

Attributes 2331

Chapter 2331

"Let's decide the matter like this first, and we will attack another group of people."

After seeing Ouyang Zhengxiong solemnly making a promise, Liu Yingqing also smiled at Ouyang Zhengxiong.

And these are the people below, who still don't understand what happened between Ouyang Zhengxiong and Liu Yingqing.

"Now that we have initially reached an alliance, should we go down and talk to those people? We are bandits after all, and we are not trustworthy in the eyes of you soldiers. You'd better go and explain."

After listening to Liu Yingqing's words, Ouyang Zhengxiong nodded, and then followed Liu Yingqing out.

The group of people outside were in silence, as if something was going on.

Ouyang Zhengxiong and Liu Yingqing noticed this. After the atmosphere, I was a little surprised

"It's quiet now. Where has your lively energy gone? What happened in Su Mingcheng? Why don't you tell me about it?"

Looking at the current atmosphere, Ouyang Zhengxiong knew that something big must have happened just now.

And Su Mingcheng was silent for a moment after hearing Ouyang Zhengxiong's roll call.

"Escort head, we already know your good intentions, and we also know that we must do research in advance before doing anything. We already know that we were wrong."

After listening to Su Mingcheng's words, Ouyang Zhengxiong immediately realized why he said such things.

It may be that this group of people just told them something, and these people have already believed it.

"Just know that you should conduct careful investigation before doing anything. Although this group of people looks like a group of robbers on the surface, they are also a group of righteous people behind the scenes."

After hearing what Ouyang Zhengxiong said, not only Liu Yingqing became a little moved, but even the copycat brothers below became a little red-eyed.

"Thank you for your understanding, Brother Ouyang. Since you really want to help us, we won't be polite."

Ouyang Zhengxiong also nodded after hearing Liu Yingqing's words.

"In this case, you should quickly go back to the village to make repairs. My subordinates and I will take a look at how to do this. Once we have a specific strategy, we will definitely send someone to inform you."

After listening to Ouyang Zhengxiong's words, Liu Yingqing left here immediately.

After Liu Yingqing left, Ouyang Zhengxiong looked at Liu Yingqing with distant eyes, as if he was seeing something interesting through Liu Yingqing.

"Darthead, how do you know they are a group of righteous people? Do we really believe them so much? Then we reached an agreement with them on where to find this reward."

After listening to Su Mingcheng's words, Ouyang Zhengxiong waved his hand very nonchalantly.

"This matter needs long-term consideration. You come up first and we will draw up a combat plan."

A glimmer of light flashed in Ouyang Zhengxiong's eyes, and at this time everyone had already gathered in his room.

"They are a group of righteous people. We must not trade their lives for our fame. I have just discussed a strategy with their boss. There is also a group of the most evil robbers on the other side of the mountain."

"What we have to do is use this group of robbers to replace the group of robbers in Mt. Mighty."

After listening to Ouyang Zhengxiong's words, everyone present understood what Ouyang Zhengxiong meant.

But no one thought that Ouyang Zhengxiong would actually do such a thing.

"Is this idea really feasible? If this matter is brought to the court, I am afraid that all of us will suffer a lot."

After hearing Su Mingcheng's concerns, Ouyang Zhengxiong did not refute.

Su Mingcheng's concerns were not completely unreasonable, but they have no other choice now.

"Apart from this, do we have any better choice? As you said, I actually want them to survive. If they survive, they can do more."

After hearing Ouyang Zhengxiong's words, everyone present fell silent.

They are not blinded by interests now, and they also know that sometimes they need to let those people see their persistence.

"Headguard, I know what you are thinking. In fact, I have the same idea as you. Sometimes we do need a little patience, and we really cannot exchange the lives of righteous people for our fame and wealth. I am willing to follow You do this together."

Listening to Su Mingcheng's words, Ouyang Zhengxiong showed a trusting smile on his face.

In fact, it's not just Su Mingcheng, Ouyang Zhengxiong believes in everyone present.

If it weren't for enough trust, he wouldn't have said this directly.

"We are all willing to work with you, escort chiefs. Since they are all righteous people who are helpful to the court, we must protect them well."

After hearing what these people said, Ouyang Zhengxiong nodded with satisfaction. Now is the time to tell them the truth.

But he is not sure about this matter. He must go to another cottage to take a closer look.

"You guys rest here tonight, and I will tell you exactly what to do on the second day."

Chapter 2332

Although Ouyang Zhengxiong was saying this, no one dared to leave like this.

"Didn't the escort chief agree that he was here to discuss the battle plan today? Why are we all being asked to leave now? We are very impressed that you were able to know the true face of these people before us this time."

After seeing the heat in Liu Yingqing's eyes, Ouyang Zhengxiong knew that Liu Yingqing thought of him too much.

Sometimes he is also an ordinary person, and his guess needs time to be confirmed.

"You think so much of me, and I need to confirm this. I have been testing the boss just now. Although part of what he said is right, there are still many loopholes. If you really want to confirm whether this is true or false, you can only go there in person."

After listening to Ouyang Zhengxiong's words, Su Mingcheng immediately understood Ouyang Zhengxiong's thoughts.

But it would be too risky for Ouyang Zhengxiong to go alone.

"Escort, why don't you take us with you? I'm really worried about you going alone. If something happens, it will be over."

After hearing this, Ouyang Zhengxiong glared at Su Mingcheng fiercely.

"It's inconvenient to take you with me. I can do it by myself. Don't worry, I'll be fine."

