### Chapter 2321

"This matter must not be done in broad daylight. We were able to obtain this information because someone secretly sent it to us to get rid of these people and send it to the disaster area. If we take out all this evidence, wouldn't we be telling the truth? Do they have anyone on their side?"

After hearing what the boss said, everyone here stopped.

"Don't worry, Mr. Master, if something unexpected happens, I will definitely protect you and let you leave smoothly. You saved our brother's life."

After hearing this, the big boss shook his head. He has lived here for such a long time and done a lot of things. He is already qualified.

"If someone really comes to fight you, you must remember to take your brothers and run away first. I can hold on for a while by myself. You are all hard-working people. You should have a bright future and should not be buried here."

"Moreover, some of you here have already married and started a business. What will happen if you die here? How will you explain it to your family?"

The reason why the head of the family has not gotten married for so long is to prevent such things from happening.

They have done so many things, and one day they will attract people from the court, and what he has to do is to take care of these people who have already started a family and have a tutor. Brother, protect yourself.

"Boss, no wonder you have been asking your brothers to get married, but you have never done anything. It turns out that this is what you think."

Seeing his brother shed some tears, the head of the family also felt very scared.

"What do you grown men look like when you cry? You are not an old woman, so don't let me do this."

After hearing the reprimand from the big boss, these people all retracted the sadness on their faces.

But at the same time, they also made a decision in their hearts. Although the big boss wanted to check and balance them through the family, they would never do it so easily. I just listened to the big boss's words, and the big boss must pay a certain price for this matter.

"Boss, since you really want us to leave safely, you must leave alive. We are all together, and we have gone through a lot of things to be together. If you abandon us because of this little thing, then we will not live alone."

After seeing these brothers being so loyal to him, the big boss had nothing to say.

"Why bother? You have your own family and everything you value. Why do you have to live on the edge of a knife with me? Okay, don't say anything any more, just step back and let me be alone."

As he said that, the big boss asked everyone here to go out, and he started to think carefully here.

After the big boss saw everything he had carefully built, he suddenly felt very sad in his heart.

He carefully built It is very likely that all this will be destroyed in his own hands.

He has a premonition that the people sent this time are the strongest troops in history.

And this troops will definitely not show mercy.

"I just hope to God that my brother will not be severely punished for the things I did."

The boss doesn't have any big ideas. Although what he is doing now can be said to punish evil and promote good, too few people know about this evil.

In the eyes of ordinary people, these people can be said to be He is a great good man.

What he has done is enough for ordinary people to curse him and send him to hell.

"The boss wants you to carefully check who these people are and what they are here to do. The boss feels that these people are not here, and it is strange that they stay here for so long."

The waiter nodded slowly after listening to the operator's words. He now knew what he should do.

At this moment, Ouyang Zhengxiong heard someone calling him outside.

"What happened? Yelling so loudly?"

Ouyang Zhengxiong said as he walked out. At this moment, Xu Changhai appeared in front of Ouyang Zhengxiong with his trophies.

"I found this escort with great difficulty. It took me a long time. Now I ask you to give me a long look."

After listening to Xu Changhai's words, Ouyang Zhengxiong looked at Xu Changhai as if he were a fool.

He didn't even know how Xu Changhai came to be so bold and dared to talk to him like this.

"What do you want to do? Don't you know exactly what you should do? You still keep making irresponsible remarks to me here. I'm here for what I'm here for you to do? You actually bought me such a careful of stuff. What do you want to do?"

Xu Changhai was a little surprised after hearing what Ouyang Zhengxiong said. He originally thought that Ouyang Zhengxiong would praise him after he bought these things.

He didn't expect that he was overthinking this matter. How could Ouyang Zhengxiong do this? praise him

"Darthead, I did this for....."

"Shut up and go back and reflect."

Chapter 2322

Ouyang Zhengxiong didn't have time to explain so much to him at this time, there were so many people staring at them now.

If they make even the slightest mistake, they will be doomed.

"Bodyguard, why are you so cruel to him? What happened?"

Su Mingcheng still doesn't understand why Ouyang Zhengxiong suddenly became like this.

"Those people have already become suspicious of us. What he bought can indeed make us better, but this is what I want, and I can't show it in front of these people so easily."

Speaking of this, Su Mingcheng can probably understand what Ouyang Zhengxiong means. The reason why Ouyang Zhengxiong is like this is just for fun.

"Escort leader, you should think it over carefully. I will explain this matter to Xu Changhai after I return, so that Xu Changhai will not hate you."

Ouyang Zhengxiong doesn't take this matter seriously. If Xu Changhai really hates him because of this matter, it only shows that Xu Changhai still has a lot to learn.

"There's no need to explain it to him. If he can't even understand this matter, then he doesn't deserve to be called my disciple."

"You must use your own brains to think and speculate on what to do about this matter. Before you officially fight the enemy, you have already gone through it in your mind many times."

After listening to Ouyang Zhengxiong's words, Su Mingcheng lowered his head. He could really learn a lot from Ouyang Zhengxiong. The reason why Ouyang Zhengxiong treated him like this was just because they were so unsatisfactory.

Xuchang After Hai left here, he kept thinking carefully about what Ouyang Zhengxiong said to him.

It seems that there are many things that can be traced. The reason why Ouyang Zhengxiong was so cruel to him this time was not because he failed to live up to his expectations.

"Darthead, I believe it's reasonable for you to be so cruel to me, but I hope you won't disappoint me."

