

Attributes 251

Chapter 251

The golden sea of luck is rolling.

The previous killing of the Fourth Holy Son of the Thunder Prison Sect, coupled with Tu Rensheng's luck, Gu Shaoyang's luck increased by several percent.

But the chaos in the golden ocean of luck is still brewing, and we don't know what kind of existence it will give birth to.

Gu Shaoyang felt a little regretful when he thought that he had just killed Tu Ren Sheng with two swords and that Tu Ren Sheng's "King's Body and Dao Yun" attribute had not been extracted.

However, the power of the Yin Yang Sword Spirit at the Dzogchen level is really beyond Gu Shaoyang's imagination.

Bathing in the light of ancient wisdom for more than a stick of incense, Gu Shaoyang's understanding improved a thousand times. Not only did he inherit and practice all the yin and yang sword techniques from the Brahma Sword Tomb to the state of perfect sword intention.

In the end, I also learned and practiced many sword techniques with different attributes.

Therefore, Gu Shaoyang's Yin Yang Sword Soul was directly deduced to perfection.

It wasn't until the Yin Yang Sword Spirit was perfected that Gu Shaoyang truly understood the terrifying nature of this sword spirit.

It is said that Tao gives birth to one, gives birth to two, two gives birth to three, and three gives birth to all things.

These two refer to Yin and Yang.

The energy of yin and yang encompasses all things, so the power of the yin and yang sword spirit is superior to that of most martial spirits.

It can transform all things, and it can also kill all things.

After the power of the Yin and Yang swords reaches great perfection, a wonderful change occurs, similar to a quantitative change leading to a qualitative change.

The power of the entire sword spirit has also increased more than ten times.

Tu Rensheng's majestic blow did not stir up a single wave under Gu Shaoyang's sword spirit, and it was even easier to kill him with half a step of divine body.

It's really scary

"From the great to the simple, the Yin-Yang sword is the easiest to understand and the most difficult to perfect. But if you truly understand these two sword spirits to a profound level, even the ordinary king's body will never be your opponent. Master Langya is the best proof..."

A proud man from the Shenhai List sighed, looking at the elegant and independent figure of Gu Shaoyang on the field, his face was complicated and he said: "It's really hard to imagine how Gu Shaoyang, who came out of the Southern Territory, did it..."

Everyone's faces were filled with astonishment, and Ye Lingchen's eyes flashed, and his heart was full of complicated things.

"..Before his rebirth, Langyayu only became famous in the Middle Heaven Realm after breaking through to the realm of life and death and became one of the protagonists between heaven and earth.

And what he relies on to compete with other protagonists is, in addition to the ancient artifact Observing the Sky, the It is the power of the yin and yang sword that has reached perfection and merged into one....

In his previous life, Langyayu only succeeded in cultivating this sword after he broke through the realm of life and death. With the power of this sword, he was able to rank among the top three in the same level in terms of combat effectiveness, whether in the realm of life and death or later in the

king realm. , there are many royal bodies and even divine bodies that are difficult to compete with him.

The power of the Yin Yang Sword is evident.

But I didn't expect that Gu Shaoyang, who appeared out of nowhere, could take the lead in cultivating this sword to perfection with Langya Jade. It was really unbelievable.

No matter what the origin of Gu Shaoyang is, in this life, he will definitely show his edge and shine in Zhongtian Territory.

Ye Lingchen, Ye Lingchen, it's a waste of time for you to live another life. In the end, are you still not as good as those real children of luck?"

Ye Lingchen's eyes flashed with a hint of loneliness and depression, but he soon became firm again.

"No, I still have a chance. After several big changes and great opportunities, I must seize them, so that I can have a chance to join the ranks of the protagonists of heaven and earth.

If you don't enter the king's realm, you will eventually become an ant. I am an ant in the world, and can only be reduced to cannon fodder in the world. In this life, I want to truly control my own destiny!"

Gu Shaoyang shocked everyone by beheading Turen Sheng.

His ranking on the Shenhai Ranking jumped directly to ninth, which even attracted some young giants to make a move against him.

Yang Xiansheng of Tiangong, and Jiang Taichu, the king of the Jiang family, both of them left. On the way to a breakthrough in the battle, he saw that even Lang Yayu could not comprehend the Du Yin and Yang Sword Soul, and he immediately became very interested in him.

Especially Jiang Taichu, whose body was already burning with a burning will to fight.

Gu Shaoyang felt something in his heart, and he and Jiang Taichu and Yang Xiansheng looked at each other from a distance.

The three people's eyes collided in the void, as if there were strong sparks bursting out, and the battle was about to break out. Gu Shaoyang came to the martial arts tea party, looking for the opportunity to fight against the great geniuses.

At the moment, he caressed the seven stars. Long Yuan's sword hilt looked at the two of them and said calmly: "Which one of you will fight first?"

As soon as Gu Shaoyang's words came out, there was a sudden commotion in the scene.

Everyone showed moved expressions, and their eyes looking at Gu Shaoyang were full of surprise, shock, awe and a touch of admiration.

Gu Shaoyang began to prepare to challenge the five giants of the younger generation. position.

Is it possible that the young giants who firmly occupy the top five in the Shenhai Ranking will change today?!

This is destined to be a wonderful and unforgettable martial arts tea party.

The flames of war in Gu Shaoyang's chest are getting higher and higher. The sword energy was surging, and a radius of ten feet was filled with criss-crossing sharp energy.

At this moment, his whole body was like a peerless sword that was unsheathed and soaring into the sky. It was so sharp that no one could look at it.

But after the three men faced off for a period of time, neither Jiang Taichu nor Yang Xiansheng stepped forward to accept Gu Shaoyang's challenge.

"You are not qualified to challenge us now..."

Jiang Taichu, who was tall and imposing, stood on the white jade platform and said to Gu Shaoyang indifferently: "One massacre is not enough, you need more proofs.".."

Yang Xiansheng's aura was as blazing as light. He said nothing and just looked at Gu Shaoyang steadily.

Jiang Taichu and Yang Xiansheng stood together like one god and one demon. Just two people brought endless pressure to the audience.

The meaning of the two people is self-evident. If you want to challenge the five giants of the younger generation, you must first have the qualifications to stand in front of them and make them have the desire to fight.

It's not enough for Tu Rensheng, who is ninth on the divine sea list!

Gu Shaoyang's expression was indifferent, and the sword energy and fighting spirit in his body slowly converged again, as if he was waiting for the next outbreak.

"I see.."

Gu Shaoyang walked step by step towards the middle of the white jade stone platform through the void, until he reached the position above the first circle of white jade pillars beside the stone platform, and stopped.

Then he looked down from a high position, scanned the field, looked at the heroes, and said calmly: "Which of you is willing to come and take my sword?!"

The field was in an uproar, and then fell into a brief silence.

Everyone looked at Gu Shaoyang in surprise.

Gu Shaoyang can't wait to challenge the top ten in the Divine Sea Ranking. Does he want to challenge them one by one?

Too confident, too arrogant!

From sixth to eighth on the Divine Sea Ranking, the three geniuses looked at each other with ugly expressions.

It's really uncomfortable to be used as a stepping stone. After all, who among the top ten in the Divine Sea Ranking is not a true pride of heaven and a proud and arrogant person.

"You are not ashamed to say so, just let me test the power of your Yin Yang Sword!"

A tall purple-robed young man with plump features and a burly body jumped up from the white jade pillar and rushed towards Gu Shaoyang.

Everyone recognized his identity

"It's Qin Jiuyang, the second holy son of the Purple Sun Holy Land, ranked eighth on the Divine Sea Ranking!"

"His body of the Extreme Sun King is domineering and fierce, and with the blood of the Purple Sun King flowing in his body, his combat power is extremely amazing!"

"It is said that the development of his royal body is close to 70%, and the power he can exert is extremely terrifying!"

Qin Jiuyang was also afraid of Gu Shaoyang's sword power, so he directly released the power of the king's body when he came up.

"Extreme Yang King Body!"

As he shouted loudly, Qin Jiuyang's body suddenly radiated endless golden light.

It was like a sun suddenly appeared in the sky, the temperature in the field rose suddenly, and the blazing masculine breath seemed to melt the void.

Gu Shaoyang's eyes In a flash, he advanced instead of retreating, and took the initiative to meet Qin Jiuyang.

He saw,"Wang Ti Dao Yun*698.."

Chapter 252

Qin Jiuyang's body was like a blazing sun, and the golden light from the sky converged on his right fist, and even the skylight dimmed instantly.

It was as if all the light in the world was attracted by his fist, as if he was holding a small sun.

Then he punched Gu Shaoyang hard

"At the height of the sun!"

The power of this punch looked like the sun falling, and everyone was shocked.

"It's so terrifying, it's worthy of the Extreme Yang King Body! In terms of strength, it can be ranked among the top three among all kings!"

"No wonder Tu Rensheng stopped challenging Qin Jiuyang after he climbed to ninth place on the Shenhai Ranking."

Gu Shaoyang narrowed his eyes slightly and stared intently at the punch that could almost blind the Juyuan Realm warrior's eyes.

Unexpectedly, Gu Shaoyang did not draw his sword. Instead, he stretched out his left hand and struck out with a flat palm..

Gu Shaoyang's palm came out extremely slowly, as if there was infinite resistance in the void.

But as the palm was pushed out, the entire void in front of Gu Shaoyang trembled.

It seemed that there was an invisible millstone, and Gu Shaoyang's palm was moving It's like pushing that millstone

"Rumble.."

The sound of huge force crushing the void, the heaven and earth are like a huge mirror, making an overwhelming and harsh sound. next moment..

"Roar..roar..roar.."

The roar of the dragon came from Gu Shaoyang's palm, and the shadows of ten ancient true dragons flashed away in the void.

Finally, it transformed into the shadow of a larger Kui Niu.

True Dragon Way. Black Dragon Transformation.

The fifth level of Dragon Capturing Strength is thirty-two times more powerful.

What it brings is terrifying power exceeding one million kilograms!

"Click!"

The void shattered like a mirror, revealing large swaths of black.

Everyone looked horrified, and screams kept ringing out from the field.

"My God, Gu Shaoyang's pure physical power has reached such a terrifying level!"

"The power of ten ancient true dragons and the strength of a million kilograms. Is this something that a mortal body can achieve?!"

"It is unimaginable that Gu Shaoyang is simply a monster. Every time he feels that he has seen the limit of his strength, he can burst out with stronger strength!"

The fists and palms collided, and a sharp and huge roar broke out.

The little sun on Qin Jiuyang's fist was forcefully caught and exploded by Gu Shaoyang's palm.

The shock and impact that that scene brought to everyone was indescribable.