Ouyang Zhengxiong knew what Su Mingcheng was worried about, and he did not forget to comfort Su Mingcheng at the end.

Su Mingcheng was still worried after hearing Ouyang Zhengxiong's words, but in the end he still did not choose to disturb Ouyang Zhengxiong.

"Well, escort, you must be careful, we people will always be here waiting for you to come back."

After listening to Su Mingcheng's words, Ouyang Zhengxiong thought he was going to do something big.

Those who didn't know thought he was going to die a heroic sacrifice. Now that he said this, it was really a bit ominous.

"Okay, don't say this, it's like I'm about to die when these words come out of your mouth. I have to leave here quickly and go find out the news. If it's later, it'll be too late."

After saying that, Ouyang Zhengxiong put on his night clothes and left here.

When Ouyang Zhengxiong came to Mighty Mountain, he wanted to see what the evil idea behind Liu Yingqing was.

He believed that Liu Yingqing was probably a good person, but he I never believe that Liu Yingqing is related to Yu'er.

Ouyang Zhengxiong has always been very fond of anything related to Yu'er, and will definitely refute it carefully.

Soon Ouyang Zhengxiong came to Mighty Mountain, and it didn't look like a heinous crime. The people here looked peaceful and peaceful, as if they were really enjoying everything here.

Ouyang Zhengxiong didn't know the internal structure of Weimen Mountain, so he could only explore it bit by bit.

And at this moment , in a very remote house, two people began to plot

"I didn't expect that Ouyang Zhengxiong would be fooled so easily. I thought he was so smart, but I didn't expect that he was also a fool."

The person who spoke was Liu Yingqing, who had communicated with Ouyang Zhengxiong before.

"This matter is all thanks to your wisdom, master. Fortunately, the real Liu Yingqing has been sent to that cottage before, otherwise we would have really suffered."

Ouyang Zhengxiong was also very surprised after hearing these words. It seemed that everything was just as he had guessed.

The Liu Yingqing he saw today was not the real Liu Yingqing at all. He deliberately said those words today to test him. No. Thinking of this temptation, it immediately exposed the truth.

"What do you think it would be like if Liu Yingqing knew that the people he worked so hard to protect were eventually replaced by our people one by one."

As he said this, Liu Yingqing actually laughed. It seemed that he was very curious about this matter.

After Ouyang Zhengxiong heard these words, he really wanted to rush in and beat up the two people inside.

These two people Against all odds, he actually almost deceived him.

Fortunately, he saved a trick and came here to take a look, otherwise he would really have been deceived.

But what made Ouyang Zhengxiong even more curious was, what exactly were they? How did they become the people here?

Could it be that someone taught them the art of transformation?

The top priority now is to go to another village to see if the person there is the real Liu Yingqing.

Ouyang Zhengxiong He left here quietly without being noticed by anyone.

After arriving at another cottage, the atmosphere here was obviously different from the atmosphere in the previous cottage.

There was a depressive and dark atmosphere here, which made people feel very... Painful.

Moreover, screams can be heard from time to time, which is even more puzzling.

Ouyang Zhengxiong can only slowly come to the living room step by step.

And here there is a ferocious man sitting in the long chair. In front of the conference table, he also rejected many people.

"Boss, what should we do now? What happened to us all of a sudden becoming these heinous people?"

The fierce-looking man at the main seat didn't understand what was going on, so he could only frown.

Chapter 2333

"In fact, I don't know what is going on, and I can't figure it out now, but since they have found a way to become me, they will definitely be able to make it impossible for me to change back."

Although the man said this, he actually didn't know for sure. He didn't know for sure. He didn't know what was going on, and he wasn't sure whether he could change back.

"Boss, are you so sure that we will change back? Why do I feel so suspenseful about this matter? And they chose to exchange with us at this time. Is it possible that they want to unite with other people to eliminate us?"

"If we are really wiped out, they will be the only ones living in this world, and they can live with new identities."

Listening to the second master's guess, the man also guessed it. This is the only possibility that can be explained now.

"It is indeed possible, but now that we have been exchanged by them, it is very difficult to change back. If we really want to know what to do, we have to do it quickly."

In fact, the real Liu Yingqing still has a kind heart, and even in this desperate situation, he never mentioned surrender.

After Ouyang Zhengxiong saw that Liu Yingqing had such a character, he also broke in

"Maybe I can help you solve whatever you are worried about."

After saying that, Ouyang Zhengxiong actually came here directly and took an empty seat. The people next to him were also very surprised after seeing Ouyang Zhengxiong. None of them noticed that there was an extra person here, and they didn't even realize that Ouyang Zhengxiong was How did you get in?

"who are you? Why should we believe you? What on earth are you doing here?"

Ouyang Zhengxiong also laughed after hearing what the second master said.

"I know that you are the real righteous men of Weimen Mountain, and you must be the real Liu Yingqing. I have already met the fake Liu Yingqing, and he also gave me an idea to lead our troops to kill you. Think of you as those heinous robbers."

With just a few words, everyone knew the purpose of his coming here, and the real Liu Yingqing was shocked when he heard about it. He didn't expect that the group of people actually had such an idea, but he didn't think so now. I'm in the mood to understand it.

"Even if that's the case, I'm not in the mood to care about it now. Although I am the real Liu Yingqing now, my current outer shell is Su Hao. You can just call me Su Hao."

After listening to Su Hao's words, Ouyang Zhengxiong nodded. If this is the case, then he has nothing to say.

"I can save you directly. You should have been transformed by him. If you really want to return to your own body, you must face them face to face."

