

Attributes 351

Chapter 351

"let me try..."

Seeing that everyone was hesitant, an old monster from the eighth level of the life and death realm took the initiative to stand up.

As soon as he stood on the platform, the gray-robed puppet's energy immediately locked onto him.

The old monster in the eighth level of the realm of life and death was a little nervous, but he still put on a full defensive posture, as if facing a powerful enemy.

The gray-robed puppet had no expression on his face as he slashed out -.

The majestic sword light spread across the sky and the earth, and the old monster in the eighth level of life and death let out a loud roar of shock and anger, and slapped dozens of palms in succession.

He barely resisted part of the sword light, and then was hit hard in the chest by the sword light, and rolled down the platform.

"call.."

The old monster stabilized his figure and stopped at the middle and upper section of the stone steps, about thirty steps away from the platform. His face was a little pale, but he was much better than the previous fallen strong man in the ninth realm of life and death.

The clothes on his chest were in tatters, and there was a faint light coming out of them

"It turns out that he is wearing a piece of heavenly treasure armor, no wonder he has the confidence to challenge!"

Everyone sighed, and an old monster from the Ninth Level of Life and Death Realm said:"The attack of the puppet man is far more powerful than a full-strength strike by a strong person from the Ninth Level of Life and Death Realm.

But as long as you follow the assessment rules and don't offend it, the sword will not carry murderous intent. It will only force you to retreat, and at most it will only hurt you..."

At this time, the old monster in the eighth realm of life and death was indeed rewarded by the puppet man, a hundred-year-old longevity fruit.

The reward is issued, which means that you have lost the qualification to challenge again. The old monster's face is a bit ugly.

"Damn it, how far can you go to get the longevity fruit of 500 years and 1000 years?.."

We can only find answers from those who come after us.

One person takes the lead and the others quickly follow.

The old monsters in the eighth level of the realm of life and death came up one after another to accept the test of the puppet man, but most of them were similar to the first one, and they all ended with one move.

Everyone gradually discovered it.

One of the criteria used by the puppet to evaluate everyone's performance is the number of steps they retreated on the stone steps after receiving its blow.

The fewer levels you retreat, the higher the longevity fruit year you will receive as a reward.

The old monster with the best grades only retreated twelve levels on the stone steps, and ended up with a 200-year-old longevity fruit.

"I come!"

Suddenly there was a clear voice, and a handsome young man in silver robe walked out.

"It's him!"

"The first holy son of the Spiritual Heart Holy Land, You Wuxu!"

"Ranked ninth on the life and death list!"

As soon as the young man in silver robe appeared, he immediately attracted everyone's attention.

Gu Shaoyang also looked at him twice. He is in the eighth level of life and death. If he can reach the top ten on the life and death list, his combat power must be very strong!

You Wuxu walked slowly to the puppet man. In front of him, the puppet treated everyone equally, and the sword light fell down like a waterfall. You Wuxu let out a low drink.

At the moment when the sword light appeared, countless clones seemed to separate from his body, flying in all directions.

Countless You Wuxu fell all over the space, In just a short moment, it all returned to his body.

In an instant, You Wuxu's aura suddenly surged several times.

The sword light fell, and You Wuxu greeted it with a punch.

"boom!"

A strong force wave erupted in the void, and the smoke dispersed. Everyone saw the situation clearly and suddenly let out a burst of exclamations.

They saw You Wuxu still standing there.

He actually completely caught the puppet man's knife... Not a step back!

"So strong!"

"He is worthy of being ranked among the top ten geniuses in the life and death list. His combat power has surpassed many strong men in the ninth level of life and death!"

While everyone was marveling, the puppet man struck out with another sword.

This sword was more than twice as powerful as the previous one, and there was a strange power flowing in the light of the sword. You Wuxu couldn't bear it and retreated dozens of steps!

But he Being able to force out the puppet man's second sword is already extremely powerful, and it is an achievement that stands out from the rest.

"Five-hundred-year-old fruit!"

A golden longevity fruit was thrown into the hands of You Wuxu by the puppet.

Everyone was envious.

"It turns out that as long as you completely catch the puppet's sword without taking a step back, you can get the reward of 500-year-old longevity fruit!"

"Those old monsters from Jiuchongtian are going to fight hard."

Sure enough, after You Wuxu obtained the five-hundred-year longevity fruit, immediately there were old monsters from the ninth level of the realm of life and death who could no longer hold back and stood up to accept the test.

Isn't the purpose of their coming here just to gain more longevity? Yuan?

Now that we have the opportunity, how can we not be excited?

"This knife...the breath of this knife.."

At this time, Gu Shaoyang's mind was all focused on the second sword that the puppet had just struck.

"It seems to contain many mysteries between life and death, and it has greatly inspired me in the third form of Solipsistic Kendo: Reincarnation of Life and Death..."

Gu Shaoyang thought to himself: "But that sword strike was too fast and short. I can't understand anything at a glance. I need to watch it a few more times, or... I can understand it myself!"

.....Asking for flowers.....

"Damn it, why is this thing so powerful!"

"I am a man of cultivation in the Ninth Level of Life and Death Realm, but I can't even catch its sword?!"

Several old monsters from the Ninth Level of Life and Death Realm could not completely catch the puppet man's first sword, and more or less took two or three steps back.

Now everyone understood more about the horror of the first sword, and became more and more aware of it. The monster marveled at You Wuxu.

Soon, among the eight or nine powerful men in the realm of life and death, there were only three who had not accepted the test.

Gong Yangchao, Xue Yaoguang and the old monster Mo Xin

"Senior Mo Xin is a senior, why don't you invite me first?"

—

— "....."

Gong Yangchao let out a slightly contemptuous sneer and walked out.

"Brother Xue and Senior Mo Xin don't want to invite you first, so I'll do it first."

Gongyang Chao is the second holy son of Wanchu Holy Land. He is sixth on the life and death list. He is extremely powerful and immediately arouses everyone's expectations.

Gu Shaoyang also paid close attention. All the old monsters in the ninth level of life and death realm were trash. Every one who can The second sword that forced the puppet man out gave him more insights.

Now Gong Yangchao, who is sixth on the life and death list, should be able to give him a little surprise.

The puppet man chopped it off with one knife.

Gong Yangchao's expression did not change at all, and he casually A palm shot out.

The palms of the swords collided with each other, and there was a loud bang. Gongyang Chao's body was severely shaken, and he refused to take a step back.

"Amazing!"

"Sure enough, I held on!"

"Such an effortless way to catch the puppet man's sword that exceeded the full force of the Ninth Level of Life and Death Realm. He is worthy of Gongyang Chao and the super strong man ranked sixth on the life and death list!"

The second knife followed in an instant.

This time Gong Yangchao's face became slightly solemn, he shouted low, and his whole body burst into dazzling white light.

Just when everyone's eyes were focused on Gong Yangchao At that moment, Gu Shaoyang was staring closely at the second sword that fell from the sky.

His eyes reflected the flow of meaning in the light of the sword, and the light in his eyes shone like stars.

A knife and a sword suddenly appeared in Gu Shaoyang's mind.

The knife is constantly simulating the sword cut by the puppet man, and the sword is repeatedly performing the "reincarnation of life and death" style, trying to perfect it. Small.

Chapter 352

"Everything is born!"

Gongyang shouted loudly, and endless white light emerged from his body.

The white light quickly condensed into the shapes of palms, fists, knives, swords and other martial arts, and rushed towards the puppet man's second sword.

These palms Each martial art of boxing, sword, and sword has reached a level of perfection in soul power. When combined, it exudes a terrifying aura that is not inferior to the perfect fusion of the four great perfection sword souls. The torrent of white light martial arts and the second sword of the puppet man The swords and lights collided.

The torrent of white light continued to collapse, and the sword's light was gradually weakened. But the power of this sword was too strong. In the end, Gong Yangchao still couldn't bear the terrifying pressure and couldn't help but take three steps back!

Eyes wide open.

Is it considered a pass?

It's just three steps.

Two longevity fruits, one 500 years old and one 300 years old.

They were picked off by the puppet and sent into Gong Yangchao's hands.

Everyone's faces There was a look of regret.

Unfortunately, the puppet "Six Five Three" was too harsh, and even taking three steps back for the second blow was considered a failure.

So what standards must be met to get the reward of the Thousand-Year Life Fruit?

Two blows were forced. Not taking a step back?

No one knows.

Gong Yangchao's expression was a bit unpleasant. He originally planned not to take a step back, but he still couldn't bear it and took three steps back.

He was a little dissatisfied with his performance.

Gongyang Chao retreated After getting off, Xue Yaoguang stopped being polite to the old monster Mo Xin and strode out directly.

"Millennium longevity fruit! I'm determined!"

Xue Yaoguang stared at the purple-gold thousand-year-old Shouyuan fruit on the Shouyuan fruit tree, his eyes burning, and his whole person exuded a strong confidence.

Everyone was talking about it.

"In terms of strength, Xue Yaoguang should be the strongest among all the strong men in the field. And he is ranked fifth on the life and death list, second only to the three who are attacking the king realm with all their strength and the goddess of Yaochi. He is extremely talented and has amazing understanding..."

"Xue Yaoguang, who had been watching for so long, must have had absolute confidence in his heart to take the first two blows from the puppet man before he said this."

"Alas, this test is too difficult. I am afraid that no one except Xue Yaoguang will be able to obtain the Thousand-Year Life Fruit."

"The strong men in the ninth level of life and death are like this, let alone us. Go up there and pick it up casually. It would be nice to get a hundred-year-old longevity fruit..."

