Chapter 281

Gu Shaoyang stood up from the ground, took a gentle step, and reached the sky above the main peak of Brahma.

Xuanpao Xunxun, standing proudly in the void, is like the master of this space, powerful and unstoppable.

Only then did those people at the foot of the mountain see Gu Shaoyang's appearance clearly.

Everyone immediately opened their eyes and shouted in shock.~

"It's Gu Shaoyang!"

"Is he the one who accepts the sword master's inheritance? -! "

"Why is he here?!"

Everyone was shocked in their hearts and looked at Gu Shaoyang intently. They didn't know what to say.

Gu Shaoyang was already the king of the Divine Sea Realm in the Zhongtian Territory, and was tied with the fifth Shun of Wanchu Holy Land in the Divine Sea Ranking. The existence of one.

Now that he alone has inherited the inheritance of the two sword masters of the Brahma Holy Land, what kind of terrifying state of strength should he reach?!

It is impossible to imagine.

A strong intuition rose in the hearts of everyone present.

After today, the Shenhai Ranking Perhaps it is no longer two kings standing side by side, but one king should be honored.

Even the fifth Shun, I am afraid, will not be Gu Shaoyang's opponent!

Tuoba Hai looked at the figure in the sky intently, with a complicated expression.

Suddenly he sighed softly and became free and easy, and said with a wry smile:"The inheritance of the two great sword masters... Haha, he is the only one qualified to accept this kind of inheritance, right?.."

Those genius monsters who felt numb all over and fell into the sky involuntarily under the power of Gu Shaoyang's glance recovered one after another, and their eyes looking at Gu Shaoyang completely turned into deep horror and fear.

He is truly worthy of being the king of the Divine Sea Realm.

He didn't even take action, he just glanced at them and they fell down without any resistance.

If Gu Shaoyang drew his sword, they might be killed if they couldn't even last a breath.

In front of Gu Shaoyang, they were just like powerless mortals.

Both are in the Divine Sea realm, how come the gap is so huge?! can not imagine.

Gu Shaoyang just stood there calmly, but they felt that they were not even qualified to look up to each other.

"The formed martial arts will is indeed terrifying.."

Gu Shaoyang didn't sigh in his heart.

His supreme swordsmanship has just taken shape, and it has yet to fully show its edge. Just a hint of power is enough to instantly kill any Shenhai realm warrior below the young giant's first level.

So scary.

The main thing is that his sword cuts not only the body, but also the heart.

Just like Jiang Taichu's fist, every move has the effect of shocking the soul.

However, Jiang Taichu's martial arts will has not yet been formed, and compared with Gu Shaoyang's supreme sword power, it is like clouds and mud.

At this time, Gu Shaoyang's cultivation had completely reached the perfection of the Divine Sea Realm.

All aspects are perfect, without polish or improvement.

If he hadn't wanted to increase the development of the thunder body to 100% and fully tap the potential of the thunder body before making a promotion, he could have entered the realm of life and death at any time.

In the distance, Ye Shang's face was ashen with blood on the corner of his mouth, and his whole body was filled with a sense of defeat.

"Impossible, this is impossible.."

Ye Shang muttered to himself in despair, unable to accept what just happened.

Although he was not Gu Shaoyang's opponent at the martial arts tea party half a year ago, he could barely take the opponent's sword.

But now, only half a year has passed, and one look from Gu Shaoyang can make him vomit blood and fly away, causing his liver and gallbladder to burst.

Isn't Gu Shaoyang's strength improving too fast?!

It was so fast that Ye Shang felt a deep sense of despair.

A rickety figure appeared silently beside Ye Shang, and the old voice slowly comforted: "Young Master, let's go. This person is not you...not something we in the Night Evil Palace can afford to offend..."

This rickety figure exudes a powerful aura belonging to the realm of life and death, but Gu Shaoyang's eyes from a distance are still full of shock and awe.

"This person's luck, talent, and opportunity... are mine.

Over time, it will definitely grow to a height that is beyond your reach and that everyone can see.

If we continue to have a grudge with him, it might bring disaster to the Night Evil Palace in the future...."

Ye Shang's body shook violently.

He never expected that even Ye Shou, who had been guarding him, would speak so highly of Gu Shaoyang.

Nightmare's eyes flashed with light, hesitating, and a strong look of unwillingness flashed through

"Seventh Elder, I really can't reconcile myself to this..."

Ye Shang gritted his teeth and said, "How about you help me this time, help me kill Gu Shaoyang, and take away his opportunity and his luck? No matter how powerful he is, he is only in the divine sea realm, and you are in the life and death realm. Isn't it easy for a super master of the fifth heaven to capture and kill him now?!"

The rickety old man showed a look of helplessness on his face, shook his head and said, "Do you think I haven't thought about it?"

Ye Shang looked stunned.

Seeing the rickety old man's indifferent expression, he said coldly:"It's just that he inherited the fate of Qinglong, and now he has obtained the inheritance of the two sword masters of the Brahma Holy Land. The situation is set. Not to mention the life and death realm, I am afraid that even if he takes action in the king realm, It's not necessarily possible to kill him"

"What?!"

Ye Shang cried out in disbelief:"How is this possible?!"

The rickety old man sneered:"Don't believe it?" Just keep watching"

"Um?!"

Ye Shang subconsciously turned his head and looked in the direction of Gu Shaoyang.

Gu Shaoyang was standing in the air with a calm face. Suddenly, a very thin black crack flashed through the void and went straight towards Gu Shaoyang.

Ye Shang's pupils shrank and he couldn't bear it. Zhu blurted out:"Is there anyone?!"

The sneer of the rickety old man next to me became louder and louder.

"There really are some people who don't know whether to live or die...haha.."

It seems that this is what Gu Shaoyang is waiting for.

His face was expressionless, and he stretched out a long, white index finger and pointed it in the void.

In an instant, the entire Brahma Sword Tomb seemed to be shaking.

Everyone's expressions changed drastically, and they only heard the sound of countless swords ringing in their ears.

··Asking for flowers...0

Then streams of light of different colors shot out from all directions of the Brahma Peak and the Brahma Sword Tomb at the feet of Gu Shaoyang.

All rivers flowed towards Gu Shaoyang's index finger.

Someone with sharp eyes saw that they were broken, phantom shadows of swords

"It's the Qi of Sword Qi!"

What is the most abundant thing in the Brahma Sword Tomb is naturally the tens of thousands of broken swords.

The thousands of broken swords are the thousands of swords.

The shadows of countless broken swords pour into Gu Shaoyang's body like light.

Gu Shaoyang A monstrous light flame suddenly rose from outside the body.

Sword Qi Xuan Yuan Gang Body!

Because there are so many sword Qi, it is so many that this skill can be directly deduced to a breakthrough level in one fell swoop. The black and red turned into gorgeous and eerie seven-color colors.

It made Gu Shaoyang's whole person even more extraordinary.

The seven-color flames almost burned through half of the sky, and then quickly retracted.....

All of it was compressed by Gu Shaoyang on his finger, and

Gu Shaoyang's index finger completely turned into seven colors, as if it were carved from glass.

All this seems to be a long time, but in fact it only happens in a short moment, like a flash of lightning.

Gu Shaoyang pointed out and happened to collide with the dark crack that sneaked towards him in the void.

"click.."

A crisp sound.

The void is broken, and there are dark cracks in the broken space

"How can this be?!"

Along with an incredible exclamation, a figure fell out of the void.

It was a strange man shrouded in a black robe, and his whole body exuded a strong aura of death and decay all the time.

He was holding a hand. The black sword was powerful and cold, and there was still a hint of shock in Gu Shaoyang's eyes.

The sudden change shocked everyone.

"It turned out to be him, no wonder.."

The rickety old man beside Ye Shang shook his head and sighed:"If I were honest, I might be able to survive the disaster, but now I am certain to die..."

"who is he?!"

Ye Shang's eyes were full of shock.

Before the rickety old man could speak, someone among the onlookers had already recognized the identity of the weirdo in black robe.

"This person is 'Nightmare Sword' Qi Wubing! Two hundred years ago, he was also a proud figure on the Divine Sea List!"

"Two hundred years ago, the Divine Sea Realm reached Perfection, so now he.."

"At least it is the realm of life and death, and definitely not just the first or second level of the realm of life and death!"

"Hiss.."

Everyone couldn't help but take a deep breath.

Gu Shaoyang's eyes in the sky changed completely.

A veteran prodigy who was at least in the third level of life and death was actually forced out of his body by Gu Shaoyang.

And Gu Shaoyang is only in the Divine Sea realm now.

Gu Shaoyang...

How evil is he?!

Everyone's eyes were horrified, with an unbelievable expression.

Chapter 282

Qi Wubing, as a veteran in the life and death realm, ignored his face and went to sneak attack a person in the divine sea realm, but the result was not successful.

Not to mention the onlookers, even he himself found it difficult to accept this fact.

How can this be?

It's like a fantasy.

But it happened.

Moreover, Gu Shaoyang only used one finger to block his nearly full force blow.

The shock in Qi Wubing's heart was no less than a huge wave, and he could not calm down for a long time.

Gu Shaoyang, on the other hand, looked him up and down and felt the strong aura of decay and dilapidation exuding from his body, and said coldly: "The fourth level of death in the realm of life and death, if you don't find a place to hide, you can seek advantages and avoid disadvantages, and protect yourself wisely. How dare you? You come out and jump around. I see that you really don't know how to write the word "death"!.."

Qi Wubing's only exposed eyes were instantly filled with anger.

He, a strong man in the life and death realm, was actually ridiculed by Gu Shaoyang, a person in the divine sea realm.

"How dare you speak arrogant words even in the small Divine Sea Realm?! court death!"

Qi Wubing shouted angrily, and his whole figure seemed to melt and turned into a pool of black water, disappearing into the void behind him.

Then, countless black cracks appeared in the void, just like the one that sneaked up on Gu Shaoyang before. They were exactly the same, and they all rushed towards Gu Shaoyang.

To outsiders, it seemed like countless black lines appeared in the sky, carrying a gloomy and terrifying aura, as if they were going to split the whole world and engulf it.

A wave of horror arose in everyone's hearts..

The power of a strong man in the life and death realm is so terrifying!

Ye Shang was even more excited, with a sneer on his face, and cursed in a low voice: "If you, Gu Shaoyang, can block one attack, can you still block these thousands of attacks?" , let me see if you will die this time?!"

The rickety old man glanced at him and shook his head in disappointment.

In the sky, Gu Shaoyang stood tall and graceful, with no trace of panic or fear on his face.

The countless squirming creatures in the surrounding void were as scary and disgusting as insects. He seemed to turn a blind eye to the black cracks.

Gu Shaoyang slowly picked up Qixing Longyuan in his hand.

In an instant, everyone felt that the energy of heaven and earth around them suddenly disappeared, as if they were all pulled away at once. The void trembled, and the energy of heaven and earth gathered. It turned into an invisible rolling river, rushing towards Gu Shaoyang.

The aura on Gu Shaoyang's body continued to rise in a very short period of time, climbing to one peak after another.

Everyone was dumbfounded, and they saw a golden mystery gradually appear on Gu Shaoyang's forehead. Runes.

