

## Attributes 291

Chapter 291

That cluster of golden flames was floating on the black stone platform out of thin air. It had nothing to rely on, but it was still burning quietly.

It seems like it can keep burning, from eternity to the future.

Gu Shaoyang took a deep breath, and a strong light of surprise burst out from his eyes.

The eternal flame.

The treasures of the Ministry of Fire that have been handed down from ancient times to the present may be left behind by the God of Fire.

Since even the Fire Elder has been killed, what is the treasure of the Fire Department? -There's no reason to let it go!

Gu Shaoyang's eyes were bright, he smiled and quickly approached the Eternal Flame.

There was boiling red magma under his feet, and the surrounding temperature was frighteningly high, but with Yuanli protecting his body and the thunder body's tyranny, it was not a worry.

Colorful strange birds also followed closely beside him.

This strange bird seems to be mediocre in strength, only at the level of a seventh or eighth level monster, but the high temperature around it has no effect on it at all.

When Gu Shaoyang came within ten feet of the Eternal Flame, he suddenly discovered that the protective energy outside his body was rapidly being depleted.

One share than beforeThe terrifying high temperature, which is hundreds or thousands of times stronger, suddenly descends and evaporates everything.

Gu Shaoyang's expression changed slightly, but he still endured the intense consumption of Yuan Power and approached the Eternal Flame unswervingly.

When Gu Shaoyang entered the five-meter radius of the Eternal Flame, the temperature around him had reached an extremely terrifying level.

Even with Yuanli's body protection, Gu Shaoyang could still smell his hair being burnt.

Moreover, a full 10% of the energy in the body is consumed in just a few breaths. no!

A trace of determination flashed in Gu Shaoyang's eyes.

If this continues, before he can truly get close to the Eternal Flame to extract its attributes, all his Yuan Power will be exhausted. By then, he may not be able to withstand the temperature emitted by the Eternal Flame, and will be directly burned into a charred corpse.

Although the opportunity was at his fingertips, Gu Shaoyang still had to shrink back.

Maybe when he enters the realm of life and death, or the thunder body transforms again, he can bear it.

When I have enough strength next time, it won't be too late to take it by force.

Gu Shaoyang made up his mind and was about to turn back.

But at this time, the colorful strange bird on Gu Shaoyang's shoulder couldn't bear it. He broke away from Gu Shaoyang's protection, flew out of the protection of Yuanli and flew directly towards the Eternal Flame.

"Um?!"

Gu Shaoyang was shocked.

It was too late to stop him.

As soon as the seven-colored strange bird was separated from Gu Shaoyang's protection, it burst into flames. The colorful feathers on its body ignited with blazing flames, and its beauty was full of tragedy. The seven-colored strange bird The bird turned into a ball of fire and rushed straight into the Eternal Flame.

In an instant, like pouring a spoonful of hot oil on the fire, the Eternal Flame suddenly expanded.

Even Gu Shaoyang was not in a hurry to dodge and was directly expanded. wrapped in flames

"ah!"

Severe pain!

Gu Shaoyang felt as if his whole body had been cut by thousands of knives, and like being pricked by thousands of needles.

The protective energy collapsed instantly, and then there was the sound of his flesh and blood being burned rapidly.

"immortal!"

Gu Shaoyang roared in his heart,"Extract attributes!"

"Immortal attribute, extracted!"

"Burning properties, extracted!"

"Fire attribute, extracted!"

"Vitality, extracted!"....

As long as there were attribute bubbles that could be extracted around him, Gu Shaoyang extracted them all.

In an instant, waves of unparalleled power surged into Gu Shaoyang's body.

The pain seemed to disappear in an instant. Shaoyang felt like he was soaking in a hot spring, extremely comfortable.

If there are other people around, they can see it.

The eternal flame in the middle of the stone platform is being swallowed up by a big bird that is completely enveloped in flames.

At the same time, the immortal flame also split into half and poured into Gu Shaoyang's body continuously.

All the flesh and blood on Gu Shaoyang's body disappeared.

The flesh and blood generated by the power of the immortal body were immediately burned as soon as they appeared.

There is only a bare skeleton left, and every bone is covered with purple thunder patterns, exuding a gleaming light, noble and gorgeous.

Gu Shaoyang felt that the eternal flame was constantly tempering his thunder body, burning away the magazines inside that could not even be removed by the power of thunder, and then injecting new power into it.

Fierce, violent and ferocious power.

On Gu Shaoyang's bones, golden-red fire patterns began to grow among the dense thunder patterns.

The two lines were entangled together and spread all over his body, exuding an unimaginable terrifying aura, which seemed to contain the power to destroy everything....

Gu Shaoyang suddenly discovered that there was a golden flame in his divine sea.

Like a smaller version of the Eternal Flame.

Hovering at the top of the Divine Sea, shining like the sun on the entire Divine Sea.

The Divine Sea, which had been nearly dried up after releasing the soul-killing divine light three times in a row, quickly recovered at an extremely terrifying speed under the illumination of this golden flame.

Moreover, the edge of the Divine Sea continues to expand, expanding all the time.

Gu Shaoyang felt a sudden realization in his heart.

This should be the effect of the "immortality attribute".

The immortal attribute can quickly restore the physical body, while the immortal attribute can quickly restore the soul.

Both of them are the first-class heaven-defying powers in the world, and now they are gathered together by Gu Shaoyang!

"唳——"

A clear and melodious phoenix cry sounded in Gu Shaoyang's ears, and Gu Shaoyang was shocked.

The body seemed to have opened a certain shackle, and a brand new power continuously poured out and was injected into the power of the immortal body.

Gu Shaoyang's flesh and blood began to form again. This time, it was not burned by the flames, but quickly assembled into his new body.

……Asking for flowers……

Gu Shaoyang was in a trance and suddenly woke up.

This is... vitality!

A powerful surge of vitality.

The divine sea expands, the divine soul surges, the foundation of the supreme sword is formed, and the thunder body also undergoes transformation.

At this moment, he finally entered the realm of life and death.

The first level of the realm of life and death is the realm of life.

No wonder so much vitality suddenly emerged.

Gu Shaoyang felt a burst of joy and joy in his heart.

Upon entering the realm of life and death, his lifespan immediately increased by two hundred years, and with each step forward, his lifespan increased by one hundred years.

In other words, a strong person in the ninth realm of life and death can survive for thousands of years!

Gu Shaoyang took a deep breath.

The infinite blazing heat in the void was breathed into his mouth and nose, and the flames receded.

A reborn Gu Shaoyang appeared in the void.

She is well-proportioned, slender and handsome. Every part of her body seems to have been carefully carved by God and is perfect.....

Her jet-black hair is as long as a waterfall, and the light in her eyes covers the stars.

When it comes to looks, Gu Shaoyang is enough to make any woman in the world flutter.

"After the transformation of the thunder body to reach the level of the divine body, coupled with the integration of the eternal flame and the power of the immortal body, my thunder body is now more than ten times more powerful than before... It is no longer appropriate to call it the thunder body, so why not call it... Immortal thunder and fire divine body!"

Gu Shaoyang's eyes were bright, and he clenched his fists. A glistening light flashed on his fists, like a heavenly treasure.

Punch out!

"Click!"

A huge black hole was blasted out of the void with his punch, and the space collapsed.

"Now the power of a casual punch of mine exceeds one million kilograms. If I use the Qinlong Jin to explode with all my strength, the power of one punch can reach more than thirty million kilograms.

If it continues to grow like this, I'm afraid it won't be a bad idea for me to take the path of a body-refining warrior and prove the Tao through strength. You can even fight hand-to-hand with ancient ferocious beasts in the future!.."

Gu Shaoyang's face was filled with joy, a trace of thought flashed in his eyes, and he whispered to himself:"Forging the God with the Eternal Flame, and refining the body with the Thunder of Heaven's Punishment, my foundation is so rich that even I feel scared.."

And just now in the process of absorbing the Eternal Flame, I also got some inspiration. Maybe I can create the follow-up move of the Only One Sword from this sky thunder and earth fire.

If successful, this will no longer be the only one. The sword can be called.."

"Only my way! I Gu Shaoyang's swordsmanship!"

Gu Shaoyang's eyes were blazing. No matter how powerful the Immortal Thunder Fire Divine Body was, his foundation was still the way of the sword. Continuous breakthroughs in the way of the sword were what he had been pursuing.

Another loud and clear phoenix cry sounded in Gu Shaoyang's ears.

Only then did Gu Shaoyang remember the cry that indirectly prompted him to break through the realm of life and death.

Colorful strange bird?!

Gu Shaoyang's eyes lit up, and he quickly turned around to look at Wan.

Chapter 292

I saw a beautiful big bird hovering above the flowing red magma that eclipsed all the firelight.

The big bird is golden red in color, with a golden crown on its head, indigo eyes, and several long feathers trailing behind it. The feathers are colorful, and there are faint golden red flames burning on them.

Gu Shaoyang opened his eyes slightly, and a distant figure flashed in his mind.

"Fire Phoenix?!"

Yes, the current appearance of the colorful strange bird is very similar to the self-immolating fire phoenix that Gu Shaoyang saw before meeting it.

But it is more beautiful than the fire phoenix, and has a little more nobility.

"Sure enough, you are the one who was reborn after the fire phoenix burned itself. I took a fire feather from you, but you followed me for free for so long. You owe me a lot..."

Gu Shaoyang looked at the strange bird and said with a smile and curse.

The strange bird raised its neck proudly, glanced at Gu Shaoyang lightly, and emitted a melodious chirp like a pure joy, as if saying to Gu Shaoyang: I care about everything, but sooner or later I will return this favor to you...

Gu Shaoyang smiled.

""Zero 27" He knew that every fire phoenix burned itself and was reborn in order to purify the phoenix blood in the body.

In order to continuously return to its ancestors, it finally transformed into a real phoenix.

Gu Shaoyang didn't know how many times this strange bird had been reborn, but Judging from the fact that it now has the shape of a phoenix, the voice of a phoenix, and has also swallowed the power of the Eternal Flame, the benefits must be considerable. The phoenix bloodline in the body must also reach an astonishing level, and the future is limitless. Maybe there will be a day when he really needs the help of strange birds.

After losing the eternal flame, the temperature inside the volcano suddenly dropped a lot, and he no longer felt hot even if he didn't use Yuanli to protect his body.