After hearing Ouyang Zhengxiong's words, these people became very surprised. They had never heard of apparation.

"We were replaced by them while we were sleeping. Why can't they replace us while they are sleeping? This is so unfair to us, isn't it?"

After hearing what the second boss said, Ouyang Zhengxiong wondered whether this matter was indeed unfair to them.

"But you are the group of people who were bewitched. If you are the group of people who are really bewitched, you really don't need to do this. Or you can just want a brand new body, but if you really want to return to yourself, In his body, he must face them face to face."

After seeing Ouyang Zhengxiong say these words seriously, Su Hao also believed Ouyang Zhengxiong's words.

"But they are absolutely unwilling to face us, not to mention that they have already thought about how we should die."

After listening to Ouyang Zhengxiong's words, Su Hao nodded, this matter is indeed true.

"You are indeed right about this. He has indeed thought about how you should die, but I can help you. When I lead them to destroy your hands, that will be the real moment for you to fight back."

But at this time, some people still doubted Ouyang Zhengxiong.

"Why should we believe you? Who are you? How can we be sure that you are here to help us?"

Ouyang Zhengxiong knew that this group of people might still have some doubts.

"I am Ouyang Zhengxiong, you can go and find out. I have a tie with the chief disciple of Shenfeng Academy, and I am also a new rookie in the imperial court. If you are not even willing to believe me, then no one can save you."

Ouyang Zhengxiong introduced these very calmly, because he did not think that these things were an honor for him.

The reason why he was able to draw a tie with Mo Yu was because he did not want to stand out, and he also worked harder than Mo Yu.

"I want to believe you. Now we seem to have no better choice except you. So what do you think we should do now? Everyone from me to several big bosses have been replaced by him."

Chapter 2334

In fact, Ouyang Zhengxiong is not too worried about this matter.

"You have all been replaced and it will be easy to replace them later. The most important thing now is how to surround them and press them here. They believe in me now and will attack you with me."

After listening to Ouyang Zhengxiong's words, Su Hao also nodded. In this case, he now has a good idea.

"If this is the case, then you will come together to attack us, and we will pretend that we cannot defeat us. As for how to deal with it, you leave it to him."

"He should have told you that my parents died at the hands of that group of people. If you ask them to solve this matter, they will definitely agree."

Although the logic of these words is a bit confusing, Ouyang Zhengxiong still understood it easily.

"Okay, I understand, then it will depend on our acting skills. Don't worry, I will do my best to protect your safety."

After hearing this, Su Hao also nodded. Maybe this is his last hope in life.

"Then when are you going to attack? I can arrange this matter now."

After hearing this, Ouyang Zhengxiong was a little surprised. Are the remaining people here still those loyal and courageous people?

"Could it be that besides you, everyone else here is also loyal and courageous? You have to know that if you save these brothers, it is very likely that your brothers will die."

After hearing this, Su Hao fell silent. He didn't want his brother to die, but after getting along for a short time, he found that the people here were actually not that bad. They were just trying to make a living.

"But in fact, the people here are not bad. They just do this to make a living, and the reason why they are like this is because of Liu Yingqing, let's call him that."

Ouyang Zhengxiong does not deny what Su Hao saw and did, but Su Hao cannot try to save everyone.

"I admit that what you said is true, but you can't save everyone. Besides, since they chose to defect to this village in the first place, they should have expected such consequences. Aren't you all trying to survive in troubled times? But in the end you still stick to the belief in your heart, which actually has nothing to do with the times."

After listening to Ouyang Zhengxiong's words, Su Hao couldn't think of anything to refute Ouyang Zhengxiong.

Because he felt that what Ouyang Zhengxiong said was right, "Now that you have said this, I have no way to refute you. What you said is indeed correct, but there are many people in this world who cannot help themselves. Although my brothers stick to the justice in their hearts, they live in poverty. Even their relatives will suffer because of this incident. things die"

"At the very least, living here can provide a guarantee for their loved ones, allowing them to survive even when their loved ones are sick."

After hearing this, Ouyang Zhengxiong could not refute Su Hao. There are indeed many helpless things in this world that affect their choices.

"Everyone has to pay the price for their own choices, and you can't write off everything just because you have a hard time."

After listening to Ouyang Zhengxiong's words, Su Hao also understood what Ouyang Zhengxiong meant. Since there is no way to protect everyone, then he should protect his brothers.

"I know, I choose to protect my own brother. Although I feel sorry for these people, I can't give up my brother."

After seeing that Su Hao made the right choice, Ouyang Zhengxiong also nodded.

"Now that you have made your choice, I will not disturb you here. I will definitely protect you, just like I conspired with Liu Yingqing before, using them to replace your sins."

After hearing what Ouyang Zhengxiong said, Su Hao nodded gently, and then Ouyang Zhengxiong left.

After Ouyang Zhengxiong left, Su Hao had been thinking quietly, whether Ouyang Zhengxiong could be trusted, and who he was. ?

Even other people are questioning the purpose of Ouyang Zhengxiong's appearance and who exactly Ouyang Zhengxiong is.

"Boss, do you really think this person is trustworthy? Why he is willing to help us and what his purpose is, he has not shown it yet."

Su Hao probably understood what they meant, but he also knew what Ouyang Zhengxiong meant.

"His purpose is obvious. He just wants to make great achievements, but he is not willing to give up the persistence in his heart, which is why today's scene is happening. If he really just wanted to eliminate us, then there would not be what we are now. things happen."

