

## Attributes 481

Chapter 481

The sky above the entire Sea of Annihilation has been completely covered by thick thunderclouds.

There is unimaginable terror brewing in the thunderclouds. Once it breaks out, it will be heaven-shaking!

The warriors who were undergoing trials in the Sea of Nirvana all stopped at this moment and looked at the sky with wide eyes in horror.

"What happened?!"

"It's like a terrifying thunderstorm is brewing.."

"Is it possible that some powerful person is here to overcome the tribulation?!"

"Run! Leave the Sea of Nirvana!"

Strong men in the realm of life and death, like panicked ants, are running madly in all directions, trying to escape from this terrifying place.

Even the monster warriors who have been infected by the death energy and become walking corpses are also in the horror above their heads. Under the pressure, he showed a faint look of panic, raised his head and roared loudly.

Gu Shaoyang glanced at the Sea of Annihilation lightly, and whispered to himself: "Before entering the mausoleum, you may have been affected, but now..."

Gu Shaoyang chuckled and looked up at the thunderclouds in the sky, with a strange light bursting out of his eyes.

"The Divine Lord's Thunder Tribulation should be able to transform my Destruction Sword Soul into the power of law, right?..."

At this time, a figure appeared in the void in the distance.

Lord Kanyuan.

Not long after Kanyuan Shenjun, who had a fluttering white beard from the Immortal Wind Dao, appeared, three more figures appeared.

Divine Lord Kanyuan smiled at the three of them, "You are here too."

These three people were the Divine Lord Wanchu, the Divine Lord Daoyan and the Divine Lord Jiuyou.

More and more gods appear in the void, and there are no less than seven or eight shadowy figures.

Not only them, almost all the divine kings who fought against the foreign races outside the territory came here.

"I didn't expect that all the fellow Taoists would come here for the Emperor of Heaven..."

Many gods smiled and replied: "After all, the Emperor of Heaven was very kind to us outside the territory." In the void outside the territory, if Gu Shaoyang hadn't killed many alien saints with great force, at least half of the gods would have perished.

"yes.."

Lord Kanyuan sighed, his eyes flashing.

There is another reason that the gods knew very well but did not say it out loud.

They did not help when Lord Brahma died, and now there is a Gu Shaoyang who is more outstanding than Lord Brahma in the Zhongtian Domain. They cannot continue to be indifferent.

The thunderclouds gathered thicker and thicker, and the faint power revealed in them made Kan Yuan Shenjun and others couldn't help but change their expressions.

"Fellow Taoists, how many thunder catastrophes do you think the Heavenly Emperor will have when he is promoted to the Divine Lord this time?"

Kan Yuan spoke, and a god immediately replied:"There is no doubt that it must be the supreme ninth level thunder tribulation."

"I feel so too"

"It must be so."

The other divine monarchs also agreed.

Divine Lord Kan Yuan nodded and said with emotion:"As soon as the Emperor of Heaven enters the realm of divine monarchs, my title as the number one person in the Heaven Realm is truly deserved."

"Yes, after all, he is a monster who can kill the king in the king's realm...."

"Look, the thunder calamity has fallen!"

You Shenjun suddenly spoke to remind you, and everyone immediately looked at it.

Sure enough, there was a red light hidden in the thunder clouds as thick as a black mountain and lightning.

"The first one is Red Thunder!"

Kan Yuan Shenjun said firmly:"It must be the ninth level. I only hope that the Emperor of Heaven will...Um? What is he going to do?!!"

Before Kan Yuan Shenjun finished speaking, a look of great shock appeared on his face.

The other Shenjuns also exclaimed in surprise.

At the moment when the red lightning in the thunder cloud was about to fall, Gu Shaoyang's figure suddenly Disappeared.

When he reappeared, he was already in front of the thunder clouds. He suddenly jumped into the thunder clouds.

Entering the thunder tribulation?

God Lord Kan Yuan and others have never seen such a boldness in their lives of tens of thousands of years. , an unscrupulous way of overcoming the tribulation.

After Gu Shaoyang's figure disappeared into the thunder tribulation, the entire thundercloud seemed to be still.

Then, the entire thundercloud slowly began to rotate.

In the center of the thundercloud, a huge vortex appeared.

In the whirlpool , a slender and tall figure stood in the void, nearly endless thunder and lightning flashed and jumped around him, and then poured into his body crazily.

"He is...Devouring Thunder Tribulation?!"

There were expressions of disbelief in the eyes of many gods, and they all had expressions that couldn't believe what they saw with their own eyes.

The thunder tribulation that countless people were afraid of avoiding, Gu Shaoyang actually devoured it crazily, and it seemed that he didn't receive any of the thunder tribulation. Injury, the aura on the body is getting higher and higher.

It's simply unbelievable!

"Extract attributes!"

Gu Shaoyang doesn't care about the red thunder, gold thunder and purple thunder, or how many levels of heavenly calamity it is, just devour them all! The five elements, immortality, destruction, killing, life and death, reincarnation... the power of these sword souls is integrated into the "domain", Gu Shaoyang I feel that my domain has reached a short-lived small perfection.

""Domain" opens up, covering thousands of miles of territory, including the entire thundercloud. Coupled with the power of his immortal king's body, even if the power of the divine king's thunder calamity enters the body, it can not provide any nourishment to Gu Shaoyang. He caused no harm.

Waves of extremely turbulent thunder tribulation power were extracted and absorbed by Gu Shaoyang.

These powers were supposed to be hatched and brewed into terrifying thunder in the successive tribulations, but they were destroyed by Gu Shaoyang even in the cradle. Swallowed the leather and bones together.

Under the endless power of the Divine Lord's Thunder Tribulation, Gu Shaoyang's immortal king's body transformed again.

It continued to become stronger and moved towards a more terrifying level.

Five hundred thousand kilograms of power!

Six hundred thousand kilograms. A huge amount of power!...

A million pounds of strength!

Gu Shaoyang opened his eyes suddenly, and a strong light burst out from his eyes, directly shattering the void in front of him.

His physical body, every inch of bone and flesh, every inch of skin, seemed to contain an ancient true dragon.

Every gesture contains supreme power.

The immortal king's body transforms into the immortal divine body!

"What state has it reached?"

Gu Shaoyang sighed.

The power of his soul-destroying sword is also constantly accumulating, growing, and transforming....

The scene when he witnessed the destruction of Heavenly Dao in the Sanmu Realm appeared next to Gu Shaoyang again.

The void around him continued to collapse and annihilate, as if interpreting the destruction of a world. finally...

Gu Shaoyang took a long breath, and all the thunderclouds with a radius of thousands of miles were sucked into his mouth in a few breaths.

The sky above the Sea of Nirvana instantly changed from dark clouds to clear skies.

As for where Gu Shaoyang was, the void completely shattered and turned into chaos.

In the chaos, a pure black color with many chains of thunder and lightning slowly appeared.

The power of the Law of Destruction is accomplished!

The moment this chain appeared, the faces of Kan Yuan Shenjun and others were all moved.

The chains gave them a great sense of life and death crisis. Just looking at them made their scalp numb, as if they would be crushed at any time.

"What kind of power is this?!"

Finally, a god king spoke with a pale face.

This is not the first time they have seen it on Gu Shaoyang. When Gu Shaoyang repaired the space barrier in the Zhongtian Domain, he also manifested a chain, but it was silver-white and contained an unusually strong The breath of space power seemed to point directly to the essence of space.

Divine Lord Kanyuan also shook his head in shock.

No, I don't know, I have never seen it before, how can I understand it?

Many gods in the Zhongtian Domain suddenly felt that I doubt whether I am truly in the divine realm.

A huge sense of frustration and frustration arises in my heart....

Chapter 482

"The power of the law of destruction, the power of the law of killing, the power of the law of space..."

Now Gu Shaoyang already has three attack methods that borrow the power of the law.

It is equivalent to the three most powerful swords in his hand. Any one of them is earth-shattering!

"Nowadays, anyone in the Divine Lord realm is almost certain to die under my sword. If he is a strong Heavenly Master like the Holy Blood Saint, he should be able to kill him. I have never fought against the Heavenly Master in the Zhongtian Domain, so it's hard to make a conclusion, but if I use The power of domain..."

Gu Shaoyang's eyes flashed.

After he was promoted to the Divine King, his "domain" directly expanded to a range of one hundred thousand miles, which was more than a hundred times stronger than that of the King.

This means that once Gu Shaoyang's "domain" expands.

Within the territory of one hundred thousand miles, all your existence under the Divine Lord in the early stage can only be slaughtered by him.

Moreover, once Gu Shaoyang compresses the "domain", the intensity of the "domain" will continue to increase.

If it were compressed to a thousand miles, Gu Shaoyang felt that even if Tianzun was trapped, he would not be able to escape.

It can be said that after being promoted to Divine Lord, Gu Shaoyang's combat effectiveness has increased more than ten times!

"It's almost time to come, right?.."

Gu Shaoyang held Seven Star Longyuan in his hand, stood in the void, and muttered to himself.

Before he finished speaking, he saw that the sky that had been clear just now became dark again, and an inexplicable power filled the air, as if something was about to arrive.

893 When Kan Yuan Shenjun and others saw this scene, their expressions suddenly changed slightly and became solemn.

"coming..."

The next moment, more than thirty phantoms appeared directly in the sky.

These phantoms have different shapes, including men and women. Their clothes are completely different from those in the Zhongtian Territory. Even their appearance and characteristics are completely different from those of the human race in the Zhongtian Territory.

These phantoms all exude the aura belonging to the Divine Lord Realm, and are extremely powerful.

More than thirty divine kings!

The expressions of Kan Yuan Shenjun and others changed drastically, and they shouted in low voices

"More than thirty gods and kings manifested their thoughts. When Brahma realized the way to heaven, only more than twenty people came?!"

"Kanyuan Shenjun, let us..."

Kan Yuan gritted his teeth and said fiercely: "Everyone, let's fight. If these people are allowed to continue to be so rampant, our Zhongtian Territory will never think of another true genius in the future!"