Gu Shaoyang was inside the volcano After a brief search, he found a few fire lotuses of good age. Feeling that there was no more harvest, he walked out with the strange bird.

As soon as he came out, he saw Ye Lingchen and the little thunder spirit beast rushing towards him.

The little thunder spirit beast saw the shape. The strange bird whose appearance changed greatly was startled. After feeling the familiar breath of the strange bird, it ran up and let the strange bird perch on top of its head. The strange bird is now reborn, and its strength and bloodline have greatly improved. , has steadily suppressed the little thunder spirit beast. The little thunder spirit beast that had been obedient to its words suddenly became more dog-legged.

Gu Shaoyang ignored the bird and the beast and turned to look at Ye Lingchen.

Ye Lingchen noticed Gu Shaoyang's After sensing the breath for a moment, he suddenly screamed in surprise.

"Brother Gu, you... are you on the verge of death?! Gu

Shaoyang nodded slightly and said casually: "After a little adventure, I was successfully promoted."

Ye Lingchen's eyes turned red with envy.

What is the protagonist of heaven and earth? This is the protagonist of heaven and earth.

No matter where he goes, there are many adventures. Cross-level challenges and breakthroughs are as easy and casual as eating and drinking.

How could he live a new life? His mentality was slightly unbalanced.

Ye Lingchen looked at Gu Shaoyang and sighed with a complex expression: "Brother Gu can now be regarded as the out-and-out number one among the younger generation in Zhongtian Territory..."

When Gu Shaoyang was still in the late stage of the Divine Sea Realm, he was able to defeat a lot of the geniuses and evildoers of the Great Perfection of the Divine Sea Realm and become the king of the Divine Sea Realm.

It can kill a strong person in the life and death realm.

Now that he has entered the realm of life and death, no one among his peers can be his opponent.

Not to mention anything else, no one can match this unparalleled promotion speed.

He truly overpowers his peers and stands out from the crowd!

Gu Shaoyang smiled lightly.

Gu Shaoyang pondered for a while and then said, "Let's leave as soon as possible. The Great Elder of the Fire Department should be back soon."

Ye Lingchen was stunned, but did not agree.

Gu Shaoyang knew it well.

He swallowed the Eternal Flame, the supreme sacred object of the Fire Department. The Great Elder of the Fire Department must have felt it in his heart, and he was probably rushing back at this moment.

Since the Fire Department has the Eternal Flame, the Thunder Department must also have similar sacred objects.

Thunder of punishment?!

That's what the person from the Thunder Department called him before.

Gu Shaoyang felt slightly moved, but in the end he still held it back.

Getting the Eternal Flame was an unexpected surprise, and I had planned it before.

If he was really blinded by greed and foolishly tried to steal the Thunder of Heaven's Punishment from the Thunder Department, he might have died without even knowing how.

Now that you have entered life and death, it is not far away to reach the level of the great elder of the Thunder Department. You can just come and get it when the time comes.

Langyayu and others are still waiting for him to go to the meeting point to enter Taiyuan Heaven. They have been delaying for nearly a month and can no longer delay.

After making up his mind, Gu Shaoyang, Ye Lingchen and a bird and a beast left quickly together.

Less than an hour after Gu Shaoyang left, a violent escaping light suddenly fell from the sky and rushed into the volcano.

After a few breaths, the volcano crater erupted with an extremely turbulent pillar of magma and fire that shot straight into the sky.

An extremely angry voice rolled across the red sky

"Kill my relatives and take away my sacred objects. Damn the human race, peeling off skin, cramping, breaking bones and scattering ashes, it's hard to relieve the hatred in my heart!!...I will kill you!"....

After leaving the crimson area, Gu Shaoyang felt that his luck had indeed begun to improve.

The journey went quite smoothly, and we even encountered fewer monsters.

However, now that he has entered the realm of life and death, there are indeed very few people in Taixuan Tian who can threaten him.

Gu Shaoyang and Ye Lingchen parted ways and finally arrived at the meeting point seven days later

"Brother Gu, you are finally here!"

Langyayu, dressed in white, was sitting on a boulder meditating. When she saw Gu Shaoyang appear, she immediately came up to him with a smile.....

Gu Shaoyang explained briefly:"I encountered some trouble on the way, so I was delayed."

Langyayu looked moved and sighed:"I'm afraid what Brother Gu encountered was not trouble, but an opportunity."

Langyayu's eyes fell firmly on Gu Shaoyang could feel the vitality radiating from his body, as well as a sense of oppression that made him tremble, and his heart was shaken.

Realm of life and death!

Gu Shaoyang unexpectedly came from behind and was the first to reach the point of death!

Langyayu's eyes were complicated, but she still said sincerely: "Congratulations, Brother Gu."

Gu Shaoyang nodded slightly and asked, "Where are the others? Have they not arrived yet?"

Langyayu explained: "The rest have already entered Taiyuan Heaven first. Without further ado, let's go as soon as possible."

Gu Shaoyang agreed.

So Langyayu took out the Tianjian again and opened the portal of Taiyuantian again just like opening the entrance of Taixuantian.

Gu Shaoyang was about to enter when suddenly Langyayu reached out to stop him and said with a smile: "Brother Gu, don't worry, you still need to make some preparations."

He stretched out his hand and handed Gu Shaoyang a purple bead.

Gu Shaoyang wondered: "This is.."

"This is a treasure that conceals the aura of our human race. Taiyuantian is not as strong as Taixuantian. We are as strong as clouds. With our current strength, if we enter with our current strength, if we are discovered by those ancient survivors, we will easily be attacked by a group, and we may not be able to come back. Well... the quota we mentioned before is actually the number of these treasures..."

Gu Shaoyang nodded and followed the method taught by Langyayu to inject Yuan Power into the beads.

The beads melted into his body, and the aura of the human race on Gu Shaoyang suddenly disappeared without a trace, and there was even more traces of the ancient wild aura that only the ancient remnants had.

"it's good now."

Langya Jade also fused a bead at 0.5, nodded with a smile, and immediately walked into the Taiyuan Tian portal with Gu Shaoyang.

Feeling briefly dizzy, Gu Shaoyang opened his eyes and was slightly startled. He saw what appeared in front of him. What you see in front of you is a bustling scene with people coming and going.

Yushi Street, shops, restaurants...

There are all kinds of buildings, but the people coming and going are all powerful ancient relics, and it is very lively.

Just like the human city in Zhongtian Domain, it doesn't look like Taixuantian is backward and barbaric at all.

What most caught Gu Shaoyang's attention was a semi-circular building in the distance. Above the building, there was a monstrous evil spirit, murderous spirit, fighting spirit, blood energy... mixed together to form the phantom of an ancient ferocious beast, which looked extremely extraordinary.

Langyayu noticed his gaze and explained: "Brother Gu, that is the Taiyuan Tianjiao Competition Arena. It is also the destination of our trip, where the trials are conducted!"

Competition Arena?!

Gu Shaoyang's eyes suddenly lit up...

Chapter 293

"Taiyuantian's Tianjiao Arena is the most popular and lively place in the Jiuchong world in the three days.

Many of the emperor's geniuses and monsters will also come down to participate in the competition.

In addition to being able to hone one's martial arts skills and verify one's own cultivation in the process of competing with other strong men.

If you win enough games in the battle arena, you will get unexpected benefits..."

Langyayu took the trouble to explain to Gu Shaoyang all about the Tianjiao Arena.

Gu Shaoyang's mind moved, and he asked subconsciously: "Benefits? What are the benefits?"

Langyayu smiled and said: "I told you, Brother Gu, before that the quality of the Yuan Stone circulating in the Nine Heavens is much better than that in the Zhongtian Territory.

Zhongtian Territory The top quality Yuan Stone can only be regarded as the top grade in Jiuzhongtian.

You see, this is the top quality Yuan Stone circulated in Jiuchongtian."

Langya Jade took out a crystal clear stone, with water waves flowing in it, and showed it to him like a beautiful jade stone. Gu Shaoyang looked.

Gu Shaoyang saw the vitality attributes contained in this Yuan Stone.

"..Yuan Qi\*133840" is a full 130,000, which is more than five times the top quality Yuan Stone from the Zhongtian Territory. No wonder the top quality Yuan Stone from the Zhongtian Territory can only be regarded as top 25 here.

"..Generally, what circulates among the powerful people in the life and death realm are the top-grade Yuan stones spread from the Nine Heavens. Some people also define it as a super-grade Yuan stone, haha.."

Langyayu explained a lot, and Gu Shaoyang's eyes flashed and he couldn't help asking: "Brother Langya means that as long as you win in the competition, you can get the Yuan Stone reward?"

Langyayu nodded, "Participate in the competition. The registration fee is one hundred top-grade Yuan Stones, and each time you win a game, you will get one point and fifty top-grade Yuan Stones as a reward... However, the Yuan Stones awarded for winning are insignificant, and the off-site bets and points are really big."

Off-site betting Gu Shaoyang knows that this kind of gambling with a gambling nature is more profitable than if there is no off-site gambling in the fighting arena.

The key is points..

"What are the points used for?"

Langya Yu said seriously:"This is the preciousness of the Taiyuan Tian trial quota.

Gu Shaoyang's expression changed:"What should I say?""

"Points can be used to redeem precious items that can only be found in the Arena. For example, the most sought-after Body Tempering Pill and Enlightenment Stone.."

"What it is?"

"Body Tempering Pill is not the kind of low-level pill that Brother Gu is familiar with, which is used to strengthen the body of warriors in the Qi training stage. Instead, it is made from hundreds of kinds, including many precious elixirs that only exist in the Nine Heavens for three days. It is a tenth-grade elixir that can be used to temper the king's body and purify the blood concentration!"

"Purified blood concentration?!"

Gu Shaoyang was slightly startled.

For the ancient remnants and those geniuses and monsters in the Zhongtian Domain who have king bodies or divine bodies, the concentration of ancestral blood in their bodies is the foundation of their strength.

Purifying the concentration of blood is no less than improving their martial arts. Qualifications, no wonder they are said to be so precious by Langyayu

"The Enlightenment Stone is also extremely extraordinary. It is said to be produced from the place where some ancient great powers attained enlightenment.

Holding one when studying martial arts can greatly improve your understanding and have a greater chance of entering a state of enlightenment....

