Chapter 2341

After Ouyang Zhengxiong left here, General Zhao immediately wrote a letter to the emperor.

This is a very big matter, and General Zhao very cleverly took this matter on himself.

【Your Majesty personally informed me that half a month ago, I specifically asked Ouyang Zhengxiong to exterminate the robbers in the Weimeng Mountain. Now he has successfully completed the task and all the robbers in the Weimeng Mountain have been brought back. I hope that the emperor can handle it personally. 】

Soon the letter from General Zhao arrived at the palace, and the emperor was very happy after seeing the letter.

"Well, he is indeed the one I chose. He was able to capture such a powerful robber from Mt. Mt. It seems that placing him in the military camp was indeed the right choice."

After seeing the emperor so happy, the eunuch next to him also took the opportunity to inquire.

"The Emperor is so happy today. I am afraid that General Zhao has sent you another piece of great news. I wonder how the Emperor should respond to General Zhao?"

The emperor was in a good mood at this time, and he didn't feel anything wrong with the eunuch's words.

"I haven't figured out how to deal with this matter, but Ouyang Zhengxiong did give me a big surprise."

As soon as he heard that this matter was related to Ouyang Zhengxiong, the eunuch immediately became excited.

"Your Majesty doesn't know what happened, but it is actually related to Mr. Ouyang. It was not easy for Mr. Ouyang to draw with Young Master Mo Yu last time."

After hearing the words of the great eunuch, the emperor also nodded. It is indeed not easy for Ouyang Zhengxiong to reach such a level by himself.

But it is precisely because Ouyang Zhengxiong is so powerful that he always wants to keep Ouyang Zhengxiong by his side.

"You are right. He should be well rewarded. He will be rewarded heavily. He is really a credit to me. This time he actually led a pair of new soldiers to annihilate the robbers in Mt. Mt. Mt. Mt. Mt. Mt. Mt., but we A cancer that has never been removed."

After hearing the emperor's words, the eunuch became very surprised. He knew that Ouyang Zhengxiong was powerful, but he didn't expect that Ouyang Zhengxiong was so powerful.

"I didn't expect Master Ouyang to be so powerful. Your Majesty, he has solved a serious problem for you this time. Has Your Majesty thought about how to reward him?"

After hearing this, the emperor frowned. He still hadn't figured out how to reward Ouyang Zhengxiong.

Ouyang Zhengxiong didn't seem to be lacking anything, and even if he had Ouyang Zhengxiong, he would never tell him.

"I really didn't think about this matter well. He has always been lacking something, and I really don't know how to reward him."

After hearing the emperor's words, the eunuch's expression became a little hesitant.

"Your Majesty, I have heard some rumors recently, and they are related to Mr. Ouyang."

After hearing the words of the great eunuch, the emperor immediately became interested.

"Oh, what is it? Come on, tell me. It would be best if you can use this incident to reward Ouyang Zhengxiong."

When the eunuch saw the emperor like this, he immediately knelt on the ground.

"I have also heard about the Emperor's servants. If there is anything untrue, the Emperor must not blame the servants. The servants just want to share the Emperor's worries."

After seeing the eunuch's appearance as if facing a formidable enemy, the emperor immediately understood that this matter might be very serious.

"Tell me, what happened? I will never blame you."

After hearing what the emperor said, the eunuch could only hesitantly tell everything he knew.

"Your Majesty is like this. I heard that the second prince was assassinated before and was drugged by the assassin. He accidentally broke into Lord Ouyang's mansion and met Lord Ouyang's sister."

As soon as he heard this, the emperor was immediately furious and slapped the table with a very angry expression.

"Is this true?"

After seeing the emperor's angry expression, the eunuch was so frightened that he immediately knelt on the ground.

"This servant has also heard about the Emperor, and it was revealed from the Second Prince. As for whether it is true or not, you still need to ask the Second Prince yourself."

After hearing what the eunuch said, the emperor was also very angry. There must be a source of this matter.

If this matter is true and Ouyang Zhengxiong knows about it, Ouyang Zhengxiong still doesn't know what will happen.

"You go and call that beast, the second prince, right now."

After seeing the emperor being so angry, the eunuch knew that the emperor had basically believed this. He immediately sent someone to invite the second prince, who was also looking at the slight drizzle outside.

He didn't know where it came from. When did it start, it began to drizzle outside.

It seemed to be shrouding his mood, making him not know how to face the emperor.

Now that the emperor knew about this, he didn't know what to do with him.

Again After hearing people outside saying that the emperor invited him over, the second prince came back to his senses.

This time he had to fight a tough battle. If he won, he would be able to keep Ouyang Zhengxiong. If not, he might not be able to survive. Participate in the battle for the throne.

The second prince entered the palace immediately.