Many gods looked solemn and said in unison: "What the Lord God said is absolutely true."

Shenjun Kanyuan and others were about to go to help Gu Shaoyang, but they saw that Gu Shaoyang had already gracefully greeted the shadowy Lords alone.

"Sword cultivators from the Zhongtian Domain must die!"

"You must die, you must die, you must die!"

More than thirty god kings shouted at Gu Shaoyang in unison, their voices full of resentment and murderous intent.

It was like the most vicious curse, containing terrifying magic power. Wherever the sound wave reached, all living creatures exploded. and died.

Gu Shaoyang's expression remained unchanged. He took one step forward and appeared in front of dozens of divine kings. He narrowed his eyes and a sneer appeared at the corner of his mouth.

Among them, he felt many familiar atmospheres.

"Were you the ones who attacked me when I was in the King Realm?"

Gu Shaoyang glanced at these phantoms of the gods, and all the phantoms of the gods that he glanced at had a look of panic on their faces.

"Sword cultivators from the Zhongtian Domain must die!"

A phantom of a god king suddenly roared, and Gu Shaoyang took action.

The other god kings also followed suit.

More than thirty god king level attacks were directed at Gu Shao at the same time. Suddenly, the color of the sky and the earth changed, and the void sounded like wind ripping paper. "Crackling" crisp sound

"not good!"

The expressions of Kan Yuan Shenjun and others changed drastically.

They had seen this scene tens of thousands of years ago.

It was the same supreme talent in the Zhongtian Territory. He was extremely talented and talented, and was the best in Zhongtian.

But in dozens of years, The first encounter between the Divine Sovereign and the Sovereign was severely injured and he was defeated. Later, he was beaten to death. There were so many ants that they killed an elephant, let alone dozens of powerful Shenjun realm men who joined forces.

Even Tianzun had to temporarily avoid it. It's so sharp, so what if he is the number one person in the Divine Lord Realm in the Zhongtian Domain? He can't even resist it.

But the next moment, the expressions of Kan Yuan Divine Lord and others suddenly froze, and their eyes widened.

"How can this be?!"

Facing dozens of god-level attacks, Gu Shaoyang showed no expression on his face and said coldly: "Open!"

It seemed as if there were invisible ripples spreading out from Gu Shaoyang's body.

And the gods who were swept by the ripples all stopped at the same moment.

It was as if they were hit by some powerful immobilization spell, and they couldn't move at all, even the ones on their hands. The attack also stopped, and everyone's eyes showed a huge light of horror.

"Domain"!

Gu Shaoyang's domain power.

Spread out at such a close range, no god can escape, and they are all included in his domain.

And within the scope of the domain, Gu Shaoyang is the only master.

One thought can control life and death!

"die!"

A cold light flashed in Gu Shaoyang's eyes, and the Seven-Star Longyuan drew a graceful and cruel arc in the void.

The next moment, the bodies of more than thirty divine monarchs were cut in half at the same time, and then suddenly collapsed invisible.

"Damn damn it!"

"The sword cultivator from the Zhongtian Domain should be damned!"

"We will be back!"

Strong consciousnesses of the powerful gods retracted quickly, filled with fear, unwillingness and hatred.

Killing more than thirty god kings with one sword!

Although it was just a projection of the god's thoughts, it was enough to shock people.

Kan Yuanshenjun and others all stood there, dumbfounded and horrified.

"too strong!"

"He is worthy of being the first genius of our Zhongtian Domain in all eternity. He has just entered the Divine Lord Realm and is more than ten times stronger than Brahma who was at the peak of the Divine Lord!"

"We are actually worried about the Emperor of Heaven..."

Divine Lord Kan Yuan gave a bitter smile and said with a complicated face: "I'm afraid this so-called great catastrophe that blocks the way has not been taken seriously by the Emperor of Heaven at all."

The other Divine Lords of the Zhongtian Domain were also sighing.

"Still want to leave?!"

Suddenly, a cold snort sounded in the ears of the gods. Looking up, they saw Gu Shaoyang, who had killed dozens of projections of the gods with one sword, took a step forward, raised his sword and chased towards the nine heavens.

Gu Shaoyang's speed was too fast. It was so fast that it could almost catch up with the speed at which the consciousness of the gods retracted, and they disappeared in the sky in the blink of an eye. It was not enough to kill dozens of gods' projections of their thoughts, but they also had to chase them out of the territory?!

Shenjun Kanyuan and others were stunned.

Just when I was considering whether to follow up,

I saw that the blue sky suddenly turned blood red.

The scarlet blood red smudged the entire sky in an instant.

It was like....The sky weeps blood!

Immediately afterwards, huge holes were opened one after another in the sky, and huge round things rolled down from the sky.

Kan Yuan Shenjun and others suddenly opened their eyes, with a look of disbelief on their faces, and exclaimed

"This is...The head of the divine king!"

"so much?!!"

The heads falling from the sky, with protruding foreheads and ugly looks, exuded an aura that could only be possessed by the divine monarch.

But at this time, the heads of these divine monarchs were all covered with death aura, and their expressions were full of A look of shock, shock and fear.

It was as if someone was decapitating him with a sword before he died, without any ability to resist..

Chapter 483

Gu Shaoyang, who understood the laws of space, was faster than the consciousness of these gods.

In a few breaths, he had already chased him out of the Zhongtian Territory and outside the territory.

The existence of the space barrier makes it impossible for aliens from non-Zhongtian Territory to pass through the space barrier and come to the Zhongtian Territory.

It can only be done through consciousness projection, but the power that consciousness projection can exert is limited. At most, it is only about 50% to 60% of its own strength.

When Gu Shaoyang walked out of the territory, he saw dozens of ugly, short, weird aliens clinging to the light film of the space barrier.

It was like a bug lying on the lampshade, the scene was very weird and strange.

Gu Shaoyang frowned slightly, raised his sword and headed towards these weird aliens.

"I have promised you that one day I will chop off your heads, and today is the day to promise!"

Gu Shaoyang snorted coldly, and slashed out with his sword. Several foreign gods' heads were chopped off by him, and they rolled down to the Zhongtian Domain.

It was easier than Gu Shaoyang imagined.

At this time, the consciousness of those foreign gods completely returned. Shrinking, the ugly guys opened their eyes one by one. When they saw Gu Shaoyang, their first reaction was to shrink back in panic and fear, with no intention of fighting with them.

Gu Shaoyang killed several more aliens, and his suspicions became even stronger.

These The consciousness projections of the alien god kings are tall and majestic, but their true bodies are wretched and ugly. They do not have the slightest grace that a strong person in the god king realm should have.

Moreover, what is most strange to Gu Shaoyang is that the strength of these alien god kings is not even as strong as their consciousness projections. A quarter of them.

Gu Shaoyang even killed their consciousness projections, let alone the weaker bodies?!

It can be regarded as the weakest divine king realm that Gu Shaoyang has ever seen.

"Reincarnation!"

Gu Shaoyang struck the power of reincarnation on a certain alien god who fled in a hurry. The latter suddenly fell into a daze. Gu Shaoyang took the opportunity to look through the other person's memory.

Gu Shaoyang saw that in an unknown realm, there was a powerful alien genius. Promoted to the Heavenly Lord.

The thunder was like rain. This alien prodigy was extremely powerful in battle. He managed to survive the thunder tribulation. Just when he was about to achieve the position of Heavenly Lord, dozens of tall and stalwart figures suddenly appeared, all heading toward him. This person took action.

The alien genius who had just become a heavenly master was caught off guard and was seriously injured.

And under the subsequent wave of attacks, he was beaten to death.

The alien genius fell!

An inexplicable power was born, Spread at least outside the boundary of this area.

They clung to the boundary barrier and ate up this power. Their ugly faces showed a look of greed and satisfaction, and the auras on each of them became much stronger.

There are many similar scenes.

Each memory represents the fall of a talented person.

Gu Shaoyang even saw a familiar figure.

Lord Brahma.

He saw Lord Brahma trying to attack the realm of Heaven, but was blocked by these guys. Dao, beat them to death.

Even the entire Brahma Holy Land was completely killed by these guys.

These aliens are like locusts, wandering in one domain after another.

They have special talents and consciousness. After the projection is refracted by the space barrier, its power will be stronger than its own strength. They swarm up and attack in groups.

Using this despicable, vicious and shameless method, they kill countless outstanding people and share their power. Luck, strengthen yourself.

Gu Shaoyang saw the murderous intention in his heart.

"die! die! die!"

The huge blood-red chain shadow loomed behind Shaoyang, and the power of killing was swaying wantonly.

With one swing of Gu Shaoyang's sword, three heads of foreign gods were chopped off by him.

"I will use your first human-headed tower today to see if you, a group of aliens like a plague of locusts, still dare to invade our Zhongtian Territory, and dare to poison the talented people of our Zhongtian Territory?"

Gu Shaoyang's sentences are like a sword, cold and sharp.

Not one of the more than thirty foreign god kings escaped, they were all slaughtered by him with one sword.

All turned into headless corpses. The heads were thrown into the Zhongtian Territory by Gu Shaoyang, while the headless corpses were randomly scattered outside the territory.

"Roar!"

Suddenly, an extremely angry and sharp roar sounded in Gu Shaoyang's ears.

Gu Shaoyang followed the sound and saw a short and ugly figure appearing in front of him, glaring at him with an angry face.

Tianzun Realm?!

This alien has a body on his face. The strange power emitted made Gu Shaoyang a little surprised.

But it was just a surprise.

This alien Celestial Being was far inferior to the Holy Blood Saint that Gu Shaoyang had faced before, and he should also be at the bottom among the Celestial Beings.

"Go to hell!"

The alien god roared at Gu Shaoyang, suddenly closed his eyes, and manifested an infinitely tall and majestic god-man, and hit Gu Shaoyang fiercely.

The god-man manifested by consciousness was more powerful than the alien god himself. Several times more.

Gu Shaoyang had no expression on his face and shouted in a low voice: "Shrink!"

The domain covering the area of 100,000 miles around him suddenly retracted, shrinking back to 10,000 miles.

