Chapter 2311

Ever since Ouyang Zhengxiong heard about the robber outside the imperial city, he had been thinking of ways to capture the robber.

Even if you feel a little dazed during training every day, the students can obviously detect this.

"Alas, what do you think happened to Instructor Ouyang recently? Why do I feel like he's always absent-minded?"

"Yes, I thought it was my own fault. I didn't expect you to think so too. I also felt that Instructor Ouyang had something on his mind."

"Do you think it is possible that Instructor Ouyang encountered some difficulty? Should we help a group of Instructor Ouyang?"

After hearing these conversations, Su Mingcheng frowned.

"Regarding the instructor, you'd better not talk casually. If the instructor finds out, he won't let you go."

After hearing Su Mingcheng's words, these people became a little scared, but Xuchang Haike was not afraid of Su Mingcheng.

"They are right. If Instructor Ouyang really encounters any difficulties or something tricky, maybe we can really help him."

Seeing Xu Changhai's careless expression, Su Mingcheng was also speechless.

"Even if Instructor Ouyang encounters some difficulties, do you think Instructor Ouyang will tell us? For us, if we don't cause trouble for Instructor Ouyang, training well every day is already helping Instructor Ouyang. Let's not continue to cause trouble to Instructor Ouyang."

What Su Mingcheng said is correct. They have caused a lot of trouble for Ouyang Zhengxiong.

But now that Ouyang Zhengxiong is really in trouble, if they, as students, don't take action, who else can help Ouyang Zhengxiong?

"But now Instructor Ouyang is in trouble. Even if we can't help him, we can ask our family members to help Instructor Ouyang."

"Yes, instructor Ouyang has already helped us train and trained us so well. We can't just say nothing."

Su Mingcheng also fell into silence after hearing these words.

Most of them are abandoned children abandoned by their families. What's the use even if they tell their families?

"What's the use of telling the family? Aren't we all outcasts? The only thing that can help Instructor Ouyang is that we work hard not to hold Instructor Ouyang back. When Instructor Ouyang asks us for help, it is enough for us to try our best to help Instructor Ouyang."

This sentence is indeed correct. The most important thing for Ouyang Zhengxiong now is that this group of people can make him feel at ease.

When it comes to training again the next day,

Ouyang Zhengxiong looked hesitant to speak, which annoyed Xu Chang. Haidu felt a little aggrieved for Ouyang Zhengxiong.

"Instructor Ouyang, if you really have something to say to us, just say it directly. We are all your soldiers, so there is nothing to be afraid of."

After hearing this, the embarrassment on Ouyang Zhengxiong's face disappeared.

"I do need your help with something, and this is also a good training opportunity for you. If you are willing to help me, you can come, but if you don't want to, I will never force you."

This matter is entirely voluntary. Ouyang Zhengxiong will never use his power to bully others.

Ouyang Zhengxiong also never thinks that he is an instructor and these students must listen to him.

"What does Instructor Ouyang mean? As students, when the instructor encounters difficulties, of course we must help the instructor."

"That's right, Instructor Ouyang, if you really need our help with something, you can tell us now, and we'll be there for you."

After seeing the determination in the eyes of Su Mingcheng and Xu Changhai, Ouyang Zhengxiong felt that his energy was not in vain.

"Okay, since you have all said this, let me tell you my story. There is a group of robbers outside the imperial city who are very arrogant. The emperor has sent many people to suppress the bandits, but they have found nothing."

"Now leave this matter to me, and the only army I can control is you. If you are willing to follow me, then go with me. If you are not willing, you can withdraw now."

After seeing Ouyang Zhengxiong tell everything, these students were still a little surprised.

After all, they were not sure whether they would help suppress the bandits. Now Ouyang Zhengxiong is indeed very good to them, and there is nothing wrong with them. hide

"Instructor Ouyang, since you have said this, of course we will not let you down. We are willing to go with you to suppress the bandits. Besides, as you said, this can also be an opportunity to train us."

After hearing such wise words, Ouyang Zhengxiong nodded in agreement.

"In this case, we will prepare to leave tomorrow. We still have one afternoon. I will no longer train you this afternoon. We will make strategic arrangements."

"Before each battle, strategic deployment must be carried out and all tactics arranged. You can also question my tactics at that time."

Chapter 2312

After hearing what Ouyang Zhengxiong said, Xu Changhai's eyes showed a little excitement.

Since Ouyang Zhengxiong has already said this, there is nothing to doubt about him

"Instructor Ouyang, this is what you said. Many of us here are familiar with the art of war. If you say something wrong, we will not show mercy."

After seeing the eagerness in Xu Changhai's eyes, Ouyang Zhengxiong nodded.

"If you really think there is something wrong with my combat skills, you can point it out to me. I will never retaliate for this matter. Instead, I will reward you."

After hearing what Ouyang Zhengxiong said, everyone present became happy.

They were still very interested in what Ouyang Zhengxiong said.

"Instructor Ouyang, we won't be polite. When will we hold a combat meeting?"

After seeing Xu Changhai so excited, Ouyang Zhengxiong glanced at the time

"It's still early in the morning, so there won't be any training in the morning. You can go and pack some things that you brought with you and have a meeting on time after lunch."

After that, Ouyang Zhengxiong left here alone.

The rest of the people were happy here. Even Su Mingcheng, who always had a cold face, had a smile on his face.