To put it simply, it is similar to the effect when I opened the Tianjian and received the light of ancient wisdom."

Gu Shaoyang took a breath and his eyes were shocked.

This Enlightenment Stone is even more heaven-defying. It can greatly improve your understanding and have a greater chance of entering the state of enlightenment.

If you hold one every time you practice, wouldn't it mean that you will always be able to communicate with the ancients? Bathed in the light of wisdom?

It's equivalent to carrying an always-open mirror with you?

That means a pig can reach the peak of martial arts.

The precious things Langya Yu mentioned can be mentioned casually, but just these two things make Gu Shaoyang extremely excited. He was moved.

Participate in the competition, win, win points, and then redeem the Body Tempering Pill and the Enlightenment Stone...

This is what he needs to do next.

A glimmer of light flashed in Gu Shaoyang's eyes, and he said:"Then let's go now Join the competition.

Langyayu smiled, nodded and said,"Together.""

The two walked through the bustling streets and entered the Tianjiao Competition Arena.

According to Lang Yuyu, the Fifth Shun, Jiang Taichu and others had already entered the competition arena, and they might have won several games.

"Then if we sign up to participate in the competition, wouldn't it be possible to run into them?"

Gu Shaoyang asked.

Langyayu nodded and said:"Theoretically, it is possible, but if the two of them hadn't been winning consecutively and were specially arranged by the fighting arena, the chance of encountering them would still be relatively small."

The registration office is a small stone platform, and many ancient survivors with powerful auras are queuing up there.

Langyayu quietly reminded Gu Shaoyang:"Brother Gu, you'd better make up an identity later. Name, and which tribe you are from.."

Gu Shaoyang nodded to express his understanding.

Soon it was Gu Shaoyang and Langyayu's turn.

Gu Shaoyang walked towards the ancient survivors at the registration desk. Langyayu looked at Gu Shaoyang's back and suddenly remembered something, and was shocked.

"I almost forgot to ask Brother Gu if he had the top-quality Yuan Stone that would serve as the registration fee? If Brother Gu takes out the Yuan Stones from the Zhongtian Domain, he might be suspected..."

"I specially prepared 300 top-grade Yuan Stones this time, of which 100 are for Brother Gu, but I forgot. Yes, alas.."

Langyayu was so anxious that she wanted to call out to Gu Shaoyang but it was too late. She could only watch as Gu Shaoyang walked to the registration desk.

"Name, origin?"

The person at the registration point asked without raising his head.

Gu Shaoyang thought for a while and said: "Gulzar, Lei Department."

He directly used the name of the Holy Son of Leibu who was beaten by Tai Xuantian.

"One hundred top grade Yuan stones."

Langyayu's heart was in her throat, and she wanted to rush forward and stop Gu Shaoyang.

But before he could take a step, he saw Gu Shaoyang pouring out a large amount of crimson-colored Yuan Qi from the Spirit Storage Ring, exuding strong fire energy. The stone came.

It was piled up on the stone platform into a small mountain. It was so rough that it couldn't take more than a thousand pieces.

I was stunned to see Langya Jade.

"Gu...Brother Gu, I just came to Jiuchongtian, where can I find so many top-grade Yuan stones?.."

Langyayu murmured blankly

"Is this possible?"

The people at the registration point were also startled by Gu Shaoyang's bold behavior. They were stunned for a while and subconsciously replied: "For the best fire element stone, eighty yuan is enough."

"good."

Gu Shaoyang counted out eighty yuan and handed it to the person who signed up for 000.

The person who signed up handed Gu Shaoyang a black stone plate with a number engraved on it, and murmured in a low voice: "Obviously he is from the Lei Department, how come he has so much fire energy? stone.."

Gu Shaoyang had no expression on his face and replied coldly: "Killing, robbing."

The latter trembled when he heard it, and he quickly and respectfully sent Gu Shaoyang away.

There were too many fierce people coming to participate in the competition, and he couldn't afford to offend them.

Langyayu also quickly signed up, and he made up the false identity of Fengbu Latu.

Langyayu walked up to Gu Shaoyang with a wry smile and said, "Brother Gu is really hiding his secrets..."

The two entered the competition arena and waited in the waiting area for their competition to begin.

There are also many ancient relics participating in the competition here.

Air, Fire, Thunder, Earth... almost all of them have deep aura and strong strength.

The appearance of Gu Shaoyang and Langyayu immediately attracted some hostile eyes.

As long as you enter the competition arena, you will always be your opponent.

Gu Shaoyang's face was expressionless, the soul-killing divine light flowing slightly in his eyes.

Suddenly, those eyes quickly retracted as if touching a hot soldering iron, and there were several muffled sounds during the process.

Everyone looked at Gu Shaoyang with a look of fear and solemnity.

"Next game, No. 89, Raibu Gulzar!"

Suddenly there was a voice.

Gu Shaoyang's eyes moved and he was a little surprised. He didn't expect that it would be his turn to fight so soon.

He said hello to Lang Yayu and walked slowly towards the direction of the competition platform....

Chapter 294

Bi Dou Arena was filled with people.

In addition to participating in competitions, watching competitions, and participating in off-site gambling, Taiyuan Heavenly Warriors are also keen on it.

There are hundreds of competition stages of various sizes in the competition arena, and more than fifty competitions are taking place at the same time.

When Gu Shaoyang walked onto the competition stage, he was shocked to find that there were many people watching his competition and he seemed to be very popular.

Gu Shaoyang's eyes fell on his opponent.

He is a burly man with muscles all over his body, and he is at least two heads taller than the average person.

The muscles stood tall, and the skin exuded a faint metallic luster, giving it a strong feeling as if it were made of steel.

The big man noticed Gu Shaoyang's appearance, and a ferocious smile slowly appeared on his face full of flesh. He stared at him like a bloodthirsty beast staring at a certain prey.

"Jin Kui's opponent this time didn't look very good. He was skinny and looked like a weakling!"

"Jin Kui has won nine games before, and it looks like he will win ten games in a row soon."

"Anyone who can win ten consecutive victories in the fighting arena is considered a small master."

The audience on the sidelines talked a lot, and some even stood up and yelled at the stage.

"Tear him Jin Kui to pieces! Just like you did with those nine opponents before you, tear this kid into pieces!"

"Hoho, I've put a thousand yuan stones on you, don't let me down!"

"Kill him quickly!"

All kinds of dirty words, Gu Shaoyang raised his head and glanced at the odds of the off-site gambling.

His opponent, a gold master named Jin Kui, paid one point and three to one.

And he paid ten to one.

Generally speaking, the odds were The rate is the reflection of the strength of the contestants. It seems that everyone is very optimistic about his opponent in this contest.

Gu Shaoyang suddenly regretted not betting in the off-site gambling game.

"Go to hell, kid. Just use your blood to celebrate my tenth consecutive victory, hahaha.."

Suddenly a burst of loud shouts rang in Gu Shaoyang's ears, and accompanied by crazy and proud laughter, a majestic figure rushed towards Gu Shaoyang.

Every time he took a step, the competition platform would tremble, carrying an unparalleled ferocious momentum, like a hill pushing towards Gu Shaoyang.

The audience's emotions reached a climax all of a sudden, their faces turned red and they shouted excitedly.

"Crush him! Crush him!.~."

"Tear him Jin Kui to pieces!"

All the hustle and bustle seemed to have nothing to do with Gu Shaoyang. Gu Shaoyang stood there expressionlessly. He looked at Jin Kui who was charging forward indifferently.

When the opponent was about to collide with him,

Gu Shaoyang finally took action.

He punched at will..Three

-thirds of strength.

Tens of millions of kilograms of strength!

"Bang!"

With a deafening loud noise, a figure flew out like a cannonball, plowing a deep and long mark on the competition platform, extending to the edge of the competition arena. The whole place roared and the shouts suddenly stopped..

The necks of all the spectators seemed to be pinched by an invisible big hand. Their mouths were opened wide, but no sound came out.

Only a large sunken pit was seen on the edge of the arena.

In the big pit It was Jin Kui who had fallen into a coma.

There was a mark on Jin Kui's chest, and his steel-like body seemed to be made of tofu. He was knocked unconscious by a punch!

Everyone was stunned.

Dumbfounded He looked at Gu Shaoyang, who had a calm face, dumbfounded.

This man...is this man too strong?

Even the referee in charge of judging the results of the competition took a long time to come to his senses and stammered:" 8...No. 89 Raibu Gulzar wins!

Then he quickly said to Gu Shaoyang:"No. 89, a few points will be automatically added to your number plate, and the fifty top-grade Yuan stones you get from winning will be sent to you soon."

You rest first and we will notify you about the next game."

Gu Shaoyang nodded, and then turned around and left calmly, as if he had just done an extremely trivial thing.

When Gu Shaoyang's back disappeared from the arena, bursts of excitement erupted around the arena. Fierce discussion

"Let me check, did you make a mistake? Jin Kui was knocked unconscious with just one punch?!"

"This guy from the Thunder Department named Gulzar is too strong. I feel like he didn't even put much effort into defeating Jin Kui."

"Damn it, I've lost all my money to Jin Kuisheng this time, so I'm going to suffer a huge loss!"

"Haha, I pushed for Yuan Shibo to be unpopular, but I didn't expect it to be really popular. I made a lot of money this time"

"When will Gulzar's next game start? I want to follow him!"...

When Gu Shaoyang reappeared in the waiting area, the pupils of the powerful tribesmen in the waiting area suddenly shrank.

So fast?!

How long did it take from when Gu Shaoyang left to when he appeared again.

It takes less than half a stick of incense.

It was as if he just went out for a formality.

But the strong men in each department know that those who can return to the waiting area will definitely come back victorious.

Losers will just leave directly from another channel

"I heard that this person's opponent seems to be Jin Kui, who has been the most popular in the recent ten wins. Jin Kui can advance to fifty wins if he wins one more game!"

"This man defeated Jin Kui so quickly. Did he win with one move?! very scary!"

"This person's strength should not be underestimated. Find someone to find out more information about him."...

The powerful men from various tribes looked at Gu Shaoyang with increasing fear, vaguely regarding him as a powerful enemy.

"Brother Gu"

Langyayu came up quickly.

Although I was a little surprised that Gu Shaoyang returned victorious so quickly, it was also reasonable.

Gu Shaoyang is a being who has entered the realm of life and death.