"After all, it is a god-level tomb. We are still on the periphery. If we want to truly explore this tomb, we must at least have the strength of the king level."

While everyone was talking, Xue Yaoguang had already faced the puppet man's first sword.

The sword was like a waterfall, and Xue Yaoguang punched out.

Three different Dzogchen fists were flowing on Xue Yaoguang's fist, and the momentum was amazing.

"The three types of Dzogchen fists are perfectly integrated!"

The power of the fist collided with the light of the sword, canceling each other out. Xue Yaoguang did not take a step back.

As expected.

Then came the familiar and terrifying second sword.

Everyone was refreshed, and the critical moment had arrived.

At this moment, Gu Shaoyang also opened his eyes wide. Eyes, if anyone pays attention, they will find that his eyes are so bright that they seem to have endless mysteries flowing in them. He is almost, almost even able to see clearly...

Gu Shaoyang is thinking wildly in his heart.

"The fist leads to the shaking star!"

Facing this knife, Xue Yaoguang gave a clear shout. His whole body burst with light, and his fist was like a dazzling meteor, hitting the moon.

Everyone's eyes widened, and some couldn't help but exclaimed:"Four major... The perfect fusion of perfect fist and spirit?!"

Indeed, Xue Yaoguang's punch once again has the power of a fist, which is perfectly integrated into the other three fists.

The power of the previous punch has increased several times.

It has completely exceeded the ordinary life and death realm. The strong man from the Nine Heavens struck with all his strength.

The sword light and fist power across the world met, making a harsh"crunching" sound.

The void shattered like pieces of paper.

Xue Yaoguang took a deep breath, and his body shook violently. The ground sank, but he resisted the terrifying force of the shock without retreating even half an inch.

"pass!"

Everyone exclaimed in amazement.

Xue Yaoguang really took the second sword without taking a step back!

He was so strong!

He is worthy of being the top talent among the younger generation.

Many of the older generation's ninth-level experts in the realm of life and death couldn't keep up.

Xue Yaoguang also had a faint smile on his face.

Facing the second knife, Gong Yangchao wanted to take three steps back, but he refused to take a step back.

He seemed to be silently proving to everyone that this was the relationship between him and Gong Yangchao. The gap between them. The gap of three steps was like a chasm!

No one noticed that when Xue Yaoguang completely took the puppet man's second sword, there was a person on the field whose eyes also bloomed with brilliance, as if he had seen through and understood something.

"That's it, that's it.."

Gu Shaoyang's eyes were filled with brilliance, and he couldn't help but whisper:"No matter how lifelike the puppet is, it cannot be like a real person. No matter how deeply the Annihilation Heavenly Lord understands the power of life and death, it is impossible to give a soul to a dead thing...

This puppet Man, the power that supports its actions is the power of life and death in addition to Yuanli. But what really allows it to have the ability to cut out the sword that is infinitely close to the king level is the soul of the puppet... It is the soul of the puppet left by the God of Annihilation. There is a trace of the soul of the Nirvana Sword in the body!"

"Nirvana Blade Soul*364.."

"Nirvana Soul*242.."

On the platform, not far from the puppet and very close to Xue Yaoguang, there are several purple-gold attribute bubbles lying quietly.....

Gu Shaoyang was so greedy.

This was revealed when the puppet man's second sword exploded with full force.

He had been trying to understand the mystery of the puppet man's second sword before, so he didn't pay attention.

This time I accidentally used the ability to extract attributes and took a look, only to discover these attribute bubbles.

"I also worked hard to understand the secrets of life and death of the Nirvana Lord. The secrets of life and death that he understood must be in the Soul of the Nirvana Sword.

If I could extract and absorb those attribute bubbles, it would be better than me just staring at it like this. To understand much faster?"

Gu Shaoyang sighed in his heart.

At this time, the puppet man had already slashed at Xue Yaoguang for the third time. Xue Yaoguang was really extraordinary. He even fused a trace of the fifth fist spirit, and his fist power increased sharply again. But he still lost to the puppet man.

With his third sword, he was helplessly defeated.

And the puppet man's third sword also brought out more attribute bubbles of the Nirvana Blade Soul, which fell on the platform.

In Gu Shaoyang's eyes, the attribute bubbles on the platform were all over the ground. , it's much more attractive than the five-hundred-thousand-year-old fruit.

"Come on, it's not the Millennium Life Fruit!"

When the puppet handed out the rewards belonging to Xue Yaoguang, everyone was surprised.

It turned out that Xue Yaoguang only got two five-hundred-year-old longevity fruits, and the thousand-year longevity fruit still missed him.

Xue Yaoguang's face also changed. It was extremely ugly.

He had just announced that he would win the Thousand-Year Life Fruit, but he was slapped in the face by the puppet. It was really unbearable.

"If you can't get the thousand-year longevity fruit by taking two swords completely, then what is the standard?!"^{2.6}

"Three swords and one step without retreating? Who can do it!"

"Maybe if the top three on the life and death list come, they can do it, but they are trying their best to attack the king realm, and they all want to be the first among the younger generation to become king, so they will definitely not come here..."

"Hey, this is too difficult!"

Everyone lamented again and again.

After Xue Yaoguang finished the test, what happened next was almost nothing to watch.

The old monster Demon Heart prepared for a long time, but in the end he was still not strong enough. He couldn't survive the second sword and only got a five-hundred-year sword. Longevity Fruit.

Then the warriors from the seventh heaven of the life and death realm participated in the test.

This test was obviously not prepared for the warriors of the seventh heaven of the life and death realm.

Most of the seventh heaven warriors of the life and death realm were directly cut off the stone steps by the puppet man, and rolled all the way to the bottom of the steps. Those who can keep retreating within thirty steps are considered the best in the seventh heaven.

At this time, Gu Shaoyang knew that he did not need to wait any longer....

Chapter 353

"It seems that the only way to break into the tomb of Tianzun Tianzun this time is here. The following layers cannot be mixed with the life and death realm at all, nor can the ninth level of the life and death realm be mixed."

"Obviously this puppet has made it clear that he won't let us continue..."

"However, this time I came in and got a lot of longevity fruit and longevity pills, which was considered a worthwhile trip."

At this time, the people who came on stage to accept the puppet test were all warriors from the seventh heaven of the realm of life and death. They were basically killed by a sword and were not worth watching at all.

Everyone's attention gradually stopped paying attention to it.

They still stayed in place and waited. He just wanted to see if the puppet would let the way pass after everyone's test was over.

At this time, Gu Shaoyang walked slowly onto the stone platform.

As soon as he stepped on the stage, he flashed quickly on the stone platform, and in just a few breaths he All attribute bubbles on the stone platform are absorbed

"Nirvana Blade Soul Attributes*237.."

"Nirvana Blade Soul Attributes*228.."

An indescribable force surged into Gu Shaoyang's body, like a heavenly sword, piercing into Gu Shaoyang's brain.

Then it quickly turned into countless mysteries about life and death, flowing into Gu Shaoyang's heart, and quickly perfected the third move of Solipsistic Kendo: Reincarnation of Life and Death.

Gu Shaoyang's eyes glowed, and he fell into a slight epiphany.

His continuous strange behavior attracted the attention of many people.

"What is this guy doing? Could it be that under the pressure of the puppet man, he had some understanding of martial arts and made a breakthrough before the battle?"

"So what if we break through again? The seventh level of the realm of life and death is just a matter of a puppet man's sword."

Only Kang Fuyun and others, when they saw Gu Shaoyang appearing on the platform, their pupils suddenly shrank.

"It's him!"

"He seemed to have some understanding again. Was it because he had just watched many strong men fight against puppets? Is this understanding too perverted?!"

"How many blows do you think he can take from the puppet?"

"Two knives! The second knife may retreat, but I don't expect it to be much worse than the ram!"

Kang Fuyun, Lu Shangqian, and the young man named Lu were discussing in low voices.

The sound was heard by several people around them. These people were stunned for a moment and couldn't help laughing.

"Brothers, are you kidding me? Can this person, who is only at the seventh level of life and death realm, be able to withstand two swords from a puppet? Kang

Fuyun and others turned their heads, glanced at them coldly, and said, "Do you think we are the ones who want to make a joke?"

Seeing the appearance of Kang Fuyun and others, these people were immediately stunned and shocked.

"Kang Fuyun, who is ranked thirteenth on the life and death list! Lu Shangqian, who ranks seventeenth on the life and death list! Lu Ming, ranked eighteenth on the life and death list.."

All of them are famous and talented people on the life and death list.

Moreover, in the previous process of accepting the test of the puppet, several of them also performed the most outstandingly among the seventh heaven of life and death.

Of course, people like Kang Fuyun and others would not joke casually.

So...

The eyes of these people fell on the slender and tall figure on the stage, and they were shocked: Who could make Kang Fuyun and other arrogant geniuses be so cautious and evaluate such a person? How strong should it be?!

At this time, the puppet man's first sword struck directly at Gu Shaoyang.

The puppet man's first sword was purely the power of transcending the Nine Heavens, so it wasn't too difficult to take it.

Gu Shaoyang's eyes flashed with light, and he let go of his physical strength a little.

The surging Qi and blood shocked everyone a little.

"This man has such strong physical strength, he seems to be a warrior who practices body refining!"

"It seems that he is planning to rely on physical strength to control himself and take a few steps back under the knife of the puppet man..."

"Haha, opportunistic."

Before everyone's discussion could stop, they heard another burst of "Boom!" "There was a loud noise.

There was an invisible ripple in the void.