Xu Changhai will not continue to look at Ouyang Zhengxiong because of this incident, but he will definitely not resent Ouyang Zhengxiong because of this incident.

And here the waiter serves these people again

"Gentlemen, I really don't advise you. It's better for you to leave as soon as possible. You see you have brought so many things with you, and the young man just purchased another cart of things. If you continue to stay here, If so, maybe those bandits are really going down the mountain."

"If those bandits come down from the mountain and rob you, then you will really lose more than you gain. You'd better get out of here quickly."

After hearing what the waiter said, Ouyang Zhengxiong looked at the waiter with a half-smile.

"Why are you in such a hurry to let us leave? What are the benefits to you of us leaving? Or are you someone specially sent to test us?"

After hearing what Ouyang Zhengxiong said, the waiter was shocked. He didn't expect that someone would see through his identity.

But even if someone saw through his identity, he would never tell them. This matter must be rotten in his stomach. inside

"I'm just kindly reminding you of this. I've reminded everyone of these excessive comings and goings, and they all listened to my words and escaped."

"You are the only one who has been staying here and refused to listen to my advice. Why don't I say a few more words? If something happens to you because you don't care about what I say, then I won't feel sorry from the bottom of my heart."

Listening to the waiter's words, Ouyang Zhengxiong began to look him up and down, as if he was trying to see whether what the waiter was telling was the truth or a lie.

The waiter was a little scared after feeling Ouyang Zhengxiong's eyes, but he still held it back.

"In this case, it is indeed our fault. I would like to say sorry to you here and hope that you will not agree with us."

After hearing what Ouyang Zhengxiong said, the waiter immediately shook his head with a smile on his face.

"Sir, what are you talking about? You came to my humble home and spent so much. We, the people, have nothing to give in return. All we can do is let you pass here."

"If there's nothing else, I'll go down and get busy. If you want to leave, you can let me know at any time."

After saying that, the waiter left here directly. At the same time, the expression on his face changed immediately after going out.

【It seems that they have noticed my identity, and I must not expose it. If I am exposed, no one will be able to deliver the letter. 】

The waiter has been thinking in his heart, but he doesn't know that the boss has already guessed it

"My identity may have been exposed in front of them. I can't find out any information, but they don't look like they are getting better, and I also found a seal belonging to Mr. Wang from their carriage."

"It is very possible that they are also Lord Wang's people, and Lord Wang is not a good person."

After listening to the waiter's words, someone immediately sent the news to Weimen Mountain.

After hearing the news, the head of the house was still very surprised. It turned out to be that Mr. Wang again. It seems that the people's fat and anointing that Mr. Wang had plundered was still there. Quite a lot.

Chapter 2323

"If it is really that Mr. Wang, then we don't have to wait any longer now. His group of men are all brainless. It seems that they are here to give us money again this time."

After hearing what the big boss said, the people below finally became happy.

Now the big boss finally no longer has to be timid, and they can finally make a big deal.

"Boss, what should we do now? When are we going to kill them and teach them a lesson?"

After seeing Xu Changhai's excited face, the boss knew that Xu Changhai's temper could not be changed.

"We will go again tonight. Now everyone quickly packs up and prepares for the robbery tonight."

Although the boss was still very worried, he also knew that opportunities and dangers coexisted.

If he had been so restrained and timid, he might never be able to get ahead.

Soon, the time came at night, and it was time to At night, the inn at the foot of the mountain had already killed the knives.

In order to prevent the group of robbers on the mighty mountain from targeting them.

"Darthead, when do you think they will come? We have been waiting for them here for two days. If they don't take action, we should set off tomorrow."

Of course Ouyang Zhengxiong knows that they have been wasted here for too long, but if they remain impatient, they may not end well.

"Although we have been delayed here for a long time, we must calm down. If nothing happens, they will take action tonight and notify the people behind to cheer up. Take all the precautions I asked you to do outside. ?"

After listening to Ouyang Zhengxiong's words, Su Mingcheng nodded. He had already done everything Ouyang Zhengxiong asked him to do.

"The precautions outside have been taken, and I have been telling the people behind me to cheer up and have everything ready. I just need the east wind to wait for them to come to my door."

After hearing Su Mingcheng's words, Ouyang Zhengxiong nodded with satisfaction. Perhaps only Su Mingcheng could make him so happy.

"You have done a good job, now you are waiting for them to come to your door on their own initiative. The day they come to your door on their own initiative is when we catch them."

Ouyang Zhengxiong had already thought about it. He must make these people surrender to him. He had also thought about letting them go and subduing them again. It's a pity that God did not give him this opportunity.

In the middle of the night, there was indeed a slight movement from behind.

Ouyang Zhengxiong immediately opened his eyes. His cultivation was not in vain. When a stranger stepped in, he was the first to sense it.

And this The people who came this time were not alone or two people at all, they came in groups.

"Taken the bait."A glimmer of light flashed in Ouyang Zhengxiong's eyes in the darkness, and he looked as if he had encountered something interesting. However,

Ouyang Zhengxiong did not get up. Instead, he lay down peacefully and closed his eyes.

It looked like he was Sleeping, but only his ears that kept moving could tell that he had been listening to what was going on outside. But after seeing what Ouyang Zhengxiong did,

Su Mingcheng did not choose to go out. Instead, he was here with Ouyang Zhengxiong. Stay quietly.

If he really needs help then, I'm afraid Ouyang Zhengxiong will take the initiative to let him out.

