joy.

Is it possible that they will continue to live in such a fog?

"For those of you who are disobedient, I will focus on intensifying your training in the next period of time, and you must also be mentally prepared."

After saying that, Ouyang Zhengxiong started training according to his training method again.

Su Mingcheng couldn't help but look at Ouyang Zhengxiong with admiration. He didn't expect that Ouyang Zhengxiong was so courageous. He said he would drive Su Mingcheng away.

If this were the case, Before he became an adult, he would never have dared to think about it.

After a day of training, Su Mingcheng dragged his exhausted body back to the dormitory.

But before he had time to rest, he was called out again.

He didn't expect to call him out. The person turned out to be Xu Changhai. Xu Changhai regretted it after leaving the military camp.

He had no place to go after leaving the military camp. He hoped that Su Mingcheng could help her intercede with Ouyang Zhengxiong.

Su Mingcheng has always respected Ouyang Zhengxiong. And he has never done anything wrong.

Ouyang Zhengxiong is still willing to listen to Su Mingcheng's opinion. If Su Mingcheng is willing to intercede for him, he will definitely not have to leave.

After learning what Xu Changhai meant, Su Mingcheng looked at him in disbelief. Xu Changhai

"Why do you think instructor Ouyang will listen to me? Instructor Ouyang has always been a very independent person. He even didn't hesitate to quarrel with General Zhao for your matter. How could he listen to me?"

Su Mingcheng really didn't understand. He didn't know how Xu Changhai could have such inexplicable thoughts.

"For me, this is the only way I can do it. I beg you to help me. If I leave the military camp, I really have no place to go. Just take pity on me and help me intercede with instructor Ouyang."

"I already knew that what I did before was wrong, and I also knew that I was wrong by leaving suddenly. Instructor Ouyang could punish me however he wanted."

After hearing what Xu Changhai said, before Su Mingcheng could say anything, a cold voice came from behind.

Chapter 2293

"Didn't you leave? Why are you back? Are you still looking for my students privately?"

After hearing Ouyang Zhengxiong's words, Xu Changhai and Su Mingcheng were very surprised.

They didn't expect Ouyang Zhengxiong to come here secretly.

"Instructor Ouyang, I really know I was wrong. Please give me another chance. Instructor Ouyang, if I leave here, there really is no place to go."

Listening to Xu Changhai's words, Ouyang Zhengxiong came here step by step, and then pushed Su Mingcheng away.

"Let me handle the things here. You can go first."

After hearing what Ouyang Zhengxiong said, Su Mingcheng left on his own.

Before leaving, he looked at Xu Changhai very worriedly, but he couldn't say anything.

"Now that you know you were wrong, why did you keep talking to me when I first asked you, and why did you turn around and leave when I asked you to leave?"

"You just left, weren't you very chic? Why do you want to admit your mistake to me now?"

Listening to Ouyang Zhengxiong's words, Xu Changhai felt that all this was his retribution.

He shouldn't have been so chic when he left. He should have stayed a little longer.

"Instructor Ouyang, I really know that I was wrong. I was blinded by lard at that time. I beg you to give me one last chance. As long as you can let me stay, I will do anything."

After hearing what Xu Changhai said, Ouyang Zhengxiong's eyes flashed slightly.

Xu Changhai's words are indeed heart-warming, and he is willing to do anything.

But are Xu Changhai's words credible?

"You say you are willing to do anything, why should I believe you? You can't even do what I asked you to do, and you even evaded responsibility and didn't dare to admit what you had done."

After hearing Ouyang Zhengxiong's words, Xu Changhai really knew that he was wrong.

"Instructor Ouyang, as long as you are willing to give me one last chance, I am willing to go up mountains of swords and seas of fire."

Xu Changhai is so persistent, and Ouyang Zhengxiong really has no choice.

"Okay, if you really want to stay, then go to the outskirts of the Magic Forest and get me a Blood Sword Grass now."

The Magic Forest is a place that only those with cultivation can go. Now Ouyang Zhengxiong directly asks Xu Changhai to go there at this time, just to make Xu Changhai give up this idea.

Unfortunately, Xu Changhai will not give up this idea so easily.

The most important thing is that he still has a long way to go.

He can't stop here at this time. Only by following Ouyang Zhengxiong can he have a good future.

"Instructor Ouyang, just wait for me and I will definitely bring things back to you."

With that said, Xu Changhai left directly without stopping here.

After seeing Xu Changhai like this, Ouyang Zhengxiong suddenly felt that Xu Changhai seemed to take his words seriously.

But it doesn't matter if he took it seriously, he would see when the time comes. Let's see if Xu Changhai can go to the periphery after he takes it seriously? Get what he wants back.

If Xu Changhai can really get it back, it means that Xu Changhai has the ability to practice. With this potential, he can help Xu Changhai practice together.

Ouyang Zhengxiong turned around and returned to the camp alone, but at this time he met Su Mingcheng, who had been waiting outside. After

Su Mingcheng saw that Ouyang Zhengxiong was the only one back, he knew that Ouyang Zhengxiong had rejected Xu Changhai.