"You see what I said, Instructor Ouyang really needs our help. Thanks to me for asking, otherwise, such a good thing would not be our turn."

After seeing Xu Changhai being so arrogant, Su Mingcheng punched him.

"I think it's best to restrain ourselves. This is the opportunity given to us by instructor Ouyang, and we must take advantage of it."

Seeing the passion and yearning in Su Mingcheng's eyes, Xu Changhai couldn't help being startled.

He had never seen so much in Su Mingcheng's eyes.

But now, Su Mingcheng seemed to have broken his illusion.

"Then let's go back and pack our things quickly, don't let Instructor Ouyang wait and get anxious."

After lunch, everyone gathered in the playground again.

At this time, Ouyang Zhengxiong came to their room. Everyone knew that the combat meeting could not be watched outside.

But now these people have no experience at all. , actually went outside to wait for Ouyang Zhengxiong.

After Ouyang Zhengxiong came to the house, he saw the empty house.

This made Ouyang Zhengxiong a little wrong. After waiting for about a stick of incense, Ouyang Zhengxiong became a little irritable.

Ouyang Zhengxiong couldn't figure out where these people had gone. He had already told them that they were going to hold a combat meeting and yet they all disappeared.

Did they all regret it and no longer wanted to go with him to suppress bandits? In a short period of time, Ouyang Zhengxiong had already I was thinking about a lot of things, but at this moment there was a sudden sound outside.

"instructor."Listening to the deafening sounds outside, Ouyang Zhengxiong was a little surprised.

He suddenly had a guess. It wasn't that these people didn't want to go with him to suppress the bandits, but they just accidentally went outside.

With this idea Finally, Ouyang Zhengxiong himself felt a little surprised

"What the hell is going on with you guys? Didn't we agree to hold a war meeting? Why is no one in the room?"

Su Mingcheng was a little surprised after hearing Ouyang Zhengxiong's questioning of them in the room.

"Instructor Ouyang, we remember what you said, but we didn't know where to go for the combat meeting. We went to the place where we used to train. We waited there for about two sticks of incense and still didn't see you coming, so we sent someone here anyway. , only to know that you are waiting for us here."

After hearing Su Mingcheng's explanation, Ouyang Zhengxiong was also a little dizzy.

He had forgotten that these people had never held a combat meeting, so how could they go to the right place to wait for him?

"I was indeed negligent in this matter. I forgot that you have never held a combat meeting. Now I want to tell you that the combat meeting must be held in a hidden and sealed state."

"This is a very confidential matter. If once the enemy knows your battle plan, then everything you have will lose."

After hearing Ouyang Zhengxiong's words, Su Mingcheng and others realized that they had made a fatal mistake.

"Instructor Ouyang, we understand, can we come in now to discuss tactics with you?"

Ouyang Zhengxiong has decorated the room during this period of time and even put a map on it.

"come in."

After getting Ouyang Zhengxiong's permission, they walked into the house and saw the huge map placed in their house.

This was the first time they were exposed to such a thing, and it was also the first time they were shocked by such a thing.

Although they will be exposed to this kind of thing countless times in the future, the first time is the most unforgettable feeling.

"It can be seen that Wei Meng Mountain is easy to defend but difficult to attack. If we really want to attack Wei Meng Mountain, we have to outsmart it."

But at this time, Xu Changhai had different ideas.

"Instructor Ouyang, I see there is a cliff behind this mighty mountain. Why don't we climb up the cliff? Why do we have to outwit them?"

Chapter 2313

He also thought about it, but it was too risky.

If these people are really allowed to do this, they might be buried here.

"This is really too dangerous. I believe that some of you can climb up there with your own skills, but most of you still can't."

"You must not make such a rash decision just because a small number of you can. This will cause you to lose most of your combat effectiveness."

After hearing Ouyang Zhengxiong's words, Xu Changhai still didn't believe in evil. He always felt that this matter would be faster than Ouyang Zhengxiong's satisfaction.

"Instructor Ouyang, if you don't let us try, how do you know we can't do it? We people have been naughty since childhood, climbing trees by following birds. This kind of climbing is not a problem for us at all."

After hearing this, Ouyang Zhengxiong was a little surprised.

"Your naughty behavior is not of the same nature at all. If you really have an accident on the way, this incident will lead to your immediate death, but it's different when you're naughty and climbing a tree. At least you just fall down and pat your butt and you'll be fine."

After hearing Ouyang Zhengxiong clearly point out the difference between the two things, Xu Changhai felt a little confused.

He didn't expect that Ouyang Zhengxiong was so clear about this matter, but he had to admit that what Ouyang Zhengxiong said was true.

"Instructor Ouyang, believe me, I have learned climbing, and I am very sure about this matter. I will definitely be able to climb Mount Mighty Mountain smoothly."

Seeing that Xu Changhai has been clinging to this matter, Ouyang Zhengxiong was still a little angry.

"Enough, you only consider yourself, have you considered others? You can indeed climb Mount Mighty Mountain smoothly, but what about other people? Besides, even if you climb to Mighty Mountain, what's the use? Can you catch so many robbers by yourself?"

After hearing Ouyang Zhengxiong's question, Xu Changhai stopped talking.

It is indeed impossible for him to catch so many robbers by himself.