After listening to Su Hao's words, although these people believed in Su Hao, they were not sure about this matter.

"Boss, we want to believe you, but we don't want to believe that person. What if he really lied to us?"

Actually, Su Hao was not sure that Ouyang Zhengxiong was telling the truth, but he still wanted to take a gamble.

Chapter 2335

"No matter what, we should still have more hope for him. I hope he can save us."

After hearing Su Hao's uncertain tone, everyone else also fell silent.

If they really want to return to their own bodies, they will definitely not be able to do it.

I don't know who those people are. What method was used to exchange their souls?

And the person who just came here actually said that he could help them, so we can only wait and see.

After Ouyang Zhengxiong returned to the inn, his whole attitude was like He had changed into a different person, becoming as cold as ice.

Even if Su Mingcheng and Xu Changhai wanted to get close to Ouyang Zhengxiong, they had to weigh themselves first.

But this time the waiter discovered something was wrong. Ouyang Zhengxiong had just come out. What did he do?

At this time, Ouyang Zhengxiong directly tapped the waiter's sleeping point and let the waiter fall asleep. He could not pass this news to Liu Yingqing.

"Darthead, you're finally back, how's it going? Did you find out the information you wanted to find out?"

Listening to this question, Ouyang Zhengxiong nodded slowly until he never thought that his random guess was actually correct.

"I've already found out, you two come here, I have a very important task for you."

Although the new recruits brought out are all very powerful, the ones that Ouyang Zhengxiong likes the most are Su Mingcheng and Xu Changhai.

"What on earth do you have to say, escort? We still need to talk to the two of us individually."

Ouyang Zhengxiong did not answer their two questions. Instead, he took them back to the room.

"Now there is a very important question. The Liu Yingqing we thought before is fake. You should know that this is a society that respects martial arts, and there are many people who practice it."

"But now, the person in Liu Yingqing's body is Su Hao, the most evil robber."

After hearing what Ouyang Zhengxiong said, Su Mingcheng and Xu Changhai were very surprised.

Although they had no doubts about Ouyang Zhengxiong, they still couldn't help but question Ouyang Zhengxiong when he said such ridiculous words.

"Darthead, are you telling the truth? Although there are indeed cultivators in this world, how could such a ridiculous thing happen?"

Ouyang Zhengxiong knows this, and they don't want to believe it.

But this matter is not something they can just brush off if they don't want to believe it. It did happen.

"What's the benefit of me lying to you? The reason why I called you two in alone this time is because I want you two to do one thing."

Only then did Xu Changhai and Su Mingcheng truly realize that Ouyang Zhengxiong was not talking to them.

That meant that Ouyang Zhengxiong needed them to contain those people.

On the second day, Xu Changhai and Su Mingcheng responded to Ouyang Zhengxiong's words yesterday. There are still some doubts.

But they will still carry out the tasks assigned to them by Ouyang Zhengxiong. No matter what, they must not forget Ouyang Zhengxiong's words.

"Acheng, do you think what the escort chief said is true or false? Although there are practitioners in the world, it is too alarmist to say such things."

After hearing the doubts from Xu Changhai's mouth, Su Mingcheng didn't say anything.

"If you don't want to believe this, you don't have to do it. You don't need to ask me here. The military order is like a mountain."

Xu Changhai curled his lips after hearing Su Mingcheng's words, feeling that Su Mingcheng was getting more and more boring now. Now

Su Mingcheng really listened to Ouyang Zhengxiong's words, but he felt very uncomfortable.

At this time, Ouyang Zhengxiong also saw Liu Yingqing, but he But it didn't show

"Brother Liu has been waiting for you here for a long time. Are your troops ready?"

Liu Yingqing nodded gently after listening to Ouyang Zhengxiong's words. His people are already prepared. The question now is whether Ouyang Zhengxiong is prepared.

"Don't worry, my people have already been prepared, what about you? Are your people ready?"

Ouyang Zhengxiong also nodded, and then the group quietly reached the mountain.

"Brother Liu, my men will go in first and capture that group of people, and then push them into the court."

Listening to Ouyang Zhengxiong's words, Liu Yingqing smiled and nodded, but soon he remembered something.

"Brother Ouyang, I know this matter may be a bit abrupt, but I still hope you can agree to it."

After listening to Liu Yingqing's words, Ouyang Zhengxiong looked at Liu Yingqing with some doubts. What else is going on?

"Brother Liu, if you have something to do, you can just say it directly. There is no need to be so polite. If there is anything I can do to help you, I will naturally be obliged to do so."

Listening to what Ouyang Zhengxiong said, Liu Yingqing had nothing to hesitate.

"Brother Ouyang, then I won't be polite to you. Remember I told you before that this robber is my sworn enemy. If possible, I hope you can hand him over to me."

After hearing this, Ouyang Zhengxiong frowned at first, but then relaxed.

"Of course, since you and him are sworn enemies, it will naturally be left to you to handle it."

Chapter 2336

After seeing Ouyang Zhengxiong agreeing to him so quickly, Liu Yingqing felt a little awkward.

"Brother Ouyang really agreed so happily? I remember that you came here to capture these robbers. If the robber leader is missing, won't the court blame you?"

Seeing Liu Yingqing say such words, Ouyang Zhengxiong waved his hand without hesitation.

"It doesn't matter, don't take this matter to heart, even if there is no leader, won't there still be a group of minions? That group of minions are the same way."

Listening to Ouyang Zhengxiong's words, Liu Yingqing nodded gently.