Although he knew that Ouyang Zhengxiong had some reasons for doing so. His intention, but Su Mingcheng still couldn't help it

"Instructor Ouyang, did you really drive Xu Changhai out? Are you really no longer thinking about it?"

Hearing his favorite student say such words, Ouyang Zhengxiong turned and looked at Su Mingcheng

"how? Do you want to plead with him again? Then why didn't you stop him when he did these things before?"

Listening to Ouyang Zhengxiong's questions to himself, Su Mingcheng lowered his head in shame.

"I have stopped them, and I have called them every time, but they don't listen to me, and my family is not as powerful as theirs, so....."

"So you don't dare to offend them, so you go to class alone every day, without caring about the friendship between classmates."

After hearing Ouyang Zhengxiong's words, Su Mingcheng lowered his head even further.

Ouyang Zhengxiong was right, he was indeed a cowardly coward.

"Instructor, you are right, I am also a coward. If I had been braver and called them up to train together every day, maybe such a thing would not have happened."

After seeing Su Mingcheng reflect on himself at this time, Ouyang Zhengxiong felt that the world was absurd.

In fact, he did not think that Su Mingcheng had done anything wrong. Everyone only thought about themselves.

This is a normal thing. , if Su Mingcheng really calls Xu Changhai every time, he will think that Su Mingcheng has some conspiracy.

"You are not wrong. There is no need to apologize. You have done everything you should do. It is their own choice if they do not listen to you."

"I won't be angry with you because of this, but I also hope that you can slowly learn team spirit on your own."

Chapter 2294

After saying that, Ouyang Zhengxiong left here alone without saying any unnecessary words to him or blaming him.

Su Mingcheng watched Ouyang Zhengxiong slowly leaving, and suddenly felt that Ouyang Zhengxiong had been letting them train by themselves.

In a seemingly non-existent way, they also strengthened the connection between each student, as if they were slowly getting to know each other.

I have to say that Ouyang Zhengxiong had a certain intention in doing this, and Ouyang Zhengxiong did it very well.

They will cherish each other and add warmth to each other

"Thank you, Coach Ouyang."

Su Mingcheng smiled as he watched Ouyang Zhengxiong leave. He didn't leave here completely until Ouyang Zhengxiong's figure disappeared. After Ouyang Zhengxiong's words, Su Mingcheng felt that Xu Changhai would be back soon.

They These people are a whole. The reason why Ouyang Zhengxiong appeared here this time may also be to give Xu Changhai a chance.

But I have to say that Su Mingcheng did guess wrong this time. He just saw Su Mingcheng being called out. , He was just worried that something would happen to Su Mingcheng.

He met Xu Changhai by accident, and gave him a chance by accident.

And after General Zhang told General Zhao about this matter , General Zhao was very surprised by what Ouyang Zhengxiong did.

At the same time, he also felt that Ouyang Zhengxiong was really neat and never gave people a chance to regret.

"Ouyang has always been beyond my expectations, but I appreciate everything he does."

"What she did this time was right. The reason why he did this this time was to establish your majesty in the military and to set a good example for them."

After hearing what General Zhao said, General Zhang didn't say anything.

General Zhao is their biggest commander here. As long as General Zhao believes in Ouyang Zhengxiong, they don't need to say much.

"General Zhao, should we call Ouyang Zhengxiong over now? She has done such a big thing this time, and she should give you an explanation."

"You don't have to worry that it won't be long before he comes on his own."

Before General Zhao had finished saying this, half a stick of incense had elapsed before Ouyang Zhengxiong arrived here.

After seeing Ouyang Zhengxiong come here, General Zhang couldn't help but sigh, how well General Zhao knew Ouyang Zhengxiong.

"I heard that you did a big thing just after you came back this time. Is there anything you want to tell me?"

After hearing General Zhao's words, Ouyang Zhengxiong burst out laughing.

"General Zhang must have told you what happened today, so what else do you need me to explain to you?"

After listening to Ouyang Zhengxiong's words, General Zhao put everything aside.

She looked at Ouyang Zhengxiong very seriously. She knew that Ouyang Zhengxiong did not want those who were just pretending to be fake.

But not all Ouyang Zhengxiong could do it easily. Taken away.

This time Ouyang Zhengxiong took away only Xu Changhai. If he changes to someone else next time, I'm afraid he won't be able to protect Ouyang Zhengxiong.

"I hope you will think about it next time you do something"

"Although you can take away one Xu Changhai this time, if you take someone away again next time, I won't be able to settle things for you."

"And the military camp is not a place for fun. They will not leave just because you tell them to leave."

After seeing General Zhao like this, Ouyang Zhengxiong also knew that he had done something wrong.

But he did not give up because of this matter. There are many differences between Ouyang Zhengxiong and General Zhao.

