### Chapter 341

After the handsome young man took the fifty-year life-extending pill, he left gracefully, leaving only Wei Lingcun and Shen Tulin with shocked faces.

Wei Lingcoff struggled to get up from the ground. A long, narrow and huge hole was opened in his chest and abdomen, and his intestines almost flowed out.

Wei Lingcoff took out a large amount of healing elixir from the Spirit Storage Ring and stuffed it into his mouth desperately, but his complexion was improving rapidly, but the wound showed no sign of healing.

A terrifying sword energy lingered on his wound, constantly tearing and cutting his flesh and blood. Therefore, even with the powerful self-healing ability of Wei Lingcoff's sixth-level body in the realm of life and death, he could not heal the wound.

"Damn it, what kind of power is this? It can't be driven away at all!"

Wei Lingcun said angrily.

"What a terrifying sword!"

Shen Tulin stared closely at Wei Lingcoff's wound and murmured: "When did the younger generation have such a terrifying monster, and we don't even know it yet?.."

Wei Lingcoff snorted coldly and said bitterly: "Who knew Are you a member of the younger generation? This time the Lord of Annihilation's tomb was revealed, many old monsters who were hiding behind the scenes came. Maybe it was an old monster who pretended to be a young man to hide his cultivation..."

It was already humiliating to be defeated by someone of his own generation, but to be defeated by someone of his own generation whose cultivation level was weaker than his own was something Wei Lingcun simply couldn't accept.

Shen Tulin shook his head and said:"Impossible, he doesn't have any trace of old age in him. I guess his age is definitely not more than fifty years old. He must be someone of the same generation as us, or even a generation younger than us.".."

"only..."

Shen Tulin frowned and said in confusion:"This kind of person will definitely not be unknown, why haven't we seen him?"

"Maybe it's the newly rising talent!"

Wei Lingcun snorted coldly.

"possible! Shen Tulin thought deeply:"

It is said that the fifth Holy Son of Wanchu Holy Land has entered the life and death list some time ago. Could it be him?" Shentu Lin quickly denied it himself,"It shouldn't be the case. The fifth Holy Son of Wanchu Holy Land only had the cultivation level of the second heaven of life and death realm a month ago. It is impossible for him to soar to the fifth level of life and death realm in just one month." , and he doesn't use a sword either!"

"Who could it be? sword repair...sword repair.."

"I see!"

Shen Tulin suddenly shouted in surprise:"Sword cultivator!" During the sect's product selection meeting two months ago, an extremely abnormal swordsman emerged from the sect's finalization conference, known as the number one swordsman among the younger generation!"

"who?!"

Wei Lingcoff asked subconsciously.

Shen Tulin's face was solemn and he said slowly:"The eldest son of the Hanhai Sect, Gu Shaoyang, the king of the three holy places, please kiss me... your title is Zhongtian Lieyang!"

"The blazing sun in the sky?!"

Wei Lingcoff's expression was shocked, and his eyes were filled with incredible expressions.

"Um. Shen Tulin said:"

It is said that the brilliance of his sword is as bright as the light of the sun and cannot be looked at." He once competed with the Fifth Holy Son of the Wanchu Holy Land in the Divine Sea Realm, overwhelming the opponent and becoming king in the Divine Sea Realm.

After entering the realm of life and death, he even got better. With his cultivation level of the third level of the realm of life and death, he defeated the third saint of Jiuyou Wanchu and Daoyan Holy Land respectively in the Ten Thousand Sect Disciple Competition. He ranked fifteenth on the life and death list.! Shentu

Lin let out a long sigh and said with emotion:"We are going to the sect's product selection conference, but you should remember that the third holy son of Daoyan Holy Land, Jiu Zhuozi, was defeated before and was ranked 19th on the life and death list.".."

"Jiuzongzi?!"

There was a flash of fear in Wei Lingcun's eyes, as if this name reminded him of some unpleasant experiences.

That was a very scary man with unfathomable strength.

"right. Shen

Tulin nodded and said,"Even Jiu Zhuozi was defeated by his sword, but he was defeated by him after crossing three realms." Think about how scary he is.."

Wei Lingcun took a deep breath and suddenly felt that the wounds on his chest and abdomen were somewhat legitimate.

"The reward for being number one in the Ten Thousand Sects is the Nine Netherworld Water and the Ten Thousand Holy Spirit Fruit. With these two things, it is reasonable for him to jump up two steps in cultivation and reach the fifth heaven of life and death.

This person has reached the third level of life and death. He was able to reach the fifteenth place on the life and death list. Now that he is in the fifth heaven, his strength may not be able to match those of the top ten..."

Wei Lingcoff remained silent.

He was deeply shocked by Shen Tulin's words.

Being ranked in the top thirty on the life and death list, he is also an extremely talented man who stepped on the shoulders of countless geniuses and monsters of the younger generation, but compared with the handsome young man who just wounded him with a sword.

He seems to be nothing.

A deep feeling of powerlessness arose in my heart.

Everyone can't help but sigh: How can there be such a monster and perverted person in the world?!

Those who can surpass the level of challenge are geniuses, and those who can overpower the geniuses of their peers are monsters.

And the one who can transcend the ranks and overpower the monsters of his generation is definitely the monster among monsters, the genius above the genius.

I can't even find the right words to describe it.

Wei Lingcoff and Shentu Lin sighed for a while, and suddenly the latter reacted suddenly, stared at Wei Lingcoff closely, and said loudly: "I almost forgot, we haven't settled the accounts before. Wei Lingcoff, weren't you proud just now? Also today? Take your life!"

·····Asking for flowers·0

Wei Lingcoff was shocked and angry, "Damn it, the longevity pill is not in my hands now, why are you so crazy? Go find that Gu Shaoyang if you can!"

"I don't care about you so much!"

"Bastard!"

The two of them were playing ping-pong-pong again....

Gu Shaoyang was in a good mood. After grabbing the fifty-year life-extending pill from Wei Lingcoff, he found several twenty-year and thirty-year life-extending pills.

There are also some heaven-level treasures and some heaven-level martial arts skills.

The martial arts found at this level began to change, becoming higher than water and fire, and turning into swordsmanship and swordsmanship with yin and yang attributes.

《Extreme Yin Slaying Soul Sword Technique》、《"Yanyang Golden Crow Sword Technique" and so on.

They are all martial arts that are not even found in the Brahma Holy Land and have been passed down to tens of thousands or even hundreds of thousands of years ago.....00

Gu Shaoyang glanced at them hurriedly and found that most of them had high-level intentions and had an ancient and wild aura, which was very beneficial to his swordsmanship.

The body turned into a stream of light and quickly shuttled through the hall.

Gu Shaoyang gained a lot, as if there were treasures everywhere, just for him to pick up.

Of course, only Gu Shaoyang felt this way, because no puppet could stop his sword, which could destroy everything.

If it were an ordinary warrior, even if he entered the most ordinary room, he would have to fight for a long time. How could he be so relaxed and casual like him.

Gu Shaoyang hurriedly searched through twenty rooms, no longer lingering, and continued deep into the third floor of the hall.

This floor is different from the past. There is only one passage, and there are many people standing there, seemingly blocked by something.

When Gu Shaoyang appeared, his cultivation level at the fifth level of the life and death realm was not conspicuous. These people just glanced at him casually and then looked away, all looking somewhere.

Gu Shaoyang walked over calmly and found that a young warrior from the seventh level of life and death was fighting with a puppet.

"This Yin-Yang puppet is so powerful. We are both in the sixth level of life and death, and I can't even block his ten moves!"

"The strange power of yin and yang is so powerful that even the seventh level of life and death can hardly resist it."

"How can we get past this thing? So far I have seen that those masters from the eighth or ninth level of the life and death realm can get through, and several giants in the top ten of the life and death rankings can also pass by easily, and everyone else is blocked."

"Xiaodaojun is ranked fourteenth on the life and death list. His swordsmanship is superb, so he should be able to get through it."

"It's hard to say...ten"

Chapter 342

Everyone was talking about the battle on the field.

Gu Shaoyang looked intently towards the field.

The puppet in the sixth level of life and death, except for its limbs and face, the rest of its body is covered with flesh and blood, and it actually emits waves of surging energy and blood.

The puppet was fighting against a young man with an arrogant face and a stern face.

Holding a long blue sword, his cultivation has reached the seventh level of the realm of life and death.

The young man's sword skills were unparalleled, as fierce as the northern wind. In just a few dozen breaths, Gu Shaoyang saw that he had used at least three different sword skills, and all three of them had reached the Great Perfection state, which was extremely monstrous..

This must be the "Small Knife Lord" that everyone calls the fourteenth on the life and death list.

But even though Xiao Daojun's attack was fierce and his sword skills were sharp, he still couldn't take down the puppet man for a long time.

Gu Shaoyang carefully observed the puppet's moves and found that he held a sword in each of his left and right hands, and each move was performed simultaneously with swordsmanship and swordsmanship.

The sword technique is blazing and majestic, while the sword moves are cold and vicious. The two powers are intertwined and mixed together, forming a strange force of yin and yang.

This force collided with Xiao Daojun's sword energy, and the sword energy suddenly collapsed in chaos. If 100% of the power was used, it would be considered good to have 50% of the power left.

So much so that although the puppet's strength is not strong, it gives Xiao Daojun a feeling that he has no way to start, and the more he fights, the more frustrated he becomes.

" 《Extreme Yin Slaying Spirit》 .. 《Yan Yang Golden Crow》 ? ! "

Gu Shaoyang vaguely felt that the knife skills and swordsmanship used by the puppet were somewhat familiar.

He has excellent understanding and has always had a photographic memory, and he quickly recognized that these were two of the sword skills he had found in the second floor of the hall.

Although these two martial arts are at the heaven level, they are not very advanced. I didn't expect that they could explode with such great power in the hands of the puppet.