A hot breath like the sun in a furnace instantly spread throughout the whole place. The essence rose like wolf smoke, and the energy and blood were as mighty as the Yangtze River, making a roaring sound. The sound of rushing water.

Everyone was shocked and their eyes widened.

"How can this be?!"

But the scene that shocked them even more was still to come.

They saw the figure that suddenly became as majestic as a god and demon holding up the sky with one hand, and the palm of his hand was like an iron pliers just to clamp the puppet man's sword light, and then suddenly used force

"click.."

There was a crisp sound and the sword shattered!

Everyone's eyes almost popped out of their sockets, and their expressions were as if they had seen a ghost, full of unbelievable shock.

"A knife that crushes the ninth realm of life and death with a fleshy palm?!"

"He is still... just in the seventh heaven of life and death?!"

"Damn it, am I just dazzled?"

Looking at Gu Shaoyang again, he slowly retracted his hand. There was not even a trace left on the fair and slender palm that had just crushed the puppet man's sword.

His face was casual, as if he had just done a trivial thing. Do n't After saying that he was retreating, Gu Shaoyang didn't even move his feet.

Everyone opened their mouths wide and were so shocked that they couldn't say a word.

Xue Yaoguang, Gong Yangchao and others also immediately became more interested in Gu Shaoyang, with a strange light in their eyes.

"This person's cultivation level is not high, but his physical body is extremely terrifying. Is he probably a body refiner who has broken through the shackles of the physical body and embarked on the road to enlightenment through strength?!"

"With this body alone, you are qualified to fight with us! There is no place for him in the top ten of the life and death list. He seems to be a new evildoer, which is interesting..."

As for the veteran strong men in the Ninth Level of Life and Death Realm, their expressions were as if they had eaten flies, and they were so ugly that they were almost dead.

As the ninth level of life and death realm, they had to retreat under the puppet man's first blow. Compared with Gu Shao807, who used his cultivation level as the seventh level of life and death realm to casually defeat the puppet man's first blow, they had hundreds of years of experience. The lifespan is almost like living on a dog!

"I take back my previous guess!"

In the crowd, Kang Fuyun looked at Gu Shaoyang's back and said with a complicated and shocked face:"He will definitely be able to take the second knife perfectly! The third knife... is not impossible.."

"yes."

Lu Shangqian echoed with emotion.

The warrior who had just laughed at them not long ago and was now shocked couldn't help but say, "Brother, I admit that this person's body is indeed extremely strong, but to say that he can take on the second Knife, even the third knife..."

You are exaggerating! Kang

Fuyun glanced at him disdainfully, sneered and said nothing.

Lu Shangqian snorted and said lightly: "What do you know?" His strongest aspect is not his physical body at all..."

"What?!"

The man was so shocked that he almost jumped up.

The physical body that can crush the puppet man's first blow with one hand is not the most powerful aspect of Gu Shaoyang?!

Then what is his most powerful aspect?

That aspect should How ridiculously strong is it?!

It was beyond the scope of this man's imagination. He was confused.

In a trance, he saw that the puppet man's second knife on the stage had fallen.

And Gu Shaoyang suddenly felt energetic all over his body. Reserved, he shook his hand and suddenly unleashed a sword light....

Chapter 354

In half a breath, Gu Shaoyang restrained all the energy in his body and stored it in the sword, and then in the remaining half breath, he drew the sword!

Like a flash of lightning in the dark sky.

There was no struggle and it exploded suddenly.

It pierced everyone's eyes and was shocking.

"The Emperor's Shocking Sword!"

"What?!"

Xue Yaoguang and Gongyang Chao took two steps forward in shock, their eyes filled with shock.

"The perfect fusion of the four Dzogchen sword spirits?!"

"His sword training is more than ten times stronger than his body training!"

The two of them were completely shocked.

Gu Shaoyang's physical strength had already surprised them. It was enough to rank in the top ten of the life and death rankings, reaching the level of You Wuxu in the Holy Land of Spiritual Heart.

But now, they discovered that Gu Shaoyang's swordsmanship was even better than that of physical training. The way is even stronger.

The perfect fusion of the four Dzogchen swords cannot be achieved by just one person, not even You Wuxu.

If he didn't let him, he wouldn't just be ranked tenth on the life and death list.

"How evil is this person's talent, and how terrifying is his understanding?!"

"Cultivating two disciplines at the same time, and both of them have reached a height that is difficult for others to reach!"

Everyone was also shocked. They looked at Gu Shaoyang as if they were looking at monsters.

Especially those veteran demon heart monsters who are strong in the ninth level of life and death realm, they are full of complicated thoughts.

Gu Shaoyang's cultivation level is only in the seventh level of life and death realm, but his combat power is not high. Their martial arts achievements are much higher than theirs, and their age is terrifyingly young.

They feel that their hundreds of years have been in vain, and they are greatly shocked. The

Huangji Jingshi Sword, which is a perfect fusion of the four Dzogchen swords. Breaking through the puppet man's sword light, the sword light was offset by at least 80%.

The remaining sword light impacted Gu Shaoyang. Gu Shaoyang's body, which was comparable to the sun in the oven, only trembled slightly before returning to normal. He did not take a step back.

Second Knife, perfectly received!

"Previously, Gongyang Chao was knocked back three steps by the remaining power of the sword light. Although this man's cultivation level was a bit worse, his martial arts attainments were no less than Gongyang Chao's. In addition, he was physically invincible. In this test, he actually Even more advantageous!"

"The most terrifying thing is that he cultivates both paths at the same time. His bone age is not even fifty. Has he been practicing his body and enlightenment since he was in his mother's womb? It's so irritating that people are more popular than others."

"I feel like compared to him, even though we are both at the seventh level of life and death, I am a waste..! "

Gu Shaoyang no matter how surprised and praised others are, at this time all his mind is focused on the understanding of his own swordsmanship.

"Nirvana Blade Soul Attributes*247.."

"Nirvana Blade Soul Attributes*475.."

After receiving the puppet man's second sword, many attribute bubbles burst out from the crackling sword light.

Gu Shaoyang frantically extracted and absorbed it. In an instant, many insights about life and death flowed into his mind.

These insights built the prototype of the third form of Solo Kendo, and then continued to fill it in.

Gu Shaoyang's insights about this sword are getting more and more profound.

"It's almost there, just a little bit off!"

Gu Shaoyang stared at the puppet closely, his eyes bright.

"No, I have to take its third sword. Only after taking the third sword can I completely create the sword of reincarnation!"

"But how should I take the third blow

? How should Gu Shaoyang take the third blow?

Everyone is thinking about this issue too.

The puppet man's third sword has climbed to an extremely terrifying level.

The weird and terrifying power contained in it even defeated Xue Yaoguang, who ranked fifth on the life and death list.

Gu Shaoyang only has the cultivation level of the Seventh Heaven Realm of Life and Death. No matter how evil he is, can he be stronger than Xue Yaoguang?!

"But it's amazing enough!"

"This time when I go back, there will be another talented person on the life and death list of Zhongtian Domain, and he is also an incredible talented person!"

"No, he was already on the life and death list. I recognize him, he is Gu Shaoyang!"

Suddenly someone pointed at Gu Shaoyang and shouted, "He is ranked fifteenth on the life and death list, and his honorary title is Zhongtian Lieyang!"

Soon, the stories about Gu Shaoyang were revealed one by one by those who knew about it.

Everyone's hearts were shocked again.

Even Xue Yaoguang and Gong Yangchao were shocked!

"When he was in the third heaven of the life and death realm, he crossed three major realms and defeated the third holy son of the three holy places, won the first place among ten thousand sects, and reached the fifteenth place on the life and death list?!"

"He is now at the seventh level of the life and death realm. No wonder he is so powerful in combat that he is even more powerful than the average ninth level of the life and death realm!"

"Haven't you noticed? How long did it take for him to advance from the third level of the life and death realm to the seventh level genius of the life and death realm?! Less than half a year!!"

"Hiss.."

Everyone took a deep breath and looked at Gu Shaoyang with completely horrified eyes.

"I heard that the deeper the foundation and the better the talent, the more difficult and dangerous it is for a genius to break through in the realm of life and death. He jumped four major realms in half a year, and his ability to challenge higher levels became stronger. How did he do it?!"

"horrible!"

While everyone was marveling, someone suddenly pointed at Gu Shaoyang and shouted:"Look!..."

Everyone hurriedly followed the sound, and then their eyes widened with an incredible look in their eyes, and they shouted in their hearts: What is he going to do?!

The puppet man's third sword was still brewing, but Gu Shaoyang had already drawn his sword.

He drew his sword so fast that no one could see how many sword thrusts he had struck in the blink of an eye.

All he could see was the sword light that filled his eyes, like countless meteors passing by.

But the strange thing is that there is no trace of sword energy in the scene, and it is extremely calm.

Gu Shaoyang swung out his sword like a rudimentary Jianghu who had no experience in Yuanli cultivation. Every sword strike was mediocre and did not make any waves.

The onlookers became more and more frightened as they watched. They felt that the calm void in front of them was like an invisible net. Anyone who walked in would be easily torn apart.

".I can't see the mystery of Gu Shaoyang's move, but I find it extremely terrifying!"

"Yes, I feel that as long as I take one step in front of Gu Shaoyang, I will be doomed!"

Only a few people see the mystery.

"This is.."

Gong Yangchao's eyes narrowed slightly and he whispered:"This is clearly Junior Brother Bai Lian's Annihilation Domain! No, it is even more mysterious and dangerous than Junior Brother Bai Lian's Annihilation Domain..."