But he is not the only one who can do these things.

"Instructor Ouyang is right, you should stop arguing with Instructor Ouyang. Even if you can climb up, it does not mean that everyone here can climb up."

"Instructor Ouyang must have thought of a method that is suitable for most of us, and it will definitely not hurt us."

After hearing what Su Mingcheng said, Xu Changhai was still a little angry.

No one here was willing to believe in his ability, and he didn't even have a chance to prove his ability.

"Don't you want to believe me? What I said is true. I didn't deceive you. I....."

"That's enough. It seems that I'm still too used to you. At the first level of the army, you must obey orders unconditionally. You can do whatever your superiors tell you to do. Even if your superiors ask you to die, you can't question it at all."

After hearing this, Xu Changhai was very unconvinced.

He kept scratching his head, trying to compete with Ouyang Zhengxiong.

"Xu Changhai, did I ask you to come back and you didn't know your last name?"

After seeing such a cold side of Ouyang Zhengxiong, Xu Changhai also swallowed what he was about to say.

He was really afraid of Ouyang Zhengxiong, and Ouyang Zhengxiong has always been a man of his word.

If Ouyang Zhengxiong puts his word again this time, If he is driven out of the military camp, it is absolutely impossible for Ouyang Zhengxiong to let him come back again.

"Instructor Ouyang, I know I was wrong, and I hope you don't think like me."

After hearing this, Ouyang Zhengxiong slowly closed his eyes.

"I don't have much time to teach you here. I will tell you all the concerns I know and you must listen to me carefully."

"Of course, you can also choose not to listen to me and study on your own, but you will definitely take a lot of detours."

After hearing Ouyang Zhengxiong's words, everyone present frowned.

Why did Ouyang Zhengxiong say such things? Why didn't Ouyang Zhengxiong stay here for so long?

"Instructor Ouyang, why do you say that? What exactly are you going to do?"

Xu Changhai asked this question, and Su Mingcheng kept looking at Ouyang Zhengxiong with worried eyes.

I don't know if it was Su Mingcheng's illusion. Since Ouyang Zhengxiong came back from outside last time, he has become different.

"I have my own things to do. I will not always be here to accompany you. You must remember to obey military orders unconditionally. No matter who says it, it will be the same. If your own personal wishes lead to delayed intelligence and delayed fighter jets, , even if you have ten heads, it won't be enough to compensate you."

It can be seen that Ouyang Zhengxiong is really teaching them carefully.

"Instructor Ouyang, we know about this, and we will definitely remember your words, but before you say these things, can you tell us why you are so anxious to leave and teach us these things?"

"It was you who trained us from useless trash to what we are now. Did you stop caring about us after the training?"

Chapter 2314

After hearing these words, Ouyang Zhengxiong didn't know how to answer them.

"I have indeed pulled you out of the abyss, but you must remember that your allegiance is to the entire Qi State, not myself. You must have this sentence"military orders are like mountains" engraved in your bones. Maybe one day we may be in different camps one day, and your master asks you to kill me, and you think you can be merciful, otherwise you will be the ones who die."

After hearing Ouyang Zhengxiong say such words, everyone present felt a chill down their backs.

No one thought that Ouyang Zhengxiong would say such words, and no one thought that Ouyang Zhengxiong would become so cruel.

How could they kill their mentor in front of their eyes?

"Does Instructor Ouyang have anything else to do? I feel like you still have a lot to say to us, so why not just say it all at once."

Su Mingcheng is not a person who easily reveals his emotions. Although he does not agree with Ouyang Zhengxiong's words, he will not show it because he knows that once it is revealed, this will definitely annoy Ouyang Zhengxiong. There are many things that need to be kept in mind.

"Also, some of you may become generals or even generals because of your military exploits. At this time, you must be careful when making battle plans. The idea like Xu Changhai's just now is completely wrong. You cannot do it just because you can do it yourself. I feel like everyone can do this"

"When you make a battle plan, you must consider the safety of most people. Soldiers are like your brothers. You must not let your brothers get injured. If you can reduce casualties, you must not increase them."

Ouyang Zhengxiong told them everything he said. He only hoped that these people could think carefully about what he said.

"I don't pray that you can understand what I say now, but I hope that you will think about what I say after you go back. Study my words carefully, and when you truly understand them, you will know how important they are."

Su Mingcheng and others nodded, but at this moment they felt like they were about to part ways.

"Instructor Ouyang, you'd better stop talking about so many things. Aren't we discussing tactics? You said we need to outsmart, so how should we outsmart?"

Su Mingcheng didn't want to say such words here, because he always felt that Ouyang Zhengxiong would leave them at any time.

"You must think carefully about what I say next. Even if the tactics I mentioned are used by future warriors, they may be used."

After hearing Ouyang Zhengxiong's words, Su Mingcheng also nodded.

"Most of their marriages are from rich families or royal families. At this time, we have to pretend to be rich, escort three cars of gold, silver and jewelry passing under the mighty mountain, and stay in an inn for three days."

"At this time, they will definitely get the news and then come to us. This is the best time for us to take action. The first person we want to catch is their boss. To capture the thief, capture the king first."

After Ouyang Zhengxiong's words, they probably understood the meaning.

"How can we tell who is the master of Mt. Mighty? The master of Mt. Mt. Mighty has never shown up, and how should we know this?"