There are many times when it is necessary to stand up. Well, if you don't tell them what to do, they'll never know

"General Zhao has always been so unscrupulous because no one has ever told them what the price will be for doing something wrong."

"They feel that nothing can punish them and they have no respect for anyone."

After hearing Ouyang Zhengxiong's words, General Zhao had to admit that Ouyang Zhengxiong was telling the truth.

But sometimes they also need to be more liberal. In this world, not everything must be carried out in a strict manner.

"Sometimes we have to be patient. If everything has to be done in a rigid manner, wouldn't it be too unfair to them?"

Although what Ouyang Zhengxiong told the truth, it was still unacceptable to General Zhao.

"I know that you and your ideas are somewhat in conflict with mine, but I hope that we can have a good discussion when encountering these things."

"And you definitely have your own ideas, and I also have mine. The two of us still need to get along well."

"You can discuss with me in advance what you want to do in the future. If we don't reach a consensus, let another person negotiate. Look at this matter, who is right and who is wrong?"

After hearing General Zhao's words, Ouyang Zhengxiong just laughed helplessly.

Chapter 2295

If they really wanted to discuss it then, he was afraid that General Zhao would not be able to bear it and drive him away.

He has many things that are different from the people here, and he has many fantastic ideas.

He doesn't even know where he got all these ideas.

"I will try my best to discuss it with you, but sometimes I am very certain that things will not change, and I hope you can be more patient when the time comes."

After hearing what Ouyang Zhengxiong said, General Zhao also laughed.

"I thought you didn't know you were stubborn, but it doesn't matter. Sometimes it's not a bad thing for a general to be stubborn."

After reporting the matter to General Zhao, Ouyang Zhengxiong left here.

Ouyang Zhengxiong didn't know whether Xu Changhai would do what he just said.

But he was still worried about Xu Changhai's comfort. If Xu Changhai really did this, it would be his fault that Xu Changhai died in the Magic Forest.

Ouyang Zhengxiong forced himself not to think about this matter anymore, but this matter was not something he could do just by saying he didn't want to. No.

Even if he wants to forget this matter, it will still linger in his mind.

"How can I forget this?"

Ouyang Zhengxiong lay on the roof looking at the stars and the moon with some emptiness.

Even when he looked up at the stars and the moon in the sky, Ouyang Zhengxiong could still think about Xu Changhai.

"Does Xu Changhai want to continue to stay in the military camp? If that's true, he might have actually gone to the Magic Forest"

"What does it have to do with you whether he goes to the Magic Forest or not? You have already won by expelling him. He insisted on going there himself."

"But if I hadn't told him that going to the Magic Forest would give her a chance, she wouldn't have insisted on going to the Magic Forest."

For a moment, there were two villains fighting in Ouyang Zhengxiong's mind.

Just because of Xu Changhai's matter, Ouyang Zhengxiong is now going to be driven crazy by Xu Changhai's matter.

"This is too annoying. It seems that I should ask Nangong to help me take a look."

Ouyang Zhengxiong does not dare to leave the military camp easily now. He is afraid that the little brats behind the military camp will act rebellious if he leaves. Although Xu Changhai is no longer here and no one takes the lead, if they have trouble in their hearts, they will do something again. Such a treasonous thing.

He couldn't continue to protect them.

After receiving the news from Ouyang Zhengxiong, Nangong Ying was a little angry and laughed.

Ouyang Zhengxiong really used him as cheap labor. Now he has to take action even for such a trivial matter.

After seeing Nangong Ying laughing, Yu'er suddenly felt that this matter might be very genetically modified.

"Nangong, what happened? Why did you start laughing all of a sudden? Is this letter from Brother Ouyang?"

After Yu'er's words, Nangong Ying nodded.

This letter was indeed sent by Ouyang Zhengxiong, and Ouyang Zhengxiong also asked him in the letter to go to the Magic Forest to help find his students.

He saw that Ouyang Zhengxiong was really serious during this period. He was living a little too leisurely life, so he ordered him around unscrupulously.

"It was a letter from Ouyang. This time he asked me to help her go to the Magic Forest to see his students. He said that there was a student assigned to the Magic Forest by him. Originally, he wanted him to leave voluntarily, but Shu was afraid that the student would Really go."

After hearing what Ouyang Zhengxiong meant, Yu'er looked at Nangong Ying.

"Nangong, aren't you going to help Brother Ouyang with this matter?"

Seeing Yu'er calling his name so sweetly, but still doing it for Ouyang Zhengxiong, Nangong Ying didn't know what it felt like.

It seemed that the relationship between the three of them was very confusing from the beginning.

If he understood correctly If so, Yu'er is begging him

"Yu'er, you want me to help Ouyang, right?"

"Don't you want to help Brother Ouyang? You two are good friends, you....."

"Don't say so much, I'm just asking you, do you want me to help Ouyang?"

After seeing Nangong Ying's sudden seriousness, Yu'er nodded slowly.

Although she knew what Nangong Ying thought of her, her heart was always unconditionally biased towards Ouyang Zhengxiong.