In Shishengchang, where there is almost no life and death realm, Gu Shaoyang is just like playing with a child. It will make him feel strange if the time goes on for a long time.

Gu Shaoyang nodded towards Langyayu.

Not long after, Langyayu also took his turn.

Gu Shaoyang summoned a waiter from the arena and pressed a thousand top-grade fire element stones onto Langya Yu's body.

Not surprisingly.

Langyayu defeated the opponent within two sticks of incense.

With ten times the odds, Gu Shaoyang's thousand top quality fire essence stones immediately turned into thirteen thousand top quality essence stones.

Then it was Gu Shaoyang's turn again..

"boom!"

This time Gu Shaoyang's opponent was a strong man from the Ministry of Fire. He had just won three games in a row.

But he was still turned into a gourd under Gu Shaoyang's fist.

The audience on the sidelines became excited.

"Well done!"

"Well played! I made back all the yuan stones I lost because of Gulzar last time, haha.."

Of course, there are those who lose money and curse their mothers, and all of them (Zhao) are loudly cursing that the person from the Ministry of Fire who fought against Gu Shaoyang is useless and so on.

This time Gu Shaoyang's odds have dropped a lot.

It becomes one to five.

But Gu Shaoyang still made a lot of money.

More than 50,000 top-grade Yuan stones were accounted for.

In the following time, Gu Shaoyang was in full swing.

No one can survive a move under him.

They all came up and were punched out of the arena by Gu Shaoyang.

Gu Shaoyang made great progress all the way.

Five consecutive wins... seven consecutive wins... ten consecutive wins!

When Gu Shaoyang still punched another opponent who was about to win ten consecutive victories until he was seriously injured and fell into coma, the entire competition arena was filled with excitement.

"Gulzar! Gulzar Seven!"

The audience excitedly chanted Gu Shaoyang's name, partly because of his domineering fighting style, and partly because everyone who bought bets with him made huge profits. At this time, Gu Shaoyang also received a notice from the arena.

"No. 89 Leibū Gulzar was promoted to fifty wins!"

## Chapter 295

Fifty wins means that every opponent Gu Shaoyang encounters in the future will be a strongman who has won at least ten consecutive victories.

Gu Shaoyang didn't care at all.

For him, opponents in the realm of life and death are not even qualified to force him to use his full strength.

The winning streak continues.

Eleven consecutive wins.

Twelve consecutive wins...

Fifteen consecutive wins...

Twenty consecutive wins...

Thirty consecutive wins.....

Forty-nine consecutive wins!

Gu Shaoyang achieved forty-nine consecutive victories in just five days.

What's even more shocking is that every time he defeats his opponent, he only punches him with one punch. He never throws a second punch, and no one can force him to throw a second punch!

This allowed Gu Shaoyang to quickly capture a large number of fans in the competition arena, and he was also dubbed the "Overlord".

Because his fighting style is too strong and domineering.

No matter who the opponent is or what type he is, he will sweep them all away with one punch, leaving no room for resistance at all.

The fiftieth battle.

This time Gu Shaoyang's opponent was a strongman who also came from the Lei Department.

He is nearly three meters tall, bald and naked, with thick thunder dragon tattoos on his body. Electric light is constantly beating on his bronze skin, which is extremely fierce.

The arena was filled with excited onlookers, and they were talking a lot.

"Overlord versus Thunder Dragon, this battle will definitely be exciting!"

503"Who do you think can win?"

"Of course it's Overlord Gulzar! So far, no one can force him to use the second punch! His strength is unfathomable"

"Lei Jiao is also extremely powerful. Although not all of the previous forty-nine consecutive victories were able to kill the opponent instantly, they were all resolved within three moves. The outcome is hard to say!"

"Haha, I bet heavily on both sides. No matter who wins, I will make a profit!"...

Compared with Gu Shaoyang, Lei Jiao is like a small giant in size.

He looked down at Gu Shaoyang with a ferocious smile on his face

"Are you worthy of being called Overlord with your thin body?! I want your title! Gu

Shaoyang had no expression on his face and said calmly:"When you can force me to use a second punch, it won't be too late to say such big words again!"

"Ha ha!

Lei Jiao laughed wildly and said: "No need, I also like to kill my opponent with one move." You have no chance to throw a second punch!"

Say this, the thunder dragon stepped fiercely.

He stepped on the extremely hard ground of the competition platform and made a huge pit.

His burly body ejected like a cannonball, and the thunder dragon tattoo on his body seemed to come alive, violently Violent, trying to choose people and devour them.

The momentum of the thunder dragon rushing towards it was like a mountain suddenly collapsing. The onlookers sitting behind Gu Shaoyang felt a huge suffocating pressure, and their faces Everyone showed a look of horror.

He is worthy of being a strong man who has won forty-nine games in a row. This momentum is so terrifying!

Gu Shaoyang still has a calm face.

The violent momentum of the thunder dragon seems to be as insignificant to him as the breeze.

"Go to hell, you weak-faced pretty boy! He also deserves to be called an overlord.

The thunder dragon roared wildly and punched brazenly.

Lei Jiao's fist was even bigger than Gu Shaobao's.

This punch fell, and to outsiders it looked like it was going to crush Mr. Gu into powder.

There were bursts of exclamations from the sidelines.

"The thunder dragon is so strong! It seems that this battle is going to go as he said, and the Overlord will have no chance to throw a second punch!"

"Although the Overlord has always defeated his opponents with one punch, he has never encountered a very powerful person before. This time when he encounters the Thunder Dragon, his winning streak will finally come to an end!"

"Damn it, I have invested all my wealth in the Overlord, is it possible that I have to lose it all again?!"

While everyone was talking, everyone saw that Gu Shaoyang, who was under the thunder dragon fist, slowly punched out.

As soon as the punch was punched, Gu Shaoyang's aura completely changed.

It was like a sleeping wild beast. , suddenly opened his eyes.

Huh... an unimaginable ferocious aura rose up like a storm, sweeping across the entire competition arena in an instant.

The thunder dragon's aura was shattered in front of this ferocious aura, and was washed away in just one breath. clean

"How can this be?!"

Lei Jiao opened his eyes wide, with a look of disbelief on his face.

Before he could react, Gu Shaoyang's fair and delicate fist that contained boundless power had already been firmly imprinted on his fist. on chest

"boom!"

The thunder dragon flew back faster than it rushed forward.

Like a ball that was kicked back hard, it smashed directly through the arena and fell hard into the audience on the sidelines.

Together with the two unlucky ones , All the audience were smashed into gourds by him.

The whole place was silent.

I could only hear Gu Shaoyang looking at Lei Jiao calmly and said calmly:"Not bad, you can force me to use eight points of my strength. You are proud enough." Got it.."

"Hiss.."

Suddenly there was a gasp of air on the field.

One punch!

Another punch!

A person as powerful as Lei Jiao was still unable to make a single move in Gu Shaoyang's hands.

How strong is Gu Shaoyang!

"overlord!"

Suddenly someone shouted excitedly

"overlord! overlord!"

A warm cheer suddenly erupted on the court, and everyone was shouting Gu Shaoyang's title and Gulzar's name.

Fifty consecutive wins!

This represents another step in the competition arena.

Gu Shaoyang is about to enter the arena. Yum field!...

"Points can finally be used to buy things.."

Gu Shaoyang stood at the points redemption desk in the competition arena, looking at everything on the redemption list.

Body Tempering Pill, twenty points.

Enlightenment Stone, thirty points.

Pill for rebirth of broken limbs, thirty points.

Life and death elixir, fifty points...

In addition to the Body Tempering Pill and the Enlightenment Stone, there are many good things that Gu Shaoyang has never heard of or seen.

For example, the amputated limb rebirth elixir can achieve an effect similar to immortality.

Even if the body is disabled, it can recover quickly after taking it, but the strength of the recovered limbs is far less than before and needs to be re-exercised.

There is also the elixir of life and immortality.

It is an elixir used by powerful people in the life and death realm to replenish the vitality in their bodies when they experience death.

In the ninth level of the realm of life and death, one step leads to death, and the realm of life is not bad. If the death realm comes, there is no other way but to rely on the vitality of one's own body to resist.

And this life-and-death elixir is to help strong people in the life-and-death realm survive the calamity of death.

Gu Shaoyang's eyes passed over one thing and he found that although he had fifty points, which seemed like a lot, he could actually only buy two Body Tempering Pills or one Body Tempering Pill and one Enlightenment Stone each.

Fifty points is still too few.

Gu Shaoyang thought for a while and spent all fifty points in exchange for a Body Tempering Pill and an Enlightenment Stone.

"So is this the so-called Body Tempering Pill that can purify blood?"

Gu Shaoyang looked at the golden pill in his hand and was disappointed.

"Wang Ti Dao Yun\*273, Divine Ti Dao Yun\*38.."

The attribute bubbles contained in the elixir are the same as the attributes he can extract from many talented people with royal bodies and divine bodies.

It was of no use to him at all, and twenty points were wasted.

Gu Shaoyang felt a slight pain in his body, so he picked up another lead-gray stone and put it in front of his eyes to look at it.

"Tonghui\*384. Concentration\*2358..."

Gu Shaoyang did not choose to absorb the attribute bubbles directly. Instead, he held the Enlightenment Stone in his hand, closed his eyes and whispered:"Let's see what miraculous effects this Enlightenment Stone has."..."

Chapter 296

Gu Shaoyang felt that his mind was quickly pulled by a force and entered another state.

A long, rolling river suddenly appeared in front of me.

It is not an ordinary long river, but a combination of hot and blazing magma and thunder and lightning.

The two colors of fiery red and deep purple, the interweaving of flames and thunder, contain the great power and terror between heaven and earth.

Gu Shaoyang was deeply shocked by this long river.

Suddenly it dawned on him that this was clearly himself.

This is his immortal thunder and fire divine body, the scene of blood flowing through the meridians in his body.

After realizing this, the river of thunder and fire in front of Gu Shaoyang suddenly quickly moved away from him.

Gu Shaoyang felt that he had risen to an infinite place in an instant, transcending heaven and earth~.

There seemed to be infinity overhead - thunder rolling by.

Gu Shaoyang raised his head and was stunned.

He saw thunder and flames intertwined all over the sky, and the sky turned a purple-red color, as if the world was annihilated.

That look of terror made even him feel a deep sense of fear from the bottom of his heart.