"Why do you want to stay here? Why don't you rush out and make achievements?"

Listening to Ouyang Zhengxiong's words in the darkness, Su Mingcheng couldn't help but feel a trace of ridicule.

"I have never had any idea about making achievements. All I have to do is to have enough ability to protect myself. I will also practice in the future. I want to go to a bigger and broader world. I don't want to be trapped in Qi country all the time."

After listening to Su Mingcheng's words, Ouyang Zhengxiong was inevitably a little surprised. People here just want to get ahead. There are very few people with great ideas like Su Mingcheng. Is it possible that it is because he has never asked?

"Why do you have such thoughts and why do you want to practice cultivation?"

After listening to Ouyang Zhengxiong's words, Su Mingcheng didn't know how to answer Ouyang Zhengxiong for a while.

"I don't know how to answer your question. I just think that cultivation can help me move towards a broader world. I don't want to be isolated in this world all the time. And I don't think there is anything good about being in Qi. In the end, They are all bound by the family and the emperor. It is better to go out and practice alone and have the freedom of wandering in the world."

After seeing Su Mingcheng's longing for freedom, Ouyang Zhengxiong nodded.

"You are right, these are indeed not as comfortable as practicing alone and wandering around the world. If you really want to practice alone and wandering around the world, you are welcome to come to me at any time."

"Although I will most likely not teach you in the military camp next time, if you need help, I will definitely do my best."

Su Mingcheng was also surprised by Ouyang Zhengxiong's words.

Chapter 2324

"You support me, why? Don't you think this dream of mine is incredible? With my current abilities, I still have a long way to go before I can go to Kamikaze Academy. Apart from Kamikaze Academy, there is no other place where I can teach people how to practice."

Seeing the disappointment on Su Mingcheng's face, Ouyang Zhengxiong put his hand on Su Mingcheng's head.

"You don't have to be so disappointed. Even if you can't go to the Divine Wind Academy to practice, you can still practice on your own. To be honest with you, I am also a practitioner. I have never thought of hiding this from you. I thought you all knew it, but now it seems you don't know anything."

After listening to Ouyang Zhengxiong's words, Su Mingcheng was very surprised, and looked at Ouyang Zhengxiong with even more admiration.

"Darthead, are you telling the truth? Can you really practice cultivation too? Then can you teach me? I really don't want to be home all the time."

After listening to Su Mingcheng's words, Ouyang Zhengxiong nodded slowly. In fact, teaching people is not a complicated process.

"I am not very good at teaching people, and teaching people is a complicated matter for me. If you really want to practice, I can give you an entry-level book. You can follow this book slowly Study hard and if you have the talent, you can definitely succeed."

After listening to Ouyang Zhengxiong's words, Su Mingcheng nodded slowly. There was a heated fight outside now, but Ouyang Zhengxiong and Su Mingcheng were exchanging secrets in the room.

This was something Su Mingcheng could never imagine. At this moment, Ouyang Zhengxiong stand up suddenly

"Now it's time for me to take action. You just stay here and stay here. If it's not necessary, it's best not to go out and get involved."

After hearing what Ouyang Zhengxiong said, Su Mingcheng was confused. Why didn't Ouyang Zhengxiong let him out?

"Darthead, what happened? I....."

Before Su Mingcheng could say so many words, Ouyang Zhengxiong directly touched his mute point.

"Don't be nagging, just stay here well. The acupuncture points on your body will be automatically unlocked within half a stick of incense. You can also choose to help me when the time comes."

After saying that, Ouyang Zhengxiong walked out without hesitation. At this time, there was already some damage outside.

At this moment, Ouyang Zhengxiong saw the boss for the first time.

"Stop it, you guys, beating and killing people in the middle of the night is unbecoming."

After hearing Ouyang Zhengxiong's words, Xu Changhai and others immediately took back their weapons and asked Ouyang Zhengxiong to come here slowly.

Only when the boss saw that it was a young boy like Ouyang Zhengxiong, did he become a little disdainful. Gu, and at the same time he was on guard in his heart.

Even if Ouyang Zhengxiong is just a young boy, he shouldn't look down on Ouyang Zhengxiong like this. No matter how you say it, Ouyang Zhengxiong can be regarded as being recruited by Mr. Wang, if it weren't for the real If you had some skills, you wouldn't be put into such an important task.

"Why don't you, the boss, come out and talk? I don't have any ill will towards you. Maybe we can still cooperate."

After listening to Ouyang Zhengxiong's words, the first master made the second master walk out with a wink. At this time, the second master also walked out in a swagger. I have to say that his demeanor is indeed more like that of the first master, and he can't walk well. , there was a feeling of embarrassment on the face

"who are you? How do you deserve to talk to me? But I'm just going to give you a favor today. What on earth are you going to say? Why don't you say it quickly?"

After hearing what the second boss said, Ouyang Zhengxiong also laughed.

"Are you sure you are the boss? I've heard that the General of Weimen Mountain is majestic and personable, but I can tell you are a fake just by looking at you like this."

After seeing Ouyang Zhengxiong being so dismissive, the second boss immediately became angry.

"What do you mean? Let me tell you, I am not someone to be trifled with. You'd better weigh what you say. If you make me angry, you won't be able to get out of here alive."

After seeing Xu Changhai's harsh words, Ouyang Zhengxiong became even more dismissive.

"It seems that your boss is a coward, a coward, and he doesn't even dare to come here to see you. Forget it, you'd better leave. I'm not interested in cowards like you."