Some knowledgeable people were shocked and exclaimed inexplicably: "This is... the sacred symbol of the Brahma Holy Land! Gu Shaoyang has actually been recognized by the Brahma Holy Land and has become the Holy Son of the Brahma Holy Land!"

"No wonder he was able to mobilize the energy of heaven and earth in the entire Sword Tomb for his own use. He is the only one left in the Holy Land of Brahma in the world. In other words, Holy Land of Brahma is him, and he is Holy Land of Brahma!"

"It is really unheard of that the Holy Son could be born in the destroyed Holy Land."

A surge of incomparable consternation and shock arose in everyone's hearts.

Although the Brahma Holy Land was once the top holy land in the Zhongtian Domain, it has been destroyed for who knows how many years. It is incredible that Gu Shaoyang can still become the Holy Son of its Holy Land.

"The Brahma Holy Land was wiped out overnight, and the swords of everyone from the disciples to the king were broken. Not to mention the Divine Sea Realm, even the King Realm cannot bear this huge cause and effect.

This Gu Shaoyang can actually become the first holy son of the Brahma Holy Land. He is not crushed to death by life and death, but his luck is getting worse and worse, and he has the potential to set fire to the sky...."

Some people said with emotion:"It is indeed a Qinglong fate that is rare to see in millions of years. It is truly heaven-defying and terrifying!"

While everyone was shocked, they couldn't help but feel a burst of sincere admiration for Gu Shaoyang.

Being able to shoulder the fate and cause of the entire Holy Land on one shoulder, Gu Shaoyang is truly a genius with great courage and courage.

The nearly endless vitality of heaven and earth gathered around Gu Shaoyang. The black cracks in the void could not move forward under the pressure of the terrifying vitality, and could not hurt Gu Shaoyang at all.

Qi Wubing's move was directly broken invisible.

A flash of shock flashed in Qi Wubing's eyes, but he smiled and said sarcastically:"A ruined holy land, does it deserve to be called the Holy Son?! Even if it has the support of the entire holy land, what can it do if it is in an invincible place

? You will always hide your ability in this life, and you will never be able to retreat...."

Gu Shaoyang's face was cold, his eyes were far-reaching, and he glanced at the void. Qi Wubing was stunned, and the onlookers were also stunned.

I only heard Gu Shaoyang say coldly: "In this world, I am invincible!

Not to mention that you are a small person in the fourth level of life and death.

Under the king's realm...

I can also be killed!"

The cold words were wrapped with overwhelming murderous intent, like the biting cold wind blowing from the Wanzai Glacier, making everyone shiver. The next moment, everyone suddenly felt their hearts tightening, as if it was as if he was being targeted by some wild beast.

Gu Shaoyang's temperament completely changed.

He raised the sword in his hand, and his body exuded a terrifying aura that was the only one in the world.

Lingtian's sharp energy burst out of his body, Even the sky trembled.

Everyone couldn't help but feel a sense of admiration and fear.

Gu Shaoyang's eyes turned completely silver without knowing when, staring at a place in the void, and said coldly: "You clown, die!"

As he said that, he slashed out with a sword.

My only sword!

A sword that condensed all Gu Shaoyang's knowledge and carried his supreme swordsmanship.

In an instant, Qi Wubing's body was covered with cold hairs, and warning signs appeared in his heart, and there was a strong feeling. A strong sense of life and death crisis spread to his heart.

Gu Shaoyang's sword made him feel the greatest terror that he had not experienced in hundreds of years.....

Qi Wubing could no longer care about anything and turned around to run away.

But that indescribable and incomparable brilliant sword light caught up with him in an instant.

The void broke open, and everyone was watching. Under the gaze of everyone, everyone saw a black figure that was running away madly and was directly swallowed up by the sword light.

Crushed into powder, nothingness, leaving no trace

"Clang!"

Gu Shaoyang calmly sheathed his sword.

Countless sounds of faint sword sounds rang out in the Brahma Sword Tomb, as if in response to the cheers.

Everyone witnessed this scene with their own eyes and froze in place, unable to recover for a long time. For a long time, Great shock and horror emerged from everyone's eyes.

Qi Wubing... died?!

A super strong man from the fourth level of the realm of life and death died like this?!

Died in front of countless of them!.

Died under Gu Shaoyang's sword.

Now recalling Gu Shaoyang's sword, they still trembled in their hearts, with boundless fear.

Although Gu Shaoyang's sword was not aimed at them, but just watching its power, they Many people were sweating profusely, as if they had died once.

Someone looked at Gu Shaoyang's figure in the air and said with great difficulty:"Martial arts will, this is the martial arts will that has been formed. Even without the bonus of the Brahma Sword Tomb, Gu Shaoyang's sword... is enough to kill a being in the first or second level of the life and death realm!"

The eyes of countless people were shocked and horrified. It

's too scary...

Those geniuses and evildoers who were watching were filled with complicated and unspeakable emotions. They suddenly regretted coming here to participate in any sword master's inheritance test.

After seeing Gu Shaoyang's sword.

They Everyone's martial arts heart has been violently impacted.

If their previous impression of Gu Shaoyang was like a mountain, they felt that they could not catch up with him.

But now, they only have a deep sense of fear and fear in their hearts. A sense of despair.

Gu Shaoyang's sword... suppressed the martial arts of all of them to the point of collapse.

This new king is much more terrifying and powerful than the fifth Shun who used to have a mostly mysterious impression!

Ye Shang has been completely stupid.

His eyes are blank. Dull, with a dull expression.

He never expected that Gu Shaoyang... actually killed Qi Wubing!

And he only used one sword, lightly and cleanly, just like squeezing an insignificant ant to death.

What the hell?..Is it possible for the Divine Sea Realm to do this?!

The rickety old man sighed, and slowly said:"Young Master, this Gu Shaoyang is much scarier than you and I imagined... Only the

Divine Sea Realm can understand martial arts clearly. , condensed the will of martial arts into shape...

From the realm of life and death to the realm of kings, it is already a smooth road...

We cannot recruit or mess with this person... We should stay away from him..."

Ye Shang trembled violently and fell into a long silence.

Chapter 283

Gu Shaoyang killed Qi Wubing, who was on the fourth level of the realm of life and death, with one sword. The prying eyes in the void immediately receded one after another.

Qi Wubing was not the only one who coveted the inheritance of these two sword masters.

It's just that Qi Wubing coincided with the calamity of death and was blinded by his divine wisdom, so he jumped out impatiently and became the first bird.

After Qi Wubing died under Gu Shaoyang's sword, everyone suddenly felt that invisible power was mobilizing in the void.

They were involuntarily pushed out by a force and forced out of the Brahma Sword Tomb.

It was Gu Shaoyang, the holy son of Brahma Holy Land, who was chasing people away.

These warriors who were forced out of the Brahma Sword Tomb suddenly discovered that the entrance to the Brahma Sword Tomb had been blocked, and the power under the King Realm could not break through at all.

Everyone couldn't help but sigh. It seemed that from now on, the Brahma Sword Tomb was no longer a trial place where anyone could come and go at will as long as they had the strength.

And it has become someone's back garden.

The inheritance of the two great sword masters of the Brahma Sword Tomb has been stirring up the situation in the Zhongtian Territory, and after this matter spread, it caused the entire Zhongtian Territory to tremble.

A character who was famous in the Central Heaven Realm not long ago is now like the scorching sun in the sky, and his rays of light cannot be seen.

Gu Shaoyang!

He has the inheritance of two great sword masters.

Become the first holy son of the Brahma Holy Land, one person for one holy land!

Qi Wubing, who was in the fourth level of the Life and Death Realm, was killed with a sword in the Divine Sea Realm.

The peerless edge is unstoppable!

Although the killing of Qi Wubing and Gu Shaoyang did borrow the general trend of the Brahma Sword Tomb.

But his sword that shocked the world was seen by countless 22 people

"Even if Gu Shaoyang didn't use the power of the Brahma Sword Tomb, with the power of his sword, it would still be easy to kill someone in the first or second level of the realm of life and death!"

This sentence has been recognized by many people, and even the powerful people in the life and death realm present have acquiesced.

Countless people are horrified.

Cross-level challenges, adversity killing... many genius monsters can do it.

But what level of cross-border is that? ?

Ju Yuan kills Ning Zhen, and Ning Zhen kills Xuan Dan...

After the Xuan Dan realm, it is already difficult to cross a big realm to confront the Shenhai realm.

After all, the higher the martial arts road goes, each realm The greater the gap between them, it is not impossible to describe it as a world of difference. A person with a high level is as easy as crushing an ant to kill a person with a low level. No matter how talented you are, it is useless. The difference is so cruel.

However, Gu Shaoyang managed to achieve such a feat.

The Divine Sea Realm kills the Life and Death Realm.

It is no less shocking than an ant biting an elephant to death.

The Life and Death Realm is the last realm before the King Realm.

The Nine Heavens of the Life and Death Realm, Nine steps can reach the sky.

After a warrior reaches the realm of life and death, every time he breaks through, he will be reborn.

In essence, after entering the realm of life and death, the warrior no longer belongs to the ranks of mortals and has completely become an extraordinary person.

This shows that the realm of life and death There is a huge gap between the Divine Sea Realm and the

Divine Sea Realm. An unparalleled genius who can kill the powerful people in the Life and Death Realm in the Divine Sea Realm in adverse circumstances may not come out in the Zhongtian Domain in a hundred thousand years.

But now, Gu Shaoyang has done it.

So, many people Calling Gu Shaoyang "the unparalleled genius seen in Zhongtian Domain in a hundred thousand years"

, Gu Shaoyang's light completely overshadowed the fifth Shun who was tied with him.

No one among his peers could hide his edge!

After half a month, another After a shocking news came out in Zhongtian Territory, Gu Shaoyang's reputation suddenly reached its true peak....

Gu Shaoyang was flying through the clouds, his body shape was almost impossible to catch with the naked eyes of ordinary Divine Sea Realm warriors.

After taking shape in Supreme Kendo, he has made great progress in all aspects, no exception.

It's like a body of mixed forces, truly embracing the core, cohesively integrating into one body, and promoting each other. The body is undergoing slow transformation and growth all the time.

We are always approaching the realm of life and death.

Gu Shaoyang held a jade talisman in his hand. In the jade talisman was the news that someone had just sent.

Gu Shaoyang's eyes flashed with strange light, his expression showed a trace of surprise, and he whispered to himself: "The thirty-sixth place on the list of life and death... Haha, you really think highly of me." That's right

, before Gu Shaoyang killed Qi Wubing Less than half a month later, Tianji Pavilion immediately updated the life and death list.

With his perfect cultivation in the Divine Sea Realm, Gu Shaoyang ranked last on the life and death list, and had only one achievement: using the Divine Sea to kill Qi Wubing, who was in the fourth level of life and death, at the Brahma Sword Tomb.

And because he was in the Divine Sea realm, he was not eliminated from the Divine Sea list.

He is still ranked first on the Divine Sea Ranking, but Fifth Shun is ranked second.

In this way, Gu Shaoyang became the first person in Zhongtian Territory in tens of millions of years to be on both the life and death lists of the Divine Sea.

Unprecedented in history and will never exist!