"Okay, I understand, I will go to the Magic Forest. You must take good care of yourself while I am not at home."

Nangong Ying was telling Yu'er that he and Yu'er looked like an old couple.

After Nangong Ying said all the things that needed to be said, he left here alone.

He arrived at the magical place alone. Forest, maybe Yu'er doesn't know what a terrifying place the Magic Forest is.

Generally speaking, people are not allowed to enter and exit the Magic Forest casually. Even a swordsman like him will not go there easily. The Magic Forest.

So she knew that the reason why Ouyang Zhengxiong asked people to go to the Magic Forest was to deliberately dispel his thoughts.

But if Ouyang Zhengxiong really met a dead-headed person, maybe she would actually go to the Magic Forest now..Everything is possible and should not be taken lightly.

Chapter 2296

Ouyang Zhengxiong felt relieved after learning that Nangong Ying had stood up.

He knew that Nangong Ying would definitely help him, but he didn't know that Yu'er played a big role in this matter.

And if he knew that the relationship between Yu'er and Nangong Ying was progressing, he probably wouldn't make such an excessive request.

After all, there is some fate between Yu'er and Nangong Ying.

On the second day, Ouyang Zhengxiong trained the people here as usual, as if nothing happened.

About five days later, Ouyang Zhengxiong smelled a faint smell of blood in the military camp.

There can be no smell of blood in the army. Although some people will be injured, it cannot be so strong.

These are just skin injuries, just minor injuries, and it is impossible for them to evaporate directly in the air.

The faint blood now can only mean that he has just been here not long ago.

During the early morning training, Ouyang Zhengxiong actually saw Xu Changhai from here for the first time.

If she remembered correctly, he had already fired Xu Changhai. Why did Xu Changhai come back again now?

"Xu Changhai, who asked you to come back?"

After listening to Ouyang Zhengxiong's words, Xu Changhai supported his tired body and fell in love with Ouyang Zhengxiong with a smile.

"Instructor Ouyang, I have got the things you asked me to find. If you want them, I can give them to you now."

Xu Changhai said as he took out something in his arms with his hands full of blood.

In the end, she really found it. The blood was splashed on the grass. Ouyang Zhengxiong looked at the thing in Xu Changhai's hand and felt a little confused for a moment. He was speechless.

He didn't expect that Xu Changhai actually went to the Magic Forest and really got what he wanted.

Could it be that the faint smell of blood he just smelled came from Xu Changhai?

"After you got such a thing, why didn't you go to me immediately? Instead, came here?"

"Because I was afraid that the instructor would reject me, I had already obtained the Blood Sword Grass as the instructor said. I just wanted the instructor to give me one last chance."

After hearing what Xu Changhai said, Ouyang Zhengxiong finally relented.

"Now that you have fulfilled your promise to me, you can continue to stay now, but I will warn you one last time. If you are disobedient or contradict me again next time, even if you get a lot of blood swords, Damn it, I can't forgive you anymore."

After hearing Ouyang Zhengxiong's soft-hearted words, Xu Changhai finally became happy.

Just a faint smile appeared on his face, and he fell to the ground the next second.

After seeing Xu Changhai suddenly collapse, everyone present They were all in a state of panic, but no one of them dared to move.

If Ouyang Zhengxiong scolded them because of this incident, it would be really not worth it.

Ouyang Zhengxiong looked at Xu Changhai because of his lack of physical strength. After he passed out and fell to the ground, he felt countless emotions in his heart.

But in the end, he didn't say anything and just had someone take him into the bedroom.

"Su Mingcheng, take her to the bedroom to rest. You must take good care of her. You need to hire a doctor for him. You won't be training today."

After hearing what Ouyang Zhengxiong said, Su Mingcheng still complained a little.

He could send Xu Changhai back, or help Xu Changhai find a doctor, but why couldn't he come for training?

"Instructor Ouyang, I'm sending Xu Changhai back. Why can't the doctor come to train later?"

For Su Mingcheng, every minute and every second is time now, and he doesn't want to waste any time.

"In your heart, which one is more important, your brother or your ability?"

Although he didn't know why Ouyang Zhengxiong asked this, Su Mingcheng intuitively felt that high level was more important.

"It was more important to report Xu Changhai, but now Xu Changhai had just fainted, and the injuries she suffered were probably superficial injuries, and she didn't need anyone to take care of her at all."

After seeing Su Mingcheng judge so quickly, Ouyang Zhengxiong was somewhat impressed by Su Mingcheng.

"How did you know? Is it possible that in your opinion you are more powerful than a military doctor?"

Su Mingcheng doesn't dare to say that he is better than a military doctor, but he still has some research on the most basic wounds.

"Instructor, you are joking, how can I be better than a military doctor? I just deal with wounds like this all the time at home, so I know"

"If something happens to Xu Changhai, I will definitely stay with Xu Changhai, but if Xu Changhai is okay, I will apply to come back"

"OK, that's right." After getting Ouyang Zhengxiong's permission, Su Mingcheng finally left here with Xu Changhai.