Two words After the collision, the figures all retreated a long distance, regardless of top or bottom.

Qin Jiuyang's face was full of shock and horror, and there was still a trace of ugliness.

His king's body had been fully used, but Gu Shaoyang still couldn't draw his sword, from some kind of In a sense, he has lost

"impossible!"

Qin Jiuyang roared unwillingly, and a more intense golden light erupted from his body. The surging hot breath spread out in waves with him as the center.

He was like a pride about to explode..

"Come again, the Golden Crow appears!"

The golden sea of luck behind Qin Jiuyang turned over, and a loud cry came from it.

A brilliant golden crow with three heads and three legs spread out its wings.

His extremely Yang king body connected with the luck beasts, reaching the peak above the peak. At that time , The eldest son of the Jinyang Sect, Jin Yao, who is the 71st one on the Divine Sea Ranking, also has the Golden Crow.

However, Jin Yao's Golden Crow has only one head and one leg. Compared with Qin Jiuyang's power, it is like the sand on the ground and the stars in the sky. The gap is huge.

Gu Shaoyang and Qin Jiuyang exchanged punches, and the attribute bubbles on his body have been extracted and absorbed. At this time, there is no need to worry anymore. The

Seven-Star Dragon Yuan was unsheathed sonorously, and the sword light of the sky was like water across the sky again.

"100% Dzogchen, Yin Yang Sword Soul!"

"puff.."

Qin Jiuyang roared unwillingly, but his body flew backwards, blood splattered from his mouth and body.

A long sword mark extended from his left shoulder to his right armpit.

The three-legged golden crow behind him also whined, and its body suddenly exploded, turning into billowing luck and pouring into Gu Shaoyang's back.

Gu Shaoyang's luck surged, and the chaos behind him surged. Suddenly, an extremely clear and distant dragon roar came out, causing everyone on the field to look shocked.

"What is that sound?"

"The roar of the dragon seemed to come from the golden sea of luck behind Gu Shaoyang..."

"Are the roars of these two ancient beasts, Baize and Kui Niu, similar to the dragon's roar?!"

"Could it be that he has a third beast of luck?!"

"? ! ! "

Everyone looked inexplicably horrified, and their eyes looking at Gu Shaoyang were filled with uncertainty and shock.

Gu Shaoyang defeated Qin Jiuyang with one sword and turned to look at the white jade platform.

The fighting spirit in Jiang Taichu and Yang Xiansheng became more intense, and the light in their eyes became stronger, but their faces and expressions remained unchanged, and their bodies remained motionless.

Gu Shaoyang frowned slightly

"Not enough?"

Turn around, Gu Shaoyang slashed out two swords.

The power of each sword was enough to split the void.

The destructive sword intention was 100% perfect, and it was directed towards the seventh one on the Shenhai list, the Holy Son of White Elephant Holy Land Samaro and the Shenhai list respectively. Luo Yan, the Second Holy Son of the Sixth Spiritual Heart Holy Land, left

"What?!"

Everyone's eyes suddenly opened wide, their faces full of disbelief, and some people even exclaimed

"Gu Shaoyang this is...Do you want one person to challenge the sixth and seventh geniuses on the Shenhai Ranking at the same time?!"

"Is he crazy?!"

"Shimaluo from the White Elephant Holy Land is known as the number one person in body training among the younger generation, and Luo Yandao is even more powerful in combat and can be called the number one person among the five giants. Challenge two people at the same time? I'm afraid except for the mysterious fifth Shun, the other four young giants can't do it, right?!"

"If God wants to destroy it, it must first make it crazy! This Gu Shaoyang is too arrogant and is destined to be suppressed today!"

"The sword is strong but easy to break. Gu Shaoyang shows his sharp edge but does not know how to advance or retreat at all. Compared with the five giants, he is still a step behind....."

The onlookers shook their heads and sighed. Suddenly being attacked by Gu Shaoyang, Du Shimoluo and Luo Yandao were even more angry and laughed, shocked and angry.

"So brave!"

Luo Yandao has a slender figure and a handsome face. He is a handsome young man.

At this time, his handsome face is full of coldness, and there is a sneer like a sword at the corner of his mouth. Anyone who knows Luo Yandao knows that he has now It's extremely angry

"Lingxu King Body!"

Luo Yandao gave a clear drink, his hair and eyebrows turned into a faint silver color, and his whole person disappeared in a flash.

It was a true disappearance, and it was not because he was too fast that people could not catch him.

Gu Shaoyang's pupils shrank slightly. , he clearly sensed Luo Yandao's figure jumping into the void.

The Lingxu King Body is a king body with spatial attributes?!

On the other side, Shimaluo from the White Elephant Holy Land strode towards him.

Shimaluo Originally he was thin and skinny, with dark skin, and looked very inconspicuous.

But after his White Elephant King Body was displayed, his whole body suddenly expanded outwards, his body muscles became plump and well-proportioned, and his skin became as white as jade. The hair on the top of his head even fell off.

He turned into a handsome and strong bald man.

The blood of Lord White Elephant flows in Shimaluo's body, and the White Elephant Holy Land is the most powerful body-refining holy land in Zhongtian Domain.

Shimaluo The person who is known as the number one body refiner on the Divine Sea List is not just bragging. He punched Gu Shaoyang, and his fist directly shattered the 100% Dzogchen Destruction Sword Light. It even caused the void to tremble continuously, and a white elephant phantom appeared.

The strength has reached more than one million kilograms.

In just a few breaths, Gu Shaoyang's situation took a turn for the worse, and he was instantly caught in the attack of two young geniuses...

Chapter 253

There was no trace of panic on Gu Shaoyang's face.

He took a deep breath, his eyes flashed, and then the pupils of his two eyes quickly changed from pure black to silvery white.

The true dragon's claws are explored, the power of the ten ancient true dragons!

Gu Shaoyang struck out a hard palm and clashed with Samaro's fist.

At the moment of the fight, all the attribute bubbles on his body were extracted.

"boom!"

The fists and palms collided with a dull loud sound.

The void was shattered like pieces of paper by the violent force and was in tatters.

This was the impact caused by the collision of pure physical force, which made the onlookers' eyelids tremble. The formation jumped wildly.

What two monsters!

Gu Shaoyang flew back with the force of the counter-shock from the fight with Samaro. When he retreated to a certain distance, he suddenly drew his sword boldly.

The sword light was a bright silvery white, in the void It showed a wonderful and weird twisting and bending angle, and then disappeared without a trace.

The next moment, the void suddenly cracked somewhere around Gu Shaoyang, and a figure suddenly jumped out.

"How do you know I'm here? How did you attack me?!"

Luo Yandao's face was full of shock and disbelief. He looked at Gu Shaoyang as if he had seen a ghost.

Luo Yandao's spiritual void king body can travel through the void at will, making him invincible.

If he wants to defeat Unless he is like the five young giants, he covers the entire space with an extremely powerful blow and blasts Luo Yandao out.

Ordinary people simply cannot do it.

But Gu Shaoyang's sword just now, although sharp and treacherous, is not extremely powerful at all. Strong.

Moreover, this sword light also accurately found Luo Yandao's hiding place in the void. How could this not surprise him?!

Gu Shaoyang's eyes were silvery white, and his whole person seemed a little cold and ruthless.

Under the eyes of the peep, Luo Yandao could not help but Traveling through the void, there was nowhere to hide.

With one palm and one sword, Gu Shaoyang easily freed himself from the absolute disadvantage.

The situation on the field instantly changed to a balance of power.

One person fights against the balance of two people.

And this balance of power, It was still slowly tilting in the direction beneficial to Gu Shaoyang as time went by.

Gu Shaoyang, with one sword and one man, actually put Luo Yandao and Shimoluo at a disadvantage.

Everyone was dazzled and confused. He was taken by him.

Gu Shaoyang was too strong. He was so strong...

The sixth and seventh people on the Divine Sea Rankings fought against him together, but they were suppressed by him.

This fighting power is really terrifying.

"True Dragon Way. Black Dragon Transformation!"

Gu Shaoyang snorted coldly, and the strength in his hand increased by tens of thousands of kilograms. Samaro, who was originally about the same strength as him, immediately lost weight and was knocked backwards by his punch.

Gu Shaoyang saw this without even looking at Samaro. , turned to look in another direction around him.

Just before taking a breath, Luo Yandao hid in the void again, preparing to carry out the next sneak attack on him

"Hiding one's head and showing one's tail, it's no wonder that despite having such an outstanding talent for the king's body, he can't be among the top tier of giants..."

Gu Shaoyang looked indifferent and said coldly: "I won't play with you anymore."

As he said that, Gu Shaoyang stretched out a finger and slowly pointed at a certain place in the void.

Everyone's expressions were trembling, and there was an indescribable huge throbbing in their hearts.

It was as if there was something extremely terrifying on Gu Shaoyang's fingers.

The five young giants on the white jade stone platform shook their bodies one after another, with strange lights in their eyes.

Even Wu Shun, who had always been independent from the world and seemed indifferent to everything, had slight fluctuations in his eyes.

Luo Yandao, who was hiding somewhere in the void, felt like the hairs on his body were being locked tightly by an extremely terrifying murderous intent.

No place to hide, no way to escape.

"Starry Sky Sword River!"

Gu Shaoyang drank in his mouth.

A black hole was formed at his fingertips. The black hole quickly grew in size, forming a black mirror in the void.

The next moment, many light spots appeared in the black mirror.

It looked like a shooting star in the dark sky. Passed by.

The light spot quickly grew larger, and everyone's pupils shrank, and finally saw clearly that the countless light spots were actually a small blue sword. The sword was more than a foot long, crystal clear, between virtual and real, quite It's magical.

But the real monstrous sharp energy made everyone's eyelids jump wildly. Even if they didn't face the blow directly, many people subconsciously took several steps back. The densely packed small swords formed a long line. The surging sword river is twenty feet long and several feet wide.

It is majestic and immeasurable, and its edge is overwhelming.

Compared with the last time against Chai Yan, this time the Starry Sky Sword River has improved a lot. The

Starry Sky Sword River focuses on the small sword of divine soul energy. With the accumulation of energy, Gu Shaoyang's body is splitting, warming and polishing the small sword of Yuanli all the time, so as time goes by, the power of this move will become more and more powerful. The sword river spurts out from the black hole, and then fiercely Flowing into the void.

The space became a piece of rag, riddled with holes by countless sword energy.

A figure flew out of the void in an awkward shape, then hid in another void, and then escaped out again...

Luo Yandao was like a refugee struggling to escape. Behind him was a flood that could catch up and engulf him at any time.

There is no trace of the handsome and unrestrained look he had before.