Double list of geniuses, a huge name!

Gu Shaoyang quickly put away the jade talisman and put the matter behind him.

No matter how great his reputation was, he couldn't feel as reassured as the strength he had in hand.

As the saying goes, if you don't enter the king's realm, you will eventually become an ant.

He has only one goal now, to break through to the King Realm as soon as possible.

Only in this way can you have the ability to do what you want to do and protect the people you want to protect.

Not long after, a winding and steep mountain range appeared in front of us.

Gu Shaoyang's eyes flashed and he thought to himself: Cangmin Mountain is here.

Today is the day that Langyayu and the others made an appointment to enter the Nine Heavens to participate in the trial.

Gu Shaoyang flew towards Cangmin Mountain quickly and soon felt powerful auras.

On a mediocre hill, dozens of figures stood quietly waiting.

The sound of Gu Shaoyang's escaping light caught the attention of the geniuses.

Dozens of powerful gazes were projected towards him.

Gu Shaoyang snorted coldly and looked back without any scruples.

The geniuses on the Shenhai Ranking suddenly felt a sting in their eyes. Everyone immediately retracted their gazes, their hearts trembled, and they secretly said: That person is here!

"Brother Gu!"

Far away, I heard the clear voice of Langya Jade.

Gu Shaoyang flew over and landed following the sound.

The five giants of the younger generation were all there.

Jiang Taichu, Yang Xiansheng, Lin Shuman...Also, the fifth Shun.

The five people all looked strange when they saw Gu Shaoyang's appearance. Jiang Taichu's eyes were filled with fierce fighting spirit, as if they couldn't wait to have a hearty battle with him.

Gu Shaoyang had no expression on his face, nodded slightly towards Langyayu, and then scanned the whole place.

There are many of the seventy-two geniuses on the Shenhai Ranking.

Standing together one by one, the powerful auras exuded from their bodies blended and competed with each other, swaying in the void with an astonishing momentum.

Wherever Gu Shaoyang glanced, his momentum immediately weakened.

The geniuses involuntarily lowered their heads under the sharp gaze, as sharp as a heavenly sword, and retreated from the sharp edge.

This is the supreme power of the king of the Divine Sea Realm, the head of the six giants of the younger generation!

Gu Shaoyang turned a blind eye to the fighting spirit in Jiang Taichu's eyes, and finally his eyes fell on Fifth Shun.

Fifth Shun also happened to look at him.

The two people's eyes collided in the void, and sparks seemed to burst out, causing others to be shocked.

Langyayu was afraid that the two of them could not restrain their fighting spirit and started fighting, so she quickly said: "Since Brother Gu is here too, let's go in quickly."

The other four giants nodded silently, and Gu Shaoyang had no objection.

Langyayu picked up the Tianjian in her hand and looked at the void somewhere above Cangmin Mountain.

The Guantianjian projected a mysterious light and opened a whirlpool-shaped portal in the void.

There was an ancient and wild atmosphere that was different from the Zhongtian Domain from behind the portal, and the faces of all the geniuses on the Shenhai Ranking showed a faint look of expectation.

That is the Nine Heavens, the world where the ancient gods once existed, a place that is a hundred times richer than the Zhongtian Domain.

The geniuses on the Divine Sea Ranking have stepped into the whirlpool portal one after another, but none of the giants of the younger generation have moved.

After everyone entered, Langya Yu said to a few people: "Everyone, as usual, we will meet at the entrance of Taiyuan Tian."

Jiang Taichu and others nodded, Fifth Shun glanced at Gu Shaoyang indifferently, and said coldly: "You can no longer avoid the Taiyuantian battle."

Gu Shaoyang narrowed his eyes and touched the hilt of Qixing Longyuan's sword with a smile.

"If you want to lose, I will give you a defeat."

The two faced each other tit for tat, neither giving in.

Wu Shun did not speak any more, but was the first to step into the portal.

The other people also entered one after another.

Langyayu and Gu Shaoyang were left alone on the field.

Langyayu will He handed the jade talisman to Gu Shaoyang and said, "Brother Gu, there is a random teleportation formation at the entrance of Taixuantian. This is a rough map of Taixuantian, with our gathering place marked on it.

There are also jade talismans that record Tai Xuantian's information and are used for communication.

However, the rules of Taixuan Heaven and Earth are special. If the jade talisman is far away, it will malfunction..."

Gu Shaoyang nodded and thanked.

Langya Yu thought for a while and said to Gu Shaoyang with great seriousness:"Brother Gu, Jiuchongtian and Zhongtian Domain are completely different worlds. The two are in conflict. The more powerful a person is in Zhongtian Domain, the more powerful he is in Jiuchongtian. You will encounter pressure, so you must be mentally prepared.."

Gu Shaoyang looked strange and said:"What do you mean?"

Langyayu said with a strange face:"In other words, you are the darling of heaven and earth with amazing luck in the Zhongtian Domain. When you reach the Ninth Heaven, you may struggle to become a An unlucky guy who can get his teeth stuck even if he drinks cold water..."

"Um?!"

Gu Shaoyang was stunned for a moment...

Chapter 284

Gu Shaoyang had just stabilized his body and recovered from the slight dizziness. Before he could take a breath, he felt a whistling wind in his ears.

A low roar and a fishy wind blowing against your face.

Gu Shaoyang hurriedly caught a glimpse of a black shadow from the corner of his eye, and subconsciously slashed out with his sword.

"Uh-huh!"

A scream sounded in his ears, and a demonic beast that was shaped like a tiger but had an ox's tail and was as big as a hill rolled past in front of him.

This demonic beast almost had the strength of the late Shenhai stage, and its body was extremely powerful.

With Gu Shaoyang's current strength With such strength, a single sword strike can easily kill an average warrior at the Great Perfection level of the Divine Sea Realm.

But this monster beast took a solid blow from him, but it was only seriously injured and did not die.

The monster's eyes were ferocious, and most of its body was clearly injured. He was about to be cut off by Gu Shaoyang, but he showed no fear. Instead, he let out a low bark like a dog and rushed towards Gu Shaoyang again.

Gu Shaoyang had no expression on his face and killed him completely with a sword.

"Its shape is like a tiger and an ox's tail, and its sound is like a barking dog... This monster is divided intoHe has some bloodline of the ancient ferocious beast Pig..."

Gu Shaoyang sighed word by word:"As expected of the Nine Heavens. Although pigs are not ranked high among the ancient ferocious beasts, their bloodline has long been cut off in the Zhongtian Domain. I actually ran into one as soon as I entered..."

Gu Shaoyang changed his mind and said:"If I hadn't been strong enough, if I were an ordinary warrior of the Great Perfection of the Divine Sea Realm, he would have been attacked by a pig beast when he first entered the entrance to the Nine Heavens and had not yet adapted, and I would probably have either died or been seriously injured by now..What

Langyayu said about luck being reversed is not an alarmist statement..."

Gu Shaoyang thought for a while, took out the Taixuantian map given to him by Langyayu, and checked his current location.

After a long while, Gu Shaoyang raised his head with a complicated face and said to himself:"It seems that Jiuzhongtian is not the least bit unfriendly to me..."

In addition to marking the location where the six of them gathered, Langyayu's map also marked different areas of Taixuantian in different colors.

Green represents the wilderness, a safe area with no natives or powerful monsters. Blue represents areas where monsters appear more frequently and is somewhat dangerous. Red represents areas with powerful monsters or Taixuantian natives. That is the territory occupied by those ancient relics.

After checking the map, Gu Shaoyang discovered that his current location was in a large area of red.

And it is a deep red area formed by two red areas superimposed.

It means that this is a place jointly occupied by two Taixuantian indigenous tribes.

The Ministry of Thunder and the Ministry of Fire.

As for the meeting point that Gu Shaoyang wanted to go to, even if he kept walking in a straight line, he would have to cross most of the map.

What's more, they have to go directly through the base camps of the Lei Department and the Fire Department.

It was extremely unlucky.

Gu Shaoyang's face was as dark as water, and he felt the deep malice coming from Jiuzhongtian's will.

Gu Shaoyang looked at the large red areas on the map that he must pass through, his eyes flashed, and he whispered softly: "Then just fight all the way out..."

Since Jiuchongtian's will doesn't like him, and it's useless to please him, let's find another way.

Sometimes, making the other person afraid can still achieve the success you want....

"Roar..."

A ferocious beast that looks like a leopard, is red all over, has three tails and one horn, and a small beast that looks like a Kui cow trembles together.

"I can't travel more than a hundred miles, but this is already the fourth monster I've encountered that has the bloodline of ancient ferocious beasts..."

Gu Shaoyang stood quietly in the void watching the fight between the two monster beasts. The colorful strange bird stood on his shoulder, dozing lazily.

Because Gu Shaoyang's luck in Jiuchongtian had declined to the bottom, he had to summon the little thunder spirit beast and the colorful strange bird.

Otherwise, he wouldn't have thought about any resource elixir along the way.

The monster beast that is fighting with the little thunder spirit beast has an ancient ferocious body. Although its strength is only in the late stage of Shenhai, when it walks, everything it passes is scorched earth, and its whole body exudes an extremely strong fiery aura. Monster beasts of the same level are powerful. Not even a little bit.

Fortunately, the little thunder spirit beast's Kui Niu bloodline is also quite strong, and its roots are extraordinary.

Although his cultivation level is a bit lower than that of beasts with ferocious beast bloodline, his strength is not weak at all.

One controls fire, the other controls thunder, and the two beasts fight well.

This is Gu Shaoyang's intention to train the fighting skills of the little thunder spirit beast.

A lot of the power of the ancient Kui Niu bloodline in the little thunder spirit beast has not been tapped yet. Once it is unleashed, the potential is endless.

"Roar!"

The ferocious beast's roar penetrated the clouds and cracked the rocks, like thunder exploding from a flat bottom.

It suddenly jumped out and got close to the small thunder beast. Then, taking advantage of its many tails, a trace of ferocity and cunning flashed in its eyes.

Three tails Like a flaming steel whip, it hit the little Thunder Spirit Beast's body hard.

The Little Thunder Spirit Beast felt the pain and suddenly became weak. Then, the beast sprayed red fire on its forehead. Its head was burnt black and looked miserable. It fell instantly. Downwind

"Giggle.."

The colorful strange bird suddenly came over and kept touching Gu Shaoyang's shoulder with its head, looking a little anxious.

It has a good relationship with the little Thunder Spirit Beast. Seeing that the Little Thunder Spirit Beast suffered a loss, it immediately became anxious and wanted Gu Shaoyang to help.

Gu Shaoyang looked indifferent and said calmly:"Don't worry, it can handle it."

Before he finished speaking, he only heard the little thunder spirit beast roaring in anger.

"Click!"

Kui Niu's roar, this is the real thunder on the ground.

The ferocious beast was immediately stunned and stayed in place for several breaths.

The little thunder spirit beast took advantage of this opportunity and pounced on it. When his feet hit the ground, countless thunder slurrries poured out from the ground.

Then he jumped up suddenly and stepped down hard.

The ferocious beast couldn't even react, and was directly stepped on by the little thunder spirit beast, causing its brain to burst. , so transparent

"Giggle.."