After successfully helping Xu Changhai ask the doctor for the results, Su Mingcheng immediately returned to the training ground.

"Report, Su Mingcheng came to report."

Ouyang Zhengxiong knew that Su Mingcheng would definitely come back. It can be seen from what Su Mingcheng said just now.

Su Mingcheng is a person who is eager to train, and during this period of time, Su Mingcheng is also the most serious person.

Chapter 2297

"Return to training."

After hearing these words, Su Mingcheng immediately returned to the team for training.

At this time, Ouyang Zhengxiong was also training without sparing any effort. They now only have five days left before the one-month deadline given by General Zhao.

Now Xu Changhai has another Just after she came back, she wanted to make a special training method for Xu Changhai.

After the training was completed, Xu Changhai must keep up with their progress. After the training ended this day, Ouyang Zhengxiong did not rest immediately. Instead, he started Start formulating a training plan for Xu Changhai.

If Nangong Ying knew that Ouyang Zhengxiong was going to start a small stove for Xu Changhai, there was no telling how angry Nangong Ying would be.

When he got up the next morning, he trained as usual, and Ouyang Zhengxiong directly Called Xu Changhai out

"Xu Changhai, you are out of the queue. Your progress is different from theirs. I will train you alone."

After hearing Ouyang Zhengxiong's words, Xu Changhai appeared immediately, but he was still a little afraid of Ouyang Zhengxiong's words.

If Ouyang Zhengxiong trained her alone, wouldn't he have been staring at him? If he couldn't reach Ouyang Zhengxiong's level, Zhengxiong's training standard, what will it become?

Just when Xu Changhai has been uneasy, everyone has turned their attention to Ouyang Zhengxiong and Xu Changhai.

None of them thought that Ouyang Zhengxiong would not only let Xu Changhai come back He actually had to train alone with Xu Changhai.

At this time, Ouyang Zhengxiong didn't want to explain so much to them.

He had no reason to explain to them, and there was no need to explain to them.

"You and I have almost trained you. The next thing to train is your reaction ability."

"And this ability will be trained by General Zhang on my behalf. If I find that any of you contradict General Zhang or make General Zhang angry, just wait until you come back and I will take care of you."

After saying these words, Ouyang Zhengxiong took Xu Changhai and left here.

Xu Changhai had been following Ouyang Zhengxiong, and he was very nervous.

"I'm leaving you here this time. Is there anything you want to say?"

Xu Changhai stood up straight after hearing Ouyang Zhengxiong's words.

"Thank you to Instructor Ouyang for keeping me here. I will definitely follow Instructor Ouyang's arrangements and train well every day."

After hearing this, Ouyang Zhengxiong nodded with satisfaction.

"From now on, if you listen to my training carefully, you can catch up with their progress. If you dare not listen to me, or don't take my words to heart, I can't help you."

After hearing this, Xu Changhai nodded immediately.

What he wanted was for Ouyang Zhengxiong to help her. With Ouyang Zhengxiong helping her, she will definitely be able to reach a higher level.

"Instructor Ouyang, don't worry, I will definitely listen to Instructor Ouyang's words, and I will definitely be unambiguous when going up mountains of swords and under seas of fire."

After hearing these words, Ouyang Zhengxiong was really relieved. From this day on, Ouyang Zhengxiong gave Xu Changhai. He didn't let Xu Changhai go back until very late. After Xu Changhai went back, he simply washed his hands. I took a rinse.

After that, I just lay on the bed and refused to move.

It shows that Xu Changhai's training intensity was only to beat Nangong Ying. After seeing Xu Changhai like this, I felt a little envious.

But I was not jealous, because She knew that this was specially made by Ouyang Zhengxiong for Xu Changhai.

Regarding the bet between Ouyang Zhengxiong and General Zhao, Nangong Ying could still guess a little bit.

Now that Xu Changhai has hindered them, of course Ouyang Zhengxiong A lot of training must be given to Xu Changhai.

Just like that, the one-month deadline passed in a blink of an eye, and the day came when General Zhao came for acceptance.

General Zhao couldn't help but feel curious when he looked at Ouyang Zhengxiong and his soldiers.

"Ouyang Zhengxiong, the one-month deadline I gave you has expired. How is your training going?"

"Report to General Zhao that I have trained everyone, and I would like to ask General Zhao for instructions."

Ouyang Zhengxiong answered what General Zhao said with a serious face, hoping that General Zhao could give him a chance to perform.

And General Zhao did indeed give Ouyang Zhengxiong a chance to perform as Ouyang Zhengxiong thought.

Ouyang Zhengxiong took This group of people gave General Zhao a demonstration and showed their current super abilities.

After seeing Ouyang Zhengxiong's performance, General Zhao couldn't help but admire him.

In just one month, they could defeat this group of extremely lazy people. The soldiers have been trained like this, which is really good.