Said Ouyang Zhengxiong, he was about to turn around and return to the house. At this time, the head of the house naturally saw that Ouyang Zhengxiong was a provocation method.

But he couldn't look at them. People in Mt. Weimen couldn't just watch when they were bullied. With their Mighty Mountain reputation being ruined

"Just now, I just wanted the second child to test the hero. I didn't expect that the hero has such a keen intuition and can guess right away that he is not the boss."

"I just don't know what the hero is looking for me for. I am the master of Mighty Mountain."

After hearing the words of the master, Ouyang Zhengxiong immediately looked in the direction of the source of the sound.

Sure enough, he was stunned when he saw the master of Mount Weimen. If he hadn't admitted it himself, he would have been beaten to death. The head of the mighty mountain who will never die is actually such a person.

Chapter 2325

"Are you the head of the mighty mountain? He does look dignified, majestic and disrespectful."

After hearing Ouyang Zhengxiong's words, the boss didn't say much. He just looked down at Ouyang Zhengxiong.

It seemed that he didn't take Ouyang Zhengxiong into his heart at all. On the contrary, Ouyang Zhengxiong should have been looking up to him.

And this Xu Changhai, who had been loyally following Ouyang Zhengxiong, suddenly became angry.

"Our escort chief is talking to you. Can you give us a reaction? Why are you so ignorant? Do you really want us to kill you?"

After hearing this, Ouyang Zhengxiong's mouth really twitched. Why didn't he expect that he himself actually taught such a rogue soldier?

"Shut up, I'm talking to the boss, when will it be your turn to interrupt? If you dare to say another word, I will cut your tongue directly."

After listening to Ouyang Zhengxiong's words, Xu Changhai did not dare to yell any more.

Although Xu Changhai wanted to protect Ouyang Zhengxiong, he also wanted to have a complete corpse for himself.

"Why do you have to be so angry? But I also wanted to ask why you keep yelling like this and why you keep trying to find me."

After hearing what the big boss said, Ouyang Zhengxiong also felt that this matter was very unfair.

He never thought about yelling at the big boss. The reason why he wanted to find the big boss this time was just to confirm one thing.

"I have investigated the people you robbed. Behind them are famous good people in the court, and they are also famous officials. But I am very curious, why do you insist on robbing the good people in the court?"

After hearing Ouyang Zhengxiong's words, the headmaster's face immediately showed vigilance.

"What do you want to say? Smart people don't have to beat around the bush. Just say it directly."

After hearing what the big boss said, Ouyang Zhengxiong no longer wanted to continue the stalemate with the big boss.

"Since you have already said this, I won't be polite. I just want to ask why you treat people who think everyone is doing one thing behind their backs to their faces. How did you find out? Or is someone sending you a message?"

Actually, Ouyang Zhengxiong only found out about this matter today. After learning about it, he became very surprised and shocked.

Like the ordinary people of Qi State, he was disgusted by these people and was disgusted by them. These people are kept in the dark, but it is different from the people in Mt. Mt. Mt.

The people of Mt. Mt. Mt. seem to have known all this for a long time, and they strike accurately every time

"Why do you ask this? I was also a little curious at the time, why do you care so much about this matter, and what does it mean to you?"

After hearing the boss's rhetorical question, Ouyang Zhengxiong also became a little cautious.

"Since I asked you the question first, you should answer me first. Now you are asking me the question instead. This is a bit unfair."

After hearing Ouyang Zhengxiong's words, the boss also knew that Ouyang Zhengxiong is likely to know these things now.

But I don't know who Ouyang Zhengxiong is now? What is his purpose?

"You don't need to be anxious or worried. I have absolutely no ill intentions towards you. I'm just here to seal the court's order. If you don't want me to continue investigating, then I will never embarrass you."

After listening to Ouyang Zhengxiong's words, the man suddenly felt that this might be a mission sent to him by God.

Ouyang Zhengxiong did not think about defeating them, and he also investigated everything behind them clearly.

"Since you have already guessed it, there is no need for me to confirm it with you. You are right. Those people I robbed before were indeed not good people, and those people were also very hypocritical."

After hearing what the boss said, Ouyang Zhengxiong nodded. He had already guessed this, so he was not surprised.

"Since you have admitted it, I will not embarrass you this time. Although I still catch you, I will not kill you."

After hearing Ouyang Zhengxiong say such words, not only the boss, but also Xu Changhai didn't know what Ouyang Zhengxiong had planned.

"Why didn't the escort catch them? Why not kill them? Even if they have hidden secrets, they should not attack those good officials."

As soon as he heard Xu Changhai speak, Ouyang Zhengxiong knew that Xu Changhai still didn't understand what was going on.

"It seems that you still don't understand what is going on. I will explain this matter to you slowly after I go back. Anyway, no one in this group of people is allowed to move. You can let the little ones go down."

"I want to have a good chat with this boss, and at the same time I want to have a good drink."

After listening to Ouyang Zhengxiong's words, the head of the family also laughed. He did not expect that Ouyang Zhengxiong was so generous.

This matter was something that the head of the family did not expect, because everyone in the court was more perfunctory than the other.

"You guys should go down first, don't worry about me."

Chapter 2326

After listening to the words released by the two leaders, the younger brother behind him had no choice but to go down no matter how unwilling he was.

"I think there's nothing to delay between the two of us, and there's nothing to take. Why don't we go get together in the house now?"