A look of deep shock appeared on Gongyang Chao's face, and he sighed: "Some time ago, I heard someone say that Junior Brother Bai Lian's annihilation domain was learned when he was fighting with others, and in turn defeated him.

At that time, he I heard it as a joke, but I didn't expect... that there really is such a monster in the world who is so enlightened that he can even understand the essence of heaven-level martial arts at a glance!"

Xue Yaoguang also stared at Gu Shaoyang closely and kept muttering to himself: "Taking the initiative to attack the puppet, yes! This does not violate the rules, and it can give you an advantage. Why didn't I think of that?.."

At this time, the puppet man's third sword suddenly slashed down.

And Gu Shaoyang also happened to be extending a sword.

As the sword was handed out, Gu Shaoyang's whole body erupted with endless power of thunder and flames, his figure became boundless and majestic, and his physical strength had been pushed to the extreme.

"Only me.."

Gu Shaoyang shouted in a low voice, and his majestic voice rolled past like thunder.

With this low cry, the calm void suddenly boiled, like a pond hit by a sudden rain, causing countless ripples.

Among the countless ripples, countless sword lights like swimming fish emerged.

Everyone's eyes suddenly opened wide, their mouths opened wide, and they exclaimed.

Only then did they know where the countless swords Gu Shaoyang had just struck.

Thousands of sword lights crisscrossed each other, forming a sword realm-like existence.

The power of Weiwo's sword instantly increased tenfold and a hundredfold.

Gu Shaoyang was illuminated by countless sword lights, like the master and king in the sword, looking down on the people from a high place.

"..One sword!"

The last two words were spoken, and an indescribable terrifying sword light spread across the sky and the earth, colliding hard with the puppet man's third sword.

Full physical strength + only one sword + empty domain vs the puppet man's third sword!

Chapter 355

Unstoppable!

The puppet man's third sword, under which Gu Shaoyang used almost all his means, collapsed quickly like snow meeting fertile water.

This result was normal and reasonable in Gu Shaoyang's eyes.

Although the Jiankong Domain takes a long time to prepare, the amplification effect on moves is still terrible.

It was equivalent to accumulating the countless swords Gu Shaoyang had slashed before and bursting out in an instant.

Like a flood or volcano, its power is unimaginably terrifying.

The limit of the sword sky domain lies in the length of time that the sword light struck by Gu Shaoyang can be preserved in the void.

If his sword light never disappears or elapses, theoretically, when the amount of sword light accumulates to a limit, his move can kill a king in an instant.

Of course, this is only theoretical, and Gu Shaoyang doesn't need to be that scary.

The body of the Immortal Thunder and Fire God plus the One-Immortal Sword and the Sword Sky Domain easily broke open the puppet man's third sword.

Even Yu Wei pushed the puppet back half a step.

"! ! ! "

This scene is extremely shocking in the eyes of everyone.

The impact on them was no less than a full blow from a strong man in the ninth level of life and death.

"Did you really take the third knife?!"

"More than just take it! It also forced the puppet man to take half a step back!"

"This is too scary!"

Everyone's face was full of shock, and the feelings in their hearts cannot be described in words.

The key is, Gu Shaoyang's cultivation.

With the cultivation of the seventh heaven of Life and Death Realm 533, plus catching the puppet man's third sword, Gu Shaoyang's level of evil in their hearts suddenly increased. It doubled several times.

Xue Yaoguang, Gong Yangchao and other powerful people from the ninth level of life and death were equally shocked, but slightly better than others.

They saw the mystery of Gu Shaoyang's sword

"Although there is some element of trickery in it, the fighting skills and fighting consciousness displayed in this sword are definitely the only ones I have ever seen in my life!"

"Regardless of cultivation level or strength, just on this point, I am not as good as him!"

Xue Yaoguang said with a sigh.

Although he didn't want to admit it, he had to admit that he didn't think of taking the initiative to attack the puppet like Gu Shaoyang.

At this moment, Gu Shaoyang was in the process of comprehending the sword of reincarnation.

The third sword exploded with more "Nirvana Blade Soul Attributes".

Nirvana Heavenly Lord's understanding of the power of life and death was continuously absorbed by Gu Shaoyang.

Gu Shaoyang was like a sponge, greedily absorbing what this god-level master had learned All kinds of insights.

Gu Shaoyang is equivalent to standing on the shoulders of giants to overcome the obstacles in his martial arts.

The last gap in the sword of reincarnation is gradually being filled.

"I see!"

Gu Shaoyang's eyes suddenly lit up, more dazzling than the stars in the sky.

There seemed to be a small black and white sword spinning slightly in his pupils, flowing with inexplicable meaning.

"but.."

Gu Shaoyang's brows slowly wrinkled, and he whispered to himself: "This sword is not complete yet.".."

"Kaka..."

Suddenly, I remembered a strange noise in front of me. I looked up suddenly and found that the puppet man was slowly raising the long knife in his hand.

The fourth knife is coming!

Onlookers also felt a suffocating force.

The fourth sword hasn't been issued yet, but the power revealed when the sword is raised is already so terrifying. If it really falls, what kind of earth-shattering blow will it be?!

"There was absolutely no way Gu Shaoyang could take the fourth knife.

"But he is also proud enough. His cultivation level in the seventh level of life and death realm can surpass all the strong men in the ninth level of life and death realm. Even Gong Yangchao and Xue Yaoguang are not as good as him."

"Do you still regard him as the seventh heaven of life and death?"

"Haha, too.."

The fourth knife comes.

With this sword, the meaning of the soul of the sword was clearly felt by everyone.

"This is... the power of the sword soul!"

"Damn it, it's too scary. Who in the realm of life and death can withstand a knife at the soul-level sword? Only those in the king realm can do it!"

Everyone was amazed.

Gu Shaoyang also felt an unprecedented terrifying pressure.

The soul of the Nirvana Sword!

It is not comparable to the power of Jiu Zhuozi's sword soul.

If Jiu Zhuozi's six sword souls were barely integrated, If the deduced power of the sword soul is one, then the power of this sword is one thousand, or even ten thousand.

The two are not the same at all.

Gu Shaoyang's heart was unexpectedly calm.

His goal has been achieved, this sword, after another It doesn't matter if he can't take it.

But...

Gu Shaoyang's eyes flashed with a glint, and he drew his sword boldly.

No matter what, he still has to try

"The third form of Weiseken Kendo: life and death.."

Gu Shaoyang's sword surpassed any sword he had struck before.

It's more terrifying than the fusion of four Dzogchen sword souls.

On the black and white sword light, there is the endless power and the breath of death flowing together.

This sword seems to transcend life and death, and is above everything in the world.

On the sidelines, Xue Yaoguang and Gongyang's pupils suddenly shrank towards them.

"This sword.."

The two people had expressions of shock and disbelief on their faces, as if they had seen something they couldn't believe.

Gu Shaoyang had never been so shocked even before when he completely took the third sword and the puppet took half a step back.

"How come this sword is so similar to the puppet man's third sword and the current fourth sword!"

"Is it possible that Gu Shaoyang has already inherited the mantle of the Nirvana Lord?!"

"No, the inheritance of the Lord of Annihilation has never appeared in this world. He should have seen the puppet man use his sword and figured it out on his own!"

"A hint of desolation!"

"? ? ! ! ! "

The whole audience was shocked.

They didn't come back to their senses until Gu Shaoyang's sword collapsed under the puppet man's fourth sword and he fell back dozens of steps.

How could such a monster and perverted person exist in this world?

Can you understand the essence of the sword's intention just by looking at the puppet man's sword?!

That is a god-level power, how is this possible!

But with the facts before them, their minds were all confused and they didn't know what to think.

"call.."

Someone breathed a long sigh of relief and said with a complicated face:"I shouldn't have come, my martial arts heart has a tendency to collapse..."

"I feel like compared to Gu Shaoyang, I am as stupid as a piece of dead wood!"

"The blazing sun in the middle of the sky, the blazing sun in the middle of the sky... I have a hunch that given time, this Gu Shaoyang will reach the top of the realm of life and death, defeat those giants, and hang high in the sky like the blazing sun!"

Everyone was filled with sighs.

At this time, the puppet man also put away his sword.

With a casual move, several fruits on the longevity fruit tree behind him shook slightly and fell.

One thousand-year-old longevity fruit, a total of five five hundred The Millennium Longevity Fruit!

A trace of passion flashed in everyone's eyes, and they were extremely envious.

Many veteran experts in the ninth realm of life and death in the field stared closely at the purple-gold Thousand Years Longevity Fruit, their eyes flashing.

Gu Shaoyang put it away. Shou Yuanguo, I'm not very surprised.

Instead, I'm thinking about another thing.

"The path of life and death is much more difficult than I imagined, and even the Lord of Annihilation has not fully understood it.

What he understood was only part of it. The power of annihilation could only complete half of my move.

That is the life and death part.

But regarding the reincarnation part of my own understanding, there is still a lot missing.

However, even if it is only half completed, just one sword of life and death is already very terrifying...so powerful that I even feel trembling..."

Chapter 356

After Gu Shaoyang received the reward, the last few warriors from the seventh heaven of the realm of life and death went up to accept the test of the puppet man.

Everyone has finished the test, but the puppet shows no signs of giving way.

His old-fashioned face was expressionless, standing like a stone under the Shouyuan fruit tree.

Everyone knew that this time the tomb trial of the Lord of Annihilation was over. The following floors were obviously not qualified for them to enter.

The warriors began to disperse one after another.

Many people's eyes followed Gu Shaoyang's figure.

Gu Shaoyang became a blockbuster and amazed everyone with his skills in the test, which naturally affected everyone's hearts.