Gu Shaoyang did not rush to kill them all, but controlled the Starry Sky Sword River to chase Luo Yandao closely, forcing him into trouble again and again.

With the effect of the Eye of Peeping open, Luo Yandao's method of traveling through the void was really useless under Gu Shaoyang.

Luo Yandao was chased by Jianhe in the void like a rabbit.

Almost everyone on the field was stunned.

Including Du Shimoluo, who was still fighting with Gu Shaoyang, they all stared blankly in the air.

The sixth in the Divine Sea Ranking, the second holy son in the Spiritual Heart Holy Land, and the first person among the young giants.

Possessing the Lingxu King's body, he can travel through the void at will. He has always been the only one to hit others, but no one hits him. Luo Yandao, the free and unruly Lingxin Master, was actually forced into such a situation.

If they hadn't seen it with their own eyes, no one would believe it.

Gu Shaoyang's method of summoning Jianhe with one finger was too strong and overbearing.

There is no sword spirit, no complicated moves, just the absolute suppression of pure Yuan Power and sharp energy, nothing fancy.

It's easy to defeat Gu Shaoyang with this trick.

Just use a force more majestic and magnificent than him to crush him back.

But looking at the vast water in the sky and the surging sword river that crushed the void into rags, everyone couldn't help but shudder in their hearts.

This kind of power is beyond the control of the Divine Sea Realm.

It's good to be able to escape under such a river of swords, but you still want to crush him in turn?

I'm afraid even the five young giants can't do it.

You can only avoid the edge temporarily

"Stop it, I...I surrender!"

A difficult voice sounded in mid-air.

Luo Yandao staggered out of the void in a state of embarrassment.

His face was very pale, and traveling through the void again and again was a big burden even for him with the Lingxu King Body.

Luo Yandao stared at Gu Shaoyang, his face was extremely ugly. There was shame, anger, humiliation, unwillingness... and a deep fear in his eyes. The sword and river in the starry sky chased him, and he felt like a light on his back.

There was a feeling that he could go to heaven and earth and had nowhere to escape. A sense of despair.

He could feel that Gu Shaoyang's patience was wearing away little by little, and a strong murderous intention enveloped him. If

Luo Yandao didn't admit defeat, he was afraid that he would die!

Seeing this, Shima Luo also put away the white elephant with a complicated look on his face. The king's body turned back into the dark, thin and inconspicuous man. He clasped his hands and bowed his head slightly in salute to Gu Shaoyang. Then he returned to the white jade pillar, but consciously moved down a position.

This was to admit that he had lost to Gu Shaoyang. means.

The warriors who were watching this scene were all shocked and silent for a long time.

Countless eyes focused on one person.

Black gold robe, holding a sword in one hand, peerless style.

Gu Shaoyang!

From the beginning of the martial arts tea party to now.

Gu Shaoyang first said Defeat Ye Shang, the young master of the Night Evil Palace, who is ranked 23rd on the Divine Sea Ranking.

Then he kills Tu Rensheng, the third holy son of the Thunder Prison Sect.

Then he defeats Qin Jiuyang, the holy son of the Purple Sun Holy Land.

Now he fights alone, sixth and seventh on the Divine Sea Ranking. Luo Yandao and Shimaluo were forced to admit defeat within a hundred moves. In one fell swoop, they jumped to sixth place in the new Shenhai Ranking.

From the martial arts tea party to the present, how many battles have been fought with one against two? Can they be forced to do so? How many battles have his opponents admitted defeat?

Not only did Gu Shaoyang do it all, but he also did it with veteran geniuses who were ranked much higher than him.

He could force the veteran geniuses who had been famous for a long time to put aside their pride and admit that their skills were inferior to others. , how terrifying is Gu Shaoyang's strength?!

There was excitement in everyone's eyes.

They saw from Gu Shaoyang...

The sixth giant of the younger generation is rising strongly!

Chapter 254

Gu Shaoyang stood proudly, with the Seven-Star Dragon Abyss in hand and the mysterious robe hunting. He looked at the five people on the white jade stone platform with far-reaching eyes and said lightly:"Now, am I qualified?"

At that moment His style almost suppressed all the five giants.

Everyone's eyes were focused on Gu Shaoyang, looking up at him, shocked and heartbroken.

This figure in a black robe will probably forever be deeply engraved in the minds of all the warriors who participated in this martial arts tea party, reappearing from time to time and unforgettable.

Gu Shaoyang's words echoed in the air above the field. They were plain and cold, but they contained an air of absolute confidence and soaring edge that no one could ignore.

On the white jade stone platform, Jiang Taichu, who had a tall body like a demon, gave a long laugh, strode out of the stone platform, and walked into the void.

"Whether you are qualified or not depends on taking my punch!"

As he spoke, Jiang Taichu's whole body erupted with blazing red flames.

An unimaginably huge fighting spirit burst out of him.

This fighting spirit shook the sky, and the clouds in the sky were shaken to pieces by this fighting spirit.

Gu Shaoyang has never seen anyone with such a terrifying fighting spirit.

Even those generals and commanders in the world who have survived hundreds of battles and conquered thousands of armies, their fighting spirit when they entered the battle was not even one percent as good as Jiang Taichu's.

He alone, You can be an army!

This fighting spirit is like a burning fire cooking oil. Combined with Jiang Taichu's Yuan Power, the other ten powers can exert fifteen or even twenty points of power.

How terrifying!

The white jade stone platform Above, Lin Shuman, who had been standing with Langya Yu in the Holy Land of Yaochi, had a strange light in his eyes and praised:

"The ancestor of the Jiang family has been promoted to the king realm for less than a thousand years, and the king's blood of the Jiang family is at its peak. Jiang Taichu is a soul born for fighting. He can challenge more than one level and achieve breakthroughs in battle just like eating and drinking. The power of a casual punch is enough to crush more than 90% of the geniuses in the field..."

Langyayu agrees

"For a person like Jiang Taichu, his talent, fundamentals, and understanding can no longer serve as a shackle for his progress..."

He is the person with the most terrifying martial arts will that I have ever seen. When I see him, I feel like I am seeing a demon who conquered the world in ancient times. In life-and-death battles, he constantly purifies his own blood and sublimates himself, and can even pierce the sky with one punch..."

Speaking of this, Langyayu couldn't help but laugh at himself, and sighed:"Everyone thinks that I, Langyayu, am ranked among the top five in the Divine Sea list with a mortal body. In fact, I just relied on external objects (Guantianjian)" That's all...

Jiang Taichu is the truly amazing one among the five of us.

Luo Yandao's Lingxu King Body, Shima Luo's White Elephant King Body, Qin Jiuyang's Extreme Yang King Body... which one is better than his Red Blood King Body? It's worse, even better.

But these people can't even get past three moves under Jiang Taichu.

Jiang Taichu is a real hero!"

Lin Shuman pursed his lips and chuckled, and said softly:"Then Mr. Langya thinks Can Gu Shaoyang take Jiang Taichu's punch?"

Langyayu smiled and replied: "This issue is not important now."

Lin Shuman was stunned for a moment, then nodded: "Yes, it is not important anymore."

Regardless of the outcome of the battle between Gu Shaoyang and Jiang Taichu, after today, he is well-deserved to be the sixth giant among the younger generation of the Zhongtian Territory Divine Sea Ranking.

Among the sixth places in Taiyuan Tian, he must be one of them.

At this time, Jiang Taichu had already punched Gu Shaoyang.

This punch didn't have any fancy decorations, it was just as ordinary as a mortal who had just entered martial arts punching the air.

But with this punch, all the warriors watching in the field were in a trance.

My head was dizzy, as if someone had hit me hard on the forehead with an invisible sledgehammer.

Gu Shaoyang was also shaken and his pupils were shocked.

The soul is shaken!

Jiang Taichu's punch actually contained the power of the soul, no wonder he was so powerful in combat.

This method alone is far beyond the rest of the geniuses and monsters.

In the divine sea, the ancient sword bell swayed gently

"Buzz..."

Invisible fluctuations came out, and the power of the soul vibration on Jiang Taichu's fist only had a negligible impact on him and was completely eliminated by him.

Then, Gu Shaoyang swung his sword calmly.

The perfect yin and yang meaning flows through heaven and earth.

The Yin-Yang Sword Soul that is ten percent of the Great Perfection state.

A sword that was like the color of skylight and water collided with Jiang Taichu's ordinary punch.

The sword light shattered.

Jiang Taichu's figure also trembled violently and kept retreating.

"Bang..Bang...boom.."

Jiang Taichu took three steps back, each step leaving large black cracks in the void.

Jiang Taichu was unscathed despite being struck by Gu Shaoyang's 100% Yin Yang sword.

Most of the power of Gu Shaoyang's sword was released into the void. The ability to control this power was simply terrifying!

Oh no, he was still injured.

Jiang Taichu raised his punching right hand, and there was a long sword mark that was deep enough to show the bone.

Jiang Taichu looked up at Gu Shaoyang, with a strange light in his eyes, and praised:"It is really powerful to be able to break through my red-blooded king's body with 90% development speed. The Perfect Yin-Yang Sword Spirit is really powerful. You can take my god-shaking punch, It's really amazing!"

Everyone below was dazzled and swayed.

The confrontation between this young generation of giants is so exciting.

Every detail revealed inadvertently is beyond their reach.

"Come again!"

Gu Shaoyang shouted loudly, and was about to use his second sword.

When he fought with Jiang Taichu just now, he also extracted the attribute bubbles from Jiang Taichu.

The light of the King's body and Dao Yun is more than ten times that of the ordinary King's body. Gu Shaoyang I felt that the development of my thunder body suddenly surged to more than 40%.

I could not wait to release my thunder body and have a hearty battle with Jiang Taichu.

But Jiang Taichu smiled slightly and retreated to the white jade platform.

"Um?!"

Gu Shaoyang raised his sword eyebrows, looking a little dissatisfied. At this time, he found another person walking out from the stage.

A very sharp spear was thrust towards Gu Shaoyang with overwhelming sharpness.

It was like an eagle striking the sky and a hidden dragon coming out of the abyss. , in an instant he was in front of Gu Shaoyang, right between his eyebrows.

Gu Shaoyang's eyes flashed.

He had no time to react, and his figure disappeared subconsciously.

With magical power, he shrunk to an inch!

When Gu Shaoyang appeared again, he was already in another position.

But the spear also followed. Then he turned the gun head, and the strong murderous intention locked Gu Shaoyang firmly, pierced the void, and continued to pursue him.

At this time, Gu Shaoyang had regained his composure, and he did not take action, but continued to use the magic power of shrinking to an inch.

His body shape It kept disappearing and reappearing in the void, like a ghost.