"That's good. I'm afraid something will happen to Brother Ouyang because of me. If that's the case, then I won't be too polite to Brother Ouyang. Brother Ouyang, just go up first and I'll watch you from behind."

After listening to Liu Yingqing's words, Ouyang Zhengxiong nodded slightly and turned around, his expression changed.

He never thought that Liu Yingqing was so shameless and still refused to tell them the truth.

But Liu Yingqing is proud now. It won't be long, it won't be long before he reveals Liu Yingqing's true identity.

After Ouyang Zhengxiong left here, he led his troops into the village

"Dart, how are we going to get in now? Although this cottage looks very lax, no one knows what is hidden inside."

After hearing this, Ouyang Zhengxiong nodded gently. It is true that no one knows what kind of danger is hidden inside.

If this is the case, then they should go in and see what is hidden inside.

"It doesn't matter, we can just go in gently now. Seeing that this cottage is so lax, there should be no one stationed there. Although they are a group of heinous people, they don't seem to be very proficient in what to do."

Listening to Ouyang Zhengxiong's words, these people slowly breathed a sigh of relief and followed Ouyang Zhengxiong's instructions step by step.

At this time, they heard the sound of singing and dancing in the village, as if some kind of banquet was being held inside.

"You are really amazing, escort. There is music playing all the time inside. Something big must have happened."

Hearing such praise, Ouyang Zhengxiong didn't feel happy at all. These things should have been planned by Su Hao in advance.

But since Su Hao has already done so well, he can't be at a disadvantage.

Soon Ouyang Zhengxiong took him Soldiers and horses approached the cottage little by little until they surrounded the entire cottage.

The next second the whistle sounded, these people stopped hiding and rushed in following Ouyang Zhengxiong's whistle. The robbers here were still very angry. Doubtful.

Soon Ouyang Zhengxiong's men captured all the robbers. At this time, even Su Hao looked at Ouyang Zhengxiong very unconvinced.

"Who are you? Why did you suddenly appear here? What on earth are you here for?"

After hearing this, Ouyang Zhengxiong smiled slightly and slowly walked into Suho.

"What do you think I'm here for? You people have committed such heinous crimes that I am naturally here to take your lives."

Seeing the light in Ouyang Zhengxiong's eyes, Su Hao couldn't help but become nervous.

I have to say that Ouyang Zhengxiong's performance was indeed very similar. After seeing Ouyang Zhengxiong like this, he felt very uneasy.

In the end, Su Hao still suppressed his inner panic and looked at Ouyang Zhengxiong very unconvinced.

"Who brought you here? How do you know this place?"

Before Ouyang Zhengxiong had time to answer Su Hao's words, Liu Yingqing walked over step by step behind him.

"Suho, do you still remember me?"

When Liu Yingqing said these words, he was very resentful. He looked like a gentle man step by step, but his eyes were very scary.

"Are you Liu Yingqing? I didn't expect that it was you and I fell into your hands."

After hearing Su Hao's words, Liu Yingqing nodded. At this time, he squatted in front of Su Hao.

"I didn't expect it. It was really because I was so enthusiastic when you killed my family. You didn't expect that I would come back to take revenge."

After hearing Liu Yingqing's words, Su Hao's expression became very sarcastic.

"When did I kill your family? It should be you who killed my family. It's already here, are you still pretending to me now? Who are you? You should know it very well in your own mind."

Liu Yingqing didn't change his expression at all after Su Hao said these words, because he was sure that no one would believe Su Hao.

"Who am I? I am Liu Yingqing. You are Su Hao. If you killed my parents, you should pay with my blood."

I have to say that Liu Yingqing's acting skills are indeed very strong, and the resentment in his eyes is vividly expressed.

After Ouyang Zhengxiong saw Liu Yingqing like this, he couldn't help but believe that the Liu Yingqing in front of him was the real Liu Yingqing.

But he also knew that this was not the case. He also knew that this was probably Liu Yingqing's deliberate display.

What was going on? He had already investigated it clearly, and there was no need to linger here all the time.

"Then I'll leave him to you, and I'll go see the others."

Chapter 2337

After saying that, Ouyang Zhengxiong patted Liu Yingqing's shoulder to signal him to calm down and left.

After Liu Yingqing saw Ouyang Zhengxiong leaving, his face was immediately filled with smile.

He will never look like he did before. When he faces Su Hao alone, he doesn't need to pretend anymore.

"How about it, he now believes that I am the real Liu Yingqing, and you are just the Su Hao who committed a heinous crime."

After hearing Liu Yingqing's words, Su Hao could no longer bear it.

"It turns out that you still know that you have committed a heinous crime and that you are the real Su Hao. It was you who took my place. Don't you know that in your heart?"

Seeing Su Hao's unconvinced look, Liu Yingqing felt very good.

"What's the point? Even if I am Su Hao, who will believe what you say? Now you are the real Su Ho, and you should atone for what Su Ho has done."

After seeing Liu Yingqing being so arrogant, Su Hao wanted to rush forward and kill him.

But now that he was being held down, he couldn't resist at all. The only thing he could do was watch.

"Liu Yingqing, you bastard, let me tell you, don't think that you can be safe if you use my body. One day, someone will discover this scam, and you won't be able to survive by then."

Su Hao doesn't care about this now. It's enough for him that he can survive now.

"So what? You don't have to threaten me like this. I won't listen to your threats. If I survive now, I won't do these things again in the future. I actually got clean with your hands. Then I must cherish this life."

After seeing Liu Yingqing arrogantly, Su Hao really wanted to kill Liu Yingqing.