Unable to resist, unable to disobey, unable to bear.

This is the true power of God!

Gu Shaoyang stared blankly at this world-destroying scene. Suddenly, his pupils shrank and his eyes suddenly opened wide.

I saw countless dense attribute bubbles suddenly appearing among the countless leaping and intertwined thunderfires.

"Lei.Fragments of the Law of the Great Way\*371..."

"Fire.Fragments of the Law of the Great Way\*245..."

Gu Shaoyang's eyes showed deep desire, and he rushed forward desperately to extract it.

Suddenly, his body was pulled by an irresistible force, and he flew back. Everything in front of him and around him quickly zoomed away.

"Um?!"

Gu Shaoyang opened his eyes suddenly, with a deep shock that had not yet dissipated on his face.

He lowered his head and spread his palms.

The Enlightenment Stone had turned into a piece of powder.

Gu Shaoyang looked at the pile of powder, with a strong light shining in his eyes..

The Enlightenment Stone, what an Enlightenment Stone!

It first helped him realize his own way, and then led him to appreciate the majesty of the Avenue of Heaven and Earth.

If the time had not been too short, there would be no time to approach the Avenue of Heaven and Earth.

Gu Shaoyang could completely absorb the fragments of the laws of the Avenue. Complementing his own way.

He had a strong hunch.

The opportunity to create the second form of the Sole Sword Dao may be hidden here.

Enlightenment Stones, he still needs more enlightenment stones.

In fact, only Gu Shaoyang has a profound understanding. That is why the Enlightenment Stone has such a great effect.

Most people who use the Enlightenment Stone can at most reach the point of clearly understanding their own way. It is impossible to see the laws of heaven and earth, let alone get close to them.

It is Gu Shaoyang's demon-like understanding that will The effect of the Enlightenment Stone has been magnified a thousand times.

The competition is still going on.

Before fifty wins, Gu Shaoyang could solve all the battles with at most five punches.

But now, the opponents he encounters have to let go He used eight or even nine points of strength.

However, no one could force him to throw a second punch.

Gu Shaoyang has almost become a legend in the Yum Arena!

"boom!"

The powerful body flew out like a kite with its string broken, and hit the ground hard, making a big hole.

Gu Shaoyang retracted his fist, his expression was natural and calm, he did not defeat a strong enemy, but waved his hand to drive him away. An annoying fly.

The cheers on the sidelines suddenly boiled.

"overlord! overlord!"

"Gulzar! Hoho... Do you see, this is my Leibu!"

"Well played!"

Even if they are old viewers who have witnessed Gu Shaoyang's winning streak and watched him in dozens of battles, they will still have a look of deep shock and shock on their faces.

"Gulzar is so powerful!"

"No one can be his opponent!"

"I have a hunch that the second Yum King is about to be born!"

This is...The ninety-eighth game.

Gu Shaoyang counted silently in his heart.

Two more games and he'll reach 500 wins.

And the strength of the opponents Gu Shaoyang encountered now was getting closer and closer to the realm of life and death.

Gu Shaoyang can predict that when he enters the 500-win field, he may be able to meet the powerful ancient relics in the life and death realm.

Gu Shaoyang stepped off the stage.

When all those participating in the competition in the waiting area saw Gu Shaoyang appear, their faces suddenly showed deep awe, and they all got out of the way.

The area where Gu Shaoyang was located was completely deserted, and no one dared to come in.

"Brother Gu.."

Gu Shaoyang suddenly heard a voice and looked up, it was Langya Jade.

Langyayu had just returned from a battle, her face a little pale.

He has also been winning consecutively, but his victory is not as easy as Gu Shaoyang's. So far, Langyayu has just completed his fiftieth consecutive victory and entered the 100-win game.

"After winning ten more games, I can redeem two Enlightenment Stones. When used together with the Guan Tian Jian, I should be able to completely integrate the Yin and Yang swords.

Maybe he can also hit the 100-win game.."

Langyayu told Gu Shaoyang her expectations.

Gu Shaoyang nodded, and the two looked at each other in silence.

Suddenly Langyayu took out a shimmering jade talisman from the spirit storage ring. She thought for a moment, and Langyayu said to Gu Shaoyang with a little surprise:"It is about to be the last battle for Jiang Taichu to be promoted to Baishengchang. Brother Gu is interested. Want to go and see it together?"

Gu Shaoyang's expression changed and he said,"He became victorious so quickly?"

……Asking for flowers……

"Um. Lang Yayu nodded and said:"

They came to Taiyuan Heaven ten days earlier than us. Not only Jiang Taichu, but Yang Xiansheng and Lin Xianzi are also close to the hundred victory mark...

They have never broken through in the past, and I don't know if they can do it this time." Achieve one hundred consecutive wins"

"Where is the fifth Shun?"

Langyayu said in a deep voice:"He has won almost 200 consecutive victories..."

"What?!"

Gu Shaoyang was taken aback.

Langyayu smiled bitterly and said:"I only got the news two days ago. It turns out that Fifth Shun has also advanced to the realm of life and death, only one step behind you, Brother Gu..."

Gu Shaoyang's eyes glowed strangely.

The Fifth Shun was worthy of being the Fifth Shun, and he actually entered life and death.

Among the younger generation, he was the only one who could put some pressure on Gu Shaoyang.

It seems that the battle that the two failed to complete in the Divine Sea Realm will continue in the Life and Death Realm.....0

"Let's go and have a look."

Gu Shaoyang said.

Langyayu nodded in agreement.

The Tianjiao Arena is huge. Gu Shaoyang and Langyayu are in the North District, while Jiang Taichu is in the South District.

This is why they have never met in a competition before. One.

The two people quickly rushed to the South District.

Jiang Taichu was already standing on the competition stage. His opponent was a thin young man who was enveloped in a gloomy and dark atmosphere. The youth's aura was obscure, His eyes were cold and unruly, giving people a sense of indifference that would keep strangers away.

This competition was considered a sensation in the Southern District and was extremely popular. The entire competition arena was almost full.

"Unexpectedly, King of War's winning opponent turned out to be Night Crow. This was no easy opponent!"

"Night Crow comes from the most mysterious Youbu among the ancient tribes. Although his performance in the previous ninety battles was not as brilliant as that of the War King, his strength was also unfathomable and extremely terrifying."

"The war king is extremely powerful, and the night crow is mysterious. It is hard to say whether this victory will be won or not."

"yes..."

Listening to the discussions on the sidelines, Gu Shaoyang's eyes flashed slightly.

Youbu?

This was the first time he heard about this tribe.

At this time, the battle on the fighting platform was about to begin.

Night Crow stared at Jiang Taichu, bursts of harsh and unpleasant laughter came out of his mouth, and said in a hoarse voice: "King of War? How dare you call yourself a king in a small world like Shenhai?! I'm really not afraid that my life will be shortened if I can't bear it..."

Jiang Taichu raised his eyebrows and said coldly: "Stop talking nonsense and deal with you. I have just enough to win a hundred games. It's a quick fight, I'm in a hurry!"

"Are you in a hurry to reincarnate? Hee hee hee.."

Night Crow let out a burst of hoarse laughter, and his whole body suddenly turned into a black mist, and just disappeared silently on the stage. Kou.

Chapter 297

The black mist transformed by the night crow quickly filled the entire competition platform.

Jiang Taichu tried to punch, but the black mist was not affected at all. It dissipated under the force of the punch and quickly gathered back.

The black mist gradually condensed into black chains one after another, twisting inch by inch toward Jiang Taichu at the center.

Jiang Taichu snorted coldly, raised his hand and punched several times.

The power of the fist shook the void, and the black chains were rattled by it.

But Jiang Taichu's fist could only slightly slow down the speed of the chain, but could not completely break it up.

Jiang Taichu's expression changed slightly, and he jumped up into the sky, trying to break through from above.

But at this time, Night Crow's cold and strange laughter sounded in the void.

The black chains began to grow rapidly amid the laughter, like thick and long black snakes, dancing wildly in the air.

Jiang Taichu was inevitably bound by the black chains.

The black chains wrapped around Jiang Taichu in circles, like a giant python hunting for food, trying to strangle him to death.

Jiang Taichu roared unwillingly, and blazing flames shot up from his body.

This flame mixed with his "one, seven, three" fighting spirit, burned the black chains and made a chirping sound, screaming and scattering like living creatures.

"Bastard, let me see how you can resist this time!"

Ye Crow's cold and hoarse voice sounded in the void, and then the black chains wrapped around Jiang Taichu were quickly untied, and then gathered into an extremely thick and long black giant tail, which was aimed at Jiang Taichu from top to bottom and slapped hard.

Jiang Taichu's expression condensed, and the red fire on his body made the void crackle, and he punched out without giving up.

But when Jiang Taichu's fist came into contact with the black giant tail, it passed through the latter's body.

"What?!"

Jiang Taichu's face changed drastically, and there were bursts of exclamations on the field.

"Bang!"

The giant tail turned into an illusion instantly after passing through Jiang Taichu's fist, and soon seemed to return to reality. It hit Jiang Taichu's chest hard and pulled him out of the competition platform mercilessly.

"puff!"

Jiang Taichu spurted a mouthful of blood, staggered a few steps under the stage and quickly stabilized his figure.

He looked up at the figure of Ye Ya who had reappeared on the stage, his eyes almost bursting with fire, full of anger, and a look of reluctance.

But Ye Ya just sneered disdainfully, without even looking at Jiang Taichu, enjoying the glory that belonged to him.

"well.."

Langyayu sighed and said regretfully: "The methods of these ancient relics are too mysterious and unpredictable. It's a pity that Brother Jiang was careless for a while."

Gu Shaoyang also nodded slightly.

This Night Crow from Youbu has a very special physique.

In other words, his entire body seems to be made up of condensed soul power, which can be gathered and dispersed at will. Ordinary means cannot harm him at all, which is why he appears so mysterious and powerful.

In fact, Jiang Taichu still had a chance to win.

Jiang Taichu's fist was filled with his own superhuman fighting will. He was only one step away from condensing his martial will and could already hurt Ye Crow.

If he wasn't familiar with Night Crow's attack methods, he wouldn't have been defeated so quickly if he didn't notice it for a moment.

After Jiang Taichu lost, he had to accumulate a winning streak again.

Moreover, most of the opponents he was matched with were people like him whose winning streak was interrupted during the eighty or ninetyth year.