"It is also a power of yin and yang attributes, but it is not similar to the yin and yang fusion sword spirit that I have learned. Instead, yin and yang are in harmony with each other, and yin and yang are in opposition. It is even more powerful than the fusion of yin and yang!.."

Gu Shaoyang stared at the battle between the puppet and Xiao Daojun, and the light in his eyes flashed, as if he saw something of great interest.

He got a lot of inspiration about the power of yin and yang from the puppet man's moves, which he had never thought of, and it was a completely different approach.

"Yes...Yin and Yang are inherently opposites. I always thought about the blending of Yin and Yang, but I never thought that the potential for these two forces to collide and align with each other would be even greater!"

Gu Shaoyang felt as if a new door had opened in front of him, and countless insights and inspirations burst out from his mind.

At this time, the battle between Xiao Daojun and the puppet was coming to an end.

"The sword devours the world!"

Xiao Daojun shouted loudly, and extremely strong sword energy suddenly erupted from his body.

A huge sword sword appeared in mid-air, with a powerful aura. A bright light flashed in Gu Shaoyang's eyes. It was a sword that merged three sword spirits.

It is not three kinds of great perfection. The sword spirit is perfectly fused, but the degree of fusion is more than 70%, making this sword more powerful than his Golden Killing Sword. The fusion degree of Jiu Zhuozi's six sword spirits does not exceed 10%, so the power is inferior to the two. The Golden Killing Sword is a perfect fusion of sword souls, and the Golden Killing Sword is

inferior to Xiao Daojun's 70% fusion of the three sword souls. The swords are rolling down, and the puppet's swords are crossed, but this time he is unable to resist it. , was directly crushed into blood mist and fragments by Dao Gang.

"Passed!"

There was a burst of exclamation from the sidelines.

"Little Sword Lord is indeed a Little Sword Lord. The three sword souls are fused. Even a warrior on the eighth level of the life and death realm may not be able to block the power of this sword!"

"This puppet is also a bit perverted. He actually fought against him for so long and even forced him to use his strongest sword."

"Hey, except for Mr. Xiao Dao, no one among us can pass. We can only stop at the third floor of the main hall..."

Mr. Xiao Dao stood up with his sword put away. Hearing the praises of everyone's swords, there was a hint of pride on his face.

He went to search among the fragments of the puppet's body, found a white crystal and took it in his hand.

At this time, another similar puppet appeared, but this puppet no longer blocked Xiao Daojun's path.

It seems that the white crystal stone is the certificate of passing the customs.

The newly appeared puppet looked at everyone on the field expressionlessly, waiting for the next challenger.

No one dared to step forward. Most of the people present were warriors at the fourth, fifth or sixth level of the realm of life and death. They saw with their own eyes that even Xiao Daojun had such difficulty in passing this level. Naturally, no one was confident enough to challenge him.

Mr. Xiao Dao twitched his lips and was about to leave. Suddenly, a figure slowly walked out of the crowd and appeared in front of the puppet.

It's Gu Shaoyang

"Um?!"

Everyone was shocked and a little surprised. When they saw Gu Shaoyang's cultivation level, they started talking about it.

"This person really doesn't know how high the sky is. He dares to challenge even the fifth level of the realm of life and death. He is afraid that he won't even be able to take one of the puppet's moves."

"Haha, there are always those people who think they are the protagonist and will not give up until they hit the wall. We are just waiting to see the joke."

"I'm afraid he doesn't know how terrifying the puppet is..."

Mr. Xiaodao also stopped, with a sarcastic smile on his lips, and stopped to watch with interest how Gu Shaoyang challenged.

Gu Shaoyang didn't pay any attention to the cynicism of the fans around him. He just put his hand on the hilt of his sword and looked at the puppet calmly.

Sensing Gu Shaoyang's challenge, the puppet man raised his swords in his hands and struck out with a yin and yang move.

Everyone was waiting to see Gu Shaoyang's joke, but the next moment they saw a brilliant sword light slashing out like a swimming dragon with the momentum to tear everything apart and cut everything.....

"A golden killing sword."

The extremely sharp sword light collided with the mutual force of yin and yang, annihilating each other, and it turned out to be a tie.

All the onlookers were shocked by Gu Shaoyang's sword.

Even Xiao Daojun's eyes showed some emotion. Shocked

"Such a domineering sword, it can actually fight a tie with a puppet who has crossed a realm!"

"With such fighting power, this person should be a proud figure on the life and death list. Why is he so unfamiliar?!"

"It's a pity that it's a tie with the puppet man, so what? The puppet man is a dead thing, and every move he makes is extremely stable, and there is no way to consume it."

Gu Shaoyang's eyes were extremely bright.

"I only used seven points of my strength to execute the golden sword strike just now. If I used all my strength, I could defeat this puppet within ten moves. However, if my idea is correct, within three moves..."

"This puppet will definitely be defeated!"

The next moment, the onlookers saw that the sword light in Gu Shaoyang's hand changed, turning into black and white, with a strong yin and yang meaning flowing on it.

Everyone shook their heads immediately

"Another person who wants to use yin and yang to break up yin and yang?"

"It's simply impossible. The power of yin and yang used by the puppet man is too weird, and it cannot be matched by the power of ordinary yin and yang fusion."

"This guy is strong in combat, but he is too proud and is destined to run into trouble."

There are many warriors who understand both Yin and Yang sword souls or sword souls at the same time. They have tried to use this to fight against the puppets before, but they all failed.

Now Gu Shaoyang strikes with another Yin and Yang sword soul, and everyone It was almost possible to foresee the scene where Gu Shaoyang was defeated.

But the next breath, the situation on the field was beyond everyone's expectation. The black and white colors flowing on the sword light that Gu Shaoyang slashed suddenly became brighter and became The differences are clear.

An aura similar to that of the puppet man emanates from his sword light.

"What I thought before was wrong, Langya Jade was wrong, they were all wrong... Why is the power of the fusion of Dzogchen Yin and Yang swords so different from the power of Jinsha Yijian, which is also just a fusion of two swords?"

Because the great power between yin and yang is not fusion, interaction, or complementarity... but is reflected in the hedging, mutual alignment, and reversal."

Gu Shaoyang's eyes widened, as bright as stars, and he shouted in his heart:"This move should be called...Yin Yang reverse blade!"

A terrifying sword light swept through the void, carrying a destructive momentum.

The puppets in the sixth level of the life and death realm were not even able to resist, so they were completely exploded by the sword light and turned into fragments all over the ground.

Everyone opened their eyes wide. Mouth closed, shocked...

Chapter 343

Xiao Daojun, who was in the seventh level of the realm of life and death, took a lot of effort to defeat this puppet, at least within twenty moves.

The young man in front of him, whose cultivation level is only at the fifth level of life and death realm, actually has two moves...Killed the puppet in two moves?!

This is too scary!

Moreover, the Yin Yang sword spirit contained in the sword he just killed the puppet man was very similar to the strange power exerted by the puppet man.

But more powerful and more terrifying!

Did this person already understand the power of yin and yang, or did he just learn it from the puppet?

If it is the latter, then his understanding is too terrible, right?...

Everyone was shocked, with their mouths wide open and unable to recover for a long time.

The words they had just mocked and despised Gu Shaoyang, now recalling them, were like slaps on their faces, causing burning pain.

Xiao Daojun also stared at Gu Shaoyang closely, his pupils narrowed.

He felt a great threat from Gu Shaoyang, which proved that the opponent's strength was definitely not lower than his own, and might even be higher.

But the opponent's cultivation level was two levels lower than his, which was simply unimaginable.

Gu Shaoyang picked out the customs clearance certificate from the puppet fragments with a nonchalant expression.

The power of the "Yin Yang Reverse Blade" he learned from the puppet was 15% more powerful than he imagined, and it was at least 30% more powerful than the Jinsha Yijian.

It's really an unexpected gain.

The Golden Killing Sword and the Yin-Yang Reversal Blade have suddenly become the two most commonly used ace sword moves in Gu Shaoyang's hands. They are both the perfect fusion of the power of the two Dzogchen swords.

As for Weiwo Kendo, Weiwo Kendo is the culmination of what Gu Shaoyang has learned all his life.

The deeper Gu Shaoyang understands the fusion of sword spirit and sword spirit, the more powerful his sword will be.

"Even Xiaodaojun, who is ranked fourteenth on the life and death list, has integrated more than 70% of the three Dzogchen swords, and this is not necessarily his full strength. One can imagine how terrifying those people ranked higher are...."

Although the power of the Golden Killing Sword and the Yin-Yang Reversal Blade are not bad, they do not have the absolute advantage of crushing them. I must integrate the third type of Dzogchen Sword Spirit as soon as possible to create a stronger sword... or use the third sword of Weiwo Kendo Three moves: The reincarnation of life and death must be fully understood..."

Gu Shaoyang secretly thought in his heart: "Fortunately, the Imperial Sword Soul has been fused with the Golden Sha sword. I think a sword that can surpass Jin Sha and the Yin Yang Reverse Blade will be born soon..."

Gu Shaoyang thought, and rushed towards the fourth floor of the hall without any hesitation, without even looking at anyone.

Looking at Gu Shaoyang's retreating back, someone suddenly exclaimed: "I remember, I know who this person is?!"

"who is it?"

Others hurriedly asked. The speaker said in a deep voice: "Gu Shaoyang, the number one among all sects, Zhongtian Lieyang, known as the number one swordsman among the younger generation!" Ranked fifteenth on the list of places of life and death!"

"It's him!"

"It turned out to be him?!"

Everyone looked shocked.

After the sect's product selection meeting, many people had heard of Gu Shaoyang's name.

Mr. Little Knife also looked alarmed. After thinking for a while, he quickly chased the figure away.

"Those who can pass the previous level must be at least the seventh level of the life and death realm, or the sixth level of the life and death realm heavenly warriors with extremely excellent combat capabilities..."

This also means that my skills will become stronger and stronger in the future!"