The colorful strange bird quickly flew up happily and flew to the head of the little thunder spirit beast, as if celebrating with it.

Gu Shaoyang also had a faint smile on his face.

In this way, it can be considered as a bit of the power of the ancient Kui Niu.

Just when the little thunder spirit beast happily took the demon pill in the beast's body and ran back to ask for credit from Gu Shaoyang.

Gu Shaoyang suddenly heard a sound breaking through the air, his eyes moved slightly, he raised his head and looked over.

I saw several rays of lavender light in the distance approaching in this direction.

Like jumping lightning, the speed is astonishing.

The little thunder spirit beast also noticed something strange, spat the ferocious beast demon pill on the ground, turned around in a ferocious manner and roared in the direction of the thunder light.

The colorful strange bird swallowed the ferocious beast demon pill in one gulp, flapped its wings and stood still on the head of the little thunder spirit beast.

The lightning quickly came closer, revealing several figures.

Gu Shaoyang saw the appearance of these people clearly.

These people are a whole head taller than normal people, they are burly, and they wear weird clothes, giving people a feeling of ancient barbarians.

Gu Shaoyang narrowed his eyes slightly.

They are the remnants of ancient times!

If he guessed correctly, these people should be from the Lei Department.

After several ancient survivors landed, their eyes stared closely at the little thunder spirit beast, with joy and excitement gleaming in their eyes.

He babbled a lot and seemed to be extremely excited.

Suddenly, they finally noticed Gu Shaoyang behind the little thunder spirit beast.

His expression suddenly changed, becoming suspicious and fearful

(Wang Wang Zhao) looked Gu Shaoyang up and down, then turned into a fierce look.

"Zhongtian domain human race?!"

One of the ancient survivors said to Gu Shaoyang in a jerky human language.

Gu Shaoyang was slightly surprised, "Can you speak our language?"

Before Gu Shaoyang finished speaking, the expressions of several people suddenly changed, and they became completely ferocious and brutal. They rushed towards Gu Shaoyang almost at the same time.

Their attack methods were violent and ferocious, and every move was wrapped with tiny electric rays, which was quite extraordinary..

Gu Shaoyang raised his eyebrows slightly.

The next moment, Qixing Longyuan unsheathed it boldly. A stunning sword light pierced the sky.

After a few breaths, several corpses with their heads separated lay quietly on the ground.

Only one was left on the field with a pale face. The face of the ancient survivor was full of horror and fear.

This was the ancient survivor who had spoken the human words before.

Gu Shaoyang hung the long sword on his neck, and the latter trembled all over and fell to his knees with a "plop". Shouting: "Sir, please spare your life!"

Gu Shaoyang looked indifferent and said coldly: "I ask, you answer."

The ancient survivors nodded their heads like garlic, in a panic....

Chapter 285

"..The two major tribes' divine hunting conference.

The younger generation of strong men from the two major tribes show off their bravery by hunting and killing powerful monsters or defeating people from the other tribe.

This is a tradition passed down from ancient times..."

The only remaining ancient relic tremblingly explained everything to Gu Shaoyang.

Gu Shaoyang glanced at him coldly and said indifferently: "So, you were planning to capture it just now?"

What Gu Shaoyang was referring to was the little thunder spirit beast with its teeth bared on its steps and a fierce look on its face.

The ancient survivors hurriedly replied: "This monster beast has the blood of the ancient Kui Niu flowing in its body. It is the totem sacred beast of our Lei Department. We dare not disrespect it.

Seeing the blood of Kui Niu indicates that our Lei Department is about to prosper. , there is more joy and joy in my heart, how can I dare to catch it with my hands?.."

As Gu Shaoyang guessed, these people were indeed members of the Lei tribe of the ancient relics.

As he spoke, the relic of the Thunder Tribe looked deeply at the little Thunder Spirit Beast with eyes full of awe and admiration.

The little thunder spirit beast looks very similar to the ancient Kui Niu painted on the tribal battle flag. One can imagine how strong the Kui Niu bloodline is in its body.

The emergence of such a strong Kui Niu bloodline is really the best of lucks for the Lei Department. There is no way that the Lei Department will return with a great victory in this Divine Hunting Conference.

However, this man couldn't help but secretly glance at Gu Shaoyang, who had an indifferent expression and murderous intent.

How could the Kui Niu bloodline choose to follow a lowly human race?

This is simply a trample and insult to the glory of the Lei tribe. If the tribal elders saw it, they would definitely be furious and cut this human into pieces and smash his bones into ashes.

The people from the Lei Department were thinking wildly when they suddenly heard the indifferent voice 290 ringing in their ears again.

"The last question... What is the most powerful person in your Thunder and Fire tribes?"

The people from the Thunder Department were stunned, and subconsciously said:"The most powerful person in our tribe is naturally the Great Elder. The Great Elder is a strong man in the realm of life and death. He controls the thunder of heaven's punishment and has boundless divine power... The same goes for the Fire Department. The great elder controls the immortal fire, which can burn all the filth in the world..."

"Is it just the realm of life and death... That's still acceptable.."

Gu Shaoyang said to himself thoughtfully.

The people from the Lei Department saw that Gu Shaoyang seemed to be deep in thought, his eyes flickering and wandering, and he couldn't help but say: "Sir...sir, can I leave now?"

"Well, you go."

Gu Shaoyang nodded casually without even looking at him.

The people from the Lei Department quickly got up from the ground and glanced at the miserable corpses of the clan members on the ground. A trace of deep resentment and resentment flashed in their eyes, and they turned into lightning and moved away at high speed. He flew away everywhere.

He made up his mind with hatred in his heart: After returning, he must report this matter to the Great Elder. The despicable human race once again appeared in the ancient land, and also coaxed and enslaved the totem sacred beast of the Lei Department...

This news, will definitely attract the attention of the great elder.

After killing this human race and welcoming back the totem holy beast, he will definitely receive heavy rewards from the great elder.

When the time comes...

Thinking of the good things that might happen in the future, this man couldn't help but show a look of longing and joy on his face.

It seems that even the body has become much lighter (cddg).

Um?

Why did the flying speed slow down instead?

The man saw a familiar strong body falling from his feet. Many doubts arose in his mind, and everything in front of him quickly turned dark...

Gu Shaoyang slowly put away his sword, and a headless corpse fell in the sky in the distance.

How could he let the other person go back alive?

"The Great Elder of the Life and Death Realm, I don't know what level of the Life and Death Realm he is in..."

Gu Shaoyang's eyes flashed, and he thought in his mind: "With my current strength, I should be able to kill the beings in the first level of life and death realm with my single sword. The second level of life and death realm is also capable of fighting. The third level of life and death realm Heaven is bound to be defeated.

The two great leaders of the Thunder Department and the Fire Department cannot be blocked. They are only within the scope of the first and second heavens of the life and death realm, so they must think of a foolproof strategy..."

Gu Shaoyang was smarter than the demon, and he quickly had an idea in his mind.

A cold smile appeared at the corner of his mouth, and together with the little thunder spirit beast and the colorful strange bird, he flew unscrupulously towards the distance....

In a rotten and damp swamp.

There were a dozen tall Lei warriors standing in the void, watching the fight between a sturdy figure and a ferocious monster in the swamp.

This demonic beast was as big as a small mountain, with the head of a pig and the body of a dog, and its body was covered with long black hairs that were as sharp as a magic weapon.

His eyes were red, and his mouth and nose were spitting out green-black poisonous rotten gas.

The momentum was fierce, and every time it collided, the entire swamp rumbled and vibrated.

And the young man who fought it was even more extraordinary.

Sword eyebrows, starry eyes, extraordinary bravery.

He is more than ten feet tall, with long dark purple hair hanging around his waist. His muscles are all tangled, and they are full of explosive power.

The young man has strange and complicated tattoos on his chest, back and arms, with long and thick purple thunderbolts jumping out of the tattoos.

Purple thunder disks are attached to the young man's body, like ferocious thunder pythons, making the young man's strong body look more powerful and exuding a wild and wild temperament.

The purple-haired young man was wrapped in lightning, leaving scorched footprints one after another in the void and the swamp.

The terrifying wild boar monster rushed forward time and time again, but was knocked away by him again and again with extremely arrogant means.

The domineering posture is eye-catching

"Gulzar deserves to be the strongest warrior of the younger generation in our Lei Department. His strength is really terrifying."

"Yes, the strength of this monster, which contains the bloodline of the ancient red-eyed pig monster, is even more terrifying than the average Divine Sea Realm Dzogchen. However, in Gulza's hands, it can't overcome even the slightest storm. It's truly amazing!"

"By killing this red-eyed demon pig, Gulzar will definitely be the number one person in our Lei Department in this Divine Hunting Conference. I heard that the Ministry of Fire also produced a powerful genius this year. I wonder who Gulzar is stronger or weaker than him... tsk tsk.."

"Nonsense, of course it's Gulzar!"

Amidst the sighs of the onlookers from the Thunder Tribe, the young man they called Gulza had already punched the red-eyed demon pig's head hard. The powerful punch contained terrifying thunder and lightning with astonishing destructive power. , unexpectedly smashed the extremely hard head of the red-eyed demon pig.

The brain of the red-eyed demon pig was blasted into ashes by the power of thunder and lightning. It suddenly lost all vitality, fell to the ground, and smashed a huge giant on the swamp. The pit.

Seeing this scene, the people of the Lei tribe immediately cheered with excitement.

"Gulzar! The first warrior!"

"Gulzar! The first warrior!"...

Cheers resounded throughout the swamp, and young Gulzar couldn't help but show some joy and pride on his face.

At this moment, a cold voice suddenly broke in from afar

"Are you the first person to participate in the Sacred Hunting Competition this time?"

There was silence on the field, and everyone subconsciously looked up.

They saw a handsome young man coming from a distance with no expression on his face.

The handsome young man seemed to be walking slowly, but he could go very far with every step, and he would be there in just a moment. He walked in front of everyone.

The handsome young man did not come alone.

At his feet was a strange monster with one leg like a cow, and a strange bird with bright feathers stood above the one-legged monster.

Gulzar The others were stunned when they saw the young man's expression, but their eyes soonHe consciously slid down onto the weird but one-legged monster.

After looking at it for a while, extremely strong gleams of surprise appeared in his eyes.

Especially Gulzar, he threw his head back and burst out laughing.

"Kui Niu bloodline!

As expected, I, Gulzar, am the Holy Son of Leibū appointed by the Great Elder.

The first time I participated in the Divine Hunting, I encountered the Kui Niu bloodline. The Lei Department was destined to prosper because of me, Gulzar! Gulzar was overjoyed and threw away the red-eyed demon pig in his hand. He strode towards the one-legged demonic beast and said with a smile, "With this Kui Niu bloodline, what else do I want from the red-eyed demon pig?"

In this divine hunt, I will definitely be able to shine and steadily suppress the Holy Son of Fire!"

Gulzar grabbed the one-legged monster with his big hand, and the latter dodged extremely nimbly and hid behind a person.

Gulzar did not take the handsome young man seriously at all, and walked towards him impatiently. The ground scolded: "Go away! The handsome young man was not angry either. There was a smile on his face and he said to himself: "Since he is the Holy Son of Raibu, that's right..."