The spear was like a maggot attached to the bone, piercing the void again and again, biting him tightly.

But no matter how strong the sharp energy at the tip of the spear was, the spear attached to it How strong the murderous intent was.

The tip of the spear was always at a distance from Gu Shaoyang, which could not be shortened.

Everyone on the sidelines was stunned and shocked, and their mouths grew big.

Especially the second holy son of the Spiritual Heart Holy Land. Luo Yan said, his expression even more pale and ugly.

"Gu Shaoyang's body skills are too strong!"

"Gu Shaoyang is qualified to be one of the young giants just by relying on this magical power and movement technique that can travel through the void at will without any fireworks."

"Why does it feel more relaxed and casual than Luo Yandao's Lingxu King Body? Is Gu Shaoyang really a mortal body?!"

"His sword skills are magical, his body is unparalleled, and his body skills are so strong. Gu Shaoyang is so perverted that he feels that his overall strength can rank among the top three in the Divine Sea Ranking!"

"incredible!"

Gu Shaoyang continued to change his body amidst the exclamations of everyone. When the power of the spear became too old and could no longer be used anymore, he casually struck out with his sword and knocked the spear away. The spear flew back to the white jade stone platform and was killed by a man wearing a gorgeous battle armor. , the tall young man like a god general took it firmly in his hand.

Tiangong, Yang Xiansheng!

Yang Xiansheng was as powerful as the abyss, his deep eyes stared at Gu Shaoyang, and after a long while, he slowly said:"You are still the first to rely solely on your body skills. Whoever cracks my shot...can."

After saying that, Yang Xiansheng's aura suddenly converged, and he no longer had the slightest desire to take action.

Gu Shaoyang suddenly realized when he saw this scene.

It turned out that one person had taken action against him once. This was considered the last step to enter the ranks of the younger generation of giants. A test?

After thinking about this, Gu Shaoyang's eyes suddenly filled with more fierce fighting spirit.

His eyes stared at the white jade stone platform, his momentum was like a rainbow.

So, whose turn is next?!

Chapter 255

Langyayu glanced at the silent Fifth Shun, looked at Lin Shuman and said,"Which one of us will make the first move?"

Lin Shuman whispered softly, and said slowly: "Or Concubine, please come first."

Langyayu nodded, "Fairy Lin, please."

Lin Shuman strolled up to the sky.

Every move, every frown, and every smile is filled with indescribable charm, attracting countless people to be fascinated by him.

Gu Shaoyang was clear-eyed and looked at Lin Shuman with clear eyes.

Lin Shuman smiled coquettishly at Gu Shaoyang. Although his face was covered by a veil, his beautiful eyes revealed his boundless charm.

"I hope Mr. Gu will show mercy."

Gu Shaoyang nodded slightly, indicating his attitude.

Lin Shumantan said softly, "Mr. Gu, be careful."

As she spoke, she stretched out a jade hand and gently slapped Gu Shaoyang. With this palm slap, each of Lin Shuman's five onion jade fingers emitted a different color. The light, plus the palms and backs of the hands, showed seven colors: red, orange, yellow, green, blue, and purple.

The seven-color light entwined in the void and shot towards Gu Shaoyang like a spiritual snake.

Gu Shaoyang's eyes flashed and he immediately slashed out a sword light.

But in surprise What happened was that Gu Shaoyang's sword light came into contact with the seven-color light, and the former penetrated effortlessly. It was cut into the air at once.

Gu Shaoyang's face was slightly startled, and he was lost for a moment, and was instantly entangled by the seven-color light.

"Gu Shaoyang was tricked!"

Everyone on the sidelines shook their heads and sighed. Their eyes looked at Gu Shaoyang with some regret. Then they turned to look at Lin Shuman. At this time, in addition to admiration, there was also a trace of awe and fear.

"Lin Xianzi's seven-emotion divine light is charming and five-color. Those who fall in the middle are all trapped in the torment of seven emotions. Gu Shaoyang is afraid that he will not be able to escape from this palm."

"Except for Fifth Shun, who is not afraid of the seven-emotion divine light, even the other giants are unbeatable."

"Naturally, everyone in the world has seven emotions and six desires. How many people can perfectly restrain these?"

"The power of the Seven Emotions Divine Light is much stronger than the Perfect Level Sword Soul. Otherwise, it would be impossible for Fairy Lin to secure her second position in the Divine Sea Ranking."

"Joy, anger, worry, sadness and fear. Jiang Taichu was defeated by anger, Yang Xiansheng was trapped by fear, Langyayu was trapped by worry... I don't know which desire Gu Shaoyang will be defeated by?"

Everyone was talking about it. After Lin Shuman hit the palm, he took back his hand with a smile and took some time to rest.

It seemed that he had a plan in mind and was waiting for Gu Shaoyang to admit defeat.

At this time, everything in the outside world had nothing to do with Gu Shaoyang.

He felt that everything around him was gone. Far away from him, the sky and the earth became empty.

Then seven flames of different colors ignited in his body, and a bunch of mixed thoughts came from his heart.

Ecstasy, anger, worry, sadness, fear, surprise...

Gu Shaoyang was dominated by various emotions, his expressions kept changing between various emotions, and faces passed through his mind like a revolving lantern.

And he felt waves of burning pain coming from his whole body, and the pain was unbearable.

Gu Shaoyang was shocked. This was the first time he encountered such a strange method.

These descendants from the holy land of great powers are really powerful, and the skills they displayed are something that Gu Shaoyang would never see in the Southern Territory.

No, I have to break free.

Gu Shaoyang didn't know how to solve it, so he tried to use the sword of wisdom to kill Qi Qing.

But his wisdom is extremely high, and his emotions are so numerous that he cannot even notice them.

Suddenly, an idea flashed in Gu Shaoyang's heart

"Extract attributes!"

"Ecstasy*339.."

"Angry*374.."

"Worry*134.."

"Sad*245.."

Gu Shaoyang began to extract the emotional attributes of himself.

Sure enough, the fire of the seven emotions in his body quickly subsided, the burning pain disappeared, and his eyes and ears returned to normal...

Lin Shuman was looking at his flawless hands slowly, looking Gu Shaoyang up and down, considering whether to Add another palm to any part of his body.

Suddenly, her beautiful eyes suddenly opened wide, and she exclaimed in disbelief

"How can this be?!"

"snort!"

Everyone followed the sound.

Gu Shaoyang snorted coldly and suddenly opened his eyes, his eyes shining like stars.

He moved slightly, and the seven-color light on his body suddenly burst and disappeared like bubbles.

"No matter how disrespectful you are, Fairy Lin will also take my sword!"

Gu Shaoyang shouted low, and slashed out with a bright sword towards Lin Shuman.

Lin Shuman's pretty face changed slightly, and another seven-color divine light hit Gu Shaoyang.

Gu Shaoyang's eyes fell into a brief confusion, but he didn't even take a breath. Recovering his clarity,

Lin Shuman was completely surprised.

While hitting a palm to resist Gu Shaoyang's sword light, he exclaimed:"How is this possible? Don't you have any emotions?!"

Everyone below was also shocked.

Every time they predicted what Gu Shaoyang would do, Gu Shaoyang would soon slap them in the face.

Others were fine, but the seven-emotion divine light couldn't do anything to Gu Shaoyang. I really don't know what he did. Arrive?!

Gu Shaoyang didn't explain, just stared at Lin Shuman. It was the first time he was attacked by such a strange method, and he almost made a fool of himself. He was already a little angry, so he showed no mercy to Lin Shuman's sword.

But Gu Shaoyang was stunned when he saw the palm struck by Lin Shuman. The white jade-like vitality palm broke free from Lin Shuman's jade hand and resisted Gu Shaoyang's sword light.

Lin Shuman was forced back by the sword energy. , the figure is slightly embarrassed.

This is...

Gu Shaoyang's eyes are shining brightly, and he is about to catch up with his sword.

Lin Shuman's weak and resentful voice comes from the distance:"I promised to be merciful. I have already given up, so why should Mr. Gu be so aggressive?.."

Gu Shaoyang suddenly stopped, took a deep breath, and stopped pursuing.

There was light flashing in his eyes, and he didn't know what he was thinking.

The palm struck by Lin Shuman seemed familiar to him.

Back in the Southern Territory, when Yan Qingyuan was teleported to the Zhongtian Territory, the king named Master Qingyin used this kind of palm technique.

He would never mistake the aura flowing on it.

Lin Shuman is the preparatory saint of Yaochi Holy Land, so...

Yan Qingyuan must also be in Yaochi Holy Land!

Gu Shaoyang kept the four words Yaochi Holy Land firmly in his heart and knew that he would go there sooner or later.

"Brother Gu!"

A clear voice pulled Gu Shaoyang back from his complicated thoughts.

Gu Shaoyang followed the sound and saw that Langyayu, who was as rich as jade, was looking at him with a smile.

There was undisguised admiration for him in Langyayu's eyes, and she looked kind and cheerful. He said: "I throw out a sword, and if Brother Gu can catch it, how about I lose?"

Gu Shaoyang said calmly: "Okay."

Langyayu nodded with a smile.

Then he picked up the sword in his hand.

The way Langyayu holds the sword is a little different from ordinary people. He holds the sword with his left hand.

It's not because Langyayu is left-handed, but because he still has to hold it with his right hand. Looking at the Tianjian.

Langyayu was sitting on a white jade wheelchair, smiling and holding out a sword to Gu Shaoyang.

There were two kinds of sword power flowing on this sword.

One yin and one yang, rich and powerful.

Just like Gu Shaoyang. The aura of the Yin Yang Sword Soul is even stronger than that used by Gu Shaoyang.

But unlike Gu Shaoyang, the power of the two sword souls on the Langya Jade Sword is independent, not smooth and natural, and seems a bit stiff and difficult...Gu

Shaoyang has a clear mind.

He knows that the two sword spirits of Langya Jade must have more yin and yang attribute sword intent than his own.

Because he has the Tianjian, he has a longer accumulation.

(The other one of the yin and yang sword spirits.) The powerful thing is that even after reaching perfection and constantly comprehending new yin and yang attributes of the sword spirit, the power of the sword spirit can continue to increase.

There is no limit until it transforms into a sword spirit!)

But he did so after comprehending the two sword spirits. Those who started trying to fuse were not like him who completed the fusion early because of the "Sun and Moon Shine Together" move when he was in the Sword Intent Realm.

He saved countless hard work and took a shortcut.

Gu Shaoyang also responded with a sword, plain and calm, like The sky was bright and the water was bright.

The two swords were about to touch, and one of them would definitely be defeated.

But just when they were about to touch, Langyayu's sword light suddenly dispersed automatically.