After listening to Ouyang Zhengxiong's words, the boss nodded.

"Then I'd rather be respectful than obey, please."

The two people came to the house quickly. After sitting down in the house, the two people began to talk candidly.

"Let me introduce myself. My name is Ouyang Zhengxiong. I am from the imperial court. If nothing happens, after this incident, I should be able to enter the imperial court smoothly."

After listening to Ouyang Zhengxiong's words, the boss nodded.

"Fortunately, I am Liu Yingqing, the head of Weimen Mountain. If you need anything, you can let me know."

After hearing Liu Yingqing's words, Ouyang Zhengxiong nodded slowly. This is indeed a good name.

"Liu Yingqing is indeed a good name. I don't believe that a person with such a good name is a bandit. You must have something to hide."

After listening to Ouyang Zhengxiong's words, Liu Yingqing really didn't expect that Ouyang Zhengxiong would actually help him make excuses.

"Why do you still make excuses for me? What exactly do you mean."

After hearing Liu Yingqing's question, Ouyang Zhengxiong also became funny.

"Isn't what I said true? Isn't the reason why you attacked those people just because those people have harmed the people?"

"Since you dare to offend the imperial court because of those people, why don't I dare to offend the imperial court because of you?"

After hearing Ouyang Zhengxiong's question, Liu Yingqing completely understood why Ouyang Zhengxiong

"I don't need you to pity me. The reason why I offended the court is also because of my own reasons. What I insist on now is what I think is right."

Looking at the high-spirited look on Liu Yingqing's face, Ouyang Zhengxiong knew that Liu Yingqing was not a simple person.

"If possible, I believe the two of us can cooperate. In fact, I can't understand the faces of those people in the court. I also think it's time for the court to clean up."

After listening to Ouyang Zhengxiong's words, Liu Yingqing looked at Ouyang Zhengxiong with some surprise. He remembered that people in the court were not so calm.

"Why are you doing this? What's the benefit to you?"

After listening to Liu Yingqing's question, Ouyang Zhengxiong began to think too hard.

What's the benefit of this matter? It's not that good at all.

"If I tell you carefully, this matter is of no benefit to me, but I can't see those people working in secret, and I can't see those people always dealing with you because of these things."

After hearing Ouyang Zhengxiong's words, Liu Yingqing felt that Ouyang Zhengxiong was simply joking with him.

"You don't have to make such a joke with me, Yang Feng, it's nothing to me, not to mention that the water in the court is very deep now, it's not easy for you to protect yourself."

"If you still want to save me, it is simply a dream."

After hearing Liu Yingqing's words, Ouyang Zhengxiong also knew that Liu Yingqing would not believe him.

He also knew that he appeared at the wrong time this time, but he really couldn't wait any longer.

"I don't have any illusions about Qi State. My sister was defiled by the second prince of Qi State. The reason why I came here to suppress the bandits this time is to fight for my sister's status."

After listening to Ouyang Zhengxiong's words, Liu Yingqing became very surprised.

"So that's it, since it's for your sister, I have nothing to say. This time you are the better one, even if you push me back, I have nothing to say."

After listening to Liu Yingqing's words, Ouyang Zhengxiong shook his head. Liu Yingqing did good things. There was no need for him to send Liu Yingqing to the court.

"What you have done is all good. There is no need for me to send you to the court. If possible, I hope you can cooperate with me to find some heinous people."

"Then pretend they are robbers from Mount Mighty, and you can escape this disaster."

After hearing what Ouyang Zhengxiong said, Liu Yingqing was really sharp. He didn't understand why Ouyang Zhengxiong took such a big risk.

"Why do you want to take such a big risk? Wouldn't it be more worry-free if we were handed over directly to the court? And there will be no accidents."

After hearing Liu Yingqing's words, Ouyang Zhengxiong shook his head gently, but that was not what he said.

"This is not the case for me. As long as I have a clear conscience, it is enough. I will find a way to keep everything I think should be kept."

Seeing the determination in Ouyang Zhengxiong's eyes, Liu Yingqing knew that Ouyang Zhengxiong was telling the truth.

But Liu Yingqing also became very surprised that Ouyang Zhengxiong could actually say such a thing

"It really surprises me that you can say this. Now it seems that you are different from the rotten people in the court. You should be the new blood injected. If the court is full of people like you, but it won't be a big deal."

Chapter 2327

Listening to Liu Yingqing's sigh, Ouyang Zhengxiong felt a little ashamed of himself.

"I'm not a good person, that's just what you see with your eyes. The reason why I entered the court is very simple, just for power."

Looking at the clarity in Ouyang Zhengxiong's eyes, Liu Yingqing knew that although Ouyang Zhengxiong was for power, he was definitely not the same person as those Wang adults.

"Even if you really do it for power, I also believe that you will not do anything that is harmful to the world, and you will never engage in corruption or bribery. If there is someone like you in the imperial court, it can be regarded as the imperial court. blessing."

Ouyang Zhengxiong laughed after hearing Liu Yingqing's compliment. He really couldn't afford such a big compliment from Liu Yingqing.

"I really can't afford such a big compliment from you. I am not a blessing to the court, but I do want to protect you. In this era, there are not many loyal people like you."

After hearing this, Liu Yingqing was a little confused. He has always been called a bandit and a bad guy by others, and no one has ever called him a loyal person.

Ouyang Zhengxiong suddenly called him, and he didn't even know what Ouyang Zhengxiong should do. Who to call

"If you say that, I really don't know who you should call me. In everyone's heart, I am just a bandit and a robber, and I don't deserve so much courtesy at all."