Gulzar and the others were stunned when they heard this, and frowned slightly. Before they could speak, they saw an almost endless stream of dark purple thunder liquid suddenly erupting from the body of the handsome young man.

Rolling dark clouds came over the sky, and there was lightning and thunder.

The handsome young man was shrouded in an abyss of thunder and lightning, like a god of thunder descending from ancient times. He stretched out his right hand and punched Gulzar hard.

The void seems to be shattered

"If you don't die with one punch from me, I'll spare your life.."

Gulzar's faceA sudden change occurred, and when faced with this punch, a look of horror appeared in his eyes....Chapter 286

"Damn it, how could he be so strong! ?"

Gulzar roared angrily, every muscle on his body was shaking violently, and more purple thunder and lightning burst out from each tattoo.

His whole body was entangled with many thick and long purple thunder lights, and his aura instantly rose to the extreme. Even his body shape seemed to have swelled a few points, and he was extremely strong and wild.

But compared with the handsome young man, he was more than a little inferior.

Gulzar's aura was violent and wild, full of thunder and lightning-like rage. Feeling.

The handsome young man who was bathed in thunder exuded a strong noble temperament of the ancient wilderness. There was a majestic and inviolable look between his brows, and his power was brilliant, just like the ancient thunder god himself. The handsome young man punched down with a calm expression.

Ancient Erza roared, gathering all the strength in his body. The veins on his neck and forehead squirmed like earthworms, and he also punched him.

One was calm and calm, the other was trying his best.

One fist was white and delicate, and the other fist- As big as a millstone.

The stark difference gives people a huge impact.

The result is beyond everyone's expectation.

"Click click click.."

The fists of the handsome young man and Gulzar struck each other, and the power of thunder and lightning wrapped around the latter immediately collapsed in large areas, like a long river rolling back.

The arms, which were as thick as elephant legs, also made bursts of teeth-breaking brittle sounds, bending and breaking at a weird and unnatural angle.

The handsome young man's expression did not change, and he continued to press down with his fist, and finally landed firmly on Gulzar's chest.

Gulza let out a scream that was as shrill and unwilling as a wild beast, and his majestic body flew backwards. He fell heavily on the swamp like a rag doll, creating a large pit more than ten feet deep.

After doing all this, the handsome young man calmly closed his fist, looked at Gulzar with a smile, and said:"As expected of the Holy Son of Leibu, he can survive one punch from me. He is really powerful..."

All the people from the Lei Department on the field were completely stunned.

His expression was dull, his eyes were dazed, and he could hardly believe what was happening in front of him.

One of Gulzar's arms was hanging limply on one side, and a large piece of his chest was sunken. His majestic body like a mountain collapsed, his face was pale, and he was breathless.

Although he is not dead, he is not far away from death.

And all of this was caused by the punch of the handsome young man in front of him.

How terrifying is his strength?!

Everyone took a breath and looked at the handsome young man with eyes full of horror and fear, as well as full of doubts and disbelief.

Who is this person?!

The power he displayed was clearly from the same clan as Lei Bu.

But purer, more powerful, more noble.

Compared with him, Gulzar, the Holy Son of Thunder, looked like a fake.

If they were not familiar with Gulzar, they would almost think that the handsome young man is the real Son of Raibu!

The handsome young man glanced at everyone on the field. All the people in the Lei Department lowered their heads under his gaze and remained silent.

"Don't let me see you or hear your name again... Seiko Raibe? Haha...this title belongs to me from now on!"

Throwing these words, the handsome young man took a bird and a beast and left.

When the young man's figure completely disappeared from sight, the people in the Lei Department exclaimed in surprise.

"Who is this person?! When did our Leibu become such a terrifying genius? Not even Gulzar could defeat him with one punch!"

"He is still surrounded by the blood of Kui Niu. Is he really the reincarnation of the ancient thunder god?!"

"It's so scary, so terrifying, so unbelievable. This news must be reported to the Great Elder as soon as possible!"

"No!"

A weak but strong voice interrupted everyone's discussion.

Gulza barely supported his body and gritted his teeth and said: "Don't forget, this is the God Hunting Conference. If you return to the Lei Department now, you will be voluntarily quitting. Wait until my injury is better.."

As he spoke, Gulzar's eyes showed a trace of deep awe and shock, and he murmured in a low voice: "This man's power gives me the aura of the Great Elder's Heavenly Punishment Thunder... Maybe it was arranged by the Great Elder. maybe.."

Everyone looked stern, and there was a bit of anticipation and excitement in their hearts.

If this person is really arranged by the Great Elder and is a member of the Lei Department, then in this Divine Hunting Conference, the Lei Department will definitely overpower the Fire Department and win a big victory!...

The handsome young man is undoubtedly Gu Shaoyang

"After defeating the Holy Son of Thunder, it's time to take the next step and go to the Fire Department..."

Gu Shaoyang said to himself.

Although he is very unpopular with the will of Jiuzhongtian, this is not entirely a bad thing.

At least it has become much easier for Gu Shaoyang to meet people from the Thunder and Fire Department participating in the God Hunting Conference.

Gu Shaoyang quickly flew towards the area with partial fire.

Not hiding his whereabouts at all along the way, he let go of the power of his thunder body.

There were continuous dark clouds overhead, thunder followed, and purple lightning filled the air, dragging a long purple tail flame in mid-air, just like a leaping thunder and lightning, with amazing momentum.

Not long after, several figures appeared in Gu Shaoyang's eyes.

They were several young and strong men of the same build, fighting a monster beast.

These people's hair is red, their fiery aura spreads when they move, and they can also release powerful red flames. They are obviously members of the Fire Department.

Gu Shaoyang's lips twitched into a sneer, and he rushed over unscrupulously.

Xuan He's momentum immediately caused several Fire Tribe people to turn their heads and look at him nervously.

·····Asking for flowers·····

"who?!"

"It seems to be from Leibu!"

"What an amazing momentum!"

Gu Shaoyang came to a few people in an instant, and without any nonsense, he punched directly.

The power of the punch was brilliant, like a punishment from heaven.

The thunder body with a development speed of more than 90% was so powerful that it could almost shake the realm of life and death.

Lian Gur Zha can explode with one punch, let alone several small shrimps from the Fire Tribe.

With one punch from Gu Shaoyang, the flames released by the Fire Tribe members instantly dissipated in the thunder. The thunder and lightning bombardment was like spears. On the Fire Tribe people, they were directly beaten into pieces of charcoal. Even the monster they were fighting just now was killed by Gu Shaoyang's punch.

Gu Shaoyang stretched out his five fingers, and the only remaining Fire Tribe member The person was captured by the invisible force, flew into Gu Shaoyang's hands and was strangled by the neck.

Gu Shaoyang looked at him coldly from above and said,"Tell me, where is the Holy Son of your Fire Ministry?".....0The faces of the Fire Tribe people were pale, their faces were full of fear and horror, and their bodies were shaking like chaff.

"You..who are you? What are you doing with our Holy Son of Fire?! Gu

Shaoyang sneered,"I am the Holy Son of Thunder, what do you want to do with your Holy Son of Fire?" Naturally, I beat him to death and won the first place in this divine hunting competition..."

The Fire Tribe people opened their eyes wide and exclaimed:"Isn't the Holy Son of Thunder Gulzar?!"

"You remembered wrong! Gu

Shaoyang casually squeezed him to death and said calmly:"Forget it, I'll find it myself slowly... With my current low luck, I'm afraid I'll run into him soon.""

"continue!"

Gu Shaoyang turned around and left with the little thunder spirit beast and the colorful strange bird.

There was only a piece of scorched earth behind him, and there were traces of several charred corpses that were obviously killed by lightning...

In the following time, Gu Shaoyang kept wandering around Between the areas of the God Hunting Conference.

As long as he sees people from the Fire Tribe, he will definitely take action and kill them.

On the contrary, he will let them go when he encounters people from the Thunder Tribe.

Even when there is a conflict between the Thunder Tribe and the Fire Tribe, He will also help Leibu kill the Firebube.

Gradually, the deeds of a "Leibu Fierce Man" spread at the Divine Hunting Conference.

It is said that this person is extremely powerful, domineering and cruel, and kills without calculation.

And he is also accompanied by Leibu. The totem sacred beast of the tribe, the ancient Kui Niu bloodline demon beast, is the real holy son of the Thunder tribe.

The young strong men of the Fire tribe who participated in the divine hunt suffered many casualties. The remaining people will immediately attack as soon as they see violent thunder and lightning escaping. Hidden far away, not daring to get close at all.

And the momentum of the Lei tribe increased greatly.

Even many people in the Lei tribe gradually forgot the existence of Lei Gulza, and really regarded this fierce man from the Lei tribe who suddenly appeared. Discover the real Holy Son of Thunder...

Chapter 287

"bright fire.."

A Fire Tribe man walked up to a strong man with fiery hair, a slender figure, and a thin appearance. He said with a solemn expression: "The Holy Son of Thunder who suddenly appeared has gone too far. This paragraph Within that time, at least nearly thirty of our tribesmen who participated in the God Hunting Conference died at his hands..."

The capable man's eyes flashed, and he said in a deep voice: "Are you sure he is from the Lei Department?"

"The dead tribesmen were all killed by the powerful power of thunder and lightning. Some surviving tribesmen also said that the murderer was wrapped in thunder and lightning, accompanied by thunderclouds above his head... and also brought a monster with the blood of ancient Kui Niu. The beast is definitely a member of the Thunder Department."

"As the holy son of my fire tribe, you can no longer sit idly by and ignore the fact that your people are being humiliated and killed like this..."

Ming Huolie snorted coldly, murderous intent flashed in his eyes.

"I have a plan in mind.."

Ming Huolie looked forward, where a dozen Fire Tribe people were fighting fiercely with one person.

The man who was besieged by the "857" clan members of the Fire Department was dressed in white, holding an ancient and gorgeous long sword in his hand, and cut out nine powerful ancient dragons in the sword light.

Although he was fighting against more than a dozen fire masters by himself, he was not weak at all and his power was extraordinary.

Ming Huolie sneered and said: "No matter how powerful the fierce guy from the Lei Department is, the victory or defeat in my fight with him is only the victory or defeat of the Divine Hunting Conference. The

Divine Hunting Conference is held once a year, and a win or loss is nothing. Neither do the elders of the clan." I care too much.

But the human race in this lower domain is not something you can encounter at any time..."

There was a hint of excitement in Ming Huolie's eyes, and he whispered: "The human race from the lower domain is very powerful. If it is not as expected, they must be one of the top geniuses among the human race in the mid-day domain.

If I can If he captures it and hands it over to the great elder, he will definitely be much happier than taking the winner of the divine hunt!" The

Fire Tribe next to him was stunned, with a thoughtful look on his face.

Ming Huolie didn't bother to explain to him anymore. He stared closely at the man holding the sword, took a big step, and turned his whole body into a brilliant line of fire and shot towards the opponent.

Ye Lingchen groaned secretly in his heart.

Unexpectedly, his luck was so bad. As soon as he entered Taixuantian, he fell into a large group of people from the Fire Department.

It seems that one of them is the Holy Son of the Fire Ministry and is extremely powerful.