The solidity of the domain suddenly increased tenfold.

The movements of the stalwart god who was about to hit Gu Shaoyang with a punch immediately became difficult and dull. , there was also a trace of horror on the face of the alien god who controlled the god-man.

0·····Asking for flowers·····

"Shrink again!"

The territory of thousands of miles shrank again, shrinking to three thousand miles!

This time the majestic god-man stopped completely, and the light on his body flickered, as if he was under unimaginable terrifying pressure.

"burst!"

Gu Shaoyang looked directly at the stalwart god-man in front of him and uttered a cold voice.

The stalwart god-man who reached the sky and the earth completely exploded with his next breath, revealing the alien deity with a frightened look on his face behind him.

"This is impossible! ?"

The Alien Heavenly Lord screamed and quickly wanted to escape.

Gu Shaoyang sneered.

"In my domain, you still want to escape from my control? It's simply wishful thinking!"

Gu Shaoyang took one step forward, and the next step was to appear beside the alien Heavenly Lord. Before the other party could react, he raised his sword.

"Poof——"

The ugly head fell like a meteor to the lower middle heaven.....0 at the same time.

The Kanyuan Divine Lords in the Sea of Nirvana had dull faces.

The sky was still blood red, and the color even became darker, giving it a tragic taste.

One after another, huge and ugly heads fell from the sky, like meteors, hitting the ground hard.

"boom!"

The heads are stacked together to form a mountain.

"Thirty-two..."

"Thirty-two!!"

Kan Yuan Shenjun and others are going crazy.

Thirty-two Shenjuns died under Gu Shaoyang's hands, and their heads were piled up like a mountain!

Although they were not the Shenjuns of the Zhongtian Territory, the sad feeling of a rabbit dying and a fox making them feel chilled.

It's too scary.

Gu Shaoyang, who has been promoted to the Divine Lord Realm, is simply too scary.

"Look..."

Suddenly, Youshenjun's eyes shrank, he pointed at the sky and shouted in a low voice.

Kan Yuan Shenjun and others followed the sound, and their eyes widened suddenly.

They saw a head that was even bigger and more majestic than before falling from the sky. The aura emanating from it made them tremble even if they died.

"Heavenly Lord!"

"A strong person in the Heavenly Realm?!"

Gu Shaoyang even beheaded Tianzun?!

Kanyuan Shenjun and others were completely dumbfounded and stood there blankly.

They saw thirty-two foreign gods' heads and Tianzun's heads, stacked on top of each other, and quickly turned into mountains.

One after another, they saw Pure and thick spiritual veins extend from the high mountains, growing countless strange flowers and fruits, full of vitality.

It is said in the books of later generations

"...Emperor Gu Tian killed the foreign god Lord Tianzun in the Sea of Annihilation. The bones of the god Lord fell to the ground and formed a mountain, called the Meteor God Mountain!

The mountains are so high and the treasures of heaven and earth are so numerous....The Emperor of Heaven favors people!"

Chapter 484

Gu Shaoyang killed those alien gods like locusts, Tianzun, and returned to the Zhongtian Territory.

Suddenly, he discovered that the fallen heads of the gods and gods were stacked on top of each other, and they were gradually turning into mountains.

"These alien races are a bit strange. They seem to major in divine sea thoughts, so the head is where all the essence of the body is...."

The mountain transformed by the thirty-two divine king heads, plus one Tianzun head, might become the number one sacred mountain in the Central Heaven Region in the future."

Just as Gu Shaoyang was thinking, Kan Yuan Shenjun and others walked out of the void and greeted him with complicated expressions:"Emperor of Heaven...."

Gu Shaoyang smiled slightly, pointed at the mountain of alien heads around him that was slowly turning into material, and said lightly:"Everyone, these alien monsters are dead. From now on, there will be no obstacles to the swordsmanship and the path of Tianzun in the Zhongtian Domain!"

Kan Yuan The Shenjun and others were slightly shaken, and they all saluted Gu Shaoyang seriously,"The Emperor of Heaven is as kind to the tens of thousands of warriors in the Middle Heaven Territory as"Zero Three Three"!"

After a while of greetings, those who came specially wanted to help Gu Shaoyang get promoted smoothly. In the Divine Lord Realm, the gods who came here in vain to witness Gu Shaoyang's supreme ferocity in killing thirty-two Divine Lords and one Heavenly Lord with one sword, all left one after another.

Only Shenjun Kanyuan and Wan Chu, Dao Yan, Jiu You and others were left in the field.

Gu Shaoyang thought for a while and said to Divine Lord Kan Yuan:"Sir Lord, is there any news about the selection of the envoys of Zhongqian Domain that you mentioned before?"

Divine Lord Kan Yuan said:"I was just about to tell you about this matter. The time for the selection of the domain envoy has been determined, and there are still two years to go. However, the Zhongtian Domain is almost a year away from the Zhongqian Domain Realm and Xiao Canglan Realm where the selection will be held, so if you decide to go, you must set off in another year. Got it.."

"one year..."

Gu Shaoyang's eyes flashed.

Since he had been promoted to the Divine Lord Realm, he naturally decided to participate in the selection trial.

One year is almost enough time for him to arrange some things properly.

"Will Shenjun Wanchu and others also want to go? Gu

Shaoyang asked.

Wan Chu and the others shook their heads and said with a wry smile: "We have the responsibility of inheriting the sect and we dare not leave Zhongtian Territory at will."

Wanchu Daoyan Jiuyou is one of the three top holy places in the Zhongtian domain. Not long after the Zhongtian catastrophe ended, and when they needed to stay and recuperate, they couldn't let go of this foundation. Gu Shaoyang didn't have such worries.

Yan Qingyuan, who is the ancient blood kite, has grown to the peak of the King Realm over the years, and her combat power is so high that even the other emperors of the Nine Heavens are no match for her. I think

Yan Qingyuan can be promoted to the Divine Lord. It won't be long before the strength is enough to control all the forces under Gu Shaoyang.

The Emperor City and the Holy Land of the Vast Sea.

This can ensure that even if Gu Shaoyang is not in the Zhongtian Territory, everything under his command will be solid and no trouble will occur.

"What are those gods doing here?"

Wan Chu and others obviously have something waiting for him.

Lord Daoyan explained with a smile: "Before the Emperor of Heaven and others leave Zhongtian Territory, there is one more thing that needs to be done...."

"What?"

"Shinto monument leaves traces!"

Gu Shaoyang suddenly remembered that when he obtained the martial arts insights left by many sages and great masters from Shinto, he also made a great wish, "When the day comes when he becomes enlightened, one sword will repay a thousand swords." Making great wishes will lead to cause and effect. The great oath sworn to heaven and earth, if you break your promise and fail to fulfill it, it is easy to be entangled in cause and effect, and the martial arts will be hindered by many obstacles in the future.

Jiuyou Wanchu and Kanyuan Shenjun and others also took this opportunity to go to the Shinto monument to leave traces.

This kind of Zhongtian domain The great event of martial arts being passed down from generation to generation seemed to be insignificant before the great catastrophe of Zhongtian. Only after the catastrophe did you know how valuable the inheritance was. The five of them are all in the divine king realm. From the Sea of Nirvana to the Holy Land of Daoyan, the territory of thousands of miles is also It's just a few breaths of time.

Daoyan Holy Land.

Under the Shinto Monument, there are many disciples of Daoyan Holy Land surrounding it. Ten Daoyan Holy Land disciples are sitting under the Shinto Monument and are meditating silently.

After the Zhongtian Tribulation, The disciples of Daoyan Holy Land have also withered away a lot, so Daoyan Holy Land has already lowered the qualification standards for enlightenment of the Shinto Monument. Both Daoyan Holy Land disciples and other warriors have more opportunities.

Gu Shaoyang and others appeared at the Shinto Monument went up, which immediately caused many disciples to be shocked

"God-level powerhouse?!"

"Divine Lord Daoyan, Divine Lord Wanchu, and Divine Lord Jiuyou are also there. That one should be Divine Lord Kanyuan. I once heard Divine Lord Daoyan call him Senior Kanyuan..."

"Who is that young man who stands beside the three great gods and is treated with respect even by Kan Yuan? Could it be that he is also a powerful divine king?"

A young disciple asked ignorantly.

Someone next to him immediately replied with a speechless face: "That's the Emperor of Heaven. Emperor Gu Tian who single-handedly resolved the catastrophe, repaired the leaks in the sky, and saved countless living beings in the Zhongtian Domain from water and fire. You actually did it? do not know?"

"What?!"

The young disciple opened his eyes wide with disbelief on his face and exclaimed: "Emperor Gu Tian is so young?"

"Of course, otherwise, why would he be called the first genius in the eternity of Zhongtian Territory?.."

The man sighed with a tone full of admiration: "Looking at the aura of the Emperor of Heaven, I am afraid that he has been promoted to the realm of the divine king. The realm of the divine king in less than a hundred years was really terrifying at the time!"

"Hiss hiss..."

Many young disciples who had only heard of Gu Shaoyang's name as Heavenly Emperor but had never seen him took a breath and were shocked. 0

Indeed, perhaps it was because of the powerful Wangjing, Divine Lord or even Heavenly Lord who died in Gu Shaoyang's hands. There were too many, and Gu Shaoyang naturally carried an inexplicable aura of terror.

Even a god-level expert would feel frightened and in awe unconsciously when standing in front of him, let alone ordinary disciples.

Among the disciples sitting cross-legged and meditating under the Shinto stele, there were constant visions of strong men in the ancient king realm, and one person even attracted the phantom of a strong man in the ancient divine king, causing bursts of exclamations among the disciples.

It can be seen that the qualifications of these disciples are very good

"Um?"

Gu Shaoyang suddenly made a soft sound.

"What did the Emperor of Heaven discover?"

God Lord Daoyan asked curiously.

Gu Shaoyang shook his head and replied calmly:"I just saw an old friend."

It turned out that the disciple who aroused the shadow of the powerful ancient god king was none other than Jiuzhuozi who had fought with Gu Shaoyang in the realm of life and death.

Jiuzhuozi is said to be the reincarnation of a powerful man with Suhui.