Gu Shaoyang and Langyayu met Jiang Taichu and learned about the situation of the other people.

"Lin Xianzi from Yaochi Holy Land was assigned to the Western District, and like me, her 100-game winning streak was ended. Yang Xiansheng of the Eastern District has entered the 500-win game. As for the fifth Shun, he rose from the North District just like you, but now he has won 132 games in a row...."

Taiyuantian's prodigy in the competition arena is not as old as Jiang Taichu and others. It is an extremely remarkable achievement to achieve a hundred consecutive victories in this competition arena with so many masters.

After learning that Gu Shaoyang was promoted to the realm of life and death, he achieved a hundred consecutive victories.

Jiang Taichu was greatly shocked by Gu Shaoyang's speed, and said to Gu Shaoyang with a complicated face: "It is really the biggest regret of my life that I didn't fight you at the martial arts tea party. I may never have another chance in the future.".."

Jiang Taichu's tone was sighing, and he naturally understood that now Yang and Fifth Shun had completely entered a higher realm than them, and the two were no longer opponents at the same level.

The next day, Gu Shaoyang completed his 100-game winning streak and entered the 500-game winning streak.

"After the winner of each district is determined, they will go to the competition arena in the central district.

In other words, every opponent you encounter in 500 wins is an extremely strong person who has won at least 100 games in a row. It is really remarkable that Fifth Shun can remain undefeated in 500 wins..."

Langyayu sighed, and then explained to Gu Shaoyang:"

The rules in the Five Hundred Victory Arena are also different. Even if you fail, you will not be eliminated.

Only if you fail three times in a row will you be expelled from the Five Hundred Victory Arena and start from scratch..The points and elemental rewards obtained for victory in the 500-win field are also three times those in the 100-win field, and the loser will have one point deducted..."

Gu Shaoyang's eyes flashed with light.

In this way, his efficiency in accumulating points can be greatly improved.

It's a pity that after his ten consecutive victories, the odds of each match became extremely low, and Yuan Shi didn't earn much.

Gu Shaoyang thought for a while and asked:"Are there any higher-level wins beyond the five hundred wins?"

"have! Lang

Yayu nodded affirmatively and said:"As long as you accumulate five hundred victories within the five hundred victory field, you can enter the thousand victory field." It is said that if you win one victory in the Thousand Victory Field, you will be rewarded with ten points and 10,000 top-quality Yuan Stones.

However, there are too few competitions in the Thousand Victory Field. There are only a few held almost every year. I have been to Taiyuantian several times and I have never had the opportunity to witness it...

Moreover, the strength of those who can enter the Thousand Victory Field is extremely terrifying, at least reaching The fifth heaven of life and death.

This strength is among the top even in the next three days..."

Is it the fifth heaven of life and death?

Huh ?.....

A trace of determination flashed in Gu Shaoyang's eyes, and he secretly said in his heart: Let's do it step by step.

"No. 89, Leibu Gulzar.."

Gu Shaoyang walked into the arena amidst the cheers of many onlookers.

The Five Hundred Victory Arena is at least five times larger than the previous one, and can accommodate many times more spectators.

"Gulzar! Gulzar!"

"overlord! overlord!"

Gu Shaoyang's fans shouted passionately on the sidelines.

Suddenly, he heard another burst of cheers

"Night crow! Night crow!"

Gu Shaoyang's eyes narrowed and he saw a young man in black with a gloomy expression slowly walking out from the other side of the arena.

In his first battle at the Five Hundred Victory Arena, he was against the Youbu who ended Jiang Taichu. Night Crow!

Night Crow was also looking Gu Shaoyang up and down, with a hint of amusement in his eyes.

"It is said that you have only thrown one punch in all the fights so far? hehe.."

Night Crow smiled evilly and said,"Then I want to see how many punches you will throw today..."

"No need to look, you have no chance.."

Gu Shaoyang suddenly interrupted him coldly, took a step forward, and punched Ye Ya in the direction of Ye Ya.

"hehe.."

Night Crow sneered, and his body suddenly dispersed, turning into a black mist that filled the sky. The black mist enveloped the entire place, drifting past Gu Shaoyang, and Gu Shaoyang's fist also penetrated through the black mist.

"Ridiculous, do you think you can hit me with your fist? Ha ha.."

Night Crow's arrogant laughter echoed in the field, and Night Crow's supporters also chanted his name.

But at this moment, Night Crow's laughter suddenly stopped and turned into a frightened scream.

"How can this be!"

Everyone looked at 3.7 with their eyes wide open.

They saw that Gu Shaoyang still maintained the posture of punching, but his punch was different from the previous fists.

His fist seemed to be filled with infinite suction, like a terrifying whirlpool.

It pulled all the black mist in the whole place.

The black mist rolled and gathered under Gu Shaoyang's fist, and actually re-condensed the figure of Night Crow.

Then....

Gu Shaoyang's face was expressionless, and he punched Ye Ya firmly on the chest with a look of horror on his face.

"boom!"

The terrifying force exploded.

The night crow was blasted out like a ball and hit the wall at the edge of the arena. It turned into a puddle of mud and could no longer stand up. The whole place was silent.

After a few short breaths of silence. , cheers suddenly broke out

"overlord! overlord!"

The audience excitedly watched the silent but unspeakably domineering figure in the field, cheering his name enthusiastically.

Just like in the 100-win game.

Gu Shaoyang defeated his opponent...

Still a punch!

Chapter 298

Night Crow's secretive methods may be extremely difficult for others, but in the eyes of Gu Shaoyang, who has already gathered his martial arts will, it seems extremely ridiculous.

The supreme swordsmanship uses fists instead of swords.

If Gu Shaoyang hadn't been merciful, that punch could have beaten Ye Crow to death.

After entering the 500-win game, Gu Shaoyang still did not stop his winning streak.

One hundred and ten games in a row.

One hundred and twenty games in a row.

One hundred and thirty consecutive wins...

In the meantime, Gu Shaoyang also encountered several tribal masters whose cultivation had reached the first level of the life and death realm, but they were all defeated by the power of his punch.

Gu Shaoyang's reputation and popularity also grew.

As long as there is a battle with him, every game will be full.

Moreover, in addition to his winning and losing gambling game, there is another gambling game specially opened for him in Bi Dou Arena.

"Can the Overlord defeat his opponent with one punch?"

The strength shown by Gu Shaoyang is so strong that many strong men who have won 500 games now can't help but feel frightened when they hear that their opponent is him.

Some of them have believed in Gu Shaoyang from beginning to end. The spectators who bought him a punch to win made a lot of money and immediately became his loyal fans and were extremely fanatical about him.

And in Gu Shaoyang's 152nd battle, he actually met an old man. acquaintance 27

"I didn't expect to meet you again.."

Yang Xiansheng, who was wearing a strong sword and looked like a celestial general, looked at Gu Shaoyang and said in a deep voice.

Gu Shaoyang was also slightly surprised when he saw him, and couldn't help but say:"Again? Who else did you meet before? Fifth Shun?!"

Yang Xiansheng nodded silently, and slowly said: "I met at the peak of Shenhai On the fifth Shun, I lost after fighting him for ten moves. Fortunately, I had the pressure he brought me..."

As Yang Xiansheng spoke, a very strong aura erupted from his body, and there was a lot of vitality in the aura.

"..Only then can I successfully take this step ahead of time and advance to the realm of life and death!"

Gu Shaoyang looked at Yang Xiansheng's eyes with a strange light, and said with a smile: "Very good, if you are still in Shenhai, this battle will be too boring."

"snort! Yang

Xiansheng snorted coldly, with a trace of unhappiness in his eyes, and shouted: "Isn't it too early to say this?!"

As he said that, the spear in Yang Xiansheng's hand stabbed at Gu Shaoyang like a rainbow piercing the sun.

The sharpness of the heavenly high-grade treasure, coupled with the powerful power of Yang Xiansheng's life and death realm.

The spear turned into a roaring silver dragon, stabbing Breaking through the void, the tip of the spear pointed directly at the center of Gu Shaoyang's eyebrows.

Gu Shaoyang smiled slightly and suddenly took action.

Thunder and lightning and flames suddenly appeared on Gu Shaoyang's fair and delicate fists. The two forces were intertwined and entangled with each other, exuding a trace of terrifying power.

Gu Shaoyang A punch was thrown out, facing the tip of Yang Xiansheng's spear. The tip of the spear pierced Gu Shaoyang's punch, making a squeaking sound and shooting out countless sparks, but it could not make any progress.

Yang Xiansheng's spear was hit by a huge and unparalleled force. Suppressed by the power, it was gradually pressed into a huge bow shape

"What?!"

Yang Xiansheng's eyes showed a trace of shock.

Gu Shaoyang's body is actually so powerful. This is before he has fully released his divine body. Compared with the Divine Sea Realm, it is more than a hundred times stronger!

"Hey!"

Yang Xiansheng shouted angrily, and his body suddenly shone brightly, with endless dazzling golden light radiating out.

"This is..."

The onlookers opened their eyes suddenly, with huge shock on their faces, and exclaimed: "The body of a golden king!"

"This level of bloodline concentration is almost like returning to one's ancestors!"

"When did such a talented person come out of Jinbu in the next three days?!"

"This person in the Jin tribe must be a tribal saint son!"

What the ancient survivors call the "Golden King's Body" is Yang Xiansheng's divine body. This is the first time Gu Shaoyang has seen the power of his divine body.

It is indeed extraordinary.

"Now that he is the golden king, the overlord is in danger in this battle!"

"Looks like the Overlord's winning streak is about to end..."

"fart. The Overlord will definitely win this battle. No one can clearly see his strength so far... However, the myth of the Overlord's one punch may be shattered."

"really."

Everyone was talking about it.

At this time, Yang Xiansheng had the upper hand in the situation on the court.

The golden light emitted from Yang Xiansheng was so sharp that it even tore the skin on Gu Shaoyang's hands, leaving bloody scars..

Yang Xiansheng's spear pressed down, and the tip of the spear penetrated Gu Shaoyang's fist, more than three inches into the flesh.

Gu Shaoyang was suppressed by Yang Xiansheng's violent power and fell. He stepped heavily on the competition platform, and large cracks appeared under his feet.

"Not drawing your sword yet?"

Yang Xiansheng stared at Gu Shaoyang closely.