"Even in my heart, I feel that I am not a person who should be taken seriously, but you don't seem to think so."

Of course Ouyang Zhengxiong didn't think so. He felt that Liu Yingqing was a very rare person.

"Of course I don't think so. You are a rare person in the world. I am also telling you the truth. Do you want to go with me to find some heinous robbers and let them die on your behalf? Liu

Yingqing saw that Ouyang Zhengxiong was not lying to him, and his eyes slowly became firm.

"If you are not lying to me, but telling me the truth, I am willing to go with you. For the sake of the brothers behind me, I must give them a chance to live."

Liu Yingqing has always been thinking about the brothers behind him. He has never thought about his own interests.

"In fact, I admire you for being able to command such a group of brothers and make them loyal to you."

After hearing Ouyang Zhengxiong's words, Liu Yingqing suddenly laughed.

"What does this mean? The group behind you should also be loyal to you, and in my opinion they are more powerful."

After listening to Liu Yingqing's words, Ouyang Zhengxiong suddenly laughed.

"Now that you have agreed, shouldn't we sit together and have a good talk? Where are those heinous robbers? How can we find them."

After listening to Ouyang Zhengxiong's words, Liu Yingqing also nodded, and soon the two of them walked into the inn talking and laughing.

At this time, everyone waiting in the inn also changed after seeing the expressions of Liu Yingqing and Ouyang Zhengxiong. I was very confused.

I didn't know what was going on. How could the relationship between Liu Yingqing and Ouyang Zhengxiong become so good in just a quarter of an hour?

"No, what's going on with the boss? Why is he talking and laughing with the person next to him? Is it possible that the boss was persuaded by them?"

Listening to these words, the second master didn't know what was going on.

At this time, after Su Mingcheng saw this situation, he didn't understand what Ouyang Zhengxiong was thinking.

"Guard leader, why are you so close to this bandit? Isn't the purpose of our coming here to destroy them?"

Seeing Xu Changhai's confused look, Ouyang Zhengxiong wanted to give Xu Changhai a beating.

"Don't take it to heart. This person is just a second-rate person. He has never investigated you, so....."

"There is no need to explain. In the minds of these people, we are indeed just a group of bandits and not worthy of trust. You are willing to believe in me and are willing to save us. I am really grateful. Why bother competing with these brothers of yours?"

Listening to Liu Yingqing's general understanding, Ouyang Zhengxiong slowly felt relieved.

"Have I ever told you to go through your head before saying anything? Have you investigated the truth of this matter? Are you just saying that he is the worst robber?"

After hearing Ouyang Zhengxiong's rhetorical question, Xu Changhai didn't even know what was going on.

"Darthead, isn't this what you said before? You brought us here to suppress bandits, why did you change your mind in the blink of an eye?"

Hearing this, Ouyang Zhengxiong's face was a little embarrassed, but Liu Yingqing didn't take it to heart at all.

"I see that you and he still have something to talk about. Why don't I go to the room and wait for you first."

With that said, Liu Yingqing got up and took the initiative to go to the largest reception room above.

At this time, Ouyang Zhengxiong's eyes were very scary. He looked at Xu Changhai in front of him and wanted to beat him up.

"I did tell you that I came here to suppress the bandits, but I did not say that they were heinous people. I hope you can investigate clearly before doing anything."

Chapter 2328

After saying that, Ouyang Zhengxiong left here angrily. At this time, Xu Changhai still couldn't understand what happened.

"In fact, the reason why the escort boss told us this is just to let us investigate their intentions before doing this again. The escort boss has been training our abilities."

Su Mingcheng understands Ouyang Zhengxiong's painstaking efforts. He also knows that the reason why Ouyang Zhengxiong would keep these things and talk to them so easily is because some things are not as they appear to the eyes.

"What do you mean by that escort? Do we still have to be here? He was obviously here to suppress bandits, but he still got together with the bandits. It was really irritating."

After hearing what Xu Changhai said, Su Mingcheng gave Xu Changhai a backhand.

"When you are talking, it is best to go through your brain. No wonder the escort keeps talking about you. The escort has his own motives for doing this. You must know that it is not easy for the escort to train us like this, and the escort also We have been thinking of ways to exercise our abilities"

"The reason why the escort leader chose to go with them is probably because these people are not as simple as they seem on the surface, and what they do should be just things."

Obviously Su Mingcheng did not understand what Su Mingcheng said. Mr. Wang is a well-known good man in the court.

"Sigh, Su Mingcheng, I'm not happy to say that. Mr. Wang and Mr. Yushi, whom they robbed before, are both famous good people. Even the emperor praised these people when he saw them, but they didn't Did you say robbery when you say robbery?"

After hearing this, the boy next to him became a little angry.

"What you see is just an illusion. How do you know that these two must be good people? Do you know what they are doing behind the scenes? do you know?"

After seeing the angry look on their younger brother's face, Xu Changhai and Su Mingcheng knew immediately.

"So what you are saying is that Mr. Wang and Mr. Yushi are all pretending, then where did you get this news?"

The younger brother is just a younger brother. How could he possibly know where these messages came from?

"Although I don't know where the news came from, what our boss did is definitely not wrong. Besides, we helped the surrounding towns as soon as we got those before and after, and we even hid some of them. Get up and wait until there is a disaster somewhere before donating there."