Langyayu took the sword back and sighed: "Forget it, I lost..."

Everyone was shocked, even Gu Shaoyang was stunned...

Chapter 256

Langyayu gave up the sword and gave up?! what's the situation?!

Everyone's face was blank.

Gu Shaoyang also had doubts in his eyes.

Langyayu smiled bitterly and said to Gu Shaoyang: "I rely on the Guantian Jian to see through the flaws in most people's moves in this world... I originally wanted to fight you with 99% of the Yin and Yang sword spirit, but I don't care No matter how I look at it,

I can't see the flaws in your sword..."

"Perfect and natural...this is what I have always wanted to achieve...."

Langyayu's eyes showed a deep look of fascination, and she sighed: "It's ridiculous that I actually want to use this incomplete sword against your perfect and beautiful sword. I just stopped and saved some face for myself, haha...."

Langyayu laughed out loud with a carefree expression.

Although he took the initiative to admit defeat, he asked everyone to look up at him.

Only Young Master Langya possesses such magnanimity and openness.

At this time, the field suddenly became quiet.

Everyone's eyes fell on the two people.

Gu Shaoyang, and Fifth Shun, who had been silent but couldn't be ignored by everyone.

The Holy Son of the Top Holy Land, Wanchu Holy Land, No. 1 on the Divine Sea List, recognized as the No. 1 person by the younger generation...

Fifth Shun!

Everyone's mood suddenly became excited and exciting.

Then came the shock.

It's for Gu Shaoyang.

Unknowingly, Gu Shaoyang had reached this point.

Jiang Taichu, Yang Xiansheng, Lin Shuman and Langyayu.

Four of the five giants of the younger generation have fought against Gu Shaoyang.

Moreover, Gu Shaoyang was not at a disadvantage when fighting each of them, and was even slightly better than them.

Stepping on the shoulders of the four giants, now facing the only fifth Shun.

Gu Shaoyang is going to...Is the sword pointing at the leader of the six giants, the king of the divine sea list?!

Everyone is paying attention, and countless people are looking forward to this battle.

The same is true for Gu Shaoyang.

In the entire martial arts tea party, Fifth Shun was the only person he could not see through.

He didn't even know what Fifth Shun looked like.

Fifth Shun is obviously standing there, you can see him, but as soon as you turn your head and recall his appearance, you will find that your mind is blank.

But when seeing other people, you can immediately recognize him, he is the fifth Shun!

It's scary to think about it.

Gu Shaoyang's mind was slightly focused.

He felt a strong breath of "Tao" from Fifth Shun.

The martial arts aura of Fifth Shun.

He had experienced this kind of atmosphere when he taught swordsmanship in Hanhai Sect for three months.

That is a manifestation of a true understanding of one's own martial arts and a strong mind.

It is a necessary condition for entering the King Realm.

Gu Shaoyang just realized it and touched the threshold of martial arts.

But Fifth Shun... has obviously gone some distance on this road.

Extremely scary!

No wonder he is the well-deserved number one on the Divine Sea List.

Gu Shaoyang took a deep breath and looked directly.

The latter had strange eyes, in which the sun and the moon were rotating, also looking at him.

Both of them were speechless, but the excitement on their bodies had already revealed everything.

Fifth Shun also felt the aura in Gu Shaoyang's body that belonged to those who were just beginning to learn martial arts, and he also longed for a fight.

Gu Shaoyang didn't waste any time and just slashed out with his sword at an angle.

The meaning of yin and yang circulates in the void, and the sword light of the color of sky and water flashes across the sky.

The starting point is a sword that is 100% perfect in the spirit of Yin Yang Sword.

Fifth Shun's eyes flashed, and his double pupils seemed to be opening and closing rapidly, looking extremely mysterious.

He waved his sleeves and took a step, stretched out the fingers of his right hand, and pointed directly at Gu Shaoyang's perfect Yin Yang sword point.

"clang——"

Fifth Shun's ordinary fingers collided with Gu Shaoyang's sword light, making the sound of gold and iron.

It seems that Fifth Shun's hands are not flesh fingers, but heavenly treasures.

Jiang Taichu's expression slightly condensed, and he said in a deep voice:"It can withstand a single blow from Gu Shaoyang's perfect Yin-Yang sword without any damage, and the power contained in the sword's light is not derived but is resolved with its own hard resistance... Chapter 1 Wu Shun's divine body development rate has reached at least 70%!"

"Hiss.."

Everyone nearby who heard this sentence took a deep breath.

How terrifying would it be to develop a 70% divine body?!

Everyone saw how terrifying the power of Gu Shaoyang's sword light was. Even Jiang Taichu's body was injured under his sword.

Fifth Shun was not afraid at all.

The physical strength is really a treasure that is stronger than the heaven level.

This is the power of the divine body, the power of the divine body that has been developed to 70%.

Why is it said that the mortal body is difficult to compete with the royal body and the divine body?

With a highly developed divine body, you can't break through his defense even if he stands still and lets you do whatever you want, so how can he fight?!

Fifth Shun easily deflected Gu Shaoyang's sword light, and his figure only swayed slightly.

Gu Shaoyang suddenly disappeared at this moment, and suddenly appeared in front of him the next moment, punching him hard.

True Dragon Way. Black Dragon Transformation.

On the fifth level of Dragon Capturing Strength, a million kilograms of force exploded.

The power of the ten ancient true dragons were twisted into one force and shot out like cannonballs.

Fifth Shun's expression remained unchanged and he punched back one by one in the same way.

"boom!"

Gu Shaoyang even took a few steps back after the pure physical strength without any fancy.

Everyone in the scene sighed after seeing this scene.

"The gap is too big. The two of them are not opponents at the same level."

"Gu Shaoyang is already evil enough and outstanding enough, but after all, he is just a mortal body, and the mortal body has its limits. How can he compete with the fifth Shun's divine body?!"

"Gu Shaoyang is a snake, and the fifth Shun is a true dragon. No matter how powerful a snake is, it is just a snake after all. How can it be compared with a real dragon?"

"No one can shake the position of the number one person in the Fifth Shun Divine Sea!"

Even Jiang Taichu, Yang Xiansheng, Langyayu and others looked at Fifth Shun with complex expressions in their eyes.

It was a feeling of powerlessness from the heart.

The unwillingness to look at the back of his neck.

"He has become even scarier than he was three years ago, and I doubt any of us can even force him to use his full strength!"

"Being born in the same era as the Fifth Shun is our luck and our sorrow!"

"One day, I will be on par with him!"

Fifth Shun Zhen retreated from Gu Shaoyang, his eyes were far-reaching and his pupils were swollen.

He looked at Gu Shaoyang expressionlessly and said calmly: "If you only have this level of strength, then there is no need to continue this battle. Stop it."

As he said that, Fifth Shun had a tendency to retreat.

At this time, a mysterious smile suddenly appeared on Gu Shaoyang's face.

He stood still in the void, looked at Fifth Shun, and slowly spoke word by word: "This battle has just begun..."

As soon as he finished speaking, Gu Shaoyang suddenly burst out with an unprecedented and powerful terrifying aura.

Endless, surging blue-purple thunder and lightning burst out from Gu Shaoyang's body.

Gu Shaoyang's eyes changed from pitch black to pure purple, delicate and noble.

The hairband that tied her hair was broken by invisible force, and the long black hair automatically turned into a crystal clear purple from the roots.

Large swaths of black clouds gathered in the sky and settled above Gu Shaoyang's head.

There was thunder in the clear sky, lightning in the day, and the ground was shaking slightly.

Gu Shaoyang was surrounded by countless electric lights and thunder, and his whole person exuded a strong aura of ancient wilderness, domineering and desolate.

Complex and gorgeous thunder lines appeared on his forehead, adding a sense of nobility and majesty to his handsome face.

At this moment, he seemed to be in control of Thunder's main house, having descended here from ancient times.

The power of the Thunder Prison King Body shown by Tu Rensheng before was not even one-tenth of Gu Shaoyang's majesty.

Why did Gu Shaoyang have to fight with Fifth Shun before using Thunder Body? Wasn't it because he wanted to extract the coveted attribute bubbles from Fifth Shun's body?

"After absorbing the Divine Body Daoyun*3555"

, Gu Shaoyang's thunder body underwent indescribable mysterious changes, and its development rate soared to 70%.

Now, Gu Shaoyang can finally let go and have a hearty battle.!

And seeing the majesty of the thunder body displayed by Gu Shaoyang, everyone in the audience, including Fifth Shun, were all stunned....

Gu Shaoyang...Not a mortal body?!

Chapter 257

Fifth Shun Gujing Wubo's eyes trembled fiercely, and deep surprise flashed through them.

The onlookers immediately exploded.

"Gu Shaoyang actually has an extraordinary physique. Am I dreaming?!"

"With a thunder-attributed physique similar to that of Tu Rensheng of the Thunder Prison Saint Sect, Tu Rensheng's Thunder Prison King Body has reached the level of a half-step divine body. Gu Shaoyang's physique seems to be even more than Tu Rensheng's body, so he must be a divine body!"

"100% perfect Yin Yang sword soul, pure physical strength of over one million kilograms, and a natural divine body... Hey, is this Gu Shaoyang still a human? This is so perverted!"

"No wonder his luck manifested into Bai Ze and Ancient Kui Niu. One represented his demonic understanding and swordsmanship talent, and the other was the divine body of the thunder system. How terrifying!"

"Did Gu Shaoyang really come from the Southern Territory? Can such a person appear in the Southern Territory?!"

"Divine body versus divine body. This battle should have been watched by some!"

The geniuses on the Shenhai list were also extremely shocked.

Langyayu sighed, and said with a self-deprecating smile: "I, Langyayu, have always believed that God is fair, but today I realized that I was completely wrong. It turns out that God is also partial. Brother Gu's talent and understanding are beyond my reach. I didn't expect that he was born with a divine body. It's really...well..."

Yang Xiansheng of Tiangong looked slightly condensed, "I didn't expect that he actually hid his clumsiness.".."

Jiang Taichu's face showed slight exclamation and a little annoyance, and he snorted and said: "If I had known earlier, I shouldn't have listened to what you said and only used one move. What a pity that I couldn't fight Gu Shaoyang!"

Yaochi Holy Land Saintess Lin Schumann's beautiful eyes were full of color, and he murmured:

"His swordsmanship talent is unparalleled in the world, and he is also born with a divine body. This Gu Shaoyang... is really blessed with the luck of heaven and earth. Even I can't help but be jealous."

This is true for the four giants of the younger generation, not to mention others.

Especially those who are familiar with Gu Shaoyang, Chai Yan, Wan Yue, Chao Qian and others. Their mouths were opened wide, and they could hardly believe what they were seeing. Everything he saw was real.