This matter is indeed a difficult matter.

There are many people who have never seen the master of Mt. Mighty Mountain. It is indeed not easy for them to recognize him clearly.

"It is true that we have never seen the master of Mount Weimen, but you should be able to tell the second master or the leader, so you should arrest the leader in your mind. As for the rest, leave it to me."

After listening to Ouyang Zhengxiong's words, everyone nodded.

They probably understood what Ouyang Zhengxiong meant, but they were also a little surprised that Ouyang Zhengxiong could think of such a good way.

"Instructor, after we catch them, do we have to hand them over to the court immediately? It was beheading on the spot."

Ouyang Zhengxiong never thought that Xu Changhai looked like a scholar, but he had so many bad intentions behind his back.

"It is absolutely not allowed to behead them on the spot. If they can be made to submit, that is the best choice. If they cannot submit, they must be handed over to the court. We are just serving the court, and everything must be approved by the court."

After seeing Ouyang Zhengxiong say such words, Xu Changhai couldn't hide the disappointment on his face.

"Calm down the expression on your face. Instructor Ouyang is right. If we can get him to submit to us, then we will have another fighting force."

Su Mingcheng was explaining this situation to Xu Changhai, and after Ouyang Zhengxiong heard Su Mingcheng's explanation, he looked at Su Mingcheng with admiration.

"Su Mingcheng was right. Qi's own army was weak. If the people of Weimen Mountain could be subdued, they would be a great help if there was an accident and troops were sent to fight."

After Ouyang Zhengxiong's words, a rare shyness appeared on Su Mingcheng's face.

Chapter 2315

"And when you persuade them, you also need to be strategic. If you catch bandits and robbers like this for the first time, they will definitely not be willing to end up here, so you must come again several times."

After listening to Ouyang Zhengxiong's words, Xu Changhai felt that these things were too complicated.

Even subduing a bandit was so troublesome.

"Instructor Ouyang, isn't there a quick way? We can catch him the first time, but that doesn't mean we can catch him countless times."

This is indeed true, but it is said by people without confidence.

People with confidence will never say such self-defeating words. They will definitely create many possibilities for themselves.

"I tell you, you must have a belief in your heart. Since I can catch him once, I can catch him a second time, a third time or even countless times."

After hearing Ouyang Zhengxiong's powerful words, everyone here fell silent.

It seems that Ouyang Zhengxiong is really very confident, and he is determined to win this matter.

"Instructor Ouyang, what exactly do you want to tell us? How can we really catch him? And even if we catch him, if we put him back, doesn't it count as disobeying military orders? Why waste a few more times on something that can be done in one go?"

This is also a question in everyone's mind. They can obviously catch those mountain bandits and even robbers once, why do they have to let them have a second and third time?

Is it just to make these mountain bandits surrender to them? ? But even surrendering to them is of no use.

"Of course, it is to make them surrender to you willingly. Once they really surrender to you and do things for you, won't you have an extra team that you can use in the future?"

"Instructor Ouyang, although what you said is right, have you ever considered that the emperor will really allow these bandits to be used by us? Since ancient times, the royal family has been a very suspicious person, and they will never allow anyone who threatens their rule to exist."

After listening to Xu Changhai's words, Ouyang Zhengxiong really understood this matter.

He forgot to consider the court and the emperor. If the emperor knew, he would not agree.

"Zhao'an comes first. If Zhao'an fails, then the matter will be resolved according to the court's method. You must know that in this world, try to kill as few people as possible in your own country. You are all members of the same country. In critical moments, you may need to support each other."

After hearing this, everyone fell silent.

They were not as thoughtful as Ouyang Zhengxiong, so they never thought that these people could help them.

"Instructor Ouyang, we don't know yet how to do it. If possible, we hope you can lead us for a while to let us see what to do."

After hearing Xu Changhai's words, Ouyang Zhengxiong nodded. He will definitely stay with these people in the next period of time.

"I will stay with you until this battle is over. After this battle, it is still unknown whether I will stay in the army and whether I will continue to teach you."

After listening to Ouyang Zhengxiong's words, everyone fell silent. They learned from Ouyang Zhengxiong how to benefit them for a lifetime.

But Ouyang Zhengxiong was about to leave here in a blink of an eye. Could they really just watch Ouyang Zhengxiong leave like this? ?

"Instructor Ouyang, why do you have to leave? Why can't you stay with us for a while longer? You were born to stay in the army. If you leave the army, you will definitely be embarrassed. The court is not an easy place."

Listening to Xu Changhai's worried words, Ouyang Zhengxiong also showed a smile.

"This is my own choice, so you don't have to worry about me anymore. What you should worry about most is yourselves. Although I have brought you back from the edge of decadence, you will have to rely on yourself in the future."

"And you must remember what I told you, military orders are like mountains. As long as someone is one level higher than you, you must obey the orders. Of course, if you realize that this person is a traitor, you don't need to obey his orders and go on your own. act."

After seeing Ouyang Zhengxiong stuffing things into their brains one after another, these people's brains are about to explode.

"Instructor Ouyang, can you stop talking to us? You have told us so much today that we feel like our brains are going to explode."

"Yes, Instructor Ouyang, we can't remember so many things at once. Isn't there another time like this? You used actual war to teach us how to do this."

After hearing this, Ouyang Zhengxiong had no choice but to nod.