If Ouyang Zhengxiong continues to train, maybe these few people will become the ace unit

"Okay, you trained very well this time. You will be responsible for leading this army in the future, and if new soldiers join the camp in the future, you will be the first to lead the team."

After hearing what General Zhao said, Ouyang Zhengxiong was unambiguous and agreed.

However, this group of soldiers felt very unhappy. In their hearts, Ouyang Zhengxiong was their only coach.

But now Ouyang Zhengxiong still has to teach. Other sexually transmitted diseases made them feel a little slighted.

However, they did not dare to quarrel with General Zhao head-on, so they could only hold it in their hearts.

Their eyes also wandered towards Ouyang Zhengxiong.

Chapter 2298

After seeing that Ouyang Zhengxiong had no intention of refusing, these people all relieved their minds.

They have a natural fear of Ouyang Zhengxiong. After experiencing this month, no matter how fearless they are, they will still be afraid? leaders and Ouyang Zhengxiong's.

During this period, Ouyang Zhengxiong has been training them in his own way, and now they have begun to see the results.

If Ouyang Zhengxiong is willing to keep training them like this, they are also willing to let Ouyang Zhengxiong train them.

Just when everyone thought the dust was about to settle, Ouyang Zhengxiong suddenly received a message from Nangong Ying.

It turned out that Yu'er was carefully defiled by the second prince during the days when Nangong Ying went out to the Magic Forest.

Now the second prince wants to marry Yu'er into the second prince's mansion and become his concubine.

After Ouyang Zhengxiong got the news, he couldn't wait to rush back and beat the second prince severely.

Thinking this way, Ouyang Zhengxiong did so. Soon, Ouyang Zhengxiong came to General Zhao and wanted to go home.

General Zhao saw that Ouyang Zhengxiong's expression was very wrong, and he sent Ouyang Zhengxiong back without asking him why.

Ouyang Zhengxiong felt very comforted by General Zhao's unconditional trust.

After Ouyang Zhengxiong called back, he strode into his mansion with a calm face.

At this time, after Ouyang Zhengxiong saw Nangong Ying's dull look, he went up and punched Nangong Ying.

"What did I tell you? Did I ask you to protect Yu'er? How on earth do you do that?"

"Is this how you help me protect Yu'er?"

Nangong Ying didn't fight back at this time because he also felt that this incident was his fault.

He didn't realize that this incident was caused by Ouyang Zhengxiong.

Watching Nangong Ying being punched one after another, Yu'er finally heard the noise and ran over

"Brother Ouyang, what are you doing?"

Yu'er quickly pulled Nangong Ying and Ouyang Zhengxiong away.

Not letting them continue to touch each other, she felt a little distressed and fell in love with Nangong Ying.

"Brother Ouyang, why do you want to hit Nangong all of a sudden? What did Nangong do wrong?"

After seeing Yu'er facing Nangong Ying like this, Ouyang Zhengxiong felt very uncomfortable.

"If it weren't for her, how could you have been defiled by the second prince? If he had always been by your side, you wouldn't have had this happen to you."

After hearing Ouyang Zhengxiong's words, Yu'er looked at Ouyang Zhengxiong with some tenderness.

Unexpectedly, Ouyang Zhengxiong was actually responsible for this incident. In fact, no one can blame him for this incident.

Maybe this is his own life, but that's two people. Prince, who dares to resist the Second Prince?

"Brother Ouyang, you can't blame Nangong for this matter. He was going to take care of your business at that time. Have you forgotten? At that time, you let him go to the Magic Forest"

"And what is the second prince going to do? How could we people be able to stop us when we first met? He was plotting something against me. He must have been planning this for a long time."

"Even if Nangong didn't go to the Magic Forest this time, he would definitely be able to think of other ways."

After hearing Yu'er's words, Ouyang Zhengxiong closed his eyes hard.

He found an ally that he thought he could trust, but this ally actually tainted his favorite sister.

"It's all my fault that Yu'er happened. I shouldn't have cooperated with the second prince. If I hadn't found him, you would be....."

"Brother Ouyang, I told you that I don't blame you for this matter. Besides, if I can really enter the Second Prince's Mansion, maybe I can also help you investigate."

"There is no need to keep pressing this matter on you. Investigate it earlier and you can leave the court earlier."

Seeing that Yu'er is still thinking about himself at this time, Ouyang Zhengxiong is really a little sorry.

If he has a choice, he probably won't choose this path again.

"Yu'er, I'm sorry." After hearing Ouyang Zhengxiong's choked voice, Yu'er felt a little regretful in her heart.

But maybe this is the fate between her and Ouyang Zhengxiong. She and Ouyang Zhengxiong will never be able to be together in their lives.

"Brother Ouyang, didn't I say that? There is no need for you to feel sorry, things will happen sooner or later, and Nangong cannot be blamed for this incident."

"You and Nangong are good friends, so don't quarrel about me."

Yu'er pulled Nangong Ying to Ouyang Zhengxiong, and the two held hands.