We haven't seen him for several years. Jiu Zhuozi's strength has reached the peak of the ninth level of the life and death realm, and the speed of advancement is not bad.

Moreover, his accumulation is quite profound. It seems that he has been able to advance to the king realm for a long time, but he deliberately got stuck.

"very good!"

Jiu Maozi opened his eyes and withdrew from the realization, with a bit of joy on his face, "I have studied the Shinto Monument several times, and finally recovered all the kendo insights left in the Shinto Monument in my previous life....

With these insights, I will be able to successfully comprehend the power of a complete sword soul in the realm of life and death, and then I will be promoted to the king realm. Even if the Locust Demon Clan blocks my way, I will be somewhat sure of getting through it safely!"

Jiu Zhuozi was in the midst of joy when he inadvertently raised his head and suddenly faced a pair of eyes that were aloof and indifferent to all living beings.

These eyes contained infinite majesty, and their gazes were like two swords that pierced into Jiu Zhuozi's heart. Zhuangzi felt a shock all over his body, as if a bucket of ice water had poured down his whole body from head to toe. His whole body was cold, and he was suddenly separated from the joy.

Fortunately, the terrifying gaze disappeared in just a moment, as if it was a deliberate test. He is nothing like him. Only then did Jiu Zhuozi see clearly the owner of his gaze..

Chapter 485

Gu Shaoyang!

It's him!

Jiu Zhuozi's eyes trembled, and immediately a complex look appeared on his face.

He still remembers his first confrontation with Gu Shaoyang, at the sect's product selection conference.

At that time, he was at the sixth level of life and death, and Gu Shaoyang was at the third level of life and death. However, he was defeated by Gu Shaoyang.

Now, Gu Shaoyang's cultivation level has long been higher than he knows. The gap between the two cannot be calculated by a millimeter. It really makes Jiu Zhuozi sigh.

"I'm afraid that even in my previous life, when gods and kings and even gods were emerging in endlessly, this Gu Shaoyang would definitely be among the top few, or even number one....

This kind of evildoer is really terrifying. Even in several eras, there may not even be one..."

Jiu Zhuangzi was sighing in his heart when he suddenly heard a cold and indifferent voice ringing in his ear.

"If you dare not advance to the king realm because you are afraid of those who steal the Tao, there is no need to do so....From now on, no one will dare to steal the way of the strong men from my Zhongtian domain!"

Jiu Zhuangzi's figure trembled, he took a deep breath, and then faced Gu Shaoyang and bowed.

"Thank you God."

The disciples next to him were still surprised and uncertain, with envious expressions on their faces.

"Is it possible that Senior Brother Jiuzhuozi received secret guidance from Emperor Gu Tian?"<sup>10</sup>

"Senior Brother Jiuzhuozi is really lucky, and you can expect to be in the king's realm!"

Everyone thought that Jiu Zhuangzi had been prompted by Gu Shaoyang. Even Shenjun Daoyan said to Gu Shaoyang:"The Emperor of Heaven is troublesome."

Only Jiu Zhuozi knows that this kind of path-finding matter is much more important than ordinary advice.

After Gu Shaoyang said this to Jiu Zhuozi, he stopped looking at him.

When Jiu Zhuozi asked him After explaining the cultivation method of the sword soul above the sword soul, he now gave some advice, which was regarded as the cause and effect between him and Jiu Zhuozi. The disciples who had finished their enlightenment under the Shinto monument retreated one after another, knowing that Wan Chujiu Youkan Yuanshen Lord, Gu Shaoyang and others wanted to leave traces on the Shinto monument, and the disciples suddenly became excited. They had always only sought martial arts insights from the Shinto monuments, and this was the first time they had seen someone who took the initiative to leave martial arts insights.

This is not only for those who leave traces A recognition of strength and identity, and a supreme honor

"Who among you comes first?"

Shenjun Daoyan looked at Gu Shaoyang and others with a smile.

"Several of them were stronger than me, so I was the first to show my shame."

Wanchu Shenjun was the first to stand up. With a calm voice, he pointed his finger at the Shinto stele.

A bit of white light flew out from the fingertips of Wanchu Shenjun and sank into the Shinto stele. In an instant, the Shinto stele shined brightly, and there were large swaths of it. The golden glow flew out from the Shinto monument.

It climbed high into the sky and filled the sky. It continued for more than three hundred miles before stopping.

"Fellow Taoist Wanchu is indeed extraordinary!"

Daoyan Divine Lord opened his mouth and praised: "Leave marks on the Shinto Monument. A strong person in the king realm can stimulate the red glow, and a strong divine monarch can stimulate the golden glow. The richer and more majestic the glow is, it represents the mystery and perfection of the mark left!

The trace I left at the beginning was only able to inspire the golden clouds of more than two hundred miles, but fellow Taoist Wanchu was able to inspire the golden clouds of three hundred miles. It is really shameful!"

It turns out that the Shinto Monument has such an effect. It can be regarded as a benchmark to test the true strength and martial arts potential of each god.

"I'll try!"

Jiuyou Divine Lord spoke.

Jiuyou Divine Lord shot a ball of dim light towards the Shinto Monument. In an instant, the golden glow of the Shinto Monument surged. It also stretched for more than three hundred miles, even several miles longer than Wanchu Divine Monarch.

The disciples below could also see it. Exclaimed and praised again and again

"I didn't expect that among the three great divine monarchs, the divine monarch would be even stronger. It was really unexpected..."

"This kind of prosperous age may not happen once in tens of thousands of years..."

Next came Kan Yuan Shenjun.

Kanyuan Shenjun's cultivation is stronger than Wan Chu and others. The marks he left inspired the golden glow of the Shinto monument for more than 800 miles.

More than 800 miles of golden glow dyed almost half of the sky golden, making it brilliant.

Kanyuan Shenjun is indeed a veteran Shenjun. He is a strong person in the middle stage of Shenjun. His strength is evident.

After the traces of Divine Lord Kanyuan were completed, only Gu Shaoyang was left among the five Divine Lords.

Countless eyes all focused on Gu Shaoyang, curious, expectant, and excited....

All kinds of looks, just to name a few

"I wonder what kind of visions Emperor Gu Tian can inspire?"

"At least more than three hundred miles of golden light, no worse than Wanchu Shenjun and others"

"Perhaps he is not inferior to the veteran powerhouses in the middle stage of the Divine Lord like Kan Yuan Shenjun!"

"Let's wait and see!"

Ordinary warriors may not know much about Gu Shaoyang's strength, but Kan Yuan Shenjun and others know very well that Gu Shaoyang's strength is far beyond what they can match.

"Maybe... maybe it can inspire Zixia!"

Several people are also looking forward to it. Although Gu Shaoyang has just entered the Divine Lord Realm, they have witnessed Gu Shaoyang kill the powerful Tianzun with their own eyes.

It is not too much to inspire Zixia.

Gu Shaoyang stared at the Shinto Monument

"At the beginning, I obtained the martial arts understanding of several ancient king-level experts from the space of the Shinto Monument, and even the inheritance of the space sword master, the reincarnation god king, etc., and I gained a lot..."

Now I think it's more..."

Gu Shaoyang's eyes flashed with light, and he pointed his sword and slashed a sword light towards the Shinto monument.

"Gu once said that one sword for you will repay a thousand swords, and today, I am here to repay the sword!"

Gu Shaoyang's sword not only includes his own Five Elements Sword Soul and Immortal Sword Soul, it will also destroy the reincarnation of the killing space, and even include the power of time that he has just mastered a little bit.

Any one of these inheritances is enough to achieve something. The famous king realm, even the divine king, not to mention the fusion of everything.

The mystery contained in this sword is earth-shattering!

The light of the sword sank into the Shinto monument.

A deep sword mark immediately appeared on the Shinto monument, and then the entire monument shook violently. He stood up, as if he had endured an unbearable terrifying force.

Everyone on the field had a look of shock on their faces. Before the rays of light were even activated, the movement had already surpassed the previous gods by an unknown amount.

What kind of mark did Gu Shaoyang leave behind? There are traces in it.

The next moment, a noble and gorgeous purple bloomed from the Shinto stele.

The bodies of several divine monarchs were severely shaken.

"Zixia! It's really purple glow!"

"This means that the martial arts understanding left by Emperor Gu Tian in the Shinto Monument is comparable to that of Tian Zun!"

"Unimaginable!"

But before the shock in everyone's eyes was fully revealed, they all froze in the next moment, dumbfounded on the spot, looking up at the sky.

707 saw a rich purple glow spurting out from the Shinto monument.

In an instant, it filled the entire sky.

Before the golden glow left by Kan Yuan Shenjun and others had not completely dissipated, it was covered and shrouded by this purple glow. The purple glow filled the air.

Three hundred miles... three thousand miles... eight thousand miles...

Ten thousand miles!

Everyone's eyes were wide open, with expressions of disbelief, like puppets.

But the crazy spewing purple glow has not stopped at all and is still spreading.

Twenty thousand miles!

Twenty-eight thousand miles... thirty thousand miles!

Thirty thousand miles of rays of light and dense purple mist dyed the entire sky into a noble, gorgeous and mysterious purple.

This wonder was not only seen by Daoyan Holy Land, but also by countless warriors in the Zhongtian Domain.

Everyone screamed in surprise, not knowing what happened.

This piece of purple energy rises from the Shinto Monument of Daoyan Holy Land and heads towards the eastern sky.

Brilliant for thirty thousand miles, shocking the world.

The Daoyan Holy Land disciples who witnessed this scene were all dumbfounded, with their mouths wide open, not knowing how to sigh.

Kan Yuan Shenjun and others were also shocked, and could not say a word for a long time.

Gu Shaoyang looked at the sky full of purple energy and murmured in a low voice: "This sword must be comparable to the original Hundred Swords and Thousand Swords, right?" ..."

As soon as he finished speaking, the Shinto monument trembled slightly.

The power of cause and effect in Gu Shaoyang's body skyrocketed again.

Fulfilling great aspirations and resolving cause and effect, Gu Shaoyang seems to have learned something about the way to practice the power of cause and effect...