But now he can't do anything, he can only stare at Liu Yingqing.

"Don't worry, I will definitely let you go happily. I will also take good care of your brothers and let them go back."

Hearing Liu Yingqing say such words, Su Hao closed his eyes in pain.

It was as if he had accepted this fate.

Soon Ouyang Zhengxiong walked in again, and he wanted to see what step he had reached now.

Seeing Su Hao lying on the chair in pain and helplessness, Ouyang Zhengxiong knew that Liu Yingqing had given him a good look.

"How about Brother Liu? Have you decided what to do with him?"

After hearing Ouyang Zhengxiong's words, Liu Yingqing immediately came back to his senses.

"It turns out that Brother Ouyang is back. I want to kill him with my own hands and kill my enemy with my own hands. But I know that this matter is not realistic. I can't exchange my own happiness for your inability to communicate."

After hearing this, Ouyang Zhengxiong pretended to be moved.

"Brother Liu didn't expect that you are still thinking about me now. Don't worry, if he is pushed back and the emperor wants to behead him in public, I will definitely inform you and let you come and see."

Thank you Liu Yingqing. After listening to Ouyang Zhengxiong's words, he nodded gently. At this moment, he wanted to go out, as if he didn't want to see Su Hao again. But

Ouyang Zhengxiong did not give Liu Yingqing a chance to go out. The next second He immediately immobilized Liu Yingqing.

"Brother Ouyang, what do you mean? Why do you want to freeze me suddenly?"

Seeing that Liu Yingqing was still pretending to be stupid at this time, Ouyang Zhengxiong couldn't help but clapped his hands.

"I really underestimated you, here you are, and now you are still pretending to be stupid with me. Who are you? You have not even forgotten yourself."

After listening to Ouyang Zhengxiong's words, Liu Yingqing's face slowly darkened.

Unexpectedly, Ouyang Zhengxiong actually knew about this. Who told him?

"Brother Ouyang, what are you talking about? Why can't I understand something? I am Liu Yingqing. If someone is talking to you, you must not believe him."

Seeing that Liu Yingqing was still refusing to admit it at this time, Ouyang Zhengxiong pulled Su Hao up from the ground.

At this time, Su Hao was gone. The attitude of begging for mercy just now was forced out by the cold. Looking at Liu Yingqing

"Do you think you are pretending to be like me? In fact, you have exposed your secret a long time ago, don't you know? He already knew the fact that you were Su Hao."

Hearing Su Hao's words, Liu Yingqing couldn't accept it.

"Impossible, Ouyang Xiu, please don't listen to his nonsense. I am the real Liu Yingqing. Why should I lie to you?"

After thinking about it, Ouyang Zhengxiong was no longer interested in listening to what he continued to say, so he sent someone to block his mouth.

"I can judge who is true and who is false, so I don't need you to tell me. Since you have exchanged souls with him, it wouldn't be an exaggeration to exchange you both back now."

Listening to Ouyang Zhengxiong's words, Liu Yingqing almost went crazy.

He didn't want to go back to Suho. Once he did, he would be beheaded.

"No, Brother Ouyang, you can't believe him. I am the real Liu Yingqing. You must believe me."

Since Liu Yingqing was still obsessed with it at this time, Ouyang Zhengxiong didn't say anything, but he just couldn't figure out the formation.

Whether he was the real Liu Yingqing or not, this formation would give him an answer.

At this time, Liu Yingqing began to hold his head violently. The pain arose, and several of his other men were not spared.

Chapter 2338

Because the other subordinates exchanged their souls through Liu Yingqing, now that Liu Yingqing has returned, they are going back.

After about a stick of incense, Ouyang Zhengxiong finally completed the ritual, and Liu Yingqing opened her eyes again.

At this time, Liu Yingqing is obviously not the same person as Liu Yingqing before.

"Ouyang, thank you for saving me and my brother."

After hearing Liu Yingqing's words, Ouyang Zhengxiong also laughed. This is not something worthy of gratitude.

"It's nothing, these are all what I should do. You have protected so many people. It's time for me to protect you. Liu

Yingqing laughed after hearing Ouyang Zhengxiong's words. At this time, Su Hao and others on the ground finally knew that they could not escape this crime this time.

"Brother Ouyang, I really know I was wrong. Just let me go this time. I swear I will never do such a thing again. I will never kill anyone again or be a robber again. I will definitely It will be corrected."

After hearing Su Hao's words, Ouyang Zhengxiong did not choose to believe him.

"The things you did before are enough to sentence you to death now. You now know that regret is useless. Do you think those things before can be written off?"

After hearing Ouyang Zhengxiong's words, Su Hao really knew that he was wrong.

"I, Brother Yang, I really know that I was wrong. Look, I was still advising you before. Just let me go. I will never love again or hurt anyone casually. I really know that I was wrong. , don't send me to the court."

Ouyang Zhengxiong felt very upset when he saw Su Hao begging for mercy. The next second he gave Su Hao a silence spell.

He never knew that Su Hao was so upset.

"Brother Liu, this time you helped me successfully find the most evil robber. What do you want to do after you go back?"

Liu Yingqing laughed after hearing Ouyang Zhengxiong's words. It seems that he should not be thanked for this matter.

"I should be thanking you for this matter. If you hadn't taken action, I might still be Su Hao now. I don't have anything I want to do. I just want to take off my armor and return home. After having you, I don't have to worry about the court anymore."

Ouyang Zhengxiong didn't expect that Liu Yingqing would trust him so much and give all the newcomers to him.