Ye Lingchen had been running away from the first day and had been entangled with the Fire Department for nearly half a month. Now he was even more unable to escape, feeling like he was stuck in a quagmire.

Suddenly, Ye Lingchen's heart was alarmed as he felt a fiery aura coming from behind him.

He turned around quickly and saw a pair of violent eyes filled with murderous intent.

It's the Holy Son of Fire!

Ye Lingchen was shocked and hurriedly swung the Xuan Wang Sword and the Nine Styles of Emperor Sword in succession.

Nine ancient true dragons circled and roared, and all rushed towards Minghuo Lie.

Ming Huo Lie did not dodge, he sneered, and his powerful body erupted like a hundred volcanoes erupting at the same time, erupting with an extremely fiery and domineering momentum.

Blazing red flames surged out of his body, and his whole body almost turned into a burning man.

With his bare hands, Ming Huolie shattered several of Ye Lingchen's dragon-transforming sword lights. His power was like that of the ancient Vulcan who captured the dragon and captured the phoenix. It was unparalleled.

"Come back to the Ministry of Fire with me, you despicable human race!"

Ming Huo Lie was so proud that he struck Ye Lingchen hard with a punch filled with red flames and terrifying power.

Ye Lingchen was forced back by Ming Huo Lie's aura, and his heart was extremely upset.

His cultivation improved a lot after receiving the mantle of King Xuan. , the strength is close to the level of the younger generation giants.

But Ming Huolie's strength is not bad, and although Ming Huolie looks domineering and rough, he actually has a gloomy mind.

Along the way, people have been consuming his energy, and after successive battles, Ye Lingchen's current strength is only 50 to 60% of what he was in his heyday.

How can he be Ming Huo Lie's opponent if he works hard and waits for rest?!

If I had understood the move of "Nine Dragons Soaring to the Sky" now, I would be able to defeat him.

Ye Lingchen He thought unwillingly.

It was the move that Gu Shaoyang used against the Night King. The nine-style Emperor's Sword was combined into one sword, and its power increased nine times.

However, Gu Shaoyang's ability to understand the secret of King Xuan's sword at a glance does not mean that Ye Lingchen can do the same.

Ye Lingchen was spent. I haven't been able to get started for half a year, and now I feel more and more impressed by Gu Shaoyang's strong understanding.

Is it possible that I, Ye Lingchen, will live another life and die here before the catastrophe comes?!

Ye Lingchen's face showed a strong look of unwillingness. , but the flaming fist in front of him would not change due to his will. It was still getting closer and bigger...

Ye Lingchen could almost feel the hot and blazing air coming from the fist.

At this moment, next to his ears, Suddenly there was a violent and sharp sound that broke through the air.

It seemed to come from a very far away place, and then quickly came closer.

This sudden strange sound caused everyone to look in that direction involuntarily.

In the distance, they saw a thick dark cloud Drifting over, under the dark clouds, there is a jumping and flashing purple thunder light.

In the thunder light, there is a domineering, noble and handsome figure, like a god, flying quickly.

The rolling sound is accompanied by the sound of thunder, resounding throughout the world

"Which one is the Holy Son of Fire, come up and die quickly!"

Everyone was stunned.

Who could be so arrogant and arrogant that he actually asked the Holy Son of the Fire Ministry to die?! When

Ye Lingchen saw the man's appearance clearly, he just stayed where he was.....

"Gu..."

Before Ye Lingchen could shout, he saw Gu Shaoyang glance at him with a stern look, and immediately closed his mouth tightly.

Ming Huolie was so angry at Gu Shaoyang's words that he laughed angrily.

He directly withdrew the punch that hit Ye Lingchen and said to Gu Shaoyang: "Are you the murderer from the Thunder Department who killed many of my elites from the Fire Department?!"

Gu Shaoyang's scornful eyes suddenly fell on Ming Huolie, and he smiled casually and nodded. He said: "It seems that you are the Holy Son of Fire."

After saying that, Gu Shaoyang stepped into the void and punched Ming Huolie with a powerful punch.

Ming Huolie was shocked and angry. He stretched out his hand and shot out a pillar of extremely blazing red fire.

Like a fire dragon, it blasted straight towards Gu Shaoyang.

Gu Shaoyang looked as usual, turning a blind eye to the roaring fire dragon and going his own way.

Ming Huolie's strength is more powerful than Gulza, better than the Holy Son Luo Yandao of the Sixth Spiritual Heart Holy Land in the Divine Sea Ranking, but slightly inferior to the level of the younger generation giants.

The strength is also very strong.

In the past, it would have taken a lot of effort for Gu Shaoyang to defeat him.

But after the martial arts will was formed, Gu Shaoyang's whole body's strength condensed into one. With the same strength, he could explode several times or even ten times the power before.

In addition, the development speed of the thunder body is almost perfect, crushing everything.

Gu Shaoyang's punch directly turned the bright fire dragon into sparks all over the sky.

"Um?! How can it be?!"

Ming Huolie's pupils shrank for a while, and his eyes almost popped out.

Seeing Gu Shaoyang walking out of the flames lightly, Ming Huolie was horrified in his heart.

How could 4.8 be so strong?!

He struck with all his strength, and in front of him There wasn't even a trace left on his body. Isn't it too outrageous?!

Gu Shaoyang's long and powerful hands reached out and grabbed Ming Huolie's head. Absorbing it, he scanned the whole place and said coldly:"Go back and tell the great elder of the Fire Department. I, the Holy Son of Thunder, will not only kill your Holy Son of Fire today. When I become the Great Elder of the Thunder Department in the future, I will kill all the people in the Fire Department, leaving no one alive... and your Fire Department elders, let them all wash their necks and wait for me!

Hum hum.."

As he spoke, Gu Shaoyang used force in his hands.

Ming Huolie's eyes widened, and before he could let out a scream, his head exploded like a watermelon.

All the Fire Tribe people on the scene stared blankly at Ming Huolie's headless corpse and the powerful body that was comparable to a god and demon. They were so shocked that they couldn't say a word.

The whole place was quiet...

Chapter 288

After killing Ming Huolie, Gu Shaoyang slaughtered most of the remaining Fire Tribe people on the field, and only deliberately let go of a few who were left to inform others.

So far, more than fifty Fire Tribe people have died at the hands of Gu Shaoyang.

Gu Shaoyang's body was filled with evil energy and murderous intent.

Even Ye Lingchen's eyes flashed with fear when he looked at him, and he was afraid to approach him.

"Brother Gu saved me again.."

Ye Lingchen walked up with a complicated expression on his face and thanked Gu Shaoyang.

"It doesn't matter, there are two more times."

Gu Shaoyang promised Ye Lingchen to help him three times, and now it's the first time.

Gu Shaoyang took back his thunder body, and the murderous aura and murderous intent all over his body suddenly subsided, and his temperament became as cold as the moon again.

"Brother Gu is not afraid of massacring the Taixuantian natives like this.."

Ye Lingchen paused and pointed to the sky above his head with some fear.

"I want it to be afraid of me!"

Gu Shaoyang smiled faintly and said:"These ancient remnants, the natives of Taixuan Tian are the flesh on their bodies. Every time I kill, is equivalent to cutting off a piece of flesh on its body. When it knows it hurts, it will naturally get out of the way obediently!"

Ye Lingchen's heart was shaken, and the eyes he looked at Gu Shaoyang were full of deep admiration.

The geniuses on the Divine Sea List who entered the Ninth Level Heaven were in a state of irreversible luck, their luck was low, and they were struggling.

Which one of them was in the Ninth Level Heaven ? Instead of being cautious, he was hiding 23, like a mouse crossing the street, for fear of causing conflict with the Jiuchongtian natives and making Jiuchongtian's will displeased.

Gu Shaoyang was unexpected. Instead of submitting, he took the initiative to hunt down and kill the Taixuantian natives.

Moreover, those who killed were all genius natives with good talents and powerful strength.

People like Ming Huolie were considered the darlings of heaven and earth in Taixuantian.

Gu Shaoyang dared to kill even Taixuantian's favorite people. He was really powerful. A man of extraordinary courage and insight.

Gu Shaoyang felt it too.

After he killed these Fire Tribe people, especially after killing Ming Huolie, the world in front of him seemed to become much clearer. There seemed to be an invisible haze that was wiped away from his heart. Go.

Luck, which has declined to its lowest point, is slowly recovering.

"What does Brother Gu plan to do next?"

Ye Lingchen couldn't help but ask.

Gu Shaoyang looked up into the distance, with a cold smile on his lips, and said calmly:"Go to the Fire Department, the base camp!"

"What?!"

Ye Lingchen's body was shaken violently, and his eyes looking at Gu Shaoyang were filled with horror and shock....

Taixuantian Fire Department.

The entire tribe is built on a series of continuous volcanoes, and the environment is extremely hot.

Even if a warrior from the Juyuan Realm in the Zhongtian Domain could not stay here for more than a few hours, he would be evaporated to death from all his energy, which meant that the Fire Tribe people could live here.

The Fire Department was as peaceful and peaceful as usual, especially after the younger generation of powerful men went to participate in the God Hunting Conference, the tribe was even more frighteningly peaceful.

Suddenly, a volcano located in the center of the tribe suddenly erupted.

Pillars of red fire leaped thousands of meters into the sky, and a tremor came from the loud noise of the volcanic eruption.

"who is it?! How dare you kill my grandson!"

All the Fire Tribe people looked up in shock and saw a tall and burly old figure standing quietly in the flames and lava.

The Fire Tribe people immediately knelt down, showing deep awe.

This was the strongest member of their Fire Tribe. , the great elder of the Fire Department, the strong one

"Elder Ming's grandson... isn't he the Holy Son of our Fire Department, Ming Huo Lie?!"

"Ming Huolie actually died?! Who dares to kill him? Who can kill him?!"

"Isn't he participating in the God Hunting Conference?!"

The people of the Fire Tribe were talking a lot, with looks of horror and shock on their faces.

The Great Elder of the Fire Tribe was full of anger, and the aura around him was as unstable as the active volcano under his feet.

His most beloved grandson, the young Fire Tribe A generation of geniuses with the strongest bloodline of Vulcan, who can take over his position in the future, and who will definitely win the first prize in this God Hunting Conference. He has lost his bloodline induction, which is obviously a sign of his downfall.

"My grandson is very powerful. Looking at the younger generation of Thunder and Fire, they are almost invincible. How could he fall into the God Hunter Conference for no reason?.."

After the anger in the fire department elder's chest was vented, his mood gradually calmed down, and his eyes were full of doubts.

At this moment, several red rays of light flew over from a distance.

After the light dispersed, several youths from the Fire Department threw themselves in panic in front of the Great Elder of the Fire Department, shouting loudly:"First Elder, you must make the decision for us... The Holy Son... The Holy Son....."

Several people hesitated and couldn't continue, and silently took out a headless body.

The elder of the Fire Department recognized it as the body of his grandson at a glance, and the anger that had finally calmed down began to rise again.

"Who did it?!"

The fire elder's tone was cold.

"He is the Holy Son of Leibu! This person is accompanied by a monster of ancient Kui Niu bloodline!"

"He smashed the head of Holy Son of Minghuo in one stroke!"