Gong Yangchao and Xue Yaoguang stood together, looking at Gu Shaoyang's retreating back.

"This person is really extraordinary. Brother Xue, do you want to go up to me and make friends with him?"

Gong Yangchao said.

Xue Yaoguang pondered for a while and nodded slightly.

"His talent and talent are enough for us to meet each other. Although the path of sword cultivation is cut off and it is difficult to advance to the king's realm, he also has the ability to cultivate the body. His achievements in the future may not be lower than those of us or even those few. He is worth mentioning- pay. Gongyang

Chao said with a smile: "I have the same idea. After all, he has a close relationship with our Wanchu Holy Land. Junior Brother Shun and Junior Brother Bai Lian both competed with him, but both were defeated by him."..

Gee, that's really impressive. Xue

Yaoguang also smiled slightly, "What you said reminds me. He has taken the first place in the Ten Thousand Sects, and he also has the guest token of our Daoyan Holy Land in his hand.".."

"Um? Brother Xue, look quickly.."

Gong Yangchao suddenly moved his eyes, pointed forward and said to Xue Yaoguang.

Xue Yaoguang saw the old monster Demon Heart and several strong men from the ninth level of life and death realm sneaking around, following Gu Shaoyang away.

A glint flashed in Xue Yaoguang's eyes, and he said with a faint smile: "It must be for his thousand-year-old longevity fruit. Brother Gongyang, this is the chance for you and me to make friends with him.""

"Ha ha.."

Gong Yangchao laughed loudly, and he and Xue Yaoguang followed closely.

Gu Shaoyang flew quickly towards the outside of the tomb. Suddenly his eyes moved and a sneer appeared on his face. Instead, he slowed down and hurried on unhurriedly.

Not long after, several figures suddenly appeared in front of Gu Shaoyang.

These people all exuded the powerful aura of the Ninth Level Realm of Life and Death. Headed by the old monster with demon heart, they looked at Gu Shaoyang with evil intentions.

Gu Shaoyang did not panic, stopped and looked at them coldly

"Hello little brother Gu."

The old monster with a devil's heart smiled and saluted Gu Shaoyang, with a cold smile in his eyes.

"Brother Gu is in a hurry, where are you planning to go? Gu

Shaoyang looked indifferent and said calmly:"You are here for the thousand-year longevity fruit in my hand, right?"

The old monster with an admiring look on his face said,"Brother Gu is really smart, he guessed right.""

"Mo Xin, what are you talking about with him? He should feel honored that we have four people here who are in the ninth level of life and death realm and steal one from him who is in the seventh level of life and death realm!"

An old monster with a gloomy expression next to him said impatiently.

The old monster with a devilish heart shook his head and said,"You are wrong in what you say. Little brother Gu is a genius and will be promoted to the king realm in the future, so he has to be polite.

Gu Shaoyang sneered:"Now that you know, you still dare to come and rob me?""

The old monster with a devil's heart looked helpless, spread his hands and said:"I have no choice, I have to do this!"

"hehe.."

The old monster who spoke before said with a mocking look on his face: "Boy, I'm afraid you still think you can leave alive today!"

The old monster with a devil's heart smiled and said to Gu Shaoyang: "In order to prevent little brother Gu from coming to seek revenge from us in the future, Today, I have no choice but to make you die..."

I know that your fighting power is extraordinary, and even the ordinary ninth-level warriors in the life-and-death realm are no match for you, but we have four powerful ninth-level warriors in the life-and-death realm here.

And you also Don't even think about using the sword sky domain trick, we won't give you a chance.

So little brother Gu, you are here.."

The tone of the devil-heart old monster suddenly became extremely cold, "It's hard to fly even with wings!"

The atmosphere on the field suddenly became tense. The old monsters were all filled with murderous intent, and they vaguely surrounded Gu Shaoyang in a circle to prevent him from doing so. Escape at any time.

However, there was no trace of panic or fear on Gu Shaoyang's face. Instead, he narrowed his eyes slightly, looked at the four old monsters, and suddenly said: "I only have one Millennium Life Fruit, how should you four divide it?"

" The old monster was stunned.

Yes, how to divide it?

You can't take one bite and I can take one.

Everyone is approaching their longevity, and no one can give it up to others.

There was a hint of coldness and fear in the eyes of the old monster with a demon heart. Gu Shaoyang's simple words caused suspicion and cracks in their small team of robbers. This talent was indeed terrifying.

But he had already thought about it and said coldly:"After we get the fruit, we will naturally find the best alchemist to refine the thousand-year longevity fruit into a furnace of longevity pills, so we won't bother our little brothers to worry about it."

The other three The old monster finally relaxed a little and focused on Gu Shaoyang again.

At this time, Gu Shaoyang suddenly smiled and said slowly:"Alchemist? It's too troublesome. Why don't I give it to you?"

.....Asking for flowers 0..

"Um?!"

One of the four old monsters in the Demon Heart was stunned.

What does Gu Shaoyang mean by this?

The next moment, a black and white sword light that seemed to transcend life and death and tower over all things in the world burst out, filling their entire eyeballs.

With it , Listening to Gu Shaoyang's cold and indifferent voice

"If I kill you all, you won't have to divide it. Do you think this is a good idea?"

There was great horror and fear in the eyes of the four old monsters.

"How could it be so strong!"

"Damn it!"

They only saw Gu Shaoyang defeated by the puppet man's fourth sword, and thought that Gu Shaoyang's strongest attack was It's just the sword blessed by the Jiankong Domain.....0...

Little did he know that Gu Shaoyang's fourth sword defeat by the puppet man was not because his sword was not strong enough, but because the opponent's sword was too strong.

Now, when Old Monster Demon Heart and others face Gu Shaoyang's sword, they can truly feel the horror and despair this sword brings to them!

"The third form of Weiwo Kendo: Life and Death!"

Although it is only half a move, it is Gu Shaoyang's most terrifying and powerful move now. Its power is countless times greater than the perfect fusion of the four Dzogchen sword souls. The four old monsters screamed and ran away.

However, they were struck by the black and white sword light. Easily catching up, the sword light circled around the four people gently and skillfully.

Four headless corpses fell from the air.

Gu Shaoyang took off the spirit storage ring, and his life was completely wiped out by the meaning of life and death. Sword, four powerful men of the ninth level of life and death, all fell!

This scene happened to be clearly seen by Gong Yangchao and Xue Yaoguang who came from behind.

The two people paused, their pupils shrank, and there was a huge look in their eyes. look of shock

"This this.."

Gongyang Chao was shocked and speechless.

"This is too scary. Come on!"

"His strength is much stronger than we imagined! Xue

Yaoguang sighed with a complicated face:"Do these old guys really think that Gu Shaoyang's sword is made of clay?" After living for a long time, even my brain is rusty...

Brother Gongyang, let's go up quickly. We must make a good friend with this person!"

Gong Yangchao opened his mouth and nodded with a dull expression.

Only one thought was surging in his mind.

Four veteran strong men from the ninth level of life and death were all killed by Gu Shaoyang's sword?

All of them?!...3.

Chapter 357

The power of the sword of life and death was much greater than Gu Shaoyang imagined.

Directly kill the four demon heart old monsters with one sword. They don't even have the ability to resist.

"I don't know how I compare with the top three giants on the life and death list who are trying their best to attack the King Realm. I think the gap should not be big. I still have to fight to know the details..."

Gu Shaoyang put away the spirit storage rings of the four people including Old Monster Demon Heart and glanced at them casually, with a hint of surprise in his eyes.

These old monsters have indeed gained a lot of wealth in the past thousand years.

There are millions or even tens of millions of top-grade Yuan stones, there are countless kinds of elixirs and spiritual materials, and there are also many heaven-level treasures and martial arts.

Gu Shaoyang felt that they might have used part of it to buy life-extending elixirs or something, otherwise their net worth would be even richer.

After putting these things away, Gu Shaoyang was about to leave.

Suddenly he saw two figures rushing towards him. Gu Shaoyang's eyes moved, he retracted his steps and stopped in place.

It was Xue Yaoguang and Gong Yangchao.

The two of them obviously didn't have any ill intentions. They greeted Gu Shaoyang politely when they came up.

"If word of this battle spreads, my fifth position on the life and death list will definitely be surrendered to Brother Gu..."

Xue Yaoguang glanced at the corpses of the four old monsters on the ground, and said with a complicated face.

"Brother Xue deserves the award. Gu

Shaoyang replied calmly.

Gong Yangchao said, "I wonder where Brother Gu plans to go next?"

Gu Shaoyang thought for a while and replied: "It should be to go back to the sect to retreat for a period of time.""

He is going to use all his strength to perfectly integrate the five Dzogchen Sword Spirits in the next time, and then go to the Nine Heavens.

Gong Yangchao and Xue Yaoguang looked at each other, and Xue Yaoguang said: "If Brother Gu is not in a hurry, If you want to retreat, how about going to the Yaochi Holy Land with us to participate in that grand event?"

"Yaochi Holy Land? Extravaganza?!"

Gu Shaoyang's eyes were stunned and he asked: "What grand event is held in the Yaochi Holy Land?"

"It hasn't been announced yet, but it should be announced soon. We just heard some rumors in advance and made preparations in advance..."

Xue Yaoguang looked mysterious and said to Gu Shaoyang with a smile: "If nothing goes wrong, in as little as half a month or as long as one month, the Yaochi Holy Land will release the news. Recruit the world's most talented people to become the goddess of Yaochi, Lu Zixuan, who is ranked fourth on the life and death list. , Fairy Zixuan competes in martial arts to recruit a bride and recruits a martial arts partner."