"Brother Liu, thank you for giving me such a big trust. I don't know what I should do, but don't worry, I will definitely figure it out, and I will definitely know what I can do."

Hearing Ouyang Zhengxiong's words, Liu Yingqing was completely relieved. If this is the case, then they can be disbanded as the robbers in Mengshan.

"Then I will disperse the robbers on our side when I go back. Now that these people have been caught, can we go home?"

After hearing Liu Yingqing's words, Ouyang Zhengxiong nodded lightly. If they really want to go home, it is completely possible.

"If you want to go home, it's totally fine. I won't stop you. This is indeed a good choice, but I advise you not to set your residence in Qi. Although you are from Qi, the political situation in Qi is unstable now. , there is no telling when civil strife will break out."

After listening to Ouyang Zhengxiong's advice, Liu Yingqing fell silent. He was tired of guarding Qi State.

He no longer wanted to protect Qi State. If possible, he would also like to go somewhere else.

"I have already thought about it. After this successful exit, I will go to other places to see the scenery of various countries. There is no need for me to limit myself to Qi."

After listening to Liu Yingqing's words, Ouyang Zhengxiong nodded gently.

"What you said is indeed correct, so I wish you a smooth journey."

At this time Liu Yingqing nodded and took his group of brothers back to his mighty mountain.

"Brothers, thanks to Master Ouyang this time, we were able to leave us successfully. We must remember Master Ouyang's great kindness, and Master Ouyang also promised me to let you return to the world to do what you want. He won't interfere with us."

After hearing this, everyone below became excited. They had already wanted to live a normal life.

However, they had already become robbers. No one would believe them, and if they really went If they were at the foot of the mountain, there would be no people to welcome them.

"Boss, what about you? What are you going to do?"

Most of their brothers here are already married, but Liu Yingqing is not.

"Me, I want to travel around the country and have a good look. I don't want to limit myself to Qi. If you don't want to be in Qi, you can also go around."

Seeing that Liu Yingqing was in a good mood and saying these words, they knew that Liu Yingqing had not deceived them.

But what Liu Yingqing said really made them feel very excited.

"Boss, since we are all old and young, we will not travel around the world with you. We will settle down here."

Chapter 2339

Liu Yingqing was not surprised at all when he heard what these brothers meant.

After all, they have wives and children now, so it really doesn't look like they are following him all the time.

"You don't have to be surprised. I didn't ask you to come with me. We brothers have done so many things together one after another. Fortunately, there are good results now. I hope everyone will

cherish it. If something happens in the future, I still hope Everyone can still help us as much as we can now."

After hearing Liu Yingqing say such words, these brothers all had tears in their eyes.

"Boss, we will never forget you in this life. It was you who gave us the chance to live, and it was you who protected us until now. We will not be ungrateful. If you have no place to go in the future, you can come back to us at any time. We will always be here waiting for you."

After hearing these words, Liu Yingqing showed a smile on his face. These brothers of his are indeed very good.

"Don't worry, if I can't survive outside in the future, I will definitely come to seek refuge with you. If I come to seek refuge with you, you must not reject me or drive me away."

After seeing the smile on Liu Yingqing's face, these people all had a hint of teasing on their faces.

"Boss, look what you are saying. If you really come to join us, it will be too late for us to be happy. How could we dislike you? At most, we would just ask you to do heavy work for us."

After saying that, he laughed to himself. After hearing this, Liu Yingqing just looked at them with helpless eyes.

Liu Yingqing knew very well that the reason why they said this was just to dilute the sadness caused by parting.

But sooner or later There will be a day of separation, and there is no need for them to be entangled here all the time.

"Brothers, there is no need to say anything else. Sooner or later, we will be parted one day. It is an honor to be able to meet each other and stay together in this life."

After that, Liu Yingqing left here without saying anything, because he knew that if he continued to stay here, those brothers would be even more reluctant to leave him.

Maybe they would have no chance to leave by then, but he could I don't want to face a group of crying grown men.

After seeing Liu Yingqing leave, the brothers here also dispersed. They gathered together because of Liu Yingqing.

Now that Liu Yingqing has left, they should also know their differences and leave here.

If there is In the next life, they will become good brothers again and stay together, but unfortunately not now.

Liu Yingqing wanted to see Ouyang Zhengxiong again before leaving, but Ouyang Zhengxiong was in the military camp at this time

"General Zhao, this time I was completely successful and found the most evil group of robbers."

After hearing what Ouyang Zhengxiong said, General Zhao was very incredible. He never thought that Ouyang Zhengxiong could really find these robbers.

"Are you sure you got it right? Did you really catch the robber? what is going on? How did you catch it?"

Since General Zhao was so curious, Ouyang Zhengxiong didn't hide anything.

"I did use some tricks, but what I did was harmless and I successfully caught them. I also hope that General Zhao will not care about me."

After hearing what Ouyang Zhengxiong said, General Zhao was almost anxious to death.

He couldn't care less, everything he said was true.

"Since you have successfully solved this matter, you must have made a contribution. As for how it was solved and the process of solving it, I don't care. Tell me everything quickly."

After seeing General Zhao being so frank, Ouyang Zhengxiong also laughed.

"General Zhao, since you are so honest, I have nothing to hide from you. The people I captured this time were not the group of robbers from Mt. Weimen, but the most evil ones on the other side of the mountain. Robbers."

Since Ouyang Zhengxiong said this, General Zhao looked confused. Why did he change his mind halfway when he was clearly going to catch the bandits in Weimen Mountain?