"Well, since you have already requested this, I will teach you how to handle this matter in actual combat. Now that everything has been discussed, we are just waiting for us to go to Mount Mighty for on-the-ground action."

Chapter 2316

After saying this, these people immediately picked up their baggage eyes and looked resolutely at Ouyang Zhengxiong.

"Instructor Ouyang, we are ready, we can set off at any time now."

After listening to Xu Changhai's words, Ouyang Zhengxiong also took a fancy to other people here.

Now everyone is ready, but he has not reported this matter to General Zhao.

"Since you are all ready now, you should bring the weapons you have. If you don't have any, go to the weapons arsenal and choose. We will set off on time tomorrow morning."

Ouyang Zhengxiong left here directly after finishing speaking. He had to report this matter to General Zhao.

After Ouyang Zhengxiong left here, he came to General Zhao's tent

"General Zhao, I have something to report to you."

"I already know what you are going to say. Aren't you just going to take your newly trained students to suppress the bandits?"

After listening to General Zhao's calm words, Ouyang Zhengxiong lowered his head.

"But I have one thing to ask you. Do you really trust them so much? Although they were trained by you personally, not everyone is so capable and has the ability to suppress bandits, not to mention that the bandits this time are still very powerful."

After hearing General Zhao's concerned words, Ouyang Zhengxiong suddenly laughed.

"General Zhao, to be honest, no one can guarantee that the soldiers they train can defeat all enemies. The reason why I am so confident in them is because I will always be there to guide them and will not let them make any mistakes. possibility"

"Soldiers who have been trained for the first time will have some problems, but you will never show them in daily life. Only when they are put into real actual combat can you know where their shortcomings are."

General Zhao knew very well what Ouyang Zhengxiong meant, but he was still a little worried about Ouyang Zhengxiong's safety by rashly leading a group of troops to suppress the bandits.

"I know what you mean, but are you sure you will only take this unit to suppress bandits? Even if you will always guide them and give them pointers, are you so sure that everyone will listen to you?"

Ouyang Zhengxiong is not sure about this matter. After all, there are still many rebellious people.

Even Xu Changhai can't guarantee it. Xu Changhai has been going here as a mischievous being.

"General Zhao, I know what you mean, but I trust my soldiers. If something unexpected happens, I will share the responsibility with them."

After seeing the absolute look in Ouyang Zhengxiong's eyes, General Zhao was speechless.

"Now that you have decided on this matter, I don't need to persuade you anymore, just do it on your own."

After listening to General Zhao's words, Ouyang Zhengxiong just thought about it when he was called out by General Zhao again.

"Ouyang, I haven't let you go yet. If you succeed in suppressing the bandits this time, will you officially enter the court?"

After listening to General Zhao's words, Ouyang Zhengxiong lowered his head in shame.

He had indeed thought about inheriting General Zhao's position, but now it seems that he can no longer wait for him.

"General Zhao, I'm sorry, that's my only sister, I can't let her get any harm."

After hearing Ouyang Zhengxiong's sorry words, General Zhao also understood everything

"This is not your fault. You don't need to apologize at all. If you want to know whose fault it is, it can only be blamed on the second prince. Since you have an idea now, I won't stop you."

"But you must think it over yourself and take all countermeasures. The imperial court is no more a place for intrigue than the military camp."

General Zhao's sincere words made Ouyang Zhengxiong feel tears welling up in his eyes.

This was the first time that an ordinary person cared about him and taught him so seriously.

"General Zhao, I know that the imperial court has always been the center of power. Many people climb up every day, but there are also many people who lose their heads every day. I will protect myself and will not let myself be in the center of power. I don't have that ambition"

"As long as I can make my sister live well, I have no idea. My only concern is her."

After listening to Ouyang Zhengxiong's words, General Zhao felt that Ouyang Zhengxiong was indeed a very qualified brother.

"You are indeed a very qualified brother, and I have nothing to help you, but I have two close friends in the court. If you encounter trouble, you can go to them for help."

This is the first time that General Zhao has exposed his trump card. It is precisely because of those two people that General Zhao can always keep abreast of the trends in the court.

Now it seems that General Zhao really regards Ouyang Zhengxiong as one of his own, and also He really regards Ouyang Zhengxiong as his heir.

"General Zhao, thank you for your kindness. I still don't want to rely on your power. If this matter reaches the ears of the emperor, it may be detrimental to you."

After hearing that Ouyang Zhengxiong considered this matter for himself, General Zhao was happy from the bottom of his heart.

At the same time, he was also very sorry that such a good military talent had disappeared.

Chapter 2317

"General Zhao, if I have the chance, I will definitely repay your kindness."

After saying that, Ouyang Zhengxiong stood directly in front of General Zhao and bowed to General Zhao.

After seeing Ouyang Zhengxiong's actions, General Zhao also felt warm from the bottom of his heart.

"Now that you have chosen to take another path, stop thinking about what will happen on this path. You must also follow the path you have laid out carefully, and there must be no accidents."

After listening to General Zhao's words, Ouyang Zhengxiong nodded cautiously.

"General Zhao, I have already told my group of men that they will be loyal to the army as soon as I leave the barracks. I have warned them sternly that you will lead this army from now on."

General Zhao feels that it is too early to talk about this matter. Ouyang Zhengxiong is not sure about leaving the military camp.