"Competition to recruit a bride?!"

Gu Shaoyang was slightly shocked.

Moreover, it was the second-grade Holy Land's Yaochi Heavenly Maiden's wedding ceremony. It was indeed a grand event.

Gu Shaoyang subconsciously thought of Yan Qingyuan. Yan Qingyuan was in the Yaochi Holy Land, and she seemed to be the guardian maid of the so-called Yaochi Heavenly Lady Lu Zixuan.

I wonder if this competition to recruit a bride will have any impact on Yan Qingyuan?

Gu Shaoyang's eyes flickered, and his mind was changing rapidly.

Xue Yaoguang and the others thought that Gu Shaoyang was moved, and said with a smile: "By then, all the young talents in the entire Zhongtian Territory will They will all gather at the Yaochi Holy Land, and the saints from our three top holy lands will also go there..."

It is said that this Fairy Zixuan is of extraordinary beauty, and is one of the first-class beautiful people in the Zhongtian Territory, and has extraordinary aptitudes, ranking among the second-grade holy land goddesses. Being ranked among the top five on the life and death list, he is a truly outstanding person.

Whoever marries her will be blessed with unlimited happiness and many benefits.

Not only can he get the full support of the Yaochi Holy Land, he can inherit all kinds of resources without worrying about it, but he can also get the guidance of a king-level expert, and even a pig can fly..."

"Brother Xue, what are you talking about? Gong

Yangchao smiled bitterly and said, "Can Fairy Zixuan choose a pig as her husband?" Be careful what you say.."

"Haha, let me make an analogy. Xue

Yaoguang laughed and said with emotion: "And the two guardian attendants of this Yaochi Heavenly Maiden are also extremely extraordinary. They are both the best among people, especially the guardian maid."

It is said that he is the reincarnation of the ancient blood kite. He can be promoted to the king's realm even without practicing. However, he was forced to suppress his cultivation by the voiceless voice of the Yaochi Holy Land, and kept pace with Fairy Zixuan.

But her combat power is also extremely terrifying. It is said that she is among the top ten in the life and death list. The second holy son of Jiuyou Holy Land was defeated by her.

It can be said that as long as you marry Fairy Zixuan, you may be able to have the support of two kings in the future!"

Xue Yaoguang said, suddenly feeling that a terrifying murderous intention suddenly erupted from Gu Shaoyang, but it quickly disappeared, almost making him think it was an illusion.

Looking at Gu Shaoyang again, his face was as usual, but his temperament became much colder.

"Brother Gu, could it be that I made some mistake?"

—

—

—

_ I believe that a small seventh-level warrior in the life and death realm can put such pressure on himself.

Gu Shaoyang shook his head slightly and said calmly: "No, I just thought of something else..."

The turbulent breath on Gu Shaoyang's body calmed down, and Xue Yaoguang and the two breathed a sigh of relief. Then they heard Gu Shaoyang ask: "Brother Xue, do you think who is more likely to succeed in this contest between the goddesses of Yaochi to find a bride?"

" Yaoguang smiled and said: "Of course he is the first saint son of the three top holy places, that is, the three in the top three on the life and death list.

Marrying Fairy Zixuan is equivalent to increasing the certainty of being promoted to the king realm. They The three of them all want to be the first among their peers to become the king, and they will definitely not miss this opportunity.

But this is not certain, after all, it is a contest to recruit a bride, and Fairy Zixuan may fall in love with anyone..."

Gu Shaoyang nodded, and suddenly saw that Gong Yangchao seemed to have remembered something, and said to Xue Yaoguang thoughtfully: "Brother Xue, do you think those people will come this time?"

Xue Yaoguang's expression also changed. Change, said: "Those people will come out to stir up trouble every once in a while. They will definitely not miss such an important event as the Yaochi goddess competing in martial arts to recruit a bride, and it should also happen..."

"That's really lively.."

Gong Yangchao sneered, his eyes filled with fear and disdain.

Gu Shaoyang heard this strangely and couldn't help asking: "Who are those people?"

"In addition to thousands of sects and dozens of holy lands, there are also some hidden forces..."

These forces are not sects and do not belong to the holy lands, but they are somewhat powerful.

Every once in a while, their most talented disciples will be sent to Zhongtian The domain stirred up troubles and storms, aiming to damage the reputation of the three top holy places, but most of them brought humiliation to themselves..."

"Are the three top holy places just letting them run wild?"

Gu Shaoyang frowned.

Xue Yaoguang hesitated for a moment, then nodded slowly and said: "It's just a small fight, they don't dare to go too far. The most important thing is that there are people with the level of gods standing behind them..."

"Um?! Gu Shaoyang couldn't help but say:"

How many divine kings are there in Zhongtian Domain?" Xue

Yaoguang replied: "The Wan Sheng Divine Lord, the Nine Nether Divine Lord, and the Dao Yan Divine Lord of the three top holy places, plus some who are hiding in the world, playing in the world, or sitting in seclusion... add up, Probably no more than two palms.

Gu Shaoyang was suddenly startled and lost his voice: "Top ten divine kings?!" There are so many?!"

Chapter 358

"many?"

..."

Gu Shaoyang nodded.

Only then did he understand why the Nine Heavens had become the back garden training ground for the human race in the Zhongtian Domain, and why the so-called Five Emperors of the Tiangong only dared to secretly develop their power.

There are ten great gods in the Zhongtian Territory, and once these monsters and monsters start to cause trouble.

It's just something that can be suppressed at the flip of a finger.

"No matter what, if you have the chance, you should still go and join in the fun, such as the Yaochi Heavenly Maidens Competition..."

Xue Yaoguang said to Gu Shaoyang: "Brother Gu, what are your plans?"

Gu Shaoyang replied: "Okay, I must go and see it when the time comes."

"Ha ha.."

Xue Yaoguang laughed loudly, "My fair lady, a gentleman is so bold, and Brother Gu is also a sweetheart. In that case, how about we go together when the time comes?"

"good."

Gu Shaoyang nodded and agreed.

Xue Yaoguang invited Gu Shaoyang and Gong Yangchao to return to Daoyan Holy Land with him as guests. Gu

Shaoyang remembered that he still had the qualification to comprehend the Daoyan Holy Land Shinto Stele that he had not used up, so he did not refuse, and the three of them went to Daoyan Holy Land together.

Seven days later.

Daoyan Holy Land.

Gu Shaoyang went in and out of the Brahma Sword Tomb many times, and he was considered to have been to the top holy land.

But after seeing Daoyan Holy Land, he truly understood what the top holy land was in its peak state. The atmosphere it possesses is completely incomparable to a holy land like the Brahma Holy Land that has been dilapidated for tens of thousands of years.

Gu Shaoyang once thought that after the fortune of the Hanhai Sect improved, the convergence of hundreds of veins would be a rare spectacle.

But looking at what is in front of him Scene.

Thousands of peaks stand in rows, and mountains are towering.

All kinds of mountain wonders are included in it. In the sky, thousands of golden lights roll red clouds, and thousands of auspicious air spray purple mist.

A stone tablet that reaches the sky is covered with mysterious runes, radiating thousands of rays. Divine light.

On the stone tablet, the purple-gold energy that rises from the sky transforms into the phantoms of auspicious beasts such as true dragons, true phoenixes, and unicorns, with various postures. It is the result of the extremely strong sect's luck.

Compared with Daoyan Holy Land , Hanhai Sect does not even have one hundredth or even one thousandth of its appearance.

Xue Yaoguang looked arrogant, pointed to the front and said lightly:"The tens of thousands of miles ahead are all our Daoyan Holy Land. sphere of influence."

This sentence was said to Gu Shaoyang. Gongyang Chao was born in Wanchu Holy Land. Wanchu Holy Land is the first of the three top holy places, and Lunqiu is even better than Daoyan Holy Land.

Gu Shaoyang was slightly shocked, but soon calmed down.

He Pointing to the sacred monument in front of him, he said to Xue Yaoguang:"Is that the Divine Monument?"

Unexpectedly, Xue Yaoguang shook his head.

"No, this is just a transformation of Daoyan Shenjun. The real Shinto monument is there and cannot be seen here."

It turned out to be a magical power?!

Gu Shaoyang was shocked again.

Such a divine monument that reaches the sky and the earth, even if it has no power, can still kill people.

For the first time, he felt the divine king level. The power of the strong man made the invisible pressure in his heart even greater.

He believed that before Lord Brahma's fall, his magical power would definitely surpass that of Lord Daoyan. After all, the title of the number one god in the Zhongtian Domain was not for nothing.

But even Such a Brahma God Lord has fallen. How powerful is the existence that destroyed the Brahma Holy Land?

Gu Shaoyang cannot imagine

"Let's talk after we go in."

—
—
_ His cultivation level is also in the Condensation Stage, and his level of respect is more than a thousand times greater than that of the emperor in the world.

Along the way, all the disciples of Daoyan Holy Land who saw the three people showed respect and admiration on their faces, and saluted and said hello to the three people.

Xue Yao He is the highest-ranking person in Daoyan Holy Land besides the realm of God King and the First Holy Son. Even many elders cannot compare with him, and his status is extremely noble. The inner and outer sects of Daoyan Holy Land and the core disciples looked at the three of them. There was a lot of discussion on the back of

"It's the Holy Son of Fluctuating Light! We also brought outsiders here"

"I know one of them, he is Gongyang Chao, the second holy son of the Wanchu Holy Land, and he is also an extremely talented figure in the Ninth Heaven Realm of Life and Death!"

"Who is the other person?"