"What the hell is going on? Why don't you explain it to me quickly?"

After seeing General Zhao being so anxious, Ouyang Zhengxiong also knew that if he continued to pause, General Zhao might really be able to beat him.

"I had already investigated everything clearly when I went to suppress the bandits. In fact, the group of robbers on Mighty Mountain were not really heinous people. Those they robbed were all hypocritical people in the court."

After hearing Ouyang Zhengxiong's words, General Zhao's face was full of disbelief. He had heard of all the people who had been robbed. They were all famous good people. They were not only supported by officials in the court, but also had a very high reputation among the people.

"How can this be? Is it possible that you have been deceived? They are all well-known good people and have high prestige among the people."

Ouyang Zhengxiong knew that General Zhao would doubt him, but everything he said was true.

"General Zhao, I dare to swear to God that what I said is all the truth. If there is even half a lie, I will be struck by thunder and die."

Chapter 2340

Ouyang Zhengxiong is a practitioner, and the most taboo thing among practitioners is to swear casually.

If they lied, it would be true.

"Why are you so sure? Could it be that they themselves told you that? They are robbers, how can you believe their words so easily?"

Ouyang Zhengxiong knew that General Zhao could not believe this, but he must not make personal attacks.

"General Zhao, everything I said is true. I investigated these matters myself and have nothing to do with them. How many people in the court wear masks of hypocrisy, and how many people can survive through this mask, General Zhao, you should know better than me."

After hearing this, General Zhao remained silent. What Ouyang Zhengxiong said is indeed correct. It is almost impossible to survive in the court without the mask of hypocrisy.

"If this is really the case, then I will definitely investigate clearly, and I will definitely let them reveal their flaws."

Actually, Ouyang Zhengxiong doesn't think General Zhao's tentacles are needed in this matter.

"There is no need for you to take action in this matter of General Zhao. If you are interfering in the affairs of the court, I am afraid the emperor will be even more dissatisfied with you. It's enough to leave this matter to me."

After seeing Ouyang Zhengxiong take on this matter so bravely, General Zhao felt that Ouyang Zhengxiong was indeed responsible now.

"You are indeed different now than before, and you have become more and more responsible. If you really think you can solve this matter smoothly, then I will not interfere."

After seeing General Zhao finally agreeing, Ouyang Zhengxiong still laughed. No matter what, he will definitely do his best.

"General Zhao, I have one more thing to ask you for help. Only you can help me."

After seeing Ouyang Zhengxiong like this, General Zhao was a little surprised. What exactly did Ouyang Zhengxiong want to say?

"What are you trying to say to me? There is no need to be so polite between us. You are the successor I have already chosen."

After seeing General Zhao like this, Ouyang Zhengxiong said bluntly.

"Although I completed the mission this time, I did not report it to the Emperor before. If I tell the Emperor this time, I am afraid the Emperor will be suspicious, so....."

"So you want me to tell you? Since you have successfully solved this matter, I will not let you solve it in vain."

General Zhao directly stated what Ouyang Zhengxiong was thinking.

If General Zhao can really help Ouyang Zhengxiong, Ouyang Zhengxiong will definitely be very grateful to General Zhao.

"General Zhao, if you can really help me, I will be very grateful to you. This matter is indeed a bit abrupt, and I am too eager for quick success, but I don't want to see my sister being bullied and inferior to others."

General Zhao knows Ouyang Zhengxiong's painstaking efforts, and he also knows that Ouyang Zhengxiong really loves his sister.

Although he has never heard that Ouyang Zhengxiong has a sister before, looking at Ouyang Zhengxiong's current appearance does not seem like he is cheating.

"Your sister is unlucky when she meets someone from the royal family. Even if you give her a high position now, if she does not like the second prince in the future, I am afraid that she will be unlucky....."

Ouyang Zhengxiong knew what General Zhao was going to say. In order to prevent this incident, he had already negotiated with the second prince.

"General Zhao, I don't need you to worry about this matter. I have already thought about this matter. I will form an alliance with the second prince. As long as he can protect my sister, I am willing to join him."

As soon as he heard Ouyang Zhengxiong say such words, General Zhao immediately understood the second prince's intention.

"It seems that the second prince knows that you cherish this sister, so he did such a thing. It can only be said that your sister is unlucky."

Hearing what General Zhao said, Ouyang Zhengxiong didn't take it to heart, because he had already been in alliance with the second prince before that. He had already expressed his intentions to the second prince, but did the second prince believe him? I don't know.

Maybe the second prince didn't believe him, so he targeted Yu'er.

"The only thing to blame is that she is my sister."

Ouyang Zhengxiong also attributed all the faults to himself at this time, but General Zhao felt that there was no need to blame him for this matter.

"This matter has nothing to do with you, there is no need for you to put all the blame on yourself. If you want to blame, you can only blame him. If you want to blame, you can only blame them royal people for being too thoughtful, and you for being too naive."

After hearing General Zhao's words, Ouyang Zhengxiong really couldn't help laughing.

"Yes, they are too thoughtful. I can't play with them at all, so I still need your help with General Zhao."

General Zhao, in order to fulfill Ouyang Zhengxiong's wish, had no choice but to nod.

"Don't worry, I will report this matter to the emperor exactly. I know exactly what I should say about this matter."

Hearing General Zhao's words, Ouyang Zhengxiong also felt relieved.

"Okay, General Zhao, I will leave this matter all to you. I won't disturb you here, I'll go back first."