Chapter 486

Vast Sea Holy Land.

In a deep valley with beautiful scenery, Gu Shaoyang was sitting on a stone chair in a pavilion, casually tasting the fragrant tea in his hand.

Yan Qingyuan, Zhao Jin'er, Ji Xuan, Gu Lingfei and Xia Qingqiu were sitting on either side of him.

Yan Qingyuan's appearance has hardly changed all this time. After being taken back by Gu Shaoyang, the other four girls used their vitality to groom and nourish them with the longevity fruit, and their appearance and figure have all returned to their peak state.

Each one is captivating and has its own merits.

The cultivation of the four women has all reached the level of life and death. With a huge supply of resources and Gu Shaoyang's guidance, their cultivation has almost no obstacles and can be said to be a rapid progress.

Gu Shaoyang got along with the five women and enjoyed this rare warm and harmonious atmosphere.

Yan Qingyuan tenderly poured tea for Gu Shaoyang and said, "Husband, can you decide when to leave?"

Gu Shaoyang said thoughtfully: "There are still about five months, and Divine Lord Kanyuan will notify me by then."

Yan Qingyuan Nodding and saying nothing, the other women had long been attracted by the conversation between the two. Upon hearing Gu Shaoyang's answer, their faces suddenly showed a strong look of reluctance.

"He promised to stay with me for ten thousand years when I was promoted to the King Realm. Now, in less than five years, he has to leave again...."

Zhao Jin'er's pretty face showed an angry look and she pursed her lips.

Gu Shaoyang replied calmly:"Wait until you are promoted to the king realm before you say this...."

"snort!"

Zhao Jin'er was so angry that she stamped her feet and stopped talking angrily.

Gu Shaoyang looked at Gu Lingfei and others who were also hesitant to speak. He couldn't help but comforted her softly:"When I leave, it will take as long as a few decades. If it takes a hundred years, it will definitely turn back. Maybe it won't be so long. When I have a certain level of strength, I will immediately return to Zhongtian Territory to pick you up...."

"A warrior who enters the King's Realm will have a lifespan of ten thousand years, not to mention that the King's Realm is only the beginning of martial arts. Tens or hundreds of years are just a snap of a finger for us. Compared with the long time in the future, the short farewell now does not need to be too sentimental...."

Zhao Jin'er and others showed some thoughtful expressions on their faces.

Gu Shaoyang was right. Compared to just a few decades of being together, staying together forever and seeing each other for a long time is what they really need to pursue.

Yan Qingyuan chuckled at the side, looked at Gu Shaoyang with a half-smile and said:"Listening to your husband's tone, it seems that you are bound to win this selection for the envoy of Zhongqianyu."...Have you never considered the possibility of being eliminated through trials and returning to Zhongtian Territory soon? Gu

Shaoyang smiled faintly and replied: "I dare not say that it is inevitable, but I am sure of it being 70% to 80% sure.""

Gu Shaoyang's original goal was not to be an envoy from the Zhongqian Territory. What he was looking for was the dozens of places to go to the Zhongqian Territory or the Great Thousand Territory.

Gu Shaoyang didn't dare to talk too much about this one-in-a-million opportunity. After all, this Thousands of the top figures from the Small Thousand Domain were gathered for this selection trial, and there would definitely be evildoers among them.

But Gu Shaoyang was extremely confident in selecting dozens from thousands of miles away.

"Husband, can't you tell that Qingyuan is joking with you? Yan

Qingyuan pursed her lips and smiled, and then said in a very proud tone: "I have searched all the heavens and realms, and there is no one who can be as good as my husband in the divine king realm!"

The other four girls all showed proud smiles, looking at Gu Shaoyang with brilliant eyes.

Gu Shaoyang shook his head with a smile, without getting too entangled in the topic, but said seriously: "After I leave, between the Holy Land of the Vast Sea and the Palace of Heaven. I'll leave everything to you..."

Gu Shaoyang had three more jade talismans in his hand, handed them to Yan Qingyuan, and said, these three jade talismans contain my three sword energies. Once released, the Heavenly Lord should be able to resist. Please keep them. Yan

Qingyuan smiled slightly and put away the jade talisman, and said: "Don't worry, husband.""

"Then, there is only one left..."

Gu Shaoyang suddenly raised his head and looked up at the sky, his eyes far-reaching, and said: "Have you mentioned this matter to Senior Brother Zongzi?"

Yan Qingyuan replied softly:"Lian Hai said that everything is up to you to decide."

"good."

Gu Shaoyang nodded silently. Suddenly, in the next breath, his aura completely changed. The original Gu Shaoyang was like an ordinary person, perfectly integrated with the nature of heaven and earth, but at this time, he seemed to have turned into a sword, a sword. The sword of domination.

The monarch in the sword!

In every movement of his hands and feet, boundless sharpness and noble aura flow freely.

Gu Shaoyang's eyes became extremely bright, he looked in a certain direction and shouted softly:"Come back!""

"Wow..."

It seems that an extremely broad consciousness spreads out instantly, like invisible ripples, spreading throughout the entire Zhongtian Territory instantly.....

In a certain mountain forest, two Xuandan realm warriors were engaged in a life-and-death fight.

Suddenly, invisible ripples passed through their bodies. They both shook violently and stopped at the same time, with hesitant and uncertain expressions on their faces.

"I feel like something is calling me"

"Me too"

"Will we divide life and death next time?"

"I think so too."

The two Xuandan warriors quickly reached a consensus and galloped in the same direction at the same time.

The same thing was happening in many places in the Zhongtian Domain.

Many warriors, no matter what they were doing, were slightly shaken and felt dark. Something in the darkness seemed to be calling them, and then they immediately dropped everything and chased after the calling.

These warriors all have one thing in common, they all use swords!

Hundreds of swordsmen gathered Together, they all rushed in the same direction. When they arrived at the place where the throbbing in their hearts came from, they suddenly discovered...

".It's the Brahma Sword Tomb!"

"Isn't the Brahma Sword Tomb banned?!"

"What is the force that guides us here?!"

The next moment, the Brahma Sword Tomb opened wide, and thousands of broken swords flew into the sky.

Joy, pleasure, excitement, and trembling...There is a feeling of tears of joy after waiting for countless years.

The sword warriors stared blankly at the vision of thousands of broken swords trembling, circling and whistling in unison in the sky.

Unknowingly, all of them burst into tears.

Only the swordsman can understand the sorrow of the sword!

At this time, a cold and indifferent voice sounded in their ears

"I, Gu Shaoyang, want to reopen the Brahma Holy Land. Combined with the Holy Land of Hanhai, it is also known as....Han (Li Haohao) Hai Jian Sect!"

All the swordsmen and warriors were stunned.

Gu Shaoyang?

Gu Tiandi?!

Then they quickly became excited and shocked.

"Emperor Gu Tian wanted to rebuild the Brahma Holy Land and merged the Brahma Holy Land and the Hanhai Holy Land into the Hanhai Sword Sect!"

This news spread throughout the entire Zhongtian Territory in just half a month, and the entire Zhongtian Territory was completely boiling.

Gu Shaoyang is recognized as the number one swordsman in the entire Zhongtian Territory human race, and no one can surpass it.

Even because of him As a result, the number of swordsmen in the Zhongtian Region has greatly increased.

Now that Gu Shaoyang has established the Hanhai Sword Sect, it is like establishing a holy land in the minds of the swordsmen in the Zhongtian Region, giving them a place of pilgrimage. The

Holy Land of Swords Warning!

In less than two months since the establishment of the Hanhai Sword Sect, countless swordsmen have come from all over the Zhongtian Domain, requesting to join the Sword Sect. The

Hanghai Sword Sect selects disciples and recruits disciples widely, and the swordsmanship in the Zhongtian Domain presents a new scene. signs of great prosperity....

Chapter 487

Langya City.

The martial arts tea party held once every few years was held here again.

The host was a handsome young man sitting in a wheelchair, with gentle brows and a hint of vicissitudes of life.

Young Master Langya, Langya Jade.

Next to Langyayu stood a woman with a beautiful and charming appearance, who seemed to be Lin Shuman, the preparatory saint of the Yaochi Holy Land, one of the giants of the younger generation.

The entire Zhongtian Territory knew that the Yaochi Holy Land was destroyed by Emperor Gu Tian and all the Yaochi disciples were scattered. It was not surprising that Lin Shuman chose to stay with Langyayu in Langya City.

Both Lang Yayu and Lin Shuman exude powerful auras of the fifth and sixth realms of life and death, and their cultivation levels have improved greatly compared to before.

Because the Zhongtian Catastrophe ended well in advance due to Gu Shaoyang's intervention, it almost changed the established direction of the river. Correspondingly, the fate of fish in the river such as Langya Jade also changed.

According to Ye Lingchen's foresight, Langya Jade was originally going to shine in the great catastrophe and become one of the protagonists of the world. Now it is only in the realm of life and death, and can only be regarded as an ordinary genius, not particularly outstanding.

At this time, the martial arts tea party below was in full swing, and the young and talented experts took action one after another, fighting with each other, and the fight was very lively.

Langyayu looked at a handsome young man whose cultivation was only at the early stage of Shenhai, but he had the figure of a dragon. With every move, he could make even the strongest people at the top of Shenhai vomit blood and fly back. He couldn't help but sigh and said:"After the

great catastrophe, in the The geniuses and evildoers in Tianyu are springing up like mushrooms after a spring rain. This generation of evildoers is much scarier than our original generation...."

Lin Shuman smiled and said:"The average strength of the 810 may be higher than that of our generation, but the real top monsters are definitely far behind."

Langyayu laughed and nodded:"That's natural. Our generation has a lot of problems. Gu Tiandi is such a peerless figure who shocked the past and the present. Coexisting with him in the same era makes us both lucky and sad..."

Lin Shuman nodded.

The two continued to watch the battle below.

This time's battle for the Divine Sea Ranking was truly exciting. There were at least seven or eight monsters who made Lang Yayu and Lin Shuman feel completely comparable to themselves when they were in the same realm.