What happened in the past half day was like a dream.

Gu Shaoyang climbed up like a comet from the 34th spot on the Divine Sea Ranking, and directly became the sixth tycoon of the younger generation.

Forget it , and now even the divine body has come out.

Several people were confused, feeling that the overbearing, boundless, noble and extraordinary figure on the stage was so familiar and yet strange.

"Brother Gu...It's so hidden!!!"

This is the second time that Gu Shaoyang has unscrupulously unleashed his full strength of the Thunder Body.

Because he has absorbed many of the Daoyun attributes of the King Body before, his King Body development has been greatly improved, so he is now at an unprecedented peak.

"Sizzling.."

Gu Shaoyang stretched out his right hand, and purple lightning flashed like a snake on his slender fingers.

He tightened his grip, and waves of explosive power surged out of his body.

This feels so good.

A faint smile appeared on Gu Shaoyang's face.

It seems that there is nothing that I cannot break

"bring it on.."

Gu Shaoyang smiled at Fifth Shun.

Fifth Shun looked shocked.

The next moment, Gu Shaoyang's figure suddenly disappeared and suddenly appeared in front of him.

Just like teleportation, the time spent before and after is less than the blink of an eye.

Fifth Shun reacted immediately, raised his hand suddenly, and narrowly caught a white and powerful fist wrapped in lightning.

The fist was only a few centimeters away from his temple

"Um!"

Fifth Shun groaned and took a step to the side, staggering slightly.

"Wow!"

The whole place was in an uproar, and everyone's face showed a look of shock.

Fifth Shun actually retreated.

As the number one in the Divine Sea Ranking and the Holy Son of the Holy Land, he is the most stable among the younger generation of Zhongtian Territory in terms of status, talent and all aspects. Ranked first.

The king who cannot be defeated and cannot be shaken.

Fifth Shun actually retreated under Gu Shaoyang's punch?!

This scene was no less than a Category 10 hurricane in everyone's mind.

Finally someone can shake Fifth Shun's absolute invincibility Has the status been achieved?

Will the new king of the Shenhai Ranking be born in today's battle?!

Fifth Shun's eyes instantly became indifferent, and his white jade-like ten fingers released incomparable sharp energy and counterattacked Gu Shaoyang.

The two of them They are fighting together.

This is a battle between divine bodies and divine bodies, a fight between the top geniuses and the top geniuses.

Gu Shaoyang has temporarily put away the Seven Stars Long Yuan, relying entirely on the thunder body to compete with the fifth Shun.

The power contained in the thunder body It's too huge and terrifying. Gu Shaoyang doesn't need any sophisticated moves at all. He just punches and kicks casually, which brings great power.

Gu Shaoyang's thunder body is actually only at the level of the king's body.

But because it has absorbed a large amount of the Heavenly Tribulation Born from the strength and blood of the ancient Kui Niu, it is an unprecedented existence.

Compared with the fifth Shun and others who inherited the blessings of their predecessors, the physique is more outstanding, so the potential is even greater, and the level of the king's body is not weaker than the divine body.

Jiang Taichu This is the path he followed, trying to find his own way to a divine body from the king's body of his ancestors.

Now Gu Shaoyang has done it.

The fight between Gu Shaoyang and Fifth Shun looks like a fight between mortals who don't understand martial arts at all.

Their moves are clumsy and full of flaws.

But if you look closely, you will find that each of their moves is filled with a sense of simplicity, simplicity and simplicity. They are returning to their original nature.

They throw away all the shackles of complicated and useless moves, and simply rely on their physical bodies, supernatural powers and energy to fight.

There is a strong sense of mystery. A strong sense of ancient wildness.

It was like ancient gods and demons fighting each other on the vast land, which dazzled everyone.

Gu Shaoyang was suppressed by Fifth Shun at first, but gradually became evenly matched, and in the end he had begun to In turn, he suppressed Fifth Shun's head.

Everyone took a breath of cold air.

"Gu Shaoyang doesn't seem to be proficient in the fighting method of the divine body. He continues to grow in the battle with Fifth Shun!"

Jiang Taichu said in a deep voice.

"The moves he just used were ones that Fifth Shun had performed before. He saw them once and memorized them, but they were even more subtle when he performed them.

The ability to have a photographic memory, to understand everything and incorporate your own things into it, this kind of perverted understanding is really terrifying!"

Lin Shuman lightly covered her mouth with her beautiful hands, her beautiful eyes full of disbelief.

Yang Xiansheng said:"It seems that it is the first time for him to use his divine body. He is not at all skilled in controlling power, but his progress is really fast. It is horrifying, and the degree of development of the divine body is also surprisingly high...

If I hadn't seen it with my own eyes, I would never have believed it."

"The Myth of the Fifth Shun.."

Langyayu took a deep breath and slowly said:"Maybe it will be broken today."

Everyone around them was shaken when they heard this sentence.

"break!"

Gu Shaoyang's five fingers formed into claws, and each finger shot out a nearly solid purple electric light. The five electric lights gathered together and exploded with great power. The fifth Shun was knocked away at once.

This was obviously not the first This time.

Fifth Shun's face was a little ugly, and some kind of double pupils were rotating rapidly.

He was born with double pupils, a born divine body, and was a born king.

Since his cultivation, he has been the absolute number one among his peers at every stage.

But today, he was actually being pressed down and beaten. Fifth Shun felt an indescribable feeling of aggrievedness in his heart.

"call.."

After being knocked out this time, Fifth Shun did not turn around and rush forward. Instead, he stood on the spot and slowly exhaled a breath of filthy air.

Chongtong stared at Gu Shaoyang closely, and there was endless divine light emitting from behind.

"Monument of King Shun!"

Fifth Shun pointed his finger at Gu Shaoyang from a distance, and an indescribable force fell from the sky and pressed on Gu Shaoyang.

"Rumble.."

The heaven and earth shook, the void cracked, and there seemed to be an ancient blue stone tablet slowly moving out of the darkness, crushing towards Gu Shaoyang.

Are you serious?!

Gu Shaoyang felt the pressure on his body and his eyes narrowed slightly.

When he turned his palm, Seven Stars Long Yuan immediately appeared in his hand

"destroy!"

Gu Shaoyang drank in his mouth.

The aura of the 100% Perfect Sword Intent of Destruction flowed out from the sword.

With the blessing of the power of the thunder body, the power of the Huangtian Hell Thunder's sword was increased by more than ten times, directly surpassing the Yin and Yang of Dacheng. Sword Soul.

Large swathes of dark clouds came over, blocking the skylight.

Muffled thunder rolled, and thunder fell like rain.

Before Gu Shaoyang's sword was fired, the phenomenon caused was already earth-shattering.

Both of them were the strongest strikes, truly separated. The victory seems to be coming...

Everyone in the audience held their breath..

Chapter 258

Whether it is Gu Shaoyang's Thunder Sword of Destruction Huangtian Prison or the Fifth Shun's King Shun Monument, they all contain great power.

Before it fell, the energy leaked caused countless people to become disoriented.

Even the other four young giants are the same.

Apart from each other, I am afraid that anyone who faces these two attacks will be destroyed. so horrible.

It has long exceeded the limit that the Divine Sea Realm can reach. Even many strong men in the first level of the Life and Death Realm will never be able to carry out attacks of this level.

This is the style of the top genius in Zhongtian Domain.

Everyone was amazed.

Just when the two are about to collide with each other for the most powerful blow, they will decide the final winner.

Suddenly, a clear voice sounded

"etc..."

A figure leaped into the sky, white clothes fluttering, and a wry smile on his pale handsome face.

It's Langya Jade

"The fifth brother, Brother Gu, two.."

Langya Yu cupped her hands to the two of them respectively and said, "Why don't we just stop this battle? It was clearly agreed that each person would only take one shot, so why did it become a matter of life and death?"

This was meant for the fifth person. What Shun said.

Fifth Shun's face was expressionless, his eyes were as indifferent as a god, and he said calmly: "I never promised, I only made one move."

Lang Yuyu's tone was choked, and he was speechless.

Indeed, taking one shot each was a tacit agreement between him, Jiang Taichu, Yang Xiansheng and the others, and it was not considered an agreement.

Fifth Shun's words are understandable.

Langyayu could only turn her head and look at Gu Shaoyang.

Gu Shaoyang held the Seven Star Dragon Abyss in his hand, and the deep purple sword light emanated from the sword like a spiritual snake and dragon, exuding a strong aura of destruction.

Gu Shaoyang held this sword as if he was holding a thunder calamity from heaven and earth.

Gu Shaoyang smiled slightly and said to Langyayu: "Brother Langya, since he is not afraid of death, don't stop him..."

"snort!"

Fifth Shun snorted coldly when he heard this, and the Monument of King Shun quickly pressed down.

A small amount of the great power fell on Langyayu, and Langyayu's face became a little paler.

"Who lives and who dies? We'll find out later."

Fifth Shun's expression was cold.

There was a wry smile on Langyayu's face, with helplessness on his face.

He and the two of them were the most outstanding figures of the younger generation in Zhongtian Territory.

When the two of them fought, no matter which side was injured, It is all a great regret.

It is directly related to the subsequent trial trip of Taixuantian and Taiyuantian.

Langyayu, together with Tianji Pavilion, is responsible for guarding the fate of the Zhongtian domain, and never wants to see that scene happen.

Thinking After a while, Langyayu said seriously:"You two should just let it go, I will host this martial arts tea party. If you really want to continue, just step over the ruins of Langya Pavilion and my body, Langyayu."

After Langyayu finished speaking, she stood between the two of them very bachelorly and did not leave.

Fifth Shun and Gu Shaoyang looked at each other.

The two were silent for a long time, and finally they all dispersed the killing moves in their hands.

The dark clouds dispersed, and the thunder light disappeared. , the Monument of King Shun also disappeared into the void again, and the fighting spirit in the two people slowly faded away.

A smile appeared on Langyayu's face, and he said loudly:"How about we just call it a draw? Gu

Shaoyang smiled and was noncommittal.

Fifth Shun looked at Gu Shaoyang deeply and said,"Taiyuan Tian is waiting for you." Sooner or later we will have a winner in this battle."

After saying that, Fifth Shun turned around and disappeared into the sky.

Gu Shaoyang raised his eyebrows.

Taiyuan Tian?

Where is it?!

How did Fifth Shun know that he would definitely go there?!

Seemingly sensing Gu Shaoyang's doubts, Langyayu spoke. He said: "Brother Gu, you are from the Southern Region, and you don't know many secrets. I will tell you about Taiyuantian later.."

Gu Shaoyang nodded. at this time.