He knew that Gu Shaoyang's strongest method was kendo, so even if he had the upper hand and Gu Shaoyang never drew his sword, he did not dare to take it lightly.

Gu Shaoyang's eyes were calm and he said calmly:"No need.."

A trace of anger flashed in Yang Xiansheng's eyes, and he continued to press down with his spear, coldly snorting:"Then defeat!"

The golden light was so powerful that it was impossible to look at it.

At this moment, large areas of thunder and fire light surged out of Gu Shaoyang's body.

An indescribable terrifying aura rose from his body, like wolf smoke.

"So far, you are the first person to force me to the fullest extent of my physical body."

Gu Shaoyang looked at Yang Xiansheng with undisguised admiration in his eyes.

Although he was under Yang Xiansheng, he felt condescending and domineering.

"What?!"

Yang Xiansheng's expression was shocked, and his eyes were full of horror.

The next moment, Yang Xiansheng watched helplessly as the tip of his spear was squeezed out of Gu Shaoyang's fist bit by bit.

And he had given it to Gu Shaoyang before. The scars left behind are also recovering rapidly at a speed visible to the naked eye.

An unstoppable force surges out of the spear.

It is as if there is a dragon under his spear, and now the hidden dragon is about to rise.

Gu Shaoyang's face is calm, Taking a deep breath, the power of thunder and fire in the fist condensed together and suddenly erupted

"boom!"

It was like a hundred and a thousand volcanoes erupting at the same time.

The golden light in the sky was completely covered up.

Yang Xiansheng roared unwillingly, and his whole person was completely blown away, blasting out of the range of the competition platform.

Gu Shaoyang looked down at Yang Xiansheng, Wrapped in thunder and fire, he looked down at the audience and spoke word by word:"I can defeat you without my sword!"

"Well..."

Yang Xiansheng was stunned and stared blankly at Gu Shaoyang on the stage.

For a moment, Gu Shaoyang's figure seemed to overlap with that of someone, and Yang Xiansheng was in a trance.

Fifth Shun, Gu Shaoyang... these two people are the same type of people, truly invincible existences that overwhelm their peers. 873

Among their peers, everyone is much worse than them.

Yang Xiansheng couldn't help but smile bitterly, feeling depressed.

When he was in the Divine Sea Realm, he only fell slightly short of Gu Shaoyang.

Unexpectedly, after being promoted to the realm of life and death, he was no longer qualified to let Gu Shaoyang use his sword.

The gap is really too big.

Gu Shaoyang's progress speed is really terrifying.

The audience were all stunned and stood there for several breaths.

Then there was fierce exclamation and discussion

"Go ahead, the Overlord's physique is too powerful! What exactly is that power?!"

"Isn't he from the Ministry of Thunder? Why does he still seem to control the power of fire!"

"One punch, another punch! The overlord is about to go against the will of heaven"

"Even the golden king's body couldn't catch his punch. The Overlord might not be able to win more than two hundred games in a row!"

"With the strength of the Overlord, given time, he will definitely be able to enter the Thousand Victories Arena!"

Gu Shaoyang defeated Yang Xiansheng with one punch and was about to turn around and leave.

Suddenly, his mind moved and he thought about it and slapped Yang Xiansheng.

Yang Xiansheng looked shocked and thought that Gu Shaoyang wanted to continue to attack, but he soon discovered that No.

The power of Gu Shaoyang's palm was ordinary, and he could resist it with ease.

But the palm gesture was quite subtle, and the surging fire energy created a lifelike winged flying snake in the void.

Yang Xiansheng's pupils shrank, and he subconsciously blurted out: "Winged Fire Snake?! Who are you.."

Yang Xiansheng did not continue speaking, but looked at Gu Shaoyang again, which was already full of surprise and complexity....

Chapter 299

"I didn't expect that you are also a member of Tiangong.."

Yang Xiansheng sat opposite Gu Shaoyang, his expression extremely complicated.

The fight between the two has ended, and they are now in a restaurant in the fight city.

"I joined by chance before and took the position of Lord of the Wings..."

Gu Shaoyang took out a black token engraved with a winged flying snake from the spirit storage ring and placed it gently on the table.

Yang Xiansheng nodded slightly:"I have recognized the palm you hit before..."

With that said, Yang Xiansheng also took out a black token similar to Gu Shaoyang's.

It's just that this piece is engraved with a golden dragon pattern.

"I am Kang Jinlong, one of the seven Eastern places under Qingdi's sect..."

"Qing Emperor?!"

Gu Shaoyang's eyes moved. This was the first time he heard this name.

"Brother Gu, haven't you heard of the Qing Emperor's name?"

Yang Xiansheng had a look of great surprise on his face and frowned:"This is impossible. Xingjun is already qualified to know the names of several great emperors in Tiangong..."

Gu Shaoyang shook his head and said:"I joined Tiangong in the Southern Territory. After becoming Star Lord, I came to Zhongtian Territory before I knew the secret..."

If I hadn't met you, Brother Yang, I'm afraid I wouldn't have remembered it at all. Here comes the token."

Only then did Yang Xiansheng understand. He pondered for a while and said to Gu Shaoyang:"Then I will say a few more words and explain to Brother Gu about the Heavenly Palace."

Gu Shaoyang nodded.

"The Heavenly Palace is jointly led by five great emperors, each of whom is a top figure in the realm of kings.

They are the Eastern Green Emperor, the Southern Red Emperor, the Western White Emperor, the Northern Black Emperor and the Central Yellow Emperor.

Each emperor has four heavenly kings, twelve divine generals, twenty-eight constellations, and many heavenly officials and soldiers.

Although you and I are both constellations, we actually do not belong to the same emperor..."

Yang Xiansheng picked up Gu Shaoyang's Star Lord token and turned it to the back. There was a small flame logo in the lower right corner.

"Brother Gu was born in the Southern Region and was under the banner of the Southern Red Emperor."

Gu Shaoyang was slightly surprised when he looked at the flame logo.

If Yang Xiansheng hadn't pointed it out, he really wouldn't have known what the logo meant.

Sure enough, there was also a small leaf logo on the back of Yang Xiansheng's token.

"The worst of all the stars are in the Divine Sea realm, the divine generals are in the life and death realm, and the worst of the heavenly kings are those who have just entered the king realm..."

Gu Shaoyang was shocked:"Since Tiangong has more than 20 king-level experts, why is it not famous in Zhongtian Domain? Such strength is almost comparable to the top holy land, right?.."

Yang Xiansheng smiled bitterly and said:"Although the Heavenly Palace is powerful, because the five emperors are on the same level and are not of the same mind, and there are many fights between them, it is impossible to work together like ordinary holy places. Moreover

,..."

Yang Xiansheng paused and said cautiously:"The real stronghold of Tiangong is not actually in the Zhongtian Domain, and the ambitions of the Five Emperors are not in the Five Domains of Zhongtian.""

"What?

Gu Shaoyang was slightly shaken and subconsciously asked:"Where is that?""

As soon as the words came out of his mouth, he immediately reacted and said in shock:"You mean... Ninth Heaven?!"

"Um. Yang

Xiansheng nodded.

"The five emperors all have the blood of the ancient gods flowing in their bodies. Although they have been here since ancient times, they still hope to one day repeat the glory of the ancient clan..."

Gu Shaoyang's eyes were like swords and he said in a cold voice:"The ancient survivors suffered a disastrous defeat against the human race. How come they haven't given up yet and want to make a comeback?"

Yang Xiansheng shook his head and said:"The Five Emperors cannot afford to defeat the relationship between the ancient survivors and the human race." The second war, but they want to completely control the Nine Heavens and rule all the ancient relics.

They acknowledge the existence of the human race, but they also want to be higher than the human race, high above the Nine Heavens, and recreate the days when the heaven stood high and all races The glory of the coming dynasty."

Gu Shaoyang sneered, and his heart suddenly became clear.

To put it bluntly, these are a group of pretentious ancient remnants who are unwilling to accept the degradation of their noble bloodline and want to re-establish the rules broken by countless human ancestors.

Even if I can't reach the previous level, I still want to continue to dream of my own gods.

I'm afraid the so-called names of the Five Heavenly Emperors were also given by themselves.

You don't need to think carefully to know that Tiangong's ambition will definitely be strongly resisted by the human race and other ancient relics.

No wonder Tiangong would recruit geniuses with extraordinary qualifications from all over the Five Domains of Zhongtian. There is no other way.

With no support from inside or outside, they can only develop their strength secretly.

Although Gu Shaoyang was disdainful of the ultimate goal of establishing Tiangong and the ambitions of the Five Emperors, he only kept these words in his heart and would not say them out loud.

Although Tiangong is rigid and pedantic at heart, it is still an unimaginable behemoth to him.

The powerful human beings in the Zhongtian Domain would acquiesce to its existence, probably because they were afraid of the strength of the Five Emperors.

It is impossible to say that many of the many heavenly kings under the Five Emperors are strong men from the human race.

After Yang Xiansheng explained the secrets of the Tiangong, he did not say much, but showed hesitation and said to Gu Shaoyang hesitantly: "Since Brother Gu is also a member of the Tiangong, why not try to contact the god above you after returning to the Zhongtian Domain? General... oh no, Brother Gu's current strength is enough to become a divine general.

There may be big changes in the Heavenly Palace in a few days. Brother Gu can come here every three days and you may gain something..."

Gu Shaoyang's eyes moved, "Come here every three days? Did you get something?...What do you mean?"

Yang Xiansheng kept it secret and refused to say more.

After saying a few more words to Gu Shaoyang, he hurriedly said goodbye and left.

Gu Shaoyang looked at Yang Xiansheng's back, playing with Yixiu Xingjun's token in his hand, his eyes flashing with light.

"Ye Lingchen once told me about the foreign races outside the territory, and now Yang Xiansheng also said that there will be great changes in the Heavenly Palace..."

Is there any connection between these two things...

Zhongtian Continent seems to be becoming unstable..."

On this day, Gu Shaoyang had just ended his 173rd consecutive victory.

After walking out of the competition arena, I suddenly found a group of people running towards another competition arena with excited faces.

"If he wins this battle in the Fifth Yuan Tian, he will have been undefeated in two hundred consecutive battles, which is simply terrifying!"

"During this period of time, except for the Fifth Yuan Tian, Gulza, the overlord of the Thunder Department, performed the most eye-catchingly in the arena.