However, the most outstanding among them are two people.

One of them was the handsome young man that Langyayu had paid attention to before, and the other was an ugly young man with short stature.

Both of them were new to the realm of the divine sea, but even the strongest men at the peak of the divine sea were beaten to the point where they had no temper at all.

"Too strong, these two!"

"It's really scary that even the monsters of the same generation can challenge across borders!"

"Is it possible that the leader of this year's Divine Sea Ranking must be chosen from two people who are in the early stages of the Divine Sea Realm?"

Unexpectedly, someone's words came true. The two young men were so powerful that they defeated all the geniuses and monsters on the Shenhai list. In the end, only two people were left to face off.

The warriors who were watching were all amazed.

"Unexpectedly, the final showdown turned into a battle between two early Shenhai players. It was unbelievable!"

"The depth of accumulation and foundation between these two people is unimaginable! Almost no one among their peers can compare with them. I really don't know how they practice?"

"terrible..."

The final showdown began, with two teenagers fighting each other.

The handsome boy among them suddenly stopped, looked at the ugly boy in front of him with a strange expression and said, "Gu Muling, is that you?"

"Um?!"

Before the warriors onlookers could react, they saw the ugly and short boy transform into a pretty and lovely girl with a touch of face. The girl was so young that it was shocking, only eleven or twelve years old, with pink makeup and beautiful looks, looking at The handsome young man lowered his head in embarrassment, stuck out his tongue, and shouted:""

"What?!"

The warriors who were watching were completely shocked.

A girl who was eleven or twelve years old in the Divine Sea realm and had the first combat power in the Divine Sea rankings was enough to shock them, and now, the facts told them.

Another talented person The same terrifyingly evil boy turned out to be the brother of this evil girl?!

The two of them were actually siblings?!

Who else in this world could give birth to such a terrifying and evil pair of children!

The onlookers warriors could hardly imagine it.

"With such a deep bloodline, Shenhai had giant-level combat power in the early days of Shenhai, and his surname was Gu...."

Langyayu in the stands gave a helpless smile and sighed:"Except for that person's heir, I really can't think of another possibility."

"It must be."

Lin Shuman also said with a complicated look:"The bloodline of the Emperor of Heaven is so terrifying. Neither of these two people should have fully unleashed the potential in their bloodline. Otherwise, it would be even more terrifying...."

Not only Lang Yuyu and Lin Shuman, but also some of the onlookers warriors quickly guessed their identities.

"Heirs of the Emperor of Heaven! He must be the descendant of Emperor Gu Tian!"

"Bloodline of the Emperor of Heaven, no wonder.."

The faces of the talented monsters who had previously been defeated by the two men (bbbd) showed expressions of understanding.

Emperor Gu Tian was extremely talented and talented, and his strength shocked the past and present.

Purple Qi rises thirty thousand miles east, and the legend of the Vast Sea Sword Sect has not dissipated yet. It is the idol they worship, and they are not unjust when they are defeated by the blood of the Emperor of Heaven.

Seeing his identity being called out, the handsome young man smiled bitterly and said, "This is great. My father has never allowed us to act in his name. We will definitely be punished when we go back this time.".."

The girl stuck out her tongue in embarrassment, waved her pink fist again, and said: "Anyway, I won't be able to avoid a punishment. I will definitely be number one on the Divine Sea Ranking." The handsome young man smiled: "I have allowed you to do it in the past. I won't let you this time"

"No need for brother to give in."

Whether they are handsome boys or delicate girls, they all regard their father as their biggest idol and goal, and try to follow the path of Gu Shaoyang's rise.

At the beginning, Gu Shaoyang rose all the way and was number one on any list, so the two They also wanted to compete for the first place.

The brother and sister were about to take action.

Suddenly they felt an inexplicable throbbing in their hearts, and the power contained in the blood in their bodies seemed to be weakening.

The two raised their heads almost at the same time.

"Father left?"

"Dad is gone?!"

For a moment, a feeling of loss arose in both of their hearts. On the one hand, it was the reluctance to be away from their loved ones, and on the other hand, it was the discomfort of the weakening of the bloodline's resonance.

The handsome young man took a deep breath and said thoughtfully: "I finally understand why my father has always taught us to follow our own path instead of relying too much on the power of blood...."

The handsome young man suddenly stretched out his hand to grab it, and a sword flew up to the competition platform and was held tightly in his hand.

A look of great determination appeared on the face of the handsome young man, and he said word by word:

"I, Gu Shaoze, hereby swear that from now on I will major in swordsmanship and I will not fall into the glory of the Emperor of Heaven! The girl was ignorant, but she followed suit. She grabbed a sword and said bluntly: "I, Gu Muling, should also practice the way of swordsmanship and not fall into the glory of my father!"

At the same time, thousands of miles away at the entrance of the Hanhai Sword Sect, the stone mountain made of countless broken swords suddenly rumbling and shaking. Countless broken swords leaped and flew, trembling, as if to indicate that there was a proud swordsman. born...

"The feeling between blood vessels has become very thin, but fortunately it has not disappeared..."

Gu Shaoyang sat cross-legged in a quiet room, carefully experiencing the blood connection between himself and Gu Shaoze and Gu Muling.

This is the clue he needs to rely on to return to Zhongtian Territory in the future.

As long as the bloodline induction does not disappear, he can find the location of the Zhongtian Domain among the countless small thousand domains in the endless void.

The place where Gu Shaoyang was at this time was inside a mid-grade divine weapon.

It is a mid-level magic weapon specially used for crossing the void, and it is owned by Shenjun Kanyuan.

The destination they are heading to now is the Little Canglan Realm of Zhongqianyu, where the selection trial for envoys of Zhongqianyu is held.

In addition to Gu Shaoyang and Divine Lord Kan Yuan, there are three other Divine Lords on this trip. The total trip will take less than a year.

Gu Shaoyang calmly understood the sword souls in his body that had not yet transformed into the power of law.

Every time he comprehends the power of a law, the power of Gu Shaoyang's "domain" will increase exponentially, which can be regarded as the way he has explored to advance to the Divine Lord Realm..

Chapter 488

One year passes in a snap of the fingers

"Brother Gu..."

The voice of Divine Lord Kan Yuan came from outside the quiet room. After leaving the Zhongtian Territory, Gu Shaoyang was no longer the Gu Tiandi of the Zhongtian Territory, but just an ordinary Divine Lord.

Kan Yuan Shenjun's name for him also naturally changed.

Gu Shaoyang opened his eyes, and a virtual electric light shot out from his eyes, directly shattering a small piece of void in front of him.

Sun, moon, stars, thunder, flames and other strange phenomena seemed to appear in Gu Shaoyang's eyes, but they soon disappeared.

"In one year, he only realized the five element sword souls of gold and wood to perfection, and the reincarnation sword soul to 50%....."

Gu Shaoyang muttered to himself: "It is not an exaggeration to say that my current understanding is unparalleled in ancient times. The understanding of the sword soul is still very smooth. Even if it is the extremely difficult power of reincarnation, with the existence of the "Sword Dao Reincarnation Sutra", if you want to achieve it, It is only a matter of time before the sword soul reaches perfection....

But above this sword soul..."

"call..."

Gu Shaoyang took a long breath and frowned: "It feels like enlightenment can't be effective. The power of law requires a huge accumulation of energy. Only when quantitative changes lead to qualitative changes can transformation and understanding be possible...."

Recalling the process of Gu Shaoyang's understanding of the power of the Three Laws, the Law of Killing was understood amidst the heinous killings after killing dozens of Holy Lords, hundreds of Holy Kings, and countless ordinary aliens.

The laws of space can only be understood after being instilled with a large amount of space mysteries in the space barrier when repairing the space barrier.

The Law of Destruction was only understood by Gu Shaoyang after he devoured the entire Divine Lord Thunder Tribulation.

Gu Shaoyang guessed that it might be because the power of law is contained in every ray of energy, but it is very thin. Only by absorbing massive amounts of energy can it be possible to extract the countless meager power of law from countless energies and condense it into the real power of law.

"Perhaps we still need to rely on the ability to extract attributes to shorten the time to comprehend the power of the law...."

Gu Shaoyang shook his head and stopped thinking about it.

In addition to the gains in martial arts artistic conception, Gu Shaoyang also consolidated his "domain" this year. "Domain" is the foundation of martial arts.

Gu Shaoyang discovered a very mysterious phenomenon.

When he continued to compress the domain to its own limit, a radius of hundreds of miles.

There seemed to be many flickering lights around him, which were extremely magnificent. , and the power of "new life" he realized in the Sanmu Clan's domain grew rapidly.

Gu Shaoyang tried to integrate the power of new life into the "domain", but he couldn't do it. He felt that something was missing.

Gu Shaoyang was in the dark. Gained a glimmer of understanding.

The "domain" hundreds of miles around him is like a new domain, the prototype of a small world, and he is the God of creation of this world!

But let alone the formation of this small world, it is far from "birth" "There is still a long way to go.

Gu Shaoyang could only continue to integrate the power of the sword soul, and one day he saw the day when the small world was born. He got up and walked out of the quiet room, and came to a

Kanyuan Divine Lord and the other three Zhongtian Domain Divine Lords. They were all sitting in the hall, chatting and drinking tea.

The four of them had obviously just come out of seclusion.

Gu Shaoyang appeared, and several people immediately asked him to sit down.

Gu Shaoyang picked up a cup of tea and sipped it, and asked: "Senior Kanyuan, Has the Little Canglan Territory arrived?"

Kan Yuan Shenjun nodded and said: "In three more days, we will be able to enter the Little Canglan Territory."

Gu Shaoyang was in this magical weapon that was like a flying shuttle. He could see the void outside through the inside.

Gu Shaoyang spent the next three days paying attention to the void outside.

He saw a huge and beautiful gradually appearing in his field of vision. A vast whirlpool.

The whirlpool is rotating slightly, surrounded by stars as bright as pearls.

"Is that the Little Canglan Domain?"

Gu Shaoyang's eyes trembled slightly. This was the first time he had seen such a magnificent scene.