Suddenly, golden light flourished between Gu Shaoyang's heaven and earth. Endless golden light emerged from the void, poured into Gu Shaoyang's body, and manifested behind him.

Good Luck and Gold Sea!

Gu Shaoyang's golden sea of luck appeared.

Bai Ze and Kui Niu walked out one after another, roaring towards the golden chaos, as if they were expecting and welcoming something to appear.

Everyone opened their eyes wide and stared behind Gu Shaoyang.

"Roar!"

A very long dragon's roar came out from the chaos.

This dragon's roar was like a summons

"Roar..roar.."

As the dragon's roar sounded, a majestic Wangtianhu jumped out from behind Jiang Taichu.

Qilin...Nine-tailed Sky Fox...Yinglong...Zhu Yan... the lucky beasts of the geniuses on the Divine Sea List took the initiative to appear one after another. All the strange beasts were like Bai Zekui Niu, and they were against each other. Looking up to the sky and roaring in the same direction.

The chaos behind Gu Shaoyang rolled like boiling porridge...

Finally, a huge and majestic figure swam out from it.

Dragon shape.

But it is bigger, more noble, and more majestic than the real dragon.

The whole body exudes an aura of domination that dominates the world.

If the true dragon is the king of beasts, then it is the king of true dragons. besides...The whole body is a gorgeous and noble blue color.

The moment everyone saw this giant blue dragon, their eyes suddenly opened wide, their pupils shrank, and their expressions all became dull.

He was silent for a few breaths, with a look of disbelief on his face.

Someone trembled and shouted:"It's...it's the Qinglong! The Qinglong Divine Beast, the first of the four ancient mythical beasts! Gu Shaoyang's destiny beast, is it?!"The most noble and noble, the head of ten thousand dragons. How strong is Gu Shaoyang's luck!"

It's unimaginable... everyone was dumbfounded.

No one thought that Gu Shaoyang could actually manifest a third divine beast of luck. What's even more unexpected is that his third divine beast of fortune turned out to be the four spirits of ancient heaven and earth. One, the Lord of the East, the Azure Dragon Divine Beast who rules the Dragon Clan?!

After the Azure Dragon appeared, all the luck beasts on the field slightly lowered their heads towards Gu Shaoyang and roared.

The Azure Dragon's green dragon eyes scanned the audience, and its mouth But it was tightly closed.

Someone with sharp eyes couldn't help but said:"Look, what is in Qinglong's mouth?"

Everyone looked and saw a long sword as black as ink clasped in the mouth of the giant blue dragon. The dragon's teeth were tightly clasped with a long sword as black as ink. This sword was so small compared to the blue dragon that no one noticed it at first.

The long black sword It was obscure and difficult to understand, and the sword was like a black hole. After staring at it for a long time, it seemed as if even the soul would be sucked into it.

The horror in everyone's hearts became more and more intense.

"The green dragon is holding a sword. What kind of sword is it holding? What kind of vision is this?!"

After Qinglong appeared, Gu Shaoyang's momentum reached its peak for a while.

He attracted all the brilliance in the world. Standing alone in the sky, his radiance was incomparable.

Even the sun in the sky was far less dazzling than him.

Everyone stared at him. Looking at Gu Shaoyang's figure, their minds were swaying.

The blue dragon held the sword, and the black gold robe.

This scene, I am afraid that even after a hundred years, even after a thousand years, they will not be able to forget it.

Although the battle between Gu Shaoyang and Fifth Shun did not decide the winner, but Gu Shaoyang The strength he displayed was no less than that of Fifth Shun, and even pushed him to the next level.

In other words, even if he is tied with Fifth Shun,

Gu Shaoyang is also the new Shenhai Ranking. First.

The younger generation of Zhongtian Territory, the new king!

Everyone was in a trance, as if they saw a new era coming.

The era of two kings standing side by side.

Or... the era that truly belongs to Gu Shaoyang!!

A man from the Southern Territory The swordsman monster, the legend that is about to be written in the Zhongtian Domain, is slowly opening its title page.

Among the crowd, there was a pair of eyes staring at Gu Shaoyang in despair.

It was Ye Lingchen.

He looked in a trance, and murmured in his mouth:"Adhering to the fate of the Qinglong, since Coming out of the Southern Territory...what is the identity of Gu Shaoyang? Could it be the reincarnation of an ancient power?

This life is really very different from what I have experienced..."

Chapter 259

The far east of Zhongtian Territory, Hanhai Sect.

The peaks are standing there, surrounded by clouds and mist.

Compared with half a year ago, the vitality of heaven and earth in the Hanhai Sect area is now several times higher than before.

There are many talented people among the disciples, and there are geniuses and evildoers who are making a splash and rising up strongly.

At Tianlian Peak, a large group of disciples were gathered around before the Gunliujin examination.

What was once a deserted and deserted assessment project has now become one of the most popular test projects in the entire Tianlian Peak.

The person undergoing the test at this time was a young man in blue with a resolute face and firm eyes.

The young man used the sword, his swordsmanship was rigorous and majestic, and there was a faint sense of everyone's demeanor, which was quite extraordinary.

The black gold nuggets in front of him have reached the level of ten yuan each time, and the accumulated black gold nuggets have reached more than 400 yuan, which is quite stressful.

The onlookers were tut-tutting and praising

"Chen Ming's swordsmanship has improved again. Although his cultivation has not broken through, his strength has improved a lot. It seems that he will be able to break through the five hundred yuan mark this time."

"Rolling gold increases strengthThe help is really obvious. As long as you survive the pain of being abused in the early stage, you will be able to enjoy the pleasure of greatly improving your combat effectiveness later on. How come we haven't discovered it before?"

"Haha, if it weren't for the eldest son's senior brother Zhuyu who had taught the disciples of Tianlan Peak and was passed on by them. Otherwise, how could we know that there is such a great opportunity hidden behind this suffering?"

"Indeed, Senior Brother Zongzi has great wisdom and is a talented person on the list of gods. How can we ordinary people compare with it?"

"It is said that if Chen Ming breaks through the five hundred rolling gold mark this time, he can use his achievements to exchange his sect's contribution points for the opportunity to gain enlightenment under the Sword Teaching Stone at Tianlan Peak. How enviable!"

"The Sword Talking Stone is the stone where Senior Brother Zongzi taught swordsmanship to the whole sect and realized his own martial arts. It also contains some of Senior Brother Gu's insights into martial arts. The effect of comprehending the artistic conception of martial arts under the Jianjian Stone is several times that of other places.

Chen Ming is a swordsman. If he goes to Tianlan Peak, his strength will improve by leaps and bounds."

"Senior Brother Zongzi is in retreat at Tianlan Peak. If you are lucky enough to get some pointers from Senior Brother Zongzi, tsk tsk..."

Everyone else looked at the young man in blue who was undergoing the assessment with envy and fiery eyes.

While he was talking, the boy in blue had quietly broken through the barrier of five hundred black gold nuggets.

A joyful smile couldn't help but appear on the young man's stern face.

At this moment, a long and loud voice suddenly penetrated the void and reached their ears.

"bang——"

Everyone turned their heads suddenly and looked in the direction of the main peak.

"That's... the Hanhai bell is ringing!"

"What happened? Why did the Hanhai Bell ring suddenly?!"

The faces of the disciples showed surprise, but what surprised them even more was yet to come.

"Boom——Boom——..."

The bells kept ringing, one after another, with no intention of stopping.

As the bell rang, all the disciples of Hanhai Sect were even more shocked to discover.

As the bells clear away the clouds and mist, the two most prominent peaks in sight are growing taller!

"The main peak and Tianlan Peak are rising!"

"Oh my God! What happened?!"

The ground under their feet was shaking slightly, and more and more disciples discovered that the concentration of heaven and earth energy in the surrounding air was also rapidly increasing. The

Hanhai Sect disciples were shocked, surprised, confused, and excited.

They didn't know what happened, but The only thing that is certain is... what is happening now is a good thing for them and for Hanhai!

The main peak of Hanhai Sect.

Lian Yun flew towards the top of the mountain in a hurry, with a strong look of joy and confusion on his face.

Nothing. When he reached the main peak of the top of the mountain, Tao's figure had already flown out of the hall.

He was a young man who was no more than sixteen years old, with red lips and white teeth

, and extraordinary handsomeness. The young man was wearing a robe belonging to the head of the Hanhai Sect, and his eyes were completely inconsistent. With a vicissitudes of appearance, he was looking at Lian Yun with a smile.

Lian Yun was stunned on the spot, feeling that the boy was both strange and familiar at the same time, and suddenly shouted out in shock: "Are you...Senior Brother Lian Hai?!"

The young man smiled and nodded.

Lian Yun was surprised and happy: "Senior brother, how could you become like this? Could it be that he has made another breakthrough in his cultivation?! Lian

Hai looked high-spirited, looked far into the sky, and said, "Junior brother, if I say that I will enter the king's realm within a hundred years, do you believe it?!"

"ah?!"

Lian Yun was stunned for a moment and did not react.

Lian Hai smiled slightly and did not explain.

Instead, he pointed at the main peak that was slowly rising at his feet, and in the distance, it was rising faster, almost surpassing the main peak, and the top of the peak. Tianlan Peak, where purple clouds gather, said with infinite emotion:

"Junior brother, our Hanhai Sect is finally expected to be promoted to the Holy Land...

Shaoyang really gave us a great gift!"

Lian Yun was stunned by Lian Hai's series of words, and there were only a few thoughts left in his mind.

King's Realm?! Holy Land?! Junior Brother Gu, he...What a great thing have you done?...

On this day, the main peak of the Hanhai Sect was raised to a height of 100 feet, and the Tianlan Peak was raised to a height of 300 feet, completely surpassing the main peak in height.

Moreover, the two peaks are still rising, and the elder disciples who are above the main peak and Tianlan Peak can clearly feel the slight trembling of the ground under their feet.

The Hanhai Zongzong's treasure, the Hanhai Bell, rings ninety-nine and eighty-one times in a row, and the bell body is raised more than three feet.

The destiny of Hanhai Sect...It more than tripled in one day!

Same day.

In the past six months, Jinyang, Wuhua, and Yingyue sects, who have been openly and secretly opposing the Hanhai sect, have seen their fortunes plummet.

The luck of the two sects of Wuhua Yingyue was cut in half, and the Jinyang sect fell directly to only a quarter of its original level.

Half a year ago, Jin Huang, the leader of the Jinyang Sect, was severely injured by Lian Hai, the leader of the Hanhai Sect, and was forced to retreat to the death barrier. He suddenly fell in the death barrier and died in the eighth level of death in the life and death realm.