"I don't know...but being able to be friends with the Holy Son of Fluctuating Light, who is ranked fifth on the life and death list, and the Second Holy Son of Wanchu Holy Land, who is ranked sixth, must be a top figure on the same level as them.

It's an existence we can't compare to."

"Yes, they are all real dragons among men..."

Gu Shaoyang didn't know what the disciples of Daoyan Holy Land were talking about.

He became famous so quickly and with so much momentum that even though he ranked quite high on the life and death list and many people had heard of his name, there were still very few people who recognized his face.

If Gu Shaoyang maintains this ranking and reports of sensational results in the Zhongtian Territory, in a few years or more, he will definitely be like Xue Yaoguang, Gong Yangchao and others.

Wherever he goes, it is as if the sun is traveling, with thousands of lights shining and everyone admiring him.

Gu Shaoyang and Gong Yangchao came to Xue Yaoguang's mansion.

Xue Yaoguang showed his kindness as a landlord and treated him with many spiritual fruits, tea and spiritual food, many of which Gu Shaoyang had never heard of or seen before.

The three of them will also discuss martial arts, learn from each other, and have a great time with each other.

Over a valley, two figures were fighting fiercely.

One of them was dressed in white, with a face as bright as the moon, and he was very handsome.

The other person wears a mysterious robe and is even better than the other person in terms of appearance, temperament and demeanor.

It was Gong Yangchao and Gu Shaoyang

"Wanfa Tianhe!"

Gongyang Chao shouted low, and waved his palm to release a torrent of white light filled with swords, guns, swords, halberds, fists, toes, finger sticks. The torrent was extremely majestic, and all kinds of swords, 693 fists, souls, and palms were mixed together, releasing a completely incomparable force with four kinds of The power of the perfect fusion of the Dzogchen Palm.

Facing this torrent of white light, Gu Shaoyang's expression remained unchanged, and he struck out with a sword.

This sword was unremarkable at first, but soon blossomed into a terrifying force that tore through everything and dominated the world. The momentum came.

The sword light cut through the sky like a swimming dragon, and then suddenly faded away and disappeared into the void. When it reappeared, there was a small transparent lotus on the end of the sword.

The sword light plunged into the torrent of white light, like a broken bamboo. , the torrent of white light was torn apart by the sword light from the middle.

Gongyang Chao's expression changed drastically, and he hurriedly retreated until he was dozens of miles away. Finally, he couldn't help but apologize:"No fight, no fight, Brother Gu." Can I admit defeat? A faint smile appeared on Gu Shaoyang's face, and he withdrew the sword gently and deftly.

Gong Yangchao flew up with a wry smile on his face, and looked at Gu Shaoyang as if he were a monster. He couldn't help but sigh:"My It had only been a few days since the Menpoxu Palm was given to Brother Gu, but Brother Gu had already understood it thoroughly and successfully integrated the spatial attribute sword intention into the four Dzogchen sword souls.

This level of understanding and talent really embarrasses us..."

Gu Shaoyang smiled and said humbly:"I would also like to thank Brother Gongyang for the gift."

Gongyang Chao waved his hands indifferently and said casually:"It's just a low-level martial arts skill, it's nothing... This skill is difficult to understand. , its power is not obvious even after it is practiced. I have always regarded it as useless after I got it."

Chapter 359

Gong Yangchao was not only sighing on the surface, but also sighing in his heart.

Occasionally, when discussing with Gu Shaoyang, Gu Shaoyang brought up the issue of the fusion of his fifth spatial sword intention, so he gave Gu Shaoyang the spatial attribute martial skill Void-Breaking Palm obtained from the trial, hoping that it would be helpful to him.

Of course, there is also the intention to make good friends with Gu Shaoyang.

Unexpectedly, it had only been three days since Gu Shaoyang obtained the Poxu Palm. The fusion of the five Dzogchen Sword Spirits had already been completed. The Space Sword Lotus was born on the sword spirit, which dealt Gong Yangchao a huge blow.

But this kind of blow doesn't happen once or twice. Gong Yangchao is almost used to it.

During this period, he fought against Gu Shaoyang no less than ten times, and he was defeated within ten moves almost every time.

After Gu Shaoyang realized the Space Sword Lotus, he was defeated in just three moves.

And Gong Yangchao knew it well, and Gu Shaoyang still let it go.

If he had used the sword that instantly killed the four demon heart monsters, he would have been completely defeated in one move.

If others knew that Gong Yangchao, the second holy son of Wanchu Saint and sixth on the life and death list, could not withstand even one move from a mere swordsman in the seventh heaven of life and death, a lot of people would probably be frightened to death.

"Haha, Brother Gu, don't be polite to him.."

There was a long laugh coming from a distance, and Xue Yaoguang quickly approached them.

"The inheritance of Wanchu Holy Land is to practice all kinds of techniques and integrate them into one body. This guy has no less than twenty heaven-level martial arts skills. Giving you one is nothing at all."

"hehe.."

Gongyang smiled helplessly.

Gu Shaoyang also smiled slightly.

During this time, the friendship between the three of them became increasingly deeper.

Although Xue Yaoguang said so, he was still quite grateful to Gong Yangchao in his heart.

Breaking the Void Palm is a rare martial art that interprets the attributes of space. His fifth spatial sword intention has been difficult to integrate and get started. Thanks to the inspiration from this martial art, it was successfully integrated.

The sword gives birth to the empty lotus.

Gu Shaoyang's Emperor Jingshi Sword is more than 30% more powerful.

If the spatial sword intent is completely integrated, the power of this sword will soar even further.

Xue Yaoguang came to the two of them, teased a few words, and suddenly said seriously to them:"I just got the news that the news of the Heavenly Maiden Competition in the Yaochi Holy Land has been released, and the time is set for the middle of next month.

Don't let us know As expected, the entire Zhongtian Territory was almost boiling. It was truly an unprecedented prosperous time~."

Gongyang Chao sighed:"How could a second-grade Holy Land Goddess, fourth on the life and death list, choose a husband for the proud daughter of Heaven, not attract the attention of others? There are countless talented people in the world who are ready to make a move...

Not to mention others, even I have some expectations in my heart."

Gu Shaoyang was silent and suddenly said to Xue Yaoguang:"Brother Xue, I talked to you a few days ago Is there any news now about the matter you mentioned?"

Xue Yaoguang understood what he was referring to, nodded and said:"I have informed the sect, and the sect has already agreed that the day to comprehend the Shinto tablet will be tomorrow."

"good." Gu Shaoyang was overjoyed. That was actually why he came to Daoyan Holy Land.

Enlightenment is."

Gong Yangchao also smiled on his face and said, "That's very good."

Wanchu and Daoyan are both top holy places. What kind of conspiracy there is between the two is not something Gu Shaoyang can know. It took a lot of fighting to get the qualification to comprehend the Shinto Monument, but Gongyang Chao easily obtained it. , but Gu Shaoyang couldn't envy him.

This is the benefit of being born in a top holy land.

After Xue Yaoguang explained these things, he and Gu Shaoyang once again talked about the Yaochi Tiannu marriage, and they were very interested.

Soon, the second day arrived.

"The Shinto Monument is right in front, you will see it soon."

Xue Yaoguang led the two people deeper and deeper into the Daoyan Holy Land.

After turning around a place, the eyes suddenly opened up.

It was a rather spacious square, with a stone tablet standing in the middle, more than a hundred feet high, covered with ancient and mysterious lines, full of There was an atmosphere of ancient vicissitudes and barbarism.

Gu Shaoyang felt an inexplicable throbbing from the stone tablet.

In addition to the three of them, there were hundreds of Daoyan Holy Land disciples standing in the square, seven of whom stood at the front of the crowd.

Gu Shaoyang When they appeared, these people immediately looked at them

"There are ten places for each Shinto tablet to be enlightened, which is used as a sect reward to motivate the disciples. Right now, the competition between their outer sect, inner sect and the core is coming to an end. Those people are the three leaders, and the others are several other Son-level figures except me."

—

—

_ The second level of the life and death realm must be the outer sect, inner sect and core leader of the Daoyan Holy Land.

Then there are four saint-level figures with cultivation levels ranging from the fourth level of the life and death realm to the seventh level of the life and death realm.

Jiu Zhuozi is not seen, Gu Shaoyang has It was a bit unexpected. As soon as Xue Yaoguang appeared, the disciples in the field immediately saluted and shouted the name of "Holy Son of Yaoguang".

The seven people also came up to greet Xue Yaoguang one after another. Gong Yangchao also knew them, but Gu Shaoyang, many of them There was doubt and surprise on the person's face.

Gu Shaoyang's cultivation level was only the seventh level of the life and death realm, and he didn't look like a saint-child figure from the three top holy places.

"This is Brother Gu Shaoyang, a good friend of me and Brother Gongyang. He once won the first place in ten thousand sects and received a purple gold token from our Daoyan Holy Land. He is qualified to participate in this enlightenment event."

"No wonder!"

There was a lot of discussion in the venue immediately.

"It turns out that he holds the Purple Gold Token. No wonder the Holy Son of Yaoguang would be so polite to him."

"Let me tell you, a mere seventh-level person in the realm of life and death can actually be on an equal footing with the Holy Son of Yaoguang and the Second Holy Son of Wanchu. It turned out to be because of the glory of the Purple Gold Token."

"It can't be said that Gu Shaoyang is somewhat powerful if he can defeat Holy Son Jiuzhuo and win the first place among ten thousand sects."

"Haha, how could anyone be as powerful as the Holy Son of Light? In the final analysis, it is just good luck that he is qualified to stand here."