Gu Shaoyang was thinking in his mind, and in a blink of an eye he had reached the deeper hall. From a distance, he saw a small emerald tree swaying slightly a few hundred meters in front of him.

There was a peach-shaped spiritual fruit on the branch, with ten fruit on it. Dao gold pattern shines brightly

"A century-old longevity fruit!"

Gu Shaoyang felt happy in his heart and subconsciously flew towards the small tree quickly.

Suddenly, his soul detected a trace of fluctuation, and his face changed slightly.

The body that was originally galloping in the air suddenly changed direction and moved sideways to the left.

A dark blue streak The sword light flew past Gu Shaoyang's body, cutting off a corner of his robe, leaving a deep black crack in the void.

"Huh!"

There was a soft whine in the air.

Then a thin and tall figure appeared in front of Gu Shaoyang, holding a sword in his right hand. It was obvious that the sneak attack just now was made by him.

"It's interesting. A mere fifth-level person in the realm of life and death can actually break through the puppet level, and can he still dodge my sword?..."

The thin young man looked Gu Shaoyang up and down with great interest, inadvertently exuding a cultivation level belonging to the seventh level of life and death.

Gu Shaoyang had no expression on his face, looking at the Shouyuan fruit tree not far away, and said coldly: "You are going to use this trap to kill others?" The thin young man smiled and said: "Very smart, you are the third and only one The one who dodged the sword I just struck. There was an old immortal from the seventh heaven of life and death realm and an old immortal from the eighth realm of life and death in front of him..."

Gu Shaoyang's eyes turned cold, Qixing Longyuan let out a clear roar like a dragon's roar, and slashed at it with a fierce sword

"I don't care if you cheat and kill other people, but if you dare to mess with me, you really deserve to die!"

"Haha.. If your cultivation level is not high, your tone is not bad..."

There was a contemptuous and disdainful sneer on the face of the thin young man.

But the next moment, the sneer on his face quickly disappeared.

The pupils shrank, and a sharp sword light that tore through and cut everything was reflected in the eyes.

The thin young man hurriedly struck back with his sword. The two sword lights canceled each other out, but his body was involuntarily knocked back by the remnant of Jin Sha's sword.

It was difficult to stabilize his body, but he looked a bit embarrassed.

"How can it be? How could someone in the fifth level of the realm of life and death slash out such a powerful sword?!"

The young man's eyes showed a deep look of shock, and then he became cold again, and said in a cold voice: "So what if the two Dzogchen sword spirits are perfectly fused, you are looking for death!"

As he said that, the thin young man slashed at Gu Shaoyang with a sword.

The power of the three sword souls circulated endlessly on this sword, and the degree of integration was...More than 70%!

Gu Shaoyang narrowed his eyes slightly and took action again.

Black and white sword lights cross the void, and the chaotic and conflicting atmosphere fills the world.

"Yin Yang reverse blade!"

The black 300 white sword light collided with the thin young man's sword, defeating most of his power and disappearing.

Gu Shaoyang struck out with another sword.

"A golden killing sword!"

The unparalleled sharp sword light completely offset the sword strike of the thin young man.

The skinny young man looked slightly frightened. Before he could make another move, Gu Shaoyang had already struck out three more swords.

"My only sword!"

"Thunder and fire are unstoppable!"

"life and death...Reincarnation!"

The eyes of the thin young man suddenly opened wide, with an inexplicable look of horror on his face. All the previous disdain and contempt disappeared without a trace, leaving only deep shock and a trace of fear!

Damn it, What is the origin of this kid from the fifth level of the realm of life and death? He is so strong.

Each sword he uses is more domineering and powerful than the other, and each sword is more stunning than the last.

Let alone resisting, he can't even take action. There was no chance.

The entire space was enveloped by Gu Shaoyang's sword energy and murderous intent, and the huge pressure forced him to almost breathless.

People who don't know the situation may think that he was bullied by the seventh heaven of life and death. That fifth level of life and death!

The thin young man retreated crazily, and at the same time slashed sword rays one after another in his hand to resist Gu Shaoyang's violent attacks.

Seeing that there was no way to escape, the skinny young man showed a hint of despair on his face.

At this time, A figure flashed out from the door of the hall.

The thin young man saw the man's face clearly, his eyes suddenly burst with hope, and he couldn't help shouting loudly:"Little Knife Lord, save me!..."

Chapter 344

Xiao Daojun was attracted by the fierce fighting sound.

As soon as he appeared on the fourth floor of the hall, he saw a man shouting for help as if seeing a life-saving straw: "Little Knife Lord, save me!"

Little Knife Lord's body shook suddenly, and a bad feeling rose in his heart for no reason. a feeling of.

He recognized the identity of the man, ranked sixteenth on the life and death list - Soul-Destroying Sword Xiao Hunhe!

He is in the seventh level of life and death realm like him, and his strength is not inferior to that of many other talents on the life and death list.

Mr. Xiaodao had had contact with him several times. The two of them could not be said to be familiar with each other. They could only be described as acquaintances.

Xiao Daojun knows Xiao Hunhe's character. He is gloomy, ruthless, arrogant and bold. He is a hero-like figure among the younger generation.

He only does things that he is absolutely sure of, and he specializes in assassination. He believes in killing with one strike, and if he fails, he will flee thousands of miles away.

Just like a poisonous snake hiding in the dark, it is vicious, cunning and extremely difficult to deal with.

Moreover, this person is extremely arrogant. Who can push him to such a point that he even wipes his face to ask for help?

Could it be those giants at the top of the life and death list?

Or an old monster from the eighth or ninth heaven of life and death?

Xiaodao Junchao was pressing down so hard that Xiao Hunhe couldn't lift his head, and the embarrassed man stared intently.

When he saw the man's appearance clearly, Mr. Xiao Dao was stunned.

It's him?!

There was a look of shock and surprise in Xiao Daojun's eyes.

The blazing sun in the sky, Gu Shaoyang!

He was the one who broke through the third level of the puppet test with two swords before.

Isn't he only at the fifth level of the realm of life and death? How could Xiao Hunhe be beaten into such a miserable state?!

When Xiao Daojun was confused, Gu Shaoyang also noticed Xiao Daojun's appearance.

A chill as cold as a sword's edge shot out from his eyes, and he said slowly: "So there are still accomplices, and we should cooperate inside and outside?... Then let's die together!"

As he said that, Gu Shaoyang slashed out a majestic sword, Directly bring Mr. Xiao Dao into your attack range.

In the fifth heaven of life and death, one person fights against two great talents in the seventh heaven of life and death.

If an outsider saw this scene, they would be so shocked that their eyes would pop out.

When the sword came to his head, Xiao Daojun was shocked and angry. He was about to speak: "I'm not with him.".."

But then I thought about it and felt that this was too frustrating, as if I was not as good as Gu Shaoyang, so I swallowed the words hard and slashed out with a single blow.

They were in the fifth level of life and death realm, but they didn't take them seriously at all. This Gu Shaoyang must be a bit arrogant.

He must be taught a lesson.

With the addition of Mr. Xiaodao, Xiao Hunhe's pressure was greatly reduced and he finally had a chance to breathe.

Originally I just wanted to drag someone into the water so that I could escape far away, but now I gave up this idea and said with a big smile: "Xiao Daojun, fortunately you arrived in time. This kid is very fierce. Let's take him down together,

Xiaodao Jun." He glared at Xiao Hunhe fiercely and cursed him for being shameless in his heart.

But no matter what the reason, he had already taken action now, and it would be useless to say anything more. He might as well speak with his strength.

But as time goes by, Xiao Daojun gradually regretted it.

His joining gave Xiao Hunhe a chance to breathe, but it was just a chance to breathe.

Gu Shaoyang's sword was too powerful, like a strong wind and a stormy sea, one move after another, giving them a kind of a suffocating feeling.

He had seen Gu Shaoyang use two swords before. The two swords ended up being puppets.

Those two swords had already made Xiao Daojun extremely afraid, and Shaoyang only discovered it when he took his hand.

Gu Shaoyang had something more terrifying and more powerful than those two. Sword moves.

Each sword is faster than the other, and each sword is more stunning than the other.

For each sword, Xiao Daojun needs to work hard to resist, no less than fighting against a strong man in the eighth level of life and death.

He and Xiao Hun He and the two teamed up, but they could only draw a tie with Gu Shaoyang.

No one believed it!

You can imagine how terrifying Gu Shaoyang is!

Gu Shaoyang also felt a pressure. He had not felt this kind of pressure for a long time. The sense of oppression is approaching his limit.

Both Xiao Hunhe and Xiaodaojun are both evil geniuses who have integrated the understanding of the three Dzogchen Sword Souls (sword souls) to more than 70%. Their fighting power is extremely amazing.

Against anyone, Gu Shaoyang Both of them are absolutely sure to defeat him, but facing two people at the same time...

Gu Shaoyang is not strong enough.

"Unless the third form of the Solitary Kendo: the cycle of life and death is fully understood, or the three Dzogchen sword spirits are perfectly integrated..."

Gu Shaoyang's eyes flashed and his thoughts changed rapidly.

When he drew his sword, he saw that the field was filled with attribute bubbles of all sizes.

"Sword soul attribute\*348"

"Sword Soul Attribute \* 242"

These were all splashed out from their bodies when he and Xiao Sword Master Xiao Hunhe fought.

Gu Shaoyang swung one sword after another, firmly suppressing the two people's joint efforts, while flashing his body, absorbing the attribute bubbles in every corner of the field.

With the absorption of the attribute bubbles of the sword and soul, Gu Shaoyang suddenly had many new insights in his mind.

Some of these insights were useless to him, and some were of great benefit to him.

Yuanyuan Continuous inspiration prompted the imperial sword spirit in Gu Shaoyang's body to continuously merge into the two sword spirits of cutting gold and killing. The three sword spirits were rapidly integrated with the blessing of Gu Shaoyang's heaven-defying understanding.