Lord Kan Yuan nodded beside him and said: "The center of the whirlpool is where we are going this time, Little Canglan Star. The Little Canglan Star and the stars around it are collectively called the Little Canglan Domain..."

Or to be more precise, it should be called the Small Canglan Domain Group.

Each of the stars you see has its own domain, and most of them are no smaller than the Zhongtian domain.

The small Canglan star in the center is more than a hundred times larger than the Zhongtian domain. Gu Shaoyang was slightly moved,"

No wonder it can be called the Middle Thousand Domain Realm."

A larger territory, more resources, and more room for improvement....

It also means more and stronger opponents and greater challenges.

·Asking for flowers·····

Gu Shaoyang's heart, which had been silent for a long time, became slightly restless again, with a desire to challenge and fight.

When the Shuttle Divine Soldier was approaching the vortex, it seemed as if it had passed through a certain layer of light film. Then the galaxy vortex disappeared, and the outline of a city appeared in front of him.

"arrive."

The Divine Lord Kan Yuan said to Gu Shaoyang.

Gu Shaoyang, Kan Yuan and other four Divine Lords got off the shuttle and entered the ancient city.

It is similar to the ordinary Zhongtian Territory city, but larger, about hundreds of times.

The most important thing is that in the city The people who come and go among them are almost all above the Divine Sea Realm. They are both in the realm of life and death, and it is not uncommon for them to be in the King Realm and the Divine Lord. Even the Tianzun-level powerhouse Gu Shaoyang saw several people flying past in the sky.....

"Brother Gu, please don't misunderstand me....."

Seemingly seeing the shock in Gu Shaoyang's eyes, Lord Kan Yuan explained with a smile:"Although people born in the Middle Thousand Realm are indeed much stronger than those of us from the Small Thousand Realm, martial arts still depends on their qualifications. Opportunity.

After all, everyone is like a dragon. After all, it is just a fantasy. The Middle Thousand Realms world is just more king realm, more gods, more gods, and more gods than our small thousand realms. Above the gods, there are a few more true gods and gods....

The city we are in now is specially designed for people from the Small Thousand Realms Realm to undergo trials and rest, so most of the king-level gods and even deities you see are from the Small Thousand Realms Realm just like us.

The king realm is not as good as the grand scene of dogs and divine kings walking all over the ground, which may be seen in the Great Thousand Realms realm, but in the middle thousand realm realm, the king realm and the divine king are still considered strong...."

"True God..God Lord.."

Gu Shaoyang's eyes flashed with light. This was the first time he heard about the division of realms above Tianzun.

I wanted to ask Shenjun Kanyuan a few more questions, but Shenjun Kanyuan smiled bitterly and said that he only knew this much.

Next, Gu Shaoyang entered a small teahouse with Kan Yuanshenjun and others. If he wanted to quickly learn about the recent major events or new news in a place, a teahouse where idle people gathered was undoubtedly the fastest way.

Lord Kan Yuan ordered a few pots of tea, and Gu Shaoyang suddenly discovered that even the Yuan stones brought out from Zhongtian Territory could no longer be used.

In Xiaocanglan Region, everyone uses...Yuan Jing Xiao!

Chapter 489

Gu Shaoyang asked Lord Kan Yuan for a few Yuan Crystals and put them in front of his eyes to look at them.

It looks like a translucent crystal on the outside, with water-like liquid flowing in the crystal.

It's a vitality liquid

"Vitality\*34839..."

Gu Shaoyang checked the properties of the Yuan Jing and found that the concentration of Yuan Qi contained in it was indeed more than ten times that of the best Yuan Stone.

And it is said that this is only the lowest-grade low-grade Yuan Jing, and there are also mid-grade, high-grade, and even top-grade Yuan Jing above.

"Then the top quality Yuan Stone in the Spirit Storage Ring is not a waste...."

Gu Shaoyang breathed a sigh of relief. He had brought millions of top-quality Yuan stones. If he couldn't use them, it would be completely wasted.

With the ability to extract attributes, these millions of top-quality Yuan stones can all be converted into Yuan crystals.

"If they are all converted into top-grade Yuan Crystals, millions of top-grade Yuan Stones can only be converted into hundreds of top-grade Yuan Crystals. After all this calculation, I will still be reduced to a pauper...."

Gu Shaoyang couldn't help but smile bitterly. It had been a long time since he had realized that the Yuan Stone was not enough.

However, compared to Kan Yuan Shenjun and others, Gu Shaoyang, who has hundreds of top-quality Yuanjing, is already considered a "rich man". You must know that Kan Yuan Shenjun, a veteran Shenjun realm powerhouse who has lived for tens of thousands of years, has a total net worth of only a thousand yuan of low-grade ones. Just Yuan Jing.

Gu Shaoyang and others were sitting in the teahouse, listening to the strong men in the King Realm and the Divine Sovereign Realm talking loudly like idle men in the world.

"The selection trial for the envoys of the Zhongqianyu Realm is approaching, and there are more and more strong people from the Xiaoqianyu Realm in the city..."

"It's okay now, but when the trial really starts, there won't even be dozens of powerful Tianzun!"

"Hey, there are only dozens of places in total, and the powerful Tianzun will occupy at least two-thirds of them. There are only a dozen or so places left, and thousands of gods are competing for them. It's really hard to squeeze in..."

Some people couldn't help but lament, and someone next to them couldn't help but said with a flash of eyes: "Of these ten or so places, a few of them are going to be taken up by others..."

"Why?"

"Among the gods in the Xiaoqianyu Realm, there are always some amazing and talented people. As far as I know, at least two of them have been spotted by the people in the Xiaocanglan Realm, and their places have almost been reserved..."

"Does such a thing exist?"

Many people were surprised and doubtful, and asked questions one after another.

The person who spoke said with a hint of complacency: "The devil in the black waters is ruthless, and the cold flames in the thousand frosts are both beings who have understood the secrets of the law in the realm of the gods. The combat power is comparable to that of Tianzun..."

"The secret of the law!"

When the people around heard this, they immediately took a breath and exclaimed.

"One can understand the secrets of the law in the realm of the Divine Lord, and one's talent is truly extraordinary. Such people are like dragons trapped in shallow water when they exist in the Small Thousand Realms world. Once they enter the Middle Thousand Realms world or the Great Thousand Realms world, they are like dragons entering the sea, and their future is limitless...."

"Don't think about the Great Thousand Domains..."

Someone shook his head and said: "This time it is said that it is the trial and selection of the envoys of the Central Thousand Domain. In fact, there are also big figures from the Great Thousand Domain coming down to select disciples, that is, the ten quotas for entering the Great Thousand Domain...."

However, these ten places have almost been reserved by the local geniuses and monsters in the Little Canglan Territory. Not to mention the gods, even the Heavenly Lords of the Little Qianlan Territory may not have a chance..."

"Doesn't it mean that in this selection trial we will also encounter the talented monsters from the Xiaocanglan Region?"

Many people's expressions suddenly changed, and they smiled bitterly.

"How can we fight these talented monsters who were born in the Middle Thousand Realm, and whose martial arts qualifications, resources, and inheritance far exceed those of our Little Thousand Realm?..."

"A few days ago, there was a conflict between the Tianzun from the Xiaoqianyu Realm and the son of a certain genius from the Xiaocanglan Realm. They fought and ended up losing miserably...."

Everyone suddenly sighed.

Gu Shaoyang's eyes flashed as he listened.

The Secret of Laws...

The secret of the law that these people are talking about should be the power of the law on the sword soul that he has understood.

In addition, the trial and selection of Zhongqianyu envoys actually includes local geniuses from the Xiaocanglan region. Wouldn't the difficulty be greatly increased?!

Not only Gu Shaoyang, but also Kan Yuan Shenjun and others also looked slightly condensed after hearing this, and they no longer looked as relaxed and casual as before.

"Hey, no problem..."

A powerful divine king from the Zhongtian Territory laughed at himself:"Anyway, I came here just to gain some knowledge. Although I cannot climb the peak of martial arts in this life, I still want to look up a few more times."..."

"I had no hope at all, so why was I disappointed? Ha ha.."

Several divine kings were quite open-minded and quickly looked away.

However, Divine Lord Kanyuan couldn't help comforting Gu Shaoyang and said:"Brother Gu, don't be too nervous and worried. There is a selection trial every tens of thousands of years. You have just been promoted to Divine Lord not long ago. Even if you are not selected this time, you will definitely be selected next time." Able to defeat the heroes with skills.."

Gu Shaoyang nodded casually, but he was not worried at all.

With his qualifications to understand the secrets of the three laws at the Divine Lord Realm, just like what they said before about Mo Wuqing and Leng Yan, it would be no problem to seek a "recommended" spot in the Central Thousand Realm.

But Gu Shaoyang's ambition is not here. He is more interested in the quota in the Great Thousand Domains.

"Geniuses who are born in the Middle Thousand Domain Realm don't know how strong they are...."

Qixing Longyuan trembled slightly in his hand. Gu Shaoyang felt that the blood in his body seemed to be getting hotter and hotter. He couldn't help but sigh softly: "It's been a long time since I felt so eager to fight...."

It was about a month before the selection trial started, and Gu Shaoyang and others settled in the city.

During this period, Gu Shaoyang transformed millions of top-quality Yuan stones into Yuan crystals.

Three hundred top-grade Yuan Jing, one hundred each of high-grade and medium-grade Yuan Jing, and more than 6,000 low-grade Yuan Jing.

New powerful men from the Small Thousand Domain Realm arrive in Trial City every day, and there are often news about various battles and duels.

Gu Shaoyang went to watch it once, and then never went there again.

He really wanted to meet Mo Qingwu and Leng Yan, who were rumored to be the best among the god-king figures in the Small Thousand Realms world, to see if the secrets of the laws they spoke of were the power of the laws he understood.

However, Mo Qingqing and Leng Yan are very low-key and have never seen their people.

On the twenty-third day after Gu Shaoyang arrived in Xiaocanglan Realm, the sky over the city was suddenly covered by a huge shadow.