After hearing what their younger brother said, Xu Changhai and Su Mingcheng knew immediately. It turns out that there are many things in this world with different inside stories.

But this matter cannot be just based on their words. They are robbers after all.

"Why should we listen to you? These adults are extremely skilled with us and are praised by everyone. Why do you say they are bad people or bad people? Do you have any evidence?"

Xu Changhai's arrogant attitude was clearly revealed at this time.

"Can we do these things without evidence? All the evidence is in the hands of our boss, and the things we do are all justified. We are not just bad people like you said."

After hearing this, Xu Changhai really didn't know what to say.

"They were all kept in the dark. It seemed that those people were buried very deeply."

After hearing Xu Changhai's words of self-destruction, Su Mingcheng stabilized Xu Changhai.

"Although what you said is true, why didn't you choose to report this matter to the court? Why did you choose to handle it yourself?"

"If you really have evidence in your hands, you should know how much shock it will cause if you hand this evidence to the court."

Seeing the justice on Su Mingcheng's face, these people thought that Su Mingcheng was a rich kid who had never suffered anything.

"You must be a person who has never suffered much and does not know the dangers of the court. Do you really think that they will be punished if these evidences are handed over? It's just wishful thinking"

"When our boss first learned about this matter, he did hand over the evidence to the court, but in the end, people followed this line and arrested the Gaomi people. You should also know the subsequent results."

Hearing such dark words, Su Mingcheng and Xu Changhai were speechless.

They knew that the court has always been a relatively dark place, but they did not expect that someone would need to use such methods to uphold justice.

"What are you talking about below? You should know very well what you should say and what shouldn't be said. If you let me know what you missed, don't blame me for being rude to you."

After hearing what the second master said, these people calmed down.

At this time, Su Mingcheng and Xu Changhai didn't want to ask any more questions. These things were already obvious.

Ouyang Zhengxiong and Liu Yingqing upstairs had just talked. start

"What exactly do you think about this matter?"

Chapter 2329

After listening to Ouyang Zhengxiong's words, Liu Yingqing also began to think carefully.

"In fact, there is an even more heinous robber on the other side of Mighty Mountain. The people in their village were indeed a group of robbers who committed all kinds of evil, burning, killing and looting, even the common people were not spared."

As he said this, Liu Yingqing's eyes actually turned red. It looked like he had suffered such a crime.

"are you sure? If what you said is true, then I will take my group of people and you to attack it now. When the time comes, we will treat those people as you and send them to the court."

Ouyang Zhengxiong asked this matter very seriously, and Liu Yingqing nodded immediately.

"Of course it is true, my family was killed by them, and I watched my sister being insulted."

After seeing Liu Yingqing's eyes full of blood, Ouyang Zhengxiong knew that he had hurt Liu Yingqing again this time.

He never thought that such a thing would happen, and he now knows that he was wrong

"If this is really the case, then we are ready to go now. We must kill them as soon as possible, otherwise if they exist more, they will have more people. Liu

Yingqing nodded after hearing Ouyang Zhengxiong's words, but he felt that Ouyang Zhengxiong's people alone should not be able to kill so many people.

"What do you want to do about this? We are here to cooperate with you. This thing cannot be achieved by you alone. You must have other people to cooperate. Their abilities are very high, and I am really good at them. I once took these brothers of ours to a loss. Most of it."

After seeing the disappointment in Liu Yingqing's eyes, Ouyang Zhengxiong did not refuse.

"In this case, let's go together. If he dares to do such a rebellious thing, don't be afraid that we will take action." After hearing Ouyang Zhengxiong's words, Liu Yingqing immediately showed a smile on his face.

"If that's the case, can I be considered as being absorbed by you now? So what am I going to do from now on? Should I go to the army with you?"

Actually, Liu Yingqing is very tired after these years. He no longer wants to be a bandit.

Although he has done some good deeds, his reputation will not be known to others.

"If you want to become soldiers, you can naturally go to the management. I can tell General Zhao and ask him to make an exception and recruit you. If you want to get rid of your identity as a bandit, you can also find another job."

After seeing Ouyang Zhengxiong let them choose freely, Liu Yingqing really laughed.

"I really didn't expect that God would be so kind to me. I originally thought that I would spend my whole life being a bandit with a bad reputation, but I didn't expect that I would meet you. I accept your kindness, but I no longer want to live a life of fighting and killing. If my brother is willing, can I let my brother become a soldier?"

Seeing that Liu Yingqing was still thinking about his brother at this time, Ouyang Zhengxiong also nodded.

"Of course, no matter who of you wants to join the army, I will write you a letter of introduction, but I will not lead you. After I finish this matter, I will not stay in the military camp."

After hearing Ouyang Zhengxiong's words, Liu Yingqing immediately frowned. Only Ouyang Zhengxiong would not look at them with colored glasses.

If Ouyang Zhengxiong didn't come to lead them, someone else might not be so strong.

"You are not in the military camp, where do you want to go? The person I serve now is you, and the brothers under me are not so easy to discipline. If they are not truly capable people, I am afraid they will not be able to deter them."

After listening to Liu Yingqing's words, Ouyang Zhengxiong felt that Liu Yingqing's considerations were a bit redundant.

"General Zhao is not weak in ability, and there are many outstanding generals in the military camp. They are much better than me. If you let these people teach you, they should be very good."

Although this is said, Liu Yingqing feels that this matter is still too redundant.