"You two must be good to each other. You two are very important to me. You are like family."

"I would be really sad if something did go wrong between you two, or if you two had a fight."

After hearing Yu'er's words, Ouyang Zhengxiong and Nangong Ying slowly closed their hands.

This happened so suddenly, Ouyang Zhengxiong was a little overwhelmed.

"Yu'er, tell me the truth, are you willing to marry the second prince? If you don't want to, I will definitely find a way to cancel your marriage."

After hearing this, Yu'er laughed helplessly.

So what if she doesn't want to?

Chapter 2299

If she doesn't want to, can Ouyang Zhengxiong still go to the second prince and ask him to change his mind?

It's simply unrealistic. The royal family has always been independent and will not listen to other people's words.

"Brother Ouyang, this matter has already happened. Even if you want to change it, it is impossible. This may be my life."

After hearing Yu'er's words, Ouyang Zhengxiong frowned fiercely. He did not allow Yu'er to accept her fate like this.

"I won't allow you to just accept your fate like this. You are my sister and no one can make you suffer. If you don't want to marry the second prince, just tell me and I will help you cancel the marriage."

But Yu'er was just looking at Ouyang Zhengxiong blankly at this time, and didn't give Ouyang Zhengxiong any response at all.

Ouyang Zhengxiong didn't know what to do. Nangong Ying saw that Yu'er and Ouyang Zhengxiong were struggling to communicate..In the end, I couldn't bear it anymore.

"Is Yu'er willing? Don't you have a good idea? If she really wanted to, would she have such a scowl now?"

"All of this is a trap carefully set by the second prince, just to make Yu'er his concubine. Don't you intend to make the decision for Yu'er in this matter?"

After hearing this, Ouyang Zhengxiong couldn't bear it anymore.

Yu'er is his sister. Although she is not his biological sister, she is not much different from her biological sister.

He does not allow anyone to bully his sister, and he does not allow anyone to bully his sister. No one is allowed to look down on his sister

"You said you can rest assured that I will definitely handle this matter for you. Just wait for me at home with peace of mind and I will handle this matter."

After that, Ouyang Zhengxiong left here alone. At this time, Yu'er became a little anxious after noticing Ouyang Zhengxiong's thoughts.

"Brother Ouyang, don't go, maybe this matter will implicate you. This is my business."

But Ouyang Zhengxiong didn't give Yu'er a chance to react at all, and instead asked Nangong Ying to hold her back.

Seeing Ouyang Zhengxiong walking away step by step again, Yu'er finally felt scared in her heart.

"Nangong, go and see Brother Ouyang quickly. You must not let Brother Ouyang offend the second prince, otherwise it will be difficult for Brother Ouyang to move forward in the court in the future."

But at this time, Nangong Ying's mind was filled with Yu'er's affairs, and he had no intention to care about Ouyang Zhengxiong's affairs.

"Yu'er, don't worry, Ouyang Zhengxiong will definitely help you handle this matter. He will not let you marry the second prince. If you don't want to, no one can force you."

After hearing Nangong Ying's words, Yu'er felt very happy. At least in this world, she knew that there were two people who had always cared about her.

"Nangong, I know that you and Brother Ouyang are both worried about me and afraid that I will be wronged, but we are just civilians. It is impossible for us to fight against the royal family."

"Let's talk about this matter. The reason why the second prince took advantage of the fact that Brother Ouyang has not come back is to marry me into the house as soon as possible."

"Even if Brother Ouyang goes to see the Second Prince this time, he will never change the Second Prince's mind. Maybe Brother Ouyang will offend the Second Prince because of this."

After listening to Yu'er analyzing all this one by one, Nangong Ying remained unmoved.

He kept looking at Yu'er here, which made Yu'er feel very tired.

After Ouyang Zhengxiong left his mansion, He came to the Second Prince's Mansion angrily.

Ouyang Zhengxiong didn't care about the guards in the Second Prince's Mansion and rushed in directly.

He didn't even notice the guards of the Second Prince's Mansion, and they quickly surrounded Ouyang Zhengxiong. He got up.

After hearing the noise outside, the second prince thought that an assassin came from somewhere.

After seeing Ouyang Zhengxiong, he immediately asked the guards to stop.

"Everyone, stop it. This is Mr. Ouyang. You actually dare to use force with Mr. Ouyang. Do you want to die?"

After hearing what the second prince said, all these demonstrations were pushed aside. At this time, Ouyang Zhengxiong looked at the second prince with anger. The second prince knew why Ouyang Zhengxiong came this time, but he had already done this. I have informed him in advance.

If Ouyang Zhengxiong wants him to give up the matter this time, he will never agree to Ouyang Zhengxiong

"Why are you doing this? Why do I think I have nothing wrong with you? Why do you treat my sister like this?"

After hearing Ouyang Zhengxiong's questioning, the second prince couldn't help but take a few steps back.