"Money is the master of killing, killing is the master of killing. In the imperial way, there is also the idea of killing to stop killing...."

When an ordinary man is angry, blood will be splashed five steps; when the emperor is angry, blood will be shed for thousands of miles!

This sword, I understand!"

A strong light suddenly burst out from Gu Shaoyang's eyes, and his aura suddenly changed.

Xiao Daojun and Xiao Hunhe also felt that Gu Shaoyang's violent and fierce sword power suddenly stopped, but not only did they not feel at all relaxed, but a greater feeling of uneasiness arose in their hearts.

It was as if a big stone was weighing heavily on their hearts, making them unable to breathe.

The next moment, they saw a sudden surge of dignity, anger, and cruelty in Gu Shaoyang's body. Standing high above, he pointed at the terrifying aura of the world.

The slender and gorgeous Seven-Star Longyuan Sword suddenly unsheathed, seemingly slowly but actually quickly, drawing an extremely beautiful sword light in the void.

Xiao Daojun and Xiao Hunhe's eyes widened instantly.

There was a look of deep disbelief in their eyes.

Their expressions were as if they had seen a ghost. The two of them exclaimed at the same time: "Three Dzogchen sword spirits, perfect fusion! How can this be!"

At this moment, Gu Shaoyang is like a human emperor who lives in the Dragon Court, and like a swordsman who sacrifices his life and spills blood in five steps. The two contradictory temperaments converge in one person in an extremely harmonious manner.

And the sword he slashed was earth-shattering!

Xiao Daojun and Xiao Hunhe felt a strong sense of life and death crisis in their hearts at the same time.

There were horrified looks in their eyes.

With this sword strike, maybe something could happen....They will die!

Little Knife Lord roared (Wang Nuo's): "Exchange your life with a knife! Knife Escape!"

His face turned pale in an instant, and the long knife in his hand buzzed crazily.

Gu Shaoyang's sword light flashed across the two of them.

At the moment when the sword light passed by, the heaven-level sword in Xiao Daojun's hand snapped into two pieces, and he suddenly spurted out a mouthful of blood, looking as if his vitality had been wounded.

Xiao Hunhe screamed and flew away into the distance, but he didn't escape ten steps. His whole body was cut into two halves and he fell completely.

Xiao Daojun was completely stunned, as if he couldn't believe what was happening in front of him.

No. 16 on the life and death list, the soul-breaking sword Xiao Hunhe is as powerful as him...Did he just die like that?!

And he still fell into the hands of a person in the fifth level of life and death!

Who dares to believe it?!

Gu Shaoyang didn't even look at Xiao Daojun and Xiao Hunhe after he struck out with the sword.

All his mind was focused on the sword in his hand, his eyes were filled with strange light, and with a smile on his lips, he murmured: "With this sword, I can wipe out everyone in the enemy's country within ten steps of me!..."

Chapter 345

The power of the sword, which is the perfect fusion of the three perfect swords, far exceeds Gu Shaoyang's imagination.

It can almost cross two realms and instantly kill the existence of the seventh heaven of life and death.

If Mr. Xiaodao hadn't had a secret method to escape, I'm afraid he would have fallen to this sword like the Soul-Destroying Sword Xiao Hunhe.

When Gu Shaoyang's cold eyes slowly moved to Xiao Daojun, Xiao Daojun's liver and gallbladder were split.

I felt a chill rising from my tailbone and spreading all over my body in an instant. It felt like falling into an ice cellar.

"He and I are not the same group, I am not familiar with him!"

Xiao Daojun hurriedly blurted out.

After saying these words, I felt extremely aggrieved.

I am not familiar with him...

No matter how it sounds, it sounds like an excuse for survival. It is a disguised admission that I am afraid of Gu Shaoyang, and I am afraid of someone who is more cultivated than myself. There are people who are two levels lower.

But Mr. Xiaodao is really scared.

Moreover, he is really not familiar with Xiao Hunhe.

Mr. Xiaodao is full of grievance and anguish that is unspeakable.

If he had known that Xiao Daojun was When Hunhe asked for help from him, he should have walked away instead of wading into this muddy water.

Who knew Gu Shaoyang was so perverted.

Even Xiao Hunhe was killed by him.

He can be ranked on the life and death list, and he is at the top of the life and death list. There is no one in existence who is not a prodigy with great fortune.

It is ten times and a hundred times more difficult to kill them than to kill a person of the same level and the same strength.

But Xiao Hunhe still died in the hands of Gu Shaoyang, which proves that What?

It proves that Gu Shaoyang's luck and luck are ten times or even a hundred times stronger than Xiao Hunhe's.

The only person who can kill 437 monsters is a monster more monster than the monster.

Fortunately, Gu Shaoyang's cold murderous intention circulates in Xiao Daojun's body After a while, it gradually subsided.

Mr. Xiaodao breathed a long sigh of relief. The pressure Gu Shaoyang brought to him was too great. Standing in front of him was like facing those at the top of the life and death list.

Mr. Xiaodao saw Gu Shaoyang take off the centenary longevity Yuan Guo, and then left gracefully.

Xiao Daojun wanted to go deep into the hall, but he had just cast a life-saving secret method, and his vitality was severely injured. His strength was not even 30% of what it was at its peak, and there was a risk of falling at any time.

"Xiaohunhe, it's really not a pity to die!"

Secretly cursing the dead Xiao Hunhe, Xiao Daojun turned around and left without hesitation with regret.

Although opportunity is important, life is more important.

The fourth floor of the hall is full of dangers, and it is better to leave it to a vicious person like Gu Shaoyang. Bar

"I have now perfectly integrated the Imperial Sword, the Gold-cutting Sword and the Killing Sword, which are powerful enough to instantly kill a seventh-level heavenly warrior in the realm of life and death.

Next, it's time to consider integrating the fourth and fifth Dzogchen Sword Soul.

Destruction, or space..."

Gu Shaoyang's mind was racing as he flew by,"There is a way of saying that time is revered and space is king. As long as the power of time does not come out, space is the strongest force in the same realm.

However, the spatial sword will is strong if it is strong, but it is too much to comprehend. It's difficult and dull. Now I (bgdi) urgently need to improve my combat power. The fourth sword spirit is too suitable to choose the fusion of space sword spirit. In this case, it is definitely the destruction

sword spirit." The destruction sword spirit is the same as the killing, emperor's way, and cutting. The three types of gold have many things in common.

After all, the ultimate goal of all sword power is to destroy the enemy.

Gu Shaoyang easily integrated the Destruction Sword Intent into the three sword souls, but the integration progress was extremely slow.

"It's too slow to realize this out of thin air..."

Gu Shaoyang remembered that he had fought against Xiao Daojun and Xiao Hunhe alone before, and his inspiration burst out, and the progress of sword soul fusion also skyrocketed.

The light in his eyes flashed, "Only fighting is the method that can promote my understanding the fastest. Next, I will continue to look for opponents, let the pressure of fighting stimulate my potential to burst out, and quickly integrate the four swords!"

Gu Shaoyang made up his mind. His body shape is as sharp as the wind.

Only flickering figures could be seen one after another in the void, disappearing hundreds of miles away in the blink of an eye.

"Hahaha..."

Somewhere in the main hall, a tall young man with an arrogant figure stood in front of a small jade tree, looking at a fruit with twenty golden lines on the top of the tree with a smile.

"The 200-year-old longevity fruit looks like I'm pretty lucky..."

The tall young man was about to reach out and pick off the fruit. Suddenly, a white figure came out from the side and stabbed the tall young man with a sword.

"snort!"

The tall young man snorted coldly, clapped a palm to block the sword, and stepped back dozens of steps.

"Kang Fuyun! Oh it's you?"

A young man in white clothes with a handsome face appeared in front of the tall young man with a smile.

The young man in white clothes held a sword in his left hand and a white paper fan in his right hand. He looked a bit like a handsome young man in a troubled world.

"Lu Shangqian, this is my fruit, how dare you stretch your claws?"

A trace of anger flashed across the face of the tall young man, and then he chuckled, "I originally thought this fruit was easy and a bit too boring. You came just in time and asked me to punch you to death. This fruit must be It tastes more delicious too"

"Lu Shangqian, you are only seventeenth on the life and death list, but you dare to talk nonsense to me, who is ranked thirteenth?!"

"If the rankings on the life and death list were really that accurate, then there would be no need for everyone to fight over each other. The winner would be determined by comparing the rankings. Who is strong and who is weak, you still have to fight to know! Lu

Shangqian let out a long roar, and struck Kang Fuyun with a long fist.

This punch stirred up the storm, and it contained at least two variations of the Dzogchen fist.

Kang Fuyun stabbed out with his sword, and the sword was shining brightly, but was struck by the fist. It was easily broken by the force.

Lu Shangqian laughed and said: "Kang Fuyun, it turns out that you are also a person who fishes for fame. Does being thirteenth on the life and death list have so much strength?"

Kang Fuyun sneered disdainfully, and pointed out three fingers at the moment when the sword light shattered.

Each of these three fingers contains a kind of power of finger soul. When three fingers are combined into one finger, a fusion of the three perfect finger souls will appear. The terrifying aura suddenly flowed out.

It seems that the degree of fusion is more than 80%!

Lu Shangqian's expression changed drastically, and he exclaimed: "It turns out that you are not practicing swords, but fingering!"

Fingering is considered a partial skill in martial arts, and it is difficult to learn and master. But once it is practiced to perfection, it is many times more powerful than fists and feet. It is as sharp as a spear or a sword, and more agile than a spear or sword. It is unparalleled in its mystery.

Kang Fuyun Ranked thirteenth on the life and death list, he relies on this unparalleled fingering technique.

Lu Shangqian is inferior to Shang Kang Fuyun in strength, and is forced to retreat continuously. Seeing that he is not far from defeat, suddenly at this moment.