Both have been on an undefeated streak.

It is said that the overlord is even more outrageous. He has never thrown a second punch in a fight so far!

What a monster!"

"Indeed, but I feel that the fifth Yuan Tian is stronger"

"Where do you guys come from with so much nonsense? The competition in the Fifth Yuan Tian is about to begin!"

Gu Shaoyang heard everyone's discussion and his mind moved.

Fifth Yuantian?

And he still maintains an undefeated streak...

A figure immediately appeared in Gu Shaoyang's mind.

He followed the flow of people into the competition arena.

Competition arena Two people were already standing on the competition stage in the center.

One of them was of average stature and appearance, wearing gray clothes. There was nothing eye-catching about him, but standing there, he naturally became the center of the world. The protagonist of all things.

Who else could it be if he weren't Fifth Shun!

Fifth Yuantian is his pseudonym, just like Gu Shaoyang used Gulzar's name.

Standing opposite Fifth Shun is a man with complexion A dark-skinned, ferocious-looking ancient relic.

He exudes the second level of cultivation in the realm of life and death. His aura is calm and thick, giving people an indestructible and unshakable feeling. He is obviously a strong man of the earth tribe who is extremely good at defense.

This man The strong man of the Earth Division was obviously much better than Fifth Shun in his cultivation, but when he stood in front of Fifth Shun, his face could not help but show traces of nervousness, which was quite strange. The audience on the sidelines roared loudly: "Tu Yuan, I bought all my wealth for you to survive the five moves of the Fifth Yuan Tian, so don't lose too quickly!"

"Fifth Yuantian, kill him with one move!"

"Hoho..Tear him to pieces!"

Gu Shaoyang was greatly surprised when he heard this. No one in the audience thought that Fifth Shun would lose. What they were arguing about was that Fifth Shun could defeat the second-level earth warrior on the opposite side within a few moves.

Gu Shaoyang was suddenly very interested. He was really curious, how strong was the fifth Shun who had not seen him for a long time and was promoted to life and death?...

Chapter 300

The competition begins.

The earth tribe's second-level master of life and death realm immediately shouted lowly before Fifth Shun could make any move.

The whole body is blooming with a rich earthy yellow light.

The light formed a thick yellow shield outside his body, wrapping him like an egg shell.

Just looking at the power, you can feel the amazing defensive power outside of it.

After Tu Yuan finished all this, he said to Fifth Shun nervously: "Fifth Yuan Tian, let me discuss it with you. You let me survive five moves. How about I surrender automatically after five moves?"

"It is simply unimaginable for outsiders to think that a strong man from the second heaven would take the initiative to compromise with a person from the first heaven of life and death, or even take the initiative to admit defeat.

But none of the spectators on the sidelines found it strange. Instead, they started shouting and cursing.

"Damn it, Tu Yuan, you are such a shy turtle, Tu Yuan has lost all his face!"

"You bastard, don't think that I don't know that you secretly bought 100,000 top grade yuan stones that can survive the fifth yuan day in five moves!"

"Shameless! Tu

Yuanqi paid no attention to the insults on the sidelines and just stared at Fifth Shun closely. Fifth

Shun had no expression on his face and did not answer. Instead, he slowly slapped his palm and shouted softly: "Monument of King Shun!"

Following Fifth Shun's voice, the void above his head cracked silently, and an ancient sky monument tens of feet high descended from the darkness.

With boundless power, it seemed to suppress all directions, helpless. The terrifying feeling of turning over.

Gu Shaoyang's eyes narrowed.

The Fifth Shun's move was more than ten times more powerful than the one he used in 343 Divine Sea Realm.

After the Fifth Shun's King Shun Monument appeared, the audience suddenly burst into cheers  
Voice

"Yes, smash him to death! Smash this turtle to death!"

"Shameless earth element, earth element man is ashamed of your own race!"

Tu Yuan's expression instantly became extremely nervous. The Fifth Shun's Monument of King Shun seemed to bring him endless fear. The ancient heavenly monument fell heavily, hitting Tu Yuan's protective shield.

"The"eggshell" rippled with light, flickering and flickering, as if it would break at any time.

Tu Yuan's face also turned pale.

But the"eggshell" did not break in the end, and became red again after the Shun King Monument was raised. It became thicker and brighter.

A look of joy appeared on Tu Yuan's face for a moment.

The fifth Shun frowned slightly, and the Monument of King Shun was smashed down twice.

"Bang..Bang.."

Every time it is hit, the entire competition platform will shake violently, and the hearts of the audience and Tu Yuan will beat violently.

Tu Yuan's eggshell often felt like it was about to burst, but he miraculously persisted every time.

The whole place was in an uproar.

Tu Yuan's heart also became relaxed as the Monument of King Shun rose again and again.

"Haha, fifth Tianyuan! Tu

Yuan laughed proudly,"You can't break my defense at all, so don't waste your efforts." I don't think so. How about we count this match as a draw?"

Tu Yuan was extremely proud, and the audience on the sidelines yelled and cursed, especially those who had placed heavy bets on defeating their opponents within five moves of Fifth Shun. They wanted to jump off the field and break Tu Yuan's eggshells themselves.

But everyone I have to admit that the strong people of the earth element in the life and death realm use all their strength to display the defensive secrets. The defense is too powerful. If you want to break through the defense of the earth element, you will have to take action unless the strong person in the third level of the life and death realm takes action.

Just when everyone thought that this battle The draw ended, but Fifth Shun said calmly:"Who said I can't break your defense?.."

"Can you break it? How do you break it?!"

Tu Yuan's arrogant words suddenly came to an abrupt end, and I saw the double pupils in Wu Shun's eyes suddenly spinning.

It seemed to contain everything in the sun, moon and stars.

Tu Yuan's expression suddenly became confused, as if... in the chaos, even The audience facing Fifth Shun instantly fell silent, their expressions blank.

The light of Tu Yuan's protective shield quickly dimmed, the Monument of King Shun suddenly fell, and Tu Yuan spurted blood and flew out of the field.

Fifth Shun... won.!

Exactly five moves!

A burst of intense light burst out from Gu Shaoyang's eyes.

This is... the power of the fifth Shun's double pupils!

After entering the realm of life and death, he can finally exert some of the power of his natural double pupils.

Easily suppressing the second-level powerhouse in the life and death realm, he is worthy of being the number one divine body among the younger generation in the Zhongtian Domain!

After a brief silence, the field fell into a lively jubilation, and everyone shouted the name of Fifth Shun, just like After Gu Shaoyang won, everyone shouted the name of overlord.

Gu Shaoyang stared at Fifth Shun intently.

The latter seemed to sense his gaze and looked straight in his direction.

Gu Shaoyang stood in front of Fifth Shun's gaze. He quietly disappeared into the crowd for a moment.

Sooner or later, there will be a battle between him and Fifth Shun.

When the time comes, it will be up to him to learn about these terrifying double pupils. (ciaa)

Gu Shaoyang's winning streak continues.

When he reaches the first When he won one hundred and eighty-nine games in a row, the myth of defeating the enemy with one punch was finally put to an end.

The opponent was a powerful fire warrior from the second level of the life and death realm.

Gu Shaoyang's immortal thunder and fire body was fully activated, and it took a lot of effort to defeat the enemy. Defeat him.

As the myth of his one punch was shattered, Gu Shaoyang also realized that the opponents he would face next would become stronger and stronger.

With his current strength, if he used his sword, he could instantly kill the second level of life and death.

Attack with all his strength , can be defeated at the third level of life and death.

But sooner or later he will still face strong men at the fourth or even fifth level of life and death.

If his strength does not break through, he will lose sooner or later.

He must... master a more powerful killing move....

Gu Shaoyang was sitting in a quiet room in Tianjiao Competition City, with a large pile of Enlightenment Stones placed on the bluestone in front of him.

A total of twenty-three yuan!

Ten of them were redeemed by Gu Shaoyang using his winning streak points.

The remaining thirteen pieces were bought by him with Yuan Stone.

Points in the Arena can be bought and sold, but the price is extremely expensive.

One thousand top grade Yuan stones can be used to purchase one point.

Gu Shaoyang kept on winning in the outside gambling games and earned more than 300,000 high-grade Yuan Stones. He invested all of them and bought nearly 400 points in exchange for thirteen Enlightenment Stones.

A firm look flashed in Gu Shaoyang's eyes.

This time he was fully prepared, and he was bound to understand the second form of the solitary swordsmanship in the law of thunder and fire.

And this second sword move will become his biggest trump card for consecutive victories in the fighting arena.

Gu Shaoyang held a piece of Enlightenment Stone in his hand and silently closed his eyes.

Soon, as if for the first time, my mind saw my own way of thunder and fire, and then the sky was full of thunder and fire, filled with the terrifying power of heaven.

"click.."

Gu Shaoyang heard a crisp breaking sound in his ears, and his body was involuntarily pulled backwards by a huge attraction.

It was the first Enlightenment Stone that was exhausted.

Gu Shaoyang quickly grabbed the second enlightenment stone.

The pulling force behind him suddenly disappeared, and he quickly rushed towards the Thunder Fire Avenue.

In the process of getting closer, the second Enlightenment Stone also broke...

Then the third, fourth, and fifth...

It seemed that they were not far from the Thunder Fire Avenue, but in fact, the distance between Gu Shaoyang and them was really Too far away.

How can it be so easy for a mortal to peek into the avenue?!

It wasn't until the fifteenth Enlightenment Stone was about to break that Gu Shaoyang was close to the edge of the Thunder Fire Avenue.

Gu Shaoyang didn't waste any time and rushed into a thunder and fire purgatory. He relaxed his mind and shouted in his heart:"Extract attributes!"

"Fragments of the Law of Thunder\*344..",extract!

"Fragments of the Law of Fire\*485..",extract!

"Fragments of the Law of Thunder\*564..",extract!...

The value of the attribute bubbles at the edge of Thunder Fire Avenue was very low, but fortunately there were too many bubbles, and Gu Shaoyang frantically extracted and absorbed them without stopping.

As each attribute bubble was absorbed into the body, Gu Shaoyang could feel that many insights about thunder and fire suddenly emerged in his heart.

Thunder and lightning intertwined with flames, and gradually the shadow of a purple and red sword condensed on the basis of Gu Shaoyang's supreme swordsmanship...