He could see the questioning in Ouyang Zhengxiong's eyes, and he could also see the suppressed anger in Ouyang Zhengxiong's eyes.

"Ouyang, please relax. Since Yu'er is your sister, won't I become your brother-in-law after marrying Yu'er? The two of us can even get closer."

I originally thought that Ouyang Zhengxiong would be happy after hearing this, but I didn't expect that after hearing this, Ouyang Zhengxiong's eyes were full of sarcasm.

"Do you think I will believe you? From the first time you met, you had your heart set on Yu'er."

Chapter 2300

"But I was so stupid that I didn't notice this. Instead, I was so reassured about you. This is how you treat me. That's the person I value most."

After hearing Ouyang Zhengxiong's words, the second prince suddenly felt that he might have done something wrong.

But he had already done it, and there was no chance to regret it.

"Don't be angry. This has already happened, so don't keep it in your mind. I swear that after I take Yu'er, I will treat Yu'er well and will never let anyone bully her, and I will never bully her."

It's a pity that Ouyang Zhengxiong can't trust people in the royal family. In the beginning, when the love is strong, anyone can say these promises.

Once this time passes and Yu'er is found to be of no use, the second prince will definitely give up. Abandon her without hesitation.

He failed to protect Yu'er well before, but now that he has the ability, he will never allow anyone to accuse Yu'er

"Second Prince, if you still care about the agreement between the two of us, then please let Yu'er go. I will treat this matter as nothing happened and remain loyal to you, but you must never change your mind again. Hit Yu'er."

After hearing what Ouyang Zhengxiong meant, the second prince's face also darkened.

"In your opinion, do I have to listen to you? Do you take yourself too seriously?"

Facing the sudden pressure from the second prince, Ouyang Zhengxiong didn't feel any pressure at all.

This was not a big deal. The reason why he chose to cooperate with the second prince was just because the second prince seemed to be more upright.

If he was to know that the second prince was doing one thing on the outside but another behind the scenes, he would never choose the second prince to cooperate with him.

"I know that the second prince doesn't need to care at all, but if the second prince insists on reaching out to Yu'er, then don't blame me for being rude to the second prince."

Ouyang Zhengxiong directly expressed his attitude. He will never step back for an inch.

He will never let anyone hurt Yu'er. He once swore to Yu'er that he would protect her well.

Even this time Yu'er has been defiled by the second prince, but Ouyang Zhengxiong believes that Nangong Ying will take good care of Yu'er

"I didn't expect that Brother Ouyang could do what he is today for his sister, and I really admire him. But did Brother Ouyang ask Yu'er when he did this?"

"I know that Brother Ouyang cares about his sister Yu'er, but what if Yu'er is willing to marry me? Do you want to keep blocking me?"

After hearing the words of the second prince, Ouyang Zhengxiong's eyes were full of coldness.

After a woman is defiled by others, the best thing to think about at the beginning is to marry this person.

Isn't that what the second prince thinks? But Ouyang Zhengxiong did the opposite.

If Yu'er didn't like it, he would never allow her to live in dire straits for the rest of her life.

"She doesn't want to marry you, otherwise why do you think I'm here today? As I said before, as long as you don't marry Yu'er, everything is easy to discuss."

After hearing what Ouyang Zhengxiong meant, the second prince suddenly felt that Ouyang Zhengxiong didn't understand Yu'er at all.

"Ouyang Zhengxiong, do you really think you know Yu'er well? Now that she has become mine, do you think she will marry anyone else?"

"To put it another way, even if she already has someone she likes, if the person she likes knows about this, will he still be willing to marry her?"

After seeing the second prince say such shameless words, Ouyang Zhengxiong couldn't bear it anymore. He raised his fist and hit the second prince.

Then he grabbed the second prince's collar and looked at him fiercely.

"So you have already planned this matter, and you don't care whether Yu'er is willing or not? You just want her, you don't love her at all, you just treat her like an object."

After the second prince heard what Ouyang Zhengxiong said, he did not deny what Ouyang Zhengxiong said. Ouyang Zhengxiong has been angry now. Even if he explains it to Ouyang Zhengxiong now, Ouyang Zhengxiong will never understand.

Rather than doing this, it is better to wait until After Ouyang Zhengxiong calmed down, he explained to him carefully

"I can't tell you that you are angry now. I will tell you the whole thing from beginning to end after you calm down."

Ouyang Zhengxiong's eyes were scarlet and he looked very scary.

"I'm very calm now. If you have anything to say, it's best to tell me now. If you don't tell me now, you will never have the chance to say these words again."

After seeing Ouyang Zhengxiong like this, the second prince could only sigh helplessly.

It seems that Ouyang Zhengxiong has really remembered this matter, and he really feels that this matter is difficult.

"Well, in that case, I won't hide it from you. What happened that night was actually an accident. I didn't expect that such a thing would happen. I am willing to be responsible for Yu'er, as long as she is willing to marry me."

Ouyang Zhengxiong suddenly didn't understand what the second prince meant.