"There were also other young heroes in my fire department who were expected to die miserably in his hands!"

Every one of them said something to me, and the fire elder's anger suddenly rose to the extreme.

"What a thunder tribe, the Shen Shou Conference has always been about winning or losing, regardless of life and death. How dare you allow your tribe to do such a cruel thing? I will never end this matter with you!"

The roaring sound was like thunder rolling across the sky. The

Great Elder of the Fire Tribe turned into a ray of light and flew high into the sky at high speed, disappearing in the blink of an eye.

Looking at the disappeared figure of the Great Elder of the Fire Tribe, all the Fire Tribe people secretly thought in their hearts: With the temperament of the Great Elder, This must be bad...

Shortly after the Great Elder of the Fire Department left, two figures appeared quietly in the void a hundred miles outside the Fire Department.

"Brother Gu, is this why you massacred the Fire Tribe people and killed the Holy Son of the Fire Tribe?!"

Ye Lingchen's eyes shone with wonder and his face was full of admiration.

Gu Shaoyang smiled and said nothing.

Everything developed as he expected, even more smoothly than he imagined.

Unexpectedly, Ming Huo Lie turned out to be the Fire Department The grandson of the great elder had a greater impact on the great elder of the Fire Ministry. The divine beast Bai Ze penetrated the heavens and shielded the secrets of the sky, and the revelation given to him was absolutely correct.

He and Ye Lingchen waited outside the Fire Ministry for only half a day. The great elder of the Fire Department left angrily.

The Fire Department was on the only way for Gu Shaoyang to go to the meeting point. If he wanted to leave here, he could only pass through the Fire Department.

At this time, the Fire Department did not have the most powerful person to guard Gu Shaoyang. It is no longer an insurmountable chasm.

"Brother Gu!"

Ye Lingchen looked at the fire department with a slightly happy and excited expression, "Now that the fire department's chief elder is not here, we can finally leave this area...wait a minute!"

Ye Lingchen suddenly paused and frowned. He thought of a question that he had ignored before.

"Brother Gu, are you sure that there is only one strong person in the life and death realm, the Grand Elder, in the Fire Department?!"

"certainly.."

Gu Shaoyang nodded slightly.

Ye Lingchen had just breathed a sigh of relief, and when he had time to ask the reason, he heard Gu Shaoyang change the topic and continue: "I can confirm that the Fire Ministry has more than just one strong person in the life and death realm, the Grand Elder. How can there be only one strong person in the life and death realm in the Fire Ministry? The person in charge.."

"Um?! Ye

Lingchen's eyes suddenly opened wide and he whispered: "Then what should we do? If there is another realm of life and death, we still can't escape it.".."

Gu Shaoyang smiled at him, stretched out his hand to grab Qixing Longyuan, and roared towards the Fire Department without any concealment.

Faint words floated from the front

"It doesn't matter. So what if there are strong people in the realm of life and death?...Just let me kill him!"

It was an understatement, as if he was talking about an insignificant thing.

Ye Lingchen was stunned when he heard this. He stared blankly at Gu Shaoyang's back and murmured:"Yeah, I almost forgot about it. Brother Gu... He is on the list of life and death, a peerless evildoer who can kill powerful men in the life and death realm with his divine sea body..."

Chapter 289

Gu Shaoyang did not hide his momentum.

Different from the aura of the Fire Department, it was noticed when it entered the sky above the Fire Department's station.

"Who is so bold as to break into the Fire Department!"

Shocking and angry shouts sounded from below, and several burly figures flew up and stood in front of Gu Shaoyang.

They were warriors from the Fire Department, each of them reaching almost the strength of the Divine Sea Realm.

Seeing Gu Shaoyang, the Fire Warriors' expressions instantly changed. There was a big change, and they all shouted in low voices:"It's the human race!"

"The human race actually dares to break into our fire department?!"

"court death!"

Without waiting for Gu Shaoyang to take action, the Fire Department soldiers took action one after another.

They all held red spears of the same style in their hands, their breath was like fire, and their attacks were like wind. The momentum of their attacks together was like several volcanoes erupting in unison..

But Gu Shaoyang didn't even pause when facing them. He just glanced at them lightly, then swung a sword at them casually, and quickly passed by.

The Fire Department soldier suddenly froze on the spot, expressing... Shocked, as if seeing something incredible.

The next moment, a thin red line floated on their necks, and the red spears in their hands were neatly divided into two halves starting from the tip of the spear.

The life disappeared, and the stone Usually falling from mid-air.

The Fire Tribe people watching below were filled with horror and couldn't help shouting:"Enemy attack! Someone has broken in!..."

Immediately, the entire Fire Tribe boiled up, and the Fire Tribe people flew out from their residences one by one, with strong bodies and menacing momentum.

Gu Shaoyang was like a piece of ice dropped into the fire, triggering a violent reaction, but he didn't know whether the ice would melt or whether the flame would be extinguished instead.

Just as Lang Yayu said at the beginning, everyone in the Fire Tribe is a soldier, and almost everyone has considerable strength.

Even women and children mostly have the strength of the Juyuan Realm, and the cultivation of adult men is at least above the Ningzhen Realm.

This is a very scary ratio.

You must know that even in the Zhongtian Domain, not everyone has the qualifications to practice martial arts.

Gu Shaoyang couldn't help but sigh that the talents of these ancient survivors were indeed so good that people could envy them. The blood of the gods flowing in their bodies gave them unique innate conditions.

Stronger physique, longer life, higher starting point.

However, it has also become a shackle that limits their growth.

If their bloodline is not dense enough, let alone breaking through the King's Realm, even the Life and Death Realm would be difficult for them to reach.

Moreover, their population base is pitifully small compared to the human race.

Gu Shaoyang was trapped in the siege of the Fire Tribe people. Not only did he not show any panic or fear, but he felt as calm and wanton as a tiger swarming a flock of sheep.

After killing three waves of Fire Tribe warriors who rushed up to try to kill him, the humble leader of the human race, the eyes of the surrounding Fire Tribe people looking at him suddenly changed from curiosity, contempt, and disdain at the beginning to deep panic and fear.

The birds and beasts dispersed.

At this moment, an angry voice exploded in Gu Shaoyang's ears.

"Little human race, how dare you?!..~."

A fiery red figure soared out of the crater of a volcano, rolling towards Gu Shaoyang with a terrifying aura of exploding heat.

The panicked Fire Tribe people suddenly showed expressions of surprise and excitement.

"It's the third elder!"

"The third elder is out of seclusion!"

The fear on the faces of the Fire Tribe people immediately disappeared without a trace, and turned into resentment, joy, and pride... They all stared at Gu Shaoyang's figure, gritted their teeth and cursed:"Damn it, you despicable human race, you still dare to come here Our fire department is causing trouble. He must be taken down and burned on the Vulcan Pillar for seven days and seven nights to pay homage to Lord Vulcan..."

"That's right!"

Gu Shaoyang turned a deaf ear to the gossip in his ears. He stared at the violent figure rushing towards him with extremely bright eyes.

"This aura...is the second level of life and death!"

A smile slowly appeared on Gu Shaoyang's face, and he couldn't help but smile and said:"Well done!"

Immediately afterwards, he held the Seven-Star Dragon Abyss, and his aura seemed to be condensed to the extreme in an instant.

He exuded the most noble and noble aura, the only one in the world who has the unique aura.

"My only sword!"

Gu Shaoyang drank it clear.

In an instant, a sword light that seemed to be able to reach the sky came out from Gu Shaoyang's hand.

The world seemed to have stopped, and everything was silent.

The people of the Fire Tribe who were cursing and cursing all stopped for an instant, and everyone fixedly stared at that A sword light pierced the sky, and I suddenly lost consciousness.

At this moment, it seemed that the whole world had lost its color, and only the brilliance of this sword remained in the world.

"ah!.."

Until the screams broke the calm.

Everyone came back to their senses and opened their eyes suddenly, with a look of disbelief in their eyes.

"How can this be?!"

They saw the third elder of the Fire Department whom they were looking forward to. The surging momentum was suddenly cut off by Gu Shaoyang's sword, and the whole person was diagonally split into two halves. Hot blood spread all over the sky, and the two halves of the body fell down, quietly describing the desolation

"Third Elder...died?!"

The people of the Fire Tribe stared blankly at the body belonging to the third elder on the ground for a long time, unable to believe that what happened in front of them was real.

Some people came back to their senses, with great fear in their eyes and faces, and their voices were so sharp that they screamed out of shape:"The third elder was killed by this human's sword!..."

"The third elder is a super strong person in the realm of life and death, how could he die?!"

"He is not human! He is not human!....He is a devil! It's a demon that came from ancient times!"

The people of the Fire Tribe became more frightened than before and almost collapsed.

From a distance, Ye Lingchen was stunned when he witnessed all this.

Gu Shaoyang...He actually killed a strong man in the life and death realm!

Right in front of him!

It's one thing to hear rumors, but another to see them with your own eyes.

The third elder of the Fire Department made an overwhelming appearance and was mercilessly killed by Gu Shaoyang. It only took about ten breaths before and after, but the impact on Ye Lingchen was extremely huge and made him lose his mind.

Gu Shaoyang's eyes were as bright as stars, he was breathing heavily, and his heart was indeed extremely happy.

Although he had killed a person in the life and death realm in the Brahma Sword Tomb, he was also a master of the fourth level of the life and death realm.

But after all, it was based on the general trend of the Brahma Sword Tomb.

Now Gu Shaoyang completely relied on his own strength to kill a strong man in the life and death realm, completely proving the power of the only sword.

The creation of the foundation of the supreme swordsmanship gave him a sudden increase in strength dozens of times!

"Third brother!"

A voice mixed with murderous intent and anger exploded in Gu Shaoyang's ears, and another figure flew out of the volcanoes.

"It's the second elder!"

"Second Elder, help!"

"Second Elder, kill this human demon!"

The people of the Fire Tribe shouted out excitedly as if they had seen a savior.

Gu Shaoyang raised his sword eyebrows and his eyes were filled with strange light.

Realm of life and death, fourth level!

The second elder of the Fire Tribe felt the breath of death of the third elder, and he was so angry that he had a pair of tiger eyes. Staring at Gu Shaoyang closely, as if he wanted to eat him alive

"~Human race?! Damn it!"

Before the second elder of the Fire Department finished his cold words, he reached out and grabbed a fiery red spear from the void and stabbed it at Gu Shaoyang. When the spear was thrust out, half of the sky suddenly burst into flames. The blazing red flames were more intense than before.

The magma erupted from the crater was still so intense that it even melted the void.

Gu Shaoyang's expression condensed and he drew his sword.

"My only sword!"

The most noble and most noble sword in the world appeared again, cutting away the red flames and colliding with the flaming spear.

Gu Shaoyang felt an extremely terrifying force coming from the sword, his face changed, and he was repulsed Go out.

The hand holding the spear of the second elder of the Fire Department also trembled violently. He took two steps back in the void. In addition to anger, there was a hint of shock and disbelief on his face.

"Divine Sea Realm? How can this be! ?"

The Divine Sea Realm cultivation was actually able to take a blow from the fourth level of the Life and Death Realm without dying, but just retreated. This kind of talent and strength simply made the second elder of the Fire Department feel horrified. He suddenly became more determined to kill Gu Shaoyang.