Even if his matter is really successful, the emperor may not let him return to the court.

"Ouyang, it's too early for you to talk about this matter. Even if you succeed in this matter, it will only let the emperor see your military talents, and he may not let you leave the military camp."

Although General Zhao is telling the truth, Ouyang Zhengxiong has already thought it through in his heart.

"General Zhao, although you are telling the truth, I have already considered it in my heart. Although the emperor will most likely not let me return to the court, at least I have a firm footing."

"And with this incident, I can also let my sister marry the second prince as his wife in a glorious manner. I don't want to watch my sister become someone else's concubine and be bullied by others."

As he spoke, Ouyang Zhengxiong's eyes turned red.

General Zhao knew very well how much Ouyang Zhengxiong valued his sister.

If it weren't for the fact that he really cared about his sister, Ouyang Zhengxiong wouldn't have to do so much.

"Ouyang, as long as you come back, the door of the military camp will always be open to you."

This is the first time Ouyang Zhengxiong has experienced what comradeship is.

It turns out that comradeship is really not betrayal, and they have truly become each other's last support.

"General Zhao, I understand. If I don't do well in the court in the future, I might come back. Please take me in."

Listening to Ouyang Zhengxiong's careless words, General Zhao wanted to beat Ouyang Zhengxiong severely.

"Let me tell you, if you do not do well in the court and are sent back, we will not accept people like you here."

Listening to General Zhao's hard-spoken and soft-hearted words, Ouyang Zhengxiong laughed.

"General Zhao, if you dare to refuse me, I will not agree. You must remember to leave a way out for me, otherwise I am really afraid that I will not do well in the court."

After listening to Ouyang Zhengxiong's words, General Zhao felt that Ouyang Zhengxiong's worries were somewhat unnecessary.

Ouyang Zhengxiong is a very sociable and a very powerful person.

If he can't even survive in the court, then they It is even less possible for these people who have been in the military camp to survive.

"Ouyang, you must have confidence in yourself. You will definitely be able to complete your ideas and you will definitely be able to stay in the court."

After seeing General Zhao supporting him so much, Ouyang Zhengxiong laughed.

"Then I'll accept your good advice. I've asked my students to go to the weapons arsenal to get their weapons."

After hearing this, General Zhao didn't feel anything at all.

"They really need a handy weapon. They can adjust the weapon at will, as long as the person comes back alive."

After seeing General Zhao being so hard-spoken and soft-hearted, Ouyang Zhengxiong really couldn't help laughing.

"General Zhao, you are actually a very good leader. If Qi State had you leading its troops, it would definitely not be swallowed up by other big countries."

After listening to Ouyang Zhengxiong's words, General Zhao felt that Ouyang Zhengxiong's words were very useful.

But there are still many people in this world who don't like you.

What's more, if he continues to stay in the army, he will not die well if he has great achievements.
of

"Do you know the consequences of overachieving? Now I have reached the last limit of his tolerance. If I can't find a successor, I will have no choice but to die in their hands."

General Zhao really saw this matter clearly, and Ouyang Zhengxiong also felt cold-hearted about such a thing.

A person who has dedicated his whole life for the motherland has to die at the hands of his own people.

This is very difficult for a general or even a soldier. Say, it's all a humiliation

"General Zhao, don't worry, I will never let you die in the center of a power struggle. Just as I promised you before, if an accident happens to you, I will definitely protect your wife and children."

After listening to Ouyang Zhengxiong's words, General Zhao nodded with satisfaction.

"Okay, I have nothing to do here. Just go out. If you can't stay in the court, remember to go back to the military camp."

After hearing General Zhao's last words, Ouyang Zhengxiong really couldn't help crying.

General Zhao really regarded him as a successor.

Chapter 2318

The next day, Ouyang Zhengxiong set off with this large group, disguised as a group of passing bodyguards.

Pretending to pass by Wei Meng Mountain casually, I also stayed at the inn of Wei Meng Mountain.

"How many guests want to stay in the hotel? Better to rest first."

After seeing those things behind him, the waiter's expression immediately changed.

"Guest officers, please take a rest and leave quickly. Living here with so many things behind you is not a good choice."

After hearing what the waiter said, Xu Changhai still didn't have any precautions against the people here.

"Alas, we don't need to suppress these things just to pass by here....."

"Xu Changhai." After hearing someone calling his name, Xu Changhai turned around subconsciously.

Seeing Ouyang Zhengxiong with a gloomy face, Xu Changhai immediately realized.

What he just said was very problematic. Doing so was equivalent to directly putting himself in trouble. Sent into the hands of the enemy

"We are also going to rest here for a while, so let's get a room for us first."

Although the waiter became very sorry after hearing this, a glimmer of light flashed in his eyes.

The waiter should know the people from Weimen Mountain. Ouyang Zhengxiong felt a sense of clarity after observing the waiter's actions..Although this waiter seems to have good intentions on the surface, in fact he is helping the people of Wei Meng Mountain to find out information.

I have to say that the people of Wei Meng Mountain are really good at things.

"Help us open a room for three days."After hearing Ouyang Zhengxiong's words, the waiter nodded.

It can be seen that Ouyang Zhengxiong is the leader here, he is the leader here

"Since several people have said this, I won't be polite, but as a local, I still want to advise you, don't live here with so many things. There is a group of robbers on Mighty Mountain. You brought so many things with you. It is easy for them to target many things, and they may end up losing both people and money."