A large ship and spaceship measuring more than several thousand feet appeared in the sky above the trial city, causing countless people to exclaim.

Gu Shaoyang also received a message from Kan Yuan Shenjun immediately.——"The selection trial begins..."

Gu Shaoyang followed the crowd out of his residence and saw the building boat opening, and young and tall figures flying out one after another.

Every figure is handsome, tall, and otherworldly, and their aura is not lower than that of a divine king.

Moreover, they seem to have one more quality than the gods of the Small Thousand Realms World. This quality makes any one of them stand out from the crowd.

This trait is the kind they carry on their bodies and faces. They are aloof, with a touch of disdain and contempt. They are the innate sense of superiority that the geniuses of the Middle Thousand Domain Realm have.

They are different from the tens of thousands of years old divine kings and deities in the Small Thousand Domain Realm. They are all young and none are over a thousand years old at all.

0.6 Therefore, they are more confident, calm and energetic than most of the powerful people in the Xiaoqian Domain.

The gods and geniuses of the Little Canglan Region!

There are even a few exceptionally outstanding beings among them, who have reached the level of Heavenly Lord Realm!

He became a deity at less than a thousand years old, a true dragon among men!

This is an achievement that even the powerful men from the Small Thousand Realms world would never dare to imagine.

When these people walked out of the building, several more figures appeared on the scene.

Two men and one woman, the moment they appeared, the terrifying power exuded from their bodies enveloped the entire Trial City.

Even divine kings and even deity-level figures trembled under such pressure.

Gu Shaoyang also felt as if he had turned into a rabbit being stared at by a tiger and did not dare to move.

But his eyes bloomed with strange brilliance, staring closely at the three people in the sky above him.

Real God Realm!

Definitely a powerful person above Tianzun, True God Realm or God Lord Realm! Terrible..

Chapter 490

Among the three powerful men in the True God Realm, one of them should be respected by one of them, an ordinary-looking young man in a Chinese robe.

Although the other two were more handsome in appearance, they unconsciously had a look of respect on their faces when facing this man.

And this ordinary young man in colorful robes also has a trace of lazy and noble temperament that others don't have.

The difference between him and the other two true god realm experts is just like the difference between the geniuses of the Middle Thousand Realms Realm and the divine kings of the Small Thousand Realms Realm.

Are you afraid that he is not someone who has descended from the Great Thousand Domains?

Gu Shaoyang secretly guessed in his heart.

The difference between the Great Thousand Realms and the Middle Thousand Realms is even greater than the difference between the Middle Thousand Realms and the Small Thousand Realms. People in the Lower Thousand Realms have their heads sharpened and have to climb up in order to get a wider space. The world and more abundant martial arts opportunities

"All those who participate in this selection trial will come forward to receive a blood order...."

The man among the two true god powerhouses from the Little Canglan Region spoke calmly and said to all the gods in the city of trial, Tianzun.

The young prodigies of the Little Canglan Region first walked towards the place pointed by the powerful True God.

Someone was already waiting there, handing out a blood-red token to everyone who participated in the trial.

Gu Shaoyang also followed the crowd to receive a blood order.

The blood order is red in color, as if it is carved from a whole piece of blood jade. The material is not surprising, but what is surprising is that there is a faint air of space energy flowing on the blood order<sup>12</sup>

"It seems to be something like a space teleportation array..."

After Gu Shaoyang realized the power of space law, he felt very keenly about the power of space.

When everyone received the Blood Order, the True God Realm expert from before then spoke:"There are two space teleportation arrays on the Blood Order. One is to transport you to the trial and selection place, and the second is to transport you to the trial and selection place. What you spread...

The selection rules are very simple. Defeat every opponent you see in the trial area and seize the opponent's blood order.

Each blood order contains a blood spirit energy, and the selection results will be judged based on the thickness of your blood spirit energy.

Trials can kill.

But if you feel outmatched, you can activate the teleportation circle on the blood order in advance, which counts as early exit."

After the true god realm expert finished explaining the trial rules, many people had a slightly solemn look on their faces.

The trial rules are simple yet cruel.

Like the law of the jungle, the weak eat the strong.

But since it can be done in the small thousand realm Those who have cultivated to the realm of the God Lord are definitely those who have walked step by step through mountains of corpses and seas of blood, and will soon return to normal.

"Brother Gu, if you encounter danger, don't show off. Your age and talent are no worse than those of the geniuses in the Middle Thousand Realms Realm. The only difference is your accumulation and accumulation....

Even if you fail this selection, there is still another chance."

God Lord Kan Yuan's warning sounded in Gu Shaoyang's ears.

Lord Kan Yuan repeatedly told Gu Shaoyang to keep the green hills without fear of running out of firewood. He really regarded him as the hope of Zhongtian Realm, which made Gu Shaoyang feel a little moved..

Similar words were said to the other three divine monarchs by Kan Yuan.

At this time, someone had already activated the teleportation circle on the blood order and suddenly disappeared from the field.

As the light of teleportation lit up, the originally bustling field immediately became empty.

Gu Shaoyang also activated the teleportation circle and disappeared.

After all the Tianzun who participated in the selection trial disappeared, the True God Realm strongman from Xiaolan Territory casually shot out a mysterious light, and the sky in front of him. Countless people immediately appeared on the screen.

What was displayed on the screen was everyone who was in the selection trial at this time.

After doing all this, the true god realm powerhouse respectfully said to the young man in the robe beside him: "Your Majesty, this mysterious light illusion mirror will according to the richness of the blood spirit energy of each person participating in the trial, and the screen of the eliminated person will disappear...."

The young man in colorful robes smiled slightly and praised casually: "It's very good. This way, we don't have to worry about the real geniuses being buried."..."

The empty space previously occupied by many powerful people in the Xiaoqian Domain was quickly filled.

They are the natives of the Xiao Canglan Territory who originally lived here. Their cultivation levels range from the realm of life and death to the realm of the gods. Many of them came here specially to witness this grand selection event.

At this time, among the countless light curtains with the same specifications in mid-air, one suddenly enlarged rapidly and became several times the size of the other light curtains, making it particularly conspicuous.

What was revealed on the light screen was a handsome young man with a slender figure, fair skin, and calm eyes that seemed to contain the wind and the sea.

Standing in front of the handsome young man was an old man whose face was full of disbelief and astonishment.

There was a hole in the old man's throat, which made him look like a punctured cloth bag, and the breath of life was rapidly flowing out of it.

Even if he has the cultivation level of Tianzun Realm, it will not help.

The fall of Tianzun?!

At the beginning of the selection trial, a powerful person in the Heavenly Realm died?!

Only a short time has passed since the beginning of the trial, only a few dozen breaths at best.

In other words, in just a few dozen breaths, the handsome young man in the picture killed an Heavenly Lord?! horrible...

Many people opened their eyes wide and looked shocked.

Someone called out the identity of the handsome young man: "Xiao Chuhan, this person is Xiao Chuhan, the most outstanding talent in our little Canglan Region in the past ten thousand years!"

"It turned out to be him! It's not surprising. It is said that Xiao Chuhan was able to rival Tianzun when he was at the peak of the Divine Lord Realm. The powerful Tianzun in Xiaoqianyu Realm are already relatively weak. Xiao Chuhan is still in Tianzun Realm now, and it is normal for him to kill him instantly with just a few moves."

"I am afraid that the leader of this trial is Xiao Chuhan who has not escaped..."

There was a lot of discussion in the field, and the faces of the two True God Realm powerhouses from Xiaocanglan Region who were sitting on the building boat were all bright. They couldn't help but smile and said: "Envoy, this person is the person I mentioned to you before. Xiao Chuhan, who is less than 500 years old, has already been promoted to the Heavenly Realm...."

Speaking of Xiao Chuhan, even a strong man in the True God Realm had a hint of pride in his tone.

However, the young man in Hua Pao was quite ordinary and replied casually: "Becoming a Heavenly Master at the age of five hundred, your talent is indeed good, but it is only good....In the Great Thousand Realms, I have seen many geniuses who are infinitely more powerful than him..."

"Naturally, the lower regions of the Xiao Canglan Region cannot be compared with the Great Thousand Regions...."

The True God Realm expert said respectfully.

The young man in huapao nodded, glanced at him and said: "Our Cangqing sect is the first-class sect even in the Great Thousand Realms world. Not to mention you are the number one genius in the Middle Thousand Realms world, and there are countless other sects in the Great Thousand Realms world. Talented people have to struggle to get started..."

There is only one quota for joining the sect this time, so I naturally know how to decide. 350

I remember your last name is Xiao, right?..."

The face of the True God Realm expert in Xiaocanglan Region suddenly turned pale, and cold sweat broke out on his forehead. Although his cultivation level was not much different from that of the young man in front of him, he felt a boundless pressure being put on him.

"I dare not hide anything from the envoy. Xiao Chuhan is a descendant of my clan...."

"No problem..."

The attitude of the young man in colorful robes suddenly changed, and he smiled and said: "We do not avoid relatives when promoting talents. If Xiao Chuhan is really outstanding, no one can take this spot away from him.""

"What the envoy said is absolutely true."

The true god master was overjoyed again.

At this moment, Gu Shaoyang is in a strange place.

There is a barren land under his feet. There is no living vegetation around, but the vitality of the heaven and earth is extremely strong. There is no sun, no moon, no stars in the sky above his head. It looks like It was a secret realm.

Gu Shaoyang looked around and then took out the blood order he had received before.

"It turns out that the blood orders can still sense each other..."

Gu Shaoyang clearly sensed that there were more than a dozen people holding the Blood Order within a few thousand miles around him.

Suddenly, four or five blood order auras started to move, and one of them came straight towards Gu Shaoyang.

The blood order can only sense the thickness of the blood spirit energy, but cannot detect the opponent's cultivation level.

Generally speaking, those who dare to take the initiative to attack the holder of an unknown cultivation level are those who have a certain degree of confidence in their own strength.

Well done.

A bright light flashed in Gu Shaoyang's eyes. Seven Star Longyuan had quietly appeared in his hand, trembling slightly and making a sound of thirsting for flesh and blood..