We must never let this young human being leave.

"Come to death!"

The Great Elder of the Fire Department took action again, and the flaming red spear turned into a (Zhao Liaohao) flaming dragon, roaring towards Gu Shaoyang.

Gu Shaoyang took a deep breath, looked directly at the second elder of the Fire Department, and there was an extremely bright light coming from it. burst out

"Soul-killing divine light!"

Two streaks of bloody lightning shot out from Gu Shaoyang's eyes. The bloody lightning was like two peerless fierce swords. They collided in the void, creating ripples, and shot into the eyes of the second elder of the Fire Department.

"ah!"

The face of the second elder of the Fire Department suddenly twisted, and he screamed, and the offensive in his hand was about to collapse!

"What method is this?!"

The second elder of the Fire Department roared with a ferocious expression:"Damn it, boy!"

Gu Shaoyang's expression remained unchanged, and there were two more soul-killing divine lights.

Four bloody lightning bolts jumped into the eyes of the second elder of the Fire Department.

"Ahhh.."

This time, the flaming angry dragon transformed from the flaming red spear completely collapsed. The second elder of the Fire Department could no longer bear the severe pain in his mind, holding his head and howling in pain in mid-air.

Gu Shaoyang himself also had a splitting headache, but he held it back and used Thunder Body.

Dark clouds are gathering and thunder clouds are rolling.

Gu Shaoyang was bathed in thunder and lightning, just like the God of Thunder who descended from ancient times. He held the Seven-Star Dragon Abyss and cut through the Changkong Brother with one sword.

"What about the fourth level of life and death? I am your death!"

Kill me!"

Chapter 290

The light of Weiwo's sword pierced the sky and struck down on the head of the second elder of the Fire Department.

The second elder of the Fire Department had red eyes, veins popping out on his forehead, he was sweating profusely, and he let out a ferocious roar. He turned his body to the side when the sword light came.

The bright sword light slashed downwards.

Gu Shaoyang felt that there seemed to be a dull feeling under the sword.

Lower your head.

I saw a large amount of crimson flames emerging from the void, converging on the second elder of the Fire Department, and condensing into a piece of thick armor like fire jade.

I smashed the armor into pieces with one sword, and the remaining power only reached the sternum of the second elder of the Fire Department and was unable to make an inch forward.

"Damn it!.."

Half of the second elder of the Fire Department was almost cut off by Gu Shaoyang's sword. His right arm was hanging on the broken shoulder. Coupled with the severe pain caused by the shock of the soul sea, his entire face was distorted like an evil ghost.

"Get out of here! Go to hell!"

The second elder of the Fire Department gathered his strength and stabbed Gu Shaoyang with a spear.

Gu Shaoyang's figure quickly disappeared in the void, dodged the blow of the second elder, and then reappeared quickly. The second elder of the Fire Department used his magical power with great proficiency.

The elder waved his spear like crazy and struck everywhere. The void was trembling with the power he vented. There was raging violent force everywhere, and Gu Shaoyang couldn't get close to it. Gu Shaoyang rubbed his eyebrows with two fingers while trying his best to relieve the dryness of the divine sea. Feeling dizzy and painful, I frowned deeply while watching the breath of the second elder of the Fire Department gradually stabilizing and the injuries on his body that were constantly healing.

Although my sword can hurt the existence of the fourth level of life and death, But the self-healing ability of the latter is too powerful.

The second elder of the Fire Department 247 also has the blood of the God of Fire, and has a strong constitution, making it even more difficult to kill.

And once he recovers from the influence of the soul-killing divine light and stabilizes his injuries, when the time comes, Gu Shaoyang must not be his enemy.

The gap between the Divine Sea Realm and the Fourth Heaven Realm of Life and Death is really too big.

Even Gu Shaoyang can't smooth it out.

Suddenly, Gu Shaoyang saw the second elder of the Fire Department emerging from the body. A new attribute bubble, eyes suddenly lit up

"Death energy*374.."

Have the opportunity!

Gu Shaoyang's heart moved.

The second elder of the Fire Department is in the fourth level of the realm of life and death. The more serious the injury he receives, the more strength he needs to expend to heal himself. The less vitality in the body, the easier it is for death to come.

In this case...

Gu Shaoyang made a cold arc at the corner of his mouth, resisting the severe pain caused by excessive consumption of soul power, and struck out with another sword

"My only sword!"

The solid sword light cut through a large amount of red flames and struck hard on the old wounds of the second elder of the Fire Department.

The latter screamed, and more death energy attributes emerged from his body.

The death energy attribute bubbles in Gu Shaoyang's eyes became It got bigger.

Gu Shaoyang's eyes lit up and he kept his hands on.

While the second elder of the Fire Department was still in a state of soul shock and splitting headache, he attacked the opponent crazily.

Weiwo's swords were slashed out one after another, and the Yuan in Gu Shaoyang's body was Strength is also being consumed rapidly

"asshole!.."

Finally, the second elder of the Fire Department let out an angry and unwilling roar, and a violent burst of power erupted from his body, completely stabilizing the injuries on his soul.

"You are dead!"

The second elder of the Fire Department stared at Gu Shaoyang, his eyes filled with hatred and malice, full of murderous intent.

"I will break all your bones into pieces one by one, then make them into sky lanterns and burn them to death for a year!"

The cold and vicious words echoed in the void, and everyone who heard them shuddered.

Gu Shaoyang didn't take it seriously, but smiled.

"Oh, is it so? Gu

Shaoyang glanced at the second elder of the Fire Department and said calmly:"I don't know whether I will die or not, but I know that you will die soon.".."

"How dare you speak harshly!"

The second elder of the Fire Department looked fierce and was about to attack Gu Shaoyang. When he raised his strength, he felt a sense of emptiness in his body.

What's going on?

The second elder of the Fire Department suddenly lowered his head and looked at himself. He was horrified to find that his whole body was filled with the aura of decay and death.

"Death disaster! The calamity of death has come early?!"

The second elder of the Fire Department was horrified. He looked up and saw Gu Shaoyang's eyes with a hint of ridicule.

A chill came to his heart.

He had expected it a long time ago. Anticipating that his own death would come.

For a moment, the second elder of the Fire Department felt an inexplicable and deep fear towards the human race in front of him who was only in the divine sea realm.

He wanted to kill Gu Shaoyang and then quickly.

But then he started to entangle with Gu Shaoyang for a while. , I am afraid that the death calamity will completely break out, and I will fall under the death calamity if I don't know.

The second elder of the Fire Department was briefly entangled, and finally gave Gu Shaoyang a hard look, and left quickly without looking back.

He flew into a The crater was obviously in a hurry to suppress the death calamity.

The moment the second elder of the fire tribe turned around, the people of the fire tribe who were full of expectations were stunned.

The battle began, as the fourth level of the life and death realm The second elder was suppressed and beaten by Gu Shaoyang, and the beating was very miserable.

Now, he was directly scared away by...?!

The existence of the fourth level of the life and death realm was "scared" away by a divine sea realm
Oh!

All the Fire Tribe people were completely stunned. Then when Gu Shaoyang's indifferent eyes slowly swept down, waves of despair suddenly spread from the bottom of their hearts like cold sea water, drowning them (cebf). The

Fire Tribe people's confidence instantly Collapse, like the end of the world, screaming and fleeing.

Those fire warriors who still had the strength to fight looked at Gu Shaoyang's figure in the sky, their eyes full of humiliation and anger, and the spears in their hands tightened and loosened, but in the end they still They didn't have the courage to step forward to challenge and defend the glory of the Fire Department.

Gu Shaoyang simply became a devil-like existence in their hearts.

Ye Lingchen also stood there for a long time.

The strong Fire Department expert in the fourth level of the life and death realm was actually killed by Gu Shaoyang. ?!

He swallowed hard, his eyes full of shock and disbelief.

If he hadn't seen it with his own eyes, he would never believe it.

You know, Gu Shaoyang is only at the Divine Sea realm now.

This is a leap How many great realms are going up against the enemy!

It's unbelievable!

"Giggle.."

"Roar.."

The sounds of colorful strange birds and small thunder spirit beasts brought Ye Lingchen back from his daze. He hurriedly followed the footsteps of each bird and beast and flew towards Gu Shaoyang.

"Brother Gu, let's go!"

Gu Shaoyang shook his head, with a smile on his face. Looking at the huge Fire Tribe at his feet and the Fire Tribe people running around like headless flies, he said in a low voice: "The Great Elder of the Fire Tribe will at least have some time left. Only then can we rush back, and we can still do something more.."

"What?"

Ye Lingchen was stunned.

Gu Shaoyang had already swooped down and slashed at a certain Fire Department building with his sword. The red forbidden light shone on the building, but it shattered like brittle paper under Gu Shaoyang's sword light.

"Rumble.."

Buildings collapse.

Gu Shaoyang reached out and made a move, and a large number of things exuding Baoguang vitality were pulled in front of him.

"Thousand-year-old fire paulownia wood, top-grade fire jade, top-grade fire raw stone...hehehe.."

Gu Shaoyang felt happy and quickly collected these rare or even extinct treasures of heaven, material and earth into the spiritual storage ring.

Bai Ze gave him the inspiration.

As long as the people of the Fire Tribe are not massacred, Tai Xuantian's will will be angered and the Great Elder of the Fire Tribe will return early.

He would have enough time to plunder his loot.

One after another, fire-attribute treasures were collected by Gu Shaoyang. The Ministry of Fire was really rich, and its reserves of various elemental stone elixirs were extremely rich.

These were only what Gu Shaoyang found through a rough search, and he did not dig deeper.

Ye Lingchen watched with horror.

Gu Shaoyang was also too courageous, simply unscrupulous.

But he had to admire him sincerely.

From pretending to be the Holy Son of the Thunder Department to kill Huo Lie, causing the Great Elder of the Fire Department to leave in anger, to going straight into the Fire Department and killing two of the Fire Department's life and death elders...

This series of strategies are intertwined, and Gu Shaoyang's Wisdom and courage are on full display.

He is worthy of being the protagonist of heaven and earth, the supreme genius of the Central Heaven Region, and an unparalleled hero.

Gu Shaoyang plundered for a while, and suddenly a colorful shadow flew in front of him, screaming anxiously.

It was a colorful strange bird. It couldn't wait to urge Gu Shaoyang, as if it had discovered something good and wanted to take Gu Shaoyang there.

Thinking of the colorful strange bird's treasure-hunting skills, Gu Shaoyang's heart moved.

He hurriedly followed behind the colorful strange bird.

The colorful strange bird led Gu Shaoyang directly into a boiling crater.

The fire was blazing, going down, and finally stopped.

The colorful strange bird pointed at something in the center of the volcano and cackled twice at Gu Shaoyang.

Gu Shaoyang looked intently and was stunned for a moment, his eyes full of surprise and shock.

I saw a black stone platform in the center of the volcano, with a golden flame burning quietly on the stone platform.

In Gu Shaoyang's eyes, he is a person with nothingGolden Purple Property Bubbles

"Eternal flame: vitality*324376, burning*247848, immortality*345837.."