After seeing this, everyone showed a grateful expression.

"That's it, waiter, thank you very much."

Everyone was apologizing to the waiter, but Ouyang Zhengxiong was different. Ouyang Zhengxiong kept looking at the waiter, as if he wanted to see something from him. The waiter was here After noticing Ouyang Zhengxiong's eyes, his face immediately became tense.

"Why is this guest officer staring at me like this? I'm just giving you a kind advice. If you don't listen to me, there's nothing I can do about it."

Listening to the waiter's words, Ouyang Zhengxiong suddenly laughed.

"I don't have any ideas, just thank you for providing us with such useful information, but we still have some things to do here, so you don't need to worry about us."

After hearing what Ouyang Zhengxiong said, the waiter had no choice but to retreat.

Moreover, neither Su Mingcheng nor Xu Changhai understood why Ouyang Zhengxiong showed such an embarrassed expression to a waiter.

"Instructor Ouyang, did you notice something?"

After hearing the title of General Zhao, Ouyang Zhengxiong became angry.

"When I came out, I taught you not to reveal your identity. You have to call me Apple."

After listening to Ouyang Zhengxiong's words, Su Mingcheng immediately realized his mistake.

"Apple, I know I was wrong, but why on earth are you so guarded against that waiter?"

After hearing Su Mingcheng's question, Ouyang Zhengxiong expressed his thoughts.

"You are unfamiliar with this place, so you should be wary of anything when you come here for the first time. Although he is telling you this, in fact everyone who passes by will understand it. The reason why he tells you this is to make you let down your guard. When the time comes, you will feel that what he says is right and is for your own good."

"You must not listen to anyone here. Everyone here may be your enemy, and you must use your own heart to judge."

After listening to Ouyang Zhengxiong's words, Su Mingcheng and others were enlightened.

They never thought that such a simple matter could involve so many things.

"Apple is still experienced, and it seems that we really need to learn from you in the future."

After listening to Ouyang Zhengxiong's words, Su Mingcheng and others will keep observing this place.

"We pretend to be very busy these days, leaving only about ten people here to guard our things, while the rest of the people have a good stroll here, buy some things on the way, and lower their vigilance."

After listening to Ouyang Zhengxiong's words, everyone expressed their understanding of this operation.

"But you must remember not to trust anyone here easily. Except for yourself and your brothers in the military camp, everyone is your enemy. It's not that there's no one here worth trusting, it's just that you don't know the nature of the people here yet."

After listening to Ouyang Zhengxiong's words, everyone nodded.

And they all knew that Ouyang Zhengxiong had disciplined them, and everything Ouyang Zhengxiong said must be very beneficial to them.

Chapter 2319

On the second day, Ouyang Zhengxiong and others left only a dozen people here to guard them.

It looked like they didn't care much about the things here, while the rest of the people were out shopping or shopping.

When the waiter saw Ouyang Zhengxiong and others putting these things here, he felt secretly happy.

"Now you immediately go to the mountain to inform the boss that a group of fat sheep have arrived this time, and they all put their things in the inn, leaving only a dozen people here to guard them."

After listening to the waiter's words, this man immediately went to Mount Weimen to report the news.

Little did he know that someone had been monitoring the inn. When he saw someone leaving, Ouyang Zhengxiong immediately sent someone to follow him.

And the person who left the inn Indeed, when they arrived at Mt. Mighty Mountain, Ouyang Zhengxiong's people immediately went back after seeing this scene.

"Mr. Guard, the people who left the inn did go to Mt. Mt. Mighty. Now it seems that this inn is indeed inseparable from Mt. Mt. Mt. Mighty."

Ouyang Zhengxiong knew about this matter, and there was indeed a conspiracy.

"Then we can just wait with peace of mind and stay put for the next period of time, just like today, you know?"

After hearing Ouyang Zhengxiong's words, these people nodded, but they didn't know where Ouyang Zhengxiong came from so many gold and silver jewelry.

"Darthead, where did you find so many gold and silver jewelry? And I think these are in very good condition."

After listening to Xu Changhai's words, some of Ouyang Zhengxiong seemed to look at Xu Changhai.

"Where did I find it? Do I still need to report it to you? Don't you think you are being too lenient?"

After hearing Ouyang Zhengxiong's words, Xu Changhai immediately showed a trace of apology on his face. He had never thought of taking care of Ouyang Zhengxiong.

"Escort, you have misunderstood me. I never thought of taking care of you. I just wanted to ask about these jewelry. If it were not you, I would buy two pieces back."

After seeing Xu Changhai's calculations, Ouyang Zhengxiong immediately understood what Xu Changhai was thinking.

"Is it possible that you still want to give it to your beloved?"

Xu Changhai became honest after listening to Ouyang Zhengxiong's words, but Ouyang Zhengxiong never thought of this matter.

"When did you meet your loved one? How come you never told us?"

As soon as he heard this, Ouyang Zhengxiong knew that Xu Changhai had revealed his secret unintentionally.

It turned out that they didn't know these things before.

But now everything Xu Changhai showed just now has been revealed, especially what he just said
Question

"It's not a big deal, it's just that I get along very well with a girl, and she also admires me. Don't I want to try to develop it first?"