Sword training one after another The light penetrated in like a meteor from the sky, with a terrifying momentum that tore and cut everything. It shattered Kang Fuyun's finger and forced him to retreat hundreds of meters.

"who is it?! Kang

Fuyun was shocked and angry.

But Lu Shangqian was overjoyed and said loudly: "Which friend can help me?"

While breathing, a black-robed swordsman with unparalleled beauty and cold temperament appeared in front of the two of them. He was surrounded by fierce and unparalleled sword energy, and his momentum was astonishing. The mysterious-robed swordsman appeared on the scene, and without saying a word, he struck out with another sword. Cut out.

This sword was entangled with thunder and fire, like the thunder and lightning flashing in the dark sky, even worse than the previous sword.

Kang Fuyun resisted while shouting in confusion: "Who are you? I don't know you at all?!"

Lu Shangqian was also a little confused.

"This friend...huh?!"

Before he finished speaking, he saw that the Xuanpao swordsman also slashed at him with his sword and included him in the attack circle. The power of the Xuanpao swordsman's sword was like a violent wind and rain. Each sword was stronger than the other, and he could not stand for a moment. Pause.

Kang Fuyun and Lu Shangqian felt a suffocating pressure, but their hearts were full of confusion.

Who is this person?

"Where the hell are you from?!"

Lu Shangqian, who was struggling to hold on after being beaten by the sword light, finally couldn't help shouting.

But he only heard a cold and indifferent voice ringing in his ears.

"There is so much nonsense, just look at the sword. Within a short distance, everyone is wiped out!..."

The brilliant sword light illuminated the frightened faces of the two men....

Chapter 346

"Within ten steps, within a stone's throw, everyone is wiped out!"

The three Dzogchen sword spirits were perfectly integrated into one sword.

Kang Fuyun and Lu Shangqian were like frightened rabbits and almost jumped up.

"How can it be so strong?! Doesn't he only have the strength of the fifth level of life and death?!"

The two of them tried their best to resist. Fortunately, the Xuanpao swordsman didn't seem to want to kill them. This sword was not directed at them, and most of the power was struck in the air. Otherwise, would the two of them have been able to escape from this sword? It was still unknown whether he would survive.

After barely blocking the sword, the two saw the black-robed swordsman's brows frown slightly, and there seemed to be a trace of...disappointment in his eyes?!

"too weak.."

Gu Shaoyang thought to himself.

These two people should be among the top twenty geniuses on the life and death list. They are in the seventh heaven of life and death, but they can't stop his sword that perfectly integrates the three great perfection sword spirits.

He even had to let go a little to make the two of them persevere.

Fortunately, both of them also overflowed with many attribute bubbles during the battle.

"Refers to the soul attribute? This is not common."

Gu Shaoyang quickly absorbed the attribute bubbles on the field, and finally felt that the fusion speed of the Destruction Sword Intent and the three Great Perfection Sword Spirits in his body began to speed up.

However, he was still not satisfied with this speed.

Pressure.

I need more. Pressure!

Gu Shaoyang said to himself.

Just as Lu Shangqian and Kang Fuyun were struggling to support themselves under Gu Shaoyang, there was a sudden sound of breaking through the air in the distance.

A figure flew over quickly.

The person had a handsome appearance, unruly features, and a wolfish look. Gu Hu stared at him, exuding a powerful aura belonging to the seventh heaven of life and death.

"It's Xun Qiu who ranks twelfth on the life and death list!"

Lu Shangqian and Kang Fuyun recognized this man's identity.

Xun Qiu was obviously surprised when he saw the fight between the three people, and his eyes showed shock.

A fifth-level heavenly warrior in the life and death realm suppressed two life and death warriors. He had also fought against the seventh-level Heaven Realm, and he had also seen the other two. Among them, Kang Fuyun had fought against him, and his strength was only a little worse than him. Who is this person? He is so strong?!

When Xun Chou was in shock and doubt, but Kang Fuyun and Lu Shangqian were considering whether to ask Xun Chou for help.

Gu Shaoyang was too strong. He could fight the two of them alone and seemed to be at ease. The two of them were no match for him.

"Damn it, just be embarrassed if you're embarrassed, can being embarrassed be important to your life?!"

Lu Shangqian gritted his teeth and was about to say something casually. Even if Xun Qiu couldn't make a move, it would be good to distract Gu Shaoyang so that he could have a chance to leave the battle group.

But at this moment, he saw Gu Shaoyang pointing the long sword in his hand. The sword was like a dragon, slashing towards Xun Chou.

Xun Chou shouted angrily and was forced to resist.

What?!

Lu Shangqian and Kang Fuyun were shocked.

Gu Shaoyang actually... actually took the initiative to draw Xun Chou into the battle group!

He thought Want to fight three of them alone, three top twenty masters on the life and death list?!

Are you crazy?!

Gu Shaoyang instantly felt the pressure increase, but a smile appeared on the corner of his mouth.

Only such a battle can make him feel the pressure.

Two seventh-level realms of life and death and three seventh-level realms of life are two completely different concepts.

Gu Shaoyang became in danger in an instant, and his body was almost attacked

"This guy is so arrogant! His horse can't hold on anymore, let's work together to take it down! Lu

Shangqian was overjoyed and shouted loudly.

Xun Qiu snorted coldly and said angrily: I can subdue him by myself, even though he is in the fifth level of life and death realm!"

"you.."

Lu Shangqian choked and was very angry, but soon sneered again.

"You rock! If you are great, let me go alone!"

He simply stopped temporarily.

"Heavenly Demon Fist: Wolf Soul!"

Xun Qiu shouted loudly and punched out. Large swaths of thick black mist erupted from his body, faintly outlining the outline of an ancient demon wolf. With this punch, a strong man in the sixth level of life and death would be beaten to death.!

But Gu Shaoyang had no expression on his face and slashed out with a cold sword

"Within ten steps, within a stone's throw, everyone is wiped out!"

The unrivaled sword light spread across the void, and the shadow of the ancient demon wolf was directly destroyed by the sword.

Xun Qiu exclaimed, stepped back suddenly, and finally stabilized his body, his face was full of shock

"Why is he so ridiculously strong?!"

"Ha ha..."

Lu Shangqian laughed at the side and said mockingly:"You deserve it!"

Xun Chou was furious and was about to hit Lu Shangqian, but at this time another sword light struck him, forcing him to defend himself.

"Don't make any mistake, you have only one opponent, and that's me!"

A cold voice sounded in the ears of the three of them. It was calm and indifferent, but it revealed an incomparable arrogance.

Xun Qiu Kang Fuyun and Lu Shangqian had to join forces to fight against Gu Shaoyang.

All three of them are first-rate. Tianjiao, whose combat power is several times higher than those of the same realm. Gu Shaoyang straddles two realms and fights against many enemies. He is like a small boat in the stormy sea, with the possibility of capsizing at any time.

But as Gu Shaoyang continues to absorb The various swords and fists on the field refer to the soul attributes, and the inspiration in his mind erupts like a volcano, with an endless stream. The fusion speed of the four swords and souls is getting faster and faster.

……Asking for flowers……

Gu Shaoyang's figure gradually stabilized, turning from a small boat into a rock in the sea, and then from the rock in the sea into... an ancient beast that could overturn the entire ocean!

"Damn it, why is he getting stronger and stronger!"

The more Xun Qiu and the others fought, the more frightened and shocked they became.

At the beginning, the three of them fought with Gu Shaoyang, forcing him to almost get injured several times. As time went by, the cooperation between the three of them also changed from raw to tacit understanding. It stands to reason that It is said that the power of the three of them will be stronger together, but the balance of victory is gradually tilting towards Gu Shaoyang.

"It's his rate of progress! He's progressing so fast!"

"He learned new powers while fighting us! The sword light will become more and more powerful!"

"It's just...a monster!"

The three of them figured this out with horror on their faces.

Progress in battle is not a big deal for them.

0.....

They are the most talented people among tens of millions of people. It is common for them to understand battles and make breakthroughs in battle.

But...

They had never seen a monster like Gu Shaoyang who made such rapid progress in battle, to the point of shocking the world.

Gu Shaoyang is like a heaven-level treasure spring. No matter how much pressure they put on Gu Shaoyang, Gu Shaoyang can withstand it and counterattack with their greater power! fear!

For the first time, the three of them felt almost afraid of a person of their own generation.

"Within a short distance, everyone is wiped out!"

"All the people are in the enemy's country!"

"..."

Gu Shaoyang kept drawing out his sword, each one stronger than the other. Every time the sword struck, the void was like water, causing thousands of ripples, and the vitality was stirred up like a pot of porridge.

The entire space was filled with Gu Shaoyang's sword energy, and Xun Qiu and the others were like three fish trapped in a mire, unable to move.

Gu Shaoyang's eyes became brighter and brighter.

The four sword souls in his body merged at an incredible speed.

Fusion 30%...

Fusion 50%...

Fusion 70%...

From a distance, two young warriors with strong aura and good temperament flew over.

Suddenly, they felt a violent vibration of vitality coming from the front.

The eyes of both of them moved.

"There are at least three strong men from the seventh level of the realm of life and death fighting!"

"Can cause so many strong people to fight...Could it be.."

There was a hint of surprise on both of their faces, and they both read a message in each other's eyes: An extremely precious treasure has appeared!

"Haha, Brother Lu, since we have caught up with him, he might want to intervene!"

"That's what I meant!"

The two young men smiled and quickly approached in that direction. With...

Chapter 347

The two people quickly arrived and quickly scanned the area. Four powerful people in the life and death realm were fighting together.

One of them looked around, and finally his eyes fell on a small jade tree.

"Strange, why can't I see the treasure? The man frowned and said to himself in confusion:"Is it just for a two-hundred-year-old longevity fruit?!"

Although the two-hundred-year-old longevity fruit is precious, it won't cause four strong people from the seventh heaven of life and death to fight.