"There are indeed many talents in the military camp, but you are the only one we admire now. If you are really not in the military camp, then I will have no choice but to take my group of brothers and disarm and return to the fields."

Actually, this is also a good choice. There is nothing good about being a soldier. You have to live in fear all day long.

"In fact, I suggest that you take off your armor and return to the fields. There is nothing good about living a life of fighting and killing all day long. So what if you are a soldier, you may go to the battlefield at any time. Liu

Yingqing felt the same way after listening to Ouyang Zhengxiong's words. Otherwise, he would not have been discussing with Ouyang Zhengxiong here.

"Okay, if that's the case, then I'll take my brothers and return home. Anyway, some of them are already married, so I have nothing to worry about."

"After settling them down, I went to wander around the world and see the beauty of this world."

After hearing Liu Yingqing's words, envy appeared in Ouyang Zhengxiong's eyes.

He also wanted to live in the days when he could travel to the ends of the world with a sword.

Chapter 2330

"It's a good relationship. Maybe we will meet again in the future. I also want to live a wandering life like that, and I have already started to prepare. I will leave here after I finish handling the things at hand. Liu

Yingqing also became very surprised after listening to Ouyang Zhengxiong's words.

In Liu Yingqing's view, Ouyang Zhengxiong should cherish his current life.

"Why not choose to stay in the court? It is a good thing for the court that people like you stay in the court. Do you want to watch the court continue to be corrupted?"

Ouyang Zhengxiong didn't think so. He didn't think there was anything good in doing this.

"Of course not. In fact, I had no choice but to enter the court because I had a sister-in-law, and his whole family was killed. Their family was a wealthy and kind person, and I also received favor from their family. If something like this happens, I want to investigate the matter clearly. Once the matter is investigated clearly, everything will be fine. Liu

Yingqing nodded after hearing this, but he seemed to have heard of this before.

"You're talking about the Zhang family who were in the east of the city at that time?"

After hearing Liu Yingqing's question, Ouyang Zhengxiong immediately nodded.

"It is indeed the Zhang family. Do you have any impression? Or do you know what happened?"

Ouyang Zhengxiong really didn't expect that he would come here to do business and learn about Yu'er's family by accident.

"I do have the impression that this incident caused a great sensation at that time. They were falsely accused of committing heinous crimes, and it was also said that their whole family was killed. This matter must have something to do with the imperial court, and I was also favored by the Zhang family at that time. When I went to inquire about this matter, I found out that it was related to the second prince."

After hearing Liu Yingqing's words, Ouyang Zhengxiong's eyes were filled with surprise.

"What did you say? are you sure? Is this thing related to the second prince?"

Ouyang Zhengxiong is really in disbelief about this matter. If this matter is really related to the second prince, then the heroine is in danger now.

"This is just what I found out. I am not sure whether it is true or not, but I feel that there is no need for that person to lie to me, and very few people knew about it at that time. I have also been thinking about how to take revenge on the second prince, but there are too many guards around the second prince."

When Ouyang Zhengxiong heard this, his face was full of ridicule.

"This is really beyond my expectation. I originally thought that this matter was related to the emperor or the eldest prince, but I didn't expect that it was related to the second prince."

"Na Yu'er....."

After seeing Ouyang Zhengxiong talking to himself, Liu Yingqing felt that this matter was very important to Ouyang Zhengxiong.

"Ouyang, the Zhang family is also my benefactor. If there is anything you need my help with, I will not hesitate to help you. Judging from your appearance just now, you seem to be very surprised by this matter. Is it possible that you are very familiar with the second prince?"

Now that things have come to this, Ouyang Zhengxiong feels that there is nothing to hide.

"Of course I'm familiar with him. If this thing was really done by the second prince, it would be really hateful. The second prince had defiled Yu'er, and Yu'er was the youngest daughter of the Zhang family."

After listening to Ouyang Zhengxiong's words, Liu Yingqing was also very angry about this matter.

The Zhang family was also kind to him. He really didn't expect that the descendants of the Zhang family would fall into the hands of the second prince again.

"Now it seems that this second prince has really bad intentions. We must rescue Miss Yu'er. The Zhang family has a debt of gratitude to me. I must not just watch his descendants marry the enemy."

After seeing Liu Yingqing so determined, Ouyang Zhengxiong's eyes gradually became firmer.

"You are right, we must not look at Yu'er and marry the second prince, but we can't compete with the second prince now, and we don't know whether this matter is true or not. If we can go to the second prince's mansion to find out Then you will know."

After listening to Ouyang Zhengxiong's words, Liu Yingqing immediately understood what Ouyang Zhengxiong was going to do.

But this matter is really troublesome, and the second prince's wealth is not something they can get in if they want. They will probably be caught.

"Ouyang, I'm not trying to hit you. We can't just enter the Second Prince's Mansion if we want to. If we really want to go in, we need to conduct a careful interrogation, and we're not sure whether the Second Prince will tell the truth to us."

Liu Yingqing is still very worried about this matter. If they can't get in, everything will be in vain.

"You don't have to worry about this matter. It's all on me. The second prince and I are now considered partners. I never thought that he, who seemed so upright, would be involved in this matter."

After Ouyang Zhengxiong said these words, Liu Yingqing was very surprised. He did not expect that Ouyang Zhengxiong was actually related to this matter.

"If this is the case, then you need to investigate this matter clearly."

Ouyang Zhengxiong and Liu Yingqing have initially reached an agreement this time. For some reason, Ouyang Zhengxiong believes in Liu Yingqing's words.