"If it's really possible, maybe the two of us can make it to the end, but if the girl doesn't like me, I may not make it to the end."

After listening to Xu Changhai's words, Ouyang Zhengxiong nodded. The choice in this matter actually lies in the girl's hands.

"Xu Changhai is right about this. In fact, all the initiative and choice in love are in the hands of the girl. And I warn you, you must also learn from Xu Changhai when you are in love."

"A girl is a flower that needs to be well cared for and irrigated. If you dare to be mean to girls and let me know, don't blame me for being rude to you."

After hearing Ouyang Zhengxiong's words, these people immediately became serious.

They did not expect that Ouyang Zhengxiong not only cared about them, but also taught them how to fall in love.

"You don't need to worry about the escort. We all know that girls are flowers, but you don't think about our family. Even if we are abandoned children, it is absolutely impossible for us to make the decision on our own marriage."

Su Mingcheng said with a mocking expression on his face.

"Destiny is in your own hands. If you are not willing to accept what you are facing now, then rely on your own strength to overthrow everything."

"If you just keep accepting your fate, even if you have a bright future, it will be messed up by you. You must remember everything. You must remember that everything is in your own hands."

Ouyang Zhengxiong has always remembered this sentence. He does not allow anyone to dominate everything about him.

So he has never bowed his head to anyone. Everything he has is his own struggle.

"As long as you can face everything that belongs to you, then you will have unlimited possibilities in the future."

After listening to Ouyang Zhengxiong's words, everyone present was as excited as if they had been beaten to death.

"Dartmaster, we all know it. It seems we still need to let the escort chief train us for a while. We actually can't even figure out such a simple thing."

After hearing Su Mingcheng's words, everyone laughed.

If Ouyang Zhengxiong was a leader in their hearts before, now he is like a big brother in their hearts.

Chapter 2320

At the same time, the head of Mt. Mt. Mt. Mt. has heard about this matter.

"Is this true? Since the waiter has already reminded them, why do they still linger there? Do you think this is a trap, or do they really not take us to heart?"

After hearing what the big boss said, everyone present did not dare to look down upon them.

"Since the boss has reminded them, but they didn't choose to leave, they probably didn't take us to heart. This kind of thing has happened many times in the past. Didn't we easily rob them?"

After hearing what the second master said, the first master nodded.

"What you said is correct, but I always feel that this matter is not that simple. Are you sure that they are usually just buying things on the street or receiving passwords?"

The boss thinks that this matter should be taken more seriously. If an accident really happens, they will not be blamed for it.

"Master, how dare we deceive you? What we said is indeed true. They usually don't stay at the inn at all, leaving only about ten people to guard there. The rest go to the street to buy things, or go shopping for fun."

After hearing this, the boss was a little unsure for a moment. What did they want to do?

If they were really just passing by, then they probably wouldn't go shopping.

"Do you think there is something they want in the town below? Since they have escorted so much gold, silver and jewelry, why do they still stay in this town?"

After seeing that the Headmaster was very curious about this matter, everyone present was speechless.

They didn't know what the Headmaster meant, and they didn't know how to answer the Headmaster's words.

"Master, if you really have doubts about this matter, then I will go and ask the waiter to find out clearly now. You really should pay more attention to this matter. If they really come for us, then It's over."

After hearing this, the big boss nodded. This matter should still be clarified.

Only after it is clarified can we know what to do and whether we should take action on this matter.

The big boss is letting us know. After people went out, they kept looking down the mountain.

"Sir, what are you worried about? This matter does not have to be clarified. We have experienced this many times before, but why are you so vigilant this time?"

The boss doesn't know why, but he always feels that this time is full of danger. It

's better to be careful in everything. The reason why he can stand firm in the world is because he has strong intuition.

"I don't know what's going on, but I always feel that this thing is weird and dangerous. We still need to pay more attention so that if something unexpected happens, we can respond in time."

After listening to the big master's words, although some people were not convinced, they all chose to obey the big master's words. The big master has led them through countless mountains of swords and seas of fire. If they ignore the big master's words because of this judgment, then They are so inhuman

"Boss, the people we sent out should respond soon. Don't worry, everything will be fine."

The boss nodded. He was afraid that these people were really coming for them, and the reason why they stayed there was because they wanted to know the identity of Xiao Erfang.

"Send some more people to protect Xiao Er. If they know Xiao Er's identity, it will make sense for them to stay there."

After hearing what the boss said, everyone was surprised.

In their hearts, the person who should not be exposed the most is the waiter. It can be said that there are very few people who know the identity of the waiter.

"You, the boss, suspect that the waiter has been exposed, but the waiter has always played the role of a good person, how could he be suspected?"

"It is better to believe that it exists than to believe that it does not exist."The boss still has some level of education.

"I'm not sure, but they stayed here for so long this time, which makes me have doubts."

After listening to the words of the boss, they immediately arranged the matter.

"The boss....."

"Needless to say, we have always robbed the rich and given to the poor, and those who robbed were sanctimonious dog officials, but there are some things we know that outsiders don't know, and we think they are good people."

"If someone really wants to hang us to avenge those people, it is reasonable."

The boss is very open-minded about this matter. After all, not everyone will see these things clearly.

"Master, why don't we make these things public? Why keep hiding these things and causing trouble for ourselves."