If you have this time, it's better to search in a few more places to find a few more longevity fruits of different years.

"Brother Lu.."

The man suddenly heard his companion calling him, turned his head hurriedly, and asked:"Did you find the treasure that caused their fight?"

"no.."

The man shook his head, his eyes looking in one direction, and his expression was indescribably weird, as if he had seen something that puzzled him and found it incredible.

"Brother Lu, look at that.."

The young man named Lu subconsciously followed the gaze of his companion"083" and looked in the direction of the battle group.

The young man surnamed Lu didn't pay attention at first, but now he took a few breaths and suddenly realized something was wrong.

"That..that person.."

The young man named Lu's eyes widened little by little, and he couldn't believe what he saw, and said in surprise:"That person only has the cultivation level of the fifth level of life and death?!"

"right!"

His companion murmured and continued:"Besides, haven't you noticed that these four people are not fighting in a melee?...Rather.."

He swallowed hard and said with difficulty:"It was the other three people from the Seventh Heaven Realm of Life and Death who joined forces to beat him!"

"Lu Shangqian ranked 17th on the life and death list, Kang Fuyun ranked 13th on the life and death list, Xun Qiu ranked 12th on the life and death list...They are all top twenty talented people on the life and death list! The strength ranking is even higher than that of you and me!"

The expressions of the two men were severely shaken. Their expressions looked as if they had eaten something. Their mouths were wide open and they could not close their mouths.

They stared at the battle group for a long time, and the more they looked, the more frightened they became.

"The three of them, Xun Qiu, were still at a disadvantage?!"

"The three of them didn't seem to be fighting this young man at all, but they were repeatedly forced back by the sword light and couldn't escape!"

"This man... is trying to get Xunqiu and the other three to be his sparring partners!"

The expressions of the two young men surnamed Lu were as if they had seen a ghost, and they were filled with shock beyond words.

They took three prodigies from the seventh heaven of life and death realm as sparring partners, and the latter looked like they were struggling to support themselves..Are you crazy?!

If you hadn't seen it with your own eyes, you wouldn't have believed it even if you beat them to death!

At this moment, the mysterious robed swordsman in the fifth level of life and death realm laughed loudly and suddenly slashed out a sword.

The two of them His pupils shrank suddenly.

It is impossible to describe the brilliance of this sword.

When this sword was slashed out, it seemed that the entire world was occupied by this sword.

A terrifying aura that tore the world apart and shocked the world came from the sword light. Even though they were not facing this sword directly, the two of them were terrified when they saw it. There was only one thought left in their minds: What kind of sword is this?! If I fight against it, I will definitely die!

"The perfect fusion of the four Dzogchen sword spirits?!"

There was a horrified scream in the battle group.

When the two saw this sword, the Xun people fled in all directions like ants facing a savage beast without hesitation.

But no matter how they ran, they could not escape. The coverage area of this sword.

Like a mighty sword, the eyes of the three people showed a deep look of despair.

The feeling of powerlessness flowed through their hearts like ice water.

Are they going to die?

The three of Xunqiu did not expect it. He actually fell in this way. The three of them joined forces and died in the hands of a person who was two realms lower than himself.

They were aggrieved and unwilling... but helpless.

Who let them encounter such a person who didn't know where? The peerless monster that emerged!

Just as the three of them were waiting for death behind closed doors, this extremely terrifying sword turned into a spring breeze, and the sword force in the sky dissipated without a trace in a few breaths.

Ugh....

Everyone was stunned.

How is this going?

Not to kill them?!

Gu Shaoyang seemed to be in a very good mood. He casually put the Qixing Longyuan sword into its sheath. Looking down from a high position, his indifferent eyes swept over the three of them and said coldly: "Let's go."

The two young men named Lu who were watching were widened again. Mouth: Damn, you really treat three people as sparring partners?! If you want to fight, fight them; if you don't want to fight, let them go!

But they saw Gu Shaoyang's cold eyes glancing towards the two of them, seemingly absent-mindedly.

The two of them felt a sudden jolt in their hearts and were startled.

In an instant, he was like a frightened bird, ready to escape at any time.

They don't want to be dragged into being sparring partners like Xun Qiu and the other three.

Xun Qiu and the other three looked complicated and aggrieved, but they couldn't say a single harsh word.

There is no way, the skills are not as good as others.

Moreover, they had a fight with Gu Shaoyang and witnessed his terrifying speed in a short period of time. The three of them were convinced that they had lost.

Xun Chou was almost filled with regret. Why did he come here just now? It would be impossible for the three of them to fight?!

Kang Fuyun's intestines were about to turn green. Why did he insist on snatching the longevity fruit that Lu Shangqian discovered first? Couldn't he just let him pick it?!

Lu Shangqian's gut was about to turn green. How could he be so lucky to be sprayed with this 200-year-old longevity fruit? If he had known it, he would have pretended not to see it!

The four Dzogchen sword spirits are perfectly integrated, and fighting is indeed the fastest way to practice.....

Of course, you must have Gu Shaoyang's ability to continuously extract and absorb attributes. Otherwise, there will be no potential, only pressure, and you will only be crushed to death by pressure.

"This sword combines the Destruction Sword Intent, the Imperial Sword Intent, the Gold-cutting Sword Intent, and the Killing Sword Intent. It was promoted from the fact that all enemies were wiped out within a short distance. It might as well be called... the Emperor's Shocking World Sword!"

Gu Shaoyang has given this sword a name in his mind.

By creating the Emperor Jingshi Sword, he can truly have the confidence to compete with the top geniuses and old monsters in the eighth or even ninth heaven of life and death.

Now that the goal has been achieved, Gu Shaoyang was too lazy to pay attention to Xun Qiu and others. He turned around and picked off the two-hundred-year-old longevity fruit, and was about to leave.

Suddenly, Gu Shaoyang felt a throbbing coming from his body, and his cultivation level quietly broke through to the sixth level of life and death. Chongtian.

Before Gu Shaoyang could be surprised, an extremely turbulent death energy erupted from his body.

Death disaster coming?!

Gu Shaoyang was shocked.

Yes, the death energy he had absorbed before almost reached the limit and entered the Bronze Hall. After that, there were successive battles, and the vitality was consumed and the death energy grew, finally reaching the critical point. The death calamity of the sixth level of the life and death realm broke out!

A steady stream of death energy emerged from the thousands of pores of Gu Shaoyang's limbs and bones, converging into Thick black clouds shrouded him.

Xun 5.3 Qiu Kang, Fuyun and others, as well as the young man named Lu, witnessed this scene with their own eyes and were stunned.

This is... the death disaster of the sixth level of life and death?!

How many people I was shocked.

One second, Gu Shaoyang was still at the fifth level of the life and death realm, and the next second he broke through.

Forget it, the key is that he ushered in the death disaster as soon as he broke through!

This promotion speed is too fast.

Tight. Then, they saw the death energy on Gu Shaoyang's body that was as thick as a dense cloud. Their pupils shrank one by one, and they couldn't help but exclaim.

"Such terrifying death energy has condensed into substance. Is this really a death disaster at the sixth level of life and death? More terrifying than the death disaster in the eighth heaven of life and death!"

"The ferocity of a person's death calamity is also a reflection of a person's potential. The ferocity of this person's death calamity is the only one I have seen in my life. How profound is his background!"

"Alas, no matter how profound it is, it's useless. Such a terrifying death disaster, and it was still in the Sea of Nirvana, he would definitely perish!"

Chapter 348

Waves of death energy surged out of Gu Shaoyang like a volcanic eruption, forming a black cloud. In just a few breaths, the entire space was shrouded in black clouds.

Xun Qiu and others felt cold and cold all over their bodies. One can imagine how terrifying this death disaster was.

And the source of this horrific death disaster is Gu Shaoyang

"His accumulation was so profound that as soon as he broke through, he would be met with a death calamity, which was also unprecedentedly fierce!"

Kang Fuyun looked at Gu Shaoyang, who was completely submerged in the black cloud of death, and said with emotion.

Xun Qiu sneered, "A person who is too evil can easily be jealous of heaven. This person can defeat us with his cultivation level in the fifth level of life and death. If the three of them join forces, won't they be able to become king in the realm of life and death when he reaches the ninth level of the realm of life and death in the future?"

Although the top three people on the life and death list are powerful, so far, no one has shown signs of becoming the king in the life and death realm.

This person has it, so he will definitely not survive the ninth level of life and death, and God will let him die!"

Kang Fuyun, Lu Shangqian, the young man named Lu and others looked shocked.

Xun Qiu was right. Gu Shaoyang has shown invincibility in the life and death realm for the past 17 years so far. This is the top talent and the emperor's appointment among the top few on the life and death list. What no king has ever had

"But no matter how powerful he is, it's useless. The path of sword cultivation in Zhongtian Domain is cut off, and he will never be able to advance to the King Realm. and.."

Xun Qiu sneered and said:"He is going to die soon."

At this time, Gu Shaoyang's body was completely covered by the black cloud of death, and not a trace was visible.

The black cloud of death energy completely enveloped that space, and the atmosphere of decay, dilapidation, and deathly silence spread, like a dead zone.

Even the Shouyuan fruit tree that Gu Shaoyang had picked before quickly withered and died under the erosion of this dead energy.

"It is impossible for any living creature to survive in this kind of death aura, not even a strong person in the life and death realm! If you stay there for at most one stick of incense, you will be eroded by the death energy and die."

"It's a pity. If he hadn't died, he would have had a chance to compete with those others..."

Kang Fuyun and the others sighed, looking in the direction of Gu Shaoyang with expressions of regret.

Suddenly, someone's eyes flashed and he couldn't help but exclaimed:"No, there seems to be a change.." "

Several people looked intently.

Sure enough, I saw Gu Shaoyang where he was just now.

The death energy in that area surged rapidly like boiling. A vortex seemed to appear in the center of the death energy, and the black clouds of death energy all over the space involuntarily converged towards the vortex.