The Jinyang Sect is in a state of collapse. If there is no accident and they lose the eighth level of life and death realm, they will fall directly into the ranks of fifth-grade sects at the next sect evaluation meeting.

The Jinyang Sect was completely in decline.

This series of drastic changes occurred in just one day.

The four sects were shaken, and many old monsters who had been hiding in the world for many years were so frightened that they appeared one after another.

No one knew what happened or what caused this huge shock.

Until three days later.

The news of the conclusion of the martial arts tea party in Langya City reached this far east corner.

Everyone within the four sects was completely stunned.

All of them thought that Hanhai Sect's son Gu Shaoyang was hiding in Tianlan Peak to practice in seclusion out of fear of the Jinyang Sect's revenge.

I didn't know when I went to attend a martial arts tea party, and made a splash at the martial arts tea party.

With one person and one sword, he went directly from the 71st place on the Shenhai list to the 1st place on the Shenhai list.

Continuously suppressed and killed three holy sons of the Thunder Prison Sect.

The top ten geniuses on the Divine Sea Ranking were defeated by him.

The younger generation and five generations of giants also suffered under his hand.

Even the fifth Shun who was originally number one on the Shenhai Ranking was suppressed and beaten by him. In the end, he hosted the martial arts tea party, Du Langyayu was afraid of hurting both sides, and the two ended in a draw.

This kind of achievement is not only dazzling... it can simply blind everyone's eyes and scare them silly on the spot.

Moreover, it is said that Gu Shaoyang also showed Qinglong's luck at the martial arts tea party. His luck is monstrous and his destiny is astonishing.

In one fell swoop, he became the leading figure in the Divine Sea Realm among the younger generation in the Zhongtian Territory.

The light of countless holy places, second-grade holy places, top-level holy places, descendants of king-level experts, and disciples of the divine king were all completely obscured by him.

Unparalleled genius and supreme monster are not enough to describe his excellence.

Gu Shaoyang's name spread throughout the entire Zhongtian Territory in a very short period of time, and became known to countless people.

When the people of the Four Sects heard the news, they were first shocked, and then disbelieving.

But the drastic changes that have occurred in the past few days and the changes in the fortunes of various sects have all confirmed this.

Subsequently, countless talented people who heard about Gu Shaoyang's name and admired his outstanding style and came to the vast sea to become his disciples also proved the authenticity of this news.

Everyone has to believe it.

As a result, the three sects of Jinyang Yingyue Wuhua announced the closure of the mountain gates one after another, and the sects were unable to retreat.

The Hanhai Sect opened its gates and recruited disciples, and the entire sect showed a flourishing and prosperous scene.

The Hanhai Sect disciples went crazy with joy.

The eldest son and senior brother they admired turned from a star into the blazing sun in the sky in the blink of an eye.

Shine brightly in the world, unrivaled and unstoppable...

Chapter 260

The martial arts tea party ended, and many of the geniuses gathered in Langya City left one after another. Of course, some people stayed.

This event can be said to have made Gu Shaoyang famous.

Under his light, all the proud people at the martial arts tea party looked dim, and everyone became his foil.

At this time, seven days after the martial arts tea party, Gu Shaoyang was sitting in an elegant room on the top of Langya Pavilion.

Through the windows here, you can see the mountains and rivers outside Langya City. It is quiet and elegant, and the environment is very good.

In addition to him, Jiang Taichu, Lin Shuman and Lang Yuyu among the five giants of the younger generation were all there, and even Chai Yan Wanyue and others were sitting aside.

However, although the last few people were present, they were all sitting upright and just listened to the conversation silently without interrupting.

They understand in their hearts that this is an exchange between the younger generation of giants and giants.

They were not qualified to interrupt at all. Being invited here by Langyayu was entirely for Gu Shaoyang's sake.

As the host, Langyayu personally poured tea for Gu Shaoyang and the others.

"This is the Tianji tea I brought from Tianji Pavilion. It tastes great. Drinking it regularly has the miraculous effect of cleansing your soul. Please try it..."

Gu Shaoyang looked at the steaming cup of tea in front of him.

The tea was a strange black and white color, and it vaguely formed the shape of a yin and yang fish in the cup, which was very strange.

Take a sip.

The fragrance is far-reaching and refreshing, and the brain is obviously clear, as if all the turbidity has been removed, and both the soul and the energy are three times more lively than usual.

It is indeed a good tea.

Gu Shaoyang couldn't help but sigh in his heart: These top geniuses in the Zhongtian Domain can enjoy various resources and benefits that ordinary warriors cannot imagine.

"What do you think, Brother Gu?"

Langyayu smiled and said to Gu Shaoyang.

Gu Shaoyang nodded slightly: "Not bad."

"If Brother Gu likes it, I will give you some later."

"Thank you."

After some pleasantries, Gu Shaoyang couldn't help but get to the point.

"I wonder what Brother Langya mentioned before, what exactly is Taiyuan Tian?"

When Langyayu heard Gu Shaoyang's question, she put down the tea cup in her hand. Jiang Taichu and Lin Shuman also turned their attention.

Langyayu pondered for a while and said to Gu Shaoyang: "It will be quite troublesome to explain this matter. I will tell Brother Gu from the beginning. Let's talk."

Langyayu asked Gu Shaoyang: "Brother Gu, does he know what is above the Zhongtian Domain?"

Gu Shaoyang looked stunned, frowned and said: "Above the Zhongtian Territory? Isn't it the sky above the Zhongtian Domain?"

"right."

Langyayu said with a smile:"To be precise, it should be Jiutian"

"Nine days?!"

Gu Shaoyang's eyes showed a strange light.

Langya Yu said softly:"As the saying goes, it is above the nine heavens. In fact, this is not groundless, but real.

There are nine heavens above the Zhongtian Domain.

From bottom to top, they are Taixuantian, Taiyuantian, Taihuangtian, Shangxuantian, Shangyuantian, Shanghuangtian, Yuxuantian, Yuyuantian and Yuhuangtian.

Each heaven is a small world of its own.

They are all left over from ancient times.

It is said that some of the worlds are larger than the Zhongtian Domain..."

Gu Shaoyang's heart was shaken, and he couldn't help but speak. Langyayu nodded, and said seriously:"Yes, the Nine Heavens is vast and boundless, and the concentration of the vitality of the heaven and earth is much higher than that of the Zhongtian Territory. There are many that have survived from ancient times and have disappeared in the Zhongtian Territory. Cherish spiritual materials, precious medicines, and even Yuanshi veins... The top-grade Yuanshi in our Zhongtian Domain can only be regarded as top-grade in Jiuzhongtian.

Low-grade Yuanshi is almost the same as an ordinary stone in their eyes, and no one will pick it up if it is thrown on the ground..."

Gu Shaoyang couldn't help but secretly gasped when he heard Langyayu's exaggeration. Suddenly his eyes moved and he said:"Them? There are still people living in Jiuzhongtian?!"

"certainly."

Langya Yu explained:"Nine Heavens is the territory of the ancient relics. These ancient relics are all descendants of gods and possess considerable strength since they were born.

The best among them are more likely to be born with various talents and supernatural powers, and their talents and qualifications are much stronger than those of us ordinary people. how to say.."

Langyayu pondered for a while, then made an analogy and said:"It's like, everyone has a king's body.""

"What?!"

Gu Shaoyang frowned slightly and was shocked.

Everyone has a king's body and everyone is like a dragon. Are the ancient survivors so evil?

Langyayu immediately smiled and said:"I'm just making an analogy. In fact, it can achieve similar results. Even those with a royal physique can be called great geniuses among their tribe....The ancient relics are just ordinary people who are slightly stronger than ordinary people in our human race... and we, the human race, are not necessarily worse than them.

One hundred thousand years ago, the ancient relics raised their troops in the Central Heaven Territory, but they were forcefully killed by the genius of our human race and pushed back. They were killed until they were hiding in the Ninth Heaven.

In the end, these people were just relying on the remnants of their ancestors. Just a poor bastard living on his last breath..."

"one hundred thousand years ago.."

This was the first time Gu Shaoyang heard this secret.

Langyayu continued:"..Although our human race won the battle a hundred thousand years ago, the human race and the ancient relics reached an agreement not to invade each other. But we humans will still beat them from time to time.

This is the origin of the next three days of trials.

All geniuses who are on the list of the Divine Sea can enter Taixuantian and plunder Taixuantian's various resources at will, as well as the fate of Taixuantian's ancient remnants...

As for us.."

Langyayu pointed at Gu Shaoyang, himself, and Jiang Taichu and Lin Shuman, and said with a smile:"Those who are qualified to enter Taiyuan Tian will have a wider area and more resources. Of course, the ancient relics living there are also stronger...

In the past, there were only four or five places to enter Taiyuan Tian. This time, you are lucky, and there are as many as six.

This is why the five of us tried to test you before."

Gu Shaoyang suddenly felt in his heart.

He understood what Langyayu meant.

Although the ancient relics are strong, their glory is gone as the sun sets. Their era has passed.

The human race covets the resources of the Nine Heavens, but eating them in one bite will damage their teeth, so they choose this method of cutting the flesh with a blunt knife to weaken the strength of the ancient survivors bit by bit.

If he guessed correctly, not only the next three days, but also the middle three days and the upper three days should also have similar trial actions.

And those who can go to the middle three days and the upper three days to cut leeks must be stronger.

Langyayu seriously reminded Gu Shaoyang: "Brother Gu, although the ancient remnant clan has exhausted its vitality, they are still descendants of gods after all. Among them, there are often some people who are like the pride of heaven... especially the trip to Taiyuan Tianzhi. Only those who have reached the realm of life and death are eligible to enter. If we enter early, the risk is higher, so we still can't take it lightly."

Gu Shaoyang nodded and said calmly: "I understand." Then he asked again:

"Then when will we go to Jiuchongtian?"

Langyayu replied: "Half a year later, Cangmin Mountain."

Cangmin Mountain...

Gu Shaoyang silently remembered the time and place in his heart.

After Langyayu finished speaking, he continued to invite Gu Shaoyang to drink tea.

Gu Shaoyang had one thing hidden in his heart and couldn't help turning his head to look at Lin Shuman.

The preparatory saint of the Yaochi Holy Land was staring at him intently with her beautiful eyes.

Seeing his glance coming over, Lin Shuman was not shy and smiled at Gu Shaoyang openly and tenderly.

"What's the matter with Mr. Gu? Gu

Shaoyang thought for a while and said, "I don't know Fairy Lin, but have you ever heard of a person named Yan Qingyuan in Yaochi Holy Land?"

"Yan Qingyuan?!"

When Lin Shuman heard this name, his eyes looking at Gu Shaoyang suddenly showed an indescribable strangeness.