All kinds of voices of exclamation, questioning, sarcasm, and disdain are endless. Many disciples of Daoyan Holy Land are born with a sense of superiority that comes from being born in the top holy land, and their eyes are higher than the top. They are obviously much lower than Gu Shaoyang's cultivation level. But they still looked down on him.

Xue Yaoguang's face turned ugly when he heard that. He was friends with Gu (Nuo Li Hao) Shaoyang. These people looked down on Gu Shaoyang, which meant they looked down on him. He raised his eyebrows and was about to scold him and get angry.

Gongyang Chao, however, looked down on him. Stop Xue Yaoguang with a smile

"Brother Xue doesn't have to be like this. I heard that the Shinto Monument can not only comprehend the way of heaven, but also have the ability to test the qualifications and understanding of the disciples? Once Brother Gu comes to his senses, these people will naturally shut up obediently."

Xue Yaoguang hesitated for a moment and nodded:"Indeed..."

Then he snorted coldly and said:"It's time for someone to wake up these guys, so that they don't underestimate the heroes of the world, so what about the disciples of the Holy Land. In the journey of martial arts, birth can only determine the speed of starting practice and the height of martial arts achievements. , it still depends on your own efforts"

"What Brother Xue said is absolutely true."

Gongyang Chao nodded in agreement.

Gu Shaoyang glanced at the two of them with some emotion.

Xue Yaoguang and Gongyang Chao became the best figures in the top holy land not only because of their talent, but also their vision and knowledge. It's not something that ordinary people can compare to.

Chapter 360

"It is said that the Shinto stele was jointly refined by many great masters in ancient times, and countless imprints of martial arts and great principles are engraved on it.

It can be said that one day of meditating under the Shinto monument is better than ten years of solitary practice.

Some things that need to be understood between life and death can be easily found in the Shinto tablets..."

After Xue Yaoguang explained, Gu Shaoyang almost understood what the Shinto monument was.

It is equivalent to the largest library in Zhongtian Territory, but it is not filled with books, but the martial arts experience left by the predecessors and the insights of the great ways of heaven and earth.

Understanding the Shinto Monument is equivalent to standing on the shoulders of giants, and understanding the artistic conception of martial arts and other things will naturally make rapid progress.

For example, a disciple who majors in swordsmanship and has just understood a little bit of the sword's soul may have studied the Shinto tablet once and woke up with the sword's soul perfect.

Because there are many ready-made enlightenment experiences in the Shinto tablets, just use them.

This is the power of the Shinto Monument

"The Shinto Monument covers almost all types of martial arts experience in the world. For example, Brother Gu, you may be able to gain a lot from the space attribute power that you have been studying recently..."

"Is it really that powerful?"

Gu Shaoyang was slightly surprised. He used to think that there were three rewards for being number one in the Ten Thousand Sects.

Compared with the Ten Thousand Holy Spirit Fruit and the Nine Netherworld Water, the qualification to comprehend the Shinto Stele once was of the lowest value.

Now he discovered that the real big head is this talent. yes

"Yes."

—

There are even rumors.."

Xue Yaoguang said in a deep voice:"It also contains the power of the attribute of time."

"What?!"

This time even Gongyang Chao exclaimed,"Real or false?!"

""Time is revered and space is king" is not something you say casually.

Even those who only have a superficial grasp of the power of time can easily become invincible at the same level.

No one can defeat someone who is in a different time and space than themselves. Man, it's like you can't kill who you were yesterday

"However, this is just a rumor. I have never heard of anyone understanding it..."

Xue Yaoguang shook his head and sighed: "Moreover, the Shinto Monument is not that easy to comprehend. Generally speaking, martial arts comprehension is not bad. Those who have insights like those at the king level and the divine king level have their own will. If you are not lucky enough, if you don't have enough understanding and don't fit in well enough, it's impossible to realize it if you don't enter its Dharma eyes.

But once you realize it, visions will be generated..."

"Vision? What vision?! Gongyang

Chao asked curiously.

Xue Yaoguang replied: "There will be projections of ancient powers, but this is also difficult." King-level powerful projection is fine, but as for the divine-king level... I have only seen the First Holy Son Duanmu Ye use it in such a long time.

At that time, the entire Daoyan Holy Land was shaken, and he was directly appointed as the First Holy Son by Divine Lord Daoyan."

"call.."

The male sheep let out a breath of surprise.

"I didn't expect that there are so many secrets in understanding a Shinto tablet."

While sighing, the seven people in the square had already walked into the area of the Shinto Monument one after another, and sat down cross-legged about ten steps away from the Shinto Monument.

"Let's go too."

—

_ The thing aimed at the Shinto stele and emitted a white light.

Suddenly, the Shinto stele glowed brightly.

The countless mysterious runes on the stele seemed to come alive at the same moment, squirming like earthworms. After staring at it for a long time, it seemed as if even the soul was being sucked into it..

Immediately afterwards, ten golden light pillars hung down from the Shinto monument, covering the ten people in the field one by one.

"Enlightenment has begun!"

At the moment when the golden light beam enveloped him, Gu Shaoyang felt as if his mind had entered an inexplicable vast space for an instant.

Gu Shaoyang saw the stars in the sky, the bright moon in the sky, and the scorching sun.

In front of him was a strange and bizarre world.

Various sword intentions. , sword intent, palm soul, and fist soul create various phenomena.

"The realm of mind should be the stars, and the realm of soul should be the bright moon. As for the realm of the sun,.."

Gu Shaoyang stared at the scorching sun in front of him that emitted extremely blazing sword energy and murmured:"This should be the martial arts conception of the soul realm."

"So, how do you capture these insights?"

Gu Shaoyang tried to get closer to the star closest to him.

It was said to be a star, but it was actually a ball of light the size of a fist, emitting a faint shimmer, and there was a faint sword energy coming from it.

Gu Shaoyang stretched out his hand towards the light. The group grabbed him, but the light group suddenly disappeared.

The next moment, a young man's figure appeared in front of Gu Shaoyang.

Wearing clothes from an unknown age, he had a decent appearance and held a (caee) Qingfeng sword.

"If you want to understand my Qingshuang Sword Intention, you must defeat it first.."

"puff——"

Before the young man Xuying could finish his words, he was beaten to pieces by Gu Shaoyang with a casual wave.

Then, the ball of light that Gu Shaoyang saw before appeared again, and this time it was easily held in Gu Shaoyang's hand.

A stream of insights about the sword's intention flowed into Gu Shaoyang's heart. It must be the Qingshuang sword's intention that Xuying mentioned before.

"With both wood and ice attributes, this sword intention is quite interesting..."

Gu Shaoyang whispered, and tried to "capture" a sword soul-level perception and a sword soul-level perception. Finally, he roughly understood the perception rules in this Shinto tablet.

"The insights of these ancestors are not left to future generations in vain. If you want to gain insights, you must first defeat the projection of the person who left the insights...."

The combat power of these ancient warriors is much higher than that of today's warriors with the same strength, and they are quite difficult to deal with.

The strength of the projection depends on the level of enlightenment, and the maximum will not exceed my current strength.

However, the combat experience and combat skills are indeed completely replicated.."

Gu Shaoyang recalled the Sword Soul-level perception that he had just failed to "capture", and what was projected turned out to be a peak ancient king realm expert.

Although he has suppressed his strength to the same level as him, his lofty vision and fighting skills completely overwhelmed Gu Shaoyang.

Unless Gu Shaoyang goes all out and plays all his cards, there is no way he can defeat the peak Ancient King.

He simply retreated

"This way of comprehending is too slow, and what is comprehended in this way is not complete.

With my understanding, I can only understand 70% to 80% of the 100%, while others can only understand 30% to 40% at most."

Gu Shaoyang couldn't help but sigh: "This Shinto monument is like a treasure house. It's a pity that the treasures in the treasure house are shackles layer by layer, and the treasures obtained after all the hard work are also greatly reduced. It's really not beautiful..."

Suddenly, Gu Shaoyang's heart moved, "I wonder if the ability to extract attributes can be used here."

Gu Shaoyang tried it, and his eyes suddenly burst out with a strong light of surprise.

The large and small light groups in front of me all turned into attribute bubbles of different sizes.

"Ling Jue Sword Intention Attribute*985.."

"Sky-Tearing Sword Attributes*34949.."

"Attributes of the Heaven-turning Palm Soul*4759398.."

This time, the treasure house has truly become a treasure house, and the treasures inside are completely intact and undefended!

Gu Shaoyang came to the side of the "Tian-Tearing Sword Soul Attribute" he just saw and chose to extract and absorb it.

Sure enough, a steady stream of complete insights into the art of the Heaven-Removing Sword Soul poured into his heart, but the projection of the master of the Sword Soul did not appear.

Gu Shaoyang was ecstatic, but he also realized something

"Defeating the projection will also give you the qualification to understand the sword's intention, which can be said to be copying or copying....Not much of the enlightened sword spirit is lost, and it can still be left to the next person who understands it.

And when I extracted the attributes, I did completely absorb these insights into the plunder. It seemed a bit overbearing and mean..."

Gu Shaoyang showed hesitation on his face, suddenly his brows relaxed, he smiled casually, and whispered to himself

"Then I will only take those insights that are useful to me... What I have absorbed and plundered this time, when I, Gu Shaoyang, become a king in the future and become a god king or achieve a higher level, I will come back and leave a piece of my own swordsmanship insights..."

Isn't that right? Victory over the countless swords and souls here?!"

Gu Shaoyang exuded an extremely confident, free and easy temperament, and there was no longer any hesitation on his face. He quickly searched for and absorbed the swordsmanship insights that were useful to him....