It's as if there is an invisible big mouth in the void swallowing up these dead energies.

"He...is he still alive?!"

Everyone was shocked and inexplicable.

The death energy dissipated very quickly. In just half the time of burning the incense, most of the black clouds in the void had disappeared.

In the center of the death energy, a slender and tall figure was faintly revealed.

It was like a cold figure. The moon pierced the dark clouds, and the scorching sun dispelled the haze.

The last trace of death energy shrank back into Shaoyang's body, and a vigorous vitality that was more than twice as fierce as the death energy just erupted suddenly.

"boom!"

A stream of energy smoke that was ten feet thick and a thousand feet long rose up from Gu Sheng.

Everyone could hear the sound of the energy and blood in Gu Shaoyang's body rushing like the Yangtze River.

Gu Shaoyang's whole body was like an oven sun, so blazing that people couldn't stand it. Dare to stare.

Gu Shaoyang stood there quietly, as if he had been standing here since ancient times.

The death disaster that had everyone guessing, surprising, and sighing before was passed casually like a trivial matter.

An aura emanated from Gu Shaoyang, making everyone feel heavy in their hearts, feeling a suffocating pressure.

The realm of life and death, the seventh heaven!

"Hiss.."

Everyone gasped.

The feeling Gu Shaoyang gave them was too terrifying.

When he was in the fifth level of the life and death realm, none of the three of them could be his match. Now that Gu Shaoyang has jumped up two levels in one breath, what level of strength should he reach?

I'm afraid the five of them bundled together can't resist Gu Shaoyang's casual sword, right?!

Xun Qiu had an expression of disbelief on his face and murmured:"Impossible! Even those in the eighth level of life and death would fall into such a terrifying death disaster. How did he survive it?.."

And it was so relaxing, and it didn't take more than one stick of incense before and after.

After successfully breaking through, Gu Shaoyang showed no signs of weakness, and the terrifying death disaster did not cause any hidden damage to his body.

Xun Qiu had never seen someone survive the calamity of death as casually as eating and drinking, but he saw it now.

Gu Shaoyang is such a person!

Gu Shaoyang's eyes fell coldly on Xun Chou, like two peerless fierce swords.

Xun Qiu's body shook violently, his eyes showed a hint of terror, and he turned around and ran away without hesitation.

Gu Shaoyang had no expression on his face and slashed out with his sword.

The sword light extended for dozens of miles, and one sword cut Xun Qiu in half from a hundred miles away.

"It's not a pity to die as a clown!"

Gu Shaoyang said coldly.

He spared Xun Chou's life because he was in a good mood, but Xun Chou's malicious speculation and gloating about his misfortune when he was about to survive was undoubtedly an act of seeking death.

Kang Fuyun and others' hearts trembled when they saw this scene.

Xun Qiu, who was ranked twelfth on the life and death list and on the seventh level of the life and death realm, fell like this?!

Under Gu Shaoyang's understatement of his sword?!

Everyone could hardly believe that everything they saw before them was real.

Yuan Lituo The body, the further the distance extends, the more the power is reduced, and it is good to lose even one out of ten.

Gu Shaoyang can kill Xun Qiu, who is in the seventh heaven of life 910 death realm, with one sword from a hundred miles away. How strong is he? Horrible?

How condensed is the sword light of that sword?

It is unimaginable!

Everyone was so shocked that they opened their mouths and were stunned for a long time.

When Gu Shaoyang's eyes moved to them, several people suddenly felt like they were here. The enemy showed uncontrollable fear in his eyes.

If Gu Shaoyang wanted to kill him, almost no one in the room would be able to escape.

But fortunately, Gu Shaoyang didn't seem to have such thoughts.

Moreover, at this moment , in the distance, a powerful wave of vitality came over, causing the void to shake slightly.

"This fluctuation...is the battle between the strong men from the ninth level of life and death!"

"What happened?"

"Go check it out!"

Everyone exclaimed. Even so, no one dared to move.

Everyone looked at Gu Shaoyang. Gu Shaoyang was silent. Even taking a breath felt like a huge challenge to them.

Gu Shaoyang turned to look at the Wave Wave. The direction he came from was located deeper in the hall.

There was a faint flame igniting in his eyes. A smile appeared at the corner of Gu Shaoyang's mouth, and his figure disappeared in a flash.

When Gu Shaoyang's figure disappeared completely, Kang Fuyun and others breathed a sigh of relief. , if they are granted amnesty, they will also follow closely...

## Chapter 349

Gu Shaoyang flew through the air, quickly passed through the fourth floor of the hall, and arrived at the fifth floor of the Bronze Hall.

The seventh heaven of life and death.

What Gu Shaoyang brought to him was that his body had been transformed and strengthened twice, and his physical strength more than doubled again, reaching a terrifying strength of 70,000 kilograms.

Gu Shaoyang felt that with every move he made, the void could not bear it, as if it would burst apart at any time.

The fusion degree of the power of thunder and fire in the body has reached 50%.

The power of the immortal body is fully mediating, but there is still a faint trend of imbalance.

"It seems that before reaching the harmony of thunder and fire, my cultivation level cannot be easily broken through..."

Gu Shaoyang thought in his mind.

In the seventh heaven of the realm of life and death, his body soared, his energy soared, and Gu Shaoyang's overall strength increased more than ten times.

Otherwise, I would not be able to kill Xun Qiu, who is ranked twelfth on the life and death list, with just one sword.

"I don't know how strong the characters at the top of the life and death list are. They are all at the ninth level of the life and death realm, or even half a step into the king realm. If I faced them now, what are my chances of winning?"

This is why Gu Shaoyang quickly rushed to the depths of the fifth floor of the Bronze Hall, where there was a fight between beings from the ninth level of the realm of life and death.

He could just go and observe.

Gu Shaoyang took out a high-grade spirit storage ring while flying away.

Crush it and extract the attributes.

It seems that silver-white light is absorbed into Gu Shaoyang's body.

Space attributes

"After the perfect fusion of the four Dzogchen Sword Spirits, the fusion of the fifth Space Sword Spirit should also be put on the agenda....The power of space is mysterious and difficult. The fusion of this fifth sword spirit is so difficult to even get started..."

Gu Shaoyang shook his head, sighed, and took out another high-grade spirit storage ring to absorb it.

If others saw it, they would be stunned.

In the large Qingyun Sect in the Southern Territory, there are only two or three high-grade spiritual storage rings, and only the sect leader and elders are qualified to use them.

However, Gu Shaoyang took this extremely precious high-grade spiritual storage ring as a pill, which was a waste of natural resources.

Only Gu Shaoyang could afford to squander it.

Gu Shaoyang quickly rushed to the place where the fluctuation of Yuanli came from.

This is the entrance from the fifth floor of the main hall to the sixth floor of the main hall. There are thousands of steps and a stone platform on the steps.

Gu Shaoyang's pupils suddenly shrank.

He saw an ancient jade tree growing on the stone platform surrounded by several people. The ancient tree was covered with golden fruits. longevity fruit!

Moreover, they are all longevity fruits that are more than 500 years old. There are no fewer than twenty fruits in one glance, and the skin of three of them has turned purple from gold, showing a light purple-gold color.

The ten purple-gold lines on it are like dragons clinging to them. They are the longevity fruits that are thousands of years old!

Even the king-level experts would probably fight for the thousand-year-old longevity fruit.

At this time, two strong men from the ninth level of the realm of life and death were fighting for the head.

A person with black demonic aura and wolf smoke billowing from his body has a weathered appearance and gray hair. He is a figure like a demonic hero.

The other person was completely opposite, surrounded by golden divine light, as dazzling as a god in the world.

Both of them were empty-handed, but the fight caused the void to tremble endlessly, large black cracks collapsed, and invisible fluctuations spread thousands of miles away.

The void itself cannot heal as fast as it can collapse.

With every movement of their hands, the two of them could erupt with power that could easily tear apart the eighth level of life.

This is a confrontation between the veteran Nine Heavenly Realm of Life and Death Realm and the younger generation of Life and Death Realm giants!

Gu Shaoyang's eyes were blazing with fire, and he had the urge to step forward and start a fight between the two.

He had made a breakthrough in cultivation, but he was not sure where his current strength limit was and wanted to find someone to verify it.

The two people in front of him are undoubtedly the best partners.

However... right now, the primary goal is to seize the longevity fruit first.

Gu Shaoyang was about to fly directly towards the platform, but found that someone was already faster than him.

The news of the fierce fight between two powerful people from the ninth level of the life and death realm had already attracted many powerful people.

The seventh heaven of life and death realm, the eighth heaven of life and death realm... There are even several auras of the ninth realm of life and death realm that are not inferior to the two in the fierce battle, and they are rushing towards here.

There were two warriors at the eighth level of the life and death realm who were one step ahead of Gu Shaoyang and rushed towards the platform first.

Gu Shaoyang was not in a hurry, he knew that the two powerful men in the ninth level of life and death realm would definitely stop him.

But unexpectedly, the two of them were still fighting passionately. They had no intention of stopping others from going up the mountain. Instead, there was a trace of sarcastic sneer on their faces.

"ah! How is this going?!"

"Why can't I fly here?!"

Two exclamations sounded one after another.

When Gu Shaoyang saw two strong men from the eighth level of life and death flying to the stone steps leading to the platform, they suddenly fell down like two big birds with broken wings, and fell heavily on the steps..

There was a look of uncertainty and discomfort on his face, and he seemed to be under great pressure. Is there anything weird?

Forbidden sky realm?!

Gu Shaoyang's face condensed, and his thoughts were racing.

No wonder the two powerful men in the ninth level of life and death were not worried at all. There is a possibility of being boarded first.

It seems that they have tried to board the platform a long time ago and already know the weirdness of the steps.

At this time, strong men who heard the news from all directions have already arrived.

Three people from the ninth level of life and death, six There are many warriors from the eighth level of life and death, and there are also warriors from the seventh level of life and death. Kang Fuyun and others are among them.

Gu Shaoyang's eyes first focus on three strong men from the ninth level of life and death.

Two veteran ninth-level powerhouses of life and death, and one He has a young appearance and is the pride of the younger generation.

There are also two young strong men among the strong men in the eighth and ninth heavens of the life and death realm.

In short, among the eighth and ninth heavens of the life and death realm, there are mostly veteran strong men, while in the seventh heaven of the life and death realm, most of them are A strong man from the younger generation

".The second holy son of Wanchu Holy Land, the second holy son of Daoyan Holy Land, the first holy son of Lingxin Holy Land...Let me go, four of the top ten existences on the life and death list are now here!"

"These monsters are extremely talented, and their fighting power is much higher than that of the veteran warriors from the eighth or ninth heaven of the realm of life and death. It's going to be a battle between dragons and tigers!"

"These old guys dare to break into the tomb of Nirvana Lord, obviously their longevity is approaching, and now that the thousand-year longevity fruit is in sight, they might be desperate!"

"Let's wait and see first...."

Gu Shaoyang heard everyone talking and remained silent.

Although he has been promoted to the seventh level of the realm of life and death, his cultivation is mediocre in the current scene, and no one will notice that he is strong.

Only Kang Fuyun and others looked at him from time to time, with a hint of fear.

They are the ones who truly understand Gu Shaoyang's combat prowess. They know that he has the strength to compete with those in the top ten on the life and death list. After this, he will definitely become a blockbuster.

"Haha, if I don't fight, I won't fight. My old bones can't withstand the torment of young people like you..."

Suddenly a long laugh sounded in the sky, and the old monster who looked like a demonic lord smiled and slapped away the young man who was fighting with him, and both of them stopped.

"It's the old monster with a demon heart! A long-established and powerful person in the realm of life and death! Unexpectedly, he was promoted to the ninth level of the realm of life and death!"

"He has lived for nearly eight hundred years.."

While everyone was talking, Old Monster Demon Heart scanned the audience and said, "Everyone, the fifth level trial is right in front of you. For the Thousand-Year Life Fruit, everyone should rely on their abilities..."

The eyes of many strong men on the field suddenly became fiery, and they all looked towards the stone steps....

## Chapter 350

The Shouyuan fruit tree is full of fruits, affecting the hearts of all the warriors on the field.

It is also because there are many longevity fruits. If on average more than 70% of the people in the field can get one, otherwise the situation on the field will not maintain temporary peace, and it will long fall into a melee, and people's brains will be turned into dog brains.

"It seems that the top five on the life and death list and those at the top of the younger generation pyramid are preparing to attack the King Realm. There is invisible competition, and they are also absolutely sure that they can advance to the King Realm. There is no shortage of various resources, so they did not show up..."

Gu Shaoyang thought in his mind and thought to himself: "That's good. Let's feel the strength of the second step first and see where I rank on the life and death list now?"

All the warriors walked up the stone steps.

Taking the lead are a few strong men from the ninth level of the realm of life and death.

Gu Shaoyang quietly blended into the crowd and stepped onto the stone steps.

"call!"

A huge pressure suddenly rolled down and fell on Gu Shaoyang.

Gu Shaoyang's physical strength was comparable to that of ancient ferocious beasts. After a little adaptation, he could walk as usual.

However, his face remained calm, pretending to be like other people in the life and death realm. The Seventh Heaven is generally slow and difficult. If you expose your strength too early, you will lose the advantage of surprise.

Gu Shaoyang originally thought that the pressure on the stone steps would increase step by step to achieve the purpose of screening.

But he found that 070 he had thought wrong, and the pressure had been there since the beginning. Nothing has changed in the end. They are stuck at the limit of the eighth level of the life and death realm. The average warrior of the seventh level of the life and death realm may not be able to bear it.

But most of the seventh level warriors of the life and death realm in the field are talented people on the life and death list, and almost all of them can hold on. Got it

"The third level is screening for the sixth heaven of life and death, and the fifth level is screening for the seventh level of life and death. Is it possible that the standard will be raised by one level every two levels in the back of the hall?.."

Gu Shaoyang thought in his mind that at this time, those warriors from the eighth and ninth realms of life and death were almost on the platform.

Many people suddenly became commotion.

The test at this level is too simple, right?

Most people scrambled to move up.

There are only a few people who are not in a hurry, Gu Shaoyang is one of them

"Haha, it looks like I'm going to be the first one to pick the fruit..."

A veteran expert with white hair and beard from the ninth level of the realm of life and death laughed loudly, stepped onto the last step of the stone steps, and rushed towards the Shouyuan fruit tree.

At this moment, a figure suddenly appeared in front of him like a ghost, blocking his way.

"Get out of here!"

The ninth-level expert in the realm of life and death shouted loudly, and slapped the figure with his backhand.

But the next moment, a terrifying aura that looked down on the world suddenly erupted from the figure, shocking everyone to stop in their tracks.

The strong man in the ninth level of the life and death realm also had a look of shock on his face. He took back the palm he slapped and flew back to at least the side of the stone platform.

"King realm?!"

Everyone had a look of shock and horror on their faces.

The appearance of the ghostly figure was also clearly visible to everyone.

It was a middle-aged man wearing a gray robe, holding a long black knife, with an expressionless face.

The man's eyes were unfocused. , eyes blank, a little weird

"Is this...a puppet?!"

Gu Shaoyang was shocked. This puppet was no different from a normal person. It just lacked the agility that normal people have. It looked like a soulless body.

Others also recognized the puppet's body.

"King realm puppet?!"

The aura that just frightened the ninth-level powerhouses in the life-and-death realm and flew away was really like the aura of the king-level powerhouses.

All the strong men in the ninth-level life-and-death realm on the field had solemn expressions on their faces.

If it was true that the king-level powerhouses were blocking it. Road, then what kind of fruit are they picking? They should pack it up and go back as soon as possible.

"Not the King's Realm.."

One person suddenly spoke slowly. This person had a handsome appearance, smooth eyebrows, and the aura of a natural god.

He is the young prodigy who has just fought against the old monster Demonic Heart, Gong Yangchao, the second holy son of Wanchu Holy Land, ranked sixth on the life and death list, and a very powerful figure among the younger generation!

"It should be infinitely close to the king level. No matter how powerful the God of Annihilation is, he cannot create a king level puppet. Otherwise, we wouldn't have to practice..."

After hearing this, everyone felt that it made sense and breathed a sigh of relief.

"As long as it's not the king's realm, it's easy to handle!"

The strong man from the ninth level of life and death realm who was scared away before said carelessly.

(bhad) Before he could finish his words, the blank-eyed puppet in gray robe suddenly stood up, and the long knife in his hand suddenly unsheathed.

A terrifying sword light that penetrated the heaven and earth struck him fiercely.

It all happened so fast that no one could react

"Damn it!"

The strong man in the ninth level of life and death was shocked and angry, and struck out with a palm wildly.

The palm was easily torn into pieces under the light of the sword, and the remaining power of the light struck him fiercely.

The man immediately vomited blood and flew back, falling down the stone steps. He fell to the middle of the stone steps and barely managed to stabilize his body.

"what happened? Why did this thing suddenly attack me?!"

The injured ninth-level master of the life and death realm roared angrily.

Everyone also looked surprised.

At this time, everyone saw the gray-robed puppet taking out a knife, and stretched out his hand.

The longevity fruit tree behind him immediately flew into the air. He dropped a small longevity fruit, and then he threw it in front of the strong man in the ninth level of life and death.

The strong man in the ninth level of life and death was stunned.

What is going on?

First a big stick and then a sweet date?!

But these dates are not sweet, they are just longevity fruits that are thirty years old.

"I see.."

In addition to Gong Yang Chao, another young prodigy from the ninth level of life and death realm on the field narrowed his eyes and said in a deep voice: "It seems that this is the real test of the fifth level."

"Take a knife or more from the puppet who is infinitely close to the king realm." The puppet will reward everyone based on their performance in taking the knife."

Everyone looked at this person with a look of surprise on their faces.

Gu Shaoyang naturally thought of it, and he stared at this person.

This person has sword-shaped eyebrows and starry eyes, a handsome appearance, the tip of his nose is slightly longer than normal people, and he has the appearance of an eagle and a roc, which is extremely extraordinary.

Xue Yaoguang, the second holy son of Daoyan Holy Land, ranks fifth on the life and death list, higher than Gongyang Chao's ranking, and is the strongest among all the young prides in the field.

"Haha, you young people still have quick minds...."

The devil-heart old monster chuckled and spoke, his eyes flickering and he didn't know what he was thinking.

After hearing Xue Yaoguang's analysis, the ninth-level expert in the realm of life and death who had just been stabbed by the gray-robed puppet was stunned for a moment and then became furious.

"What does this mean? If the rules are not clearly stated, isn't this cheating me?"

He rushed up the stone steps and rushed towards the gray-robed puppet, "Come again!"

This time, a strong murderous intention suddenly burst out from the eyes of the gray-robed puppet.

The sword light that was ten times more terrifying than before suddenly appeared, and the face of the strong man in the ninth level of life and death showed a look of fear.

"No!"

Blood splashed in the sky.

The two corpses fell to the ground helplessly, their vitality had been cut off by the sword's will in the light of the sword.

A strong man in the ninth level of life and death died!

The field suddenly became silent, and everyone's heart skipped a beat. He tightened up and was horrified.

For a long time, he only heard the old monster with a devil heart laughing and saying:

"Well, the rules are clear. There is only one chance to participate in the test; those who violate the rules will die!"

The last word "death" was spoken by the old monster in the demon heart in a very chilling way. In addition, with the corpse of a strong man from the ninth level of the realm of life and death in front of him, everyone felt a deep chill rise from the bottom of their hearts...
